

## Team India rises like a phoenix at Perth

RAHUL DATTA ■ PTI/NEW DELHI/PERTH

India, on Monday, created history when it trounced Australia in the first Border-Gavaskar Trophy cricket Test match in Perth's Optus Stadium, and became the first country to beat the hosts at this Test centre. This is India's biggest ever Test win in Australia, as it lost by 295 runs. This emphatic victory came close on the heels of a three-nil drubbing in as many Test matches at home at the hands of New Zealand a few weeks ago. Moreover, India was bowled out by Australia in the first innings for a meagre 150 runs raising doubts of its prowess to tame the mighty hosts. After setting a mammoth 534-run target, India bowled Australia out

for 238 to take a 1-0 lead in the five-match series under stand-in captain Jasprit Bumrah.

In another achievement, India washed away its New Zealand defeat by this victory and stormed back to the top of the World Test Championship (WTC) standings with 61.11 percentage points.

This victory is India's biggest ever, surpassing their previous record of 222 runs, set back in 1978 in Sydney when Australia fielded a weakened side amidst the mass exodus for the Kerry Packer World Series.

The stand-in skipper led from the front with a match-haul of 8/72 as India bowled out the hosts for 238 in 58.4 overs on the fourth afternoon of the opening Test. India are now 1-0 up in the five-Test series with regular skipper Rohit Sharma ready

to take over during the Day/Night game starting December 6 in Adelaide.

"We were put under pressure in the first innings, but the way we

responded was great," a smiling Bumrah, who was deservedly adjudged man of the match, said after the game. "I played here in 2018 - I remember the wicket started

soft. This one was less spicy, we were really well prepared. I told everyone to keep faith... If you have faith in your abilities, then you can do something special," he added.

While Yashasvi Jaiswal, Virat Kohli and KL Rahul will be among the heroes with their solid second innings batting performances, it was Bumrah's unbelievable skill-set and self belief during Australia's first innings rout that formed the cornerstone of India's win.

Not many teams have come back after being 150 all-out on the first day but this Indian team has time and again shown that it is built differently. Prior to the Test, Bumrah spoke about embracing challenges and he did walk the talk during all four days.

## Musical chairs in Maharashtra CMO?

PIONEER NEWS SERVICE ■ MUMBAI/NEW DELHI

While the incumbent Chief Minister Eknath Shinde from Shiv Sena and his Deputy Ajit Pawar from the Nationalist Congress Party (NCP) are leaving no stone unturned to retain their positions, after the just concluded Maharashtra polls, another deputy CM, Bharatiya Janata Party (BJP) leader Devendra Fadnavis has emerged as front runner to be the next chief CM of Maharashtra, for the second time.

As per the 'musical chair option' for the MahaYuti faction Shinde could be deputy CM with Pawar, and then they may take turns later to be CM, as party insiders said that they will not back down from their claims since they supported the BJP to come in National Democratic Alliance (NDA) fold by breaking their parent parties. Sources said that the BJP's top leadership has reportedly cleared the names of Fadnavis

as CM, and the other two as Dy CMs, and have approved of the arrangement for the next government, Shinde will get 12 ministers and the NCP is likely to get 10 berths, sources said.

Fadnavis will serve as CM for the first two-and-a-half years, after which Eknath Shinde will assume the role for the remainder of the term and once Fadnavis steps down as CM, he is expected to be appointed the BJP's national president.

Party sources said Shinde, Fadnavis and Ajit Pawar are scheduled to meet Home Minister Amit Shah, and a formal announcement about the new government will be made after the meeting.

MahaYuti alliance scripted a historic victory in Maharashtra assembly elections by winning 235 seats in the 288-member House. The BJP led the Mahayuti's victory by winning 132 seats - the highest among all allies. Shinde Sena won 57 seats and Ajit Pawar-led NCP won 41 seats in the election.

## SC tells CAQM to relax restrictions on educational institutions

RAJESH KUMAR ■ NEW DELHI

The Supreme Court, on Monday, directed the Commission for Air Quality Management (CAQM) to consider relaxing the restrictions on physical classes of schools, colleges and educational institutions in Delhi-National Capital Region, noting students were being deprived of mid-day meals and lacked wherewithal to attend virtual classes. The restrictions on physical classes of schools and colleges were imposed recently due to severe air pollution.

The SC, meanwhile, ordered the CAQM to initiate action against the officials of Delhi government and Delhi

Police under Section 14 of Commission for Air Quality Management (CAQM) Act for deploying police personnel admittedly only in 23 checkpoints, instead of all, on November 18 when GRAP IV kicked in. The SC also observed that a large number of students did not have air purifiers, suggesting that there may be little difference in conditions for children studying at home versus those attending school.

A Bench of Justices Abhay S Oka and Augustine George Masih, however, refused to relax the anti-pollution GRAP-IV restrictions in Delhi-NCR and said unless it was satisfied that there was consistent decrease in AQI levels, it cannot order curbs

Photo: Ranjan Dimri/Pioneer

## Conduct classes in hybrid mode: CAQM

Following the SC directions, the Commission for Air Quality Management (CAQM), late on Monday, directed Delhi and state governments of the NCR to consider conducting classes in hybrid mode.

The CAQM allowed institutions to conduct classes both in

"physical" and also "online" modes, wherever feasible, in Delhi, Gurugram, Faridabad, Ghaziabad and Gautam Buddha Naga. "The option to exercise online mode of education, wherever available, shall vest with the students and their guardians," it said.

below GRAP-III or GRAP-II. Meanwhile, residents in the National Capital woke up to a sunny morning on Monday. Still, a thin layer of smog covered major areas in the city and the air quality in the national capital witnessed a slight improvement in comparison to last week, as the AQI dipped to 289 in the morning from hazardous to an unhealthy level. The Central Pollution Control Board (CPCB) recorded an average AQI at 349 while IQ Air also recorded air pollution 374 at 4.30 pm which showed 706 in the afternoon.

PM2.5 concentration is 52.4 times the World Health Organization (WHO) annual PM2.5 guideline value.

## Parliament adjourns early, on day one of Winter Session

Prime Minister Narendra Modi addresses the media on the first day of the Winter session of Parliament, in New Delhi on Monday. Union Minister for Parliamentary Affairs Kiren Rijju and Ministers of State Jitendra Singh, Arjun Ram Meghwal and L. Murugan are also seen. Photo: Ranjan Dimri/The Pioneer

PIONEER NEWS SERVICE ■ NEW DELHI

Buoyed by the massive success in recent Assembly polls, after a tepid Lok Sabha performance that had dampened the ruling party's stature, Prime Minister Narendra Modi on Monday came with regained confidence and attacked the Opposition saying "those rejected by people 80-90 times" were trying to control Parliament by resorting to hooliganism for their own political gains.

Addressing the media ahead of the start of the Winter Session of Parliament, PM Modi said such a handful of people did not succeed in their intentions but people of the country observed their actions and punished them at an appropriate time.

However, minutes after the PM urged the Members to allow the Parliament to function smoothly, and give opportunity to the new MPs, both the Houses, Lok Sabha and Rajya Sabha, were adjourned due to the ruckus by the Opposition, over the latest Adani Group controversy. Lok Sabha Speaker Om Birla asked political

parties to avoid ruckus in the House in the name of protests.

In view of the Constitution Day celebrations in Samvidhan Sadan on Tuesday, Birla urged the members of various political parties to engage in a meaningful dialogue. President Droupadi Murmu is scheduled to start the year-long celebrations to mark the 75th anniversary of adoption of the Constitution at a joint sitting of the Lok Sabha and the Rajya Sabha in the Central Hall of the Samvidhan Sadan.

PM Modi's remarks came days after the Bharatiya Janata Party-led coalition won the Maharashtra Assembly elections by a landslide, bagging 235 seats and relegating the opposition Maha Vikas Aghadi to a distant 49 seats in the 288-member House. Earlier, the BJP had registered a surprise third consecutive victory in the Haryana polls, trouncing the Congress, which was billed as a pre-poll favourite.

"There should be a healthy debate in the Parliament but, unfortunately, certain individuals are trying to control

Parliament for their own political gains, resorting to disruptions and chaos. Though their tactics ultimately fail, the people watch their behaviour closely and deliver justice when the time comes," he added.

The PM said he had been repeatedly urging opposition colleagues, and some also agreed that Parliament should function smoothly. The Winter Session of Parliament began on Monday and is scheduled to continue till December 20. "The most troubling aspect, however, is that such behaviour (disruptions) stifles the rights of new MPs, those who bring fresh ideas and energy from all parties," the PM said. He also said the new members were often denied opportunities to speak in the House.

"We, as their representatives, must live up to these sentiments. It is time to reflect on the time we have lost so far and resolve to compensate by thoroughly debating various issues in the House," he said, adding, "Future generations will read and draw inspiration from these discussions. I hope this session will be highly productive, enhance the prestige of the Constitution's 75th year, strengthen Bharat's global stature, provide opportunities to new MPs, and welcome new ideas," he said.

"With this spirit, I once again invite and welcome all esteemed members of Parliament to approach this session with enthusiasm and vigour," the PM said. He added that the current session of Parliament was special in many ways, with the most significant aspect being the 75-year journey of the Constitution. Congress president Mallikarjun Kharge expressed dismay over the Chair in both Houses of Parliament disallowing the opposition to raise under Rule 267 the issue of corruption allegations against the Adani Group and said the government should "let the truth come out" as the matter is affecting the country's image.

People protesting against a proposed ropeway project along the trek route to the Vaishno Devi shrine clash with police personnel, at Katra in Reasi district. PTI

## Local tradesman wary of Vaishno Devi ropeway project

MOHIT KANDHARI ■ JAMMU

Katra township, the base camp of Mata Vaishno Devi Shrine located in the Trikuta hills Monday witnessed violent protests against the proposed ropeway project cleared by the Shri Mata Vaishno Devi Shrine Board authorities last week. The 250-crore ropeway project between Tarakote Marg to Sanjhi Chhat along the 13-kilometer track is expected to be a game changer for millions of devotees paying obeisance inside the sanctum sanctorum.

A large number of devotees welcomed the ropeway project and claimed it would make the spiritual journey more inclusive and accessible while maintaining the sanctity of the pilgrimage.

In contrast, local shopkeepers, pony wallahs,

and palanquin owners have been protesting peacefully for the last three days demanding immediate withdrawal of the proposal or proper rehabilitation of all families likely to be affected by the project. Carrying banners and placards, they raised slogans against the Shrine Board and the ropeway project, which they claim, would render them jobless.

However, peaceful demonstrations on Monday abruptly turned unruly after hundreds of protesters, assembled in the main chowk of Katra town went berserk. The agitators attacked a Central Reserve Police Force (CRPF) vehicle and broke its windshield forcing law enforcement agencies to launch a crackdown to disperse the large crowd. Chaos prevailed in the area as agitators ran helter-skelter.

## Cabinet approves One Nation One Subscription

PNS ■ NEW DELHI

The Union Cabinet on Monday approved One Nation One Subscription scheme to provide country-wide access to international high impact scholarly research articles and journal publications to students, faculty and researchers of all Higher Education Institutions managed by the Central government and State governments and Research & Development Institutions of the Central government.

The initiative will open a goldmine of knowledge available in top quality scholarly journals to nearly 1.8 crore students, faculty, researchers and scientists of all disciplines, including those in tier-two and tier-three cities, thereby encouraging core as well as interdisciplinary research in the country.

A total of 30 major international journal publishers have been included in One Nation One Subscription. All of the nearly 13,000 e-journals published by these publishers will now be accessible to more than 6,300 government Higher Education Institutions and central government R&D institutions.

## NSUI bags DUSU president post after seven years

SAUMYA SHUKLA ■ NEW DELHI

After biting the dust in the recently held state Assembly elections including the big jolts in Maharashtra and Haryana, the Congress party's student wing the National Students' Union of India (NSUI) on Monday bagged two posts in the keenly contested Delhi University Student Union (DUSU) elections. The Congress-backed student body is making the claim on the presidential post after a period of seven years. However, the celebrations, which are usually

Newly elected DUSU president Ronak Khatri, and joint secretary Lokesh Chaudhary of NSUI celebrate their win. Photo: Ranjan Dimri/Pioneer

accompanied with dhols, colours and loud music, was replaced by a rather quiet one even though the members of the Congress student wing chanted slogans for the winning candidates, even as the counting began early at DU's North Campus under tight security with the police deploying three-layer barricading at the counting centre, ensuring law and order.

The Bharatiya Janata Party (BJP) affiliated Akhil Bharatiya Vidyarthi Parishad's (ABVP) also secured two posts including Vice President and Secretary.

## Meerut groom chases down pickup driver in Bollywood-style drama

BISWAJEET BANERJEEN ■ LUCKNOW

Weddings are meant to be joyous occasions, but for Dev Kumar, a newlywed groom in Meerut, his post-wedding journey turned into an action-packed thriller worthy of a Bollywood blockbuster. The star of the show? Dev himself, who chased down a pickup driver accused of snatching a Rs 100 note from his traditional 'currency note garland' on NH-58.

Decked out in his wedding finery, including a vibrant red turban and a garland of Rs 100 notes, Dev was on his way home after the festivities when a sneaky pickup driver

allegedly swiped a note from his prized garland. Dev, however, was not one to let the matter slide.

Spotting the theft, the groom sprang into action. He flagged down a passing motorist, requesting a lift, and the two embarked on a dramatic chase through Meerut's bustling National Highway. The suspense heightened as Dev closed in on the alleged thief's vehicle. Then came the pièce de résistance: Dev leapt onto the moving truck, climbing through the passenger-side window with all the agility of a seasoned stuntman.

Caught on video, the scene has since gone viral, showing Dev retrieving his garland

from the startled driver's grasp and climbing back out of the truck - still dressed in his wedding attire. As the drama unfolded, Dev's relatives arrived at the scene, adding reinforcements to ensure the driver did not

escape. What could have been a simple case of theft quickly transformed into a comedy goldmine for social media users. One X (formerly Twitter) user quipped, "Cash mala was more important

than varmala." Another joked, "Plot twist: The groom planned this to avoid the wedding night!" Comparisons to Bhojpuri action sequences and punchlines like "UP is not for beginners" dominated the online chatter.

The video also captured the accused driver, later identified as Manish Sehgal, pleading with the groom to spare him as Dev and his relatives delivered a stern lesson in highway justice.

While Dev Kumar has been hailed as a local hero, Manish Sehgal offers a different take on the incident. According to Sehgal, he had nothing to do with the alleged theft.

# JHARKHAND SURPRISES EVERYONE

BANSHIDHAR RUKHAIYAR

The election results of Jharkhand have surprised everyone. The JMM led INDI

Alliance in Jharkhand had not expected a two third majority, though Hemant Soren was confident of an absolute majority. The NDA Alliance led by BJP also expected an absolute majority but it was decimated like anything astonishing the NDA as well as the political analysts. The causes of this surprising result are not far to seek. The most important cause of this surprising result was the extraordinary performance of JKLM led by Tiger Jai Ram Mahto which proved to be the spoilsport, especially for NDA. The AJSU lost its ground to JKLM and won only the seat of Mandu, that too by a razor thin margin. BJP won Latehar by a whisker. The Kurmi vote bank of AJSU was dented substantially and shifted to JKLM. The AJSU was badly mauled at the hustings and a dent in its Kurmi vote bank drastically affected BJP in many constituencies. The analysis of the data of election results in thirteen constituencies of

Ichagarh, Jugsalai, Kanke, Kharsawan, Tamar, Ramgarh, Silli, Khijri, Chandankiari, Gomia, Sindri, Tundi, Nirsra, Bokaro, Giridih, Bermo, Dumri provides a tell tale effect of JKLM. Tiger Jai Ram Mahto is the dark horse who has upset all political calculations of political strategists and pundits. It is really astonishing that the political strategists of BJP and AJSU failed to gauge the intensity of this silent menace as Tiger Jai Ram Mahto was not so dark a horse as JKLM had also fought parliamentary elections and got a reasonable number of votes. The second silent killer was the quiet entry of Kalpana Soren in the politics of Jharkhand. Her entry in politics was circumstantial but she displayed an extraordinary political acumen. Her calm, cool and logical speeches conveyed the message to the masses that Hemant Soren had been wrongly framed by the investigating agencies. She also invoked the

tribal pride and the tribal population identified her as a new tribal leader after Shibu Soren and Hemant Soren coming from the Soren clan. The tribal women were simply overwhelmed by her presence. She is well educated and a very good orator. She was successful in reading the pulse of the people and struck the chord of the masses. She is the real find of this election. Though it is too early to say, it appears that Tiger Jai Ram Mahto and his JKLM would replace AJSU. So, Tiger Jai Ram Mahto is another find of this election. The BJP strategists poached Champai Soren but he couldn't bring about a dramatic change in the fortunes of NDA in the tribal region, which lost twenty seven seats out of twenty eight. Champai Soren was the only leader to win his seat in the tribal region. BJP will have to introspect what is wrong with it in the tribal region. There is no shortcut in politics. BJP will have to work hard to

regain its lost ground in the tribal region. The BJP strategy of relying on borrowed players and sidelining the devoted party workers alienated the grassroots workers and this alienation and indifference passed on to the committed vote bank of BJP. There was no worker at the booth level in a sizeable number of booths to mobilize its committed voters to the booth on the polling day. Babu Lal Marandi does not have his former appeal. He always contests from general seats, instead of fighting from a reserved seat, which gives a wrong signal to the masses. His victory was ensured only after Niranjana Rai was managed and he withdrew from the electoral race. If the leader of the party is not confident of his victory, who will? Therefore, the BJP should introspect itself. AJSU should examine its relevance. The win win situation is for JMM which has not only won, but has found a powerful leader in Kalpana Soren.

## Number 9 and the Year 2025

BY KOMAL PANDEY (ASTROLOGER & NUMEROLOGIST)

Ruled by Mars, which symbolizes strength, energy, courage, and inner power, the number 9 signifies a year of vitality and activity! Thus, 2025 is anticipated to be especially beneficial for those governed by the number 9. According to Vikram Samvat 2082, the planetary influence of Mars is also prominent in the realm of wealth because the ruling planet of Samvat 2082's wealth is Mars, and 2025's sum (2+0+2+5=9) is also 9! This indicates that 2025 will be a particularly auspicious year for people with the number 9.

could achieve new heights in food security, military capacity, economic wealth, and luxury. Food security challenges might reduce, crop yields are expected to be high, and the defense budget could expand. Institutions like DRDO may see increased productivity, with innovations in defense technology that will attract international buyers, enhancing exports and foreign currency reserves. The Indian currency is likely to strengthen against the dollar.

Since Mars, linked to physical capabilities, influences number 9, the youth could drive growth across various sectors, propelling India to new heights, especially those with base numbers 9, 3, and 6. Mars, Jupiter, and Venus predominantly influence the directions of South, North, and East, respectively, which means India's trade and influence could flourish in these regions. If your number is 9, expanding your work in these directions might yield substantial growth and financial prosperity. Hence, in 2025, people associated with the number 9 and their compatible numbers may witness substantial growth, and India could establish a remarkable presence on the global stage with increased economic prosperity.

The stock market is likely to reach all-time highs, with sectors like defense, aeronautics, finance, pharmaceuticals, mining, and food processing showing significant growth. However, on September 7, 2025 (07+09+2025 = base number 7), which is an adversarial number to 9, there will be a total lunar eclipse. This may bring challenges for those governed by the number 9, with potential instability in India's political landscape and a downward trend in the stock market. Personal life might face slight turbulence for those associated with the number 9. As the Sun transits into Scorpio (Mars-ruled) on November 15, 2025, situations will start to stabilize.

By then, financial prosperity will resume for those with the number 9, along with strengthened work abilities and mental acuity. However, it is advisable to avoid taking actions driven by ego to maintain harmony in family life. In 2025, it is suggested that women recite the Mangal Chandika Stotra for personal growth, while men recite the Mangal Kavach to pave the way for success. Worship of Lord Hanuman is also recommended.

Due to the synergy of these three planets, India is likely to witness prosperity in 2025! Further, examining the base numbers of the year 2025, India, and the honorable Prime Minister Narendra Damodardas Modi is crucial. As his decisions significantly impact the nation, a favorable alignment could bring more positive outcomes.

Alignment of Numbers:  
Base number of 2025 = 9  
Base number of Narendra Damodardas Modi = 9  
Base number of Bharat = 6  
Base number of India = 3  
All these numbers share a friendly relationship, suggesting that decisions made by Prime Minister Narendra Modi will likely be beneficial for the nation's progress. Therefore, 2025 stands out as a highly significant year for India. In 2025, India is expected to enhance Her self-confidence, courage, energy, and strength. The nation

IN SUMMARY, 2025 IS SET TO BE AN INCREDIBLY IMPACTFUL YEAR FOR INDIVIDUALS WITH THE NUMBER 9 OR THEIR COMPATIBLE NUMBERS, AS WELL AS FOR INDIA'S PROGRESS ON THE WORLD STAGE.

