## MOODS SWING, TONES CHANGE

### Congress practises politics of hate: PM

T N RAGHUNATHA MUMBAI:

Fresh from the Bharatiya Janata Party (BJP) record third consecutive win in the Assembly polls, Prime Minister Narendra Modi on Wednesday went hammers and tongs at the Opposition Congress, accusing it of practising "politics of hatred" in its desperate bid to return to power. Dubbing the Congress as the "most irresponsible" party, Modi charged that the grand old party devised its winning formula by dividing the Hindu community and spreading seeds of poison in the society to consolidate its voter banks.

Inaugurating 10 government medical colleges across the state and laying foundation stone for Rs 7600- crore projects through video-conferencing from New Delhi, Modi said that the Congress practised divisive politics to win elections and it had become a most "irresponsible party" which was coming up with 'new narratives to divide the country'.

### Congress 'analysing' Haryana disaster

PIONEER NEWS SERVICE ■ NEW DELHI

Congress leader Rahul Gandhi on Wednesday said the party was analysing the "unexpected" results in Haryana and will apprise the Election Commission about complaints received from various constituencies of the state.

In his first reaction after the defeat in Haryana, the former Congress president also thanked the people of Haryana and Jammu and Kashmir for their support. "My heartfelt thanks to the people of Jammu and Kashmir - INDIA's victory in the state is a victory of the Constitution, a victory of democratic self-respect," he said.

The BJP on Tuesday clinched a stunning hat-trick win in Haryana overcoming anti-incumbency and dashing Congress' hopes of a comeback while the National Conference-Congress combine pulled off a spectacular victory in maiden elections in Jammu and Kashmir after abrogation of Article 370 in 2019.

### Who will be Haryana CM?

Nayab Singh Saini meets party bosses

PNS ■ NEW DELHI

A day after the Bharatiya Janata Party (BJP) retained power for the third time in Haryana Assembly elections, Chief Minister Nayab Singh Saini met Prime Minister Narendra Modi at his 7, Lok Kalyan Marg residence in Delhi and top leadership of the party on Wednesday. Saini also met Home Minister Amit Shah, Defence Minister Rajnath Singh and BJP president JP Nadda.

After meeting with Saini, Modi said on X that he congratulated Saini on the party's historic win and expressed confidence that the role of Haryana will become more important in the resolve of building 'viksit Bharat'.

People aware of the developments said that while it was a courtesy call made to the Prime Minister by Saini, the formation of the next government in the state would have also been discussed. The meeting came amid the possibility of Nayab Singh Saini being asked to continue in his post after the BJP's success in Haryana, where it won a majority with 48 of 90 Assembly seats.

The BJP had indicated during the elections that Saini, who replaced Manohar Lal Khattar in March and hails from the Other Backward Classes, will be its choice for the top post if it wins. Senior BJP leader Anil Vij is also eyeing for the chief ministerial post.

Sources in the Haryana BJP said that important issues, including the date and venue for the swearing-in ceremony of the new government, had to be discussed. The BJP leaders had earlier indicated that it would take place on Dussehra on Saturday. Later they indicated that the grand victory ceremony would take place after Dussehra. The venue is yet to be decided.

Speaking to reporters after the meeting, Saini credited Modi's policies for the party's success. Terming his meeting with the PM as a courtesy call, Saini said, "I have told Pradhan Mantri ji about the landslide victory of BJP in Haryana. I told him that the people of Haryana have a lot of affection for you which resulted in the formation of the double-engine government in Haryana for the third time.

## Will demand restoration of statehood: Omar Abdullah

MOHIT KANDHARI ■ JAMMU

After winning a historic mandate in the first Assembly polls, held after the Abrogation of Articles 370 and 35-A, National Conference Vice-President Omar Abdullah Wednesday set the agenda of the incoming government by announcing that the alliance government will pass a resolution demanding the restoration of Jammu and Kashmir's statehood in its first Cabinet meeting.

Omar also claimed his party would keep the issue of restoration of Article 370 alive and continue to raise it. He shared his thoughts with the media, assembled at his residence, where a large number of party workers and elected public representatives converged on Wednesday to celebrate their party's big victory in the assembly elections.

A delegation of the Congress party leaders led by Jammu and Kashmir Pradesh Congress Committee (JKPCC) Chief Tariq Hamid Karra and All India Congress Committee (AICC) incharge Bhartsinh Solanki also visited the residence of Dr Farooq Abdullah and greeted him.

Listing out the priorities of the incoming government in office, Omar told reporters, "My suggestion to the incoming government will be that the first business of the cabinet should be to pass a resolution asking for statehood to be restored to J&K and the CM should travel to New Delhi with that resolution. Call on the senior leadership of the country and ask them to fulfil their promise. It is the Prime Minister, Home Minister and others who have promised the people of J&K statehood. Nowhere did they say that statehood would be restored

Jammu & Kashmir National Conference (JKNC) President Farooq Abdullah with his son and party Vice President Omar Abdullah during celebrations after the victory of JKNC-Congress alliance in the J&K Assembly elections at their residence, in Srinagar, Wednesday

only to a BJP government or a government that has BJP members. They said the statehood would be restored to J&K and that is what we hope will be done."

Responding to a question related to his party's stand on the issue of Article 370 Omar said, "Our political stand will not change. We have never said that we will remain silent on Article 370 or that Article 370 is not an issue for us now. I have said this many times before the elections that hoping for the restoration of Article 370 from the people who snatched it will be foolish."

"But we will keep this issue alive. We will continue to talk on this and hope that tomorrow there will be a change of government in the country, there will be a new setup with whom we can discuss this and get something for J&K," he added.

## RBI maintains repo rate at 6.5 per cent

PIONEER NEWS SERVICE ■ NEW DELHI

The Reserve Bank of India (RBI) kept its key interest rate unchanged on Wednesday but took the first step towards a rate cut as it eased its relatively hawkish policy stance to 'neutral'. The monetary policy committee, which included three RBI officials and an equal number of new external members, voted five-to-one to keep the benchmark repurchase or repo rate - which governs the interest rate of home, auto, corporate and other loans - at 6.5 per cent for a 10th straight policy meeting.

The panel, however, unanimously decided to change the policy stance to 'neutral' - the first since June 2019 - from 'withdrawal' of accommodation amid signs of a slowing economy. Interest rates were last changed in February 2023 when they were hiked to 6.5 per cent from 6.25 per cent. RBI Governor Shaktikanta Das said the committee changed the stance but will remain unambiguously focused on the durable alignment of inflation to target while supporting growth.

Food inflation, he said, may ease in coming months, while the core inflation, which excludes the volatile food and energy costs, appears to have bottomed out. India's economic growth outlook remained intact, with private consumption and

investment growing in tandem. The change of stance signals a possible move to cut interest rates in forthcoming MPC meetings, the next being due in early December. The RBI will join other central banks in a policy pivot that was led by the US Federal Reserve easing rates last month. Annual retail inflation eased below the central bank's target of four per cent for a second consecutive month in September and will, as per RBI expectation, rebound again this month, largely due to base effects. The RBI kept its inflation forecast unchanged at 4.5 per cent for the 2024-25 (April 2024 to March 2025) fiscal year. It also kept its GDP forecast unchanged at 7.2 per cent. Das said the prevailing and expected inflation-growth balance has created conditions for a shift in the monetary policy stance as there now is greater confidence on the last mile of disinflation.

Detailed story on page 10

## Missing soldier's body recovered

MOHIT KANDHARI ■ JAMMU

While several parts of Kashmir were witnessing celebrations to mark the victory of the National Conference (NC) candidates in the recently held Assembly polls, a pall of gloom descended upon the residence of a missing soldier hailing from the Nowgam area of Anantnag. His bullet-ridden body was recovered from the forest area of Pathribal on Wednesday. The soldier went missing during a counter-terrorist operation launched in the forest area of Kokernag in Anantnag on October 8.

In a post on social media platform X, Army's Srinagar-based Chinari Corps said, "Based on intelligence input, a joint counter-terrorist operation was launched by the Indian Army along with Jammu and Kashmir Police and other agencies in Kazwan Forest in Kokernag on October 8.

India's Nitish Kumar Reddy plays a shot during the second T20 International cricket match between India and Bangladesh at the Arun Jaitley Stadium, in New Delhi, Wednesday

## Delhi Chief Minister's bungalow awaits new occupant

RAJESH KUMAR ■ NEW DELHI

The Chief Minister's official bungalow, rather the lack of one at the moment, has sparked yet another verbal clash between the Aam Aadmi Party (AAP) and the Bharatiya Janata Party (BJP). The Delhi Chief Minister's official residence at 6 Flag Staff Road, Civil Lines is now an issue over which both parties are launching allegations and documents to support their case. In yet another round of Delhi Lieutenant Governor Vs CM, the Chief Minister's Office on

Wednesday alleged that "Delhi Chief Minister's residence was forcibly vacated at the behest of the BJP as Lt Governor Vinai Kumar Saxena, who wants to allot to BJP leader. The bungalow was sealed by the Public Works Department on Wednesday," the CMO stated. The Public Works Department (PWD) said that after Arvind Kejriwal vacated the residence, the keys were supposed to be given to it, instead they were directly given to Atishi. Earlier, the CMO alleged that Delhi Lt Governor Vinai Kumar

Saxena got all the belongings of CM Atishi removed from the official residence at Flag Staff Road bungalow at the behest of the BJP as he wants to allot it to a saffron party leader. Reacting to the CMO's allegations, sources at Raj Niwas said that the bungalow was never earmarked for the official residence of the Chief Minister of Delhi. "The owner" of this house is the PWD. The PWD only takes possession of the house when it becomes vacant, makes its inventory and then duly allocates it" sources said.

"Former CM Arvind Kejriwal pretended to vacate the house but did not give possession of the house to the PWD. What were you hiding? This house has not been allotted to CM Atishi yet and her allotted residence is still 17 AB Mathura Road. How did the two houses get allotted? CM Atishi herself kept her belongings in that house without allotment and then removed it herself. This bungalow will be allotted to the CM immediately after duly preparing the inventory," the sources added.

## In Central Delhi, traffic jams have a ripple effect

When the main roads become clogged, traffic trickles into the service lanes

A surge in heavy public movement due to the ongoing Navratri festival was supplemented by the T 20 match between India and Bangladesh at Arun Jaitley cricket stadium on Wednesday. Adding to the vehicular traffic were sport fans who trekked on foot to reach the stadium on time, as well as early bird vendors who set up small stalls before the match began. When the main roads became clogged, traffic trickled into the service lanes.

arterial roads, in most parts of the capital mostly in South, Central and East Delhi during the day. Traffic was affected during the peak hours on Rajghat, Delhi Gate, ITO, Tilak Bridge, Mandi House, IP flyover crossing, Bahadur Shah Zafar Marg, Deen Dayal Upadhyay Marg, Tilak Marg, Mathura Road, Darya Ganj, Netaji Subhash Marg, Kashmere Gate, Asad Ali Road, Jawahar Lal Nehru Marg and Shanti Van marg due to India - Bangladesh T 20 cricket match at Arun Jaitley stadium, till late on Wednesday night. In its advisory, the traffic police had asked commuters to avoid the

Photo: Ranjan Dimri/Pioneer

Bahadur Shah Zafar Marg from Delhi Gate to ITO Chowk and JLN Marg from Rajghat to Delhi Gate from 5 PM to 11:30 PM IST. Besides, breakdown of buses during the peak hours and constructions on roads have added to the congestion on several stretches. Repair work carried out by the Indraprastha Gas Limited on Ring Road in the carriageway from ISBT towards Hanuman Setu near Nigam Bodh Ghat also added to the commuters' woes. Meanwhile, traffic continued to be affected on Rohtak Road in the carriageway from Nangloi towards Tikri Border and vice versa due to potholes and water

logging. "Moreover, a loaded trolley has also overturned under Mundka Metro Station in the carriageway from Tikri Border to Peeragarhi. Kindly avoid Mundka and take alternate routes accordingly", traffic police posted an advisory on X. A cluster bus broke down on MB Road in the carriageway from Pul Prahladpur towards Badarpur near Railway Bridge which caused traffic snarl during the peak hours. Slow-moving traffic is also seen at other key locations, such as Mahipalpur, Vasant Kunj, Kapashera and Dhawla Kuan, due to ongoing construction.

# Yogi to lead special rituals, worship at Gorakshpeeth

**PNS ■ GORAKHPUR**

Starting Thursday, Gorakshpeethadhishwar and Uttar Pradesh Chief Minister Yogi Adityanath will engage in three days of continuous rituals and worship at Gorakshpeeth. On the evening of Ashtami (Thursday), he will participate in the traditional Nisha Puja at Gorakshpeeth, followed by Kanya Puja on Navami (Friday). After the conclusion of Navratri, on Dussehra, the Gorakshpeethadhishwar will perform a special worship of Guru Gorakhnath before leading the Vijayadashami procession from Gorakhnath temple. On the first day of Shardiya Navratri, Gorakshpeethadhishwar Yogi Adityanath performed the 'Kalash Sthapna' ritual at the Shaktipeeth within the Gorakhnath temple. Following this, the regular Navratri rituals are performed by Yogi Kamalnath, the head priest of

the Gorakhnath temple, as the representative of the Gorakshpeethadhishwar. However, from Ashtami to Vijayadashami, the Gorakshpeethadhishwar himself will lead the worship and rituals. On Thursday, Yogi Adityanath will perform the Mahanisha Puja and havan on Ashtami, praying for the welfare of all. On Friday, October 11, at 11 am, the sacred Kanya Puja will take place at Gorakshpeeth. As part of this age-old tradition, Yogi Adityanath will wash the feet of nine young girls representing the nine forms of Goddess Durga, and apply tilak of roli, sandalwood, curd and 'akshat' on their foreheads. After serving them food with utmost devotion and offering gifts and 'dakshina', he will receive their blessings. Additionally, the ritual of Batuk Puja will be observed according to tradition. Finally, on Saturday, October 12, following the special worship of Guru Gorakhnath and

the Tilakotsav of Gorakshpeethadhishwar, a grand Vijayadashami procession will be taken out in the evening, marking the culmination of the festivities. The Vijayadashami procession is a key highlight of Gorakshpur's festive tradition. Led by the Gorakshpeethadhishwar, the procession that starts from Gorakhnath temple on Dussehra is a symbol of this rich cultural heritage. It serves as a powerful example of social harmony, with participation from people across all sections of society. Notably, the

procession is given a grand welcome by the minority community, including Muslims and the weaver community. Chaudhary Kaifulwara, the outgoing chairman of the Uttar Pradesh Urdu Academy, who has been welcoming the Vijayadashami procession for three generations, shares that the entire city eagerly awaits the procession, but the most enthusiasm comes from the minority community. He explains that hours before the procession, they gather with garlands near the temple's main gate, ready to welcome the Gorakshpeethadhishwar. "This year, too, preparations are underway for a grand reception. The moment when the convoy pauses for this welcome highlights the deep social harmony within the city," he added. As per the tradition of Gorakshpeeth, this year's Vijayadashami procession will once again be celebrated with grandeur on Saturday evening. After receiving blessings from

Guru Gorakhnath, the peethadhishwar will embark on the procession, accompanied by the sounds of trumpets, drums and music, as it moves toward the Manasarovar temple. There, Gorakshpeethadhishwar Yogi Adityanath will offer prayers to Lord Mahadev, who is closely associated with the Gorakshpeeth. Following this, the procession will reach the Manasarovar Ramlila ground, where the peethadhishwar will perform the 'Raj tilak' of Lord Shri Ram in the ongoing Ramlila, along with offering aarti to Lord Ram, Sita, Lakshman and Hanuman. On Vijayadashami, Yogi Adityanath will also bless devotees during the traditional tilakotsav ceremony at Gorakhnath temple. In the evening, a grand feast will be organised at the temple, where people from all communities, irrespective of social or religious differences, come together to participate in this age-old tradition.

# 21 child labourers rescued from several shops in central Delhi

**STAFF REPORTER ■ NEW DELHI**

Twenty-one child labourers belonging to different states were rescued from several shops in Sadar Bazar in central Delhi. According to the police on Wednesday, a rescue operation was carried out on Tuesday in 21 different shops including tailor shops, hotels, and sweet shops. "A rescue operation was carried out on October 8 by Tehsildar Delhi Cantonment in Sadar Bazar with the help of NGOs, labour department and local police and a total of 21 children were rescued from different shops in Sadar Bazar," Deputy Commissioner of Police (southwest) Surendra Choudhary said. The police reacted to a tipoff by an NGO against child labour in India Bachpan Bachao Andolon which alerted the authorities. "Of them, 19 children have been sent to Bachpan Bachao Andolon's Mukti

Ashrum in Burari and two girls to Rainbow Girls Home in Kashmiri Gate," the officer said. A case under section 74 and 79 The Juvenile Justice (Care and Protection of Children) Act, 2015 and sections 3 and 14 of the Child Labour Act has been registered at the Delhi Cantonment Police station. Sanjay Chaudhary of the NGO stated to The Pioneer that the children were of the ages between 13 to 17 and when they were rescued, they didn't appear to be in a good condition. "While some belong to the states of Uttar Pradesh and Bihar, some of them are also residents of Delhi's slums," he

said. Earlier, in August this year, a similar inspection was conducted in northeast Delhi. There, the police found 18 children working in a jute bag manufacturing factory. All the kids were in the age group of 11 to 17 years and belong to Uttar Pradesh, Bihar and Uttarakhand. The operation was carried out by the Delhi Police, the Revenue Department and an NGO. The plan was initiated after the police had received a tip-off regarding kids working in the factory. "Following the information, a joint search and rescue operation was conducted in coordination with the SDM of Seelampur, an NGO and the local police in the area of Gamri Village. During the search operation, 18 children were rescued from there," said Deputy Commissioner of Police (northeast) Joy Tirkey said.

# President emphasises need for investment in research, quality improvement in Ayurveda

**PIONEER NEWS SERVICE ■ NEW DELHI**

President Droupadi Murmu on Wednesday emphasised the need for investment in research and quality improvement in Ayurveda and called for strengthening educational institutions to ensure more qualified Ayurvedic doctors are available, so patients can see knowledgeable practitioners instead of uneducated ones. In her address at the eight foundation day celebrations of the All India Institute of Ayurveda (AIIA) here, the President also noted that in the past few years, the number of Ayurveda colleges and students has

increased significantly. This will ensure, she expressed confidence that in the coming times the availability of qualified Ayurvedic doctors will increase further. The President also sought strict action against those making false and misleading claims in the name of Ayurveda by tak-

ing advantage of the unwavering faith of the people in the traditional system of medicine. "We have an unwavering faith in Ayurveda from generation to generation. Taking advantage of this faith, some people harm innocent people by making false and misleading claims. They not only harm the health of the citizens but also tarnish Ayurveda. There is a need to take stern action against such people," Murmu said. She stressed that the need of the hour is that Ayurvedic products should be made in accordance with international standards so that they can be exported without any hindrance.

