Patients suffer as doctors strike work over WB horror

Doctors and staff of RML Hospital stage a protest demanding justice for the woman doctor who was allegedly raped and murdered at Kolkata's R G Kar Medical College and Hospital, in New Delhi, on Saturday

SAUMYA SHUKLA NEW DELHI

Healthcare services across the nation were The nation were paralysed as doctors and other medical workers from the Government, private, and even corporate hospitals went on a 24-hour strike starting at 6 am on Saturday, leading to the shutdown of OPDs, elective surgeries, and IPD

services. The strike — called to protest rape and murder of a trainee doctor at a State-run hospital in Kolkata last week caused significant disruption, with hospitals across the national Capital turning away patients, particularly those economically

disadvantaged backgrounds. While many sympathised with the cause, they struggled to receive necessary medical treatment. Indian Medical

Association (IMA), which represents over 4 lakh medical professionals nationwide, called for the strike after resident and junior doctors, along with medical students, ceased work for six consecutive days

and took to the street to protest the August 9 incident. As senior doctors also joined the strike, medical services were hit hard in many States, severely impacting primarily poor patients who had traveled long distances from across the country to access care at centrally run facilities like AIIMS, Safdarjung Hospital, and Ram Manohar

Lohia (RML) Hospital. A 60-year-old heart patient who had come to AIIMS for an OPD visit expressed his frustration and said, "I had an appointment for a routine cancelled due to the strike. understand the doctors' concerns, but we haven't done anything wrong. I hope the strike ends soon. Relatives of another patient

echoed similar sentiment, acknowledging the tragedy in Kolkata but emphasising that the strike had severely affected them. They had travelled from Rajasthan to Delhi seeking treatment for their uncle, as they believed the best healthcare services were available in the Capital. In display of solidarity and demanding a Central Protection Act, doctors across the Capital also marched towards Jantar Mantar, despite resistance from Delhi Police, who tried prevent demonstration disrupting public life.

Nurses too joined the protest, holding a sit-in to show their solidarity and outrage over the West Bengal tragedy. Dr Arpit, a protesting doctor who participated in the march to Jantar Mantar, said, "Our demands are clear. We don't want another incident like the one in West Bengal. The Government must finalise the Central Protection Act. This is not about politics; it's about justice and safety.

CBI focusing on victim's diary to crack case

SAUGAR SENGUPTA KOLKATA

Was the murdered doctor from RG Kar Medical College and Hospital aware of any threats to her life? And if so, who were her tormentors? As they work to answer these questions, Central Bureau of Investigation (CBI) officials are focusing on the victim's personal diary and statements from her family, including her father, regarding the events leading up to the alleged rape and murder inside the hospital premises on the night of August 8 and 9.

Sources indicated that CBI officials have identified around thirty individuals of interest in their investigation, including some doctors, interns, senior nurses, and other hospital staff. According to these sources, the victim's father informed investigators that his daughter had recently expressed reluctance to perform night shifts. She had also voiced suspicions about certain colleagues, fearing that they might cause her harm. The CBI is now meticulously

examining her personal diary to gather as much information as possible about her concerns and the potential threats she faced. The victim's father reportedly

informed investigators, citing some

of her colleagues, that she may have been murdered elsewhere and then her body was moved to the seminar hall of the Department of Chest Medicine, where she was a final-year postgraduate trainee. CBI officials, who interrogated Sandip Ghosh — the influential former principal of the college, known for his close ties with the topmost family in the State - for approximately 13 and a half hours on Friday night, resumed questioning him on Saturday. Sources suggested that Ghosh has

started to crack under CBI pressure, and the interrogation was ongoing at the time of the last reports. On Saturday, a team of CBI officials visited the crime scene inside the hospital for the second time, equipped with three-dimensional cameras and other instruments to gather additional

Sabotage suspected in Kanpur train derailment

wenty coaches of the Sabarmati Express passenger train derailed near Govindpuri station in Kanpur early Saturday after the engine hit an "object placed on the track", rail officials said. There is no report of any loss of life or injury in the accident. The Varanasi-Ahmedabad

train derailed between Kanpur and Bhimsen railway stations around 2.35 am. Rescue and relief operations are underway, officials said.

In a post on X, Railway Minister Ashwini Vaishnaw said, "The engine of Sabarmati Express (Varanasi Amdavad) hit an object on the track and derailed near Kanpur at 02:35 am today." "Sharp hit marks are observed.

Evidence is protected. IB and UP police are also working on it. No injuries to passengers or staff. Train arranged for passengers for onward journey to Amdavad," Vaishnaw added.

Railway Board officials said involvement of miscreants or anti-social elements is being looked into as prima facie it appears that the engine hit an object placed on track. "We found a foreign material

near the 16th coach of the train. Looking at the size of the damaged portion of cattle guard of the engine, it seems that the engine hit this foreign object and derailed," an official said. "The loco pilot said some boulder hit the cattle guard (front portion) of the engine which got badly damaged and bent," another official said.

Mumbai terror attack plotter faces extradition to India

PTI WASHINGTON

In a huge setback to Tahawwur Hussain Rana, a US court has ruled that the Pakistani-origin Canadian businessman could be extradited to India where is vanted for his involvement the 2008 Mumbai terror attack carried out by Pakistan-based Lashkar-e-Taiba terrorists. 'The (India US Extradition)

Treaty permits Rana's extradition," the US Court of Appeals for the Ninth Circuit said in its ruling on Thursday. Ruling on an appeal filed by 63-year-old Rana, a panel of judges of the US Court of Appeals for the Ninth Circuit affirmed the District Court in the Central District of California's denial of his habeas corpus petition challenging a magistrate judge's certification of his as extraditable to India for his

alleged participation in terrorist attacks in Mumbai. Rana, currently lodged in a jail in Los Angeles, faces charges for his role in the 26/11 Mumbai attack and is known to be associated with Pakistani-American Lashkare-Taiba (LeT) terrorist David Coleman Headley, one of the main conspirators of the terror incident that hit India's financial hub in 2008.

Rana has the option of

his extradition to India.

Relying on the plain text of the treaty, the US State Department's technical analysis, and persuasive case law of other circuits, the panel held that the word "offence" refers to a charged crime, rather than underlying acts, and requires an analysis of the elements of each crime.

The panel of three judges concluded that a coconspirator's plea agreement did not compel a different result. The panel held that the did not apply because the Indian charges contained distinct elements from the crimes for which Rana was acquitted in the United States. In its ruling, the panel also held that India provided sufficient competent evidence to support the magistrate judge's finding of probable cause that Rana committed the charged crimes. The three panel of judges were Milan D Smith, Bridget S Bade, and Sidney A Fitzwater.

Rana, a Pakistani national, was tried in a US district court on charges related to his support for a terrorist organisation that carried out large-scale terrorist attacks in Mumbai. A jury convicted Rana of providing material support to a foreign terrorist organisation and conspiring to provide material support to a foiled plot to carry out terrorist attacks in Denmark. However, the jury acquitted Rana of conspiring to provide material support terrorism-related to attacks in India.

Education and Research (PGIMER) in Chandigarh entered the sixth day on Saturday. OPD services for both old and new patients remained closed but emergency and critical care services continued. Dr Perugu Praneeth Reddy, the joint secretary of the Association of Resident Doctors, PGIMER, said the faculty and nursing staff of the institute joined the protest. The Faculty Association of PGIMER, Chandigarh, is also supporting the strike call given

by the IMA

The IMA's Punjab Unit advisor Navjot Dahiya said doctors are holding a protest against the rape and murder of the trainee woman doctor in Kolkata. Wearing black badges, medical professionals held sitins at many places in Patiala, Amritsar, Faridkot and Ludhiana, demanding justice for the victim in Kolkata and safety for doctors. Demanding that hospitals be declared safe zones, protesting doctors said sufficient security arrangements need to be made for the safety of healthcare professionals.

