## Gandhi family wounded the Constitution: PM

Prime Minister Narendra Modi speaks in the Lok Sabha during the discussion on the 'glorious journey of 75 years of the India Constitution', in the ongoing Winter Session of Parliament

PIONEER NEWS SERVICE ■ NEW DELHI

Prime Minister Narendra Modi on Saturday said that the "Congress led by Gandhi family", having "tasted blood", repeatedly "wounded the Constitution", while his Government's policies and decisions since it took office in 2014, have been aimed at boosting India's strength and unity in line with the vision of the Constitution. In his 107-minute speech, outlining 11 'Sankalps' for 'Viksit Bharat', Modi accused the Gandhi family, from Nehru to Sonia Gandhi, of "doing everything

in their power to harm the Constitution". He said his Government "changed the Constitution for the betterment of dalits, women empowerment" and "removed Article 370 to unify the country". PM Modi emphasised that he was specifically targeting the family due to their prolonged rule, with its members in power for 55 years. Replying to a two-day debate in Lok Sabha on the 75th anniversary of the adoption of the Constitution, he took a swipe at the past Congress governments, accusing them of planting "poisonous seeds" in the country's diversity to

accentuate its contradictions and damage its unity. Training guns at the Nehru-Gandhi family of the Congress, he said they left no stone unturned to strike blows to the Constitution. "This family challenged the Constitution at every level," he said, adding that he was singling out the family as its members were in power for 55 years. The family, having "tasted blood", repeatedly wounded the Constitution, he said, citing several decisions of Jawaharlal Nehru, Indira Gandhi and Rajiv Gandhi when they held the office of Prime Minister. "Their next generation is also into the same game," he said in a swipe at the Leader of Opposition in the House Rahul Gandhi and his MP sister Priyanka Gandhi Vadra. The PM said leaders like him, and many others who came from ordinary families could never have reached where they did but for the strength of the Constitution, as he underlined his long commitment to its values. As Chief Minister of Gujarat, PM Modi said that his government celebrated the 60th year of the Constitution's adoption by placing a copy of the document on an elephant while he walked underneath barefoot in a symbolic gesture to highlight its supremacy. Slamming the Nehru-Gandhi family, he said India's first PM Jawaharlal Nehru "amended the country's guiding document to curb freedom of expression and his daughter Indira Gandhi imposed Emergency to defy a Supreme Court judgment that annulled her election as an MP."

## Savarkar always blamed Constitution: Rahul Gandhi

PIONEER NEWS SERVICE ■ NEW DELHI

Leader of Opposition Rahul Gandhi on Saturday accused the Bharatiya Janata Party (BJP), and the Rashtriya Swayamsevak Sangh (RSS) of being "supporters of Manusmriti" adding that "their supreme leader Savarkar always blamed the Indian Constitution". Participating in a debate in the Lok Sabha on the 75 years of the adoption of the Constitution, the Congress leader said that while talking of protecting the Constitution, the ruling party is "ridiculing" Savarkar. Drawing a parallel with the story of Eklavya who had to chop off his thumb as 'Guru Dakshina' to Dronacharya, Gandhi alleged that by creation of "monopolies" for the Adani Group in various sectors, bringing in the Agnipath scheme, firing teargas at protesting farmers, bringing in lateral entry and allowing paper leaks, the government was "chopping off" the thumb of the youth, tillers, backward class people and the poor. Gandhi said that he wants to tell every poor person that the Constitution protects them, but the BJP keeps attacking it 24x7. He also reiterated his promise made on the floor of the House last session that a caste census will be conducted and the 50 per cent cap on reservation will be done away with to usher in a "new type of development" in the country. "I want to start my speech by

Leader of Opposition in the Lok Sabha Rahul Gandhi speaks in the House during the Winter session of Parliament, in New Delhi, Saturday

quoting your supreme leader Savarkar and his ideas on the Constitution of India and how he thought India should be run. He says, 'The worst thing about the Constitution of India is that there is nothing Indian about it. Manusmriti is that scripture that is most worshippable after the Vedas, and which, from ancient times, had begun the basis of our culture, customs, thought, and practice. This book for centuries has codified the spiritual and divine march of our nation. Today, Manusmriti is law,' Gandhi said. "Savarkar has clearly stated in his writings that there is nothing Indian about the Constitution and that the book that India is run by should be superseded by the Manusmriti," Gandhi said, "adding that this is what the fight is about. 'It is nice that all of you are so-called defending the Constitution. But I want to ask you, do you stand by your leader's words? Do you support your leader's words? But when you speak about defending the Constitution, you are

ridiculing Savarkar, you are abusing Savarkar, you are defaming Savarkar," Gandhi said. Countering Rahul Gandhi's criticism of Savarkar, the BJP and its ally, Shiv Sena, reminded the Congress leader that his grandmother and former Prime Minister Indira Gandhi had hailed the Hindutva ideologue as a "remarkable son of India" and issued a postage stamp in his honour. Launching a scathing attack on the Congress, Shiv Sena MP Shrikant Shinde wondered whether Indira Gandhi was also anti-Constitution as she had praised Savarkar as a "remarkable son of India". He read out a letter written by Indira Gandhi to Pandit Bakhle of the Swatantryaveer Savarkar Rashtriya Smarak on the occasion of the freedom fighter's birth centenary celebrations. "Was your grandmother also anti-Constitution? You have the habit of speaking nonsense about Savarkarji.... But we revere Savarkarji, we are proud of him," Shinde said.

## Police lob teargas, 17 injured, farmers suspend march to Delhi

PIONEER NEWS SERVICE ■ NEW DELHI

A group of farmers, who made a fresh attempt to march towards Delhi from Shambhu border point of Haryana on Saturday at around 12 pm, faced tear gas and water cannons launched again by the Haryana police. After that, they suspended their march to Delhi and announced a tractor march on December 16 and "rail roko" protest in Punjab on December 18. Farmer leader Sarwan Singh Pandher said, "On December 16, a tractor march will be organised outside Punjab, and on December 18th, we have called 'Rail Roko' in Punjab. We appeal to all Punjabis to participate in 'Rail Roko' in large numbers... The Opposition should not run away from their role by just giving a statement." Ahead of the 'Dilli Chalo' foot march, Pandher compared the ongoing farmers' protest to the Parliament's Constitution debate. The clash took place when a group of 101 farmers, who had resumed their march from the Shambhu protest site on the Punjab-Haryana border around noon, reached the barricades set up by Haryana police. A few farmers were injured during the tear

gas shelling and were taken to a nearby hospital by ambulances stationed at the site. Visuals from the Shambhu border showed police using tear gas to disperse the protesting farmers and stop them from marching towards the National Capital. Meanwhile, Congress leader Bajrang Punia visited the Shambhu border and expressed his dismay over the farmers not being allowed to march towards Delhi. Punia, a wrestler who joined the Congress ahead of the October 5 Haryana Assembly polls, also criticised teargas shelling and use of water cannons against the protesting farmers by the

Haryana security personnel. He also inquired about the health of the injured farmers at the civil hospital in Rajpura. Earlier in the day, Ambala Deputy Commissioner Parth Gupta and Superintendent of Police S S Bhoria tried to persuade the farmers to seek permission from Delhi authorities before continuing their march. However, the farmers stood firm on their decision to proceed, urging the security forces to let them pass. This is the third time the farmers have attempted to march towards Delhi. Previous attempts on December 6 and December 8 were also blocked by Haryana police.

## CAQM revises plan to tackle winter pollution

STAFF REPORTER ■ NEW DELHI

The Commission for Air Quality Management (CAQM) on Delhi-NCR air quality has issued a revised plan to tackle winter pollution, asking states to implement stricter measures when the air quality deteriorates and making it mandatory for schools to shift to hybrid learning on days with severe air pollution. "The Chief Secretaries of Delhi and NCR shall frequently review the actions and implementation of the GRAP especially when the air quality falls or is likely to fall in the 'Severe' or 'Severe +' category (Stage III and beyond). The Commission may decide upon any exceptions and additional measures to the schedule of the GRAP, under different air pollution categories i.e., Stages I to IV, as per the prevalent AQI and weather

forecast," read the advisory. During the first stage, Discoms are advised to minimise power supply interruptions in NCR. According to CAQM, the total number of days with 'Good to Moderate' air quality in 2024 is 207 so far, which is the highest since 2018 (barring 2020, the COVID Year). The record highest number, six days with 'Moderate' AQI in 2024, as against only one day each in 2018, 2019 and 2020; '0' days in 2021 & 2023; and '2' in 2022. On the other hand, the number of days with 'Poor to Severe' AQI in December are also the lowest in the current year since 2018 i.e. only eight. A lowest avg AQI of 234 for the month of December (till 14th) has also been recorded in the current year 2024, since 2018, when the AQI has generally been in the range of '300-400' i.e. Very Poor," it said.

