## MOODS SWING, **TONES CHANGE**

## **Congress practises** politics of hate: PM

T N RAGHUNATHA MUMBAI:

resh from the Bharatiya Janata Party (BJP) record third consecutive win in the Assembly polls, Prime Minister Narendra Modi on Wednesday went hammers and tongs at the Opposition Congress, accusing it of practising "politics of hatred" in its desperate bid to return to power. Dubbing the Congress as the "most irresponsible" party, Modi charged that the grand old party devised its winning formula by dividing the Hindu community and spreading seeds of poison in the society to consolidate its voter banks. Inaugurating 10 government medical colleges

across the state and laying foundation stone for Rs 7600- crore projects through videoconferencing from New Delhi, Modi said that the Congress practised divisive politics to win elections and it had become a most "irresponsible party" which was coming up with 'new narratives to divide the country".

### Congress 'analysing' Haryana disaster

PIONEER NEWS SERVICE NEW DELHI

ongress leader Rahul Gandhi on Wednesday said the party was analysing the "unexpected" results in Haryana and will apprise the Election Commission about complaints received from various constituencies of the state.

In his first reaction after the defeat in Haryana, the former Congress president also thanked the people of Haryana and Jammu and Kashmir for their support. "My heartfelt thanks to the people of Jammu and Kashmir - INDIA's victory in the state is a victory of the Constitution, a victory of democratic self-

respect," he said. The BJP on Tuesday clinched a stunning hat-trick win in Haryana overcoming anti-incumbency and dashing Congress' hopes of a comeback while the National Conference-Congress combine pulled off a spectacular victory in maiden elections in Jammu and Kashmir after abrogation of Article 370 in 2019.

## Who will be Haryana CM?

PNS ■ NEW DELHI

A day after the Bharatiya Janata Party (BJP) retained power for the third time in Haryana Assembly elections, Chief Minister Nayab Singh Saini met Prime Minister Narendra Modi at his 7, Lok Kalyan Marg residence in Delhi and top leadership of the party on Wednesday. Saini also met Home Minister Amit Shah, Defence Minister Rajnath Singh and BJP president JP Nadda. After meeting with Saini, Modi said on X that he congratulated Saini on

the party's historic win and expressed confidence that the role of Haryana will become more important in the resolve of building 'viksit Bharat'.

People aware of the developments said that while it was a courtesy call made to the Prime Minister by Saini, the formation of the next government in the state would have also been discussed. The meeting came amid the possibility of Nayab Singh Saini being asked to continue in his post after the BJP's success in Haryana, where it won a majority with 48 of 90 Assembly seats. The BJP had indicated during the elections that Saini, who replaced Manohar Lal Khattar in March and hails from the Other Bedward hails from the Other Backward Classes, will be its choice for the top post if it wins. Senior BJP leader Anil Vij is also eying for the chief ministerial post.

Sources in the Haryana BJP said that important issues, including the date and venue for the swearing-in ceremony of the new government, had to be discussed. The BJP leaders had earlier indicated that it would take place on Dussehra on Saturday. Later they indicated that the grand victory ceremony would take place after Dussehra. The venue is yet to be decided.

Speaking to reporters after the meeting, Saini credited Modi's policies for the party's success. Terming his meeting with the PM as a courtesy call, Saini said, "I have told Pradhan Mantri ji about the landslide victory of BJP in Haryana. I told him that the people of Haryana have a lot of affection for you which resulted in the formation of the double-engine government in Haryana for the third time.

## Will demand restoration of statehood: Omar Abdullah

**MOHIT KANDHARI** ■ JAMMU

After winning a historic mandate in the first Assembly polls, held after the Abrogation of Articles 370 and 35-A, National Conference Vice-A, National Conference Vice-President Omar Abdullah Wednesday set the agenda of the incoming government by announcing that the alliance government will pass a resolution demanding the restoration of Jammu and Kashmir's statehood in its first Cabinat meeting its first Cabinet meeting.

Omar also claimed his party would keep the issue of restoration of Article 370 alive and continue to raise it. He shared his thoughts with the media, assembled at his residence, where a large number of party workers and elected public representatives converged on Wednesday to celebrate their party's big victory in the assembly elections.

assembly elections.

A delegation of the Congress party leaders led by Jammu and Kashmir Pradesh Congress Committee (JKPCC) Chief Tariq Hamid Karra and All India Congress Committee (AICC) incharge Bhartsinh Solanki also visited the residence of Dr Farong also visited the residence of Dr Farooq Abdullah and greeted him.
Listing out the priorities of the

incoming government in office, Omar told reporters, "My suggestion to the incoming government will be that the first business of the cabinet should be to pass a resolution asking for statehood to be restored to J&K and the CM should travel to New Delhi with that resolution. Call on the senior leadership of the country and ask them to fulfil their promise. It is the Prime Minister, Home Minister and others who have promised the people of J&K statehood. Nowhere did they say that statehood would be restored

after the victory of JKNC-Congress alliance in the J&K Assembly elections at their residence, in Srinagar, Wednesday

only to a BJP government or a government that has BJP members. They said the statehood would be restored to J&K and that is what we hope will be done".

Responding to a question related to his party's stand on the issue of Article 370 Omar said, "Our political stand will not change. We have never said that we will remain silent on Article 370 or that Article 370 is not an issue for us now. I have said this many times before the elections that hoping for the restoration of Article 370 from the people who snatched it will be foolish."

"But we will keep this issue alive. We will continue to talk on this and hope that tomorrow there will be a change of government in the country, there will be a new setup with whom we can discuss this and get something for J&K," he added.

### **RBI** maintains repo rate at 6.5 per cent

PIONEER NEWS SERVICE ■ NEW DELHI

 $\begin{array}{cccc} The \ Reserve \ Bank \ of \ India \ (RBI) \\ kept \ its \ key \ interest \ rate \\ unchanged \ on \ Wednesday \ but \ took \end{array}$ the first step towards a rate cut as it eased its relatively hawkish policy stance to 'neutral'. The monetary policy committee, which included ree RRI officials and number of new external members, voted five-to-one to keep the benchmark repurchase or repo rate which governs the interest rate of home, auto, corporate and other loans - at 6.5 per cent for a 10th straight policy meeting.

The panel, however, unanimously decided to change the policy stance to 'neutral' - the first since June 2019 ʻwithdrawal from

accommodation' amid signs of a slowing economy. Interest rates were last changed in February 2023 when they were hiked to 6.5 per cent from 6.25 per cent. RBI Governor Shaktikanta Das said the committee changed the stance but will remain unambiguously focused on the durable alignment of inflation to target while supporting growth. Food inflation, he said, may ease in

coming months, while the core inflation, which excludes the volatile food and energy costs, appears to have bottomed out. India's economic growth outlook remained intact, private

consumption

investment growing in tandem. The change of stance signals a possible move to cut interest rates in forthcoming MPC meetings, the next being due in early December. The RBI will join other central banks

in a policy pivot that was led by the US Federal Reserve easing rates last month. Annual retail inflation eased below the central bank's target of four per cent for a second consecutive month in September and will, as per RBI expectation, rebound again this month, largely due to base effects.

The RBI kept its inflation forecast unchanged at 4.5 per cent for the 2024-25 (April 2024 to March 2025) fiscal year. It also kept its GDP forecast unchanged at 7.2 per cent. Das said the prevailing and expected inflation-growth balance has created conditions for a shift in the monetary policy stance as there now is greater confidence on the last mile of disinflation.

**Detailed story on page10** 

## Missing soldier's body recovered

**MOHIT KANDHARI JAMMU** 

While several parts of Kashmir were witnessing celebrations to mark the victory of the National Conference (NC) candidates in the recently held Assembly polls, a pall of gloom descended upon the residence of In a post on social media lier hailing from the Nowgam area of Anantnag. His bullet-ridden body was recovered from the forest area of Pathribal on Wednesday.

The soldier went missing during a counter-terrorist operation launched in the forest area of Kokernag in Anantnag on October 8

based Chinar Corps said, "Based on intelligence input, a joint counter-terrorist operation was launched by the Indian Army along with Jammu and Kashmir Police and other agencies in Kazwan Forest in Kokernag on October 8

India's Nitish Kumar Reddy plays a shot during the second T20 International cricket match between India and Bangladesh at the Arun

## Delhi Chief Minister's bungalow awaits new occupant

RAJESH KUMAR NEW DELHI

The Chief Minister's official bungalow, rather the lack of one at the moment, has sparked vet another verbal clash between the Aam Aadmi Party (AAP) and the Bharativa Ianata Party (BIP). The Delhi Chief Minister's official residence at 6 Flag Staff Road, Civil Lines is now an issue over which both parties are launching allegations and documents to support their case.

In yet another round of Delhi Lieutenant Governor Vs CM, the Chief Minister's Office on

Wednesday alleged that "Delhi Chief Minister's residence was forcibly vacated at the behest of the BJP as Lt Governor Vinai Kumar Saxena, who wants to allot to BJP leader. The bungalow was sealed by the Public Works Department on Wednesday," the CMO stated.

The Public Works Department (PWD) said that after Arvind Kejriwal vacated the residence, the keys were supposed to be given to it, instead they were directly given to Atishi.

Earlier, the CMO alleged that Delhi Lt Governor Vinai Kumar

Saxena got all the belongings of CM Atishi removed from the official residence at Flag Staff Road bungalow at the behest of the BJP as he wants to allot it to a saffron party leader.

Reacting to the CMO's allegations, sources at Raj Niwas said that the bungalow was never earmarked for the official residence of the Chief Minister of Delhi. "The 'owner' of this house is the PWD. The PWD only takes possession of the house when it becomes vacant, makes its inventory and then duly allocates

"Former CM Arvind Keiriwal pretended to vacate the house but did not give possession of the house to the PWD. What were you hiding? This house has not been allotted to CM Atishi yet and her allotted residence is still 17 AB Mathura Road. How did the two houses get allotted? CM Atishi herself kept her belongings in that house without allotment and then removed it herself. This bungalow will be allotted to the CM immediately after duly preparing the inventory," the sources added.

## In Central Delhi, traffic jams have a ripple effect

When the main roads become clogged, traffic trickles into the service lanes

Asurge in heavy public movement due to the ongoing Navratri festival was supplemented by the T 20 match between India and Bangladesh at Arun Jaitley cricket stadium on Wednesday. Adding to the vehicular traffic were sport fans who trekked on foot to reach the stadium on time, as well as early bird vendors who set up small stalls before the match began. When the main roads became clogged, traffic trickled into the service lanes.

The massive traffic clogged Delhi for the seventh day on Wednesday with thousands of motorists having to negotiate heavy congestion on the city's

arterial roads, in most parts of the capital mostly in South, Central and East Delhi during

Traffic was affected during the peak hours on Rajghat, Delhi Gate, ITO, Tilak Bridge, Mandi House, IP flyover crossing, Bahadur Shah Zafar Marg, Deen Dayal Upadhyay Marg, Tilak Marg, Mathura Road, Darya Ganj, Netaji Subhash Marg, Kashmere Gate, Asad Ali Road, Jawahar Lal Nehru Marg and Shanti Van marg due to India -Bangladesh T 2O cricket match at Arun Jaitley stadium, till late on Wednesday night. In its advisory, the traffic police had

asked commuters to avoid the

JLN Marg from Rajghat to Delhi Gate from 5 PM to 11:30 PM IST. Besides, breakdown of buses during the peak hours and constructions on roads have added to the congestion on several stretches. Repair work carried out by the Indraprastha Gas Limited on Ring Road in the carriageway from ISBT towards Hanuman Setu near Nigam Bodh Ghat also added to the commuters' woes. Meanwhile, traffic continued to be affected on Rohtak Road in

the carriageway from Nangloi towards Tikri Border and vice versa due to potholes and water

logging. "Moreover, a loaded trolley has also overturned under Mundka Metro Station in the carriageway from Tikri Border to Peeragarhi. Kindly avoid Mundka and take

alternate routes accordingly", traffic police posted an advisory on X. A cluster bus broke down on

MB Road in the carriageway from Pul Prahladpur towards Badarpur near Railway Bridge which caused traffic snarl during the peak hours. Slow-moving traffic is also seen at other key locations, such as Mahipalpur, Vasant Kunj, Kapashera and Dhaula Kuan, due to ongoing construction.

the pioneer

### **VOICE WITHIN / VIJAY SINGAL**

## The Concepts of Sannyas and Tyag in Bhagavad Gita

### **VIJAY SINGAL**

The philosophy of Bhagavad Gita is not the philosophy of cessation of work, but of ceaseless performance of duty. Gita does not approve of renunciation of action (sannyas). It rather urges one to carry out his duty sincerely and renounce the fruits of his actions (tyag). The nature of, and the distinction between, these two aspects of renunciation have extensively been described in shlokas from 18.1 to 18.12.