In Punjab's Hoshiarpur, doctors from private hospitals held a protest in response to the IMA's call for a strike. A march was also organised by several members of the IMA, Indian Dental Association, Puniab Civil Medical Association, Nursing Association, and Pharmacist Association, Hoshiarpur, to express solidarity with the Kolkata rape-murder victim.

Dr Raj Kumar, who is also a member of the IMA's Hoshiarpur unit, joined the protest. ÎMA's Hoshiarpur unit president Dr Balwinderjit Singh condemned the alleged rape and murder at the Kolkata hospital and highlighted concerns over the safety of doctors, particularly women, working in hospitals across the country.

Although the Punjab Protection of Medicare Service Persons and Medicare Service Institutions (Prevention of Violence and Damage to Property) Act is in force, Singh lamented the police's reluctance to register cases under this law. He urged the government to take immediate steps to ensure the safety of medical professionals in their workplaces.

Dr Rajinder Sharma, a member of the IMA, said that repeated requests to the Union government to enact a law for stringent punishment for those who commit violence in medical establishments have gone unheard. If the perpetrators of the alleged rape and murder of the trainee doctor in Kolkata are not arrested soon, IMA members may be forced to go on an indefinite strike, he warned.

In Haryana's Ambala, private nursing homes and clinics observed the strike. Dr Rajiv Aggarwal, secretary of IMA Ambala, said a memorandum expressing doctors' concerns over their safety at workplaces has been submitted to the deputy commissioner.

The development came about a year after State Special Operation Cell (SSOC) Fazilka had busted two separate cross-border drug smuggling rackets with the arrest of four drug traffickers after recovering 77.8Kg heroin (41.8Kg+36Kg) and three pistols from their possession. Two Drug Smugglers Detained Under PIT-NDPS Sent To Assam Jail

Two drug smugglers have been detained under the PIT-NDPS Act, an official of the Narcotics Control Bureau said on Saturday. Akshay Chhabra and Jaspal Singh have been detained in Dibrugarh

The development came four days after the NCB detained notorious drug smuggler Balwinder Singh alias Billa Havelian under this stringent law. Billa's detention was the first such action, which aims to break the jail-based drugs mafia link in the region, initiated by the bureau in Punjab.

Under the stringent Prevention of Illicit Traffic in Narcotics Drugs and Psychotropic Substances (PITNDPS) Act, a habitual offender can be put under preventive detention for a period of one vear without bail.

Akshay was the kingpin in the international drugs syndicate and he was arrested from Jaipur airport in November 2022. Later during the course of investigation, the NCB arrested Jaspal Singh alias Goldy, who was a member of the syndicate.

Investigations revealed that this drug syndicate which was based in Ludhiana had smuggled close to 1,400 kg of heroin from points including ICP (Integrated Check Post) Attari in Punjab and Mundra sea port in Gujarat, said the NCB in a statement. Twenty people including the kingpin, traffickers, and two afghan nationals have been arrested in this case, it said. Sustainable development is essential. Investments in renewable energy sources, like solar and wind, provide sustainable alternatives to fossil fuels, reducing environmental impact. Promoting eco-friendly industries, especially in ecologically fragile zones, fosters economic growth while preserving the environment and creating a green economy. Sustainability ensures long-term economic and environmental health, preventing the negative consequences of a short-sighted growth model. We are at a crossroads,

negotiating with the dominant developmental discourse for a better, liveable future. This balancing act requires integrated planning, thorough environmental impact assessments before embarking on development projects, and identifying and mitigating potential environmental hazards. Sustainable urban planning is needed like designing cities with green spaces, efficient public transportation, and eco-friendly buildings to balance development and environmental con-

Stringent environmental laws and their enforcement are a must to protect natural habitats and promote sustainable practices. Incentivizing green practices in business and adopting green technologies will drive sustainable development. Public awareness and engagement are crucial. Promoting awareness about the importance of sustainability and the environmental impact of development will foster responsible behaviour and policy support.

Recent disasters Himachal Pradesh, Uttarakhand, and Wayanad highlight the consequences of ignoring environmental concerns. These ecologically fragile regions have suffered due to development projects that undermined environmental

warnings from local communities and experts. The severe landslides and cloudbursts in

Himachal Pradesh during the 2023 monsoon season devastated Kullu, Shimla, Mandi, and other districts, causing massive economic disruption, loss of life and property, and displace-

ment. Uttarakhand is witnessing similar devastations, with erratic development projects, widening of the Char Dham Road Project, and intense infrastructural activities changing the region's contour. The Kedarnath catastrophe in 2013 is a stark reminder of nature's fury. This year, landslides and cloudbursts have occurred again. Most recently, the Wayanad region of Kerala saw over 300 lives lost,

with over 200 still missing. To address these catastrophes, we must adopt a cautious approach to development in ecologically vulnerable areas. Development must proceed, but it must also address the concerns raised by scientists, academia, and NGOs. We are sitting on a ticking time bomb. Unless we take drastic measures to address environmental concerns, the day is not far when one ecological zone after another will be denuded of its pristine nature and humanity will suffer irreparable damage.

The environment versus development debate is not a zero-sum game. Sustainable development can provide a pathway to economic growth while preserving the environment. The choices we make today will determine the future of our planet and the well-being of future generations. We stand at a crossroads, and the direction we choose will shape our collective destiny. Balancing economic growth with environmental stewardship is not just a necessity but a responsibility we owe to ourselves and future generations.

Interim govt committed to free & fair polls: Yunus | 10 killed in Israeli strike

⊣he caretaker government in Bangladesh is committed to ensuring a transition to inclusive and pluralistic democracy and creating an environment in which "free, fair and participatory elections" can be held, its head Mohammad Yunus assured the international community on Saturday

Yunus, the Chief Advisor of the interim government, said while addressing the third Voice of Global South Summit which was hosted by India in a virtual format.

'You all are aware that Bangladesh witnessed a 'Second Revolution' on 5th August 2024, through a mass uprising spearheaded by our valiant students and joined by the masses," the 84-year-old Nobel laureate said, referring to the political turmoil in his country and the resignation of prime minister Sheikh Hasina on August 5.

Noting that the current interim government led by him was

sworn in on August 8, Yunus or guidance for that. No bud-said, "Our government is comget support from anybody. It is said, "Our government is committed to ensuring a transition to inclusive and pluralistic democracy and creating an environment in which free, fair and participatory elections can be held." Yunus assumed charge of the interim government amid ongoing violence and vandalism, including

against the minorities.
"Our task is now to carry out vital reforms in our electoral system, judiciary, local government, media, economy and education," Yunus said at the summit being attended by Prime Minister Narendra

"I invite you to visit Dhaka soon. Otherwise, you may miss something important. Much of Dhaka has turned into the graffiti capital of the world. Young students and children aged as young as 12-13 have been painting the walls of this 400-year-old city with images of a New Democratic environment- friendly Bangladesh," he said

"There is no central planning

just an outpouring of their emotions and commitment to the goals of the Second Revolution," the noted economist said.

Former Prime Minister Hasina, 76, fled to India on August 5 after being forced to resign from her post amidst unprecedented anti-government student-led protests. The student-led protests

demanding reforms in government job quotas evolved into a government-toppling movement in early August. Yunus further said, "We must

place the youth and students, who constitute a significant portion of the Global South's population at the heart of our strategies. Two-thirds of our population are youth. They are the most powerful segment of the society. They are different. They are committed to creating a new world. They are capable. They are technologically far ahead of the previous generation..."
He also emphasised redesign-

ing the financial system to make sure that wealth is shared

"It should not be a one-way path for wealth. We must ensure financial services for all people, particularly women and youth. We can learn from each other how this can be done successfully.

