Prime Minister Narendra Modi arrives to attend the NDA Parliamentary Party meeting at Samvidhan Sadan, in New Delhi, on Friday

RAJESH KUMAR ■ NEW DELHI

President Droupadi Murmu on Friday appointed NDA Parliamentary Party leader Narendra Modi as Prime Minister-designate paving the way for his swearing-in as the Prime Minister for a historic third consecutive term after Jawaharlal Nehru.

This is the first time an incumbent Government is entering a third term in India since 1962. Murmu handed over the letter of appointment to Modi, who called on her at the Rashtrapati Bhavan here on Friday evening. Earlier,

leaders of the BJP-led NDA had called on Murmu and handed over letters of support for Modi, who was elected as the leader of the NDA Parliamentary Party.

President having satisfied herself on the basis of the various letters of support received that the BJPled NDA alliance, which is also the largest pre-election alliance, is in a position to command majority support and she has informed me of the newly constituted 18th Lok Sabha and to form a stable Government,

exercising powers vested in her under Article 75(1) of the Constitution of India," the Rashtrapati Bhawan said in a communiqué.

Addressing the media in the forecourt of the Rashtrapati Bhavan, Modi said he has been appointed as Prime Minister-designate by the President.

'The President has asked me to work as the PM-designate about the oath ceremony, Modi said and added that he has informed the President appointed Narendra Modi as that they will be comfortable the Prime Minister of India if the event is held at 7.15 pm

of June 9. He said the Rashtrapati Bhavan will work out the details of the oath taking ceremony on Sunday by when he would hand over the list of the Council of Ministers to the President. "This 18th Lok Sabha is an

Top leaders of the NDA-BJP, TDP, JD(U), LJP amongst others engaged themselves during the day to consolidate the process of Government formation expelled by 14 July 19 tion as well as held deliberations of the shape of Council of Ministers to be led by Prime Minister Narendra Modi. After the National Democratic

parliamentary Alliance meeting, the top BJP leaders Amit Shah and Rajnath Singh met party president JP Nadda at his residence and discussed on the demands of the NDA partners.

partners.
TDP's N Chandrababu Naidu,
JD(United) Nitish Kumar,
Eknath Shinde's Shiv Sena and Chirag Paswan of Lok Janshakti Party-Ram Vilas have emerged as key parties after the BJP failed to cross the halfway mark needed to form a Government in its own right. Sources said Naidu, Nitish and Shinde met Nadda separately to discuss their demands and possible Cabinet formation. Naidu was the first to meet Nadda. After that Kumar and Shinde met Nadda. Before meeting with key NDA partners, Nadda held a deliberations with Shah and Rajnath Singh, soon after the NĎA parliamentary meeting is ended

The TDP wants five posts in the Cabinet, including parliamentary speaker. Kumar's JD(Ú) is also keen on

getting two major portfolios railways and development, sources said. Sources said talks are going on and the outcome is not known to others as discussions were held between top brass of the two parties. As of now, nothing has been finalised. Sources said Naidu and Kumar, both coalition-era veterans, conducted discussions with their party leaders ahead of the NDA

meeting today. The BJP, however, is not keen on accommodating allies in four key Ministries that come under the Cabinet Committee on Security defence finance, home affairs, and external affairs. The BJP will also not want to let go of portfolios that are critical to its infrastructure push, such as road transport and highways, or its welfare agenda, sources said.

The four allies whose support is critical for the BJP to reach the majority Chandrababu Naidu's TDP, which has won 16 seats, Nitish Kumar's JD(U) (12), Eknath Shinde's Shiv Sena (7) and Chirag Paswan's Lok Janshakti Party-Ram Vilas

New Government in a New-look Parliament

PIONEER NEWS SERVICE NEW DELHI

The Parliament premises, now comprising New Building christened as Sansad Bhawan and the Old Parliament rechristened as Samvidhan Sadan, will sport a new look when the 18th Lok Sabha convenes for its maiden session shortly. After the beginning of New Parliament in September 2023, work was underway prising four different buildings when the country witnessed the process of just concluded three months spanning Lok Sabha polls.

Several measures have been taken to welcome the members and ensure their seamless registration as the Lok Sabha Secretariat got ready to welcome MPs of the new Lok Sabha. Secretary General, Lok Sabha, Utpal Kumar Singh, conducted an inspection of the preparations and is monitoring the arrangements on a day to day basis.

With a view to reducing the paperwork and making the registration formalities of members seamless, the registration process of the newly elected members shall be done through an online integrated software application. Members would not be required to sign multiple physical forms with various branches. While welcoming the members, the Secretariat will provide each member with a set of publications relating to the Constitution of India, rules, directions and some other useful publications in hard copies. Besides, a few other publications will be provided to members in a soft

As part of the redevelopment of

external areas, the statues of national icons, including those of Mahatma Gandhi, Chhatrapati Shivaji and Mahatma Jyotiba Phule, have been moved to a lawn near gate number 5 of the old Parliament building, has been named as which Samvidhan Sadan. This has paved the way for the creation of a vast lawn in front of the Gaja Dwar, which is used by the President and the Prime Minister to enter into the new Parliament building. The lawn can now also be used for

official ceremonies such as the President's address to the joint sitting of Parliament, usually during the Budget Session. The Parliament complex comprises

four buildings - Parliament Building, Samvidhan Sadan, Parliament Library and the Parliament Annexe with each structure having its own distinct surroundings and security set-ups.

Earlier, the movement of vehicles within the complex was difficult, particularly during Parliament

sessions, leading to blockades within the complex. The Parliament Library building and the Annexe are separated by a road that has a reception office and a row of barracks, housing security offices along a compound wall. The statue of Babasaheb Ambedkar

is located inside the Parliament complex and thousands of visitors throng the premises to pay tributes to him on his birth and death anniversaries. The Red Cross Road outside the Parliament premises will also become a part of the complex as there are plans to develop offices for Lok Sabha and Rajya Sabha members on the land which currently houses the International Red Cross Society.

The row of barracks has been vacated and plans are also being made to demolish the compound wall separating the Parliament buildings from the Annexe. These offices have been shifted to the North Utility Block of the new Parliament building.

INDIA bloc Oppn won't be LoPsided

DEEPAK KUMAR JHA NEW DELHI

s the Congress-led Opposition still hobnobs Afor options to lead a Government at the Centre, the party is likely to take call on the nomination of `Leader of Opposition' in the new Lok Sabha, the official status of LoP restored after a decade, at a meeting of the party's apex CWC

meeting on Saturday.
Sources said logically the LoP status will fall into the kitty of Congress which is the largest amongst the Opposition but it may consider a vocal leader from either of parties from the INDIA Bloc.

"Lets see who becomes the LoP. It's the Congress or from INDIA as a united representation has to be made to face the BJP led NDA again, quipped a senior party leader. Batting for Rahul Gandhi to take on the mantle of the Leader of Opposition in the Lok Sabha, several party leaders and newly elected MPs, including senior party leader Shashi Tharoor said the former Congress president deserves more than anyone. "I think we have a strong number now to stand up to the government and it (Leader of Opposition) should be a leader who is undoubtedly the most popular in the party,' Tharoor said. Sources in the Congress said however Rahul may refuse to don the mantle of LoP in Lok Sabha as he will "have to keep a tab on many other things for the INDIA Bloc". "A decision in this regard is to be taken in the

Congress Working Committee (CWC) on Saturday. This will be first meeting after the great gains in just concluded LS polls and all of us looking forward to meet and greet and the leaders including high command who worked hard," said the Adhir Ranjan Chowdhary who led the Congress in the outgoing Lok Sabha however lost the elections from his home turf in West Bengal this time.

Sources said there may also be a discussion on which of the two seats Rahul should retain for political reasons. He had won from two constituencies, Wavanad in Kerala and Rae Bareli in Uttar Pradesh. Top Congress leaders including Sonia Gandhi, Priyanka Gandhi Vadra, besides other leaders would participate in the deliberations. The party will also host a dinner for all its newly elected MPs on Saturday

The biggest Opposition party with 10 per cent of seats has Leader of Opposition post in the Lok Sabha. Congress, after being reduced to just 44 seats in 2014, and then 52 seats in the 2019 general elections fell short twice to get the post officially it led as Leader of the (largest) Party which was represented first by Mallikarjun Kharge and in the outgoing LS Adhir Ranjan Chowdhary who has lost this elections. Congress almost doubled its tally in the 2024 Lok Sabha election with 99 plus one (100) MPs to bear the torch of grand old party in LS.

Taiwan protests China 'outrage' over **India bonhomie**

Taiwan on Friday said China's "outrage" over a "cordial" exchange between Prime Minister Narendra Modi and Taiwanese President Lai Ching-te is utterly unjustified as threats and intimidation never foster friend-

The comments by the Taiwanese Foreign Ministry came a day after China protested an exchange of messages between Modi and Ching-te, saying it opposes all official interactions between Taiwan and countries

having diplomatic relations with Beijing. "#China's outrage at a cordial exchange between the leaders of 2 democracies is utterly unjustified. Threats & intimidation never foster friendships," the Taiwanese Foreign Ministry said on a social media

post. "#Taiwan remains dedicated to building partnerships with #India underpinned by mutual benefit & shared values," it said. On Wednesday, Lai greeted Modi on the National Democratic Alliance's victory in the Lok Sabha polls and said Taiwan was looking forward to enhancing the "fastgrowing" ties between the two sides.

CM Saini launches Hry Antyodaya Parivar Parivahan Yojana for families with income below Rs 1 lakh

PNS CHANDIGARH

Haryana Chief Minister Nayab Singh Saini on Friday said that the government's vision is to empower the poor and ensure that they benefit from government schemes through online services right from their homes. In this regard, the Haryana Antyodaya Parivar Parivahan Yojana (HAPPY) was launched today from 35 locations across the state. Under this scheme, families with an annual income of less than Rs. 1 lakh will be provided with 1,000 kms of free travel annually on Haryana Transport buses.

The Chief Minister was speaking as the chief guest at the state-level event held at Dr Mangal Sen Auditorium in

Saini mentioned that many online schemes of the Haryana government have been studied and implemented in other states. He also pointed out that before 2014, poor families had to struggle to get gas cylinders. Prime Minister Narendra Modi urged self-sufficient individuals to give up their LPG subsidies, leading to millions voluntarily surrendering their subsidies. Consequently, the Ujjwala Yojana was implemented, providing 9.50 crore free LPG gas cylinders nationwide, including 12 lakh in Haryana. The Prime Minister has established a system where the poor benefit first from every scheme, such as the Avushman Card scheme, which offers treatment worth up to Rs. 5 lakh. Haryana expanded this scheme with the Ayushman Bharat Chirayu Haryana Yojana, benefiting over 1.25 crore indi-

He also highlighted that under the Pradhan Mantri Awas Yojana, 4 crore houses have been built for the poor in the last 10 years, setting an example of

empowering the poor since independence. The Prime Minister has pledged to build 3 crore more houses by 2029. Under the Dr. Ambedkar Awas Navinikarn Yojna, Haryana provides Rs. 80,000 for house repairs. During COVID, interestfree loans of Rs. 10,000 each were given to street vendors. Under the Mukhyamantri Vivah Shagun Yojana, Rs. 71,000 are provided for the marriage of a poor person's daughter. Haryana is the first state in the country to provide Rs. 3,000 monthly under the Old Age Samman Allowance. Beneficiaries no longer have to visit offices; their names are automatically included in the online list as soon as they turn 60.

