he Centre's call for 'One Nation One, Election' inched closer to realise its dreams of simultaneous polls by paving the way to table the proposal in the Parliament next week after the Union Cabinet on Thursday approved two bills, including one to amend the Constitution to implement 'One Nation, One Election'. Sources said the Cabinet chaired by Prime Minister Narendra Modi gave nod to draft legislations to hold simultaneous polls to the Lok Sabha and Legislative Assemblies only.

While a high-level committee led by former president Ram Nath Kovind had also holding proposed the municipality and panchayat polls along with the national and state elections in a phased manner, the Cabinet decided not to touch the subject currently.

Constitution The Amendment Bill to hold simultaneous polls to the Lok Sabha and State Assemblies will not require ratification by at least 50 per cent of the states, the sources noted. Another Constitution Bill proposed by the Kovind panel was aimed at creating provisions to hold simultaneous elections to municipalities and panchayats, along with the elections to the Lok Sabha and State Legislative Assemblies, by inserting a new Article 324A. It would have required ratification by

Government in March, just before the general election was announced, the panel recommended implementing 'One Nation, One Election' in two phases.

While the ruling Bharatiya Janata Party (BJP) and its allies are pushing for simultaneous polls, several opposition parties have opposed the idea. The Government is of the view that simultaneous polls will reduce expenditure in the long run and different parts of the country will not be under the Model Code of Conduct throughout the year due to various polls.

Simultaneous polls were held in the country between 1951 and 1967. The concept of simultaneous elections has featured in many reports and studies since 1983, essentially

With the Assembly polls drawing closer, after giving five 'revdis' (freebies) including free DTC bus rides to women, Aam Aadmi Party (AAP) national convener Arvind Kejriwal on Thursday announced his sixth freebie, of giving monthly assistance of Rs 1,000 to women in Delhi each month, under the Mantri Mahila Yojna. He also 'Mukhya Samman' promised the amount would be raised to Rs 2,100 if the AAP government returned to power. The scheme was approved by the Delhi Cabinet despite objections by the Planning Department and Finance Department.

The scheme needs Rs 4,560 Crore annually for the year 2025-26. The scheme was initially announced in the 2024-25 Budget with an allocation of Rs 2,000 Crore. The scheme, however, seemed to have hit the bureaucratic

The special Bench was hearing about six petitions, including the lead one filed by lawyer Ashwini Upadhyay and BJP leader Subramanian Swamy, challenging various provisions of the Places of Worship (Special Provisions) Act, 1991. The 1991 law prohibits conversion of any place of worship and provides for the maintenance of the religious character of any

said. Senior advocate J Sai Deepak, appearing for a Hindu party, opposed the order restraining all other courts and said the parties should have been heard before such a direction. The CJI said it was quite natural to ask courts to not to pass any order as the Supreme Court was hearing the larger issue. The Bench said if parties insisted then, the matter could be sent to a High Court. "Can the trial courts overreach the Supreme Court," asked the Bench and said the apex court was already dealing with the validity of the law. Notably, the Bench had issued notice to parties, including the Centre, on the lead petition in September, 2022. The Bench

also appointed nodal counsel for assisting it in the hearing on the pleas which would be listed after eight weeks.

Though Lok Sabha after morning two adjournments resumed post lunch and continued till late evening smoothly discussing a Bill on Disaster Management Amendment Bill, Rajya Sabha witnessed yet another 12th day of ruckus, and this time members of the Treasury Benches were more aggressive than the Opposition who until last week were on their feet.

As Dhankar rejected notices by the Opposition when the House started in the morning amidst sloganeering by the Congress, Leader of House Union minister JP Nadda rose to speak and strongly condemned Congress president, and Leader of Opposition Mallikarjun Kharge for criticising the Chairman' at a Press conference outside the House on Wednesday.

Citing a rule, Nadda said questioning or criticising a ruling of the Chairman' amounts to contempt of both the House and the Chair. "At a press conference on Wednesday, Khargeji criticised the Chairman. This is objectionable and condemnable. It sets a wrong precedent.

Union Minister Giriraj Singh staged a protest over Congress leader Sonia Gandhi's alleged links with an organisation funded by the George Soros Foundation.

This needs to be condemned by one and all," Nadda said.

Refuting Kharge's allegation made at the press conference that he was not given an opportunity to speak in the House, he said letters were written by the Chairman to the Leader of Opposition (LoP) time and again, asking him to participate and come to the Chairman's chamber. But Kharge did not go to the Chairman"s chamber and also did not attend the last meeting of the Business Advisory Committee, he said.

"The Congress has even tried to demean the constitutional post by criticising 'the Chair as a cheerleader' on its official social media handle", Nadda pointed out. Nadda then gave ammunition to the Congress as soon as he touched upon the relationship between George Soros and (Congress leader) Sonia Gandhi who were present in the House triggering a

protest by the Opposition leaders.

The Chairman gave the floor to Kharge to respond to Nadda's remarks but the Congress leader could not speak much as the members of the treasury benches were on their feet, sloganeering. "They want to divert attention from the main issue," Kharge said amid intense sloganeering from the treasury benches. Kharge urged the Chair to bring the House in order, but Dhankhar adjourned the proceedings till 2 pm. As the House reassembled at 2 pm, the Trinamool Congress (TMC) sought permission to raise a point of order on the Bangladesh issue to which the Chair said it was not a point of order prompting the party members to raise slogans. Dhankhar then asked former prime minister HD Deve Gowda to speak, however his

speech was lost in the din.

Presenting a surplus budget of Rs Rs 463.40 Crore projected in 2025-26, the NDMC chairman Keshav Chandra announced that there will not be any hike in the current rates of property tax for the year 2025-26. The council is expecting to collect Property Tax of Rs. 1150 Crore in Revised Estimates 2024-25 and Rs. 1290 Crore in BE 2025-26. According to the budget document, the total receipts of the Budget Estimates (BE) 2025-26 are Rs. 5770.60 Crore against Rs. 5319.75 Crore provided in Revised Estimate 2024-25. The total actual receipts in 2023-24 were Rs. 5005.05 Crore. The BE 2025-26 for the revenue receipts are Rs. 5100.32 Crore against Rs. 4730.31 Crore provided in RE 2024-25 and actual of Rs. 4417.12 Crore in 2023-24.

Centre needs 2,000 more IAS, IPS! Grandmaster D Gukesh is youngest-ever world champion

PTI SINGAPORE

Indian Grandmaster D Gukesh on Thursday became the youngest World Chess Champion at 18 years, after beating title-holder Ding Liren in the last game of a nerve-wracking showdown to herald a new era of dominance for the country's chess players. Taking forward the incredible legacy of the great Viswanathan Anand, Gukesh became only the second Indian to clinch the coveted prize after the iconic player, who owned the crown five times in his career. After settling into "semi-retirement", the 55-year-old Anand, incidentally, played a pivotal role in shaping Gukesh at his chess academy in Chennai. Gukesh secured the requisite 7.5 points as against 6.5 of his Chinese rival after winning the 14th and last classical time control game of the match that seemed headed for a draw for most part. As winner, he will walk away with a whopping USD 1.3 million (approx Rs 11.03 Crore) from the

2.5 million prize purse."I was dreaming this moment for the last 10 years. I am happy that I realised the dream (and made it) into reality," the soft-spoken Chennai-lad told reporters after the historic triumph here. "I got a bit emotional because I was not expecting to win. But then I got a chance to press on," he added. The triumph was expectedly hailed across India with Prime Minister Narendra Modi hailing it as "historic and exemplary". "This is the result of his unparalleled talent, hard work and unwavering determination," PM Modi posted on X.

The reticent teenager grinned widely and raised his arms in celebration after the victory, a stark contrast from the poker face he usually sports while playing. Even on Thursday, when the analysts had proclaimed that the match, in all likelihood, would go into a tie-breaker, Gukesh's face hardly gave anything away as he gained the upper-hand.

The Centre, on Thursday, informed the Parliament about a shortage of Government officers at the top level, mentioning that there are 1,316 and 586 vacant posts of Indian Administrative Service (IAS) and Indian Police Service (IPS). Union Minister Jitendra Singh said that, out of the total sanctioned strength of 6,858 IAS, there were 5,542 officers in-position, as on January 1, 2024, in a written reply to the Rajya Sabha. There were 4,469 IPS officers working against their sanctioned strength of 5,055, Singh, the Minister of State for Personnel told the RS. Of the 1,316 vacant posts of Scheduled Castes (SCs),

IAS, 794 were meant for direct recruitment, and 522 were promotion posts, he said. Of the 586 vacant IPS posts, 209 were of direct recruitment,

and 377 were promotion posts, the Minister said. There are 2,151 Indian Forest Service (IFS) officers inagainst their position, sanctioned strength of 3,193, Singh said. Of the 1,042 vacant IFS posts, 503 were for direct recruitment and 539 promotion posts, he added. The IAS, IPS and IFS officers are selected through the Civil Services examination conducted by the Union Public Service Commission (UPSC) annually. The minister, also shared details of appointments made to IAS, IPS and IFS from General,

Scheduled Tribes (STs) and Other Backward Classes (OBCs) during the last five vears.