He also mentioned 'The Bengali language movement' in "In 1952 the Bangladeshi stu-

dents sacrificed their lives for their mother tongue. It inspired struggles for the right to speak in the mother language all over the world. Some seven

decades later our students-led Second Revolution is inspiring youth throughout the global south to raise their voice for democracy, human rights, dignity, equality and shared pros-"I am honoured to be the oldest 'young person' to take part in this revolution and help them make their dreams come true. They need support from all of you," Yunus said. "Being old should not mean

that you have to retire, withdraw yourself from economic activities. Human creativity never stops on a date fixed by the state. It doesn't stop until the last breath. We may work together to see how to make societies supportive of the creativity of all people as long they live," the octogenarian economist said.

During the anti-government protest in Bangladesh, over 230 people died during violence that erupted across the country following the fall of the Hasina government on August 5, taking the death toll to 560 during the three weeks of vio-

AP NABATIEH (LEBANON)

n Israeli strike in southern An Israeli suite in Sellarday
Lebanon early Saturday killed at least 10 Syrian nationals, according to Lebanon's Health Ministry.

The strike on Wadi al-Kfour in Nabatieh province is among the deadliest in Lebanon since the Hezbollah militant group and Israeli military started trading strikes on Oct. 8, a day after Hamas attacked southern Israel and sparked the Israel-Hamas war in Gaza. Hezbollah maintains that it will stop its attacks once a cease-fire is reached in the Gaza Strip.

Among the dead were a woman and her two children, the ministry said. Five others were wounded, two of whom in critical condition.

An Arabic-language spokesperson for the Israeli military, Avichay Adraee, said the strike in the southern province targeted a weapons depot belonging to Hezbollah.

Mohammad Shoaib, who runs a slaughterhouse in Wadi al-Kfour, said the area struck was an "industrial and civilian area" that contained factories producing bricks, metal, and aluminum, as well as a dairy farm.

The uncle of three of the people killed in the strike said they were factory workers who were in their housing accomodation when they were hit. He denied that there were weapons at the facility. "There was nothing at all like that," Hussein Shahoud said "There was metal for construction, for building, for all kinds of purposes.

Hezbollah has not immediately commented on the strikes.

The Lebanese government and international governments have scrambled for weeks to put an end to the monthslong clashes, with the region on a knife edge since July.

An Israeli strike last month in southern Beirut killed Hezbollah's

top commander, whom Israel accused of leading a rocket attack on the Israeli-occupied Golan Heights that killed 12 youths. Hours later, an explosion wide ly blamed on Israel killed Hamas political leader Ismail Haniyeh in

the Iranian capital. Both Tehran and Hezbollah vowed to retaliate, but have not

vet launched strikes as diplomatic endeavors and Gaza cease-fire talks continbue in Qatar. Hezbollah and Israel fought a sixweek war in the summer of 2006

that ended in a draw. Hezbollah's military capabilities have developed significantly since then. More than 500 people have been killed in exchanges since Oct. 8, most of them fighters with

Hezbollah and other armed groups but also including around 100 civilians and noncombatants. In Israel, 22 soldiers and 24 civilians have been killed. Tens of thousands of people have been displaced on both sides of tense

Nearly 650 people killed in recent violence in Bangladesh: UN report

 $I^{\text{ntelligence agencies in}}_{\text{Pakistan continue to abduct}}$ social media activists and vloggers for criticising the government and the powerful military establishment in the country, their families have alleged and approached courts in Punjab

Two social media activists of former prime minister Imran Khan's Pakistan Tehreek-e-Insaf (PTI) party, Naeem Ahmad Yasin and Arsalan Akbar, and Vlogger-comedian Aun Khosa, have allegedly been arrested by intelligence agencies in the Punjab province of Pakistan.

They have been reported "missing" by their families.

The Shehbaz Sharif government and the establishment have been facing scathing criticism on social media for "abducting" Khosa for singing a parody song on soaring electricity bills.

Days before his abduction, Khosa had sung a song "Bill Bill The PTI has expressed concern Pakistan", a parody of the over recent "forced disappear-

Dil Pakistan" and released a video on social media criticising the high prices of electricity and extra taxes added to it. Khosa also took on the worthlessness of the Pakistani passport and the cash-strapped country's loans. The comedian has a following of 137,000 on YouTube.

Glacial lake outburst devastated Everest village PTI KATHMANDU rmy officials, civic authori-

Aties and scientists on Saturday confirmed that the massive flash floods in a highaltitude village in the Everest region of Nepal were caused by

two glacial lake outbursts leading to widespread devastation. Hurtling down the steep slopes, carrying boulders, debris and muck with it, the floods devastated more than half of the homes in Thame village in the scenic Khumbu Pasang Lhamu Rural Municipality-5. The incident occurred at around 1.30 pm

local time on Friday. Although no deaths have been reported so far, one person is reportedly missing, news portal MyRepublica said about the damage caused due to the flooded Thame rivulet, one of the tributaries of Dudhkoshi River.

"Authorities reported that around 93 villagers who fled to higher altitudes or were rescued are now being sheltered in an army camp, while 42 others have been temporarily placed in a nearby community building," The Himalayan Times newspaper reported.

A team of experts and authorities were dispatched in a helicopter to inspect and monitor the disaster site and investigate the cause of the sudden flood and mudslide that struck the village. The helicopter went right upstream up to the glacial lakes in higher reaches.

"Following the aerial inspec-tion, the Khumbu Pasang Lhamu Rural Municipality confirms that the flood was triggered by the outburst of a glacial lake, one of the many lakes situated above the valley," The Himalayan Times said. The Kathmandu Post quoted

officials to report that two of the five lakes formed above the Thame village had burst and flooded downstream areas. Glacial lake outburst floods, or GLOF, are a sudden release of

water from a lake fed by glacier melt that has formed at the side, in front, within, beneath, or on the surface of a glacier. Experts have warned that global warming poses major threats to glacial lakes and subsequent GLOFs in the Hindu Kush Himalayan Region.

Corroborating that it was indeed a GLOF, the Cryosphere Society of Nepal (CSN), a group of meters in size and located Nepal-based glaciologists work- upstream of Thame Village in ing in the Himalayas, said in a post on X: "The lake, which is caused the devastation in Thame approximately 39,081.87 square Village on August 16th.

LET'S JUST LEAVE IT TO THE GODS: CHOPRA ON 90M AND BEYOND

aving missed out on breaching the elusive 90m mark at the Paris Games, two-time Olympic medallist Neeraj Chopra has left that widely debated matter "to the gods"

After all, Chopra has been chasing that milestone for years and the wait got longer when his only legal throw of 89.45m got him a silver at the Paris Olympics earlier this month. A back-to-back medal at the Summer Games was a monumental feat for an Indian athlete but it was way short of Arshad Nadeem's sensational that comfortably 92.97m secured a historic gold for the Pakistani.

Nursing a long-standing groin injury, Chopra managed to be on the podium and now he will be seen in the Lausanne Diamond League starting August 22

After a busy couple of days post the Olympic final on August 8, Chopra started training in Switzerland and is determined to finish the season on a high despite being restricted by the injury.

"I need to leave it to gods now," he said when asked about his target throw in the foreseeable

see where the javelin goes. There has already been talk about 90m, now I feel just let it be. In Paris, I thought it would happen and it could have happened.

"Now I will give my 100 percent in the next two or three events and see what happens," he said in a virtual interaction arranged by JSW. Following the season-ending

Diamond League in Brussels September 13-14, Chopra will consult the doctors on his groin injury with surgery being the most likely option. The 26-year-old has been managing the injury since winning the gold in the World Championships last year. With Arshad producing an Olympic record throw in the final, Chopra needed to up his game but he said he could not do that because of his physical state.

felt I could increase the distance. My two no throws in qualification and final, they were second and third best throws and my season best as well. To increase distance I need to be injury free.

"In my mind I know need to give 100 percent but because of the injury I am not able to give 100 percent. My body and mind stops me from making

"What is most important in

training session is throwing sessions which I have not been able to do as much as I would like (due to injury). If you can't throw regularly then you are not able to work on your technique. I need to throw as much as I can. The rest is all fine," said Chopra.