The Sanskrit terms sannyas and tyag have been described here with reference to the views expressed by the learned and the wise sages. Such knowledgeable persons interpret sannyas as renouncement of all desiredriven actions. According to them, a sannyasi should give up all works undertaken for the acquisition of wealth and material power etc. He should indulge only in those activities which are essential for maintenance of the body. Tyag, on the other hand, has been declared to be the relinquishment of the rewards of all actions. A tyagi performs all kinds of works, but renounces the idea of doership. He gives up the desire to enjoy the fruits of his actions.

Different aspects of renunciation have been explained with reference to

different schools of Hindu thought also. Different schools of thought have different views regarding acrenouncement. Some schools of thought declare that all actions, being inherently evil, should be abandoned. And some others maintain that acts of yagya (sacrifice, selfless performance of works), daan (acts of charity) and tapa (penance, self-discipline) should never be given up.

After considering these seemingly contradictory views, Sri Krishna has come to a definite conclusion that actions based upon yagya, daan and tapa etc. should never be relinquished. Even if one gives up other works, the work of yagya, daan and tapa must not be given up. These works must be performed with an attitude of service to the Supreme Lord. Such righteous deeds elevate one to the spiritual level. Sri Krishna has further declared that such virtuous works are purifiers even of the wise. In other words, these acts help one in his spiritual evolution and growth. One must not give up his obligatory duties, even after attainment of spiritual perfection. A liberated soul must continue to be in active service, even after attaining liberation.

Sri Krishna has also figured out the meaning of true tyag with reference to the three gunas of material nature. Some people give up their obligatory work (any duty that ought to be performed), due to delusion. Such abandonment of work in the name of renunciation has been declared to be the renunciation in the mode of ignorance (tamasik tyag).

Krishna has declared that be performed; renouncing such a renunciation is certainly not right. Some others give up work considering it to be inherently painful or due to the fear of physical discomfort. To avoid hard work or being afraid of failure, such people take an escapist attitude on the pretext of spiritual aspiration; and run away from their duties towards themselves, their family, their vocation and towards the society at large. Such relinquishment is said to be in the mode of passion (rajasik tyag). Krishna has rejected this kind of renunciation also, and has prothat claimed renunciation is never beneficial or elevating. As against these kinds of hypocritical renunciations, Sri Krishna has advised that one must perform his obligatory duty

all attachments to the actions and giving up expectations of the rewards in return. Such renunciation has approvingly been called to be the renunciation in the mode of goodness (sattvik tyag). Those who are situated in the sattvik tyag have no doubt about the nature of work. They know that, in the given circumstances, what is to be done and what is not to be done. They neither avoid any unpleasant work nor seek any work only because it is to their liking. They simply do their duty, without being overjoyed when the going is good and without being disheartened when the chips are down.

Sri Krishna has re-iterated that it is impossible for any embodied being to abstain from work altogether. Everyone is required to do some work, as per his situation in life. That is his obligatory duty. The obligatory duty can never be renounced. But he who renounces the fruits of his actions is called a man of renunciation.

Those who are attached to personal rewards get three-fold fruits of action pleasant, unpleasant and mixed. But when one gives up selfish desire, and works only as service to God; no such results accrue to him, either in this world or here-

To state briefly the whole gamut of sannyas and tyag, it can be said that a sannyasi is the one who withdraws from family life and shies away from the social responsibilities, in order to pursue spiritual goals. A tyagi, on the other hand, is the one who actively involves himself in worldly affairs, but without any selfish motive. Spiritual advancement is not the function of outward action or inaction. It is the cultivation of an impersonal outlook and inner renunciation of ego. True renunciators remain unperturbed in all situations, not because they do nothing; but because they can maintain their internal calm despite holding huge burdens of worldly responsi-

To conclude, the Gita does not teach complete renunciation of actions. It only recommends performance of all actions in a desireless manner. The one who offers all his works and the fruits of his actions to the Supreme Lord is a true renunciator.

## **Nayab Saini meets PM Modi ahead of formation** of BJP Govt for 3rd consecutive term in Haryana

PNS CHANDIGARH

hief Minister Nayab Singh Saini met Prime Minister Narendra Modi in New Delhi on Wednesday ahead of the formation of the BJP government for a record third consecutive term in Haryana after winning 48 out of the 90 Assembly seats in the state. The oath-taking ceremony is likely to be held after Dussehra, and PM Modi and Home Minister Amit Shah are likely to attend.

Saini credited the Prime Minister for the historic BJP hattrick in Haryana. He also met BJP chief JP Nadda and Home Minister Amit Shah Attributing the party's unprecedented performance in the state to the PM's politics of performance and good governance and his philosophy of "taking everyone along", Saini described the meeting as a courtesy.

State BJP Chief Mohal Lal Badoli said that CM Saini called on PM Narendra Modi and top central brass for courtesy. "Today, CM Nayab Saini, me and other leaders have come on a courtesy visit to meet our central leadership. We will convey the information regarding the oath-taking ceremony and more as soon as we discuss it with the central leadership," Badoli said. The BJP chief said that it's a "victory of PM Modi's policies in Haryana?

He further said, "It is a victory of 36 'biradaris' of Haryana and the hard work of lakhs of BIP workers. 48 BIP candidates have won and three Independent candidates have also won. Two Independent MLAs - Devender Kadyan from Ganaur and Rajesh Joon from Bahadurgarh - have decided to support the BJP government which will be formed in Haryana."

Former Haryana Chief Minister Manohar Lal Khattar, speaking to reporters on Wednesday, said that silent voters have played a major role towards ensuring a third term for the BJP in the state. "The kind of work that the BJP is

doing under the leadership of PM Modi, it is all being liked by the people. People are liking the policies and they are responding to it... Silent voters have played a major role. Vocal voters discuss their issues with the media, but silent voters don't," he added.

Party sources said that discussions on Cabinet and Government formation will happen once a meeting of the legislature party is called and observers are appointed for the election of the leader. BJP leaders said Saini would be retained as CM with the PM signaling the same by calling him and crediting him and former CM ML Khattar for the party's performance in the state.

The BJP leader further said that the PM was closely involved with party strategy and even spoke to all booth-level workers of BJP Haryana personally to motivate them to mobilise voter support and focus on the BJP's good governance and all inclusive growth as key narratives in the state elections. The PM also told booth workers of the party to remain unfazed in the face of opposition onslaught with respect to jawan-kisanpehelwan, he added.

### 3 Independent MLAs extend support to BJP after Haryana results

With the BJP set to form its overnment for the third time in Haryana after winning the polls, all the three Independent MLAs Savitri Jindal, Devender Kadvan and Raiesh Ioon on Wednesday decided to extend support to the BJP government once it is sworn in. While Joon was a Congress rebel, Kadvan fought as an Independent after the BJP denied him ticket. Kadyan fought from the Ganaur constituency in Sonipat and defeated his nearest Congress rival Kuldeep Sharma.

Joon won from the Bahadurgarh seat in the Jhajjar district, defeating his nearest BJP rival Dinesh Kaushik.

Savitri Jindal fought as an Independent candidate from Hisar and won against her nearest Congress rival Ram Niwas Rara. BJP's Kamal Gupta, who was the sitting legislator and minister in the outgoing Saini Cabinet, ended up at the third

Savitri Jindal said she has decided to extend support to the BJP government after it is formed. "I want development for Hisar and want it to become a beautiful city, for this I extend my support," Savitri Jindal said.

Jindal Group Chairperson Emeritus Jindal had earlier said she contested Hisar elections because of the wishes of the Before Jindal took the deci-

sion to extend support, State BJP chief Mohan Lal Badoli said earlier on Wednesday that Kadyan and Joon have decided to extend their support to the BJP government once it is sworn in. On Wednesday, the two Independents met Únion Minister Dharmendra Pradhan, who was BJP's election in-charge for Haryana, and former Tripura chief minister Biplab Kumar Deb, the coincharge for the state, he said Later, Savitri Jindal also held a meeting with the BJP leaders in

Bucking anti-incumbency, the ruling BJP pulled off a hattrick of wins in the state on Tuesday to retain power and thwart Congress' comeback attempt in the assembly elections, winning 48 seats in the 90-member Assembly.

the national capital.

### AAP Govt left red-faced: HC stays elections in 250-plus panchayats

MONIKA MALIK CHANDIGARH

The Punjab and Haryana High Court on Wednesday dealt a significant blow to the Aam Aadmi Party (AAP)-led Punjab Government by ordering a stay on the electoral process for more than 250 panchayats due to serious allegations of irregularities during the nomination phase. The ruling, by the Single Bench of Justice Sandeep Moudgil, has thrown the upcoming gram panchayat elections, scheduled for October 15, into turmoil, raising concerns over the legitimacy and transparency of the electoral process.
The High Court's decision

came after numerous petitions filed by villagers alleging violations of democratic norms in the election proceedings. The Court ordered an immediate halt to the electoral process for the affected villages pending further review, with the next hearing set for October 14. The ruling came just days before the elections, leaving many residents and local officials in a state of uncertainty and disbelief.

Reports indicated that more than 250 petitions were submitted, with multiple petitioners representing the same villages. Hakam Singh, representing the petitioners, revealed that approximately 70 petitions were filed on behalf of the villagers, highlighting widespread discontent regarding the conduct of the elections. As the Court has yet to issue a detailed order, the full ramifications of this stay remain unclear.

Central to the court's of Punjab's State Election Commissioner Raj Kamal Chaudhuri, a retired IAS officer. The High Court demanded clarification from the Punjab Government regarding the basis for his appointment, pressing whether the government intended to withdraw the election notification to facilitate a more transparent electoral process. The Court's stern remarks suggested that it might take further action if the government failed to provide satisfactory explana-

Notably, the ensuing elections are not being contested under any political party symbols; instead, special symbols have been designated for candidates competing for the positions of sarpanch and panch. Specifically, 32 free symbols have been allocated for district council and block committee elections, with an additional 70 symbols for panchayat members. This unique arrangement has contributed to further confusion and apprehension among the electorate.

The elections for 13,237 gram panchayats in Punjab, the first in over five years, were prompted by an earlier inquiry from the High Court regarding the government's plans for local elections. The terms of many existing panchayats had expired back in January, and the State Government had previously assured the Court that timely elections would be conducted. While the High Court has

only stayed the elections for the villages linked to the petitions, this ruling posed significant challenges for the AAP Government. It raised critical questions about the overall integrity of the electoral process in Punjab. The Government has been directed to respond to the Court's inquiries by the next hearing, and all eyes are now on how this situation will evolve in the lead-up to the elec-

### Opposition welcomes HC Stay: AAP Govt in Hot

The High Court's decision has elicited strong reactions from the opposition parties with both the Congress and Shiromani Akali Dal (SAD) seizing upon the ruling as a critical moment to criticize the Government's handling of the electoral process and call for accountability.

Leader of the Opposition in Vidhan Sabha and senior Congress leader Partap Singh Bajwa praised the High Court's intervention as a necessary step to protect democracy in Punjab. He emphasized the need for the court to take suo moto cognizance of the situation, noting that many marginalized individuals were unable to access the legal system due to financial constraints.

"This stay is a significant victory for justice, but we must not forget that countless individuals have been unjustly deprived of their right to participate in these elections," Bajwa stated. He accused the AAP government of abusing its power to suppress opposition candidates and manipulate election outcomes, calling the current electoral process a "mockery" of

SAD president Sukhbir Singh Badal, welcoming the High Court's decision, described it as a "blot on the face of the AAP government". He emphasized that the ruling is indicative of the misuse of government machinery to undermine grass-roots democracy. "This is just the beginning. There are thou-sands of people whose nominations were canceled unjustly," Badal tweeted, urging those affected to approach the High Court for redress.

