DEEPAK KUMAR JHA ■ NEW DELHI

A political row has erupted between the Bharatiya Janata Party-led Centre and Congress-led Opposition parties over a memorial for the former Prime Minister Manmohan Singh who was cremated with full State honours on Saturday in the presence of top dignitaries from India and abroad.

While the Home Ministry claimed to assure the late PM's family in a communication for a memorial in due course, the Congress, Samajwadi Party (SP) and Bahujan Samaj Party (BSP) demanded that the last rites

should have been performed at a designated place where the Manmohan Singh's memorial could have been developed. Singh, 92, died on the night of December 26.

Simultaneously former President late Pranab Mukherjee's daughter Sharmistha too cried foul on the part of the grand old party which failed to honour the rights of Mukherjee who spent his entire life serving the Congress.

The Congress alleged that the Bharatiya Janata Party (BJP) was "deliberately insulting" the first Sikh PM of the country by not designating a place for his funeral and memorial. While Congress president Mallikarjun Kharge urged

Prime Minister Narendra Modi to have Singh's funeral at a place where his memorial can be built, SP chief Akhilesh Yadav and BSP president Mayawati urged the Central government to avoid any political controversy over the funeral and memorial of former prime minister Manmohan Singh. Demands for giving Singh a Bharat Ratna, the highest civilian award, were also raised during the last ritual procession of Manmohan Singh.

"The tradition of honouring the country's former Prime Ministers must be upheld. There is no need for politics on this issue nor should there be any. Dr. Manmohan Singh's memorial should be constructed at

Rajghat. The BJP should refrain from presenting an inappropriate example of its narrow-minded thinking. History will never forgive them for this negative approach," he said.

BSP president Mayawati said the wishes of Singh's family should be respected. "The Central government should ensure that the funeral and memorial of Dr Manmohan Singh, the country's first Sikh prime minister, are conducted at a location preferred by his family. No politics should be done on this matter and the government must honour the sentiments of Singh's family and the Sikh community."

Aam Aadmi Party (AAP) also criticised the BJP for not allocating space within the Rajghat complex for the last rites of former prime minister Manmohan Singh and said that it "reflects poorly on India globally". AAP called on the BJP to clarify its stance and demanded an apology to Singh's family and the Sikh community.

"Manmohan Singh, a global icon and India's only Sikh Prime Minister, was denied even 1,000 square yards of land for his cremation and memorial at Rajghat. Almost all former Prime Ministers were cremated there, but the BJP government refused this basic courtesy to Singh," said AAP National Convener Arvind Kejriwal.

AAP Rajya Sabha MP Sanjay Singh accused the BJP of disrespecting the Sikh community and questioned the rationale behind the decision.

In a statement, the Ministry of Home Affairs assured that a place would be allocated for Singh's memorial and that his family and Congress president Mallikarjun Kharge had been informed.

BJP President and Union Minister JP Nadda attacked Congress and the Gandhi family for getting into petty politics when the entire nation mourns the demise of Dr. Manmohan Singh.

Delhi LG orders high-level inquiry into AAP's ₹2,100 dole for women

RAJESH KUMAR ■ NEW DELHI

In a move that may once again rattle Aam Aadmi Party (AAP) convener Arvind Kejriwal, and his party ahead of the upcoming assembly polls, Delhi Lieutenant Governor Vinai Kumar Saxena ordered a high-level inquiry into the AAP led Delhi government's proposed Mukhyamantri Mahila Samman Yojana in which AAP's poll promise of Rs 2,100 to women if elected. The Lieutenant Governor also ordered that the Chief Secretary of the Delhi Government may bring the matter to the knowledge of the Election Commission of India (ECI) through the chief electoral office given that such canvassing is happening ahead of the election.

"Manmohan Singh, a global icon and India's only Sikh Prime Minister, was denied even 1,000 square yards of land for his cremation and memorial at Rajghat. Almost all former Prime Ministers were cremated there, but the BJP government refused this basic courtesy to Singh," said AAP National Convener Arvind Kejriwal.

AAP Rajya Sabha MP Sanjay Singh accused the BJP of disrespecting the Sikh community and questioned the rationale behind the decision.

In a statement, the Ministry of Home Affairs assured that a place would be allocated for Singh's memorial and that his family and Congress president Mallikarjun Kharge had been informed.

BJP President and Union Minister JP Nadda attacked Congress and the Gandhi family for getting into petty politics when the entire nation mourns the demise of Dr. Manmohan Singh.

"This has reference to representation dated 25.12.2024 received from Sh. Sandeep Dikshit... he has alleged that the Chief Minister of Delhi and Sh Arvind Kejriwal have been announcing that Delhi Government is going to give every female in Delhi (above the age of 18 years) an amount of Rs 1000 per month... If AAP is elected back in the 2025 Vidhan Sabha elections, they will raise the amount to Rs 2100..." the communication from the LG's Principal Secretary to Chief Secretary Dharmendra and Delhi Police Commissioner Sanjay Arora stated.

The communiqué read, "Hon'ble Lieutenant Governor has desired the Chief Secretary to get an inquiry conducted through Divisional Commissioner in the matter of collection of personal details and forms by non-government people."

"Accordingly, Further, Commissioner of Police may direct the field officers to take action as per law against the person who is breaching the privacy of gullible citizens by collecting their personal details in garb of giving benefits. DCP's may be advised to take action against private individuals organizing camps for fraudulent enrollment of Government Schemes," the Lieutenant Governor's office said.

Meanwhile, the AAP, in response, has alleged that the inquiry came not from the Delhi Lieutenant Governor but from the "office" of BJP leader Amit Shah. Addressing a press conference, AAP convener Arvind Kejriwal also rubbished an order by LG for enquiry into collection of details of women through registration under the scheme as "fake," saying the monetary promise was a poll announcement.

Shift Dallewal to hospital: SC gives Punjab Govt till December 31

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Saturday witnessed an unprecedented hearing on the issue of providing medical aid to Punjab farmer leader Jagjit Singh Dallewal, who is on fast-unto-death for over a month at Khanauri border seeking legal guarantee of Minimum Support Price (MSP) of crops among other demands. The hearing was conducted by a vacation bench of justices Surya Kant and Sudhanshu Dhulia, which gave time till December 31 to the Punjab Government to shift Dallewal to a nearby makeshift hospital, in an attempt to save his life.

Normally, the SC, during winter break, does not have vacation Benches to conduct urgent hearings on emergent issues, and sitting of a Bench on Saturday is unusual. The Bench pulled up the Punjab Government for allowing the situation to escalate and not complying with its earlier directions to provide medical assistance to Dallewal.

Expressing helplessness, the Punjab Government said it is facing huge resistance from protesting farmers who have encircled Dallewal and are preventing him from being taken to hospital. Punjab Advocate General Gurminder Singh told the bench that a team of experts visited the protest site and tried to persuade Dallewal to shift to hospital and take medical help.

"He (Dallewal) has refused any kind of medical aid, including (IV) drips, saying that it will undermine the cause of movement," he said.

Google maps misguides again: two injured in car accident

BISWAJEET BANERJEE ■ HATHRAS

In yet another incident of Google Maps leading travelers astray, a car accident occurred on an under-construction highway in Hathras district, leaving two people injured. The mishap took place in the Hathras Junction police station area near Vahanpur.

According to the police, Bareilly residents Vimlesh Srivastava and Kushal Kumar were traveling to Mathura using Google Maps for navigation. Late at night, after passing through Sikandra Rao, they followed directions onto the under-construction Mathura-Bareilly Highway. Due to the absence of reflective boards warning about roadblocks, their car collided with a heap of stones and soil, causing significant damage.

The injured duo promptly informed the police, who arrived at the scene, cleared the car from the highway, and rushed the victims to a hospital for treatment.

This is not the first time Google Maps has caused inconvenience or accidents. Recently, a family from

Meerut endured hours of distress while trying to reach Saharanpur from Haridwar at night.

Vinod Kumar, a resident of Meerut's Shastri Nagar, was traveling with his wife and son. Initially, their journey via Google Maps was smooth until they reached Bhagwanpur. The app then suggested a shortcut through a link road to Saharanpur. About 10 kilometers into this route, they encountered a dry but rocky stream, making it impossible to proceed.

