PIONEER NEWS SERVICE NEW DELHI/GUWAHATI

ssam Chief Minister Himanta Biswa Sarma 🕰 on Monday said anyone coming to Assam in 2015 or later will be deported back to their country of origin.

"We will deport those who have come after 2015. Only eight persons have applied so far who came before 2015 for CAA. Out of these applicants, only two have proceeded to attend interviews with relevant authorities," the CM said at a Press conference in Guwahati to share the insight into the implementation of the Citizens' Act.

The Centre on March 11 implemented the Citizenship (Amendment) Act, 2019 CAA by notifying the rules, four years after the law was passed by Parliament to fasttrack citizenship for undocumented non-Muslim migrants from Pakistan, Bangladesh and Afghanistan, who came to India before December 31, 2014, and stayed here for five years.

"We conducted outreach programmes in the Barak valley and approached many-Hindu Bengali families and asked them to apply for citizenship under CAA. However, they refused to do The Assam Chief

after he stated that the citizenship act will be "completely insignificant" in Assam due to a low number of applications.

Himanta said anybody (according to CAA) who has come to India before 2015, they have the first right to apply for citizenship. "If they don't apply we will lodge a case for them. So this is a statuary instruction," the CM said on a strong note to carry forward implementation of the CAA. Based on the rules of the

Citizenship Amendment Act, migrants belonging to six religious minorities Hindu, Sikh, Buddhist, Jain,

Minister's statement comes Parsi, and Christian from neighbouring countries of Pakistan, Bangladesh, and Afghanistan will be allowed to stay in India as citizens if they entered the country before December 31, 2014. Sarma claimed that most of the Hindu-Bengali families, who were not included in the final draft of the National Register of Citizens (NRC), told him that they possessed necessary documents to prove their Indian citizenship and preferred the FT route than applying through the CAA

Asked whether the Assam Government is dropping cases in Foreigners Tribunals (FT) against Hindu-Bengalis,

Sarma clarified, "This misleading. We cannot drop any case. We are simply advising that before initiating a case, individuals should apply through the CAA portal. Even if a case is filed, there won't be any outcome because these people are

eligible for citizenship.' The Chief Minister said he will request the Advocate General to flag the issue of CAA so that FTs can give time to people whose cases are going on to apply for citizenship under the newly implemented law.

"I can't give a direction to court to pause while deciding the citizenship cases. The FT judges themselves have to decide and they know the latest situation," he added. Asked about such a low number of applications in CAA, Sarma said the Opposition myth that 15-20 lakh Bangladeshis will get citizenship in Assam has been busted completely. anti-CAA "In the movement, five Assamese

youths lost their lives. So they made the sacrifice to prevent only these eight people! This abysmally low number of eight applications, of which only two turned up for interview is a bit surprising for us also," he added.

## BJP numbers dip in Rajya Sabha, Party eyes bypolls for renewed strength

## PIONEER NEWS SERVICE NEW DELH

**B**<sup>JP's</sup> tally in the Rajya Sabha has dipped below 90 for the first time in many years but the ruling party at Centre with its NDA partners is looking forward to gain berths in the Upper House by-elections to fill the existing vacancies in forthcoming weeks.

The current strength of the Rajya Sabha is 226 with the BJP having 86 followed by 26 of the Congress and 13 of the Trinamool Congress (TMC). There are currently 19 vacancies.

Interestingly, after a decade without a Leader of Opposition in the Lok Sabha due to a shortage of numbers, this position has now been filled with the appointment of Rahul Gandhi, as the party improved its score in the

recently concluded general elections. The Rajya Sabha is heading in a similar direction, with the Congress struggling to maintain the numbers necessary to keep the status of LoP for its party chief, Mallikarjun Kharge.

After the election of party leaders KC Venugopal and Deepender Singh Hooda to the Lok Sabha and their subsequent resignation from the Rajya Sabha, the Congress strength in the Upper House too has come down to 26, just one more than the minimum 25 members required to qualify for the post.

For this grand old party strategically made its old timer Kesava Rao to quit the RS berth from the BRS party who joined Congress last week which is the party's plan to improve its tally in the

Former President Donald Trump has arrived in Milwaukee for the Republican National Convention a day after he was targeted in an attempted assassination at a campaign event. Trump's airplane touched

down Sunday, the day before the four-day event kicks off thousands with of Republicans coming together to formally elect him as their 2024 presidential nominee. The shocking scenes of violence at his Saturday campaign rally that injured his right ear, killed a spectator and injured another set a dark backdrop for the convention, which is typically four days of party pageantry, political speeches, policy platforms and the presidential

nominee's keynote address. The attack on Trump has put a heightened focus on safety and security of the event.

The former president said in a social media post earlier Sunday that he was going to delay his trip by two days because of the attempted assassination "but have just decided that I cannot allow a shooter,' or potential assassin, to force change to scheduling, or anything else.

The passage of Bills like the Aadhaar Act and even amendments to the Prevention of Money Laundering Act (PMLA) as money bills, apparently to circumvent the Rajya Sabha when the NDA did not have a majority there, has been at the centre of a major political and legal row. Congress general secretary incharge of communications Jairam Ramesh is one of the petitioners who have challenged the passage of the Aadhaar Act of 2016 as money bill under Article 110 of the Constitution.

Senior advocate Kapil Sibal told a bench comprising Chief Justice of India (CJI) D Y Chandrachud and justices J B Pardiwala and Manoj Misra on Monday that the pleadings are complete and the petitions needed to be listed for hearing.

Later in the day, the Congress welcomed the top court's decision agreeing to consider setting up a constitution bench to hear the pleas. The party hoped a final verdict would come before Chandrachud retires in November this year.

Earlier, the top court had said it would constitute a sevenjudge bench to consider the issue of validity of passage of laws like the Aadhaar Act as a money bill.

## **Rebellion intensifies within SAD; Rebels Call for Sukhbir's Resignation** Shiromani Akali Dal Sudhar Lehar to be launched

## MONIKA MALIK 🔳 CHANDIGARH

The fissures within the Shiromani Akali Dal (SAD) further widened on Monday with the rebel faction, comprising SAD's senior dissident leaders, decided to spearhead a reform movement within the party, while calling for the resignation by the party chief Sukhbir Singh Badal.

The meeting took place in parallel with a session held by SAD's official leaders at the headquarters party in Chandigarh's Sector 28, led by Daljit Singh Cheema and Balwinder Bhunder.

On the other side, SAD's 'rebel' leaders, including Prem Singh Chandumajra, Bibi Jagir Kaur, Sikander Singh Maluka, Gurpratap Singh Wadala, Sukhdev Singh Dhindsa, Charanjit Singh Brar, among others, held their meeting at Convention Centre in Sector 36. Addressing the media after the meeting, the rebel leaders declared their plans to launch a 'Shiromani Akali Dal Sudhar (SAD's Reform Lehar Movement) aimed at revitalizing the party and reinstating its core values.

As a part of this reform initiative, Wadala has been appointed as the convener, while former MP Sukhdev Singh Dhindsa has been named its patron. Besides, a new committee will be formed to ensure that decisions are made with unanimous consent.

Govt to soon launch awards for teachers for exceptional service: Himachal CM Sukhu

## PNS SHIMLA

Himachal Pradesh Chief Minister Sukhvinder Singh Sukhu on Monday said the state government will soon launch awards for teachers and heads of schools to honour their exceptional services in the education sector.

The initiative is aimed at fostering interest among people in taking up teaching as a career, adopting best teaching and learning practices in schools and enhancing the reputation of educators within the community, he said. Twenty-four teachers would be awarded under two categories -- general area, and tribal and hard areas, Sukhu said. While 15 awards would be designated for teachers in general areas, nine would given to teachers in tribal and hard areas, the chief minister said. He said the government would also confer six special awards for teachers who have made extraordinary contributions to innovation, implementation of flagship state programmes and special ini-tiatives. Haryana Chief Minister Nayab Singh Saini on Monday announced that the State Government will launch a new initiative to enhance health facilities for serving soldiers, ex-servicemen, and their families. This includes developing health facilities similar to Army Polyclinics in various towns, based on need, through coordination with the army. "This initiative will be aimed to ensure that military personnel and their dependents can access healthcare services close to their homes," he added.

Chairing a meeting with the Health Department officials, the Chief Minister instructed them to develop health facilities for defence personnel and their family members. He said that at present Army hospitals and polyclinics are functioning in Panchkula, Ambala and Hisar on the same lines, health facilities should be developed at other places as per the demand and need of the soldiers.

