## Delhi LG cracks whip on illegal immigrants

SAUMYA SHUKLA ■ NEW DELHI

Delhi Lieutenant Governor Vinai Kumar Saxena has issued instructions to District Magistrates and the Commissioner of Police to identify illegal immigrants in Delhi, and take action in coordination with the Central government. "Lieutenant Governor's attention has been drawn to reports on social media and other reliable sources that there is a sudden spurt in the number of illegal immigrants in Delhi. There is also a rise in encroachment by such people on public roads, footpaths, parks etc," stated an official letter from LG's office. The letter has been forwarded by the LG's Principal Secretary to the Chief Secretary of Delhi, Commissioner of Police, Commissioner of Municipal Corporation of Delhi (MCD) and Chairman of New Delhi Municipal Corporation (NDMC). A senior official from the MCD told The Pioneer that in light of the letter, a drive will be carried out to identify and evict such people from the land belonging to the MCD, and any illegal immigrants will be reported to the law enforcement agency. According to reports, at least 20,000 Rohingyas are registered in India with the United Nations High Commissioner for Refugees (UNHCR, also known as the UN Refugee Agency) and an estimated 1,100 such people live in New Delhi, including at the Kalindi Kunj camp in South-east Delhi. Ahead of the Delhi Assembly polls, due early next year, the Bharatiya Janata Party (BJP) leaders in Delhi have been accusing the ruling Aam Aadmi Party (AAP) of "patronising the Rohingyas and Bangladeshi living illegally in the city and gaining votes from them". The LG's letter also mentioned that many illegal migrants are being given various

ID cards in Delhi, and this has the potential to impact electoral politics, "there are reports that efforts are underway for getting their identity documents such as Aadhar, Election Identity Card, etc, prepared on the basis of fake documents and adopting a manipulative process." It added that these documents are being claimed as citizenship documents by the illegal immigrants. "Election Identity Card, if issued to illegal immigrants, provides them the most powerful right of democracy i.e. Right to Vote in our country. Giving such rights to illegal immigrants cannot be accepted by any Indian Citizen and such moves can even be detrimental to National security," the letter stated. The letter added that the Chief Secretary may issue instructions to District Magistrates through Divisional Commissioner to exercise extra caution in verification of people applying for identity documents. "Separately, Commissioner Police may also issue instructions to field level officials to be extra vigilant

specially while undertaking inspections of squatters along road side and on vacant Government land," it stated, adding that Delhi Police shall conduct a special drive for one month for identification of illegal immigrants and take further action in coordination with central agencies. "All government agencies should also ensure that no unauthorised occupation of public places takes place anywhere in the city as directed by the Supreme Court of India," the letter read. Reacting to the LG's direction, Delhi BJP accused the AAP of viewing it through a political lens. Delhi BJP President Virendra Sachdeva stated that previously, encroachments on Delhi's footpaths and around parks were mostly done by hawkers, but in recent months, Resident Welfare Associations and trade organisations have consistently drawn attention to encroachments by Rohingyas and others, who have been settling along roadsides and in parks. "During this period, both small and large criminal incidents have occurred on the streets of Delhi, and in light of this, Delhi's

Lieutenant Governor Vinai Kumar Saxena has directed the Police Commissioner to take action. It is unfortunate that the AAP is politicising the serious issue of encroachments by Rohingyas and others, which is related to the security of Delhi and the BJP strongly condemns this," he said. Reacting to the letter by the LG, the AAP claimed that the BJP is merely using the issue of illegal immigrants for political gains. "A thorough investigation should be launched on how illegal immigrants are entering our country in the first place. For this, the direct responsibility lies with Amit Shah, and the Union Home Ministry," the party said in a statement. It asked that if there are illegal immigrants, how many are there? "This is a massive failure, and the lack of action on detentions highlights it further," they claimed. Further, Delhi's ruling party claimed that while on one hand, the BJP is granting citizenship to illegal immigrants, and on the other, it is staging a farce of an investigation. "The BJP must stop

this hypocrisy and put a rest to its dirty politics," the AAP said. On November 12, the Enforcement Directorate (ED) raided multiple locations in poll-bound Jharkhand, apart from West Bengal, in a money laundering investigation linked to alleged illegal infiltration of Bangladeshi nationals, official sources said. A total of 17 places were raided in the two neighbouring states by the Ranchi office of the federal probe agency, a day before the first phase of polling in Jharkhand. Visuals of Central Reserve Police Force (CRPF) personnel positioned outside a hotel located on Bariatu Road in Ranchi and a resort in the city were captured by media teams as ED teams scoured for documents, ledger entries and financial records inside. It was in September that the ED had filed a case under the Prevention of Money Laundering Act (PMLA) to probe an instance of alleged infiltration, and trafficking of some Bangladeshi women into Jharkhand leading to the generation of alleged slush funds. Prime Minister Narendra Modi and other Bharatiya Janata Party (BJP) leaders had also accused the State Government of aiding such infiltration leading to the altering of the demographic landscape of the tribal-dominated areas of Santal Pargana and Kolhan regions during the recent poll campaign. Uttar Pradesh Chief Minister Yogi Adityanath on Monday accused the ruling Jharkhand Mukti Morcha-led coalition of converting Jharkhand into a 'dharmashala' for Rohingyas and Bangladeshi infiltrators. Earlier this week, Union Home Minister Amit Shah had announced that a committee would be formed, if the BJP is voted to power in Jharkhand, to identify and drive out infiltrators from the state besides reclaiming land grabbed by them.

## BCCI stumps PCB dream of Champions Trophy visiting POK

PIONEER NEWS SERVICE ■ NEW DELHI

The Board of Control for Cricket in India (BCCI) on Friday strongly objected to Pakistan Cricket Board's (PCB) purported move to take the Champions Trophy for a tour of the disputed 'Pakistan Occupied Kashmir' (POK), prompting the global body International Cricket Council (ICC) to put the promotional event on hold. The tournament, last played in 2017, is already in limbo after the BCCI officially intimated ICC about the Indian cricket team's inability to travel to Pakistan. The PCB in return, as of now, has rejected the proposed 'Hybrid Model' with India playing its matches in Dubai. The schedule has also been put on hold and the new controversy could only make things ugly. It is learnt that BCCI secretary Jay Shah on Friday spoke to the top brass of the ICC and condemned this move by Pakistan and has urged the global body to take strong note. "The BCCI secretary, after it came to his notice, called up the ICC and was extremely critical of

PCB's move to conduct a Trophy tour of multiple cities which fall under Pakistan Occupied Kashmir," a senior BCCI official privy to the development said according to reports, adding, "He has urged the ICC to take strong action. As far as Islamabad is concerned, there is no issue but there can't be any Trophy tour to POK." The Trophy Tour is part of the global body's promotional campaign, involving visits to multiple cities as per discussions between the international body and the host country. However, the Pakistan Cricket Board (PCB), without prior consultation with all stakeholders, announced on its official social media that the Trophy would be taken to Skardu, Murree, and Hunza, areas that fall under the disputed territory. "Get ready, Pakistan! The ICC Champions Trophy 2025 trophy tour kicks off in Islamabad on 16 November, also visiting scenic travel destinations like Skardu, Murree, Hunza and Muzaffarabad. Catch a glimpse of the trophy which Sarfaraz Ahmed lifted in 2017 at The Oval, from 16-24 November," the PCB tweeted.

## IAF aircraft develops snag, PM stranded at Deoghar airport

PIONEER NEWS SERVICE ■ RANCHI

Prime Minister Narendra Modi, who was stranded in Jharkhand's Deoghar airport for nearly two hours on Friday after his special Indian Air Force (IAF) aircraft developed a snag, flew back to Delhi in another plane. PM Modi was supposed to return to New Delhi on the IAF plane after addressing a rally in Bihar's Jamui, around 80 km from Deoghar. Senior Congress leader and Leader of Opposition Rahul Gandhi too faced a two hour delay in the schedule due to a grounded helicopter close to the place where PM's craft was held. The PM visited Jamui to attend a function marking the 150th birth anniversary of tribal leader Birsa Munda, celebrated as Janjatiya Gaurav Divas.

"PM Modi left for Delhi from Deoghar in another special aircraft after his IAF plane developed a technical snag. The aircraft could not be rectified on time. The PM had to wait for more than two hours," Deoghar Deputy Commissioner Vishal Sagar said. While Modi waited for the issue to be resolved, the region's airspace was declared a "no-flying zone". Meanwhile, Congress leader Rahul Gandhi was also caught in a similar situation in Godda, Jharkhand. Rahul's helicopter, which was supposed to take him back after addressing an election rally, was grounded for about two hours, prompting allegations from the Congress that the delay was politically motivated. "Our leader Rahul Gandhi's helicopter was not allowed to take off for about two hours, posing a grave threat to his life. This was a security lapse at the behest of the Centre," state minister Deepika Pandey Singh alleged. Congress also Friday complained to the Election Commission against the alleged grounding of Rahul Gandhi's helicopter in poll-bound Jharkhand and sought its urgent intervention in ensuring a level-playing field in poll campaigning.

## AQI 817, Delhi is most polluted city in the world

Photo: Ranjan Dimri

RAJESH KUMAR ■ NEW DELHI

As air pollution crossed the Red zone that prompting the Commission for Air Quality Management to invoke the stage III of the Graded Response Action Plan (GRAP) from Friday, Delhi Chief Minister Atishi Friday announced staggered timings for government offices in the city in a bid to tackle traffic congestion and reduce pollution levels in the National Capital. Under the new schedule, the Municipal Corporation of Delhi (MCD) offices will operate from 8.30 am to 5 pm, Central Government offices from 9 am to 5.30 pm and Delhi Government offices from 10.00 am to 6.30 pm, Atishi said in a post on X. She said the move aims to ease vehicular traffic during peak hours. Revised office timings implemented as part of GRAP-III restrictions effective from Wednesday.

The air quality across several parts of Delhi remained in the "severe" category on Friday morning, with a thick layer of smog once again blanketing the National Capital Region, including Noida, Ghaziabad and Gurugram, which reduced visibility and disrupted both traffic and flight operations. According to IQAir, a Swiss company, PM2.5 concentration is currently 95.4 times the World Health Organization (WHO) annual PM2.5 guideline value. This has put Delhi on the list of world's most polluted city with AQI 817, followed by Pakistan's Lahore with AQI 802 recorded at 12.30 am. IQAir, a Swiss company, ranks major cities based on Particulate Matter 2.5 (PM2.5) data. While the AQI stood at an average 396 on Friday, according to the Central Pollution Control Board (CPCB), AQI has touched 420

as of 9 am in the morning, marking the third consecutive day of severe pollution. Of the 39 monitoring stations in Delhi, 21 registered severe AQI levels, with four classified as 'severe plus'. The top five polluted areas in Delhi this morning are Jahangirpuri (with AQI 458), Bawana (455), Wazirpur (455), Rohini (452), and Punjabi Bagh (443), according to Central Pollution Control Board's Sameer App. However, the 24-hour overall air quality showed slight improvement compared to Thursday's AQI of 432. Drone footage captured from areas like AIIMS and Akshardham Temple highlighted the extent of smog, making even prominent landmarks barely visible. After a high level meeting with officials and all stakeholders, Delhi Environment Minister Gopal Rai announced that an additional 106 cluster buses would ply in the city while metro trains would make 60 extra trips in view of GRAP-3 measures imposed due to worsening air quality. Emergency measures, such as artificial rain, will be considered if the air quality deteriorates further, the minister said, adding that he would Centre about it again. Private construction and demolition activities have been banned under GRAP III measures, he said. **Continued on page 2**

Devotees take a holy dip in the 'sarovar' at the Golden Temple on the occasion of the birth anniversary of Guru Nanak Dev

## 700 Kg drugs seized off Gujarat coast

PIONEER NEWS SERVICE ■ NEW DELHI/AHEMDABAD

In a joint operation, agencies on Friday seized about 700 kg of drugs and arrested eight Iranian nationals from Indian territorial waters off the Gujarat coast around Porbandar. The street value of the seized Methamphetamine, a synthetic recreational variety of narcotics, could be anywhere between Rs 2,500-3,500 Crore in the international market, said Narcotics Control Bureau (NCB) officials. An operation codenamed 'Sagar Manthan-4' was launched based on intelligence inputs to intercept an unregistered vessel, without an AIS

NCB personnel after an operation in which they successfully dismantled an international drug trafficking cartel and seized approximately 700 kg of meth in Gujarat

(automatic identification system) or an electronic boat or ship-tracking indicator, that will be entering the Indian waters with drugs, the NCB said in a statement. The suspect vessel was identified and **Continued on page 2**

## From Sarai Kale Khan to Birsa Munda Chowk, a historical journey

RAJESH KUMAR ■ NEW DELHI

Mediaeval era origin Sarai Kale Khan Chowk dating back to the 16-17 Century will now be called Birsa Munda chowk in a tribute to the tribal icon and freedom fighter. The renaming, on the occasion of his 150th birth anniversary, was announced on Friday by Union Minister of Housing and Urban Affairs Manohar Lal Khattar. November 15 was declared 'Janjatiya Gaurav Divas' by the Central government in 2021. Sarai Kale Khan is one of the busiest areas of Delhi, particularly due to the Inter-State Bus Terminal (ISBT) from where buses ferry travellers to destinations across north India. In the past, it was known as Moocho Waali Sarai

(Inn of Moustaches) because every man had long moustaches, which was a symbol of masculinity in those days. The renaming of the historic area, comes ahead of the Delhi Assembly polls, and was announced by the minister on the occasion of the unveiling of a statue of Birsa Munda by Union Home Minister Amit Shah and Delhi Lieutenant Governor Vinai Kumar Saxena at the Baansera Bamboo Park near Sarai Kale Khan inter-state bus terminus (ISBT) in south-east Delhi. President Droupadi Murmu, Prime Minister Narendra Modi and several leaders also paid tributes to the great leader. Birsa Munda spearheaded a tribal movement that started in the

Union Home Minister Amit Shah, Delhi Lt Governor Vinai Kumar Saxena, Union Minister Manohar Lal Khattar, Union Minister of State Harsh Malhotra, BJP MPs Manoj Tiwari, Bansuri Swaraj, Kamaljeet Sehrawat and Ramvir Singh Bidhuri and others during the unveiling of a statue of freedom fighter Birsa Munda on his birth anniversary

Bengal Presidency (now Jharkhand) in the late 19th century, making him an important figure in the history of the country's independence movement. Born in 1875 in present-day Jharkhand, Munda had challenged British rule and is credited with mobilising tribals against the empire. He died in British custody at a young age of 25 years. Munda, the hero of the Indian tribal freedom struggle, played a pivotal role in inspiring the tribal community of the Chotanagpur region to fight for their independence. He led the armed revolution known as "Ulgulan" (the rebellion) against British rule. He belonged to the Munda tribe in the Chhotanagpur Plateau area. He spearheaded an Indian tribal mass

movement that arose in the Bihar and Jharkhand belt in the early 19th Century, to protest British colonisation. Munda rallied the tribals to fight against the forceful land grabbing carried out by the British government, which would turn the tribals into bonded labourers, and force them to abject poverty. He influenced his people to realise the importance of owning their land and asserting their rights over it. He founded the faith of Birsaism, a blend of animism and indigenous beliefs, which emphasised the worship of a single god. He became their leader and was given the nickname, 'Dharti Aba' or the father of the earth. He died on June 9, 1900, at age 25. **Continued on page 2**

# Mumbai is a tough nut to crack for the BJP-led MahaYuti

**PN RAGHUNATHA ■ MUMBAI**

After its unimpressive performance in the recent Lok Sabha Election when it managed to win just two out of six seats, the ruling MahaYuti is facing an uphill task in Mumbai -- where the BJP and then united Shiv Sena had together put up a spectacular show by collectively 30 out of total 36 seats.

Though the situation is very fluid in the country's commercial capital and there is no clear indicator on the as to which way the wind blowing. It is quite unlikely that the MahaYuti will repeat the performance of the saffron alliance in 2019 when the BJP won 16 seats, while then united Shiv Sena had walked away with 14 seats in the metropolises.

The electoral situation has changed vastly after the vertical split of the Shiv Sena in June 2022, when the rebel Eknath Shinde-led rebel group toppled the Maha Vikas Aghadi (MVA) government led by Uddhav and formed its government in alliance with the BJP on June 30, 2022.

The two warring Senas - one led by chief minister Eknath Shinde and the other by Uddhav Thackeray - are preparing for another massive showdown in the November

20 Assembly polls. The tussle between the two feuding Sena will have a major bearing on the Assembly poll results in Mumbai.

The tussle should be seen in the backdrop of the fact that the round one involving the Lok Sabha Election, when the Uddhav Sena had captured three out of six seats while its ally Congress had won one seat. On the other hand, the Eknath Shinde-led Shiv Sena had managed to win just one seat, while the remaining one seat was bagged by its ally BJP. Of the total 36 seats, the Uddhav Sena is contesting 22 seats as against 19 seats contested by the united Sena in 2019 when it was a part of the BJP-led NDA. Its ally Congress has fielded candidates in 11 constituencies as against 30 seats it had contested in 2019 seats, while the Sharad Pawar-led NCP is trying its luck in two seats as against six seats it had contested in 2019 polls.

Interestingly, despite the split in the parent party, the Uddhav Sena has got maximum share in the Opposition MVA.

From the Mahayuti seats, the BJP is contesting 18 seats, leaving 16 seats for the Shinde-led Shiv Sena faction and two for Ajit Pawar-led NCP. In the 2019 Assembly polls, the BJP had romped home by winning 16 out of 17

seats it contested in Mumbai. Like in the Lok Sabha polls, the two warring Senas are slugging it out bitterly in the country's financial capital.

The BJP, which rode the "Modi wave" in the 2019 Assembly polls, is not as formidable as it was five years ago - a factor that is bound to boost the chances of the rival MVA candidates.

What will lead to the division of votes in the 2024 Assembly polls is the fact that the Raj Thackeray-led Maharashtra Navnirman Sena (MNS) has fielded 25 candidates in Mumbai. Though the MNS may not win many seats, it will cut into the traditional vote banks of both the Shiv Senas and to an extent the BJP.

There will be further division in the distribution of votes because of the presence of the candidates belonging to the Prakash Ambedkar-led Vanchit Bahujan Aghadi and Asaduddin Owaisi-led AIMIM.

Significantly enough, a majority of the contests in Mumbai are three-cornered or four-cornered ones and it is a high-stake battle for the two alliances involving six parties - Maha Yuti comprising BJP, Eknath Shinde-led Shiv Sena and Ajit Pawar-led NCP and Maha Vikas Aghadi comprising Congress, Uddhav

Thackeray-led Shiv Sena (UBT) and Sharad Pawar-headed NCP (SP). Several bigwigs of Maharashtra politics and gen-next leaders including Aadiya Thackeray, Amit Thackeray, Milind Deora, Rahul Narwekar, Nawab Malik, Ashish Shelar, Sunil Raut, Mangal Prabhat Lodha, Zeeshan Siddique are among the 420 contestants who are in the fray in 36 Assembly constituencies across Mumbai.

Mumbai's three seats - Worli, Mahim and Bandra East -

involve members of the Thackeray family. In Worli, Uddhav's son and former State minister Aadiya -- who is the sitting MLA, is taking on Murlid Deora's son and sitting Rajya Sabha member Milind Deora, who has been fielded by Shiv Sena and MNS candidate Sandeep Deshpande.

MNS chief Raj Thackeray has a lot at stake at Mahim, where his son Amit is making an electoral debut. He is locked in a fierce triangular contest with three-time sitting Shiv Sena MLA Sada Sarvankar

and Shiv Sena (UBT)'s Mahesh Sawant. In fact, the BJP --which is leading the MahaYuti -- wanted Sarvankar to withdraw in favour of Amit Thackeray in lieu of the unconditional support it received from Raj Thackeray in the Lok Sabha polls.

However, Sarvankar was in no mood to oblige. Chief minister Eknath Shinde, who heads the Shiv Sena, chose not to intervene - much to the chagrin of Raj Thackeray.