## The battle for, and of, New Delhi

RAJESH KUMAR ■ NEW DELHI

The prestigious New Delhi Assembly seat is likely to witness a fierce electoral contest with incumbent legislator, and Aam Aadmi Party (AAP) supremo, Arvind Kejriwal pitted against the sons of former Chief Ministers of Delhi, who have been fielded by the Bharatiya Janata Party (BJP) and Congress as their star candidates. The Congress party has fielded two-time former Member of Parliament (MP) and former Chief Minister (CM) Sheila Dikshit's son Sandeep Dikshit. Meanwhile, BJP senior leader and former MP, Parvesh Sahib Singh Verma, the son of former Delhi CM Sahib Singh Verma, on Saturday also claimed that he has been "asked to prepare for contesting from the New Delhi constituency". If this candidature materialises, the election will pit two scions of politician families against Kejriwal, making it a triangular battle of high-profile leaders. While the AAP and Congress have announced some candidates, BJP is still figuring out their list. The AAP has so far declared two lists with 31 names. According to poll experts, this election is more than just a political contest for Sandeep Dikshit, it is a chance for him to reclaim his family's legacy and 'settle old scores' in the New Delhi seat. Sources in the

Congress said a team which worked with Sheila Dikshit is still active in New Delhi which may help him to counter Kejriwal's narratives. Even in 2020, when it drew a blank in the Assembly polls for the second time in a row, the Congress had banked on the late Congress stalwart to revive its fortunes in what was once its citadel. The party's campaign song in 2020 had a line, "Ek Dilli thi vo jo Sheila ne khud se sawari tha. Fir se Congress wali Dilli...". Some insiders say in the past 10, the Congress is out of power in Delhi and their leaders and workers have lost their connectivity with the people. Currently, the Congress has no face that connects with people. The New Delhi constituency is one of the smallest, numerically speaking, of the total 70 Assembly seats and is dominated by the government employees as voters. On the other hand, AAP convener has an advantage as he has a connection with people. Speaking at an event earlier on Friday, Kejriwal rejected the rumours that he

was going to shift from the New Delhi seat to some other constituency in the Assembly elections which are due in February next year. "There will be no change. I will contest from the New Delhi seat and Chief Minister Atishi from Kalkaji," he said when asked about the possibility of changing seats by them. Verma, a former West Delhi Lok Sabha MP, said, "My party has asked me to prepare for this seat." The list of BJP candidates is yet to come out, he added. The AAP supremo shot to fame in the political arena of the country by defeating then chief minister Sheila Dikshit from the New Delhi constituency in the 2013 Assembly polls by a margin of over 25,000 votes. He won the seat again in 2015 defeating BJP's Nupur Sharma by over 31,000 votes. In 2020, the last Assembly election, Kejriwal defeated BJP's Sunil Yadav by over 21,000 votes. Congress candidate Ramesh Sabharwal got just 3,220 votes in the New Delhi seat in the 2020 Assembly elections.

## Ayodhya Ram Temple is UP's most visited destination of the year

BISWAJEET BANERJEE/KAMLESH SRIVASTAVA ■ LUCKNOW

Uttar Pradesh has experienced a tourism surge, breaking records with an impressive 47.61 crore tourists visiting the state between January and September 2024. Ayodhya, home to the under-construction Shri Ram Temple, has emerged as the state's most visited destination, surpassing even the iconic Taj Mahal in Agra. According to the Uttar Pradesh Tourism Department, Ayodhya alone welcomed 13.55 crore domestic tourists and 3,153 international visitors during this period. The upcoming inauguration of the Ram Temple has played a pivotal role in drawing unprecedented crowds.

"The rise in Ayodhya's tourism is nothing short of phenomenal," said Rajesh Tiwari, a Lucknow-based travel agent. "We have seen a 70% increase in bookings for Ayodhya tours compared to last year. Devotees and cultural enthusiasts from across the country want to be part of this historic transformation." While the Taj Mahal remains a global icon, its tourist numbers have seen a slight decline in domestic visitors, though international arrivals rose from 26,84,825 in 2022-23 to 27,70,340 in 2023-24. The overall domestic tourist count to the Taj Mahal decreased by 1,93,298 compared to the previous year. "The Taj Mahal is still an essential stop for international tourists," remarked Suresh Gupta,

a tour operator from Agra. "However, domestic travelers now prefer spiritual and culturally significant sites like Ayodhya and Varanasi. People are looking for meaningful travel experiences that connect them to their heritage." Tourism Minister Jaiveer Singh highlighted the state's broader tourism success. "The tourism surge is not limited to Ayodhya," he stated. "Varanasi attracted 6.2 crore domestic tourists and 1.84 lakh foreign visitors. Prayagraj drew 4.80 crore tourists, including 4,790 foreigners. Mathura, the birthplace of Lord Krishna, saw 6.8 crore visitors, including 87,229 international tourists. Even Mirzapur recorded 1.18 crore visitors." The state's Buddhist circuit hub,

Kushinagar, also saw substantial growth, welcoming 16.2 lakh visitors, including 1.53 lakh international tourists. Agra, despite competition from Ayodhya, received 1.25 crore tourists, including 9.24 lakh foreigners. Tour operators remain optimistic. "We expect even higher numbers with the upcoming Pran Pratishtha ceremony at the Ram Temple," said Poonam Verma, a tourism consultant from Delhi. "Religious tourism has become a defining factor in Uttar Pradesh's tourism industry. Events like the Kumbh Mela, along with better infrastructure and connectivity, have boosted travel significantly." Industry experts believe that consistent marketing and improved facilities have helped

Uttar Pradesh build a strong global tourism presence. "The government's focus on religious tourism is commendable," noted Amit Sharma, a hospitality consultant. "We now see better hotels, guided tours, and easier transport options, making the state an attractive destination for all types of travelers." Other destinations like Siddharthnagar (86,215 visitors), Lakhimpur Kheri (46.5 lakh), Pilibhit (30.6 lakh), Bijnor (34.4 lakh), and Sonbhadra (19.4 lakh) also contributed to the state's growing tourism footprint. With the Ram Temple nearing completion and major religious events on the horizon, Uttar Pradesh is poised to strengthen its position as India's top cultural and religious tourism hub.

# Leakages in commercial taxes to be plugged: Finance Minister

**PNS : DALTONGANJ**

Finance minister of Jharkhand Radha Krishan Kishore today asked the concerned officials to plug leakages in the commercial taxes.

"There are leakages in the commercial taxes. I will not be any elaborate at this stage but I mean it. Leakages must be plugged," Kishore said. He then switched to the excise revenue saying there is a big scope of big excise revenue here in Jharkhand. He said the excise revenue can be around 4000 crore of rupees which is staggering at the lowest peg in Jharkhand. Kishore took a frontal dig at the state government of

the period 2014 - 19 when 3500 crore to 4000 crore was spent on the infrastructural facilities without bothering for the fact sheet of the human resources.

The finance minister said today we have government buildings after buildings sans any human resource. It's a criminal waste.

Kishore had to put up a brave face in regard to money for the Maiya Samman Yojna saying Jharkhand has enormous mines where there is a systematic need to collect the maximum of revenue.

The state government will have to take women into confidence that their Maiya Samman Yojna will not be in

any lurch. The state government will keep it going.

The finance minister said he knows the banks are not coming forward to give loans like education loans for that matter. He said there is an imbalance in credit deposit ratio where money of Jharkhand's depositors are being used by the banks in big metropolises. Kishore was given a warm welcome today by the district Congress unit led by its president Jaish Ranjan Pathak alias Bittu Pathak. Bittu Pathak gave a lot of Congress veterans to speak which was a clear move to strengthen the district unit. The welcome ceremony hosted in honour of Kishore saw a meticulous

entry of Kishore's son Prashant Kishore in the public domain. Prashant gave a brief but meaningful speech.

Purnima Pandey, the lone woman voice heard today gave a real speech saying Rameshwar Oraon who comes from Palamu did nothing for his home district. There was a good applause for her frank comment.

Kishore took time to explain his circumstances behind his joining the BJP saying his heart and mind live in the Congress.

There was a return of Arun Singh who was once known as the architect of the political castle of Kishore after a few decades of his lying in shadow.

Winter has tightened its grip over Jharkhand, with temperatures dropping significantly across the state. Garhwa emerged as the coldest district, recording a bone-chilling 4.5°C, while Jamshepur's minimum temperature settled at 10.2°C, 2 degrees below normal. The cold wave is being attributed to the western disturbance, which has intensified the chill despite

sunny weather during the day.

Jamshedpur saw a slight rise of 0.6°C in its minimum temperature over the last 24 hours but still recorded a chilly 10.2°C. The maximum temperature was 26.6°C. In Chaibasa, the mercury dropped to 7.8°C, 4.7°C below normal, marking an increase of 1.4°C in the last 24 hours. Saraikela recorded a low of 7.9°C, 3.1°C below normal.

Across the state, temper-

atures dipped below 10°C in 19 districts, including Ranchi (9.2°C), Daltonganj (6.6°C), and Dhanbad (6.3°C). Khunti experienced a particularly sharp drop, with the mercury falling to 5°C.

A yellow alert has been issued for severe cold wave conditions in Garhwa, Palamu, Chatra, Gumla, Ramgarh, Bokaro, and Dhanbad. Residents have been advised to take precautions against the extreme cold, especially during the early morning and late-night hours.