The app redirected them to another route, leading to hours of wandering in forested areas. Eventually, they managed to contact a

Highest single-day December rainfall in 101 years

RAJESH KUMAR ■ NEW DELHI

Delhiites experienced an overcast and chilly day after the city recorded the highest single-day December rainfall in 101 years. The city received 41.2 mm of rain between 8.30 am on Friday and 8.30 am on Saturday, marking the highest single-day December rainfall in 101 years.

According to the India Meteorological Department (IMD), the Capital had last recorded the highest-ever rainfall on a single day in the month on December 3, 1923, at 75.7 mm. While rain in December is not unusual, it is usually light. As per IMD data, Delhi usually sees 8 mm of rain during the month over half a day. The rain in the city over the past 24 hours is over five times that.

The rains also made December 2024 the fifth-highest in terms of monthly rainfall since records began in 1901. In December 2024, Delhi logged 42.8 mm, the highest in the last 27 years when 71.8 mm of rain was seen in the month.

"The cumulative 24-hour rainfall ending at 8.30am today is the second-highest since 1901 at Safdarjung. December's monthly rainfall is now the fifth-highest. The 24-

hour cumulative rainfall refers to the precipitation recorded over the past 24 hours ending at 8.30am IST on the given date," the IMD official explained. The rainfall largely attributed to an active western disturbance interacting with easterly winds, transformed the usual dry chill of December into an anomaly.

"The interaction between a very active western disturbance and a cyclonic circulation on the east, along with a few other factors, has brought about this unusual weather. November and December are the two driest months in Delhi. During these months, it is usually a western disturbance that brings rain to the capital. It is the different weather systems clashing that lead to heavy downpours," an

WEATHER	
AQI	139
MAX	15.8°C
MIN	12.7°C

IMD scientist said. "Another western disturbance is expected around January 1, but that may not bring rain," IMD further explained.

The IMD has issued a yellow alert for Delhi, predicting more showers for Sunday in the capital, Noida, Gurugram and other places in the national capital region. The weather department has forecast very dense fog for Sunday, with the maximum and minimum temperatures expected to settle at 17 and 9 degrees Celsius, respectively

Heavy rainfall coupled with gusty winds continued to lash Delhi in the early hours of Saturday. Several areas, including Palam, Safdarjung, Lodi Road, Mehrauli, and Gurugram, reported uprooted trees, resulting in significant disruptions. In Sector-9, RK Puram, a portion of a road caved in, causing a motorcycle and a car to fall into the cavity. The last time December rains were this intense was in 1997, when the total monthly precipitation was 71.8mm. Going further back, the highest December rainfall was recorded in 1901 at 77.2mm, followed by 1967 (69.5mm) and 1936 (68.1mm). IMD classifies up to 15.5mm of rainfall in 24 hours as "light rain", 15.6-64.4mm of rainfall as "moderate", 64.5-115.5mm as "heavy rainfall" and 115.6-204.4mm as "very heavy rainfall".

Delhi witnessed incessant rainfall since Friday morning causing severe waterlogging and traffic snarls in several parts, leading to the mercury dropping in the National Capital. In June this year, Delhi has recorded 228.1 mm of rain in the 24 hours in one of the wettest spells the capital has recorded causing waterlogging in several parts of the National Capital.

Kashmiriyat shines as snow envelops J and K

MOHIT KANDHARI ■ JAMMU

When it snowed heavily in different parts of Kashmir valley, unmatched Kashmiri hospitality and timely response of the Indian army brought much-needed cheer to the faces of stranded tourists stuck in snow-bound areas since Friday afternoon.

Over 300 tourists were rescued across different locations in the last 24 hours as most parts of Kashmir valley were under a virtual whiteout. Normal life was thrown out of gear in the Union Territory as several parts of the Valley received snowfall that disrupted flight and railway operations and also led to the closure of the Srinagar-Jammu National Highway. Due to bad weather conditions, all flights at Srinagar Airport were cancelled on Saturday, a

spokesman of the Srinagar airport posted a message on X. Kashmir University also postponed all its examinations scheduled for Saturday due to the inclement weather. Fresh dates for the postponed exams will be notified separately, the University said.

Moderate to heavy snowfall was recorded across Kashmir since Friday, including the season's first snowfall in Srinagar city and other plain areas of the valley. Tourists camping in Srinagar were seen enjoying snowfall in the busy Lal Chowk area and near the banks of Dal Lake.

In south Kashmir, heavy to very heavy snowfall was recorded in the plains, while central Kashmir's plains received moderate snowfall. The plains of north Kashmir received light to moderate snowfall, the officials said. In

the Jammu region, higher reaches of Doda, Kishtwar and Kathua also witnessed a fresh spell of snowfall. Residents of the Gund area on the Srinagar-Sonamarg highway turned out to be real saviours when they decided to throw open the gates of Jamia Masjid late Friday night to accommodate stranded passengers from Punjab during the night.

The warm hospitality and delicious food served by the locals to these tourists not only won their hearts but also sent a message of bonhomie and

mutual trust among the members of the different communities. A video of stranded passengers, relishing delicious meals inside Jamia Masjid, Gund also went viral on various social media platforms.

"It was the best possible solution as the mosque has a 'hamaam', which stays warm throughout the night," said Bashir Ahmad, a resident. The tourists expressed their gratitude to the locals for their help. "We were stuck in the snow, and you came to our rescue. We are extremely thankful to all of you," one of them said.

The Jamia Masjid at Gund is located less than 10 kilometres from the site of a terrorist attack in Gagangir, where six people, five non-local labourers and a local doctor, were killed in October this

year. In the South Kashmir district of Kulgam, Chinar Warriors responded to an emergency distress call to evacuate a pregnant lady from Munad village, Kulgam. Amidst heavy snowfall, the rescue team reached the location on time and the patient was evacuated to Government Hospital, Yarpora inside a JCB machine. The Indian Army also came to the rescue of stranded passengers in the famous tourist resort of Gulmarg. At least 68 civilians including eight children were safely evacuated by the army personnel from the snow-bound areas and several other passengers were provided with hot meals, shelter and medication. A family in the Kangan area of Ganderbal district also hosted stranded passengers during the night

after they were left stranded in the snowbound area. Chief Minister Omar Abdullah convened a video conference meeting with all districts across Jammu and Kashmir to review snow clearance operations and restoration of essential services following heavy snowfall in the Kashmir Valley.

Police and civil administration across different district headquarters have already begun reaching out to stranded tourists, providing hot drinks and other necessities to keep them warm. While authorities launched snow clearance operations at the respective district headquarters, most of the main roads and roads to hospitals were cleared of snow, but many interior roads were still blocked, the officials said.

BSL unveils transformative reforms to empower small shopkeepers

R SHARMA : BOKARO

Bokaro Steel Limited (BSL) has unveiled a series of

reforms aimed at improving the livelihoods of small shopkeepers in the township, a move expected to significant-

ly strengthen the local economy. According to AK Singh, General Manager of TA - LRA, these initiatives focus on addressing long-standing challenges faced by vendors such as Gumti and Telephone Booth operators, while fostering a more business-friendly environment.

One of the key measures includes the introduction of a barcode identification system, which will enhance transparency by requiring shopkeepers to display their license numbers prominently. To ensure financial stability for families reliant on these businesses, licenses will now be transferable to legal heirs. Additionally, the standard size of shops for specific trades will be increased to 10x12 feet, providing more space to support business growth based on feasibility. As part of the reforms, all

Gumtis and Telephone Booths will be repainted in blue and pink, creating a uniform and organized appearance across the township.

In a significant modernization step, BSL will provide regulated electricity connections for roadside vendors, who have long depended on unauthorized sources. Shopkeepers will now have access to legal power connections ranging from 2KW to 5KW, with mandatory underground wiring to ensure safety. Singh emphasized that this initiative empowers small vendors to operate more sustainably while adhering to safety standards and compliance.

The reforms are designed to prioritize livelihood protection and economic security for small businesses. Structured rent payments,

streamlined processes for license renewals and relocations, and safeguards for vendors' rights are expected to provide financial predictability and peace of mind. Singh stated that these initiatives reflect BSL's commitment to supporting small businesses and promoting inclusivity within the community.

With these comprehensive reforms, BSL is laying the foundation for a more organized and inclusive economic ecosystem in Bokaro Steel City. By empowering small shopkeepers and aligning their growth with the township's industrial development, the company is creating opportunities for a brighter and more cohesive future, addressing a long-standing concern of uncertainty that has often plagued small shopkeepers in the past.

