Narain Singh Chaura nabbed after he opened fire at Shiromani Akali Dal leader Sukhbir Singh Badal while the latter was serving the punishment given by the Akal Takht at the Golden Temple, in Amritsar PTI

### PIONEER NEWS SERVICE AMBITSAR/ NEW DEI HI

Shiromani Akali Dal (SAD) leader and former Punjab Chief Minister Sukhbir Singh Badal on Wednesday escaped a brazen assassination attempt in Golden Temple when a former terrorist fired at him from a close range. However, the missed as a plainclothes policeman overpowered the assailant. He was identified as Narain Singh Chaura.

Badal, a 'Z Plus' protectee, who was serving as a guard at the Temple entrance as part of a religious punishment, is safe. Videos showed the wheelchair-bound leader, in a blue 'sewadar' uniform and holding a spear in one hand and a small board hung around his neck, acknowledging his "misdeeds". The attack, which took place around 9:30 am, was captured on cameras of media persons who had gathered to cover the second day of Badal performing the duty of 'sewadar' outside the shrine as penance for "mistakes" committed by the SAD government in Punjab from 2007 to 2017.

Television footage showed the shooter slowly walking towards Badal (62), who was sitting in a wheelchair due to a fractured leg, and pulling out a gun from his pocket. The weapon is reportedly a sophisticated 9mm pistol and sources said prima facie it

appeared to be a lone wolf attack. A police official in plainclothes standing near Badal quickly grabbed the attacker's hands and pushed him away. In the melee, a bullet hit the shrine's entrance wall behind Badal, who escaped unhurt.

Soon other security personnel and Shiromani Gurdwara Parbandhak Committee (SGPC) task force members also intervened. Badal continued his penance after the attack, with a security ring thrown around him. His wife and Bathinda Member of Parliament Harsimrat Kaur Badal also reached the Golden Temple to meet him

The shooter Narain Singh Chaura, is a resident of Dera Baba Nanak, and a former terrorist owing allegiance to Babbar Khalsa International (BKI). After the attack, he was taken away by security officials, and arrested. Amritsar Police Commissioner

Gurpreet Singh Bhullar said the attack on Badal was foiled because of the alertness of police. Police official Rashpal Singh noticed Chaura first, as he is a former terrorist and has a criminal history.

When Chaura whipped out his weapon, Assistant Sub-Inspector Jasbir Singh and another police

official, Parminder Singh, held Chaura's hands and as a result, the bullet went upwards, said the commissioner. "Narain Singh Chaura has been arrested and an FIR has been registered against him. The weapon used in the attack has been recovered," Bhullar said, adding that the case will be investigated from all

angles. The motive behind the attack will be ascertained after Chaura's questioning. He came alone to the Golden Temple, he said. Responding to a question, Bhullar said the security deployment at the shrine was sufficient. Police cannot carry out frisking because religious sentiments are involved, he said.

Detailed security deployment had been made at the Golden Temple complex. Around 175 police personnel led by an assistant inspector general have been deployed

there, he said. ASI Jasbir Singh, whose brave act won him praise from all quarters, told reporters that he was only performing his duty.

Additional Deputy Commissioner Harpal Singh said police were alert and had been keeping an eye on the accused. "We had covered Sukhbir ji," he said. Chaura was here on Tuesday as well, the officer said.

Punjab Chief Minister Bhagwant Mann directed police to thoroughly investigate the incident while opposition parties demanded his resignation over the "breakdown" of law and order in the state. Mann lauded police for their promptness in nabbing the attacker and termed it a 'great success". He said "Punjab Police prevented a major incident today. It is the result of the promptness of Punjab Police that the conspiracy to defame Punjab and Punjabis has failed," he said.

"I strongly condemn the attack on Sukhbir Badal ji. I have issued strict instructions to police to immediately investigate the incident and submit a report," he added.

Akal Takht Jathedar Giani Raghbir Singh said it was not an attack on Badal but on the 'sewadar' who was performing his duty outside the Golden Temple. SGPC chief Harjinder Singh Dhami said the "targeting" of Badal while performing religious service at the holv shrine was "extremely

saddening" and "immoral". Senior SAD leader Daljit Singh Cheema, who is also undergoing religious punishment, demanded Mann's resignation over the incident. "For Punjab, this is a big incident. Where are we taking the state? I want to ask the Punjab chief minister where Punjab is headed. It is a 100 per cent failure of law and order. The chief minister should resign," he told reporters. Cheema also demanded a judicial inquiry into the incident.

### SAUMYA SHUKLA NEW DELHI

20-year-old state-level Aboxer killed his father, mother and elder sister on Wednesday morning in South Delhi's Neb Sarai, as he was "hurt" and felt "insulted" by them, as he suspected that they were going to name their daughter in their will.

According to police, the accused Ariun Tanwar alias Bunty's father had recently scolded him in public, and this proved to be the last straw for him. Arjun decided to kill his parents on their 27th anniversary to gain sympathy, and avoid any suspicion, police said. The deceased have been identified as 51-year-old Rajesh Kumar Tanwar, his 46-year-old wife Komal and their 23-year-old daughter Kavita.

According to police sources, Arjun, who has represented in the Delhi Olympics in boxing and earned a silver medal, executed the brutal

crime by first killing his sister. He slit her throat while she was sleeping on the ground floor. However, while he was attacking her, Kavita bit Arjun on the finger.

He then went to the first floor and slit his father's throat after stabbing him on his head first. When his mother Komal tried to escape, he silenced her by cupping his hands on her mouth, and then slit her throat, the police said. According to preliminary investigation, the murders took place between 5 am and am. According to neighbours, Rajesh was a

retired army officer and Kavita had earned a black belt in Martial Arts. Arjun used his father's 'army dagger to commit the crime.

То avoid suspicion, he murdered his family members and then went for a jog to Sunder van, instead of going to his gym session to establish an alibi.

Congress leader Shashi Tharoor reads a newspaper while a monkey sits on his lap

### PIONEER NEWS SERVICE NEW DELHI

✓ nown for his extensive vocabulary, veteran Kpolitician Shashi Tharoor may have been at a loss of words for a few moments when he had a warm encounter of the wild kind at his residence on Wednesday. He soon shared the "extraordinary experience" he had at his home when a monkey ran towards him, hugged him and after being treated to a couple of bananas. The monkey felt so much at home that he rested on former Union Minister Tharoor's chest, while he continued reading newspapers in the garden. Tharoor shared a series of photos of this unusual encounter on X, and went on to narrate the incident that left many users of the platform amused.

'Had an extraordinary experience today. While I was sitting in the garden, reading my morning newspapers, a monkey wandered in, headed straight for me and parked himself on my lap. He hungrily ate a couple of bananas we offered him, hugged me and proceeded to rest his head on my chest and dozed off," the Congress leader said on X. "I gently began to get up, he leapt off and loped away," Tharoor added.

He said reverence for wildlife is ingrained in him, and though he was a bit concerned about the risk of a monkey-bite which would have necessitated anti-rabies shots, he stayed calm and welcomed his presence as nonthreatening. "I am gratified that my faith was borne out and our encounter was entirely peaceful and gentle," Tharoor said.

Reacting to the post, one X user said, "Probably you got the blessings of Hanuman ji. I zoomed in on all the pictures to find out which newspaper the bestest Member of Parliament was reading." Another person wrote, "What a beautiful encounter with nature! Moments like these remind us of the deep, unspoken connection we share with other beings. That monkey's trust in you speaks volumes about your aura of kindness. Truly, experiences like these make us pause and appreciate the simplicity and warmth of life beyond words."