He needs to make a few technical tweaks in his game. When we run with the javelin there is also lot of strain on groin, when we take cross step. But right now I am not able to tweak my technique. Also my line of the javelin was also not perfect.

"Arc speed was good in Paris but the line was disturbed. If it would be straighter, I could have got two three metres out of it. However, not for once I thought that Arshad's throw could not be bettered. My mind was ready to push the limits but body was not," said the champion athlete.

Chopra needs to finish in the top-six of Diamond League Meetings series to qualify for the season finale in Brussels.

"I came to Switzerland for training ahead of Diamond League. Luckily I did not aggravate my injury as I took extra care of that. I thought of continuing my season like one month to go for season

end. I will go to the doctors in free time," he said.

WE NEED TO SPOT

TALENT BETTER TO BECOME SPORTING POWERHOUSE: finished an abysmal 71st in the Paris medals tally with five

bronze and Chopra's silver.

Asked what India needs to do to become a sporting power, Chopra said: "Overseas, there are more talent spotters. For example I took up javelin I don't know how, I liked it so I pursued it. But if we try multiple sports and pick the best one on recommendations of an expert that way Indian sport can move forward. We need to spot talent better.

"Also, we can't just focus on one sport. We need to be good in all sports. I feel the leaders in the medals tally (China, USA, Japan). They all are powerful nations in various fields, sports play a big part as well in lifting

play a big part as wen in mining the profile of the nation. "Hope we do well in the next Olympics, and qualify for FIFA World Cup as well. Cricket we already are doing well. There is no dearth of talent, mental, we also need to have more coaches," added Chopra, who plans to open javelin academies going forward.

khil Rabindra and Nikhil ABohra will be among the Indian racers who will be seen in action in the Indian Racing League that gets underway on August 24.

Six teams comprising four drivers each will feature in the

Akhil Rabindra made the headlines in 2019 after being selected by Aston Martin for their racing academy as the only Asian and later clinched the inaugural IRL title in 2022. Noted Swiss driver Neel Jani, who has an impressive resume, having won the World Endurance Championship and the prestigious 24 Hours of Le Mans in 2016, will be seen in action in the league, said a press release here.

Returning to the competition again will be South Africa's Raoul Hyman, along with his partner Sohil Shah, who won the 2023 Car Championship by earning the most points.

"The Indian Racing League is a testament to the excitement and passion for motorsports in

our country. The grid here is extremely competitive, pushing each of us to our limits and showcasing the immense talent we have," said Shah.

The racers would be whizzing around in their rapid World Thunder GB08s, single-seater cars that can achieve a top speed of 240 kmph.

The shadow of Pramod Bhagat controversy won't linger on the Indian contingent, and Paralympic Committee of India president Devendra Jhajharia is hopeful of winning at least 25 medals at the upcoming Paralympics. India have an 84-member contingent

across 12 disciplines for the Paralympics slated in Paris from August 28-September 8.

Tokyo Paralympics gold medal-winning shuttler Pramod Bhagat was handed an 18-month suspension for breaching BWF's anti-doping whereabouts clause.

"Look, there is no doubt that Pramod Bhagat is our star athlete but the target of 25 medals that we have set is from our current contingent of 84 players. Pramod Bhagat is not included in this," the two-time Paralympics gold medal-winning javelin thrower Jhajharia told 'PTI Bhasha'

"Pramod being a gold medal winner of the last Games not being in the Indian team is extremely sad and unfortunate, but we cannot do

anything." Asked about his confidence about target of 25 medals, he said, "I have kept this target after closely monitoring our players."

'You may think I am exaggerating. But I have seen the practice sessions of players. We have worked hard on their physical fitness and mental strength." Badminton's world governing body

(BWF) had on Tuesday announced that Bhagat has been "suspended for a period of 18 months and will miss" the Paris Paralympics.
"On 1 March 2024, the Court of

Arbitration of Sport Anti-Doping Division found Bhagat in breach of the BWF anti-doping regulations for

committing three whereabouts failures witȟin 12 months." The five-time para world champion Bhagat had appealed this decision to the CAS Appeals Division but it was

Jhajharia further said the number of players this time is much more than the previous games and they are competing in more sports. India were ranked 24th in the Tokyo Paralympics table with 19 medals

which included five gold.

"We had 56 players in the Tokyo Paralympics, this time 84 players will compete. For the first time, our players will participate in Blind Judo, Para Sailing and Para Cycling.

"I have set a target of 25 medals and to be in the top 20 in the medal table, but

we will win more medals than this," said the 43-year-old former javelin

Jhajharia is expecting the highest medal haul from the athletics team and is hoping new stars to emerge from these games.

"Each and every player of our contingent is a medal prospect. We have 38 track and field athletes and I am expecting the most medals from them.

"Our contingent has 47 new players, despite their first Paralympics games they are very confident and mentally strong about their performance," he

Aspas caps eventful game with late winner as Celta Vigo beats Deportivo Alaves 2-1 in Spain

I thanks to a video review, had a goal chalked off just before halftime and then capped an eventful game by scoring Celta Vigo's winner against Deportivo Alaves in the Spanish league on Friday. The 37-year-old Aspas was the focal point

for Celta for much of last season and picked up where he left off in its opening game, netting in the 84th minute to seal a 2-1 victory for the hosts.

He had been shown a red card after seven minutes when his arm made contact with Antonio Blanco, but it was downgraded to a vellow after a VAR review.

Blanco's cross to Kike Garcia then set up the opening goal for Alaves 10 minutes later. Aspas had a goal disallowed for offside before halftime but Celta equalized midway through the second half thanks to Williot Swedberg's superb strike with the outside of his boot.

Aspas then received Swedberg's defensesplitting pass to score the winner with six minutes left.

'Iago is eternal," Alaves coach Luis Garcia

said. "He gets one chance and he puts it

the night's other game, Las Palmas came from a goal down twice to hold Sevilla to a 2-2 draw at home.

Alex Suarez's deflected a cross from the left past his own keeper to give Sevilla the lead after 24 minutes but an own goal at the other end by Tanguy Nianzo leveled the scores just before halftime.

Juanlu Sanchez then converted a neat cross by Isaac Romero to put Sevilla 2-1 up on the hour mark only for Sandro Ramírez to equalize 10 minutes later, just moments

after coming on as a sub.
Las Palmas' two Scotland internationals, recent signings Oliver McBurnie and Scott McKenna, both appeared for the home side and it was McBurnie's pressure on Nianzo

that led to Las Palmas' first goal. With three of the first four league matches ending in draws, Celta's win means it can enjoy at least one night atop the La Liga standings.

arlos Alcaraz repeatedly smashed Chis racket on the court in a rare show of frustration, and the four-time Grand Slam winner fell to Gael Monfils 4-6, 7-6 (7-5), 6-4 at the Cincinnati Open.

In a match that was suspended by rain on Thursday night with the players in a second-set tiebreaker, the 37-yearold Monfils advanced by taking the last two sets from the second-seeded Alcaraz, who called the loss his "worst match.

"I felt like it was the worst match that I've ever played on my career," Alcaraz said. "I've been practicing really well. I was feeling great. But I couldn't play. I want to forget it and try to move on to New York

The U.S. Open begins there on Aug.

Trailing 3-1 in the tiebreaker when the match was halted, Alcaraz was hoping for a reset when play resumed Friday. But, the No. 3 player in the

ATP rankings wasn't able to control his emotions.

"It never happened before, because I could control those feelings," Alcaraz said. "Today I couldn't. I was feeling that I was not playing any kind of tennis. It was really frustrating for me. At some point, I didn't want to be on the court anymore.

Alcaraz was playing his first match since earning a silver medal at the Paris Olympics after losing to Novak Djoković, who also beat him last year in the Cincinnati final.

Monfils returned to the court later Friday and lost to No. 15 seed Holger Rune 3-6, 6-3, 6-4. "It was a big win for me against Carlos, unexpected to be honest," Monfils said. "To play again in a couple hours against (another) good and younger player, I knew it would be tough."

