November's poll results will decide politicians festive mood

ith the Election Commission's **V V** announcement of another round of Assembly elections in the crucial states of Maharashtra and Jharkhand, and bypolls to several Assemblies and Lok Sabha seats across the States, the decks are now cleared for Congress leader Priyanka Gandhi to plunge into active politics by contesting from Wavanad in Kerala on November 13. The election in Wayanad has been necessitated after Congress Member of Parliament Rahul Gandhi vacated the seat for Rae Bareli, the other seat he had won during the Lok Sabha elections earlier this year.

With Priyanka's potential entry into active politics, the Congress' first family will be looking to solidify its influence the Parliament. Additionally, with Privanka's presence in Wayanad, the party hopes to send a strategic message to the public, signalling the Congress's presence in both northern and southern regions.

Election Commission (EC) announced single phase Assembly polls in Maharashtra for on November 20, while Jharkhand to vote in two phases on November 13 and 20. The votes for both the polling states and bypolls will be counted on November 23. Keeping in view of the several upcoming festivals, including Diwali from October 29 to November 1, Chhath and Dev Deepawali on November 15,

the dates were decided and this will allow voters, particularly those temporarily migrating for the festivals, ample time to return to their registered

voting locations. The term of Maharashtra Assembly will end on November 26, while the term of Jharkhand Assembly will end on January 5, 2025. Maharashtra has 288 seats while Jharkhand has 81 seats. Bye-elections to 47 Assembly seats and the Wayanad Lok Sabha seat will be held on November 1. Announcing the schedules Chief Election Commissioner

Rajiv Kumar said the date of issue of Gazette notification for the Maharashtra Assembly election is October 22, last date of filing nominations is October 29, the date for scrutiny of nominations will be October 30 and the last date for withdrawal of candidatures is

November 4. "There are 9.63 crore eligible voters in Maharashtra while the number of eligible voters in Jharkhand is 2.6 crore," Kumar said. Expressing concern over urban apathy affecting voter turnout, Chief Election Commissioner Rajiv Kumar on Tuesday said

that polling days in Maharashtra and Jharkhand have been kept mid-week so that more people vote. The EC has been flagging the issue of low polling in urban centres including those like Mumbai and Pune in Maharashtra, and has been taking a number of steps to increase voter awareness.

In Maharashtra, turnouts in 62 64 urban Assembly of constituencies were less than the state average in 2019, as was the case in Lok Sabha elections, he said, adding "We will have a special drive for urban areas". He said in the recent Haryana election, there were booths in the "poshest' areas where voting was less than 20 per cent.

After the Haryana and Jammu and Kashmir polls, the BJP hopes to make a return to power in Maharashtra, where it has an alliance with Eknath Shinde's Shiv Sena. The Maharashtra election is expected to witness a two-way fight between the ruling Mahayuti Alliance of the Bharatiya Janata Party (BJP,) Shiv Sena-Eknath Shinde and NCP-Ajit Pawar and Maha Vikas Aghadi (MVA) coalition, of the Shiv Sena (UBT), NCP-Sharad Pawar and the Congress.

 $F^{\mathrm{ifty}}_{\mathrm{to}}$ four-year-old Omar Abdullah is all set to take oath as the first chief minister of the Union Territory of Jammu and Kashmir on Wednesday. His party, Jammu and Kashmir National Conference recorded a historic victory winning 42 Assembly seats in the maiden assembly elections held after the abrogation of Articles 370 and 35-A in 2019. This will be Omar Abdullah's second term in

office. However, this time, he will be governing a Union Territory without the special status that Jammu and Kashmir once held. He remained Chief Minister from January 2009 till October 2014.

The oath-taking ceremony will take place at the Sher-e-Kashmir International Conference Centre (SKICC) on the banks of Dal Lake in Srinagar, where elaborate security and other arrangements have been made.

The swearing-in ceremony is expected to witness several prominent leaders from the INDIA bloc, a coalition of opposition parties, in attendance. Samajwadi Party leader Akhilesh Yadav and Supriya Sule from the NCP have already reached Srinagar to attend the swearing-in ceremony. Congress president Mallikarjun Kharge and Leader of the opposition in Lok Sabha, Rahul Gandhi are also expected to attend the oath ceremony.

The National Conference has also extended invitations to the top brass of the DMK, Shiromani Akali Dal, West Bengal Chief Minister Mamata Banerjee, MK Stalin, Uddhav Thackeray, Sharad Pawar, Lalu Prasad Yadav, Arvind Kejriwal, and D Raja.

The meeting of the Haryana Bharatiya Janata Party (BJP) MLAs to elect the State legislature party leader of the State will be held on Wednesday. Nayab Singh Saini, who replaced Manohar Lal Khattar as the Chief Minister of Haryana in March is likely to be the CM choice. He was the BJP's chief ministerial face in the state Assembly polls, and.

Union Home Minister Amit Shah and Madhya Pradesh Chief Minister Mohan Yadav are the central observers for the election of the state legislature party leader in Haryana. It is learnt that Shah and Yadav were named central observers after reports of rebellion by Union minister Rao Inderjit Singh and nine of his Ahirwal loyalist MLAs.

The minister, however, clarified that he was "solidly" behind the BJP. BJP experimented by naming one of the senior-most party members Union Minister Rajnath Singh to iron out the heavy factional differences in Rajasthan after the Assembly elections.

The meeting, which will be held in Panchkula will elect the state legislature party leader, Haryana BJP president Mohan Lal Badoli said. The state legislature party leader will be the next chief minister. On Tuesday, Saini held meetings with senior officers making preparations for the BJP's big event. Hectic lobbying for ministerial berths have been doing the rounds and names of probables shall be shared to shared party high command on Wednesday.

The oath-taking ceremony of the new Haryana Cabinet will take place at Panchkula's Parade Ground in Sector 5 on Thursday and Prime Minister Narendra Modi is scheduled to attend. The BJP secured a third term in the Assembly polls in Haryana, results of which were declared on October 8. It won 48 seats against the Congress' 37 in the 90-member Assembly in the state.

Airport staffers and security agencies on Tuesday went into a tizzy to undertake specific counterterrorist drills at various airports after five planes, including one bound for the United States, received bomb-threat messages through a media handle or

showed.

Amid the air becoming increasingly hazardous, Chief Minister Atishi announced that 99 teams will inspect private and government construction sites in Delhi to ensure compliance with dust mitigation measures. The average AQI for Delhi stands at 198 in the 'moderate' category at 4 pm, according to the CPCB.