### PNS AMRITSAR

Punjab's former Deputy Chief Minister and Shiromani Akali Dal (SAD) leader Sukhbir Singh Badal, who enjoys Z-plus security the highest tier of protection after SPG cover - narrowly escaped an assassination attempt on Wednesday morning while serving as a 'sewadar' (volunteer) at the Golden Temple in Amritsar, as a part of his religious punishment (tankha)

The incident unfolded dramatically when Narain Singh Chaura, an alleged Khalistani militant, attempted to shoot Sukhbir at the shrine's entrance. Quick action by Sukhbir's security team and fellow volunteers averted a tragedy, as they disarmed the attacker and subdued him on the spot. Media personnel, covering the 'Day 2' of Sukhbir's punishment, captured the chilling moment when Chaura approached Sukhbir, pulled out a pistol, and aimed to fire.

Amritsar

In a shocking incident that disrupted the sanctity of the Golden Temple in Amritsar, Sukhbir was attacked when he was performing 'seva' (voluntary service). Dressed in a blue 'sewadar' uniform and seated in a wheelchair due to a fractured leg, Sukhbir was holding a spear and standing guard at Guru Ram Das Dwar entrance. Chaura, disguised as a devotee, approached under the pretense of offering prayers. At close range, he suddenly pulled out a pistol from his jacket and fired at Sukhbir. A swift-thinking Punjab Police cop, dressed in kurta-pajama, pushed Chaura's hand upward, deflecting the bullet into the temple wall, sparing the intended target — Sukhbir Badal.

Chaura, a resident of Dera Baba Nanak in Gurdaspur and a member of the pro-Khalistani the Aam Aadmi Party (AAP) led Punjab Government's abil-

outfit Dal Khalsa, has a history of militancy and involvement in high-profile crimes. He was previously implicated in the 2004 Burail Jail break case, where he orchestrated the escape of Babbar Khalsa terrorists, including assassins of the former Chief Minister Beant Singh. Eyewitnesses described the

## **Punjab Police ASI's Swift Action** Foils Murderous Attack on Sukhbir

### PNS CHANDIGARH/AMRITSAR

In a high-stakes moment of courage and quick thinking, Punjab Police cop Jasbir Singh, an Assistant Sub Inspector (ASI), thwarted a murderous bid on SAD leader Sukhbir Singh Badal outside the Golden Temple in Amritsar on Wednesday morning. The dramatic incident unfolded as Sukhbir, serving his religious punishment (tankhah) as a volunteer at the temple entrance, narrowly escaped an attack orchestrated by a former militant Narain Singh Chaura.

The Golden Temple, bustling with devotees under the morning sun, became the site of a chilling encounter at 9:30 am. Dressed in plain clothes, ASI Jasbir Singh was stationed nearby when his sharp instincts sensed trouble. Posing as a devotee, Chaura - a 68-year-old with a history of militancy, slowly approached Sukhbir, seated in a wheelchair due to a fractured leg. Chaura's hand reached into his pocket, pulling out a pistol.

Reacting in a flash, ASI Jasbir lunged forward just as Chaura raised the weapon. Grabbing the assailant's arm, ASI Jasbir pushed it upward, causing the bullet to harmlessly strike the shrine's stone wall behind Sukhbir. The sound of the gunshot pierced the air, sending shockwaves through the crowd. ASI Jasbir swiftly overpowered Chaura and wrested the weapon from him, preventing further chaos.

"A split second was all I had," ASI Jasbir recounted later, his voice steady with resolve. "I noticed his movements and knew something was wrong. Our officers had briefed us to remain vigilant, and that awareness made all the difference," he said

Soon, members of the Shiromani Gurdwara Parbandhak Committee (SGPC) task force and other security personnel quickly joined ASI Jasbir to subdue Chaura, ensuring the safety of Sukhbir and the surrounding devotees.

Amritsar Police Commissioner Gurpreet Singh Bhullar praised ASI Jasbir's extraordinary presence of mind. Punjab Chief Minister Bhagwant Mann also commended the police for their swift action, emphasizing the importance of protecting places of worship from such heinous acts.

Special Director General of Police, Arpit Shukla, confirmed that a robust security detail, including 175 officers, had been deployed to ensure safety around the temple.

The audacious attack came just as the media gathered to cover Day 2 of Sukhbir's penance, a religious obligation for mistakes made during the SAD's time in power from 2007 to 2017. The incident, captured by media cameras, highlighted the Punjab Police's unwavering commitment to ensure the safety of its citizens and leaders. ASI Jasbir Singh's quick thinking not only prevented a tragedy but also underscored the importance of vigilance and courage in the face of danger.

### a modest background in Punjab, he reportedly fled to Pakistan in MONIKA MALIK 📕 CHANDIGARH

Narain Singh Chaura, the man now infamous for his audacious attempt on former Punjab Deputy Chief Minister Sukhbir Singh Badal, is far more than a name on a police roster. He is a figure shrouded in controversy, deeply entrenched in the violent legacy of Punjab's mil-itancy era. From his connections to Khalistani groups to his role in daring Burail jailbreaks and arms smuggling, Chaura's life is a saga of defiance, secrecy, and shadowy networks.

Chaura's attempt to shoot Sukhbir on Wednesday appeared to stem from a deep-seated animosity that has been brewing for years. Known for his fiery rhetoric against the Badals, Chaura has always viewed them as key figures responsible for the perceived betrayal of the Sikh community. His animosity traced back to the actions of Sukhbir's father, Parkash Singh Badal, during his tenure as Punjab's Chief Minister, when Chaura and his supporters believed that the Badals were complicit in atrocities against the Sikhs. The desecration of the Guru Granth Sahib and the killing of Sikh youth were just some of the wounds Chaura has held onto over the years.

His deep dissatisfaction with the Badals only intensified after Sukhbir recently admitted to his party's mistakes during their time in power, from 2007 to 2017, making the former militant see this as a betrayal of the very cause they once claimed to defend. Today's attack was more than just a personal act of violence — it appeared to be the culmination of years of anger and frustration boiling over. For Chaura, the Badals rep-

resent everything he believed has gone wrong with the Sikh leadership, and this move appeared to be his attempt at retribution.

He is also known for his active involvement in championing the causes of farmers and labourers. Over the years, he has emerged as a vocal leader advocating for the rights and welfare of the marginalized sections of society. His journey from grassroots activism to a position of significant influence reflected his dedication and resilience in addressing pressing social and economic issues.

### The Roots of a Militant Journey

Born on April 4, 1956, in the village of Chaura in Punjab's Dera Baba Nanak region, Narain Singh Chaura grew up during a turbulent period in Indian history. The socio-political turmoil of the 1980s, marked by insurgency and calls for Khalistan, shaped his ideology and thrust him into militancy. Hailing from

### **Criminal Record Steeped in** In 2010, a case was Militancy

Chaura's criminal dossier is extensive and grim. He has been implicated in nearly a dozen cases, including smuggling arms and explosives into Punjab. The districts of Amritsar, Tarn Taran, and Ropar witnessed his involvement in multiple cases under the Unlawful Activities (Prevention) Act (UAPA). In 2013, he was arrested in Tarn Taran, leading to the discovery of a weapons cache in Mohali. His activities during this period were emblematic of Punjab's struggle against insurgency. One of Chaura's most infamous acts was his alleged mastermind role in the 2004 Burail Jailbreak. The jailbreak saw high-profile militants, including Jagtar Singh Hawara and Paramjit Singh Bheora, escape through a tunnel they dug while incarcerated for the assas sination of former Punjab Chief Minister Beant Singh. Their two sons, both lawyers, distanced themselves from his activities. In Chaura's native village, residents remain tight-lipped about his activities. Fear of reprisal and the shadow of his militant past discourage open dialogue. His notoriety extended beyond Punjab, with his name linked to insurgents and networks in Pakistan, further

amplifying his infamy. From a small village in Punjab to the corridors of militant operations in Pakistan, Chaura's life is a microcosm of Punjab's insurgency struggles. His journey reflected the turbulent history of a region grappling with its identity and sovereignty. While his recent attempt on Sukhbir thrust him back into the spotlight, it also reignited discussions about the deep scars of militancy that continue to linger in Punjab.