DOUBLE TRAP GREAT PETER WILSON APPLIES FOR POST OF INDIAN SHOOTING COACH

PTI ■ NEW DELHI

egendary double trap marksman Peter Wilson ⊿of Great Britain, who guided country-mate Nathan Hales to trap gold at the recently-concluded Olympics, has shown interest in the Indian team coaching job and wants to train the shooters for the 2028 Los Angeles Games.

Wilson, 37, was the youngest competitor in double trap at the 2012 London Olympics to win a gold medal. He holds the world record in double trap

and took up shooting after a snow-boarding accident left him unable to play cricket.

After double trap was removed from the Olympic curriculum, Wilson started coaching the Great Britain team in trap, with the crowning glory coming in Paris where his ward Nathan won gold with an Olympic record to break a 12-year-long wait for the country in the event. "I have e-mailed my CV the National Rifle Association of India and am waiting to hear from them,"

Wilson told PTI from UK.

Asked if it would be a challenge coming to terms with the setup in India, he categorically said "there shouldn't be any problem".

He added that for him the continental championships such as the "Asian Games, the Cups, World Championships among others Wilson told PTI from UK. are a stepping stone towards the ultimate aim of winning an

Olympic medal" and he would strive for that.

Asked if the coaches will be short-listed before the election of NRAI president on September 14, Singh said, "Normally it should be once the president takes charge and he does it but if the situation demands that we have to hold the selection committee (meeting) then may be (earlier). Basically, it's the exigency."

When asked whether former foreign trap coach Dradi would be considered for the role, Singh said, "Till the time the selection committee does not say yes or now, I can's say anything. Durand Cup derby cancelled amid protests over doctor's rape and murder; fans to unite for a cause

The Durand Cup derby between Mohun Bagan and East Bengal, scheduled at the Salt Lake Stadium here on Sunday, has been called off because of the prevailing unrest in the city. The decision was taken follow-

ing a meeting between the Kolkata Police officials and organisers of the tournament. The city has witnessed widespread protests following the alleged rape and murder of a postgraduate trainee doctor at the RG Kar Medical College and Hospital on August 9.

On Saturday, the Indian Medical Association called for a 24hour nationwide strike to protest the heinous crime.

Around one lakh people are expected to gather near the 66,000-capacity stadium, especially after both Mohun Bagan and East Bengal fan clubs called for protests.

"On behalf of the Durand Cup Organising Committee, this is to regretfully inform you that the final Group A fixture between Mohun Bagan Super Giant and Emami East Bengal FC, scheduled to be played at the Vivekananda Yuba Bharati Krirangan in Kolkata on August 18, 2024 at 7.00pm, stands abandoned," said a statement from Durand Cup Media.

'The Pre-derby press conference scheduled for 5.30pm today (August 17, 2024) also stands cancelled," it added.

All online and offline tickets will be refunded following the cancellation of the match, according to their ticketing partner, Bookmyshow. "The dates and the refund

process will be notified within the next two days," it added.

It is learnt that both the teams will be awarded a point each, but it has to be decided by the All India Football Federation (AIFF), the sport's apex body in the country. It is also not known whether the

knockout stage matches and the summit clash, which is slated at the Salt Lake Stadium on August 31, will be shifted. The marquee clash between

arch-rivals Mohun Bagan and East Bengal, which was the season's first derby, was also the concluding league match of the tournament.

As per the current standings, Mohun Bagan are ahead on goal difference against East Bengal and both have six points each. The six group toppers and two best second-placed teams will make the cut for the last-eight. FANS TO 'UNITE FOR A CAUSE': Despite the cancellation of the derby match, Mohun Bagan and East Bengals fans clubs have vowed to come together and make "their voices heard".

Toshua Zirkzee marked his debut for Manchester United by coming off the bench and scoring an 87thminute goal to give his team a 1-0 victory over Fulham on the opening night of the Premier League season on Friday.

The Netherlands striker poked out his left foot to guide home a cross by fellow substitute Alejandro Garnacho at Old Trafford. Zirkzee, who joined from

Bologna for a reported \$47 million last month, was one of three offseason signings to make their first appearances for United, along with defenders Noussair Mazraoui and Matthijs de Ligt.

Zirkzee, Mazraoui and De Ligt have arrived as part of a \$180 million spending spree by the record 20-time champions, a club under new leadership and looking to return to its former glories. Erik ten Hag was retained as manager despite guiding United to an eighth-place finish last season and this was a solid, if unspectacular, start to the campaign by his team. "It's just the first game, but it's

Matsuyama, McCarthy tied for lead in opening PGA Tour playoff event

AP MEMPHIS

Hideki Matsuyama and Denny McCarthy combined to make nearly 300 feet of putts, so it was no surprise to see them sharing the lead going into the steamy weekend of the FedEx St. Jude Championship.

Matsuyama recovered from a shaky start - he missed a 4foot birdie putt on No. 2 and put his tee shot into the water on the par-3 fourth - with two long birdie putts and a 3-wood to about 12 feet on the par-5 16th for one of his easier birdies. He had a 6-under 64. McCarthy, with a reputation for a smooth putting stroke, put that to good use on the smooth greens of TPC Southwind. He holed three birdie putts from about 25 feet or longer to offset a pair of bogeys in his round of 63.

They were at 11-under 129, one shot ahead of another great putter, Sam Burns, shot 29 on the front nine before cooling slightly. He had a 63. Scottie Scheffler got on track late with three straight birdies for a 65 and was two back. The first PGA postseason event is the most

consequential. The points are quadrupled, and the top 50 players in the FedEx Cup advance to the BMW Championship next week and are assured of playing in all the \$20 million signature events next year.

Jordan Spieth moved closer to the end of his year. He had a pair of double bogeys on the par 3s, one from the water on No. 4, another by taking two shots to get out of bunker on No. 14, and posted a 75 that left him in a tie for 65th.

Spieth has talked about the possibility of wrist surgery in the offseason, and he could have the next three months clear barring two of his best rounds of the year.

Others who had better seasons could afford a spotty performance. Rory McIlroy is the No. 3 seed going into the postseason and turned in a lackluster performance on another day when the heat index was in the range of 110 degrees (40 degrees Celsius). He played the two par 5s in 3 over and shot 73, leaving him in a tie for 58th.

This is a big week for on the PGA Tour and is at No. PGA Tour this year.

45. A victory would move him into the top five in the standings and secure a spot in the Tour Championship for

the top 30. Ditto for Justin Rose, who is outside the magic number at No. 55. He had another 66 and was tied for fifth with Nick Dunlap (65)

Amazingly, McCarthy is doing this with what he described as a torn labrum without getting into too many details.

"I don't want to divulge too much. It's bothering me, and I've been able to do enough the last few days to push through it," he said. "The heat helps it. Yeah, looking forward to a challenge on the weekend?

Matsuyama doesn't divulge too much on any topic, and he summed up his round thusly: I missed a short putt there at 2, knocked it in the water at 4, but from that point on, I really played well and putted well." As for the hot weather?

'Today was nice and cool," the Japanese star said, smiling as it was translated to English.

Matsuyama was in good spirits about his game. He is coping with having a bag stolen last week in London while at a restaurant that included his wallet and the passports of his caddie and coach. They are in Japan trying to get new passports. He's tied for the lead in Memphis.

Players will go off both sides in groups of three Saturday to with thunderstorms cope expected in the morning.

India's Riiohlang to supervise in FIFA U-17 Women's World Cup

PTI NEW DELHI

Riiohlang Dhar became the second Indian woman assistant referee to be selected for the upcoming FIFA U-17 Women's World Cup, which will be held in the Dominican Republic.

Riiohlang, a 34-year-old articulate lady from Meghalaya, has been on Friday named by FIFA among the elite list of 38 match officials, who will be on call for the October 10-November 3 event. Uvena Fernandes is the first

Indian woman assistant referee to have the honour of supervising in the World Cup. She did duty in the 2016 FIFA U-17 Women's World Cup in Jordan.