The minimum temperatures in East Singhbhum, West Singhbhum, and Saraikela are predicted to rise gradually over the next few days: East Singhbhum: 10°C (15th Dec) ? 12°C (18th Dec), West Singhbhum: 9°C (15th Dec) ? 11°C (18th Dec) Saraikela: 9°C (15th Dec) ? 11°C (18th Dec)

## BJP finds loopholes in JSSC claims, seeks CBI probe

PNS : RANCHI

State spokesperson of Bharatiya Janata Party Pratul Shahdev expressed deep surprise at the fact that on one hand the Chief Minister ordered a CID investigation of the CGL exam yesterday. On the other hand, today JSSC gave itself a clean chit by holding a press conference regarding the CGL exam. This seems to be a direct case of the Chief Minister influencing the order of the CID investigation.

Pratul said that this haste makes the whole matter even more suspicious. It would have been better if JSSC had told all these facts to the investigating authority during the CID investigation. By holding a press conference, the commission is directly trying to create public opinion and influence the investigation. Pratul said that now the Chief Minister should take the initiative and recommend a CBI investigation.

Pratul said that big allegations were made in the CGL exam. When the exam was conducted for the first time, there was an allegation of leaking the question paper on WhatsApp for Rs 25 lakh. In the second exam, despite the internet being shut down, students made serious allegations of copying the question paper from the old exams. The result of the exam was declared even though the case was pending in the court. After that, lathicharge was also done on the students protesting against the result of the exam in Hazaribagh.

Pratul said that JSSC claimed that more than 80 per cent local students have been selected in the exam. When the cut-off date of locality is not defined at the government level till date, then on what basis is JSSC making this claim. Pratul said that the Chief Minister had said that 100 per cent of the tribal native students here will be given jobs in third and fourth grade. The same thing was repeated in the Governor's address. So this figure should have been 100 per cent.

Shahdev said that the threats received by JSSC officials through email appear to be a very serious matter at first sight. There should be a high level investigation into this and if necessary, the government should also provide security to the officials who have been threatened.

## '500 CM Schools of Excellence' to be opened next 5 years'

PNS : RANCHI

School Education Minister Ramdas Soren said that 500 CM Schools of Excellence will be opened in Jharkhand in the next five years. He said that there are currently 80 such schools in the state, which will be increased to 160 in the next two years.

Ramdas Soren said that a dual education system is currently running in Jharkhand. "On one hand, children of the rich class study in English medium schools. On the other hand, poor children have to study in Hindi medium. To end this, the government has planned to give the opportunity to study in English medium to the children as well. The aim of CM School of Excellence is to provide CBSE-recognized English medium education to

poor students," he added.

The Minister said that Chief Minister Hemant Soren had started this scheme in the previous government. "After the opening of 500 CM Schools of Excellence, there will be a big change in the education system of the state. Poor children will also become eligible for jobs in

the country and abroad. He said that students studying from CBSE get more opportunities in competitive examinations because most of the questions in the examinations are prepared on the basis of CBSE board. This scheme will give equal opportunities to poor children and the level of education in the state will improve," he said.

Soren said that there is a huge shortage of teachers in the state. "To overcome this, the government has decided to recruit 52 thousand teachers. But at present the matter of recruitment of 26 thousand teachers is pending in the Supreme Court. After the court's decision, 26 thousand teachers will be appointed in the first phase and then 26 thousand more teachers will be appointed in the second phase," he said.

Chief Minister (CM) Hemant Soren has taken cognizance of the molestation of girl students outside Kanya Pathshala School located in Upper Bazar, Ranchi. He has ordered Ranchi Police to take strict action against the accused.

For the past few days, miscreants have been molesting girls outside Kanya Pathshala School in Ranchi. The miscreants take advantage of the silence in the streets from 7 am onwards

and try to misbehave with them. Due to this fear, the girls have stopped coming to school.

The teachers of the school also went to the police station regarding this matter. But no action was taken. This entire incident has been captured in CCTV. The footage clearly shows how a miscreant is misbehaving with the girls. The miscreants have told the students that they will come every day. Due to which the girls are scared of coming to school.

The school in-charge said that due to the incident of molestation, many students do not come to school. The school students told that they come to school at 7 am. In the morning, there is silence on the road leading to the school, which the miscreants are taking advantage of.

Even after this, the youths who are molesting have said that they will come every day and molest them. After the video went viral, the police have started investigation.

# Congress slams PM Modi's 11 resolutions as hollow, demands discussion on Adani issue

PIONEER NEWS SERVICE ■ NEW DELHI

The Congress on Saturday termed as "hollow" Prime Minister Narendra Modi's 11 resolutions articulated in his speech in the Lok Sabha and said if the BJP has zero tolerance on corruption then why doesn't it discuss the Adani issue. The opposition party also questioned why Prime Minister Modi, Union Home Minister Amit Shah and Defence Minister Rajnath Singh were not present in the House when Leader of Opposition Rahul Gandhi spoke while participating in a two-day debate on the "Glorious Journey of 75 Years of the Constitution of India".

Prime Minister Modi on Saturday said that the Congress, having "tasted blood", repeatedly wounded the Constitution while his government's policies and decisions since it took office in 2014 have been aimed at boosting India's strength and unity in line with the vision of the Constitution. Asked about the PM's remarks, Congress leader Priyanka Gandhi Vadra likened his over 110-minutes speech in

the Lok Sabha to a "double period of mathematics" from school and said it "bored us". She slammed Prime Minister Modi's 11 resolutions as "hollow" and said if there is zero tolerance towards corruption then why doesn't the BJP agree to a discussion on the Adani issue.

"PM has not spoken one thing which is new, he has bored us. It took me decades back, I felt like I'm sitting in that double period of Mathematics," she said. "Nadda ji was also rubbing hands but as soon as Modi ji looked at him, he started acting as if he is listening attentively. Amit Shah also had his hand on head, (Piyush) Goyal ji was going off to sleep. It was a new experience for me. I had thought that the PM will say something new, something nice," she said. Congress general secretary in-charge organisation K C Venugopal said, "On a debate about India's Constitution, the PM once again decided to bring out his tired old speech about the Congress instead. While the people were expecting an answer from him on the injustice and inequality facing Indian society, he chose to

bring up stale narratives against the Congress, which have lost all resonance among the public." "Truth is, he has no answer to the allegations regarding the Adani mega scandal, nor does he have a response to the growing instances of caste and religious divisions created by his own regime," Venugopal said. "It was only blame game against the Congress. In yesterday and today we exposed government's deeds on Adani. They are using entire machinery to give everything to one person. Whenever we talk of the Constitution they did not respect Parliament. When LoP spoke, the prime minister, home minister and defence minister was absent, either they are scared of Rahul Gandhi or they don't believe in opposition politics," Venugopal said.

# Congress did not give Ambedkar his due: Union Minister Kiran Rijju

PIONEER NEWS SERVICE ■ NEW DELHI

Union minister Kiran Rijju on Saturday tore into the Congress for not giving BR Ambedkar his due, as he questioned the opposition's claims that minorities were being denied their rights. Intervening in the debate in the Lok Sabha on 75 years of the adoption of the Constitution, the parliamentary affairs minister cautioned that "our words and actions should not diminish the image of the country in the world fora". Rijju was the first speaker on the second day of the debate in the Lower House. While India has given equal voting rights to all, some claim that minorities have no rights in the country, Rijju said in an apparent jibe at the opposition. In his over an hour-long speech, Rijju suggested that the Congress should "apologise" to

Ambedkar to "lessen its sins". He alleged that "you" (apparently the Congress) made Ambedkar lose in the 1952 parliamentary polls. Rijju also questioned the delay in bestowing Ambedkar with the Bharat Ratna and asserted that the chief architect of the Constitution was conferred with India's highest civilian honour after a government supported by the BJP came to power at the Centre. Continuing his tirade, Rijju cited Ambedkar as saying that while Jawaharlal Nehru delivered more than 2,000 speeches in 20 years, he never spoke about the welfare of Scheduled Castes "even once". "Pandit Nehru is always for Muslims," the minister, said quoting Ambedkar. Citing a document, Rijju said while Ambedkar wanted reservation indefinitely till equality was achieved, Nehru advocated for it to be in place for 10 years. A day after

several opposition leaders claimed in the Lower House that the rights of minorities were shrinking, the Union minister said India not only provided legal protection to minorities, it also had a provision for affirmative action to protect their interests. Rijju said successive governments worked for the welfare of minorities. "The Congress has also done that, I am not undermining its role." The minister also cited a survey to claim that minorities, including Muslims, were facing discrimination and hate crimes in many nations. The situation in neighbouring Pakistan, Bangladesh and Afghanistan where minorities are facing persecution is well-known, he said. Groups seek refuge in India as they feel this country is safe for them, Rijju added and wondered why such narratives on minorities' rights were being floated.