In Bandra West, Aadiya's cousin Varun Sardesai is

contesting from Shiv Sena (UBT) and he is taking on NCP's Zeeshan Siddique while MNS has fielded former MLA Trupti Sawant. Zeeshan's father Baba Siddique was shot dead last month. Varun is Aadiya's maternal cousin. He is the son of Rashmi Thackeray's sister. In a key contest being witnessed in Bandra west, Mumbai BJP President Ashish Shelar is fighting Asif Zakaria of the Congress. Elsewhere in Malad west in north Mumbai, Shelar's brother Vinod Shelar is taking on sitting MLA and former minister Aslam Shaikh. In the much-discussed constituency of Dharavi, Mumbai North-Central MP and Mumbai Congress President Prof Varsha Gaikwad's sister Jyoti Gaikwad is locked in a contest against Rajesh Khandare of the Shinde Shiv Sena.

In Chandivali, former minister and Maharashtra Congress working President Naseem Khan is pitted against Dilip Lande of the Shinde Shiv Sena. In the 2019 polls, Lande defeated Khan by a slender margin of 409 votes.

From downtown Colaba in south Mumbai, the BJP has put up the controversial Assem, bly Speaker Rahul Narwekar, who had presided over the disqualification pleas of Shiv Sena and NCP, is up

against Heera Devasi of the Congress. The BJP's moneybag Mangal Prabhat Lodha is involved in a contest against Shiv Sena (UBT)'s candidate Bhairulal Jain in upmarket Malabar Hill.

Shiv Sena (UBT) Rajya Sabha member Sanjay Raut's brother and sitting MLA Sunil Raut is re-contesting the polls against Suvarna Karanje of the Eknath Shinde Sena.

In Mumbadevi, the three-time Congress MLA Amin Patil is battling it out against fashion designer Shaina NC, who recently quit BJP to secure a ticket from the Shinde Shiv Sena.

The NCP (Ajit Pawar) has put up controversial NCP (Ajit Pawar) nominee and former minister Nawab Malik against Samajwadi Party's state chief and sitting MLA Abu Asim Azmi.

On its part, the BJP has objected to Malik's nomination. However, the NCP (SP) has ignored its ally's objection to Malik's candidature. Malik's daughter Sana Malik is contesting the Anushaktinagar seat against NCP (SP)'s Fahad Ahmed, the husband of actor-activist Swara Bhaskar.

There are in all 420 candidates in the fray for 36 seats.

## Ram Mandir our legacy, SP's Atiq: Yogi Adityanath

**PNS ■ LUCKNOW**

In a scathing attack on Samajwadi Party, Chief Minister Yogi Adityanath on Friday said while the nation's heritage is represented by the Ram temple in Ayodhya, the SP's "true legacy" is tied to figures like Khan Mubarak, Atiq Ahmed, and Mukhtar Ansari.

The chief minister made the remarks while addressing rallies in Katehari of Ambedkarnagar and Mirzapur's Majhawan assembly constituencies, seeking support for candidates Dharmaraj Nishad and Suchismita Maurya, respectively.

Bypolls to nine assembly seats in Uttar Pradesh are scheduled for November 20. Adityanath said that under the leadership of Prime Minister Narendra Modi, for the past 10 years, the nation has made uninterrupted progress in security, poverty alleviation, infrastructure development, and preserving its heritage.

"In contrast, before 2014, the leaders of the opposition alliance played with national security and disrespected our heritage. Today, Ram Lalla has been enshrined in the magnificent Ram temple in Ayodhya, a sight that fills every citizen of the country with pride. This is our heritage, which has been repeatedly insulted by the people of the Samajwadi Party," the chief minister said.

"The Samajwadi Party's true legacy is tied to figures like Khan Mubarak, Atiq Ahmed, and Mukhtar Ansari," he added.

Khan Mubarak, Atiq Ahmed and Mukhtar Ansari were gangsters. Later, Ahmed and Ansari had joined politics. Adityanath also claimed that the SP has strayed from the values and ideals of Dr Ram Manohar Lohia.

He said, "While significant development work is being carried out in the state, our heritage is also being honoured. Though Dr (Ram Manohar) Lohia was born in Ambedkarnagar, the Samajwadi Party has strayed far from the values and ideals upheld by him and Acharya Narendra Dev. This is why they avoid visiting the memorial of Maharaja Suheldev. They fear that doing so might alienate their Muslim vote bank."

The rallies were attended by several ministers, including Swatantra Dev Singh, Om Prakash Rajbhar, Sanjay Nishad, Dayashankar Mishra Dayalu, and Legislative Council member Dhamendra Singh. While addressing the poll rally in Katehari, CM Adityanath highlighted the achievements of the NDA government in honouring heritage and promoting development.

He mentioned the grand memorial of Maharaja Suheldev in Bahraich, built to commemorate one of India's great warriors.

## Dalit man killed in clash in Greater Noida

**PNS ■ NOIDA**

A Dalit man died of wounds sustained in stone pelting between two groups in Greater Noida's Bhikhampur village on Friday, police said.

According to Additional Commissioner of Police (Law and Order) Shivhari Meena, the clash had broken out over the passage of a tractor through the village in the Rabupura Police Station jurisdiction.

Three of the accused, Nitin, Nikhil, and Ashu Tyagi, were arrested following an encounter with police which shot and wounded one of them, Meena said.

The argument "escalated into stone-pelting, during which one person was injured and later declared dead by doctors at the hospital," the ACP said.

Other injured are undergoing treatment at a hospital, while police are hunting for the absconding culprits, he said. The incident drew condemnation from Bahujan Samaj Party supremo

Mayawati, who demanded strict action against the culprits.

"The incident in which one person was killed and several others were seriously injured in violence perpetrated by goons against a Dalit family in Bhikhampur village, Rabupura police station, Gautam Buddha Nagar district, Uttar Pradesh, is extremely sad and condemnable," Mayawati posted on X in Hindi.

"The government must take stringent action against the culprits and provide assistance to the victim's family," she added.

According to police, an FIR was lodged in the matter under several charges, including rioting, breach of peace, and attempt to murder.

Charges under the stringent Scheduled Castes and Tribes (Prevention of Atrocities) Act, 1989, have also been invoked in the case, which has been filed at the Rabupura Police Station.

## Lodge FIR against creators if they pose safety threat: Railway Board

**PNS ■ NEW DELHI**

The Railway Board has asked all its zones to lodge FIR against reel creators if they pose threat to safe rail operations or cause inconvenience to the passengers in the coaches or on the railway premises.

The Railway Board's instruction follows recent cases wherein people, mainly youngsters, compromised rail safety by filming stunt videos on railway tracks and in moving trains using their mobile phones.

"People have crossed all limits for making reels. They not only risk their own lives, but also jeopardise the safety of hundreds of rail passengers by placing objects or running vehicles on the railway tracks or by performing life-threatening stunts on moving trains," a senior Railway Board official said.

"Viral videos have shown people getting killed by approaching trains while taking selfies because they went too close to the track without realising how much area a train can cover at a short

time. Many died on the spot after being hit by train," he added.

According to Railway Board officials, the Railway Protection Force (RPF) and the Government Railway Police (GRP) have been asked to adopt a "zero tolerance" policy towards reel creators flouting norms. Recently, the RPF registered a case against a man for attempting a stunt by unauthorisedly driving a Mahindra Thar SUV on the railway tracks between Kanakpura and Dhanakya

railway stations in Jaipur division.

According to railway officials, a loco pilot of a goods train, which was coming on the same track, showed alertness and stopped the train at a safe distance after seeing the SUV stuck on the tracks. It is suspected that the man attempted the stunt to get a reel filmed by his friends for a social media post.

In another recent incident, the railway police registered an FIR against 10 students of a city college for "dangerously"

travelling on footboard and causing a chaotic situation at the Vyasarpadi Jeeva railway station in Chennai.

After a video went viral showing the students raising slogans at the Vyasarpadi Jeeva railway station with one of them trying to climb atop the roof of the train, the police launched a probe after registering a case, railway officials said. "Several such cases have come to light , prompting the Railway Board to deal with them as sternly as possible," an official said.

## JMM's Littipara MLA Dinesh William Marandi joins BJP

**PNS ■ RANCHI**

Dinesh William Marandi, the Jharkhand Mukti Morcha MLA from Littipara assembly constituency, joined the BJP on Friday after being denied a ticket by his party for the elections.

Marandi took BJP membership during a poll rally addressed by Union Minister Shivraj Singh Chouhan in Littipara.

Marandi into the BJP fold, emphasising that together they would work towards

advancing the progress of Jharkhand and focusing on the welfare of its people.

He also launched a scathing attack on the Hemant Soren-led government, accusing it of turning the state into a hub of corruption, poor governance, and scams.

"The people of Jharkhand are determined to overthrow the corrupt JMM - Congress-led government," Chouhan said.

Marandi, in his remarks, explained that his decision to leave the JMM was due to

the denial of a ticket and alleged threats from the party leadership after he voiced his concerns.

"My father, Simon Marandi, was one of the founders of JMM, and I worked for years to strengthen the party. But now, I've been forced to leave for the sake of Jharkhand's progress," he said.

In the 2019 elections, Marandi had won the Littipara seat in Pakur district by a significant margin, defeating BJP's Daniel Kisku by 13,903 votes.

**PNS ■ NEW DELHI**

A man forcing his wife to quit her job and live according to his wishes is cruelty, the Madhya Pradesh High Court said while allowing a woman's divorce plea. The 33-year-old woman works as a manager with a Central government undertaking. She moved the HC after the Family Court dismissed her divorce plea, which claimed her husband was mentally harassing her to leave her job and live with him in Bhopal. In its order of November 13, a division bench of MP High Court

comprising Chief Justice Suresh Kumar Kait and Justice Sushrut Arvind Dharmadhikari overturned the family court's decision and allowed the woman's plea for divorce. "Whether husband or wife wants to live together, it is their wish. Neither husband nor wife can force the other side not to do a job or do any job as per the choice of the spouse. In the present case, the husband compelled his wife to leave the government job till he gets a job. In this manner, forcing the wife to leave her job and live as per his wish and style amounts to

cruelty," the bench said. After getting married in 2014, the couple started preparing for government recruitment exams while staying in Bhopal, her lawyer Raghavendra Singh Raghuvanshi told PTI. "In 2017, my client got a job in a government undertaking but her husband did not. This hurt his ego. He then started harassing her to quit her job and stay with him in Bhopal. He told her not to take up any job until he finds one. However, she refused, which created differences among the couple," he said.

## From Sarai Kale Khan to Birsa Munda...

**From page 1**

Addressing the gathering at the event, Khattar said "Bhagwan Birsa Munda is a very big name for the country's tribal community as he waged a huge struggle against the British for snatching away their natural resources. To preserve the memory of such an inspiring personality, especially for the youth, a statue of Bhagwan Birsa Munda was unveiled by Union Home Minister Amit Shah and the ISBT Chowk has been named after him."

Sarai Kale Khan is a historic locality and a Gujjar village of Basista / Bosatta Gotra (clan), migrated from Khanpur village situated in South Delhi in 16th-17th Century. In the North-west corner of the village there used to be some remains of old monuments which were called 'Mahal' (Mansion), nowadays the area has DDA Flats. The land area of Sarai Kale Khan once stretched from Purana Qila (Old Fort) in the North-west to

JawaharLal Nehru Stadium in the West, Mayur Vihar in the East and Taimoor Nagar in the South.

According to Volume III of 'Monuments of Delhi: Lasting Splendour of the Great Mughals and Others', compiled by Maulvi Zafar Hasan and first published in 1920, "The sarai of Kale Khan which was constructed of rubble masonry was originally surrounded by arched cells, with their outer walls crowned by battlements".

The sarai seemed to be one of those which are known to have been built by Sher Shah at the distance of a "Kiroh (nearly 3 km) on the road from Bengal to the Indus", it said. "In each of these sarais, travellers, Muhammadans as well as Hindus, were entertained, at the public expense, by the order of the Emperor, and horse posts were established there for quick communication, so that news from Bengal reached him daily," the book mentioned.

## 700 Kg drugs seized off Gujarat...

**From page 1**

"A huge consignment of about 700 kg of Methamphetamine was intercepted in Indian Territorial waters. During this operation, eight foreign nationals were arrested who claim to be Iranians," the NCB said. The eight men do not have any identity documents, it said. The operation was carried out jointly by the NCB, Navy and Gujarat Police Anti-Terrorist Squad (ATS).

The Indian Navy in a "coordinated operation" with the NCB and Gujarat Police intercepted a suspicious boat leading to the seizure of the drugs, a Navy spokesperson said

in New Delhi. "This is the second major successful coordinated anti-narcotics operation at sea by the Navy this year," he said.

The Navy said it is committed to ensuring a safe and secure maritime environment while preventing illegal use of the seas. Union Home Minister Amit Shah said the operation stands out as a stellar example of the government's commitment to the vision and the seamless coordination among our agencies in achieving the same.

"Pursuing PM Shri @narendramodi Ji's vision for a drug-free Bharat, our agencies today busted an international drug trafficking cartel and seized

over approx. 700 kg of contraband meth in Gujarat," Shah wrote on 'X'.

As much as 3,500 kgs of drugs being trafficked through the maritime route has been seized by these agencies this year with the arrest of 11 Iranians and 14 Pakistani nationals in three cases. All these foreigners are currently lodged in jail awaiting court trial, as per the NCB. "These significant operational achievements in the Indian territorial waters are a testament to our resolve to eradicate the scourge of drugs from India to realise our vision of a 'Nasha Mukta Bharat' (drugs-free India) by 2047," it said.

**AQI 817, Delhi is most...**

**From page 1**

Low visibility due to smog has affected flight and rail operations across India. Several IndiGo flights to and from Amritsar are affected. Many SpiceJet flights to and from Delhi and Darbanga are running late.

Various trains are running late by over two hours. More than 25 trains arriving at New Delhi railway station are also delayed. The Air Quality Warning System under the Ministry of Earth Sciences warned that with slow wind speeds, the meteorological conditions are likely to remain extremely unfavourable for effective dispersion of pollutants.

In a related development, Greenpeace India and Public

Transport Forum on Friday wrote to the Delhi Metro Rail Corporation (DMRC) requesting the introduction of a 'Clean Air Concession' on metro fares during severe air pollution days. In the letter, the organisations highlighted the need for an efficient and affordable transportation system that could bring down emission levels in the city. "This initiative could play a transformative role in making clean, efficient transit affordable, thus encouraging the citizen to shift to sustainable public transport," the letter said.

The organisations proposed several recommendations, including reducing metro fares by 20-30 per cent on high-pollution days and encouraging people to use public transport instead of private vehicles.

# 82.53 kg cocaine confiscated in city

**RAJESH KUMAR/SAUMYA SHUKLA ■ NEW DELHI**

The Narcotics Control Bureau (NCB) on Friday confiscated 82.53 kilograms of high-grade cocaine worth Rs 900 crore in the national capital. The confiscation of the "high-grade" party drug came on a day a joint operation by the Narcotics Control Bureau (NCB), Navy and Gujarat ATS led to the recovery of about 700 kg of Methamphetamine off the Gujarat coast. Earlier, the Delhi and Gujarat Police seized 518 kilograms of cocaine worth Rs 5,000 crore from Gujarat's Ankleshwar and five people were arrested on October 13. Data shared by the Delhi police shows till October 31, they have arrested 1,268 Narco-offenders in 886 NDPS cases and recovered about 71.1 kgs of heroin/smack, 1293.2 kgs of cocaine, 3241.3 kgs of

ganja, 103.7 kgs of opium, 50.5 kgs. of Charas and 80.5 kgs. of poppy head. According to Deputy Director General (NR) Narcotics Control Bureau, Neeraj Kumar Gupta, two main operatives of the syndicate in India, who are residents of Delhi and Sonipat respectively, have been arrested so far. "Further, the investigations to identify the backward and forward linkages of the drug syndicate and the source of the seized cocaine are underway with the help of foreign Drug Law Enforcement Agencies," it added. "The back-to-back major breakthroughs against illegal drugs in a single day demonstrate the Modi government's unwavering resolve to build a drug-free Bharat. The NCB today confiscated 82.53 kg of high-grade cocaine in New Delhi. The massive drug consignment worth approximate-

ly Rs 900 crore was tracked down by a bottom-to-top approach after a quantity of drugs was seized in a courier center in Delhi," Shah said. "Our hunt against drug rackets will continue ruthlessly," the minister added. He congratulated the federal anti-narcotics agency on this "major" success of seizing the cocaine consignment. In a statement, the NCB said in this case, the initial recovery, from a courier shop in Delhi, was from a parcel which was

destined to Australia. "NCB was able to backtrack the supply despite 'cut offs' to the bulk quantity, which was concealed at Janakpuri and Nangloi, Delhi. Investigation conducted so far revealed that this syndicate is being operated by a group of people based abroad and some quantity of the seized contraband were to be sent to Australia through courier/small cargo services. The persons involved in this case are mainly 'Hawala Operators' and anonymous to each other, using pseudonyms for day to day conversations on drug dealing," it said. The NCB further stated the investigations to identify the backward and forward linkages of the drug syndicate and the source of the seized cocaine are underway with the help of foreign Drug Law Enforcement Agencies. On October 1, the Special Cell of Delhi Police raided a warehouse in Mahipalpur and seized a consignment of 562 kilograms of cocaine and 40 kilograms of hydroponic marijuana.

# In major jolt to Congress, senior dalit leader Vir Singh Dhingan joins AAP

**RAJESH KUMAR ■ NEW DELHI**

In a major jolt to Delhi Congress ahead of the next year assembly polls, senior dalit leader Vir Singh Dhingan, three time MLA from Seemapuri constituency joined the Aam Aadmi Party in the presence of AAP's National Convener, Arvind Kejriwal, on Friday. He is second stalwart of Delhi Congress after Mateen Ahmed, who left the party, putting a serious question mark on the present leadership, and sparking the same debate of exodus. Not only Mateen and Dhingan, senior leaders like Arvinder Singh Lovely, Raj Kumar Chouhan, Naseeb

Singh, Neeraj Basoya, Amit Malik have left the party in the last two years. Most of the high-profile leaders who have quit the party have blamed the Congress for being "directionless" and completely cut off from the ground. Besides, the ideological shift of the party, primarily influenced by the Left and Rahul Gandhi's strong pro-left liberal views, has significantly altered its original stance. This shift has left many of its members feeling alienated, questioning whether the Congress still represents their beliefs and values. Last week, Mateen, his son and daughter in law joined the AAP. Reacting to the development, Raj Kumar Chouhan said no

leadership have left in the Congress. "Top leadership is not connected with local leaders. Top leaders are still under illusion that it is ruling. It is very difficult to meet Rahul Gandhi," he said. In a no-holds-barred attack on the party leadership, Chouhan blamed it for "tremendous arrogance". "The Congress party leadership has become outdated and scrap," he added. "Everyone is leaving the party as it is trapped in the vicious circle of nepotism and favoritism politics. No body is listening. A big problem with the Congress is that it lacks the farsightedness to frame positive policies. Neither can the Congress foresee the

future nor does it have any road map for it", he said. Senior Congress leader and former MLA from Sultanpur Majra, Jai Kishan said that that party and Vir Singh Dhingan must introspect as

that he had been associated with Congress for a long time but had grown disillusioned with both Congress and BJP due to increasing corruption. He specifically criticized Congress's actions during the MCD Mayor elections, which took place on Thursday. "The party supported the BJP... I was deeply upset by how we allowed the BJP to win the elections," he added. Dhingan, a Dalit leader who has won three terms as an MLA from Seemapuri—a reserved constituency—on the Congress ticket, is likely to contest for Aam Aadmi Party (AAP) in the upcoming elections. Kejriwal welcoming Dhingan at a media briefing at the party office, said he was

an experienced leader and could be seen as the future MLA of Seemapuri constituency. The constituency was previously represented by Rajendra Pal Gautam, a former AAP minister, who quit the party and joined Congress in September, alleging discrimination against Dalit and minority leaders within the AAP.