# Botswana steps in to provide female companion to Delhi zoo's elephant, Shankar

**PIONEER NEWS SERVICE ■ NEW DELHI**

Days after the World Association of Zoos and Aquariums (WAZA) suspended Delhi Zoo's membership for six months due to concerns about the mistreatment of Shankar, a 29-year-old African elephant, a ray of hope has emerged: Botswana has stepped forward with a promise to send a female elephant to accompany the lonely giant, a move aiming to ensure his well-being. Though Zimbabwe too agreed but talks are being finalized with Botswana, said an official in the Delhi Zoo also

known as National Zoological Park. On Wednesday, Union Minister of State for Environment, Forest and Climate Change Kirti Vardhan Singh who also happens to be the Minister of External Affairs said that he had reached out to several countries, including South Africa, Zimbabwe, Uganda, Zambia, Tanzania, Namibia, Kenya, and Botswana, regarding a companion for Shankar. "Positive responses were received from Botswana and Zimbabwe, who pledged to provide an elephant, with all formalities, currently being completed," he told the offi-

cial during his visit to the Delhi Zoo to assess Shankar's health and maintenance arrangements, as per a statement here. He inspected Shankar's enclosure and engaged in detailed discussions with the mahouts and veterinarians, even feeding Shankar fruits. Experts from Vantara, Jamnagar, Gujarat, and elephant specialist Dr. Adrian from South Africa were also present, discussing measures to improve Shankar's health and developing an action plan. During his visit, Minister Singh also gathered information about the facilities available for both tourists and animals.

# Forts linked to Chhatrapati Shivaji inch closer to UNESCO World Heritage Site tag

**T N RAGHUNATHA ■ MUMBAI**

The historic forts linked to legendary Maratha warrior Chhatrapati Shivaji Maharaj got closer to getting UNESCO World Heritage Site recognition, as a team from the Paris-headquartered special United Nations' agency visited the historic Raigad Fort and other forts in Maharashtra. The Indian government has nominated "Maratha Military Landscapes of India" for recognition as UNESCO World Heritage site for the year 2024-25. After visiting the various Shivaji-

linked fort, the UNESCO team met Yuvraj Sambhaji Rajee Chhatrapati of Kolhapur, the 13th descendent of Chhatrapati Shivaji Maharaj. Sambhaji Rajee is the Chairperson of the Raigad Development Authority (RDA), which over the past few years have been undertaking the restoration of the fort. The twelve component forts of this nomination are, Salher Fort, Shivneri Fort, Lohgad Fort, Khanderi Fort, Raigad Fort, Rajgad Fort, Pratapgad Fort, Svyarnadurg Fort, Panhala Fort, Vijaydurg Fort, Sindhudurg Fort in Maharashtra and Gingee Fort in Tamil Nadu.

# Missing soldier's body...

**From page 1**

The operation continued overnight as one soldier of the Territorial Army was reported missing. According to preliminary reports, two jawans of the Territorial Army were reportedly kidnapped by the terrorists from the forest area of Anantnag late Tuesday evening during the counter-terrorist operation. One of the jawans, despite receiving bullet injuries, managed to escape, while the body of another soldier was recovered on Wednesday. The deceased soldier has been identified as Hilal Ahmad Bhat of Nowgam village of Anantnag. The condition of another soldier, who managed to flee, was stated to be stable. The deceased soldier is survived by his wife, five-year-old son, Azaan, and a minor daughter.

# Delhi Chief Minister's bungalow...

**From page 1**

In a statement, the CMO said that for the first time in the history of the country, the Chief Minister's residence was vacated. Several cartons and luggage were seen being taken out of the official residence. A double lock has been put on the residence, sources said, adding proper paperwork was not submitted to the PWD regarding the handover of the keys. Meanwhile, Delhi BJP president Virendra Sachdeva said "Arvind Kejriwal's 'Sheesh Mahal' was sealed" and claimed that "a lot of secrets were hidden in the bungalow". Earlier in the day, AAP MP Sanjay Singh said that in "defiance" of protocol, officers are "not allotting the bungalow to Delhi Chief Minister Atishi due to BJP's pressure, even as it was vacated by her predecessor Arvind Kejriwal". Meanwhile, Leader of Opposition in Delhi Assembly Vijender Gupta accused the CM of "illegally" occupying the bungalow and demanded it be sealed.

However, the Department of Vigilance, which reports to the Lt Governor, claimed that the bungalow has not been handed over to the Public Works Department (PWD) and issued show cause notices to three officials for failing to take appropriate action for the vacation of Chief Minister's bungalow and handed over the possession to PWD. In Delhi, there is no dedicated house earmarked as the official residence of the Chief Minister. Kejriwal has been living in the house since 2015 and renovated the bungalow in 2020-21, inviting controversy over the related cost. The Vigilance Department has issued notices to Pravesh Ranjan Jha, Special Secretary to the then CM, Vijay Kumar, Section Officer and Mukesh Kumar, Section Officer. The department has said that the keys of the house handed over to PWD were taken back after some time are yet to be handed over to PWD to complete the process of handing over. The Vigilance Department has asked for a response

within seven days in this regard. In the notices, the said the bungalow was never earmarked as an official bungalow/residence of Chief Minister of Delhi. "The building at '6 Flag Staff Road' was constructed without any sanction plan of PWD or any other authority. Further, no completion certificate has been issued in r/o the said structure constructed at '6 Flag Staff Road', Civil Lines. The said structure/building has never been earmarked as official residence for Chief Minister of Delhi," it said. According to Raj Niwas sources, "Former Chief Minister Arvind Kejriwal never handed over the property to the PWD after vacating it, raising questions about potential hidden motives. While CM Atishi's official residence is currently at 17 AB Mathura Road, she briefly moved her belongings into the 6 Flag Staff Road property without formal allotment. The bungalow will be allotted once the PWD completes its process," the sources added.

# Who will be Haryana CM?

**From page 1**

"When asked about the oath ceremony, Saini said, "I don't know about it. Our parliamentary board will decide this. The parliamentary board's decision will be acceptable to all. The legislative group of the party will elect its leader." To a question about the Congress raising doubts on EVMs, he said the opposition party has been building up a storm of lies. He said, "The credit of this big win goes to Modi who brought such schemes in the last 10 years that benefited the poor, farmers, youth and women. These helped all sections of the society. People love him, and hence the BJP is coming to power for a third time." With the party set to form its government, two Independent MLAs - Congress rebel Rajesh Joon and BJP rebel Devendra Kadian - announced their support to it. They met BJP leaders, including the party's Haryana state president Mohan Lal Badoli, to convey their support. Another Independent MLA and industrialist Savitri Jindal met Union minister Dharmendra Pradhan, the BJP's in-charge for the polls in the state, and will be supporting the party, its

leaders said. The BJP, which pulled off a hat-trick of wins in Haryana by bucking anti-incumbency, managed to make significant inroads into the Dalit seats and Jat strongholds. The Congress was heavily banking on the Dalit and Jat votes to make a comeback after a decade of being out of power. Not only this, the BJP also managed to retain seats in the Ahirwal region and the GT Road belt to shatter the Congress' comeback plans in Haryana, which went to polls on Saturday and results for which were declared on Tuesday. While the BJP ended up with its best-ever haul of 48 seats, 11 more than those won by Congress in the present elections, parties like the JJP and AAP were decimated and the INLD managed to win just two seats. Proving wrong exit polls which predicted a comfortable Congress win, the BJP will be forming government in Haryana for the third consecutive term. Out of 17 Scheduled Caste (SC) seats in Haryana, the BJP won eight assembly constituencies - Nilokheri, Pataudi, Kharakhauda, Hodal, Bawal, Narwana, Israna and Bawani Khera. From Hodal, Haryana Congress chief Udai Bhan lost

to BJP's Harinder Singh. The Congress could secure victory in the remaining nine SC seats - Sadhaura, Shahbad, Ratia, Uklana, Kalanaur, Kalanwali, Jhajjar, Guhla and Mulana - according to the Election Commission data. Among several steps to woo the Dalit community, the Nayab Singh Saini government accepted the report of the Haryana Scheduled Caste Commission after the Supreme Court had held that states were constitutionally empowered to make sub-classifications within the SCs. The sub-classification of SCs into the 'deprived SCs' category comprising Dhanaks, Bazigars, Kabirpanthi, Balmikis, Mazahbis and Mazhabi Sikhs, and other SCs comprising Chamars, Rahgars, Raigers, Ravidassis, Ramdassis and Mochis for the purpose of reservation in government jobs also seemed to have worked in favour of the party. In poll speeches, the BJP leaders targeted the Congress calling it anti-Dalit outfit and accused the previous Congress regime of depriving jobs to people in the reservation category. Not only Dalit seats, the BJP also won a significant number of seats in constituencies which were

considered Jat strongholds, such as in Sonipat, Rohtak and Jind districts. In the Jat stronghold, the BJP won five seats - Gohana, Jind, Safidon, Sonipat and Uchana Kalan. The Congress registered victories in Baroda, Beri, Garhi Sampla-Kiloi, Julana, Meham and Rohtak. Two Independents won Bahadurgarh and Ganaur constituencies. The Congress was heavily relying on the consolidation of Jat votes which constitute nearly 25 per cent of the state's population and Dalit votes which constitute nearly 20 per cent votes. But the BJP made significant gains into both these vote banks. On the other hand, the BJP also focused on its outreach to non-Jat votes and built its narrative around the performance of the Saini government. The BJP dispensation raised the annual income limit of creamy layer of backward classes from Rs 6 lakh to Rs 8 lakh for the purpose of employment. Replacing Manohar Lal Khattar with OBC face Saini in the month of March was seen as the masterstroke of the BJP to counter the anti-incumbency of the past nine-and-a-half years and realign its focus to woo different castes.

# Will demand restoration of ...

**From page 1**

Commenting on the scale of mandate Omar said while he is humbled by the mandate of the people, he is also acutely aware of the responsibility that it places upon them. "The people of J-K have gone unheard since 2018. Now the time has come for us to work for the benefit of the people of J-K. I am also acutely aware of the fact that there is a sharp divide between Kashmir and Jammu and therefore, the incoming Government will have a major responsibility of giving a sense of ownership to the people of Jammu," he said. "The Government that comes in the next few days will not be a government of the NC or of the alliance, or it will not be a Government of those who voted for the alliance, it will be a Government for every single individual of J-K, regardless of who they voted for, or whether they voted at all," the NC leader said.

"A special emphasis will be laid to give a sense of ownership and a voice within the government to those areas from where MLAs in this coalition will be less in number," he added. Asked how important was the need for coordination between the new J-K government and Centre, the NC leader said nothing could be achieved by having a confrontation with New Delhi. "Let the government be formed first. This question should be posed to the chief minister. There should be a cordial relationship with New Delhi. My advice to NC (CM) will be that we cannot address any issues by having a confrontation with the Centre. "It is not that we will accept the BJP's politics, or that the BJP will accept our politics. We will continue to oppose the BJP, but it is not our compulsion to oppose the Centre. It will be for the benefit of J-K and for the people of J-K to have a good

relationship with the Centre," he said. "The people have not voted for a confrontation. The people of J-K have voted because they want employment, they want development, they want the restoration of the Statehood, they want to address electricity and other issues and that redressal will not happen by having a confrontation with New Delhi," he added. Omar said the NC would call a meeting of the legislative party on Thursday to start the process of Government formation. "I have spoken to NC president Farooq Abdullah and the party will call a legislative party meeting tomorrow. After that, there will be a meeting of the alliance partners where the alliance leader will be elected and then we will go to the Raj Bhavan to stake the claim for Government formation," he said, adding, "I hope the new Government is in place in the next few days."

# Congress 'analysing'...

**From page 1**

Rahul said the Congress was looking into the results of the Haryana Assembly polls. "We are analysing the unexpected results of Haryana. We will inform the Election Commission about the complaints coming from many Assembly constituencies," he said. "Heartfelt thanks to all the people of Haryana for their support and to our 'Babbar Sher' workers for their tireless hard work," he said in a social media post. "We will continue this fight for rights, for social and economic justice, for truth, and will keep raising your voice," the Leader of Opposition in the Lok Sabha said. Further a delegation of the Congress comprising K C Venugopal, Ashok Gehlot, Ajay Maken, Bhupinder Singh Hooda, Pratap Singh Bajwa, Abhishek Singhvi, Udai Bhan, Jairam Ramesh, and Pawan Khera met the Election Commission on Wednesday at Nirvachan Sadan.

# Congress practises politics...

**From page 1**

"The Congress believes in dividing Hindus. It tries to make political gains by pitting one caste against another. That's why whenever there are elections, the Congress tries to derive political mileage by driving a wedge in the Hindu community. The Congress fights elections on religious and caste lines," Modi said. Cautioning the people across the country about the "evil designs" of the Congress, Modi said: "Despite having been in power for so many years, the Congress is desperate to return to power. It is so desperate that it practises politics of hatred. It runs the biggest factory to spread hatred in the society. Soon after the Independence, Mahatma Gandhi sensed the vile intentions of Congress, and that's why he wanted to dismantle the party. But, the

Congress not only survived but it is now trying to destroy the country?" Accusing the Congress of "feeding on fears" in the minds of Muslims in the country, the Prime Minister said: "Apart from indulging in casteist politics among the Hindus, the Congress induces fears in the minds of Muslims and converts them into vote banks for its electoral benefit." Alluding to the BJP's return to power in Haryana for the third consecutive term, Modi said: "The Congress' ecosystem is that of urban-naxalites. It believes in misleading the people. But the people of Haryana destroyed the conspiracy of the Congress... The Congress tried to create a rift within different sections of the society. But, the people saw through the Congress' game plan and supported the policies and development

governance model of the BJP and voted us back to power for the third consecutive term." Earlier, the Prime Minister laid the foundation stone for Rs 7,600 crore worth development projects, including the upgradation of Dr Babasaheb Ambedkar International Airport, Nagpur and the New Integrated Terminal Building at Shirdi Airport. He inaugurated 10 Government Medical Colleges in Maharashtra, Indian Institute of Skills (IIS), Mumbai and Vidya Samiksha Kendra (VSK) in the state. Recalling his visit to Mumbai and Thane to inaugurate projects worth Rs 30,000 crore, including expansion of Metro network, upgradation of airports, highway projects, infrastructure, solar energy and textile parks, Modi said, "Never in the history of Maharashtra has development

taken place at such a fast pace and on such a large scale, in different sectors." The Prime Minister said that going by the manner in which his government was supporting the textile industry, the cotton farmers of Maharashtra would be greatly benefited. Modi said that the National Democratic Alliance (NDA) government at the Centre was committed to strengthening Maharashtra. He expressed happiness with the state's pace of progress and congratulated the people of Maharashtra for all the development projects of today. Maharashtra Governor CP Radhakrishnan, Union Minister for Road Transport and Highways Nitin Gadkari, Maharashtra chief minister Eknath Shinde and deputy chief minister Devendra Fadnis were virtually present on the occasion.

# AAP shuns Congress, will fight Assembly polls alone

STAFF REPORTER ■ NEW DELHI

A day after dismal performance in Haryana assembly polls, the Aam Aadmi Party (AAP) has decided to contest the upcoming Delhi Assembly elections independently, a party representative announced on Wednesday. AAP spokesperson Priyanka Kakkar stated, "In Delhi, AAP will contest alone. We are capable of fighting the overconfident Congress and arrogant BJP alone." She blamed the Congress for not taking alliance partners seriously in Haryana and ultimately facing a rout due to its overconfidence. Reacting to this, Delhi BJP President Virendra Sachdeva said that the people have decided to punish AAP Convener Arvind Kejriwal for ten years of destruction, and said that an alliance or not between "AAP" and Congress will not make any difference in the upcoming 2025 state assembly elections. While the AAP received a drubbing in Haryana, with all but one of its 88 candidates los-

ing their deposit, the Congress fell well short of the majority mark, making way for the ruling BJP to return for a third consecutive time. In the election held earlier in the year, the AAP lost the sole seat it con-

tested and the Congress won five out of 10 seats. The AAP and the Congress had fought Lok Sabha elections together in Haryana. In 2019, the party contested and lost in 46 seats. "The Congress has had zero seats in the Delhi assembly for the past 10 years, yet AAP gave Congress three seats in the Lok Sabha polls; still they did not feel necessary to take allies along in Haryana," she said. Kakkar claimed that Congress thwarted all efforts by the INDIA bloc to forge an alliance in Haryana and "didn't feel it necessary to take its ally along with them." The AAP and Congress failed to stitch up a pre-poll alliance due to differences over seat sharing. Kakkar attributed the AAP's winning one seat in the Jammu and Kashmir to the party's development-driven politics. AAP National Convener Arvind Kejriwal is scheduled to visit Jammu and Kashmir on Thursday, she said. For the past month, senior AAP leaders, including chief Arvind Kejriwal, Manish Sisodia, Sanjay Singh and Raghav Chadha, were campaigning in Haryana. On the last day of campaigning, Kejriwal and Sisodia had said during public addresses that the government will not be formed without its support. Meanwhile, Delhi BJP presi-

dent stated that the remarks by "AAP" leaders Sanjay Singh and Priyanka Kakkar on the AAP-Congress alliance are part of Arvind Kejriwal's deliberate strategy. "After the humiliating defeat in Haryana, Kejriwal knows that from his party workers to the media, everyone wants to question him and his party. In such a scenario, Kejriwal used his own leaders to make statements on the alliance to divert the discussion among the public and the media from the shameful defeat," he stated. The Delhi BJP chief added that even before the Lok Sabha elections, the Congress and "AAP" had formed an alliance in Delhi, but neither party benefited from it. In a statement, Delhi Congress president Devender Yadav said that the party is on a strong wicket to contest the Assembly elections on its own without any tie up with the "tainted" AAP. He said the party had no credibility left after all its top leaders, including Arvind Kejriwal and Manish Sisodia, were arrested and jailed in the liquor scam.

# HC asks DUSU candidates to clean campuses defaced during polls for vote counting to take place

STAFF REPORTER ■ NEW DELHI

The Delhi High Court on Wednesday asked the candidates of Delhi University Students' Union (DUSU) and college elections to clean all campus structures defaced during the polls if they wanted vote count to take place. The high court, which had on September 26 halted the counting of votes and declaration of results of DUSU and college elections, said its purpose was only to send a message that such violations would not be tolerated and not to thwart the election process. "Why don't you clean up the mess? The day the place is cleaned up, we will allow the counting of votes the very next day," a bench of Chief Justice Manmohan and Justice Tushar Rao Gedela said. "Every day in the city, some crisis or the other is happening. There is dengue, malaria. It's all because we are littering the place. And this (election) is a festival of democracy, it is not supposed to be a festival of money laundering," the court further said.

The court was hearing an application filed by two candidates who contested the college elections in two separate DU colleges, seeking declaration of results. The counsel for the two candidates submitted that they would ensure the premises of Law Centre II and Ramjas College, where they are studying, are cleaned up and repainted in coordination with the varsity. The application was filed in a pending petition seeking action against the DUSU candidates and student outfits involved in damaging, defacing, soiling or destroying the beauty of public walls. Petitioner Prashant Manchanda, a practising advocate, said the erring candi-

dates and their parties be directed to remove the defacement and refurbish the areas and make efforts to beautify the destroyed portions. The court granted time to the candidates, petitioner, MCD, and DMRC to file their status reports and listed the matter for October 21. The court had on September 26 halted the counting of votes of DUSU and college elections till all the defacement material, including posters, hoarding and graffiti, is removed and restoration done. It had said the election may proceed but the counting of votes will not take place till the court is satisfied that defacement of property has been removed.