"My appointment for the World Cup has come as a great honour for me," said Riiohlang, who works for the Meghalaya police department.
"I have to work harder to live

up to FIFA's expectations. I will also keep in mind that I will be there as a representative of India. I will do everything to keep India's flag high," said the assistant referee. Riiohlang said refereeing has

been a part of her life since "After I stopped playing football, I joined a referee course in my local town and

found it interesting since it will

game I love dearly.
"So, I decided to take up the whistle and the flag. I have come a long way since then. I have supervised many international tournaments, but the World Cup is going to be a different experience," she said. The Chairperson of the AIFF Referees' Committee, K Sankar, said Riiohlang's fine performance in AFC and FIFA international matches remained one of the main behind reasons

Her appointment is a great honour for the AIFF too. On behalf of the Referees' Committee, I wish her a great World Cup ahead," Sankar

AIFF's secretary general, M Satyanarayan, said: "FIFA's announcement that Richlang is among the match officials for the U17 Women's World Cup is like an Independence Day gift for us.

Recently, we have started to focus on referees' development. To build the base, we have appointed five zonal referees' development officers. Our Elite Referees'

Development Programme is also doing very well for the match officials at the top of the pyramid. "The nomination of Riiohlang Dhar will be a boost for the growing number of women officials in India."

Riiohlang knows that it is the teamwork that has taken her thus far. "Without the help of my state association, the AIFF and my employers, I wouldn't have reached the World Cup. The AIFF is doing a tremendous job in the development of women's referees. We have all been greatly benefitted," she said.

"That's the only criticism I Chelsea on Sunday.

innovative experience is the key with Chef Dhruv Nijhawan, at the helm of affairs. An alumnus of Le Cordon Bleu, India, Chef Dhruv's passion for ingenious cooking techniques and for reviving authentic ingredients, is well known. At NOE, he brings forth his passion as is evident in the distinctive menu that celebrates the art of 'elevating comfort food'. Evoking nostalgia and inspiring innovation, the kitchen at NOE re-invents handpicked traditional comfort dishes from world

cuisines using lesser-known ingredient pairings and creative cooking techniques. From highquality produce to regional and international cuisines, each dish encapsulates a rich tapestry of flavours and the ingredients' culinary heritage.

Speaking about the cooking methods, chef Dhruv tells me, "Every dish tells a story of a "Every dish tells a story of a unique ingredient and a different cooking method. Reinventing modern classic dishes in a flavour forward method lies at the heart of our cooking. For mutton lovers, what better than 'Kanda & Picante'? "Kaffir lime and coriander mutton kanda with broccoli picante puree finished with chermoula crumble,"

Complementing culinary experience is the creative highball cocktail program served at NOE's bar. and surroundings, NOE's design and decor combine the timeless elegance of Lutyen's Delhi with the modern. Colonial aesthetics such as rich oak panelling, vintage flooring and lime-washed walls are interspersed with contemporary elements of long grid mirrors, neutral hues and the play of natural light.

The décor further incorporates plenty of greens and mood lighting that extend to diverse spaces - the chic indoor seating flows effortlessly into a trendy bar and a plush rustic outdoor deck as well as an intimate courtyard," tells Amit Chhabra, of studio LDC, the team behind the design architects of NOE.

With diverse settings, NOE offers layers of sensory experiences for all moods and occasions where guests can enjoy different spaces in a single visit or each separately over multiple ones. CELEBRATING THE BEAUTY OF PURE BONDS

In the heart of Delhi, with monsoon clouds overhead, the streets burst into life for Raksha Bandhan. Amidst the lively chaos and bright colours, the festival unfolds as a touching celebration of sibling love. Each stall, filled with colourful rakhis, tells a story of pure bonds and heartfelt traditions, turning everyday moments into cherished memories, says SAKSHI PRIYA

s the festive season arrives, bringing with it a time of warmth, togetherness and **L**cherished traditions, one celebration stands out for its profound significance — the bond between brothers and sisters. Raksha Bandhan, a festival that embodies untold love and silent care, is not just a ritual but a celebration of a "PURE BOND." Amidst this atmosphere, the vibrant marketplaces come alive with the spirit of Raksha Bandhan and nowhere is this evident than in Delhi's iconic Sadar Bazar. The festival's essence is captured not just through rituals but through the bustling, colourful preparations that fill the market, making it a focal point of the celebration.

THE ENCHANTING FESTIVAL

Sadar Bazar, one of Delhi's oldest and busiest markets, undergoes a remarkable transformation as Raksha Bandhan approaches. The market, typically known for its wide range of goods, turns into a hub of colour and excitement, with rakhis and festive decorations taking center stage. Every shop and vendor gears up for the big day, filling the air with a lively sense of excitement.

The narrow lanes of Sadar Bazar, usually crowded with shoppers, become even more packed as people move from stall to stall, searching for the perfect rakhi. The market itself seems to join in the celebration, with every corner reflecting the spirit of Raksha Bandhan.

Despite the unpredictable weather during the monsoon season, with sudden bursts of rain and heat, enthusiastic shoppers continue to pour into Sadar Bazar. The market remains crowded, even in the rain, as people carry umbrellas or brave the elements to get what they need. There is a shared determination among the shoppers, a sense that no amount of rain or heat can dampen the joy of preparing for Raksha Bandhan.

A MARKET FULL OF CHOICES

One of the most striking features of Sadar Bazar during Raksha Bandhan is the sheer variety of rakhis on display. The market caters to all tastes and budgets, ensuring

ONE OF THE MOST **HEARTWARMING SIGHTS** IN THE MARKET IS THE SELECTION OF CHILDREN'S RAKHIS, OFTEN FEATURING POPULAR CHARACTERS. A YOUNG GIRL, FOR EXAMPLE, WAS OVERHEARD ASKING A VENDOR, "BHAIYA, DO YOU HAVE A SPIDER-MAN RAKHI?" THIS SMALL MOMENT BEAUTIFULLY **ENCAPSULATES THE** SIBLING BOND, A SISTER KNOWING EXACTLY WHAT WILL MAKE HER YOUNGER **BROTHER SMILE**

that everyone can find something special. From simple, traditional rakhis costing as little as ₹ 10 for a dozen to more elaborate designs priced at ₹ 70 or ₹ 100 per dozen, the market offers something for everyone. Rakhis come in every imaginable style, from classic designs featuring beads and threads to more modern versions adorned with glitter and stones.

Children's rakhis, often featuring popular cartoon characters and superheroes, are among the most popular items. Little girls excitedly pick out rakhis for their brothers, carefully choosing ones that they know will bring a smile to their siblings' faces. A young girl, for example, was overheard asking a vendor, "Bhaiya, do you have a Spider-Man rakhi?" This small moment beautifully encapsulates the sibling bond, a sister knowing exactly what will make her younger brother smile. a small moment that perfectly captures the thoughtfulness and love that define Raksha Bandhan. The girl knew exactly what her brother would love and she was determined to find

THE PEOPLE BEHIND THE FESTIVAL

it for him.

The vendors and artisans are integral to the Raksha Bandhan experience. Their work begins long before the festival, with many starting preparations at least a month in advance. Crafting each rakhi requires skill, patience and a deep understanding of what the festival means to people. For these artisans, Raksha Bandhan is more than just another business opportunity; it's a chance to contribute to a tradition that has

been passed down through generations. A shopkeeper in Sadar Bazar explained how much effort goes into preparing for Raksha Bandhan. "We start getting ready about a month before," he said. 'There's a lot of hard work, but it's worth it when you see the market come alive like this. Even in the rain, people come. It's something we love." His words highlighted the dedication that goes into making the festival special for everyone. Despite the long hours and sometimes challenging conditions, the vendors take pride in being part of something bigger than just selling rakhis. They are part of a tradition that brings people together, year

The artisans also take great care in crafting each rakhi. They understand that these simple threads carry significant emotional weight. For them, it's important that every rakhi reflects the love and care that

siblings have for each other. They often work late into the night, ensuring that their creations are perfect. It's not iust about making something that looks good, it's about creating something that will be cherished.