## Two day international conference on civil engineering commences at BIT Sindri

PNS : DHANBAD

Two day International Conference on Research and Innovation for Sustainability in Civil Engineering (RISCE) commenced at BIT Sindri on Monday here.

This grand event serves as a beacon for innovation, research, and sustainability in the field of Civil Engineering, bringing together eminent scholars, researchers, and industry professionals from across the globe.

Dr. Jitu Kujur, Head of Department, CED, BIT Sindri, in his welcome address, expressing gratitude and enthusiasm for the gathering.

Dr. S.K. Shukla, Chairperson of RISCE, took the stage to present an insightful overview of the conference, outlining its objectives, significance, and expected outcomes. He emphasized the pivotal role of sustainability in addressing current global challenges, highlighting the need for integrating innovative solutions with time-tested traditional methods. Stressing the importance of balancing development with ecological preservation, Dr. Shukla elaborated on how traditional practices, rooted in harmony with nature, could offer valuable insights into sustainable development.

The Director of BIT Sindri and Patron of RISCE followed with an inspiring address, highlighting the institute's commitment to fostering research and innovation in alignment with global sustainability goals.

The event was further enriched by words of the Dr. R.P. Sharma and Dr. S.K. Das, who shared their perspectives on the evolving landscape of Civil Engineering and the role of conferences like RISCE in shaping the future. They emphasized the importance of revisiting the foundational principles of Civil Engineering while integrating innovative ideas to address contemporary challenges. By blending time-tested basics with cutting-edge solutions, they inspired the audience to ignite their minds and contribute meaningfully to the ever-advancing world of infrastructure and sustainability. In his keynote Dr. B. Bhattacharya, whose profound insights into sustainability and innovation in Civil Engineering left the audience enlightened and motivated. His dynamic presentation style, coupled with his engaging anecdotes, captivated the crowd, infusing the hall with an energy that made the discussion on these crucial topics both inspiring and thought-provoking.

The conference was formally inaugurated with the release of the Abstract Proceedings, symbolizing the commencement of fruitful deliberations and knowledge exchange.

The inaugural session concluded with a thoughtful vote of thanks by Dr. B.D. Yadav, Secretary of RISCE. Dr. Uday Kumar Singh, Prof. Prafulla Kumar Sharma, Dr. Maya Rajnarayan Ray, Dr. Nishikant Kisku, Dr. Brahmdeo Yadav, Dr. Komal Kumari, Dr. Abhijit Anand, Prof. Saroj Meena, Prof. Iqbal Shaikh and Prof. Prashant Ranjan Malviya contributed remarkably to make event successful.

## BJP's 'Aabhar Yatra' to mark Purnima Sahu's victory

PNS : JAMSHEDPUR

Following the resounding victory of BJP candidate Purnima Sahu in the Jharkhand East Assembly constituency, the Bharatiya Janata Party (BJP) has announced a grand 'Aabhar Yatra' (Gratitude March) to thank voters for their overwhelming support. The yatra, scheduled for 26th and 27th November, will traverse the main routes of the constituency, covering various mandals in the Eastern Assembly region.

Newly elected MLA Purnima Sahu will lead the Aabhar Yatra, personally expressing her gratitude to the public for their trust and support in her leadership. In addition to the march, BJP workers, under the leadership of mandal presidents and booth presidents, will go door-to-door delivering gratitude letters to voters and seeking their blessings.

To ensure the march's success, mandal-level meetings have been organized,

and Baridih: Khemlal Chowdhary.

"Enthusiasm is high among BJP workers, who have united to ensure the success of this initiative. Alongside the yatra, the BJP is planning to organize booth-level conferences in the coming days to honor booth presidents and strengthen grassroots connections. With this march, BJP aims to not only celebrate Purnima Sahu's victory but also reinforce its commitment to public service in the Jharkhand East constituency," said a party worker.

Mandals and In-Charges for the Aabhar Yatra: Sitaramdara: Gunjan Yadav, Birsanagar: Bhupendra Singh, Burminnes: Mithilesh Singh Yadav, Golmuri: Dinesh Kumar, Sakchi East: Sanjeev Singh, Telco: Rakesh Singh

## Two youths murdered in Gudri, suspected PLFI extremist involvement

PNS : JAMSHEDPUR

In a chilling incident late Sunday night around 11 PM, two youths were brutally murdered in Giru village under the Gudri area. The attack, suspected to be the handiwork of PLFI (People's Liberation Front of India) extremists, involved sharp weapons and sticks.

The deceased have been identified as 22-year-old Ravi Tanti from Giru village, son of Vinod Tanti, and Ghansa Topno, a youth from Khunti. Acting on the information, Gudri police station in-charge Mahwa Minz, along with her team, reached the crime scene on Monday morning. The bodies were recovered and sent to Chakradharpur Sub-divisional Hospital for post-mortem.

The police have launched an investigation and suspect the involvement of PLFI extremists in the killings.

## NML celebrates 75 Years of Excellence

PNS : JAMSHEDPUR

The CSIR-National Metallurgical Laboratory (NML), Jamshedpur, has completed an illustrious journey of 75 years, establishing itself as a global leader in metallurgical and materials research. Since its foundation stone was laid by Hon'ble Sri C. Rajagopalachari on November 21, 1946, and its formal inauguration by Pandit Jawaharlal Nehru on November 26, 1950, the laboratory has remained committed to innovation and excel-

lence in the fields of minerals, metals, and advanced materials. Speaking at the inauguration, Nehru described the laboratory as being established "in a spirit of hope and in a spirit of faith in the future." These words resonate as the laboratory continues to drive scientific and industrial growth in India.

Over the years, CSIR-NML has diversified its research and development activities through its four R&D divisions and four support divisions. The laboratory has built strong alliances with

premier research institutes both in India and abroad, fostering innovation in the minerals and metallurgical sector.

Its focus spans across various domains, including: Mineral Processing and Engineering - Research in coal and iron ore, petrography, and pilot-scale studies.

Metal Extraction- Expertise in extractive metallurgy, hydrometallurgy, Applied Chemistry - Advancements in water and surface chemistry, alongside chemical analysis. Materials Engineering - Development of advanced alloys, materials processing, and metal forming. Energy and Environment- Emphasis on waste utilization, recycling, and pollution mitigation.

NML is also recognized for developing certified reference materials, setting benchmarks for raw materials, metals, alloys, and spectrographic standards.

Beyond research, CSIR-NML has undertaken numerous social initiatives that demonstrate its commitment

to community development. Some notable programs include: School-NML Interactive Program - Introducing students to the wonders of science. Teacher-CSIR NML Interactive Program (HNIP)- Empowering educators with scientific resources.

Village Adoption Projects- Promoting sanitation, health, education, and employment generation. Vocational Training- Providing skill development opportunities for youth. JIGYASA Program - In partnership with Kendriya Vidyalaya Sangathan, this initiative seeks to inspire scientific curiosity among schoolchildren.

As CSIR-NML celebrates 75 years, its focus remains unwavering on delivering cutting-edge solutions to meet the demands of the metallurgical and materials science sectors. With its state-of-the-art facilities and a dedicated team of scientists and engineers, the laboratory is poised to continue its legacy of excellence and innovation.

# Emerging Trends in the Modeling Industry: A Diverse Array of Opportunities

BY RACHNA TIWARI

The modeling industry, long associated with runway shows and high-fashion photo shoots, is undergoing a significant transformation. Today's models are no longer confined to fashion magazines; they are expanding their roles to embrace a wide range of new and exciting opportunities. From fitness modeling and beauty blogging to brand ambassadorship and philanthropy, models

are leveraging their skills and influence in diverse ways.

One of the most rapidly growing sectors is Fitness Modeling. With a focus on promoting athleticism and healthy lifestyles, fitness models are in high demand by sports apparel brands, fitness products, and wellness campaigns. These models not only represent physical ideals but also embody the ethos of hard work, discipline, and health. Brands recognize the appeal of models who live and breathe their values, making fitness modeling an increasingly lucrative and sought-after field.

Another avenue where models are making an impact is through Beauty Blogging. By sharing beauty tips, makeup tutorials, and product reviews, models are building personal brands that resonate with their followers. With their insider knowledge and polished

appearances, models are perfectly positioned to influence consumers in the beauty and skincare industries. Many models use platforms like Instagram and YouTube to monetize their content, blurring the lines between modeling and content creation.

Some models are also branching out into Acting and Hosting. Armed with on-camera experience and natural charisma, many are successfully transitioning into the entertainment world. Whether acting in films or hosting television shows and web series, models are finding that their experience in front of the lens translates seamlessly into these related fields. This shift allows them to further diversify their skill sets while gaining exposure in new markets.

In the corporate world, models are also finding unique opportunities as Product Demonstrators and

Brand Ambassadors. Companies often hire models to showcase products at trade shows, conferences, and corporate events. Their professionalism and presentation skills make them ideal candidates for demonstrating everything from technology to lifestyle products. Furthermore, brands are increasingly turning to models as Brand Ambassadors-recognizable figures who embody the company's image and values. These ambassadors

attend events, promote products on social media, and help forge a deeper connection between the brand and its audience.

Corporate Training is yet another area where models are contributing. Some models are hired to teach communication skills, public speaking, and presentation techniques to business professionals. With their expertise in body language and presentation, models are uniquely qualified to coach others on how to command a room or deliver a compelling speech.

In addition to career expansion, many models are using their platforms to make a difference in the world. Philanthropic Modeling is an emerging trend where models leverage their influence to raise awareness for social causes. From supporting charitable organizations to advocating for health or education initiatives, models are

proving that their roles go far beyond aesthetics.

Environmental and social causes have also found champions among models. Environmental Advocacy is on the rise, as many in the industry push for sustainable fashion and eco-friendly beauty products. Models are becoming vocal advocates for reducing waste, using ethical materials, and promoting green business practices. In a similar vein, Social Justice Modeling sees models using their influence to challenge societal norms, promote inclusivity, and fight for equality. Models are uniquely positioned to amplify marginalized voices and encourage change in industries that have historically been exclusive or discriminatory.

The modern model is not just a face for fashion but a multifaceted professional. Whether showcasing athletic prowess, influencing

beauty trends, or standing up for social justice, today's models are seizing new opportunities and redefining what it means to work in the industry. As they continue to break new ground, one thing is clear: modeling is no longer just about looks; it's about making an impact.

PROFILE: RACHNA TIWARI

career spanning ten years, Rachna has solidified her expertise in HR, entrepreneurship, and innovation ecosystem development. Beyond XLRI, Rachna's impact extends to her roles at prestigious institutions like IIM Ahmedabad and Khadi India, where she has made significant contributions to startup ecosystem development and e-commerce platform management. A successful print and ramp model who was also featured in Vogue and Gladrags (Magazine). From captivating the runway to shaping the entrepreneurial landscape, Rachna embodies the essence of a multifaceted professional making waves in diverse domains.

# BJP is willing to reduce SC/ ST seats: JMM

PNS : RANCHI

Jharkhand Attn Mukti Morcha (JMM) on Monday attacked Bharatiya Janata Party (BJP) on reservation issue and said that BJP is willing to reduce SC and ST reserve seats in the State.

Addressing a press meet JMM Central General Secretary cum Spokesperson Supriyo Bhattacharya said that there is a possibility of census in 2025 after this, delimitation will also take place. "We have expressed this apprehension earlier also that the reserved seats here, for tribals and Harijans, are going to be attacked by them because they do not like the tribals and Harijans of these areas."

Bhattacharya said that BJP is trying to reduce the number of reserved seats in Jharkhand. He said, we have expressed this apprehension many times. He said, whenever we have expressed any apprehension, it has proved to be correct. "We understand their Manuwadi think-

JMM General Secretary Supriyo Bhattacharya during a press conference in Ranchi on Monday. PNS

ing. Their attack will start again on these seats or in these areas. BJP knows that unless they create a rift between the natives and the tribals in the name of religion and region, their conspiracy will not succeed. Their business will not run. This is a serious issue," he added.

The JMM General Secretary said that the session of Parliament starts from today. It is feared that BJP will discuss how to abolish the reserved seats. He also told the opposition that we hope that the opposition

plays a positive role in taking our proposals pending with the Governor to the Centre. He said that JKLM, in which the public has expressed faith, will move in a positive direction with the government, this is also the hope. "They neither like Dalits, nor tribals, nor minorities, nor do they like the youth. He said that they do not like farmers and women either. He said that the Parliament session has also started from today. "In this too, there can be a discussion on the reserved seats of Jharkhand. The concerned officials will have to

decide that if the number of reserved seats is reduced in the name of delimitation, it will not be right," he added.

The Party Spokesperson further said that on November 28, a new Government will be formed in Jharkhand under the leadership of Hemant Soren and this Government will start fulfilling the promises made and it will start fulfilling the aspirations of the people. He said that the opposition that is BJP Leaders are unable to digest the mandate received from the people and the victory of the All India Alliance. He said that the top leadership of BJP, which had imposed its leadership on the tribals and natives here, is also unable to digest this mandate.

He said that the hateful language coming out of the mouth of BJP Leaders even after the results is worrying. He said, while we have been talking about elections in a peaceful environment and elections on issues from the beginning and now there will also be a meeting of BJP. The

leader of the legislative party will also be elected in it, he added.

JMM General Secretary said that the areas where poison was spread, the areas where poison was spread, they have been wiped out from these areas as well. He said that out of the 18 seats in the entire Santhal, they have got only one seat. He said that his MLA from Rajmahal also used to raise the infiltration issue in the House even when his Government was in power but his Government believed that there was no infiltration here. But this time due to his stubbornness, the Central Leadership of BJP also started talking about alleged infiltration, he added.

Bhattacharya further addressed the newly elected Mandu MLA of AJSU and said that your leaders were going to form a Government of employment, but they themselves became unemployed but you took steps forward to give them employment, this should be welcomed.

# Morhabadi is readying for Hemant's 2nd consecutive swearing in ceremony

PNS: RANCHI

Historical Morhabadi Ground of the State Capital is readying itself to witness second consecutive and fourth swearing in ceremony of incumbent Chief Minister (CM), Hemant Soren which is scheduled to be held on November 28.

Chief Secretary Alka Tiwari on Monday reviewed the preparations for the swearing-in ceremony at the Project Bhawan. Many guidelines were also given regarding this. The responsibility of organizing the swearing-in ceremony has been entrusted to the Ranchi District Administration. For this, many guidelines have also been given to Ranchi Deputy Commissioner (DC) Varun Ranjan. The Cabinet Coordination Department will monitor the entire event. After the meeting with the Chief Secretary, Ranchi DC and SSP also inspected the venue, Morhabadi Ground.

Meanwhile, Ranjan held a meeting on Monday regarding the preparations for the swearing-in ceremony of the Chief Minister and the members of the Council of Ministers. All the top officials of the district administration were present in this meeting. In this meeting, a detailed discussion was held regarding the swearing-in ceremony of the Chief Minister and the members of the Council of Ministers. Leaders of the major parties

Administrative officials inspecting the oath taking ceremony venue at Morhabadi ground in Ranchi on Monday. Pix by Ratan Lal

of the India Alliance and senior administrative officials are likely to attend it. Also, a large number of people are likely to gather at the venue. In such a situation, a detailed discussion was held with the concerned officials to maintain law and order and security arrangements at the venue.

In this meeting, instructions were given to the concerned officer regarding deputation of all the concerned officers. During this, the concerned officers were instructed regarding the oath taking ceremony to complete all the arrangements related to the program within the stipulated time.

This includes transport arrangements for the movement of people, food arrangements, arrange-

ments for accommodation of guests coming from other states during the ceremony and arrangements for their traditional welcome and parking, traffic arrangements, movement of VIP vehicles, minute to minute of the program, routing, control room, drinking water arrangements, mobile toilets, fire fighting arrangements and all other necessary arrangements. Meanwhile, Ranchi's Deputy Commissioner Varun Ranjan reviewed the preparations being made in Morabadi for the swearing-in ceremony.

This time in the assembly elections, the All India Alliance has got 56 seats, JMM has got 34 seats, Congress has got 16 seats, RJD has got 4 seats, while CPI(M) has got 2 seats.

# Narberham Hansraj English School celebrates Founder's Day with fervour

PNS : JAMSHEDPUR

Narberham Hansraj English School celebrated its Founder's Day on 25th November 2024 with great enthusiasm and reverence. The event was graced by the presence of esteemed guests, including Killol Kamani, Devang Gandhi (Joint Secretary), Chandrakant Zatakia (Treasurer), and other distinguished committee members. Together, they paid homage to the founder, Sri Narberham Hansraj Kamani, whose visionary leadership and philanthropic spirit laid the foundation for the Narberham group of institutions.

Nakul Kamani, President of the School Managing Committee, continues to uphold this legacy of excellence. Under his guidance, Narberham Hansraj English School has emerged as one of the town's most prestigious

institutions, embodying a commitment to holistic education. The celebrations commenced with the traditional 'Garland Ceremony' and the lighting of the ceremonial lamp, accompanied by shloka recitations. Riya Barik of Class 9A delivered an inspiring speech on leadership and the legacy of Narberham Hansraj Kamani, while Nandini of Class 8C highlighted the remarkable achievements of NHES. The school choir added a melodious tribute with their heartfelt musical presentations.

Reflecting the values of empathy and compassion instilled in its students, the NHES Interact Club undertook the 'Prayati' project to honor the founder's memory. They distributed gifts, books, chocolates, and apples to underprivileged children, embodying the school's mission to foster love and gratitude in its community.

# Rajashree Banerjee Assumes Charge as Executive Director (HR) at BSL

R SHARMA : PNS BOKARO

In line with the recent promotion orders for Executive Director positions at SAIL, Rajashree Banerjee has taken charge as the Executive Director (Human Resources) at Bokaro Steel Plant (BSL). The formal handing-over ceremony took place in the presence of BSL's Director In-Charge, Birendra Kumar Tiwari. Rajashree Banerjee began her career at the Durgapur Steel Plant as a Management Trainee (Administration). Over the years, she held several significant roles in departments like Marketing, the Managing Director's Secretariat, and Personnel. In 2019, she was transferred to Rourkela Steel

Plant, where she made commendable contributions in workforce development, training practices, and capacity building within the Human Resources Department. Her innovative leadership earned her the position of Chief

Learning and Development) at Rourkela Steel Plant. Now, as the first woman to hold the post of Executive Director (Human Resources) at BSL, her extensive experience and strategic vision are expected to significantly benefit the organization.

# Jharkhand has come under stone pelters' grip: Babulal

PNS : RANCHI

Bharatiya Janata Party (BJP) State President Babulal Marandi has written in a social media post that after love jihad and land jihad, Jharkhand has now come under the grip of stone pelters.

Marandi said that the situation is such that stones are being pelted, lathis are being used, houses are being demolished, people are being beaten up on the basis of their votes.

Referring to the Sahebganj incident, the BJP State Chief has written on social media post that a similar incident has come to light in Mohammadpur village of Sahebganj, where Imam Mirza was beaten up, threatened and mentally tortured only because he had

expressed his faith in the Bharatiya Janata Party and voted for the lotus flower. As soon as the results came, goons of the JMM party are beating up BJP-supported workers and voters, threatening to evict them from the village and saying that they have everyone from the Chief Minister to the police station In-Charge in their hands, so no one can harm them for their misdeeds, he added.

In this case, the victim Imam Mirza has given a written complaint to the police. It is said that he is a resident of Mohammadpur village of Sahebganj district. Mehbub Sheikh, Majharul Sheikh, Munna, Mustafa, Aashiq Sheikh tortured him for voting for BJP in the elections and also threatened to expel him from the village.

# People are liking Jharcraft's organic silk

PNS : RANCHI

Almost all the things made by nature are precious and beneficial for living beings. That is why we give more priority to the things made from natural things. People are liking the organic silk of Jharcraft stall at the Jharkhand pavilion of the trade fair.

About Jharcraft, Manager Mrityunjay Thakur said that Jharcraft is a leading name in the world of organic silk products, which does not use any kind of chemical from making its products to colors, in which the entire process of shaping from cocoon to thread and thread to cloth is done with natural beads only.

Colors are made by extracting them from things like marigold flowers, palash, tea leaves and cinnamon, he said. "Apart from this, the prints made on the clothes also display the traditionalism of Jharkhand. In which the artworks used in regional festivals and rituals are depicted," Thakur said.