# Two workers killed, another injured after inhaling poisonous gas in sewer tank

STAFF REPORTER ■ NEW DELHI

Two workers died while another was injured after inhaling poisonous gas inside a sewer tank at a construction site in southwest Delhi's Sarojini Nagar. According to the police on Wednesday, the incident took place on Tuesday afternoon when the workers went inside the tank for cleaning. Deputy Commissioner of Police (DCP) Southwest Surendra Choudhary said, "On Tuesday, a PCR call was received at Sarojini Nagar police station that a building had collapsed at Pillanji Village, near Metro Gate No.1 and three to four persons were trapped." Reacting to the call, a police team rushed to the place of

occurrence at NBCC, Construction site at Pillanji Village near Metro Gate No. 02. "It is found that two workers were removing garbage from the gutter, which was not in use presently and became unconscious, to rescue them one another labour also went into the sewerage," a senior police official said. The two deceased were iden-

tified as 41 years old Ramasre, resident of Barda Dhamna village of Uttar Pradesh's Hamirpur, and 29 year old Babundra Kumar Singh, resident of Bihar's Gopal Ganj were declared dead after being shifted to the hospital. The third labourer has been identified as 28 year old Shrinath Soren, resident of Dikul village of West Bengal's District Dakshin Dinajpur, is undergoing treatment. "Two of the labour were shifted to Diyoys hospital in Safdarjung Enclave by the ambulance VCL construction company while the third labour namely Ramasre was sent through ERV of the Police station to AIIMS, Trauma Centre. Later, information was received that Ramasre who was admitted in an unconscious condition was declared dead by doctors. Later on Babundra Kumar Singh was also declared dead by the doctors," the DCP stated, adding that the third person Shrinath is under treatment. A case under sections 106(1) (Causing death by negligence), 125 (Act endangering life or personal safety of others) and 125(a) (Act endangering life or personal safety of others) of BNS was registered at Sarojini Nagar police station has been registered. Choudhary added that a thorough investigation is being conducted. On Wednesday, the post mortem of deceased Ramasre was conducted at Mortuary AIIMS Truma Centre and the body was handed over to his relatives by the authorities.

# Will reach out to Environment Minister urging him to discuss use of artificial rain: Rai

STAFF REPORTER ■ NEW DELHI

Delhi Environment Minister Gopal Rai said on Wednesday that he will again reach out to the Union environment minister, urging an urgent meeting to discuss the use of artificial rain during peak pollution periods. Rai said that no response was received to his previous letter. During a press conference on Wednesday, Rai addressed the city's pollution concerns and emphasised the need for emergency measures to tackle the rising pollution levels. With Diwali around the corner, Rai said air pollution tends to become severe between November one and 15 during this festive period. He emphasised that emergency measures, such as the use of artificial rain, are needed and he had previously

requested the Union minister for a meeting regarding the matter but had not yet received a response from the central government. "I will write again to the Union environment minister, urging for an emergency meeting so we can implement the necessary measures to address this serious situation," Rai said. He also highlighted the steps

tives from 120 construction companies. These companies were trained on the guidelines, including dos and don'ts, with the goal of reducing dust pollution this winter," Rai said. The companies were provided with pamphlets detailing 14 specific guidelines to follow and were instructed to train their workers on these measures. "We expect their cooperation to help lower pollution levels, and in return, we have recognised companies making significant efforts with the Hari Ratan Award," Rai added. To enforce these guidelines, the government has already begun inspecting construction sites and imposing penalties on them who do not comply. Rai also said daily inspections and crackdowns on violations will continue.

# Amity University, Noida organising International Conference on Entrepreneurship

STAFF REPORTER ■ NEW DELHI

Amity University Uttar Pradesh, Noida, is organising its prestigious and insightful 6th Edition of International Conference on Entrepreneurship, Innovation and Leadership (ICEIL 2024) on the theme 'Leveraging Emerging Technologies for a Self-Reliant Nation' from October 9-11, 2024. Introducing the Conference, Prof. (Dr.) Balvinder Shukla, Chair - ICEIL2024 & Vice Chancellor, Amity University Uttar Pradesh, said in an era marked by rapid technological advancements, nations get unprecedented opportunities to achieve self-reliance through the strategic adoption and application of emerging technologies. Addressing the gathering,

Masaki Seki, President, Sekisho Corporation, Japan, stated "India and Japan share close ties in the areas of economy, defence security, infrastructure development and science and technology. Dr. Jitendra Kumar, Managing Director, Biotechnology Industry Research Assistance Council (BIRAC), Govt. of India was present on the occasion. A Special message received from Chirag Kumar Paswan, Union Minister, Food Processing Industries, was also read during the Inaugural Session. In his message Paswan appreciated and congratulated Amity University for organizing the conference on an extremely relevant theme and stated that such conferences motivate the students to work hard, achieve success and contribute to nation-building.

# 40 artisans build city's tallest Ravan effigy over period of four months

STAFF REPORTER ■ NEW DELHI

It took 40 artisans over four months to build the city's tallest Ravan effigy which now towers over the southwest Delhi's Dwarka at 211-foot. The Rs 30-lakh effigy, constructed by artisans from Barara village of Haryana, will go up in flames on Dussehra on October 12 in an emblematic victory of good over evil. The effigy was installed on the first day of Navratri, during the 'Kalasha Sthapana', on the DDA Ground in Sector 10, according to Ramnala Committee Chairman Rajesh Gehlot. "This is the tallest Ravana ever built, standing at 211 feet, decorated with velvet cloth and constructed with iron. It was built over four months by

a team of 40 artisans," Gehlot said. The committee has sent an invitation to Prime Minister Narendra Modi to attend the grand event, as it does every year. "As of now, we have not received a response, but we are hopeful," said the chairman of the committee, which has been hosting the Ravan-burning for 14 years. "This will be our 12th Ravana Dahan, as we could not celebrate Dussehra for two years due to COVID-19," said Gehlot, who took pride in the fact that no paper was used in making the effigy. He said that this year the committee has also created a replica of the Ayodhya Ram Mandir "before it was destroyed," and a stage featuring 3D animations.

# BSES introduces WhatsApp in Hindi with 25 services

STAFF REPORTER ■ NEW DELHI

In an effort to further improve its services and connect with consumers, BSES has now introduced WhatsApp services in Hindi with 25 services. Giving details, discom officials said here on Wednesday, apart from BSES Mobile Apps and Website, WhatsApp has emerged as one of the most powerful tools in the discom's digital arsenal. Over three lakh transactions per month and counting—WhatsApp is now a consumer favorite. In today's rapidly digitalizing world, BSES is transforming into a green and digital discom, pushing the boundaries of consumer service and innovation in the power sector. By bringing a host of essential services directly to the mobiles of over 50 lakh consumers, BSES is leading the charge towards a more sustainable, tech-driven future. WhatsApp is emerging as a

powerful platform in this transformation. BSES has now introduced 25 services on WhatsApp. Apart from this, the discom has also introduced WhatsApp services in Hindi. Consumers simply choose the language - English and Hindi - to avail a service on WhatsApp. Now BSES consumers can avail services with just a single message—making interactions with their power distributor simpler, faster, and more environmentally friendly. Gone are the days when consumers needed to visit a BSES office in person. Today, BSES empowers its consumers to avail a variety of services from the comfort of their homes, contributing to a greener ecosystem by reducing paper and travel, officials said. Consumers can send a 'Hi' to 8800919123 (BRPL) or 8745999808 (BYPL) and instantly connect to over 25 vital services across 10 plus categories.

# Three refugees, including toddler attacked with acid during argument with residents in Vikaspuri 11-month-old received burn marks, was discharged from Safdarjung hospital

STAFF REPORTER ■ NEW DELHI

Three refugees, including a Syrian national and a toddler, suffered burns as they were attacked with acid during an argument with residents in west Delhi's Vikaspuri that took place near the United Nations High Commissioner for Refugees (UNHRC). A senior police officer said that the 11 month old child was discharged from the Safdarjung hospital on Wednesday after the toddler received burn marks by a local who threw a liquid on three refugees. According to the police on Wednesday, the incident took place near the UNHRC building located at Vikaspuri on September 30 when a fight ensued between the locals of the area and the refugees who took shelter near the building. However, this was not the first time that a brawl erupted between them.

According to sources, the refugees have been identified as a 28-year-old refugee from Syria Rafat and a former call centre employee, his wife Marisa, a Thai national, and their son. Deputy Commissioner of Police (West) Vichitra Veer said a PCR call was received regarding the quarrel between the refugees and local residents. "On receiving the call, the local police reached the spot and found that there was a quarrel between refugees and

residents. During the quarrel, one person named Rakesh Kumar came with a plastic jerry can and spilled some liquid on the clothes and tentage etc where few of them were residing," he stated. Veer said on primary examination, the liquid appeared to be phenyl, but the exact composition will be established only on chemical examination. According to police sources, among the three refugees, one is a Syrian national. An FIR was lodged under appropriate sections of criminal law on October 1 and the accused was arrested, the DCP said. "A case was registered in Vikaspuri police station against unknown persons under sections 115 (voluntary hurt), 124(2) (throws or attempts to throw acid) and 3(5) (multiple people doing a crime) of the Bharatiya Nyaya Sanhita (BNS)," he added. The police, in a statement, said refugees frequent the UNHRC office in Vikaspuri seeking work and shelter. They often raise slogans, causing disturbance to the locals. "Refugees go there from time to time, asking for work and shelter. Many a times, they raise slogans also, which causes disturbance to the local residents. On that day also, there was a heated argument between the refugees and the security guard deployed there, leading to the incident," read the statement.

# JMI issues notice regarding vacant seats for academic session 2024-2025

STAFF REPORTER ■ NEW DELHI

Jamia Millia Islamia on Wednesday issued a notice regarding vacant seats in several programmes for the academic year 2024-2025. According to the notice, the candidates who have not yet registered can apply online for the programmes under consideration by October 10. "The candidates who have not been admitted so far and wish to be admitted must register their willingness online till October 10," the notice said. The programmes under consideration include Mathematics, B.Voc in Solar Energy, M.Sc. In Virology, B.Sc. In Aeronautics, M.Tech. In Computer and Information Security, M.Sc. In Biophysics, M.Tech. In Nanotechnology, and a Diploma in Unani Medicine (Self-Finance), it stated. Additionally, there are 52 programmes in priority for consideration, it said.

# Congress demands EVM probe in Haryana polls

PIONEER NEWS SERVICE ■ NEW DELHI

The Congress on Wednesday demanded a thorough probe into 'discrepancies' found in some Electronic Voting Machines (EVMs) during the counting of votes of the Haryana assembly polls and demanded that such EVMs should be sealed and secured pending the inquiry. Earlier, Election Commission, in a letter addressed to the Congress Chief Mallikarjun Kharge, noted the statements of Congress leaders and the Leader of Opposition in the Lok Sabha, Rahul Gandhi, who called the results of the Haryana polls "unexpected" and proposed to analyse the polls. "Proceeding on a fair assumption that the statement of the Party President is the formal party position on the electoral outcome, the ECI has agreed to meet the delegation today at 6 PM," the letter reads. A delegation of top Congress leaders comprising former chief ministers Bhupinder Singh Hooda and Ashok Gehlot and AICC leaders K C Venugopal, Jairam

Ramesh, Ajay Maken and Pawan Khara, besides Haryana Congress chief Uday Bhan, met with top Election Commission officials in the evening. The delegation handed over a memorandum to the officials along with specific complaints from various constituencies in Haryana. Senior party leader Abhishek Singhvi joined the meeting online. The Congress leaders alleged that there are at least 20 such complaints, including seven in writing, from as many assembly constituencies, with many referring to EVMs functioning at 99 per cent battery capacity whereas the average EVMs were found to be operating at 60 to 70 per cent

battery capacity during counting. The party has alleged "glaring discrepancies" related to some EVMs in the Haryana polls and urged the EC to conduct a probe. "There are doubts about vote counting as Haryana results are surprising. Everyone believed that the Congress would be forming the next government in Haryana. When the counting of postal ballots took place, the Congress was winning, but when the counting of EVMs started, the opposite happened," former chief minister Hooda told reporters after the meeting. He said the Congress will submit more complaints to the EC in the next few days. "The EC has assured

us of looking into the matter," Hooda said after meeting the CEC and other election commissioners. Bhan also said that doubts have been created about the veracity of the counting exercise in Haryana and they should be cleared by the EC. Khara said party leaders Maken and Singhvi have urged the EC to conduct a thorough probe, pending which it should ensure that the EVMs with discrepancies are sealed and secured till then. "We apprised the Election Commission about 20 complaints that have come to us, including seven written complaints from seven constituencies with some EVM machines functioning at 99 per cent battery capacity, while some EVM Machines were functioning below 60-70 per cent battery capacity," he said. aken and Singhvi have demanded that the EVMs for which complaints have been made be sealed and secured till the inquiry into the whole matter is completed. We also told the EC that in the next 48 hours, we will make available to them other complaints that

are being compiled. "All the machines for which complaints have been made should be sealed and secured till the inquiry is completed. The EC has told us that they will give a written reply to us on all constituencies after consulting the respective returning officers," Khara added. "Counting of votes in a fair, transparent and accountable manner is the hallmark of any electoral process that claims to be in consonance with the principles of free and fair elections and the doctrine of the level-playing field as envisaged by the Constitution," the party memorandum to the EC said. "Considering that the said issue could potentially alter the results for some Assembly constituencies, we request that this Hon'ble Commission take urgent measures and order for an enquiry on this issue. In fact, subject to the enquiry report, the Hon'ble Commission should issue requisite directions regarding the counting of polls and final results," it also said.

# Mayawati criticises Jat votes shift in Haryana polls

PIONEER NEWS SERVICE ■ NEW DELHI

Bahujan Samaj Party (BSP) leader Mayawati on Wednesday rued that the Jat community in Haryana did not vote for her party in the assembly polls and felt there was a need to change their mindset about Dalits. In the national capital to observe the death anniversary of party founder Kanshi Ram, she lamented that the BSP's alliance with the Indian National Lok Dal (INLD) did not bear fruits for her party. Mayawati said in a bid to defeat the BJP and to keep it out of power, the Jat community in Haryana voted for the Congress but in the process ditched the BSP. While the Dalit votes shifted to the INLD, the Jat votes did not come to her party. "BSP candidates got only Dalit votes. Had we got even two to three per cent Jat votes, we would have

managed a few seats," she told reporters. She said while the mindset of the Jat community about Dalits has undergone a change in Uttar Pradesh, it is yet to happen in Haryana. While the INLD won two seats in the state, the BSP drew a blank. Bucking anti-incumbency, the ruling BJP pulled off a hat-trick of wins in Haryana to retain power and halt Congress' comeback attempt in the assembly elections. While the BJP ended up with its best-ever haul of 48 seats, 11 more than the Congress, parties like the JJP and the AAP were decimated

and the INLD managed to win just two seats. The AAP had contested on its own. Referring to the assembly polls in Delhi expected in February next year, Mayawati hoped that her party would do well. She said a triangular contest among the ruling AAP, and BJP and Congress will help the BSP do better. She admitted that the BSP suffers losses in direct fights, apparently in states beyond Uttar Pradesh. The former UP chief minister also said the BSP would also contest polls in Maharashtra and Jharkhand likely next month.

# Army Commanders' Conference to address key security issues

PIONEER NEWS SERVICE ■ NEW DELHI

Army top brass will review issues including the prevailing situation at the Line of Actual Control (LAC) facing China, security scenario in Jammu and Kashmir and ongoing conflicts between Russia and Ukraine and Israel and Hezbollah during two-day conference starting Thursday. Giving details, army officials said here on Wednesday the second Army Commanders' Conference for this year will be organised in a hybrid mode, with the first Phase planned on October 10-11 in a forward location at Gangtok, Sikkim. In the second phase, the senior hierarchy of Indian Army will congregate at Delhi on October 28-29. Defence Minister Rajnath Singh will deliver a keynote address to

the senior leadership at Gangtok and will be briefed on the emerging security challenges and the response of the Army in the security domain. As the nation faces numerous regional security challenges, the upcoming Army Commanders' Conference scheduled to commence in Sikkim on Thursday, assumes significance. Conducting the conference of Senior Commanders at a forward location underlines Indian Army's focus on

ground realities. The conference will serve as a forum for Senior Commanders to review current operational preparedness, deliberate on critical strategies and outline future directives. During the first phase of the conference, discussions will focus on critical national security issues and strategic aspects aimed at sharpening Indian Army's war fighting capabilities. Major issues to be deliberated during the two-day session

will include the growing importance of a multi-pronged national security strategy that incorporates integration of Civil Military Fusion and the Diplomatic, Information, Military, and Economic (DIME) pillars to counter contemporary threats besides the need for developing low-cost technologies and alternate strategies to counter the rapidly evolving character of warfare. Aligned to Indian Army's goal of Technological Absorption, the senior hierarchy will deliberate on various issues including infusion of technology in Professional Military Education and explore the possibilities of recruiting domain specialists in niche domains. He will also celebrate Dusshera with troops there.

Other issues under deliberation will focus on enhancing the overall organisational health and easing the processes of the Field Army to make them more resilient and responsive. The second phase of the conference will feature a discussion on evolving geopolitical landscape followed by brainstorming on operational matters and meetings of various Boards of Governors. They will deliberate upon welfare measures and schemes for financial security of serving soldiers, veterans and their families. The senior hierarchy of the Army will also be addressed by the Chief of Defence Staff (CDS) General Anil Chauhan, Navy chief Admiral Dinesh K Tripathi and Chief of the Air Staff, Air Chief Marshal A P Singh.

# Congress hits back at Modi over political speech

PIONEER NEWS SERVICE ■ NEW DELHI

The Congress on Wednesday hit back at Prime Minister Narendra Modi over his attack on the party while virtually inaugurating development projects for Maharashtra, saying taxpayers' money cannot and should not be used to indulge in a "political speech". A day after the Congress' defeat in the Haryana polls, Modi called the opposition party irresponsible and a factory to "spread hatred". He said the Congress wanted to divide Hindus and pit one community against another. The opposition Maha Vikas Aghadi (MVA) wants to weaken Maharashtra to gain power, but the ruling Mahayuti will strengthen the state, he said after virtually inaugurating various projects

worth more than Rs 7,600 crore for the state. In a social media post, Congress' media and publicity department head Pawan Khara said, "Why should the @PMOIndia use a government platform and a government programme to make a political speech and attack the opposition?" "Taxpayers' money cannot and should not be used to indulge in a political speech? For that, he can use the BJP's platform," Khara said. Modi said the BJP winning the Haryana Assembly

elections shows the mood of the country. He added, "In Maharashtra, we have to get a bigger victory." Elections to the 288-member Maharashtra Assembly are likely to be held next month. Modi said never before has Maharashtra seen the expeditious development of projects. Under the Congress regime, the same speed and scale was witnessed in terms of corruption, he said. "The Congress is an irresponsible party and a factory to spread hatred. The Congress is not concerned about development and legacy, we have paid attention to both," he said. "Our goal is Viksit Bharat with the development of poor, farmers, youth and women," the prime minister said.