A FESTIVAL OF EMOTIONS

Raksha Bandhan is a time of joy and celebration, but it can also bring about feelings of longing, especially for those who are separated from their loved ones. Not everyone is fortunate enough to be with their siblings on this special day, and for them, the festival

carries a bittersweet note. A woman in Sadar Bazar, carefully choosing rakhis to send to her brother who lives far away, shared her plans to send them by post. Despite modern courier services offering

faster delivery, she preferred the traditional method, finding something special in the anticipation that comes with receiving a package by postman. Her story is just one of many that highlight the emotional depth of Raksha Bandhan. The festival is not just about the physical act of tying a rakhi, it's about the connection that siblings share, a connection that goes beyond time and distance. Even when miles apart, the bond remains strong and the act of sending a rakhi is a way of maintaining that bond. It serves as a reminder that, no matter where life takes people, the relationships that matter most are always worth celebrating.

THE ESSENCE OF TRADITION As Raksha Bandhan draws near, the market becomes a living embodiment of tradition. With its rich history and vibrant atmosphere, it reflects the enduring values of family and togetherness. In a world that often moves too fast, these moments offer a chance to slow down and appreciate what truly matters. The festival is a time to reconnect with loved ones and honour the bonds that have shaped lives. During this time, the market becomes more than just a place to buy rakhis, it transforms into a space where memories are made. Every purchase, conversation and shared smile contributes to the festive atmosphere. The streets serve as a symbol of the festival,

where tradition is not just remembered but actively experienced, blending the past and present in a heartfelt

THE MEANING BEHIND At the heart of Raksha

Bandhan is the rakhi itself a simple thread that carries profound meaning. It's more than just a decorative oiece, it's a symbol of a sister's love, gratitude and appreciation for her brother. Tying a rakhi is an act of trust, a way of saying, "Thank you for always being there." This small thread binds not just wrists but hearts, reinforcing a bond that is as old as time.

For many, the rakhi is also a reminder of the shared history that siblings have, the moments of joy and support and the times when they've stood by each other. It's a token of the relationship that has shaped who they are. Though it may be simple in appearance, the rakhi holds a depth of

meaning that goes beyond words. It's a symbol of a bond that is pure, unbreakable, and everlasting.

A CELEBRATION OF LOVE

Raksha Bandhan is more than just a date on the calendar, it's a celebration of the relationships that connect people, the memories that hold them together, and the love that sustains them through life's challenges. In today's fast-paced world, festivals like Raksha Bandhan remind everyone of the importance of family and the connections that define them. In Sadar Bazar, the spirit of Raksha Bandhan is alive and well. The market, with its history and vibrancy, captures the essence of the festival. It's a place where love is expressed through simple gestures and where the bonds between siblings are honored in all their beauty. As brothers and sisters across the country prepare to tie the rakhi this year, they are

reminded of what the festival truly stands for. It's not just about the rituals, it's about the love, care and unbreakable bond that siblings share. In the end, that's what makes Raksha Bandhan so special - a celebration of love that goes beyond time, distance and the challenges of life.

FOREST RIGHTS ACT: A BEACON OF HOPE OR A VICTIM OF EXPLOITATION?

The Forest Rights Act (FRA) of 2006 was heralded as a transformative piece of legislation designed to recognise and empower forest dwelling communities while promoting sustainable forest management. However, the implementation of FRA has faced significant hurdles, including mismanagement, exploitation, and inadequate scrutiny write BKP SINHA and ARVIND KUMAR JHA

(FRA) of 2006, a landmark legislation in India, was introduced to recognise forest rights (FRs) of the Forest Dwelling Scheduled Tribes (FDST) and Other Traditional Forest Dwellers (OTFD) and empower them aiming at strengthening the conservation regime of forests. It was seen as a beacon of hope ushering in an era of community-led sustainable use of forest resources, conservation of biodiversity, and maintenance of ecological balance, which are essential for the sustenance of FRs. The Act however has faced serious implementation challenges and is overly involved in debates about the fulfilment of this vision indicated in the preamble.

The FRA outlines fourteen distinct FRs for its target group but its initial implementation focused primarily on just two viz. habitation and self-cultivation. This emphasis led to large-scale encroachments by claiming that they occupied the forest land before the mandated cutoff date of December 13, 2005. Not very surprisingly, the high volume of cases and the pressure to decide them quickly resulted in many ineligible claims getting recognized as valid. This, in turn, encouraged even more people to make similar claims, hoping that theirs would also be approved. During this time, the claims related to Community Forest Rights (CFRs) were given low priority, except for those involving traditionally collected minor forest produce.

In 2012, significant amendments to the FRA Rules were made and new guidelines issued thereafter. Although these amendments purportedly aimed to streamline implementation, they resulted in unintended consequences. Some of these amendments, allegedly extending beyond the Act's eligibility criteria for claimants, non-deserving individuals and communities to exploit the system. The amended Rule introduces a new right, known as the 'Title' to

Community Forest Resources. It enabled communities with only a few members from the FDST and OTFD to make such claims thus allowing the rural elite and powerful individuals to take advantage of the system marginalizing the genuine target group of FRA. Additionally, the evidentiary value of satellite imagery was lowered, making it more challenging to distinguish between legitimate and fabricated claims. No system was established to scrutinize the approved claims while the Tribal Ministry, GOI repeatedly issued directives to review just the rejected ones. In the existing atmosphere, it was 'practical' to approve claims rather than reject them even when the evidence was weak and essential criteria were not met. At times hundreds of cases were cleared in just one meeting which lacked adequate representation of non-officials and women members, and objections by foresters, even when based on ground reality, were generally labelled as anti-tribal and anti-FRA. The protection-related duties of

forest right holders, gram sabhas, and village-level institutions mentioned under Section 5 of the FRA still await alignment with existing Acts and Rules given the purport of Section 13. Some state tribal departments, as nodal agencies for implementation, have excluded the forest department from village-level management plan committees constituted for community forest Such exclusion resources. precludes inputs from trained foresters and consideration of a landscape-based management approach, which is

forest essential for ensuring the long-term sustainability of biodiversity, survival of wide-ranging wildlife, and the provision of eco-services that extend beyond village Village-centric

management systems, influenced electoral politics, may undermine long-term conservation efforts and harm ecological balance. Instances of clear felling and over-exploitation in bamboo coupes, in violation of sustainability principles, have already been observed in some villages.

Encroachments and land-use alteration near watercourses and on slopes pose significant risks. In 1992, the Forest Department attempted to remove encroachments in Mundakai, remove Wayanad but faced violent resistance resulting in assaults, injuries, and the torching of six vehicles by locals. Over time, emboldened encroachers and developers constructed large resorts on slopes increasing landslide susceptibility. This risk was tragically realized with the recent landslide in Mundakai in July 2024.

Under FRA also, recognition of claims by ignoring the terrain is an extremely serious issue. In Maharashtra, a 2014 satellitestudy on based implementation revealed that out of randomly selected 56,029 claims for cultivation and habitation in Gadchiroli, Gondia, Nandurbar, and Dhule districts; 8,472 and 11,988 sites respectively were within 50 and 100 meters of water bodies or watercourses. Similar claims were found in different districts on slopes exceeding 20 pockmarked with a total area of 485 acres, many of which could potentially become the epicentre of additional encroachments and imminent disasters.