## Punjab politicians unite in condemnation of attack, Demand accountability

### PNS CHANDIGARH

Political leaders across party lines have strongly con-demned the attack on former Punjab Deputy Chief Minister Sukhbir Singh Badal, calling it a grave security lapse and a dangerous attempt to destabilize peace in the state. While hailing the swift action of the Punjab Police in averting the tragedy, leaders have demanded immediate accountability, with calls for resignations, judicial inquiries, and stringent punishment for those responsible. They emphasized the need to address the growing concerns over law and order and safeguard the state's peace and harmony.

Aam Aadmi Party (AAP) national convener Arvind Kejriwal condemned the attack, claiming a conspiracy to defame Punjab and suggested that "powerful forces" were behind the incident. He praised the Punjab Police for averting a tragedy. "The Punjab Police has set an example for the world on how to maintain law and order," Kejriwal said, emphasizing the need to investigate the forces responsible for the attack.

SAD leader and former Minister Daljit Singh Cheema demanded the resignation of Chief Minister Bhagwant Mann, holding the State Government responsible for a failure in law and order. "This is a 100 percent failure of law and order. The Chief Minister should resign," he said, while also calling for a judicial inquiry into the incident. He further questioned the delay in the police's actions, pointing out that the attacker had been seen roaming the area the day before.

Punjab Vidhan Sabha Speaker Kultar Singh Sandhwan, condemning the attack as unfortunate, lauded the Punjab Police for their swift action in preventing it. "The Punjab Police deserves accolades for its vigilant action at the most sacred place," he said, highlighting the importance of safety in the Guru Ghar. Punjab Congress president

and Ludhiana MP Amarinder Singh Raja Warring criticized the Punjab Government for its negligence, describing the incident as "absolutely unacceptable". He demanded, "Whoever fired the bullets must face the harshest punishment". At the same time, he urged immediate suspension of the ACP responsible and emphasized the need for accountability. BJP leader and former Chief

Minister Capt Amarinder Singh expressed relief that Sukhbir Badal was unharmed, thanking the individual who intervened and deflected the bullet. He warned against forces trying to sabotage peace in Punjab, saying, "Punjab cannot afford another dark era of terror." AAP Rajya Sabha MP Raghav Chadha, condemning the attack, said: "Violence and such attacks have no place in a civil society." He praised the Punjab Police for their prompt action and assured that the investigation would be thorough.

Former Minister and senior BJP leader Manoranjan Kalia highlighted the security lapse, questioning why a notorious terrorist like Narain Singh Chaura was able to get so close to Sukhbir Badal despite extensive security. "This is a massive failure of security," he said, stressing the need to hold those responsible accountable. Punjab BJP vice president Fatehjung Singh Bajwa criticized the release of Chaura, calling him a "dreaded terrorist". He questioned the government's handling of security and emphasized that such individuals belong behind bars. "If the police knew he was roaming the area, how could they leave Sukhbir Singh Badal exposed?" he asked.

Misl Satluj president Ajaypal Singh Brar, also condemning

the attack, emphasized that it was wrong to target him while he was fulfilling a penance ordered by the Akal Takht. "Personal differences may exist, but attacking someone while they are serving penance is highly inappropriate," he said, calling the act a violation of Sikh principles. The incident continues to stir strong political reactions, with leaders across parties demanding accountability and expressing concerns about the deteriorating law and order situation in Punjab.

### Punjab CM Hails Police for Foiling "deep-rooted conspiracy", Orders thorough probe

Punjab Chief Minister Bhagwant Mann on Wednesday commended the state police for preventing a "deep-rooted conspiracy" to defame Punjab by foiling an assassination attempt on former Deputy Chief Minister Sukhbir Singh Badal in Amritsar.

Mann, speaking to the media during the dedication of the Nishan-e-Inquilaab' plaza, condemned the attack in the strongest terms, emphasizing that such acts had no place at the sacred Sri Harmandir Sahib. He highlighted that over 175 police personnel, including senior officers, had been deployed to prevent any untoward incident, and their vigilance had ensured the attack was thwarted.

Assuring the public that the Punjab Government is closely monitoring the investigation, he said that he has already directed the Director General of Police to conduct a thorough probe. He also emphasized that maintaining peace and communal harmony in the state remains the government's top priority. Punjab has always been a land of saints, martyrs, and values of brotherhood," he said, adding that no one would be allowed to disturb its hard-earned peace.

Along with this, Governor of Kerala Arif Mohammad Khan and Cultural Ministers of Zanzibar and Haryana Chief Minister Nayab Singh Saini said that

the Centre Government has taken several significant steps in the interest of farmers. Various schemes introduced by the Prime Minister Narendra Modi have significantly benefited farmers. Saini made these remarks while interacting with the media persons at the railway station in New Delhi. Saini had travelled to Delhi from Chandigarh in Shatabdi train on

Tuesday night. The Chief Minister said that Prime Minister Modi has not only implemented numerous schemes for the welfare of farmers, but also has worked to strengthen their economic condition. Under the Kisan Samman Nidhi, farmers are provided with an annual assistance of Rs 6,000, which helps them purchase seeds and fertilizers.

Saini said that Congress had previously spread propaganda claiming that MSP on crops would be stopped, but nothing of the sort happened. In fact, Prime Minister Modi has worked to increase the MSP of crops. The MSP that was being provided to farmers during Congress rule has been increased by 1.5 times under Prime Minister Modi's leadership. Additionally, the state government is not only providing MSP

# Peace in border areas pre-requisite for developing ties with China: EAM

### PIONEER NEWS SERVICE NEW DELHI

 $E_{\rm Jaishankar}^{\rm xternal\,Affairs\,Minister\,S}$ said in the Rajya Sabha peace and tranquility in border areas is a pre-requisite for the development of bilateral ties with China and the two side will be discussing de-escalation and effective management of activities in these areas in the coming days,

He made these assertions while making a statement on India-China relations. A brief uproar was also wit-nessed following the statement and Opposition MPs walked out of the House after Chairman Jagdeep Dhankhar, disallowed them from seeking some clarifications.

Jaishankar, while making a statement on "Recent Developments in India's Relations with China", also

"Our relationship had progressed in many domains, but was obviously negatively affected by recent events. We are clear that the mainte-

nance of peace and tranquility in border areas is a preof our ties. In the coming

The Organised Crime and Corruption Reporting Project (OCCRP), which published articles on the Adani Group last year, is now under the scanner over its funding from the US government agencies. French newspaper 'Mediapart' in an investigative piece published on Monday has revealed about its ties with the US government and certain

vested stakeholders. "While the OCCRP does indicate on its website that it receives funding from the US Department of State, and notably from the US Agency for International Development, USAID, it conceals the extent of the funding and the strings attached to it from its media partners, journalists and the wider public. The US government financing is never mentioned in OCCRP-produced articles," the French newspaper mentioned.

It mentioned OCCRP receives OCCRP has funded a proa huge share of funding from certain stakeholders from United States including US Agency for International Development (USAID). Since its inception, OCCRP has received at least \$47 million from the US government, \$14 million from European countries (Britiain, Sweden, Switzerland, Denmark, Slovakia and France) and 1.1 million from the European Union. "The OCCRP appears uncomfortable about the scale of US funding, as the amounts are not published on the NGO's website," Mediapart rocked the Parliament since day one of ensuing Winter noted further.

Centre not discriminating

### PIONEER NEWS SERVICE NEW DELH

With funds under the flag-ship MGNREGS stalled for West Bengal for more than two years now, Union Rural Development Minister Shivraj Singh Chouhan on Wednesday said the Centre is not discriminating against the state, which he blamed for not complying with the Union government's directives

His comments comes a day after the Trinamool Congress (TMC) and the central government clashed in Parliament over the disbursal of funds under the MNREGA to the State, after TMC MP Kalyan Banerjee claimed in the Lok Sabha that the West Bengal government is yet to receive funds under the central scheme for the fiscal years 2022-2023 and 2023-2024.