During the 2022 civil services examination (CSE) year, 75 General, 45 OBC, 29 SC and 13 ST appointments were made in the IAS. Similarly, 83 General, 53 OBC, 31 SC and 13 ST were appointed in the IPS during the same period. A total of 43 General, 51 OBC, 22 SC and 11 ST appointments were made in the IFS during CSE 2024, according to the data shared by the minister. The Government also stated that Central ministries and departments are directed from time-to-time to fill up vacancies in a time-bound manner.

Allege Harassment of Candidates

MONIKA MALIK **CHANDIGARH**

A mid high tension on the final day of filing nominations for the Punjab Municipal Elections, political tempers flared across the state, particularly in Patiala. Leaders from the Bharatiya Janata Party (BJP), Congress, and Shiromani Akali Dal (SAD) accused the ruling Aam Aadmi Party (AAP) of using state machinery to harass and intimidate their candidates.

The BJP claimed that its candidates faced targeted harassment, with several allegedly detained or assaulted while attempting to file nominations. Party spokesperson Pritpal Singh Baliawal, sharing videos and pictures to substantiate his claims all through the day, said: "Nomination papers of candidates Varun Ĵindal (Ward 46) and Sushil Nayyar (Ward 34) were torn outside the Deputy Commissioner's office in Patiala. Another candidate, Nikhil Kumar Kaka, was detained by the police before reaching the nomination venue?

Adding to the drama, Congress leaders, including Punjab Youth Congress chief Mohit Mohindra, alleged that their candidates were threatened and confined. "Our candidates were rounded up before reaching the nomination venue

BJP govt must talk to farmers to end Dallewal's fast: **Bhupinder Hooda PNS N CHANDIGARH**

Former Haryana Chief Minister Bhupinder Singh Hooda on Thursday said the BJP government must give up its rigid attitude and talk to the protesting farmers, as the condition of their leader Jagjit Singh Dallewal, who is on a fast-unto-death, is continuously deteriorating. Meanwhile, AAP dismissed the allegations as baseless. "Opposition parties are resorting to theatrics because they sense defeat in the upcoming elections," said an AAP spokesperson.

The leaders from both the Congress and BJP have earlier also raised concerns over alleged delays in issuing No Objection Certificates (NOCs). They also claimed that officials are often unavailable at their offices, causing further frustration. In response, the Election Commission has clarified that NOCs may be treat-

Mehak explained that her unconventional move was intended to highlight the party's arbitrary decision-making process. "Leadership in my ward should be based on commitment and dedication. Sadly, the Congress seems to have overlooked these values," she added.

Although animals cannot legally file nominations, Mehak's symbolic gesture has gained traction, with her launching a social media campaign for Jimmy to draw attention to her plight. Her unusual protest has not only raised evebrows but also ignited a debate on the criteria for

Chaos Erupts as BJP, Cong, SAD Leaders | BJP struggled with candidate selection; Banking on Hindu-urban support

MONIKA MALIK **E** Chandigarh

he Bharatiya Janata Party (BJP) in Punjab faced an unusual conundrum ahead of the civic elections — finding suitable candidates to contest the polls. Once a party where ticket requests poured in by the dozen, the saffron party this time struggled to attract even its seasoned members. The absence of prominent leaders from the candidate list has sent shockwaves through political circles, raising serious questions about the party's internal dynamics.

Discontent brewed within the BJP as party loyalists criticized a lack of strategy, discipline, and effective leadership. The focus on accommodating turncoats, particularly from the Congress, has left dedicated workers feeling alienated. This disarray comes amid the party's repeated electoral failures in Punjab - be it assembly, Lok Sabha, or bypolls. As the BJP attempted to present a united front for the upcoming municipal elections, cracks within its foundation became more evident than ever.

There was a time when securing a BJP ticket in Punjab required influence and connections, with aspirants lobbying from grassroots leaders to top brass. Today, the scenario has flipped entirely. The party's initial candidate list for Jalandhar's municipal polls has sparked disbelief. Many of the chosen faces are political novices, some unaware of the names of district-level leaders, signaling a troubling shift in BJP's approach.

Even for Patiala urban body polls, the names of prominent leaders like Anil Bajaj, Balwant Rai, and Chaudhari Jagdish were notably missing from the list.

This was not the result of a calculated strategy, rather it was a forced move. Reliable sources revealed that several senior leaders have withdrawn from the electoral race, disillusioned by the party's declining reputation in Punjab. For them, the lack of a cohesive plan and the absence of clear leadership made contesting elections seem futile.

The BJP's organizational framework in

blamed the situation on influential leaders who failed to maintain the party's discipline. A culture of favouritism, where Congress defectors were welcomed and given tickets over loval BJP members, has alienated the grassroots cadre. Many former BJP stalwarts who defected to other parties and later returned were rewarded generously, only to abandon the party again. This pattern has disheartened loyalists, leading to a sharp decline in party morale.

Moreover, the party has failed to define its state-level leadership clearly. With no clarity of its state unit president Sunil Jakhar's "resignation" and no visible frontrunner to lead the charge, workers feel directionless. This lack of clarity rendered the saffron brigade incapable of mounting an effective challenge to its rivals in Punjab's political landscape.

BJP's struggles in Punjab's civic polls are emblematic of a deeper malaise within the state unit. By sidelining loyal workers and relying on turncoats, the party has alienated its core supporters. The absence of experienced leaders from the polls reflected their waning faith in the organization's ability to recover.

For a party that once prided itself on discipline and strategic acumen, the current state of affairs in Punjab signaled the need for urgent introspection.

The BJP, for the first time since severing its decades-long alliance with the Shiromani Akali Dal (SAD), is set to contest Punjab's civic body elections independently. The party is optimistic, bolstered by its improved vote share in the parliamentary polls held earlier this year, surpassing that of the SAD. It also banks on its appeal in urban areas with a strong Hindu voter base, where it expects to perform well. Despite not winning even a single seat in Lok Sabha elections, BJP got an 18.5 percent vote share — double what it got in 2019 when the party was in alliance with the SAD

"Even though Punjab Congress president Amrinder Singh Raja Warring secured a win in the Ludhiana Lok Sabha seat, BJP's Ravneet Singh Bittu demon-Punjab has been steadily eroding. Insiders strated significant strength by leading in

five key urban assembly segments -North, West, East, South, and Central. This reflects the party's growing influence in urban constituencies, signaling a potential advantage in the upcoming municipal elections," said a senior BJP leader in Ludhiana.

The BJP, emboldened by its strong performance in Patiala's urban wards during the recent Lok Sabha elections, is contesting the polls with renewed vigor. In Patiala alone, the BJP claims to have led in 49 out of 60 wards during the parliamentary polls.

BJP Seeks Governor's Intervention for Fair Civic Polls; Alleges AAP Misusing

State Machinery Amid the ongoing civic election process in Punjab, the BJP has written a detailed letter to the Governor, alleging grave misconduct by the ruling AAP. The BJP has accused AAP of leveraging state machinery to intimidate opposition candidates and manipulate the electoral process. Among the allegations is a troubling incident in Patiala, where a candidate was allegedly unlawfully detained by the police immediately after filing his nomination papers.

BJP, in its letter, urged the Governor to ensure free and fair municipal elections, highlighting the misuse of power by the AAP-led Government. "We draw your attention to the pressing need for impartiality in the upcoming municipal elections in Punjab. It has come to light that the Punjab government, under political bias, is deploying state machinery for electoral gains. Such actions undermine democratic processes and erode public trust in the fairness of elections," read the letter.

The saffron party also raised concerns about widespread malpractice, claiming that opposition candidates are being sys-tematically targeted. According to BJP leaders, nomination papers are being torn in front of police officials, and candidates are being blocked from filing their papers at Returning Officers' (RO) offices. Similar incidents, they said, were witnessed during recent panchayat elections, which were marred by violence.

Farmer leader Dallewal on hunger strike for 17 days, writes heartfelt letter to PM his liver is under stress due to lowed a series of protests that

PNS CHANDIGARH

 $F^{armer \ leader \ Jagjit \ Singh}_{Dallewal, \ who \ has \ been \ on}$ a hunger strike for the past 17 days, on Thursday sent a heartfelt and alarming letter to Prime Minister Narendra Modi on the 305th day of the ongoing 'Delhi Chalo Andolan 2.0'. The letter, Dallewal referred to as his "first and last communication" to the Prime Minister, demanded the fulfillment of promises he made regarding the legal guarantee Minimum Support Price (MSP) and other critical farmer-related issues.

Dallewal's message was direct and forceful, warning that in case of his death, the responsibility will lie with the Prime Minister Modi. The desperate tone reflected the gravity of his situation as his health continues to deteriorate under the effects of his prolonged fast.