With GRAP Stage 1 implemented along with other related measures in the national Capital, the Delhi government convened a high-level meeting to review the implementation of the first stage of the Graded Response Action Plan (GRAP). When travelling to the Shakurpur Basti Railway Station one will find sweet shops and small roadside markets in between. The condition becomes disastrous every Wednesday due to the 'Budhh Bazaar' (the ubiquitous Wednesday market) choking the two way road. Large heavy carts piled high with clothes, fruits, vegetables, household items, toys and more for sale take up roadspace. This leads to bumperto-bumper traffic, exacerbated by many traffic signals on the road. The traffic situation is further complicated on Mahatma Gandhi Road, as major thoroughfares of car modification shops and fruit vendors occupy the sidewalks, leaving little space for vehicles to manoeuvre. In a significant development, Uttar Pradesh significant police have arrested 26 individuals in connection with the recent violence in Bahraich. The arrests were made earlier today, and the accused were sent to jail following medical examinations, according to SP's Public Relations Officer (PRO) Shivesh Shukla. The threats via microblogging platform X came a day after five hoax bomb threat messages to three international flights, a mail train and a university on Monday, caused trouble to hundreds of passengers and airline crew.

According to sources, an X handle issued threats on Tuesday to five flights, an Air India Express flight from Jaipur to Bengaluru via Ayodhya (IX765), a SpiceJet flight Ayodniya (1A765), a SpiceJet Hight from Darbhanga to Mumbai (SG116), an Akasa Air flight from Bagdogra to Bengaluru (QP 1373), an Air India flight from Delhi to Chicago (AI 127) and an Indigo flight from Damman (Saudi Arabia) flight from Dammam (Saudi Arabia)

to Lucknow (6E 98). The Air India Express aircraft underwent a security check at the Ayodhya airport. The SpiceJet and Akasa Air planes have landed, according to flight-tracking websites. An Air India flight from Delhi to Chicago was diverted to Iqaluit Airport in Canada following a bomb threat. "Flight Al127 operating from Delhi to Chicago on October 15, 2024, was the subject of a security threat posted online and, as a precautionary measure, has landed at Iqaluit Airport in Canada," the airline said.

It further said, "Air India notes that it, and other local airlines, have been subject to a number of threats in recent days. Though all have subsequently been found to be hoaxes, as a responsible airline operator all threats are taken seriously."

An Ayodhya-bound Air India Express flight also received a bomb threat, which was sent via phone call for the IX 765 flight that flew from Jaipur at 12.25 pm. The Boeing 737 Max8 aircraft with call sign AXB765 landed at Uttar Pradesh's Ayodhya airport by 1.59 pm. The aircraft is currently parked in an isolated bay area of Ayodhya airport, while passengers have been alighted from the aircraft.

The main road is more difficult to travel on, due to the movement of DTC buses and crowded bus stands. The buses line up one behind the other, and this affects the complete stretch. Illegal parking along these routes adds to the chaos, affecting connectivity to Chandra Shekhar Azad Marg and M2K Rohini. Delhi's traffic woes are not new, the traffic but the festive season has made matters worse. "As soon as I leave home, I'm stuck in a jam. The whole of Delhi is gridlocked," Varun Singh, who was on his way to meet friends, said. Another commuter, Sanyam, lamented, "What used to be a 10-minute ride

Meanwhile Traffic volunteers, and police do what they can to manage the situation. "We tow illegally parked vehicles and try to keep things moving, but during the festive season, it's nearly impossible to control," a traffic volunteer stationed at Ashok Vihar Circle, said.

Another volunteer explained the challenge of this job, "khade hona asaan nhi hai, aur logo ko samjhana mushkil hai" (It is not easy to stand for so long and make people understand the traffic rules and curate the traffic.)

As the peak office hours wear on, the congestion extends to other areas, with heavy traffic beginning at the Punjabi Bagh flyover, leaving Delhiites hoping for a smoother ride amidst the festivities.

PNS CHANDIGARH

The panchayat elections in TPunjab, held on Tuesday, concluded amidst a tense atmosphere marked by sporadic violence, allegations of irregularities, and instances of bogus voting. While polling occurred across over 13,000gram panchayats, the day was overshadowed by several clashes, including incidents of firing and physical altercations that left multiple people injured.

Polling began at 8 am and continued until 4 pm, with voters casting their ballots to elect both sarpanches and panches. In total, 1.33 crore registered voters, including 70.51 lakh men and 63.46 lakh women, participated in the election process. Approximately 1.05 lakh candidates contested for the posts of panch and sarpanch, with 3,798 sarpanches and 48,861 panches elected unopposed.

However, elections for 28gram panchayats were canceled or postponed for various reasons, and the State Election Commission halted polling in Dalla and Pona villages in Ludhiana due to technical issues.

Despite extensive security arrangements, violence erupted in several districts. In Patiala, two people were injured following a clash at a preparing for poll duty.

BCom student elected Sarpanch Counting of votes is underway for the panchayat elections held earlier in the day in Punjab, with results starting to emerge. In a notable victory, 23-year-old B Com student Rajveer

Kaur has been elected sarpanch of Basti Bhoota Wali village in Ferozepur. Meanwhile, Urmila Kumari, the wife of Cabinet Minister Lal Chand Katarauchak from Katarauchak village in Pathankot, has also secured her position as sarpanch, winning by a margin of approximately 350 votes.

As the day unfolded, icized the use of an outdated voters' list from 2023 instead of the revised list from 2024.

Meanwhile, in some areas Congress supporters staged protests, alleging that MLA-backed candidates, in collusion with the police, were engaging in bogus voting.

Despite these challenges, the election proceeded after the Supreme Court rejected calls for postponement, emphasizing the importance of allowing the democratic process to continue. Chief Ĵustice of India DY Chandrachud, along with Justices JB Pardiwala and Manoj Misra, ruled that halting the elections on polling day would lead to "chaos".

As polling stations closed and counting commenced, reports indicated that voter turnout was over 45 percent. Officials worked tirelessly to ensure the security of the rejection of Opposition-backed counting process, though allegations of irregularities persisted. In some villages, police had to fire shots in the air to disperse crowds who accused local authorities of permitting selective individuals to enter

Punjab's four assembly constituencies — Gidderbaha, Barnala, Dera Baba Nanak, and Chabbewal — are all set to go to polls on November 13, fol-lowed by counting on November 23.

Election Commission on Tuesday announced the byelection schedule for four assembly constituencies in Punjab. These seats have been vacant following the election of the sitting MLAs to the Parliament during the Lok Sabha elections.

The four constituencies were left without representatives after their respective MLAs were elected as Members of Parliament. Among the seats, three were held by the Congress party, and one by the Aam Aadmi Party (AAP).

The vacancy in Barnala arose when former Minister Gurmeet Singh Meet Hayer, AAP MLA, was elected MP from Sangrur. Similarly, Punjab Congress president Amarinder Singh Raja Warring vacated the

Former Deputy Chief Minister Sukhjinder Singh Randhawa, representing the Congress, was also elected to Parliament from Gurdaspur, leaving the Dera Baba Nanak seat vacant.