The funds for West Bengal under the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGN-REGS) have been stopped since March 2022 due to non-compliance of directives of the Central government, according to the Ministry of Rural Development.

Asked what is the way forward, Chouhan told reporters at a press conference here, "We are concerned about the poor people in West Bengal as well. We have asked for certain compli-ances, and if the state fulfils them, we will consider it".

Chouhan also said the state has been provided funds under other schemes such as the Pradhan Mantri Gram Sadak Yojana (PMGSY).

"West Bengal has received funds under PM Sadak Yojana

Should we keep giv-ing money," Chouhan asked. "The Centre has the right to conduct a probe. It was done, irregularities were found, so we had to take action," he said.

The minister added that action will be taken if similar irregularities are found in other states.

While replying during the Question Hour in the Lok Sabha on Tuesday, Chouhan strongly refuted Trinamool Congress member Kalyan Banerjee's allegation that Central funds under various welfare schemes were not released to West Bengal.

Chouhan also accused the West Bengal government of diverting Central funds and making "undeserving" people benefi-ciaries of welfare schemes.

"It has been demonstrated that non-beneficiaries have been registered as beneficiaries, and vice versa, under this scheme. The names of village development schemes were changed, which is not permissible. For instance, they committed an offence by renaming the Pradhan Mantri Awas Yojana as their own. Furthermore, benefits intended for beneficiaries have been given to non-beneficiaries," Chouhan had said in Parliament on Tuesday. 970 persons rehabilitated under UP Gangster Act appears SMILE sub-scheme: RS told to be draconian, observes SC

### PIONEER NEWS SERVICE NEW DELHI

The Supreme Court on Wednesday observed that the Uttar Pradesh Gangsters and Anti-Social Activities (Prevention) Act appeared to be "draconian". The observation by a bench of Justices Gavai and KV BR Viswanathan came while it was hearing a plea filed by a man who has challenged a May 2023 Allahabad High Court order dismissing his application seeking to set aside proceedings against him pending before a District Court in Kasganj in a case registered under the Act. "This Act appears to be draconian," the apex court observed. "We will consider it," the bench said while admitting the appeal. While hearing the matter in November last year, the SC had sought responses from the Uttar Pradesh Government and others on the plea and said, "By way of ad-interim order, no coercive steps be taken against the petitioner qua Gangster Act." On Wednesday the petition-

state of Central funds. er's counsel said he has been

booked in the case under the provisions of the 1986 Act on allegations of illegal mining in the Ganga river. The counsel argued that earlier, another FIR related to alleged illegal mining was registered. "They have booked me twice for the same allegation," the lawyer argued.

The counsel appearing for the State referred to the provi-sions of the 1986 Act. "It requires consideration," the bench said, adding that a separate plea challenging the constitutional validity of certain provisions of the Act was also pending adjudication before it. Before the High

Court, the counsel appearing for the petitioner argued that he was falsely implicated in the case lodged under the Gangsters Act.

His counsel had claimed before the high court that the case has been lodged under the Gangsters Act only on the basis of another case in which the petitioner has not been named.

On November 29, the top court agreed to hear a separate plea challenging the validity of certain provisions of the Act and issued notice to the Uttar Pradesh government seeking its response on the petition.

# No love lost

The relations between India and Bangladesh are on the ebb and if steps are not taken now, could deteriorate further

he relations between India and Bangladesh, long characterised by cultural ties and strategic cooperation, have soured in recent months. Protests, diplomatic outrage and heightened security concerns are the latest manifestations of the growing rift between the two neighbours. The arrest of a Hindu monk in Bangladesh has sparked unrest, further straining ties that have been under pressure since the ousting of former Bangladeshi Prime Minister Sheikh Hasina in August 2024. The minority has historically faced discrimination and sporadic violence, often exacerbated by political upheavals. Sheikh Hasina's government, in power until her abrupt ousting in August, was seen as somewhat supportive of minorities, though her critics argue this support was inconsistent. Hasina's exit, triggered by mass protests against alleged corruption and authoritarianism, plunged Bangladesh into political instability. The arrest of Hindu monk Chinmoy Krishna Das in Bangladesh has reignit-

ed long-standing grievances about the treatment of minorities in the country. Das was detained on charges of sedition and inciting unrest during an October protest advocating minority rights in Chittagong. His denied bail and the subsequent delay of his hearing until January 2025 have escalated tensions.

This has led to protests in India, headed by Hindu organisations and supported by the Bharatiya Janata Party (BJP). These protests culminated in an attack on the Bangladeshi consulate in Agartala, causing significant diplomatic fallout. The vandalism at the consulate prompted sharp criticism from Dhaka,

which labeled the incident 'heinous' and demanded stringent action from India. Bangladesh also summoned Indian High Commissioner in Dhaka to show its displeasure over the incident. Meanwhile, Indian authorities, while condemning the attack and increasing security for Bangladeshi diplomatic missions, have struggled to contain public sentiment. In Dhaka, the storming of the consulate sparked counter-protests, with students and activists condemning the incident and demanding accountability from India. The situation has become a flashpoint for nationalist and religious tensions on both sides. The strained relations carry significant risks. For India, Bangladesh is a vital partner in maintaining border security and managing regional stability. The two countries share deep economic ties and cultural connections, making any prolonged estrangement costly. However, mutual trust has eroded. While Indian side urge Bangladesh to address violence against minorities, Bangladeshi officials accuse Indian media of propagating disinformation. Both nations have had good relations and they must urgently de-escalate tensions. Resolving the immediate crisis surrounding the monk's arrest, addressing minority rights concerns in Bangladesh, and curbing inflammatory rhetoric in India are critical steps.

# Election results challenge the Opposition unity

KALYANI SHANKAR

The electoral setbacks have exposed fractures within the INDIA alliance while the BJP has emerged stronger after the recently held state elections

he aftermath of the recent election results in Maharashtra and Jharkhand has led to cracks within the Opposition coalition known as the INDIA alliance. Following these disappointing results, some partners in the INDIA bloc, such as the Aam Aadmi Party (AAP) and the Trinamool Congress, are focusing on their agendas and show little interest in collaborating for the current winter session of Parliament. AAP chief Kejriwal has announced that his party will go solo in Delhi Assembly polls, ruling out tie-up with Congress. The INDIA bloc hoped to con-solidate anti-BJP votes in the capital.

Still, Kejriwal's announcement signals a potential fracture in unity. Additionally, it seems unlikely that the Uddhav Thackeray coalition will work together in the upcoming civic election. Consequently, the immediate concern for these partners is to unite and collaborate effectively. However, achieving this is proving to be quite challenging. Every political party makes mis-

takes, but the successful ones learn and improve. The INDIA bloc aimed to defeat the BJP in the Lok Sabha polls, ultimately allowing the BJP to form a government with support from the JD(U) and the Telugu Desam Party. The Assembly polls lacked a joint strategy. Two key points stand out in the recent elections in Maharashtra and Jharkhand. First is the significant victory of the BJP-led NDA in Maharashtra.

Second is the ease with which Hemant Soren retained his position in Jharkhand despite being jailed on allegations of corruption.Another important ques-tion is whether the Congress, NCP and the Uddhav faction of the Shiv Sena misinterpreted the signals on the ground. Did the BJP make errors in Jharkhand? The recent results reveal missed growth opportunities.It could nave performed better if Congress had learned from past Sena, which idolised Savarkar experiences and made necessary adjustments. Unlike the also did not realise the polit-Pachmarhi or Shimla conclaves, ical impact of the BJP's par-

entirely under the control of Rahul Gandhi, the Leader of the Opposition, and his chosen associates. Rahul worked hard and campaigned, but the party could not deliver. The results suggest they have yet to learn from the recent Haryana Assembly elections, such as relying heavily on one leader, ignoring the others, and the wrong distribution of tickets despite being in a winning position.