### 3,798 Sarpanches, 48,861 **Panches Declared** Unopposed Punjab State Election

Commission on Wednesday reported a substantial withdrawal of nominations by candidates. As of October 7, 2024, a total of 20,147 candidates have withdrawn their nominations for the position of Sarpanches, while 31,381 candidates have done so for Panches. An official spokesperson for the commission revealed that following these withdrawals, the total number of nominations for Sarpanches stands at 25,588, and for Panches, at 80,598. Additionally, the Commission noted a significant number of unopposed candidates, with 3,798 Sarpanches and 48,861 Panches declared unopposed.

### KAP Sinha replaces Verma as Punjab Chief Secy

PNS CHANDIGARH

Punjab Government on Wednesday made a significant administrative change, appointing KAP Sinha as the new Chief Secretary, replacing Anurag Verma. Sinha, a 1992batch IAS officer, stepped into the role with extensive experience, having previously held key positions in the state's Revenue and Rehabilitation Department.

The Aam Aadmi Party (AAP) high command, particularly vigilant since party leader

Arvind Kejriwal's recent release from jail, is believed to be closely monitoring the state's performance, and Sinha's appointment is viewed as a calculated effort to revitalize Punjab's administrative machinery, ensuring that governance aligns with the party's goals of efficient and swift policy execution.

Verma, who held the post for a short period, was reportedly under scrutiny for delays in the execution of government schemes. Sources suggested that dissatisfaction within the party over these delays played a role in his removal. Verma had recently been summoned to Delhi for a meeting with senior AAP leadership, indicating the high command's involvement in the decision. Though the government has not officially cited the reasons for the leadership change, insiders pointed to the need for faster policy implementation and more decisive governance. Sinha, who brings a repu-

tation for being an effective decision-maker, is expected to accelerate the rollout of key welfare projects. His promotion to Chief Secretary comes at a crucial time, as the Punjab Government aims to deliver on its promises of development and public welfare.

Known for his strong administrative background, including his work in the Finance and Food Supplies departments, Sinha is wellplaced to navigate the state's complex governance challenges. He is widely regarded for maintaining a strong rap-port with the AAP high com-

This marked the fourth Chief Secretary appointment in the two-and-a-half-year tenure of the Bhagwant Mann government. The reshuffle followed the recent resignation of four senior aides in the Chief Minister's office, signaling a broader overhaul aimed at streamlining the administration and ensuring timely delivery of government programs.

### CM Mann directs DCs to conduct daily mandi inspections to ensure smooth paddy procurement

PNS CHANDIGARH

As paddy procurement ramps up in Punjab, Chief Minister Bhagwant Mann on Wednesday issued strict directives to all the Deputy Commissioners (DCs) across the State to conduct daily inspections in the grain markets (mandis). The initiative is aimed difficulties in selling their produce during the current procurement season The Chief Minister, during

a virtual meeting with all DCs, emphasized that the rising inflow of paddy in the mandis requires immediate and efficient handling. He stated that it is the government's responsibility to facilitate a smooth and hasslefree procurement process, assuring farmers that their grain will be promptly lifted without unnecessary delays.

"Farmers should not experience any inconvenience when bringing their produce to the mandis," Mann stated. He made it clear that any negligence or laxity in the procurement and lifting of paddy would not be tolerated, urging the DCs to actively oversee operations to ensure seamless transactions. He further asked them to personally

### Haryana gets 13 women MLAs as compared to 8 in 2019

PNS CHANDIGARH

n the 2024 Assembly polls, thirteen woman candidates have been elected to the 90member Haryana assembly, according to state election results. During the 2019 assembly polls, eight women candidates were elected as MLAs.

including 464 Independents and 101 women, were in the fray in the October 5 polls. Five women candidates of the BJP and seven candidates of the Congress won.

Independent candidate Savitri Jindal won the Hisar assembly seat. She defeated Congress' Ram Niwas Rara by a margin of 18,941 votes. Jindal is the mother of BJP's Kurukshetra MP and industrialist Naveen Jindal.

BJP nominee Shakti Rani Sharma won the Kalka seat while Krishna Gahlawat won the Rai assembly segment. BJP nominee Shruti Choudhary who is the daughter of BJP MP Kiran Choudhary, won the Tosham seat, while party candidate Arti Singh Ran who is the daughter of Union Minister Rao Inderjit Singh, won the Ateli seat. Kiran Choudhary, the daughter-in-law of former Haryana chief minister Bansi Lal, switched from the Congress to the BJP in June this year. BJP's Bimla Chaudhary won the Pataudi assembly seat.

Among the Congress candidates, wrestler Vinesh Phogat won the Julana assembly segment while former minister and Congress nominee Geeta Bhukkal retained the Jhajjar seat. Shalley Chaudhary won the Naraingarh seat while Shakuntla Khatak won the Kalanaur seat. Pooja won the Mulana assembly segment while Renu Bala won the Sadhaura seat. Congress nominee Manu Choudhry won the Nangal Chaudhary seat.

### **BJP** makes inroads in Dalit Jat strongholds to register victory

The BJP, which pulled off a hat-trick of wins in Haryana by bucking anti-incumbency, managed to make significant inroads into the Dalit seats and Jat strongholds. The Congress was heavily banking on the Dalit and Jat votes to make a comeback after a decade of being out of power. Not only this, the BJP also managed to

retain seats in the Ahirwal region and the GT Road belt to shatter the Congress' comeback plans in Haryana.

Out of 17 Scheduled Caste (SC) seats in Haryana, the BJP won eight assembly constituencies -- Nilokheri, Pataudi, Kharkhauda, Hodal, Bawal, Narwana, Israna and Bawani Khera. From Hodal, Bhan lost to BJP's Harinder

The Congress could secure victory in the remaining nine SC seats -- Sadhaura, Shahbad, Ratia, Uklana, Kalanaur, Kalanwali, Jhajjar, Guhla and Mulana. In the 2019 assembly polls, the BJP won five SC assembly constituencies, thus improving its performance in the 2024 assembly elections. In poll speeches, the BJP leaders targeted the Congress calling it an anti-Dalit outfit and accused the previous Congress regime of depriving jobs to people in

the reservation category. Not only Dalit seats, the BJP also won a significant number of seats in constituencies which were considered lat strongholds, such as in Sonipat, Rohtak and Jind districts. In the Jat stronghold, the BJP won five seats -- Gohana, Jind, Safidon, Sonipat and Uchana Kalan. The Congress registered victories in Baroda, Beri, Garhi Sampla-Kiloi, Julana, Meham and Rohtak. Two Independents won Bahadurgarh and Ganaur constituencies.

The Congress was heavily relying on the consolidation of Jat votes which constitute nearly 25 per cent of the state's population and Dalit votes which constitute nearly 20 percent votes. But the BJP made significant gains into both these vote banks.

On the other hand, the BJP also focused on its outreach to non-Jat votes and built its narrative around the performance of the Saini government. The BIP dispensation raised the annual income limit of creamy layer of backward classes from Rs 6 lakh to Rs 8 lakh for the purpose of employment.

Replacing Manohar Lal Khattar with OBC face Saini in the month of March was seen as the masterstroke of the BIP to counter the anti-incumbency of the past nine-and-a-half years and realign its focus to woo different castes. Notably, OBCs constitute nearly 35 per cent of the state population.

PAPER WITH PASSION-

## Mixed bag

The BJP retains Haryana while the regional parties gain in I and K signalling paradigm shift in the valley

The verdict is out and it is not what was predicted by the exit polls. The BJP retains Haryana and National conference resurges in Jammu and Kashmir. The results once again prove that the people of Jammu and Kashmir want development and peace while the people of Haryana, though have resentment with the farm laws still have faith in the BJP. The election results in Haryana and Jammu and Kashmir have significant implications for national politics. For the BJP, these results serve as a reminder that national leadership may get it votes but its local leaders must also perform. For Congress and other opposition parties, these results offer a glimmer of hope for future contests. At the same time, the resurgence of regional parties, particularly in Jammu and Kashmir, signals the enduring importance of local issues and identity politics in India's diverse political landscape. The outcomes not only redefined local political dynamics but also carried significant impli-

cations for national politics, especially for major players like the BJP, Congress, and regional parties. Moreover, the election results starkly contrasted with exit polls, which had predicted very different scenarios in both states.

The first post-Article 370 election in Jammu and Kashmir was keenly watched, given its symbolic importance in the region. While the BJP aimed to make significant inroads, particularly in the Jammu region, it faced stiff competition from regional parties like the National Conference (NC). The results saw a resurgence of regional parties, with the National Conference, led by Faroog Abdullah,

securing a majority of seats in the Kashmir Valley. The BJP made gains in Jammu but fell short of its ambitious targets of expanding into the Kashmir Valley. The electorate, it seemed, was more aligned with regional issues such as autonomy, identity, and economic distress rather than the BJP's nationalistic agenda. The outcome underscores the challenges the BJP faces in making a deep impact in the region, especially in the aftermath of the abrogation of Article 370. It also highlights the resilience of local political players who continue to dominate the political narrative in the Valley. While Congress failed to reach the majority mark in Haryana, the Haryana elections put it back in the game. Its vote share was almost at par with the BJP at 39.04 per cent. The BJP vote share was 39.94 per cent. Despite the overall success of the BJP, eight out of ten ministers from the Haryana Assembly lost their seats. Of late the BJP though victorious is losing its sheen and needs to put it act together to regain the voters who are drifting away from its fold. It is a good start for the BJP for the upcoming state elections. The party must maintain the momentum into upcoming critical polls in Maharashtra, Jharkhand and Delhi to remain ahead of its opponents.

A pandal themed on 'Three dimemsion of the Universe' during Durga Puja festival, in Kolkata

# Revival of democracy

# amidst calls for statehood

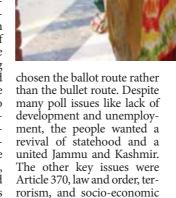

Following the 2019 revocation of Article 370, these elections were a landmark moment, reflecting the people's desire for normalcy and statehood

he Union Territory of Jammu and Kashmir conducted its first Assembly elections in a decade. It showcased the peaceful embrace of democracy by its people last week after decades of militancy. These polls were held after the bifurcation of Jammu, Kashmir, and Ladakh on August 5, 2019, following the revocation of Article 370. The BJP claimed that the move was necessary to tackle separatism, enhance economic development and fully integrate the region into the country.

Since 1989, the state has faced militancy, violence and a boycott of polls by separatist elements allegedly sponsored by Pakistan. Chief Election Commissioner Rajiv Kumar said, "The peaceful and participative elections are historic, wherein democracy is taking root more profoundly than ever before, driven by the will of the people of J and K." Intense campaigning, peaceful polling and high voter turnout marked the polls. Those afraid to go to the polling booth were allowed to vote peacefully. These were significant not only for political reasons but also because of developments such as the first Legislative Assembly elections in ten years, the abrogation of Article 370, and the restoration of democracy. This time, the Hindu-dominated Jammu and Muslim-dominated Kashmir were united in the demand to restore statehood, which the Centre had promised earlier. The higher voter turnout showed peoples desire for democ-

wanted to live a normal life. Chief Election Commissioner Rajiv Kumar praised the people of the Union Territory, which recorded 58.46 per cent voter turnout, the highest in 35 years. The security forces ensured a violence-free election. They also stifled the free movement of separatists. These elections differed from the previous polls as the politics of this region is no longer limited to the four traditional political parties NC, PDP, and the political parties inc and the BJP. The new addition was the participation of separatist elements in these polls, which must be addressed, as they had

They were tired of gun fights and

stability.
The delimitation panel gave Jammu six additional seats and Kashmir one. The Opposition held that the balance was tilting in favour of Hindu-majority Jammu. Scheduled castes and scheduled tribes got nine seats reserved. Kashmir has been under the international scanner. Diplomats from many countries were taken to the state to observe the polls. They got first-hand information from visiting the state. There are several reasons for the peaceful polls this time.