As the by-elections approach, political activity in Punjab is heating up. The major parties – Congress, AÁP, Shiromani Akali Dal (SAD), and the Bharatiya Janata Party (BJP) — are all gearing up for the crucial contests. Each party has appointed in-charges and sub-in-charges for these seats, and high-level meetings are taking place to finalize strategies. The SAD, for instance, held a core committee meeting two days ago, while the Congress has already sketched

out its electoral blueprint. The ruling AAP govern-ment, led by Chief Minister

Bhagwant Mann, has also ramped up development works in the respective constituencies to secure voter goodwill. Chief Minister Mann has already toured all four constituencies to assess local issues and promise further reforms.

The district election officers for the four constituencies have also been appointed. Deputy Commissioner Uma Shankar Gupta will oversee the electoral process in Dera Baba Nanak, while Komal Mittal, Hoshiarpur DC, has been appointed for Chabbewal. Rajesh Tripathi, Sri Muktsar Sahib DC, will manage Gidderbaha, and Poonamdeep Kaur, Barnala DC, will be in-

charge of Barnala. With the announcement of the bypolls, the Model Code of Conduct has been enforced in the districts where the four constituencies are located -Gurdaspur, Hoshiarpur, Sri Muktsar Sahib, and Barnala. The code will remain in place until the election process concludes on November 25.

Himachal CM directs DCs to settle pending cases of revenue corrections by October 31

PNS SHIMLA

Himachal Chief Minister Sukhvinder Singh Sukhu, while chairing a review meeting of the Revenue Department on Tuesday, directed divisional and deputy commissioners to settle all pending cases of corrections by October 31. During the meeting, he also directed the officials to start a special campaign to settle the pending revenue cases.

Sukhu said that pending cases were being settled through Revenue Lok Adalats and there was a need to speed it up further. "People should get relief from visiting government offices time and again and the revenue officers should pay special attention to this," he said.

The chief minister said the government is committed to provide facilities to people at their doorstep and it is important to settle pending revenue cases. He asked all the DCs to deploy a nodal officer in their respective districts to review the pending revenue cases and send its report to the government so that they can be settled timely.

Sukhu said that for the settlement of revenue matters, the DCs have been given powers to fill the vacant posts up to naib tehsildar, for which an adequate budget would be made available. He said he would review the matter again in November. The chief minister also reviewed the performance of relief work for the

victims of last year's monsoon disaster. He said the government had released Rs 4500 crore as a special relief package for the

disaster-affected people. Himachal govt to form umbrella Act encompassing water-related laws

Chairing a separate highpower committee meeting, CM Sukhu directed officials to make an umbrella act combining all water-related laws. He assured that the present state government will protect the interests of the people and highlighted his government's efforts to improve the financial situation.

He directed the officials to make an umbrella act combining all water-related laws, for which an expert committee will be formed. It is due to the better fiscal reforms which enabled the release of a four per cent Dearness Allowance (DA) instalment for government employees and pensioners. This follows a seven per cent DA given earlier whereas the previous BJP government neglected the interest of the state leading to an investment

drain, he said. Sukhu emphasised that the state's resources will be utilised

Tndo-Pak relations need a fresh I renewal to nourish the bonds of neighbourhood as much as to reignite the spirit of cultural and social affinity, said Rahul Singh, director of the Khushwant Singh Literary Festival here.

Talking to the media persons to deliver his curtain-raiser address for the 13th edition of the Litfest that takes off from Oct 18 in Kasauli, Rahul said there was an urgent need to revive peopleto-people contact between the two Punjabs. Recalling an epic novel, Train to Pakistan, that his father Khuswant Singh wrote, Rahul said the thaw between India and Pakistan can be broken by rebuilding cultural and social ties. The 13th Edition of the Khushwant Singh Litfest takes off from Oct 18 to 20, 2024 to celebrate the ideas and values that celebrated writer, litterateur and journalist, Khushwant Singh, cherished. This time the theme of the Litfest is 'Resilience and Renewal' which resonates deeply with the times we live in. The last few years, as we all

know, have been a tribute to the enduring human spirit, its ability to adapt, overcome and flourish among challenges, said Rahul Singh. The KSLF is basically a celebration of literature with a niche for Punjab and Punjabi ethos to pay tribute to the values and vision of accomplished writer Khushwant Singh.

souring relations

New Delhi dismisses the Canadian claims of Indian involvement in the Nijjar case as politically driven

he already tense relations between India and Canada have hit a new low, with both countries expelling each other's diplomats. New Delhi expelled six Canadian diplomats, including Acting High Commissioner Stewart Ross Wheeler after Ottawa's expulsion of 'targeted' Indian diplomats. These diplomats were allegedly involved in 'violent criminal activity in Canada.' The situation deteriorated after Trudeau accused Indian intelligence agents of being linked to the Nijjar's murder in British Columbia in 2023. During a press conference, Trudeau, announced the expulsion of six Indian diplomats from Canadian soil, citing their involvement in a 'targeted campaign' against Canadian citizens. India's Ministry of External Affairs (MEA) has responded with forceful rebuttal, describing the allegations as 'preposterous imputations.' The MEA criticised Canada's decision to expel the Indian diplomats, dismissing the accusations as politically motivated and linked to the Trudeau government's domestic challenges. India on its part

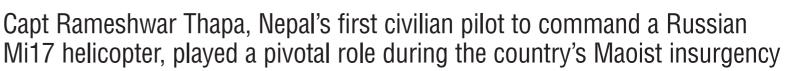

has expelled six Canadian diplomats to leave the country by October 19, 2024, and announced the withdraw-

al of its High Commissioner from Canada. The root cause of the conflict lies in the ongoing issue of Sikh separatism and Canada's handling of the Khalistan movement. Hardeep Singh Nijjar, a prominent Khalistan supporter, was a Canadian citizen who had long advocated for an independent Sikh state. His murder in 2023 remains a contentious issue, with Canadian authorities suspecting the involvement of Indian agents. India, however, has consistently denied any role in the killing and has accused Canada of providing a safe haven for extremist elements that threat-

en India's national security. It is rather unfortunate that two friendly countries should snap diplomatic relations with each other. Justin Trudeau's electoral compulsions, with elections just a year away, could be behind his recent actions. Justin Trudeau's perceived support for Sikh separatists, particularly those advocating for a Khalistan, stems from a complex blend of domestic political considerations and Canada's multicultural policies. Trudeau's Liberal Party has historically sought the support of the Sikh diaspora, a significant and politically active community in Canada, which includes a segment advocating for Sikh rights and in some cases, Khalistan. By engaging with Sikh community leaders, including some who may have Khalistani sympathies, Trudeau aims to secure votes in regions with a strong Sikh presence. This standoff could affect many areas where people in both countries could be net sufferers. Trade negotiations, immigration policies, and cultural exchanges between the two countries would indeed be affected. The expulsion of diplomats and withdrawal of ambassadors signifies more than just diplomatic posturing; it represents India's sovereignty, security, and the role of foreign governments in its domestic affairs. With both sides showing no signs of backing down, the road to reconciliation appears to be fraught with challenges.