While instructing the health department officials, the Chief Minister emphasized the need to coordinate with top army officials and take appropriate action to implement this initiative. The Haryana government would provide the necessary resources for these health facilities.

Sharing the information, the state Director General of Police (DGP) Gaurav Yadav on Monday said that those arrested have been identified as Sumitpal Singh of Thathian village in Tarn Taran; and Arpandeep Singh of Chamba Kalan village in Tarn Taran. DGP Yadav said that acting on intel inputs that associates of Lawrence Bishnoi had retrieved weapons consignment from Madhya Pradesh (MP), Police teams from SSOC Amritsar launched an operation and apprehended both the accused persons from near Railway Station Amritsar.

Preliminary investigations have revealed that accused persons were directly in touch with MP-based illegal weapons dealer, he said, while adding that about a fortnight back they went to MP by bus to procure this weapon consignment and travelled back to Amritsar by train.

## Amritpal Writes to Lok Sabha **Speaker: Seeks Participation** in Monsoon Session

## PNS 🔳 CHANDIGARH

The pro-Khalistan MP from Khadoor Sahib Amritpal Singh, currently imprisoned under the National Security Act (NSA) in Assam's Dibrugarh Jail, has penned a letter to Lok Sabha Speaker Om Birla seeking his permission to participate in the ensuing monsoon session of the Parliament.

Amritpal wanted to be part of the upcoming Monsoon Session starting on July 22, and has requested the Speaker to make necessary arrangements to facilitate his participation.

On July 5, Amritpal was granted a special parole to and intelligence agencies. He visit the Parliament in New Delhi, where he took his oath as an MP. Amritpal, a resident of

Jallupur Khera village near Amritsar and the head of the 'Waris Punjab De' organization, secured his position as MP by defeating Congress candidate Kulbir Singh Zira in the Khadoor Sahib constituency with the highest victory mar-

gin in the state during this Lok Sabha elections.

Despite being barred from campaigning, Amritpal gar-nered over four lakh votes, winning his seat with a margin of 1.97 lakhs votes.

Troubles for Amritpal began on February 23, 2023, when a large mob led by him stormed the Ajnala police station in Amritsar while protesting against the arrest of their aide. Following this incident, a non-bailable warrant was issued against Amritpal, who then went into hiding on March 18, prompting a monthlong manhunt by the police was eventually arrested by Punjab Police in Moga on April 23 and subsequently charged under the NSA, leading to his transfer to Dibrugarh Iail in Assam.

Since his arrest, Amritpal has been incarcerated in Dibrugarh Jail. Following the Lok Saha polls, his NSA detention period was extended by three months.

#### Control rooms in all 23 districts to deal with flood-like situation in Punjab

Chandigarh: To deal with the flood-like situation during the monsoon season, Punjab Government has set up control rooms in all 23 districts, appointing the District Revenue Officers as the nodal officers of these control rooms. The state's Revenue, Rehabilitation and Disaster Management Minister Bram Shanker Jimpa on Monday said that all arrangements have been made by the Puniab Government to control the flood like situation during the monsoon season. "As per the instructions ssued by Chief Minister Bhagwant Mann, financial assistance has already been released to all the Deputy Commissioners for cleaning of torrents, choes, drains etc; and the cleaning work has been completed by the districts but in case of any untoward incident, people can contact the control rooms set up to provide help," he said. Jimpa said that these control rooms are functional 24X7 and people can contact these helpline numbers at any time in the hour of crisis and it will be ensured that all possible assistance is provided to them by the administrative officials.

#### Former IAS Karnail Singh appointed PSERC secretary, days after VRS

Chandigarh: Days after he opted for voluntary retirement service (VRS) ahead of his scheduled retirement in September, the former IAS officer Karnail Singh has been named the secretary of the state power regulator — the Punjab State Electricity Regulatory Commission (PSERC). Karnail Singh has officially assumed his new role, with an initial tenure set for three years, which may be extended up to five years based on performance and requirements. His appointment comes at a crucial time for the PSERC, which is responsible for ensuring the development of the power sector in Punjab. His extensive experience in administration and governance is expected to bring significant benefits to the commission. The decision to appoint Karnail Singh was made by the Punjab Govt.

## **Expectations from the budget**

## The Union Budget must address infrastructure growth, job creation and clean energy initiatives

The 2024 Union Budget will be presented in the Lok Sabha on July 23rd. This will be the first budget by NDA-3, likely to continue its earlier policies. However, setbacks in the recent elections might lead to course corrections, and some populist measures may be included in the budget by Union Finance Minister Nirmala Sitharaman. As the Union Budget 2024-25 approaches, the Indian economy stands at a pivotal juncture, characterized by robust growth prospects and lingering challenges. The GDP growth forecast remains optimistic, buoyed by a strong recovery in various sectors, particularly manufacturing, services, and technology. However, inflationary pressures, high fiscal deficits, and global economic uncertainties pose significant challenges. The government has made concerted efforts in the past to enhance infrastructure, digitalisation, and clean energy initiatives, reflecting its commitment to sustainable development. Despite these strides, issues like unemployment, income inequality, and rural distress persist, necessitating

targeted fiscal measures. The forthcoming budget is expected to address these concerns, aiming to foster economic resilience, stimulate investment, and ensure inclusive growth for the nation. It is an opportunity to streamline the economy and heal ailing sectors. People's prime concerns remain inflation, which can be dexterously handled with tight fiscal planning. The Union Budget under NDA 3.0 must prioritise infrastructure growth and job creation, aiming to boost manufacturing through public-private partnerships. Changes in personal taxation and pension schemes are also expected, focusing on long-term fiscal sustainability and middle-class relief.

There is significant industry expectation for reforms and incentives to bring them back on track. The real estate sector, a major catalyst for economic growth and a vital provider of employment, urgently needs industry status to access lower-cost financing and tax benefits. High taxes on essential materials like cement and steel, particularly the 28% GST on cement must be addressed to sustain growth. India's electric vehicle (EV) sector stands at a crucial juncture, with high expectations for the upcoming budget. The government should prioritise incentivising firms to use EVs for last-mile delivery operations. Reducing GST rates for renewable energy components from the current 18% to 5% could lower the cost structure for green energy projects, promoting faster adoption across the country. The upcoming budget is expected to focus on employee welfare, formal job creation, reducing compliance complexity, and addressing the skill gap. Job creation and equipping people with desired skills, especially in technology, must be focal points. The budget should allocate more funds to tech infrastructure and resources, preparing students for a tech-driven job market and supporting entrepreneurial growth. Overall, the Budget must provide a definitive direction for India's economic agenda, with a strong emphasis on infrastructure, job creation, clean energy, and comprehensive sectoral reforms.

# New army chief follows Zorawar's footsteps

BHOPINDER SINGH

The ancient Duggar region has produced many of India's bravest warriors and earned the highest number of gallantry awards in the annals of the Indian Armed Forces

ncient Duggar region (land of warrior-Dogras spanning Himachal J&K, Pradesh, and parts of Punjab) has given maximum sacrifice and earned the highest number of gallantry awards in the annals of the Indian Armed Forces. Geographically, they have been the first line of defence against all invading forces. The noble land birthed the likes of King Porus, and the warrior sans pareil, General Zorawar Singh. Unbeknownst to many, the legendary Zorawar's audacious conquests included regions that are now in Pakistan and China like Gilgit-Baltistan, Skardu, Hunza, to even large swathes of Tibet. With such martial traditions, it is the only region in the country that populates not one but four fiery regiments of the Indian Army i.e., Jammu & Kashmir Rifles, Dogra Regiment, Jammu & Kashmir Light Infantry and Punjab Regiment, besides other arms, and services. But the Jammu & Kashmir Rifles or Jak Rif, has a hallowed place in history and imagination as a proud and direct legatee of those Zorawar's daredevilry traditions. The only 'State Force' of the Princely Dogra Kingdom to be fully amalgamated in the Indian Army, they remain the quintessential 'Gentlemen Soldiers' owing to pedigree, immense dignity, and professional restraint in personal conduct, but unmatched ferocity in battle. In 1947 the 'Saviour of Kashmir', Brigadier Rajendra Singh Jamwal, MVC, and his band of 300 indefatigable warriors held off Pakistani tribals for crucial three days to allow the confabulations and the landing of Indian troops in Srinagar.