Jharcraft Manager said that Jharcraft is a Jharkhand government undertaking in which we produce organic products. "This year in the World Trade Fair, we are selling sarees, dupattas, bed-sheets, shirt fabrics and other personal use items made of Eri silk, Tussar silk, cotton etc.

# UBI organised 'Hindi Utsav - 2024'

PNS : RANCHI

Union Bank of India (UBI), Zonal Office and Regional Office Ranchi organised "Hindi Utsav - 2024" and Hindi Diwas Award Distribution Ceremony on Monday in Ranchi.

Zonal Head Baijnath Singh, Area Head Alok Kumar, Sub-Zone Head Vijay Kumar Roy, Sub-Zone Head Shashikant, Assistant General Managers Charu Sinha, Vibhas Mishra, Neeraj Kandhava, Ravi Kumar Budula, Sushant Kumar Das and Executives and Staff Members of Zonal and Regional Offices and Branches attended the Hindi Utsav pro-

gramme along with their families. In the programme, the winners of the competitions organised during the Hindi Pakhwada were awarded and the employees and departments doing the best work in Hindi were honoured with certificates. During the programme, reference literature published on "Self Help Groups" of Zonal Office Ranchi and "Various Mediums

of Transactions" of Regional Office Ranchi were released.

A cultural evening was also organised in the said programme in which executives of Union Bank, Chief Managers, Branch Managers of Ranchi region along with staff and members of staff family were present in large numbers and their presence made the programme memorable.

# Governor wrote letter to CM and said tribal land transfer is serious issue

PNS : RANCHI

Governor Santosh Kumar Gangwar has written a letter to Chief Minister (CM) Hemant Soren. It is said that the SPT Act is applicable in Santhal Pargana. Despite this, tribal land is being transferred on a large scale on the basis of plain donation letters and affidavits, which is extremely serious.

Gangwar has further written that the Governor has been given special responsibility to protect the interests and land of the tribals in the scheduled area, due to which the Governor has requested the CM to stop the illegal activities happen-

ing in the Santhal area in view of the seriousness of the situation. He has also talked about 100 per cent compliance of the provisions of SPT. Through this letter, the

Governor has asked the CM to take action against the illegal activities happening in Santhal. Along with this, he has also asked the CM to instruct the officials regarding this.

In the letter, Gangwar has cited the report submitted by the member of the National Commission for Scheduled Tribes on demographic change in Santhal Pargana and said that due to Bangladeshi infiltration in Santhal, cultural, religious and traditional institutions are constantly changing. "At the same time, religious places are being built illegally on pasture land in rural areas. Along with this, the

administration is approving the plans for boundary walls to build graveyards on the land of Jaher Sthan and Dev Sthan," he said.

Citing his report, the Governor has said that in Santhal, tribal women are being married and made second and third wives. "Then they are being elected to the post of Mukhiya. In this way, the resources of the Panchayats are being taken under control by unwanted elements. Also, the police is not taking proper cognizance of the cases registered under the Scheduled Castes, Scheduled Tribes Atrocities Act. Due to this, the tribals

there are not getting justice," he added.

Regarding this, Gangwar said that in the Constitution, the Governor has been given special responsibilities for the administration of the Scheduled Area, especially for the protection of the interests of the tribals and the land. Due to this, the Governor made a special request to the Chief Minister and said that in view of the seriousness of the situation, these illegal activities taking place in the Santhal area should be stopped. Also, the local administration should be directed to ensure 100 per cent compliance with the provisions of SPT.

# President Murmu to lead celebrations marking 75 years of the Constitution

**PIONEER NEWS SERVICE ■**  
NEW DELHI

President Droupadi Murmu will lead the celebrations at the Central Hall of the old Parliament complex on November 26 to mark 75 years of India's Constitution, the government announced on Monday.

Vice-President Jagdeep Dhankhar and Prime Minister Narendra Modi and Lok Sabha Speaker Om Birla will take part in Tuesday's function in the Central Hall of Samvidhan Sadan to mark the 75th anniversary of the Constituent Assembly's adoption of the Constitution.

Leaders of various opposition parties of the INDIA bloc have written to Lok Sabha Speaker Om Birla, urging him to allow leaders of the opposition in both Houses to speak during the Constitution Day celebration function.

Union minister Kiren Rijju said Prime Minister Narendra

Modi will not be addressing the event and accused "some of the Opposition parties" of giving reactions without knowing the actual arrangement.

The Union minister of parliamentary affairs made the remarks during a pre-event briefing here, in response to a query on leaders of various INDIA bloc parties having written to Lok Sabha Speaker Om Birla to allow opposition leaders of both Houses to speak during the Constitution Day function.

After a presentation by Union Culture Secretary Arunish Chawla, Rijju and Union ministers Arjun Ram Meghwal and Gajendra Singh Shekhawat interacted with media persons at the National Media Centre.

"The problem with some of the Opposition parties is that without knowing the actual arrangement. They started giving reactions. The prime minister is not even speaking

tomorrow in the function. The Speaker, the vice president and the President of India will speak," he said.

"Secondly, we have made sit-

ting arrangements for the Leader of Opposition of both Lok Sabha and Rajya Sabha on the dais. Without knowing anything, this kind of reaction

on a very solemn occasion is condemnable," Rijju said. The Union minister also said that the Constitution Day celebration was above politics

and is a celebration of the country.

"On the occasion of the 75 years of India's Constitution, we are getting an opportunity to take part in the celebrations at Parliament (complex).

Tomorrow, will be the address of the President. There will be a joint sitting of the members of both Houses. It will be a celebration of 75 years of the adoption of India's Constitution in Delhi. And, many other events will be held in various parts of the country too," he said.

"We will sit in the very same chamber where the Constituent Assembly sittings happened and the Constitution was adopted," Rijju added. He termed the event a "historic occasion".

"I believe that it is not just an event of the judiciary, executive and legislative wings. Entire country has to take part in these celebrations, in full spirit and read the

Preamble," Rijju said.

The minister extolled the Constitution and said it gave rise to a "successful and vibrant democracy". And the credit goes to the founding father, the makers of the Indian Constitution, he added.

The letter written to the Lok Sabha Speaker which had been signed by leaders of various parties reads, "We are writing in the context of the function being held tomorrow (Tuesday) in the Central Hall of Samvidhan Sadan to commemorate the 75th anniversary of the adoption of the Constitution of India. We understand that the function will be addressed by the president, vice-president and the prime minister of India."

"We believe that in the best traditions and interests of Parliamentary democracy, the Leaders of Opposition (LoPs) in both Houses should also be given an opportunity to speak

on this historic occasion," it added.

The signatories to the letter include TR Baalu, Tiruchi Siva, Kanimozhi, Supriya Sule, Raghav Chadha, P Sandosh Kumar, ET Mohammed Bashir, K Radhakrishnan, Ramji Lal Suman, and NK Premachandran.

As regards celebrations, a special website has also been created to mark the year-long celebrations, Union Culture Secretary Arunish Chawla told reporters during a briefing at the National Media Centre here.

The commemorative portal urges people to read the Preamble of the Constitution, record a video and upload it on the website to get a certificate.

Mass readings of the Preamble will also be held at schools across the country. To mark the occasion, the government will release a commemorative coin and stamp.

## BJP slams Opposition for stalling Parliament

**PIONEER NEWS SERVICE ■**  
NEW DELHI

The BJP on Monday slammed the opposition parties and said it was not right on their part to stall Parliament proceedings in "retaliation" to their defeat in Maharashtra assembly polls and bypolls in various states, will you retaliate by not letting Parliament function? This is not right," senior BJP leader Ravi Shankar Prasad told reporters in Parliament complex.

He said Prime Minister Narendra Modi and others

various issues, including indictment of Adani group chairman Gautam Adani and others in a US court on bribery charges.

"If you are frustrated over your defeat (in just concluded Maharashtra assembly polls and bypolls in various states), will you retaliate by not letting Parliament function? This is not right," senior BJP leader Ravi Shankar Prasad told reporters in Parliament complex.

He said Prime Minister Narendra Modi and others

from the government had asserted that discussions will be held on every issue in Parliament. "You could have discussed the Sambhal issue also," the former Union minister said.

Union minister Giriraj Singh also flayed the opposition parties over adjournment of the House proceedings, alleging that they "deliberately" create disturbance as they do not want Parliament to function. "This is in a way an attack on the people," he told reporters in Parliament complex.

## LS Speaker asks political parties to avoid ruckus in House

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Lok Sabha Speaker Om Birla on Monday asked political parties to avoid ruckus in the House in the name of protests as the Winter Session of Parliament got off to a stormy start.

Parliamentary sources said the Lok Sabha speaker flagged the issue of disruptions during a meeting of the Business Advisory Committee and urged the floor leaders of political parties to convey their dissent in a constructive manner.

The Speaker's remarks came on a day when opposition members raised slogans and trooped to the Well of the Lok Sabha and the Rajya Sabha demanding discussion on the issue of indictment of industrialist Gautam Adani in a US court on bribery charges.

The sources said that the speaker urged members to follow the highest traditions of debate and dialogue in the House.

Birla referred to 75 years of adoption of the Constitution and recalled the glorious traditions of "high quality debates by our founding fathers in the constituent assembly", they said.

In view of the Constitution Day celebrations in Samvidhan Sadan on Tuesday, Birla urged the members of various political parties to engage in a meaningful dialogue.

President Droupadi Murmu is scheduled to start the year-long celebrations to mark the 75th anniversary of adoption of the Constitution at a joint sitting of the Lok Sabha and the Rajya Sabha in the Central Hall of the Samvidhan Sadan.

## Sanganer open air camp: Rajasthan Government opposes contempt plea in SC

**PTI ■ NEW DELHI**

The Rajasthan government on Monday opposed in the Supreme Court a plea accusing it of taking the area allotted to Sanganer open-air jail campus at Jaipur for the construction of a 300-bed hospital and termed it "sponsored litigation".

A bench of Justices B R Gavai and K V Viswanathan directed the registrar of the apex court to act as a court commissioner and submit a report after inspecting the site.

It was hearing a contempt plea alleging wilful disobedience by the Rajasthan authorities of the apex court's May 17 order which directed that there shall be no attempt to reduce the area of open-air camps/prisons functioning in the country.

Semi-open or open prisons allow convicts to work outside the premises during the day to earn a livelihood and return in the evening.

The concept was introduced to assimilate the convicts with society and reduce psychological pressure as they faced difficulties in leading normal lives outside.

Solicitor General Tushar Mehta, appearing for

Rajasthan, said the state has neither reduced nor there is any attempt to reduce the area of Sanganer open-air camp.

"This is the constituency of the chief minister (of Rajasthan) where there are interested people who do not want a hospital to come up," the top law officer said.

He said the plea had been filed by a "public-spirited man" from Assam.

Mehta said as per the government revenue records, the area allotted to the Sanganer open-air jail campus is around 1.78 hectares and neither the allotted area has been reduced nor there is any proposal or decision to reduce it.

He said the area allotted for the construction of a 300-bed government hospital was totally

outside the actual allotted area for the open-air prison.

When Mehta said it appeared to be a "sponsored litigation", the bench asked, "Who can be behind this? It is not as if that somebody has any commercial interest."

"I know the reason, I do not wish to say. Let us not go into it. The purpose is that direction of the court must be complied with," the solicitor general said.

"The hospital construction should not be stayed. That is the intended purpose," he said. Senior advocate S Muralidhar, appearing for the petitioner, said the open-air prison should be allowed to function as it is and nobody was objecting to the construction of the hospital.

## Air quality improved in 97 out of 130 cities under NCAP since 2017-18: Environment Minister

**PIONEER NEWS SERVICE ■**  
NEW DELHI

Ninety-seven of the 130 cities targeted under the National Clean Air Programme have shown improvement in air quality as compared to 2017-18, with 55 recording more than 20 per cent reduction, the Environment Ministry said on Monday.

Responding to a question in the Lok Sabha, Environment Minister Bhupendra Yadav said the National Clean Air Programme (NCAP) aims to reduce particulate matter (PM10) pollution by up to 40 per cent or achieving national air quality standards by 2025-26.

As of 2023-24, 97 of the 130 cities targeted have shown improvement in air quality as compared to 2017-18, with 55 recording reduction exceeding 20 per cent, the minister said.

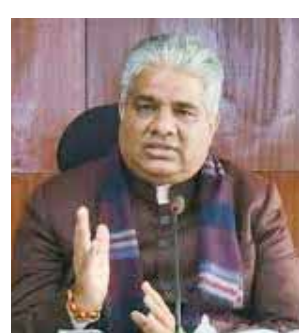

However, concerns about pollution remain in the coal mining regions, particularly in Jharkhand, he added.

Launched in January 2019 by the Ministry of Environment, Forest and Climate Change, NCAP covers 130 cities across 24 states and Union Territories.

The programme has seen notable successes, with cities like Varanasi and Dhanbad achieving PM10 reductions of 68 per cent and 56 per cent, respectively, the ministry said.

These improvements have been supported by city-specific action plans targeting the sources of pollution such as vehicular emissions, road dust, and industrial pollution.

Financial backing under the 15th Finance Commission's Air Quality Performance Grants has been instrumen-

tal, with Rs 11,211.13 crore allocated between 2019-20 and 2023-24.

This funding has been complemented by resources from Central and state government initiatives, including the Smart City Mission and the Swachh Bharat Mission. In Jharkhand, the government has undertaken specific measures to combat pollution caused by coal mining operations.

These include constructing greenbelt-protected coal transport roads, installing mechanised transportation systems, and implementing continuous air quality monitoring.

However, despite these efforts, the challenges persist. For example, the key mining hubs of Dhanbad, Ranchi and Jamshedpur continue to struggle with pollution levels despite the allocation of Rs 279.44 crore under the NCAP for targeted interventions.

Steps like intensified regulatory oversight, installation of fog cannons, and dissemination of weekly air quality bulletins aim to enhance public awareness and accountability among the mining players.

However, more rigorous implementation of environmental compliance measures and public engagement will be critical to sustaining these gains.

## VHP demands NSA against Sambhal violence perpetrators

**PIONEER NEWS SERVICE ■**  
NEW DELHI

The Vishva Hindu Parishad (VHP) on Monday condemned the violence in Sambhal district of Uttar Pradesh and demanded those involved in the case be booked under the National Security Act.

VHP joint general secretary Surendra Jain also demanded that the culprits and their supporters be also booked under NSA and all of them should be made to compensate for the damage caused in the violence.

Three people were killed and scores of others, including around 20 security personnel and four personnel of the

administration, were injured as protesters opposing a court-ordered survey of a Mughal-era mosque here clashed with police on Sunday. One injured person died on Monday.

"The way Muslim fundamentalists pelted stones on police, fired bullets and committed arson in Sambhal is highly condemnable. The way Muslim leaders, maulanas and many leaders of the Samajwadi party and the Congress, including Rahul Gandhi, have supported this violence is also worrisome," Jain said.

He alleged that the violence was carried out "at the behest of maulanas" and accused the Congress and Samajwadi

Party leaders of making "provocative statements." Jain added, "Rioters and their supporters should be booked under the NSA and arrested immediately.

All the losses caused by them should also be recovered from them."

Police on Monday said they have lodged seven FIRs in connection with the violence, naming Samajwadi Party MP Zia-ur-Rehman Barq and local SP MLA Iqbal Mehmood's son Sohail Iqbal as accused.

Addressing a press conference, Superintendent of Police Krishan Kumar said six people, including Barq and Iqbal, were named in these FIRs and 2,750 others have

been mentioned as unidentified.

"Due to Barq's statement earlier, the situation became worse here," he added.

The district administration has already imposed prohibitory orders and barred the entry of outsiders into Sambhal till November 30. Internet services are suspended in Sambhal tehsil and the district administration declared Monday a school holiday.

Tension has been brewing in Sambhal since November 19 when the local Jama Masjid was first surveyed on the court's orders following a petition claiming that a Harihar temple had stood at the site.

## BIS in process of developing standards for 214 critical medical devices

**PIONEER NEWS SERVICE ■**  
NEW DELHI

In line with the National Medical Device Policy, 2023 and aiming to address the growing need for reliable and affordable medical assistive technology, the Bureau of Indian Standards (BIS) is in the process of developing standards for 214 critical medical devices.

The national standards body is expected to develop standards for innovative products such as "therapeutic footwear, portable ramps, braille displays, and fall detectors". The standardisation will be developed by December 2025, the Union Ministry of Consumer Affairs, Food & Public Distribution said on Monday.

The 214 critical medical devices, identified in consultation with the Department of Pharmaceuticals (DoP), also "includes septal closure devices, plasma sterilisers, and phototherapy machines".

"BIS standards in this sector ensure that Indian medical devices are safe, effective, and globally competitive. These efforts build trust among healthcare providers, consumers, and international stakeholders while solidifying India's reputation as a leader in healthcare innovation," said the Ministry.

"By aligning with the Medical Devices Rules, 2017, and the National Medical Device Policy, 2023, BIS is proving to be instrumental in establishing a robust regulatory framework that prioritizes public safety while fostering innovation," it added.

Currently, there are over 1,700 standards for the medical sector, covering specialties such as cardiology, neurology, orthopaedics, ophthalmology, and more.

Of these, around 1,200 standards specifically focus on medical devices critical to healthcare.

This includes life-saving devices like cardiac pacemakers, heart valves, ventilators, and haemodialysis machines; advanced diagnostic tools like X-ray machines, CT scanners, MRI systems, and blood glucose monitors; and assistive technology tools like hearing aids, wheelchairs, Jaipur Foot, and tactile pathways for visually impaired individuals.

The ministry pointed out that dentistry has the maximum number of standards (249), followed by surgical disposables (205), orthopaedics (155), and assistive products (152). ENT (70), gynaecology (70), and cardiology (69) have the lowest number of standards.

**The Teacher App**  
Elevating Teachers. Elevating India.

Chief Guest  
Union Minister of Education

Education Minister Dharmendra Pradhan on Monday launched "The Teacher App" which has been developed by Bharti Airtel Foundation and is dedicated to the capacity building of teachers. Pradhan said Centre is leveraging innovation and technology for continuous capacity building of teachers in the spirit of new National Education Policy (NEP). Vice Chairman of Bharti Enterprises Rakesh Bharti Mittal, top ministry officials amongst other stakeholders from education field were present on the occasion.

# Kerala BJP finds no one responsible for poll loss

**KUMAR CHELLAPPAN ■ KOCHI**

It turned out to be a black Monday for the Bharatiya Janata Party (BJP) in Kerala as leaders came out in the open blaming each other for the crushing defeat suffered by the party candidate in the by-election held for the Palakkad Assembly constituency. While Prameela Sasidharan, the municipal chairperson of the BJP ruled Palakkad Municipality, blamed the state leadership for fielding C Krishnakumar as the party candidate, K Surendran, the Hindutva party's state chief, claimed that all the party candidates did exceptionally well in the hustings, even though the votes polled by them did not show any increase. "The candidates are selected and approved by the BJP high command and the state leaders have no role in the process," Surendran said, while speaking to reporters on Monday. He said there was no need for him to quit as the party chief though the party failed to poll even close to what E Sreedharan could

manage in the 2021 Assembly election from Palakkad. Former union minister V Muraleedharan washed off his hands from the Palakkad drubbing by claiming that he was busy with Maharashtra Assembly Election which the BJP-led alliance won with ease. "You may have to ask Kerala BJP chief about the reasons for the poor performance of the party candidates in the by elections held at Wayanad (Lok Sabha), Palakkad and Chelakkara (Assembly constituencies)," said Muraleedharan. There is widespread discontentment among the party's second rung leadership towards Surendran and Muraleedharan, according to Sasidharan. She said that despite their reservation over the fielding of Krishnakumar as a candidate from Palakkad, the entire party mechanism functioned like a well-oiled machine for his victory. But Krishnakumar failed miserably to reach the 35.34 per cent votes, which was what Sreedharan bagged in 2021 Assembly election

against Shafi Parambil of the Congress. Krishnakumar could poll just 28.63 per cent of the popular votes despite the high voltage campaign. Adding insult to injury was Prakash Javadekar, the in-charge of the Kerala affairs of the party. "The BJP will win many more seats in the 2026 Assembly election including Palakkad. We have done good work in the poll," said Javadekar. Interestingly, Javadekar had claimed during the run up to the Parliament election that he would see to it that the BJP wins a minimum of six seats from Kerala. Kerala's political chronicler, P Sujathan, says that since the present leaders have proved their all round incompetence, the BJP high command should launch a mission to find out and appoint new leadership. "The BJP leadership in the state is a blot on the people who are badly in need of a change from the Left Democratic Front (LDF) and the United Democratic Front (UDF). Both Surendran and Muraleedharan should be removed at the earliest to save the BJP," said Sujathan.