The first was the minimal involvement of Pakistan, as it had its internal problems to sort out. India blames Pakistan for training, funding and pushing islamist militants, targe ting the Hindu-dominated Jammu area more than the Muslim-dominated Kashmir Valley. Pakistan denies the

THE CHIEF ELECTION **COMMISSIONER RAJIV KUMAR PRAISED** THE PEOPLE OF THE UNION TERRITORY, WHICH RECORDED 58.46 PER CENT VOTER TURNOUT, THE HIGHEST IN 35 YEARS

Secondly, Kashmiris were tired of living in violent and disturbed situations. Two generations of Children had lost their normal childhood. Thirdly, militants did not call for the boycott of elections this time. On the contrary, separatists themselves entered the poll fray. Many areas once known as terror hotbeds saw brisk polling. The militants probably realised they needed funds and patrons, which they lacked. So, they decided to go through the election route. BJP chief JP Nadda said people had rejected the ballots and chose the ballot route. The election in Jammu and Kashmir witnessed a multicornered contest for the 90 seats. The National Conference and Congress went for a coalition. At the same time, the BJP and PDP were the other two significant players. The BJP had high stakes but a weak political base in the Valley, while it's strong in Jammu. The party contested only 19 of the 47 seats in the Valley. BJP knew the realistic position in the Valley where it could not hope to get votes. So, the BJP is fighting through proxies. A BJP

party would get support from Engineer Rashid, Sajad Lone, Altaf Bukhari, and Ghulam Nabi Azad - all minor players. Kashmiri pundits are still afraid of returning home. The people in both Jammu and the Valley lament the downgrading of the state to two union territories. There is still unemployment and the drug and narcotic trade menace in the state. The election results are out and the National Conference-Congress coalition has got a clear edge. The BJP, which has no presence in the Valley, propped up some independents and hopes to do well in Jammu.The Centre should take credit for completing the election process, and so should the Election Commission.

But the people of Jammu and Kashmir deserve kudos for fearlessly going to the polling booth to vote. They showed the trend in the 2024 Lok Sabha elections too. There is no doubt Jammu and Kashmir want a popular government. But the only worry is that they must vote for a stable government rather than a split verdict.

## The strategic role of generative AI in transforming Industries

KASHYAP DALAL

Generative AI is transforming industries by enhancing customer experiences, boosting productivity and automating processes across sectors

enerative AI has evolved from a novel-ty in boardroom discussions to a transformative tool across industries. Extending the capabilities of traditional AI in automation and predictive modeling, it's reshaping business processes, customer experiences, and employee productivity. Sectors such as pharmaceuticals, airlines, healthcare, manufacturing, and banking are seeing tangible benefits, as generative AI unlocks new avenues for value creation. Enhancing Customer Experience: Improving cus-

tomer experience is a key priority for businesses today. Companies with both physical and online touchpoints are turning to generative AI, leveraging large language models (LLMs) to provide personalised recommendations that enhance buyer satisfaction and drive revenue growth.

In the airline industry, Alaska Airlines has harnessed AI to offer customised flight and travel suggestions based on customer preferences such as budget and timing, significantly elevating the booking experience. By personalising

interactions, AI is allowing businesses to delight customers in ways that were previously time-intensive and

difficult to scale. **Revolutionising Creativity:** Generative AI is also making waves in content creation, democratising creativity, and improving productivity. It allows companies to generate high-quality content quickly, reducing manual input and turnaround times. For example, Belk Ecommerce utilises generative AI to craft engaging product descriptions, ensuring consistency across marketing channels. This automation not only boosts operational efficiency but also delivers a cohesive shopping experience. Customer service is another area seeing improvements through generative AI. Firms like Klarna, a fintech company, use AI-

powered virtual assistants to

handle millions of customer service requests, providing quick resolutions and reducing repetitive inquiries. This Al application results in faster, more accurate service and improved customer satisfac-

**Boosting Productivity:** Generative AI's ability to enhance employee productivity is becoming increasingly evident, especially in automating routine tasks. By freeing employees from monotonous work, AI enables them to focus on higher-value tasks that require strategic input. This shift is particularly significant for industries where frontline workers are pressed for time. Home Depot's US stores provide a prime example of AI-driven employee enablement. They employ AI-powered apps to assist in decision-making, inventory management, and task prioritisation, resulting in improved store operations and employee satisfaction. Generative AI also enhances documentation processes in sectors requiring high volumes of detailed reports. For instance, Bristol-Myers Squibb has integrated AI into their doc-

umentation workflows,

enabling rapid processing of clinical trial data and transforming complex, time-consuming tasks into streamlined operations. Such innovations are revolutionising sectors where speed and accuracy are paramount.

Leveraging Data: With the increasing digitalisation of the world, businesses are relying more on data-driven insights. Generative AI can sift through vast datasets, extracting valuable insights to support better decision-making in areas such as research and data analysis. This capability is exemplified by Spotify, which uses AI to create personalised podcast previews, improving content discovery and user engagement.

As generative AI transforms industries, businesses are preparing for widespread changes in operations, Al can augment every function. However, with these advancements comes the challenge of upskilling the workforce. Organizations need to ensure their employees are adaptable and equipped to leverage AI

## **STRENGTHENING BILATERAL RELATIONS**Madam — Apropos to the 'Strategic

Balancing Act, October 8. With Maldivian President Muizzu making his first state visit to India, New Delhi-Male ties are clearly on the mend. Contrast this with the situation in the beginning of the year when Muizzu declined to make India his first port of call after assuming the presidency, undertook a state visit to China, inked a defence cooperation pact with Beijing, and demanded that New Delhi pull out its small contingent of troops in the archipelago

The reality is that both countries need each other irrespective of differences of opinion on certain issues. No country can escape geography and this certainly holds true for both India and the Maldives. India will always remain the Maldives's closest, largest Indian Ocean neighbour and first responder in all crises. China simply can't be a replacement here given its physical distance from the region. Therefore, New Delhi, which also needs Male for better strategic depth in the Indian Ocean Region, and Male have no option but to enhance their cooperative relationship. Muizzu had campaigned on an 'India Out'

plank during his election. But fighting elections outside the government and running a country are two different things. Plus, India has always stood by the Maldives. Also, Muizzu has asked Indian tourists to return to the Maldives. something that is vital for that country's economy. Thus, New Delhi-Male relations have once again found equilibrium. That will be a relief for India after the Bangladesh

### **ONE YEAR OF WEST ASIA CRISIS**

Madam— It has been a year since Hamas attacked Israel. The way Hamas fighters were successful in attacking Israel by breaking through its entire security system on October 7 last year, it seems that if we leave aside the attacks by rockets, drones and missiles, Israel can be defeated in a ground war. Because Iran, Hamas and

candidate admitted that the

he prices of vegetables are going through the roof in the market. During Dussehra and Diwali festivals, the prices of essentials and vegetables are skyrocketing. Almost all the vegetables are approaching the century mark. The common man is getting upset with the increased prices. Recently, the increased prices of essential goods have come into force in the context of the central government increasing the import duty

Hezbollah fired thousands of rockets at Israel, it did not suffer any major damage. But as soon as Israel attacked Lebanon on the ground, more than 10 Israeli security forces were killed within a few hours. Israeli Prime Minister Netanyahu said during the first anniversary that 'Israel will continue to attack its enemies as long as its security is under threat'.

I<sup>'</sup>think Netanyahu was probably talking about his own security, not Israel's. Because the day this war ends, Netanyahu's journey to the political pinnacle will end and the Israeli people will immediately oust him from power. Because three-fourths of Jews are extremely angry with him for the way he has handled this war. The way even today hundreds of hostages are in the custody of Hamas for which Netanyahu has done nothing. Several decisions passed by the United Nations this year and the decision given by the International Court of Justice make it clear that what Israel calls a 'terrorist' attack is actually a 'reaction to

Jang Bahadur Singh | Jamshedpur

on foreign goods imports. Due to this effect, cooking oil prices have gone up. The prices of palm

oil and sunflower oil have gone up.

Till yesterday, the price of tomato was less than 50 rupees, now it has doubled. Recently, due to weather conditions, crops have been badly damaged in the states of Tamil Nadu and Karnataka. The situation has changed as the tomato com-

ing from these regions has suddenly decreased.In the absence of tomatoes, hotels and fast food centres are reducing the use of tomatoes. Due to this, the people and the hotel managers are facing severe difficulties. Onion prices also seem to be at that level. Onion price is increasing due to insufficient supply from Maharashtra. In addition to this, some groups are hoarding essential commodities informally and creating artificial scarcity and selling the commodities at high prices, doubling the hardships of the common man.

Appanna Gonapa | Visakhapatnam

### **UPHOLDING TRUE SECULARISM**

Madam —This is in response to the news report titled "India is essentially a Hindu nation: RSS chief" (October 7). Far from being a "Hindu nation," India is historically a nation of all ("None can tell, at whose beckoning, vast waves of humanity/In currents unstoppable, from the unknown here arrived/To merge into the Great Sea" - Rabindranath Tagore), and this is the very reason why "Secularism" is embedded right within the Constitution itself. If Hindus indeed "care for everyone" as their own and "embrace all" so as to live in "harmony," then what compels the RSS Chief Mohan Bhagwat to advise his own religious group to unite by transcending all narrow barriers of race, language, state and caste! This directly proves that Hindus are a highly divided lot in demographic terms and this gets proved through caste-based atrocities upon Dalits and torture upon linguistic/racial minorities in different states! Kajal Chatterjee | Kolkata Send your feedback to:

## ACHIEVING WORK LIFE BALANCE

A healthy work-life dynamic not only benefits individuals but also strengthens communities

n recent years, the world has faced unprecedented challenges, from the COVID-19 pandemic to ongoing socio-economic disruptions. These crises have not only claimed lives but have also altered the very fabric of our daily routines and working environments. Amidst these tumultuous times, the concept of work-life balance has emerged as a crucial necessity, emphasising the importance of maintaining mental and physical well-being while fulfilling professional responsibilities. The rising death tolls and widespread fear associated with global crises have taken a toll on mental health. Today, grief, anxiety and uncertainty have become commonplace as people grapple with loss and disruption.

There is no denying the fact that fast-paced technological advancements require constant adaptation and learning, which can be overwhelming and contribute to stress. In many Indian companies, there is a culture of overwork, where taking time off is frowned upon. Many executives even end up working extended hours, sacrificing their time and health, which contributes to physical as well as mental exhaustion.

Moreover, this can even lead to a toxic environment where employees not only feel they have to prove their worth constantly, but the stigma associated with failure may even drive them to push themselves to unhealthy limits to succeed. Poor diet, lack of exercise and high-stress levels have led to lifestyle-related health issues such as heart disease, diabetes and hypertension, which are prevalent among high-level exec-

Economic downturns and market volatility add pressure on executives to perform, leading to increased stress and associated health risks. In such a climate, achieving a balance between work and personal life has become essential for fostering resilience and promoting overall well-being. A healthy work-life balance allows an individual to dedicate time towards self-care, family and community, which are vital for emotional recovery and stability. The shift to remote work and flexible schedules, prompted by the pandemic, has underscored the need for a re-evaluation of traditional work structures. If remote work offers flexibility, at the same time it has also blurred the lines between personal as well as professional life, leading to longer hours and increased stress.

It's the need of the hour for organisations to recognise this and promote policies that encourage employees to set boundaries, take breaks and prioritise personal time. Addressing the high death toll among executives in Indian companies for instance the Pune CA death followed by a reputed Indian working for NBFC and committing suicide on a similar ground- i.e. work pressure and mental distress from the seniors necessitates a multi-faceted approach. Organisations must prioritise mental health support, promote a healthier work-life balance, and create a culture that values employee well-being. By taking these steps, companies can not only help mitigate the risks associated with high-stress environments but also foster a healthier and more sustainable workplace. By fostering an environment that values work-life balance, employers can enhance productivity and employee satisfaction, thereby leading to lower turnover rates and a more engaged workforce

Achieving work-life balance is not solely a personal endeavour but it also has broader implications for society. When individuals can manage their work and personal lives effectively, they are more likely to engage in their communities, volunteer and support local initiatives. This communal engagement will foster social connections and strengthen the fabric of society, thereby making it more resilient in the face of adversity. By prioritising work-life balance, we as citizens of the nation will contribute not only to our well-being but also to the health of our communities.