# Is Adani unparliamentary word: Priyanka Gandhi in her maiden speech

PIONEER NEWS SERVICE ■ NEW DELHI

Congress MP Priyanka Gandhi Vadra on Saturday questioned why 'Adani' was expunged from her speech and asked if it is an unparliamentary word. In her maiden speech in the Lok Sabha on Friday, Priyanka Gandhi had said it seems Prime Minister Narendra Modi has not understood that it is "Bharat ka Samvidhan" and not "Sangh ka Vidhan". Asked about BJP's criticism of Leader of Opposition in Lok

Sabha Rahul Gandhi's speech, she told reporters on Saturday, "This is the job of the BJP. They don't want to talk on real issues. The speech that I have given, only Adani has been expunged from it." "Is Adani unparliamentary word? They can take anyone's name, we can't take Adani's name?" she said. The newly elected Wayanad MP claimed during a debate on the Constitution in the Lok Sabha that had it not been for the Lok Sabha poll results, the ruling party would have started changing the Constitution.

# BJP demands apology from CM Sukhvinder Singh Sukhu for eating 'jungli murga'

PTI ■ SHIMLA

The Himachal BJP on Saturday demanded an apology from Chief Minister Sukhvinder Singh Sukhu for allegedly encouraging his associates to eat "Jungli Murga" (Grey Junglefowl), which is an endangered species, during a dinner in a remote area in Shimla. Sukhu responded by saying that he does not eat oily and non-vegetarian food due to health reasons. He further said eating non-vegetarian food is a way of life in villages and accused the opposition leaders of making an issue out of it. The BJP's statement came after a video went viral on the internet, in which Sukhu is seen saying, "Inko do Jungli Murga, hume thodi khana hai (Give them Jungli Murga, I don't want to eat)". Sukhu then asks his companions if they wish to eat the dish. The video was shot at the remote Tikkar area of Shimla district, where the Chief Minister was having dinner

with Health Minister Dhani Ram Shandi and other officials on Friday night and the particular dish was listed on the menu. "Jungli Murga (Grey Junglefowl) is an endangered species listed in Schedule I of the Wildlife (Protection) Act, 1972, and the Wildlife (Protection) Amendment Act 2022. Hunting and eating this species is illegal," said BJP spokesperson and state social media in-charge Chetan Bragata in a statement issued on Saturday. Meanwhile, Leader of Opposition Jai Ram Thakur pointed out that there are provisions for imprisonment and fines for hunting and eating "Jungli Murga." He accused the CM of not only having the dish featured on the dinner menu but also encouraging his associates to eat it. BJP MLA from Dharamshala, Sudhir Sharma, said that while the CID is still probing who leaked the samosa enquiry report, another controversy has emerged regarding the serving of "Jungli Murga." He

called on the forest department to take action in this matter. The incident of three boxes of samosas and cakes being mistakenly served to the CM's security staff during an event on October 21, instead of him, has taken on disproportionate significance following a CID probe that termed the mix-up an "anti-government" act. In a video byte, Sukhu responded by saying, "The villagers served the chicken for dinner, but I refused as I do not eat it and now Jai Ram Thakur is making an issue out of it." "I do not eat oily and non-vegetarian food due to health reasons," he later added in a statement, insisting that opposition leaders have no real issue and are merely trying to tarnish the image of the villagers. Despite being an endangered species, hunting and eating the Grey Junglefowl, which is considered delicious, is reportedly a common practice in rural areas of the state, particularly during the winter months.

# Congress apologised for Emergency but BJP silent on its own actions: NC MP Mian Altaf Ahmad

PIONEER NEWS SERVICE ■ NEW DELHI

Opposition MPs on Saturday accused the Bharatiya Janata Party (BJP) of attacking the Constitution, with National Conference (NC) MP Mian Altaf Ahmad saying while the Congress apologised for imposing Emergency, the ruling party has been silent on its own actions. Participating in a debate on 75 years of the adoption of the Constitution, Ahmad slammed the BJP for bifurcating the state of Jammu and Kashmir into two union territories. "Congress has apologised for the Emergency but you are silent on various things you have done... Congress toppled elected governments, but you divided our state into two Union Territories, which was unnecessary," he said. Communist Party of India (Marxist) Leninist Liberation MP Raja Ram Singh named activists like Stan Swamy, who was jailed

in the Bhima Koregaon case and died in the prison, Umar Khalid, Gulfisha and Meeran Haider, who have been arrested on the allegations of links with the 2020 Delhi riots. "What Constitution are we talking about?" he said. Singh said the idea of economic equality is also enshrined in the Constitution and there should be a proportional difference in the salary of the president and a peon. "You want a peon for Rs

5,000 but the CEO gets paid Rs 2.5-3 crore... Government is encouraging growing economic disparity," he said. The MP also slammed the BJP for wanting to keep "Gandhi in one pocket, and Savarkar in the other pocket." "This double standard would not work. BJP is playing with the Constitution, they want to bring communal fascism in this country," he said. "The first chapter of the

Constitution has the figure of Buddha on it, don't try to replace it with the Gita," he said. The Revolutionary Socialist Party (RSP) MP N K Premchandran also pointed out at the growing divide between rich and the poor and said the directive principles speak about minimising inequalities. He accused the BJP government of trying to concentrate wealth and means of production in a few hands. "The fruit of so-called economic development is not reaching the poor and the marginalised," he said, adding that B R Ambedkar had warned that economic and social inequalities will destroy the foundation of democracy. He also said the secular fabric of the country was under threat. He said people of the country did not give absolute majority to the BJP because they wanted to protect the secular character of the nation.

The Global Status Report on Drowning Prevention, released by the World Health Organisation (WHO) on Friday has painted a grim picture of the global toll of drowning, which claimed over 300,000 lives in 2021-equivalent to 30 deaths per hour. Alarmingly, it said, if current trends persist, over 7.2 million lives, predominantly children, could be lost to drowning by 2050. More so, with climate change increasing the frequency and intensity of flooding, drowning prevention becomes an urgent priority, as 75 per cent of flooding deaths result from drowning.

Drowning remains a huge burden given that it is the third leading cause of death for children aged 5-14 years and the fourth leading cause for those aged 1-4 years. As per the report, 92% of drowning deaths occur in low- and middle-income countries with the South-East Asia Region (including India) accounting for 28% of

global deaths in 2021. While global drowning deaths have decreased by 38% since 2000, progress varies significantly. For example, the European region saw a 68% drop, while South-East Asia achieved a 48% decline. Data limitations exclude deaths caused by natural disasters (e.g., floods) or water transport, likely underestimating the true scale. Only 33% of countries offer national programmes to train bystanders in safe rescue and resuscitation. Just 22% of countries include swimming and water safety education in school curricula. Without significant investment in drowning prevention,

economic losses could reach \$4 trillion globally by 2050, as per the report which emphasises the need for multi-sectoral involvement to address drowning, including government, education, health, and infrastructure sectors. Providing day care for pre-school children and teaching school students basic swimming skills could help protect millions of lives in countries with high rates of drowning, the report states. Investing in drowning prevention efforts would not only save lives, it could help prevent economic losses of about \$4 trillion that could occur by 2050 if efforts are not taken to stem the crisis, the report points out.

In a wake-up call to the escalating challenges of climate change, a new report by researchers from the Indian Institutes of Technology (IIT) Guwahati and Mandi has identified at least 11 districts in India, including Patna (Bihar), Alappuzha (Kerala), and Kendrapara (Odisha), as being at 'very high' risk of experiencing both floods and droughts, necessitating immediate intervention. The climate risk assessment report compiled jointly by the two IITs in collaboration with the Centre for Study of Science, Technology and Policy (CSTEP), Bengaluru, categorised 51 districts in

India under the "very high" flood risk category, with 118 more as "high" risk. States like Bihar, Assam, Jharkhand, Odisha, and Maharashtra are most affected, said the study that assessed risks across 600 plus districts. India's heavy dependence on the monsoon underscores the critical nature of these risks. Variability in rainfall-leading to either droughts or excessive floods-directly impacts agriculture, livelihoods, and rural economies, said the report. "India's agrarian society is deeply dependent on the monsoon, making the challenges posed by climate change, such as droughts and excessive rainfall, increasingly critical. This report, a collaboration

between DST, SDC, provides a comprehensive risk assessment for over 600 districts, offering invaluable insights for effective mitigation strategies," noted Devendra Jalihal, the IIT-Guwahati director. The study integrated climatic hazards, exposure and vulnerability to offer a comprehensive view of district-level risks to aid in disaster risk reduction and highlight the direct impact on people and livelihoods, paving the way for data-driven adaptation planning. "Climate change is one of the most formidable challenges of our time, impacting agriculture, livelihoods, and every aspect of life. No single entity can address this alone - it requires collective efforts and

innovative frameworks. Through this report, we take a significant step towards identifying vulnerabilities, assessing sensitivity and addressing challenges faced by local communities at risk," said Anita Gupta, head of scientific divisions in the Department of Science and Technology. "Translating these findings into on-ground actions is essential, and the insights must reach every stakeholder at both national and state levels. This is just the beginning, as India moves forward with a balanced adaptation and mitigation strategy to achieve a cleaner, greener and climate-resilient future. Together, we will fast-track our goals for a Viksit Bharat and a Net Zero Bharat by 2047," Gupta added.