# Rahul, Mamata, Tejashwi may attend Soren swearing in

**PIONEER NEWS SERVICE ■ RANCHI**

Top leaders of the INDIA bloc, including Congress's Rahul Gandhi and RJD's Tejashwi Yadav, may attend the swearing-in ceremony of the Hemant Soren government here on November 28, a senior leader of the party said on Monday. In a stunning comeback, Hemant Soren's JMM-led alliance on Saturday stormed to power in Jharkhand for a second consecutive term, winning 56 seats in the 81-member assembly, despite an all-out blitz by the BJP-led NDA, which managed only 24 seats. Soren retained Barhait seat by defeating BJP's Gamliyel Hembrom by a margin of 39,791 votes. "All top leaders of the INDIA bloc are being invited to attend the swearing-in ceremony at Morabadi Ground here on November

28. Leader of the Opposition in Lok Sabha Rahul Gandhi, Trinamool Congress supreme Mamata Banerjee and RJD leader Tejashwi Yadav are likely to attend the event," the Congress leader told PTI. As far as ministerial berths are concerned, in all likelihood, there may be four ministers from the grand old party as per the initial plans of one ministerial berth for every four seats won. JMM contested 43 seats and won 34, the highest-ever tally of the party in its history. The Congress got 16 seats, RJD four and the CPI (ML) secured two seats in the INDIA bloc. As per the arrangement, RJD may get one ministerial berth. Meanwhile, preparations are underway for the oath-taking ceremony. Soren on Sunday met Governor Santosh Kumar Gangwar and staked claim to form the government, soon

after leaders of the INDIA bloc in the state unanimously elected him as the legislature party leader. He resigned as the chief minister, before staking claim to form the government. He will officiate as the acting chief minister till oath is administered to him on November 28. "I met the governor. We staked claim to form the government, and handed over support letter of alliance partners to him. He invited us to form the government. The swearing in ceremony will be held on November 28," Soren had told reporters after meeting Gangwar. Soren will be sworn in as the 14th chief minister of Jharkhand, which was carved out of Bihar on November 15, 2000. He will be sworn in as the chief minister for the fourth term. The majority mark in the state assembly is 41 seats.

# India lauded for FATF ratings

**PTI ■ INDORE**

India was lauded for its efforts to implement measures against money laundering and terror financing on the first day of the 41st plenary meeting of Eurasian Group (EAG), which began in Madhya Pradesh's Indore on Monday, an official said. During the five-day meeting, nine member countries, including India, will deliberate and chart out a road map to deal with the growing challenges of cybercrimes, money laundering and financing of terrorism, the official said. "In the first session of the meeting, representatives from member countries hailed India for getting the highest rating of the Financial Action Task Force (FATF)," said Vivek Agrawal, additional secretary, revenue department of the Ministry of Finance, who is representing India at the meet. He said the FATF placed India in the category of regular follow-up, the highest

rating given by the independent inter-governmental body after assessing India's efforts to implement measures to combat illegal activities such as money laundering and terror financing. Talking to reporters, Agrawal said that in the upcoming meetings, member countries will discuss issues such as money laundering, illegal transactions, terror financing, cybercrimes and their solutions. He said representatives of the fintech industry will also discuss the financial products that can trigger crime. Agrawal said that based on the discussions held for three days, member countries will adopt a resolution during the plenary session of the meeting. Public representatives, including Indore MP Shankar Lalwani, state urban development minister Kailash Vijayvargiya, mayor Pushyamitra Bhargava and district magistrate Ashish Singh participated in the welcome session of the meet.

# PM Modi to attend police chiefs conference in Bhubaneswar

**PIONEER NEWS SERVICE ■ BHUBANESWAR**

Prime Minister Narendra Modi is scheduled to undertake a three-day visit to Odisha from November 29 to attend an all-India conference of Director Generals of Police and Inspector Generals of Police in Bhubaneswar. He will arrive in Bhubaneswar on the night of November 29 and stay in Odisha till the afternoon of December 1, state Law Minister Prithviraj Harichandan told reporters here on Monday. During his visit, the Prime Minister will attend the all-India conference of Director Generals of Police and Inspector Generals of Police in Bhubaneswar.

# TMC to break ranks with INDIA in order to corner BJP in Lok Sabha

**SAUGAR SENGUPTA ■ KOLKATA**

After sweeping the by-elections six-tilt the Trinamool Congress (TMC) plans to steal a tactical march over the Congress by ensuring an atmosphere free of commotion in the Lok Sabha so that some issues can be debated and the government can be compelled to reply them. Taking part in a TMC National Working Committee (TMCNWC) meeting West Bengal (WB) Chief Minister Mamata Banerjee on Monday spelt out a clear policy line for the elected representatives in Delhi, where "the honourable members will raise questions on a number of burning issues such as price rise, unemployment, national fertilizer policy, central deprivation of WB in rural housing scheme, non-payment of funds despite collecting GST from the

state," Chandrima Bhattacharya, the state finance minister said. Besides the party would also raise the "Manipur issue in Parliament as the ongoing violence has impacted the entire North East while the government has failed to contain it," the minister said. He added that instead of contributing to fireworks inside the House that was "expected in the Winter Session," the TMC would "try to ensure a situation where the burning questions can be raised and discussed so that the government can be forced to come out with comprehensive answers on these issues." When a related question was asked as to why TMC would not join the Monday's meeting attended by the of Indian National Democratic Inclusive Alliance (INDIA) constituents or whether her party would join the future

meetings the minister said such things had not been discussed in the TMCWC meeting. Bhattacharya also said that issues such as Adani or Waqf Bill were not discussed in the TMCNWC meeting. "No such issues were discussed in the meeting today because it was a national working committee meeting," she said. Apparently the TMC leader's statement airing Mamata Banerjee's policy line tended to indicate a new tactic to be adopted by the party inside the House, which is different from the one that could be adopted by INDIA partners. The new tactical stand point comes close on the heels of senior party MP Kalyan Banerjee advising the Congress to accept Mamata Banerjee as the leader of the INDIA alliance. "All the Opposition parties nationally should accept Mamata Banerjee as their

leader. Some parties should set aside their ego and accept Mamata Banerjee as the leader of the Opposition against the BJP," Kalyan Banerjee said. On whether the TMC's decision to walk a different path from the Congress was the result of the same outlook of projecting Mamata Banerjee as a more effective leader against the BJP, a senior leader and an MP said, "It has been repeatedly proved that she is the only person who can handle the BJP and none else. So it is time she should assume the centre stage." Back to the decisions taken in the TMCNWC, Bhattacharya also said that it has been decided that three senior MPs in Delhi—Sudip Bandopadhyay, Derek O'Brien and Kakoli Ghoshastidar would constitute the disciplinary committee in Parliament.

# Stalin inaugurates centre to provide rehab services to differently-abled persons

**PNS ■ CHENNAI**

Tamil Nadu Chief Minister M K Stalin inaugurated the 'Vizhuthugal-Integrated Service Centre' to provide health related rehabilitation services for differently-abled persons here on Monday. An initiative of the Department for the Welfare of Differently Aabled Persons under the World Bank assisted TN Rights project, Stalin inaugurated the one-stop centre at Kannagi Nagar in Sozhingalur, the first facility out of the proposed 273 centres across the state. The TN Rights project aims delivering, "integrated and accessible services tailored to the individual needs of differently-abled persons either in their homes or in specialised vehicles for rehabilitation or in dedicated one stop centres," a statement said here. According to the government, this is the first time in the country that rehabilitation professionals of special education, optometry, audiology and speech therapy, physiotherapy, occupational

therapy and psychological counselling are brought under a single roof to meet the chronic health-related rehabilitation service requirements exclusively for differently-abled persons. The services in the centre are only available in pre-assigned

time slots to the differently-abled persons identified in a field survey held during 2023-24. Those who wish to access the services will have to approach the community rehabilitation workers of TN Rights project. "This centre has been empanelled under

the Chief Minister's Comprehensive Health Insurance Scheme." The centre has strategically placed surveillance cameras that ensure safety while protecting privacy and has all its restrooms equipped with panic buzzers.

# Body of fisherman dead in Pak brought to India

**PIONEER NEWS SERVICE ■ BHUBANESWAR**

The body of a 31-year-old fisherman, who died in a Pakistani jail last month, was handed over to his family in his native village of Nanavada in Gujarat's Junagadh district, officials said on Monday. Haribhai Sosa, a resident of Porbandar, had been imprisoned in Karachi for over three years after he was apprehended by Pakistani security forces in early 2021. He was arrested near the international maritime border while fishing in the Arabian Sea. According to officials, Sosa died of heart failure on October 25 while in the jail in Karachi on October 25. The body was handed over to Indian authorities at the Attari border in Punjab and flown to Ahmedabad from where it was transported to Nanavada village by road on Sunday night.

# Fewer Crorepati MLAs make it to Jharkhand Assembly

**PTI ■ RANCHI**

Eighty-nine per cent of the newly elected MLAs in Jharkhand are crorepatis, and Rameshwar Oraon of the Congress is the richest legislator with total assets worth Rs 42.20 crore, according to a report released on Monday. The Jharkhand Election Watch and the Association for Democratic Reforms (ADR) analysed the affidavits of 80, out of 81 winning candidates, and found that 71 newly elected MLAs in 2024 are crorepatis, which is 20 per cent higher than the number of such legislators elected in 2019. Of the 81 MLAs elected five years ago, 56 were crorepatis, and there were 41 in 2014, according to the report. Of the 71 'crorepati' MLAs this year, 28 are from JMM, 20 from BJP, 14 from Congress, four from RJD, two from CPI(ML) Liberation and one each from IJP (Ram Vilas), JD(U) and AJSU Party. The JMM won 34 assembly seats, and its allies Congress 16, RJD four and CPI(ML) Liberation two constituencies.

On the other hand, the BJP won 21 assembly segments, and its partners IJP (Ram Vilas), JD(U) and AJSU Party secured one each. The average of assets per winning candidate in the Jharkhand assembly elections in 2024 is Rs 6.90 crore and the same was Rs 3.87 crore in the 2019 elections. Among the winning candidates, Congress Lohardaga MLA Rameshwar Oraon is the richest with total assets of Rs 42.20 crore, the report said. BJP's Kushwaha Shashi Bhushan Mehta, who secured the Panki constituency, is the

second richest winning candidate with total assets of Rs 32.15 crore, while RJD's Sanjay Prasad Yadav, who bagged the Godda seat, is the third on the list with total assets of Rs 29.59 crore, according to it. Jharkhand Loktantrik Krantikari Morcha's (JLKM) Jai Ram Kumar Mahato, who won from Dumri seat, has the lowest assets worth around Rs 2.55 lakh. As many as 14 winning candidates have declared liabilities of Rs 1 crore and above, the report said. Altogether 42 MLAs have been re-elected and their average asset growth is Rs 2.71 crore in the last five years, it stated. As many as 28 winning candidates have declared their educational qualification to be between Class 8 and 12 pass, while 50 have an educational qualification of graduate and above, and one winner is a diploma holder, and another has declared himself just literate. The number of winning women candidates in the state assembly increased to 12 from 10.

# Kerala POSCO report highlights lack of child safety in homes, schools

**PIONEER NEWS SERVICE ■ KOCHI**

Instances of sexual abuse of children in Kerala are on an upward spiral, leaving them unsafe even in schools and homes. According to a report released by the Kerala State Commission for the Protection of Child Rights recently, 21 per cent of such cases were reported at children's homes, and four per cent in schools. The alarming revelations have prompted the state's child rights panel to raise awareness about child abuse among parents, teachers and police officers. "Out of 4,663 cases under Protection of

Children from Sexual Offences (POCSO) Act analysed, 988 (21 per cent) incidents occurred in the children's homes, 725 (15 per cent) in the accused's homes, and 935 (20 per cent) in public places," it said. In the report, it was noted that in 173 cases, the crime took place in schools, 139 in vehicles, 146 at various other locations, and 166 incidents in isolated areas. Additionally, 60 cases were reported in hotels, 72 in friends' homes, 73 in religious institutions, 16 in hospitals, and eight per cent in childcare institutions. However, in 791 (17 per cent) cases, information about the

crime was not available, the report added. In 2023, a total of 4,663 POCSO cases were reported across Kerala. According to police data, Thiruvananthapuram district recorded the highest number of cases, while Pathanamthitta district had the lowest, the report said. Of the 4,663 POCSO cases reported in the year, 4,701 ere survivors, indicating that many cases involved more than one victim. "This highlights the need to educate children about the POCSO Act and child-friendly procedures, along with providing them self-defense training," the report stated. As per the figures, the cases

are on the rise as 3,322 cases were reported in 2021 and 4,583 in 2022. It was 3,616 cases in 2019 and 3,030 in 2020. The Commission found that, out of 4,582 cases analysed during the specified period, involving 5,002 accused individuals, the relationship between the child victims and the accused was categorised as follows: 873 were known to the children, 631 were neighbours, 439 were family members, 435 were relatives, 477 were friends, 692 were romantic partners, 210 were teachers, 305 were strangers, 896 were undocumented or unidentified, and 36 were van, bus, or auto drivers. This

data underscores that the safety, protection, and well-being of children can only be effectively ensured if parents, relatives, society, police, and the government diligently fulfill their responsibilities without failure, the report added. Of the 4,701 victims reported during the year, 3,972 (85 per cent) were girls, while 659 (14 per cent) were boys. Gender information was unavailable for 70 children (one per cent), as it was not included in the report submitted to the Commission by the police. The data highlights that girls are disproportionately vulnerable to sexual assault. Raising concerns of the

children who survived sexual abuse, 73 (two per cent) were aged four to six, 423 (nine per cent) were aged five to nine, 1,574 (39 per cent) were aged 10 to 14, and 1,929 (48 per cent) were aged 15 to 18. Besides, two (0.03 per cent) children with unclear or undocumented ages were also victims. This highlights the need for parents and guardians to focus on enhancing children's ability to respond to uncomfortable situations and providing age-appropriate safety awareness. KV Manoj Kumar, Chairperson of the Kerala State Commission for Protection of Child Rights, said the commission is now

focused on raising awareness about child abuse as part of the recommendations outlined in the report. "As children are being abused in their homes and public places, society has the responsibility to prevent this. To address this, we have provided training for Kudumbashree workers on the Juvenile Justice Act, POCSO Act, child rights, and good parenting in seven districts of the state, and it will continue in the remaining districts," Kumar told PTI. Besides, we provided awareness for child protection committee members in block panchayats, teachers, parents

and police officials, he said. Nazeer Chaliyem, former member of the Kerala State Commission for Protection of Child Rights, said the government should intervene and initiate the necessary measures to address the issues highlighted by the commission in the report. "As per Section 16 of the Commission for Protection of Child Rights, the report should be laid before the state Assembly along with the recommendations and the action taken by the commission, so that the government can initiate the required measures for the redressal of the matters raised in it," he told

PAPER WITH PASSION

## Celebrating Constitution Day

The Indian Constitution is not just a legal document; it is the soul of the nation, guiding India through its complexities

Every year, on November 26, India celebrates Constitution Day, also known as 'Samvidhan Divas'. This day commemorates the adoption of the Indian Constitution in 1949, a landmark event that laid the foundation for India's democratic ethos. As we reflect on this momentous occasion, it is imperative to understand the making, functioning and future challenges of this legal document that has been the guiding force for the world's largest democracy, India. The drafting of the Indian Constitution was an extraordinary achievement, considering the diversity and complexities of India. Following independence in 1947, the Constituent Assembly, comprising 299 members, undertook the monumental task of framing a constitution for a newly liberated yet diverse nation. Dr BR Ambedkar, the architect of the Indian Constitution, chaired the drafting committee, ensuring that the document reflected justice, equality, liberty, and fraternity. The Assembly took 2 years, 11 months and 18 days to complete the drafting process, during which it conducted exhaustive debates and deliberations. Drawing inspiration from the constitutions of various nations, such as the United States, Ireland and Canada, the Indian Constitution incorporated the best practices while tailoring them to Indian realities.

On January 26, 1950, the Constitution came into effect, marking the birth of the Republic of India. The Indian Constitution, with its 448 articles, 12 schedules and numerous amendments, is one of the most detailed constitutions in the world. Its core strength lies in its 'flexibility' and 'adaptability.' While being rigid in its foundational principles, it allows amend-

ments to address evolving socio-political challenges. Since its adoption, the Constitution has guided the nation through numerous challenges, including partition, economic crises, and social upheavals, ensuring continuity and stability. Despite its success, the Indian Constitution faces several challenges. India faces growing tensions between the Centre and states over resource allocation, legislative powers and administrative autonomy, while concerns about judicial activism and transparency persist despite the judiciary's role as a constitutional custodian. Issues such as money power, criminalisation of politics and declining voter turnout demand urgent reforms. At the same time, caste-based discrimination, gender inequality and regional disparities continue to undermine the nation's progress, despite constitutional safeguards. Balancing individual freedoms with national security has become increasingly challenging in the digital age. As India approaches its centenary as a Republic, there is a pressing need to reaffirm commitment to the Constitution's ideals by strengthening institutions for accountability and transparency, fostering participatory democracy, upholding the secular and pluralistic ethos and ensuring that constitutional amendments preserve its core principles.

# Samvidhan Divas: A tribute to India's democratic vision

RAJDEEP PATHAK

Rooted in the Gandhian principles the Indian Constitution continues to guide the world's largest democracy in fostering a harmonious and equitable society

Constitution Day, known as 'Samvidhan Divas' in Hindi, is celebrated annually on November 26 in India. This day commemorates the adoption of the Indian Constitution, which was formally approved by the Constituent Assembly on November 26, 1949. It later came into effect on January 26, 1950, marking the birth of India as a sovereign democratic republic.

In 2015, the Government of India officially recognised November 26 as Constitution Day through a gazette notification issued on November 19. This followed Prime Minister Narendra Modi's announcement during the foundation-laying ceremony of the 'B R Ambedkar Statue of Equality' memorial in Mumbai on October 11, 2015.

As India marks the 75th anniversary of the Constitution in 2024, it is a moment to reflect on this transformative document, which serves as the bedrock of the nation's democracy and inclusivity.

#### The Vision Behind the Indian Constitution

The Indian Constitution is more than a legal charter; it is a visionary framework that upholds the values of justice, liberty, equality, and fraternity. It reflects the collective aspirations of a diverse population, drawing inspiration from Mahatma Gandhi's philosophy of truth, non-violence, and grassroots empowerment. Gandhi's ideals of swaraj (self-rule) emphasised moral values, social equity and the welfare of all, which deeply influenced the Constitution's framers. Although Gandhi and Dr BR Ambedkar had differences on certain issues, they shared a commitment to social justice and local self-governance. This shared vision is evident in foundational aspects of the Constitution, such as the Preamble, Directive Principles of State Policy and Fundamental Duties.

#### The Preamble: Soul of the Constitution

The Preamble encapsulates the essence of the Constitution, emphasising ideals like justice, liberty, equality and fraternity. These values resonate with Gandhi's

lifelong struggle against colonial oppression and social inequality. Historian Judith Brown aptly stated, "Gandhi's struggle was not just for legal justice but for ethical and humanistic justice that transcends caste, creed and gender." The Preamble remains a guiding light for India's pursuit of a just and inclusive society.

#### Directive Principles: A Vision for Social Equity

Part IV of the Constitution, the Directive Principles of State Policy, articulates a vision of economic equity, social justice, and upliftment of marginalised communities. Gandhi's influence is evident in provisions like Article 40, which advocates for the Panchayati Raj system, and Article 43, promoting cottage industries. Historian Anthony Parel observed that these principles are "the most visible articulation of Gandhi's socio-economic vision aimed at eradicating poverty and ensuring dignity."

#### Fundamental Duties: Rights and Responsibilities

Mahatma Gandhi emphasised the interconnectedness of rights and duties, asserting that rights derive their meaning from duties well-performed. Reflecting this philosophy, the 42nd Amendment introduced Fundamental Duties in 1976. These duties, such as fostering harmony, protecting the environment, and upholding the dignity of women, align closely with Gandhian principles of non-

violence, ecological stewardship, and gender equality. Gandhi's timeless reminder, "The Earth provides enough to satisfy every man's need, but not every man's greed," underlines the importance of responsible citizenship.

#### Gandhian Values in a Modern Context

As India navigates contemporary challenges, the values rooted in Gandhian philosophy remain profoundly relevant. Nobel laureate Amartya Sen, in "The Idea of Justice," highlights that justice involves removing barriers that prevent marginalised communities from realizing their potential. Gandhi's vision of Sarvodaya (welfare of all) aligns with this principle, urging inclusive growth and equitable resource distribution.