# The key to a sustainable and low-carbon future

By adopting energy-efficient practices, the country not only cuts emissions but also saves millions of tonnes of oil equivalent, leading to a more sustainable future

nergy efficiency refers to the practice of using less energy to achieve the same level of output or perform the same task. It is one of the most impactful strategies for reducing energy consumption, cutting costs, and mitigating environmental harm. As global energy demand continues to rise, enhancing energy efficiency has become critical in the fight against climate change, resource conservation, and ensuring a sustainable future. According to the International Energy Agency (IEA), the global rate of energy efficiency improvement has averaged around 2 per cent per year, with some variations during the COVID-19 pandemic. In 2023, global energy consumption reached approximately 15,000 million tons of oil equivalent (MTOE), as reported in the Enerdata Yearbook 2024. A 2 per cent improvement in efficiency would save about 300 MTOE—an amount greater than India's entire industrial energy consumption, which stands at around 270 MTOE in 2022-23. In 2022-23, sectors such as industry, buildings, and transport consumed 552 MTOE out of India's total primary energy consumption of 850 MTOE. The industrial sector accounted for 49 per cent of this total, while transport and buildings (residential and commercial) contributed 12 per cent and 13 per cent, respectively. India is one of the few nations with a comprehensive legal and institutional framework for energy conservation. The Energy Conservation Act of 2001 and

the Bureau of Energy Efficiency under the Ministry of Power are pivotal in driving energy efficiency programmes across various sectors. India's flagship programmes include the Perform, Achieve, and Trade (PAT) Scheme for energy-intensive industries, initiatives for energy-efficient buildings, vehicle fuel efficiency standards, and the star rating and labelling scheme for household appliances and industrial equipment. In 2022-23, these programmes collectively saved around 51 MTOE, equivalent to reducing carbon emissions by approximately 306 million tons of CO2. This energy efficiency contribution accounts for about 10 per cent of India's annual emissions, which stands at around 3 billion tons of CO2. Energy efficiency is projected to play a crucial role in global climate action.

It is estimated that nearly 40 per cent of the emissions reductions needed to reach net zero by 2050 must come from energy efficiency measures, many of which offer short payback periods ranging from 3-5 years. Often dubbed the "first fuel," energy efficiency is seen as a vital tool in maintaining a sustainable, low-carbon future. Given the constrained carbon budget outlined in the Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment, energy efficiency is more important than ever in controlling global temperature rise.

The Importance of Energy Efficiency: It is a cornerstone of sustainable development, offering multiple advantages such as cost savings, environmental protection, energy security and resource conservation.

Energy-efficient technologies reduce consumption, which, in turn, cuts utility bills for individuals, businesses, and governments. Reduced energy use decreases greenhouse gas emissions and helps combat global warming. It also diminishes pollutants that harm air and water quality. Additionally, energy efficiency decreases overall demand, reducing dependence on fossil fuels and

**ESTIMATED** THAT NEARLY 40 PER CENT OF THE EMISSIONS REDUCTIONS

**ENERGY EFFICIENCY MEASURES** MANY OF WHICH OFFER SHORT PAYBACK **PERIODS** RANGING FROM 3-5 YEARS

strengthening energy security, especially for countries heavily reliant on imports. It also reduces the need for new power plants and industrial facilities, conserving natural resources and limiting environmental impact.

Key Sectors and Strategies industry: The industrial sector is the largest global energy consumer, driven by processes such as manufacturing, mining and machinery use. Enhancing energy efficiency in this sector involves optimising processes, recovering waste energy, and implementing energy management systems. Upgrading equipment, improving production methods, and utilising efficient motors and pumps can significantly reduce energy consumption. The National Mission for Enhanced Energy Efficiency (NMEEE), launched in 2011, targets energy-intensive industries

Under its PAT Scheme, industries are assigned specific energy-saving targets (energy use per unit of product), and the market-based approach allows trading of excess NET ZERO BY resulted in substantial energy savings, leading to a reduction of approximately 110 million tonnes of CO2 emissions. As of August 2024, energy savings. This initiative has the PAT scheme covers 1,333 energy-intensive industries and establishments across 13 sectors, including steel, cement, aluminium, fertilizer, petroleum refineries, thermal power plants, and others. As India develops its carbon market mechanism, many of these sectors will participate as "obligated entities" with specific greenhouse gas (GHG) emission reduction targets. The carbon market will facilitate this

transition by implementing a market-based approach to pricing GHG emissions. This mechanism encourages both public and private entities to engage in decarbonisation efforts across various sectors. Entities that reduce emissions below their targets can earn Carbon Credit Certificates, while those that do not must pur-

Additionally, the mechanism will have a voluntary component, allowing non-obligated entities to register projects focused on reducing, removing, or avoiding GHG emissions to obtain carbon credits.

The Standards & Labeling (S&L) Programme: launched in 2006, rates appliances based on their energy efficiency, from 1 to 5 stars. This program covers 38 appliances, with 16 falling under mandatory regulations. As of August 2024, the programme has saved 82 billion units of energy, equivalent to cutting 58 million tons of CO2 emis-The UJALA Scheme and the Street

Light National Program (SLNP) have also been successful in replacing inefficient lighting with LED solutions, leading to significant energy savings and emission reductions. As of September 2024, approximately 370 million LED bulbs and 7.2 million LED tube lights have been distributed through the UJALA scheme. This has resulted in an annual reduction of 39 million tons of CO2 emissions. Buildings: Buildings are another major energy consumer, particularly through heating, cooling, and lighting. Energy-efficient building design, proper insulation, and smart energy management systems can dramatically reduce energy use. The Energy Conservation Building Code (ECBC), introduced in 2007, mandates minimum energy performance standards for commercial and residential buildings. Recent updates, such as the Energy Conservation and Sustainable Building Code (ECSBC) and the Eco Niwas Samhita (ENS) for residential buildings, aim to further

reduce energy consumption in large buildings by up to 18 per cent. Transportation: It is a major contributor to global energy use, primarily from fossil fuels. Improving fuel efficiency in vehicles and promoting electric and hybrid vehicles

are key strategies.

The Indian government has implemented fuel efficiency standards for

passenger cars and heavy-duty vehicles and aims to expand the electric vehicle ecosystem including charging infrastructure. As of 2024, India's charging stations are expected to increase to 100,000 by 2030, supporting the growing number of electric vehicles. To create awareness of the benefits of Electric Vehicles (EVs), the "Go electric" Campaign was launched in Feb 2021. This involves radio jingles, poster/leaflets distribution, awareness through social media platforms, street plays,

Electricity Generation and Transmission: Upgrading power plants and incorporating renewable energy sources such as solar and wind are vital for reducing emissions in electricity generation. Under the PAT Scheme, India's thermal power plants have improved their efficiency, contributing to a reduction of 30 million tons of CO2. As of August 2024, 46 per cent of India's installed power capacity comes from nonfossil fuel sources, surpassing the commitment made at the Paris COP 21 summit.

**Challenges:** Despite its benefits, the adoption of energy efficiency measures faces challenges like high upfront costs, limited awareness, and policy gaps. These barriers can be addressed through financial support mechanisms, capacitybuilding initiatives, and the development of comprehensive, flexible policies. Conclusion Energy efficiency is an essential driver of sustainable development, offering sig-nificant economic, environmental, and social benefits.

As technology improves and policies strengthen, energy efficiency will remain crucial in reducing energy demand and mitigating climate change. By adopting energyefficient practices in our homes, industries, and transportation systems, we can contribute to a cleaner, more sustainable future.

## Surya Ghar Yojana: A sustainable alternative to free electricity politics

Unlike conventional freebies, this scheme boosts long-term savings, infrastructure investment and promotes sustainable energy production

n response to the growing trend of political parties Loffering free electricity to secure votes, the Narendra Modi government has introduced the Pradhan Mantri Surya Ghar Yojana. This initiative aims to promote solar energy adoption by providing homeowners with a subsidy ranging from Rs 30,000 to Rs 78,000 for installing one to three kW solar panels. The scheme is designed to reduce dependence on government subsidies while offering households the benefit of free elec-

tricity for up to 25 years Solar Power for Households Under this scheme, a consumer will spend around Rs 40,000 to Rs 70,000 to install a two to three kW solar panel.

This investment allows house-

holds to generate up to 300

ASHWANI MAHAJAN

units of electricity per month, covering a significant portion of their energy needs. At the current rate of Rs 8 per unit, this translates to a monthly saving of Rs 2,400. Over 25 years, the total savings per household would amount to approximately Rs 7.20 lakh, ensuring that the initial cost of installation is recovered within one to two years. The government has also made provi-

the remaining amount at a concessional interest rate of 7

Addressing the Politics of **Free Electricity** 

In recent years, several political parties have leveraged the promise of free electricity as a means to gain political support. States like Delhi, Punjab and Himachal Pradesh have implemented such schemes, offering free or subsidised electricity to a significant portion of their populations.

In Delhi, for instance, the Aam Aadmi Party (AAP) government provides up to 200 units of electricity for free and a 50 per cent subsidy for those consuming between 201 and 400 units. However, the cost of these schemes has placed a significant burden on sions for consumers to finance state budgets. In Delhi, Rs to financial constraints.

3,250 crore was allocated for electricity subsidies in the 2023-24 budget, out of a total budget of Rs 78,800 crore. Under AAP's rule, the capital expenditure growth rate has declined from 19.6 per cent during the previous Congress government's tenure to 9.2 per cent. Consequently, infrastructure development in Delhi has slowed, with fewer new projects being launched. The situation is similar in other states where free electricity has been promised. Punjab, Andhra Pradesh, Kerala, and Himachal Pradesh are all grappling with mounting debts, making it increasingly difficult to sustain free electricity schemes. In some cases, states have had to scale back or abandon these initiatives due

A Viable Alternative

The Pradhan Mantri Surya Ghar Yojana offers a more sustainable solution. By encouraging households to generate their own electricity through rooftop solar panels, the scheme reduces the long-term burden on government finances. The total investment required by households under the scheme is Rs 1.5 lakh,

including the government subsidy. With one crore households expected to participate, this would result in an additional capacity of 30 GW of solar power, significantly boosting India's renewable

energy output. Unlike traditional free electricity schemes, which are funded by annual government subsidies, the Surya Ghar Yojana provides long-term benefits without placing a strain on the budget. By generating their own electricity, households will no longer be dependent on yearly subsidies and will contribute to reducing the country's carbon footprint. This aligns with India's broader goals of increasing renewable energy production and achieving net-zero emissions.

Economic and

### **Environmental Impact**

The Surya Ghar Yojana has far-reaching economic and environmental benefits. First, it provides households with a reliable source of free electricity for 25 years, ensuring significant savings on energy bills. This also reduces the government's reliance on costly subsidies, freeing up funds for essential infrastructure

development. Second, the scheme is expected to generate large-scale employment, with over one lakh people required to be trained to install and maintain solar panels. This will not only create new jobs but also develop a skilled workforce in the renewable energy sector. Third, by increasing solar energy production, the scheme will help India reduce its

contributing to the country's efforts to combat climate change. Rooftop solar panels are an environmentally friendly alternative to coal-based power plants, and their widespread adoption will significantly reduce carbon emissions. By encouraging households to invest in solar energy, the scheme not only reduces the burden on state budgets but also contributes to India's renewable energy goals. The widespread adoption of rooftop solar panels has the potential to transform the energy landscape, providing households while helping India move closer to achieving its environmental objectives. ### Shoolini among top 500 in THE World **University Rankings 2025**

**SOLAN:** Fifteen year old Shoolini University has emerged among the top 500 universities of the world while being bracketed as the number one private university in the country in the Times Higher Education (THE) rankings declared on Wednesday. The research-focused University has been placed in the 401-500 band of rankings up from the 501-600 band last year. Only the Indian Institute of Science, Bangalore, has been ranked above it in the 251-300 band making it bracketed number two in the country. The other Indian institutions ranked in the 401-500 band are Anna University, Mahatma Gandhi University are Saveetha Institute of Medical and Technical Sciences. Only the Saveetha Institute is bracketed in the same band with Shoolini University as the top private university in the country

While 107 Indian universities featured in this year's rankings (up from 91 last year), Shoolini stood out with a score of 47.42 even surpassing the IITs which participated in the rankings. Shoolini University's excellence has been further highlighted by its global performance in "International Outlook" with number two position in the country (Ranked 416 globally) Hailing the remarkable achievement by the university, its founder and chancellor Prof PK Khosla said the rankings were a testimony of the high quality research that is encouraged and undertaken at the University. He pointed out that the global rank among the top 500 on the country also qualifies it as a Category 1 university. Pro Chancellor Mr Vishal Anand described the university's achievement as an "amazing" achievement and congratulated the staff and researchers for achieving the coveted position.