# PM Modi to attend ASEAN summits, bilateral meetings

PIONEER NEWS SERVICE ■ NEW DELHI

Prime Minister Narendra Modi will hold bilateral meetings with the prime minister of Lao PDR and other leaders on the margins of two key summits he is slated to attend in Vientiane on October 10-11, Ministry of External Affairs (MEA) said here on Wednesday. Modi will attend the 21st Association of Southeast Asian Nations (ASEAN)-India Summit and the 19th East Asia Summit in Lao PDR, the current Chair of the 10-nation grouping. "We attach great significance to all ASEAN-related mechanisms. This will be PM's tenth attendance at an ASEAN-India Summit," Secretary (East) in the MEA, Jaidev Mazumdar said at a briefing here. In 2023, Modi had made efforts to be there for the ASEAN-India Summit in Jakarta before the G20 Summit in New Delhi, he added. The Summit in Vientiane will review the progress in India-ASEAN ties and "chart the future direction of our relationship", Mazumdar said.

At the invitation of Sonexay Siphandone, Prime Minister of the Lao People's Democratic Republic, Modi will visit Vientiane on October 10-11, he said. He will have a bilateral meeting with Siphandone, the Secretary (East) said. India has "close, friendly, historical and civilisational relationship" with Lao PDR, which includes a whole host of different areas, such as restoration of cultural sites, capacity building, and power projects, he added. When asked if Modi will also have bilateral meeting with

leaders of other countries, Mazumdar said, "As is normal and usual, on the margins of international conferences and meetings, the prime minister will have bilateral meetings with a number of leaders. These are all in the works, and you will get to hear of them as they happen." Association of Southeast Asian Nations (ASEAN) was founded in 1967. The member States are Indonesia, Malaysia, the Philippines, Singapore, Thailand, India, Viet Nam, Lao PDR, Cambodia, and Brunei Darussalam.

# President Murmu to visit African nations

PIONEER NEWS SERVICE ■ NEW DELHI

President Droupadi Murmu will undertake a state visit to three African nations Algeria, Mauritania and Malawi, starting October 13, which is a reflection of India-Africa "growing partnership", Ministry of External Affairs (MEA) said on Wednesday. Secretary (Economic Relations) in the MEA, Dammu Ravi, at a briefing here said the visit comes after the African Union became a member of the G20 at its summit last year under the Indian presidency of the grouping. "This visit should be seen in the context of Africa as a continent and how India wishes to engage, and is looking at having a stronger partnership with Africa. It's a reflection of India-Africa growing partnership," he said. Africa includes 54 countries and forms the "core of the Global South", Ravi said. The first leg of President Murmu's three-nation visit will begin from Algeria, then onward to Mauritania, and it will end with Malawi.

Secretary (CPV & OIA) in the MEA, Arun Kumar Chatterjee, said President Murmu will visit Algeria at the invitation of Algerian President Abdelmadjid Tebboune, from October 13-15. "This will be the first-ever visit by the President of India to Algeria and a visit at the level of a head of state or a head of government after 39 years. Also, this visit will take place within a month after President Tebboune's swearing-in for his second term in office," he said.

# INS Talwar joins IBSAMAR VIII exercise in South Africa

PIONEER NEWS SERVICE ■ NEW DELHI

Indian Navy's frontline stealth frigate, INS Talwar, arrived at Simon's Town, South Africa, on October six to participate in the eighth edition of IBSAMAR, a joint multinational maritime exercise among Indian, Brazilian, and South African Navy scheduled from October six-18, navy said here on Wednesday. Giving details, officials said the exercise aims to enhance interoperability and strengthen cohesion between the three navies. The broad concept is based on Blue Water Naval Warfare, encompassing the dimensions of Surface and Anti-Air Warfare. The harbour phase of IBSAMAR VIII will include professional exchanges, Damage Control and Firefighting drills, Visit, Board, Search, and Seizure drills, cross-boarding, aviation safety lectures, joint diving operations, an Ocean Governance seminar, sports interactions, cross-decks visits, and interaction among Special Forces and Junior Officers.

Multi-lateral interactions are crucial bridges of friendship that increase mutual trust and enhance interoperability among navies of like-minded littoral nations towards the common goal of a peaceful maritime domain and positive maritime environment. Defence cooperation between India and South Africa is on an upward trajectory. Operational Sea Training and Submarine Rescue Support have been commenced between both navies since the 12th edition of Navy-to-Navy talks held on August 26-28 here. The visit of INS Talwar aims to further strengthen the ties and reaffirm India's commitment to constructive collaboration and mutual growth.

# CJI DY Chandrachud reflects on legacy before retirement

PTI ■ NEW DELHI

Chief Justice D Y Chandrachud, who is set to demit office next month, turned philosophical, saying he had served the country with "utmost dedication" amid "fears and anxieties" as to how history will judge his tenure. The 50th Chief Justice of India (CJI), his two-year tenure will end on November 10. "I find myself pondering over questions -- did I achieve everything I set out to do? How will history judge my tenure? Could I have done things differently? What legacy will I leave for future generations of judges and legal professionals?" he said. The CJI shared his thoughts while addressing the third

convocation ceremony of Jigme Singye Wangchuk School of Law in Bhutan. "The answers to most of these questions lie beyond my control, and perhaps, I will never find answers to some of these questions. However, I do know that, over the last two years, I have woken up every morning with a commitment to give the job my fullest and gone to bed with the satisfaction that I served my country with utmost dedication," added CJI Chandrachud. During the event, the CJI sought "pardon" for being "vulnerable" at a time when he was about to demit office and said he was "heavily preoccupied" with fears and anxieties for the future and

past. "As you navigate the complexities of your own journeys, do not be afraid to take a step back, reassess, and ask yourself: 'Am I running towards a destination, or am I running towards myself?' The difference is subtle, yet profound. After all, the world needs leaders who are driven

by purpose and not just ambition," he said. According to the CJI, once someone has a sense of faith in his/her intentions and abilities, it is easier not to obsess over outcomes but to value the process and the journey towards those outcomes. The CJI further reflected on an unrelenting passion to make a difference in the world, saying he often pushed himself to the extremes and worked long hours carrying a heavy load, as if the world's problems rested solely on his shoulders. "However, over the years, I have come to realise that our ability to contribute to our community is deeply rooted in our self-perception and capacity for self-care," he said.

The journey towards the goal should be enjoyed rather than getting caught up in the fear of reaching the destination, the CJI said. "As someone who is a few decades older than you, I can tell you that these fears are not easy to wish away. However, the personal growth lies in being able to address them and tackling them head-on," he told a crowd also comprising law graduates in the neighbouring country. CJI Chandrachud, known for speaking his mind, has pronounced verdicts on crucial issues affecting public life besides kicking off technological, administrative and infrastructural reforms to enhance the efficiency of the justice delivery system.

# Malabar 2024 kicks off in Visakhapatnam

PIONEER NEWS SERVICE ■ NEW DELHI

The Opening Ceremony of Malabar 2024 under the aegis of Eastern Naval Command was held onboard Indian Naval Ship Satpura at Visakhapatnam on October nine. The 28th edition of the multi-national maritime exercise that commenced on October eight and would extend till October 18, navy said here on Wednesday. The Malabar exercise, which was initiated in 1992 as a bilateral exercise between India and the US, gained further traction as a significant maritime engagement, with Japan and Australia joining in subsequently. The ceremony, hosted by Vice Admiral Rajesh Pendharkar,

Flag Officer Commanding-in-Chief, Eastern Naval Command, was attended by senior naval and military dignitaries from participating nations. The heads of delegations and other dignitaries participating included General Yoshihide Yoshida, Chief of Staff, Joint Staff, Japan, Admiral Stephen Koehler, Commander US Pacific Fleet, Vice Admiral Katsushi Omachi, C-in-C, Japan Self Defence Fleet and

Rear Admiral Chris Smith, Commander Australian Fleet. The crew and planning staff of participating ships, aircraft and Special Forces from Australia, India, Japan and the USA were also present. The Commanders of all participating navies acknowledged the importance of the exercise in enhancing understanding, collaboration and engagement to address common maritime challenges and to create cooperative framework. The exercise will be conducted in two distinct phases both at Harbour and at Sea. It will witness live weapon firings, complex surface, anti-air and anti-submarine warfare drills and joint manoeuvres.

# SP announces candidates for six UP Assembly bypoll seats amid tensions with Congress

**BISWAJEET BANERJEE ■ LUCKNOW**

A day after the declaration of assembly poll results in Haryana and Jammu and Kashmir, the Samajwadi Party (SP) on Wednesday gave a jolt to Congress and announced its candidates for six out of the ten Uttar Pradesh assembly seats where by-elections are due later this year. The SP is part of the opposition INDIA alliance, which includes the Congress. Despite this, SP's announcement comes amid Congress's demand for five seats in the upcoming bypolls. Congress had not shared any seats with the SP in the Haryana assem-

bly elections, leading to growing friction between the two parties. According to the list released by the SP, Tej Pratap Yadav has been fielded from Karhal, while Naseem Solanki, the wife of jailed SP leader Irfan Solanki, has been given a ticket from Sisamau in Kanpur. The Karhal seat was vacated by Akhilesh Yadav after he won Lok Sabha election from Kannauj. Other candidates include Mustafa Siddiqui from Phulpur (Prayagraj), Ajit Prasad from Milkipur (Ayodhya), Shobhawati Verma from Katehari, and Jyoti Bind from Majhwan. Shobhawati Verma is the wife

of SP MP Lalji Verma who was SP MLA from Katehari, while Ajit Prasad is the son of Faizabad (Ayodhya) MP Awadhesh Prasad. Jyoti Bind is the daughter of SP leader Ramesh Bind, who lost the 2024 Lok Sabha elections from Mirzapur. The ten assembly seats up for by-elections include Katehari (Ambedkar Nagar), Karhal (Mainpuri), Milkipur (Ayodhya), Meerapur (Muzaffarnagar), Ghaziabad, Majhwan (Mirzapur), Sisamau (Kanpur City), Khair (Aligarh), Phulpur (Prayagraj), and Kundarki (Moradabad). Five of these seats were won by SP and other five by BJP and its

allies. Nine of these seats fell vacant after their MLAs were elected as MPs in the recent Lok Sabha elections, while the Sisamau seat is vacant due to the disqualification of Irfan Solanki after his conviction in a criminal case. Earlier, Uttar Pradesh Congress president Ajay Rai stated that the party had submitted a proposal to its leadership to contest five of the bypoll-bound seats: Majhwan, Phulpur, Ghaziabad, Khair, and Meerapur. These seats had been won by the BJP in the 2022 assembly elections. Responding to the SP's announcement, Congress has yet to release its final

stance on the seat-sharing arrangement. Samajwadi Party spokesperson Rajendra Chaudhary said that seat-sharing negotiations would ultimately be decided by SP national president Akhilesh Yadav. The SP's move has sparked reactions, particularly from the BJP, which linked the decision to the recently concluded Haryana polls. Transport Minister in UP Government Dayashankar Singh said Haryana results have reduced Congress as non-existent political entity in UP. BJP spokesperson Rakesh Tripathi remarked that the SP's decision to announce

candidates for seats, which Congress also claimed, reflects the Haryana election results, stating that the SP is "telling Congress its place." Tripathi claimed that the Haryana results, where the BJP secured a third consecutive victory by winning 48 out of 90 seats, have boosted the morale of the BJP, and the party is confident of winning all the by-election seats in Uttar Pradesh. As the BJP takes confidence from its Haryana victory, the by-elections in Uttar Pradesh are being viewed as a critical litmus test for the opposition INDIA alliance and its cohesion ahead of the 2024 general elections

## Company linked to AAP MP from Punjab generated huge proceeds of crime, says ED

**STAFF REPORTER ■ NEW DELHI**

A company linked to AAP MP from Punjab Sanjeev Arora and some other entities caused "loss" to the state government and generated "huge" proceeds of crime by misusing industrial lands for residential projects, the Enforcement Directorate (ED) alleged Wednesday. The federal agency had raided the premises of Arora, also a businessman, that of a company promoted by him -- Hampton Sky Realty (erstwhile Ritesh Properties Industries Limited or RPIL) -- and others like Hemant Sood and Chandar Shekhar Aggarwal on October 7 in

Ludhiana, Chandigarh, Jalandhar, Delhi and Gurugram. It also raided another company named Royal Industries Ltd (RIL), and its directors Gurmeet Singh and Pardeep Kumar Aggarwal on the same day. The federal agency said in a statement that it seized "incriminating" documents, mobile phones and digital devices during these searches. Arora, on the day the raids took place, had said he was a "law abiding" citizen and he was not sure about the reason for which the searches were conducted. "I will cooperate fully with agencies and make sure all their queries are answered," he had

said in a social media post. Aam Aadmi Party's (AAP) national convener and former Delhi chief minister Arvind Kejriwal had said the ED action was a "politically motivated attack by the Modi government". The money laundering case stems from a criminal complaint filed in a Ludhiana court, under various sections of the IPC, against RPIL and an FIR registered by Ludhiana Police against RIL. The ED claimed its probe found that RPIL and RIL were allotted industrial lands by the Punjab government with an objective to promote industries in the state on certain conditions.

## TMC mocks Congress for failing to win Haryana

**SAUGAR SENGUPTA ■ KOLKATA**

In what looked like an addition of insult to injury the Trinamool Congress once again targeted the Congress for failing to provide leadership to the Indian National Democratic Inclusive Alliance (INDIA) in the elections after the tri-colour party's loss in the Haryana Assembly elections. Without naming the Congress senior TMC leader Kunal Ghosh on Wednesday said that "the anti-BJP parties should now introspect as to why they are repeatedly failing to defeat the BJP ... every time tall claims are made and finally they fall flat in elections."

Iterating as to how in Bengal the TMC repeatedly defeats the BJP Ghosh said, "in Bengal we don't make hollow claims ... when our leader Mamata Banerjee said that she will defeat the BJP she did it ... she walked her talk and kept her promise but it is not so in other places ... the parties that are claiming leadership of the INDIA alliance should not start thinking of their failures and decide their next course of action ... they should find out the reason why they are unable to defeat a part despite favourable political situations." Saying that "some parties" should stop their arrogant approach of looking down on regional parties the TMC leader said, "before the elec-

tions an impression was created that some party was winning and others are losing but final results were different ... this is the result of arrogance and nothing else." The TMC has for long been claiming the leadership of the INDIA block often saying Bengal Chief Minister Mamata Banerjee should be playing a far bigger role in Delhi because she had proved times and again that she is the only leader who can defeat the BJP and no one else. The party had made its views clear in its mouthpiece Jago Bangla after the Bengal Chief Minister returned to power with thumping majority in 2021 winning 214 seats against the BJP's 77.

## More than 200 senior doctors resign in Bengal

**SAUGAR SENGUPTA ■ KOLKATA**

Hundreds of senior doctors from various medical colleges including Calcutta Medical College, CNM Medical College, Sagor Dutta Medical, North Bengal Medical College joined their RG Kar Medical College and Hospital colleagues tendering on Wednesday mass resignation in protest against the State Government's "nonchalant approach" towards the eight junior doctors who have been on an indefinite fast for the past 96 hours and whose condition continued to deteriorate. "The condition of the junior doctors sitting in an indefinite fast is deteriorating by the hour and the Government is so arrogant and nonchalant that they have simply not cared to even call them for talks ... we the senior doctors could not sit back and enjoy the Durga Pujas while our children suffer

like this for a rightful demand ... so we have tendered mass resignation," one of the doctors of Calcutta Medical College said. This, whereas scores of members of Junior Doctors' Association from Delhi, Jodhpur and other places started reaching the fasting site at Esplanade in central Kolkata to express their solidarity with their Kolkata brethren. About 50 senior doctors of RGKMCH had on Tuesday resigned en masse to express solidarity with their junior colleagues. "This is almost the same place where our Chief Minister Mamata Banerjee had done a 26-day fast against the setting up of Tata Nano factory at Singur in 2006 ... she knows the pain and risk of such indefinite fast ... yet her Government is not sensitive enough to come and talk to these junior doctors who are

like our children and who are fighting in the interest of the general health set up of the State... it is not the duty of the Government to come and talk to them," said Dr Tamta a senior doctor. Members of the civil society including actor Kaushik Sen, activist Sujata Bhadra too wrote to the Chief Minister requesting her to "take a sympathetic view towards the doctors' demands." The doctors' movement started after the brutal rape and murder of a postgraduate lady doctor of the RGGKMCH on

August 9 inside the seminar room of the chest medicine department of the hospital. Even as the doctors demanded justice for the victim they added in their ten-point demand among other things a centralized referral system, security for all the medical staff inside the hospitals, ending of the threat syndicate and related malpractices that were rampant in most of the Government medical colleges and hospitals, basic amenities like rest rooms and washrooms for doctors, installation of CCTV cameras in all the Government hospitals, real-time monitoring of bed availability, and the establishment of task forces to ensure the proper functioning of essential facilities like CCTV cameras, on-call rooms, and washrooms, etc. The doctors have also been asking for students' body elections --- that had not taken for quite some time now --- to be

conducted in all colleges "so that students nominated by influential people from the ruling party do not get the chance to control the system and perpetrate a threat syndicate and extort lakhs of rupees from students and even subjecting their sexual exploitation, junior doctors said. Meanwhile Bengal Chief Secretary Manoj Pant said that the Government had received no official communication of mass resignation, adding such mass resignations were anything but procedural. "Resignations are tendered individually before they are accepted," he said apparently making the Government's intentions clear. Elsewhere, the police on Wednesday stopped the vehicles carrying doctors around Durga Puja pandals where they were likely to raise slogans and sensitize the general people.

## Mumbai cops arrest man for mercilessly beating dog to death

**PNS ■ MUMBAI**

The Mumbai police have registered an FIR against a man for allegedly beating a dog to death at Juhu in north-west Mumbai. Acting on a complaint lodged by the People for the Ethical Treatment of Animals (PETA) India and a concerned citizen, Jay Sarin that the accused man had mercilessly beaten a dog to death using metal rod, the Juhu police registered an FIR against the accused man. An FIR has been registered against the accused under Section 325 of the Bharatiya Nyaya Sanhita (BNS), 2023, and Section 11(1) of the Prevention of Cruelty to Animals (PCA) Act, 1960. "Those who abuse animals often move on to harming humans. It is imperative that

members of the public report cases of cruelty to animals such as this one for everyone's safety," PETA India Cruelty Response Coordinator Sinchana Subramanyam said in a press statement. "We commend Sub-Inspector Rahul Shinde for his prompt action in registering the FIR

sending a strong message that cruelty to animals will not be tolerated," Subramanyam said. The PETA India recommended that perpetrators of animal abuse undergo psychiatric evaluation and receive counselling, as abusing animals indicates a deep psychological disturbance.