THE POWER OF HEELS: ELEGANCE, CONFIDENCE AND COMFORT

BY RACHNA TIWARI

Heels have long been a symbol of elegance, power, and femininity. From the runway to the red carpet, they've been worn by icons and everyday women alike, elevating stature and confidence. As a former model, I've spent countless hours in them, and although they may appear daunting at first, there are undeniable reasons why heels are a wardrobe staple.

Why Wear Heels?

Wearing heels is about more than just adding a few extra inches to your height. Heels can transform your posture, offering a more upright, elongated silhouette. They push the hips forward, causing you to stand tall and walk with an inherent poise. The right pair of heels can elevate a look from ordinary to extraordinary, making any outfit appear more polished and sophisticated. In short, heels are as much about the confidence they inspire as they are about style.

Types of Heels

Not all heels are created equal. The right heel for you depends on your personal style, comfort preferences, and the occasion.

1. Stilettos - These are the epitome of glamour. With a thin, high heel, they exude sophistication and elegance, often worn for formal events or evening wear. Stilettos can be challenging, so if you're new to heels, it's best to start with a lower height.

2. Pumps - A classic choice, the pump features a more robust heel that provides greater stability. They come in varying heel heights and are versatile enough for office wear or evening attire.

3. Kitten Heels - For those who want a more comfortable but still elegant option, kitten heels are a fantastic choice. Their shorter, slightly thicker heel offers a balance of style and comfort, perfect for day-to-day wear.

4. Wedge Heels - These are a fantastic option for those seeking added comfort. The heel is integrated into the sole of the shoe, distributing weight more evenly and providing extra stability while still giving height.

5. Block Heels - Featuring a thicker heel, block heels combine comfort and style. They provide better support than stilettoes, making them an ideal option for longer wear.

How to Practice Wearing Heels

The art of wearing heels comes with practice. When first learning, start with shorter, more stable heels—think kitten heels or low-block heels. As you gain confidence, you can work your way up to higher heels.

Here are some practical tips to help ease into wearing heels:

1. Walk with Purpose - Keep your posture straight and shoulders back. Take shorter, controlled steps, and avoid leaning forward. Focus on maintaining balance and staying centered as you walk.

2. Practice at Home - Start by wearing heels indoors, where you can practice walking without the added distractions of a busy street or event. Practice on different surfaces (wood, carpet, tiles) to get used to how the heel interacts with the ground.

3. Foot Placement - Place your heel down first, followed by the toe, not the other way around. This natural movement will help you maintain balance and avoid putting undue stress on your body.

4. Heel-Toe Rocking - Practice rocking from the ball of your foot to the heel. This can help you find your rhythm and balance as you move.

What Clothes Pair Well with Heels?

Heels are incredibly versatile, working seamlessly with a wide array of clothing styles:

Tailored Suits - A pair of stilettoes or pumps can add polish to a fitted suit. The sleekness of the heels contrasts beautifully with structured fabrics, creating a refined look perfect for both work and play.

Dresses and Skirts - Heels can enhance the look of a dress or skirt by elongating the legs. From bodycon dresses to flowy midi skirts, heels complement almost any cut, especially those that fall just above or below the knee.

Jeans and Trousers - High heels, particularly pumps or block heels, can turn a casual pair of jeans into something more chic. They work particularly well with skinny or tailored trousers, providing a sophisticated touch to an otherwise casual outfit.

Maxi Dresses - When wearing a maxi dress, opt for wedge heels to give yourself height without the heels sinking into the fabric. This combination can help balance the proportions of a flowing dress.

Exercises to Undo Heel Damage

Wearing heels regularly can sometimes result in tight calves, sore feet, and even

back pain. Fortunately, there are simple exercises to undo the harm and keep your body aligned.

1. Calf Stretch - Stand facing a wall with one foot forward. Gently press the back heel down while keeping your back leg straight. This will stretch the calves and counteract the shortening that can happen when wearing heels.

2. Foot Stretch - Sit on the floor with your legs stretched out. Point and flex your toes, holding each position for 10 seconds. This helps alleviate tension in the feet, which can be a common issue for heel wearers.

3. Ankle Circles - Sit with your feet flat on the floor and lift one foot slightly off the ground. Rotate your ankle clockwise and then counterclockwise. This simple movement strengthens the ankles and helps maintain mobility.

4. Hamstring Stretch - Since heels can cause the lower back and hamstrings to tighten, regularly stretching your hamstrings can relieve pressure. Stand tall, and reach for your toes with your legs straight. Hold for 30 seconds and repeat.

5. Foam Rolling - Using a foam roller on your calves and thighs can help release tension and improve circulation, reducing soreness from wearing heels.

Heels are more than just footwear—they are a tool for empowerment, confidence, and grace. With the right pair, proper practice, and a balanced approach to both style and comfort, you can wear heels effortlessly. Remember to pair your heels with outfits that complement your body and taste, and don't forget to care for your body with exercises that undo any strain from wearing them. Ultimately, heels remain a timeless choice that can elevate both your look and your attitude.

MMC's Green zone incurs public criticism

SWEETY VERMA : DALTONGANJ

The Green Zone being built by Medinagar Municipal Corporation in Daltonganj is being decried by the denizens of the town. While the residents are not against the greenery, they believe the flank of the road has been shrunk for shrubs and plants.

The upcoming Green Zone (GZ), being built at the cost of little over Rs 65 lakh on the Women's College Road is attracting public criticism. Its design is being scrutinised by the public more feverishly than the christening of it as Green Zone.

At some places the GZ is only one and half feet away from the main road and thus it is dangerous to both pedestrian and vehicular traffic.

M K Prasad, a resident of Daltonganj said "None of us is against the GZ. But its design is ill crafted. Road safety has been thrown to the wind." "How can you have plants right across the

road barely less than 2 feet away?" quipped Srivastav.

Again for the GZ a five decade old tube well has been uprooted. Residents of Daltonganj react most vehemently when any water source here is destroyed or uprooted as the town reels under acute crisis of drinking water every summer.

Commissioner of the Medinagar Municipal Corporation Md Jawed Hussain

Said, "There is a full length space for the pedestrians. As regards some of its structures lying too close to the road, it is 1.5 feet to 2 feet away and hence it doesn't cause any hazard."

He further said, "The tube well was malfunctioning. It will be replaced by a water kiosk that the corporation will set up here which will be providing water round the clock all free."

"GZ is no fanciful idea nor any borrowed or superimposed one. Citizens need such a space for lush green. So it is being raised here," he added.

known for films like Dum Laga Ke Haisha, Toilet: Ek Prem Katha, Shubh Mangal Saavdhan, Pati Patni Aur Woh, Badhai Do and Saand Ki Aankh, would also be there. Besides over 50 Presidents and Prime Ministers from across the world, top officials of international organisations like the United Nations, IMF, World Bank, Interpol, NATO, European Central Bank and WTO are also expected to be in Davos for the WEF Annual Meeting 2025. Senior ministers from Pakistan and Bangladesh, including Bangladesh Government's Chief Adviser and head of the interim government Muhammad Yunus would also be present. Vaishnaw, Minister for Railways, Information & Broadcasting and Electronics & IT, had also attended the last WEF annual meeting, alongside Smriti Irani and Hardeep Singh Puri from the Union Council of Ministers.

This time, Vaishnaw will be joined by Jal Shakti Minister Patil, Food Processing Industries Minister Paswan, Civil Aviation Minister Naidu and Minister of State for Skill Development and Education Chaudhary. Prime Minister Narendra Modi has also attended the meeting in the past, but there is no official word so far about his participation in the high-profile summit, for which the main theme this time will be 'collaboration for the intelligent age'. Expected to be attended by nearly 50 heads of state and governments from across the world, the annual meeting would take place against the backdrop of a change of regime in the US and various geopolitical and macroeconomic issues, including the Ukraine war and continuing West Asia crisis. Both Modi and Donald Trump attended the WEF Annual Meeting in 2018 for the first time as India's Prime

Minister and the US President, respectively. While Modi became Prime Minister of India for the third consecutive term earlier this year, Trump is set to assume office for the second time on January 20, and his return is expected to be among the key topics of discussion at Davos. Maharashtra Chief Minister Fadnavis and Andhra Pradesh

Chief Minister Naidu have been to Davos multiple times, while Telangana Chief Minister Reddy attended the WEF Annual Meeting in January 2024 as well. Besides Government leaders and civil society members, the Indian presence would comprise top executives of business conglomerates like Reliance, Tata, Adani, Birla, Bharti,