The Prime Minister has accelerated the country's development over the past decade and aims to further enhance it in the next five years. The NDA alliance has once again chosen Sh. Narendra Modi as their leader, and he is set to take the oath as Prime Minister for the third time soon

It is noteworthy that during the Antyodaya Conference in Karnal on November 2, 2023, the then Chief Minister Khattar announced the HAPPY scheme, and it was implemented during

the budget session of the assembly on February 23, 2024. On March 7, 2024, the state government began providing HAPPY cards to families with an annual income of 1 lakh or less. The scheme will benefit approximately 85 lakh beneficiaries in the state, and so far, 59,708 people have received the cards before the Model Code of Conduct. These individuals have travelled 37.88 lakh Kms.

Today, districts like Kaithal, Hisar, Jind, Fatehabad, Sirsa, Bhiwani, Karnal, and Kurukshetra were connected via video conferencing. The Chief Minister directly interacted with beneficiaries from several districts and handed over HAPPY cards to 20 beneficiaries in Karnal, congratulating them. Around 22.89 lakh families, totaling approximately 84 lakh people with an annual income of less than Rs. 1 lakh, will benefit from this scheme. All beneficiaries will receive smart cards linked to the e-ticketing system, allowing them to travel for free. The state government will allocate a budget of approximately Rs. 600 crores

Transport Minister Aseem Goel, addressing the event, praised the HAPPY scheme as

unique in the country and lauded the transport department officers for their implementation efforts. He mentioned that the scheme's launch right after the Model Code of Conduct ended reflects the government's commitment to the upliftment of the last person in the queue. A special plan for cleanliness at all bus stands in the state is also being prepared, aiming to make travel on Haryana transport buses feel like a happy experience. Over the past 10 years, the cleanliness standards at railway stations have been significantly improved, and similar efforts will be made at all bus stands in

Navdeep Virk, Principal Secretary of the Transport Department, provided detailed information about the scheme. He stated that currently, there are over 4,200 buses in the transport fleet, which will be increased to 5,300 in the next two years. This will include the addition of 1,800 BS-6 buses and the procurement of 150 AC buses, with 500 more to be added. Another 500 to 1,000 buses will be included under the kilometer scheme. He also highlighted that 36 citizen services provided by the transport department, with 29 already made online. He added that now, after purchasing a new vehicle, there is no need to visit the SDM office for the RC; it will be provided at the agency

A short film on the Haryana HAPPY scheme was also shown to the audience at the event. The Chief Minister interacted with beneficiaries from various districts, including Ranbir from Kaithal, Mukesh and Karambir from Fatehabad, Surender from Jind, Kaushalya from Sirsa, Rajesh from Bhiwani, and Kamlesh Arora from Kurukshetra.

Farmers to get canal water for paddy plantation from June 1: Punjab CM

PNS CHANDIGARH

Punjab Chief Minister Bhagwant Singh Mann on Friday exhorted the farmers to make maximum use of surface water during the ensuing paddy season to save the groundwater. Chairing a meeting of

Water resources department here, he said that the state government is fully geared to supply canal water from the forthcoming paddy season. He said that from June 11 the canal water will be supplied to farmers uninterruptedly as the work of de-silting the canals has already been accomplished. Mann said that canal water would be supplied in districts of Sri Muktsar Sahib, Faridkot, Mansa, Bathinda, Fazilka, Ferozepur and areas beyond the fence at international border from June 11 and in Moga, Sangrur, Malerkotla, Patiala, Fatehgarh Sahib, SAS Nagar, Rupnagar, Ludhiana, Kapurthala, Jalandhar, Hoshiarpur, Shaheed Bhagat Singh Nagar, Tarn Taran, Amritsar, Gurdaspur and Pathankot from June 15.

Mann said that Punjab is on the threshold of setting a new record for supplying canal water for the irrigational needs

adding that for the first time, the state government has set up a dedicated control room for enquiries regarding supply of canal water. He said that if anyone desires to get any information regarding the supply of canal water that person can call on +91 96461 51466 to get the details. He expressed hope that the farmers will duly utilise the canal water for irrigating the paddy fields and play a major

role in saving the ground water. The Chief Minister also said that to avert floods in the state the Punjab government has taken initiatives including designing the discharge of Choes/Torrents/Rivers as per 100 years flood discharge and accordingly notifying the flood plains of the Rivers and drains/choes under The Northern India Canal and Drainage Act, Strengthening of main Embankments of rivers and Restriction of works on advance bundh. He said that for emergency response system data base of people such as bag suppliers, wire binders, earth moving equipment's, tractor trolley owners, divers and local volunteers has been compiled and empty cement bags and filled bags are being planned to be stored at strategic locations for emergent use. Bhagwant

Singh Mann said that Bamboo plantations are being carried out on inner slopes of rivers and Obstruction caused by NHAI, B&R and Mandi Board to the sheet flow of the flood waters have been identified and are being removed.

NO REDUCTION IN RATION **UNDER PDS TO BENEFICIARIES BY THE STATE GOVERNMENT: ASSERTS CM**

Chairing a separate meeting, Mann said that the state government is duty-bound to ensure an uninterrupted supply of ration to the beneficiaries under Ghar Ghar ration scheme. He said that due to their vested political interests, some rumour mongers had spread canards that a huge reduction has been made in ration by the state government. He said that this was baseless and unwarranted as all the beneficiaries are getting the facility under the scheme and full ration is being given to them. Bhagwant Singh Mann said that he has already sought report pertaining to it from all the Deputy Commissioners across the state so that beneficiaries get the benefits of the scheme regularly.

Mann said that it is a matter of immense pride and satisfaction for the entire state that the ration is being distributed to the beneficiaries through Model Fair Price Shops (MFPS) Set Up across the state. He said that 1.54 crore Beneficiaries are getting the ration through 40.19 lakh ration cards and this will continue by all means. Bhagwant Singh Mann said that the scheme envisages smooth and hassle-free delivery of ration to the people.

He said that Gone are the days when people had to face a lot of inconvenience for getting food grains under the National Food Security Act by waiting in long queues. He bemoaned that people had to face undue harassment while getting these grains most of the time while skipping their daily work or during odd hours. But Mann said that now with the distribution of ration at the vicinity of the beneficiaries, a new era has been ushered in as the beneficiary shall not be required to stand in long queues, especially in inclement weather conditions adding that this will not only ensure deliverv of nutritious food grains to people but will also go a long way in saving their time, money and energy. Punjab Govt fully geared up to tackle any exigency in view of monsoon season: CS

PNS CHANDIGARH

or a review of measures For a review of including the factor of the state of the meeting under the Chairmanship of Punjab Chief Secretary Anurag Verma was held on Friday which was attended by all the Deputy Commissioners of the State along with the senior officers of the Departments concerned.

Verma said that the State Government is fully geared up to tackle any flood exigency in view of the approaching monsoon season. A large number of completed before the onset of monsoon. After taking note of the preparation being done for the flood season, he directed the Deputy Commissioners to keep a stock of earth filled EC bags at various strategic locations based on past learnings. Deputy

Commissioners have also been asked to carry out inspection of the works undertaken in their districts and also to visit and take note of the critical locations under their jurisdiction.

The Chief Secretary elaborated that the Water Resources Department is undertaking 65 works amounting to Rs 75 Cr through State Disaster Mitigation Fund (SDMF). Additionally, 716 works amounting to around Rs 150 Cr are being undertaken under MGNREGA or through convergence with MGNREGA, 129 works amounting to around Rs through Departmental machinery. In addition, 327 works amounting to around Rs. 81 Cr are proposed to be carried out through State funding on priority and need basis. Thus, a

taken up by the Water Resources department in the year 2024-25.

Verma added that new initiatives have been undertaken by planting Bamboo plants along the banks of the drains as the bamboo plants act as natural barriers and prevent damage to the banks of drains. A total of 2,50,000 bamboo plants have been planted along the drains. The work of construction of check dams for flood mitigation and around 432 check dams have been constructed on

He also directed NHAI, the Roads and Mandi Board to remove likely obstructions to flood waters so that there will be no hindrance to the flow of water. The NHAI has ensured that the cleaning of drains will total of 1237 works amounting to around Rs. 321 Cr will be done before onset of monsoon.

MANOJ KUMAR ■ CHANDIGARH

The electoral defeat and low-Test vote percentage of Indian National Lok Dal (INLD) and Jannayak Janata Party (JJP) in Lok Sabha election 2024 has put a question mark on the future of the two regional parties. In the recently held Lok Sabha election, JJP fielded candidates in all 10 Lok Sabha seats while INLD contested from seven seats. All the candidates of INLD and JJP lost their deposits on all seats. INLD got a 1.74 percent vote share. JJP, till March BJP's partner in the ruling coalition in the state before they parted ways, ended with a disastrous vote share of less than 1 per-

INLD was initially founded as the Haryana Lok Dal (Rashtriya) by Devi Lal in 1996, who served as the Deputy Prime Minister of India. The party is led by Om Prakash Chautala, the son of Devi Lal, both of whom have served as the Chief Minister of Haryana. is the General Secretary. The rift in the Chautala clan led to the formation of JJP by his great-grandson Dushyant Chautala in 2018.

In the 2024 Lok Sabha election, many of the JJP candidates, including Naina

& JJP in LS Poll 2024 puts question mark on its future Chautala contesting from Hisar forfeited their deposits and finished fifth. Singer-rapper Fazilpuria's first shot at politics flopped. But the Lok Sabha election went even more badly for his party JJP. Fazilpuria, whose original name is Rahul Yadav, got just 13,278 of the 15.9 lakh votes cast (0.8%) across all nine assembly seg-ments of the Gurgaon LS constituency.

The INLD, which was founded by Devi Lal and once a major political force in the state got 1.74 per cent vote share in this Lok Sabha election. The best performance by INLD came from Sirsa where party's candidate Sandeep . Valmiki finished third with about 92,000 votes. INLD candidate from Kurukshetra. Abhay Chautala finished third with about 78,000 votes. INLD Gurgaon candidate Sorab Khan received just 4,917 votes, which was less than the 6,417 NOTA votes polled.

The fight for both regional parties, all of whose candidates lost their deposits, now is For Dushyant Chautala, especially, holding on to his flock will be a challenge. In its first assembly election in 2019, JJP won 10 seats out of 90 in Haryana and saw its political stock rise as BJP fell short of majority and needed allies. JJP joined the Government and Dushyant Chautala became deputy CM.