In geopolitics, Gandhi's commitment to peace and Ahimsa (non-violence) resonates globally. His campaigns, from the Salt March to the Quit India Movement, demonstrated how unity and empowerment can coexist in a diverse society. Historian Ramachandra Guha remarked, "Gandhi's idea of fraternity, rooted in empathy and non-violence, offers a moral compass for modern democracy."

#### Decentralized Governance

A cornerstone of Gandhi's political thought was decentralised governance. He believed true democracy could only be achieved by empowering local communi-

ties. The Panchayati Raj system, enshrined in the Constitution, embodies this vision. Similarly, Prime Minister Modi's initiatives, such as 'Vocal for Local' and 'Viksit Bharat 2047,' echo Gandhi's principle of 'Gram Swaraj'. These programmes aim to promote local entrepreneurship, sustainable development, and self-reliance, elevating India's global stature while empowering its citizens.

#### The Role of Citizens and Media

Democracy thrives on active citizen participation. Voting, engaging in public discourse, and addressing civic issues are essential for robust democratic institutions. Equally crucial is the media's role as the fourth estate, providing checks and balances while safeguarding the freedom of speech guaranteed by the Constitution. Exercising this freedom responsibly ensures accountability and transparency in governance.

#### A Living Document for a Dynamic Nation

The Indian Constitution, inspired by Gandhian principles, remains a living document that harmonizes individual aspirations with collective well-being. Its relevance extends beyond legal frameworks, addressing issues such as social justice, environmental conservation, and global leadership.

(The writer is Programme Executive, Gandhi Smriti and Darshan Smriti; views are personal)

AS INDIA MARKS THE 75TH ANNIVERSARY OF THE CONSTITUTION IN 2024, IT IS A MOMENT TO REFLECT ON THIS TRANSFORMATIVE DOCUMENT, WHICH SERVES AS THE BEDROCK OF THE NATION'S DEMOCRACY AND INCLUSIVITY

## LETTERS TO THE EDITOR

### BJP'S STRONG COMEBACK

Madam — In just five months, the momentum in Indian politics has shifted dramatically. Following the BJP's underwhelming performance in the last Parliament elections, questions were raised about its durability and PM Modi's pan-national acceptability. Now, it's the opposition INDIA bloc that is looking fragile. The reason for the shift is a series of unexpected electoral reverses suffered by the INDIA bloc. The most significant of these setbacks occurred in Maharashtra, the second most consequential state in the Indian union. By handing the NDA a mammoth victory, Maharashtra voters have given the alliance a pretext to dismiss the Lok Sabha election jolt as an aberration. A reversal triggered more by a "fake narrative" spun by a desperate Opposition than any discernible anti-incumbency. In Maharashtra, the BJP with allies not only smashed a five-decade-old electoral record, but it has also come astonishingly close to winning the election on its own steam. The party has been able to reunite its coalition of disparate castes. Add to this, the BJP has been better able to present itself as the emissary of "political nationalism and economic welfare." Meanwhile, this victory is a stepping stone to the validation it needs to push ahead with its governance agenda.

N Sadhasiva Reddy | Bengaluru

### GENDER BIAS IN THE US POLITICS

Madam — The United States is not ready for a woman president, as was evident in the just-concluded elections. There is little doubt that American voters have gendered biases that factored into their votes, both in the 2016 and 2024 elections. Both Hillary Clinton and Kamala Harris faced off against Trump under different circumstances and with different strategies. But the result was the same for both candidates. Another way of looking at the impact of gender is to compare how Harris did among women voters in comparison with Hillary Clinton, whose lead over Trump among women voters was 13 points in 2016. Eight years later now, Kamala Harris'

## Kohli breaks Tendulkar's record

Team India's superstar King Kohli back in form after he reached his 30th century at the Opus Stadium, Perth. The Border-Gavaskar Trophy seems to be the redemption of pride for India after the worst loss in the home series. The year 2024 in Virat Kohli's career has been low while Kohli scored only one fifty in his 13 innings so far. By reaching this milestone of his 30th ton in

his 203rd innings across 119 tests, it was his seventh in Australia, breaking the record of six hundreds by the legendary Sachin Tendulkar in the format of this game. By this century, Kohli has equalled his record with Wally Hammond for the most test hundreds in Australia by a visiting batter, and Jack Hobbs holds the highest record of nine test centuries down under which one can be sure is in the mind of Virat to cross the figure during this series.

While India is in the driver's seat in the first test and assured of a win at the moment for the fans' delight, one hopes that Kohli may come out with many more flying kisses at different venues to cheer Anushka and his fans with his inimitable style of batting prowess.

A P Thiruvadi | Chennai

nation attained independence is now reduced to a deplorable level of contribution, hardly 14 per cent.

The Green Revolution has helped in increasing the yield but the other aspects of the farmers, like input cost, subsidies and MSP, in spite of being vital, are not considered favourably but changes are made hostile to the farmers' needs and benefits. The policies of the successive governments are focusing on the industrial sector. A lot of incentives, like concessions, exemptions, and extending huge loans to write off or waive off, and PLI are extended to the industrial sector, though the desired results, like a substantial increase in employment and exports, are not forthcoming. Such apathy in the approach of the government towards agriculture has resulted in millions of farmers resorting to suicide, getting plunged in unbearable debt and small farmers deserting their fields and seeking livelihood in cities.

## Lessons from childhood, family and experiences

The past shapes our present. The present is past the next moment, to make way for the future. We are left with memories which also teach us invaluable lessons

I was also a mischievous child like any other young boy my age. I was assured of a haven, hiding behind my grandmother, whenever my parents were inclined to scold me. She would then counsel my parents to be more indulgent, simultaneously telling us to be particular about our behaviour.

I recall another memory from childhood. Our return home from school coincided with my mother's siesta. We would tiptoe into the house, careful not to disturb her. One afternoon I was excited enough to wake her to tell her about my outstanding results in the examinations. Still groggy, she hugged and blessed me, before continuing with her sleep. I still cannot forget her spontaneous reaction, even though I had interrupted her much needed rest.

My father was short-tempered in his younger days. He usually rested and slept on Sunday afternoons. We tried to be as quiet as children could be. One day, we might have been noisier than usual, and ended up soundly thrashed by him. Later in the evening, I witnessed a different facet of my father's per-

sonality. He gruffly apologized for having hurt me. I learnt an important lesson. There is no shame in accepting your mistake. I remember the day I met the young girl who became my wife and life partner in the next few months. I also remember I had eyes only for her during the wedding reception. Those were the heady days before we buckled up to the serious business of making a life together. We have been married for 40 years. These have not been easy decades, faced with the harsh realities of life. We never give up, whatever the setbacks. We work towards the common goal of leading a happy and contented life together. There is respect, and a recognition of the need

for space for each to evolve as an individual.

Another nostalgic memory is from a long-ago holiday to Puri. Our guest house was a couple of hundred meters from the seashore. Our daughters were much younger. I was, and continue to be, a protective father, worrying about their safety. That one day, I sat on the veranda, fondly looking at the two children playing on the beach. I was proud of their happiness as they shrieked with joy creating something with sand.

My mother kept a copy of Ramcharitmanas in her prayer corner. I read somewhere that you could find a solution to any problem from the epic. All you had to do was open any page, and the

top line would help you find ways to tackle your most pressing issue. I also tried it sometimes. I learnt that I could not always tackle situations through conventional thinking while navigating the complex labyrinths of life. Fair play, guiding the team members, impartiality, giving undivided time to team members however busy you might be, empathy, working for the team, pride in the performance of the team members, and out-of-box thinking, were only a few of the invaluable lessons that my experiences taught me. They have stood me in good stead through the rough and tumble of life.

The words of psychiatrist, Abraham Twerski would resonate with many, "Ruminating about the past will get you nowhere. So go ahead and learn from the past whatever you can, and then put it behind you. Remember, there is nothing you can do to change it, but you can use its lessons to improve your future."

## FIRST COLUMN

## CORPORATE CAREWASHING

Many organisations falsely present themselves as socially responsible

SAKSHI SETHI

Nowadays we often see that companies are engaged towards launching mental health awareness campaigns while maintaining toxic work environments or failing to provide meaningful employee support; at times companies celebrate diversity during cultural moments without addressing systemic inequities, such as unequal pay or a lack of diverse leadership. But the question arises are the employees getting benefitted or are still victims?

In an age where ethical responsibility and social consciousness are increasingly demanded of corporations, governments and individuals, a troubling phenomenon termed carewashing has emerged. The term refers to the practice of falsely presenting an organisation, business or individual as socially or ethically responsible, particularly in areas of caregiving or support, to improve their reputation or deflect criticism. Much like its environmental counterpart greenwashing, carewashing also exploits emotional appeals to mask the absence of genuine commitment to caregiving causes.

Several factors such as modern consumers increasingly seeking brands that align with their values, create pressure for organisations to appear socially conscious or social platforms that provide both positive as well as failures, thereby encouraging companies to capitalise on social causes for visibility and if that not enough then such organisations outshine its competitors by attracting customers and talent with minimal invest-

ment in genuine reform contribute to the rising of carewashing. While these pressures reflect positive shifts in societal values, they also incentivise performative actions over authentic efforts. It is believed that when carewashing is exposed, it damages trust between organisations and their stakeholders as it is often when the dissonance between claims and actions becomes apparent. Employees who witness discrepancies between an organisation's statements and its actions often feel disillusioned.

This alienation leads to reduced morale, engagement and retention, especially among those drawn to the organisation by its purported values. Quiet often we hear once the trust is lost, rebuilding it is a slow and costly process. Exposure to carewashing through whistleblowers, investigative journalism, or public criticism can lead to significant reputational harm. By co-opting social causes for profit, carewashing trivializes important issues, potentially reducing the urgency of addressing them authentically. To counteract carewashing, organisations must prioritise authenticity and accountability. This involves providing measurable, verifiable data on social and environmental efforts rather than vague claims; including employees in shaping policies and initiatives to ensure alignment with internal realities; conducting regular audits and feedback loops that will help organisations stay true to their commitments and correct shortcomings and public statements should be backed by tangible actions, such as policy changes or resource allocation.

There is no denying that carewashing is a symptom of the growing demand for ethical behaviour in business and society, but it represents a shortcut that sacrifices trust and authenticity for superficial gains. While it may offer short-term visibility, its long-term consequences are overwhelmingly negative, eroding credibility and alienating stakeholders. Organisations must recognise that true social responsibility requires meaningful actions, transparency and a commitment to sustained progress. Only by moving beyond carwashing can businesses and institutions genuinely contribute to a better world while earning the loyalty and respect of their communities.

## Food subsidy: Go for direct transfer to curb leakages

UTTAM GUPTA

Despite extensive measures implemented by the government, including digitisation, pilferage persists, revealing systemic flaws in how food subsidies are administered

According to a Study titled 'Rationalising Public Distribution System in India' done by the Indian Council For Research On International Economic Relations (ICRIER), there was grain leakage under the Pradhan Mantri Garib Kalyan Anna Yojana (PMGKAY) of 20 million tons (17 million ton of rice and 3 million ton of wheat) which is 28 per cent of the 71 million ton of grain off-take by states (that included 52 million ton of rice and 19 million ton wheat) during August 2022 - July 2023. The Study estimates the annual fiscal cost of this leakage to be around Rs 70,000 crore. Under the PMGKAY, the Union Government asks the Food Corporation of India (FCI) and other state agencies to procure food from the farmers at MSP (minimum support price) and organise its distribution to around 820 million people for free. The entire cost i.e. MSP paid to farmers plus handling and distribution cost (HDC) is reimbursed to the FCI/other state agencies as a subsidy. The money comes from the Union Budget's allocation for 'food subsidy'. While, the PMGKAY has been in force since January 1, 2023, before that, the Centre was giving food to 820 million persons (7 kg of cereals per person per month to 120 million poorest of the poor persons covered under the Antyodaya Anna Yojana or AAY families and five kilograms of cereals per person per month to the remaining 700 million) at a heavily subsidised price of Rs 2/3/1 per kg for wheat/rice/coarse cereals under the National Food Security Act (NFSA). In addition, since April 2020, it has given 5 kg of food per person per month for "free" to all 820 million beneficiaries under PMGKAY to mitigate the consequences of the COVID-19 pandemic.

From January 1, 2023, it merged the free part of PMGKAY with the regular food security schemes under NFSA. Now, food is available to all 820 million beneficiaries for free under the new incarnation of NFSA, the PMGKAY. As Prime Minister Narendra Modi announced in November 2023, this arrangement will continue for five years until the end of CY 2028. During the financial year (FY) 2022-23, the Centre's expenditure on food subsidy was Rs 272,000 crore. Apart from expenses under PMGKAY for the whole of that FY, this amount also included the subsidy on food grain given under NFSA at the subsidised price of Rs 2/3/1 per kg for wheat/rice/coarse cereals from April to December 2022. Within this total expenditure, how much money was lost due to pilferage? How does the Study reach Rs 70,000 crore? The authors look at the 'economic cost' (EC) of rice and wheat. This is the MSP paid to farmers plus HDC. During 2022-23, this was Rs 36.7 per kg or Rs 36,700 per ton for rice and Rs 25.9 per kg or Rs 25,900 per ton for wheat. Multiply the pilfered quantity of rice 17 million tons by its EC, we get the cost of its pilferage Rs 62,390 crore. Likewise, multiply 3 million tons of pilfered wheat by its EC, and the cost comes to Rs 7770 crore. Thus, the total cost was around Rs 70,000 crore. This

Representational Image: Pradeep/Gaury/Sh

is around 26 per cent of the food subsidy expenditure of Rs 272,000 crore for 2022-23. Taken as a percentage of the subsidy given under PMGKAY alone (the budget doesn't provide this figure; a back-of-the-envelope calculation using annual off-take of 55 million tons, EC for rice and wheat given above and their use in 75:25 ratio, yields Rs 187,000 crore), this is much higher at 37 per cent.

## How has the Study arrived at the quantum of leakage?

The Study picked up monthly off-take (albeit "reported") data from the FCI from August 2022 to July 2023 and saw this in juxtaposition with "actual household consumption levels" taken from the Household Consumption Expenditure Survey (HCES) 2022-23. While the former was taken as an approximation for the quantity of food grain sent for distribution amongst the PMGKAY beneficiaries, the latter was taken as a proxy of the quantity received.

Based on the above comparison, it was concluded that as against 52.4 million tons of rice that were sent, 35.7 million tons were received suggesting a shortfall of 16.7 million tons. Likewise, against 19 million tons of wheat that was sent, 16 million tons were received pointing toward a shortfall of 3 million tons. Thus, a total of 19.7 million tons or close to 20 million tons was pilfered from the public distribution system (PDS). But, there is a flaw in such a comparison.

At the Off-take level, it can't be surmised that the quantities that

left the FCI warehouses and were picked up by states were 'entirely' meant for PDS stocks to be used for distribution (actual consumption) by the PMGKAY beneficiaries.

Off-take figures also include food stocks in transit, buffer stock, operational reserves and cereals set aside for social welfare schemes and commercial sales by the government. Each of these serves a specific purpose. For instance, 'buffer stock' refers to a strategic stock for smoothening out price fluctuations —buying a commodity when the price is low and releasing it in the market when the price is high. Likewise, 'operational reserves' are kept as a backstop which can be used quickly in the case of an unplanned event/emergency. Similarly, stock in transit can't be considered as part of food grain meant for PDS consumption within a given time frame.

The quantities meant for all such purposes need to be excluded from the grains that left FCI warehouses and only the net figure available for PDS consumption should be compared with actual household consumption levels as read from the Consumption surveys. It seems, the Study hasn't done it. This is also corroborated by the fact that the annual distribution of free food for PMGKAY beneficiaries is normally 55 million tons; against this, the Study uses 71 million tons.

At the beneficiary's end also, the actual household consumption level includes cereal consumed from multiple sources, such as

private purchases or state-specific schemes and not just the quantities available under PMGKAY etc. Therefore, it won't be on all fours to directly correlate with PDS off-take.

To conclude, there are leakages from the PDS though not on a scale indicated by the Study. Its root cause has to do with how food subsidy is administered. Under the extant system, the subsidy is built into the price which under this Scheme is Zero. Herein lies the rub.

The availability of a mammoth of around 55 million tons (the quantity distributed under the PMGKAY) in the supply chain with zero price tag is an open invitation to dubious operators to siphon off and sell in the open market raking in a moolah. However, foolproof one may make the system (Modi - government has done an exemplary job getting PoS (point of sale machines) installed at 530,000 fair price shops across the country; digitisation of supply chain from procurement to distribution; authentication of beneficiaries with their Aadhaar numbers and so on), as long as subsidy is routed through the State agencies, unscrupulous characters will always find ways to circumvent even the best of technology interventions aimed at curbing pilferage. Pilferage can be eliminated only when the government gives subsidies directly to the beneficiaries and allows the food markets to function competitively and efficiently.

'BUFFER STOCK' REFERS TO A STRATEGIC STOCK FOR SMOOTHENING OUT PRICE FLUCTUATIONS—BUYING A COMMODITY WHEN THE PRICE IS LOW AND RELEASING IT IN THE MARKET WHEN THE PRICE IS HIGH

Addressing rural housing challenges in India: A case study of PMAY-G  
PMAY-G has transformed rural housing in India, delivering not just shelter but also dignity and opportunity to millions

Housing is a fundamental challenge for rural India, where a significant portion of households live in kutcha structures made of non-durable materials such as mud and bamboo. These homes are highly vulnerable to harsh weather conditions, exposing residents to risks and uncertainties. Recognising this, the Indian government launched the Pradhan Mantri Awaas Yojana-Gramin (PMAY-G) as part of its commitment to achieving "Housing for All".

This ambitious welfare program aims to provide financial and construction assistance to build durable 'pucca' houses equipped with essential amenities. The scheme targets both houseless households and those residing in 'kutcha'

JEEVANT RAMPAL

or dilapidated structures. As of October 2024, PMAY-G has facilitated the construction of 2.67 crore houses, marking a significant milestone in its progress. However, this raises critical questions: Will this initiative truly ensure housing for all? How effectively does it address rural India's housing challenges? Leveraging Technology for Quality and Oversight

A cornerstone of PMAY-G's success lies in its use of technology to enhance construction quality and ensure transparency in disbursement. One notable component is the 'Rural Mason Training (RMT) Program', developed in collaboration with the National Skill Development Corporation. The programme has trained 2.81 lakh masons, equipping them with the skills to deliver high-quality construction while fostering local expertise. This initiative not only improves housing quality but also accelerates construction. For instance, over 40 lakh houses were built in 2021-22, with the number surpassing 50 lakh in 2022-23, breaking all previous records. Further, the program prioritises disaster-resilient

designs, supported by tools like the 'Pahal Compendium'. This resource offers diverse, region-specific house designs incorporating disaster-resilient features. Complementing the compendium is an app that provides 3D visualisations of recommended house designs, ensuring practicality and accessibility.

## Transformative Impact on Beneficiaries

PMAY-G's impact extends beyond physical housing. Recent research highlights its role in improving living conditions, access to infrastructure, and overall wellbeing. Beneficiaries have reported enhanced social status, self-esteem, and a sense of belonging—factors that potentially reduce distress migration. A key feature of the programme

is its focus on marginalised groups, promoting transparency and ensuring female co-ownership, thereby empowering women. The initiative has also significantly contributed to rural employment. Each house constructed under PMAY-G generates approximately 314 person-days of work, distributed among skilled (81 days), semi-skilled (71 days), and unskilled (164 days) labour. This

employment impact is further amplified by integration with the 'Mahatma Gandhi National Rural Employment Guarantee Scheme (MGN-REGS)'. The quality of training under the RMT programme is evident, with certified masons even securing overseas employment opportunities. Such achievements underscore PMAY-G's dual focus on immediate housing needs and long-term skill development.

## Comprehensive Programme Integration

One of PMAY-G's standout features is its integration with other government schemes to improve beneficiaries' overall quality of life. This includes: - Toilets through 'Swachh Bharat Mission (SBM)' - LPG connections via 'Pradhan Mantri Ujjwala

## Yojana (PMUY)' Ensuring Transparency and Fairness

Transparency in beneficiary selection is another critical strength of PMAY-G. Beneficiaries are identified using the 'Socio-Economic and Caste Census (SECC) 2011' and 'Awaas+ 2018' lists, verified through Gram Sabhas and an appellate process. The program also uses the 'Awaas+2024 Mobile App', which enables households to self-survey and update their housing status. Recently, facial recognition systems were introduced to further improve oversight, ensuring fairness and reducing fraudulent claims.

## Global Scale and Ambitions:

PMAY-G Despite its notable success, PMAY-G faces sever-

al challenges that need attention. A significant issue is the lack of awareness among many eligible beneficiaries, particularly in remote areas, about the programme's eligibility criteria, highlighting the need for better information dissemination. Additionally, the program would benefit from stronger feedback mechanisms to address potential blind spots and improve implementation efficiency. Another concern is the uneven progress across states, with some exceeding their targets while others fall behind. Achieving balanced implementation will require greater political consensus and more equitable resource allocation.