The senior farmer leader's health has become a significant concern, with reports from his medical team indicating severe physical deterioration. Doctors monitoring his condition, including specialists from the US, have warned that his kidney could fail at any time, and

the extended period without food. The medical bulletin also reported a loss of over 12 kilograms in weight, and the risk of heart attack is looming. Despite these grave warnings, Dallewal remained steadfast in his resolve, emphasizing the dire need for the government to honour its promises to the farmers. In his letter, Dallewal, who

leads the Samyukt Kisan Morcha (non-political), reflected on the broken promises from the BJP-led Central a legal guarantee for MSP and the implementation of the Governments. He recalled how, in 2011, Narendra Modi, while Swaminathan Commission's serving as Gujarat Chief Minister, advocated for the formula for crop pricing, are non-negotiable. Haryana Chief Minister Nayab Singh Saini on Thursday said that ensuring hassle-free delivery of public services is the utmost priority of the state Government and for this, the officers concerned of all departments must visit the field to ensure that the services are provided to the public without any delay. "No laxity will be tolerated and strict action will be taken against any officer if complaints are received from the citizens," Saini warned.

Presiding over the District Public Relations and Grievances Committee meeting in Gurugram, Saini issued strict directions to the officers concerned to ensure cleanliness in the district. Special attention should be given to cleanliness in the city to make Gurugram clean and beautiful, he added. The Chief Minister said

that during the next month's meeting, he would personally see the steps taken by the officers concerned to ensure cleanliness in Gurugram. Ensure that the general public should not face any problem due to unclean surroundings, said Saini.

During the meeting, a total of 23 grievances were tabled before the Chief Minister, of which 19 were resolved on the spot. He directed the officers to submit the status report of the remaining complaints tabled in the meeting.

Saini, while taking cognizance of the issue related to the treated water quality from all Sewage Treatment Plants (STPs), directed that the quality of treated water be regularly checked for a clean environment. He further directed that officers ensure that after lab tests, the water should only be provided to farmers for agricultural work.

On the occasion, taking strict cognizance of a complaint regarding illegal encroachment on government land in village Sarai Alawardi, the Chief Minister directed the municipal corporation officers to immediately remove all illegal encroachments from the land. A community hall should be constructed on this land to provide better facilities for public events, he directed.

While hearing complaints egarding sewerage issues from different areas, Saini directed the officers concerned to ensure sewerage systems are

strengthened according to the growing population's demands to ensure proper water drainage. Revised plans should be prepared when laying new sewer lines in any area, and consultations should be held with the respective RWAs and local residents, directed Saini.

'Govt to provide Rs 20 lakh Medical Insurance cover for every Athlete' In another event while

attending the closing ceremony of the Haryana Kushti Dangal in Kurukshetra, Saini said that State's athletes have brought laurels on the global sports stage.

To ensure welfare of the players of the state, he said that the government has resolved to provide a medical insurance cover of Rs. 20 lakh to every athlete. Besides this, annual incentives of Rs. 50 lakh, Rs. 30 lakh, and Rs. 20 lakh will also be awarded to the top three

Akharas at the state level, and Rs. 15 lakh, Rs. 10 lakh, and Rs. 5 lakh will be awarded to the top three Akharas at the district level.

Earlier, the Chief Minister felicitated the winners of the Dangal and extended best wishes. He said that over 500 wrestlers participated at district and regional levels in the twoday event, with 16 of the 32 finalists being female wrestlers, marking a proud moment for the state.

Saini shared that the government has ensured employ-ment for outstanding athletes through the Haryana Outstanding Sports Persons Service Rules 2021. Under this, 550 new posts have been created in the sports depart-ment, and 224 athletes have been provided government jobs. Provision of reservation for direct recruitment of athletes in Group-A to Group-D posts have also been made, he said.

Empowering young innovators

Prime Minister Modi highlights the role of young minds in tackling real-world challenges with creativity and technology

he best way to predict the future is to invent it, said Alan Kay. And indeed how true it is for a nation. A nation that invents and finds solution to its problems marches on the path to progress. Echoing the same sentiment, Prime Minister Narendra Modi highlighted the pivotal role of innovation in nation-building during his interaction at the Smart India Hackathon (SIH) 2024, emphasising how young minds are shaping the future through creativity and technological ingenuity. The event, which included participation from over 1,300 student teams across India, showcased groundbreaking ideas aimed at solving real-world challenges. The SIH is a testament to the transformative power of education and innovation in building a self-reliant India. The event not only bridges the gap between academia and industry but also fosters a culture of collaboration and problem-solving. At the National Institute of Technology (NIT) Srinagar, which hosted the grand

finale of the software edition for the first time, 25 exceptional teams from 21 states convened to pre-

sent their innovative solutions. The hackathon addressed 250 problem statements submitted by 54 ministries, departments, state governments, public sector units (PSUs), and industries, covering sectors like healthcare, sustainability, education, disaster management and agriculture. With a 240 per cent increase in participation compared to the previous year, SIH 2024 is the largest edition to date, involving over 86,000 teams at the institute level and 49,000 at the national level. Among the standout participants was the 'Big

Brains Team' from NIT Srinagar, led by Syeeda Aiemen D Saleem. The team worked on an Al-powered Virtual Reality Friend, a tool designed to assist children with autism spectrum disorder and intellectual disabilities. The project, developed under the Ministry of Social Justice and Empowerment, aims to help children enhance social and interactive skills in a simulated environment. PM Modi lauded the team's empathetic approach, emphasising the global relevance of such solutions and their potential to transform lives. PM Modi's interaction with the participants highlighted his vision of leveraging local innovation to address global challenges. He stressed that solutions tailored for India's unique needs could resonate globally, contributing to the world's progress. "Every child has the right to grow and prosper, and innovative solutions like these ensure no one is left behind," he remarked. By providing a platform for young minds to explore, collaborate and innovate, the Smart India Hackathon is shaping the next generation of problem-solvers and leaders. As India aims to establish itself as a global innovation hub, initiatives like SIH play a crucial role in realising this vision, reaffirming the transformative power of education and technology in nation-building.

AI's boost to the spirit of service

RAJDEEP PATHAK

From streamlining efforts to enhancing inclusivity, AI is reshaping how volunteers connect, contribute and make an impact

olunteering has long been a vital pillar of community development, social change, and global solidarity, offering individuals a meaningful way to contribute to society while fostering personal growth. In today's interconnected and fastpaced world, the concept of volunteering is undergoing a dynamic transformation, largely driven by advances in technology. The International Volunteer Day (IVD), celebrated globally on December 5, 2024, under the theme "Economic and Social Development," highlighted the pivotal role of volunteers in shaping a better world. Sub-themes emphasised their contributions to alleviating crises and supporting underprivileged populations affected by natural disasters, man-made crises, or socio-economic challenges. Volunteers have consistently been on the frontlines of crisis management, stepping in where governments and organisations often encounter limitations. Whether during pandemics, natural disasters, or humanitarian emergencies, their role remains indispensable, particularly for vulnerable populations. The advent of advanced technologies, particularly Artificial Intelligence (AI), is significantly reshaping the land scape of volunteerism.

AI enhances the efficiency, inclusivity, and accessibility of volunteering initiatives, ensuring they have a far-reaching impact. By leveraging AI-driven tools, organisations are creating platforms that align volunteer skills with opportunities, reduce mismatches, and optimise efforts. This transformation not only improves the volunteer experience but also amplifies the positive outcomes for communities in need.

AI-powered platforms such as 'HelpFinder" are revolutionising how volunteers are matched with organisations. By analysing data on individual skills, interests, and locations, these platforms ensure that volunteers are placed where they can make the most meaningful contributions. This recision reduces mismatches,

boosts retention rates, and fosters

a sense of accomplishment

among volunteers. During crises,

AI-powered systems can quick-

ly analyse data to identify affected areas and volunteer availability, enabling swift deployment to critical zones. For example, during the COVID-19 pandemic, AI-driplatforms like ven "OneRescue" coordinated volunteer initiatives for contact tracing, mental health support, and supply distribution, proving invaluable in mitigating the crisis.

Corporate social responsibility initiatives also benefit from AI. Tools like "Benevity" facilitate employee engagement by connecting them with volunteer opportunities that align with organisational goals. These solutions ensure streamlined coordination, impactful volunteering, and sustained enthusiasm among partici-pants. AI-powered chatbots further enhance volunteer experiences by providing instant support, answering queries and assisting with training.