## AAP ex-MLA joins Congress

**STAFF REPORTER ■ NEW DELHI**

Former AAP MLA from Seelampur Haji Mohammad Ishaq Khan, along with his supporters, joined the Congress here on Friday, the party said in a statement. Delhi Congress president Devender Yadav welcomed Ishaq and a large number of

his supporters to the party. "It is a matter of great pride that Ishaq has left AAP to join the Congress to strengthen the party in Delhi," Yadav said. They will not only strengthen the Congress in Seelampur, but also across Delhi, as their presence in the party will motivate Congress workers to reach out to every citizen of Delhi, he said.

# Additional 106 cluster buses to ply, metro to make 60 extra trips in view of GRAP-3 measures: Rai

**STAFF REPORTER ■ NEW DELHI**

Delhi Environment Minister Gopal Rai on Friday said an additional 106 cluster buses would ply in the city while metro trains would make 60 extra trips in view of GRAP-3 measures imposed due to worsening air quality. Rai addressing a press conference said that the Air Quality Index (AQI), which has consistently crossed hazardous levels, led to the enforcement of GRAP-3. "We are working to make GRAP-3 more effective in Delhi," the minister said, adding that a meeting was held with officials from MCD, PWD, transport, DTC, metro, and education departments to review and implement urgent measures. The Commission for Air Quality Management (CAQM) has imposed GRAP 3 measures as the national capital recorded the worst pollution levels in the country, with the air quality remaining in the "severe" category for two consecutive days. On Friday the city's air quality was in the severe category with an AQI of 411 at 9 am which improved at 396 at 4 pm. As part of the action plan, the Delhi government has banned the entry of non-CNG interstate buses into the city. Only electric buses and those run-

ning on CNG will be allowed entry. In addition, BS-III petrol and BS-IV diesel four-wheelers have been prohibited, Rai said. To ensure enforcement, the transport department has deployed 84 teams, with an additional 280 transport police personnel, to monitor violations. A fine of Rs. 20,000 will be imposed for any breaches of the new rules. The minister highlighted that to reduce vehicular pollution, 106 new cluster bus services have been introduced. Among these, 40 buses have been specifically launched for government employees residing in various parts of the city to discourage the use of private vehicles. The routes will include key areas such as Nehru Place, Rohini, Dwarka, Janakpuri, Shahdara and oth-

ers. The GRAP for Delhi-NCR is divided into four stages of air quality - Stage 1 for "poor" Air Quality Index (AQI) ranging between 201 and 300, Stage 2 for "very poor" AQI of 301-400, Stage 3 for "severe" AQI of 401-450 and Stage 4 for "severe plus" AQI more than 450. Curbs under Stage III include a ban on non-essential construction and demolition and closure of stone crushers and mining activities in the Delhi-National Capital Region (NCR). Under the Stage-IV restrictions of GRAP, all inter-state buses from NCR states - except electric vehicles, CNG vehicles and BS-VI diesel buses-will be prohibited from entering Delhi, alongside a stringent ban on construction and demolition

activities, suspension of mining-related activities, consideration of shifting to online classes for students up to Class V and daily water sprinkling on major roads. To further reduce traffic emissions, metro services will increase by 60 additional trips, and road cleaning efforts will be enhanced with 65 dust suppression machines deployed by the MCD. Moreover, 200 mobile anti-smog guns will be used in three shifts for water sprinkling on roads, with designated drivers in each shift to ensure continuous operations. Meanwhile, the Delhi government is also taking steps to regulate construction activities, banning private construction and demolition works, and restricting non-essential work. Public and government services, however, will continue as usual, Rai said. Addressing the media, the minister urged residents to use a cycle for short distances, rely on public transport, carpool, and work from home whenever possible to help reduce pollution levels. If the air quality deteriorates further, the minister mentioned that emergency measures, including artificial rain, would be considered. "We will seek support from the Centre if required," he added.

# Authorities take measures to safeguard students of classes six and above who will attend classes offline

**STAFF REPORTER ■ NEW DELHI**

With primary schools across Delhi switching to online mode in the wake of rising air pollution, authorities are taking measures to safeguard the students of class six and above who would be attending their classes offline. Sudha Acharya, the Principal of ITL Public School in Dwarka, said, "We've implemented guidelines for students attending school. Outdoor activities are restricted. We are encouraging indoor activities such as reading, painting, crafting and games like chess and carrom." Acharya issued an advisory in the school highlighting efforts

to promote eco-friendly habits, such as carpooling, staying hydrated, and maintaining a diet rich in antioxidants. "We have mandated the use of N95 masks, keep all doors and windows closed and take extra care of students with pre-existing respiratory issues like asthma," she said. She added that the school strictly avoids common allergens and chemical irritants, including fragrances. In response to stage III GRAP restrictions, Chief Minister Atishi announced on Thursday that all schools up to Class 5 would switch to online learning until further notice. The Directorate of Education (DoE) has instructed government and

private schools and Municipal Corporation of Delhi (MCD), and New Delhi Municipal Council (NDMC)-run schools to suspend offline classes for these students. Rajiv Hassija, principal of Indraprastha International School in Dwarka, said that teachers will continue to deliver lessons on campus using Microsoft Teams and smartboards equipped with the full syllabus to facilitate online learning effectively. "We will also share recorded sessions with students who can rewatch them and those who miss classes due to any reason can catch up. Students are asked to wear school uniform during their online classes, and they

also have 15 minutes gap between two classes to walk around and hydrate themselves," said Hassija. He added that all the outdoor activities especially before 10 am have been suspended for secondary class students. "We also ensure our campus remains green and consult parents who are doctors to introduce healthy diet suggestions for students. Additionally, we advise families to incorporate home remedies, such as taking steam," he said. Meanwhile, Kuldeep Khatri, president of Shiksha Nyay Manch said that online classes would be conducted in MCD-run schools. However, the teachers would have to come to school to take the classes.

# Greenpeace India, Public Transport Forum writes to DMRC requesting for 'Clean Air Concession'

**STAFF REPORTER ■ NEW DELHI**

Greenpeace India and Public Transport Forum on Friday wrote to the Delhi Metro Rail Corporation (DMRC) requesting the introduction of a 'Clean Air Concession' on metro fares during severe air

pollution days. In the letter, the organisations highlighted the need for an efficient and affordable transportation system that could bring down emission levels in the city. This initiative could play a transformative role in making clean, efficient transit affordable,

thus encouraging the citizen to shift to sustainable public transport," the letter said. The organisations proposed several recommendations, including reducing metro fares by 20-30 per cent on high-pollution days and encouraging people to use public transport instead of private vehicles.

# Senior BJP leader submits pliant to police over hacking of website

**SAUMYA SHUKLA ■ NEW DELHI**

Senior BJP leader and former Union Minister Vijay Goel on Friday submitted a complaint to the Delhi Police regarding hacking of his official website by an online betting brand, stating that he or his family might also be physically attacked. In the complaint copy, he said, "I wish to report a recent cyber offence in the form of hacking my official website and I suspect the same is being done by the Online betting brand 'Piraslot'." He added he has recently called for the banning of online gaming which was joined by the former Governor of Assam Jagdish Mukhi, former Rajya Sabha MP Sonal Mansingh, former Delhi High Court judge Retd. Justice S N Dhinra and former Lok Sabha Secretary G C Malhotra. He said, "I have also urged the netizens to join a protest at

Jantar Mantar on 16.11.2024 seeking to address this issue as our youth and children are increasingly becoming its victims," adding that in consequence of my determined campaign against online gaming, my official website is hacked by the online betting brand 'Piraslot'. "The interface of my website has been changed with the display of a graphic and text in another language. Since I have been very vocal and have been raising voice against it, there are very high chances that

the masterminds behind such hacking might target me further and might also attack me or my family, physically," he added. "Hence, I urge you to take appropriate action against the culprits in accordance with the law, prosecute and punish them. Unless and until stringent action is taken against them, they would be further emboldened to carry out more such cyber-attacks and harass me or my family. This is for your urgent and necessary action," it read.

# First train for Metro's Phase-IV expansion arrives in city

**STAFF REPORTER ■ NEW DELHI**

The first six-coach train for Delhi Metro's Phase-IV expansion arrived here on Friday. The train set, manufactured by Alstom at its facility in Sricity near Chennai, was inaugurated on September 23 in the presence of Delhi Metro Railway Corporation (DMRC) and Alstom delegates, Delhi Metro said in a statement. It has now been stationed at Delhi Metro's Mukundpur depot, where it will undergo a number of tests required for its statutory certification for revenue service as a part of established rules and protocols, it said. Under the RS-17 contract, DMRC will receive a total of 312 metro coaches (52 trains) for the Phase-IV priority corridors, i.e. Majlis Park to Maujpur, Janakpuri West to R K Ashram Marg and Tughlakabad to Delhi Aerocity. These trains will arrive in Delhi in phases over the coming days, it said. Out of the 312 coaches, 234

coaches are allocated for the extended sections of Pink and Magenta Lines, i.e. Majlis Park to Maujpur and Janakpuri West to R K Ashram Marg, while 78 coaches are for the Tughlakabad to Delhi Aerocity corridor, the statement said. All these trains are designed for driverless operations, boosting the Delhi Metro's efforts for providing world-

class services to its commuters, and will give a fillip to the Make in India initiative of the government of India. These made-in-India trains are designed for a safe speed of up to 95 kmph and operational speed of up to 85 kmph, with GOA 4 driverless features, according to the statement. The Janakpuri West to RK Ashram Marg extension of the

Magenta Line will get 144 new coaches (24 trains), the Mukundpur to Maujpur extension of the Pink Line will get 90 new coaches (15 trains), while the new Golden Line corridor from Aerocity to Tughlakabad, will be provided with 78 new coaches (13 trains), it said. As part of the Phase-IV expansion, DMRC is constructing 86

kilometres of new lines across five different corridors in the national capital. Three corridors -- Janakpuri West to RK Ashram Marg, Majlis Park to Maujpur and Aerocity to Tughlakabad -- are under construction, the other two new corridors, Lajpat Nagar to Saket-G Block and Indraprastha to Inderlok are in the pre-tendering stages, the statement said. Currently, the Delhi Metro operates on a network of 392.4 kilometres with 288 metro stations (including the NOIDA - Greater NOIDA corridor and the Rapid Metro, Gurugram) with a fleet of about 350 Metro trains with four, six and eight coach combinations on both, broad gauge as well as standard gauge tracks, it said. The first ever driverless operations in India, were commenced on the Delhi Metro network on Magenta Line in December 2020. Subsequently, driverless services were also extended on the Pink Line in November 2021, the statement added.

# President honours Birsa Munda

**PIONEER NEWS SERVICE ■**  
NEW DELHI

President Droupadi Murmu on Friday led the nation in paying tributes to tribal icon Birsa Munda on his birth anniversary which is observed as Janjatiya Gaurav Divas. The President, Vice President Jagdeep Dhankhar and Lok Sabha Speaker Om Birla offered floral tributes at the statue of Birsa Munda at the Prerna Sthal in Parliament complex. Rajya Sabha Deputy Chair Harivansh was also present. After the event, the leaders interacted with folk artists.

After the president left the venue, Dhankhar, who is also the Rajya Sabha chairperson, and Birla tried their hands on musical instruments, including drums. Since 2021, Birsa Munda's birth anniversary is being observed as Janjatiya Gaurav Divas to remember the sacrifices of unsung tribal heroes. Prime Minister (PM) Narendra Modi on Friday hailed tribal icon Birsa Munda on his birth anniversary and said he sacrificed everything to protect the honour and glory of the motherland. Born in 1875 in present-day Jharkhand, Munda had chal-

lenged British rule and is credited with mobilising tribals against the empire. He died in British custody at a young age of 25 years. "Bhagwan Birsa Munda ji sacrificed everything to protect the honor and glory of the motherland. My deepest respects to him on the auspicious occasion of his birth anniversary Janjatiya Gaurav Divas," PM Modi wrote in a social media post in Hindi. Modi also shared a video and audio montage on his tributes to Munda on various occasions. The PM visited Bihar's Jamui to commemorate Janjatiya Gaurav Divas, marking the com-

mencement of the 150th birth anniversary celebration of the tribal icon. Modi also greeted people on Jharkhand's foundation day. "Best wishes to all our brothers and sisters of Jharkhand on the foundation day of the state. This land, irrigated by the struggle and sacrifice of the tribal society, has always made the country proud. I wish that this state, full of natural resources, moves forward at a fast pace on the path of progress," the PM noted in a social media post. The state of Jharkhand officially came into being on Munda's birth anniversary in 2000.

# Rahul Gandhi alleges SEBI's Buch hand in glove with corporations

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Stepping up his attack on Madhabi Puri Buch, chairperson of the Securities and Exchange Board of India (SEBI), Rahul Gandhi, Leader of Opposition in the Lok Sabha, on Friday alleged that India's economic framework is being hollowed out from within by a "cartel of corporate giants", enabled by those meant to guard the country's interests. The former Congress chief said the Madhubi Buch scandal isn't just insider trading but is a revealing case of direct conflict of interest, where powerful regulators are entangled with the very corporations they're supposed to oversee. Rahul made the remarks in his post that accompanied a YouTube video, part of a series featuring him and Pawan Khera, Congress' media and publicity head, in which the two leaders discuss various conflicts of interest allegations

against Buch. There was no immediate reaction from Buch, who is facing conflict of interest allegations, on the video and the charges. However, previously the SEBI chief has dismissed allegations of any wrongdoing. In his post he said, "India's economic framework is being hollowed out from within by a cartel of corporate giants, enabled by those meant to guard the country's interests." This is not mere oversight but a coordinated scheme to exploit loopholes, distort regulations, and prioritise corporate profit over public interest, all while ordinary Indians pay the price,

Rahul said. In the over six-minute video, Khera briefs Rahul Gandhi about various conflict of interest allegations against Buch while travelling with him on a flight. Khera talks about how the Congress exposed the claim that Agora Advisory Pvt Ltd became immediately dormant upon Buch joining SEBI. She still holds a 99 per cent stake in it, and the company has actively provided consultancy and advisory services, including to Mahindra & Mahindra, Khera tells the senior leader in the video. He also tells Rahul Gandhi that Buch allegedly traded and also invested in Chinese funds. Rahul Gandhi also posted the video on X, and said, Buch Hai Toh Syndicate Safe Hai. Congress and the Opposition has been targeting the government over conflict of interest allegations against Buch and demanding that she be removed from the post.

# Power minister inaugurates trilateral power flow

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Manohar Lal Khattar, the Union Minister for Power and Housing and Urban Affairs, jointly inaugurated the power flow from Nepal to Bangladesh, along with Md. Fouzul Kabir Khan, adviser, Ministry of Power, Energy and Mineral Resources, Government of Bangladesh and Dipak Khadka, Minister of Energy, Water Resources and Irrigation, Government of Nepal, the Ministry of External Affairs (MEA) noted. It said the inauguration was done through a virtual event hosted by the Ministry of Energy, Water Resources and Irrigation, Government of Nepal. This occasion marks the first trilateral power transaction which has been carried out through the Indian grid. The Government of India had announced its decision to facilitate the first trilateral power transaction from Nepal to Bangladesh, through Indian grid with an export of upto 40 MW of power during the visit of the former prime minister of Nepal, Pshpa Kamal Dahal Prachanda to India from May 31-June three. During the visit, both sides had expressed their commitment towards greater sub-regional cooperation, including in the energy sector, which would lead to increased inter-linkages between the economies for mutual benefit of all stakeholders. Subsequently, a tripartite power sales agreement signed on October 3 in Kathmandu.

# DFCCI celebrates 19th foundation day

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Railway Minister Ashwini Vaishnaw on Thursday said the dedicated freight corridor is a very important infrastructure project of the Indian Railways, which has made a positive impact on the country's logistics sector. Congratulating the office bearers of Dedicated Freight Corridor Corporation of India

Limited (DFCCIL) on the occasion of its 19th Foundation day, Vaishnaw said more than 350 goods trains are being operated on the corridor at present and this has improved the efficiency of logistics transportation in the country. "The timings of cargo transportation have been reduced to half as compared to earlier. The speed of freight trains has made significant improvement. In every way, the DFC

has played a crucial role to reduce the logistics cost in the country," Vaishnaw said in a video message that was played during the celebration at Bharat Mandapam here. Expressing hope that DFC would continue to serve the country, Vaishnaw said that a good integration has taken place in the network of the Indian Railways. "We have to take it further so that DFC can serve the country better," he added.

# PM greets nation on Guru Nanak Jayanti

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Prime Minister Narendra Modi greeted people on Guru Nanak Jayanti on Friday and wished that his teachings inspire people to further the spirit of compassion, kindness and humility. "Greetings on the auspicious occasion of Sri Guru Nanak Jayanti. May the teachings of Sri Guru Nanak Dev Ji inspire us to further the spirit of compassion, kindness and humility," Modi wrote on social media. "May it also motivate us to serve society and make our planet better," the post added.

# ED siezes Rs 8.8 Crore from lottery king Santiago Martin

**PIONEER NEWS SERVICE ■**  
NEW DELHI

The Enforcement Directorate (ED) on Friday seized Rs 8.8 crore in cash from the corporate office of Chennai-based 'lottery king' Santiago Martin, officials said. Martin was the single biggest donor to political parties with over Rs 1,300 crore in now-

scrapped electoral bonds. The searches were carried out in multiple states as part of a money laundering investigation against the 'lottery king', officials said. The action comes after the Madras High Court recently allowed the ED to proceed against Martin as the Tamil Nadu Police had decided to close the predicate or primary FIR against him and a

few others and a lower court accepted this police plea. Officials said at least 20 premises linked to Martin, his son-in-law Aadhav Arjun and associates in Chennai and Coimbatore in Tamil Nadu, Faridabad in Haryana, Ludhiana in Punjab and Kolkata in West Bengal were being searched as part of an action against his business.

# Rajya Sabha to consider private member bill to regulate independent media services

**PIONEER NEWS SERVICE ■**  
NEW DELHI

A private member's Bill that seeks to provide for establishment of an independent authority for the regulation and licensing of media services in the country has been cleared for consideration by the Rajya Sabha, a bulletin of the House noted. The Indian Media Services (Regulation and Licensing) Bill, 2024, a private member's bill by CPI(M) MP V Sivadasan, provides for establishing an independent authority -- the Indian Board of Media Services -- for the regulation and licensing of media services "to facilitate development of free and inde-

pendent media services in the country". According to the bulletin, Ashwini Vaishnaw, minister for information and broadcasting, communicated to the Rajya Sabha secretary-general that the president has recommended the consideration of the Bill to the House. Private members' Bills involving expenditure from the exchequer require the President's permission through the ministry concerned on whether such bills can be considered by the House. The Indian Media Services (Regulation and Licensing) Bill says the Central government shall, within six months of the commencement of the Act, by

notification in the Official Gazette, establish for the purposes of the Act, an autonomous body to be known as the Indian Board for Media Services, to regulate the functioning of media services and foster free and independent media services in the country. It also says the Union government shall, after due appropri-

ation made by the Parliament by law on this behalf, make to the Board grants of such sums of money as the Union government may think fit for carrying out the purposes of the Act. In the statement of objects and reasons of the Bill, Sivadasan has argued independent media that plays an impartial role in the dissemination of news and information to the public at large is crucial for the functioning of a healthy democracy, and licensing powers being a monopoly in the hands of the Executive often results in a pliant media, as journalists will hesitate to criticise the ruling dispensation for fear of legal hazards.

# ECI officials frisk bags of Amit Shah at Hingoli

**PIONEER NEWS SERVICE ■**  
NEW DELHI

In a development that sought to blunt the Opposition's criticism that the Election Commission of India (ECI) was targeting the Maha Vikas Aghadi (MVA) leaders, a team

of ECI officials checked the bags of Union Home Minister and senior BJP leader Amit Shah, when he landed in a helicopter in the Hingoli district to address a rally in poll-bound Maharashtra. Posting a video clip on his handle on micro-blogging site "X", Shah wrote:

"Today, during my election campaign in Hingoli Assembly constituency of Maharashtra, my helicopter was inspected by Election Commission officials. BJP believes in fair elections and a healthy election system and follows all the rules made by the Honourable Election

Commission. We all must contribute to a healthy election system and perform our duties in keeping India as the strongest democracy in the world". Chief Election Officer (CEO) had clarified that the ECI was following the Standard Operating Procedures.