# Hezbollah ceasefire deal could come 'within days'

AP ■ JERUSALEM/DUBAI

The Israeli ambassador to Washington says that a cease-fire deal to end fighting between Israel and the Lebanon-based Hezbollah could be reached "within days."

Residents gather in front of a destroyed building that was hit Sunday night in an Israeli airstrike in Dahiyeh, in the southern suburb of Beirut, Lebanon

Among the issues that remain is an Israeli demand to reserve the right to act should Hezbollah violate its obligations under the emerging deal. The deal seeks to push Hezbollah and Israeli troops out of southern Lebanon.

Hezbollah did not adhere to a UN resolution that ended the 2006 war between the sides that made similar provisions, and Israel has concerns that it could stage a Hamas-style cross-border attack from southern Lebanon if it maintains a heavy presence there. Lebanon says Israel also violated the 2006 resolution. It is not clear whether Lebanon would agree to the demand. The optimism surrounding a deal comes after a top US envoy held talks between the sides last week in a bid to clinch a deal.

Hezbollah began attacking Israel on October 8, 2023, a day after Hamas' raid on southern Israel, setting off more than a year of fighting. That escalated into all-out war in September with massive Israeli airstrikes in Lebanon and later

an Israeli ground incursion into the country's south. Hezbollah has fired thousands of rockets into Israeli cities and towns, including some 250 on Sunday.

## 'NETANYAHU SHOULD BE SENTENCED TO DEATH'

Iran's supreme leader has suggested that Israeli Prime Minister Benjamin Netanyahu should be "sentenced to death" for his role in the ongoing wars in the Gaza Strip against Hamas and in Lebanon.

Ayatollah Ali Khamenei made the remarks Monday during an event in which he spoke to members of the Basij, the all-volunteer arm of Iran's paramilitary Revolutionary Guard. Khamenei referenced the International Criminal Court's decision to issue an arrest warrant for Netanyahu and Israel's former Defence Minister Yoav Gallant.

"What the Zionist regime did in Gaza and Lebanon is not a victory, it is a war crime. Now they have issued a warrant for their arrest. This is not enough!" Khamenei said, according to remarks published by the state-run IRNA news agency.

"Netanyahu and the criminal leaders of this regime must be sentenced to death." The International Criminal Court at the Hague does not issue death sentences. Khamenei also insisted those in Iran's self-described "Axis of Resistance," like the Palestinian militant group Hamas and Lebanon's Hezbollah, would be stronger after the war. "The idiots should not think that bombing houses and hospitals in Gaza and Lebanon is a victory," he said. "The enemy has not become winner in Gaza and Lebanon, and it will not be winner."

# 'Israeli strike that killed 3 Lebanese journalists most likely deliberate'

AP ■ BEIRUT

An Israeli airstrike that killed three journalists and wounded others in Lebanon last month was most likely a deliberate attack on civilians and an apparent war crime, an international human rights group said on Monday.

The October 25 airstrike killed three journalists as they slept at a guesthouse in southeast Lebanon in one of the deadliest attacks on the media since the Israel-Hezbollah war began 13 months ago. Eleven other journalists have been killed and eight wounded since then, Lebanon's Health Minister Firass Abiad said.

More than 3,500 people have been killed in Lebanon, and women and children accounted for more than 900 of the dead, according to the Health Ministry. More than 1 million people have been displaced since Israeli ground troops invaded while Hezbollah has been firing thousands of rockets, drones and missiles into Israel — and drawing fierce Israeli retaliatory strikes. Human Rights Watch determined that Israeli forces carried out the October 25 attack using an air-dropped bomb equipped with a US-produced Joint Direct Attack Munition,

or JDAM, guidance kit. The group said the US government should suspend weapons transfers to Israel because of the military's repeated "unlawful attacks on civilians, for which US officials may be complicit in war crimes."

There was no immediate comment from the Israeli military on the report. The Biden administration said in May that Israel's use of US-provided weapons in Gaza likely violated international humanitarian law but that wartime conditions prevented US officials from determining that for certain in specific airstrikes.

The journalists killed in the airstrike in the southeastern town of Hasbaya were camera operator Ghassan Najjar and broadcast technician Mohammed Rida of the Beirut-based pan-Arab Al-Mayadeen TV, and camera operator Wissam Qassim, who worked for Hezbollah's Al-Manar TV. Human Rights Watch said a munition struck the single-story building and detonated upon hitting the floor. "Israel's use of US arms to unlawfully attack and kill journalists away from any military target is a terrible mark on the United States as

well as Israel," said Richard Weir, the senior crisis, conflict and arms researcher at Human Rights Watch. Weir added that "the Israeli military's previous deadly attacks on journalists without any consequences give little hope for accountability in this or future violations against the media."

Human Rights Watch said that it found remnants at the site and reviewed photographs of pieces collected by the resort owner and determined that they were consistent with a JDAM guidance kit assembled and sold by the US company Boeing. The JDAM is affixed to air-dropped bombs and allows them to be guided to a target by using satellite coordinates, making the weapon accurate to within several meters, the group said.

In November 2023, two journalists for Al-Mayadeen TV were killed in a drone strike at their reporting spot. A month earlier, Israeli shelling in southern Lebanon killed Reuters videographer Issam Abdallah and seriously wounded other journalists from France's international news agency Agence France Presse and Qatar's Al-Jazeera TV on a hilltop not far from the Israeli border.

# UAE arrests three Uzbek nationals for killing of rabbi

AP ■ DUBAI

The United Arab Emirates said on Monday police arrested three Uzbek nationals for the killing of an Israeli-Moldovan rabbi.

The statement from the country's Interior Ministry offered no motive for the slaying of Zvi Kogan. Kogan, 28, an ultra-Orthodox rabbi who went missing on Thursday, ran a kosher grocery store in the futuristic city of Dubai, where Israelis have flocked for commerce and tourism since the two countries forged diplomatic ties in the 2020 Abraham Accords.

The agreement has held through more than a year of soaring regional tensions unleashed by Hamas' October 7, 2023 attack into southern Israel. But Israel's devastating retaliatory offensive in Gaza and its invasion of Lebanon, after months of fighting with the Hezbollah militant group, have stoked anger among Emiratis, Arab nationals and others living in the UAE. The Interior Ministry statement identified the three men as Olimpi Tohirovic, 28, Mahmoud John Abdul Rahim 28, and Azizi Kamilovic, 33. The state-run WAM news agency carried images of the three men, their faces blurred. It did not say if charges had been filed against the men.

It wasn't immediately clear if the three men had lawyers in the UAE, an autocratically ruled nation of seven sheikhdoms on the Arabian Peninsula. The Uzbek Consulate in Dubai did not immediately respond to a request for comment regarding the arrests.

Israeli media reports, citing unnamed security officials, had alleged Uzbeks were involved in Kogan's killing. Uzbeks previously have been hired in Iranian plots targeting dissidents and others. Iran, which supports Hamas and Hezbollah, has also been threatening to retaliate against Israel after a wave of airstrikes Israel carried out in October in response to an Iranian ballistic missile attack. Iran's Embassy in Abu Dhabi denied Tehran was involved in the rabbi's slaying.

While the UAE statement did not mention Iran, Iranian intelligence services have carried out past kidnappings in the UAE. Western officials believe Iran runs intelligence operations in the UAE and keeps tabs on the hundreds of thousands of Iranians living across the country. Iran is suspected of kidnapping and later killing British Iranian national Abbas Yazdi in Dubai in 2013, though Tehran has denied involvement.

# Iraq's population grew to 45.4 million according to first survey in decades

AP ■ BAGHDAD

Preliminary results from an Iraqi national census, the first in nearly 40 years, show that the population has grown to 45.4 million, the prime minister said on Monday. The nationwide population census, carried out earlier this month, is a step aimed at modernising data collection and planning in a country long impacted by conflict and political divisions.

Prime Minister Mohammed Shia al-Sudani said on Monday that initial results showed the country's population has reached approximately 45.4 million people. In 2009, an unofficial count estimated the population at 31.6 million. The gender distribution according to Monday's initial results shows a nearly even split, with males making up 50.1 per cent of the population and females 49.8 per cent of the population. The act of counting the population, the first in 37 years, is contentious in Iraq, with profound implications for the country's resource distribution, budget allocations and development planning. Minority groups

# Imran supporters march towards Islamabad amid crackdown

PTI ■ ISLAMABAD/LAHORE

Thousands of Pakistan Tehreek-e-Insaf workers, led by Khyber Pakhtunkhwa Chief Minister Ali Amin Gandapur, were moving towards Islamabad on Monday as the top party leaders met

premier Imran Khan in jail and dismissed any rumours about the protest march being called off. The 72-year-old former premier issued a "final call" on November 13 for nationwide protests on November 24, denouncing what he termed as the stolen mandate, the unjust arrests of people and the passage of the 26th amendment, which he said has strengthened a "dictatorial regime". His supporters resumed march towards Islamabad on Monday after an overnight stop on the way amid stiff resistance by the authorities to foil their attempt to enter the national capital and stage a sit-in at the D-Chowk, located close to several important government buildings: the Presidency, the PM Office, the Parliament, and the Supreme Court.

Party chairman Gohar Khan, accompanied by Khyber Pakhtunkhwa's Information Advisor Barrister Saif and senior leader Ali Muhammad Khan, held a 90-minute meeting with Imran Khan on Monday in Rawalpindi's high-security Adiala Jail, where the former premier is lodged since last year. "Yes, I have met him (Khan)," Gohar told the media after the meeting, which he described as "significant". Gohar said that Khan's call for protest is final and dismissed any rumours about it being called off. When asked about the details of the ongoing negotiations, Gohar responded that the talks were underway and updates would be provided soon, Geo News reported. Sources said the purpose of the meeting was to brief Khan on the latest developments concerning the Islamabad protest and to take his guidance on the matter. Meanwhile, a large convoy of PTI supporters moved steadily into Punjab territory but were met with police resistance near the Attock Bridge, Chach Interchange, and Ghazi Barotha Canal, where officers used heavy tear gas to disperse protesters. Despite the police crackdown, Opposition leader Omar Ayub's convoy managed to push back Punjab Police forces at the Hazara Interchange. In a brief address to the crowd before departing Swabi, KP

Supporters of Pakistan Tehreek-e-Insaf party, burn bushes to reduce the impact of tear gas shells fired by police officers to disperse them during a rally demanding Khan's release, at a motorway in Ghazi in Attock district, Pakistan

Chief Minister Gandapur urged party members to move forward, declaring, "We must advance and not turn back until Khan is released." Later, he rallied supporters, telling them to "prepare, as we will need to confront further resistance ahead." Khan's wife Bushra Bibi, who is a part of the convoy being led by Gandapur, demanded her

husband's release. "We will not end this march till Imran is not with us," she said while addressing supporters at a stop near the Hazara Interchange. "I will stay there till my last breath, and all of you have to support me. This is not just about my husband but about the country and its leader." PTI leader Sanam Javaid Khan shared an update on her con-

voys location in a post on X at 1:33 pm, saying they had reached Hassanabdal. According to her post, Bushra Bibi, Gandapur, Babar Saleem Swati, Faisal Javed and Omar Ayub Khan were present in the convoy, among other party leaders. The authorities had blocked the highways by placing shipping containers, but protesters accompanied by lift-

ing equipment and other heavy machines worked their way by removing hurdles, but it skittled their speed and plans. The government has banned rallies by imposing Section 144, a colonial-era law used to outlaw political activities, as a high-level delegation from Belarus is visiting Pakistan. Deputy Prime Minister Ishaq Dar questioned PTI's repeated calls for strikes, terming them a "well-thought-out conspiracy" against the country. He regretted that the party always seemed to call for a protest at a time when global figures were visiting Pakistan, whether it be the Chinese premier's visit, the SCO summit or other occasions. Interior Minister Mohsin Naqvi has vowed to arrest everyone entering the capital to protest. Not only all major roads leading to the capital and within the city have been barricaded but also police and paramilitary troops deployed to deal with the miscreants. Rawalpindi police clashed with PTI workers at JI Principal Road, arresting around 60 people after baton charges. Punjab province of over 120 million people remained cut off from the rest of the country due to high-security measures to prevent protesters from entering the province.

# Cargo plane crashes, killing Spanish crew member

AP ■ VILNIUS

A DHL cargo plane crashed on approach to an airport in Lithuania's capital and skidded into a house Monday morning, killing a Spanish crew member but not harming anyone on the ground. The cause of the accident

is under investigation. A surveillance video showed the plane descending normally as it approached the airport before sunrise, and then exploding into a huge ball of fire behind a building. The moment of impact could not be seen in the video. The crash occurred at a time that

Western security officials suspect that Russian intelligence is carrying out sabotage against their nations in retaliation for their support for Ukraine — including arson attacks, disinformation and by putting incendiary devices in packages on cargo planes. In July one caught fire at a courier hub in Germany and another ignited in a warehouse in England. Polish prosecutors said last month that parcels with camouflaged explosives were sent via cargo companies to EU countries and Britain to "test the transfer channel for such parcels" that were ultimately destined for the US and Canada. Lithuanian officials acknowledged that one line of inquiry will be whether Russia played a role given its suspected involvement in

other cases of sabotage — although they stressed that there is no evidence pointing to that yet. "Without a doubt, we cannot rule out the terrorism version," said Darius Jauniskis, chief of Lithuanian intelligence. "We see Russia becoming more aggressive," he said. "But for now, we really cannot make any attributions or point fingers at anyone, because there is no information about it." The Lithuanian airport authority identified the aircraft as a DHL cargo plane arriving from Leipzig, Germany, a major freight hub, and one of the injured was a German citizen. The German transportation ministry said that experts from the German Federal Bureau of

Aircraft Accident Investigation would be sent to Lithuania to help with the investigation. Officials there also cautioned against trying to draw conclusions before all the evidence has been examined. "No statements can yet be made about the cause of the accident. Whether it was an accident or whether another cause led to the crash of the cargo plane is the subject of the current investigation," German Interior Ministry spokesperson Mehmet Atta said at a briefing in Berlin. The head of Lithuania's firefighting service said that the plane skidded a few hundred meters (yards), and photos showed smoke rising from a damaged structure in an area of barren trees.

# Court acquits S Korean opp leader on charges of instigating perjury

AP ■ SEOUL

South Korean opposition leader Lee Jae-myung was acquitted on Monday on charges that he persuaded a witness to lie in court to undercut Lee's past criminal conviction, in a rare moment of relief from broad legal troubles that threaten to derail his political career. Lee thanked the Seoul Central District Court judge after the ruling for "bringing back truth and justice." The prosecution didn't immediately say whether it would appeal. The same court earlier this

month sentenced Lee to a suspended prison term for violating election law by making false public statements while running for president in the 2022 election, which he narrowly lost to conservative rival Yoon Suk Yeol. If that conviction stands, Lee would be unseated as a lawmaker and barred from running for president in the next election, for which polls now show him to be the favourite. But Lee, who is facing five different trials over corruption and other charges, will likely challenge any guilty verdict he receives, and it's uncertain

whether the Supreme Court would decide on any of the cases before the vote in March 2027. The ruling Monday at the Seoul court was about whether Lee pressured a former employee of Seongnam city into giving false testimony in court in 2019. The testimony was meant to downplay Lee's 2002 conviction that, as a lawyer, he had helped a journalist of KBS television to impersonate a prosecutor to secure an interview with then-Seongnam Mayor Kim Byung-ryang over corruption suspicions regarding the allocation of new apartments.

**Education, opportunities pull Indian students to US univs**

Washington (PTI): Globalisation, enormous opportunities in the US and a large Indian diaspora are the main attractions for students from India coming to America for higher education, especially in STEM, according to educationists. STEM courses are the ones that fall under the disciplines of science, technology, engineering, and mathematics. "The growth of the Indian youth and their enthusiasm for education and the opportunities in the United States are very much a pull," Marvin Krislov, President of Pace University, told PTI in an interview. A recent report by the International Educational Exchange revealed that last year, India surpassed China as the top place of origin for international students, with a record 3,31,602 Indian students in the US in 2023-2024. This was a 23 per cent increase from the previous year. "There's a large Indian-American community that is part of the attraction. People enjoy having those close connections to the Indian community. There are also just enormous opportunities and so many Indians have come here and gotten their education. Some of them have stayed at least for a while and have had enormous success," Krislov said. According to the report, Indian enrolments increased primarily at the graduate (1,96,567, +19 per cent) and Optional Practical Training (OPT) academic level (97,556, +41 per cent). OPT is a temporary work permit that allows F-1 international students to gain practical experience related to their field of study. According to Raj Echambadi, President of Illinois Tech, there are two fundamental reasons for this. "One, from a US educational perspective, the quality of the Indian students is extraordinarily high. Close to about 60 per cent of them, about 2,00,000 of them are in the graduate programmes in the US out of the 3,30,000 (Indian students in the US)." "Because our undergraduate infrastructure in India is phenomenal and most of these students are in STEM fields, so there is a natural fit... That fit is what is driving a lot of admissions towards Indian students," Echambadi told PTI in an interview. "The second broader reason is from the US perspective. When you think about the two major countries, it has been China and India. Roughly about 60 per cent of the student base in the US international student base comes from these two countries. Obviously, over the last few years, there has been a very strong relationship between the Indian government and the US government and it has not been the same (with China). That is actually what is accounting for this disparity, if you will," he added.

Leftist opp candidate Orsi becomes new president of Uruguay

Uruguay's leftist opposition candidate, Yamandu Orsi, became the country's new president in a tight runoff Sunday, ousting the conservative governing coalition and making the South American nation the latest to rebuke the incumbent party in a year of landmark elections worldwide.

Foreign ministers meet in Italy for last G7 of Biden administration

Rome (AP): Foreign ministers from the world's leading industrialized nations are meeting Monday, with the wars in Ukraine and the Middle East entering decisive phases and a certain pressure to advance diplomatic efforts ahead of the new US administration taking over.

# India's economic outlook for coming months 'cautiously optimistic': Finmin Report

PTI ■ NEW DELHI

India's economic outlook for the coming months is 'cautiously optimistic', with agriculture likely to benefit from favourable monsoon conditions, increased minimum support prices and adequate supply of inputs, the finance ministry said in a report.

"Bright agricultural production prospects make the inflation outlook benign, despite existing price pressures in select food items," the October edition of Monthly Economic Review released by the Department of Economic Affairs on Monday said. Early November trends signalled moderation in key food prices, though geopolitical factors may continue to impact domestic inflation and supply chains, it said. A bumper kharif harvest is expected to lower food inflation in the coming months, it said, adding that a favourable monsoon, adequate reservoir levels and higher minimum support prices are likely to boost rabi sowing and production. Amidst a clouded global background, and after a brief period of softening momentum over the monsoon

months, the report said, many high-frequency indicators of economic activity in India have shown a rebound in October. These include indicators of rural and urban demand and supply side variables like Purchasing Managers' Index and E-way bill generation, it said. On the employment front, it said, the formal workforce is expanding, with

notable increases in manufacturing jobs and a strong inflow of youth into organised sectors. With regard to the external front, it said, India's export recovery may encounter challenges due to softening demand in developed markets. However, it said, trade in the services sector is sustaining momentum. Net foreign direct investment inflows registered remarkable growth in the

first five months of FY25, it said. Supported by stable capital inflows, India's forex reserves increased by USD 64.8 billion so far during 2024, the second-largest increase after China amongst major forex reserve-holding countries, it said. Apart from the emerging indications of domestic growth and stability, the dynamics of global interest rates, earning growth and valuation, geopolitical developments and policy decisions of the next administration in the United States will determine the course of trade and capital flows, the report said. Recent developments in the ongoing conflict between Russia and Ukraine have caused some concern in financial markets with safe-haven assets such as US Treasuries and gold finding a bid, it said, adding, that geopolitical conditions remain fragile. The report said the global economy reveals a mixed outlook as 2024 draws to a close. Structural weaknesses in parts of Europe and China's slowdown continued to weigh on growth. In contrast, the US economy has surpassed earlier expectations, maintaining steady expansion.