But after nearly five years as BJP's governing partner, JJP faced the same backlash as the saffron party from farmers, who have been on protest since 2020, first against three farm laws the Modi govt brought and then withdrew, and then for a law guaranteeing minimum support price. At several places, the party was not allowed by farmers and locals to hold rallies and denied entry into villages. The anger also reflected in voting.

In Hisar – a stronghold of the Chautala family -Naina Chautala came fifth with 22,032 votes. INLD's Sunaina Chautala was fourth with 22,303 votes. Three members of the Chautala family, the other being Ranjit Chautala (BJP), were contesting from

Hisar from three different parties. Jai Prakash of Congress won with 5.7 lakh votes, defeating Ranjit Chautala by 63,381 votes. In overall vote share, BSP (1.2%), which has no MLAs in the state, finished higher than In Kurukshetra, INLD

general secretary and its lone MLA Abhay Chautala was a distant third with just 78,000 votes. BJP's Naveen Jindal, who polled 5.42 lakh votes narrowly defeated Sushil Gupta of AAP by 29,021 votes in the AAP was in alliance with Congress in Haryana. Abhay

Chautala had taken out a 215day padyatra last year and gone to all 90 assembly constituencies of the state to connect with voters, but it seemed to have no impact. Before the split, INLD had won two Lok Sabha seats in

2014 despite the Modi wave. Its candidates - Dushyant Chautala and Charanjeet Singh Rori - won from Hisar and Sirsa, respectively.

Amidst all this, questions nition received by INLD and JJP as regional parties. Due to poor performance in the recent Lok Sabha elections, the status of regional party in Haryana can be taken away by the Election Commission. The INLD, earlier known

Haryana Lok Dal (Rashtriya), was recognised as the state party after the 1998 parliamentary elections when it won four Lok Sabha seats. However, in the 2024 Assembly elections, the party will have to fulfill statutory Election Commission norms to retain the state party tag and save its reserved party symbol.

When contacted Ram Narain Yadav, a former Additional Secretary of the State Vidhan Sabha said that at the receiving end of the dismal performance in parliamentary and state Assembly elections since 2019, the INLD will have to fulfill the norms under the Election Symbols (Reservation & Allotment) Order, 1968, in the 2024 Assembly elections, failing which it would risk derecognition from the Election Commission.

According to him, as per

rules, the candidates put up by the party must have secured not less than 8 percent of the total valid votes polled in the state in the last state Assembly. Besides, candidates of a party securing not less than 6 per cent of the total valid votes polled with at least two elected MLAs can also be considered as a condition for recognition as the state party.

Ádditional

Former

Secretary said that the party securing 3 per cent of the total number of seats or at least three seats in the Assembly, whichever is more, is also recognised as the state party and allotted a permanent election symbol. The INLD did not fulfill any of the above conditions in the 2019 Assembly and Parliamentary elections and 2024 Lok Sabha poll. The party secured 1.9% and 2.44% votes in the parliamentary and Assembly elections, respectively, in 2019. In the recently concluded parliamentary elections, the party polled 1.74 per cent votes. However, an amendment to the Election Allotment) Order, in 2016 provided relief to the INLD. The amendment allowed a political party to retain the 'state party' or 'national party' tag even after it loses eligibility in the next

He further said that if the party fails to regain eligibility in the subsequent election to the state Assembly or the Lok Sabha, then it will lose its status as a state or national party. The INLD currently falls in this category, he added.

Lok Sabha or state Assembly

elections, he added.

Talking to reporters, senior INLD leader Abhay Chautala said this was a general election and the INLD would perform better in the assembly poll. This time, people voted for the formation of a national government. In the assembly election, we will emerge as a force," said Chautala.

Dushyant Chautala said that people "are angry because they consider us their own". We get angry at those whom we consider as our own. We will continue to reach out to the people. We are here for the long run, we are not going anywhere," he said.

Farmer outfits come out in support of CISF woman constable who slapped Kangana Ranaut "And everyone knows the

PNS CHANDIGARH

Some farmer outfits on Friday threw their weight behind the CISF woman constable who allegedly slapped actor and BJP MP-elect Kangana Ranaut, saying the entire sequence leading to the incident needs to be properly investigated. The Samyukta Kisan

Morcha (Non-Political) and the Kisan Mazdoor Morcha were among the prominent outfits which said they stand in support of the Central Industrial Security Force (CISF) constable. The Mohali Police has

booked Constable Kulwinder Kaur under Indian Penal Code (IPC) sections 323 (punishment for voluntarily causing hurt) and 341 (punishment for wrongful restraint), both are bailable offences. No arrest has been made yet, they said and added that the FIR in case was registered on a complaint from the Ranaut, in a video message,

had on Thursday said she was hit in the face and abused by the constable during security check at the Chandigarh airport, the ugly fracas breaking out two days after she was elected to the Lok Sabha from Mandi in Himachal Pradesh.

The constable, who appeared to be upset with Ranaut over her stance on the farmers' protests, has been suspended and an investigation has been launched. The CISF, tasked with providing security at airports, had also ordered a court of inquiry into the incident.

SKM (Non-Political) leader Jagjit Singh Dallewal and Kisan Mazdoor Sangharsh Committee general secretary Sarwan Singh Pandher met Punjab's Director General of Police (DGP) Gaurav Yadav in the afternoon for a proper investigation into the matter. "The main issue which we raised is that there should be no injustice to the constable. We have been assured that investigations are being held in an impartial manner," Dallewal said after the meeting.

Mohali Police SHO

(Airport) Inspector Periwinkle Grewal said the matter is under investigation. In a meeting, CISF officials gave those from the Mohali police information regarding the incident, another police official told reporters. He added that footage from CCTV cameras are being scanned and after that the next course of action will be taken.

Earlier in the day, while addressing a press conference here with Pandher and some other farmer leaders, Dallewal said, "We will demand a proper investigation and we will tell him that there should be no injustice with the woman constable.'

On June 9 in Mohali, an "Insaaf march" to Mohali the senior superintendent of police's office will be taken out "to demand that no injustice be done in this case with the constable", he said. In a video statement, Ranaut said she was safe and fine. The constable, Ranaut had said,

came towards her from the side. She hit me in the face and started abusing me. I asked her why she did it and she said she sup-

ports the farmer protests." Another video doing the rounds of social media had shown the agitated constable talking to people presumably after the incident. "Kangana made a statement (earlier) that farmers were protesting in Delhi because they were paid Rs 100 or Rs 200. At the time, my mother was one of the protesters," she said in the purported video.

The brother of the constable, who is based in Kapurthala, on Thursday said they learnt about the incident through the media. He had said his sister has been in service for the past 15 years and had served at many places including Kerala, Chennai and Amritsar. Dallewal and Pandher said the constable's brother was active in farmer movements and was part of their organisation. Farmer leader Sarwan Singh

Pandher alleged that Ranaut had hurt sentiments with her comments against farmers, elderly women and Punjabis in the past. Both Dallewal and Pandher lashed out at the actor for stating that terrorism was increasing in Punjab. Dallewal said from various reports what they have come to know is that there was some argument from Ranaut's side during security check when her purse and mobile-phone was being put for checking. If this is so, then the constable is not to be blamed, she was doing her duty, he said.

previous track record of Ranaut and the kind of language she has used towards farmers. There must have been an argument and the result of which must have led to the incident. All these things need proper investigation," he said. Taking on Ranaut over her "terrorism" and "extremism" remark, Dallewal said, "In Punjab, communities of all faiths are peacefully co-existing. We demand that a case should be

filed and courts should take suo motu cognisance of the wordings used by the BJP MP. Ranaut is an actor and now even a MP, she should not speak such language. This is condemnable. We demand that action be taken against her," he said. The two farmer leaders

claimed that people including farmers have taught BJP a lesson in the recently held Lok Sabha polls. "From rural areas, 73 of their candidates lost this time," he claimed. In Haryana, they could win only five seats, in Uttar Pradesh, they had to face heavy defeat while they also lost heavily in Rajasthan. During farmers agitation, they used tear gas, bullets and people of the country have expressed their anger through the ballot, Dallewal claimed.

Punjab BJP chief condemns assault on Kangana Ranaut by CISF constable

Punjab BJP chief Sunil Jakhar Friday termed the alleged attack on actor and BJP MP-elect Kangana Ranaut by CISF

woman constable "most unfortunate" and said any form of violence as a means of expressing dissent was unacceptable. "What is even more concerning is that a person wearing a security uniform indulged in such an unlawful violent act," he said.

"The statement (on farmers) was made by Kangana Ranault three years ago on protesting farmers. Her statement may be insensitive and not in good taste but a security staffer resorting to physical assault by slapping the MP in resentment of the hurt she felt sets a wrong precedent,' Jakhar said in a statement. Such acts tend to defame Punjab and its people, he said. Jakhar not only questioned the timing of the incident but also the outpouring of support from certain quarters for a person who took law in her hands.

He said the statement was made three years ago by Ranaut and its aftereffect surfaced now in the form of an attack on the BJP parliamentarian. "The timing makes the incident curious. It comes at a time when Punjab is undergoing an undercurrent of overt radical posturing. The narrative of support being played out in support of the security staffer, instead of being condemned, endangers the social order. "It may have far reaching consequences. Such discourse is potent enough to incite hotheaded minds to resort to more similar acts in future endangering harmony and lives," Jakhar

CM Mann holds meeting with the MLAs of Patiala and Ferozepur Lok Sabha constituencies

Chandigarh: Punjab Chief Minister Bhagwant Mann, on Friday, held a meeting with the AAP Lok Sabha candidates and MLAs of Patiala and Ferozepur Lok Sabha constituency. Dr Balbir Singh, AAP's Patiala candidate and Jagdeep Singh Kaka Brar, Ferozepur candidate, both thanked the MLAs of their areas and AAP teams for their support and hard work. As compared to the last general elections, AAP gained vote share in both constituencies and trailed by a very small margin at the end. Mann asked the MLAs of both Lok Sabha constituencies to keep up the good work and direct-

ed them to even work harder on the ground level. The AAP leaders discussed the Lok Sabha election results. Mann

also discussed future development plans with the AAP MLAs, chairmen and party's

'Rode College" released in Cinemas: A Powerful Tale of Student Leaders and **Corruption**

Chandigarh: A gripping new film, "Rode College," directed by Happy Rode, arrived in cinemas on Friday. Featuring stellar performances by Manav Vij, Yograj Singh, and Isha Rikhi, the movie is a compelling drama inspired by true events that took place at Rode College in the Moga district of Punjab. "Rode College" delves into the important topic of how student leaders and their ambitions are twisted by corrupt politicians for personal gain. The movie spans across two generations, and offers a true flavour of Punjab's college lifewith action, drama, romance and lots of college fun. Manay Vij, who has come back to Punjabi cinema with this powerful film, delivers a powerful performance against his rival in the film, Gurtej Singh, played by the commendable Yograj Singh. Isha Rikhi brings magic to the screen as always, making "Rode College" an unforgettable cinematic experience. The film also brings

PAPER WITH PASSION-

Balancing act

Regional allies driving a hard bargain will test Modi's skills in running a coalition Govt like never before

The BJP-led National Democratic Alliance (NDA) has emerged as the most potent coalition to form the next Government under the leadership of Narendra Modi. Central to its strength is the support of regional parties for maintaining a parliamentary majority. Nevertheless, the hard bargaining by these allies, though politically essential for them, affects the Government's policy formulation exercise and the nation's progress. The NDA's regional allies, such as the Chandrababu Naiduled TDP, Nitish Kumar's Janata Dal (United) and others, are engaging in intense negotiations to secure their interests. The JD(U) has already demanded a special status for Bihar while Naidu has a long list of demands. Coalition Governments, by their very nature, are unstable and we have had a long history of coalitions that failed to complete their term. Regional parties serve as the voice of their respective States, advocating for localised interests that might otherwise be overlooked in the Union

Government's broader agenda. This ensures a more inclusive approach to governance, reflecting the diverse needs and aspirations of different parts of the country. However, this hard bargaining can have several negative implications for policy making. The need to accommodate the diverse, and sometimes conflicting, demands of various regional partners can lead to fragmented policies. Instead of a coherent national strategy, policies may become a patchwork of compromises, weakening their overall impact. Prolonged negotiations and the need to achieve consensus among coalition partners can slow down the decision-making process.