### Bureau of Indian Standards Chandigarh

Stakeholder's Conclave is organised by Chandigarh Branch Office, Bureau of Indian Standards at Hotel ShivalikView in Chandigarh to mark World Standards Day 2024 on 9th October,2024. Program was inaugurated by the chief Guest Smt. Aashika Jain, IAS, Deputy Commissioner, SAS Nagar. Sh. Bhola Ram Gujjar, Director, NITTTR and Sh. R.K Luther, President, Mohali Industry Association is the Guest of honour. Around 250 participants from industry, NGO, academia, and the government departments attended the event. Smt. Aashika Jain shared her views on the importance of standards and appreciated the initiative taken by BIS to bring together all stakeholders on one platform to build a sustainable ecosystem. Sh. # South, build defence structures

North Korea said Wednesday it will permanently block its border with South Korea and build frontline defense structures to cope with "confrontational hysteria" by South Korean and US forces, while not announcing an expected constitutional revision to formally designate South Korea its principal enemy and codify new national borders.

While the moves were likely a pressure tactic, it's unclear how they will affect ties with South Korea since cross-border travel and exchanges have been halted for years. North Korea's military said it will "completely cut off roads and railways" linked to South Korea and "fortify the relevant areas of our side with strong defense structures. according to the North's official Korean Čentral News Agency. The North's military called its steps a "self-defensive measure for inhibiting war and defend-ing the security" of North

its online search monopoly.

Korea. It said that "the hostile ing ties on the northern side of forces are getting ever more reckless in their confrontational hysteria." It cited what it called various war exercises in South Korea, the deployment of US strategic assets and its rivals'

South Korea's military said later Wednesday that it won't tolerate any attempt by North Korea to change the status quo. It said South Korea will "overwhelmingly punish" North Korea if it launches provocations. A South Korean military statement said North Korea's nuclear and missile programs have threatened peace on the Korean Peninsula. South Korean officials earlier said North Korea had already been adding anti-tank barriers and reinforcing roads on its side of the border since April in a likely attempt to boost its frontline security posture and prevent its soldiers and citizens from defecting to South Korea. In a report to parliament on Tuesday, South Korea's Unification Ministry said that North Korea has been remov-

cross-border railways and nearby lamps and planting mines

KCNA earlier Wednesday said the Supreme People's Assembly

might have delayed the constitutional revision but others speculated it amended the constitution without announcing it because of its sensitivity.

Kim's order stunned many North Korea watchers because it was seen as breaking away with his predecessors' longcherished dreams of achieving a unified Korea on the North's terms. Experts say Kim likely aims to diminish South Korea's voice in the regional nuclear standoff and seek direct dealings with the US. They say Kim also likely hopes to diminish South Korean cultural influence and bolster his rule at home.

Tensions on the Korean Peninsula are at their highest point in years, with North Korea continuing a run of provocative weapons tests and South Korea and the US expanding their military drills. KCNA said North Korea on Tuesday tested a longrange artillery system that observers say pose a direct threat to Seoul, the South Korean capital, which is only an hour's drive from the border.

## North Korea vows to block border with | Ishiba dissolves Japan's lower house

Prime Minister Shigeru Ishiba dissolved Japan's lower house of parliament Wednesday to set up an October 27 early election and seek the voters' mandate for his 9-day-old government. Ishiba took office last week as Fumio Kishida resigned after three years leading the governing Liberal Democratic Party as it was corruption scandals. With the early election, Ishiba is seeking to secure his governing party a house majority while he is still fresh and before the congratulatory mood fades. The move has been criticised as prioritising an election rather than policies and for allowing little debate. But opposition has

remained too fractured to

(Bihar), P.L. No.-33500137.

Guwahati, NFR (Assam) P.L. No.- 6505012.

P.L. No.- 60060281.

of power. Ishiba announced his plans

for an election even before he won the party leadership vote and became prime minister. His Cabinet planned later Wednesday to formally announce the election date and the start of campaigning next Tuesday. Ishiba and his Cabinet will stay in office until they win the election and are reappointed. The the house, Nukaga, speaker of Fukushiro announced the dissolution of the lower, more powerful of the two parliamentary chambers at a plenary session. All 465 lawmakers stood up, chanted "banzai" and rushed out of the assembly room. Official campaigning begins next Tuesday. "We will act fairly and

push the governing party out squarely in order to win the people's endorsement for the current administration," Ishiba told reporters.
"Even while the lower house

is dissolved the Japanese government must fully function" in tackling national security, disaster response and deflation, he said. "We will devote all our body and soul for the people." Ishiba is to explain the

election plans at a news conference late Wednesday, just before heading to Laos to make his diplomatic debut at the Association of Southeast Asian Nations summit. Opposition leaders have criticized him for rushing to hold an election allowing

only three days parliamentary debaté on his policies and before achieving any results. Even though opposition

topple the governing party's almost uninterrupted postwar rule, the first public support ratings for Ishiba as prime minister were around 50% or even lower, the lowest levels for a new leader, according to Japanese media. Ishiba is increasingly seen as backpedaling on a number of proposals he previously advocated so he won't create controversy ahead of the

election. In his first policy speech at parliament Friday, he did not touch on his goal of establishing a stronger regional military framework and a more equal Japan-US security alliance, a dual surname option for married couples, and other issues seen as controversial or opposed by conservatives within the governing party.

### STORES E-PROCUREMENT

# Not appropriate to speak on rate cut now: RBI Governor Shaktikanta Das

RBI Governor Shaktikanta Das on Wednesday said the confidence in inflation cooling down in the near future, resulting in a better balance between growth and price rise, led the central bank to change the policy stance to neutral.

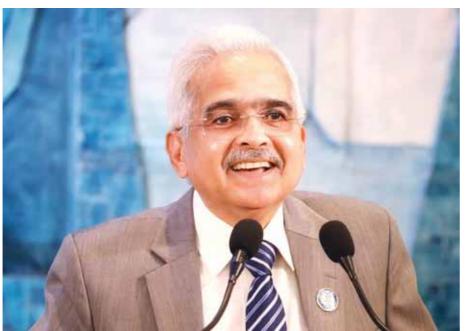

He, however, made it clear that there are "significant risks" to inflation like the arising out geopolitical tensions, and it is "not appropriate" to talk about a rate cut for now.

On whether the change in stance to 'neutral' from earlier 'withdrawal of accommodation' should be seen as the RBI's pivoting, he said that it is for others to

"We have changed the stance at the moment because we see that growth and inflation, they are well poised, the balance is well poised. So, the MPC (monetary

committee) considered it appropriate, the timing is appropriate to shift the stance to neutral," he told reporters at the customary

post-policy review. "We have now

confidence that inflation is held its interest rates for the moderating, but we are tenth consecutive time but acutely aware that there are changed the stance, igniting significant risks," he said, adding that the change in hopes of a decrease in rates. There was "no point" and "justification" in continuing stance gives greater flexibility with the earlier, as the RBI has achieved what it wanted setting panel to manoeuvre to, Das said, adding that the Earlier in the day, the RBI

"These uncertainties and the cannot underestimated.

It will be inappropriate, it will not be appropriate to specifically sort of talk in terms of timing of a rate cut," he said. Using the horse bolting out

deployed earlier to illustrate the inflation fight, Das said the RBI needs to be "very careful" about opening the gate of the stable. When asked if we should

look forward to a rate cut at the next policy review in December or even earlier, Deputy Governor Michael Patra said the whole attention is focused on the near-term hump in inflation, wherein the RBI expects the October number to come at

over 5 per cent. The RBI will focus on the near-term hump on the inflation before even thinking of the "next move", Patra said.

The central bank has decreased its estimate on crude oil prices to USD 80 per barrel from USD 85 per barrel earlier because of the softer medium-term outlook

on the commodity.
The DG said the oilproducing countries have committed to continue with supply at higher levels into 2025, expectations of lower demand made by the International Energy Agency and growing reliance on renewable energy sources.

## Sensex, Nifty declines as RBI changes stance to neutral

Benchmark equity indices Sensex and Nifty pared early gains to settle lower on Wednesday due to late selling in index major Reliance Industries, ITC and HDFC Bank even as the RBI took the first step towards a rate cut in its monetary policy review. Erasing its early gains, the 30-share BSE Sensex fell 167.71 points or 0.21 per cent to close at 81,467.1. During the day, it surged 684.4 points or 0.83 per cent to hit an intraday high of 82,319.21. The NSE Nifty dropped 31.20 points or 0.12 per cent to end at 24,981.95.

In the intraday trade, it jumped 220.9 points or 0.88 per cent to hit a hit of 25,234.05.

The Reserve Bank of India (RBI) kept its key interest rate unchanged on Wednesday but took the first step towards a rate cut as it eased its relatively hawkish policy stance to 'neutral'.

The monetary policy committee, which included three RBI officials and an equal number of new external members, voted five-to-one to keep the benchmark repurchase or repo rate which governs the interest rate of home, auto, corporate and other loans - at 6.5 per cent for a 10th straight policy meeting.

Among the 30 Sensex companies, ITC, Nestle India, Hindustan Unilever, Reliance Industries, Larsen & Toubro and HDFC Bank were among the major laggards.

On the contrary, Tata Motors, Tech Mahindra, State Bank of India, Maruti Suzuki India, Bajaj Finance, Axis Bank, Bajaj Finserv and Bharti Airtel were among the gainers.

European markets were trading higher in mid-session deals. "An upward revision in Q3FY25 inflation reiterates that the sticky inflation continues to remain a concern for the RBI and led investors to book profit towards the close. The volatility in input prices and the impact on margin dragged the FMCG stocks," Vinod Nair, Head of Research, Geojit Financial Services said.

The change in RBI's stance to neutral was favourable and commentary is not pointing for a rate cut in the near term, Nair added.

Foreign Investors (FIIs) offloaded equities worth Rs 5,729.60 crore on Tuesday, while Domestic Institutional Investors (DIIs) bought equities worth Rs 7,000.68 crore, according to exchange data.

In Asian markets, Shanghai, Hong Kong, and Seoul settled in negative territory while Tokyo quoted in the positive territory.

Global oil benchmark Brent Crude climbed 0.87 per cent to USD 77.85 a barrel in futures trade.

US markets ended with gains in overnight deals on Tuesday. On Tuesday, the 30-share BSE Sensex rose by 584.81 points or 0.72 per cent to close at 81,634.81. The NSE Nifty jumped 217.40 points or 0.88 per cent to finish at 25,013.15.

## New PLI scheme for drones to boost industry

PTI ■ NEW DELHI

The government plans to come out with a new Production-Linked Incentive (PLI) scheme for the drones sector that will be more effective in terms of implementation, documentation and other Civil Aviation Secretary

Vumlunmang Vualnam on said government is looking at moving to the next PLI scheme for the drones sector. The first PLI scheme for drones, introduced in 2021 with an outlay of Rs 120 crore for three financial years starting from 2021-22, has

While acknowledging that some procedures under the first scheme were onerous on startups and Ministry of Micro, Small and Medium Enterprises (MSMEs) in the drone sector, the civil aviation secretary said the government will look at a more efficient PLI scheme in terms of implementation, documentation and the processes that are adopted.

According to Vualnam, the drone sector has to be segregated into three segments those for civilian use, security/ defence forces use, and the In a discussion paper, Ficci

rogue or unregulated use of

and optionality to the rate-

in the future on rates.

'We have to be very clear about how we approach the three areas," he said and highlighted that certain rogue drones could become impediments when youngsters, startups and women self-help groups are to use more drones.

"We have to be cognisant of that Counter technologies developed," he said, while speaking at a conference organised by industry body

suggested that the government should bring counter drone systems and components under the next phase of the PLI scheme.

> Rs 1,000 crore to support startups and new entrants to develop drones with more indigenous components and sub-systems.

The civil aviation secretary also said tenders are ready for procuring 3,000 more drones under the Namo Drone Didi Scheme.

The scheme seeks to provide agricultural drones to rural women and 15,000 drones will

be given to women-led self help groups. The first set of 1,000 drones have been acquired and

distributed The outlay under the new The tenders for 3,000 drones and will be issued by the agencies concerned soon

Vualnam said. Additional Director General at the Army Design Bureau Major General C S Mann stressed on the importance of indigenisation.