The Maharaja and Commander of J&K State forces had ordered, 'Brigadier Rajender Singh is commanded to hold the enemy at Uri at all costs and to the last man" - he did so by paying the "ultimate sacrifice" himself. In another theatre, Brig Sher Jung Thapa, MVC, of the J&K State Forces earned the title of "Hero of okardu . Even the first Param Vir Chakra of India, Maj Somnath Sharma, was from the Duggarregion. Decades later, when the enemy attempted to justifiably proud. As 97 years

cross over yet again, it was the unparalleled heroics of the 13th Jak Rifbattalion, atop the unforgiving heights of the Kargil War that galvanised the nation.

Two combatants from the traditional Duggar catchment areas of Palampur and Bilaspur were to send shivers down the spine of the enemy with their regimental war cries of "Durga Mata ki Jai" as they retook Point 5140. Captain Vikram Batra was to immortalise the moment with his "Yeh dil mange more" spirit and Rifleman (later Subedar Major) Sanjay Kumar would fight to defend their land just as their forefathers did, for aeons

Both won Param Vir Chakra. Even the peace-time equivalent of gallantry, Ashok Chakra, was bestowed on 2/Lt (later Maj Gen) Cyrus Pithwalla of 17thJak Rif, to be the only 'General' officer with the highest gallantry award.It is from this deep fount of distinguished soldiering, that the 30th Chief of Indian Army Staff, General Upendra Dwivedi, takes over the reigns. Commissioned in the 18th Rif battalion, he is the first Army Chief from the decorated

'young', Major General Goverdhan Singh Jamwal (the only General who was commissioned by Commanderin-Chief of J&K State Forces, Maharaja Hari Singh) extended congratulations and recalled the countless regimental sacrifices that, "made the State as crown of newly independent India".

Today, General Dwivedi assumes the responsibility that his regimental forefathers held **GENERAL DWIVEDI** with much aplomb, elan and professional acumen that befits their motto, Prashata Ranvirta **ASSUMES THE** RESPONSIBILITY or Valour in battle is Praiseworthy!

THAT HIS The General assumes the mantle time in most challenging REGIMENTAL times, but as the Military tru-FOREFATHERS HELD ism goes, "The harder the conflict, the greater the tri-WITH MUCH umph". With the Indian Army, he takes over the most disci-APLOMB, ELAN AND plined, combat-hardened, and PROFESSIONAL restrained institution of the nation - much like his own ACUMEN THAT regimental ethos.

Regrettably, such a selfless attitude in a selfish world can **BEFITS THEIR** MOTTO, PRASHATA often lead to being 'taken for granted' or lead to institution-RANVIRTA OR diminishments. Transmitting that 'voice' for redressal to the powers-that-be VALOUR IN BATTLE **IS PRAISEWORTHY!** will be his foremost challenge.

i.e., China and Pakistan simultaneously, amongst other operational and staff posts. This makes him a worthy leader. In a movingly reassuring optic that is so typical of the Indian Army and its inimitable ways, the good General took blessings of his family elders, laid a wreath for those who went down fighting at the National War Memorial and then exchanged greetings with religious leaders of all faiths and denominations. Much like the multi-religious and multicastiest denomination of the Duggar land and the combatants-in-arms from his beloved JaK Rif who could be a Sikh like Honorary Captain Sundar Singh (Ashok Chakra), Parsi like Maj Gen Pithwala (Ashok Chakra) or even the martyr from his battalion i.e. 18thJak Rif, Rifleman Arif Khan Pathan, who laid down his life on Indo-Pak Line-of-Control (LoC). Jak Rif's pride is the nation's pride. As regimental patriarch, Maj Gen Goverdhan Singh Jamwal dotingly noted, "General Upendra Dwivedi is the product of this great Regiment of General Zorawar Singh. You can expect results". (The writer, a military veter-

## High seas treaty: A crucial step for marine biodiversity protection

DHARAMAPALAN

This treaty represents a significant international effort to protect our oceans, promoting equity and cooperation among nations

he world's oceans, vast and mysterious, are crucial to the health of our planet. They regulate the climate, produce half of the oxygen we breathe, and support a rich tapestry of life that is vital to global biodiversity. Marine ecosystems are incredibly diverse, hosting countless species, many of which remain undiscovered. Protecting this biodiversity is not just an ethical obligation but a practical necessity. Healthy marine ecosystems provide essential services, such as carbon sequestration, which helps mitigate climate change.

They also support fisheries that millions of people rely on for food and livelihoods. Yet, the high seas—the areas of the ocean that lie beyond national jurisdictions-remain largely unprotected and poorly managed. The significance of the Biodiversity Beyond National Jurisdiction (BBNJ) Agreement comes into the picture here. BBNJ is an international treaty under the United Nations Convention on the Law of the Sea (UNC-LOS). The Biodiversity Beyond National Jurisdiction

known as the High Seas Treaty, is a significant international treaty aimed at the conservation and sustainable use of marine biodiversity in areas beyond national jurisdiction. Areas beyond national jurisdiction cover approximately two-thirds of the ocean's surface and 95% of its

volume. These regions offer invaluable benefits to humanity, including ecological, economic, social, cultural, scientific, and food security advantages. However, they are vulnerable to significant threats such as pollution, overexploitation, and the escalating impacts of climate change. The anticipated rise in human demand for marine resources in the coming decades-for food, minerals, and biotechnologyposes a risk of worsening these issues. These areas cover (BBNJ) Agreement, also nearly half of the Earth's sur- environmental impact assess-

face, yet they lack comprehen-sive legal frameworks to regulate human activities, leaving them vulnerable to overfishing, habitat destruction, pollution, and the impacts of cli-mate change. The BBNJ Agreement aims to ensure marine biological diversity conservation and sustainable

use in areas beyond national jurisdiction. One of the most commendable aspects of the BBNJ

Agreement is its emphasis on equity. The agreement recognises the differing capacities of developed and developing nations in managing marine resources. It includes provisions for capacity-building

and the trans fer of marine technology, helping to level the playing field and enable all nations to participate effectively in ocean governance. This is vital for ensuring that the benefits of marine resources are shared fairly. The BBNJ Agreement represents a vision of global stewardship where nations come together to protect the shared heritage of our oceans. It establishes mechanisms for creating marine protected areas (MPAs), conducting

ments (EIAs), and sharing marine genetic resources (MGRs) and associated benefits equitably. This holistic approach ensures that conservation efforts are globally coordinated, scientifically informed, and inclusive of all stakeholders. It is a testament to the power of multilateralism in addressing global challenges. While the BBNJ Agreement is a significant step forward, it faces considerable challenges. Ensuring compliance and enforcement in the vast and remote high seas areas will be complex. Effective implementation will require robust monitoring systems, international collaboration, and sufficient funding. Moreover, the agreement must harmonise with existing regional and sectoral bodies to avoid conflicts and duplication of efforts. An

international agreement like the BBNJ Agreement, where countries work together for a common goal, is a beacon of hope for resurrecting our planet from the hardships caused by human activities.

## **ROT IN THE SYSTEM**

Madam - It is ridiculous that the central institutions are being pulled in for series of alleged discrepancies in the entrance exams one after other.After NEET exam paper leaks, now its time for UPSC exam. Probationary IAS officer Puja Khedkar's issue in Pune, is now on the limelight to raise many doubts regarding the UPSC and its selection process which is lenient towards IAS officers daughters and sons.It seems that the rules were bent in favor of her due to the political influence of her father and the impact of nepotism while clearing her medical examination certificate under OBC, PwBD quota, which was accepted despite it was done by the private hospital with an excuse of COVID-19 and posting

It is highly doubtful that she passed the exam under OBC category by misusing the law and fooled the interview board regarding her credentials which is not supposed to fall under OBC, PwBD quota as her asset worth is 22 crore. Her attitude, lavish life and pomposity on her probation period was unethical and disrespect to such highest post in the government. Perhaps, its just because of such candidates the honest and deserving get deprived of a chance to serve the society and nation building. It raises a red flag whether rules were misused in the past as well under the guise of obtaining OBC certificate by showing disability by the candidates who have had political affiliation and support. One hopes for fair and proper investigation of this matter to wipe out the rot in the system