The untold story of Captain Rameshwar Thapa's heroics

hen you think of rotary wing aircraft in Nepal, some names will crop up: Tula Bahadur Thapa, Narain Singh Pun, Madan KC, all Army Colonels, but among civilians a pioneer is Capt Rameshwar Thapa, the first Russian Mi17 helicopter pilot who trained the then Royal Nepal Army on Mi17 and was later requisitioned by Security Forces during the Maoist People's War. Let's call the Captain, RT who has written the English version of his book in Nepali, Barud Mathi Uddaa titled Into The FIRE, a book 'based on hard facts'. It encapsulates the Maoist insurgency that aimed to capture the state: they came perilously close to doing it. But for RT's heroic efforts, on April 8, 2005 in saving Khara, the epic battle waged by Maoists, by fly-ing in 20 Special Force Rangers after an SOS- 'if no reinforcements in 20-30 minutes, Khara will go'. Despite his helicopter being hit by Maoists on surrounding hills he made a second attempt in a vertical descent to land reinforcements at base camp. Khara was a battle for prestige and honour for both sides, especially Maoists but Rangers saved the day. At the time, I had written reams on the first and second Khara battles, describing Khara II's criticality. RT rightly calls Khara the turn-

ing point, for soon after, their defeat at Khara Maoists sued for peace: choosing ballot over bullet. They signed the 12-point agreement in New Delhi in November 2005 which led to the political transformation of Nepal - restoration of democracy and mainstreaming of Maoists. The rest, of course, is history. Into the Fire essentially covers the personal experiences of a co-pilot elevated to Pilot in Command as Mi17 initially had pilots from Russia and Central Asian Republics. Their mission was rescue, relief, reinforcements, casualty evacuation and acting as morale boosters. The Maoists were terrified of helicopters which were later ingeniously improvised by RNA as armed platforms to drop 81 mm mortar bombs and Improvised Explosive Devices (IEDs). Many battles in both east and west Nepal are described mainly from and towns have not forgotten

the humanitarian angle of saving lives and security posts at great personal risk. RT turns out to be a cat with nine lives having taken numerous hits and a life-threatening crash landing near Everest Base Camp. Initially, he joined Everest Air which was regularly supplying helicopters to the police as they had none; later, he flew for the Armed Police Force and RNA.

King Gyanendra who had usurped power first in 2002 and done a coup in 2005, did not allow the RNA to aid or assist the police which suffered on account of it. He did not even allow PM GP Koirala to use it to break the siege of the Holleri post when 76 policemen were taken hostage. Koirala had to resign but Holleri was an avoidable blot on police's unprofessional record. The Army was only pressed into service after Maoists during a ceasefire and talks attacked Army barracks in November 2001 at Dang. RT explains the politics underpinning the King's embargo on RNA. Flying for the army RT became an 'enemy of the Maoists' and was advised to send his family abroad for their

the atrocities committed by both sides. RT has narrated several human interest stories like once evacuating a female Maoist who later became a minister and married a fellow Maoist minister. There is a conversation with elders in a village who tell him that they prefer to give their daughters to RNA rather than letting Maoists take them away to join the movement.

His underground life at Oasis Hotel in Nepalgunj is cloak-and-dagger stuff. RT has not shied away from writing about RNA's November 2004 **RT HAS NARRATED** Pandaun, Kailali 'propaganda' attack under the lyricist Divisional Commander, Gen SEVERAL HUMAN **INTEREST STORIES** Rajendra Thapa. The Army claimed it had killed 200 to 300 LIKE ONCE Maoists whereas only 4 to 5 bodies were found ('Maoists EVACUATING A had an honour code not to FEMALE MAOIST leave behind any bodies). One of the Army's self-afflicted WHO LATER BECAME disasters was enacted at Pili in August 2004 when an A MINISTER AND Engineer Regiment was MARRIED A FELLOW ordered to crash-build a road for King Gyanendra's visit. MAOIST MINISTER Their prize was a huge cache of explosives stored at Pili for road construction. Nearly 160 soldiers were killed as RT

daily titled 'Maobadi Paradise: Nirmal Nivas', which was Prince Gyanendra's residence. Having been as 'busy as a bee' in the People's War, as a 24X7 helicopter pilot, his life changed after violence ceased. He mentions India's constructive role in the peace process. In his post-conflict avatar, RT became an aviation company czar, a media mogul - with newspapers, radio and TV and an interest in politics. His list of awards will fill a page. So will his contribution to corporate social responsibility. Into The Fire: was released in Delhi last month to a packed house. Striking in the book is the note written by Janardhan Sharmawho was the architect of the Khara debacle-while recently Nepal's Finance Minister. Sitting next to me on the dais RT was a picture of modesty and humility, few people realised his crucial role in the People's War. Immodestly I could not resist mentioning my book The Royal Nepal Army: Meeting the Maoist Challenge released in 2005. But his is a first-hand account. The invisible battle for mental health in India

KAVITA KABIRA

Mental health remains an afterthought in our healthcare narrative. The true healing encompasses both body and mind

s a psychologist, I've seen how health in India isn't just a battle of the body-it's a struggle of the mind. Behind every disease is a person dealing with fear, frustration and, at times, loneliness. Whether in rural areas, where diseases like tuberculosis persist or in urban centres where lifestyle illnesses are on the rise, the emotional toll is often invisible but deeply felt.

In rural India, patients face challenges that go beyond medical diagnoses. I remember a man from a small village battling tuberculosis, but what weighed on him most wasn't just his illness--it was the isolation. He felt forgotten and cut off from the world because healthcare facilities were far away, and his family didn't know how to support him. This emotional isolation is something many rural patients experience, and it can be as damaging as their physical symptoms, compounding their sense of hopelessness. In cities like Gurgaon, the struggles are different but equally pro-

found. I think of Anjali, a conditions-but the emoyoung woman over-

This is a common storytoo many women in India silently endure mental health struggles, dismissing their needs as unimportant, further isolating themselves in the process.

We need to change this narrative. Mental health is not a luxury or a sign of weakness. It is an integral part of overall well-being. We must make mental health care as important as physical health in our conversations and our healthcare system. Only then can we address the full scope of health challenges in Indiabecause real healing isn't just about the body; it's about the mind too. (The writer is Psychologist

RTI POWER FADES

Madam -- It is really unfortunate that the RTI Act, which came into effect in 2005, promising a new era in transparency in government functioning, has almost died its own death, with the executive not showing any keenness to infuse a fresh life into it. The Act has slowly weakened due to unwarranted amendments, overreach of the executive and restrictive judicial interpretations. Lack of adequate infrastructure and shortage of staff in government offices to deal with RTI applications is another cause for worry. Ever since its ratification, several attempts have been made to deliberately dilute this law and hamper access to information by the public.

The proposed amendments were dropped due to widespread public defiance. In the administration and functioning of a democratic government, the right to access and seek information is a sine qua non for transparency, openness and accountability. Unless citizens are empowered with the right to ask questions, democracies cannot and will not survive. The need of the hour is to promote the free flow of information to limit tvrannical tendencies and reinforce democratic ideals.