# Haryana BJP gears up for MCG polls

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Pandit Mohanlal Badoli, president of the Bharatiya Janata Party (BJP) in Haryana BJP said that the party is all set for the Municipal Corporation of Gurugram (MCG) election, and with the help of welfare works, organisational strength and blessings of the public. Badoli was in the Gurugram's party office to attend the membership campaign on Friday. While attacking the Congress

party, he said that the public burst the balloon of Congress's lies in the Assembly elections and now the lies of Congress will not work in any election. He said in 2019, 33 lakh primary members were made in the BJP, but this time the target is to make 50 lakh primary members in Haryana. "There are more than 20,000 booths in Haryana and the workers have been given the target of adding 250 new people to the party at every booth," he said.

He said that after one election, the BJP starts preparing for the next election. BJP will win any upcoming election. "MCG elections will be held soon and we will win every election with a clear majority," he added. During the elections, some people were upset and left the party; apart from this, some workers did anti-party work while being in the party. The organisation has full information about such people, and action will be initiated against

them. On the question of naming the medical college being built in Gurugram after Guru Nanak, the state president said that great men and patriots have worked for the society and the country. We are indebted to the great men. It is a matter of pride that the medical college is named after Guru Nanak. "Congress does not have a leader. Congress lacks policy, leadership and intentions. Congress will decline and BJP will move ahead," he said.

# Jitendra Singh bats for private-public partnership to tackle Diabetes

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Diabetes is too serious to be left solely to the medical professionals, Jitendra Singh, Union minister for earth sciences and science and technology, said as he advocated for increasing public-private partnership in the efforts to achieve truly optimal results. He made these remarks at the 52nd Annual Conference of the Research Society for the Study of Diabetes in India (RSSDI), in collaboration with the International Diabetes Federation (IDF), which commenced on the occasion of World Diabetes Day on Thursday. The two-day conference brought together over 5,000 healthcare professionals, national and international

experts, and prominent speakers to discuss and address the growing diabetes epidemic in India, where more than 10 crore people are currently affected, according to the latest report from the Indian Council of Medical Research (ICMR). "Just as economics is too serious a subject to be left to economists alone, I believe we can say that diabetes is too serious to be left solely to the medical professionals. It is a much broader issue," Singh said. To tackle the epidemic of diabetes, there is a need for a collaborative effort which has to be extended beyond the practitioners of medicine, he said. The minister also said "As rightly pointed out, it's about breaking barriers and bridging gaps between individuals and patients, individuals and doctors, individuals and families,

individuals and society as well as between the private and public sectors." "I have been a strong advocate of increasing private-sector involvement in these efforts. It is only through such partnerships that we can achieve truly optimal results," he added. The conference also marked the announcement of a joint declaration by the International Diabetes Federation (IDF) and RSSDI. This declaration underscores the global and regional commitment to diabetes awareness, prevention and treatment. Meanwhile, Dr B M Makkar, RSSDI president, said this declaration is a testament to the urgent need for collaborative efforts to tackle diabetes. "By working together with the IDF, we aim to ensure better access to care, promote educa-

tion, and reduce the risks associated with this disease. We believe that by uniting healthcare professionals, governments, and global organizations, we can significantly improve outcomes for those

affected by diabetes worldwide," he added. Another key aspect of the conference is the Doctors' Pledge or Doctor's Oath, with over 10,000 healthcare professionals from across India taking a

solemn oath to increase awareness of diabetes, advocate for early screenings, and promote healthier lifestyle choices. Dr Sanjay Agrawal, Diabetologist and Secretary General, RSSDI, said, "This

pledge is a vital part of our collective responsibility to make diabetes prevention a national priority. By educating people about early diagnosis and healthy living, we can make a significant difference in preventing the onset of diabetes and managing the condition more effectively. "Our professionals are committed to supporting the public with resources, education, and advocacy to ensure that diabetes is diagnosed early and effectively managed," he added. Dr Banshi Saboo, Chief Diabetologist and Chairman of Dia Care - Diabetes Care and Hormone Clinic, emphasized the urgency of addressing diabetes as a national priority cannot be overstated. "By focusing on prevention, early diagnosis, and patient education, we empower indi-

viduals to manage their health more proactively, ultimately reducing the burden of this epidemic on families and communities," Dr Sahoo said. The program also highlights nationwide activities led by doctors, including the A-Z Diabetes Awareness Activity campaign organized by RSSDI's Delhi chapter and the conference committee. The campaign was launched by RSSDI Delhi Chapter under the aegis of the 52nd National Annual Conference of RSSDI to spread awareness about diabetes, in which posters and flyers were made and distributed, disseminated online by thousands of doctors all over the country. It saw huge participation by doctors, including Dr Rajesh Kesari, a diabetologist, and benefited lakhs of people by creating awareness.

# UPPSC announces new date for PCS prelims

## Protests over RO-ARO exam continue

**BISWAJEET BANERJEE ■ PRAYAGRAJ**

The Uttar Pradesh Public Service Commission (UPPSC) has rescheduled the PCS (Preliminary) Examination for December 22, after intense student protests. However, agitation continues as students demand that the Review Officer-Assistant Review Officer (RO-ARO) examination also be conducted in a single day

and shift. The PCS prelims will be held in two shifts on the same day, with the first session from 9:30 AM to 11:30 AM and the second from 2:30 PM to 4:30 PM. Initially scheduled for December 7 and 8, the exam was postponed following demonstrations by students who sought a one-day exam schedule. Deadline over RO-ARO exam schedule Despite the announcement for PCS, a section of students remain dissatisfied as the commission has not provided clarity on the RO-ARO Preliminary Examination. Protesters stationed at Gate No. 2 of the UPPSC office have vowed to continue their demonstration until their demand for a single-day, sin-

gle-shift RO-ARO exam is met. "The commission has assured fairness through a high-level committee, but we need a written commitment that the RO-ARO exam will be held in one shift," said one protester. UPPSC officials argue that conducting the RO-ARO exam in one shift is logistically challenging due to the high number of candidates—over 10.7 lakh registered for the exam. Strict government directives limit the use of private or substandard centers, allowing only government-approved venues within a 20-km radius of district headquarters. Even with the inclusion of universities, medical colleges, engineering institutions, and other government facilities,

there are not enough centers to accommodate all candidates in a single shift. As a solution, the UPPSC plans to conduct the RO-ARO exam over multiple days using a normalization process to ensure fairness in evaluation. The decision has judicial backing; the Supreme Court upheld normalization in its January 2024 ruling in "Uttar Pradesh State and Others vs. Atul Kumar Dwivedi and Others". Omkar Nath Singh, Under Secretary of UPPSC, stated that a committee has been formed to ensure the RO-ARO selection process is transparent and fair. "The committee will analyze all aspects and submit its report soon," he added.

Students remain unconvinced, arguing that normalization introduces discrepancies and diminishes fairness. "We initiated this protest to ensure that both exams are conducted on the same terms. While the PCS exam will now be held in one day, the commission's approach to RO-ARO remains unclear," said a student leader. "The ongoing protests and the unresolved RO-ARO schedule underscore the broader challenges faced by the commission in balancing logistical feasibility with fairness and student expectations. For now, the stalemate continues, with students determined to press their demands until a resolution is reached," R K Mishra, a retired bureaucrat told this reporter.

## Rajnath criticises Congress for their promise to conduct 'Caste Census'

**PTI ■ RANCHI**

Defence Minister Rajnath Singh on Friday criticised the Congress and its leader Rahul Gandhi for their promise to conduct a "caste census," accusing them of using the issue as a ploy to manipulate voters for political gain. Speaking at a rally in Jharkhand's Mahagama, Singh challenged the Congress to come up with a concrete plan for distributing reservation benefits among the numerous castes and sub-castes in the country. "In 2011, a socio-economic caste census was conducted, which revealed the presence of around 46 lakh castes, sub-castes, and gotras. According to the Ministry of Social Welfare, there are about 1,200 Scheduled Castes (SC), over 750 Scheduled Tribes (ST), and around 2,500 Other Backward Classes (OBCs). How will Congress manage the distribution of reservation quotas among all these groups?" Singh asked. He further demanded that Congress present a clear blueprint for implementing such a system. Singh also took a swipe at

Rahul Gandhi, saying, "He should answer how many castes reside in India. Politics should be about serving the people, not just forming a government." He accused Congress of engaging in opportunistic politics, claiming that the party has historically ruined alliances with regional partners such as RJD in Bihar, JKNC in Jammu & Kashmir, and now it is the turn of DMK in Tamil Nadu. "Congress uses these alliances to attain power, but ultimately it harms its partners," he said. On the subject of corruption, Singh alleged that the ruling JMM-Congress-RJD coalition in Jharkhand had engaged in widespread corruption, even

going as far as taking bribes for issuing death certificates. He contrasted this with the BJP's record in the state, stating, "So far, 13 Chief Ministers have governed Jharkhand, but none of the three BJP CMs ever faced corruption charges or went to jail." Singh expressed confidence in the BJP's prospects in the ongoing Jharkhand elections, predicting that the party would secure two-thirds of the 43 seats up for election in the first phase. He pointed to a 3 per cent increase in voter turnout as an indicator of strong support for the NDA government in the state, signaling a stable and corru

## After 21 years, tribals plan to return to native place in Naxal-hit Abujhmad

**PTI ■ RAIPUR**

More than two decades after deserting their village due to Maoists, around 25 tribal families are planning to return to their native place in Chhattisgarh's Narayanpur district. Nearly 100 members of these families had left their homes in Gaarpa village located in Abujhmad after Naxalite started targeting them in 2003. They were then settled on the outskirts of Narayanpur town on a tract of government land, where they took up agriculture for livelihood. Now, 21 years after their desertion, these families recently visited their native place and have been planning to resettle there after police set up a camp there to facilitate development works and ensure security for local population. Abujhmad, bordering Maharashtra's Gadchiroli district, was considered a Maoist fortress until recently. On October 4, security forces scripted their most successful anti-insurgency operation in Chhattisgarh by gunning down 31 Naxalites during an encounter in the area. "Leaving the ancestral land was never easy. We had no

option but to flee for the sake of our lives." 60-year-old Sukkuram Nureti told PTI. Nureti's family was among the 25 families that left Gaarpa in April 2003. Nureti hails from the Abujhmaria community, a particularly vulnerable tribal group. "Of the 80 families in the village, around 25 were followers of 'Gayatri Pariwar' and Naxalites objected to it. They threatened us with dire consequences if we did not quit following 'Gayatri Pariwar'. So we decided to leave the village," he said. Nureti said they always wanted to return. "Now it seems our dream will come true as a police camp has been set up and

things have started improving there," said Nureti, who has served as a member of Janpad panchayat in the past. Nureti and others who had left the village visited Gaarpa last week and opened a Lord Shiv temple that had remained shut since 2003. "We are planning to resettle in the village as we have our farmland and homes there," he said. Making significant inroads into Abujhmad, the Chhattisgarh police have set up security camps in Gaarpa, Kasturmeta, Mastur, Irakbhathi, Mohanti and Horadi villages in the past eight months. The Gaarpa camp came up on October 22. According to police, the strat-

egy of establishing these camps has pushed the Naxalites to a very limited area in the zone and facilitated development works in the region. Security camps in remote and Naxal-hit areas will help thousands of villagers avail the benefits of development works and welfare measures through Niyad Nellanar schemes, Narayanpur Superintendent of Police Prabhat Kumar said. Under Niyad Nellanar, the state government has been undertaking development works in interior villages within a 5-km radius of security camps. Tribals evicted by Naxals in villages around the newly set up camps have started returning to their homes, the SP said. "Villagers who were earlier pressured by Naxals to oppose development projects are now demanding roads, mobile towers, health and schools. Positive results will be seen in the coming days due to the efforts of police and administration," he said. With a combined security and development push, nearly half of Abujhmad now has road accessibility. There is a target of providing road connectivity through Mad to

Chhotethia (Narayanpur) and Maharashtra, he said. "We will connect Narayanpur to Gadchiroli (Maharashtra) and Chhotethia within the next 18 months," the official said. After the establishment of six security camps, Principal Secretary of Chhattisgarh's Panchayat and Rural Development Department Niharika Barika recently visited five villages of Abujhmad, marking the first such trip by a top bureaucrat to the region. She travelled over 60 km on a motorcycle and reviewed more than 30 development projects, an official here said. Barika visited three Anganwadis, two schools, one health sub-centre and met grassroots development workers and flagged off bus service between Gaarpa and Narayanpur, he said. Spread over about 4,000 sq km, Abujhmad had been a den of the outlawed Communist Party of India (Maoist) as its dense forest served as a hideout for its leaders. The rebels' activities in Abujhmad have declined in recent years due to the increased presence of security forces and development works being carried out in the region, officials said.

## Cyber fraudsters dupe Minister's accountant of Rs 2.08 Crore

**BISWAJEET BANERJEE ■ LUCKNOW**

In a shocking incident of cyber fraud, Ritesh Srivastava, the accountant of Uttar Pradesh Cabinet Minister Nand Gopal Gupta Nandi, was duped of ₹2.08 crore by fraudsters impersonating the minister's son. The incident occurred on Wednesday, sending shockwaves from Prayagraj to Lucknow as top officials scrambled to investigate. According to police, the fraudster used the picture of Minister Nandi's son as the WhatsApp display photo and sent a message to Ritesh Srivastava from an unknown number. The message claimed, "This is my new number. I am in an important

business meeting. Please transfer money immediately." Believing it to be genuine, Srivastava promptly transferred ₹2.08 crore in three transactions to the bank accounts provided in the message.

The scam came to light when Srivastava later confirmed with Nandi's son, only to learn that no such request was made. Realizing the fraud, the accountant informed authorities late on Wednesday night. The cyber police were alert-

ed around 11:30 PM, prompting swift action. Senior officials were reportedly stunned by the audacity of the scam, given its connection to a high-profile cabinet minister. The cyber police station in-charge, Rajiv Tiwari, confirmed that efforts are underway to trace the culprits and recover the funds. The investigation revealed that the fraudsters used bank accounts from ICICI, HDFC, and another unidentified bank for the transactions. Cyber police have contacted the banks to freeze the accounts and retrieve transaction details. Tiwari stated, "Emails have been sent to freeze the concerned accounts, and further details are being extracted to

identify the fraudsters." Minister Nand Gopal Gupta's office has yet to issue an official statement. When contacted, his PRO assured that the minister would respond, but no clarification was received until the time of reporting. This high-profile incident highlights the increasing threat of cyber fraud and the need for vigilance in financial transactions, even among individuals in influential positions. Authorities have urged the public to double-check requests for money transfers, particularly those made over messaging apps, police official Tiwari said. The investigation is ongoing, and updates will be shared as more details emerge.

## Arunachal Governor underlines critical role of tribal communities in nation building

**PTI ■ ITANAGAR**

Arunachal Pradesh Governor Lt Gen K T Parnaik (Retd) on Friday underlined the critical role of tribal communities in nation-building, emphasising the importance of mutual respect and recognition of their rights, culture, and self-governance. Speaking at the fourth Janjatiya Gaurav Diwas here, which commemorates the birth anniversary of tribal leader Bhagwan Birsa Munda, the governor stressed that engaging tribal communities as active partners in development strengthens the nation by leveraging their resilience, knowledge, and unique strengths. Parnaik praised Prime Minister Narendra Modi's vision for inclusive development and expressed confidence that this day would inspire citizens to contribute to the fields of education, health, employment, entrepreneurship, and livelihood opportunities for tribal communities. He also highlighted the importance of technocrats and businesses in preserving tribal art, culture, heritage, languages, and dialects, ensuring these rich traditions are celebrated and sustained. The governor elaborated on the vital role the tribal communities play in shaping the nation's identity. He noted that their preservation of cultural heritage, support for social cohesion, and contributions to economic and political processes enrich the country's diversity. "Tribal communities maintain unique languages, customs, art, music, and sustainable practices, which not only add to India's cultural wealth but also offer innovative solutions in areas such as agriculture, medicine, and environmental conservation," he pointed out. Parnaik emphasised that the communal values of tribal

societies in Arunachal Pradesh, including mutual support, respect for elders, and collective decision-making, foster unity and stability. "These principles are essential for building a harmonious and progressive society. Mechanisms like Kebang, used for conflict resolution within tribal groups, offer lessons for national peace-building frameworks," he added. Despite their significant contributions, the governor acknowledged that many tribal communities continue to face challenges such as social discrimination, poverty, inadequate infrastructure, and limited access to education. He stressed the need for inclusive policies, investments, and partnerships to address these issues, enabling tribal communities to further contribute to national progress. Parnaik also drew attention to the importance of highlighting and preserving tribal heritage. He said that Janjatiya Gaurav Diwas provides an opportunity to celebrate traditional crafts, textiles, and art forms, which boosts economic opportunities for artisans and small businesses. By showcasing tribal culture, regions can attract tourism, generating economic benefits while promoting their unique identity. Parnaik added that Janjatiya Gaurav Diwas, initiated by Prime Minister Modi, hon-

ours the sacrifices and contributions of tribal communities to India's freedom struggle and nation-building efforts. For the first time since independence, the nation is recognising and celebrating the art, culture, and history of tribal societies on a large scale, he said. The governor also paid tributes to Birsa Munda, a revered tribal leader from the Munda tribe of the Chhota Nagpur Plateau, describing him as a freedom fighter, people's leader, and national hero. "Munda fought tirelessly for the rights of tribal communities, advocating for the preservation of their faith, culture, and traditions. He inspired his followers to reconnect with their roots and uphold tribal values, becoming a symbol of resilience and pride for tribal societies. His efforts during the British colonial era motivated many others to fight for their rights and freedom," Parnaik pointed out. "Birsa Munda's vision and legacy remind us of the strength and spirit of India's tribal communities," Parnaik said, calling on people to honour the contributions of all tribal freedom fighters who sacrificed their lives for India's independence. The governor urged the people, particularly tribal communities, to actively participate in the nation-building process.

## Scindia slams Congress for overlooking tribals' contribution in India's fight for independence

**PTI ■ AGARTALA**

Union Minister Jyotiraditya Scindia on Friday criticised the Congress for overlooking the significant contributions of the tribal community in India's fight for independence. Speaking at a programme marking the birth anniversary of tribal freedom fighter Birsa Munda, the DoNER and communications minister called the tribal leaders "heroes not only for the tribal community but for the entire nation." "Birsa Munda fought a decisive battle against British rule and made the ultimate sacrifice for Bharat Mata. He is a hero to 140 crore people in India, not just the janajati (tribal) community," Scindia said, asserting that India's history would be incomplete without acknowledging the tribal contributions to the freedom struggle. Taking aim at the Congress, Scindia claimed that the tribals were neglected under its rule and their historical con-

tributions were forgotten. "When Congress was in power, the tribals were disconnected from the nation's growth, and their role in the freedom movement was ignored," he added. The Union Minister praised Prime Minister Narendra Modi for rectifying this historical injustice. "A major change occurred in 2014 when Modi became Prime Minister. Modiji began giving due recognition to tribal leaders by making them ministers, governors, and public representatives," Scindia said. The Minister highlighted the election of Droupadi Murmu,

India's first tribal President, as a significant milestone. "The Congress opposed her election, but the people supported Modi's choice, and Murmu-ji became the President. Congress's opposition to her election was nothing more than an attempt to diminish the contribution of the tribal community," he alleged. Scindia also praised Modi's initiatives for the welfare and development of tribals, noting the launch of the JANMAN Yojana with an outlay of Rs 24,000 crore, aimed at developing 12,000 tribal-dominated villages. "The PM visited Birsa Munda's birthplace and launched a comprehensive welfare programme for the janajati community," he said. Under Modi's leadership, Scindia pointed out that the number of Eklavya Model Residential Schools had increased from 10 to 500, and one lakh houses had been built for the tribal community to ensure that no one remains without a roof.