# Protests erupt in Kolkata over doctor's rape and murder case, Opposition alleges CBI's inefficacy

PTI ■ KOLKATA

A day after two key suspects in the rape and murder of a doctor at the RG Kar hospital got bail, the Left parties and the Congress on Saturday took out protest rallies at various locations in Kolkata, alleging that the CBI has "failed" to deliver justice in the case. They also alleged that the ruling Trinamool Congress (TMC) in West Bengal and the BJP-led Centre have a "tacit understanding". The Congress took out a procession from Rabindra Sadan area to the CBI office at Nizam Palace in southern Kolkata and criticised the central probe agency for its alleged inability to frame charges against the two accused in the case. During the procession, Congress activists were seen holding the party flags aloft and chanting slogans like "We

demand justice" and "Bihar chai Tilottoma (Tilottoma wants justice)". The police stopped the Congress activists from entering the Nizam Palace, which led to a scuffle between the protesters and the police personnel. Hundreds of people took part

in a rally, organised by the West Bengal Junior Doctors Front (WBJDF), from Karunamoyee to another CBI office at CGO Complex in Salt Lake area, covering a distance of one kilometre. Junior doctors' forum organised the march to protest the "delay in framing

charges by the Central Bureau of Investigation (CBI)" against all the "conspirators" in the rape and murder of the woman doctor at RG Kar Medical College and Hospital on August 9. The parents of the deceased medic also participated in the rally. "We will fight for justice

and it is our right," said the mother of the deceased doctor. The protesters were holding placards which read "If the system has failed, we will make it function to deliver justice". In a separate rally, SUCI (Communist) activists marched from Karunamoyee to the CGO Complex in Salt Lake, while a rally was taken out by SFI, the students' wing of the CPI(M), in College Street area in the northern part of the city. The Sealdah court in Kolkata had on Friday granted bail to RG Kar Medical College and Hospital's ex-principal Sandip Ghosh and former officer-in-charge of the Tala Police Station Abhijit Mondal in the rape and murder case of the on-duty doctor. They were granted bail after the CBI "failed" to file a charge sheet against them within the mandatory 90-day period.

# Fake notice sent to UP Governor in land inheritance case

BISWAJEET BANERJEE ■ LUCKNOW

In a shocking incident, an unidentified miscreant sent a forged legal notice to the Uttar Pradesh Governor in connection with a land inheritance case pending in Malihabad Tehsil court. The matter came to light when the notice file reached the district collectorate from the Raj Bhavan, prompting the Governor to express displeasure and direct strict action, sending officials into a frenzy. The case involves a dispute between Meera Pal and the village council over inheritance rights, which are currently under consideration in the court of Tehsildar Vikas Singh. According to officials, the miscreant fabricated a regular legal notice by forging the court's seal and the signature of the Tehsildar's assistant. The notice, dated October 29 with a hearing date of November 8, was speed-posted from Lucknow to the

Raj Bhavan on November 11. Tehsildar Singh clarified that under the Uttar Pradesh Revenue Code 2006, computerized notices are automatically generated for parties involved in inheritance disputes under Section 34. "The Governor is not a party in such cases, and no such notice was issued from the tehsil," he confirmed. Sub-Divisional Magistrate (SDM) Saurabh Singh stated that the fake notice aimed to tarnish the tehsil's reputation. "Someone used a forged

court seal and signature, creating a false notice and sending it via speed post from Lucknow," he said. While the letter from the Raj Bhavan has yet to reach Malihabad, an investigation is underway to trace the culprit. "Strict action will be taken against the person responsible," assured SDM Singh. The incident has raised concerns about potential misuse of official seals and documents, prompting officials to tighten security measures in administrative offices.

The future environment for military leaders will be full of challenges due to the emergence of disruptive new technologies, said Nepal Army Chief General Ashok Raj Sigdel as he reviewed the IMA's passing-out parade for the autumn course on Saturday. He called upon the gentlemen cadets passing out of the Indian Military Academy (IMA) to be ready for such challenges and said they can embark on their exciting new journey with confidence, as they have received the best training available in the field. "The job ahead is not easy. You will face a future environment that is invariably multi-domain, multi-theatre, and multi-sectoral. The challenges will be multi-pronged due to the emergence of disruptive

technologies, but you can go forth with confidence because you have received the best training," General Sigdel said, addressing the cadets. A total of 491 cadets passed out of the IMA on Saturday, including 456 from India and 35 from friendly countries. "Valour will carry you through difficult times, and wisdom will help you carve out the best path forward," General Sigdel said. As the cadets step into their new roles as military leaders,

their endurance will be tested, as they will be required to perform their duties in extreme climatic conditions - ranging from the highest altitudes to the lowest depths, from the coldest glaciers to the hottest deserts, and from the loneliest jungles to the densest urban centers, he added. Their skills and the values of valour and wisdom instilled in them at the IMA will stand them in good stead, General Sigdel said. He praised the

cadets for their immaculate turnout and flawless drill, saying it reflected their high level of training. General Sigdel further congratulated the cadets and wished them the best on their exciting new journey. He said they should serve their respective nations with the highest degree of professionalism and integrity. # Kerala Education Minister warns of strict action over leaked SSLC, class 11 question papers

PTI ■ THIRUVANANTHAPURAM

Kerala Education Minister KV Sivankutty on Saturday warned of stringent action against those behind the leak of question papers for SSLC and class 11 Christmas examinations. "The Director General of Education will lodge a complaint with the DGP regarding the incident," he told reporters here. According to recent media reports, the question papers of Class 10 English and Class 11 Mathematics for the Christmas examinations were leaked and circulated on YouTube channels before the exams. He also said action would be initiated against YouTube channels that published the leaked question papers. "The government will

collect information about teachers from the Public Education Department who are associated with private tuition centers, and they will be subjected to an investigation," the Minister stated. Criticising the YouTube channels that published the leaked question papers, he said such actions only bring them "notorious fame." "Although the current exams are not pivotal to students' future, it is crucial to uphold the credibility of the examination system," he added. The Minister reiterated that teachers are already prohibited from engaging in private tuition, and strict action has been taken against those violating the department's directives. "We will release the figures of those soon," he added. A release issued by the

General Education Department on Saturday said the Director of General Education will soon lodge a complaint with the State DGP and Cyber Cell regarding the leak of plus one question papers for the Christmas examination and its appearance on a YouTube channel. Strict security measures are in place across all stages, including the preparation and distribution of question papers. The Department of Public Education added that no compromises would be tolerated in ensuring the integrity of school examinations.

# Allu Arjun released from jail after spending a night in custody over stampede incident

PTI ■ HYDERABAD

Actor Allu Arjun was released on Saturday morning from the jail where he spent the night after being arrested in connection with the death of a woman in a stampede here during the premiere of his latest film. Arjun had to spend Friday night in prison despite the Telangana High Court granting him bail, as the authorities had not received

a copy of the bail order until late last night. "He has been released," Ashok Reddy, his counsel, told reporters at the Chanchalguda prison. After reaching home, Arjun thanked his followers and others across the country for their love and support and said he is a law-abiding citizen and respects the law. "I'll cooperate with them and I'll do the needful. And very importantly, I would like to give my condolences once again to the family. It (death of a woman) is very very unfortunate," he told the media. On his arrest, the 42-year-old actor said he believed in the law and respected it. "When the law is taking its course, I should not deal with the case, so I should not talk about it. From a legal standpoint, I would not like to talk about it," he

said. Arjun said it was a challenging time for his family. A 35-year-old woman died and her eight-year-old son was hospitalised on December 4 during a stampede-like situation at the Sandhya Theatre in Hyderabad when thousands of fans jostled to have a glimpse of the actor at the premiere of the blockbuster "Pushpa 2: The Rule." Following the incident, the city police registered a case against Allu Arjun, his security team, and the theatre management under different sections of Bharatiya Nyaya Sanhita (BNS) at the Chikkadpally police station based on the complaint lodged by the deceased woman's family. Reiterating that he would support the family of the deceased, the actor said he

has been going to theatres to watch films for the past 20 years. From the prison, the star directly drove to his family production house, Geetha Arts and spent some time there. After reaching home, he was hugged by his son, wife and other family members. Arjun was driven out through the Prison Academy gate at around 6.45 am, sources said. Ashok Reddy claimed that the prison authorities did not release the actor despite having got the High Court order copy. "You should question the government and the department why they have not released the accused. The High Court order is very specific. Forthwith, the moment you (prison authorities) receive the order, (they should) release him. Despite the

clear order, they have not released, they have to answer. This is an illegal detention. We will take legal steps," Reddy said. According to the counsel, Allu Arjun was kept in jail as a "special category prisoner". The "Pushpa" actor was arrested from his residence on Friday morning unfolding a day-long dramatic turn of events. After the arrest, Allu Arjun was produced in a local court which remanded him to 14 days' judicial custody. However, his lawyers moved the HC and secured interim bail. Arjun was lodged in Chanchalguda prison shortly before the HC spelt its order. Meanwhile, police stepped up security outside the star's city residence anticipating a surge of fans post his release.

# I feel bad that I missed the opportunity, but I can re-create it: Patidar hopes for India return

PTI ■ BENGALURU

Rajatar Patidar's international career did not take off as he would have liked, but the Madhya Pradesh batter is confident of "re-creating" the opportunity through domestic matches and don the India jersey again. Patidar's six innings against England earlier this year produced just 63 runs, but the right-hander has shown impressive touch in the first half of the Ranji Trophy and the ongoing Syed Mushtaq Ali Trophy. "I enjoyed going to the Test team. But sometimes I feel bad that I missed the opportunity. But it's alright sometimes things don't go your way," Patidar said

during an interaction here on Saturday.