## Former Kerala DGP joins BJP

**KUMAR CHELLAPPAN ■ KOCHI**

The faction-ridden BJP in Kerala got a shot in the arm on Wednesday as R Sreelekha, the first lady IPS officer in the State joined the party as a member. This is the first time Sreelekha, a former director general of police and multi-faceted personality, getting associated with a political party. K Surendran, president of Kerala BJP, called on Sreelekha at her Thiruvananthapuram residence and handed over the membership card. "There is no special agenda behind me joining the BJP other than helping the party to grow in Kerala. I am really impressed and awe-struck by the leadership of Prime Minister Narendra Modi and the social

and economic development made by the country since 2014," Sreelekha told media persons after becoming a member of the BJP. She said she had been thinking seriously about joining the party for the last three weeks and Wednesday's decision was the culmination of this introspection. Sreelekha, retired from the IPS in 2020

after 33 years of service and since then she is actively engaged in writing on various issues with special focus on problems encountered by women. Her reminiscences "Sreelekha, With Love", a video channel in YouTube has a vast viewership among Malayalees spread across the globe. An alumna of the elite Institute of English, University of Kerala, Sreelekha has successfully completed post-graduate courses from various international colleges like London Business School, King's College and Scotland Yard. Thomas Jacob, IPS officer and former DGP had joined the BJP in 2019 but he is not active in the party as on date because of the cold shoulder by the State leadership.

## India has highest number of oral cancer cases linked to smokeless tobacco: Study

**PIONEER NEWS SERVICE ■ NEW DELHI**

Amid concerns that the Areca nut industry is blatantly roping in Bollywood celebrities to promote paan masala as a mouth freshener, a new Lancet study has highlighted that India has the highest number of oral cancer cases linked to smokeless tobacco (chewed, sucked on or sniffed) and areca nut (also called betel nut) use in South Asia. In 2022, India accounted for 83,400 out of 120,200 global cases of oral cancer related to these substances, said the study led by the International Agency for Research on Cancer (IARC) and published in The Lancet Oncology journal. The consumption of areca nut (30 per cent) and betel quid with tobacco (28 per cent) were responsible for the most

oral cancer cases among women, followed by gutka (21 per cent) and khaini (21 per cent). Among men, it was khaini (47 per cent), gutka (43 per cent), betel quid with tobacco (33 per cent), and areca nut (32 per cent). "Smokeless tobacco and areca nut products are available to consumers in many different forms across the world, but

consuming smokeless tobacco and areca nut is linked to multiple diseases, including oral cancer," said Dr Harriet Rungay, a scientist in the Cancer Surveillance Branch at IARC. "We found that more than 120,000 people across the world were diagnosed with oral cancer that could have been caused by using smokeless

tobacco or areca nut. Our estimates highlight the burden these products pose on health care and the importance of prevention strategies to reduce consumption of smokeless tobacco and areca nuts," he added. The IARC study showed that 120,200 of the 389,800 oral cancer cases in 2022 could be caused by smokeless tobacco and areca nut use. The regions that contributed the largest numbers of oral cancers caused by smokeless tobacco and areca nut use were South-Central Asia (a total of 105,500 cases, with 83,400 in India, 9,700 in Bangladesh, 8,900 in Pakistan and 1,300 in Sri Lanka). "Free accessibility with intense surrogate marketing of smokeless tobacco and areca nut has meant that India has one of the highest burdens of oral cancer in the world.

"While the revenue to the government is minimal, the health impact and associated health-care losses are huge. The ban on gutka was a courageous step that has been counter-vented by the tobacco industry," said Dr Pankaj Chaturvedi, Head and Neck Cancer surgeon and Director, Advanced Centre for Treatment, Research and Education in Cancer, Tata Memorial Centre, Kharghar, Navi Mumbai. He is one of the co-authors of the study. "Areca nuts cause a painful disease called submucous fibrosis apart from mouth cancer that is incurable. Unfortunately that is affecting our younger population and destroying families emotionally and financially. We need to implement the existing laws and regulations effectively for control of smokeless tobacco and areca nuts," he said.

## Taiwan has turned out to be global high-tech powerhouse: TECC representative in India

**DEEPAK KUMAR JHA ■ NEW DELHI**

Taipei Economic and Cultural Center (TECC) Representative in India Ambassador Baushuan Ger has said that Taiwan has turned to be a global high-tech powerhouse and nowadays plays especially a crucial role in the world's semiconductor industry and India is a major stakeholder in this growth and success. "Producing 60 percent of the world's chips and over 90 percent of the most advanced ones, Taiwan ranks No. 1 in semiconductor foundry, packaging and testing; No. 2 in IC

design and ICT product. Taiwan continues to invest heavily in the areas of high precision manufacturing, artificial intelligence, renewable energy and biotechnology as well, with the objective of ensuring our position at the forefront of global innovation," the Baushuan said addressing a gathering for the celebrations of National Day of Taiwan organised in the national Capital. The Ambassador informed that this year Taiwan is celebrating the 113th anniversary of the Republic of China (Taiwan), the first Republic established in Asia. The Government of the ROC

moved to Taiwan in 1949. On the occasion Baushuan said over the years Taiwan and India have developed a natural and reliable partnership. "Although geographically distant, our shared commitment to democracy, freedom, human rights and the rule of law has been instrumental in deepening our bilateral cooperation across many sectors," he said in presence of diplomats, other dignitaries. He further informed while the Republic of China and the Republic of India maintained brief diplomatic relations from 1947 to 1949, it is not until 1995 when Taiwan and

India re-engaged and established representative offices in Taipei and New Delhi. "Following our Chennai office set up in 2012, I am pleased to announce that we will inaugurate our third mission, the TECC in Mumbai next week," Baushuan said. The Ambassador also shared that given the convergence of Taiwan's "New Southbound Policy", and India's "Act East Policy", on the economic front, the bilateral trade volume has surged from 5 billion USD in 2016 to 8.2 billion USD in 2023, a notable 64% increase. "Today, India stands as Taiwan's 16th largest trading

partner. Approximately 260 Taiwanese companies operate in India, with a cumulative investment of 5 billion USD, spanning from footwear, machinery and auto parts to petrochemicals and ICT products. The contributions of Taiwanese enterprises in India have been remarkable. They have collectively created more than 170,000 jobs in India. Not only do they bring advanced technology and management expertise but also create vast employment opportunities and contribute to the goal of "Atmanirbhar Bharat" (self-reliant India)," he added. On country's strategic front,

the TECC Representative mentioned in the face of China's unceasing cross-strait military intimidation and gray-zone threats, Taiwan has worked hard to strengthen its self-defense capabilities. "While the international community has increasingly recognized that maintaining peace and stability across the Taiwan Strait is indispensable to international security and prosperity-a position which the G7 leaders' communique in June has re-affirmed for the fourth consecutive year, we will continue to protect our hard-won democratic way of life without bowing to pressure," Baushuan further said.

PAPER WITH PASSION

## Mixed bag

The BJP retains Haryana while the regional parties gain in J and K signalling paradigm shift in the valley

The verdict is out and it is not what was predicted by the exit polls. The BJP retains Haryana and National conference resurges in Jammu and Kashmir. The results once again prove that the people of Jammu and Kashmir want development and peace while the people of Haryana, though have resentment with the farm laws still have faith in the BJP. The election results in Haryana and Jammu and Kashmir have significant implications for national politics. For the BJP, these results serve as a reminder that national leadership may get it votes but its local leaders must also perform. For Congress and other opposition parties, these results offer a glimmer of hope for future contests. At the same time, the resurgence of regional parties, particularly in Jammu and Kashmir, signals the enduring importance of local issues and identity politics in India's diverse political landscape. The outcomes not only redefined local political dynamics but also carried significant implications for national politics, especially for major players like the BJP, Congress, and regional parties. Moreover, the election results starkly contrasted with exit polls, which had predicted very different scenarios in both states.

The first post-Article 370 election in Jammu and Kashmir was keenly watched, given its symbolic importance in the region. While the BJP aimed to make significant inroads, particularly in the Jammu region, it faced stiff competition from regional parties like the National Conference (NC). The results saw a resurgence of regional parties, with the National Conference, led by Farooq Abdullah,

securing a majority of seats in the Kashmir Valley. The BJP made gains in Jammu but fell short of its ambitious targets of expanding into the Kashmir Valley. The electorate, it seemed, was more aligned with regional issues such as autonomy, identity, and economic distress rather than the BJP's nationalistic agenda. The outcome underscores the challenges the BJP faces in making a deep impact in the region, especially in the aftermath of the abrogation of Article 370. It also highlights the resilience of local political players who continue to dominate the political narrative in the Valley. While Congress failed to reach the majority mark in Haryana, the Haryana elections put it back in the game. Its vote share was almost at par with the BJP at 39.04 per cent. The BJP vote share was 39.94 per cent. Despite the overall success of the BJP, eight out of ten ministers from the Haryana Assembly lost their seats. Of late the BJP though victorious is losing its sheen and needs to put it act together to regain the voters who are drifting away from its fold. It is a good start for the BJP for the upcoming state elections. The party must maintain the momentum into upcoming critical polls in Maharashtra, Jharkhand and Delhi to remain ahead of its opponents.

## Revival of democracy amidst calls for statehood

KALYANI SHANKAR

Following the 2019 revocation of Article 370, these elections were a landmark moment, reflecting the people's desire for normalcy and statehood

The Union Territory of Jammu and Kashmir conducted its first Assembly elections in a decade. It showcased the peaceful embrace of democracy by its people last week after decades of militancy. These polls were held after the bifurcation of Jammu, Kashmir, and Ladakh on August 5, 2019, following the revocation of Article 370. The BJP claimed that the move was necessary to tackle separatism, enhance economic development and fully integrate the region into the country. Since 1989, the state has faced militancy, violence and a boycott of polls by separatist elements allegedly sponsored by Pakistan. Chief Election Commissioner Rajiv Kumar said, "The peaceful and participative elections are historic, wherein democracy is taking root more profoundly than ever before, driven by the will of the people of J and K." Intense campaigning, peaceful polling and high voter turnout marked the polls. Those afraid to go to the polling booth were allowed to vote peacefully. These were significant not only for political reasons but also because of developments such as the first Legislative Assembly elections in ten years, the abrogation of Article 370, and the restoration of democracy. This time, the Hindu-dominated Jammu and Muslim-dominated Kashmir were united in the demand to restore statehood, which the Centre had promised earlier. The higher voter turnout showed people's desire for democracy.

They were tired of gun fights and wanted to live a normal life. Chief Election Commissioner Rajiv Kumar praised the people of the Union Territory, which recorded 58.46 per cent voter turnout, the highest in 35 years. The security forces ensured a violence-free election. They also stifled the free movement of separatists. These elections differed from the previous polls as the politics of this region is no longer limited to the four traditional political parties NC, PDP, and the national political parties INC and the BJP. The new addition was the participation of separatist elements in these polls, which must be addressed, as they had

chosen the ballot route rather than the bullet route. Despite many poll issues like lack of development and unemployment, the people wanted a revival of statehood and a united Jammu and Kashmir. The other key issues were Article 370, law and order, terrorism, and socio-economic stability. The delimitation panel gave Jammu six additional seats and Kashmir one. The Opposition held that the balance was tilting in favour of Hindu-majority Jammu. Scheduled castes and scheduled tribes got nine seats reserved. Kashmir has been under the international scanner. Diplomats from many countries were taken to the state to observe the polls. They got first-hand information from visiting the state. There are several reasons for the peaceful polls this time. The first was the minimal involvement of Pakistan, as it had its internal problems to sort out. India blames Pakistan for training, funding and pushing Islamist militants, targeting the Hindu-dominated Jammu area more than the Muslim-dominated Kashmir Valley. Pakistan denies the

THE CHIEF ELECTION COMMISSIONER RAJIV KUMAR PRAISED THE PEOPLE OF THE UNION TERRITORY, WHICH RECORDED 58.46 PER CENT VOTER TURNOUT, THE HIGHEST IN 35 YEARS

charges. Secondly, Kashmiris were tired of living in violent and disturbed situations. Two generations of Children had lost their normal childhood. Thirdly, militants did not call for the boycott of elections this time. On the contrary, separatists themselves entered the poll fray. Many areas once known as terror hotbeds saw brisk polling. The militants probably realised they needed funds and patrons, which they lacked. So, they decided to go through the election route. BJP chief JP Nadda said people had rejected the ballots and chose the ballot route. The election in Jammu and Kashmir witnessed a multi-cornered contest for the 90 seats. The National Conference and Congress went for a coalition. At the same time, the BJP and PDP were the other two significant players. The BJP had high stakes but a weak political base in the Valley, while it's strong in Jammu. The party contested only 19 of the 47 seats in the Valley. BJP knew the realistic position in the Valley where it could not hope to get votes. So, the BJP is fighting through proxies. A BJP candidate admitted that the

party would get support from Engineer Rashid, Sajad Lone, Altaf Bukhari, and Ghulam Nabi Azad - all minor players. Kashmiri pundits are still afraid of returning home. The people in both Jammu and the Valley lament the downgrading of the state to two union territories. There is still unemployment and the drug and narcotic trade menace in the state. The election results are out and the National Conference-Congress coalition has got a clear edge. The BJP, which has no presence in the Valley, propped up some independents and hopes to do well in Jammu. The Centre should take credit for completing the election process, and so should the Election Commission. But the people of Jammu and Kashmir deserve kudos for fearlessly going to the polling booth to vote. They showed the trend in the 2024 Lok Sabha elections too. There is no doubt Jammu and Kashmir want a popular government. But the only worry is that they must vote for a stable government rather than a split verdict. (The writer is a popular columnist; views are personal)

## LETTERS TO THE EDITOR

## STRENGTHENING BILATERAL RELATIONS

Madam — Aprosop to the 'Strategic Balancing Act', October 8. With Maldivian President Muizzu making his first state visit to India, New Delhi-Male ties are clearly on the mend. Contrast this with the situation in the beginning of the year when Muizzu declined to make India his first port of call after assuming the presidency, undertook a state visit to China, inked a defence cooperation pact with Beijing, and demanded that New Delhi pull out its small contingent of troops in the archipelago nation.

The reality is that both countries need each other irrespective of differences of opinion on certain issues. No country can escape geography and this certainly holds true for both India and the Maldives. India will always remain the Maldives's closest, largest Indian Ocean neighbour and first responder in all crises. China simply can't be a replacement here given its physical distance from the region. Therefore, New Delhi, which also needs Male for better strategic depth in the Indian Ocean Region, and Male have no option but to enhance their cooperative relationship. Muizzu had campaigned on an 'India Out' plank during his election. But fighting elections outside the government and running a country are two different things. Plus, India has always stood by the Maldives. Also, Muizzu has asked Indian tourists to return to the Maldives, something that is vital for that country's economy. Thus, New Delhi-Male relations have once again found equilibrium. That will be a relief for India after the Bangladesh shock.

The way Hamas fighters were successful in attacking Israel by breaking through its entire security system on October 7 last year, it seems that if we leave aside the attacks by rockets, drones and missiles, Israel can be defeated in a ground war. Because Iran, Hamas and

## Vegetable prices rise in festival season

The prices of vegetables are going through the roof in the market. During Dussehra and Diwali festivals, the prices of essentials and vegetables are skyrocketing. Almost all the vegetables are approaching the century mark. The common man is getting upset with the increased prices. Recently, the increased prices of essential goods have come into force in the context of the central government increasing the import duty

on foreign goods imports. Due to this effect, cooking oil prices have gone up. The prices of palm oil and sunflower oil have gone up.

Till yesterday, the price of tomato was less than 50 rupees, now it has doubled. Recently, due to weather conditions, crops have been badly damaged in the states of Tamil Nadu and Karnataka. The situation has changed as the tomato coming from these regions has suddenly decreased. In the absence of tomatoes, hotels and fast food centres are reducing the use of tomatoes. Due to this, the people and the hotel managers are facing severe difficulties. Onion prices also seem to be at that level. Onion price is increasing due to insufficient supply from Maharashtra. In addition to this, some groups are hoarding essential commodities informally and creating artificial scarcity and selling the commodities at high prices, doubling the hardships of the common man.

## UPHOLDING TRUE SECULARISM

Madam — This is in response to the news report titled "India is essentially a Hindu nation: RSS chief" (October 7). Far from being a "Hindu nation," India is historically a nation of all ("None can tell, at whose beckoning, vast waves of humanity/In currents unstoppable, from the unknown here arrived/To merge into the Great Sea" - Rabindranath Tagore), and this is the very reason why "Secularism" is embedded right within the Constitution itself. If Hindus indeed "care for everyone" as their own and "embrace all" so as to live in "harmony," then what compels the RSS Chief Mohan Bhagwat to advise his own religious group to unite by transcending all narrow barriers of race, language, state and caste? This directly proves that Hindus are a highly divided lot in demographic terms and this gets proved through caste-based atrocities upon Dalits and torture upon linguistic/racial minorities in different states!

## The strategic role of generative AI in transforming Industries

KASHYAP DALAL

Generative AI is transforming industries by enhancing customer experiences, boosting productivity and automating processes across sectors

Generative AI has evolved from a novelty in boardroom discussions to a transformative tool across industries. Extending the capabilities of traditional AI in automation and predictive modeling, it's reshaping business processes, customer experiences, and employee productivity. Sectors such as pharmaceuticals, airlines, healthcare, manufacturing, and banking are seeing tangible benefits, as generative AI unlocks new avenues for value creation. **Enhancing Customer Experience:** Improving customer experience is a key priority for businesses today. Companies with both physical and online touchpoints are turning to generative AI, leveraging large language models (LLMs) to provide personalised recommendations that enhance buyer satisfaction and drive revenue growth.

In the airline industry, Alaska Airlines has harnessed AI to offer customised flight and travel suggestions based on customer preferences such as budget and timing, significantly elevating the booking experience. By personalising

handle millions of customer service requests, providing quick resolutions and reducing repetitive inquiries. This AI application results in faster, more accurate service and improved customer satisfaction.

**Boosting Productivity:** Generative AI's ability to enhance employee productivity is becoming increasingly evident, especially in automating routine tasks. By freeing employees from monotonous work, AI enables them to focus on higher-value tasks that require strategic input. This shift is particularly significant for industries where frontline workers are pressed for time. Home Depot's US stores provide a prime example of AI-driven employee enablement. They employ AI-powered apps to assist in decision-making, inventory management, and task prioritisation, resulting in improved store operations and employee satisfaction. Generative AI also enhances documentation processes in sectors requiring high volumes of detailed reports. For instance, Bristol-Myers Squibb has integrated AI into their documentation workflows,

enabling rapid processing of clinical trial data and transforming complex, time-consuming tasks into streamlined operations. Such innovations are revolutionising sectors where speed and accuracy are paramount. **Leveraging Data:** With the increasing digitalisation of the world, businesses are relying more on data-driven insights. Generative AI can sift through vast datasets, extracting valuable insights to support better decision-making in areas such as research and data analysis. This capability is exemplified by Spotify, which uses AI to create personalised podcast previews, improving content discovery and user engagement. As generative AI transforms industries, businesses are preparing for widespread changes in operations, AI can augment every function. However, with these advancements comes the challenge of upskilling the workforce. Organizations need to ensure their employees are adaptable and equipped to leverage AI (The writer is co-founder & chief operating officer, Simplilearn; views are personal)

interactions, AI is allowing businesses to delight customers in ways that were previously time-intensive and difficult to scale. **Revolutionising Creativity:** Generative AI is also making waves in content creation, democratising creativity, and improving productivity. It allows companies to generate high-quality content quickly, reducing manual input and turnaround times. For example, Belk Ecommerce utilises generative AI to craft engaging product descriptions, ensuring consistency across marketing channels. This automation not only boosts operational efficiency but also delivers a cohesive shopping experience. Customer service is another area seeing improvements through generative AI. Firms like Klarna, a fintech company, use AI-powered virtual assistants to

## ACHIEVING WORK LIFE BALANCE

A healthy work-life dynamic not only benefits individuals but also strengthens communities

SAKSHI SETHI

In recent years, the world has faced unprecedented challenges, from the COVID-19 pandemic to ongoing socio-economic disruptions. These crises have not only claimed lives but have also altered the very fabric of our daily routines and working environments. Amidst these tumultuous times, the concept of work-life balance has emerged as a crucial necessity, emphasising the importance of maintaining mental and physical well-being while fulfilling professional responsibilities. The rising death tolls and widespread fear associated with global crises have taken a toll on mental health. Today, grief, anxiety and uncertainty have become commonplace as people grapple with loss and disruption.