RAILWAY SAFETY NEGLECTED

Madam — Gone are the days when a Railway minister used to apologise for a train accident and even tender his resignation for it. Now, it is too much to expect even an explanation for the snail's pace at which the Train Collision Avoidance System is being installed and the lack of manpower that makes even loco pilots do the extra shifts. In such a scenario, there is no wonder why train accidents have become a regular event in our country. Train Collision Avoidance System, which was later renamed as Kavach, is an automatic train protection system that helps prevent collisions if two trains are on the same tracks. Senior railway officials said that a field trial was

That means this lifesaving device has so far been placed in only a little over 2 per cent of railway tracks in eight years after its field trials! An RTI reply says that of 1,27,644 sanctioned posts of loco pilots and assistant loco pilots, 18,766-nearly

15 per cent - were vacant as of March 1 this year. Indian Railways have been playing with our lives by not filling up vacant posts and by forcing their personnel, even loco pilots, to overwork. How can a loco pilot remain alert if he has to do extra shifts?

LAW AND ORDER CRISIS

Madam - The shooting of Baba Siddiqui could not have come at a worse time for the Mahayuti government in Maharashtra, as elections to the assembly are just around the corner. The opposition has been handed over an issue of

Houthis and Iran. Now a new order has been issued from Tel Aviv, which says that all UN peacekeepers should be removed from Lebanon. Israel is accusing without any proof that Hezbollah is using peacekeepers as human shields.

On the contrary, Israel has been continuously attacking the peacekeepers since last week. Dozens of peacekeepers have been injured so far. UNIFIL, a mission of about 9,500 soldiers of various nationalities, was created after Israel invaded Lebanon in 1978. It is currently tasked with monitoring the ceasefire that ended the 33-day war between Israel and Hezbollah in 2006. Israel's actions have been criticised by the whole world, except the US.

law and order in the state which is certainly going to be used as ammunition against the government in the electoral campaigning. There is no doubt this issue will resonate with the people of the state. If important political leaders and ex-ministers are not safe, what hope is there for the common citizen? Another disturbing fact is that the alleged kingpin is overseeing operations from jail.

With the right connections, jails seem to have become a holiday resort with all facilities available, like cell phones and wi-fi. The assailants are said to be in the ages of 19-21, and another one is supposedly said to be a minor. The lack of education and scarcity of jobs play their part in getting the young people sucked into the criminal world. Usually, the criminals come from the Northern Hindi belt. Those in charge of the states must find ways and means to stop the young people from entering the world of crime.

FIRSTCOLUMN CLEANLINESS AND SPIRITUALITY

The connection between a clean space and a peaceful mind is undeniable

RAVI VALLURI

hen I recall our college days, particularly the hostel rooms, it takes me on a nostalgic trip. The days were full of fun and frolic, books scattered around, beer and rum bottles lying randomly, with cigarette butts strewn rather carelessly. The rooms were full of stench

Most of the guys would ogle, there was no Google back then, at the girls. Posters of Pink Floyd, the Beatles, and Led Zeppelin populated the grubby and unwashed walls of the rooms. The politically inclined would paste large printed pictures of Che Guevara, Marx and Lenin among others, professing their ideological baggage unequivocally.

Some rooms were relatively cleaner and tidily kept. In our hail-fellowwell-met attitude we ended up ostracising such students. But they were our Gurus during examination times, much to their chagrin. A close friend had put up a poster which read: "Cleanliness is the sign of a sick mind." His room was particularly unclean and stained.

Cleanliness is both the abstract state of being clean and free from dirt, and the process of achieving and maintaining that state. However, to my mind cleanliness and spirituality are intertwined like Siamese twins. The human mind normally slips into a state of meditation and involuntarily has a spiritual experience at places which are relatively clean. Cleanliness is positively next to godliness.

India has of late embarked upon a major cleanliness drive where villages, bijou towns, cities, rivers, among others, places of historical importance and important religious places are being refurbished. This is indeed a positive statement made by the government. A gurdwara is the place of worship for Sikhs. People from all faiths and those who do not pro-

fess any faith too, are welcomed in Sikh gurdwaras. To me gurdwaras are among the cleanest spots in the country and it is a lesson in humility to observe how the devout keep it absolutely spick and span. The mind gravitates to the pristine spirit and listens to the soulful and mellifluous Gurubani being sung. The human mind, which is normally cannonaded by innumerable thoughts, gradually settles down and is at rest and peace

Migration issue polarises Canada ahead of 2025 election

Canada is struggling to reconcile the benefits of foreign influx with stagnant wages, strained services and a housing crisis; analysis by AMAL CHANDRA and AJAY P KARUVALLY

anada has recently cut down on international student permits and tightened eligibility for work permits in a bid to cut down on the number of temporary residents. As the federal elec-tion approaches in October 2025, immigration remains the most contentious issue in Canadian politics. "Immigration is an advantage for our economy — but when bad actors abuse the system and take advantage of students, we crack down." Said Canada Prime Minister Justin Trudeau, in a post on X. However, things are a little more complicated. Canada presents a unique case of pop-ulation dynamics, with rapid growth despite record-low birth rates. Between 2023 and 2024, Canada's population surged by 3.2 per cent, outpacing even some African nations known for their high population growth. While the population is increasing rapidly, the total fertility rate (TFR) of 1.33 children per woman in 2022 was the lowest in Canadian history. Canada's population growth, despite a very low TFR, is a testament to the power of immigration. In 2023, 97.6 per cent of the growth in the Canadian population came through immigration.

This reliance on immigrants is a longstanding strategy to offset the country's ageing population. While the COVID-19 pandemic temporarily slowed population growth to just 0.4 per cent in 2021, immi-gration quickly rebounded, fuelling a rapid recovery in population growth. A significant portion of Canada's immi-grants come from India, making up 10.8 per cent of all immigrants in 2023. The proportion of Indians among all the immigrant groups entering the country has increased from 9.6 per cent between 1991 and 2000, to 18.6 per cent between 2016 and 2021. Projections for the peri-od between 2022 and 2026 suggest this trend will continue to accelerate.

Canada's Immigration Dilemma: Canada's immigration system comprises four main programs: economic, family, refugee, and temporary work. The first three lead to permanent residency, while temporary workers must follow specific pathways with quotas and criteria to attain permanent residency. The preferred route for international students is the Post-Graduation Work Permit (PCWP) which is issued to foreign stu-

analys \$ 07

0.7 per cent, among the lowest in the G7. The Canadian economy and the living standards of its population have largely stagnated over the last decade.

While immigrants are contribut-ing to economic growth, the GDP per capita rates are declining. Many new immigrants earn less than the national average, and there are doubts about their abil-CANADA'S ity to achieve upward mobility as rapidly as past generations of IMMIGRATION immigrants, especially given that SYSTEM the majority are temporary residents.