Mahindra, Godrej, Jindal, Bajaj and Vedanta groups. Besides Mukesh Ambani and Gautam Adani, the next-generation leaders from their groups are also expected to be present, while technology leaders, including Salil Parekh of Infosys, Rishad Premji of Wipro, as also Sumant Sinha of ReNew, Vijay Shekhar Sharma of Paytm and Adar Poonawalla of Serum Institute are expected in the Swiss Alpine resort town. Geneva-based WEF, which describes itself as an international organisation for public-private cooperation, will convene leaders from government, business and civil society as well as scientific and cultural thinkers for its 55th annual meeting under the theme of 'Collaboration for the Intelligent Age'. According to the WEF, the meeting will serve as a trusted global platform for dialogue and cooperation, bring together a diverse community

of stakeholders, seek to connect the dots in an era of complexity and be firmly future-oriented -- both in terms of insights and solutions. Several sessions are expected to be attended by Indian leaders, including one on 'India's Economic Blueprint'. As one of the world's fastest-growing major economies, India has been growing at over 8 per cent, and this growth has been buoyed by a focus on promoting local innovation and startups in technology and manufacturing, representing a departure from traditional export-oriented models. The leaders would deliberate how India has capitalised on this new blueprint and to what extent it can continue to drive global growth. According to the WEF, the annual meeting will take place at a time when geo-economic fragmentation, geopolitical polarisation and divisions over values continue to impact countries and communities across the world. At the same time, exponential innovation and deployment around whole sets of inter-connected technologies -- from AI and quantum to energy tech, biotech and health tech -- offer an unprecedented opportunity to increase productivity and hence, standards of living. Reviving and reimagining growth is critical to building stronger and more resilient economies, and the meeting would seek to discuss how to avoid an Age of Fragmentation and instead work together on a can-do, people-centred agenda for an Intelligent Age. The global leaders would also deliberate on how to reinvent the muscle of collaborative innovation to get out of the current low-growth, high-debt world economy and address common challenges from climate change to the ethical use of AI.

Bhutan's national flag was flown at half-mast across the country, its embassies and consulates abroad, according to the Royal Bhutan government as a mark of respect to the departed. In a note, Mauritius Prime Minister Navin Ramgoolam's office also urged the private sector to fly the flags at half-mast. Singh, who served as the prime minister from 2004 to 2014 and widely known as the architect of India's economic reforms, died on Thursday night. He was 92. India's relations with several key countries, including Mauritius, saw significant upswing during Singh's prime ministership. Singh's last rites were held with full state honours on Saturday at the Nigambodh Ghat cremation ground in Delhi. President Droupadi

Murmu, Prime Minister Narendra Modi and King of Bhutan Jigme Khesar Namgyel Wangchuck were among those who attended Singh's funeral. Bhutan's King Jigme Khesar Namgyel Wangchuck attended the funeral of former prime minister Manmohan Singh, a day after leading the Himalayan nation in offering prayers for the Indian leader at a Buddhist monastery in Thimphu. Separate prayer ceremonies were held for the former Indian prime minister at all 20 Dzongkhags or districts of Bhutan, according to the Bhutan government. Bhutan's national flag was flown at half-mast across the country and at its embassies, and consulates abroad, according to the Royal Bhutan government. India's relations with several key countries including Bhutan saw significant upswing during Singh's prime ministership. India and Bhutan enjoy strong bonds of friendship based on goodwill, trust and mutually beneficial cooperation. The basic framework of India-Bhutan relations is the "Treaty of Friendship and Cooperation" signed in 1949. It was renewed in February 2007 when Singh was the prime minister. The cooperation in the hydro-power sector is one of the cornerstones of the relations. The ongoing cooperation between India and Bhutan in the hydro-power sector is covered under the 2006 bilateral agreement for cooperation and its Protocol signed in 2009. The pact and the protocol were inked during Singh's

tenure as the prime minister. Meanwhile, Abed Elrazeg Abu Jazer, the charge d'affaires of the Palestine embassy in India, on Friday paid his last respects to the former prime minister and appreciated his support to Palestine. Jazer said Singh played a key role in Palestine getting land for its embassy in Delhi. "We have a history of relationships. He (Singh) met Yasser Arafat in 1991 when he was finance minister, he met (State of Palestine) President Mahmoud Abbas several times throughout his tenure," the diplomat told reporters outside the Congress headquarters where he paid tribute to the former prime minister on behalf of Palestine. He also laid a wreath on behalf of the president of the State of Palestine. "We had good relations with

him (Singh). He met our president several times during his tenure. He also provided land for establishing the Palestinian embassy in Delhi, gave support to build the embassy, and also inaugurated it in 2012," Jazer said. "We appreciate his support to Palestine, we are remembering his contributions. We stand with the Indian people to show our respect for the leader," he added. Abbas visited New Delhi several times during the United Progressive Alliance (UPA) government. In a speech before the UN General Assembly in September 2011, Singh had said India supported "the Palestinian people's struggle for a sovereign, independent, viable and united State of Palestine with East Jerusalem as its capital".

As individuals age, singlehood may also bring economic, emotional challenges: Study

PIONEER NEWS SERVICE ■ NEW DELHI

Although marriage or long-term relationships are often seen as the norm, remaining single for life is becoming an increasingly common choice. While singlehood can provide independence and freedom, a new study reveals that it may also bring economic and emotional challenges, particularly as individuals' age and become more dependent on others for support. Published in the journal Psychological Science, the study highlights the lower life satisfaction and distinct personality traits of lifelong singles compared to their partnered peers. "When there are differences, they might be especially important in elderly people who face more health issues and financial issues," said Julia Stern, one of the lead authors and a senior researcher at the University of Bremen in Germany. "They need more help, and

the help is usually the partner." The study used a survey of more than 77,000 Europeans over the age of 50 and was the first of its kind to look across cultures and at people who had been single their entire lives. Stern and colleagues compared single people and partnered individuals on life satisfaction ratings and the Big Five personality traits (openness to experience, conscientiousness, extraversion, agreeableness, and neuroticism). The findings revealed that, in

addition to lower life satisfaction scores, lifelong singles are less extraverted, less conscientious, and less open to experience, compared to partnered people. Although this study cannot definitively decipher if personality differences are due to selection, people with certain personality types may be more likely to start relationships, or socialization, long-term relationships could change personalities, the evidence points to the former. Stern

said that changes to personality from being in a relationship are small and temporary. For instance, although an extraverted person beginning a new relationship may be keen to stay in with their partner, eventually their extraversion comes back. But she warned that the results are average effects and not necessarily descriptive of everyone; of course, there are single extraverts and introverts in committed relationships. For singles, living in a society where marriage is the expectation may affect their life satisfaction. For instance, in countries with higher marriage rates (such as southern European countries), singlehood resulted in even lower life satisfaction scores, but the effects were small. Stern suggested developing new kinds of programs to prevent loneliness that take these personality traits into consideration and help older singles meet like-minded people.

Tribals who received recognition from Manmohan Singh mourn his demise, recall cherished memories

PTI ■ KORAPUT/ODISHA

As the nation bid adieu to former prime minister Manmohan Singh in New Delhi on Saturday, two tribals in a remote Odisha district, who were honoured by him in 2012 for biodiversity conservation, recalled with tears cherished memories with the beloved leader. Raila Muduli, a resident of Boliguda village and Chandra Pradhani of Nuaguda, said words were not enough to express their grief over the demise of Singh. The former PM passed away on Thursday night at Delhi's All India Institute of Medical Sciences due to age-related medical complications. He was 92. Muduli and Pradhani had received Certificates of Recognition for their contribution to biodiversity

conservation from Singh during the 99th Indian Science Congress held at Bhubaneswar 12 years ago. "I was at a loss for words when I heard about his demise on Friday," said Raila, a farmer from the Bhumia tribe. "I remember feeling very nervous that day (in 2012), but receiving the award from the former prime minister was an unforgettable moment. He was gentle and soft-spoken, and encouraged us to work dedicatedly for biodiversity conservation," he said. Pradhani couldn't hold back tears while recalling his brief interaction with Singh. "Sir smiled at me as I received the award and motivated us to continue our efforts in preserving biodiversity. His words will remain an inspiration for years to come," he said. "I wish I had more opportunities to meet him," Pradhani said. Prasant Parida, director of the M S Swaminathan Research Foundation in Jeypore, said Koraput was recognised as a Globally Important Agricultural Heritage System (GIAHS) by the Food and Agriculture Organisation (FAO) in 2012. "Raila and Chandra were instrumental in representing Koraput at the event where the former prime minister acknowledged their community's efforts," said Parida.