No doubt coalition Governments have played a significant role in governance, especially in the 1990s. One of the most notable coalition Governments was led by Atal Bihari Vajpayee, who not only faced numerous challenges but also set a precedent for future coalition politics in India. Vajpayee's Government was an alliance of more than 20 parties, each with its agenda and demands. Managing such a diverse coalition required significant diplomatic skill and often led to compromises on policy decisions. Following the nuclear tests, India faced international sanctions, which posed a significant challenge to the economy. The Government had to navigate these sanctions while continuing to pursue economic growth and development. The Kargil conflict with Pakistan in 1999 was another major challenge for the Vajpayee Government. The conflict tested the Government's ability to manage national security issues while maintaining internal political stability. The Government's response to the 2002 riots was seen as inadequate by many, raising concerns about the coalition's ability to address communal harmony and human rights issues. It was only Vajpayee's leadership and statesmanship that pulled off a near-impossible feat and completed full term. It remains to be seen if Modi can do the same.

Punjab quietly yields surprising results

Punjab's voters remained uncharacteristically silent, leaving political parties hopeful yet uncertain about the election outcome, which ultimately did not favour any single party

he general parliamentary Lok Sabha elections 2024 have been held smoothly in Punjab without any noticeable wave or enthusiasm in favour of any political party. There has been a mysterious silence among the people raising unpredictability and allowing every party to have high hopes on the one side but hold fear in their hearts. Most political parties except the CPI-CPIM had fielded their candidates in every constituency claiming for their victory on all the thirteen seats. The voting has been lower than in the previous elections and the current national voting percentage.

There could not be alliances between the political parties because of their illusory hopes for their victory independently which pushed them into the game of engineering party-switch of the leaders. The long-time allies Shiromani Akali Dal (SAD) and Bhartiya Janta Party (BJP) fell apart and fielded independent candidates with the BJP importing its candidates from the state Congress top brass and Aam Admi Party (AAP) and Indian National Congress (INC), who are in alliance at the national level, could not agree on seat sharing and fielded their candidates in each constituency. Other political parties such as Bahujan Samaj

Party (BSP) and Akali Dal (Maan), CPI-CPIM had also fielded their candidates. But the voters surprised most of them by electing seven congresses, three AAP, one SAD and two independent raw can-

The ruling party in the state, the AAP, has won only three seats with a vote share of 26.02%, reduced from 42% in 2022 against its claim for all the thirteen in the state; it has managed to lead only in 32 assembly segments against its victory in 92 assembly constituencies in 2022 state assembly elections. Some of its candidates holding state government ministerial portfolios have trailed behind opponents in their assembly segments. All this is a matter of serious concern for the AAP to introspect. The ruling party in the Centre, the BJP, has not been able to win any seats though it was quite hopeful for their victory with a team of the top brass of the state Congress 'taken over' by it on its side. Of course, to its satisfaction, it has succeeded in raising its vote bank share to 18.56% and leading in 23 assembly segments.

The Congress has won 7 seats and has gained the lead in 38 assembly segments against its victory only in 18 assembly

THE VOTERS OF PUNJAB HAVE SPELT **OUT THAT ALTHOUGH THEY** MAINTAIN THEIR IDENTITIES. THEIR POLITICAL AND **INTERPERSONAL** BEHAVIOUR IS **PREDOMINANTLY** SECULAR AND PREJUDICE-FREE constituencies in 2022. It has succeeded in managing the vote share of 26.3%, winning seven out of 13 seats in this election despite the unexpected defection by almost all its senior leaders to the BJP and other parties.

The two independent candidates who were neither very big leaders nor supported by any political party, have won by defeating the established leaders of established political parties by sizable margins.

The voters of Punjab have spelt out that although they maintain their identities, their political and interpersonal behaviour is predominantly secular and prejudice-free. Although it is a fact that Punjab's population is majority Sikh and rural, its other population being 40% Hindu, one-third Dalit and other horizontal and social categories, it has distributed its representation neither based on religion, nor region and social hierarchies, but based on local issues of development. Secondly, in the absence of sound trust in the political class, its choice reflects a rejection of the other 'not chosen, who is or has been in power, rather than the choice itself. The voters in Punjab have painted their character

and power by maintaining

silence before voting but exercising their power independently and wisely on the day of voting. They have rejected the dominant discourses of religion, caste and urban/rural polarization, the discourse of victimization justifying nonperformance.

They have voted for Congress

on its promise of MSP for agricultural produce, a promise to pull agriculture out of distress since it is agriculture that is the spleen of Punjab's economy so far. Whether a Hindu or a Sikh, whether an urban or a rural person, whether an upper caste or a Dalit- everybody, as a part of their collective consciousness, understands the relevance of agriculture in the state. It has chosen independent candidates exercising their rejection of all others and expressing their sympathy for their 'condition' against the state power. Thus, their victory can be attributed to local sentiments and political dynamics rather than any other radical ideology influencing voter preferences. In fact, for them, it would be a difficult choice between the

Overcoming child sexual abuse stigma

The profound and lasting impacts of child sexual abuse necessitate dismantling systemic barriers and fostering supportive environments

ccording to the latest National Crime Records Bureau (NCRB) data, 64,469 victims were reported in 2022 under the POCSO (Protection of Children from Sexual Offences) Act. Despite the alarming prevalence of reported cases of Child Sexual Abuse, it remains hidden behind layers of denial, silence, stigma and shame as the issue is deeply rooted in societal structures, such as patriarchy and gender bias, which often prioritize family honour and silence over confronting abuse.

Research suggests that 90 per cent of the perpetrators are known to the child, such as family members, trusted neighbours, or teachers. These individuals often hold positions of trust and responsibility, making it even more challenging to address the

Child Sexual Abuse (CSA) is a serious issue that affects many individuals. Research highlights the profound and lasting impacts of CSA, including detrimental effects on mental health, emotional stability and social functioning, which can persist into

addressed. Addressing child sexual abuse requires dismantling these systemic barriers and promoting an open, supportive environment that prioritizes the well-being and rights of children.

Recognizing the Signs of Sexual Abuse:

Understanding the signs that a child may have been subiected to sexual abuse is the first step in addressing this grave issue. Sudden changes in behaviour can be indicative of underlying abuse. Children may exhibit a range of physical and emotional behavioural changes like:

Unexplained injuries or bruises in the genital or anal

*Sudden changes in behaviour such as withdrawal, unusually quietness, aggression, or depression.

*Nightmares or bedwetting. *Displaying knowledge or interest in sexual acts beyond It is important to start conver-

their age.
*Avoidance of specific people Sudden decline in academ-

ic performance. These signs may vary depending on the child's age, personality and the nature of the abuse. It's essential to be alert to these changes and maintain open communication with a child, create a safe environment for disclosure and take any disclosure seri-

ously. **Preventing The Abuse:** Preventing child sexual abuse (CSA) demands a collective effort where the responsibility doesn't solely fall on children. There are steps parents, caregivers and trusted adults can take to minimize the risk and empower their children in navigating this complex world. The stigma and shame attached to sex and sexuality often translate into not having open conversations with children and giving them the appropriate vocabulary to express such concerns. On one hand, it makes it difficult for them to articulate if they've experienced abuse and on the other it hinders

prevention.

sations about body autonomy, boundaries and consent from an early age. Teaching children the proper names for their body parts and emphasizing the power of saying "no" to any touch that feels uncomfortable or unwanted is important. However, the onus of preventing CSA cannot and should not solely rest on the child. Building a foundation of open communication is equally essential from the parents' side. This is possible only when adults create a safe and nurturing environment where a child feels comfortable expressing any concerns or discomfort they may have.Adults must take responsibility for creating safe spaces and intervening when they suspect abuse may be occurring. Child sexual abuse shatters a child's sense of safety and trust. It can leave them feeling confused, ashamed and isolated.As a caregiver, the first step is to acknowledge the gravity of the situation. Recognising the abuse and validating their

Madam — Apropos the news story "More

voters but lower turnout in 2024, confirms EC," published on June 7, this is my response. As a daily newspaper reader, it's heartening to see the Election Commission lifting the model code of conduct following the announcement of election results and the beginning of government formation. The overall voter turnout in the 2024 Lok Sabha elections was 65.79 per cent, which, although slightly lower than 2019's 67.40 per cent, still indicates robust democratic engage-

Notably, the data reveal a significant surge in women voter participation, with a turnout of 64.72 per cent compared to men's 63.11 per cent. This trend is particularly pronounced in states like Himachal Pradesh, Jharkhand and Odisha, where women's turnout surpassed men's by notable margins. This increase in female voter engagement is a positive sign of growing political awareness and empowerment among women, which can lead to more inclusive governance. The turnout of the third gender, although low at 22.33 per cent, suggests there is still work to be done to ensure their full participation in the democratic process. Overall, these elections highlight the evolving dynamics of voter engagement in India, reflecting a more diverse and representative elec-

MARKETS BOUNCE BACK

Madam — Apropos the news story "Markets extend winning momentum to 2nd day running," published on June 7, this is my response. As a daily newspaper reader, it's fascinating to see how the market's optimism can be so closely tied to political stability. The recent surge in the Sensex and Nifty, following the unanimous election of Narendra Modi as the leader of the BJP-led National Democratic Alliance (NDA), underscores the confidence that investors place in political continuity and leadership. The 30-share BSE

Regarding the news story "China lodges protest with India over PM Modi's response to Taiwan President Lai's greetings on his poll victory," published on June 7, here are my thoughts. As a regular newspaper reader, the recent diplomatic spat between China and India over Prime Minister Narendra Modi's social media interaction with Taiwan President Lai Ching-te is quite intriguing. Modi's expression of enthusiasm

congratulatory message, has irked China, which sees Taiwan as a breakaway province. China's swift protest underscores its sensitivity to any international recognition of Taiwan's sovereignty. The geopolitical chessboard in the Indo-Pacific

region is complex and Modi's statement hints at India's potential shift towards deeper engagement with Taiwan, especially in trade and technology. This could be a strategic move to counterbalance China's growing influence. However, it also risks straining India-China relations, which have already been tense. China's insistence on the One China policy and its warning against Taiwan's "political calculations" highlight the delicate nature of this issue. As an observer, I see this as a significant moment that could reshape regional alliances and economic partnerships in the com-

Sensex's impressive jump to 75,078.70 points and the NSE Nifty climbing to 22,799.50 signal a strong market reaction to Modi's impending third term as Prime Minister. The gains in companies like NTPC, State

Bank of India and Tata Steel reflect a broader bullish sentiment, though some laggards like Hindustan Unilever and Nestle temper the overall enthusiasm. It's noteworthy that despite the positive domestic sentiment, Foreign Institutional Investors are still cautious, selling off equities amid high valuations in India compared to Chinese stocks. This juxtaposition of political stability and cautious foreign investment paints a complex but intriguing picture of the current market dynamics.