To date, 5.18 million acres of forest land scattered over 2.37 million sites have been recognized in the country as individual FRs of cultivation and habitation and the process is still on. The absence of a cut-off date for claim submission, however, makes misuse of the Act easier with time since the verifiability of evidence about 2005 becomes increasingly difficult. It may allow the exploitation of the Act for

political purposes too. An analysis of cases cleared just before elections, for instance, 1,33,920 titles granted to podu cultivators reportedly based on village elders' statements; ramping up of claim clearances in Odisha and Andhra Pradesh; and current invitations for new claims in Jharkhand should be revealing. A worrying trend, however, has emerged in Madhya Pradesh, with encroachers from other villages and districts targeting forest land in Burhanpur district and nearby areas, often with local politician's support. These actions have sparked violent clashes between the encroachers, local villagers, and forest officials, who are struggling to protect the forests. An examination of randomly selected CFR cases in Maharashtra reveals that the 'nature' and 'extent' of FRs are often missing from title

documents. The issue reportedly

THE PROTECTION-

RELATED DUTIES OF FOREST RIGHT HOLDERS, GRAM SABHAS, AND VILLAGE-LEVEL INSTITUTIONS MENTIONED UNDER SECTION 5 OF THE FRA STILL AWAIT ALIGNMENT WITH EXISTING ACTS AND RULES GIVEN THE PURPORT OF SECTION 13. SOME STATE TRIBAL DEPARTMENTS, AS NODAL AGENCIES FOR IMPLEMENTATION, HAVE **EXCLUDED THE FOREST** DEPARTMENT FROM VILLAGE-LEVEL MANAGEMENT PLAN COMMITTEES **CONSTITUTED FOR COMMUNITY FOREST RESOURCES**

exists in other states as well. Understanding the quantity of forest produce (as a forest right) is crucial for the sustainable management of community forest resources and the long-term continuance of the exercise of rights. Accurate quantification can prevent issues such as the dwindling supply of medicinal plants for the Ayurvedic industry, which has led to the use of substandard materials and tarnished the reputation of Ayurveda. Unregulated removals could lead to future disputes over forest produce among neighbouring villages which would simply be disastrous.

The process adopted for recognizing Rights over Community Forest Resources (RCFR) raises significant concerns. According to Section 3(1)(i), RCFR of management is admissible only for communities of FDSTs and OTFDs who have traditionally protected and conserved these resources for sustainable use. Further, section 4(3) of the Act mandates that these communities must have occupied the forest land before the cutoff date of December 13, 2005. However, in practice, management rights under Section 3(1)(i) have been liberally granted, ignoring the mandated criteria, on more than 13.5 million acres out of the country's total recorded forest area of 191.5 million acres. The trend continues unabated also

claim submission. Surprisingly, **RCFRs** management have been granted on thousands of acres in the core areas of Tiger Reserves and Protected Areas in Achanakmar, Udanti Sitanadi, Dhamtari, Navegaon Nagzira, and Tansa without fulfilling the required criteria. Apart from the illegalities involved in RCFR cases, the overall situation indicates that the concerned District Level Committees have unauthorizedly transferred the State's responsibility mentioned in Article 51A of the

Constitution. In the past, forests were vast and tribal populations were small and cohesive with minimal influence from market forces. They existed harmoniously. Today, we face a crisis of fractured village populations and fragmented forests. The traditional arrangements that once worked may no longer be effective. Any harm to forest conservation and management has far-reaching consequences and Nature responds to it in compounded ways, leading to unpredictable weather patterns, desertification, global warming, and ecological crises.

These environmental changes exacerbate climate change, creating a vicious cycle that further threatens sustainability and health of our forests and communities. It is crucial to set a deadline for claim

due to the absence of a deadline submissions, revisit the rules for claim submission. under the FRA, and swiftly correct its implementation to benefit genuine beneficiaries. Cancelling irregularly granted rights, removing encroachments, and relocating FR holders from high-risk areas will establish confidence in the administration among the voiceless target group of the FRA.

> The Supreme Court must prioritize the hearing of writ petition 109/2008, duly because their earlier order to evict encroachers was stayed on February 28, 2019, due to the Tribal Affairs Ministry's submission that due processes were not followed in implementing the FRA. The ministry had also highlighted that the process of settling the claims and rights of the applicants left much to be desired.

> At this critical juncture, the choices we make will shape the destiny of India's forests, its people including forest-dependent communities, and its people ecology and economy. The question remains: Will the FRA fulfil its promise of empowering legitimate forest right holders while safeguarding India's ecological wealth, or will it succumb to exploitation and misuse? Only time, and our commitment to a sustainabilityoriented implementation of the Act, will tell.

persons with the Sata element prominently displayed, become aware of the fundamentals of life. Sata finds reflection as positive virtues - purity, righteousness, a positive attitude, and meaningful karma, free from any malice, obsession, and prejudices. They also understand the unity underlying all diverse existences, whereby all and sundry are essentially set into an inter-dependant relationship. Therefore, they value all on equal terms overriding all apparent difference. They, therefore, get along well with those around with ease. They, thus, remain at peace by the self and with the rest. They carry sense of love, are humane and compassionate. They remain live to their collective obligations even while pursuing their individualistic aspirations. Sata driven use other two dimensions of shakti trinity to their advantage. Using Tamasa, they take a pause to reflect, reason out, articulate well, before getting into action. So, invariably they make better choices in life. The Rajasa element being live, they too carry desires, but are invariably

directed to serve meaningful purposes.

They don't employ it purely with an utterly selfish motive. Their thought process being easy, simple, and free from clutters, could use their mind power optimally. Consequently, they see things in wider perspective to pick up the most appropriate lead. They are better focused also, and therefore have relatively higher success rating. Well, since human beings are born with a sense of 'want', a being's conduct is motivated and driven by desire. That, in turn brings in a sense of craving, possessiveness and attachment, which remains the prerogative of Rajasa. The indwelling sense of desire makes one dream, and which motivates a being blindly chase their desired destination. They ordinarily shun Tamasa, and so when faced with challenges, get unnerved. And that they are susceptible to get drawn towards varied tempting influences of the seeming world, they have a scattered brain. That makes it difficult for them to remain contended, and would therefore, never be at peace.

Because of its veiling nature, the essentials of life remain clouded in Tamasa driven people. They can't

visualise things in larger perspective, as they have self-centric narrowed vision. Out of ignorance, such people are often not sure what they should look for in life and therefore, are usually found to be directionless. They are restful by nature, which induces a sense of inertia.

indolence, ignorance, and more often a negative mind-set. To such people, the indwelling Rajasa element keeps the desire element alive. But at the same time, they are not keen to take pains to pursue their desires in right earnest. So, invariably they are left behind in the

run of life. Their sense of want, however, makes it difficult for them to digest the riches available with others either. That in turn, breeds in a sense of jealousy and hatred towards the achievers.

This way, particular mix of the three in a being, with one or the other prominently displayed, defines the unique character of each being. To sum up, Sata, Rajasa, and Tamasa, begin their course as three dimensions of creative intelligences, whose imprints stretch on to even the last point in the evolutionary chain. For, their psychological imperatives very much find reflection in the personality frame up of manifest beings, especially in terms of one's thought trends on ground. That makes continuum between the primal source and manifest being, evident.

The spoken primal word 'Om' has in its store sound trinity designated by the three letters 'A', 'U', and 'M'. All sound syllables in active use are believed to have evolved out of these three root sounds. 'Om', thus, has in its womb the seeds of all letters with their related sounds. The three letters are

respectively marked with Rajasa, Sata, and Tamasa. The first two letters - 'A' and 'U' - apparently coalesce into 'O' in dicta-lingua. The three are also respectively identified with waking, dreaming, and dreamless sleep state of a being in day-to-day life. Waking state is evidently identified with Rajasa, as it involves action. Dream state is marked with Sata, for it involves simply working on an idea either real or assumed, in the inner realm of mind, which evidently can't be seen in real terms. Tamasa is that restful state of mind devoid of any creative thoughts. Ancient India's seers, realising the relevance of the three creative intelligences - Rajasa, Sata, and Tamasa deified them respectively through the symbolism of Brahma, Vishnu, and Mahesh. The concept of God-trinity, thus, is nothing but Energy concept of creation deified.

Concluding the discussion on Om, goodbye pioneer readers.