# Sensex reclaims 80k mark; Nifty surges over one per cent

PTI ■ MUMBAI

Benchmark equity indices Sensex and Nifty surged more than 1 per cent on Monday, helped by a rally in blue-chip stocks and the BJP pulling off a stunning performance in Maharashtra, winning a record number of seats to propel the party-led ruling Mahayuti alliance to a landslide victory. Extending its previous day's sharp rally, the BSE benchmark Sensex jumped 992.74 points or 1.25 per cent to settle at 80,109.85. During the day, it soared 1,355.97 points or 1.71 per cent to 80,473.08. The NSE Nifty surged 314.65 points or 1.32 per cent to 24,221.90. From the 30-share Sensex pack, Larsen & Toubro, State Bank of India, Adani Ports, Reliance Industries, Power Grid, ICICI Bank, HDFC Bank, Tata Consultancy Services, Kotak Mahindra Bank and Axis Bank were the biggest gainers. On the other hand, JSW Steel, Tech Mahindra,

Infosys, Maruti, Asian Paints and HCL Tech were the laggards. Online food delivery giant Zomato will become a part of the benchmark BSE Sensex, replacing JSW Steel from December 23. This is part of the latest reconstitution announced by Asia Index Private Ltd, a subsidiary of BSE. "The ability of the market to surprise was evident in the 557 points spurt in the Nifty on Friday. This sharp upswing will continue today assisted by the super NDA performance in Maharashtra. The political message from this election is huge and highly positive from the market perspective," VK

Vijayakumar, Chief Investment Strategist, Geojit Financial Services, said. The BJP on Saturday pulled off a stunning performance in Maharashtra, winning a record number of seats to propel the party-led ruling Mahayuti alliance to a landslide victory, while the INDIA bloc stormed back to power in Jharkhand on the back of a spectacular showing by the JMM. In Asian markets, Seoul and Tokyo settled higher, while Shanghai and Hong Kong ended in the red. European markets were trading in the green. The US markets ended in positive territory on Friday. Global oil benchmark Brent crude dipped 0.40 per cent to USD 74.87 a barrel. Foreign Institutional Investors (FIIs) offloaded equities worth Rs 1,278.37 crore on Friday, according to exchange data. The BSE benchmark jumped 1,961.32 points or 2.54 per cent to settle at 79,117.11 on Friday. The Nifty soared 557.35 points or 2.39 per cent to 23,907.25.

# About seven per cent workforce growth expected in H2 driven by logistics, e-comm: Report

PTI ■ MUMBAI

With 59 per cent of employers planning to increase headcount in October-March FY25, 7.1 per cent workforce growth is expected during the period, driven by logistics, e-commerce, and manufacturing sectors, a report said. According to TeamLease Services 'Employment Outlook Report for October 2024 to March 2025', an additional 22 per cent will maintain their current staffing levels. The report is based on primary and secondary research, taking inputs from 1,307 employers across 23 industries in 20 cities. These findings reveal a dynamic hiring landscape where industry-specific demands and macroeconomic factors are significantly shaping employment trends, the report added. This growth will mainly be driven by sectors including logistics, EV & EV infrastructure, agriculture and agrochemicals, and e-commerce, which are heavily investing in infrastructure and technological advancements, it said. Logistics, for instance, stands out with a 14.2 per cent net employment change, as 69 per cent of companies in the sector look to increase headcount. This growth is attributed to the sector's adoption of 5G logistics, green supply chain initiatives, and benefits from National Logistics Policy implementations, it noted. Logistics is followed by EV and EV Infrastructure (12.1 per cent), agriculture and agrochemicals (10.5 per cent), and e-commerce and tech startups (8.9 per cent), where startups are capitalising on AI-enabled customer insights, Web 3.0 applications, and seasonal demand from the festive period, it said. As technology continues to evolve, the automotive industry is also seeing 8.5 per cent growth, spurred by integrated smart technologies, while the retail sector's 8.2 per cent growth reflects the popularity of

hyperlocal deliveries and smart-store concepts. The report further said that cities like Coimbatore (24.6 per cent) and Gurugram (22.6 per cent) are becoming job hubs, representing a decentralisation of employment opportunities beyond traditional metros. While Bengaluru (53.1 per cent), Mumbai (50.2 per cent), and Hyderabad (48.2 per cent) remained central employment anchors with high workforce demand, demand in cities like Coimbatore, Gurugram, Jaipur, Lucknow, and Nagpur signals a broader spread of job growth across India, reinforcing the appeal of smaller cities as viable alternatives for job seekers and companies alike, it added. According to the report, major economic initiatives are also shaping workforce expansion. Policies such as the Global Capability Centres (GCCs), which are projected to add USD 60 billion to India's economy by 2025, are creating high-skill roles in technology and R&D. Meanwhile, National Industrial Corridors aim to generate 1 million direct jobs and 3 million indirect jobs in manufacturing and logistics. The semiconductor mission seeks to add 80,000 jobs by 2025 through an investment of Rs 1.25 lakh crore, underscoring India's drive toward high-tech manufacturing. "The employment landscape is increasingly shaped by technology and policy-driven shifts. Our latest findings underscore the diversity in job growth across India, from established urban hubs to emerging cities, and reveal a workforce that is evolving rapidly to meet demands in sectors like logistics, EV, and tech startups," TeamLease Staffing CEO Kartik Narayan said. As companies embrace flexible staffing models, digital skill sets such as problem-solving, critical thinking, and cloud technology are not only in demand but essential for maintaining a competitive edge in today's economy, he noted.

# S&P cuts India's GDP growth forecast for FY26, FY27

PTI ■ NEW DELHI

S&P Global Ratings on Monday revised down its estimate for India's economic growth in the next two financial years as high interest rate and lower fiscal impulse temper urban demand. In an update to its economic forecast for Asia-Pacific economies after US election results, the rating agency projected a 6.7 per cent GDP growth rate in 2025-26 financial year (April 2025 to March 2026) and 6.8 per cent in the following fiscal year, down from 6.9 per cent and 7 per cent, respectively in previous projections. For FY25, S&P Global pegged GDP growth rate at 6.8 per cent. "In India we see GDP growth easing to 6.8 per cent this fiscal year as high interest rates and a lower fiscal impulse temper urban demand. While purchasing manager indices (PMIs) remain convincingly in the expansion zone, other high-frequency indicators indicate some transitory softening of growth momentum due to the hit to the construction sector in the September quarter," it said.

The agency expects India's GDP to grow at 7 per cent in FY28. S&P retained its growth projection for China at 4.8 per cent in 2024 but cut next year's forecast to 4.1 per cent from 4.3 per cent earlier and to 3.8 per cent in 2026 from the previous estimate of 4.5 per cent. "The impending change in the US administration will be challenging for China and the rest of Asia-Pacific. US tariff increases have become more likely, especially on China, and possible changes in the US macro picture are leading to different interest rate expectations," said the report titled 'Economic Outlook Asia-Pacific Q1 2025: US Trade Shift Blurs The

Horizon'. Louis Kuijs, S&P Global Ratings Asia-Pacific Chief Economist, said rising risks are blurring the economic outlook for Asia-Pacific in the first quarter of 2025. "While much of the region should be able to continue to grow solidly, central banks will probably remain cautious by not reducing their policy rates too fast." China's stimulus measures should support growth, but S&P expected its economy to be hit by US trade tariffs on its exports. The Asia-Pacific growth will be impeded by slower global demand and US trade policy. But lower interest rates and inflation should ease their drag on spending power.

# Edible oil body SEA urges Govt to lift ban on commodity futures trading

PTI ■ NEW DELHI

Edible oil industry SEA on Monday called on the government to lift a ban on futures trading in key agricultural commodities, including crude palm oil and soyabean, citing significant financial impact on its members. The ban, first implemented in December 2021 on seven agricultural commodities, has been extended multiple times with the current extension running through December 20, 2024. The Solvent Extractors Association of India (SEA) has appealed to five ministers, including Home Minister Amit Shah and Finance Minister Nirmala Sitharaman, arguing that the absence of futures trading has hindered price risk management and market development. "The industry was hopeful that the suspension would be lifted to enable smoother operations, but the continuation of this restriction has further weakened an essential risk mitigation tool," SEA

President Sanjeev Asthana said in a representation made to the ministers. SEA emphasised that studies have shown futures trading does not significantly drive inflation, a key concern when the ban was implemented. Current soyabean prices are trading below the government-set minimum support price (MSP) of Rs 4,892 per quintal, while rapeseed prices are slightly above its MSP of Rs 5,950, the industry body said. The association particularly stressed the need to resume futures trading in internationally traded commodities like crude palm oil and crude soybean oil, arguing that the ban has left businesses exposed to greater price volatility.

# Coal India floats tender seeking bids from pvt players for e-auction

PTI ■ KOLKATA

Despite having switched to its internal e-auction platform in January this year, Coal India Ltd (CIL) has floated a tender seeking bids from private service providers to conduct e-auctions of the dry fuel for its subsidiaries over the next two years, officials said on Monday. This move has left external e-auction service providers, such as MSTC and mjunction, who have managed CIL's auctions through electronic platforms for nearly two decades, confused and they were seeking more clarity before deciding whether to participate in the tender, stakeholders said. The deadline for submission of bids is November 27.

CIL had engaged its subsidiary CMPDI to develop an internal coal e-auction system in collaboration with the National Informatics Centre (NIC), the officials said. The internal platform was successfully transitioned in January 2024 after conducting successful trials in 2023. "However, there have been complaints about the system's performance, prompting Coal India to seek external platforms for its e-auctions," an official told PTI. CIL's coal volume through the e-auction platform was estimated to reach around 60 million tonnes by September 2024. "Engaging service providers to conduct e-auction is aimed at having more options at hand. CIL should be in a position to respond to

changing market and consumer requirements," another Coal India official said. The new engagement with external service providers is expected to begin in April next year after the current contracts with service providers expire in March, he

will also continue to function," the senior CIL official said. External service providers have expressed concerns about the new tender and are seeking clarity on the scope of work, especially given the CIL's reliance on its internal system. "We've sought greater clarity on the expected business in the tender, as our revenue depends on the number of auctions we conduct. Currently, most e-auctions are being handled internally by CIL. It remains unclear whether external providers will serve merely as a backup or whether there will be an assured revenue model. We have not yet decided whether to participate or not," said a top official from one of the two main service providers, requesting anonymity.

# India's GenAI ecosystem soars with 6 times growth in Q2FY25 amid global slump: Nasscom report

PTI ■ NEW DELHI

India's Generative AI ecosystem has grown remarkably amid a global downturn, recording an impressive 6 times growth in quarterly investments driven by B2B and productivity solutions, according to a report by IT industry body Nasscom. Nasscom on Monday released the "Generative AI Tracker: Tech Industry Activity in Q2FY2025" report that revealed a robust rebound in funding and innovation within India's Generative AI landscape. "Indian GenAI startup funding, at about USD 51 million in

Q2FY2025, saw over 6 times rise quarter-on-quarter, led by B2B and agentic AI startups. Funding rounds continued to rise, with Q2FY2025 registering a record 20 rounds, after a tepid Q1. "GenAI applications garnered most funding, however, per-stage funding got capped lower due to no model funding in Q2," the report said. On the contrary, global GenAI startup funding, at about USD 4 billion in Q2FY2025, hit the lower circuit with a 2.3 times quarter-on-quarter (q-o-q) drop from Q1, the report revealed. Most major and mid-sized Indian tech companies have been

releasing GenAI platforms since early 2023. These platforms are gradually being offered with multimodal, multi-model data, AI, and cloud integration ecosystems. With more and more tech providers prioritising partnerships and advanced skilling, partnerships in the industry surged by 25 per cent sequentially, focusing on product enhancements, joint go-to-market strategies, and government-led skilling initiatives. This strategic pivot has led to improved revenue pipelines and stronger realizations from active Proofs of Concept (PoCs), the

study said. Companies are moving beyond basic AI literacy to focus on advanced and thematic upskilling that integrates platform capabilities and agentic AI functionalities. The evolution of the Indian GenAI ecosystem from experimental use cases to scalable, production-ready solutions is reflected in its growing maturity, Nasscom said, adding that improved finance inflows, more revenue realisations, and growing applications in customer interaction and enterprise productivity are the main drivers

of this expansion. "The generative AI landscape is evolving rapidly, reshaping technology service providers and unlocking new capabilities. Providers are re-evaluating strategies and increasing investments in technology and talent. Q2FY2025 marked a key shift in India's GenAI space, with funding focused on impactful applications that enhance productivity. Future success will rely on strategic innovations, pilot project results, and lessons learned along the way," Sangeeta Gupta, Senior Vice President and Chief Strategy Officer at Nasscom, said.

# Emma McKeon retires from swimming

AP ■ SYDNEY

Emma McKeon, Australia's most decorated Olympian, announced her retirement from competitive swimming on Monday.

McKeon holds the Australian record of 14 Olympic medals — six of them gold — won over three Summer Olympics, while her seven-medal haul at Tokyo 2020 is the most ever by a female swimmer at a single Games and equal most for any female athlete from any sport at a single Olympics.

The 30-year-old McKeon had previously hinted that the 2024 Paris Games — where she won gold in the 4 x 100m freestyle relay — would be her final Olympics, but she had not said whether she would continue to swim competitively.

"I am proud of myself for giving my swimming career absolutely everything, both physically and mentally. I wanted to see what I was capable of, and I did," McKeon said on social media.

"Swimming has given me so much.

From the dream igniting at 5 years old, right through to my third Olympic games - I have so many lessons, experiences, friendships and memories that I am so thankful for." McKeon's 14 medals came across the Rio 2016, Tokyo 2020 and Paris 2024 Games, with six Olympic gold, three silver and five bronze.

She's second only to Katie Ledecky in terms of Olympic swimming gold medals won. The American has won nine across four Olympics in her tally of 14.

"Emma has added her own incredible chapter to Australia's history at the Olympic Games," Australian Olympic Committee President Ian Chesterman said in a written statement.

"Emma has been an extraordinary athlete who has etched herself a special place in Australian sporting landscape, particularly through her success at the Olympics.

"Her performances during Tokyo were particularly stunning. Emma is recognised not just in Australia, but around the world, as one of the greatest Olympians ever.

# Sindhu, Lakshya eye titles at Syed Modi International

PTI ■ LUCKNOW

PV Sindhu and Lakshya Sen will aim to end their title droughts when they spearhead India's challenge at the Syed Modi International Super 300 badminton tournament starting here on Tuesday.

Fresh off a semifinal finish in their comeback tournament post the Paris Olympics, Satwiksairaj Rankireddy and Chirag Shetty, the former world No. 1 doubles pair, enter as favourites in the men's doubles category.

Sindhu, a two-time Olympic medalist, last clinched a title at the Singapore Open in 2022, while Lakshya, a 2021 World Championships bronze-medallist, won the Canada Open in 2023.

The 29-year-old Sindhu reached the final of the Malaysia Masters earlier this year but has struggled to find her peak form.

Lakshya, 23, showed promise with semifinal finishes at the All England Championship, French Open, and Paris Olympics, where he lost the bronze playoff from a strong position to Malaysia's Lee Zii Jia.

Both shuttlers have endured mixed fortunes since their Olympic outings. Lakshya faced early exits at the Arctic Open, Denmark Open, and Kumamoto Masters before recovering to an extent with a quarterfinal finish at the China Masters, avenging his Olympic loss to Lee in the process.

Lakshya starts his campaign here against a qualifier, hoping to reclaim his spot on the podium. Sindhu, meanwhile, has battled inconsistency, with a shock first-round loss to Canada's Michelle Li in Finland and subsequent defeats at the Denmark Open and Kumamoto Masters.

She opens her campaign against compatriot Anmol Kharb, a 17-year-old rising star who has impressed with titles at the Belgium and Poland International Challenge events this year.

The clash between the seasoned Sindhu and the prodigious Kharb promises to be an intriguing one, symbolising the generational shift in Indian badminton.

In men's singles, second seed Priyanshu Rajawat is a strong contender alongside Lakshya. The 22-year-old from Dhar has shown promise on the international circuit, including a fighting performance at the China Masters.

Other Indian hopefuls include third seed Kiran George, 2023 World Junior Championships bronze-medallist Ayush Shetty, Odisha Masters winner Sathish Karunakaran, and national champion Chirag Sen.

The women's singles draw also looks competitive, with second seed Malvika Bansod aiming to better her runner-up finish in the 2022 edition.

Third seed Aakarshi Kashyap, sixth seed Rakshitha Sree Santhosh Ramraj, and fifth seed Anupama Upadhyaya are among others eyeing glory.

Isharani Baruah, who has clinched titles at the Sri Lanka International, Dutch International, and India International, along with Devika Sihag, will also hope for a good outing.

Unnati Hooda, a winner at the 2023 Abu Dhabi Masters, is another player to watch out for.

In women's doubles, the top-seeded duo of Ashwini Ponnappa and Tanisha Crasto, along with second seeds Gayatri Gopichand and Treasa Jolly, are strong title contenders, with a potential all-Indian final on the cards.

# Hockey great Ashok Kumar suffers heart attack; to undergo angioplasty

PTI ■ NEW DELHI

Former India hockey player and son of legendary Major Dhyan Chand, Ashok Kumar suffered a heart attack after being hospitalised here for discomfort in chest but is now stable and out of danger, sources in his family said on Monday.

The 74-year-old will undergo an angioplasty later on Monday.

"He (Ashok Kumar) felt discomfort in chest yesterday (Sunday) evening. He was then taken to Escorts Hospital where angiography was performed. The angiography results showed there were a few blockages. The doctors will implant stents today," family sources told PTI.

"He is out of danger and in a stable condition."

The former inside-right player, who was known for his ball control, was a member of the Indian team that won the 1975 World Cup under Ajit Pal Singh. He was also a member of Indian team that won a bronze medal in the 1972 Munich Olympics. He became a recipient of the Arjuna Award in 1974 and, in 1975, scored the winning goal against Pakistan to achieve India's only win in the World Cup.

Kumar was awarded the Hockey India Major Dhyan Chand Lifetime Achievement Award earlier this year.

His other accomplishments include two more World Cup medals (bronze in 1971 Barcelona and silver in 1973 Amsterdam), besides three Asia Games silver medals (1970 Bangkok, 1974 Tehran and 1978 Bangkok).

# Davis Cup: Jannik Sinner leads Italy past the Netherlands for its second consecutive title

AP ■ MALAGA (SPAIN)

Italy went nearly a quarter-century without winning the Davis Cup. Then along came Jannik Sinner, and now the country is celebrating its second consecutive title.

The No. 1-ranked Sinner clinched the championship in the annual team event and capped his breakthrough season by beating Tallon Griekspoor 7-6 (2), 6-2 on Sunday for a 2-0 win over the Netherlands in the final of the Davis Cup.

"Coming back as defending champions and winning again — it's one of the best feelings I think for all of us," Sinner said. "We are very happy to lift this trophy and, of course, also to go into the pre-season with a bunch of confidence boosts."

Matteo Berrettini put Italy ahead with a 6-4, 6-2 victory over Botić van de Zandschulp — the last man to beat Rafael Nadal — in the opening singles match on an indoor hard court at the Palacio de Deportes Jose Maria Martin Carpena in southern Spain.

The Italians, backed by a loud contingent of singing fans playing drums and armed with megaphones in the crowd of 9,200, became the first team to win the Davis

Cup twice in a row since the Czech Republic in 2012 and 2013.

Italy's women won the Billie Jean King Cup by defeating Slovakia on Wednesday. "They make us even more proud," Davis Cup captain Filippo Volandri said.

After Sinner finished off his win, Berrettini and other teammates rushed onto the court to begin the party, wrapping their arms around one another and bouncing in unison. Volandri grabbed Sinner and lifted him off the ground.

It was clear who was key to this success. Sinner went 4-0 in Malaga, including a victory in doubles with Berrettini against Argentina in the quarterfinals. Berrettini played a vital role,

too, after replacing Lorenzo Musetti for singles. Berrettini was the runner-up at Wimbledon in 2021 but since then went through a series of injuries and illnesses that have limited his playing time.

He has spoken about the mental challenges he faced. "I didn't miss the wins or the losses," Berrettini said. "I missed these moments."

He needed some time to find his groove against the 80th-ranked van de Zandschulp. But Berrettini took control by grabbing the opening set's last three games, and Sinner left his front-row seat behind Italy's bench to head to the locker room and prepare to close the deal.

He hit 15 aces against the 40th-ranked Griekspoor and stretched his unbeaten streak

in four-level singles competition to 14 matches and 26 sets, including a title at the ATP Finals a week ago. Sinner's ascension is one of the year's biggest stories in tennis. He went 73-6 with eight singles titles in 2024, with his first two Grand Slam trophies at the Australian Open and the U.S. Open. The latter came shortly after he was cleared of wrongdoing in a doping case connected to two positive tests for steroids in March; the World Anti-Doping Agency's appeal of that ruling is still pending.

The Netherlands reached the Davis Cup final for the first time.

"We believed," Dutch captain Paul Haarhuis said about the Italians, "we could beat them."

Until last year, Italy's only Davis Cup triumph came in 1976. So Volandri said he told his players to think of their goal this way: "We want to make history."