Janga Bahadur Sunuwar Jalpaiguri

**RAUT'S UNCHARITABLE COMMENTS** Madam — Shiv Sena (UBT) leader and MP Sanjay Raut now says that Atal Bihari Vajpayee would have imposed emergency the day of emergency as the day of murin a similar situation. Had Vajpayee told Raut that he would have imposed emergency if he had faced a situation of the kind Indira Gandhi faced? The situation was created by Indira Gandhi herself. Justice

## **Trump dodges the bullet**

n the shooting incident in Pennsylvania at a Trump rally, the Ex president fortunately had a narrow escape. History is replete with attempts at assassination of US presidents. In

Court held Indira Gandhi guilty for her electoral malpractices. The Allahabad High Court delivered its judgment on June 12, 1975. The adverse judgment against Indira Gandhi threatened her position as Prime Minister. Top national leaders Jayaprakash Narayan, Morarji Desai, Vajpayee, and many others were arrested when Indira Gandhi had the premonition that her power and position would be in peril. The justification given for imposition of emergency was 'the internal disturbance'. Vajpayee did not indulge in electoral malpractices for facing a situation of the kind Indira Gandhi faced. He never hankered after power. Power came in search of him. The thought of Raut that Vajpayee would have imposed emergency if he had faced similar situation makes a laughing stock. What is wrong if Modi calls

der of the Constitution? K V Seetharamaiah Bengaluru

## **RESPECT GANDHI'S LEGACY**

Madam -- I want to express my deep con-Jagmohan Lal Sinha of Allahabad High cern and disappointment over the recent

fact world over national leaders elsewhere too have been targeted for differing reasons. In the Trump incident, political observers have highlighted increasing and consistent effort at polarisation in the US, fed by hateful political rhetoric in the past few years.

Trump as the serving President would refuse to concede defeat in his bid for re-election in 2020, even after losing it by as many as seven million votes. He not only stuck to a theory of conspiracy to deny him a win but created a partisan following that would recklessly storm into the parliament.

The Pennsylvania incident must carry a larger and universal lesson. As a leader grows tall his onus to public propriety and temperance in speech, becomes exponential. Else it stands to rapidly fray the socio-politic fabric of a nation

removal of the Mahatma Gandhi statue in Doomdooma, Assam. The abrupt decision to dismantle this statue, which stood as a symbol of peace and unity at Gandhi Chowk, has understandably sparked widespread outrage among the community, particularly student leaders and local civil soci-

The statue's removal not only disrespects the legacy of Mahatma Gandhi but also undermines the values of non-violence and harmony that he tirelessly promoted. Such actions can have far-reaching negative impacts on our society, eroding the respect for historical figures who played pivotal roles in shaping our nation. I urge the authorities to reconsider their decision and engage in a dialogue with the community to address their concerns. Restoring the statue or finding a more inclusive solution will help in maintaining social harmony and respecting the sentiments of the people.

## **FIRSTCOLUMN MANY REASONS** FOR THANKING GOD

God helps us in many ways, and the least we can do is thank Him for His generosity

## AJIT KUMAR BISHNOI

nyone, who has even tried to link with God either by praying or by chanting or by any other spiritual practice, would have benefited in some way. Because God can never be a debtor; He doesn't have to be. After all, He is the controller. I do many spiritual activities, and I am rewarded much beyond my expectations. How do I respond? I thank God profusely. This entitles me to more favours from God because thanking God is a high-class spiritual act. Over a long period of being in the shelter of God, many changes have occurred in my life. I am more peaceful; feel more secure; am 'sukhi' (happy); bad times don't last long; help comes, as required; guidance is generally available; etc. There are multiple reasons to thank God. I will detail a few. The first one has to be God's role in keeping the Creation going for our benefit. There have been many wars. But the world remains intact. Because God is the only entity, who could have prevented an all-out war like a nuclear war, which could have destroyed the world. God keeps the Creation going for His parts (The Bhagavad-Geeta 15.7). A businessman tries to keep his business going for his children, grandchildren, etc, but doesn't always succeed, because we all are limited; God is not.

God uses good souls, those who possess divine qualities to keep the Creation going. He rewards them in many ways including a better next birth. Shouldn't we thank God for this 'kripa' (grace)?The second reason to thank God profusely is for protecting good souls from demons. Lord Krishna has stated in verse # 16.6, "There are two types of living beings in this world: possessing divine qualities and having demonic qualities. Every person has either the predominance of divine or demonic qualities." Those with a preponderance of demonic qualities remain engaged in cruel acts. (16.4) There is a good percentage of such people. How do good people, i.e. having a preponderance of divine qualities, escape their attention?

God manages that. I cannot imagine living the way I do, i.e. with freedom and escape from being hurt by them. Believe me, I thank my Lord for this great mercy a lot, knowing how vulnerable I am.My third reason to be thankful to God is for bailing me out of all troubles, which make

their painful appearance due to my past bad/sinful acts, mostly in my past lives. I must have, otherwise I wouldn't be giving birth in this dukhalaya. God has promised this to all those who have God's consciousness. The fourth reason to thank God is for acting as karta (doer) in my life. There are five factors for accomplishing any task. These are: the place of action and the doer and many different kinds of instruments and many different efforts and fifth in this connection is the providence only." (18.14) Only God can control all the five. No human being has control over any other factor except being a doer. And when God is the karta, a task gets surely done. God does this kripa on us whenever He feels that it is according to dharma and we deserve it. The fifth reason to thank God, especially by me is for God using me as His nimitta (instrument). I am one of many whom God has chosen. I suspect that all good people get this privilege, as Arjuna was. (11.33) The sixth reason to thank God one and all human beings is His mercy in allowing very simple spiritual practices like praying, naman (obeisance), chanting and, yes, thanking. Once we begin doing them, God is in the picture. He doesn't wait for us to become His devotees; God begins to help us to become one. Because all these acts signal to God our intention to take His shelter. In my case, God has been micromanaging my life for a long time encouraging me to go on with my spiritual activities like writing spiritual texts such as articles and books. All the religions promote this act of thanking God. If we don't thank when we should we are becoming a debtor. I look for opportunities to thank others, and to God of course. He gives me plenty of reasons to be thankful. (The writer is a spiritual teacher; views are personal)

# Prioritising growth and regional development

The first budget by NDA-3 is anticipated to address the demands of stakeholders and States seeking assistance to bridge regional disparities

he NDA-3 government is gearing up to present its first budget on July 23. This budget carries high expectations as it is anticipated to da and is expected to deliver substantially to meet the demands of stakeholders and states seeking assistance. Discussions are underway regarding the reinstatement of special status for states like Bihar and Andhra Pradesh, with demands from Janata Dal (United) and Telugu Desam Party (TDP) in exchange for their support for the BJP-led National Democratic Alliance government. Andhra Pradesh's CM, N. Chandrababu Naidu, has demanded Rs one trillion to support the state's industrial and THE DEMAND FOR infrastructure development. The demand for special category status for Bihar and Andhra Pradesh poses the crucial question of why a similar approach should not be adopted to accelerate and expand the industrial growth of Punjab, a landlocked border state. This expectation arises at a critical time when the state is experiencing a significant divergence in its industrial activities due to stagnant growth and reduced exports. These circumstances demand new measures to catapult the state to greater heights. In the mid-nineties, neighbouring hill states like Himachal Pradesh reaped the benefits of a central special industrial package, while Punjab faced significant setbacks as many major players expanded and shifted their operations to the hilly states. The geographical disadvantage of being distant from seaports has led to certain investment disadvantages and stagnant growth in the industrial sector. Today, Punjab demands a level playing field to compete on an equal footing, as its key manufacturing industries have the potential to become an 'Engine of Growth.' Punjab inherited a fragile industrial base at the time of India's partition in 1947, which was further eroded with the creation of Haryana in 1966. The 1980s and 1990s were tumultuous due to terrorism and social unrest, impacting industrial growth in the region. Currently, Punjab only accounts for 5% of industrial units in the country, with a 3.6% Compound Annual Growth Rate (CAGR) in the industrial sector over the last five fiscal years. In contrast,

neighbouring states like Haryana have demonstrated higher growth rates at 5.9%. Punjabis positioned 10th with a score of 58.95 in the Export Preparedness Index (EPI) ranking 2023, whereas Haryana holds the 5th position with a score of 63.65. It raises concern that Gujarat has the highest number of 8 districts among the top 25 districts in terms of export share, followed by Maharashtra with 5 districts, Haryana with one, and Punjab with none.