The most crucial aspect the Congress Party, NCP and the Uddhav fsction of Shiv Sena must address is the narrative. For the Congress, the focus on caste issues, defending the Constitution, and making personal attacks on the Prime Minister has not resonated with the voters. This disconnect is a clear sign that the party needs to reevaluate its strategy and focus on issues that truly matter to the electorate, such as the bread and butter issues.

It is a pressing concern that needs alignment. Even earlier, Rahul Gandhi's Gandhi's attack on Savarkar did not garner any support for Congress; instead, it created friction between the Shiv and Congress. These parties

ent organisation, RSS, which worked for the party's success. Maratha strongman Sharad Pawar must feel disheartened after losing his party and the election to his nephew, Ajit Pawar, whom he groomed. The warning signs became clear when Ajit joined the BJP, betraying his uncle to help form the government. The situation worsened when the Election Commission recognised Ajit's faction as the real Nationalist Congress Party (NCP), despite Sharad Pawar having founded and led it to power multiple times. This decision severely under-

mined Pawar, So must Uddhav Thackeray, son of Shivsena founder Bal PERSONAL Thackeray, who succeeded his father, lost the party and elections to his rebel Eknath Shinde, who helped BJP form the government in Maharashtra in a coalition. Both must introspect about what led to their loss of popularity.

On the other hand, JMM, a partner in the INDIA bloc, has demonstrated how to win despite numerous challenges. JMM Chief Minister Hemant Soren and his wife, Kalpana, faced several hardships, including a jail sentence for Soren. The results of the bye-elections after the Assembly polls show that the BJP is not invincible.

Elections in India happen almost continuously in various states, which means the election season never truly ends. The next significant event will be the Rajya Sabha elections for six seats on December 20. The National Democratic Alliance (NDA) is expected to win five of these six seats. At the same time, the Trinamool Congress is likely to secure one. If this prediction holds, the NDA will gain a majority in the Upper House, which could weaken the Congress Party's position in Parliament. There are currently eight vacancies: four in the nomination category and four in Jammu and Kashmir.Elections around the world highlight both victories and defeats. Each election offers valuable lessons regarding the suc-cesses and mistakes of the candidates and parties involved. These outcomes are not exclusively driven by generational change, as change is a constant process. Future generations must strive to advance their party. Ultimately, the true winner is the one who learns from their mistakes swiftly. Winners should avoid becoming complacent, while

## The role of teachers in building positive learning spaces

ALKA **KAPUR** 

A successful classroom isn't just about books and resources; it's about creating an environment where students feel valued, heard and empowered to succeed

thriving learning classroom is grounded in Let the way the students perceive their classroom. It's not just about utilising the appropriate resources but establishing a space where students feel recognised, heard and valued. Teachers are the key catalysts in making this possible by nurturing a balanced, cohesive and wellorganised environment that allows students to reach their potential. By implementing strategies to cater to individual requirements, connect thoughtfully, and commemorate milestones, educators can establish an educational atmosphere that supports progress, self-esteem, and teamwork.

Teachers can build a positive and inspiring learning space: Develop a sense of anticipation: Teachers should give explicit instructions and procedures to their students so that they feel comfortable. When students know what comes next, their interaction with the lesson increases and their belief in their learning abilities is enhanced, leading to a serene and concentrated mood. Address students' needs. No student is entirely

similar to another in the classroom. Instructors should appreciate academic and emotional needs and take a personalised approach to materials, attention, and motivation .

Welcome learners into the classroom First impression means a lot. A simple smiling morning wish makes students receive and look forward to the day. A welcoming environment causes active

involvement and participation in the class's activities. Interact with students Ideally, this should help prepare a powerful fondness between teachers and students. Teachers must take an active role in students' lives; they should ask questions and pay attention to the answers. This builds trust, develops reading skills, and

makes students want to speak

more.Team-building activitiesTeam-building activities help in practising directives and showing appreciation to others. Be experiential Sometimes, the mistakes, failings and losses of the teachers make

the learning environment comfortable and emotionaly intelligent. This ensures that

students are encouraged to connect and share, indicating that learning is collective and not individual.

### Celebrate success and appreciate students:Recognising

and celebrating students' achievements enhances their self-confidence and encourages them to try again. Teachers must reward such behaviour with verbal appreciation, prizes, or other forms of reward in the classroom. judgement: Avoid Acceptance and open-mindedness are evident in a con-

ducive learning environment. Judgement should not be attached to the students so that the students can feel free to explore and even commit mistakes without being laughed at.

Suppress anger and act strategically: Emotional regulation is expected from the

teachers. Keeping cool during conflicts or problems serves as a good decorum for the students' emotions and problem-solving skills, this practice leads to a learning environment that is calm and goal-oriented.

Listen to their thoughts

Allowing students to express their opinions also encourages them to take responsibility for their learning. Studies suggest that teachers should nurture students to enable them to speak their minds. Acknowledge feedback: The teachers should encourage and respond to any feedback from their students. If the students are appreciated for their response, then the atmosphere becomes interactive. Simple activities such as organising the room, attending to students, or recognising achievement encourage teachers to design a safe, friendly, and welcoming space for students. A welcoming and nurturing classroom facilitates academic achievement among learners and emotional and social development.

### **DELHI NEEDS TO BE DECONGESTED**

Madam — Delhi's role as India's political capital and administrative nerve centre has created a lopsided dependence on a single city, which is becoming increasingly untenable for several reasons. Delhi is overcrowded and heavily polluted, with air quality regularly breaching hazardous levels. This is posing several health risks to its residents, particularly children and the elderly, leading to long-term implications for public health. Basic amenities like water and electricity are stretched thin. Traffic congestion and overburdened public transportation systems result in wasted time and reduced productivity. Concentrating the country's entire administrative apparatus in one city makes it vulnerable to dangers of terrorism, natural disasters and other calamities. The concentration of central government offices in Delhi, apart from inflating property prices, skews economic activity and perpetuates regional inequal-

The idea is not to displace Delhi as the national capital entirely but only to distribute its administrative load. The toplevel officials of all the ministries and departments may be retained in Delhi for administrative convenience. Ministries and departments within ministries could be relocated to different cities/towns best suited for their focus areas, avoiding already congested metros like Bengaluru and ensuring balanced regional development. The government may start with a pilot involving one or two ministries, followed by an evaluation of costs, benefits, and scalability. Advances in IT and communication enable virtual conferences and seamless coordination, making physical proximity less critical. The conduct of G-20 meetings last year successfully should give the government confidence to take off in this direction.Decentralising national capital is not merely an administrative adjustment; it is also a transformative step toward equitable development and stronger governance.

### **INVESTORS LOSE WEALTH**

Madam- Since October, the ongoing decline in the stock market has resulted in investors losing ₹47 lakh crore in wealth. On September 27, the total market capitalisation of companies in the market was ₹477.90 lakh crore, which has now reduced to ₹430.60 lakh crore. Increasing uncertainty and apprehension in the market have driven investors back to banks. According to data released by the RBI, deposits in banks surged to ₹2.35 lakh crore in the second fortnight of October.