Griekspoor, who fell to 0-6 against Sinner, held his own until the first-set tiebreaker, which was preceded by dueling chants of "Italia! Italia!" and "Let's go, Tallon! Let's go!" Sinner was steadier, more ready for the moment, and he built a substantial lead before ending it with an ace.

# Mumbai City FC eye third straight win against Punjab FC

PTI ■ MUMBAI

Mumbai City FC will face Punjab FC as the Islanders aim to go above the visitors in this crucial fixture of the Indian Super League here on Tuesday.

Punjab FC have cruised to four victories from seven games to accumulate 12 points and be at the fifth spot in the standings, whereas Mumbai City FC are ninth in the table with 10 points to their name.

The gap among teams is so narrow at this point that a victory here can propel the Petr Kratky-coached team above Punjab FC and bring

them straight back into the reckoning for the top-six.

While it's also too early into the campaign to discuss point table scenarios, it also serves as a reminder to put the focus on the process. At this moment, both Punjab FC and Mumbai City FC have taken ample learning from their outings thus far and would want to fix that to get their units functioning both cohesively and consistently moving forward.

The overall playing strategy of Mumbai City FC has been consistent of late and that involves building pressure onto the opponents through their passing sequences.

They average 329.9 successful passes this season, which is the highest amongst all teams, and their completion rate of 81.2 per cent is also the highest in the league.

The Islanders won both their matches against Punjab FC last season, which was also the first campaign in the competition for the latter. Among all teams, Punjab FC have allowed the fewest touches (102) inside their box. They have also permitted only 36 shot attempts from within their 18-yard area.

Punjab FC have been at the receiving end of defeats in each of their last two matches in the ISL.

# Lasha Shavdatuashvili urges more competitions to develop judo in India

PTI ■ CHENNAI

Legendary Georgian judoka and Olympic gold medalist Lasha Shavdatuashvili believes the lack of a strong judo ecosystem in India is hindering the sport's growth as he urged the need for increased exposure.

India have achieved notable milestones, including a bronze medal by Poonam Chopra way back at the 1994 Asian Games in Hiroshima, as well as four podium finishes at the 2014 Glasgow Commonwealth Games with Sushila Likmabam and Navjot Chana each winning a silver.

At the Olympics, Indian judokas have consistently qualified since London 2012, yet progress has remained limited as the 32-year-old

two-time former world champion urged for an overall development of the sport in the country.

"In my opinion, the approach had to be changed, so that the sportsman had to participate in as many competitions as possible, in order to progress, in order to achieve some trend," the Georgian, who had won gold at the London 2012 Olympics in men's 66kg category, told PTI in an interview.

"Once you have four-five world champions every year, that means there is competition inside the country. So, in this case, there will be good progress inside the country.

"But before that, participating in different competitions is essential," added

Shavdatuashvili, who is also a silver and bronze medalist at Tokyo and Rio Olympics respectively.

"It's like a plant. If you don't water a plant, no matter how strong it is, soon or later it will die. That's why it is the same for the sportsman, the competition is as water for

plants." Emulate Japan

Describing Japan as the mother land of judo, the Georgian said he frequently trains in Japan to gain experience.

"You know, it's possible to achieve very serious success. I myself, as I said, I'm going

to different competitions, to different countries, and I would make this name in Japan.

"You know that Japan is the mother of Judo, and I even stay sometimes a couple of months over there, and it gives me a huge experience... You can create great achievement and achieve great success."

The star judoka visited India to conduct a Masterclass on the sport at the Inspire Institute of Sport, Bellary in Karnataka.

"Judo can match wrestling success"

Bullish on the prospect of judo in India, IIS president Manisha Malhotra hopes things will improve by 2028 Los Angeles Olympics and judokas can replicate the success of wrestlers.

# Champions League returns with Liverpool-Real Madrid and Bayern-PSG rematches of recent finals

AP ■ GENEVA

Real Madrid playing Liverpool in the Champions League has twice in recent years been a final between arguably the two best teams in the competition.

Their next meeting, however, finds two storied powers in starkly different positions at the midway point of the 36-team single league standings format. One is in first place and the other a lowly 18th.

It is not defending champion Madrid on top despite adding Kylian Mbappé to the roster that won a record-extending 15th European title in May.

Madrid has lost two of four games in the eight-round opening phase — and against teams that are far from challenging for domestic league titles: Lille and AC Milan. Liverpool, which will host Wednesday's game, is eight

points clear atop the Premier League under new coach Arne Slot and the only team to win all four Champions League games so far.

Still, the six-time European champion cannot completely forget losing the 2018 and 2022 finals when Madrid lifted its 13th and 14th titles. Madrid also won 5-2 at Anfield, despite trailing by two goals after 14 minutes, on its last visit to Anfield in February 2023.

The 2020 finalists also will be reunited this week, when Bayern Munich hosts Paris Saint-Germain in the stadium that will stage the next final on May 31.

Bayern's home will rock to a 75,000-capacity crowd Tuesday, even though it is surprisingly a clash of 17th vs. 25th in the standings. Only the top 24 at the end of January advance to the knockout round. No fans were allowed in the

Lisbon stadium in August 2020 when Kingsley Coman scored against his former club PSG to settle the post-lockdown final in

the COVID-19 pandemic season. MAN CITY IN CRISIS Manchester City at home to Feyenoord had looked like a

routine win when fixtures were drawn in August, but it arrives with the 2023 champion on a stunning five-game losing run. Such a streak was previously unthinkable for any team coached by Pep Guardiola, but it ensures extra attention Tuesday on Manchester.

City went unbeaten through its Champions League title season, and did not lose any of 10 games last season when it was dethroned by Real Madrid on a penalty shootout after two tied games in the quarterfinals.

City's unbeaten run was stopped at 26 games three weeks ago in a 4-1 loss to Sporting Lisbon.

SPORTING REBUILDS That rout was a farewell to Sporting in the Champions League for coach Rúben Amorim after he finalized his move to Manchester United.

Second to Liverpool in the Champions League standings,

Sporting will be coached by João Pereira taking charge of just his second top-tier game when Arsenal visits on Tuesday.

Sporting still has European soccer's hottest striker Viktor Gyökeres, who is being pursued by a slew of clubs reportedly including Arsenal. Gyökeres has four hat tricks this season for Sporting and Sweden including against Man City.

TOUGH TESTS FOR OVERACHIEVERS Brest is in its first-ever UEFA competition and Aston Villa last played with the elite in the 1982-83 European Cup as the defending champion.

Remarkably, fourth-place Brest is two spots above Barcelona in the standings — having beaten opponents from Austria and the Czech Republic — before going to the five-time European champion on Tuesday. Villa in eighth place is looking down on

Juventus in 11th.

Juventus plays at Villa Park on Wednesday for the first time since March 1983 when a team with the storied Platini-Boniek-Rossi attack eliminated the title holder in the quarterfinals. Villa has beaten Bayern and Bologna at home with shutout wins.

ZEROES TO HEROES? Five teams are still on zero points and might need to go unbeaten to stay in the competition beyond January. Eight points is the projected tally to finish 24th.

They include Leipzig, whose tough fixture program continues with a trip to Inter Milan, the champion of Italy.

Inter and Atalanta are yet to concede a goal after four rounds, and Bologna is the only team yet to score.

Atalanta plays at Young Boys, one of the teams without a point, on Tuesday and Bologna hosts Lille on Wednesday.

# I automatically want to put myself in tough scenarios: Jasprit Bumrah

PTI ■ PERTH

Jasprit Bumrah said on Monday that he relishes absorbing the pressure in tight situations as captain and bowler which can make the job of his less experienced colleagues much easier. The ace pacer was India's standout bowler with an eight-wicket haul in the Perth Test, shaping India's humongous 295-run drubbing of Australia. "Whenever the tough scenarios come, I look at myself to see how I can contribute, even when I'm not the captain. So, whenever tough scenarios are there, I look at answers — if I'm going to bowl at this moment, what can I do? I automatically want to put myself in tough scenarios," said Bumrah in the post-match press conference here. His fighting spirit found resonance in young bowlers like Harshit Rana and Nitish Kumar Reddy as all contributed at crucial junctures at the Optus Stadium. "I was trying to put myself in

that tough scenario to make the job a little bit easier for the new guys coming in. Because, you know, it's not very easy in the first tour to take a lot of responsibility. "So, I was trying to do that and very happy to be on the positive side," he added. Despite the historic win, Bumrah will have to vacate the top seat when Rohit Sharma returns for the Adelaide Test to lead India. So, how will he tackle a rather personal tough spot? Bumrah offered a cheeky reply. "I'm not going to tell him that I'm going to leave (captaincy)," he said. Going more matter of fact, the 30-year-old said: "I said that in the previous press conference as well, he's the captain and he's done a phenomenal job. I was filling in for him. "I had discussions when he was in India, you know, discussing how we are shaping up. But, yeah, But, yeah, I'm going to help him in whatever capacity I can," he noted. However, Bumrah was quite chuffed to see his side

responding to a marshy situation after getting bundled out for 150 in the first innings. The Indian bowlers struck

back to skittle the Aussies for 104 in their first essay. "I am very proud of the team. We were put under pressure in the first innings when we

were bowled out for 150. But then, you know, the team showed character and didn't lose belief. So, that is something that will be really

special for us. "Obviously, in this game, there are a lot of positives for us. You know, we scored a lot of runs in the second innings.

New guys coming in, also chipping in with a lot of runs. Of course, Virat scoring a 100 as well is a great sign for us," he added. So, what was the plan of the Indian bowling unit to be successful on the Perth pitch? "There was some health on the wicket. So, I want to make the batters play as much as I can because the new ball is crucial over here. So, with the wicket having dents in it, the ball would seam around." Bumrah said the key for his bowlers was not to get desperate to bag wickets even in helpful conditions. "Sometimes when you are bowled out for a lower score, you can be a little too desperate and try too much to get wickets. When you try too much here, it doesn't really help and the run scoring goes high. So, we had to be nice and disciplined." The 30-year-old pacer was delighted to see his colleagues adjusting to the Perth length very quickly to make an impact. "Usually in Perth, there could be a scenario when we come

from India, you tend to bowl a little short because you can get excited by the bounce and you can't find the length. It looks good when you bowl a back of length delivery and the batsman gets beaten, but the batsman is still there. "So, you have to find the right length. We were focusing on our strength. We as a bowling unit got a lot of dismissals through LBW and caught behind. So, yeah, we realised that, you have to stick to your strengths and find the right length and we were able to do that," he explained. However, Bumrah reminded the team that they needed to start afresh in the second Test since it would be the Pink Ball Test, starting from December 6 at Adelaide. "Adelaide might be totally different. It's a pink ball. So, yes, you can take the confidence from here. But, again, you have to start from zero. You have to build on this confidence. "You have to take learnings from this game as well. So we're going to take it in our stride and, you know, put our best foot forward," he noted.

## Getting Ishan Kishan a huge deal for us, nothing could offset Nattu's loss: Vettori

PTI ■ JEDDAH

Sunrisers Hyderabad head coach Daniel Vettori was most excited about securing Ishan Kishan on day one of the IPL mega auction here but admitted that losing T Natarajan to Delhi Capitals was a setback. Kishan, who made his name at the Mumbai Indians, was sold to SRH for Rs 11.25 crore on Sunday. The left-arm batter has had a tumultuous year, having lost his place in the Indian team as well as a BCCI central contract for defying the board's diktat to play domestic cricket. However, he is back playing Ranji Trophy. SRH bought as many as eight players on day one including pacers Mohammed Shami (Rs 10 crore) and Harshal Patel (Rs 8 crore). However, they were not able to buy back T Natarajan and Vettori said nobody could offset the loss of the left-arm pacer. SRH had retained five players ahead of the auction including skipper Pat Cummins, Travis Head, Abhishek Sharma, Heinrich

Klaasen and Nitish Reddy. "Nothing sets off Nattu's loss (smiles). Every team goes through it, whether you try and find the players early and...Pounce on opportunities or you try and wait for the back end," said Vettori in a media interaction. Natarajan was bought by Delhi Capitals for Rs 10.75 crore. "We decided today to try and sense an opportunity when they came along and we thought he, once again, we thought he'd go for more. So extremely happy that we got those three players as well as the rest," said Vettori, who took time off from his coaching duties for Australia in the ongoing first Test against India. Vettori said skipper Cummins is in agreement with all the picks.

"Yes, yes there were (inputs from Cummins). A sad captain tonight (referring to Australia being behind in Perth), he had a hard day. I spoke to him earlier today (Sunday) and he understood the logic of the players that we'd gone for and then he had some ideas for obviously the rest of the squad building," said the former New Zealand spinner. Leg-spinner Rahul Chahar was a steal at Rs 3.2 crore. Vettori said they factored both recent performance and pedigree before going for the players. "We identified players that we thought had performed in the IPL previously. So we put a premium on that experience. And we've seen that pay off time and time again. "So to get those players who maybe didn't have the season they wanted, in terms of Rahul Chahar last year (for Punjab Kings), we still see the skill set. We still see a bowler who's played for India, and hopefully in our conditions, he can be a real asset for us," Vettori added.

## Kohli proves why team India needs him

PTI ■ PERTH

In a reverential tone, India skipper Jasprit Bumrah on Monday paid a massive compliment to Virat Kohli, saying the team needs his support more than the batting mainstay needs theirs. Kohli's 30th Test century, an unbeaten 100, played a big part in India's epochal 295-run win over Australia at Perth after getting rolled over for a paltry 150 in the first innings. "Obviously, I have already said that Virat Kohli does not need us. We need him. He is an experienced player. This is his fourth or fifth tour. So, he knows his cricket more than anyone else," said Bumrah in the post-match press meet. "He was in good shape. He was mentally switched on. Sometimes, as long as the career is, sometimes you bat in tough scenarios. He has always been batting in tough scenarios. So, it is always difficult to do in every match. But he was batting in a very

good form and in a very good space. "And obviously, he got a good delivery in the first inning. But he was still in a great space. And in the second inning, he capitalized. He needed a lot of experience at that time. So, he played with him and also made the other player play with him." The stand-in skipper added, "So, we are very happy for that. And obviously, at the start of the series, when he comes in confidence, you can't ask for more than this." Bumrah was also delighted to register his first Test win as

skipper, but remained firmly rooted to the ground saying that the India need to start fresh in the second Test against Australia at Adelaide on December 6. "Special win, first win as captain. We were put under pressure and we showed the character. "We can take confidence from this game but we need to start fresh in the second Test. We

need to carry forward the learnings as well to Adelaide," Bumrah added. The speedster also said there were no jitters in the dressing room despite getting bundled out for a low score in the first innings. "When we got out for 150, no one was feeling down in the dressing room. That was the biggest positive, that attitude, you know," he said.

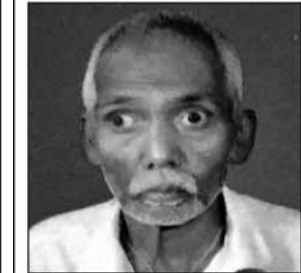

## Harshit Rana, Nitish Reddy prove detractors wrong

PTI ■ PERTH

Skipper Jasprit Bumrah was highly impressed by the fearless attitude and maturity of Harshit Rana and Nitish Kumar Reddy, saying he never got the feeling that the two youngsters were playing in Australia for the first time. Their selection was viewed with raised eyebrows in the run-up to the first Test in Perth, but they silenced the doubters, chipping in their own way in India's massive 295-run win over the Aussies. "When they made their debut, the biggest positive sign was that they were not nervous at all. It didn't feel like they were playing for the first time in Australia or it was their first match," Bumrah said in the post-match press conference here on Monday.

Rana took the prized wicket of Travis Head in the first innings with a gem of a delivery and was even not hesitant to exchange a few words with veteran Mitchell Starc, despite them being team-mates at the Kolkata Knight Riders during the IPL 2024. Nitish made nerveless 41 and 38 across two innings here, knocks that belied his lack of sufficient exposure in First-Class cricket. "If you are scared, then your fear will not go away. So, that is a very positive sign for me that they are not afraid and have a lot of desire to learn.

### AFFIDAVIT

I, Raj Kumar Verma Uid No. 589209049281 S/o Late Munni Lal Verma R/o Harmu Road, Kishoreganj, Ranchi Jharkhand do hereby solemnly affirm and declare by affidavit no. 368 dated 12.11.24 as follows:- (1) That my name is mentioned in tax receipt holding no. 0240001894000A1 and Punjab National bank a/c no. 2983000100027536 as Raju Verma s/o Late Munni Lal Verma. (2) Raj Kumar Verma & Raju Verma are same person & single person ie, my self.

## We are a really tight unit: Cummins scotches speculation on dressing room divide

PTI ■ PERTH

Australia captain Pat Cummins on Monday defended his struggling batting unit after former players including Adam Gilchrist raised the question of a potential batters and bowlers divide in the dressing room. Following one of their heaviest defeats at home, Cummins was asked if there were any divisions in the team with batters letting the team down in Perth. The chatter around possible

tensions in the unit started when Josh Hazlewood was asked about Australia's approach going into day four, having been reduced to 12 for three on day three chasing an improbable 534. Australia were bundled out for 104 in their second innings after India put up 150 on day one. "You probably have to ask one of the batters that question. I'm sort of relaxing and trying to get a bit of physio and a bit of treatment, and I'm probably looking mostly towards the next Test and what plans we

can do against these batters," Hazlewood said on Sunday. A day later, Cummins cleared the air. "I don't know what Joshy (Hazlewood) said, but no, not at all (division). There's plenty of times where the batters have dragged us bowlers out of tight situations, and we've done the same. So it's a really tight unit. It's probably one of the tightest teams I've ever played with," Cummins was quick to scotch the speculations following the loss. "We really enjoy playing crick-

et together. We've been through a lot over the last few years, the core group. So no problems there. Everyone gets along really well. So all good." On Fox Cricket, Gilchrist and Michael Vaughan were the experts who sensed a possible divide between batters and bowlers. "That to me tells me there is potentially a divided change room. I don't know if there is. I might be reading too much into that," Gilchrist said referring to Hazlewood's comments.

VEHICLE AUCTION SALE NOTICE Regional Office, Ranchi				
Vehicles bearing Name & Model as mentioned in the schedule below are put on public auction as detailed below by Union Bank Of India. The undersigned has been authorized officer of the bank is appointed for the above said purpose. The prospective purchasers, hereby call for the sealed Bids on "AS IS WHERE IS CONDITION AND AS IS WHAT IS BASIS" for sale of the below mentioned Vehicle				
Sl. No.	Branch & Contact No.	Borrower	Model of Vehicle, Registration No. & Manufacture Year	Reserve Price EMD
01	Daltonganj Redma Road Branch 9892817927 / 8407004985	Ms. Shivani Kumari	Nissan Magnite JHO1FD4086, 2023	Rs. 5,00,000.00 Rs. 50,000.00
02	Kalimati Road Branch 9835330953 / 8407004985	Md. Fahad Ali	Hyundai Creta JHO5DJ5151, 2022	Rs. 9,77,000.00 Rs. 1,00,000.00
03	Kalimati Road Branch 9835330953 / 8407004985	Abhijeet Kumar	Atul Auto Ltd. GEM premium Pass JHO5CB5094, 2018	Rs. 42,500.00 Rs. 5,000.00
04	Kalimati Road Branch 9835330953 / 8407004985	Ashok Mukhi	Atul Auto Ltd. GEM premium Pass JHO5BV2630, 2017	Rs. 34,000.00 Rs. 3,500.00

Date/Time of Auction: 05.12.2024, Thursday 04:00 PM  
Place of Auction: Respective Branches of Union Bank Of India  
Last Date For Submitting the Bids & Deposit of EMD : on or before 04.12.2024, Wednesday by 04:00 PM  
Date & time of inspection of the Vehicle : 29th and 30th November, 2024. (within working hours)  
Bid Increment Amount : Rs. 5,000.00 (for Sl. No. 01), Rs. 10,000.00 (for Sl. No. 02) and Rs. 1,000.00 (for Sl. No. 03 & 04)  
The successful bidder shall have to deposit 25% (twenty five percent) of the bid amount, less EMD amount deposited, latest by the next working day and the remaining amount shall be paid within 15 days from the date of auction in the form of Banker's Cheque /IOI issued by a Scheduled Commercial Bank drawn in favour of "The Branch Manager, Union Bank Of India, OR to be remitted through RTGS/NEFT to respective branch.  
The sale is subject to the confirmation by the bank. The Authorized Officer reserves the right to reject any tender or to cancel or postpone the sale without assigning any reason therefor.  
For further details of sale, other terms and conditions and for inspection of the vehicles please contact the undersigned.  
Authorized Officer