Patidar has accepted his "failure" and has moved away from that disappointing space.

"I think acceptance is the key. You have to accept that there will be failure in the cricketing journey. So, it's important for me to face it and learn from it.

"I have just accepted it and I am moving forward. It's a part and parcel of the game. I can re-create the opportunity," he added.

In that context, the 31-year-old has taken a bold first step, scoring a good amount of runs in domestic tournaments.

From five Ranji Trophy matches, the Madhya Pradesh captain has made

427 runs at an average of 53.37 with a hundred and a fifty. Patidar is also the third highest run-getter in the ongoing SMAT behind Ajinkya Rahane (432) and Bihar's Sakibul Gani (353) with 347 runs from nine matches at a strike-rate of 182.63 with four fifties.

The powerful right-hander said trusting his skills was the reason behind his good run.

"I am just trying to back my strength in the areas where I am going to hit, like I was doing in the last couple of years. I am just trying to find out the same pattern that I was playing in the IPL.

"My mantra is to play one ball at a time. I try to put my impact on the opposition for my team. I don't try to get

big scores. I have never paid attention to that," he said.

Patidar also received a confidence-boost when Royal Challengers Bengaluru retained him ahead of the IPL auction.

"Yes, definitely, RCB is a big franchise and I love playing for RCB. So it (retention) gave me a lot of confidence that they retained me."

Patidar's name is doing rounds within RCB circles as their prospective captain for IPL 2025 after the franchise released Faf du Plessis.

He was open to that challenge.

"Of course, if I get an opportunity to lead RCB, that is what I am there for, and I will be happy. But it all depends on the franchise," he said.

However, Patidar has an immediate goal to accomplish, guiding Madhya Pradesh to their maiden SMAT title against Mumbai on Sunday at a venue where they won the Ranji Trophy two seasons ago.

Incidentally, they had beaten Mumbai that time and Patidar had made 122 in MP's six-wicket victory.

The captaincy sits light on his shoulders.

"I have learnt a lot out of it. I have enjoyed learning the tactics. I love seeing players and anticipating what they can do.

"I have learnt a lot about captaincy from my coach (Chandrakant Pandit). Everybody knows that he is the best coach in India," he said.

## Assam govt not taking initiative to identify sporting talents, says Bhogeswar

PTI ■ SIVASAGAR (ASSAM)

Assam's first Arjuna Awardee sprinter Bhogeswar Baruah has criticised the state government's sports policy, saying it is not taking enough initiatives to identify and nurture talent in rural areas.

"It is sad to say that there is no production of sports persons anywhere in Assam. Earlier, we used to organise camps to attract new talents, but it is not happening anymore," Baruah, a gold medallist in 800m at the 1966 Asian Games, told PTI. The 84-year-old said the government has engaged so many coaches who could be sent to districts to organise such camps and impart training, but such initiatives are not happening.

"If there is no coaching, how will we produce sports persons? If any sports event takes place, the kids are just taken there to participate. If there is no training or camp, how will our children progress?"

"If there is any tournament, children are called and taken to participate -- this is Assam's sports policy," Baruah said.

Baruah, who won gold and silver at the Asian Games in 1966 and 1970 respectively, accused the government of encouraging only those who have achieved success on their own.

"Has the government made anyone a sports person? Government is not identifying and picking up talents from the ground. When someone shines, only then the government comes into the picture. That is what

is happening nowadays," he said.

Baruah said it has been almost 6 to 7 years that any sports camp has been organised in the state.

"If they (government) were interested, I would have definitely gone to the ground and given tips to the athletes. When the government has no idea, no intention, no aim, what can I do?" he said.

Baruah said earlier 2 to 3 such camps used to be organised annually but questioned why they have stopped.

"You go and ask the Director of Sports. They have not organised a camp for so many years! Why is it not happening nowadays?" he remarked.

Baruah claimed he had requested the concerned officials several times to hold sports camps, but there has been no response.

"I had even sought equipment saying that we would hold a camp. Give at least one set of hurdles for doing training. You need 10 hurdles in one line, but we sought five for training purposes. There is no jumper, pole vaulter -- nothing is available," he claimed.

Asked if he spoke to the state Sports Minister regarding this, Baruah said due to his age he could not meet him to discuss the matter.

Reflecting on the future of sports in Assam, Baruah said: "I can't say anything. I will say what is right. There has been no camp at all during the tenure of the present government." The Assam government is

currently organising the second edition of 'Khel Maharan', aiming at identifying and nurturing rural talent through grassroots-level competitions.

"All sports persons are in the villages. We have to search and nurture them. Rural sports is the only way to find real talents, otherwise we won't get it," Baruah said when asked about 'Khel Maharan'.

In 2021, the Assam government had decided to observe Baruah's birthday September 3 as 'Sports Day'. Baruah heaped praise on Asian Games gold medallist runner Hima Das and Olympic medallist boxer Lovlina Borgohain, saying their success is largely due to the efforts of their parents.

"There is nothing that the government should take credit for," he added. Baruah recalled advising Das on improving her running technique. "Earlier, she used to run straight. Later, I told her to bend slightly forward and she is doing accordingly. I asked her to bend her upper body. Now, she is doing well. Her body is very strong," he commented on the sprinter.

## 1st T20I: Under-fire Harmanpreet's India face gritty West Indies

PTI ■ NAVI MUMBAI

Her poor leadership under constant scanner, a beleaguered Indian captain Harmanpreet Kaur will need to quickly pick up pieces from the Australia series debacle as hosts take on West Indies in the opening game of the three-match WT20I series starting here on Sunday.

India have won each of their last eight T20Is against the West Indies in the shortest format since November 2019. But to maintain this dominating run, India will have to dig deep from rapidly depleting reservoirs of both resources and confidence to keep the ship afloat.

It has not been a smooth ride for the Indian skipper whose questionable selection calls during the Australia ODI series left everyone wondering as to how long the national selectors will persist with her despite Smriti Mandhana well and truly ready to take over the mantle. This is India's first T20 series after the inglorious T20 World Cup exit where the only consolation was a hard-earned win against Pakistan. India after that won an ODI

series against New Zealand at home and were blanked by Australia during the subsequent 50 over series Down Under.

While Harmanpreet's own batting form has been better than many, it is her unimaginative leadership that is causing a lot of problems as the team is still playing archaic brand of cricket across both white ball formats.

The profligate Shafali Verma has been ignored by the selectors once again even though her chances of doing well in T20Is in Indian conditions is way better where she can employ her cross batted game.

First-up, India will need a

quick turnaround from their forgettable ODI tour of Australia which ended in a 0-3 rout with the visitors being thoroughly outplayed in all departments.

Having lost the final ODI in Perth last Wednesday, Kaur and her side will not get enough time to rest and recover as they have made it to the DY Patil Stadium here for the series opener.

The packed schedule — three T20Is with a gap of one day each — will further test the fitness and morale of the team that is low on confidence and without their preferred players in Pooja Vastrakar, Shreyanka Patil, Yastika Bhatia, Priya Punia and most importantly, Verma.

## Gillespie resigned as Pakistan's Test coach over selection dispute

PTI ■ KARACHI

Jason Gillespie decided to step down from his role as Pakistan's red-ball coach after not being consulted on the selection of the national squad for the upcoming two-Test series in South Africa.

A well-informed source, familiar with the developments, revealed that some officials in the Pakistan Cricket Board (PCB) had created a difficult environment for Gillespie, who just a month ago had even been offered the job of head coach of the white-ball squad "Circumstances were created to make the former Australian player feel alienated in major decisions about the team," the source said.

"First despite his request the board didn't renew the contract of high performance coach Tim Nielsen and then the Test squad for the SA series

was announced without consulting him," he added.

The source said that while Gillespie was aware that the board had stripped him of say in the selection matters, he expected as head coach, he would be consulted by the selectors in the selection of any series.

"Gillespie was also not happy that while refusing to renew contract of Nielsen whom he had recommended the board preferred to bring in Shahid Aslam from the national

cricket academy as a coach into the support staff on recommendation of interim white ball head coach and senior selector Aaqib Javed," the source added.

He said that in recent weeks, Gillespie's calls were not being regularly answered by some officials, which irked him. This was particularly frustrating as he had agreed to serve as interim coach for the white-ball series in Australia, where Pakistan won the ODI series for the first time since 2002.

## Amir announces retirement from international cricket

PTI ■ KARACHI

Controversial Pakistan left-arm pacer Mohammad Amir bid adieu to international cricket on Saturday, months after coming out of retirement to play in the T20 World Cup. Amir, who was banned from cricket for five years between 2010 and 2015 on spot-fixing charges and was briefly jailed for his crime, had retired from all forms of international cricket in 2020.

However, he changed his mind and returned to play in T20 World Cup earlier this year.

"After careful consideration, I have taken the difficult decision to retire from international cricket. These decisions are never easy but are inevitable. I feel this is the right time for the next generation to take the baton and elevate Pakistan Cricket to new

heights!" he wrote on his social media handles.