In India, a nation of 1.45 billion people, the ethos of service is deeply ingrained in its culture. Family values, religious teachings, and community traditions emphasise the importance of helping others. Today, AI is augmenting these efforts. Chatbots are used to handle volunteer queries related to vaccination drives. maternal health, women's and children's safety, and more. In the UK, AI-driven systems have optimised food bank logistics and facilitated grocery deliveries to vulnerable indi-

Innovative applications like "Be My Eyes" enable volunteers to assist visually impaired individuals remotely, while platforms like "GoodSAM" connect trained volunteers with emergency services in real time. For example, volunteers alerted through GoodSAM can provide critical assistance such as CPR or use an Automated External Defibrillator (AED) before professional help arrives. Virtual volunteering has further expanded opportunities for professionals to contribute their expertise remotely. Platforms like "Catchafire" and the UN's Online Volunteering Service facilitate mentoring, legal advice, language translation, and more, breaking geographical barriers and making volunteering more inclusive. Digital tools have eliminated traditional obstacles to volunteering, such as physical distance, time constraints,

and accessibility issues. People with disabilities, caregivers, or those in remote locations can now volunteer from their homes. This inclusivity aligns with the 2024 IVD theme, fostering collaboration among diverse communities toward the shared goal of eco-REDUCE nomic and social develop ment. By harnessing the right technology and resources, volunteers can work together to

canes, earthquakes, and floods, volunteers equipped with drones and AI tools can map affected areas and deliver supplies more efficiently. Apps like "Zello" enable seamless communication during emergencies, transforming smart-

phones into walkie-talkies for coordination. In efforts to combat poverty and hunger, volunteers support food banks, organise community kitchens, and deliver resources. Digital tools like "ShareTheMeal," a United Nations World Food Programme crowdfunding app, empower individuals to donate meals with a simple tap, making a significant impact on

global hunger. Education is another critical sector where volunteering, supported by technology, has made remarkable strides. Online platforms have democratised access to education, reaching remote and underserved communities. Initiatives like "Code.org" empower volunteers to teach coding skills, equipping students with the tools needed for a technologydriven future. Gender-focused volunteer programmes address inequality by providing legal aid, counseling and advocacy for women's rights, further demonstrating the transformative power of volunteering. The transformative role of interactive learning in education

AARUL **Malaviya**

This modern approach is not just a shift in teaching strategies but a leap toward preparing students for the dynamic demands of the future workforce

he landscape of education has evolved significantly, with technological advancements and the integration of AI, making interactive learning a favoured approach. Because interactive learning fosters engagement, critical thinking and long-term memory, it makes it possible for knowledge to be assimilated more thoroughly.

This is unquestionably an improvement over the conventional approaches, which mostly emphasise rote memory and depend largely on textbook-based techniques. The abilities needed in today's dynamic environment are better suited for interactive learning. Passively absorbing knowledge using conventional teaching approaches results in surface learning, which is ultimately counterproductive. According to National Laboratories Training research, passive learning techniques like reading and lectures only have recall rates of 5-10 per cent. The Advent of Interactive

Learning: A more hands-on approach is provided by interactive learning, which combines technology, teamwork, apply STEM principles

and real-world problem-solving. This increases engagement and extends retention. Digital tools, project-based learning, and group discussions are all included in this approach's scope. Students in interactive classrooms outperformed those in traditional lectures by 6 per cent on examinations, according to Harvard University research. Here are some ways that interactive learning approaches work better than conventional strategies:

1.Enhanced Retention: According to National Laboratories Training research, active learning strategies like practice-bydoing and group discussions had higher retention rates, ranging from 50 to 75 per-cent. Students may directly

through hands-on experiences. According to research from the American Society for Engineering Education, pupils who participated in interactive STEM activities learned much more than those who received standard instruction

2. Encouraging Critical Thinking: Interactive learning promotes creativity and critical thinking by allowing students to investigate other viewpoints and pose questions. According to a McKinsey & Company research, interactive learning environments foster critical thinking and reflection while increasing student engage-ment and fostering productive social interactions. Another immersive method of student engagement is gamification, which boosts students' incentive to tackle challenging issues and per-

mits in-depth learning. 3. Real-World Application: Project-based learning, which links education to real-world issues and increases the applicability of information in practical contexts, is a crucial element of interactive learning. In contrast to students who studied using tradition-

al techniques, students who participated in project-based programs demonstrated superior application of information to real-life circumstances, according to a 2022 research by Edutopia.

4. Future Ready: Through more engaging and relevant instruction, interactive learning equips students to overcome obstacles more effectively than traditional approaches ever could. To educate students for the uncertain and constantly changing times, education must emphasise abilities like problem-solving, teamwork, and flexibility in today's competitive labor market.

Interactive approaches also boost motivation and encourage teamwork, which aids students in honing their communication and teamwork abilities. The global EdTech market is expected to grow to \$404 billion by 2025, according to EdTechXGlobal. Students that use an interactive learning technique not only perform better academically but are also better prepared to handle problems in the real world.

MISMATCHES AND **OPTIMISE EFFORTS**

LETTERS TO THE EDITOR

INDIA'S SOFT POWER POLICY

Madam — The ongoing conflict in Gaza and Israel's military action against Hamas have drawn global attention. In this context, Israeli Ambassador to India, Reuven Azar, praised India's soft power policy, underlining its relevance in international diplomacy. He acknowledged that Israel, due to its heavy reliance on military strength, has lagged in areas like information management and public relations. India has strengthened its global position through diplomacy, cultural influence, and dialogue as key tools of soft power.

Initiatives like yoga, cultural exchanges, and multilateral diplomacy have not only earned India international goodwill but also enhanced its global image. Despite its firm stance against terrorism, India has effectively combined dialogue and public relations to make its policies inspirational for the global community. In contrast, Israel's excessive reliance on military power weakens it in ideological battles, further complicated by adversarial propaganda from Arab media. Military strength alone is insufficient; tools of soft power, such as dialogue, empathy, and media management, are essential for long-term success. India's example demonstrates that balancing soft and hard power not only safeguards national interests but also garners global acceptance. Israel should take inspiration from India's strategy to refine its policies and strengthen its information and public relations framework.

TACKLING ILLEGAL IMMIGRANTS

Madam-Apropos of the headlines 'Identify illegal Bangladeshi immigrants, orders LG' (December 11), it is welcome that prominent Ulemas and Muslim leaders have taken up the issue of illegal Bangladeshi immigrants with the government and thus depoliticised the issue in favour of the Muslim community, Delhi, and the entire country. There are countrywide agitations and leave no stone unturned to disrupt it, but

UNEP honours Madhav Gadgil

ndia's veteran ecologist and nature scientist Madhav Gadgil has been named as one of the six 'Champions of the Earth' by the United Nations Environment Programme (UNEP) for 2024. He is renowned for his seminal work in the ecologically fragile Western Ghats region of India, which is a unique global biodiversity hotspot. Gadgil made an extensive study on the Western Ghats region, chairing the Western

demonstrations against atrocities on Hindus in Bangladesh and Bangladeshi illegal immigrants. The issue of illegal immigrants, whether from Bangladesh, African countries, or any other country, being detrimental to the integrity of the country, law and order, and social fabric and homogeneity poses potential challenges of demographic change, crime control, drug menace, security, and anarchy.

However, this is a very formidable challenge for the government to work out the strategy and implement it in view of the opposition from the immigrants and their local political harborers. A question will certainly arise why only in Delhi and why not in the entire country. There may be a spate of court cases as well in view of the large-scale illegal issue of identity cards of Aadhar, PAN, or BPL. It is, therefore, imperative that a nationwide strategy should be evolved and implemented firmly. Of course, the political parties following an appeasement agenda and vote bank politics will

Ghats Ecology Expert Panel in 2011, and came out with a list of grim and grave findings for the Western Ghats region.

The panel's report, which is popularly known as the Gadgil report, recommended in 2011 that the entire hill range be declared an ecologically sensitive area and recommended a ban on mining, quarrying, industries, new thermal power plants, hydropower projects, and largescale wind energy projects. Gadgil's bold and honest recommendations faced opposition from some of the state governments, political bigwigs, industries, and local communities. Braving all odds, he championed the protection of the earth and the environment. Gadgil's research has helped to protect marginalised people, promote community-driven conservation of ecosystems and influence policymaking at the highest level.

VOTERS' NAME DELETED

Madam — The deletion of the eligible voter's name before the election has encroached about the entire country and is intensifying terrifically. The senior AAP leader Sanjay Singh highlighted an application for the deletion of 3,800 voters's names in just the RK Puram constituency. Such incidents are frequently observed before polls, which wrest the voting rights and thwart them to contribute to choosing preferred leaders. It's an out-and-out violation of the Universal Adult Franchise" in the largest democratic country. It's a grave issue that demands urgent action. The EC must not turn into a complaint tool instead of a neutral body and deploy every effort to address it and ensure the voter's right.