Before the Sensex hit a record high, total bank deposits in the second fortnight of August were around ₹215.50 lakh crore. In the first fortnight of September, there was a decline of ₹45,000 crore in total bank deposits. By the end of September, a phase of market decline began, during which bank deposits started to rise. In October, total deposits in banks reached ₹219 lakh crore. Thus, in the face of uncertain market risks, Indian banks are perceived as a safe haven by investors. Decency requires that the leaders of the Mahayuti work together in the same cooperative and concerted manner with which they had worked to win the large popular mandate. ### **MRP REGULATION NEEDED**

Madam - Manipulating the MRP (Maximum Retail Price) of medicines is significant issue in India. Pharmaceutical companies often set MRPs much higher than the production cost, burdening patients financially. Retailers further exploit this by charging inflated prices. While the government's Drug Price Control Order (DPCO) regulates essential medicines, many drugs remain outside its scope, allowing companies to set arbitrary prices. Initiatives ike Jan Aushadhi Kendras, which provide affordable generic medicines, are commendable but need wider promotion. Transparency, awareness, and the promotion of generics are key to ensuring affordable healthcare for all.

## **SVABHAVNA: A PATH TO TRANSFORMATION**

Our innate nature is both, a defining force in our lives and a formidable adversary

### AJIT KUMAR BISHNOI

e are born with it. Nature ('svabhava') is what we have done in earlier lives and our deep desires, which are still unfulfilled. It is part of our fate and big events, both good and bad ('prarabdha'). Svabhava defines us. Character, personality, behaviour, moods, attitude, opinions, faith, preferences, how we decide, how we interact and what we care about, all have links with our natures. Spiritually speaking, three modes ('gunas') constitute this. They are present in every person in different percentages.

For example, a good man will have more of the goodness mode; not a good man will have more of the mode of darkness and the rest will fall in between. However, these modes always compete for supremacy. "Goodness become predominant by overpowering passion and darkness; darkness becomes predominant by overpowering even goodness and passion; and passion becomes predominant by overpowering goodness and darkness." (The Bhagavad-Geeta 14.10)This is what happens with good people.

Temporarily, their thinking and actions come under darkness, and they behave lustily, angrily, etc. Compare this with what happens with bad people, who naturally behave badly. Only when the mode of goodness gains ascendency they behave better. Unfortunately, a common man falls in between, and he has many faults in his svabhava. What does he normally do? He wishes to enjoy his senses as much as possible; likes to avoid duties; tries to act smart, even resorts to cheating; feels superior; laughs at others; and hates suffering, whenever

it comes, blames others for it. This is not so bad as to come under negative emotions like lust, anger, greed, hate, etc. Driven by them, one acts badly and becomes deserving of punishment. For example, when lust overpowers, one crosses limits ('maryada') and does what will taint for life. A greedy person thinks nothing beyond gaining more and wastes precious human life. Anger raises its ugly head when lust is denied. (18.66) And hate, when it is uncontrolled, dooms a person. (16.19)Therefore, one has to be very careful at all times. Svabhava, which controls our thinking and surely our actions can be our worst enemy. What can be done to safeguard ourselves? The very first thing is to introspect at all times. Are my deep desires faulty? Am I crossing social norms? Am I violating dharma? Am I avoiding duties? We will find that we are. Then, what is to be done? Can I control myself? Maybe, a little, but not fully. Am I stuck? Yes and no. Yes, because drastic change in nature is not possible, as svabhava is part of our destiny, just like big occurrences such as losing one's job will come and we cannot stop them from coming. No, as God is very merciful, He has left an opening in both cases. If one takes shelter from God sincerely, God helps one to come out of all one's troubles (18.58) As far as nature goes, God can help change it for the better if one is determined. This is tough and a slow process, but doable. What is the conclusion? We have a problem with our natures. Whether it is lust or anger or greed or hate or overinflated ego, we are well and truly stuck. Therefore, rush to God's shelter, i.e. get started to please Him now. Let God be convinced that you are determined; He will surely help. And when we do that, those around us will also begin to have some inspiration from us, rather than trying to correct one another, which is an impossibility

# COP29: A disappointing climate finance deal

analysis

COP29, held in Baku, Azerbaijan, left developing nations frustrated over unmet climate finance commitment making chances of climate reversal bleak

NFCCC's COP29 concluded in Baku, Azerbaijan on November 24, leaving the vulnerable countries disappointed in the deal made in climate finance. The deal was announced by the Presidency to mobilise \$300 million annually by 2035 as against the \$ 1.3 trillion tar-get put forth by developing nations, which was also supported by India. Developed countries have abandoned the global south, and have to muster their resources for mitigation and adaptation towards the challenges of the climatic crisis.

It is more than three decades that Scientists have been constantly reminding us of the transition of our energy dependency from coal, oil and gas to solar, wind and other renewables. Burning of fossil fuels ever since industrialisation began in 2019 has caused the cumulative emission of 2400 gigabits (Gt) of CO2 equivalent greenhouse gases (CO2, methane, oxides of nitrogen and fluorocarbons - measured as CO2 equivalent). It was also added that an additional 500 Gt would warm the planet by 1.50 C above the preindustrial level leading to frequent and destructive climate events like cyclones, cloudbursts, forest fires, floods, droughts and heat waves disrupting our lives and liveli-Despite such a warning, global annual emis-sion is nearly 40 Gt of CO2 equivalent. World Meteorological Organization (WMO) has found 2023 as the warmest year in recorded history and evident from the data till September 2024 is set to register a new temperature record. United Nations Framework Convention on Climate Change (UNFCCC) has brought all 200 countries together to review actions on their pledges in the annual conference of parties (COP). At COP29 held in Paris in 2015, countries made certain pledges to be fulfilled by 2030 about cutting dependency on fossil fuels, transitioning towards renewables and providing finance to vulnerable countries for adaptation and mitigation etc. G20 countries which contribute 80 per cent of the global emissions and also hold 85 per cent of global GDP have become rich at the cost of global warming. Except for India, none of the G20 countries is on course to fulfil NDC pledges by 2030. South Asian, African and island countries have been the most vulnerable and greatest suf-

ferers of extreme climate events and have been deprived of adequate funds for adaptation and mitigation. It was resolved at the COP held in 2009 in Copenhagen that developed nations would provide climate finance of \$100 billion to vulnerable countries annually with effect from 2020, but only \$400 million was provided till 2022. The annual \$100 billion fund committed by developed nations is set to continue till 2035 and only after that, it would be \$300 billion. Though the Paris climate deal set in 2015 called for an upward revision of the annual fund of \$100 billion in 2025, the Baku conference did not EXCEPT FOR respect it and revised it only with effect from 2035. Brazil 122, Indonesia 101 and India 89. The cumulative figure of China has recently gone passed the EU. At present annual emissions of China have been 14 Gt, the US 8 Gt, the EU 6 Gt and India under 3 Gt. China's cumulative emission is 213 Gt behind the US and as it closes the gap by 6 Gt every year, it would take 36 years at this rate to surpass the US's cumulative emission. Developed countries that con-tributed to 2400 Gt cumulative emission have announced measures and pledged to cut emissions, but their action is not visible on the ground and the emissions are rising every year. Also, there has been an expansion of oil and gas production in the EU, US, Qatar, Saudi Arabia, Iran, Russia etc. and many fold expansion of coal in China. Developed countries that want bigger economies like China, India, Indonesia, Brazil, and Saudi Arabia should also contribute to climate finance towards NCQG. China's scuttling this move is unjustified.

would be severely impacted. The delegates from developing nations voiced anger and lambasted wealthy nations for not doing enough. The rich countries responsible for warming the planet are now leaving vulnerable countries in the lurch to face the consequences. Starting from 2005, Carbon trading has been increasing exponentially, but a lot of fraudulent accounting and greenwashing have under-mined its credibility.