Manipur CM N Biren Singh condemns militant firing, four injured in Imphal east district

PTI ■ IMPHAL

Manipur Chief Minister N Biren Singh on Saturday strongly condemned the indiscriminate firing by militants in Thamnepokpi and Sanasabi areas of Imphal East district in which four persons were injured. The CM in a post on X said, "Strongly condemn the

calm and unity in the wake of such challenges. "Adequate security personnel have been rushed to the affected areas. The injured are receiving necessary medical assistance, and the government calls for calm and unity in the face of such challenges. Central forces and state police should have proper coordination and understanding when dealing with such situations" Singh added. A video journalist was injured in firing by armed men from the hills in Manipur's Imphal East district on Saturday morning, police said. L. Kabichandra, a video journalist of a private TV channel, sustained bullet injuries on his left thigh and

was rushed to a hospital, they said, adding that he was hit by a bullet fired likely by a sniper. Kabichandra was reporting the attack by armed men at Thamnepokpi village since Friday. Security forces also retaliated the fire, they said. On Friday night firing by militants towards Thamnepokpi in Imphal East district from the surrounding hills of Kangpokpi district an elderly woman was injured. She was rushed to Yaingangpokpi Primary Health Centre for treatment and is out of danger. Earlier on Friday, two persons including a security personnel were injured in firing at Sanasabi.

Kerala Congress slams CM Pinarayi Vijayan for inaugurating airport event amid national mourning for former PM

PTI ■ KOCHI

The Congress in Kerala on Saturday criticised Chief Minister Pinarayi Vijayan for participating in an official inauguration ceremony at the international airport here while the nation was mourning the demise of former Prime Minister Manmohan Singh. Speaking to reporters here, Leader of Opposition in the state Assembly V D Satheesan described the Chief Minister's action as "disrespectful" and "inappropriate". It is disrespectful and inappropriate for someone like the CM to attend and inaugurate an official event at Kochi airport while the funeral of Manmohan Singh, who served as Prime Minister

of India for ten years, is being held in New Delhi, the LoP said. He added that the Chief Minister of Kerala should not have attended such an event and that a request had been made to the airport management to postpone the function and inform the Chief Minister about it the day before. Satheesan expressed his "grief and protest" over the

"disrespect" shown by the CM. Earlier in the day, Vijayan inaugurated the Taj Cochin International Airport, a five-star hotel developed by Cochin International Airport Limited (CIAL) and operated by the IHCL Taj Group. In New Delhi, former Prime Minister Manmohan Singh was cremated with full state honours on Saturday in the presence of top dignitaries from India and abroad. The last rites were attended by President Droupadi Murmu, Vice President Jagdeep Dhankhar, and Prime Minister Narendra Modi, along with top Congress leaders including Mallikarjun Kharge, Sonia Gandhi, and Rahul Gandhi.

Four men were killed and two others suffered injuries in separate road accidents in Sehore and Katni districts of Madhya Pradesh on Saturday, police said. Vinand Gyanchand (20) and his cousin Ajay Ghasiram Verma (25) were crushed to death by a truck when they were returning home in Kothari village of Sehore district, Ashta area Sub Divisional Officer of Police (SDOP) Akash Amalkar told PTI. The truck driver fled from the spot, located around 25 km from the district headquarters, but was caught within a few minutes, he said. The victims' bodies were sent to a government hospital for post-mortem, Amalkar said. The process to register a case against the driver was on and investigation was underway, he added. In the second accident, drivers of two trucks were killed after their vehicles collided on Katni-Damoh road, about 33 km off the Katni district headquarters, Rithi police station inspector Rajendra Mishra told PTI.

Denial of fireworks permission sparks row at Thrissur Temples, shrine managements cry foul

PTI ■ THRISSUR/KERALA

The district administration's denial of permission for the fireworks display during 'Vela Ezunnallippu', a traditional ritual, at the famed Paramekkavu and Thiruvambady temples here has sparked a row with the shrine managements viewing it as a "test dose" to destroy the iconic Thrissur Pooram. The Additional District Magistrate (ADM) here on Friday issued an order denying permission for the fireworks display in connection with the annual ritual citing the new amendment to the union government's Explosive Rules and based on reports of various state government departments in accordance with that. The Vela Ezunnallippu ritual and the related fireworks display of the two temples are scheduled in January first week. In the order, the district administration stated that there is no physical circumstance to carry out the fireworks display in the area and it may pose a threat to the life and property of the public. The opinion of concerned investigating officers that the fireworks should not be allowed taking into account the safety of public life has also been considered, said the order. The order was issued on the request for permission to conduct fireworks display submitted by Thiruvambady Devaswom. Meanwhile, the order denying permission to the

fireworks display citing the central explosive rule guidelines drew sharp reactions from the temple managements. K Girish Kumar, Secretary, Thiruvambady Devaswom, vehemently criticised the move and said permission for the fireworks display is being denied citing technical reasons and urged political leaders and ministers from the district to raise their voice against it. "The Vela Ezunnallippu and its related fireworks are held on the same Swaraj Round where the Thrissur Pooram is conducted annually. The present move is a test dose to destroy the iconic Pooram," he told reporters here. Rejecting the reasons for denying permission for the fireworks display, he said the school, hospital, petrol pump and other such institutions have been there in the area for years and the rituals were held there without any issues in the past. The fireworks display is to be conducted in the midnight after taking all necessary precautions and so it won't pose any security issues as claimed in the order, the Devaswom Secretary further said. Without naming anyone, he further alleged that there were attempts to block the parading of jumbos and the apex court granted permission for the same recently. Now-a-days, the temple authorities are forced to approach the court for each and everything to protect the traditional rituals, he added.

Patna district administration offers to facilitate meeting between BPSC and protesting candidates over exam cancellation demand

PTI ■ PATNA

The Patna district administration on Saturday said it has made an offer to the candidates, demanding cancellation of the Bihar Public Service Commission (BPSC) examination held on December 13, to facilitate a meeting with it so that they could put forth their grievances. The candidates, seeking cancellation of the 70th Integrated Combined Competitive Examination (CCE), 2024, under the BPSC over allegations of question paper leak have been protesting for more than a week. The protestors would be required to nominate five of

their representatives for talks after which the BPSC would take a decision "within a reasonable time", Patna District Magistrate (DM) Chandrasekhar Singh said. "The district administration has offered the protesting

aspirants to give a list of the representatives (all of them examinees) so that we can facilitate their meeting with the BPSC authorities over the issue," the DM told PTI on Saturday. "They can apprise the

commission's officials of their grievances in the meeting. The district administration also assures the protesting aspirants that the commission would take appropriate decisions or a stand within a reasonable time," Singh said. The commission is an independent body and it is free to make decisions on its own, he said. The BPSC had decided to cancel the preliminary examination held at Babu Pariksha Parisar centre only due to disruption created by a group of unruly aspirants. The re-examination will be held on January 4 at some other centre in the city. The protestors have been

sitting on dharna at Gardani Bagh for several days. They contend that cancellation should be ordered across the board since re-examination for just one centre would go against the principle of "level playing field". Meanwhile, the Patna Police have issued notices to certain people, associated with coaching institutes, and sought clarification over allegedly instigating the protesting aspirants and delivering provocative speeches while addressing students at Gardani Bagh, the dedicated site for organising protests in the city. "Yes, notices have been served to them by the Patna Police in this regard.