"We need to have truthfulness in the claims of indigenous capabilities. Only then will we be able to address the challenges.

## Mercedes-Benz India sees record sales growth

PTI MUMBAI

luxury Gmanufacturer Mercedes- alone; Benz on Wednesday said its continues to buck the s in India grew over 13 per cent year-on-year to 14,379 units in the first nine months of 2024, registering the best-ever performance in January-September period.

The company further said the September quarter delivered over 21 per cent more cars at 5,117 units, in comparison to the corresponding quarter of the last year.

'With 14,379 new Mercedes-Benz delivered year-to-date in it stated.

January-September (+13 per cent) including 5,117 units (+21 per cent) in Q3 '24 Mercedes-Benz he company said in a statement.

Mercedes-Benz India said the battery electric vehicle (BEV) sales logged 84 per cent growth at 800 cars in the January-April period of the year, over the same period of 2023, which was the highest than any other luxury brand in the domestic market. At the same time, the top-end

vehicles grew by 18 per cent,

## **Karnataka CM offers IT** growth support to Maldives

**PTI** ■ BENGALURU

rarnataka Chief Minister **K**Siddaramaiah offered Wednesday facilitate the growth of the technology information industry in Maldives, and expressed keenness promote the state's handicraft and handloom products to tourists visiting the island Addressing a delegation led

by Maldivian President Mohamed Muizzu, who was accompanied by his wife Bhavan here, he said Karnataka, known as the Silicon Valley of India, has developed an ecosystem for start-ups, Artificial Intelligence, global capacity building centres innovation.

I am given to understand that the government of Maldives is interested in having partnerships with the leading IT industry of Bengaluru," he said. "We will be very happy to facilitate the growth of the IT industry in Maldives," he said.

Siddaramaiah said he was pleased to note that Saiidha Mohamed was a student in Bengaluru. He said the State would be

happy to have trade ties with Maldives to promote the marketing of its handicrafts and handlooms to reach out to a large number of tourists visiting the island nation. Karnataka, the Chief Minister

said, is known for its diversity of nature culture and rick heritage. Siddaramaiah noted that the

state's tourism tagline is: "One State, Many Worlds". "Apart from almost 300 km of coastline, we have the world's second largest 'Shola Forest' hosting Tiger and Bird Sanctuaries. We look forward to a partnership with Maldives to promote educational and cultural

## enhances UPI Lite wallet limit to ₹ 5,000

The Reserve Bank on Wednesday announced the increase of the UPI Lite wallet limit to Rs 5,000 and per-transaction limit to Rs 1,000, in order to encourage wider adoption of the popular instant payment system through mobile phones.
A limit of Rs 500 per

transaction and an overall limit of Rs 2,000 per UPI Lite wallet, is presently applicable, with the facility of autoreplenishment. Unveiling the October bi-

monetary policy, Bank Governor Shaktikanta Das also said the per-transaction limit in UPI123Pay will be enhanced to Rs 10,000 from the current

UPI123 was launched in March 2022, with a view to enable feature-phone users to use UPI. This facility is now available in 12 languages.

In another customer-friendly initiative, Das announced a beneficiary account name look-up facility for Real Time Settlement System and National Gross (RTGS)

Electronic Funds Transfer (NEFT) systems will be introduced.

Payment Systems like UPI and IMPS provide a facility to the remitter to verify the name of the receiver (beneficiary) before initiating a payment transaction.

There have been requests to introduce such a facility for RTGS and NEFT systems, the Governor said.

"Accordingly, to enable remitters in RTGS and NEFT enable to verify the name of the beneficiary account holder initiating funds

transfer, it is now proposed to introduce a beneficiary account name look-up facility," he said.

Remitters can input the account number and the branch IFSC code of the beneficiary, following which the name of the beneficiary will be displayed.

This facility will increase customer confidence as it would reduce the possibility of wrong credits and frauds, Das

The Central bank will also create 'Reserve Bank Climate CRIS)' amid climate change emerging as one of the significant risks to the financial system.

Das said it is crucial for

regulated entities to undertake climate risk assessments for ensuring stability of their balance sheets and that of the financial system.

Such an assessment requires, among other things, high quality data relating to local climate scenarios, climate forecasts, and emissions, he said.

The available climate-related Risk Information System (RBdata is characterised by

try/Isa.com

various various gaps such as fragmented and varied sources, differing formats, frequencies and units.

To bridge these gaps, Das said the Reserve Bank proposes to create a data repository RB-CRIS comprising two parts. The first part will be a webbased directory, listing various data sources, (meteorological, geospatial, etc.) which will be publicly accessible in the RBI website.

The second part will be a data portal consisting of datasets (processed standardised formats).

### Tata Power-DDL urges citizens for safe festivities

PNS NEW DELHI

Power Delhi Distribution Limited (Tata Power-DDL) has citizens of Delhi to refrain from burning effigies of Ravana, Kumbhakarna, and Meghanada near electrical installations and overhead power lines during Dussehra celebrations. The company highlights that such activities pose serious safety risks, including potential fire hazards, power outages, and disruptions to essential services, which could cause widespread inconvenience.

The discom is conducting a comprehensive safety drive for its consumers and field staff to minimize the electricity-related mishaps during the festive season.

continuously working towards ensuring a safer festive season. In this quest, the discom has checked more than 2.28 Lakh installations including plain cement and concrete (PCC) poles, street light, stray wires, towers, rail poles, fencing of sub stations, feeder & service pillars, PWD Poles, MCD Poles. ## US Ryder Cup captain Bradley says security will be watching

S Ryder Cup captain Keegan Bradley has offered a warning about Bethpage Black that does not need a special sign by the first tee: Organisers will have security inside the ropes to make sure the New York crowd doesn't get out of control.

Bradley and European captain Luke Donald met in Manhattan for a news conference on Tuesday signally (roughly) a year out from the September 26-28 matches at Bethpage Black, the public course on Long Island with a reputation for rough crowds.
"I have total faith in the fans of

New York to cheer on their team, proudly and loudly," Bradley said. "I don't want them to cross the line, to do anything that would affect the course of play. But it's going to be a tough atmosphere. It's going to be tough for both teams."

Bradley said there would be security "monitoring situation.

"It's really important to us - the US side - that it's a fair place to play for

both teams," he said. "Nobody on either team wants this to get uncomfortable or weird out there. But listen, you come into Yankee Stadium, you come into Madison Square Garden, you come into these places, it's a tough place to play, and Luke and the boys know that.

"The PGA of America is going to do a great job making sure everything's right."

Bethpage State Park has a sign on the first tee that says, "Warning: The Black course is an extremely difficult course which we recommend only for highly skilled

Γhe skill level won't be an issue. Bradley said he is keeping the same criteria for the American team - six qualifiers through the points list, six captain's picks - and he and Donald said they wouldn't hesitate to take players from Saudi-backed LIV Golf if they are eligible. The crowd is as notorious as the

difficulty of Bethpage Black, the first truly public golf course (excluding high-end resorts) to host the Ryder Cup. It previously held the US Open in 2002 and 2009, and the PGA Championship in 2019, when Brooks Koepka heard it from the crowd as he was letting a big lead slip away before holding on to win.

Sergio Garcia was heckled so badly in the 2002 US Open, when he was constantly regripping the club, that the Spaniard answered with the middle finger. And now there are American and

European flags involved at the most patriotic event in golf. It's tough on the opposing team regardless of which side of the Atlantic Ocean the matches are played, but American crowds

stand out.

Europe at least will have fans, unlike the last time on US soil at Whistling Straits when the COVID-19 pandemic made it almost an entirely US fan base.

"The Ryder Cup is special because it is spirited. Passions are high.

Energy is high," Donald said. "You want to see that amongst the

players. You certainly don't want to see the spirit of the Ryder Cup endangered in any way.

"But again, the PGA of America have things in place. If there's outbursts or if there's anything

deemed inappropriate, they will deal with that

Bradley, who won the BMW Championship in August and delivered the winning point for the Americans in the Presidents Cup last month, has said he would give up his captaincy to play the Ryder

Cup team only if he made the team on points.

That's so far out that he said it's not on his mind, though he would have assistant captains in place to take over if that's how it plays out. Koepka was the only LIV player on the American team that lost last

Rome. Rahm and Tyrrell Hatton had not yet defected to LIV. Donald said those two, or any other European-born player with LIV, could be considered as long as they met rules for being a

European tour member. As for the US points system, it rewards 1 point for every dollar earned at majors and The Players Championship in 2024, and 1 point on the dollar for every tournament in 2025 (except opposite-field events), and 1.5 points on the dollar at the 2025

Xander Schauffele, a double major winner this year, has a narrow lead over Scottie Scheffler, who won the Masters and The Players Championship. Schauffele Championship. performed better in the other two majors he didn't win.

Europe has won 10 of the last 14 times dating to 1995, though winning on the road is becoming more difficult ever since Paul Azinger persuaded the PGA of America to change its qualifying system to be based off money when he was the winning captain in 2008.

Europe's last road win was in 2012 at Medinah, when it staged a stunning rally.

"The last few times we've played away, the results have been onesided towards the US," Donald

## Nepal's Nima Rinji Sherpa becomes youngest to scale 14 tallest peaks

**PTI** ■ KATHMANDU

Nepal's 18-year-old Nima Rinji Sherpa has become the youngest climber ever to scale each of the 14 tallest 8,000 (over mountains meters) in the world with his successful summit of Mt Shishapangma in China.

Nima and his partner Pasang Nurbu Sherpa reached the summit of the Shishapangma, which stands at 8,027 meters above sea level, shortly after 6:00am (China Standard Time), which is 3.30am in IST, on Wednesday, the youngster announced on his

"Today, as I stand atop my 14th 8000-meter peak, I dedicate this world record to my project, #SherpaPower," he posted.

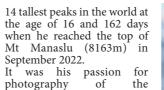

"This summit is not just the culmination of my personal journey, but a tribute to every Sherpa who has ever dared to dream beyond the traditional boundaries set for us. Mountaineering is more than labor; it is a testament to our strength, resilience, and

passion.

Nima said he wants to show the younger generation of Sherpas that they can rise above the "stereotype of being only support climbers".

"We are not just guides; we are trailblazers. Let this be a call to every Sherpa to see the dignity in our work, the power in our heritage, and the limitless possibilities in our future," he said.

Hailing from a family of mountaineers, Nima began his quest to scale each of the

mountains that brought Nima into climbing but it soon turned out to be a passion for him to tell the story of the Sherpa community. "Slowly, I realised, Sherpas, my community, we have always been in the shadows and all the

international athletes that you

see, no one is from Sherpa

community (in the front), but

we are always the ones

backing them up," he told PTI in an interview in May this

year. "We're always carrying their

equipment, carrying their food, the load, fixing the ropes, looking after the weather condition, looking after their safety, looking for the rescue things. "All those things are being looked after by us, but our names are always somewhere down the line. That's when I

decided (that) I want to climb

more for this, for my

community more, rather than

for myself," said Nima, who

prefers to go without oxygen

support for the first 7,000

Fresh cases will be considered only against the left ovei slots after processing all the renewal cases. Thus, mere fulfilling the eligibility criteria will not entitle grant of scholarship due to fixed number of slots in a year. Reservation of 50% slots for temale candidates.

CBC 38117/11/0022/2425

## ROOT SURPASSES COOK AS LEADING ENGLAND RUN-SCORER IN TEST CRICKET

**AP** ■ MULTAN (PAKISTAN)

straight drive for four, Joe Root took another of Alastair Cook's records by becoming England's highest run-scorer in test

Root surpassed the retired Cook's total of 12,472 runs by reaching 71 during England's first incines on Day 2 of the first innings on Day 3 of the first test against Pakistan on Wednesday.

The 33-year-old Root moved to fifth place on the all-time list of test run-scorers, behind Sachin Tendulkar (15,921), Australia's Ricky (13,378),South Ponting Africa's Jacques Kallis (13,289) and India's Rahul Dravid (13,288). All four above Root are retired and within reach of a batter who said ahead of the tour to Pakistan that he had plenty left in the tank.