EMBRACING SOCIAL WORK

Madam — Regarding the news story Rejuvenating Indian social work, culturally," published on June 7, here are my thoughts. Every profession is unique and essential for societal growth and develop-

ment. Social work, however, carries an added responsibility - to serve people and communities, striving to uplift them. It involves working with people and their surroundings, considering external and internal factors simultaneously. Social work is not just about empathising with others' circumstances but also about reflecting on potential solutions and alternatives.

In today's India, social work as a profession is emerging as one of the crucial sectors. Over the last decade, this profession has expanded its horizon and established itself across the country. It is encouraging to see a growing number of young professionals choosing this career path. India needs more such young minds and professionals who can work on the ground and formulate policies to address critical societal issues. However, it is essential to question whether we are truly fulfilling this need.

COALITION GOVERNMENT AND DIPLOMACY

Recalibration of diplomatic priorities due to coalition compulsions is on the cards

KUMARDEEP BANERJEE

ndia has voted and the verdict is out. It has brought back the era of coalition governments, the pressures of alliance partners weighing in on key policy matters, back to India's polity after a decade. The era of robust, single-source decisions is most likely over and may not return for a decade. The voter's verdict will have long-reaching impact on India's foreign policy and diplomatic trajectory for a long time to come.

The relations with the US which were nurtured by the Modi Government in the past decade and which have reached a certain stable platform, are unlikely to be disturbed. The technology partnership added to the existing trade partnership, has bipartisan support in Washington. This means in the eventuality of Trump returning to in the US, towards the year's end, it won't be a spoiler in India US bilateral relationship. India and the US have in the past, shown enough maturity in discussing sensitive issues, such as the alleged hit plan on India-designated terrorist G S Pannun, behind closed doors.

Most US businesses operating in India may be relieved, with a coalition verdict, as it could, take away many concerns (expressed by their USbased colleagues behind closed doors) regarding the overreach by a PM, with a brute majority. They may be relieved to find several pockets of influence, with more alliance partners coming in the Government, weighing on crucial policy decisions. The US and global capital would feel safe in India as a market, as long as it is business as usual, no surprise protectionist regulations and there is a growth market. In a coalition government, with several checks and balances, thescope for unilateral decisions, is less likely. Also, as many experts mentioned to this author, the US would be happy to have a peaceful democratic ally in Asia, to counter

an aggressive China in the Indo-Pacific. Joint exercises, with Indian defence forces, sharing of crucial intelligence of strategic importance (even though India is not part of the five eyes network), sharing and empowering India on semiconductors, close co-creation of standards and regulations on critical and emerging technologies such as AI are not likely to be impacted. India and the US on plurilateral platforms such as QUAD, the 12U2 and on wider UN etc would not be impacted. However, pompous, state visits and hosting each other's leaders on a grand scale (reference Trump in 2019 and Indian PM state visit to the US in 2023) could move to more sober, away from the camera, diplomatic conversations. Despite an occasional criticism of India, by mainly US think tanks and policy experts, primarily on human rights, polarising speeches, freedom of speech and religion in India etc, there is bipartisan support for India and deep relations between the two nations and it is not likely to change.

If the India-US civil nuclear deal proved to be the cause of a weak coalition government (due to the withdrawal of support by a crucial ally from the UPA government 1.0), there exist no such threats to the bilateral relationship currently. Even with a coalition Indian government at the centre. Washinton and New Delhi have successfully managed to educate their senior lawmakers/politicians/think tanks/experts on either side of the aisle, regarding the strategic importance of the relationship. President Biden, even though faces occasional criticism from his party colleagues or pressure groups, regarding being a bit too lenient approach towards India on several issues, he understands the relevance of this relationship in the current context. There is likely to be a new Indian ambassador to the US (the former ambassador post-retirement unsuccessfully contested elections in 2024) in the next few months. The Indian ambassador to the US does most of the heavy lifting on building consensus across the aisle on several mutual bilateral issues. The choice of the next ambassador would be a space to watch out for.

Indian electorate ushers in a new political era

By rejecting divisive politics and reducing the BJP's dominance, voters have endorsed a new era of coalition politics favouring regional and smaller parties

he outcomes of the recently concluded Indian Lok Sabha elections signal promise for the region, prompting nations to reconsider and reassess their democratic political frameworks. In a resounding declaration of democracy's resilience, the once seemingly invincible fortress of the Modi-Ka Parivar lies shattered. The echoes of this strong message from the public reverberate louder than the emotional sensationalism, resonating with the collective voice of a nation that has spoken unequivocally for the power of balance. Despite the relentless onslaught of propaganda and fervent efforts to man-ufacture public opinion, the Indian electorate has delivered a decisive blow, reclaiming their power and rejecting the facade of religious fervour masquerading as governance. Narendra Modi, the erstwhile political juggernaut, now stands at the precipice of his last tenure, his aspirations of perpetual rule dashed against the rocks of reality. His grandiose ambitions of global dominion and spiritual leadership lie in tatters, mere relics of a bygone era marked by hubris and delu-

The BJP's significant loss, laid bare in the aftermath of the election, paints a stark portrait of defeat. With 92 seats lost out of their previous 303, including once impregnable strongholds in rural heartlands and urban bastions like Mumbai, the party finds itself relegated to the sidelines of political discourse. The myth of invincibility shattered, the BJP stands exposed, its veneer of infallibility stripped away to reveal the inherent flaws and fallacies of its governance model. The result also exposes the impact of heavy spending on AI-driven social media manipulation. Government agencies outspent political parties on Google ads leading up to India's national elections, with the BJP ranking second. This stark contrast in spending highlights the influence of advertising in shaping democratic norms, serving as a stark reminder of democracy's vulnerability to manipulation. Yet amidst the debris of defeat lies the tri-

umph of democracy. The people have spoken, their voices resonating with clarity and conviction, reaffirming their allegiance not to religious ideologies or cults of personality, but to the principles of democracy and secular governance. This electoral upheaval serves as a clarion call for change, a witness to the indomitable spirit of a nation that refuses to be swayed by divisive verbiage or empty

As the dust settles on the frontline of Indian politics, the narrative of triumph and victory spun by the BJP and its leader Narendra Modi stands starkly contrasted against the reality of their electoral performance. Despite Modi's impassioned spiel and grandiose claims of India's newfound global prominence, the truth remains irrefutable: the BJP's grip on power has weakened, its once impregnable fortress breached by the resolute will of the Indian electorate.

The BJP's electoral arithmetic, touted as proof of its enduring popularity, belies a deeper truth of diminishing returns and waning support. While the party managed to retain a significant portion of its 2019 tally, the loss of 92 seats, coupled with the failure to secure the predicted landslide victory, exposes the chinks in its armour and the vulnerabilities lurking beneath the

taken a sharp turn towards foreign affairs and diplomacy, perhaps as a tactic to deflect attention from his administration's domestic shortcomings. By emphasizing India's global ascendancy and economic strength, Modi aims to eclipse the harsh realities of mounting unemployment, economic disparity and social turmoil within the nation. Amidst his grandiose assertions of India's international accomplishments, including hosting global summits and economic growth, Modi's narrative conveniently obscures governance failures and policy deficiencies. Despite his celebrations of India's elevated global standing, the everyday struggles of citizens remain overshadowed by political

towards accountability. Modi's foreign policy rhetoric aligns with his domestic agenda, framing a narrative of "us-vs.them" and emphasizing resolve against perceived threats like Pakistan and China, particularly in combating terrorism. Despite clashes with Pakistan and the 2020 China confrontation showcased as symbols of national strength, critics challenge Modi's response to Chinese aggression, while BJP members rally behind his assertive stance. Yet, beneath this facade, lie intricate geopolitical complexities and diplomatic hurdles. India's navigation among

global powers demands a nuanced approach, prioritizing national interests amidst turbulent international dynamics.

Accusations against the BJP for prioritising foreign affairs over domestic concerns challenge Modi's nationalist narrative, despite his claims of India's global ascendancy. Opposition voices condemn the party's erosion of democratic norms, yet Modi's firm stance resonates with many voters, reflecting a desire for a stronger international presence. However, mounting criticism of the BJP's handling of issues like inflation and unemployment casts doubt on its commitment to democracy. Recent electoral setbacks, notably in Uttar Pradesh, reveal deep-seated discontent, with opposition framing the BJP's governance as a threat to constitutional rights, leading to disillusionment among both critics and former supporters.

The symbolism of Ayodnya, from the demolition of the Babri mosque in 1992 to the consecration of the Ram temple in 2021, epitomizes the BJP's journey to power and its subsequent challenges. While Modi's imprint on Varanasi is undeniable, with infrastructure development projects transforming the city's landscape, the cost of progress has been the erosion of its unique identity, lamented by many locals.

The electoral panorama in Uttar Pradesh unveils a complex interplay of shifting loyalties and deeprooted grievances, particularly within marginalized communities such as the Dalits. Despite Modi's enduring popularity, evidenced by his victory in Varanasi albeit with a notably reduced margin, the BJP's electoral fortunes have been tempered by various concerns, notably regarding constitutional rights and social equiThe BJP's ambitious electoral slogan, promising an overwhelming triumph, stirred apprehensions

among the Dalit populace, raising fears of potential amendments to the constitution. This apprehension, as the media

reports asserted, stemming from the fear of diluting protections advocated by Bhimrao Ambedkar, prompted numerous Dalit voters to align with the opposition INDIA alliance, which adeptly mobilised a coalition of marginalised groups. Modi's language targeting Muslims as "infiltrators" further galvanised opposition to the BJP, particularly among Dalit and Muslim communities, despite the party's efforts to allay Dalit fears and disavow any intentions of rescinding their constitutional privileges. The electoral terrain in Uttar Pradesh reflects a shifting paradigm, with marginalized communities asserting their voices and demanding accountability from political incumbents.

and disenchantment highlights the intricate nature of Indian politics and the hurdles confronting the BJP as it navigates the evolving currents of public opinion. Despite facing electoral setbacks, the BJP remains a potent political force, positioned to forge the next government alongside its allies. However, the undercurrents of discontent and unmet assurances could potentially influence the trajectory of Indian politics in the years ahead. The resounding voice of the nation echoes: it's now up to the government, poised to lead for the next five years, to heed the lessons of tolerance spoken by the populace of the world's most populous country.