## First seaplane lands in Guwahati after taking flight from city

**PTI ■ GUWAHATI**

A seaplane landed at Pandu Ghat in Guwahati on Friday after a successful flight from the city airport, making it the first such plane to land in Assam. The addition of seaplanes to the state's transport network is expected to boost connectivity and tourism, Chief Minister Himanta Biswa Sarma said. "Earlier today, a sea plane successfully landed at Pandu Ghat on the banks of Brahmaputra, marking the first river landing in Eastern India, which will open new chapters of connectivity in a riverine state like Assam," Sarma said in a post on X. "A dawn of new possibilities in the Tourism & Intercommunication of Assam. This morning, participated in an 'Amphibian Airplane' demonstration in Guwahati by M/s De Havilland Canada in collaboration with the Ministry of Civil Aviation,"

State Tourism Minister Jayanta Malla Baruah, who took the flight, posted on the micro-blogging site. Taking off from LGBI Airport and landing at Pandu Ghat, this brief yet remarkable journey showcased the immense potential of seaplanes in enhancing Assam's tourism, he said. "I am optimistic that future collaborations will create unique experiences for tourists and further strengthen Assam's tourism sector," he added. Talking to reporters at Pandu Ghat later, Baruah said, this is a special day for Assam. "It is the first time that a seaplane has landed in our state," he said. Most all tourism sites of the state are located near water bodies, like Kaziranga, Umrangso, and Majuli. These can be connected by seaplanes, he added. The minister said it will take six to 12 months to make the seaplanes operational.

PAPER WITH PASSION

## Right to breathe

As Delhi air turns toxic, Delhiites face severe health risks; the capital needs long-term solutions, not knee-jerk reactions

Delhi's air quality has plummeted to hazardous levels, with the city's Air Quality Index (AQI) soaring to a staggering 428, marking the worst pollution levels in the country. As a result, the Commission for Air Quality Management (CAQM) has announced the enforcement of stringent Graded Response Action Plan (GRAP)-3 restrictions starting at 8 AM on Friday. On Thursday, the 24-hour AQI for the city reached 428, signaling a "severe" air quality category, which poses serious health risks to the population, especially children, the elderly and those with pre-existing respiratory conditions. The current AQI level of 428 puts Delhi in the "Severe" category, indicating that the air is dangerously polluted and immediate action is required to prevent further deterioration of public health. In response to the deteriorating air quality, the CAQM has imposed the following GRAP-3 restrictions to mitigate the pollution levels: All non-essential construction and demolition activities in Delhi and the surrounding National Capital Region (NCR) are suspended to prevent dust and particulate matter from exacerbating the pollution. Vehicles that do not meet the latest emission norms are banned from the roads. Specifically, petrol vehicles that do not comply with BS-III (Bharat Stage III) standards and diesel vehicles that fall under BS-IV norms are prohibited from operating within Delhi and parts of NCR.

These measures are expected to significantly reduce the amount of pollutants being emitted into the air, especially from construction sites and older vehicles, which are major contributors to air pollution. The current spike in pollution levels to a combination of factors. The calm winds and a sharp drop in temperature have trapped

pollutants in the air, preventing them from dispersing. The weather conditions have created a 'smog blanket' over the city, intensifying the effects of vehicular emissions, industrial pollution, and the burning of crop stubble in neighbouring states. The Supreme Court of India has taken note of the deteriorating air quality and has scheduled a hearing on November 18 to discuss further enforcement measures. The court has emphasised that every citizen has the fundamental right to breathe clean air, as protected under Article 21 of the Indian Constitution. Delhi's pollution crisis has now drawn significant national and international attention. While the immediate focus is on enforcing short-term measures like the GRAP-3 restrictions, experts argue that lasting solutions require systemic changes, including stricter emissions standards, better waste management, and a push for cleaner public transportation options. As the city continues to grapple with the toxic smog, Delhi residents are urged to stay indoors as much as possible, avoid strenuous outdoor activities, and wear N95 masks to protect themselves from the harmful effects of the air pollution. In the coming days, it is hoped that both weather conditions and Govt interventions will bring some relief, but the long-term health of the city's residents depends on sustained efforts to curb the sources of pollution.

## US-Iran tensions: War clouds over West Asia

NILANTHA ILANGAMUWA

With regional stability hanging in the balance, the world watches anxiously as West Asia braces for the potential fallout of escalating hostilities

On July 3, 1988, the US Navy's USS Vincennes, in an act of brazen military overreach, shot down Iran Air Flight 655, a civilian airliner carrying 290 passengers, over the Persian Gulf. The Navy's justification—that this was an "unintentional error"—belies the harsh reality: this was not a mistake, but rather an emblematic instance of Western indifference to the lives of those deemed expendable.

The Navy mistook a commercial flight for an enemy fighter jet, launching two surface-to-air missiles and killing all aboard. Yet, the US response was not to acknowledge a moral failing, but to double down on its denial, offering neither a genuine apology nor reparations to the victims' families. This tragedy was a grim reminder of the West's long-standing practice of dehumanising the peoples of West Asia in its relentless pursuit of geopolitical dominance. For the Iranian people, it was not merely a military blunder; it was a stark dismissal of their humanity, reinforcing the deeply entrenched belief in Western circles that the lives of those beyond its borders are, at best, collateral damage in the pursuit of power.

The echoes of this tragedy persist today, amplified by the volatile relationship between the US and Iran. Just days after Donald Trump's re-election, the US government claimed to have uncovered a plot by Iran to assassinate the president. Iran vehemently rejected these allegations, with Foreign Minister Abbas Araqchi dismissing them as a "third-rate comedy" and accusing the US of fabricating a narrative to justify further aggression. Araqchi's derision-mocking the absurdity of an assassin "sitting in Iran and talking online to the FBI"—renewed the deep mistrust that defines the US-Iran relationship.

Now that Trump has secured a second term and will become the 47th President of the USA, it is clear that his foreign policy, especially towards Iran, could become far more aggressive, with disastrous consequences. His planned appointments of hawkish figures

— such as Pete Hegseth as Secretary of Defence, Steven C Witkoff as Special Envoy on West Asia Affairs and Mike Huckabee as Ambassador to Israel—suggest that peace in the West Asia is more distant than ever. These choices reflect a growing alignment with Israel's interests, further inflaming tensions and laying the groundwork for a catastrophic conflict—one that could see a war against Iran as the ultimate culmination of decades of Western intervention.

This looming disaster cannot be divorced from the historical legacy of Western interference in West Asia. Iran's relationship with the West has been shaped by centuries of betrayal and manipulation. A defining moment in this fraught history was the CIA-backed coup of 1953, which ousted Iran's democratically elected Prime Minister Mohammad Mossadegh after he sought to nationalise Iran's oil industry.

This act, orchestrated by Western powers, reinstated the Shah's brutal regime, sowing the seeds for the 1979 Islamic Revolution. This history of intervention, driven by oil and geopolitics, instilled a deep sense of betrayal in the Iranian consciousness—a sentiment that still defines Iran's foreign policy today.

Divided along sectarian lines and often opportunistic in their foreign policy, Iran's

**DIVIDED ALONG SECTARIAN LINES AND OFTEN OPPORTUNISTIC IN THEIR FOREIGN POLICY, IRAN'S NEIGHBOURS HAVE REPEATEDLY FAILED TO PUT REGIONAL UNITY AHEAD OF EXTERNAL PRESSURES**

neighbours have repeatedly failed to put regional unity ahead of external pressures. Yet, the geopolitical manipulations that have shaped this region's history are part of a broader pattern: the West's refusal to recognise the sovereignty of nations it deems strategically irrelevant.

The Iranian people have grown ever more resolute in their refusal to capitulate to external demands. This isolation, initially born of necessity, has also transformed into a profound existential struggle. In response, Iran has sought alliances with nations like China and Russia and forged relationships with non-state actors in the region. These alliances—born not of ideology, but of pragmatic necessity—have allowed Iran to exert regional influence, shifting the balance of power in ways the West never anticipated.

In his first term, Trump used a two-pronged strategy to weaken Iran: connecting other Arab nations in favour of Israel through the Abraham Accords, a treaty engineered by his Jewish-origin son-in-law, Jared Kushner, and secondly, targeting key personalities who enabled Iran's influence in the region while funding efforts by Iranians living abroad working against Iran.

In his second term, which could be more refined and sharpened by the experiences he earned in the last eight years—both in office and out-

side the White House—his actions could become far more unpredictable. Consequently, the potential for war against Iran is no longer a distant fear; it is a rapidly approaching reality. It would affirm the West's view that the lives of Iranians, like those across the Global South, are expendable in pursuit of geopolitical dominance, making this a war of choice, not necessity, with existential stakes for Iran.

In this context, the responsibility to avoid war does not lie solely with the U.S. or Iran, but with all the nations of the region, including those of the Arab world.

Despite their differing beliefs, histories, and alliances, it is incumbent upon Arab nations to take a united stand against the spectre of war. The voices of Arab leaders, particularly those who have long been caught in the geopolitical crossfire of the US-Iran conflict, must strive to find a path of diplomacy and dialogue, to avoid yet another destructive war that will further tear apart the very fabric of the region.

### LETTERS TO THE EDITOR

#### SIMPLIFY TAX SYSTEM

Madam — The article on simplifying tax structures presents an acceptable argument (14-11-24). The successive governments seem to be under utter confusion and all the changes are found to be further complicating the tax structure rather than making it simple to understand and comply with. GST is further a complicated one in every aspect. The government is not clear even in a matter like what is to be taxed. Essentials are taxed; condoms and bangles are exempted. Falling sick is taxed. Medicines, diagnostic devices and insurance premiums are taxed as if falling sick is a matter of comfort and luxury. Even in the case of direct tax, the government's sense of vengeance over the salaried section is clearly displayed. This section is earning money to spend and save.

Both are good and help build a better economy of the country. But they are made to pay not less than 30 per cent as income tax besides GST on every spending. Besides forgoing a huge part of salary, they have to manage the hardships caused by untamed inflation also. There is no answer on the relevance of toll collections. A road is laid and its expenses are met with one year of toll collection. But collections are carried on for decades and they are never closed. It is this confusion in the mind of the government that drives earners to seek ways and means to avoid tax and accumulate black money. It is high time for the government to overhaul the entire tax system and make it people-friendly.

#### STOP ILLEGAL DEMOLITIONS

Madam — The Supreme Court intervened that no government is allowed to rule with a bulldozer, by blazing the houses of the miscreants and culprits like this. The Supreme Court guidelines pace respect to the dreams of the home of every single individual, despite

### Ensure doctors' safety

Violence against doctors and medical staff by patients' relatives is a serious issue that has been on the rise. Hospitals often deal with life-and-death situations, leading to heightened emotions; for example, when a patient's health condition worsens or dies, relatives may react violently out of grief and frustration. This can be avoided by informing the patient's condition when it wors-

ens, to prepare the relatives for the worst situation. Sometimes families believe that adequate and proper treatment was not provided, which can be cleared by informing them about the disease and line of treatment being provided. Clear and compassionate communication is crucial to satisfying and pacifying them.

Some patients or their relatives may have mental health issues or be under the influence of drugs or alcohol, which can lead to violent tendencies, which need to be noticed and taken care of by the attending medical staff. Overcrowded hospitals, long waiting times, and inadequate basic facilities add to the frustration of patients and their families, resulting in violence. Hence, a multifaceted approach is required to tackle violence against medical professionals in hospitals.

O Prasada Rao | Hyderabad

that he was the been charged culprit under some legal allegations. So far, the UP government has been popularising itself with the Bulldozer Raaj.

The use of bulldozers to demolish the house of the culprits, to give them a lesson, is turning into the way of governance in Uttar Pradesh. The demolishing of the houses and illegal land encroachment must be followed by a legal procedure of waving official legal notice at least 15 days prior and with full opportunity to appeal by the affected party. The move by the apex court will add more transparency to the justice mechanism, and this intervention by the judiciary will assist the innocent to save the sweet home from the red tape bureaucrats and political leaders, who many times hurt the innocent to show their political status and power.

#### POLLUTION FROM WASTE

Madam — Instead of resolving environmental problems, Delhi's ambition to convert garbage into energy is creating

health risks. The factory is releasing harmful smoke and ash into the surrounding neighborhoods, despite its goal of reducing landfill waste through rubbish incineration. Significant pollution has resulted, exposing locals to dangerously high concentrations of heavy metals like lead, cadmium, manganese, and arsenic—up to 19 times higher than what the EPA recommends.

Cardiovascular and respiratory disorders, as well as developmental hazards for children, are among the health effects. The absence of crucial safety measures at the plant is criticised by experts. Respiratory problems are common among the locals, and ash contamination has reached neighboring residences, schools, and parks. The intended "green" solution might make Delhi's pollution problem worse if regulatory action is not taken.

## Wooden pallets: Turning timber into treasure

Circular economy practices are changing the future of wooden pallets, from innovative recycling methods to tech-driven solutions

Wooden pallets are indispensable in modern logistics, widely used to support the transportation and storage of goods across various industries, including fast-moving consumer goods (FMCG), pharmaceuticals, automotive, chemicals and more.

One of the most effective ways to enhance sustainability in the wooden pallet industry is through repair and refurbishment. While pallets generally have a lifespan of 12 to 18 months, many can be used longer with regular maintenance. Instead of discarding damaged pallets, companies can inspect and repair them by replacing broken slats and restoring their structural integrity. This process helps conserve raw materials and lowers the carbon footprint associated with manufacturing new pallets. Adopting repair programmes also reduces the demand for fresh timber, which helps prevent deforestation and minimises waste.

**Repair and Refurbishment:** **Repurposing, Upcycling, and Recycling**

When wooden pallets are no longer fit for their primary purpose, they can still serve a wide range of functions through repurposing, upcycling, or recycling. Repurposing transforms discarded pallets into furniture, decor, or art, extending their lifespan and keeping them out of landfills. This also supports local economies by providing artisans with reclaimed wood to create unique, eco-friendly products. When repurposing or upcycling are no longer options, recycling can turn pallets into products like particleboard or mulch, which conserves resources and reduces the need for new timber. Together, these strategies help minimise waste and lower environmental impact, encouraging responsible use of resources.

**Sustainable Sourcing as a Foundation for Circularity** To fully align with circular economy principles, the wood used in pallet manufacturing should be sustainably sourced. Certification programs, such as the Forest Stewardship Council (FSC) and the Programme for the Endorsement of Forest Certification (PEFC), play a

crucial role in ensuring responsible forest management. These certifications verify that forests are managed sustainably, protecting biodiversity, preventing illegal logging, and minimising environmental impact.

**The Role of Technology in Enhancing Circularity** Technology is increasingly central to the transformation of wooden pallets, with advancements like the Internet of Things and Radio Frequency Identification (RFID) improving pallet management. These technologies allow pallets to be embedded with sensors, which enable real-time tracking of location, condition, and usage. This visibility optimises inventory management and reduces losses. By tracking pallets through their entire lifecycle, businesses can maximise reuse, ensuring that pallets are returned, repaired, and repurposed efficiently. Such technology-driven strategies extend the lifespan of pallets, ensuring they remain in the supply chain as long as possible.

## THE RISE AND FALL OF EGO

True success lies not in fame or power but in humility and understanding one's purpose of life

RAVI VALLURI

A challenging task or an idea normally releases endorphins, which stimulate the human mind to think out of the box, and when endowed with such an attitude, we scale high altitudes and reach the summit. But there is a flip side. We become attached to the product or the activity flow; consequently, the mind gets entrapped by the adulation. A vivacious model with gravitas, known for scorching the ramp, was chosen for a cinematic role. She executed the role with aplomb and was soon nominated for several awards and managed to win some of them, including the Best New Face award.

The actress was bestowed with several honours and in the process bagged prestigious roles. It was indeed a heady feeling. She was feted at various parties and became a celebrity overnight. However, there was no end to her avarice as her mind and body craved more attention. The "I, Me" syndrome dominated her mind and she spent hours before the mirror, taking selfies, adoring her ravishing beauty and success. At her peril, she ignored the alarm bells, the death knell knocking at her door. She got hooked on alcohol, money, drugs and sex. The talented artiste lost her equanimity, equipoise and equilibrium in a state of feverishness and in the process attracted opprobrium.

The meteoric rise of the artiste was short-lived and her obnoxious behaviour was not acceptable to the industry she was soon stripped of meaty roles and sure enough, lost power and fame. Tragedy struck

in a cruel form as her life was snuffed out at a tender age when she succumbed after a car crash in an inebriated state. Who was to be blamed for this irrational behaviour? False egos play havoc on human minds when the power of discrimination gets obfuscated in the razzmatazz and dazzle of "doership". The breed of such people extends among politicians, entrepreneurs and seekers as they are entrapped by doership and cannot let go and remain humble.

They focus on certain immediate outcomes and in the bargain, lose the plot and larger picture. In the political sphere too, parties become dependent on the success and megalomania of an individual and lose their core strengths of inner democracy and grassroots contact. The spiritual world is not spared either. Seekers, to begin with, tread the path with great courage and conviction and have immense faith in the Master and the path. They unflinchingly participate in sadhana, seva, Satsang, meditation and other activities of the organisation. The Master (Guru) in his magnanimity encourages all his followers. Some progress on the path and others fall aside as the rigour and regimen of spirituality are arduous and crammed with disturbances before the seeker obtains peace of mind. Soon the feverish mind of the seeker feels proximity to the Master and in the process, rubs fellow seekers the wrong way. Some seekers 'like' these photographs on Facebook to ingratiate themselves with those purportedly "close", in anticipation that it could act as a passport to have a glimpse of the Guru. A true spiritual leader or Master cautions the faithful not to be trapped in the quagmire of Guru Mandal. "Under the influence of false ego, one thinks himself to be the doer of activities, while all the activities are carried out by nature as a natural process," expounds Lord Krishna to Arjuna. A genuine seeker should realise that we are infinitesimal in this vast universe. Our acts and deeds, if truly positive and humble, will automatically draw us closer to the Guru and the Laws of the Universe.

## Bangladesh: A nation's press under pressure

HIRANMAY KARLEKAR

Attacks on media houses and journalists continue notwithstanding the interim Govt's claim that it is committed to upholding media freedom

The media's independence is under severe attack in Bangladesh under the interim government headed by chief advisor Muhammad Yunus. The attack is two-pronged. One of these is directed against media houses and journalists perceived to have been supporters of the Awami League and the government when Sheikh Hasina headed both. The second targets non-aligned media establishments, editors and journalists, including those known for standing up to the Awami League government's repressive media regime. The objective is to pressure them into toeing the line laid down by the young sparks dominating the Anti-Discrimination Students Movement (ADSM) and rabidly anti-Awami League and fundamentalist Islamist elements in sections of the media and the interim government.

Coming to media houses, eight channels were attacked on August 5, 2024, itself, when Sheikh Hasina left for India. Among them was Ekattor TV's office in Baridhara, Dhaka, which was vandalised and burnt down; also attacked on the same day in Dhaka were the premises of Samay TV, and ATN Bangla. On August 19, an armed mob attacked and severely damaged the establishment of East West Media group, which runs Kaler Kantha (Voice of the times) Bangladesh Pratidin (Bangladesh daily), both Bengali-language newspapers, Daily Sun, an English-language daily, News24BD, a television news channel, Radio Capital, a radio station, and Banglanews24, an online Bengali daily. The mob assaulted journalists, injured a woman journalist and harassed women employees.

As for journalists, according to Reporters Without Borders, a globally-respected international NGO headquartered in Paris, "baseless accusations of killing protesters have been brought against nearly 140 journalists. Twenty-five have been charged with 'crimes against humanity. Many of them have gone into hiding because they fear being arrested and jailed."