Moreover, in terms of foreign direct investments (FDI), Punjab ranks 12th, having attracted only 0.49% of FDI. This is in stark contrast to neighbouring Haryana, which ranks sixth with FDI equity inflows accounting for 4.17% of the total inflows. The erosion of industry is a pressing crisis in Punjab. Despite efforts by successive governments to attract investments, significant hurdles such as location disadvantage, law and order and frequent protests

Ludhiana also commands a remark-able 92% of India's total bicycle parts production and 75% of bicycle production, securing its position as the leading exporter of bicycles from India with an 80% share. While India lags behind China in bicycle exports, there is clear potential to aggressively expand global exports with untapped opportunities in the US, European countries, and Africa as burgeoning bicycle markets. Jalandhar holds a solid 45% share of the total production, with 75% of

The Production Linked Incentives (PLI) scheme should be thoroughy re-evaluated to ensure it delivers the intended impact on competitive-ness and scale. Monitoring its progress closely is critical.

The slow progress of the PLI scheme, especially in labour-inten-sive sectors like textiles, automobiles, and components, must be addressed urgently. To achieve broader goals such as enhancing exports, attracting significant investments, and generating employment, expanding PLI to new sectors like bicycles and sports goods is imperative to encompass the maximum number of MSMEs.Assertive GST Rationalization: There is an urgent need to rationalize the current GST structure to eliminate the complex hurdles created by multiple tax slabs. ## Biden calls for national unity, says time to 'cool down'

## PTI MILWAUKEE

US President Joe Biden on Sunday urged citizens to unite in the hour of crisis when a failed assassination bid was made on his predecessor Donald Trump and said it was time to "cool down" political rhetoric in the country.

In a prime-time national address from the Oval Office, "I want to speak to you tonight about the need for us to lower the temperature in our politics and to remember, while we may disagree, we are not enemies we are neighbours, friends, coworkers, citizens, and most importantly, we are fellow Americans."

Calling for national unity, he said, "We must stand together". "Yesterday's shooting at Donald Trump's rally in Pennsylvania calls on all of us to take a step back, take stock of where we are and how we go forward from here," he said.

The President spoke for the third time in less than 24 hours after Trump was shot at during an election rally in

Pennsylvania. Biden said the motive of the shooter is not known yet. "We don't know his opinions or affiliations. We don't know whether he had help or support or if he communicated with anyone else. # Anger and anxiety loom over the Republican convention

## AP MILWAUKEE

Donald Trump's campaign chiefs designed the convention opening this week to feature a softer and more optimistic message, focusing on themes that would help a divisive leader expand his appeal among moderate voters and people of colour. Then came a shooting that rat-tled the foundation of

American politics.

Suddenly, the Democrats' tur-moil after the debate, the GOP's potential governing agenda and even Trump's criminal convictions became secondary to fears about political violence and the country's stability. The presumptive Republican nominee and his allies will face the nation during their four-day convention in Milwaukee unquestionably united and ready to "fight", as the blood-ied Trump cried out Saturday while Secret Service agents at his Pennsylvania rally rushed him to safety.

Anger and anxiety are coursing through the party, even as many top Republicans call for calm and a lowering of tensions

Sen. Tim Scott of South Carolina, known for his sunny and optimistic vision of Republican politics, suggested online the attempted assassination had been "aided and abetted by the radical Left and corporate media incessantly calling Trump a threat to democsts or wo

# 'Gunman acted alone; being probed as act of domestic terror'

### PTI MILWAUKEE

The gunman who shot at former president Donald Trump during an election rally in Pennsylvania on Saturday appears to have acted alone, according to the FBI, which is investigating it as a potential "domestic terrorism" act.

The gunman has been identified as Thomas Matthew Crooks (20)

"At this point in the investigation, it appears that he was a lone actor, but we still have more investigation to go," said Robert Wells, the executive assistant director of the FBI's National Security Branch. The FBI, he said, is investigat

ing this as an assassination attempt," and also as a "potential domestic terrorism act." The counterterrorism division and criminal divisions are working jointly together to determine the motive, he added. The FBI is leading the investigation into the assassination attempt of Trump at an election rally in Pennsylvania. Trump was hit with a bullet that pierced the upper part of his right ear. He is now safe and is continuing with his schedule that includes travelling to Milwaukee to attend the Republican National Convention, which would formally nominate him as the party's presidential nominee

against incumbent Joe Biden.

The shooter may be deceased. but the investigation is very much ongoing. And, because of that, we are limited in what we say at this point," FBI Director Christopher Wray said. "What we witnessed yesterday was nothing short of an attack on democracy and our demo-

cratic process," he told reporters at a news conference in Washington DC. According to an FBI official,

the investigation into the gun-man at Donald Trump's rally Saturday has not yet turned up any mental health issues, threatening posts or other motives, but cautioned it was still early. The shooter, as per FBI, used an AR-style rifle chambered in 5.56mm, a common calibre for such weapons. The New York Times said authorities were scouring the gunman's social media and other property as they sought to determine a motive for the

attack. Biden is likely to address the nation at 8 pm from the Oval Office. He will give "a forceful and needed address to update the nation on the horrifying attack on Donald Trump and the need for every American to come together to not just condemn, but put to an end political violence in this country once and for all," a campaign official told the daily.

Rescuers in Nepal have recovered a total of 11 bodies from the Rriver that two buses full of people were swept into by a landslide, officials said Monday

Rescuers found the bodies in different spots along the riverbanks as they searched for the missing buses and some 50 people who were on board

Government administrator Khima Nanda Bhusal said seven bodies were identified and relatives contacted. Three of the dead are Indians and the remaining four are Nepali nationals.

He said four more bodies were also recovered from the river, but because they haven't been identified, it was unclear if they had been on board the buses. "We will continue the search as long as it is needed and have no plans to give up. We will work until all of them are found," he said.

The buses were on the key highway connecting Nepal's capital to southern parts of the country when they were swept away Friday morning near Simaltal, about 120 kilometers (75 miles) west of Kathmandu. Three people were ejected from the buses and were being treated in a nearby hospital.

Saturday, adding it would include anti-missile exercises, sea strikes and air defense. Xinhua News Agency report-ed the Chinese and Russian naval forces carried out on-map military simulation and tactical coordination exercises after the opening ceremony in the

city of Zhanjiang. The joint drills came on the heels of China's latest tensions with NATO allies last week. The sternly worded final communiqué, approved by the 32 NATO members at their summit in Washington, made clear that China is becoming a focus of the military alliance, calling Beijing a "decisive enabler" of Russia's war against Ukraine. The European and North American members and their partners in the Indo-Pacific increasingly see shared security concerns coming from Russia and its Asian supporters, especially China.

In response, China accused NATO of seeking security at the expense of others and told the alliance not to bring the same "chaos" to Asia. Its foreign

ministry maintained that China has a fair and objective stance on the war in Ukraine. Last week, a US Coast Guard cutter on routine patrol in the Bering Sea also came across several Chinese military ships in international waters but within the US exclusive economic zone, American officials said. Its crew detected three vessels approximately 124 miles (200 kilometers) north of the Amchitka Pass in the Aleutian Islands, which mark a separation and linkage between the North Pacific and the Bering Sea. Later, a fourth ship was spotted approximately 84 miles (135 kilometers) north of the Amukta Pass.

## China's Communist Party begins key meet to stem economic slowdown

PTI BEIJING

China's GDP dipped to 4.7 per cent in the second quarter, the government said on Monday, as the ruling Communist Party began a key meeting stated to be a defining moment for President Xi Jinping's leadership to revive the world's second-largest economy.

The four-day meeting called the 'Third Plenum' is being attended by 376 full and alternate members of the Communist Party of China (CPC) Central Committee to primarily examine issues related to comprehensively deepening reforms and advancing China's modernisation to work out a course correction for the economy plagued by deepening demographic crisis, sluggish

growth and mounting local government debts.

Kicking off the meeting Xi 71, who is also general secretary of the party, delivered a work report and expounded on a draft decision of the CPC Central Committee on further comprehensively deepening reform and advancing Chinese modernisation, the official media reported.

The meeting, however, began here on a disappointing note for the party leadership as the National Bureau of Statistics (NBS) announced the GDP for the second quarter expanded by 4.7 per cent well below the 5.3 per cent annual pace of growth in the first quarter of the year.