"Representing my country has been and always will be the greatest honour of my life. I would sincerely like to thank the PCB, my family

The pacer, who was 19 then, had deliberately overstepped along with fellow quick Mohammed Asif at the behest of former skipper Salman Butt and they were all caught. All three were briefly jailed in the UK, where fixing is a crime but were later released.

The ICC banned them for five years between 2010 to 2015. Only Amir made a successful return to international cricket and was the hero of Pakistan's Champions Trophy triumph over India in 2017 in the UK.

A key member of Pakistan's team over the years, he featured in 36 Tests, 61 ODIs and 62 T20Is since making his international debut in June 2009.

He took 271 international wickets and scored 1,179 runs across the three formats and was a part of the 2009 ICC T20 World Cup-winning side.

The announcement comes a day after all-rounder Imad Wasim decided quit international cricket.

Both Amir and Wasim came out of retirement earlier this year after being assured of selection for the tours of Ireland and England, as well as the World T20 Cup, by the board and its selectors, who believed the two could help Pakistan perform well in these assignments.

Unfortunately, that didn't materialise, and neither has he been picked by the national selectors for any of the matches since the World Cup. Amir's final outing in Pakistan colours came in June this year during the T20 World Cup against Ireland in Lauderhill, USA.

In 2020, Amir announced a dramatic end to his international cricket career, alleging that he has been "mentally tortured" by his national board's management.

## New Zealand wastes good start, finishes at 315-9 on Day 1 of 3rd test against England

AP ■ HAMILTON (NEW ZEALAND)

New Zealand steadily squandered a good start, slumping from 172-2 to 231-7 before rallying to 315-9 at stumps Saturday on the first day of the third test against England.

Mitchell Santner hit the last ball of the day for six to reach his fourth test half century and was 50 not out while Will O'Rourke had yet to score. The New Zealand tail added 76 runs in the last eight overs of the day to bring some balance back into the game after the failure of the middle order. After a 105-run opening partnership between Tom Latham and Will Young, New Zealand enjoyed the rare experience of holding the upper hand over England in a series which so far has been one-sided in favor of the tourists. England holds an

unassailable 2-0 lead, winning the first test in four days by eight wickets and the second in three days by 323 runs. In those seven days, New Zealand only occasionally had a dominant session.

But England won the toss and chose to bowl and by lunch New Zealand was 93-0 At that point it appeared England captain Ben Stokes might have misread or over-estimated the conditions when he decided to send New Zealand in. The pitch at Seddon Park had a slight green hue and warm conditions and puffy clouds seemed to offer the promise the ball would swing.

Instead, there was a firm brown surface under a thin cover of grass and the day warmed quickly, burning off the overcast so that the ball neither seamed or swung to any great extent. Latham and Young set a sound platform for the New

Zealand innings when they put on 105 for the first wicket, the Kiwis' best opening partnership in 28 tests.

Young was selected in place

of Devon Conway whose wife has just given birth to their first child.

There already was a clamor for his selection as Conway had made only 21 runs in

four innings in the first two tests of this series and Young was Player of the Series and averaged almost 50 when New Zealand swept India 3-0 at home in October and

he averages 94. Then he clamped down on a ball from Matthew Potts which bounced back onto his stumps and he tried vainly to kick it away.

Potts marked his return in place of the rested Chris Woakes with figures of 3-75 and the prized wicket of Williamson.

"I didn't have a great view of it. I was a bit confused but then I saw a bail drop down by his feet and it was pure elation after that," Potts said. "It was a massive wicket at that point in the innings. It's less about personal milestones and achievements of getting good players out but, at that key point in time, Kane could have taken the game away from us."

In quick succession New Zealand lost Daryl Mitchell (14), Glenn Phillips (5) and second test century-maker Tom Blundell (21), all to unwise shots.

Santner and Matt Henry put on 41 for the eighth wicket before Henry (8) was brilliantly caught by Harry Brook off Stokes. Brook first caught the ball standing on the boundary rope at fine leg, threw it up in the air and stepped over the boundary, then caught it again as he stepped back into the field of play. That brought out Tim Southee in his 107th and last test for New Zealand. Southee will retire at the end of the series aged 36 and as New Zealand's second-highest test wicket-taker with 389.

Southee, who received a guard of honor from the England fielders when he walked out, hit the second ball he faced for the 96th six of his career and the fourth ball for the 97th. England took the second new ball and Southee hit the first ball bowled with it for his 98th six.

## Bringing Luxury Home Décor to Delhi

Maison Sia's store in Delhi is a walking luxury taking the shopping of home décor to a whole new level, says **ABHI SINGHAL**

**M**aison Sia has launched its flagship store in Delhi, setting a new benchmark for luxury home decor in India. The boutique is a refined space that mixes global craftsmanship with Indian sensibilities. The store presents a curated collection of design pieces by internationally renowned names like Jean-François Lemaire and Glasremis, each reflecting a unique story that transcends borders. These works which are handpicked for their artistry and innovation, are a reflection of the brand's philosophy of offering sophisticated design solutions.

Vratika Gupta, the founder of *Maison Sia*, notes, “India's emerging luxury design market, with its hunger for authentic and extraordinary experiences, perfectly mirrors *Maison*

Sia's creative philosophy.” The store is not just a retail space but a statement of how the brand fuses the best of global and local design.

Featuring a collaboration with the esteemed furniture brand EDRA, the Delhi store also marks the debut of *Maison Sia's* first furniture line,

*Maison Sia x Edra*. The synergy between local architects, such as *Seza Architects*, and international design houses has shaped a unique and immersive shopping experience. With luxury home décor products like funky showpieces namely *Leblon Delienne*, *Sas Atelier*, different-sized candles, and heavy coffee table books, the boutique also features exquisite lighting solutions, with each piece crafted from responsibly sourced materials, adding character and sophistication to any space. Designer wallpapers and precisely curated furniture further elevate the store's ambiance, offering a glimpse into a world of design where quality and creativity meet. *Maison Sia's* Delhi flagship store signals the brand's commitment to bringing global design luxury narratives to India's most refined design enthusiasts.

**A**maran is an action war film that tells the inspiring story of *Major Mukund Varadarajan*, a brave Indian Army officer. While the film boasts strong performances, particularly from *Sivakarthiseyan* and *Sai Pallavi*, it unfortunately succumbs to the familiar tropes of the genre. *Sivakarthiseyan* delivers a commendable performance, effectively portraying the transition from a carefree college student to a dedicated soldier. His physical transformation and portrayal of *Mukund's* unwavering commitment to duty are particularly noteworthy. *Sai Pallavi*, as always, is a force of nature, delivering an emotionally resonant performance that captures the strength and resilience of a grieving wife. Her portrayal of *Indhu's* internal struggles, her unwavering love for *Mukund*, and her ultimate acceptance of his sacrifice are truly moving. *Rahul Bose* provides a solid supporting role as the commanding officer, adding gravitas to the film. The film's plot, while emotionally charged, follows a predictable trajectory. The narrative, unfortunately, lacks originality, relying heavily on familiar tropes seen in countless other army-related films. The fast-paced nature of the film often leaves little room for viewers to fully process the emotional impact of certain

scenes. The film could have benefited from a slower pace, allowing for greater emotional depth and character development. The soundtrack features some catchy tunes. While some songs may appeal to a specific audience, they do little to enhance the narrative or elevate the emotional impact of the film. The background score, however, effectively builds tension and adds to the overall atmosphere of the film. The film undoubtedly aims to create strong emotions, and in some instances, it succeeds. The scenes depicting the love story between *Mukund* and *Indhu*, as well as the poignant moments of grief and loss, are genuinely moving. However, the film's reliance on melodrama and predictable plot points sometimes undermines its emotional impact. The film could have benefited from a more nuanced portrayal of the complexities of war and its impact on the soldiers and their families. *Amaran* is a well-intentioned film that pays tribute to the sacrifices made by our soldiers. While the performances are commendable, and the film boasts some emotionally resonant moments, its predictable plot and reliance on familiar tropes prevent it from reaching its full potential.

## CELEBRATING THE RICH CULTURE OF NORTHEAST INDIA

The Ashtalakshmi Mahotsav 2024 brought the traditions, art, and flavours of the eight northeastern states to the national stage, celebrating their unparalleled cultural richness at the Bharat Mandapam in New Delhi, says **ABHI SINGHAL**

**T**he Ministry of Development of North Eastern Region (DoNER) took a remarkable step in celebrating and showcasing the diverse culture and vibrant traditions of Northeast India. In an effort to bring the essence of this unique region closer to the heart of the nation, the Government of India concluded the first edition of the *Ashtalakshmi Mahotsav*, a festival that honoured the unparalleled cultural heritage of the eight northeastern states. Held in the national capital Delhi, the event resonated with the lively spirit, colours, and flavours of the region, leaving an indelible impression on visitors.

The festival's name, "Ashtalakshmi," has been derived from the eight northeastern states namely Assam, Arunachal Pradesh, Meghalaya, Manipur, Nagaland, Mizoram, Tripura, and Sikkim, which were often referred to as the 'Ashtalakshmi' or the eight forms of prosperity. These states played an important role in enriching India's cultural, social, and economic fabric, making them indispensable contributors to the nation's diversity. True to its name, the festival served as a lively celebration of the region's unparalleled beauty, artistic heritage, and deep-rooted traditions.