Soaring milk prices may hit affordability, health

Growth in the dairy industry necessitates ethical, accessible and safe milk production; without these, milk could become inaccessible to the general public

¬or ages, milk has been Huniversally acknowledged as an excellent source of nutrition, especially for children. A good sign that milk & dairy production in our country is increasing fast. However, if the trend of consistently rising milk prices is not held up, it may be hard for the common man to afford it, thus impinging on the health of their family. Whole milk price of popular brands is presently hovering around Rs. 66 a litre. Nutritionists recommend routine intake of milk and its derivatives to maintain a balanced diet. So ironic that the legendary repository of milk, 'a country with rivers overflowing with milk' is now concerned with feeding safe milk to its people!

India has been consistently atop in milk production since 1997 and contributes about 25% to the global milk output. In 2023, India produced 231 million metric tonnes of milk with a decadal compound annual growth rate (CAGR) of 6%. More important than NITI Ayog's prediction of achieving the 300 million metric tonnes mark by 2030 is the need to ensure that this

the countrymen at large. The fault lines must be identified and addressed in time. Beyond just a fluid secreted by

the mammary glands of female mammals for nourishing their young ones, cow milk and cows are special to India, sacred and pure since the Vedic era. Along with its other holy derivatives like curd and ghee, it is a routine offering to Gods at religious observances particularly during Shivaratri and Nag Panchami festivals. To Hindus, the cow is sacrosanct, at par with Gods. As against other milch animals, buffalo, sheep, goats and camel, the cow is also a symbol of motherhood, fertility, prosperity, health and strength. It has had sanctity in

accorded cow the status of goddess of milk, 'Iat' due to its association with nurturing attributes. Among early Christians, milk was figuratively used for abundance, blessings, spiritual food and purity. Prophet Muhammad said, "The milk of the bovine (cow) contains healing, its fat is a medicine and its meat a cause for sickness." This is despite most milk in India being derived from buffalo, which is valued for its higher fat content and its use as a draught animal. In our country, 60% of the

milk is produced by the unorganised sector, remaining 40% is from the organised sector, mostly dairy cooperatives and private players. However, the scenario is set to reverse and staple nutrition is accessible to other faiths as well. Egyptians in a few years the milkman of

the unorganised sector may have to shift the profession for numerous reasons. For one, the city folks prefer valueadded or packaged milk & dairy wrapped in pouches or packets made of LDPE, LLDPE, HDPE or EVA; cans and tetra packs. Admittedly, the products from the organised sector are superior; pasteurised (i.e. heating for a while up to 700C to minimise infection, then cooling) and sticking to certain quality specifications yet it has its pitfalls partly the deliberate ones. I recall the description of the Vijaya brand milk tetra pack of an Andhra Pradesh dairy in the early 80s while I was in Bhopal. It guaranteed freshness without refrigeration for up to six months in any ambient temperature - decades maturing crops to avert food-

after, we witnessed Amul, Britania and other popular brands taking the cue. Mind that the milk in the pouch procured from the booth degenerates when heated just in 10 to 15 minutes, it is so delicate. There is more to tetra packs than tetrahedron texture to keep its nondegradability intact for long. It is toxic preservatives like formaldehyde and other additives in play to extend the shelf life of milk and its derivatives. Studies have already shown serious health consequences like food poisoning, gastrointestinal and cardiac issues, hepatic and renal failure and even cancer.

It is like lethal insecticides being spread 400 times more than the permitted doses on

grain loss and ensure enhanced shelf life. Also, witness many popular desi ghee brands selling at Rs. 450 a litre while in villages it costs between Rs. 1200 to Rs. 2400 although dairy people confide that per kg cost of desi ghee is Rs. 500 to Rs. 600.

Indian dairy business is incessantly growing at 4.5% annually. The organised milk sector is elated at the growing international and domestic demand and business prospects. Yet it must be monitored that the ethical aspects are not compromised and the domestic consumers are not taken for a ride. Fodder availability for large milch cattle, education & training and technology improvement are the other formidable issues in dairy to

be addressed. Our young ones also must be made to learn that saying no to milk is saying no to nutrition and that almond milk, soy milk, rice milk and coconut milk are poor substitutes.

Amul Federation, the undisputed leader has planned expansion activity abroad and is targetting one Rs one lakh crore business now. Dairy supports the livelihoods of one billion people worldwide. As we celebrate Milk Day, an FAO initiative, to recognise the importance of milk as a global food let us not overlook that the common people are not deprived of this staple

'Houthi rebels detain 9 UN staff in sudden crackdown'

At least nine Yemeni Aemployees of United Nations agencies have been detained by Yemen's Houthi rebels under unclear circumstances, authorities said Friday, as the rebels face increasing financial pressure and airstrikes from a US-led coalition. Others working for aid groups also likely have been taken.

The detentions come as the Houthis, who seized Yemen's capital nearly a decade ago and have been fighting a Saudi-led coalition since shortly after, have been targeting shipping throughout the Red Sea corridor over the Israel-Hamas war in the Gaza

But while gaining more attention internationally, the secretive group has cracked down at dissent at home, including

Regional officials, speaking to The Associated Press on condition of anonymity as they were not authorised to brief journalists, confirmed the UN detentions. Those held include

staff from the United Nations human rights agency, its development program, the World Food Program and one working for the office of its special envoy, the officials said. The wife of one of those held is also detained

The UN declined to immediately comment.

The Mayyun Organisation for Human Rights, which similarly identified the UN staffers held, named other aid groups whose employees were detained by the Houthis across four provinces the Houthis hold — Amran, Hodeida, Saada and Saana. Those groups did not immediately acknowledge the detentions.

'We condemn in the strongest terms this dangerous escalation, which constitutes a violation of the privileges and immunities of United Nations employees granted to them under international law, and we consider it to be oppressive, totalitarian, blackmailing practices to obtain political and economic gains," the organisation said in a state-

Yemen's Houthi rebels and their affiliated media organisations did not immediately acknowledge the detentions. However, the Iranian-backed rebels planned for weekly mass demonstrations after noon prayers Friday, when Houthi officials typically speak on their actions.

It's unclear what exactly sparked the detentions. However, it comes as the Houthis have faced issues with having enough currency to support the economy in areas they hold — something signalled by their move to introduce a new coin into the Yemeni currency, the riyal. Yemen's exiled government in Aden and other nations

criticised the move as the Houthis turning to counterfeiting. Aden authorities also have demanded all banks move their headquarters

"Internal tensions and conflicts could spiral out of control and lead Yemen into complete economic collapse," warned Yemeni journalist Mohammed Ali Thamer in an analysis published by the Carnegie Endowment for International Peace. Bloomberg separately report-

The war in Yemen has killed more than 150,000 people, including fighters and civilians, and created one of the world's worst humanitarian disasters, killing tens of thousands more. The Houthis' attacks on shipping have helped deflect attention from their problems at home and the stalemated war. But they've faced increasing casualties and damage from USled airstrikes targeting the

group for months now.

Thousands have been imprisoned by the Houthis during the war. An AP investigation found some detainees were scorched with acid, forced to hang from their wrists for weeks at a time or were beaten with batons. Meanwhile, the Houthis have employed child soldiers and indiscriminately laid mines in the conflict. Sunak apologises for skipping D-Day ceremony

London (AP): British Prime Minister Rishi Sunak apologised on Friday for leaving D-Day commemorations in France early to return to the election campaign trail — a decision slammed as disgrace-ful by his political rivals. Sunak, who is fighting to keep his job in Britain's July 4 election, said that, "on reflection" the decision was a mistake.

Sunak was not alongside leaders including US President Joe Biden, French President Emmanuel Macron, German Chancellor Olaf Scholz and Ukrainian leader Volodymyr Zelenskyy for the major memorial event at Omaha Beach in Normandy on Thursday, Former Prime Minister David Cameron, who is now foreign minister, represented the UK. Labour Party leader Keir Starmer, the current favorite to win the election, attended and pictured meeting Zelenskyy and other leaders. Sunak had earlier attended a ceremony at the British memorial in Normandy alongside King Charles III and surviving World War II veterans. He also attended a commemoration in Portsmouth, England, the day before. Sunak wrote on X, formerly Twitter, that the 80th anniversary of the Allied invasion that helped free Europe from the Nazis "should be about those who made the ultimate sacrifice for our country. The last thing I want is for the commemorations to be overshadowed by politics".

He added: "On reflection, it was a mistake not to stay in France longer — and I apologise," he wrote.

The prime minister recorded an interview with broadcaster ITV on Thursday after returning from France, though he said that was not the reason he cut short his trip.

Sunak insisted he "stuck to the itinerary" that had been laid out for him for D-Day weeks before he called the election. "On reflection it was a mistake not to stay longer and I've apologised for that, but I also don't think it's right to be political in the midst of D-Day commemorations," he said. "The focus should rightly be on the veterans and their service and sac-

Sweden's defense chief has expressed alarm over Beijing's repeated dangerous maneuvers against Philippine vessels in the South China Sea, saying such actions threaten security, undermine stability and underscore the need to invest "for our security and freedom." Defense Minister Pål Jonson spoke Thursday night in a diplomatic reception in Manila for Sweden's national day after meeting his Philippine counterpart, Gilberto Teodoro Jr., on expanding defense relations. Sweden is one of the possible sources of supersonic fighter jets that the Philippines plans to acquire as its military shifts focus from decades of fighting communist and Muslim insurgencies to territorial defense.

"Let me express my deep concern on the repeated dangerous maneuvers against Philippines vessels that have been taking place in the West Philippine Sea and the South China Sea, Jonson said. Boeing's astronaut capsule arrives at space station after thruster trouble

AP ■ CAPE CANAVERA

 $B^{\text{oeing's new capsule arrived}}_{\text{at the International Space}}$ Station on Thursday, delayed by last-minute thruster trouble that almost derailed the docking for this first test flight with astronauts. The 260-mile-high (420-kilometer-high) linkup over the Indian Ocean culminated more than a day of continuing drama for Boeing's astronaut flight debut carrying NASA test pilots Butch Wilmore and Suni Williams. Boeing plans to keep Starliner at the space station for at least eight days before guiding it to a landing in the western US. "Nice to be attached to the big city in the sky," Wilmore said

had one small helium leak when it rocketed into orbit with NASA astronauts Wednesday. Boeing and NASA managers were confident they could manage the propulsion system despite the problem and that more leaks were unlikely. But just hours into the flight, two more leaks cropped up and another was discovered

after docking. Later, five of the capsule's 28 thrusters went down. The thrusters malfunctioned, offi-

Helium is used to pressurize the fuel lines of Starliner's thrusters, which are essential for maneuvering. Before liftoff, engineers devised a plan to work around any additional leaks in the system. A faulty rubber seal, no bigger than a shirt button, is believed responsible for the original leak.