Rule 6 dealing with the carbon market needed some resolution and the same was pending for the last few COPs, although the funds are quite useful for climate mitigation works. COP29 cleared this long pending agreement allowing countries to trade carbon credits - certified reductions of carbon emissions at prices determined as a consequence of emission caps imposed by the countries. It has also been agreed that the operations of the carbon market would be supervised by the

UN body. Strict UN control is needed, as a project proponent in the developed nation can pay for an afforestation project to absorb 1000 tons of CO2 in a developing nation where trees fail to put in desired growth and are unable to sequester the entire quantity of carbon credited. Further, whether the countries claim credit generated across borders and also whether it can be counted in their NDC? Last year at Dubai COP 28 it was agreed to transition away from fossil fuel consumption, but none of the developed nations have demonstrated to cut the emissions. It is distressing that COP29 did not take up a review. The leading economies are consuming fossil fuels increasingly, without bothering about disastrous consequences. I recommend countries to slow down GDP growth, till renewable energy is fully developed.

## Maharashtra villages embrace green energy, move towards zero waste, zero bills

The State is setting a benchmark for climate resilience by integrating water security with renewable energy

The state's groundbreaking initiatives are transforming rural communities while addressing the dual challenges of water scarcity and energy

The Water Supply and Sanitation Department, along with the Ground Water Surveys and Development Agency (GSDA), has initiated a revolutionary automated solar-hybrid water pumping system across 69 communities. The state faces recurring droughts, intense heat waves, and water scarcity issues. The year 2020, tied with 2016, was recorded as the hottest year, highlighting the urgent need for cooling solutions in rural areas where air conditioning is often unaffordable.

The state's approach aligns with multiple national programs, including the Jal eevan Mission, Atal Bhujal Yojana, Catch the Rain Campaign, and the Majhi Vasundhara Campaign. This convergence of schemes has enabled comprehensive solutions that address both immediate needs and longterm sustainability goals. The

The Green Project, with an investment of approximately INR 420,000, achieves break-even within 3-4 years while providing lasting environmental benefits. The solar-hybrid water pumping systems have a payback period of 5-6 years, generating significant long-term savings for rural communities. # **Oppn parties in S Korea move to impeach President**

South Korea's opposition par-ties Wednesday submitted a motion to impeach President Yoon Suk Yeol over the shock ing and short-lived martial law that drew heavily armed troops to encircle parliament before lawmakers climbed walls to reenter the building and unanimously voted to lift his order. Impeaching Yoon would require the support of twothirds of parliament, and at least six justices of the nine-member Constitutional Court would have to endorse it to remove him from office.

The motion, submitted jointly by the main liberal opposition Democratic Party and five smaller opposition parties, could be put to a vote as early as Friday.

Yoon's senior policy advisers and Defense Minster Kim Yong Hyun offered to resign as the nation struggles to make sense of what appeared to be a poorly-thought-out stunt. The Democratic Party on Wednesday submitted a sepa-

rate motion to impeach Kim, who it alleged recommended the martial law declaration to Yoon

In his speech announcing the abrupt order Tuesday night, Yoon vowed to eliminate "antistate" forces and continued to criticise the Democratic Party's attempts to impeach key gov-ernment officials and senior prosecutors. But martial law lasted only about six hours, as the National Assembly voted to overrule Yoon before his Cabinet formally lifted it around 4:30 am. The Democratic Party, which holds a majority in the 300-seat parliament, said Wednesday that its lawmakers decided to call on Yoon to quit immediately or they would take steps to

"President Yoon Suk Yeol's martial law declaration was a clear violation of the constitution. It didn't abide by any requirements to declare it," a party statement said. "His martial law declaration was originally invalid and a grave violation of the constitution. It was a grave act of rebellion and provides perfect grounds for his impeachment. Impeaching him would require support from 200 of the National Assembly's 300 mem-

Yoon's martial law declaration, the first of its kind in more than 40 years, harkened to South Korea's past military-backed governments when authorities occasionally proclaimed martial law and other decrees that Han issued a public message pleading for patience and call-ing for Cabinet members to allowed them to station combat soldiers, tanks and armoured vehicles on streets or at public

ing assault rifles, tried to keep protesters away from the National Assembly as military helicopters flew overhead and landed nearby. One soldier pointed his assault rifle at a woman who was among protesters outside the building demanding that the martial law be lifted.

It wasn't clear how the 190 lawmakers were able to enter a parliamentary hall to vote down Yoon's martial law decree.

Opposition leader Lee Jae-myung and National Assembly Speaker Woo Won Shik were seen climbing over walls. As troops and police officers blocked some from entering, they didn't aggressively restrain or use force against others.

No major violence has been reported. The troops and police personnel were later seen leaving the grounds of the National Assembly after the parliamentary vote to lift the martial law. Woo said: "Even with our unfortunate memories of military coups, our citizens have surely observed the events of today and saw the maturity of our military.

Under South Korea's constitution, the president can declare martial law during "wartime, war-like situations or other comparable national emergency states" that require the use of military force to restrict the freedom of press, assembly and other rights to maintain order. Many observers question whether South Korea is currently in such a state. The constitution also states that the president must oblige when the National Assembly demands the lifting of martial law with a majority vote.

A presidential official said that Yoon decided to impose martial law as a way to resolve a political deadlock and did it in the middle of night to minimise its negative impacts on the economy. The official requested anonymity to discuss sensitive nature of the issue.

Some experts say Yoon clearly violated the constitution in how he imposed martial law. While martial law allows "special measures" to restrict individual freedoms and the authority of agencies and courts, the constitution does not permit the functions of parliament to be restricted.

But in following Yoon's decla-ration on Tuesday, South Korea's military proclaimed parliamentary activities were suspended and deployed troops to try to block lawmakers from entering the National Assembly. Park Chan-dae, the Democratic Party's floor leader, called for Yoon to be immediately investigated on charges of rebellion over the way he deployed troops to the parliament. While the president mostly enjoys immunity from prosecution while in office, the protection

does not extend to alleged rebellion or treason. In Washington, the White House said the US was "seriously concerned" by the events in Seoul. A spokesperson for the National Security Council said President Joe Biden's administration was not notified in advance of the martial law announcement and was in contact with the South Korean government.

In Seoul, the streets seemed busy like a normal day Wednesday.

Tourist Stephen Rowan, from Brisbane, Australia, who was touring Gyeongbokgung Palace, said he was not concerned at all.

"But I hear they are now calling for the current president's resignation, so ... apparently there's going to be a lot of demonstrations. ... I would have been concerned if martial law had stayed enforced."

Natalia Slavney, research analyst at the Stimson Centre's 38 North website that focuses on Korean affairs, said Yoon's imposition of martial law was "a serious backslide of democracy" that followed a "worrying trend of abuse" since he took office in 2022.

In Lebanon, a tenuous ceasefire between Israel and Hezbollah has held despite Israeli forces carrying out several new drone and artillery strikes on Tuesday, killing a shepherd in the country's south. Israeli Prime Minister Benjamin Netanyahu vowed keep striking "with an iron fist" against perceived Hezbollah violations of the ceasefire.

Hezbollah began launching rockets, drones and missiles into Israel last year in solidarity with Hamas militants who are fighting in the Gaza Strip. The war in Gaza began when Hamas-led militants stormed into southern Israel on October 7, 2023, killing some 1,200 people, mostly civilians, and taking around 250 people hostage

Israel's blistering retaliatory offensive has killed at least 44,500 Palestinians, more than half of them women and children, according to Gaza's Health Ministry, which does not say how many of the dead were combatants. Israel says it has killed over 17,000 militants,

The West Bank has seen a surge in settler violence since the start of the war, which was triggered by Hamas' Oct. 7, 2023 attack into Israel. Settlers have also raced to establish new farming outposts that rights groups say are among the biggest drivers of the violence.

The UN's humanitarian office said settler attacks on Palestinian farmers during the recent olive harvest season "at least tripled" in 2024 compared to the last three years. Toronto (AP): President-elect Donald Trump was joking when he suggested Canada become the 51st US state during a dinner with Prime Minister Justin Trudeau, a Canadian minister who attended their recent dinner said Tuesday.