'The only reason it (Cook's record) is on my mind is because people keep asking me about it, to be honest," Root said. "I see myself playing test cricket for a lot longer. It's not

like I'm going to get to a certain mark or a number and say, Right, I'm done now.' I just want to keep enjoying the game, keep playing.

game, keep playing."
Root, who is technically excellent and owns pretty much all the shots, overtook Cook's record of 33 test centuries by an England batter last month when he made hundreds in both innings against Sri Lanka at Lord's against Sri Lanka at Lord's.

Ben Stokes, the England test captain who is sitting out the first match of the series because of injury, praised character and achievement in a video released by the England and Wales Cricket Board.
"The selflessness that he has is

an incredible attribute for him, Stokes said. "He always puts the team first, and the fact that he's got so many runs is just a bonus for us. He's an incredible player. It's going to take a long, long time for someone to come in and break that record. Just a great bloke. And an unbelievable feat to score that many runs.
"But the non-selfishness that

think sets him above or sets him apart from anybody else who is going to play for England for a long time." Root waved to his teammates

soon after reaching the milestone before he raised his bat in acknowledgement. He shook hands with Stokes and bowling mentor Anderson as he walked off the field at the lunch break, with a 35th test century - and a first in Pakistan - in his sights.
Root is playing in his 147th test and came into the Pakistan

series averaging more than 50, whereas Cook made 161 test appearances and batted in 291 innings, averaging 45.35. They are England's third and

fourth most-capped players, behind now-retired fast bowlers Anderson and Stuart Broad.

Root has more runs against India than any opposition - 2,846 in 30 tests. Next is Australia, against whom he has 2,428 in 34 tests, while his best average is against Sri Lanka at 62.54.

Root was England captain

52.80 before the captaincy, 46.45 during it, and he is back to his prior level since standing

down. The most prolific year of his test career was in 2021, when he scored 1,708 runs. He has passed 1,000 runs in a year five

times. He has settled at No. 4 in England's batting order and demonstrated during the recent summer tests against the West Indies and Sri Lanka that he has slightly reined in the bold and occasionally reckless approach he and his England teammates adopted early in the so-called "Bazball" era under coach Brendon era under coach Brendon McCullum and captain Ben Stokes. Those risky ramp shots are mostly gone — though he still got himself out attempting one against the Sri Lankans at Lord's — and he is harder to dismise for it.

Root's next big target is displacing Tendulkar — the "Little Master" — atop the all-time list and, injury permitting, he has a good

dismiss for it.

## NZ batter Williamson to miss initial part of Test series against India combined with his excellent

Senior batter Kane Williamson is set to miss the initial part of the upcoming three-Test series in India starting on October 16 due to groin strain, with New Zealand naming Mark Chapman as his cover in the 17-man squad here on Wednesday.

with a groin strain, will delay his departure to India where New Zealand will play three Tests at Bengaluru, Pune and Mumbai.

While senior batting all-rounder Michael Bracewell has been roped in only for the first Test in Bengaluru, spinner Ish Sodhi will be available only for the second and third Tests.

Tom Latham will be leading the Kiwis after Tim Southee stepped aside from the leadership role a few days ago. "Williamson experienced groin discomfort during the second Test against Sri Lanka in Galle and will require a period of rehabilitation before joining the Blackcaps Test squad in India," New Zealand

Cricket said on their website. New Zealand selector Sam Wells said the decision to delay Williamson's departure to India was to give the former skipper more time to rest.

'The advice we've received is that the best course of action is Kane to rest and rehabilitate now rather than risk aggravating the injury,"

"We're hopeful that if the rehabilitation goes to plan Kane will be available for the latter part of the tour. While it's obviously disappointing to not have Kane available from the start of the tour, it provides an opportunity for someone else to play a role in an important series," he added.

Chapman averages above 42 in first-class cricket in 44 matches but is yet to make his Test

"We believe Mark (Chapman) is one of our best players of spin and has a proven track-record in the sub-continent,"

said Wells.
"Mark has displayed an ability to play spin proactively in the international arena, and arena,

Two-time Olympic gold-winning American discus thrower Valerie Allman was on Wednesday named the international ambassador of the Vedanta Delhi Half Marathon to be held here on October 20. Allman threw 69.50 meters in the Paris Games this year to set a new American record and win the gold medal. In the

PTI ■ NEW DELHI

previous Tokyo Games, she had finished at the top of the podium with a throw of 68.98 Her feat ended USA's wait for a gold in discus throw which they had last won in 2008. Allman, whose personal best is of 71.46 meters, is also a two-

in 2023 and a bronze in 2022. "The start line is not just a race; it's a celebration of camaraderie, determination, and resilience, and a showcase of our ability to push limits and achieve achieve new personal milestones," she said in a release issued by the organisers. Paris Olympic 10,000m champion Uganda's Joshua Cheptegai and Kenya's former world record holder Peres Jepchirchir will headline

medallist, clinching the silver

Valarie Allman named Delhi Half

a strong elite field in the men's and women's events of the Delhi Half Marathon, which is into its 19th year. Cheptegai is the reigning world

record holder in 5000m and 10,000m events. He also holds the world's best time over the 15km distance.

A three-time world champion in 10,000m, he made his international debut in India at the TCS World 10K Bengaluru 2014, finishing second.

The event carries a prize purse of USD 260,000.

## Tennis star France's Tiafoe aims tirade of expletives at umpire after loss at Shanghai Masters

Us Open semifinalist Frances Tiafoe aimed a torrent of expletives at the chair umpire after losing a match at the Shanghai Masters. Tiafoe targeted umpire Jimmy Pinoargote with about 10 expletives in a minute-long tirade after his 5-7 7-5 7-6(5) loss against 61st-ranked Roman Safiullin in a third-round

The ATP rule book calls for fines of \$60,000 at Masters 1000 tournaments.

A tour spokesman said no decision has yet been made on the matter.

The 17th-ranked Tiafoe w docked his first serve for a time violation at 5-5 in the decisive tiebreaker.

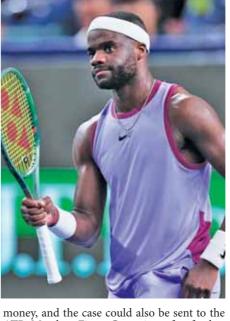

Pinoargote judged that Tiafoe was not making a genuine attempt to serve when he tossed the ball in the air at the baseline. Tiafoe at first protested before continuing to play. Two points later, the match was over and he congratulated Safiullin at the net before

turning toward the umpire's chair and shouting the first expletives. Tiafoe passed to the other side of the net

New Zealand squad for Test series in India: Tom Latham (c), Tom Blundell (wk), Michael Bracewell (1st Test toward his chair and shouted that the umpire had messed up the match. The 26-year-old American said he had been

only), Mark Chapman, Devon Conway, Matt Henry, Daryl Mitchell, Will O'Rourke, Ajaz battling on court for thee hours for his livelihood, peppering his words with more expletives. Before leaving the court, Tiafoe added: "Never

Tiafoe could face fines for verbal abuse of an 3rd Test only), Tim Southee, Kane Williamson, Will Young. official and for using obscenities. The tournament can take away some of his prize

ATP Member Fines Committee for further investigation.

Safiullin advanced to face Novak Djokovic in

the round of 16. Tiafoe had a stellar run of form in the summer reaching the final of the Cincinnati Open, where he lost to Jannick Sinner, then reaching the semifinals at the US Open where he lost in

five sets to fellow American Taylor Fritz.

### Arshdeep Singh enters top 10 among bowlers in ICC T201 rankings

Riding on a string of impressive performances, Indian seamer Arshdeep Singh entered the top 10 among bowlers and was placed eighth in the ICC T20I rankings issued here on Wednesday. The left-arm seamer, who The left-arm seamer, who returned 3/14 in the opening T20I against Bangladesh in Gwalior last Sunday, jumped eight spots with 642 rating

position. He is the only Indian bowler in the top 10. England's Adil Rashid continues as the top-ranked bowler in the shortest format followed by Akeal Hossain of the West Indies and Afghanistan's Rashid Khan at the second and

third spots respectively.
"Arshdeep is also a big winner in the latest rankings update, with the left-arm pacer rising eight places to equal eighth on the updated list for T20I bowlers and reaching a new career-high rating following his three-wicket haul against Bangladesh," the ICC said on its website Hardik Pandya, who blasted a

16-ball 39 with five fours and two sixes, moved up seven

places to reach the 60th spot among batters.

The ace Indian all-rounder also returned 4-0-26-1 and moved to the third spot as he rose four positions in the list of top all-rounders, which is headed by England's Liam Livingstone with Nepal's Dipendra Singh Airee at the second position.

Yashasvi Jaiswal, who is not a part of the India squad for the three T20Is against Bangladesh, dropped one position to fifth and was leapfrogged by Pakistan's Babar

Washington Sundar also improved his ranking as he got to 35th among T20I bowlers, moving up four positions.

PTI RANCHI

India batter Ishan Kishan on Wednesday returned to the Jharkhand Ranji team as its captain, following his controversial pullout last season that led to his exclusion from the BCCI central contract.

The explosive left-hander, who became a regular in India's white-ball squad after Rishabh Pant's road accident in December 2022, took a break during India's tour of South

Africa last year.
Post break, he did not participate in any official BCCI matches, which raised a few eyebrows as the board stressed on players prioritising domestic cricket when not on national duty.

The 26-year-old resurfaced this February, playing in the privately organised DY Patil T20 Cup ahead of the IPL and sparking a debate over balance between franchise cricket and state commitments

His absence from domestic cricket during this period contributed to his omission from the BCCI's 2023-24

central contracts. However, Kishan has since worked his way back into the BCCI's good books with strong performances in domestic set to lead a young squad with

India C on his return in the Duleep Trophy last month. He also represented the Rest of

India in the Irani Cup, scoring 38 in his only innings. Now, as captain of Jharkhand's 16-member squad, Kishan is Virat Singh as his deputy and Kumar Kushagra as the wicketkeeper Jharkhand begin their Ranji

Trophy campaign against Assam in Guwahati in Elite Group D. Last season, Jharkhand

finished third from the bottom in Group A, winning two, losing two, and drawing three of their seven matches.

"Ishan is an experienced player and he has international experience," chairman of Jharkhand's Sciences Committee Subroto Das was as saying by selection

quoted as saying by ESPNCricinfo.

"We have picked a very young team. Saurabh Tiwary, Shahbaz Nadeem and Varun Aaron had all retired after last season so we had to rethink our strategy. Ishan is capable of leading this young side and we're confident of doing well this Ranji season."

SQUAD:

Ishan Kishan (c), Virat Singh (vc), Kumar Kushagra (wk), Nazim Siddique, Aryaman Sen, Sharandeep Singh, Kumar Suraj, Anukul Roy, Utkarsh Singh, Supriyo Chakraborty, Saurabh Shekhar, Vikas Kumar, Vivekanand Tiwary, Kumar, Vivekanand Tiwary, Manishi, Ravi Kumar Yadav and Raunak Kumar.

## Anmoljeet takes 9 on 'debut' as India U19 complete clean sweep vs Australia

Debutant off-spinner Anmoljeet Singh and leg-spinner Mohamed Enaan off-spinner picked 16 out of 20 Australian wickets as India U-19 comfortably won by an innings and 120 runs in the second Youth Test to complete a 2-0 series sweep here on Wednesday. Australia colts lost as many as 17 wickets on the third day after commencing on their overnight score of 142 for 3 in reply to India's massive first-innings total of 492. The visitors were all out for 277

in their first essay with skipper Oliver Peake (117 off 143 balls) and keeper Alex Lee Young (66) adding 166 for the fourth wicket. After Lee Young was dismissed, the last six wickets fell for 59 runs.

Kerala boy Enaan (4/60 in 22.2 overs), who had once attended Saqlain Mushtaq's clinic in Dubai and Ludhiana's Anmoljeet (4/72 in 24 overs), who hero worships Harbhajan Singh, were the wreckers-in-

In four-day cricket, the followon can be enforced if the team batting second is trailing by

more than 150 runs. India U-19 had a lead of 115 runs. After being enforced to followon, Anmoljeet, who had taken an astounding 65 wickets in the Vijay Merchant (U-16) Trophy in the 2023 season, came back to get 5 for 32 in 13.3 overs as Australia were skittled out for 95 in 31.3 overs. Eight Aussie players failed to reach double digits and four of

the scorers. While Anmoljeet had match figures of 9/104, Enaan wasn't left far behind with 7/97 to show for his efforts.

them didn't bother to trouble