The silver lining for the CPC, which is searching for a new set of reforms to shake off the post-

COVID lockdown blues, the economy posted a five per cent growth in the first half, within the range of the official growth target fixed for the vear.

'The current external environment is complicated, while domestic demand remains insufficient. We still need to consolidate the foundation for economic recovery," the NBS

said on Monday. While the third plenum of the CPC was regarded as important to set the reform agenda for the next decade, the meeting was seen as a defining moment for Xi, who is into the unprecedented third five-year term as the economy was unable to shake off its slowdown mode resulting in a sense of unease about the recovery in the near future.

presided over a host of meetings to set the tone for the key plenum and chart the direction for the nation's future reform highlighting that "the furthering of reform must focus on refining and developing the system of socialism with Chinese characteristics, and advance modernisation of the country's governance system and governance capacity".

A readout of a key party meeting presided over by Xi in February said: "Reform measures need to be sharply focused, targeting the most pressing problems. Reform efforts must be substantial and impactful."

The event could be the most important "defining moment" of President Xi Jinping's rule since a similar gathering in Ahead of the meeting, Xi 2013 that set out his vision for

reforming the country, a political researcher from Tsinghua University, who requested anonymity, told the Hong Kong-based South China Morning Post.

He said the watershed third plenum would be used by the party elite to review achievements under Xi's leadership and lay down plans to hit goals set for 2035, "which will lay the groundwork for the President's grand legacy of the great rejuvenation of the Chinese nation by 2049"

The plenum is also taking place at a time when China, struggling with various curbs and sanctions from the US and the EU, especially its high-tech products, is trying to assure both foreign business and the private sector at home about the country's economic prospects to

attract investments. Neil Thomas, a fellow for Chinese politics at the Asia Society Policy Institute's Centre for China Analysis, said Xi would use the plenum to advance his existing agenda focused on party control, technological self-reliance, financial de-risking, social welfare, and supply-side industrial policy. But the political challenges of economic pessimism could lead to some very modest 'positive surprises', he told the Post.

The most intriguing new signals ahead of the plenum suggest the possibility of more pro-business policies in hi-tech domains, although Xi does not want to unleash entrepreneurs and markets but rather harness them to develop technology and boost manufacturing, he said.

## Pak govt's bid to ban party act of desperation: Imran

#### PTI ISLAMABAD

ailed former prime minister Imran Khan's Pakistan Tehreek-e-Insaf on Monday reacted sharply to the government's decision to ban the party, saying the move came "out of desperation" and is a "sign of panic" within the federal administration. The Pakistan government announced that it would ban the Pakistan Tehreek-e-Insaf (PTI) party for its alleged involvement in anti-state activities and slap cases against him and two of his senior party colleagues for treason.

Khan, 71, faces over 200 cases, has been convicted in a few of them, and is currently lodged at the Adiala Jail in Rawalpindi. "The federal government has decided to ban PTI as a political party. Reasons cited by the information minister are the cipher case and the US Congressional Resolution on electoral rigging and politically motivated cases with no merit in sight. The PML-N is shooting its own foot for these reasons," the PTI said in a statement.

The PML-N — Pakistan Muslim League-Nawaz — is run by Khan's arch rival Nawaz Sharif and is a major coalition partner in the ruling dispensation headed by his younger brother Shehbaz Sharif.

The PML-N is shooting its own foot for these reasons because Khan has been acquitted in a cipher case and the US congressional resolution points out the ordeal a political party has to face over the period of a few months," the PTI statement added.

Senior PTI leader Senator Ali Zafar told Geo News that the federal government was attempting to ban the party "out of desperation" as the Supreme Court had ruled in its favour in the reserved seats case and said that his party would not allow the decision's implementation "even for a second" as it is against the law of the land.

He was referring to the key judgment of the Supreme Court last week that declared that Khan's PTI was eligible for the seats reserved for women and minorities in the national and four provincial assemblies. If allotted thus, the PTI will become the largest party in the National Assembly with 109 seats.

"The government doesn't realise, the UN resolution wasn't a bilateral agreement but an independent observation made by a

charter, Pakistan is a part of. Pakistan is a signatory of the UN and therefore any provocative comments could lead to Pakistan losing its membership," the party added. The PTI statement also pointed out that the Information Minister Attaullah Tarar, who announced the government decision at a press conference, ignored all questions regarding the US and the UN working group observations, "maybe because he's either unaware of its implica-tions or just doesn't have a clue."

"And this is a sign of panic as they have realised the courts can't be threatened and put under pressure. So they will try to move under the cabinet," it said, adding, Since no judge is willing to give in to blackmail or pressure, I have been saying for a while now we are under a soft mar-tial law and this move only proves our point further." The party also issued a longish statement on its X handle.

Khan has already claimed the February 8 general elections to have witnessed the Mother of All Rigging' and called his rivals the Pakistan Muslim League-Nawaz (PML-N) and Pakistan Peoples Party (PPP) as "mandate thieves.

In the election, both PML-N and PPP individually won fewer seats than 92 won by independent candidates backed by Khan's PTI. The two parties entered into a postpoll alliance under which the PML-N got the prime minister's post and the chief ministership of Punjab province while the PPP got the presidential post and the chief ministership in Sindh province.

## KP Sharma Oli sworn in as Nepal's PM for 4th time

## PTI 📕 KATHMANDU

P Sharma Oli on Monday K<sup>P</sup> Sharma Oli on Monday was sworn in as Nepal's Prime Minister for the fourth time to lead a new coalition government that faces the daunting challenge of provid-ing political stability in the

Himalayan nation. The leader of Nepal's largest communist party was appointed as prime minister on Sunday by President Ram Chandra Paudel to lead the coalition government with the Nepali Congress (NC), the largest party in Parliament, apart from

other smaller parties. Oli, 72, succeeds Pushpa Kamal Dahal 'Prachanda', who lost the vote of confidence in the House of Representatives (HoR) on Friday, leading to the formation

of the new government. Chairman of the Communist Party of Nepal-Unified Marxist Leninist (CPN-UML), Oli was sworn in by President Paudel at Shital Niwas, the main building of Rashtrapati Bhawan at a ceremony that was delayed by more than half an hour.

According to the news portal MyRepublica, the swearing-in ceremony was delayed due to the failure of the Nepali Congress to finalise the names

Oli will now need to secure a vote of confidence from Parliament within 30 days of appointment, which he is likely to secure easily as the minimum number to form a government in the 275-strong HoR is just 138.

Prachanda faced the vote of confidence as earlier last week, Oli's party withdrew its support to that coalition and inked a new seven-point deal with Deuba to form a new coalition government. According to the July 1 deal between NC and CPN-UML, the two parties will lead the government on a rotational basis until the next general elections scheduled for 2027.Oli served as Nepal's prime minister from October 11, 2015, to August 3, 2016 and then, from February 5, 2018, to July 13, 2021. He continued to serve from May 13, 2021, to July 13, 2021.

## Pakistan govt files review petition against allotting reserved seats to Imran's party

## PTI ISLAMABAD

The ruling Pakistan Muslim League-Nawaz (PML-N) party-led government on Monday filed a review petition in the Supreme Court against its decision to allocate reserved seats to jailed former prime minister Imran Khan's Pakistan Tehreek-e-Insaf party.

Tarar in the controversial move announced the government will ban jailed former prime minister Imran Khan's party for its alleged involvement in anti-state activities and slap cases against him and two of his senior party colleagues for treason.

## **Ukrainian startups create low cost** robots to fight Russia

## AP NORTHERN UKRAINE

Struggling with manpower shortages, over-whelming odds and uneven internation-al assistance, Ukraine hopes to

find a strategic edge against Russia in an abandoned warehouse or a factory basement. An ecosystem of laboratories in

hundreds of secret workshops is leveraging innovation to create a robot army that Ukraine hopes will kill Russian troops and save its own wounded soldiers and

civilians. Defense startups across Ukraine - about 250 according to industry estimates — are creating the killing machines at secret locations that typically look like rural car repair shops.

Employees at a startup run by entrepreneur Andrii Denysenko can put together an unmanned ground vehicle called the Odyssey in four days at a shed used by the company. Its most important fea-ture is the price tag: USD 35,000, or roughly 10 per cent of the cost of an imported model.

One of its drones, the car-sized Odyssey, spun on its axis and kicked up dust as it rumbled forward in a cornfield in the north of the country last month.