FIRSTCOLUMN INDIA SHARES ITS VISION FOR WEST ASIA

The Manama Dialogue provided India with a platform to outline its vision for regional stability

KUMARDEEP BANARJEE

ven as Syria was undergoing huge regime change, with a possibility of leaving a long-lasting impact on the geo-political mix of West Asia, India's external affairs minister was delivering a lecture on the changing dynamics of international cooperation at the Manama Dialogue. The Manama dialogue is a platform to bring policy makers, and ministers to discuss and debate the strategic defence, security and foreign challenges of West Asia. The dialogue happening against the backdrop of the fast-changing narrative in Syria provided India with a unique opportunity to weigh on its most pressing concerns in and for the region. Syria has been ruled by the Assad dynasty for nearly 50 years. However, this dynastic rule converted the country, on the border of Turkey and Jordan into a brutal police state. Russia and Iran had been supportive of the Assad dynasty, for strategic reasons. Iran supported the regime, to build its axis of resistance against Israel, while Russia, has air force and naval bases in Syria. Global leaders are watching the Syria theatre closely even as Israel continues its war in the neighbourhood. The storming of Israeli troops in Gaza and Ukraine, distracted Iran and Russia, which led to the exit of Bashar Al Assad last week. However, what is of concern to many would be, the rise of rebel leader Abu Mohammed al-Jawlani, an ex-Al Qaeda member.

Syria despite the dynastic rule managed to maintain a secular political outlook where minorities and diverse groups did not feel any discrimination. Many fear that the rebel leader with Al Qaeda credentials, may push the state to a hardline Islamist nation. Almost every nation in the neighbourhood including Israel is watching the unfolding situation care-

fully. Delhi has been agnostic to the regime change, even though the Assad dynasty has been supportive of India's position on Kashmir, and its stance with Islamabad. Any unfriendly regime in the region would weaken India's position and could be a security concern as well

Against this backdrop, the Manama dialogue, with several leaders from the West Asia and the Indo-Pacific, provided an important platform for engagement. Mentioning the ongoing conflicts impacting the region S Jaishankar said, "And this today would extend from Gaza to Lebanon and now to Syria as well. But at the same time, we have to be realistic about competing interests in this region ... The second political-diplomatic cooperation that we can think of is really at a time when the world is polarised if not downright violent, how do you prevent an escalation of tensions, how do you prevent conflict from spreading further. In recent times, for all of us, the relationship or absence of it between Israel and Iran has been particularly a source of concern, so some of our diplomatic efforts has focused on that particular aspect. There has been the situation in the Red Sea as well. On a more positive note, the third aspect of the political-diplomatic, I would say, we are also looking at certain trend lines coming out of this region. We have been a supporter of the Abraham Accords and some years ago, we started a grouping called I2U2, which involves India, Israel, the US and the UAE. It is still at a relatively early stage and we certainly hope that in the coming days that its a group that will grow." India in the past decade, has a trade-oriented foreign policy outlook, where, it knows that nothing binds countries more than an economic partnership. Mr Jaishankar mentioned that India has nearly \$170- 180 billion with the ten-member Gulf Cooperation Council and significant economic relations with countries in the Mediterranean. A new US president from January would also be a key benchmark to watch out for days to come. The relationships are most likely to be economic and based on mutual interests.

The dawn of a new era: Syria's path forward

analysis 07

As Syria comes to terms with Assad's departure, the road ahead promises opportunities for renewal but is fraught with risks that will test the resolve of its new leadership

he fall of Bashar al-Assad's regime and the appointment of Mohammed al-Bashir as Syria's Prime Minister on December 10, 2024, mark a watershed moment in the nation's history, offering a mix of promise and uncertainty. This transition signals the end of an era defined by authoritarian rule, civil war and foreign interventions, ushering in a period of both opportunity and immense challenge.

Assad's departure, driven by a combination of Russian withdrawal and external pressures, has created a power vacuum with significant implications. Mohammed al-Bashir, a moderate politician known for his diplomatic acumen, has pledged to prioritise national reconciliation and reconstruction. His leadership represents a shift from the autocratic governance of the ast toward a more inclusive and reform oriented approach. However, stabilising Syria remains an uphill battle. Despite al-Bashir's efforts, large swathes of the country remain fragmented, with control divided among Kurdish forces, remnants of opposition groups, and radical elements. Moreover, millions of Syrians continue to suffer from displacement, poverty and inadequate access to basic services, underscoring the dire need for humanitarian aid and international support. Compounding these challenges is Syria's shattered economy, which demands both immediate stabilisation and longterm rebuilding strategies. The role of covert operations by the Central Intelligence Agency (CIA) in the fall of Assad's regime cannot be overlooked. Since the early years of the Syrian Civil War, the CIA has employed programmes such as Operation Timber Sycamore to train and arm select rebel factions, aiming to counter Assad's government, which had strong backing from Russia and Iran. These operations evolved

to include intelligence gathering, cyberattacks, and psychological warfare. Although they played a critical role in destabilising Assad's regime, the complexities of such interventions also fueled unintended consequences, such as the empowerment of extremist fac-tions. The fall of Assad and the emergence of al-Bashir have far-reaching implications for the broader West Asia. Regionally, these developments could recalibrate power dynamics, reducing Iran's influence in Syria while opening avenues for normalisation with Israel, partic-

ularly in areas of border security and economic cooperation. On a global scale, Russia's diminished role in Syria marks a strategic loss for Moscow, while China may see opportunities to extend its Belt and Road Initiative into the region's reconstruction phase.

Russia's longstanding support for Assad, which began with its military intervention in 2015, faced significant challenges in recent years. Strained by its involvement in Ukraine and Western sanctions, Moscow has grappled with resource constraints, prompting a recalibration of its Middle Eastern

The power vacuum left by Assad's fall risks a resurgence of extremist groups like ISIS and al-Qaeda, which could exploit the instability to regain strength and pose threats beyond Syria's borders. The ongoing refugee crisis also looms large, with continued insta-bility potentially driving more Syrians to seek asylum abroad, challenging neighboring countries and Europe alike. Bridging India's urban-rural divide: Empowering rural learners through skilling

India's vast diversity extends beyond culture and language, manifesting in unequal access to education, skilling and employment opportunities

ndia is a country with great linguistic, cultural, racial, social and econom-ic diversity. People living in urban areas have access to opportunities for skilling, education and employment that are not easily available to people in semi-urban and rural areas. Over the last decade or two, there has been considerable growth and development in the skilling and education ecosystem due to a multitude of factors. Governments - both central and state - have realised that the only way India can benefit from its tremendous demographic dividend is by ensuring that individuals in the working age are equipped with the knowledge and skills required to thrive in increasingly global workplaces.

NAGESH SINGH

Central and state skilling entities have created massive systems that reach every district around India and make topquality resources available to hitherto underserved audiences

The corporate sector, leveraging the prevalent Corporate Social Responsibility laws, has also contributed significantly to this by collaborating with government agencies and supporting them with co-

funding, content, certification and job opportunities. The Directorate General of Training (Ministry of Skill Development Entrepreneurship) manages a network of tens of thousands of institutions that collaborate with the corporate

make high-quality skilling available to hundreds of thousands of learners every year. All India Council for Technical Education, through its network of thousands of engineering institutions, offers cutting-edge training and internship opportunities to learners around India, irrespective of their location or socio-economic limitations. Edunet Foundation, for example, makes courseware and

available to learners across engineering colleges, National Skills Training Institutes and Industrial Training Institutes and nationally, directly working with lakhs of learners every vear.

These programs are offered in blended mode, leveraging sector and civil society to classroom learning, synchronous video, online content and hands-on project work. While there is availability of skilling and education opportunities, there are several issues that limit the benefits of these programs.

The foremost problem is access to technology. Since the courses are offered in blended mode, learners need access to computers with high bandwidth internet connectivity and not just mobile phones. skills across the IT spectrum Almost every household in

India has access to mobile phones but larger devices that are more conducive to experiential learning in technology are not widely available. Both government and corporate stakeholders can make a huge difference by making current technology platforms available to learners in rural areas by donating and/or set-

ting up labs and digital libraries within the premises of existing educational institutions in these areas.

The second issue is access to local employment. Most jobs especially the technologycentric ones - are centred around major cities and towns. For learners who are unable to migrate for employ-

ment, this is a huge barrier. Additionally, of course, there are many problems associated with mass migration to urban areas. There is a need to create local career oppor-tunities that allow people to gainfully work wherever they are, without the need to migrate to a larger city or town.

This may be done by a steady focus on entrepreneurship that creates jobs locally and helps in the development of rural areas. Rural microentrepreneurship, especially focused on agriculture and associated areas, can solve many of the problems associated with mass-migration and lopsided economic development. Local businesses, thus created, will drive the local economy and create local

A stronger focus on rural enterprise will help India by ensuring inclusive economic development. There are several programs by the government and the corporate sector that are trying to achieve this, but they need to be enhanced and made more potent with support from civil society. In an environment where rural learners have access to technology and employment opportunities, skilling initiatives by the government and the corporate sector will make a bigger impact. Learners will be able to learn and earn locally, thereby bridging the urbanrural divide.