Fox News' reported that Trump made the comment in response to Trudeau raising concerns that Trump's threatened tariffs on Canada would damage Canada's economy. Bangladesh interim govern-ment's Chief Adviser Muhammad Yunus has said the Sheikh Hasina regime "destroyed everything", as he pledged to hold general elections only after ushering in constitutional and judicial reforms, Bangladesh Sangbad Sangstha reported on Wednesday citing an interview he gave to a Japanese newspaper. The 84-year-old Nobel laureate, in an interview with Nikkei Asia, said, "We need comprehensive reforms in the economy, governance, bureaucracy and judiciary (before holding elections)." Yunus also reiterated that India should extradite Hasina once

a verdict is reached, we will formally request India to hand her over," Yunus said, adding that under an international law signed by both countries, "India would be obligated to comply.

Beijing/Kathmandu (PTI): Central Asia, Russia and Europe. Nepal and China on Wednesday signed the much-awaited Belt and Road Initiative (BRI) Cooperation Framework, an agreement which is expected to pave the way for the implementation of the BRI projects. The agreement was inked during Prime Minister K P Sharma Oli's official visit to China - his first official visit to that country after assuming office for the fourth time."Today, we signed the Framework for Belt & Roads Cooperation. As my official visit to China concludes, I am honoured to reflect on the bilateral talks with Premier Li Qiang, discussions with NPC Chairman Zhang Leji, and the highly fruitful meeting with President Xi Jinping," Prime Minister Oli posted on X. The Nepal-China economic cooperation will further strengthen under the Belt and Road Framework Cooperation, he added. The BRI framework agreement was inked by Foreign Secretary Amrit Bahadur Rai and Liu Sushe of the National Development and Reform Commission of China, according to the Prime Minister's secretariat. ## 'No consensus on inviting Ukraine to join NATO

### AP BUDAPEST

Hungary's foreign minister said a meeting of his coun-terparts from NATO member countries in Brussels on Wednesday had produced "no consensus" on the prospect of inviting Ukraine to join the transatlantic military alliance, a step Kyiv sees as an essential condition for bringing an end to Russia's war. Péter Szijjártó, a fervent critic of Ukraine with close ties to Russian President Vladimir Putin's government, criticised some Western countries that have increased military support to Kyiv following Donald Trump's election to

such moves risked escalating the conflict. He warned that bringing Ukraine into NATO's ranks "would be tantamount to initiating World War III." "We believe that Ukraine would

not be able to add to European security in its present situation, but rather, as a country at war, inviting Ukraine into NATO we would risk ... the threat of war, namely, the threat of a NATO-Russian war," Szijjártó told a news conference.

The meeting of NATO foreign ministers came as Russia makes advances on the battlefield in Ukraine while Kyiy's Western supporters seek to improve its position before Trump takes the White House, claiming office in January

Trump has criticized the billions the Biden administration has spent in supporting Ukraine and has said he could end the war in 24 hours, comments that appear to suggest he would press Ukraine to surrender territory that Russia now

But NATO Secretary-General Mark Rutte on Tuesday sidestepped questions about Ukraine's possible membership in the alliance, saying that the priority now must be to strengthen the country's hand in any future peace talks with

President Ukrainian Volodymyr Zelenskyy has recently suggested that extending alliance membership to territory now under Kyiv's control could end "the hot stage" of the almost three-year war. But Szijjártó on Wednesday voiced skepticism over increased Western support being able to influence the conflict in

Ukraine's favour. "In spite of the arms shipments pouring there, Ukraine's situation on the battlefield gets

### PTI NEW DELHI

At least 20 per cent of cybercrimes in India involve attackers using dark web, according to a report by cyber security firm Lisianthus.

The dark web is a platform on the internet that can be accessed using special tools. It is usually very difficult to trace the identity and location of a dark web user.

"At least 20 per cent of cybercrimes in India involve the usage of the dark web by online attackers," the study conducted by Lisianthus Tech said. The attackers used the dark web for cybercrimes like data breaches, hacking, phishing, ransomware, identity theft, sale and

purchase of banned products like narcotics and weapons. The study is based on a detailed analysis of several cases of cybercrime reported across the country, said

Khushhal Kaushik, founder and CEO of Lisianthus Tech. The study was conducted on a sampling basis over a period two months which of concluded last week, he said.

"Study was completed using several samples of crime data taken from state police, National Crime Records seeking access to their phone Bureau and other relevant portals reporting cyber crime book and other applications.

Shares of Reliance Power jumped 5 per cent on Wednesday after Solar Energy Corporation of India (SECI) said it has withdrawn the debarment notice issued to the company enabling the Anil Ambani-led firm to participate in future tenders

of the public sector entity. The stock climbed 4.98 per cent to Rs 41.07 - its upper circuit limit - on the BSE. At the NSE, it surged 4.98 per cent to hit the highest trading permissible limit for

the day. SECI, which serves as the implementing agency for renewable energy projects, had on November 6 debarred Reliance Power Ltd and Reliance NU BESS Ltd from participating in any of its tenders for three years for allegedly submitting "fake documents".

On November 13, SECI had also slapped a show cause notice on Anil Ambani-run Reliance Power, asking why criminal proceedings should not be initiated after a fake bank guarantee was submitted by its unit.

In the latest statement on Tuesday, SECI said the withdrawal of its debarment notice is without prejudice to its right to take all actions in accordance with the law.

Following the legal proceedings related to this matter, the debarment notice issued to Reliance Power Ltd has been withdrawn with immediate effect, SECI said. Meanwhile, Reliance Power in a stock exchange filing said with the withdrawal of SECI's debarment notice, "the company and its subsidiaries, except Reliance NU BESS Ltd (formerly known Maharashtra Energy Generation Limited), are eligible to participate in all tenders issued by SECI".

## Bangladesh beats West Indies by 101 runs in Jamaica

## AP KINGSTON

 $B^{\text{angladesh won a test in the}}_{\text{Caribbean for the first time}}$ in 15 years by beating the West Indies by 101 runs inside four days at Sabina Park.

Bangladesh set West Indies 287 to win in five and a bit sessions and the West Indies managed to bat less than two sessions, all out for 185.

The Bangladeshis had lost their last seven tests in the Caribbean including the first one of this series in Antigua last week They have tied the short series. "This was enjovable," Bangladesh stand-in captain idy Hasan Miraz said Ŵŀ were not thinking negatively. The boys bowled especially well. Nahid (Rana) in the first innings, Taskin (Ahmed) and Hasan Mahmud. Secondinnings specialist Taijul (Islam) got five wickets. He was excellent. He has been very good for the last 10 years, more than 200 wickets for us? On a pitch offering some grip and the odd low bounce, spin came into play and left-armer Taijul took advantage with 5-50, his best overseas figures in 21/2years and his best figures in the West Indies since his test debut on the same ground in 2014. As West Indies wickets began to tumble — the last six for 42 runs Jaker Ali's innings for Bangladesh grew in importance. Jaker made a career-best 91 and was last man out in the visitors' second innings just before lunch. That gave West Indies a target of 287, which was gettable, but on a ground where the highest successful run chase was 212 That record remains. "The batting group needs consistency," West Indies captain Kraigg Brathwaite said "Consistency in hard work as well. I believe we have the talent. Hodge offers hopeBrathwaite led a positive start to the chase but couldn't sustain a partner-Mikyle Louis fell to Taijul on the stroke of lunch, and Keacy Carty nicked Taskin behind. Brathwaite, with just one halfcentury in 18 months, reached 43 off 63 balls when he was out defending against Taijul. The ball grazed his glove and Mahmudul Hasan Joy made a diving close-in catch. Taijul then bowled Alick Athanaze through the gate and West Indies hopes were resting on Kavem Hodge. Hodge reached tea on 49 and West Indies was still in the chase at 133-4, needing 154 more. Hodge, who debuted in January, achieved the West Indies' first half-century of the test, 50 off 64 balls, but just when the chase was half done he was out.