Punjab Govt reclaims 12,809 acres of land worth ₹3,080 Crore, generates ₹573.66 Crore in revenue

PTI ■ CHANDIGARH

The Punjab government has so far reclaimed 12,809 acres of land and handed them over to panchayats since the start of a campaign in 2022 to remove encroachments, Minister Tarunpreet Singh Sond said on Saturday. The market value of this reclaimed land exceeds Rs 3,080 crore, he added. About 6,000 acres of the reclaimed land was leased out, generating an annual income of Rs 10.76 crore during the 2024-25 fiscal, the rural development and panchayat minister said. During the current financial year, the rural development and panchayats department

auctioned 1.36 lakh acres of 'shamlat' (village common land) for Rs 469 crore. Another Rs 93.90 crore was generated by leasing livestock markets through e-auctions, the minister said. Under the Pradhan Mantri Awas Yojana (Gramin), 18,000 homes, costing about Rs 220 crore, will be completed by the end of this fiscal, he said. In the 2025-26 fiscal, an additional 25,000 houses will be constructed. To identify new beneficiaries, a fresh survey has been underway since November 1, with dedicated surveyors deployed in each village, Sond said. He said the department

initiated the Rural Library Scheme from Issru village (in Khanna) this year, realising Chief Minister Bhagwant Mann's vision of establishing libraries in villages. The chief minister inaugurated the first library on August 15. At present, 114 rural libraries are functional across Punjab while work on 179 is underway, he said. The department also facilitated financial assistance for self-help groups by enabling them to secure loans worth Rs 94.35 crore from banks, according to an official statement. Under the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA), Rs 983.98 crore was spent

during the 2024-25 fiscal, generating 2.15 crore person-days of employment. An average of 7.02 lakh rural families were provided employment under the scheme this year, according to the statement. The department also planted 95.03 lakh saplings in 2024. Besides, 2,461 sports grounds were built and work on 1,623 is underway. Various initiatives are being undertaken to enhance the aesthetics of villages and effectively manage waste, the minister said. He mentioned that panchayat elections were conducted in 2024, during which 3,044 panchayats were elected unanimously.

ED raids Chhattisgarh Cong MLA Kawasi Lakhma, son in money laundering case linked to liquor scam

PTI ■ RAIPUR

The Enforcement Directorate on Saturday conducted raids at the premises of Chhattisgarh Congress MLA and former excise minister Kawasi Lakhma, his son and some others as part of a money laundering investigation linked to an alleged liquor scam in the state, official sources said. They said a total of seven premises - including Lakhma's residence in Raipur and his son Harish Lakhma's premises in Sukma district apart from that of some linked persons - are being searched under the provisions of the Prevention of Money Laundering Act (PMLA). The Chhattisgarh Congress alleged the raids were part of a conspiracy by the BJP to harass the opposition party's leaders ahead of urban body and panchayat polls. Lakhma, 71, is a six-time MLA from Kanta assembly seat and served as excise minister in the previous Congress government. Harish Lakhma is stated to be a

panchayat president in his district. The ED sources said they are investigating allegations made by some "key accused" that Lakhma was paid about Rs 2 crore per month between 2020-2022 when he held the excise portfolio. According to the agency, the alleged liquor scam was orchestrated between 2019-22 under the then chief minister Bhupesh Baghel-led Congress government. "The Chhattisgarh liquor scam resulted in massive loss to the state exchequer and filled the pockets of the beneficiaries of the liquor syndicate with more than Rs 2,100 crore illegal proceeds of crime," the agency had claimed earlier. Chhattisgarh Congress communication wing president Sushil Anand Shukla told PTI that central agencies are being misused as urban body and panchayat elections are expected to be held in the state. This is a conspiracy by the BJP to harass Congress leaders, he said.

Cyber fraudsters target Mahakumbh mela, police crackdown on fake booking websites

BISWAJEET BANERJEE ■ PRAYAGRAJ

In a growing trend of cyber fraud targeting the Maha Kumbh Mela, several fake websites promising hotel, tent, and cottage bookings have come to light, prompting the police to launch an intensive crackdown. On Friday, the cyber police registered cases against four such fraudulent websites and subsequently shut them down. Deputy Inspector of Cyber Cell Vinod Kumar Yadav stated that cybercriminals were exploiting the faith and enthusiasm of devotees by

creating fake platforms offering premium services, including accommodations and special VIP bathing arrangements. "These websites are deceiving

pilgrims and extorting significant sums of money under the guise of bookings," he said, urging people to remain vigilant. This marks the fifth case registered against fake websites since November 18, when the cyber police began targeting such fraudulent activities. A dedicated team is now investigating the domains of these sites to identify their operators. Emails have been sent to hosting services to uncover the registrants and locations from where these sites are

being managed. The four websites identified and acted upon are: *https://mahakumbhfestival.com/ *https://mahakumbhcottagesreservation.org/ *https://jainmandiranddharamshala.in/ *https://mahakumbhcottagesreservation.org/ The cyber police confirmed that FIRs have been filed, and efforts are underway to track down the fraudsters. "Once the domain details are received, we will expedite the arrest of those behind this scam," Yadav added.

The Maha Kumbh Mela, a globally renowned religious gathering, attracts millions of pilgrims. With this influx, cybercriminals see an opportunity to exploit unsuspecting devotees. The police have advised pilgrims to verify booking platforms thoroughly and rely only on official websites for reservations. Authorities are also urging citizens to report suspicious websites or activities immediately, reinforcing the message that collective vigilance is the key to preventing such frauds.

Gutsy Reddy's maiden ton keeps India afloat

PTI ■ MELBOURNE

Nitish Reddy, an unknown entity in red ball cricket before the start of Border-Gavaskar series, virtually bailed India out with his dogged maiden Test century here on Saturday, severely denting Australia's hopes of winning the Boxing Day contest.

Reddy's unbeaten 105 took India to 358 for nine, still 116 runs short of Australia's first innings score of 474 as rain brought an early end to the third day's play.

With the flat MCG deck not offering much to the bowlers, saving the Test match shouldn't be a big deal for India. Reddy, easily India's 'find of the series', played a pivotal role in visitors' fightback.

Reddy's combative spirit and the invaluable 127-run stand he shared with Washington Sundar (50 off 162 balls) proved to be the turning point for the hosts.

Reddy's innings was termed as one of greatest Test knocks by the legendary Sunil Gavaskar given the situation as India were in a precarious

position after Rishab Pant's dismissal courtesy a rash shot had left India tottering at 191 for six.

The young Andhra batter could have been stranded on 99 when Jasprit Bumrah got dismissed, leaving Reddy with last-man in Mohammed Siraj, who walked in to another round of boos and faced three deliveries from home skipper Pat Cummins.

Both Reddy and his father Muthyala's expressions changed with each ball but Siraj survived to allow Reddy savour the moment he must have dreamt a thousand times.

A picture-perfect straight drive off Scott Boland was the moment of the series for India as Reddy balanced his helmet with the bat and took a knee, expressing his gratitude towards the Indian dug-out which gave him a standing ovation.

The 21-year-old struck the 'Pushpa' pose after completing his fifty and the 'Salaar' pose to celebrate the century.

A decade back, when his father Muthyala left a secured job to open a micro-

finance (lending) business and incurred losses, the Reddy family was advised not to give wings to young Reddy's cricketing dreams but they were unrelenting.

Sitting in the stands near the boundary, Reddy's father broke down when his son achieved the milestone.

As Indian fans clicked selfies with him it must have reminded of the day when his son received the best U-16 cricketer award from the BCCI in 2017, and an impressionable Reddy was seen clicking selfie with his idol Virat Kohli and his wife Anushka Sharma while leaving the hotel premises.

Reddy's batting was based on stable core, playing the ball late and only going for the drive when the ball was pitched up. He wasn't defending unnecessarily and 10 fours and a six was a testimony to that.

If the morning was more about Rishabh Pant's inexplicable shot selection, the afternoon session belonged to Reddy, whose attacking game put the pressure right back on Australia.

There were plenty of boundaries and a six off Nathan Lyon but none more gorgeous than the off-drive off Cummins. Reddy has been by far India's most consistent batter in the series and the maiden Test century couldn't have come at a more opportune time and that too at an iconic venue.

Washington, at the other end, grew in confidence and trusted his defence apart from punishing the loose deliveries. It did help that the drop-in surface at the MCG has got better for batting as the match progressed.

The second new ball did very little for Australian bowlers and the Indian duo ran very well between the wickets. With Mitchell Starc's back acting up a little, the two batters looked to reduce the deficit further.

In the morning it was all about Pant's shot selection that hurt India.

The third day's MCG track is perhaps the best to bat on with green grass making way for a brownish tinge and an old Kookaburra hardly doing anything.

Had Pant stuck around,

there was no way he wouldn't have scored big. Pant did start well and got a few boundaries but then the urge to play the falling lap pull over long-leg brought about his dismissal.

When he tried it for the first time off Scott Boland, who came round the wicket, Pant was hit in the naval area and seemed to be in pain.

He got up but didn't realise that Cummins had placed one fielder at deep fine-leg and one at deep third man for both the conventional and reverse lap shot.

Without learning his lessons or caring about success percentage, Pant tried a similar shot but the extra bounce meant that the top edge flew to third man for a regulation catch.

"If there was a word called 'worstest', then this was one such shot," former India skipper Sunil Gavaskar said on air.