A number of journalists have been arrested and jailed. Their ranks include Shakil Ahmed, former head of news at television channel Ekattor TV, and Farzana Rupa, its former chief correspondent, who were arrested from Hazrat Shahjalal International Airport, Dhaka, on August 21, 2024, when they were about to board a Turkish Airlines flight to Paris via Istanbul, along with their daughter. The two of them remain in prison, as do Mozammel Haque Babu, chief executive officer of Ekattor TV and Shyamal Datta, editor of Bhorer Kagaz (Paper at Dawn) who were arrested on September 15. In a letter emailed recently to Muhammad Yunus, Jodie Ginsburg, chief executive officer of the Committee to Protect Journalists (CPJ), a respected NGO promoting press freedom and defending the rights of journalists worldwide, urged him to ensure, among other things, respect for the "procedural rights of four incarcerated pro-Awami League journalists: Farzana Rupa, Shakil Ahmed, Mozammel Babu and Shyamal Datta, including their right to a free trial." The arrests are hardly surprising. According to a report in the Dhaka Tribune dated September 19, 2024, the ADSM leader, Nahid Islam who, besides his other hats, is advisor in charge of the Ministry of Information and Broadcasting, thundered at a press conference on the previous day that the "instigators" of the July-August massacre

EIGHT CHANNELS WERE ATTACKED ON AUGUST 5, 2024, ITSELF, WHEN SHEIKH HASINA LEFT FOR INDIA. AMONG THEM WAS EKATTOR TV'S OFFICE IN BARIDHARA, DHAKA, WHICH WAS VANDALIZED AND BURNT DOWN; ALSO ATTACKED ON THE SAME DAY IN DHAKA WERE THE PREMISES OF SAMAY TV, AND ATN BANGLA

[of protesters] would be brought to justice no matter whether they identified themselves as journalists, writers and artists. Doubtless, the interim government was to decide as to who were to be brought to justice.

Just two examples would show how utterly arbitrary and vindictive such decisions have been. The one is the continued incarceration of Shahriar Kabir, an internationally-respected human rights activist, champion of secular humanism, advocate of the bringing war criminals of 1971 to justice, author and journalist. The second is the arrest, on November 6, 2024, of the noted television actor, Shomi Kaiser, daughter of Shahidullah and Panna Kaiser. Shahidullah, a noted writer and journalist, disappeared after being abducted by Pakistani army personnel and their collaborators from the ranks of Bangladesh Jamaat-e-Islami and allied organisations like al-Badr, al-Shams and Razakars. His brother, Zaheer Raihan, also disappeared while looking for him. Panna Kaiser was an Awami League Member of Parliament (1996-2001) who worked in the area of youth welfare. Apart from arrests on false charges, the cancellation of accreditation cards, which has reached a total of 167 at the time of writing, is being used as a weapon against journalists. Such cards are important for identifying oneself as a journalist, and securing entry into restricted areas, government offices and meetings. Referring to the matter, Celia Mercier, Head of South Asia Office of Reporters Without Borders,

another globally-respected NGO whose mission is to act for freedom, pluralism and independence of journalism, and defend those who embody these ideals, has said, "The decision to rescind the accreditation cards of journalists considered close to the previous government is politically-motivated and punitive, and has the effect of intimidating the press. It encourages self-censorship and threatens the very existence of opposition media. This decision by the Information and Broadcasting Ministry [of Bangladesh] is incomprehensible, coming just a week after it took a positive step by establishing a mechanism for reporting cases of harassment against journalists. We urge the ministry to return to this more constructive path by establishing a regulated procedure for issuing and rescinding press cards, by ensuring that cases of harassment are examined impartially, and by putting a final stop to political reprisals against media professionals."

As for pressures on independent media establishments, editors and journalists, the aim is to make them toe the line laid down by the young sparks dominating the ADSM, and rabidly anti-Awami League and fundamentalist Islamist elements in sections of the media and the interim government. The weapons are threats and harangues. At a meeting to discuss "Role of Media in Creating Fascist Narrative: A Review," Mahmudur Rahman, editor of Amar Desh (My Country) criticized two national newspapers, Prothom Alo and The Daily Star, for their coverage and com-

mentary on Sheikh Mujib and Sheikh Hasina, suggesting that these outlets are paving the way for fascism by creating contrasting narratives. He further said that the media had fostered hatred towards Islam, misrepresented societal divisions, and perpetuated a narrative of eternal gratitude towards India for its role in Bangladesh's liberation. Significantly, Mahmudur Rahman said this in the presence of Chief Advisor Muhammad Yunus' press secretary, Shafiqul Alam. Events like this have been creating a climate in which channels and publications, including the two of Bangladesh's leading paper which Rahman criticised, are sought to be put under compulsion to conform to the kind of reportage and comment the interim government expects of them.

All this makes a mockery of the interim government's assertions that it is for the freedom of the press and its moves like the setting up of a commission for hearing allegations of harassment by journalists. An editorial in The Daily Star, dated November 7, 2024, delivered a damning indictment of the situation and the interim government's role when it said, "In our pursuit of a fair, anti-discriminatory Bangladesh, few values are as vital as press freedom. We are, therefore, concerned by the persistent intimidation, harassment, and censorship faced by journalists, which shows how the media landscape remains fraught with obstacles."

## Punjab by-elections: A Stage for dynastic politics, defections and defamatory rhetoric

In the run-up to the Punjab Assembly by-elections 2024, political leaders seem to have sidestepped pro-people issues

Elections are usually a good opportunity for political leaders to make public statements and seek public feedback on their pro-people works and policies. But the scene in the Punjab Assembly by-elections 2024 eludes the expectation.

Along with other states in India, there are by-elections in four Assembly constituencies of Punjab for which voting is to be held on November 20, 2024. In the absence of any public-interest manifestos, political parties rely on the 'candidate-winnability' supporting political apostasy and dynastic politics. Most political leaders in the campaign are relying on defamatory garrulous speeches and irresponsible false claims. The trust deficit of the people in politi-

SUKHDEV SINGH

cal parties and the confidence deficit in their leaders is so high that the oldest and traditionally strongest political party of the state, Shiromani Akali Dal, has preferred to not contest the elections. A conglomeration of its disgruntled leaders, the Akali Dal Reform Movement, is also out of the election contest. The contest is triangular among the ruling party in the state - Aam Aadmi Party, the ruling party

in the centre - Bharatiya Janata Party and the Indian National Congress. In one constituency, the Bharatiya Janata Party candidate is a cousin of the Akali Dal chief and has been a minister in the Akali and the Congress governments. He has apostatised three political tastes before joining the Bharatiya Janata Party, while the Aam Aadmi Party candidate left the Akali Dal shortly before the current by-elections.

The Congress party candidate is the wife of the Congress State party president and a 2024-elected Member of Parliament. In another constituency, the Aam Aadmi Party candidate is the son of a 2024-elected Member of Parliament from the same party; the MP had defected

from the Congress just before the 2024 parliamentary elections to contest and win as an Aam Aadmi Party candidate, while the Bharatiya Janata Party candidate has defected Shrimoni Akali Dal; he has been a minister in the SAD government.

In the third constituency, the Congress party candidate is the wife of its party MP and a former Deputy Chief Minister. In contrast, the Bharatiya Janata Party candidate is a former Akali MLA and the son of a Punjab Assembly speaker in the SAD government. In the fourth constituency, the Bharatiya Janata Party candidate has been a former senior Vice-President of the Punjab Pradesh Congress Committee and a Congress MLA before deserting the Congress to join

the Bharatiya Janata Party, while the Aam Aadmi Party candidate is said to be a favourite of an MP and a former minister, ignoring its former district chief who is contesting as a rebel. The four vacancies arose because the MLAs in all four contested and won parliamentary elections held in June 2024. In three of the four, the

contesting candidates are the immediate family members of the 2024-elected MPs. As the family members of the MPs, they are assumed to be the 'winning' candidates because their mentors have already proved it by winning the Assembly and then parliamentary elections sequentially.

The question arises whether the political parties do not have any other members from any other section of society who can be 'winning' candidates or if some leaders have turned electoral politics into a family monopoly aka 'nepotism', in which there is no room for other party workers, however sincere and hard-working they may be. The current situation is so ridiculous that these leaders

and the political parties criticize each other for dynastic politics, nepotism and party defection. Still, when the opportunity arises, they play the game and present their spouses, children and relatives as the only 'winning' candidates and strengthen political dynasticism justifying it in various ways. Claiming himself the next Chief Minister of the state during his campaign for the BJP candidate, a Government of India Minister compared the peasant leaders in protest with 'Talibans' and threatened action against them after the elections. Not only his threat is defamatory and against the spirit of a democracy, but also an unbecoming rambling coercing votes for the candidate of his party.

Addressing an election meeting in favour of an Aam Aadmi Party candidate, its supreme dubs the sitting Congress MP as "corrupt Randhawa" inviting defamatory threat from him. Further he charges him with 'dynastic politics' ignoring the similar practice by AAP in another constituency where he has campaigned for the candidate on the same day.

Thus the Punjab 2024 By-elections are riddled with defecation, dynasticism, defamatory rhetoric, irresponsible rambling, bringing with it a sense of deterioration in democracy which both the people and political parties must address. (The writer is retired professor, Guru Nanak Dev University, Amritsar; views are personal)

# Trump vows to end Russia-Ukraine war Sri Lankan president's NPP secures parliamentary majority

**PTI ■ WASHINGTON**

US President-elect Donald Trump has said his administration will focus on ending the Russia-Ukraine war, as he lamented the killing of people in the conflict.

He also said his administration will also work on bringing peace to West Asia.

"We're going to work on the Middle East, and we're going to work very hard on Russia and Ukraine. It's got to stop," Trump said during a gala for the America First Policy Institute held at his Mar-a-Lago estate on Thursday.

This was his first major speech and public appearance after his stunning electoral victory in the November 5 presidential elections.

"Russia and Ukraine's got to stop. I saw a report today. Thousands of people over the last three days were killed. Thousands and thousands of people were killed. They happened to be soldiers, but whether they're soldiers or they're people sitting in towns, we're going to work it," he said.

The President-elect has consistently said his priority is to end the war and stem what he characterises as a drain on US resources, in the form of military aid to Ukraine.

Meanwhile, Lisa Curtis, who served as deputy assistant to Trump in his previous term and National Security Council senior director for South and Central Asia from 2017 to 2021, said the war in Ukraine needs to end in a way that does not encourage other nations to invade their neighbours illegally.

"President (elect) Trump has in the past talked more favourably about (Russian) President (Vladimir) Putin than most US presidents. He has also talked about trying to end the war between Russia and Ukraine. We haven't seen yet how he's going to do that," Curtis said.

"I would just simply say that it needs to be done in a way that Russia faces some consequences for its actions," Curtis told PTI in an interview.

It needs to be done in a way that Russia doesn't try to do the same thing two or three years down the line, she said.

**PTI ■ COLOMBO**

Sri Lanka's National People's Power of President Anura Kumara Dissanayake on Thursday secured a majority in parliament, according to official results announced by the election commission.

The NPP contesting under the Malimawa (compass) symbol secured 123 seats out of the 171 declared seats, as per the results by 11 am. The results for 25 out of total 196 seats were left to be declared.

Another 29 seats were expected to be allocated to all parties based on the cumulative national polling.

The NPP has received 6.8 million or 61 per cent of the votes counted, taking a commanding lead over its rivals.

The party is on track to get a two-thirds majority as it is expected to add to its tally a bulk from the 29 seats, taking the party to the absolute majority of 150 seats in the 225-member assembly.

In the northern Jaffna district, the cultural capital of the Tamil minority, NPP — the predominant Sinhala majority party from the south of the country — won the entire district over the traditional Tamil nationalist parties. The NPP won three out of the six seats in Jaffna province, stunning the traditional Tamil parties which dominated the scene.

No Sinhala majority parties have won Jaffna ever before. The grand old United National Party (UNP) had previously won an odd solitary seat in Jaffna. The NPP won the Jaffna district with over 80,000 votes and the grand old Tamil party trailed by a little over 63,000 in the final count of Thursday's polling.

This resonated pre-election comments by President Dissanayake who said his party was being accepted as a truly national party by all communities. "The era of dividing and setting one commu-

nity against the other has ended as people are embracing the NPP," Dissanayake, the NPP leader, said.

The NPP under its original Janatha Vimukthi Peramuna (JVP) violently opposed any attempt of power sharing — a key Tamil demand during the armed separatist campaign of the LTTE. The Tamils only saw them as Sinhala majority racists.

The election came a year ahead of schedule as Dissanayake dismissed the parliament immediately after taking charge as the president in September.

The new parliament is set to meet next week.

# Downing Street apologises for menu 'mistake' at Diwali reception N Korea tests exploding drones

**PTI ■ LONDON**

Prime Minister Keir Starmer's office on Friday apologised for a "mistake" in the organisation of its Diwali reception at 10 Downing Street after some British Hindus objected to non-vegetarian food and alcohol being served at the gathering.

While the statement did not make a direct reference to the

menu, a spokesperson for Starmer's office said the team acknowledged the strength of feeling on the issue and assured the community that it would not be repeated in future.

"The Prime Minister was pleased to welcome a range of communities celebrating Diwali to a reception in Downing Street," a Downing Street spokesperson said.

"He paid tribute to the huge contribution the British Hindu, Sikh and Jain communities make to our country and how the government is driven by the shared values of hard work, ambition and aspiration. A mistake was made in the organisation of the event," the spokesperson said.

"We understand the strength of feeling on this issue and so

would apologise to the community and assure them it will not happen again," the spokesperson added.

The statement came a day after British Indian Conservative Party MP Shivani Raja issued a formal letter to Starmer expressing concerns over the reception not being "in keeping with the customs of many Hindus."

"I feel it speaks poorly against the organisation of this year's event — with a disappointing lack of knowledge of the customs and traditions that many British citizens hold dear," reads her letter posted on social media.

"As a practising Hindu representing thousands of Hindus within my own constituency of Leicester East, I have been deeply saddened to hear that this year's festivities were overshadowed in the greatest Office of State by negativity, as a result of this oversight," said the first-time Tory member of Parliament elected in July from the city of Leicester.

The Opposition MP went on to offer her "assistance and guidance" to the Labour Party government for all future Hindu celebrations to ensure they are celebrated in a "respectful manner."

**Seoul (AP):** North Korea tested exploding drones designed to crash into targets and leader Kim Jong Un called for accelerating mass production of the weapons, state media said Friday.

The country's latest military demonstration came as the United States, South Korea and Japan engaged in combined military exercises involving advanced fighter jets and a US aircraft carrier in nearby international waters, in a display of their defense posture against North Korea.

North Korea's official Korean Central News Agency published photos of Kim talking with officials near at least two different types of unmanned aerial vehicles. They included those with X-shaped tails and wings that look similar to the ones the country disclosed in August, when Kim inspected another demonstration of drones that explode on impact.

The drones flew various routes and accurately struck targets, KCNA said. Its images showed what appeared to be a BMW sedan being destroyed and old models of tanks being blown up.

**Canara Bank**

# Israeli strikes kill at least 12 Lebanese rescuers

**AP ■ BEIRUT**  
An Israeli airstrike killed at least 12 Lebanese rescue workers on Thursday inside a civil defence centre in the eastern city of Baalbek, according to health and rescue officials, hours after state media in Syria said Israeli strikes in and around the capital killed at least 15 people. Lebanese emergency workers were digging through the rubble Thursday evening to search for more of their colleagues still trapped under the destroyed rescue centre, the group said in a statement. At least three civil defence members were wounded. There was no immediate comment from the Israeli military. Lebanon's civil defence forces have no affiliation with the militant group Hezbollah, and they provide crucial rescue and medical services in one of the world's most war-torn nations. The Health Ministry condemned what it called a "barbaric attack on a Lebanese state-run health centre",

adding that "it is the second Israeli attack on a health emergency facility in less than two hours." In southern Lebanon, an Israeli strike on Arabsalim village targeted the Health Authority Association, a civil defence and rescue group linked to Hezbollah, killing six people, including four paramedics, the Health Ministry said. Earlier, Israel carried out at least two airstrikes on the western Mazzeh neighbourhood of Damascus and one of the suburbs of Syria's capital, Qudsaya, killing at least 15 and wounding another 16, Syria's state news agency said. An Associated Press journalist at the scene in Mazzeh said that a five-story building was damaged by a missile that hit the basement. The Israeli military said it hit infrastructure sites and command centres of the Islamic Jihad militant group. In Syria, an official with Palestinian Islamic Jihad said the strike in Mazzeh targeted one of their offices, and sever-

al members were killed. The official spoke on condition of anonymity because he wasn't authorized to speak to the media. The airstrikes came shortly before Ali Larijani, an adviser to Iran's supreme leader Ali Khamenei, was scheduled to meet in the Syrian capital with representatives of Palestinian factions at the Iranian Embassy in Mazzeh. Israel's military says Islamic Jihad participated alongside the Palestinian militant group Hamas in the Oct. 7, 2023 attacks from Gaza into Israel that killed some 1,200 people — mostly civilians — and saw 250 others abducted. The ensuing Israel-Hamas war has spilled into the wider region, affecting Lebanon, Syria and leading to strikes between Israel and Iran. The war has left much of Gaza in ruins and has killed over 43,000 Palestinians, mostly women and children, according to local health authorities who do not distinguish between civilians and combat-

ants. Israeli warplanes intensified airstrikes in Lebanon on Thursday, targeting various areas in southern and eastern Lebanon, including the outskirts of the southern port city of Tyre and the Nabatieh province, the National News Agency said. Throughout the day, sporadic airstrikes targeted Beirut's southern suburbs in a clear uptick in attacks on the district over the past two days, with the Israeli military issuing evacuation warnings for several locations and buildings in the suburbs. The Israeli military said it struck Hezbollah targets in the Dahiyeh area, including weapons storage facilities and command centers. Military spokesman Rear Adm. Daniel Hagari said that over the past week, Israel had "struck more than 300 targets from the air across Lebanon, including about 40 targets in the heart of the Dahiyeh in Beirut." Lebanon's state media said an earlier Israeli airstrike hit a building in Baalbek, killing at

least nine people and wounding five others. The strike came without warning. The Israeli military did not immediately comment and the target was unclear. A report by the World Bank on Thursday estimated that Lebanon has suffered USD 8.5 billion in physical damages and economic losses from 13 months of war. Hezbollah began firing into Israel on Oct. 8, 2023, in solidarity with Hamas in Gaza. Since then, Israeli strikes and bombardment in Lebanon have killed at least 3,380 people while the number of wounded has surpassed 14,400, the Health Ministry said Thursday. Among the dead were 658 women and 220 children. In Israel, 76 people have been killed, including 31 soldiers. Before the war intensified on Sept. 23, Hezbollah said that it had lost nearly 500 members but the group has stopped releasing statements about their killed fighters since.

Thick smoke and flames erupt from an Israeli airstrike on Tayouneh, Beirut on Friday. AP/PTI

# UK Treasury chief not satisfied by paltry 3rd quarter growth

**AP ■ LONDON**  
Britain's Treasury chief Rachel Reeves said Friday that she is "not satisfied" by official figures showing the British economy's rebound from recession slowed down sharply in the third quarter of the year, with most sectors stagnating. The Office for National Statistics said growth during the July to September period was just 0.1 per cent. That was lower than the 0.5 per cent recorded in the previous three-month period and below market expectations for 0.2 per cent. The statistics agency said overall output in September actually shrank, a development that has further fueled accusations from critics of the new Labour government that its pessimism

dragged the economy down in its first few weeks in office. On coming to power in July for the first time in 14 years, the government described its economic inheritance from the former Conservative administration as the bleakest in decades, requiring urgent action to fix the public finances. The Conservatives' Treasury spokesperson, Mel Stride, sought to pin the blame for the slowdown on the new government, saying the deterioration in business and consumer confidence was a direct result of it "talking the economy down." Reeves used the budget to raise taxes sharply, mainly on business, as well as increasing spending on public services, such as the state-run National Health Service, and borrowing

on investments. "Improving economic growth is at the heart of everything I am seeking to achieve, which is why I am not satisfied with these numbers," Reeves said following Friday's figures. Prime Minister Keir Starmer has said raising economic growth is his government's number one priority over the next five years. Since the global financial crisis in 2008-9, the British economy has underperformed relative to previous years and actually slipped into a modest recession in 2023. The Resolution Foundation think tank said the British economy has been a "roller-coaster" over the past year and that its medium-term performance has been "staid and stagnant"

As a result of the third-quarter slowdown, the think tank said the UK has fallen below the US at the top of the growth leaderboard of the Group of Seven leading industrial economies. "This all serves to highlight that the government's mission to renew strong economic growth is both extremely hard, and absolutely necessary," said Simon Pittaway, the think tank's senior economist. One factor hobbling the economy, many economists say, is Britain's departure from the European Union in 2020, which has made trade more difficult. Though the post-Brexit trade agreement between the two sides ensured there would be no tariffs placed on goods, exporters are finding life tough.