Anti-terrorism court indicts ex-Pak foreign minister Qureshi in May 9 violence case

## PTI LAHORE

n anti-terrorism court here Aon Monday charged top Pakistan Tehreek-e-Insaf leader and former foreign minister Shah Mahmood Qureshi in a case involving the burning down of a police station during the May 9 violence last year. Oureshi, 68, who was brought to Kot Lakhpat jail here from Adiala jail in Rawalpindi under tight security, has several cases related to May 9 violence, including arson, filed against him at the Shadman police station, Geo News reported.

The court had summoned Qureshi to initiate indictment proceedings against him and ordered him to present witnesses in the next hearing scheduled for July 22.

The indictment of Qureshi came hours before the Pakistan government announced its decision to ban Khan's PTI for its alleged involvement in anti-

state activities

The Lahore police had registered a case against several leaders and activists of the PTI on the charges of attacking and burning down the Shadman police station during the May 9 riots following the arrest of former prime minister Imran Khan by the Rangers in an alleged corruption case. Besides this case, multiple cases

related to the May 9 violence have been lodged against Qureshi in Lahore alone. Qureshi has been in prison since he and Khan, 71, were sentenced by a Pakistani court to 10 years in jail for violating the Official Secrets Act by making a diplomatic cable public when the PTI founder was in power.

tion that the court did not hear

the arguments of the parties while giving the decision in

favour of the PTI.

Though the Islamabad High

Court (IHC) on June 3 acquitted Khan and Qureshi in the Cipher case, suspending their 10-year sentence, the two remain in jail as they are named in multiple cases in connection with the May 9 violence across Pakistan.

Qureshi was earlier this year indicted in eight more cases related to the May 9 violence. The May 9 riots were triggered across the country after 71year-old Khan was arrested by the National Accountability Bureau (NAB) in the 190-million-pound corruption case. He is currently facing over 200 cases and has been in jail since August last year.

Hundreds of PTI workers and senior leaders were put behind bars for their involvement in violence and attacks on military installations, including the Jinnah House, ISI building in Faisalabad and General Headquarters (GHQ) in Rawalpindi, last year on May 9.

## World's rarest whale may have washed up on NZ beach

The spade-toothed whales are the world's rarest, with no live sightings ever recorded. No one knows how many there are, what they eat, or even where they live in the vast expanse of the southern Pacific Ocean. However, scientists in New Zealand may have finally caught a break

The country's conservation agency said Monday a creature that washed up on a South Island beach this month is believed to be a spade-toothed whale. The fivemeter-long creature, a type of beaked whale, was identified after it washed ashore on Otago beach from its color patterns and the shape of its skull, beak and teeth

"We know very little, practically nothing" about the creatures, Hannah Hendriks, Marine Technical Advisor for the Department of Conservation, told the Associated Press. "This is going to lead to some amazing science and world-first information."

If the cetacean is confirmed to be the elusive spade-toothed whale, it would be the first specimen found in a state that would

permit scientists to dissect it, allowing them to map the relationship of the whale to the few others of the species found, and learn what it eats and perhaps lead to clues about where they live.

Only six other spade-toothed whales have ever been pinpointed, and those found intact on New Zealand's North Island beaches had been buried before DNA testing could verify their identification, Hendriks said, thwarting any chance to study them.

This time, the beached whale was quickly transported to cold storage and researchers will work with local Maori iwi (tribes) to plan how it will be examined, the conservation agency said.

New Zealand's Indigenous people consider whales a taonga — a sacred treasure — of cultural significance. In April, Pacific Indigenous leaders signed a treaty recognizing whales as "legal persons," although such a declaration is not reflected in the laws of participating nations. Nothing is currently known about the

whales' habitat. The creatures deep-dive for food and likely surface so rarely that it has been impossible to narrow their loca-

tion further than the southern Pacific Ocean, home to some of the world's deepest ocean trenches, Hendriks said. "It's very hard to do research on marine mammals if you don't see them at sea," she said. "It's a bit of a needle in a haystack. You don't know where to look.

The conservation agency said the genetic testing to confirm the whale's identification could take months.

It took "many years and a mammoth amount of effort by researchers and local people" to identify the "incredibly cryptic" mammals, Kirsten Young, a senior lec-

turer at the University of Exeter who has studied spade-toothed whales, said in emailed remarks.

The fresh discovery "makes me wonder - how many are out in the deep ocean

and how do they live?" Young said. The first spade-toothed whale bones were found in 1872 on New Zealand's Pitt Island. Another discovery was made at an offshore island in the 1950s, and the bones of a third were found on Chile's Robinson Crusoe Island in 1986. DNA sequencing in 2002 proved that all three specimens were of the same species — and that it was

one distinct from other beaked whales. Researchers studying the mammal couldn't confirm if the species went extinct. Then in 2010, two, whole, spade-toothed whales, both dead, washed up on a New Zealand beach. Firstly mistaken for one of New Zealand's 13 other more common types of beaked whale, tissue samples taken after they were buried - revealed them as the enigmatic species.

New Zealand is a whale-stranding hotspot, with more than 5,000 episodes recorded since 1840, according to the Department of Conservation.

Under the aegis of Atmanirbhar Bharat initiativeof Govt. of India, BSNL has been chosen as SPV (Special Purpose Vehicle)to deploy Made in India (Swadeshi) 4G stack in BSNL Network. The POC(Proof of concept) for this indigenous equipment was carried out at Chandigarh & Beta launch of 200 eNode-Bs was carried out at Amritsar, Pathankot & Ferozepur on 15th July 2023. The 4G services of BSNL arenow available with seamless presence throughout Punjab, UT Chandigarh and Panchkula(Haryana). This 4G network isalso upgradable to 5G. In Punjab Circle approx. 4000 eNode-Bsare being installed, out of which around 3600 are existing sites and 400 will be new sites. Till date 2400 eNode-Bs has been installed and 2300 are on air, which also includes 24 4G saturation sites (out of 37 total saturation sites). These 4G saturation sites are installed in remotest areas of Punjab where there was no Mobile Coverage of any operator since Independence, thereby providing faster internet connectivity to the rural India.

The eNode-Bsare installed in 2100 MHzbandand700 MHz band in FDD Technology. Subsequently some eNode-Bs will be installed using TDD technology in highly populated areas. Recently Private Operatorshave increased tariff upto25%, but the tariff of BSNL is still very affordable and cheaper. This has resulted in high influx of customers to BSNL for which BSNL is fully equipped to provide reliable and affordable services to its esteemed customers.

BSNL is also providing free upgradation of 2G/3G SIMs to 4G

For Port-In to BSNL, customer needs to send SMS "PORT space Mobile No." to 1900 and visit nearest Customer Service

# **REMEMBER THEIR FACES: KOHLI SAYS GOOD LUCK TO INDIA'S OLYMPIC-BOUND ATHLETES**

ndian cricket's reigning superstar Virat Kohli has urged the nation to get behind its Ölympic-bound contingent, asking the fans to join him in supporting the athletes as "they inch closer to the podium with dogged determination" in the quadrennial showpiece starting July 26 in Paris.

In a little over a minute long video post on social media, featuring some Paris-bound athletes like javelin thrower Neeraj Chopra and boxing hope Nishant Dev, Kohli said it is time for India to be recognised as a global sporting powerhouse.

"There was a time when the world could only think of India as a land of snake charmers and elephants. Over time, that has changed. Today we are known to the world as the largest democracy, a global tech hub," he said.

"We are known for cricket and Bollywood, for start-up unicorns and as the fastest growing economy in the world. So, what is the next big thing

more gold, more silver and more bronze," he added.

for this great nation? Well, that will be He then went on to address Indian would be aiming to better the sports fans, asking them to support country's best ever performance of from Chopra, who scripted history the 118-strong group of athletes, who seven medals achieved in the previous with his javelin throw gold in Tokyo.

Games in Tokyo

"Our brothers and sisters are headed to Paris, hungry for medals. A billion of us will be watching them nervous and excited as our athletes set foot in the tracks and fields and courts and rings

rings. "Every neighbourhood, every corner of India will hear a chorus of voices chanting 'India, India, India'. Join me in remembering their faces as they inch closer to the podium with the dogged determination of waving the Tiranga with pride. Jai Hind and good luck India," Kohli, who is currently in London on a break after India's T20 World Cup triumph in the West World Cup triumph in the West Indies last month, said in his

monologue. Most of the Indian competitors are currently training abroad and will head to the French capital from their respective bases.