There is no denying the fact that fast-paced technological advancements require constant adaptation and learning, which can be overwhelming and contribute to stress. In many Indian companies, there is a culture of overwork, where taking time off is frowned upon. Many executives even end up working extended hours, sacrificing their time and health, which contributes to physical as well as mental exhaustion.

Moreover, this can even lead to a toxic environment where employees not only feel they have to prove their worth constantly, but the stigma associated with failure may even drive them to push themselves to unhealthy limits to succeed. Poor diet, lack of exercise and high-stress levels have led to lifestyle-related health issues such as heart disease, diabetes and hypertension, which are prevalent among high-level executives.

Economic downturns and market volatility add pressure on executives to perform, leading to increased stress and associated health risks. In such a climate, achieving a balance between work and personal life has become essential for fostering resilience and promoting overall well-being. A healthy work-life balance allows an individual to dedicate time towards self-care, family and community, which are vital for emotional recovery and stability. The shift to remote work and flexible schedules, prompted by the pandemic, has underscored the need for a re-evaluation of traditional work structures. If remote work offers flexibility, at the same time it has also blurred the lines between personal as well as professional life, leading to longer hours and increased stress.

It's the need of the hour for organisations to recognise this and promote policies that encourage employees to set boundaries, take breaks and prioritise personal time. Addressing the high death toll among executives in Indian companies for instance the Pune CA death followed by a reputed Indian working for NBFC and committing suicide on a similar ground- i.e. work pressure and mental distress from the seniors necessitates a multi-faceted approach. Organisations must prioritise mental health support, promote a healthier work-life balance, and create a culture that values employee well-being. By taking these steps, companies can not only help mitigate the risks associated with high-stress environments but also foster a healthier and more sustainable workplace.

By fostering an environment that values work-life balance, employers can enhance productivity and employee satisfaction, thereby leading to lower turnover rates and a more engaged workforce.

Achieving work-life balance is not solely a personal endeavour but it also has broader implications for society. When individuals can manage their work and personal lives effectively, they are more likely to engage in their communities, volunteer and support local initiatives. This communal engagement will foster social connections and strengthen the fabric of society, thereby making it more resilient in the face of adversity. By prioritising work-life balance, we as citizens of the nation will contribute not only to our well-being but also to the health of our communities.

## The key to a sustainable and low-carbon future

ASHOK KUMAR

By adopting energy-efficient practices, the country not only cuts emissions but also saves millions of tonnes of oil equivalent, leading to a more sustainable future

Energy efficiency refers to the practice of using less energy to achieve the same level of output or perform the same task. It is one of the most impactful strategies for reducing energy consumption, cutting costs, and mitigating environmental harm. As global energy demand continues to rise, enhancing energy efficiency has become critical in the fight against climate change, resource conservation, and ensuring a sustainable future. According to the International Energy Agency (IEA), the global rate of energy efficiency improvement has averaged around 2 per cent per year, with some variations during the COVID-19 pandemic. In 2023, global energy consumption reached approximately 15,000 million tons of oil equivalent (MTOE), as reported in the Enerdata Yearbook 2024. A 2 per cent improvement in efficiency would save about 300 MTOE—an amount greater than India's entire industrial energy consumption, which stands at around 270 MTOE in 2022-23. In 2022-23, sectors such as industry, buildings, and transport consumed 552 MTOE out of India's total primary energy consumption of 850 MTOE. The industrial sector accounted for 49 per cent of this total, while transport and buildings (residential and commercial) contributed 12 per cent and 13 per cent, respectively. India is one of the few nations with a comprehensive legal and institutional framework for energy conservation.

The Energy Conservation Act of 2001 and the Bureau of Energy Efficiency under the Ministry of Power are pivotal in driving energy efficiency programmes across various sectors. India's flagship programmes include the Perform, Achieve, and Trade (PAT) Scheme for energy-intensive industries, initiatives for energy-efficient buildings, vehicle fuel efficiency standards, and the star rating and labelling scheme for household appliances and industrial equipment. In 2022-23, these programmes collectively saved around 51 MTOE, equivalent to reducing carbon emissions by approximately 306 million tons of CO<sub>2</sub>. This energy efficiency contribution accounts for about 10 per cent of India's annual emissions, which stands at around 3 billion tons of CO<sub>2</sub>. Energy efficiency is projected to play a crucial role in global climate action.

It is estimated that nearly 40 per cent of the emissions reductions needed to reach net zero by 2050 must come from energy efficiency measures, many of which offer short payback periods ranging from 3-5 years. Often dubbed the "first fuel," energy efficiency is seen as a vital tool in maintaining a sustainable, low-carbon future. Given the constrained carbon budget outlined in the Intergovernmental Panel on Climate Change (IPCC) Sixth Assessment, energy efficiency is more important than ever in controlling global temperature rise.

**The Importance of Energy Efficiency:** It is a cornerstone of sustainable development, offering multiple advantages such as cost savings, environmental protection, energy security and resource conservation. Energy-efficient technologies reduce consumption, which, in turn, cuts utility bills for individuals, businesses, and governments. Reduced energy use decreases greenhouse gas emissions and helps combat global warming. It also diminishes pollutants that harm air and water quality. Additionally, energy efficiency decreases overall demand, reducing dependence on fossil fuels and

IT IS ESTIMATED THAT NEARLY 40 PER CENT OF THE EMISSIONS REDUCTIONS NEEDED TO REACH NET ZERO BY 2050 MUST COME FROM ENERGY EFFICIENCY MEASURES, MANY OF WHICH OFFER SHORT PAYBACK PERIODS RANGING FROM 3-5 YEARS

strengthening energy security, especially for countries heavily reliant on imports. It also reduces the need for new power plants and industrial facilities, conserving natural resources and limiting environmental impact.

**Key Sectors and Strategies industry:** The industrial sector is the largest global energy consumer, driven by processes such as manufacturing, mining and machinery use. Enhancing energy efficiency in this sector involves optimising processes, recovering waste energy, and implementing energy management systems. Upgrading equipment, improving production methods, and utilising efficient motors and pumps can significantly reduce energy consumption. The National Mission for Enhanced Energy Efficiency (NMEEE), launched in 2011, targets energy-intensive industries.

Under its PAT Scheme, industries are assigned specific energy-saving targets (energy use per unit of product), and the market-based approach allows trading of excess energy savings. This initiative has resulted in substantial energy savings, leading to a reduction of approximately 110 million tonnes of CO<sub>2</sub> emissions. As of August 2024, the PAT scheme covers 1,333 energy-intensive industries and establishments across 13 sectors, including steel, cement, aluminium, fertilizer, petroleum refineries, thermal power plants, and others. As India develops its carbon market mechanism, many of these sectors will participate as "obligated entities" with specific greenhouse gas (GHG) emission reduction targets.

The carbon market will facilitate this transition by implementing a market-based approach to pricing GHG emissions. This mechanism encourages both public and private entities to engage in decarbonisation efforts across various sectors. Entities that reduce emissions below their targets can earn Carbon Credit Certificates, while those that do not must purchase credits to comply.

Additionally, the mechanism will have a voluntary component, allowing non-obligated entities to register projects focused on reducing, removing, or avoiding GHG emissions to obtain carbon credits.

**The Standards & Labeling (S&L) Programme:** launched in 2006, rates appliances based on their energy efficiency, from 1 to 5 stars. This program covers 38 appliances, with 16 falling under mandatory regulations. As of August 2024, the programme has saved 82 billion units of energy, equivalent to cutting 58 million tons of CO<sub>2</sub> emissions.

The UJALA Scheme and the Street Light National Program (SLNP) have also been successful in replacing inefficient lighting with LED solutions, leading to significant energy savings and emission reductions. As of September 2024, approximately 370 million LED bulbs and 7.2 million LED tube lights have been distributed through the UJALA scheme. This has resulted in an annual reduction of 39 million tons of CO<sub>2</sub> emissions.

**Buildings:** Buildings are another major energy consumer, particularly through heating, cooling, and lighting. Energy-efficient building design, proper insulation, and smart energy management systems can dramatically reduce energy use. The Energy Conservation Building Code (ECBC), introduced in 2007, mandates minimum energy performance standards for commercial and residential buildings. Recent updates, such as the Energy Conservation and Sustainable Building Code (ECSBC) and the Eco Niwas Samhita (ENS) for residential buildings, aim to further reduce energy consumption in large buildings by up to 18 per cent.

**Transportation:** It is a major contributor to global energy use, primarily from fossil fuels. Improving fuel efficiency in vehicles and promoting electric and hybrid vehicles are key strategies.

The Indian government has implemented fuel efficiency standards for

passenger cars and heavy-duty vehicles and aims to expand the electric vehicle ecosystem including charging infrastructure. As of 2024, India's charging stations are expected to increase to 100,000 by 2030, supporting the growing number of electric vehicles. To create awareness of the benefits of Electric Vehicles (EVs), the "Go electric" Campaign was launched in Feb 2021. This involves radio jingles, poster/leaflets distribution, awareness through social media platforms, street plays, etc.

**Electricity Generation and Transmission:** Upgrading power plants and incorporating renewable energy sources such as solar and wind are vital for reducing emissions in electricity generation. Under the PAT Scheme, India's thermal power plants have improved their efficiency, contributing to a reduction of 30 million tons of CO<sub>2</sub>. As of August 2024, 46 per cent of India's installed power capacity comes from non-fossil fuel sources, surpassing the commitment made at the Paris COP 21 summit.

**Challenges:** Despite its benefits, the adoption of energy efficiency measures faces challenges like high upfront costs, limited awareness, and policy gaps. These barriers can be addressed through financial support mechanisms, capacity-building initiatives, and the development of comprehensive, flexible policies. Conclusion Energy efficiency is an essential driver of sustainable development, offering significant economic, environmental, and social benefits.

As technology improves and policies strengthen, energy efficiency will remain crucial in reducing energy demand and mitigating climate change. By adopting energy-efficient practices in our homes, industries, and transportation systems, we can contribute to a cleaner, more sustainable future.

## Surya Ghar Yojana: A sustainable alternative to free electricity politics

Unlike conventional freebies, this scheme boosts long-term savings, infrastructure investment and promotes sustainable energy production

In response to the growing trend of political parties offering free electricity to secure votes, the Narendra Modi government has introduced the Pradhan Mantri Surya Ghar Yojana. This initiative aims to promote solar energy adoption by providing homeowners with a subsidy ranging from Rs 30,000 to Rs 78,000 for installing one to three kW solar panels. The scheme is designed to reduce dependence on government subsidies while offering households the benefit of free electricity for up to 25 years.

**Solar Power for Households** Under this scheme, a consumer will spend around Rs 40,000 to Rs 70,000 to install a two to three kW solar panel. This investment allows households to generate up to 300

ASHWANI MAHAJAN

units of electricity per month, covering a significant portion of their energy needs. At the current rate of Rs 8 per unit, this translates to a monthly saving of Rs 2,400. Over 25 years, the total savings per household would amount to approximately Rs 7.20 lakh, ensuring that the initial cost of installation is recovered within one to two years. The government has also made provisions for consumers to finance

the remaining amount at a concessional interest rate of 7 per cent.

**Addressing the Politics of Free Electricity**

In recent years, several political parties have leveraged the promise of free electricity as a means to gain political support. States like Delhi, Punjab and Himachal Pradesh have implemented such schemes, offering free or subsidised electricity to a significant portion of their populations. In Delhi, for instance, the Aam Aadmi Party (AAP) government provides up to 200 units of electricity for free and a 50 per cent subsidy for those consuming between 201 and 400 units. However, the cost of these schemes has placed a significant burden on state budgets. In Delhi, Rs

3,250 crore was allocated for electricity subsidies in the 2023-24 budget, out of a total budget of Rs 78,800 crore. Under AAP's rule, the capital expenditure growth rate has declined from 19.6 per cent during the previous Congress government's tenure to 9.2 per cent. Consequently, infrastructure development in Delhi has slowed, with fewer new projects being launched. The situation is similar in other states where free electricity has been promised. Punjab, Andhra Pradesh, Kerala, and Himachal Pradesh are all grappling with mounting debts, making it increasingly difficult to sustain free electricity schemes. In some cases, states have had to scale back or abandon these initiatives due to financial constraints.

**A Viable Alternative**

The Pradhan Mantri Surya Ghar Yojana offers a more sustainable solution. By encouraging households to generate their own electricity through rooftop solar panels, the scheme reduces the long-term burden on government finances. The total investment required by households under the scheme is Rs 1.5 lakh,

including the government subsidy. With one crore households expected to participate, this would result in an additional capacity of 30 GW of solar power, significantly boosting India's renewable energy output.

Unlike traditional free electricity schemes, which are funded by annual government subsidies, the Surya Ghar Yojana provides long-term benefits without placing a strain on the budget. By generating their own electricity, households will no longer be dependent on yearly subsidies and will contribute to reducing the country's carbon footprint. This aligns with India's broader goals of increasing renewable energy production and achieving net-zero emissions.

**Economic and****Environmental Impact**

The Surya Ghar Yojana has far-reaching economic and environmental benefits. First, it provides households with a reliable source of free electricity for 25 years, ensuring significant savings on energy bills. This also reduces the government's reliance on costly subsidies, freeing up funds for essential infrastructure development.

Second, the scheme is expected to generate large-scale employment, with over one lakh people required to be trained to install and maintain solar panels. This will not only create new jobs but also develop a skilled workforce in the renewable energy sector. Third, by increasing solar energy production, the scheme will help India reduce its

dependence on fossil fuels, contributing to the country's efforts to combat climate change. Rooftop solar panels are an environmentally friendly alternative to coal-based power plants, and their widespread adoption will significantly reduce carbon emissions. By encouraging households to invest in solar energy, the scheme not only reduces the burden on state budgets but also contributes to India's renewable energy goals. The widespread adoption of rooftop solar panels has the potential to transform the energy landscape, providing households while helping India move closer to achieving its environmental objectives.

# FBI arrests Afghan man for planning Election Day attack in US

**AP ■ WASHINGTON**  
The FBI has arrested an Afghan man who officials say was inspired by the Islamic State militant organisation and was plotting an Election Day attack targeting large crowds in the US, the Justice Department said on Tuesday. Nasir Ahmad Tawhedi, 27, of Oklahoma City told investigators after his arrest Monday that he had planned his attack to coincide with Election Day next month and that he and a co-conspirator expected to die as martyrs, according to charging documents. Tawhedi, who arrived in the US in

September 2021, had taken steps in recent weeks to advance his attack plans, including by ordering AK-47 rifles, liquidating his family's assets and buying one-way tickets for his wife and child to travel home to Afghanistan, officials said. The arrest comes as the FBI confronts heightened concerns over the possibility of extremist violence on US soil, with Director Christopher Wray telling The Associated Press in August that he was "hard pressed to think of a time in my career where so many different kinds of threats are all elevated at once". "Terrorism is still the FBI's number one priority, and we will use every resource to

protect the American people," Wray said in a statement on Tuesday. An FBI affidavit does not reveal precisely how Tawhedi came onto investigators' radar, but cites what it says is evidence from recent months showing his determination in planning an attack. A photograph from July included in the affidavit depicts a man investigators identified as Tawhedi reading to two young children, including his daughter, "a text that describes the rewards a martyr receives in the afterlife". Officials say Tawhedi also consumed Islamic State propaganda, contributed to a charity that functions as a front for the militant group and communicated with a

person who the FBI determined from a prior investigation was involved in recruitment and indoctrination of people interested in extremism. He also viewed webcams from the White House and the Washington Monument in July. Tawhedi's alleged co-conspirator was not identified by the Justice Department, which described him only as a juvenile, a fellow Afghan national and the brother of Tawhedi's wife. After the two advertised the sale of personal property on Facebook, the FBI enlisted an informant last month to respond to the offer and strike up a relationship. The informant later invited them

to a gun range, where they ordered weapons from an undercover FBI official who was posing as a business partner of the informant, according to court papers. Tawhedi was arrested Monday after taking possession of two AK-47 rifles and ammunition he had ordered, officials said. The unidentified co-conspirator was also arrested but the Justice Department did not provide details because he is a juvenile. After he was arrested, the Justice Department said, Tawhedi told investigators he had planned an attack for Election Day that would target large gatherings of people. Tawhedi was charged with conspiring and

attempting to provide material support to the Islamic State, which is designated by the US as a foreign terrorist organisation. The charge is punishable by up to 20 years in prison. He appeared in court Tuesday and was ordered detained. An email to an attorney listed as representing him did not immediately return an email seeking comment. It was not immediately clear if he had a lawyer who could speak on his behalf. A for-sale sign stood in the yard outside a modest, two-story brick home listed as being connected to Tawhedi's family in the Oklahoma City suburb of Moore.

**DEMAND NOTICE [SECTION 13(2)]**  
Ref: CB 19054/SARFAESI/ALBATROSS/2024/1 Date: 09.10.2024

To,  
1. M/S ALBATROSS PARCEL EXPRESS PVT. LTD. (BORROWER)  
ADD:- 4B/33, 1<sup>st</sup> FLOOR, TILAK NAGAR NEW DELHI-110018  
2. Mr. TUSHAR GUPTA S/O KAILASH GUPTA (GUARANTOR)  
ADD:- J-21, GANGA RAM VATIKA TILAK NAGAR, WEST DELHI, DELHI-110018  
3. Mrs. MEENA GUPTA W/O KAILASH GUPTA (GUARANTOR)  
ADD:- H. NO. RL 26, FIRST FLOOR, GANGA RAM VATIKA TILAK NAGAR, NEW DELHI, DELHI-110018

Dear Sir/Madam,  
Sub: Notice issued under Section 13(2) of the Securitisation & Reconstruction of Financial Assets & Enforcement of Security Interest Act, 2002.

The undersigned being the Authorized Officer of Canara Bank, JANAKPURI Branch (hereinafter referred to as "the secured creditor"), appointed under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, (hereinafter referred as the "Act") do hereby issue this notice to you as under:

That M/S ALBATROSS PARCEL EXPRESS PVT. LTD. (hereinafter referred to as "the Borrower") has availed credit facility / facilities stated in the Schedule A hereunder and has entered into the security agreement/s in favour of the secured creditor. While availing the said financial assistance, you have expressly undertaken to repay the loan amount/s in accordance with the terms and conditions of the above mentioned agreements.