# S Korean opp leader gets suspended jail term

**AP ■ SEOUL**  
South Korean opposition leader Lee Jae-myung was convicted of violating election law and sentenced to a suspended prison term Friday by a court that ruled he made false statements while denying cor-

ruption allegations during a presidential campaign. If it stands, the ruling could significantly shake up the country's politics by potentially unseating Lee as a lawmaker

and denying him a shot at running for president in the next election. But Lee, who faces three other trials over corruption and other criminal charges, is expected to chal-

lenge any guilty verdict and it remains unclear whether the Supreme Court would decide on any of the cases before the presidential vote in March 2027.

# Concerns in US over growing extremism in Bangladesh

**PTI ■ WASHINGTON**  
There are serious concerns in the US over growing extremism in Bangladesh, a former White House official has said, observing that deposed former Prime Minister Sheikh did a good job in controlling it. Lisa Curtis, who served as President-elect Donald Trump's South Asia point-person in his first term, has said there is concern about the future and what it could bring to Bangladesh. "We are at a critical juncture in Bangladesh. With the overthrow of Sheikh Hasina and efforts to reform the political system, there is a lot of hope. People are hopeful that the democratic process will get stronger," she said on Thursday. The Awami League regime led by Hasina was toppled

on August 5 in the face of a mass upsurge originating from a quota reform campaign by the Anti-Discrimination Students Movement. Three days later Nobel laureate Muhammad assumed office as the chief adviser of the interim government. "But there's also a lot of concern. Some Islamist extremists have been released from jails. There have been some attacks on minorities, Hindus, Christians," Curtis, who served as National Security Council senior director for South and Central Asia from 2017 to 2021, told PTI in an interview. "We've seen a history of terrorism in Bangladesh. You had the Holy (Artisan) Bakery attacks in 2016. Very serious incident. You've had some ISIS (Islamic State) elements in Bangladesh. Sheikh Hasina had done a good

job of controlling the extremist problem in Bangladesh," said Curtis. There is understandably some concern that these elements return to the political scene, which would not be helpful for Bangladesh, she said. "It would not be helpful for the region, the United States, anyone. We are at a delicate time in Bangladesh. So even though it might not be the number one priority of (President-elect) Trump, I think his team, his national security team, will have to pay attention to what's happening (there)," she said. Curtis also said the incoming administration should work with India, which also has concerns about the future direction of Bangladesh and is more directly impacted by what happens because of its proximity.

# Fire at Spanish nursing home, kills 10 people

**AP ■ MADRID**  
At least 10 people died in a blaze at a nursing home in Zaragoza, Spain, before firefighters managed to extinguish it, local authorities reported on Friday. Authorities were alerted of the blaze early Friday morning in Villa Franca de Ebro, about 30 minutes from the northeastern city. The cause of the fire was not yet known, local media reported. Jorge Azcon, head of the regional government of Aragon, whose capital city is Zaragoza, confirmed the deaths and said on X, formerly Twitter, that all government events in the region were cancelled for the day. Spanish Prime Minister Pedro Sanchez also expressed his shock over the fire and deaths.

# Trump will pick up from where he left off with India, says his former admin official

**PTI ■ WASHINGTON**  
US president-elect Donald Trump, who enjoys very good relationship with Prime Minister Narendra Modi, is expected to build on the progress made during his first term and continue strengthening ties with India, his South Asia point-person at the White House during his first term has said. Speaking to PTI in an interview, Lisa Curtis, who served as deputy assistant to president Trump and as National Security Council senior director for South and Central Asia from 2017 to 2021, also said she expected the same bumps for India and the US, as in Trump's first term, including tariff, dependence on Russia over arms supply and oil purchase from Iran. "I think that President (elect) Trump will pick up where he left off with India. He clearly has good feelings, goodwill toward India, and I really see this as an opportunity to just continue building the relationship and really solidifying that partnership," Curtis said.

During Trump's first term (2017-2021), there was an "elevation of the US-India relationship" because of the importance of India and its role in dealing with challenges from China, she said. Curtis pointed out that there was also a notable mutual respect and personal connection between Trump and Prime Minister Modi. "We could see that during the event when Prime Minister Modi addressed 50,000 Americans at the Astrodome in Houston. We saw that when President Trump addressed 100,000 Indians in a stadium in Ahmedabad. That relationship really helped cement a lot of the progress that was made," said Curtis, who is currently a Senior Fellow and Director of the Indo-Pacific Security Program at Center for a New American Security, a think-tank. "Technology controls were lifted on India. India gained access to armed drone technology. Now it's buying 31 Sea Guardian predators. We saw the building up of not only the defence and security relationship, but also confidence and trust," she said,

adding that the Quad was started during that period. At the same time, there were a couple of bumps on this road during Trump's first term, she said. "There were a couple of bumps in the road, and this was mainly when President Trump would tweet about the Indian tariffs. He really wanted American companies to have more access to the Indian market. He would often, before a meeting, tweet out something. It was almost a negotiating tactic, I think, that he was doing. He did this with many countries. That did cause some irritation in the relationship. But I don't think these tweeting incidents about Indian tariffs overwhelmed the broader relationship," she said. "We could probably expect similar things to happen in the future as well. But I think everybody's more prepared for Trump's style and his negotiation style. His very transactional approach, trying to get a good deal for the American people," she added. Responding to a question, Curtis said the priority this time needs

to be on the security partnership between the two countries. She added, "This is an area where the interests of both sides converge. Both the United States and India have a lot of concerns when it comes to China, such as its attempts to dominate the technology market and efforts to be the hegemon in Asia. Neither India, nor the United States want that to happen. So, they have a deep mutual interest in cooperating."

# Indian economy in sweet spot, forecasts 7.2 per cent growth in 2024: Moody's Ratings

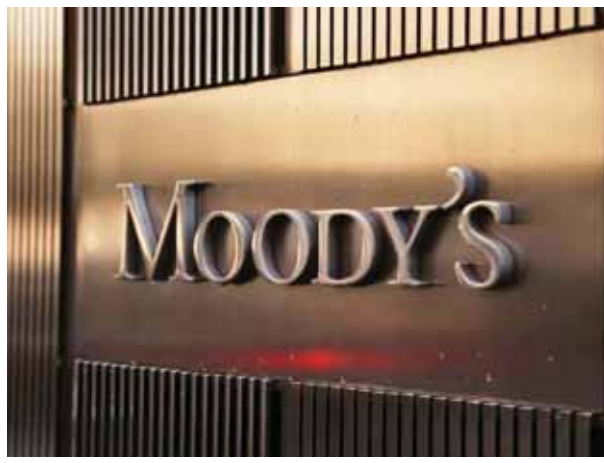

PTI ■ NEW DELHI

Indian economy is in a sweet spot, with a mix of solid growth and moderating inflation, Moody's Ratings said, forecasting a 7.2 per cent GDP growth in the 2024 calendar year and 6.6 per cent in the next.

In its Global Macro Outlook 2025-26, the rating agency said the global economy has shown remarkable resilience in bouncing back from supply chain disruptions during the pandemic, an energy and food crisis after the Russia-Ukraine war began, high inflation and consequent monetary policy tightening.

"Most G-20 economies will experience steady growth and continue to benefit from policy easing and supportive commodity prices," it said.

However, post-election changes in US domestic and international policies could potentially accelerate global economic fragmentation, complicating ongoing stabilisation. The aggregate and net effects of trade, fiscal, immigration and regulatory policy changes will expand the range of outcomes for countries and sectors.

On India, Moody's said the real GDP expanded 6.7 per cent year-over-year in the second quarter (April-June) of 2024, driven by a revival in household consumption, robust investment and strong manufacturing activity.

High-frequency indicators - including expanding manufacturing and services PMIs, robust credit growth and consumer optimism - signal steady economic momentum in Q3.

"Indeed, from a macroeconomic perspective, the Indian economy is in a sweet spot, with the mix of solid growth and moderating inflation. We forecast 7.2 per cent growth for calendar year 2024, followed by 6.6 per cent in 2025 and 6.5 per cent in 2026," it said.

Moody's said household consumption in India is poised to grow, fuelled by increased spending during the ongoing festive season and a sustained pickup in rural demand on the back of an improved agricultural outlook. Additionally, rising capacity utilisation, upbeat business sentiment and the government's continued thrust on infrastructure spending should support private investment.

# Centre urges states to fill 663 vacant posts in consumer forums

PTI ■ NEW DELHI

The Union government on Friday directed states to accelerate the appointment process for 663 vacant positions across state and district consumer commissions, expressing concern over mounting vacancies that threaten to undermine consumer rights protection.

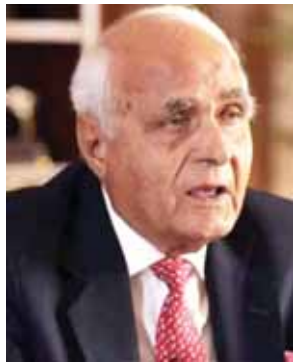

Consumer Affairs Secretary Nidhi Khare, who reviewed the situation with state government officials, expressed "deep concern" about increasing vacancies in consumer commissions compared to previous years. According to official data, 18 posts of President and 56 posts of members are lying vacant in state commissions as of October 2024.

At district level, 162 posts of President and 427 posts of members are vacant across the country, the consumer affairs ministry said in a statement.

# PM Modi should set up panel on urban infra development in major cities: KP Singh

PTI ■ NEW DELHI

Real estate doyen K P Singh has urged Prime Minister Narendra Modi to set up a high-powered cabinet rank committee to prepare a blueprint for the development of urban infrastructure in all major cities that can support USD 5 trillion economy.

The urban master planning should not be for a short-term but for 100 years, the 95-year-old Singh said in an interview with PTI on the occasion of the launch of his second book 'Why the Heck Not?'. His autobiography 'Whatever the Odds' was released by Jack Welch, the former Chairman and CEO of GE, in November 2011.

Singh, the Chairman Emeritus of realty major DLF, described the current state of urban infrastructure as "horribly wrong" and said there was a need for "drastic steps" as India is growing and soon going to become the third largest economy in the world.

Referring to traffic mess in cities including IT city Gurugram which he built and high pollution level, Singh said these are large issues and "it needs attention in my view of the highest person in the country".

"So, you plan in advance, well knowing India is a democracy and growth is going to take place. Therefore, what urban infrastructure is necessary in advance for the growth, here that is not happening," he rued.

During the interview, Singh spoke about his decision to leave an army posting in 1961 to join DLF, a company started by his father-in-law, Chaudhary Raghvendra Singh, in 1946.

# Government proposes task force to push for 500 GW renewable energy capacity target

PTI ■ NEW DELHI

Union Minister Pralhad Joshi has proposed formation of a task force in consultation with the Ministry of Power to push efforts to meet India's ambitious target of having 500 GW renewable energy capacity by 2030.

The minister stressed the importance of concerted, collaborative efforts among all stakeholders to overcome challenges and expedite progress in the renewable energy sector.

# Air India announces 230 weekly flights from Kolkata

PTI ■ KOLKATA

Air India Express on Friday announced expansion of its services from West Bengal's Kolkata and Bagdogra, increasing the number of weekly flights to over 230 this winter, from 168 in the same season last year.

The growth includes new direct routes connecting Kolkata with Sri Vijaya Puram (Port Blair) and Indore, and Bagdogra with Chennai, the airline said.

"Our new winter schedule, featuring over 230 weekly flights from Kolkata and Bagdogra, underscores our dedication to fostering trade and tourism in the region," Dr Ankur Garg, Chief Commercial Officer of Air India Express, said in a statement.

"We are thrilled to introduce a new Kolkata-Port Blair flight next month, just in time for the holiday season, offering our guests more travel options," he said.

# Niti Aayog's WEP partners with Urban Company to empower women

PTI ■ NEW DELHI

Niti Aayog's Women Entrepreneurship Platform (WEP) has partnered with Urban Company to empower women salon and beauty parlour owners, an official statement said on Friday.

According to the statement, WEP, under its award-to-reward initiative, launched the pilot to support women MSMEs to scale up their businesses in the beauty and wellness sector.

Women entrepreneurs will be offered training across six key ecosystem needs, including skilling, legal and compliance, access to finance, market, and business development services, along with mentorship and networking, it added.

# ABB India gets Sebi warning

PTI ■ NEW DELHI

ABB India on Friday said it has received a warning letter from stock markets regulator Sebi for violation of insider trading rules by two of its employees.

# Japan's economy grows for second straight quarter on back of consumer spending

AP ■ TOKYO

Japan's economy eked out an annual rate of 0.9% growth in the July-September period as consumer spending held up, government data showed Friday.

The world's fourth-largest economy grew 0.2% in the fiscal second quarter, marking the second straight quarter of expansion, following 0.5% growth in April-June.

Domestic demand grew at an annualized rate of 2.5%. Private consumption, which makes up more than half of Japan's GDP, grew 3.6% on the back of healthy household consumption, according to preliminary Cabinet Office data.

# Mercedes-Benz India to hike prices by up to three per cent

PTI ■ NEW DELHI

German luxury carmaker Mercedes-Benz on Friday said it will hike prices of its vehicles in India by up to 3 per cent on its entire model range in the portfolio from January 1, 2025, citing a rise in input costs, inflationary pressures and higher operational expenses.

Prices of Mercedes-Benz cars in India will be revised by Rs 2 lakh for the GLC to Rs 9 lakh for the top-end Mercedes-Maybach S 680 luxury limousine, Mercedes-Benz India said in a statement.

The combination of rising input costs, inflation, and cost pressures by optimising our operational costs and driving higher efficiencies, the overall bottom line is getting impacted, considering the current challenges. To ensure the sustainability of our business, we have decided for a nominal price correction.

## INBRIEF

VIT-AP UNIVERSITY ORGANISES 57TH NATIONAL LIBRARY WEEK CELEBRATIONS

AMARAVATI: As part of the National Library Week celebrations from November 14 to 20, 2024, VIT-AP University organised an event at ZPHS Mandadam. RECPDCL HANDOVERS 1 NO. SPV VIZ. ERES-XXXIX POWER TRANSMISSION LIMITED TO TATA

GURUGRAM: REC Power Development and Consultancy Limited (RECPDCL), a wholly owned subsidiary of REC Limited, the Maharatna CPSU under the aegis of Ministry of Power, has handed over the project specific SPV (Special Purpose Vehicle).

# FROM THE STAGE TO THE SOUL

The KNMA Theatre Festival offers a fresh take on theatre, exploring vulnerability and human connection. With productions like 'Love and Information,' it challenges traditional narratives and invites audiences to reflect on the complexities of identity and emotion, says **SAKSHI PRIYA**

Theatre is a mirror of the human condition." This timeless quote captures the essence of why we turn to the stage - to reflect on who we are, how we live and the world we inhabit. Theatre has the power to make us confront uncomfortable truths, question our beliefs and reimagine the possibilities of human connection. It's a place where vulnerability, in all its forms, becomes not just a theme, but the lens through which we view the world. At the inaugural *KNMA Theatre Festival*, I was reminded of this power in the most profound way. Held at the serene Sunder Nursery in New Delhi, the festival celebrated contemporary theatre and its ability to speak to the issues that matter most today. Curated by *Kirtana Kumar*, the festival's theme, *The Power of Vulnerability*, couldn't have been more fitting. It was a celebration of the delicate, yet potent, human experiences that shape us. From class and gender to sexuality and identity, the performances unearthed the quiet, often overlooked struggles that define our society. One of the most thought-provoking performances I experienced was *Love and Information*, a play that stripped back the complexities of modern life, revealing the raw emotions beneath. Presented by the National Centre for the Performing Arts (NCPA) in association with *Asakta Theatre*, this production, directed by *Mohit Takalkar*, took

a unique approach to storytelling. Adapted from *Caryl Churchill's* original, *Love and Information* is a radical departure from traditional theatre, with no central characters and no linear plot. Instead, the play is made up of over fifty short scenes, each one fleeting and fragmented, much like the way we experience life today in an age of endless scrolling and information overload. The play delves into questions of how we make sense of our lives, how we connect with others and ultimately, how we love. In an era dominated by social media and constant connectivity, these questions seem more urgent than ever. As I sat in the audience, I couldn't help but reflect on the themes of the play, which mirrored the very nature of our times, alienation in the face of constant exposure, the erosion of privacy, and the blurring of boundaries between the self and the digital world. What struck me most about *Love and Information* was its non-linear structure. Each scene, often lasting only a few seconds, felt like a snapshot of a fleeting moment in time. There were no central characters to follow, no clear narrative to grasp, just a series of disconnected vignettes that came together to form a larger, more complex picture. It was as if we were channel-surfing through different lives, only catching a glimpse of each before moving on to the next. Yet, in this chaotic rush, the play's true message emerged: that in a world overflowing with data and distractions, it is our emotional connections that truly define us.

As I watched the actors move effortlessly between characters, it became clear how much we, as individuals, are shaped by the constant flow of information and the pressure to stay connected. Each actor brought something unique to their role, embodying the vulnerability of a generation struggling to balance their digital lives with their real-world emotions. Visually, the production was nothing short of stunning. The lighting design by *Vikrant Thakar* was minimalist yet powerful, shifting seamlessly to enhance the emotional tone of each scene. The sound design by *Anita Kushwaha* further amplified the experience, creating an atmosphere that was both intimate and intense. *Saurabh Bhalerao's* music punctuated the narrative, adding another layer of depth to the performance. *Love and Information* isn't just a play about the times we live in; it's a reflection of the human condition in a world overwhelmed by information. It speaks to the anxiety of living in an age where we are constantly flooded with

data but struggle to make genuine emotional connections. The rapid-fire scenes, with their fragmented glimpses into people's lives, forced me to reconsider the way we view love and information and the spaces in between. Theatre like this is what makes us sit up and pay attention, it forces us to question, to reflect and to confront the uncomfortable truths about the world around us. And that is precisely what the *KNMA Theatre Festival* set out to do. It didn't just offer performances; it created

a space for dialogue, for conversation and for collective reflection on the role of theatre in today's society. Beyond the performances, the festival also included a symposium, a workshop and lecture demonstrations that delved deeper into the themes of vulnerability in contemporary theatre. These discussions, led by scholars and practitioners like *Dr. Anuradha Kapur*, *Vivek Madan* and *Dr. Abhilash Pillai*, explored how the pandemic has shifted the landscape of theatre and how artists are grappling with new ways of telling stories in a post-pandemic world. The entire experience was a reminder of how theatre is a living, breathing entity, always evolving, always challenging us. The festival brought together artists, audiences, and scholars, all united by the belief that theatre is not just a form of entertainment, but a mirror to society, a space where we can reflect on who we are and who we want to become. Leaving the amphitheatre after *Love and Information*, I found myself contemplating the profound vulnerability at the heart of the play. It was a vulnerability that felt familiar, one that I recognised not only in the characters on stage but in myself. In a world that's increasingly disconnected, theatre offers a space to explore our shared humanity, to embrace the discomfort, the uncertainty, and, ultimately, the beauty of being human. *The KNMA Theatre Festival* was not just a showcase of performances, it was a celebration of the power of vulnerability, a theme that will continue to resonate with me long after the curtains have fallen.