Biden commutes roughly 1,500 sentences, pardons 39 people in biggest single-day act of clemency

AP WASHINGTON

President Joe Biden is com-muting the sentences of roughly 1,500 people who were released from prison and placed on home confinement during the coronavirus pandemic and is pardoning 39 Americans convicted of nonviolent crimes. It's the largest single-day act of

clemency in modern history. The commutations announced Thursday are for people who have served out home confinement sentences for at least one

year after they were released. Prisons were uniquely bad for spreading the virus and some inmates were released in part to stop the spread. At one point, 1 in 5 prisoners had COVID-19. according to a tally kept by The Associated Press.

Biden said he would be taking more steps in the weeks ahead and would continue to review clemency petitions. The second largest single-day act of clemency was by Barack Obama, with 330, shortly before leaving office in 2017.

"America was built on the promise of possibility and second

ment. "As president, I have the great privilege of extending mercy to people who have demonstrated remorse and rehabilitation, restoring opportunity for Americans to participate in daily life and contribute to their communities, and taking steps to remove sentencing disparities for non-violent offenders, especially those convicted of drug

offenses? The clemency follows a broad pardon for his son Hunter, who was prosecuted for gun and tax crimes. Biden is under pressure from advocacy groups to pardon broad swaths of people, including those on federal death row, before the Trump administration takes over in January.

He's also weighing whether to issue preemptive pardons to those who investigated Trump's effort to overturn the results of the 2020 presidential election and are facing possible retribution when he takes office. Those pardoned Thursday had

been convicted of nonviolent crimes such as drug offenses and turned their lives around. White House lawyers said. They include

chances," Biden said in a state- a woman who led emergency response teams during natural disasters; a church deacon who has worked as an addiction counsellor and youth counsellor; a doctoral student in molecular biosciences; and a decorated military veteran.

The president had previously issued 122 commutations and 21 other pardons. He's also broadly pardoned those convicted of use and simple possession of marijuana on federal lands and in the District of Columbia, and pardoned former US service members convicted of violating a now-repealed military ban on consensual gay sex. Rep. Jim McGovern, D-Mass.,

and 34 other lawmakers are urging the president to pardon environmental and human rights lawyer Steven Donziger, who was imprisoned or under house arrest for three years because of a contempt of court charge related to his work representing Indigenous farmers in a lawsuit against Chevron. Others are advocating for Biden

to commute the sentences of federal death row prisoners. His attorney general, Merrick

tions. Biden had said on the campaign trail in 2020 that he wanted to end the death penalty but he never did, and now, with Trump coming back into office, it's likely executions will resume. During his first term, Trump presided over an unprecedented number of federal executions, carried out during the height of the pandemic. More pardons are coming before Biden leaves office on Jan. 20, but it's not clear whether he'll take action to guard against possible prosecution by Trump, an untested use of the power. The president has been taking the idea seriously and has been thinking about it for as much as six months — before the presidential election — but has been concerned about the precedent it would set, according to people familiar with the matter who spoke to The Associated Press on condition of anonymity to discuss internal discussions. But those who received the pardons would have to accept them. New California Sen. Adam Schiff. who was the chairman of the congressional committee that investigated the violent Jan. 6

Garland, paused federal execu-

insurrection, said such a pardon from Biden would be "unnecessary," and that the president shouldn't be spending his waning days in office worrying about

this. A president has the power to both pardon, in which a person is relieved of guilt and punishment, or commute a sentence, which reduces or eliminates the punishment but doesn't exonerate the wrongdoing. It's customary for a president to grant mercy at the end of his term, using the power of the office to wipe away records or end prison terms. Before pardoning his son, Biden

had repeatedly pledged not to do so. He said in a statement explaining his reversal that the prosecution had been poisoned by politics. The decision prompted criminal justice advocates and lawmakers to put additional public pressure on the administration to use that same power for everyday Americans. It wasn't a very popular move; only about 2 in 10 Americans approved of his decision, according to a poll from The Associated Press-NORC Centre for Public Affairs Research.

Russian forces edge closer to key eastern Ukraine city AP KYIV ing from the south.

Fighting around the key east-ern Ukraine city of Pokrovsk is "extremely intense" after a monthslong Russian push, Ukraine's top military commander said, with analysts estimating Russian forces are now within just a few kilometres of the city.

Ukrainian troops repelled nearly 40 Russian attempts to storm defences around Pokrovsk over the previous 24 hours, the General Staff said in a battlefield report Thursday.

"Russian occupiers are throwing all available forces forward, attempting to break through the defences of our troops," Ukrainian army chief Gen. Oleksandr Syrskyi said in Facebook post late

Wednesday. His forces are outnumbered, he said.

Ukraine's stretched defences in Donetsk have been creaking since early this year under a fierce Russian drive to capture its neighbour's entire eastern Donbas region.

Pokrovsk, which had a population of about 60,000 before Russia's full-scale invasion in February 2022, is one of Ukraine's main defensive strongholds and a key logistics hub in the Donetsk region. Its capture would compromise Ukraine's defensive abilities and supply routes and would bring Russia closer to its stated goal of seizing the entire Donetsk region.

But Ukraine's dogged resistance and Western military aid have rendered the gains costly for the Kremlin in losses of troops and armour.

A major worry for the Kviv government is that tens of billions of dollars of key US military support to hold Russia at bay may dry up under President-elect Donald Trump.

The Institute for the Study of War estimated late Wednesday that Russian forces have moved to within about 6 kilometres of Pokrovsk, approach-

had "a massive cost" for Russian forces, the Washington-based think tank said. Those losses "will temper their ability to translate these gains into more far-reaching offensive operations" in the months ahead, it said. Though the Russian push has

been slow moving, it has recently accelerated in Donetsk and compelled Ukrainian defenders to make localised retreats. Major battlefield victories have eluded the Russians.

Ukrainian media have reported tensions between Ukraine's commanders as the military pressure has built Unconfirmed reports said Syrskyi, the military chief, had personally taken charge of some brigades around Pokrovsk.

A renowned Ukrainian military officer, Serhii Filimonov, commander of the "Da Vinci Wolves" battalion of the 59th Motorized Brigade, described Pokrovsk's defence as a "disaster.

Eligibility

- The applicant should not be debarred from entering into legally binding contract under any prevailing law. Any person can apply; however, preference will be given to PMAY beneficiaries, including their spouse or dependent children, identified by the Urban Local Bodies Department, Haryana, under the "Pradhan Mantri Awas Yojna for All" program. First priority shall be given to the identified beneficiaries of the state of Haryana. Thereafter, for the remaining flats, preference will be given to persons, including their spouse or dependent children, who do not own any flat/plot in any HUDA developed Colony/sector or any licensed colony in the urban areas in Haryana, UT of Chandigarh, and NCT.

Any applicant can submit only one application. A successful applicant under this policy shall not be eligible for the allotment of any other flat under this policy in another colony In the event that he/she is successful in more than one colony, he/she will have the choice to retain only one flat. Supportive affidavits and certificates suggesting eligibility are mandatory to be uploaded on the TCP website while submitting the application for allotment.

Allotment Criteria

- The allotment of apartments shall be done through e-draw of lots in the presence of a committee consisting of Deputy Commissioner or his representative (at least of the cadre of Haryana Civil Services), Senior Town Planner (Circle Office), DTP of the concerned district and the representative of colonizer concerned
- After fixation of date for draw of lots, an advertisement shall be issued by the Developer informing the applicants about the details regarding date/time and venue of the draw of lots in the same newspapers on which the original advertisement was issued.
- 3. For detailed criteria and time-frame to be adopted for scrutiny and allotment, the applicants may also refer to the details in the Affordable Housing Policy, 2013 including the ndments thereof notified vide No.PF-27/48921 dated 19.08.2013 (Available at the Department website i.e. www.tcpharyana.gov.in)

 $B_{\text{has stayed a High Court}}^{\text{angladesh Supreme Court}}$ verdict that declared 'Joy Bangla' — popularised by Bangbandhu Sheikh Mujibur Rahman — as the country's national slogan.

Rahman's daughter Sheikh Hasina was ousted as prime minister on August 5. Recently, the country's central bank decided to remove Rahman's image from currency notes.

Following the change of government, the state moved to suspend the High Court's ruling and on December 2 filed the leave to appeal petition with the SC seeking stay on the High Court verdict of March 10, 2020.

A four-member bench of the Appellate Division headed by Chief Justice Syed Refaat Ahmed on Tuesday passed the order on the ground that the

sion and the judiciary cannot interfere in this issue.

The full bench of the Appellate Division headed by Chief Justice Syed Refaat Ahmed passed the order following a leave to appeal petition filed by the government challenging the High Court judgement, newspaper Daily Star said on Wednesday

"Joy Bangla' will not be considered as the national slogan following this Appellate Division order," said Additional Attorney General Aneek R Haque, who appeared for the government during the hearing. After ousted prime minister Sheikh Hasina fled the country following a students' protest on August 5, an interim government headed by Chief Adviser Muhammad Yunus took over on August 8.

national slogan is a matter of ernment, the state moved to the government's policy deci-suspend the High Court's ruling and on December 2 filed the leave to appeal petition with the SC seeking stay on the High Court verdict of March 10, 2020.