COMPRISES The Government's Immigration FOUR MAIN Gamble: To course-correct a stagnating economy and compensate **PROGRAMS:** for poor growth rates, Canadian policymakers have made a bet on immigration. By letting in massive ECONOMIC, numbers of permanent and tem-

suppressing wages. Although evi-dence suggests that immigrants have little to no impact on the average wages of native workers, the perception of such effects tends to fuel stronger anti-immigration sentiments. Corporations, however, have capitalised on this dynamic, employing temporary workers, including international students, in low-wage, precarious jobs. The promise of permanent residency keeps them in the system, even when working conditions are poor.

For corporations, this represents a windfall of cheap labour. Coincidentally, working these low-paying jobs means the immigrants are unlikely to undergo the upward social mobility the government is hoping they would. Rising Hostility and Public Sentiment As frustrations over the government's immigration policies mount, this frustration is being increasingly manifested as resentment toward immigrants themselves. Public sentiment has noticeably shifted in recent years, with more Canadians expressing negative views toward international students and other immigrants. While this is hard to quantify and prove, public sentiment analysis using machine learning models on social media platforms like Reddit provides a useful indication. We analysed all the comments under posts containing the word "international students" in the r/Canada subreddit (community) from 2010 to 2022. While the r/Canada subreddit is not in any way a reflection of Canadian society, it could be a fair represen-

Canadian centrist views on immi-

gration. Till 2015, There was minimal discussion or negative sentiments related to international students (see figure below). Starting from around 2015, the number of negative comments saw a sharp rise. This trend peaks significantly after 2020, indicating a growing negative discourse, especially in recent years. The number of positive comments seems to plateaued after 2017. Although positive sentiment persists, sentiment analysis reveals a shift in public discourse toward increasingly negative views on the broader issue of international

students in recent years. Conclusion: A Broken System For many international students and temporary immigrants, these growing negative sentiments could lead to increased hostility and more darriers to integration Instances of food bank usage, cultural misunderstandings, and economic struggles may further inflame these tensions. Canada's immigration system, which lacks a strategic vision, seems to benefit neither Canadian citizens nor immigrants. Without meaningful reforms, only corporations exploiting cheap labour will see long-term gains, while social unrest and econom-ic stagnation will continue to grow. The future of Canada's mmigration policy hinges on the ability of the government and its citizens to address the current challenges and find a path forward that benefits all residents.

constructed the Golden Temple in 1577. He was the fourth Guru in the pantheon of Sikh Gurus. A Sikh friend mentioned that a gurdwara is a community asset and serviced by unpaid and committed volunteers, those who perform seva from the kitchen to the shoe rack.

Mahatma Gandhi, the apostle of peace and non-violence, championed the cause of truth only as he could. His autobiography, The Story of My Experiments with Truth, like his life, documents every aspect where he does not dissemble anything. During my days of quotidian drinking, I drank heavily and remained inebriated. In that state of arrogance and hubris, I walked into the holy precincts of the Golden Temple carrying a packet of Wills Navy Cut. The act was certainly sacrilegious. For perpetrating this sinful act, I could have been trolled on social media. Today, I regret the mistake committed and apologise sincerely from the depths of my heart. I am sober today because of Gurudev Sri Sri Ravi Shankar and have given up drinking, smoking and eating non-vegetarian fare. The twisted personality in me is making amends and I hope those afflicted with these vices seek the grace of a Guru to extricate themselves from this cesspool of negativity and embark upon the voyage to discover the quintessential quality of cleanliness and spirituality.

This permit allows them to qualify for permanent residency programs. While all immigration programs have grown, the 127 per cent surge in international student permits issued in 2023 compared to 2006 is particularly remarkable. A 2015 study showed that between 20 per cent and 27 per cent of international students transitioned to permanent residency within ten years of receiving their first study permit. This conversion rate is likely even higher in more recent years, reflecting the growing appeal of Canada as a destination for long-term settlement through the student migration route. The divisive legacy of British colonialism: A persistent threat to India's unity

Politicians continue to exploit social divisions for electoral gains, while foreign forces seek to undermine India's unity

⊣he legacy of British colonialism in India remains a contentious issue, with far-reaching consequences that continue to impact the country's social fabric. These foreign interventions fabricated logic, distorted literature, and spread misinformation to execute their divide-and-rule policy.

> Gandhi's stance resonates with the British-era concept that India is not a nation but a union of states. This contradicts the ancient Indian ethos, affirming India's nationhood. The Vedas proclaim, "Vayam Rashtra Jagryam Purahitah" (We are the guardians of the

Minister Jawaharlal Nehru's wish to have his ashes immersed in the Ganges reflects his devotion to Mother India. The British exploited these divisions, nurturing enduring fault lines evident in the Direct Action orchestrated by the Muslim League,

resulting in the brutal massacre of 16,000 Hindus in Calcutta alone.

Notable figures like Jaipal Singh Munda and Jogendra Nath Mandal eventually broke away from the Muslim League, recognising the sinister intentions. Mandal resigned from the Pakistan government and returned to India, highlighting the atrocities faced by Dalits and tribals.

Today, India must recognise and learn from this history,

nation). Even former Prime acknowledging the artificial divisions created by British colonialism and guarding against similar tactics employed by contemporary forces seeking to exploit these fault lines for political gain. Citizens and political parties must remain vigilant, prioritising national unity over sectarian interests.

The 1946 Jharkhand, Chota Nagpur Pakistan Conference and Jogendra Nath Mandal's alliance with the Muslim League exemplified this strategy. British authorities fueled fears among Dalits and tribals, claiming the "Hindu Raj" would oppress them. This manipulation ignored the historical social cohesion and shared struggles of India's diverse communities.

a unified India contrasts sharply with the divisive agenda of some contemporary politicians, who seek to resurrect the British-era fault lines. Gandhi's emphasis on eradicating social evils and promoting national unity has given way to identity politics and vote bank manipulation.

India's democratic fabric demands that citizens and leaders recognise and resist these divisive forces, promoting national unity and social cohesion. The country must acknowledge its complex history and address the lingering consequences of colonialism. By doing so, India can overcome the artificial divisions imposed upon it and forge a path toward true unity and

progress. Mahatma Gandhi's vision for Despite progress, India faces

significant challenges in overcoming the legacy of colonialism. Politicians continue to exploit social divisions for electoral gains, while foreign forces seek to undermine India's unity. The rise of social media has amplified divisive rhetoric, making it easier to spread misinformation and fuel tensions. The divisive legacy of British colonialism remains a pressing concern for India. By acknowledging this history and resisting divisive forces, India can build a more unified future. Citizens must prioritise national interests over sectarian agendas, and leaders must work toward inclusive governance. (The writer is National Joint

Trump's economic plans would worsen inflation: Experts

AP WASHINGTON

With characteristic brava-do, Donald Trump has vowed that if voters return him to the White House, "inflation will vanish completely". It's a message tailored for Americans who are still exasperated by the jump in consumer prices that began 3 1/2 years ago.