India's medal hopes will rest on shooting, badminton, wrestling, and boxing aside from the expectations of a second successive podium finish from Chopra, who scripted history

## It is good thing that everyone performing: Gill on competition for openers' slots

PTI HARARE

The competition for the openers' slots has intensified following India's T20I series win in Zimbabwe and for contender Shubman Gill, that can only be a "good thing"

Gill, who is expected to open alongside Yashasvi Jaiswal in the three T20Is in Sri Lanka later this month, was the leading run getter in the five-match series in Harare. He was not part of the T20 World Cup squad in the USA and the Caribbean.

For the major part of the series, India played as many as four openers in the playing eleven and all of them did well including Gill, Jaiswal, Abhishek Sharma and Ruturaj Cailwad Gaikwad.

Gill captained India's second string team and played as an opener in all the five matches with Jaiswal joining him at the top from the third game onwards.

For the first two games, he opened with Punjab teammate Abhishek Sharma who scored a hundred and a fifty in his debut series. Among the four openers, Gill had the lowest strike rate, 125.92, compared to Jaiswal's 165.88, Gaikwad's 158.33 and Abhishek's 174.64. "It's a good thing that everyone's performing. It shows that everyone is hungry and nobody is ready to take it easy. For any country or board, that's always a good thing," said Gill on Sunday referring to

the openers. Following the retirement of Rohit Sharma and Virat Kohli from T20Is, the selectors will have a problem of plenty when it comes to picking the openers for the Sri Lanka series. the got

opportunity grabbed it with both hands. The openers to bowlers to all-rounders to spinners, everyone made a mark and I think the selectors have now seen everything and it's up to them to name the squad for the next series," he said after India's 4-1 series win

over Zimbabwe. On captaining the team through the series, Gill said he enjoyed every bit of the challenge.

"One thing about captaincy I feel is how much confidence you can show in your players. I try to do that and make them believe that if you try and execute the plans, the results will always follow," Gill said.

"After losing the first match, we were under a bit of pressure. It's not easy to play back to back games and the series was planned in a way that there were two back-to-back games,

a couple of days rest and then again back-to-back games. "It's never easy playing a series like that but I think the way we

came back after losing the first T20I was really remarkable." India bounced back to win the

series 4-1 after losing the opener. "Seeing everyone hungry and so quickly adapting to the situation and assessing the conditions was truly spectacular to watch," said Gill. With the ball moving around

in the powerplay, the opener thought it was important to be a little cautious early in the innings.

"I think, as per the conditions of the wicket, there were some challenging conditions, especially in the powerplay, the ball was always doing something or the other. As an opening batter, my focus was to see out 4-5 overs and not concede any wicket," he added

Our planning is that he will not be there in Rohit says he will continue to play Tests and Pakistan: Bailey on Warner in Champions Trophy

### PTI SYDNEY

ustralian national selector AGeorge Bailey has said that the national team plans to move on from the recently-retired David Warner despite the southpaw's desire to be considered for the Champions Trophy in Pakistan next year.

The 37-year-old Warner retired from international cricket following the T20 World Cup in the Americas last month, where the Aussies failed to progress beyond the Super 8 stage. However, he had insisted that he will keep the door open for a return for the Champions Trophy, a One-Day International format ICC event.

"Our understanding is that David is retired, and [he] should be commended on what has been an incredible career across all three formats. Certainly, our planning is that he won't be there in Pakistan,' Bailey was quoted as saying by ESPNCricinfo.

Warner had a decent run during the T20 World Cup, finishing as the side's

second-highest run-scorer, after Travis Head

On his remarks on making a comeback during the Champions Trophy, Bailey said that Warner might be "stirring the pot",

with the team planning "to transition to some different players". Bull's

when You never know joking...think he's just stirring the pot a bit. He's had a wonderful career, can't celebrate it enough, and think as time goes

by, his legacy of what he has done for Australia and we reflect back on that, the legend of a player is only going to continue to grow," added Bailey.

"But, as far as this team goes and the journey to transition to some different players, in his case across all three formats, it's going to be exciting.

The Australians will have a young squad during their upcoming tour of the United Kingdom, which includes limited-overs meetings against

limited-overs meetings against Scotland and England. With the likes of Matthew Wade, Mitchell Starc and Glenn Maxwell missing out, Bailey said the Kangaroos might see a more youthful squad going forward, with an eye on the next T20 World Cup in 2026 2026

"I don't think there's anyone who's not there that we've put a line through permanently besides David (Warner). This is the way we are going with this squad," he continued. "The next T20 World Cup is 2026, so

imagine there may be some more Ι changes than what we are seeing in this squad. But specifically, to those guys (Starc and Maxwell), no we haven't had any conversations about where they think their T20 journey may finish.

India captain Rohit Sharma says he will continue to play Test and ODI cricket "at least for a while" after ending his T20 international career with a World Cup win last month. Rohit has been on a break since the title win in the West Indies

and is set to miss the limitedovers tour of Sri Lanka later this month, which includes three ODIs.

far ahead. So clearly, you will

His statement was reiteration of a position he made clear after announcing his T20 retirement after the final in the West Indies in which India defeated South Africa by seven runs.

Earlier this month, BCCI secretary Jay Shah had confirmed that Rohit will captain India in the ongoing World Test Championship cycle and the Champions Trophy next year in February-

Rohit had led India in the 2022 T20 World Cup where the team was ousted in the semifinals by eventual champions England.

A year later, India reached the final of the 50-over World Cup at home under his leadership, but succumbed to Australia in clash at

the summit "I just said it. I don't look that Ahmedabad Rohit left T20Is with 4231 runs be seeing me play at least for a from 159 matches, having while," the 37-year-old said at made five hundreds and 32 an event here on Sunday night. "Anyone

## Cummins to miss Australia's limited-overs cricket tour to **England and Scotland**

## AP MELBOURNE

World Cup-winning skipper Pat Cummins will be rested for Australia's upcoming limited-overs tour to Britain and Mitchell Starc will miss the Twenty20 portion of the trip as part of a workload management program. Australia is scheduled to play three T20s against Scotland and five one-day internationals against England in September. Cricket Australia said Cummins' absence was part of a "pre-planned, long-term load management strategy" as part of preparations for the Champions Trophy next year. Mitchell Marsh, who led Australia at the recent T20 World Cup in the United States and Caribbean, will be captain for the tour.

Veteran opener David Warner has retired and wicketkeeper Matthew Wade wasn't selected, with selectors looking at the future.

Young batter Jake Fraser-McGurk was included in both the ODI and T20 squads after being a designated travel-

ing reserve for the T20 World Cup. "This tour gives us a great opportunity to bring in some new players in the absence of David Warner and Matthew Wade, as well as giving some senior players time to prepare for the home summer and a busy first half of next year,"

George Bailey, Australia's selection chairman, said. The likes of Fraser-McGurk, Spencer Johnson, Xavier Bartlett and Aaron Hardie "are exciting prospects to join the likes of Cameron Green, Nathan Ellis and Josh Inglis in the white ball setup," Bailey said. "With the Champions Trophy next year ... There has been a lot of planning invested into these next six months. 'That has included gradual integration of new players into our white ball squads who have earned international opportunities via excellent form." Australia is the World Cup champion in the 50-over format and holder of the World Test Championship title, but didn't reach the semifinals of the T20 World

T20 squad: Mitch Marsh (captain), Xavier Bartlett, Cooper Connolly, Tim David, Nathan Ellis, Jake Fraser-McGurk, Cameron Green, Aaron Hardie, Josh Hazlewood, Travis Head, Josh Inglis, Spencer Johnson, Marcus

## Mental conditioning camp ahead of Paris Olympics will help India handle pressure better: Abhishek

PTI NEW DELHI

Tndian men's hockey team forward Abhishek feels the mental conditioning camp the players underwent at renowned adventurer Mike Horn's base in Switzerland ahead of the Paris Olympics has helped them prepare for the physical aspect of the high-pressure situations. The Indian team has completed a three-day mental conditioning camp at Horn's base and are slated to play a few practice matches in the Netherlands before

Games. The expectations from the team will be high after India's bronze medal win at Tokyo Olympics. India will start their Paris Olympics campaign against New Zealand in their first Pool B match.

"After months of focusing on game, this camp is exactly what we needed," Abhishek said in a Hockey India release.

"The team has been spending time connecting on and off the field, making their way to Paris improving our bond and