Boeing program manager Mark Nappi said there should be plenty of helium in reserve for the trip home. After the space shuttles retired,

NASA hired Boeing and SpaceX to ferry astronauts to and from the space station. SpaceX's taxi service began in 2020. Boeing was supposed to start around the same time, but was held up for years by safety concerns and other troubles. 'Russia's economy growing despite heavy sanctions'

 $P_{\text{said on Friday that the}}^{\text{resident Vladimir Putin}}$ Russian economy is growing despite heavy international sanctions and the country has expanded economic ties with countries in Africa, the Middle East and Asia, as he sought to court investors. Addressing the leaders of Bolivia and Zimbabwe and business leaders at the St. Petersburg International Economic Forum, Putin said Russia "remains one of the key participants in world trade", despite the fact that the country is under sweeping sanctions for sending troops in Ukraine. The forum has been used by Russia for decades as a showcase for touting the country's development, though Western officials and investors have steered clear of the session since sanctions cut off much of Russia's trade with Western Europe, the US and their allies. The main dri-

Russians, with massive state spending for military equip-ment and hefty payments to volunteer soldiers giving a strong boost to the economy. Putin has heavily controlled his media appearances since sending his forces into Ukraine but he took questions Wednesday from international journalists, including some from Western countries he has criticized, on the sidelines of the forum. At that meeting, Putin warned that Russia could provide long-range weapons to others to strike Western targets in response to NATO allies allowing Ukraine to use their arms to attack Russian territory. He also reaffirmed Moscow's readiness to use nuclear weapons if it sees a threat to its sovereignty. Last year, journalists from countries that Russia regards as unfriendly — including the US, the UK and the European Union — were not invited to

4 Indian medical | US to send new \$225 mn aid package to Ukraine: Officials The new aid package comes as President Joe Biden used his so they can go quickly to the speech Thursday at the war front.

AP WASHINGTON

The U.S. will send about USD 225 million in military aid to Ukraine, U.S. officials said Thursday, in a new package that includes ammunition Kyiv's forces could use to strike threats inside Russia to defend the city of Kharkiv from a heavy Russian assault. The officials said the aid includes munitions for the High Mobility Artillery Rocket System, or HIMARS, as well as mortar systems and an array of artillery rounds. They spoke on condition of anonymity to discuss aid not yet publicly announced.

Under a new U.S. directive, Ukraine can use such weapons to strike across the border into Russia if forces there are attacking or preparing to attack. That change, however, does not alter U.S. policy that directs Ukraine not to use American-provided ATACMS or long-range missiles and other munitions to strike offensively inside Russia, according to U.S. officials.

To do so, he said, would mean the U.S. has forgotten "what happened here on these hallowed beaches." Biden is expected to meet with Ukrainian Volodymyr President Zelenskyy in Paris on Friday. On Wednesday, a Western official and a U.S. senator said Ukraine has used U.S. weapons to strike inside Russia. And a June 3 report from the Institute for the Study of War suggests that Ukrainian forces used a HIMARS system to strike a Russian S-300/400 air defense

Biden apologises to Zelenskyy

US President Joe Biden on Friday for the first time publicly apologised to Ukraine for a monthslong congressional holdup in American military assistance that let Russia make gains on the battlefield. Biden met in Paris with

President Ukrainian Volodymyr Zelenskyy, who appealed for bipartisan US support going forward "like it was during World War II."A day earlier, the two had attended ceremonies marking the 80th anniversary of the D-Day landings in Normandy, where Biden had drawn common cause between the allied forces that helped free Europe from Nazi Germany and today's effort to support Ukraine against Russia's invasion and Zelenskyy had been greeted with a rapt ovation.

"I apologize for those weeks of not knowing what's going to happen in terms of funding, Biden said, referring to the sixmonth holdup by conservative Republicans in Congress to a \$61 billion military aid package for Ukraine. Still, the Democratic president insisted that the American people were standing by Ukraine for the long haul. "We're still in. Completely. Thoroughly," he said.

Zelenskyy's plea for rock-solid support akin to the allied coalition in WWII — served as a reminder that for all of Biden's talk of an unflagging U.S commitment to Ukraine. recalcitrance among congressional Republicans and an isolationist strain in American politics have exposed its fragility. And, although unremarked upon, the specter of Donald Trump's candidacy

the Republican former president and the presumptive nominee has spoken positively of Russian President Vladimir Putin and sparked Ukrainian concerns that he would call for it to cede territory to end the conflict.

Zelenskyy pressed for all Americans to support his country's defense against Russia's invasion, and he thanked lawmakers for eventually coming together to approve the weapons package, which has allowed Ukraine to stem Russian advances in recent weeks.

"It's very important that in this unity, United States of America, all American people stay with Ukraine like it was during World War II," Zelenskyy said. "How the United States helped to save human lives, to save Europe. And we count on your continuing support in standing with us shoulder to shoulder."

The United States is by far Kyiv's biggest supplier of wartime support, and Ukraine is trying to fend off an intense Russian offensive in eastern areas of the country. The push is focused on the Ukrainian border regions of Kharkiv and Donetsk, but Ukrainian officials say it could spread as Russia's bigger army seeks to make its advantage tell.

loomed over the discussion, as The U.S. will send about \$225 million in military aid to Ukraine, Biden announced Friday. The latest package includes munitions for the High Mobility Artillery Rocket System, or HIMARS, as well as mortar systems and an array of artillery rounds, U.S. officials said Thursday.

A Ukrainian strike on its partially-occupied Luhansk region using U.S.-made ATACMS missiles killed three people and injured 35 others Friday, local Moscow-appointed authorities said.

Biden cast the additional aid in his meeting with Zelenskyy as money to "reconstruct the electric grid" in Ukraine, a reference aides said was to additional air defense and missile defense systems in the new package Easing their stance amid

Russia's most recent onslaught and with Ukraine's army reeling, some NATO allies including the U.S. said last week they would allow Ukraine to use weapons they deliver to Kyiv to carry out limited attacks inside Russia.

That step brought a furious response from the Kremlin, which warned that Europe's biggest conflict since World War II could spin out of con-

democratic freedom and Russian tyranny. Russia says it is defending itself against a menacing eastward expansion of the NATO military alliance. In a 20-minute speech Friday at the National Assembly, the lower house of the French parliament, Zelenskyy drew a parallel with the sacrifices made during World War II and his country's current fight. "This battle is a crossroads," Zelenskyy said. "A moment where we can now write history the way we need it. Or we can become victims of history as it suits ... our enemy." Zelenskyy, who spoke in Ukrainian, was frequently interrupted by lawmakers' applause and cheers. hina's exports in May grew at their fastest pace in more than a year despite trade tensions, though imports fell short of analyst expectations, according to customs data released on Friday. Exports jumped 7.6 per cent in May from the same month last year to USD 302.35 billion, rising at the fastest pace since April 2023. Imports rose by 1.8 per cent to USD 219.73 billion, missing estimates of about 4 per cent growth.

The uptick in exports is also partly due to a lower base in the same period last year, when exports declined 7.5 per cent. In comparison, exports grew by 1.5 per cent in April compared with the same period last year, while April imports rose by 8.4 per cent

The strong exports caused China's trade surplus to widen to USD 82.62 billion, up from April's USD 72.35 billion. The growth in exports comes

RBI keeps interest rates unchanged; policy committee more divided

The Reserve Bank of India (RBI) left its key interest rates unchanged on Friday as expected, keeping the focus on inflation amid robust economic growth that is likely to provide the new Modi government headroom for manoeuvring reforms.

Monetary Committee, consisting of three RBI and an equal number of external members, kept the repo rate unchanged at 6.50 per cent for an eighth straight policy meeting and stuck to its relatively hawkish stance of "withdrawal of accommodation", Governor Shaktikanta Das said in his statement.However, were signs of a more divided policy committee, with one additional member voting for a softening in stance as well as policy direction. Two external members, Ashima Goyal and Jayanth Varma, voted for a cut, compared to one in the previous meeting.

The decision comes just days ahead of Narendra Modi assuming the office of the Prime Minister of India for the third straight time but with a smaller-than-expected election victory that forced his party BJP to share power in a coalition government.

The slim majority, according to global rating agencies, may delay more far-reaching elements of economic and fiscal reforms like land and labour, and impede progress on fiscal consolidation.

With the Indian economy, Asia's third-largest, growing faster than expected in the previous year, the RBI raised its GDP growth projection for the current fiscal through March 2025 to 7.2 per cent from 7 per cent while maintaining its inflation forecast at 4.5 per cent. India's real GDP grew by 8.2 per cent in the 2023-24 (April

India's strong growth leading to trend of reverse flipping for startups

PTI ■ NEW DELHI

India's strong growth is leading to a trend of 'reverse flipping' as domestic startups that once used to move abroad for capital access and tax benefits are now returning home, a top government

Commerce Secretary Sunil Barthwal also said that the digital economy along with emerging technologies like AI and the rise of data centres were key to future Indian growth. He was speaking at an event in Singapore organised by the commerce ministry to showcase various investment opportunities in India.

It was organised on the sidelines of the inaugural Indo-Pacific Economic Framework for Prosperity (IPEF) Clean Economy Investor Forum in Singapore. Barthwal stressed how India's growth rate is nearly double that of other emerging market economies.

"He remarked on how this strong growth is also leading to a trend of 'reverse flipping', where Indian startups that once moved abroad for capital access and tax benefits are

now returning home," the ministry said in a statement on Friday. India's economy grew by 8.2

per cent in the fiscal year that ended in March 2024, cementing the country's position as the fastestgrowing major economy in the world. The country has over one lakh governmentrecognised startups.

The meeting attracted more than 60 participants, including global investors from the US, Singapore, Japan, Australia, Korea, and other countries, as well as India's private sector and government officials. The event brought together

financial investors and institutions from Member countries like those Temasek, Global Partners, Infrastructure GuarantCo, Private Infrastructure Development Group (PIDG), Goldman Sachs, I Squared Capital, Mizuho Bank Ltd, Advantage Partners, Nomura, DBS Bank and Citi Bank.

The Indo-Pacific Economic Framework for Prosperity (IPEF) was launched in May 2022 and currently includes 14 partners — Australia, Brunei Darussalam, Fiji, India, Indonesia, Japan, the Republic of Korea, Malaysia, New Zealand, Philippines, Singapore, Thailand, the US and Vietnam.

Saudia Group keen to offer MRO services for Indian airlines

Caudia Group is keen to connecting Saudi Arabia and India as well as provide MRO services to Indian carriers. Saudia Airlines, part of the group, currently operates 54 weekly flights connecting destinations in India, including Delhi, Mumbai Hyderabad.

An executive of the group said on Thursday it has also set up a Maintenance, Repair and Overhaul (MRO) facility in Saudi Arabia and is keen to provide MRO services for the aircraft of Indian carriers.