The *Ashtalakshmi Mahotsav 2024* was a three-day event held from December 6th to 8th at the Bharat Mandapam in New Delhi. The event provided a grand platform to showcase the region's thriving textile industry, elegant artisanal crafts, and distinct Geographical Indication (GI) products. It was a unique opportunity for the audience to engage with the intricate artistry and cultural richness of the northeastern states.

The festival's inauguration was graced by Prime Minister Narendra Modi, whose presence underscored the government's commitment to promoting and uplifting the northeastern states. The opening day featured an impressive array of performances and exhibitions, offering a glimpse into the vibrant artistic traditions of the region. A key highlight of the day was a spellbinding performance by the renowned *Shillong Chamber Choir*, whose unique fusion of traditional and contemporary music set a magical tone for the festival. The choir's soulful melodies were accompanied by traditional dance performances and folk music, providing an alluring and enriching cultural experience for the attendees.

One of the major attractions of the *Ashtalakshmi Mahotsav* was the food journey through the region's diverse cuisines, each dish telling a story of its own. Visitors had the opportunity to

savour an array of flavours that beautifully captured the essence of the Northeast. Assam's simple yet delectable offerings included rice, fish curry, and traditional pitha. Arunachal Pradesh presented its flavourful rice-based dishes like *Thukpa* and *Zan*, often prepared with locally sourced ingredients like bamboo shoots. Manipur delighted the crowd with healthy delicacies such as *Eromba* and *Singju*, which highlighted the region's love for fresh vegetables and aromatic spices.

Nagaland's bold flavours took centre stage with dishes like *smoked pork* and *Akhumi*, while Mizoram's milder but equally delicious offerings included *Bai* and *smoked pork*. Tripura brought forth an exquisite blend of Bengali and indigenous influences with dishes like *Wahan Mosdeng* and *Mui Borok*. Meghalaya's hearty preparations, such as *Jadoh* and *Dohneiiong*, resonated with the region's rich culinary heritage, and Sikkim's popular *Phagshapa* and *Momos* emphasised fresh ingredients and simple yet delightful flavors. Together, these dishes created a vibrant gastronomic experience, allowing visitors to relish the authentic taste of Northeast India.

The second day of the Mahotsav continued to captivate audiences with a mesmerising blend of music and artistry. *Pangpari*, a talented singer-songwriter from Aizawl, Mizoram, enchanted the audience with her emotive blend of pop, indie, and jazz. Her heartfelt performance seamlessly merged modern music with traditional influences, offering a soulful

experience. Following *Pangpari* was *Sofiyum*, a Lepcha folk fusion band from Gangtok, Sikkim, that enthralled the crowd with its unique blend of traditional *Lepcha* folk songs and contemporary musical styles. Their performance beautifully illustrated the importance of preserving cultural heritage while adapting it to modern sensibilities.

The day also featured the Eastern Elements Unplugged session, an innovative musical experience that fused the *Blues* with *Raga jazz*, highlighting eco-friendly and ethically produced garments as a part of the growing global discourse on sustainability.

Prominent designers from the region showcased their creations, each bringing their unique vision and dedication to preserving the Northeast's sartorial traditions. *Jejum Gadi* from Arunachal Pradesh mesmerised with nature-inspired, gender-neutral designs. *Bambi Kevichusa* from Nagaland showcased her exquisite bridal wear while promoting sustainable craftsmanship. *Richana Khumanthem* from Manipur collaborated with local weavers to present garments that told stories of the region's weaving traditions.

Other notable designers included *Patricia Zadeng* from Mizoram, who focused on

uplifting female artisans, and *Daniel Syiem* from Meghalaya, whose work highlighted the indigenous fabric *Ryndia*. *Karma Sonam Bhutia* from Sikkim revived the traditional art of nettle-weaving, while *Priyanka D Patwari* from Assam and *Jyotsana Dev Verman* from Tripura brought their distinct styles to the event. Together, these designers painted a vivid picture of the Northeast's creative and cultural potential.

The final day of the *Ashtalakshmi Mahotsav* was a fitting conclusion to the three-day celebration, featuring a series of breathtaking performances. *Basavdutta Chongtham* (BASAV) from Manipur attracted the audience with her emotive vocals and poetic storytelling, while *FeatherHeads Haokui*, a Tangkhul Naga folk band, delivered lively renditions that celebrated the oral traditions of the Tangkhul tribe.

Adding a traditional touch was the graceful *Peacock Dance* (Kaa Kingnara Kingnari) from Arunachal Pradesh, which showcased the beauty and elegance of Tai Khamti culture. The festival's final act, *Imnainla Jamir*, an exceptional electric guitarist from Nagaland, brought a modern twist to the celebration. Her performance blended Western music with Indian influences, embodying the fusion of tradition and innovation that defines the artistic spirit of Northeast India.

The *Ashtalakshmi Mahotsav* not only celebrated the traditions and cultural heritage of Northeast India but also provided a significant platform for these states to gain broader national recognition. Through its rich array of performances, exhibitions, and culinary delights, the festival strengthened the cultural bonds between India's diverse regions and highlighted the immense potential of the northeastern states. It was a tribute to the spirit and resilience of the people of the Northeast India, whose contributions continue to enrich the nation's cultural and social fabric.

# The Spiritual significance of food

Simple water is so inspiringly sacrosanct - 'Mindfulness and Gratitude' - Sprinkling water with recitation of mantras (invoking the divine within), is a way of seeking blessings, purifying oneself & the food making us more receptive eating - to be aware and present during meals bringing sanctity. Festivals ring in the community sharing embodying principles of generosity and hospitality. A recommended spiritual practise is Upavasa (Staying near Oneness) or abstinence from food signifying a direct connect to the Self- an act of self-

discipline and sacrifice abstaining from all the four forms chewing, licking, swallowing, and drinking. Going within to Purge and Purify for heightened awareness. As per Vedic traditions, food is intertwined with spiritual evolution and the attainment of higher consciousness. In the Taittiriya Upanishad, the concept of "Annam Brahma" (Food is Para Brahman - The One and Only Supreme) encapsulates that food is not just material sustenance but embodying the divine consciousness (Para Brahman). Taking our connect with

Annam to another level of spiritual awareness. Every offering to God is Bhog or Naivedyam. Central to Vedic rituals is Yajna (rituals with sacred fire and mantras) - where offerings, including food, are made into the sacred fire as a deference to the Deities. Krishna explains in the Bhagavat Gita ...:

अन्नादमवन्तिभूतानिपर्जन्यादन्नसम्भवः | यज्ञादमवतिपर्जन्योयज्ञः कर्मसमुद्भवः |  
*'All beings are born from and subsist on food. Food is produced by rains. Rains arise from the performance of sacrifice (Yajna), and sacrifice is produced by the performance of prescribed duties.'*

A brilliant explanation of the interrelation between food, sustenance (rain), and the performance of sacrificial duties (Yajna). We are what we consume. The idea of Ahara (food) and Vihara (lifestyle) - Sattvic (simple) Ahara and Spiritual Evolution in Ayurveda is exceptional. Everything is composed of 5 basic elements (Pancha Mahabhootas), Earth (Prithvi), Water (Appu), Fire (Teja), Air (Vayu) Ether (Akasha). So, the Panchabhuta components of ingested food nourishes their respective elements in the body. Correct Ahara is the best medicine - essentially saying that Ahara and Vihara are agreeable to metabolism and constitution of an individual.

The gunas qualities of sattvic foods considered to promote clarity of mind and spiritual growth. The Bhagavad Gita describes this as

आयुरुस्त्वचबलारोग्यसुखप्रीतिविकर्मानां | रस्याः सिन्ध्याः स्थिरा हृद्या आहाराः सत्त्विकक्रियाः ||  
*'Foods that promotes life span, purity, increase virtue, strength, health, happiness, and satisfaction, which are juicy, succulent, wholesome, naturally tasteful, nourishing and pleasing to the heart, are dear to those in the mode of purity, goodness and righteousness (Sattva).'*

Consuming Sattvic food supports physical health, nurtures a harmonious state of mind for spiritual practice. Food is Prasad when consumed with piety-with Blessings and Gratitude यत्करोति यदश्नाति यज्जुहोति ददाति यत् | यत्पश्यति कोन्तेय तत्कुरुष्व मदपंगम ||27||  
*'All that you do, you eat, you offer as oblation & gift, and all austerities that you perform, do them as an offering to Me'*

Surrendering of one's actions, including that of consuming food, as a pious offering fosters spiritual growth. It is not food and eating. It is spiritually evolving with masterful compositions of gratitude, mindfulness, self-discipline, interweaving us with nature and divine awareness. It is about 'Prana' - The Life Force.

Across cultures and beliefs, the spiritual significance of food mirrors the deep connection between us, nature, nourishment, and the divine. It is the 'Sutradhar' the common thread running through belief systems, occasions, connect of self with nature, community sharing, mindfulness, and holistic wellbeing.