But Reddy showed steely resolve as he started with a punchy off-drive off Lyon and also jumped down the track to loft him over for a straight six during a splendid recovery act.

Nitish Reddy: Story of sacrifices made by middle class family

PTI ■ MELBOURNE

Nitish Reddy loves his tattoos like most 21-year-olds do, and one on his ankle is a picture of 'Achilles' Heel'. He considers it a reminder of all the difficulties that his family has endured in the last 10 years to power his cricketing dream.

For Reddy, becoming a cricketer was both a choice and a compulsion. He wanted to do something for his parents, who gave their tears and sweat to fuel his India dream.

The middle-class family gambled with its finances to allow Reddy soar high. The risks taken and losses suffered will not bother them now.

"Getting into the Indian team is a proud feeling but it is only 50 percent of the dream. It will be fulfilled if I can wear that jersey and win matches for my country," an emotional Reddy had told PTI in June this year.

"I want to see respect for my father in the eyes of those who once tore him to shreds for believing in my talent."

The maiden Test ton

celebration in 'Salaar' style was a tribute to his father Muthyala, who watched his son rescue India from the stand behind team's dug-out.

The journey was not just Reddy's but also of his father's sacrifices and belief that his son was special.

As a 12 year-old, Reddy overheard his relatives cursing his father for losing money in his micro-financing business after taking a voluntary retirement from service (VRS) from Hindustan Zinc.

He took the decision to avoid getting transferred to Udaipur since he knew the city did not have the facilities and coaching to help his son excel as a cricketer.

He invested the payout of Rs 20 lakh to start his business. However, his friends, who took loan from him never returned the amount, resulting in massive losses.

"I could hear those discussions and even as a 12-year old. I understood everything. It was a promise I made to myself that only one thing can redeem my

dad's prestige — an India call-up," Reddy had told back then.

It was the time when he could just afford one bat a year (one good seasoned English willow cost around 15,000 back then. It is close to 50k now for international players).

"I can't tell you how happy I am," Muthyala said, struggling to express his emotions, standing outside the MCG after his son's rescue act.

"Virat sir has told him to work hard," he said.

A few years back, Reddy was adjudged the best U-16 cricketer by the BCCI and

he attended the Annual Awards Function in Bengaluru.

The entire Indian team was in attendance and the 14-year-old was desperate for a selfie with Kohli and his wife Anushka, who were waiting near the elevator of the hotel.

Kohli was in a hurry but obliged and it became a memorable moment for young Reddy. Now getting applauded for his effort by his idol is an unforgettable memory for him.

Reddy's family also can't thank enough former Andhra Cricket Association's head MSK

Prasad for enrolling him in its state-of-the-art academy in Visakhapatnam.

"Initially, he was placed in our U-14 academy, located far from his hometown. However, his parents encouraged him to pursue his dreams, and he steadily progressed through our academies. Nitish eventually earned a spot in India's U-19 team, showcasing his skill and determination," Prasad recently told PTI.

In 2023, Reddy secured spot in India's Emerging Asia Cup team but was dropped after playing a few games. The squad had players like Yash Dhull, Nishant Sindhu, who are far away from national reckoning.

There are certain events that change the course of one's career and that Emerging Asia Cup made him realise that to make a mark at the international level, he needed to think out of the box. "I started spending more time at the nets and also hired a few side arm specialists (throwdown) available in Vizag and practised for a month."

"They were all hurling the

ball at 145 clicks and initially I found it hard. And then by the end of the month got adjusted. That practice went a long way when I played IPL this season where I could hit sixes," he had said.

His SRH skipper Pat Cummins might be smiling quietly and thinking aloud as to why he told Reddy that he has the potential to play for India and develop into a good all-rounder.

India head coach Gautam Gambhir also deserves credit for putting his foot down for having Reddy Down Under after watching his exploits in a T20 series against Bangladesh.

It was a leap of faith and Reddy is now the 'find of the series' for India. On the Christmas Day, when everyone was fretting about India's combination, Sanjay Manjrekar had questioned, "Will Leaving Reddy out give India a better balance?" On Saturday, one of Reddy's sponsors, a popular sports equipment and apparel brand quote tweeted Manjrekar with the cricketer's pic urged the cricket pundit to keep quiet.

Nick Kyrgios heavily criticizes Sinner, Swiatek for doping-related issues

AP ■ BRISBANE

Just days away from his return to tennis at the Brisbane International, Nick Kyrgios hasn't minced his words in referring to doping-related charges against Jannik Sinner and Iga Swiatek, labelling breaches of the sport's anti-doping program as "disgusting for our sport."

The International Tennis Integrity Agency (ITIA) levelled charges against world No.1 Sinner and former world No.1 Iga Swiatek. Sinner tested positive twice for an anabolic steroid in March, but avoided a ban because the ITIA determined he was not to blame.

Swiatek also accepted a one-month suspension in November after testing positive for the banned substance trimetazidine.

"Two world No.1s both getting done for doping is disgusting for our sport. It's a horrible look," Kyrgios said at his Brisbane International

press conference on Saturday. "Tennis integrity right now, and everyone knows it but no one wants to speak about it, it's awful."

Kyrgios, 29, has not played tournament tennis since June 2023 due to wrist and knee injuries. He was asked about his motivations for speaking out on the Sinner and Swiatek situations.

"Someone like me ... I would never even in my entire life ever try and dope in this sport," he said. "Especially going through an injury like I went through, obviously there are things out there that could speed up healing, help me get back to prime level, help my recovery."

Carlsen disqualified from top chess meet for violating dress code

PTI ■ NEW YORK

Five-time world champion Magnus Carlsen was first fined and then disqualified from the World Rapid and Blitz Chess Championship here for his refusal to comply with the FIDE's dress code after turning up in jeans here.

Defending champion Carlsen was fined USD 200 for wearing jeans, which are "explicitly prohibited" under tournament regulations and when he refused the request to change his attire right after the eighth round by chief arbiter Alex Holowczak, he was disqualified.

He was not paired for Round 9 of the Rapid championship, taking place at Wall Street.

One of the game's greatest players, the Norwegian ace had agreed to follow the dress from the next day but was not ready to do it immediately, resulting in his disqualification.

"I would rather be at someplace with better weather," was how Carlsen summed up his disqualification from the championship in which he has won in the last two editions.

In a statement, the game's global governing body FIDE emphasised that the dress code rules are well-communicated to all participants and designed to ensure professionalism.

"The dress code regulations are drafted by members of the FIDE Athletes Commission, which is composed of professional players and experts. These rules have been in place for years and are well-known to all participants and are communicated to

them ahead of each event," FIDE said in the statement, posted on X.

"FIDE has also ensured that the players' accommodation is within a short walking distance from the playing venue, making adherence to the rules more convenient."

It added, "Today, Mr. Magnus Carlsen breached the dress code by wearing jeans, which are explicitly prohibited under long-standing regulations for this event. The Chief Arbiter informed Mr. Carlsen of the breach, issued a USD 200 fine, and requested that he change his attire."

"Unfortunately, Mr. Carlsen declined, and as a result, he was not paired for round nine. This decision was made impartially and applies equally to all players."

Earlier, Russian Grandmaster Ian Nepomniachtchi was also penalised for a similar violation but he complied by changing his attire, allowing him to continue in the event.

Meanwhile, "upset" with the turn of events, Carlsen said he won't participate in the Blitz section of the championship as he is "pretty tired" of FIDE's dress code policies.

"I am pretty tired of FIDE, so I want no more of this. I don't

want anything to do with them. I am sorry to everyone at home, maybe it's a stupid principle, but I don't think it's any fun," Carlsen told Norwegian broadcasting channel NRK.

"I said I don't want to bother changing now, but I can change until tomorrow, that's fine. But they didn't want to compromise. I've reached a point where I am pretty upset with FIDE, so I didn't want to either. Then that's how it goes," he added.

The Carlsen dress code fiasco is being seen as a signal to the chess world about his keenness to develop the faster version of the game that he considers as a "real skill" as well as his personal interest about developing the "freestyle chess" for which he recently raised USD 12 million.

Freestyle chess, as he prefers to call it, is the version of the game wherein chess pieces can be shuffled in any order. This was an idea propagated by the great Bobby Fischer.

"This is a war with FIDE (the game's apex body)," said Norwegian sports broadcaster Kaja Snare before adding that this is the end of an era for world chess.