That Mr. TUSHAR GUPTA AND Mrs. MEENA GUPTA (hereinafter referred to as "the Guarantor") has guaranteed the payment on demand of all moneys and discharge all obligations and liabilities owing or incurred to the secured creditor by the Borrower for credit facilities up to the limit of **Rs. 2,40,50,000/- (Rupees Two Crore Forty Lakhs Fifty Thousand Only)** with interest thereon. You (The person mentioned in schedule B) are also entered in to agreements against the secured assets which are detailed in Schedule B hereunder.

However, From June 2024 the operation and conduct of the said financial assistance / credit facilities have become irregular. The books of account maintained by the secured assets shows that the liability of the Borrower towards the secured creditor as on date amounts to **Rs 87,27,930.53 (Rupees: Eighty Seven Lakhs Twenty Seven Thousand Nine Hundred Thirty and Paise Fifty Three Only)**, the details of which together with future interest rate are stated in Schedule C hereunder. It is further stated that the Borrower/Guarantor having failed to keep up with the terms of the above said agreement in clearing the dues of the secured creditor within the time given, and have been evasive in settling the dues. The operation and conduct of the above said financial assistance / credit facility/ies have come to a standstill and as a consequence of the default committed in repayment of principal debt/ instalment and interest thereon, the secured creditor was constrained to classify the debt as Non Performing Asset (NPA) as on **02.10.2024** in accordance with the directives/guidelines relating to asset classification issued by the Reserve Bank of India.

The secured creditor through this notice brings to your attention that the Borrower has failed and neglected to repay the said dues/ outstanding liabilities and hence hereby demand you under Section 13(2) of the Act, by issuing this notice to discharge in full the liabilities of the Borrower as stated in Schedule C hereunder to the secured creditor **within 60 days from the date of receipt of this notice**. Further, it is brought to your notice that you are also liable to pay future interest at the rate of **Interest as mentioned in Schedule C** per annum together with all costs, charges, expenses and incidental expenses with respect to the proceedings undertaken by the secured creditor in recovering its dues.

Please take note of the fact that if you fail to repay to the secured creditor the aforesaid sum of **Rs 87,27,930.53 (Rupees: Eighty Seven Lakhs Twenty Seven Thousand Nine Hundred Thirty and Paise Fifty Three Only)**, together with further interest and incidental expenses and costs as stated above in terms of this notice under Section 13(2) of the Act, the secured creditor will exercise all or any of the rights detailed under sub-section (4)(a) and (b) of Section 13, the extract of which is given here below to convey the seriousness of this issue:

13(4)- In case the Borrower/Guarantor fails to discharge liability in full within the period specified in sub-section (2), the secured creditor may take recourse to one or more of the following measures to recover his secured debt, namely

(a) Take possession of the secured assets of the Borrower/Guarantor including the right to transfer by way of lease, assignment or sale for realizing the secured asset;

(b) Take over the management of the business of the Borrower including the right to transfer by way of lease, assignment or sale for realizing the secured asset;

Provided that the right to transfer by way of lease, assignment or sale shall be exercised only where the substantial part of the business of the Borrower is held as security for the debt.

Provided further that where the management of whole of the business or part of the business is severable, the secured creditor shall take over the management of such business of the borrower which is relatable to the security for the debt;

and under other applicable provisions of the said Act.

Your attention is invited to provisions of sub-section (8) of Section 13 of the Act, in respect of time available, to redeem the secured assets.

You are also put on notice that in terms of section 13(13) the Borrower/Guarantor shall not transfer by way of sale, lease or otherwise the said secured assets detailed in Schedule B hereunder without obtaining written consent of the secured creditor. It is further brought to your notice that any contravention of this statutory injunction/ restraint, as provided under the said Act, is an offence and if for any reason, the secured assets are sold or leased out in the ordinary course of business, the sale proceeds or income realized shall be deposited with the secured creditor. In this regard you shall have to render proper accounts of such realization / income.

This notice of Demand is without prejudice to and shall not be construed as waiver of any other rights or remedies which the secured creditor may have including further demands for the sums found due and payable by you.

This is without prejudice to any other rights available to the secured creditor under the Act and/or any other law in force.

Please comply with the demand under this notice and avoid all unpleasantness. In case of Non-compliance, further needful action will be resorted to, holding you liable for all costs and consequence.

## Three share Nobel prize in chemistry

**AP ■ STOCKHOLM**  
The Nobel Prize in chemistry was awarded Wednesday to David Baker, Demis Hassabis and John Jumper for their breakthrough work predicting and designing the structure of proteins, the building blocks of life. Heiner Linke, Chair of the Nobel Committee for Chemistry, said the award honoured research that made connections between amino acid sequence and protein structure. "That was actually called a grand challenge in chemistry, and in particular in biochemistry, for decades. So, it's that breakthrough that gets awarded today," he said. Baker works at the University of Washington in Seattle, while Hassabis and Jumper both work at Google DeepMind in London. Baker designed a new protein in 2003 and his research group has since produced one imaginative protein creation after another, including proteins that can be used as pharmaceuticals, vaccines, nanomaterials and tiny sensors, the Nobel committee said. "The number of designs that they have, produced and published, and ... the variety is

absolutely mind blowing. It seems that you can almost construct any type of protein with this technology," said Professor Johan Åqvist of the Nobel committee. Hassabis and Jumper created an artificial intelligence model that has been able to predict the structure of virtually all the 200 million proteins that researchers have identified, the committee added. Linke said scientists had long dreamt of predicting the three-dimensional structure of proteins. "Four years ago in 2020, Demis Hassabis and John Jumper managed to crack the code. With skillful use of artificial intelligence, they made it possible to predict the complex structure of essentially any known protein in nature," Linke said. "Another dream of scientists has been to build new proteins to learn how to use nature's multi-tool for our own purposes. This is the problem that David Baker solved," he added. "He developed computational tools that now enable scientists to design spectacular new proteins with entirely novel shapes and functions, opening endless possibilities for the greatest benefit to humankind."

## UK auction house withdraws sale of 'Naga Human Skull' amid outcry

**PTI ■ LONDON**  
A UK auction house has withdrawn a 'Naga Human Skull' from its lots for a live online sale on Wednesday following outcry in India over the issue. The Swan auction house at Tetsworth in Oxfordshire had a series of skulls and other remains originating from around the world as part of 'The Curious Collector Sale, Antiquarian Books, Manuscripts & Paintings. The '19th Century Horned Naga Human Skull, Naga Tribe' was slated as Lot No. 64 and resulted in protests in Nagaland, led by Chief Minister Neiphiu Riu who sought the intervention of External Affairs Minister S Jaishankar to stop the hurtful sale. "The news of the proposed auction of Naga human remains in the UK has been received by all sections in a negative manner as it is a highly emotional and sacred issue for our people. It has been a traditional custom of our people to give the highest respect and honour for

the remains of the demised," said Riu in his letter. He urged the minister to take up the matter with the High Commission of India in London so that steps are taken to ensure that the auction of the skull can be stopped after the Forum for Naga Reconciliation (FNR) raised concerns over the matter. "This piece would be of particular interest to collectors with a focus on anthropology and tribal cultures," reads the description of the auction lot, listed for an opening bid of GBP 2,100 (Rs 23 lakh approximately) with the auctioneer's estimate expecting it to fetch as much as GBP 4,000 (Rs 43 lakh approximately). Its provenance is traced back to the collection of 19th century Belgian architect Francois Coppens. The FNR asserted that the auction of the human remains contravenes Article 15 of the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), which says: "Indigenous Peoples

have a right to the dignity and diversity of their cultures, traditions, histories and aspirations which shall be appropriately reflected in education and public information." FNR then contacted the auction house directly to condemn the sale and to call for the object to be repatriated to Nagaland. The organisation is one of many indigenous groups from across the world that is currently in dialogue with the Pitt Rivers Museum in Oxford about artefacts held in the museum's collection. Laura Van Broekhoven, director of the museum, told the BBC she was "outraged" at some of these items going up for auction. "The fact these objects were taken is really painful, and the fact that they were being put on sale is really disrespectful and inconsiderate," said Broekhoven. "We're conscious that the remains would have been collected in the 19th and 20th centuries, but for them to be on sale in 2024 was quite shocking," she said.

## Time to evacuate is running out as hurricane closes in on Florida

**AP ■ TAMPA (US)**  
Hurricane Milton churned Wednesday toward a potentially catastrophic collision along the west coast of Florida, where some residents insisted they would stay after millions were ordered to evacuate and officials warned that strangers would face grim odds of surviving. The Tampa Bay area, home to more than 3.3 million people, faced the possibility of widespread destruction after avoiding direct hits from major hurricanes for more than a century. The National Hurricane Center predicted Milton, a Category 5 hurricane during much of its approach, would likely weaken but remain a major hurricane when it makes landfall late Wednesday or early Thursday. "Milton has the potential to be one of the most destructive hurricanes on record for west-central Florida," the center warned. Milton was centered about 485 kilometers southwest of Tampa early Wednesday with maximum sustained winds of 260 kph, the hurricane center reported. It was moving northeast at 22 kph early Wednesday and was expected to continue moving in that direction with an increase in its forward speed through Wednesday night, with landfall expected late Wednesday or early Thursday morning. It was expected to turn toward the east-northeast and east on Thursday and Friday. Heavy rain was beginning to spread across parts of southwestern and west-central Florida ahead of Milton early Wednesday, and weather conditions were expected to deteriorate across parts of the Florida Gulf Coast throughout the day, the center said. Six to 12 inches of rain, with localized totals up to 18 inches, were expected across central to

northern portions of Florida through Thursday, bringing the risk of catastrophic and life-threatening flash and urban flooding, and moderate to major river flooding. Several tornadoes were likely Wednesday across parts of central and southern Florida. Forecasters predicted the storm will retain hurricane strength as it crosses central Florida on Thursday on a path east toward the Atlantic Ocean. The hurricane's precise track remained uncertain, as forecasters Tuesday evening nudged its projected path slightly south of Tampa. Thousands of fleeing cars clogged Florida's highways ahead of the storm, but time for evacuations was running out Wednesday. Tampa Mayor Jane Castor noted that up to 15 feet of storm surge forecast for her city would be deep enough to swallow an entire house. "So if you're in it, basically that's the coffin that you're in," Castor said. Milton targets communities still reeling two weeks after Hurricane Helene flooded streets and homes in western Florida along its devastating march that left at least 230 dead across the South. In the bayside town of Punta Gorda, about 160 kilometers south of Tampa, streets were still filled Tuesday with 5-foot piles of soggy furniture, clothing, books, appliances and other trash dragged from damaged homes. Many homes sat vacant, but accountant and art collector Scott Joiner remained on the second floor of the New Orleans-style home he built 17 years ago. Joiner said bull sharks swam in the flooded streets and a neighbor had to be rescued by canoe when Helene passed and flooded the first floor of his home. "Water is a blessing to have," Joiner said, "but it is very deadly." Joiner said he planned to go another round and ride out Milton, despite the risk. Authorities have issued mandatory evacuation orders across 11 Florida counties with a combined population of about 5.9 million people, according to US Census Bureau estimates. Officials have warned that anyone staying behind must fend for themselves, as first responders are not expected to risk their lives attempting rescues at the height of the storm. In Riverview, south of Tampa, several drivers waiting in a long line for fuel Tuesday said they had no plans to evacuate.

# North Korea vows to block border with South, build defence structures

AP ■ SEOUL (SOUTH KOREA) North Korea said Wednesday it will permanently block its border with South Korea and build frontline defence structures to cope with "confrontational hysteria" by South Korean and US forces, while not announcing an expected constitutional revision to formally designate South Korea its principal enemy and codify new national borders.

It said that "the hostile forces are getting ever more reckless in their confrontational hysteria." It cited what it called various war exercises in South Korea, the deployment of US strategic assets and its rivals' harsh rhetoric. South Korea's military said later Wednesday that it won't tolerate any attempt by North Korea to change the status quo. It said South Korea will "overwhelmingly punish" North Korea if it launches provocations. A South Korean military statement said North Korea's nuclear and missile programs have threatened peace on the Korean Peninsula. South Korean officials earlier said North Korea had already been adding anti-tank barriers and reinforcing roads on its side of the border since April in a likely attempt to boost its frontline security posture and prevent its soldiers and citizens from defecting to South Korea. In a report to parliament on Tuesday, South Korea's Unification Ministry said that North Korea has been removing ties on the northern side of cross-border railways and near-by lamps and planting mines along the border.

Kim's order stunned many North Korea watchers because it was seen as breaking away with his predecessors' long-cherished dreams of achieving a unified Korea on the North's terms. Experts say Kim likely aims to diminish South Korea's voice in the regional nuclear standoff and seek direct dealings with the US. They say Kim also likely hopes to diminish South Korea's cultural influence and bolster his rule at home. Tensions on the Korean Peninsula are at their highest point in years, with North Korea continuing a run of provocative weapons tests and South Korea and the US expanding their military drills. KCNA said North Korea on Tuesday tested a long-range artillery system that observers say pose a direct threat to Seoul, the South Korean capital, which is only an hour's drive from the border.

might have delayed the constitutional revision but others speculated it amended the constitution without announcing it because of its sensitivity. Kim's order stunned many North Korea watchers because it was seen as breaking away with his predecessors' long-cherished dreams of achieving a unified Korea on the North's terms. Experts say Kim likely aims to diminish South Korea's voice in the regional nuclear standoff and seek direct dealings with the US. They say Kim also likely hopes to diminish South Korea's cultural influence and bolster his rule at home. Tensions on the Korean Peninsula are at their highest point in years, with North Korea continuing a run of provocative weapons tests and South Korea and the US expanding their military drills. KCNA said North Korea on Tuesday tested a long-range artillery system that observers say pose a direct threat to Seoul, the South Korean capital, which is only an hour's drive from the border.

# Ishiba dissolves Japan's lower house

AP ■ TOKYO Prime Minister Shigeru Ishiba dissolved Japan's lower house of parliament Wednesday to set up an October 27 early election and seek the voters' mandate for his 9-day-old government. Ishiba took office last week as Fumio Kishida resigned after three years leading the governing Liberal Democratic Party as it was dogged by corruption scandals. With the early election, Ishiba is seeking to secure his governing party a house majority while he is still fresh and before the congratulatory mood fades. The move has been criticised as prioritising an election rather than policies and for allowing little debate. But Japan's opposition has remained too fractured to

push the governing party out of power. Ishiba announced his plans for an election even before he won the party leadership vote and became prime minister. His Cabinet planned later Wednesday to formally announce the election date and the start of campaigning next Tuesday. Ishiba and his Cabinet will stay in office until they win the election and are reappointed. The speaker of the house, Fukushima Nukaga, announced the dissolution of the lower, more powerful of the two parliamentary chambers at a plenary session. All 465 lawmakers stood up, chanted "banzai" and rushed out of the assembly room. Official campaigning begins next Tuesday. "We will act fairly and

squarely in order to win the people's endorsement for the current administration," Ishiba told reporters. "Even while the lower house is dissolved the Japanese government must fully function" in tackling national security, disaster response and deflation, he said. "We will devote all our body and soul for the people." Ishiba is to explain the election plans at a news conference late Wednesday, just before heading to Laos to make his diplomatic debut at the Association of Southeast Asian Nations summit. Opposition leaders have criticized him for rushing to hold an election allowing only three days of parliamentary debate on his policies and before achieving any results. Even though opposition

parties are too fractured to topple the governing party's almost uninterrupted postwar rule, the first public support ratings for Ishiba as prime minister were around 50% or even lower, the lowest levels for a new leader, according to Japanese media. Ishiba is increasingly seen as backpedaling on a number of proposals he previously advocated so he won't create controversy ahead of the election. In his first policy speech at parliament Friday, he did not touch on his goal of establishing a stronger regional military framework and a more equal Japan-US security alliance, a dual surname option for married couples, and other issues seen as controversial or opposed by conservatives within the governing party.

# US plans to end Google monopoly

AP ■ WASHINGTON The US Department of Justice is considering asking a federal judge to force Google to sell parts of its business in order to eliminate its online search monopoly. In a late court filing on Tuesday, federal prosecutors also said the judge could ask the court to open the underlying data Google uses

to power its ubiquitous search engine and artificial intelligence products to competitors. "For more than a decade, Google has controlled the most popular distribution channels, leaving rivals with little-to-no incentive to

compete for users," the antitrust enforcers wrote in the filing. "Fully remedying these harms requires not only ending Google's control of distribution today, but also ensuring Google cannot control the distribution of tomorrow."

To that end, the department said it is considering asking for structural changes to stop Google from leveraging products such as its Chrome browser, Android operating system, AI products or app store to benefit its search business.

## STORES E-PROCUREMENT

**Tender Notice No.: S/22/2024-25; Dated: 08-10-2024.** E-Tenders are invited by the undersigned for the following works:-  
**SN. 1; Tender No. 60/23/5049A/OT/178/2024-25; Closing/Opening Date: 14-10-2024**  
**Brief Description, P.L. No. & Qty:** (1) Combined Airless Centrifugal Shot Blasting and Shot Peening Plant for coil spring and laminated spring coil. [Warranty Period: 24 Months after the date of delivery]. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-654401390010. (2) Cost of concomitant accessories according to tender specifications. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440140. (3) Cost of any other accessory which is in the opinion of supplier is essentially required for making the machine fully functional. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440141. (4) Optional accessories with break up of individual items as specified in clause 4.4 of Section-IV. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440144. (5) Spares for 2 years normal operation and maintenance as per clause 5 of Section-V. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440145. (6) Consumables as per clause 6 of Section-V with break up of individual items as applicable. [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440146. (7) Cost of comprehensive AMC for five years after the warranty as per clause 17. AMC will be started as required by consignee. [Warranty Period: years, AMC Period: 5 years, Rate of Discounting: 10% Start After Year:2]. [Inspection Agency: CONSG, Stage Insp: NA, Stages: 0]. [Item Type: AMC]. Qty- 1 Set for SSE/MWS/DBWS, NFR (Assam), P.L. No.-65440139.

**SN. 2; Tender No. 30/24/1329/OT/179/2024-25; Closing/Opening Date: 15-10-2024**  
**Brief Description, P.L. No. & Qty:** Set for control arm for LHB goods consisting of (1) Control Arm Lower Left, Drg. no. FIAT 1267716 ver 00R2 or latest. (2) Control arm upper to FIAT Drg No. 1277122 Ver-01R3 or latest Mat Spec:- 17.334 100 06/107/01, Amnd.01, MDTs-166 Rev-02, IS-1865-91 SG 400/18L. [Warranty Period: 30 Months after the date of delivery] [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. (i) Qty- 140 Nos for Dibrugarh Town Workshop Depot, NFR, (Assam). (ii) Qty: 60 Nos for Pandu, GSD, NFR (Assam) (iii) Qty: 1632 Nos for New Bongaigaon Workshop Depot, NFR (Assam). (iv) Qty: 20 Nos for New Jalpaiguri GSD, NFR (West Bengal). (v) Qty: 13 Nos for Kathihar GSD, NFR (Bihar), P.L. No.-33500137.