It had declared 'Joy Bangla' as the country's national slogan and ordered the government to take necessary steps so that the slogan is used at all state functions and academic institutions' assemblies.

Later, on February 20, 2022, the cabinet led by Hasina issued a notice recognising it as the national slogan and the Awami League government issued a gazette notification on March 2022, news portal

Mujibur's 'Joy Bangla' no longer | Israeli strikes on Gaza kill at least 33

AP 📕 DEIR AL-BALAH (GAZA STRIP)

sraeli strikes pounded the Gaza Strip overnight and into Wednesday, with one attack ripping through a home where displaced people were sheltering in the isolated north. The strikes killed at least 33 people including children, Palestinian health officials said. The Israel-Hamas war has no end in sight, even after Israel reached a ceasefire with Lebanon's Hezbollah militants and attention shifted to the overthrow of Svrian President Bashar Assad by insurgents. Both the current and incoming

casualties in the strike were inaccurate, without elaborating. The military says it tries to avoid harming civilians and accuses militants of hiding among them, putting their lives in danger. The hospital said another strike near its entrance on Wednesday killed a woman and her two children. The hospital director, Dr Hussam Abu Safiya, said Israeli drones struck nearby residential blocks overnight, causing explosions that sparked panic among the facility's more than 120 sick and wounded patients.

"We have received distress calls

from neighbors and trapped people, but we're not able to leave the hospital because of the continued risk," he said. "We are witnessing a massive loss of life, with many martyrs in the targeted areas.

Another strike in the decadesold Nuseirat refugee camp in central Gaza killed at least seven people, according to the Awda Hospital. The dead included two children, their parents and three other relatives, it said. Later, the hospital said another attack hit the same camp, killing four people and injuring 16 more. There was no immediate comment from the Israeli military on the other strikes. In Lebanon, where near-daily Israeli attacks have continued despite the ceasefire, at least five people died Wednesday in Israeli strikes in the south. according to Lebanon's Health Ministry and state news agency. Elsewhere in southern Lebanon, Israeli forces withdrew from a strategic town and handed it back to the Lebanese army in coordination with UN peacekeepers, the two militaries said It appeared to be the first Israeli pullout from a Lebanese border town captured during the ground invasion.

Macron seeks political deal to name new PM, restore France's stability

AP PARIS

French President Emmanuel Macron is seeking a political deal that would allow him to both name a new prime minister and "guarantee the stability of the country," following the resignation of ousted Prime Minister Michel Barnier, a spokesperson for the outgoing government said

Wednesday. Maud Bregeon, the spokesperson, said Macron insisted there was at the moment no "broader" political alliance than the current one between his centrist allies and conservatives from The Republicans party, which does not have a majority at parliament. She was relaying comments made by Macron during a weekly

Cabinet meeting. Last week, the French president vowed to stay in office until the end of his term, due in 2027. The move followed a historic no-confidence vote prompted by budget disputes in the National Assembly left France without a functioning

government Barnier's government has been tasked with handling current affairs pending the appointment of a new prime minister. Two options are still being considered by Macron, Bregeon

The Centre for Research in Rural and Industrial Development (CRRID), Sector 19, Chandigarh, organized a National Workshop on "Nutraceutical and Phytonutrient Health Benefits of Barley as a Staple Food" and "Role of Nano Fertiliser in AgricultureSustainability and Clean Green Environment". The event was supported by the Indian Farmers Fertilizer Cooperative Ltd (IFFCO), Chandigarh. The session commenced with a warm welcome from Dr. Bindu Duggal, Director (Acting) CRRID.Dr. Ranjodh Singh Bains, (Department of Agriculture and Farmers' Welfare, Government of Punjab), provided a brief introduction of the speakers and outlined the objectives of the workshop. He emphasized the importance of barley and nanotechnology, particularly its role in benefiting farmers and the wider community. The Speaker for the first lecture was Prof. Dr. Omvir Singh (Principal Scientist), Barley Improvement, IIWBR, Karnal. Prof. Singh compared barley to other common cereals like wheat and rice. emphasizing on its nutrition, especially in terms of protein. He explained that barley has much less gluten compared to wheat, which contains 80% gluten which leads to serious health issues such as cancer, kidney damage, and leaky gut syndrome. Prof. Singh also highlighted the importance of gut health, calling the gut as the "second brain.". Environmentally, barley requires less water for cultivation and is suitable for organic farming.

Green shoots on consumption growth, food inflation expected to come down: FICCI President

PTI 📕 NEW DELHI

reen shoots are visible on the con-Gsumption front as food inflation has started receding, newly appointed FICCI President Harsha V Agarwal said

Food inflation is expected to come down to its normal level in the next two quarters, Agarwal said, adding that he is hopeful for a revival in consumption growth, aided by a good crop and increased spending by the government on the big-ticket infra projects and rural schemes in the December quarter.

Government spending in the right areas - like increase in capex and ramping up infrastructure, rather than focusing on revenue expenditure is helping the overall economy, he said.

"We are seeing some green shoots where we believe food inflation is coming down... It has to come back to normal. It might take maybe one quarter or so. But we are seeing situations where it is improving, and hence we are hopeful that consumption should increase," Agarwal told PTI.

Government spending in the September quarter was low due to the general elections in the June quarter. However, it increased in the third quarter and is expected to continue in the fourth quarter as well, he said. "Going forward, we see that increasing in Q3 and substantially in Q4. So cumulatively, with all these things, we are hopeful that the consumption should improve going from here," he added.

The government is focused a lot on the rural economy, which has done well in the second quarter.

What we hear is the kharif production is also going to be good this year. So from that perspective, overall, we are quite optimistic from the rural front. And from that is where you know the consumption also is com-

high in recent months, driven by rising prices of vegetables, fruits, oils, and fats. It has slowed down the consumption in urban areas, impacting purchase from the middle class.

The government has been doing those kind of tax reforms as and where needed" to boost the consumption. Agarwal said. However, he added, maybe the salary has not gone up to the extent... That is why they are feeling the pinch."

With cooling of inflation and increase in private investments, demand of skilled jobs will increase, and overall things will become better, he said. According to the latest Consumer Price Index (CPI) data released by the National Statistics Office (NSO) on Thursday, inflation in the food basket reduced to 9.04 per cent in November compared to 10.87 per cent in October.

Last week, while unveiling the bimonthly monetary policy last week, former Reserve Bank of India Governor Shaktikanta Das said lingering food price pressures are likely to keep headline inflation elevated in the December quarter.

Goenka, who is also Vice-Chairman & Managing Director of FMCG major Emami, said two segments -- rural and premiuim products - are doing "much better".

'The challenge is more in the area of the lower middle class, and middle class consumers, where the real hit is.

And since the discretionary spend as a percentage is anyway, lower, any hit on the inflation has a direct impact," Agarwal said.

However, he was "very hopeful, once the inflation is under control, it should improve and things will be much better".

Over the cement sector, which faced a decline in price in last two quarters YoY, Agarwal said, "their prices might be declining, but still, all the cement companies are making good profit." He further added it "may be because in the industry now, consolidation is happening. Some of the larger players are fighting for the market share, etc."

Agarwal said government programmes, such as the Production Linked Incentive (PLI) scheme, have made a big difference in some key strategic sectors such as electronic, manufacturing of mobile phones, active pharmaceutical ingredients, etc.

KOLKATA PAST

Devasis Chattopadhyay takes you through nine compelling stories of forgotten lives that shaped the cultural and historical history of Kolkata, writes ABHI SINGHAL

IBOOKS

arry Hobbs of Kolkata and Other Forgotten Lives is a compelling and richly detailed collection of nine meticulously researched stories that uncover the hidden aspects of Kolkata's past, many of which are unknown even to the city's residents and historians. Drawing on obscure and forgotten sources such as dusty old files, yellowed newspapers, private family papers, memoirs, and government archives, this book brings to life

the untold stories of Kolkata's lesser-known figures and the city itself.

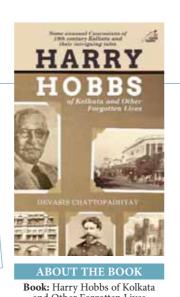

The book deep dives into the fascinating history of Kolkata, providing an unexplored jist of the city's origins. Some historians believe that Kolkata mentioned in the Mahabharata, while others trace its roots back to the Mauryan and Gupta periods. The author, Devasis Chattopadhyay, then traces the transformation of the city into a metropolis, paying particular attention to its growth and changes in the 19th century. This period, marked by significant social, cultural, and economic shifts, is expertly and theoretically woven into the narrative.

Chattopadhyay focuses on the lives of protagonists who were often overlooked by mainstream history as the middle and junior civil or military officials, puisne judges, a wide array of other fascinating individuals. These

include an opera impresario, an entertainer, a piano tuner, a mercenary, a hotelier, a writer, a publisher, a lawyer, and even a real-life police detective turned crime writer. These characters, often forgotten by history, made remarkable contributions to the fabric of Kolkata during a time of upheaval and change.