Chhetri farewell signals end of an era in forgettable year for Indian football

PTI ■ KOLKATA

Indian football found itself in the throes of despair throughout 2024 with the senior men's team failing to register a single win in a year when the long-serving Sunil Chhetri finally decided to hang up his boots internationally after 19 years of yeoman service.

The familiar sight of the diminutive No. 11 running into the box, deftly chipping the ball into the back of the net, bringing out his trademark 'namaste' celebration, and looking skywards with his fingers pointing to the heavens will forever be etched in the hearts of Indian football fans.

With his record 151 appearances and 94 goals for India, Chhetri became synonymous with the sport in the country, inspiring millions while leading the team with distinction.

The talisman's retirement, at 39, marked a poignant end in a year of more lows than highs with the men's national team facing transitional challenges and failing to notch a single win across 12 months for the first time in a decade.

"You don't wish to stop playing for the country. But one day you have to, and you will be fine. Finally, I reached this decision. And I think I made the right decision," an emotional Chhetri had said after his decision to retire.

India's FIFA World Cup qualifier against Kuwait was his last appearance for the country.

On June 6, in his final match at Salt Lake Stadium, 58,921 fans gathered to bid farewell to the legend but the game

ended in a goalless draw, much to the disappointment of his supporters.

It was a night heavy with emotion, as Indian football lost its torchbearer, the unifying figure who had carried the sport on his shoulders for nearly two decades. The national team has never been the same since his retirement.

World Cup Qualifiers debacle

The disappointing exit from the second round of FIFA World Cup Qualifiers was followed by the acrimonious sacking of head coach Igor Stimac, a year before his contract expired.

Stimac initially demanded USD 920,000 (Rs 7.72 crore) as compensation and approached the game's governing body FIFA after rejecting the All India Football Federation's (AIFF) offer of first three, then five, and finally 10 months' salary as settlement.

The matter escalated before both parties reached an agreement, setting the

with the two teams winning the Shield and ISL title respectively.

There was, however, also a setback for Mohun Bagan who were considered 'withdrawn' from the AFC Champions League 2 after refusing to travel to Iran for their match against Tractor SC on October 2, citing security concerns amid political unrest in that part of the world.

The Asian Football Confederation (AFC) cancelled all of Mohun Bagan's matches in the competition, considering them null and void. This followed the club's goalless draw against Ravshan Kulob in their opening Group A match at Salt Lake Stadium.

The year proved to be a historic one for Odisha FC who secured a spot in the AFC Women's Champions League Group Stage after topping their preliminary stage group with two wins, including a 4-1 victory over Lion City Sailors and a 2-1 win against Etihad Club.

There was also a tug of war between bitter rivals Mohun Bagan and East Bengal over one of the finest centrebacks Anwar Ali, leading to legal battles over his contract.

Controversy off the field

The sport also had its share of off-the-field controversies with some questioning AIFF president Kalyan Chaubey's leadership following the termination of Nilanjan Bhattacharjee, the head of the national federation's legal body.

Chaubey faced allegations of mishandling tender processes and using AIFF funds for personal expenses from the ousted Bhattacharjee.

Former India captain Bhaichung Bhutia also called for Chaubey's resignation citing "issues" with AIFF's administration.

If that was not enough, the federation found itself embroiled in a new controversy over its handling of the broadcasting rights for the I-League 2024-25 season.

Cinema has long been a reflection of society, a medium of mass communication, and an instrument for change. From its inception, films have served as more than just a source of entertainment. They have been a mirror to society, amplifying voices, shedding light on pressing issues, and sparking conversations that transcend borders. Over the decades, the cinematic landscape has evolved, offering a fascinating mix of artistry, storytelling, and technical brilliance. This year was no exception.

Looking back at the journey of Indian cinema, it is astonishing to witness its evolution—from the poignant realism of Satyajit Ray's "Pathar Panchali" and the thought-provoking narratives of Shyam Benegal to the visual spectacles crafted by modern filmmakers like S.S. Rajamouli and Sanjay Leela Bhansali. Over 69 years, the industry has grown into a cultural phenomenon, shaping not just entertainment but also the values and ideals of its audience.

The early years of Indian cinema were driven by socially conscious storytelling, as seen in classics like Shatranj Ke Khilari, Sadgati, and Aparajito. These films addressed societal issues with sensitivity and depth, using the medium to educate and inspire change. Directors like Ray and Benegal paved the way for a golden era where art met purpose, creating a legacy of films that resonated deeply with audiences.

In recent years, however, talking about

films like Pushpa 2, Teri Baaton Mein Aisa Uljha Jiya, Kalki 2898 AD, Kill, and more there has been a discernible shift in the motives behind filmmaking. While the essence of cinema as an art form endures, the industry has leaned heavily towards commercialisation. With a focus on box office numbers and global appeal, the cinematic experience has transformed into a spectacle, often prioritising grandeur and entertainment over substance. Yet, amidst the crowd of mass-market releases, there remain exceptions about the films that challenge norms, provoke thought, and carry forward the tradition of meaningful storytelling.

Actor of the year
Kriti Sanon stole 2024 in her name by her stellar, glamorous performances and delivering back to back hit films even with female protagonists loved by the audience.

As we look back at the year that was, it becomes evident that cinema continues to straddle the line between its artistic roots and its commercial aspirations.

The past year has been a testament to the diversity of the medium, offering a mix of groundbreaking narratives, record-breaking successes, and a glimpse into the future of filmmaking will also some flops which didn't do well. This retrospective explores how the industry has evolved over time and examines the key highlights of the cinematic journey this year, from the unforgettable performances to the innovative storytelling that defined 2024.

The Significance of Khar Maas

Khar Maas, a revered period in the Vedic calendar, begins on December 15, 2024, when the Sun enters Sagittarius and concludes on January 14, 2025, with its transition into Capricorn, marking the celebration of Makar Sankranti. This month holds a unique spiritual essence, encouraging individuals to focus on inner growth, devotion, and alignment with divine energies. The origin of Khar Maas is rooted in an ancient story. It is said that the Sun God, Suryadev, drives his chariot, pulled by seven celestial horses, to maintain the cosmic cycle of day and night. One day, the horses, thirsty and weary, sought a break to drink water. To allow this, Suryadev temporarily replaced them with donkeys. The slower pace of the donkeys extended the journey to thirty days, giving rise to what we now call Khar Maas, as "Khar" means donkey in Sanskrit. This period is observed as a sacred time for reflection and devotion. However, traditions discourage undertaking new ventures or life events with long-term implications during this month. Weddings, engagements, housewarming ceremonies, groundbreaking rituals, and the establishment of new businesses are avoided. Instead, individuals are encouraged to turn their focus inward, prioritising spiritual practices over material pursuits.

Khar Maas is an ideal time for self-purification and strengthening one's connection to higher energies. Devotees often engage in tapasya (austerities), perform fire rituals (hawans), embark on pilgrimages, and undertake charitable acts. These activities are believed to cleanse the soul, resolve karmic imbalances, and invite divine blessings.

During Khar Maas, fasting is another common spiritual practice observed by many. Fasting is believed to purify the body and mind, allowing individuals to detach from material desires and focus on spiritual upliftment. Consuming sattvic food-pure, vegetarian meals devoid of onion and garlic-is encouraged during this time to maintain a calm and

balanced state of mind. Additionally, devotees are advised to recite sacred mantras like the Gayatri Mantra and meditate daily to enhance their connection with the divine. Acts of kindness, such as feeding the poor or supporting those in need, are also emphasised, as they not only cleanse negative karma but also reinforce the

spirit of compassion and service. To maximise the benefits of this spiritually charged month, several practices are traditionally followed. Offering water to the Sun every morning is a powerful ritual that signifies gratitude and invokes clarity and strength. Chanting the Aditya Hridaya Stotram, a hymn dedicated to Suryadev, is another common practice that fosters vitality and mental focus. In the evenings, lighting a ghee diya near Goddess Tulsi is believed to attract positivity, prosperity, and divine protection. Khar Maas serves as a reminder of the cyclical nature of life, urging us to embrace moments of pause and reflection. While the material world may temporarily slow down, the soul is given an opportunity to grow. This sacred period helps prepare individuals for new beginnings and auspicious endeavours that can commence after Makar Sankranti. As the Sun resumes its celestial journey with renewed vigor, the energy for material and spiritual success flows harmoniously once again. This month is a gift to recalibrate, focus on devotion, and nurture inner peace. By honouring the practices and teachings of Khar Maas, one can achieve a sense of spiritual fulfilment and create a strong foundation for future endeavours.