Yet most mainstream economists say Trump's policy proposals wouldn't vanquish inflation. They'd make it worse. They warn that his plans to impose huge tariffs on imported goods, deport millions of migrant workers and demand a voice in the Federal Reserve's interest rate policies would likely send prices surging.

Sixteen Nobel Prize-winning economists signed a letter in June expressing fear that Trump's proposals would "reignite' inflation, which has

plummeted since peaking at 9.1 per cent in 2022 and is nearly back to the Fed's 2 per cent tar-

Last month, the Peterson Institute for International Economics predicted that Trump's policies would drive consumer prices sharply higher two years into his second term. Peterson's analysis concluded that inflation, which would otherwise register 1.9 per cent in 2026, would instead jump to between 6 per cent and 9.3 per cent if Trump's economic proposals were adopted. Many economists aren't thrilled with Vice President Kamala Harris' economic agenda, either. They dismiss, for example, her proposal to combat price gouging as an ineffective tool against high grocery prices. But they don't regard her policies as particularly inflationary. Moody's Analytics has estimated that Harris' policies

look virtually unchanged, even if she enjoyed a Democratic majority in both chambers of Congress. An unfettered

Trump, by contrast, would leave prices higher by 1.1 percentage points in 2025 and 0.8 percentage points in 2026. Taxes on imports — tariffs are Trump's go-to economic policy. He argues that tariffs protect American factory jobs from foreign competition and deliver a host of other benefits. While in office, Trump started a trade war with China, imposing high tariffs on most Chinese goods. He also raised import taxes on foreign steel and aluminum, washing machines and solar panels. He has grander plans for a second term: Trump wants to impose a 60 per cent tariff on all Chinese goods and a "universal' tariff of 10 per cent or 20 per cent on everything else that enters the United States. Trump insists that the cost of would leave the inflation out-

taxing imported goods is absorbed by the foreign coun-tries. The truth is that US importers pay the tariff - and then typically pass along that cost to consumers in the form of higher prices. Americans themselves end up bearing the cost. Kimberly Clausing and Mary Lovely of the Peterson Institute have calculated that Trump's proposed 60 per cent tax on Chinese imports and his high-end 20 per cent tariff on everything else would, in combination, impose an after-tax loss on a typical American household of USD 2,600 a year. The Trump campaign notes that US inflation remained low even as Trump aggressively imposed tariffs as president. But Mark Zandi, chief economist at Moody's Analytics, said that the magnitude of Trump's current tariff proposals has vastly changed the calculations. "The Trump tariffs in 2018-19 didn't have as

large an impact as the tariffs were only just over USD 300 billion in mostly Chinese imports, he said. "The former president is now talking about tariffs on over USD 3 trillion in imported goods.' And the inflationary backdrop was different during Trump's first term when the Fed worried that inflation was too low, not too high.

Trump, who has invoked incendiary rhetoric about immigrants, has promised the "largest deportation operation" in US history. Many economists the increased immigration over the past couple years helped tame inflation while avoiding a recession. The surge in foreign-born

workers has made it easier for fill vacancies. That helps cool inflation by easing the pressure on employers to sharply raise pay and to pass on their higher labour costs by increasing prices. Net immigration — arrivals

minus departures — reached 3.3 million in 2023, more than triple what the government had expected. Employers needed the new arrivals. As the economy roared back from pandemic lockdowns, companies struggled to hire enough workers to keep up with customer orders.

Immigrants filled the gap. Over the past four years, the number of people in the United States who either have a job or are looking for one rose by nearly 8.5 million. Roughly 72 per cent of them were foreign born. Wendy Edelberg and Tara Watson of the Brookings Institution found that by raising the supply of workers. the influx of immigrants allowed the United States to generate jobs without overheating the economy.

In the past, economists estimated that America's employers could add no more than 100,000 jobs a month without

igniting inflation. But when Edelberg and Watson factored in the immigration surge, they found that monthly job growth could reach 160,000 to 200,000 without exerting upward pressure on prices.

Trump's mass deportations, if carried out, would change everything. The Peterson Institute calculates that the US inflation rate would be 3.5 percentage points higher in 2026 if Trump managed to deport all 8.3 million undocumented immigrant workers thought to be working in the United States.

Trump alarmed many economists in August by saying he would seek to have "a say" in the Fed's interest rate decisions. The Fed is the government's chief inflation-fighter. It attacks high inflation by raising interest rates to restrain borrowing and spending, slow the economy and cool the rate of price increases.

Economic research has found that the Fed and other central banks can properly manage inflation only if they're kept independent of political pressure. That's because raising rates can cause economic pain perhaps a recession — so it's anathema to politicians seeking reelection. As president, Trump frequently hounded Jerome Powell, the Fed chair he had chosen, to lower rates to try to juice the economy. For many economists, Trump's public pressure on Powell exceeded even the attempts that Presidents Lyndon Johnson and Richard Nixon made to push previous Fed chairs to keep rates low — moves that were widely blamed for helping spur the chronic inflation of the late 1960s and '70s. The Peterson Institute report found that upending the Fed's independence would increase inflation by 2 percentage points a

Southern Africa enduring worst hunger crisis in decades due to El Nino: UN

AP CAPETOWN

Months of drought in Southern Africa triggered by the El Nino weather phenomenon have had a devastating impact on more than 27 million people and caused the region's worst hunger crisis in decades, the United Nations' food agency said Tuesday.

The World Food Programme warned it could become a "full-scale human catastrophe".

Five countries — Lesotho, Malawi, Namibia, Zambia and Zimbabwe - have declared national disasters over the drought and resultant hunger. The WFP esti-mates that about 21 million children in southern Africa are now malnourished as crops have failed.

Tens of millions in the region rely on small-scale agriculture that is irrigated by rain for their food and to make money to buy provisions. Aid agencies warned of a potential disaster late last year as the naturally occurring El Nino led to below-

region, while its impact has been exacerbated by warming temperatures linked to climate change.

"This is the worst food crisis in decades," WFP spokesperson Tomson Phiri said. "October in southern Africa marks the start of the lean season, and each month is expected to be worse than the previous one until harvests next year in March and April. Crops have failed, livestock have perished and children

are lucky to receive one meal per day." The five countries that declared drought-related disasters have pleaded for intermillions. and elsewhere. Other aid agencies have said the drought in southern Africa is especially harsh, with the United States aid agency, USAID, saying in June it was the most severe drought in 100 years during the January to March agricultural season, wiping out swathes of crops and food for

Zambia has lost much of its electricity and has been plunged into hours and sometimes days of blackouts because it relies heavily on hydroelectric power from the huge Kariba Dam. Atrade deal with India remains a "priority" for the UK, Business and Trade Secretary Jonathan Reynolds said during the Labour Party-led government's flagship International Investment Summit in London which coincided with the launch of a new Industrial Strategy green paper "The Gulf and India are the priority. I think there are clear economic and commercial reasons why we should pursue those, Reynolds said at the Guildhall on Monday.