The facility will be fully operational next year. Around 1.5 million tourists from India visited Saudi Arabia last year and expectations are that the count will rise to 7.5 million by 2030, Saudia Group Director General Ibrahim Alomari said.

China's exports grow

Speaking at the CAPA India Aviation Summit 2024, he said the group will increase the Saudi Arabia and India and want Indian airlines to increase their flights. "We need to work together," he said while mentioning about Indian and Saudi carriers. Meanwhile, Riyadh Air is set to be launched next year with its hub in Riyadh. The group had discussions with Air India about the MRO village, which can accommodate 48 aircraft at

a time. The MRO village can do the work for A320 and B787 planes as well as for LEAP engines. It will also have the assembly lines for Brazil's plane maker Embraer and Italy's helicopter manufacturer Leonardo, according to Saudia GM Corporate Group's Communication and Media Abdullah Alshahrani.

Navigate financial market dynamics with HDFC Multi Asset Fund

PNS MUMBAI

Investors often fall prey to recency bias, a tendency to favour asset classes that have recently performed well. This inclination can lead to chasing momentum and making investment decisions at inopportune times. Given the unpredictable nature, of market and the varying performance of asset classes across economic cycles, attempting to time the market becomes challenging.

Hence, a prudent strategy involves diversification across negatively correlated or less correlated asset classes. HDFC Multi-Asset Fund emerges as a dynamic choice, offering investors a pathway that aims towards balanced growth and stability. France and the Netherlands renew their recent rivalry at the European Championship with fresh memories of their hard luck exits at the World Cup 18 months ago.

Both were beaten in Qatar in penalty shootouts against Argentina - France in the epic final, the Dutch in the quarterfinals - after rallying late from two goals down.
The first post-World Cup

Here's a look at Group D:

FRANCE: France reached the final in three of its past four major tournaments, winning the 2018 World Cup, with just Euro 2020 counting as a failure. Kylian Mbappé's penalty was saved and France lost the shootout to Switzerland after a 3-3 draw in

the round of 16. Mbappé arrives for his first tournament game since that 2022 World Cup final hat trick in a losing cause against Argentina, as captain of the most talented squad at Euro 2024.

liberated after a testy final few months at Paris Saint-Germain ahead of his longexpected move to Real Madrid. Mbappe's appetite for goals against these group rivals is such that he scored twice against the Netherlands

in each of their qualifying group games, twice against Poland at the World Cup, and once in each game against Austria in 2022 in the Nations League.

The 25-year-old superstar has 48 goals in 79 games for France, chasing down teammate Olivier Giroud's record of 57 for Les Bleus. Giroud's stellar international career ends after Euro 2024 when, at age 37, he will join Los Angeles FC.

NETHERLANDS: Ronald Koeman has coached the Netherlands through qualifying for back-to-back European Championships. This time he sees the job through to the finals tournament. After Euro 2021 was postponed for one year in the COVID-19 pandemic, Koeman left to take the coveted job at his former club Barcelona, still then with Lionel Messi.

The Dutch went to the last Euro coached by Frank de Boer and lost in the round of 16 to the Czech Republic. Koeman was fired by Barcelona after 14 months and one Spanish cup title, then rehired by the Dutch federation to succeed Louis van Gaal after the 2022 World Cup.

In qualifying, Koeman's team was efficient in winning all six games against teams not named France and conceding just one goal, from a penalty by Ireland. Now he seems ready to unleash a reshaped formation with dynamic wing backs Denzel Dumfries and Jeremie Frimpong.

AUSTRIA: Predicting a "dark contender European champion has recently been a fool's errand. Austria in 2016 and Turkey three years ago both went home winless after the group stage. Still, Austria has been in the conversation again. Coach Ralf Rangnick has

few dysfunctional months at Manchester United ended in 2022 and created some expectation for this Austria team. At least until the knee injuries hit. Captain David Alaba's season was ended in December playing for Real Madrid.

The midfield is still a strength with high-end talent in the Bundesliga: Bayern Munich's Konrad Laimer, Borussia Dortmund's Marcel Sabitzer and Leipzig's Baumgartner, Christoph whose goal after six seconds in Slovakia was the fastest ever in

a men's national team game. POLAND: Poland was beaten easily by France at the World Cup, 3-1 in the round of 16 in Qatar. That tournament seemed to give little joy to the Polish players under cautious coach Czeslaw Michniewicz, who left soon after. It did not improve with Fernando Santos, the Euro 2016-winning coach for Portugal, who was fired last September. Poland eventually qualified via the playoffs under coach Michal Probierz after having zero shots on target in a 0-0 draw at Wales until the penalty shootout. Veteran goalkeeper Wojciech Szczesny made the key save in Cardiff as captain Robert Lewandowski turned away unable to watch. Kush Maini completes first F1 test with Alpine McLaren's Lando gives nod to Ferrari

AP ■ SPIELBERG (AUSTRIA)

India racer Kush Maini completed his first Formula 1 test with BWT Alpine F1 Team here earlier this week.

The 23-year-old, competing in his second

season of Formula 2, drove the A522 F1 car as part of Alipine's young driver test programme on Wednesday. The test in Austria marked Kush's first

time in a modern-spec F1 car and second time testing with BWT Alpine F1 Team. Maini previously drove the A521 at Bahrain International Circuit in 2023 after joining the Alpine Academy programme in October last year.

"My first full day in a Formula 1 car is complete in Spielberg. It was a dream come true and it was better than I could have ever imagined it to be. I am so grateful to BWT Alpine F1 Team for believing in me and giving me this opportunity," Maini said. "The Race Support Team did an incredible job to get me up to speed quickly and have the test

run as smoothly as possible, their hard work and effort does not go unnoticed, so a big thank you to them," he added.

The event makes up part of the young driver testing programme, which both

drivers will participate in throughout the year as members of the Alpine Academy. Maini was signed by Alpine Academy last year and is a part of the team's driver development programme.

UP Kabaddi team to plant 100 saplings for every successful raid

SAMAR PANDEY NOIDA

To contribute towards nature 1 and environmental conservation, a team in the Uttar Pradesh Kabaddi League, Yamuna Yodhas has announced a unique environmental initiative by planting 100 trees on every successful win in the upcoming season.

This initiative introduced by team owner Rahul Sharma aims to combine sports with environmental conservation. Foundation, which organised the G20 International Yoga Festival and Yamuna cleaning programmes, Rahul emphasised the importance of this initiative. "We are playing

Newcomers USA record historic win over Pakistan in T20 World Cup

PTI DALLAS (USA)

Newcomers USA Thursday sho shocked former champions Pakistan via the Super Over to record their biggest win in a T20 World Cup match that reflected the shambolic state of affairs in the Asian giants'

The result was reminiscent of Pakistan's three-wicket loss to Ireland in the 2007 ODI World Cup in the West Indies, which knocked them out of that tournament.

USA thus jumped to the top of Group A with two wins from as many games ahead of the clash against India. USA had defeated Canada by seven

wickets in their opener.
Opting to field, left-arm spinner Nosthush Kenjige scalped three wickets for 30 runs as Pakistan found it difficult to press the accelerator and restricted to 159 for seven.

While chasing, USA ended on the same score, reaching 159 for 3 with skipper Monank who got the better of Gous Patel (50 off 38) Aaron Iones (36 not out of 26) and Andries Gous (35 off 26) leading from the front.

In the Super Over bowled by Mohammad Amir, USA piled up 18 runs, eight of which came from extras.

Saurabh Netravalkar then kept his cool and bowled brilliantly to give away just 13 runs for a famous win.

In another embarrassment for Pakistan, they took longer time than usual to come out to bat in the Super Over, keeping the USA fielders waiting and getting the onfield umpires involved.

Earlier, ÛSA's decision to bowl first worked as Mohammad Rizwan was dismissed in the second over, caught by Steven Taylor off Netravalkar (2/18). USA started their chase on a bright note, scoring 44 runs in the powerplay. Patel led from the front as he played his shots to pick up consecutive boundaries off Shaheen Shah Afridi in the fourth over. Naseem Shah gave Pakistan

the first breakthrough when

Taylor nicked one to Mohammad Rizwan behind the stumps. Bur new man Andries Gous meant business as he picked up two fours in the same over. Gous was particularly elegant square of the wicket as he just

opened his bat a bit to pick up another four off Haris Rauf. USA's body language was positive with Patel and Gous leading the charge.

Patel showed his prowess through the off-side, picking two consecutive boundaries Iftikhar Ahmed through the cover

Patel was at his destructive best as he first hit Afridi over mid-off for a boundary and then clobbered the bowler over his head for a six to bring up his 50 off 34 balls.

A 68-run second wicket stand was finally broken by Rauf,

Wickets were the need of the hour for Pakistan and they picked up the important scalp of Patel, who edged one to Rizwan off Mohammad Amir. Aaron Jones (36 not out off 26), who played a blinder against Canada in their last

match, lived up to the expectations again and in the company Nitish Kumar (14 not out off 14) took the match into the Super Over.

fter scripting a win for After scripting a win to the ages against Pakistan, USA captain Monank Patel said his team did not feel any pressure during the nervewracking Super Over as the crowd was mostly behind Babar Azam's men, which ended up backfiring on the visiting side in their T20 World Cup clash here.

Patel made a composed 50 as co-hosts USA shocked 2009 champions Pakistan via Super Over here Thursday.

"I thought we should have finished the game (in regular time) and we should have never gone to Super Over. I mean the way we kept our nerves...and in the Super Over particularly, scoring 18 runs gave us a big upper hand to defend the target," Patel said in the post-match press conference.

So, what was the talk inside the team huddle at that crucial juncture? Were there any queasy stomachs?

"In the huddle we talked about - there's no pressure for us. All the pressure is in front of Pakistan. We knew that we didn't have enough support from the crowd. Pakistan had more support from the

crowd.
"I thought it will backfire on play good them, and if we play good cricket, they'll be more under pressure," said Patel.

in the power play, it helped really well. "And yeah, 160 on this wicket

with one side short boundary, I felt we were always in the game," he explained. The home side threw a surprise by handing the

responsibility of bowling the Super Over to Saurabh Netravalkar instead of the more pedigreed Ali Khan. But the left-arm pacer successfully defended 18 runs to guide his side to a

memorable victory. "The plan was we wanted to make sure that we utilise the condition. The condition was left-arm bowler bowling cutters and wide yorkers

from left-arm over. "Ali Khan usually hits the stump and we wanted to make sure that we make them play outside the off-stump. angle helps it. Saurabh had a good day, and I backed Saurabh, and yeah, that was the decision," he explained. The USA also made a rather surprising decision to hold back a natural range-hitter like Corey Anderson and promoted Nitish Kumar up the order in the regulation time. Patel said they wanted to keep Anderson for the last

three overs. "As a player he (Nitish) always thinks about the team first and I felt when I got out, I think it was 14th over or something. Nitish, the way he's batting, we wanted to back him.

"We wanted to make sure that even if the wicket goes, obviously, Corey was going next. We wanted to keep Corey in the last three overs. That was the plan," said Patel.