The book reflects on a significant period of transformation, when Kolkata's unique and syncretic

identity was shaped, in part, by European and American settlers. It was an era when many of the things we now take for granted like the social norms, institutions, and innovations that were still in their infancy. Yet, the individuals featured in the book were instrumental in creating the cultural and historical landscape of the city. Chattopadhyay's narrative uncovers these hidden histories, offering a fresh perspective on Kolkata's past.

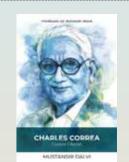

One of the key figures in the book, Harry Hobbs, is also featured in the author's earlier work Scoundrels and Scroungers, where Hobbs noted that the principal cause of men's downfall up until the end of the 19th century was drinking. In his writings, he provides intriguing glimpses into a Kolkata of the past the one where European women worked as barmaids and a thriving but largely unspoken

Babus kept European concubines, and attending English theatre performances or listening to Italian opera was a common pastime among the city's elite. The book is divided into nine chapters, each focusing on a different historical figure: Major Harry H. Hobbs, The Shakespeare Family, Isaac Henry Townley Roberdeau, Richard Reid, Colonel Percy Wyndham, Shirley Tremearne, Henry Thoby Prinsep, David Nunez Cardozo, and others. Through these vivid and captivating stories, Harry Hobbs of Kolkata and Other Forgotten Lives provides a nuanced and fascinating portrait of Kolkata as a city in transition, shaped by diverse influences and inhabited by characters whose contributions to its rich history have long been forgotten. Najma's journey through politics

f you are looking for an interesting book on Indian politics and curious about stories behind the headlines, In Pursuit of Democracy by Najma Heptulla is the book for you. Heptulla, a veteran politician, shares her experiences from her fourdecade-long career, giving readers a close look at key moments in India's democratic journey.

The book isn't just another dry political memoir. It's full of stories about her interactions with major political figures, from the strong presence of Indira Gandhi to the charm of Atal Bihari Vajpayee. Najma Heptulla's autobiography is not just about her life in politics but also about her personal life, balancing her political career with motherhood, love and loss. Her narrative is enriched with personal anecdotes and emotional events. She addresses controversies too, like her decision to move from Congress to Bharatiya Janata Party (BJP)- a switch that sparked plenty of debate.

Heptulla's writing style is direct and jargon, making the book a breeze even conversational. It feels like she is talking to you, recounting her life over a cup of tea. She avoids heavy political her professional milestones and

if you're not well-versed in politics. The narrative flows smoothly between

personal reflections, making it engaging and balanced. This blend of warmth and clarity makes the book as much about Najma as person as it is about her as a politician.

What stands out in this book is how Heptulla personalises her experiences. She is not just recounting political events; she is showing how they shaped her life and decisions. Whether you are a political junkie or someone interested in peeking behind the curtain of Indian politics, this book offers a thoughtful mix of history and heartfelt storytelling.

Through her candid, no-nonsense style, Heptulla gives us an insider's view of what it is like to be a woman navigating Indian politics. Her journey from Congress to BJP and the challenges she faced along the way provide a unique perspective on party dynamics and leadership in India.

The book also touches on broader issues in Indian politics, such as the trust deficit between Sonia Gandhi and herself, and the treatment of figures like PV Narasimha Rao and Dr Manmohan Singh by the party bosses. By sharing these personal stories, Heptulla humanises the political landscape, making it easier to understand the complex relationships and motivations that shape decisionmaking at the highest levels.

In Pursuit of Democracy Heptulla offers more than just political memoirs; she provides a nuanced, first-person account of her time in power, shedding light on the behindthe-scenes dynamics that often go unnoticed.

Whether you're a seasoned observer of Indian politics or someone who wants to understand the forces shaping the country's democratic processes, this book is a compelling read. It is not just about politics; it is about the life of a woman who has lived through some of the most transformative moments in Indian political history.

A Transformative Journey

Transformative Journey of Faith, Endurance, and the Divine Om Swami's Thirteen Months in the Himalayas is a spellbinding account of one man's relentless pursuit of spiritual truth and divine connection.

Ôm Swami's Thirteen Months in the Himalayas is an extraordinary account of one man's unwavering pursuit of spiritual truth and divine connection. Following his earlier memoir, 'If Truth Be Told', this book delves deeper into Swami's radical transformation from a successful entrepreneur to an ascetic devoted to discovering the Creator. Written with an almost poetic honesty, it presents a grpping narrative of discipline, endurance, and transcendence.

A Journey of the Soul: The Himalayas serve as more than just the backdrop for Swami's odyssey-they become a central character, mirroring the challenges and revelations of his inner world. The author's detailed descriptions of his austere lifestyle, rigorous sadhanas and encounters with celestial energies immerse readers in his spiritual journey. The book's

Rohit must return to opening if he has to throw the first punch: Shastri

PTI BRISBANE

Ravi Shastri, who knows a thing or two about winning Test rubbers in Australia, on Thursday asked India skipper Rohit Sharma to return to the opening slot "if he has to throw the first punch" on an opponent brimming with confidence. Shastri was serving as team director when India won their maiden Test series in Australia in 2017-18 and was the head coach when the side rallied brilliantly to stun the hosts in the last tour in 2020-

The move to slot Rohit at number six did not yield the desired results for India and they were hammered by 10 wickets in the second Test at Adelaide, leaving the five-match clash locked at 1-1 and with everything to play for in what Shastri believes could decide the fate of the series. "That's where he's (Rohit) been at his best over the last eight or nine years," Shastri was quoted as saying by 'The

Age. "It's not that he's going to set the world on fire – he could – but that's the place that's best for him...If he has to do damage, if he has to throw the first punch, that's the best place from where he can do

Rohit had only one fifty in his last 10 innings heading into the Pink-ball Test last week when Shastri, interestingly, advised against changing the opening combination of Yashasvi Jaiswal and KL Rahul after their success in the position while backing the captain to bat in the middle-order. Shastri said he has no doubt

the winner of the third Test, starting here on Saturday, could go on to claim the series. "I feel whichever team wins

this Test match will win the series. I have absolutely no doubt in my mind. So'it is very, very important that India get the balance right, because Australia have got the confidence back," the former captain said.

restrictions due to COVID-19, played a big part in the

"In COVID, the first Test match you start with five bowlers and the same five bowlers don't play the last Test. That says it all, it's like Australia playing without these five bowlers in the last Test of the series, it's a different ball game. Plus you didn't have quite a few batsmen as well. So it's a tribute to the players.

"You can only do so much as a coach from behind the scenes. At the end of it, it's the players who have to go out there and do their job and they were magnificent." Four years ago, after getting bundled out for their lowest Test total of 36 in Adelaide, India made a magnificent comeback to win two of the remaining three games and emerge winners.

Shastri fondly recalled a conversation between Rishabh Pant and Shubman Gill, who was helping out the latter with some useful tips right after his dismissal, as India went for the jugular to score 140 odd runs in the final session of play to shock

the hosts at the Gabba which was until then the home team's fortress. "I'll never forget it," Shastri

said. "Last session, 140 runs to get. We had two different change rooms because of COVID. I went down from the coaches' room to have a chat with either Rishabh or (Chateshwar) Pujara. When I was about to reach the toilet, I heard a conversation

between Gill and Pant. "Seventy-one overs bowled, Gill had got out for 91, and they were the two youngest players in the side, 21 and 22. Nine overs left, they need the new ball, they'll bring (Marnus) Labuschagne on with his leg spin, you've got to score 45-50 runs there'.

They are planning how they can reach closer to the end score, and no way was I going to stop them, I don't want to change that mindset. So I just walked past and said 'do what you have to do'. In the end, we chased down nearly 150 in that last session."

Manchester City crisis deepens with loss to Juventus in Champions League

AP PARIS

Manchester City plunged deeper into trouble in the Champions League by losing 2-0 at Juventus, the latest setback in a scarcely believable run of poor results for the ailing English champions.

City dropped to 22nd place in the 36-team standings, with only the

top 24 advancing. Progressing to the next round of the new-look format looked a certainty before the season for a team that was European champion in 2023 and has won the last four Premier League titles. But not anymore as City manager Pep Guardiola battles injuries and an apparent loss of belief among his players.

City has won just one of its last 10 matches in all competitions, with goals by Dušan Vlahovic and Weston McKennie inflicting the latest defeat and igniting Juventus' qualification hopes. City midfielder Ilkay Gundogan

Tribute to grieving teammate

When Lukasz Lakomy gave Young Boys the lead against Stuttgart, he ran toward the sideline and held up teammate Meschack Elia's jersey as others gathered around him.

The gesture was a tribute after Elia's son died unexpectedly this week after a short illness. Elia wasn't playing as he was on his way to his native Congo, where his son died, to be with his family.

Both teams wore black armbands and there was a moment of silence before the game, which was won 5-1 by Stuttgart.