"Trade and international investment lie at the heart of our plan to drive growth for the whole country. That's because we know the UK has so much potential as one of the largest, most open economies, a legal system that sets global standards, a regulatory environment with some of the strongest safeguards for investment and the greatest incentives for innovation. We benefit from a skilled and diverse workforce, supported by an immigration system that draws talent from around the globe," he said.

The UK is negotiating a Free Trade Agreement (FTA) and Bilateral Investment Treaty with India, which has completed several rounds of negotiations under the previous Conservative government and is expected to pick up from the fourteenth round. Soon after the general election in July, Reynolds indicated that teams would be "entering negotiating rooms as soon as possible" towards completing the FTA, which is aimed at significantly enhancing the GBP 38-billion a year bilateral trade partnership. The Department for Business and Trade (DBT) indicated that while a timescale for the nego-

a total of GBP 63 billion of investment was announced at the International Investment Summit.

Italy-Israel soccer match is held without incident despite security concerns

AP UDINE

There were snipers on the roof of the stadium and a heavy police presence throughout the city of Udine for Italy's home match against Israel. In the end, both the game

and an earlier pro-Palestine demonstration passed without incident as Italy beat Israel 4-1 in the Nations

League. Udine was on high alert, with the game being played against the backdrop of the ongoing conflict in the Middle East which has spread to Lebanon after more than a year-long war in Gaza. It was the first match Israel has played outside neutral Hungary this year. After the Israel-Hamas war

started on Oct. 7 last year, the national soccer team played in Kosovo and Andorra last

November. All Israel matches since then have been in Hungary, including last month's game against Belgium in the Nations League after the Belgian Football Association refused to host the game for security reasons.

"We are going to play this match with the hope of convincing ever more people of the wrongness of war," Italy coach Luciano Spalletti said.

"There are many Israelis who don't want it and we must convince ever more people that this is something that has to stop.

When Spalletti's team played its "away" match against

Israel last month in Hungary, a group of about 50 Italy fans clad in all black turned their backs in apparent protest during Israel's national

anthem. There were boos from some fans in Udine when the Israeli anthem was played on Monday but the rest of the stadium tried to drown that out with loud applause - just as they had done when the Israel team was read out. At least one Palestinian flag was held up.

1ST TEST: GILL, JAISWAL CONTINUE GOOD FORM; KOHLI, ROHIT EYE CONSISTENT RUN

PTI BENGALURU

7ashasvi Jaiswal and Y Shubman Gill, the torchbearers of India's transition phase, will have to be the team's driving force in its quest to lord over an unsettled New Zealand when the two sides square off in a three-Test series, beginning here on Wednesday.

The baton has not been completely passed, but Virat Kohli and Rohit Sharma are certainly running their last lap and these two young superstars will have to show that they can carry forward the legacy of the titans.

Since a productive series against England earlier this year, Gill is now more familiar and comfortable with the rigours of Test cricket.

His last 10 innings contain three hundreds and two fifties, while Jaiswal's last eight outings in Test cricket feature a 214 and five fifties. Those numbers are not to be scoffed at. But at the same time, it is important for them to build on the foundation through this series, a precursor to the much tougher journey to Australia next month.

Gill seems to have sorted his issues with the in-coming deliveries from pacers, but a trace of the old failing still remains

In Chennai, Bangladesh Hasan Mahamud pacer troubled him with nipbackers before eventually

grabbing his wicket. Šimilarly, Jaiswal has a penchant to go for expansive shots against pace bowlers to get dismissed, evidenced by his three dismissals recently

fallen to pacers 12 times in 20 innings, and he would want a better record before facing a clutch of top-class Australian pacers. While these concerns are not

New Zealand attack that has capable hands in pacers Matt Henry, William O'Rourke and the experienced Tim Southee, if he gets to play here after a sharp decline in

Jaiswal and Gill as the pillars of the Indian line-up, as Kohli and Rohit have not precisely set the field ablaze.

Rohit, who has played 15 innings this year, has made two hundreds but managed only one fifty in the

Kohli, 53 runs shy of 9000 Test runs, has not made even a fifty in six innings this year, and while Rohit often perishes in his attempt to

grab the momentum, his colleague offers a much more curious case. The 35-year-old Kohli has not been able to convert the two starts he got this year, ending up with 46 (vs SA) and 47 (vs Bangladesh), stirring the uncomfortable memories of that great slump between 2019 and 2023.

The master batter will also have to keep an eye on New Zealand left-arm spinners -Ajaz Patel and Rachin Ravindra - the tribe which has been a thorn in his flesh in the past.

It has been a while since these two stalwarts embossed their mark across a full series, and a nervy New Zealand could be their golden chance to do

India has only minor concerns, but New Zealand's troubles across batting and bowling departments are more pronounced.

Their batsmen struggled copiously against Sri Lankan spinners recently while losing an away series 0-2, and here they will have to negate two modern-day greats in Ravichandran Ashwin and Ravindra Jadeja.

They took 20 wickets together against Bangladesh and with the Chinnaswamy Stadium pitch expected to give some assistance to spinners, the veterans might be itching to have a bowl here.

Besides the duo, the Kiwis will have to contend with the genius of Jasprit Bumrah,

who rattled Bangladesh by picking up 11 wickets across two Tests. If they persist with the combination from the last series, Akash Deep will be the third pacer behind Bumrah

and Mohammed Siraj. The weather here is expected to be gloomy over the course of the Test match, and there could be some delayed starts and truncated sessions.

The management will take into account the fact that New Zealand, who have already lost Kane Williamson to an injury, were put through the wringer by Lankan

spinners recently. In another blow, right-arm pacer Ben Sears has been ruled out of the series due to a knee injury. An uncapped Jacob Duffy, who has played six ODIs and 14 T20Is, has been brought into the squad.

ustralia will have to find Aa way to keep Indian spearhead Jasprit pace Bumrah quiet if they are to win the Border-Gavaskar Trophy, reckoned captain Pat Cummins on Tuesday as they draw comfort from success in last two ICC finals against their fierce rivals. The world's top two Test

teams will clash in a fivematch affair starting on November 22 in Perth and India will enter the contest having held the trophy for nearly a decade, which includes winning two consecutive series Down Under.

"I'm a big fan of Bumrah. I think he's a fantastic bowler. Hopefully, if we can keep him quiet, that is going to go a long way to winning the series," Cummins said on the Star Sports Press Room. "Alongside him, he has got

Cummins said playing against India's former No 3 batter was a battle of outlasting each other.

"It comes down to almost who wants to outlast each other, which I quite like that aspect of Test cricket. It's going to be a shame that he is not there, but I'm sure they'll pick someone else who's in a similar kind of style," he said. Cummins said the India-Australia rivalry will now be "mirroring" the Ashes given that there will be five Tests hereon.