## Cultural Legacy Brought Alive

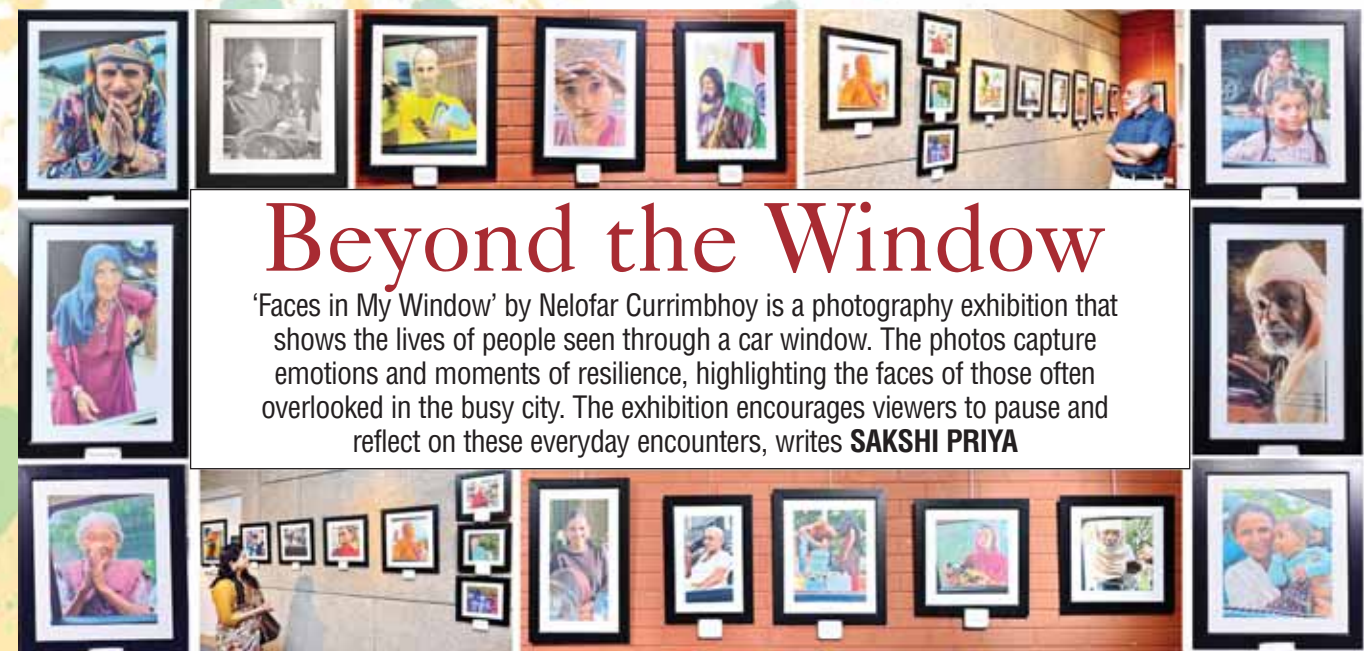

BY TEAM VIVA

The dance drama Production - *Maryada Purushottam Shri Ram*, presented by the *Urvashi Dance Music Art & Cultural Society* in collaboration with the *Tapasaya Foundation*, beautifully combined three distinct Indian dance forms *Kathak*, *Chhau* and *Manipuri* to tell the epic story of Lord Ram. Directed by the renowned Kathak maestro *Dr. Rekha Mehra*, the performance offered a deeply emotional and artistic tribute to *Lord Rama's* virtues of courage, compassion, and integrity. *Kathak*, with its intricate footwork and expressive storytelling, formed the foundation of the performance. The dancers' graceful spins, precise footwork, and emotional expressions conveyed the key events in Ram's

life, from his exile to his victory over Ravana. The *Kathak* sequences captured Lord Ram's inner strength and resilience, drawing the audience into his journey.

*Chhau*, a dynamic and martial dance form, added a vibrant energy to the production. The fierce battle scenes, particularly Ram's confrontation with Ravana, were brought to life through powerful, swift movements and acrobatic leaps. The physicality of *Chhau* showcased Ram's warrior-like qualities, intensifying the dramatic moments of the story. *Manipuri*, with its flowing and graceful movements, provided a contrast to the more intense dances. The serene and spiritual quality of Manipuri was used to depict the divine connection between Lord Rama and Sita, with the delicate gestures and soft footwork creating a peaceful, almost ethereal atmosphere. Choreographed by *Guru Ajay Bhatt* and *Aamrapali Bhandari*, the integration of these three dance styles was seamless, each adding its own unique layer to the narrative. The dancers, dressed in elaborate costumes used expressive hand gestures and facial expressions to embody the characters and deepen the emotional impact of the performance. Props such as the giant bow, peacock feathers and diya lighting added visual splendour and spiritual depth, making the production a truly immersive experience. The dance forms together captured the essence of *Lord Rama's* journey, creating a powerful and unforgettable performance that resonated deeply with the audience.

## Beyond the Window

'Faces in My Window' by *Nelofar Currimbhoy* is a photography exhibition that shows the lives of people seen through a car window. The photos capture emotions and moments of resilience, highlighting the faces of those often overlooked in the busy city. The exhibition encourages viewers to pause and reflect on these everyday encounters, writes **SAKSHI PRIYA**

Have you ever noticed the faces that peer in through your car window as you drive through the bustling streets of the city? The faces of strangers who, for a fleeting moment, are so close to you yet often go unnoticed. Each face tells a story of joy, pain, resilience and survival. These moments, so easily overlooked in the rush of urban life, have been thoughtfully captured by *Nelofar Currimbhoy* in her exhibition *Faces in My Window*. The exhibition presents a powerful series of photographs taken from within *Currimbhoy's* car. Each image is framed through the glass of her window, offering an intimate yet distant view of the lives unfolding on the streets. The unique perspective

of capturing these moments from inside a car creates a sense of emotional proximity while maintaining a subtle boundary - one that allows the viewer to truly observe the raw emotions of the individuals, yet from a safe distance. One photograph features a young girl staring intently through the window of a car, her eyes full of curiosity, hope and perhaps a hint of longing, creating an intimate connection with the viewer. Another striking image captures a mother holding her child, both faces exuding a profound sense of care and resilience. There is also a powerful photograph of a man holding a bundle of flowers, his tired yet hopeful

expression reflecting the daily struggles of many who walk the streets. The series also includes an image of a young girl selling flowers, her face a mixture of innocence and determination as she tries to make a living amidst the chaos of the city. *Currimbhoy*, a multi-talented individual, author, theatre producer, philanthropist and now a sensitive photographer has long been dedicated to capturing the essence of life in her beloved country. Her passion for storytelling, whether through the written word or the lens of a camera, shines through in this exhibition. As a photographer, she is deeply attuned to the resilience of the human spirit, particularly those who live on the

fringes of society, yet continue to find strength and meaning in their daily lives. The faces captured in this exhibition reveal an astonishing range of emotions: grief, joy, defiance and longing, each one reflecting the survival instincts that define the human experience. *Faces in My Window* is an exhibition that calls to pause and acknowledge the lives of those who, though they may go unnoticed, are an integral part of the city's fabric. Through *Currimbhoy's* lens, we are reminded of the importance of empathy, understanding and the need to support those who are struggling to survive in a world that often overlooks them.

# My aim is to get back into T20 team: KL Rahul

PTI ■ PERTH

The beleaguered KL Rahul is seeking to use the next IPL as a vehicle to stage a comeback to the Indian T20 side as he wants to remain involved in all three formats of the game. The 32-year-old is in line to open the innings if skipper Rohit Sharma does not play in the first Test of the upcoming five-match Border-Gavaskar Trophy series at Perth. Rahul's form has been a cause of concern for the Indian team as he was recently dropped for the last two Tests against New Zealand at home with Sarfaraz Khan replacing him. But the batter, who is pleased to watch when in full flow, remains unperturbed by his lean run of form. "My aim is to obviously get back into the T20 team. I've always wanted to be an all-format player, and that desire and drive haven't changed over the years. I want to still play for India in all three formats and have done that

for many years," Rahul told Star Sports. "I've been out of the T20 team for a while, and I know where

I stand as a player and what I need to do to get back. So, I look forward to this IPL season to give me that platform to enjoy my cricket and play the way I want to," he added. Since 2022, he has scored 514 runs in Tests from 12 matches (21 innings) at an average of 25.7, having registered three half-centuries and a century. During the interaction, Rahul emphasised on always keeping the team ahead of his individual aspirations. "All of us as players want to play with freedom, and everyone would think that the way I batted, I'm enjoying playing that. But like I said, my thought process and motivation have always been team first. It doesn't matter what I want to do or what my natural game is. "We play a team sport. If I played tennis, it would be different; I could stick to saying, "This is my natural game". But in a team sport, it's very different. Each game, you'll have a different role and responsibility given to you to find a way to deliver for the team," he said. The Bengaluru man's last Test hundred was against South Africa at Centurion in December 2023 and since then made just two fifties in nine innings.

# Prajnesh Gunneswaran announces retirement from professional tennis

PTI ■ CHENNAI

Asian Games bronze medal winner Prajnesh Gunneswaran on Friday announced his retirement from professional tennis. The 35-year-old Indian, who won singles bronze in the 2018 Jakarta Asian Games, wrote on his Instagram account: "Hanging up my racquet. Thank you." Gunneswaran, who rose to world No.75 in the ATP rankings in 2019, expressed his deep gratitude for being able to compete at the top level for several years. "As I write this, my heart swells with gratitude, pride, and a touch of nostalgia. Today, I step off the competitive tennis court for the last time. "For over three decades, this game has been my sanctuary, my greatest teacher, and my most faithful companion. From the first swing of my racquet to representing India on the grandest stages, the journey has been nothing short of extraordinary," he wrote. The Chennai-born player, who turned pro in 2010, finished with a singles record of 11-28 and a doubles record of 1-1. His highest doubles ranking was 248 which he attained in 2018. Gunneswaran also competed

in all four Grand Slams, bowing out in the opening round in all instances. The Australian Open was the only Slam in which he competed on multiple occasions -- 2019 and 2020. "Every drop of sweat, every victory, every setback - it's all woven into the fabric of who I am. Tennis taught me discipline, resilience, and the power of dreaming big," he further wrote in his post. "It gave me friendships that transcend borders and memories that will last a lifetime. It challenged me to dig deep, to grow, and to be better - not just as a player but as a human being," he noted. He had success in the ATP Challenger Tour and in ITF Futures Tour, possessing a record of 2-7 and 9-9 respectively in the singles category. He won only a title in the doubles -- Egypt F25, Sharm El Sheikh (ITF Futures Tour) -- in 2018 with his Egyptian partner Issam Haitham Tawael. Gunneswaran's biggest win against a top-20 player came in 2019 when he beat the then-18th-ranked Nikoloz Basilashvili of Georgia during the Indian Wells Masters in the second round. "To my coaches, teammates, and most of all, my family -- you have been my backbone. To my fans who cheered me on through the highs and lows - I'm deeply grateful. "And to the sport that gave me everything - I owe you my heart. Thank you, tennis, for the ride of a lifetime," he concluded.

# Ajaz Patel, hero of New Zealand's clean sweep in India, dropped for England series

AP ■ WELLINGTON

Spinner Ajaz Patel, whose 11 wickets in the third Test against India this month helped New Zealand to an unprecedented clean sweep of that series, has been omitted from the Black Caps squad for the upcoming Test series against England. Patel had match figures of 11/160 as New Zealand won the third Test by 25 runs to become the first team to sweep India in a three-match Test series at home. The selectors have found no place for him in a 14-man squad named Friday for the three-Test series against England. Mitchell Santner, who took 13-157 in the second Test against India, is the only frontline spinner in the squad, though he will play only in the second and third Tests. "Mitch has performed superbly since his recall to the Test team last year and I am sure he will take a lot of confidence out of his match-winning performance in the Pune Test," selector Sam Wells said. Wells said it was difficult to leave out Patel but Santner had been preferred for his

recent form and all-round ability while Glenn Phillips provides another spin option. Patel has often been overlooked for Test series in New Zealand conditions. After taking 10/119 in an innings against India in 2021, he also was left out of the following home series against Bangladesh. In other squad features, Kane Williamson, who missed the India series with a groin injury, returns, but Tom Latham retains the captaincy, and uncapped all-rounder Nathan Harris has been called in. "Nathan is an exciting talent with a proven first-class record," Wells said. The opening Test at Christchurch begins on November 28. The second Test is scheduled for December 6 in Wellington and the third from December 14 in Hamilton. New Zealand squad for England Tests: Tom Latham (c), Tom Blundell, Devon Conway, Jacob Duffy, Matt Henry, Daryl Mitchell, Will O'Rourke, Glenn Phillips, Rachin Ravindra, Mitchell Santner, Nathan Smith, Tim Southee, Kane Williamson and Will Young.

# Slovakia beats United States to advance in Billie Jean King Cup Finals, Japan defeats Romania

AP ■ MALAGA (SPAIN)

Ashlyn Krueger and Taylor Townsend saved six match points but ultimately lost the decisive doubles match as the United States was defeated 6-3, 3-6, 10-8 by Slovakia and was eliminated 2-1 in the first round of the Billie Jean King Cup Finals early Friday. Krueger and Townsend lost after rallying from 9-2 down in the third set against Tereza Mihalikova and Viktoria Hrucnakova in a match that ended close to 1 a.m. in Spain. Townsend have given the U.S. the first point by defeating 17-year-old Renata Jamrichova 7-5 6-4, but Rebecca Sramkova evened the tie with a 6-2, 7-5 win over Danielle Collins in the second singles match. Slovakia will face Australia in the quarterfinals on Sunday. Japan reached the quarterfinals for the first time since 2013 after rallying to defeat Romania 2-1. Japan advanced when Eri Hozumi and Shuko Aoyama defeated Monica

Niculescu and Elena Ruse 6-1, 7-5 in the deciding doubles match. Ana Bogdan had put Romania ahead with a 6-2, 6-4 win over Nao Hibino in the first singles match of the day but Ena Shibahara pulled Japan level with a 6-4, 7-6 (2) victory over Jaqueline Cristian. Japan will face Italy in the quarterfinals. The first match between Japan and Romania had been moved back two hours because of a severe weather alert that was in effect in the Malaga region until early in the day.

The weather alert had already forced the opening meeting between Spain and Poland to be pushed back from Wednesday to Friday, when Germany is also facing Britain. The Billie Jean King Cup Finals is taking place about two weeks after a powerful storm caused flash floods that killed more than 200 people in the Valencia region, east of Malaga. The International Tennis Federation announced a donation to the Spanish Red Cross to support relief and recovery efforts in the region, and Spanish player Paula Badosa said she will donate half of her prize money to help the victims. Both the Billie Jean King Cup Finals and the Davis Cup Finals are taking place in the southern Spanish city, with the men's competition beginning next week, also at the Palacio de Deportes. It is the first time that the women's team tournament is taking place at the same venue as the Davis Cup and with overlapping dates. And for the second year in a row, it will offer equivalent prize money to the men's competition.

# Snooker player Mark King banned for five years for fixing match, providing inside information

AP ■ SHEFFIELD (ENGLAND)

English snooker player Mark King was handed a five-year ban on Friday after being found guilty of match-fixing and providing inside information in the latest corruption scandal to blight the sport. The punishment for the 50-year-old King, who reached a career-high ranking of No. 11 in 2003, related to a match against Joe Perry at the Welsh Open played on Feb. 13 last year that was flagged following suspicious betting patterns. King was suspended by snooker's world governing body a month later and an independent disciplinary commission has ruled that he fixed the result of the match, while giving information to others about that match for betting purposes. He had denied the charges. His ban ends after March 17, 2028, and King was also ordered to pay more than 68,000 pounds (\$86,000) in costs. King's suspension comes after Chinese players Liang Wenbo and Li Hang were handed lifetime bans from snooker last year for their role in a match-fixing scandal involving eight more of their countrymen. "I have known Mark King since he was very young, he is a very experienced player who has enjoyed great success, and I am deeply saddened to read the finding in this case," said Jason Ferguson, a former player who is now chairman of the World Professional Billiards and Snooker Association. "However, the integrity of this sport will always be our No. 1 priority." King had also been charged with fixing the outcome of a match against John Higgins played on Dec. 13, 2022, and for providing inside information on it. Those charges were dismissed. The governing body said Perry and Higgins were not accused of any misconduct related to the case.

# France coach says Mbappé's dip in form is due to both psychological and physical reasons

AP ■ PARIS

France coach Didier Deschamps said that there are both physical and psychological reasons for Kylian Mbappé's rough patch of form. After France drew 0-0 with Israel in the Nations League, Deschamps was again asked about the reasons behind the Real Madrid striker's absence from his squad. "It's a fact that he is in a difficult situation," Deschamps told broadcaster TF1. "Obviously, he is going through a period which is not the happiest of his career."

Mbappé was not included in Deschamps' list for the match against Israel and a game in Italy later this week. Mbappé was also absent from the previous France gathering because of a minor thigh injury. This time he is not injured. "He wanted to come," Deschamps said. "I think it's better for him (not to be selected) at the moment. Everybody can go through a difficult period. There is a physical element, and a psychological one."

Mbappé's performances have been below par in recent weeks after he joined Madrid from PSG this summer. He has one goal in his last seven club games and hasn't added to his 48 goals for France since June. Deschamps last week did not elaborate about his choice to do without Mbappé but said it was not related to recent reports in Swedish media that the former Paris Saint-Germain star was the subject of a rape investigation in Stockholm. Mbappé's representatives have rejected the reports as "false and irresponsible."

# Messi, Vinicius have frustrating nights as Argentina loses, Brazil draws in World Cup qualifying

AP ■ ASUNCION (PARAGUAY)

Argentina's Lionel Messi and Brazil's Vinicius Júnior had frustrating nights in South American World Cup qualifying. While Messi could not help his team avoid a 2-1 defeat at Paraguay, Vinicius Junior missed a second-half penalty as Brazil was held to a 1-1 draw at Venezuela on Thursday. Argentina will remain on the top of the 10-team round robin competition with a 22 points in 11 matches. Brazil is provisionally in third place in the standings with 17 points. Also on Thursday, Ecuador beat Bolivia 4-0. The Ecuadorians remain in fifth position with 16 points, while Bolivia is in eighth place with 12 points. The 11th round of South American World Cup qualifying

will continue on Friday with second-place Colombia visiting Uruguay and the bottom two teams in the standings, Peru and Chile, facing off in Lima. Argentina played at Paraguay with the hosts having banned local fans from wearing any Messi shirts in the home crowd. TV footage of the match in Asuncion showed that the vast majority of the local crowd was wearing Paraguay's red and white colours, with no Messi shirts visible in the local broadcasts. Messi had few opportunities to touch the ball during the first half, but saw Lautaro Martínez open the scoring in the 11th minute with a crossed shot. The goal was allowed after a video review. Paraguay scored the equalizer with a bicycle kick by Antonio

Sanabria in the 19th minute, shortly after defender Gustavo Gómez hit the bar with a header. The hosts continued to apply pressure, and gave the Argentine star some heavy marking. Messi showed he was upset with Brazilian referee Anderson Daronco for not sending off Paraguay's Omar Alderete for his aggressive tackles. It was Alderete who scored Paraguay's winner with a header in the 47th minute, which puts Paraguay back in contention for a spot in the next World Cup. "We came to a hard place where the national team always struggled," said Martínez. "We have to correct a lot of things we did wrong in this match, but generally speaking we are playing well. We are still in the lead, and we have to look forward."

Vinicius Júnior is still without a goal in six matches of World Cup qualifying. He had the chance to score a potential winner after he earned the penalty in the 67th minute but his low spot kick was saved by goalkeeper Rafael Romo and the Brazil forward then shot wide from the rebound. Brazil had the best chances in the first half, with Vinicius hitting the post once after dribbling three Venezuelans and shooting from the edge of the box. But it was Raphinha who opened the scoring from a free kick in the 43rd minute. Venezuela brought on 21-year-old Telasco Segovia at half time and the substitution had an immediate effect as he equalised in the 46th minute with a powerful shot from the edge of the box.

Venezuela went down to 10 men in the 89th minute after Alexander Gonzalez was sent off for hitting both Gabriel Martinelli and Vinicius Júnior in the face. The irrigation system then came on two minutes before the final whistle at the Monumental Stadium in the city of Maturín, 500 kilometers (310 miles) west of the capital Caracas, which angered Brazil players. "When we don't win I leave the pitch a bit disappointed, we deserved to win this one," Raphinha said after the match. "But it is an important point playing away, we are working hard to win the next one at home." Ecuador beat Bolivia with goals by Enner Valencia (26th minute), Gonzalo Plata (28th and 49th) and Alan Minda (61st).