**SN. 3; Tender No. 60/24/5059/OT/180/2024-25; Closing/Opening Date: 16-10-2024**  
**Brief Description, P.L. No. & Qty:** (1) Electric Driven Screw Air Compressor (500cfm) 10 Kg/cm2. [Warranty Period: 24 Months after the date of delivery] [Inspection Agency: TPI, Stage Insp: No, Stages: 0]. [Item Type: Goods]. Qty- 1 set for SSE/D/New Guwahati, NFR (Assam). P.L. No.-650500072377. (2) Cost of Comprehensive AMC for five years after the warranty as per clause 17. [Warranty Period: 2 years, AMC Period: 5 years, Rate of Discounting: 10%, Start after year:2] [Inspection Agency: CONSG, Stage Insp: NA, Stages: 0]. [Item Type: AMC]. Qty- 1 Set for SSE/D/New Guwahati, NFR (Assam) P.L. No.- 65050004. (3) Cost of concomitant accessories according to tender specifications. [Inspection Agency: CONSG, Stage Insp: NA, Stages: 0]. [Item Type: Service]. Qty- 1 Set for SSE/D/New Guwahati, NFR (Assam) P.L. No.- 65050007. (4) Cost of any other accessory which in the opinion of supplier is essentially required for making the machine fully functional. [Inspection Agency: CONSG, Stage Insp: NA, Stages: 0]. # Not appropriate to speak on rate cut now: RBI Governor Shaktikanta Das

PTI ■ NEW DELHI

RBI Governor Shaktikanta Das on Wednesday said the confidence in inflation cooling down in the near future, resulting in a better balance between growth and price rise, led the central bank to change the policy stance to neutral. He, however, made it clear that there are "significant risks" to inflation like the ones arising out of geopolitical tensions, and it is "not appropriate" to talk about a rate cut for now. On whether the change in stance to 'neutral' from earlier 'withdrawal of accommodation' should be seen as the RBI's pivoting, he said that it is for others to assess. "We have changed the stance at the moment because we see that growth and inflation, they are well poised, the balance is well poised. So, the MPC (monetary policy committee) considered it appropriate, the timing is appropriate to shift the stance to neutral," he told reporters at the customary post-policy review. "We have now greater

confidence that inflation is moderating, but we are acutely aware that there are significant risks," he said, adding that the change in stance gives greater flexibility and optionality to the rate-setting panel to manoeuvre in the future on rates. Earlier in the day, the RBI

held its interest rates for the tenth consecutive time but changed the stance, igniting hopes of a decrease in rates. There was "no point" and "justification" in continuing with the earlier, as the RBI has achieved what it wanted to, Das said, adding that the future is full of

"uncertainties". "These uncertainties and the risks cannot be underestimated. It will not be appropriate to specifically sort of talk in terms of timing of a rate cut," he said. Using the horse bolting out

from the stable analogy deployed earlier to illustrate the inflation fight, Das said the RBI needs to be "very careful" about opening the gate of the stable. When asked if we should look forward to a rate cut at the next policy review in December or even earlier, Deputy Governor Michael Patra said the whole attention is focused on the near-term hump in inflation, wherein the RBI expects the October number to come at over 5 per cent. The RBI will focus on the near-term hump on the inflation before even thinking of the "next move", Patra said. The central bank has decreased its estimate on crude oil prices to USD 80 per barrel from USD 85 per barrel earlier because of the softer medium-term outlook on the commodity. The DG said the oil-producing countries have committed to continue with supply at higher levels into 2025, expectations of lower demand made by the International Energy Agency and growing reliance on renewable energy sources.

# Sensex, Nifty declines as RBI changes stance to neutral

PTI ■ MUMBAI

Benchmark equity indices Sensex and Nifty pared early gains to settle lower on Wednesday due to late selling in index major Reliance Industries, ITC and HDFC Bank even as the RBI took its first step towards a rate cut in its monetary policy review. Erasing its early gains, the 30-share BSE Sensex fell 167.71 points or 0.21 per cent to close at 81,467.1. During the day, it surged 684.4 points or 0.83 per cent to hit an intraday high of 82,319.21. The NSE Nifty dropped 31.20 points or 0.12 per cent to end at 24,981.95. In the intraday trade, it jumped 220.9 points or 0.88 per cent to hit a hit of 25,234.05. The Reserve Bank of India (RBI) kept its key interest rate unchanged on Wednesday but took the first step towards a rate cut as it eased its relatively hawkish policy stance to 'neutral'. The monetary policy committee, which included three RBI officials and an equal number of new external members, voted five-to-one to keep the benchmark repurchase or repo rate - which governs the interest rate of home, auto, corporate and other loans - at 6.5 per cent for a 10th straight policy meeting.

Among the 30 Sensex companies, ITC, Nestle India, Hindustan Unilever, Reliance Industries, Larsen & Toubro and HDFC Bank were among the major laggards. On the contrary, Tata Motors, Tech Mahindra, State Bank of India, Maruti Suzuki India, Bajaj Finance, Axis Bank, Bajaj Finserv and Bharti Airtel were among the gainers. European markets were trading higher in mid-session deals. "An upward revision in Q3FY25 inflation reiterates that the sticky inflation continues to remain a concern for the RBI and led investors to book profit towards the close. The volatility in input prices and the impact on margin dragged the FMCG stocks," Vinod Nair, Head of Research, Geojit Financial Services said. The change in RBI's stance to neutral was favourable and

expected, but the commentary is not pointing for a rate cut in the near term, Nair added. Foreign Institutional Investors (FIIs) offloaded equities worth Rs 5,729.60 crore on Tuesday, while Domestic Institutional Investors (DIIs) bought equities worth Rs 7,000.68 crore, according to exchange data. In Asian markets, Shanghai, Hong Kong, and Seoul settled in negative territory while Tokyo quoted in the positive territory. Global oil benchmark Brent Crude climbed 0.87 per cent to USD 77.85 a barrel in futures trade. US markets ended with gains in overnight deals on Tuesday. On Tuesday, the 30-share BSE Sensex rose by 584.81 points or 0.72 per cent to close at 81,634.81. The NSE Nifty jumped 217.40 points or 0.88 per cent to finish at 25,013.15.

# New PLI scheme for drones to boost industry

PTI ■ NEW DELHI

The government plans to come out with a new Production-Linked Incentive (PLI) scheme for the drones sector that will be more effective in terms of implementation, documentation and other aspects. Civil Aviation Secretary Vumlung Vualnam on Wednesday said the government is looking at moving to the next PLI scheme for the drones sector. The first PLI scheme for drones, introduced in 2021 with an outlay of Rs 120 crore for three financial years starting from 2021-22, has ended. While acknowledging that some procedures under the first scheme were onerous on startups and Ministry of Micro, Small and Medium Enterprises (MSMEs) in the drone sector, the civil aviation secretary said the government will look at a more efficient PLI scheme in terms of implementation, documentation and the processes that are adopted. According to Vualnam, the drone sector has to be segregated into three segments those for civilian use, security/defence forces use, and the

rogue or unregulated use of drones. "We have to be very clear about how we approach the three areas," he said and highlighted that certain incidents of rogue use of drones could become impediments when youngsters, startups and women self-help groups are to use more drones. "We have to be cognisant of that Counter drone technologies are being developed," he said, while speaking at a conference organised by industry body Ficci. In a discussion paper, Ficci

suggested that the government should bring counter drone systems and components under the next phase of the PLI scheme. The outlay under the new scheme should be increased to Rs 1,000 crore to support startups and new entrants to develop drones with more indigenous components and sub-systems. The civil aviation secretary also said tenders are ready for procuring 3,000 more drones under the Namu Drone Didi Scheme. The scheme seeks to provide agricultural drones to rural women and 15,000 drones will

be given to women-led self-help groups. The first set of 1,000 drones have been acquired and distributed. The tenders for 3,000 drones under the scheme are ready and will be issued by the agencies concerned soon, Vualnam said. Additional Director General at the Army Design Bureau Major General C S Mann stressed on the importance of indigenisation. "We need to have truthfulness in the claims of indigenous capabilities. Only then will we be able to address the challenges.

# Mercedes-Benz India sees record sales growth

PTI ■ MUMBAI

German luxury car manufacturer Mercedes-Benz on Wednesday said its car sales in India grew over 13 per cent year-on-year to 14,379 units in the first nine months of 2024, registering the best-ever performance in January-September period. The company further said the September quarter delivered over 21 per cent more cars at 5,117 units, in comparison to the corresponding quarter of the last year. "With 14,379 new Mercedes-Benz delivered year-to-date in

January-September (+13 per cent) including 5,117 units (+21 per cent) in Q3 '24 alone; Mercedes-Benz continues to buck the industry trend," the company said in a statement. Mercedes-Benz India said the battery electric vehicle (BEV) sales logged 84 per cent growth at 800 cars in the January-April period of the year, over the same period of 2023, which was the highest than any other luxury brand in the domestic market. At the same time, the top-end vehicles grew by 18 per cent, it stated.

# Karnataka CM offers IT growth support to Maldives

PTI ■ BENGALURU

Karnataka Chief Minister Siddaramaiah on Wednesday offered to facilitate the growth of the information technology industry in Maldives, and expressed keenness to promote the state's handicraft and handloom products to tourists visiting the island nation. Addressing a delegation led by Maldivian President Mohamed Muizzu, who was accompanied by his wife Sajidha Mohamed, at Raj Bhavan here, he said Karnataka, known as the Silicon Valley of India, has developed an ecosystem for start-ups. Artificial Intelligence, global capacity building centres and innovation. "I am given to understand that the government of Maldives is interested in having partnerships with the leading IT industry of

Bengaluru," he said. "We will be very happy to facilitate the growth of the IT industry in Maldives," he said. Siddaramaiah said he was pleased to note that Sajidha Mohamed was a student in Bengaluru. He said the State would be happy to have trade ties with Maldives to promote the marketing of its handicrafts and handlooms to reach out to a large number of tourists visiting the island nation. Karnataka, the Chief Minister said, is known for its diversity of nature, culture and rich heritage. Siddaramaiah noted that the state's tourism tagline is: "One State, Many Worlds". "Apart from almost 300 km of coastline, we have the world's second largest 'Shola Forest' hosting Tiger and Bird Sanctuaries. We look forward to a partnership with Maldives to promote educational and cultural exchange," he added.

# RBI enhances UPI Lite wallet limit to ₹ 5,000

PTI ■ MUMBAI

The Reserve Bank on Wednesday announced the increase of the UPI Lite wallet limit to Rs 5,000 and per-transaction limit to Rs 1,000, in order to encourage wider adoption of the popular instant payment system through mobile phones. A limit of Rs 500 per transaction and an overall limit of Rs 2,000 per UPI Lite wallet, is presently applicable, with the facility of auto-replenishment. Unveiling the October bi-

monthly monetary policy, Reserve Bank Governor Shaktikanta Das also said the per-transaction limit in UPI123Pay will be enhanced to Rs 10,000 from the current Rs 5,000. UPI123 was launched in March 2022, with a view to enable feature-phone users to use UPI. This facility is now available in 12 languages. In another customer-friendly initiative, Das announced a beneficiary account name look-up facility for Real Time Gross Settlement System (RTGS) and National

Electronic Funds Transfer (NEFT) systems will be introduced. Payment Systems like UPI and IMPS provide a facility to the remitter to verify the name of the receiver (beneficiary) before initiating a payment transaction. There have been requests to introduce such a facility for RTGS and NEFT systems, the Governor said. "Accordingly, to enable remitters in RTGS and NEFT to verify the name of the beneficiary account holder before initiating funds

transfer, it is now proposed to introduce a beneficiary account name look-up facility," he said. Remitters can input the account number and the branch IFSC code of the beneficiary, following which the name of the beneficiary will be displayed. This facility will increase customer confidence as it would reduce the possibility of wrong credits and frauds, Das said. The Central bank will also create Reserve Bank Climate Risk Information System (RB-

CRIS) amid climate change emerging as one of the significant risks to the financial system. Das said it is crucial for regulated entities to undertake climate risk assessments for ensuring stability of their balance sheets and that of the financial system. Such an assessment requires, among other things, high quality data relating to local climate scenarios, climate forecasts, and emissions, he said. The available climate-related data is characterised by

various gaps such as fragmented and varied sources, differing formats, frequencies and units. To bridge these gaps, Das said the Reserve Bank proposes to create a data repository RB-CRIS comprising two parts. The first part will be a web-based directory, listing various data sources, (meteorological, geospatial, etc.) which will be publicly accessible in the RBI website. The second part will be a data portal consisting of datasets (processed data in standardised formats).

# Tata Power-DDL urges citizens for safe festivities

PNS ■ NEW DELHI

Tata Power Delhi Distribution Limited (Tata Power-DDL) has urged citizens of Delhi to refrain from burning effigies of Ravana, Kumbhakarna, and Meghanada near electrical installations and overhead power lines during Dussehra celebrations. The company highlights that such activities pose serious safety risks, including potential fire hazards, power outages, and disruptions to essential services, which could cause widespread inconvenience. The discom is conducting a comprehensive safety drive for its consumers and field staff to minimize the risk of electricity-related mishaps during the festive season. Tata Power-DDL is continuously working towards ensuring a safer festive season. In this quest, the discom has checked more than 2.28 Lakh installations including plain cement and concrete (PCC) poles, street light, stray wires, towers, rail poles, fencing of sub stations, feeder & service pillars, PWD Poles, MCD Poles, ATMs and lights installed in parks for any unsafe situation/hazard & rectifications thereof.

# Deepaknath appointed DDG of BAI

PNS ■ NEW DELHI

Deepaknath PJ on Wednesday has been appointed as the Deputy Director General of the Brewers Association of India (BAI), the apex body of the beer industry representing India's largest beer makers such as the AB InBev, Carlsberg, and the United Breweries (a Heineken company). Deepaknath would be based out of Bengaluru and would drive public policy advocacy for the beer industry in the South and West regions of India, besides co-ordinating some pre-designated pan-India initiatives. He has a strong background in beer and public policy advocacy. "With his vast experience in beer, public policy advocacy, and a deep understanding of the regulatory policy on both beer and spirits, I am sure he would add great value to the BAI and play a key role in shaping up public discourse and regulatory policy towards beer, a more responsible and sustainable alcoholic beverage choice," said Mr Vinod Giri, DG, BAI.

# Flyzy to invest ₹ 10 crore in new product

PNS ■ NEW DELHI

Flyzy on Wednesday announced an investment of INR 10 crore in tryvisa, their new product. This platform streamlines online visa applications. Flyzy has already disrupted the traditional B2B travel industry. With this investment, the brand is expanding in the B2C space and aims to make this product into India's largest 'Made in India' visa solutions provider, at par with global standards. At present, the visa

international players or small scale companies. Tryvisa is a unique, Made in India product which will be a game changer in Indian travel-tech. With this investment, Flyzy will provide a dedicated visa support team for documentation ensuring that the tryvisa users have a hassle free experience. It will offer the best in class customer support, a service, Flyzy is renowned for. With the launch of this new product, Flyzy is forecasted to disrupt the travel-tech sector.

# US Ryder Cup captain Bradley says security will be watching

**AP ■ NEW YORK**  
US Ryder Cup captain Keegan Bradley has offered a warning about Bethpage Black that does not need a special sign by the first tee: Organisers will have security inside the ropes to make sure the New York crowd doesn't get out of control. Bradley and European captain Luke Donald met in Manhattan for a news conference on Tuesday signally (roughly) a year out from the September 26-28 matches at Bethpage Black, the public course on Long Island with a reputation for rough crowds. "I have total faith in the fans of New York to cheer on their team, proudly and loudly," Bradley said. "I don't want them to cross the line, to do anything that would affect the course of play. But it's going to be a tough atmosphere. It's going to be tough for both teams." Bradley said there would be security "monitoring the situation." "It's really important to us - the US side - that it's a fair place to play for both teams," he said. "Nobody on either team wants this to get uncomfortable or weird out there. But listen, you come into Yankee Stadium, you come into Madison Square Garden, you come into these places, it's a tough place to play, and Luke and the boys know that."

"The PGA of America is going to do a great job making sure everything's right." Bethpage State Park has a sign on the first tee that says, "Warning: The Black course is an extremely difficult course which we recommend only for highly skilled golfers." The skill level won't be an issue. Bradley said he is keeping the same criteria for the American team - six qualifiers through the points list, six captain's picks - and he and Donald said they wouldn't hesitate to take players from Saudi-backed LIV Golf if they are eligible. The crowd is as notorious as the difficulty of Bethpage Black, the first truly public golf course (excluding high-end resorts) to host the Ryder Cup. It previously held the US Open in 2002 and 2009, and the PGA Championship in 2019, when Brooks Koepka heard it from the crowd as he was letting a big lead slip away before holding on to win. Sergio Garcia was heckled so badly in the 2002 US Open, when he was constantly regripping the club, that the Spaniard answered with the middle finger. And now there are American and European flags involved at the most patriotic event in golf. It's tough on the opposing team regardless of which side of the Atlantic Ocean the matches are played, but American crowds

stand out. Europe at least will have fans, unlike the last time on US soil at Whistling Straits when the COVID-19 pandemic made it almost an entirely US fan base. "The Ryder Cup is special because it is spirited. Passions are high. Energy is high," Donald said. "You want to see that amongst the players. You certainly don't want to see the spirit of the Ryder Cup endangered in any way." "But again, the PGA of America have things in place. If there's outbursts or if there's anything deemed inappropriate, they will deal with that." Bradley, who won the BMW Championship in August and delivered the winning point for the Americans in the Presidents Cup last month, has said he would give up his captaincy to play the Ryder Cup team only if he made the team on points. That's so far out that he said it's not on his mind, though he would have assistant captains in place to take over if that's how it plays out. Koepka was the only LIV player on the American team that last lost

year at Marco Simone outside Rome. Rahm and Tyrrell Hatton had not yet defected to LIV. Donald said those two, or any other European-born player with LIV, could be considered as long as they met rules for being a European tour member. As for the US points system, it rewards 1 point for every dollar earned at majors and The Players Championship in 2024, and 1 point on the dollar for every tournament in 2025 (except opposite-field events), and 1.5 points on the dollar at the 2025 majors. Xander Schauffele, a double major winner this year, has a narrow lead over Scottie Scheffler, who won the Masters and The Players Championship. Schauffele performed better in the other two majors he didn't win. Europe has won 10 of the last 14 times dating to 1995, though winning on the road is becoming more difficult ever since Paul Azinger persuaded the PGA of America to change its qualifying system to be based off money when he was the winning captain in 2008. Europe's last road win was in 2012 at Medinah, when it staged a stunning rally. "The last few times we've played away, the results have been one-sided towards the US," Donald said.

## PBG Alaskan Knights one win away from GCL final

**PTI ■ LONDON**  
PBG Alaskan Knights were placed at the top spot with 18 match points and a win away from securing their place in the final of the Global Chess League (GCL) here. The Knights have so far registered six victories in seven matches and are six points ahead of Triveni and Alpine SG Pipers. With three matches left before the knockout stage, the Knights are in the pole position to seal a spot in the final. Despite their comfortable standing, the Knights' Anish Giri, on top board, was cautious about his team's position. "It's not done yet, we still need to get to the final and win. But so far it's going well and I'm happy with everything, that's for sure," he said. In a stunning upset earlier on Tuesday, the Mumba Masters defeated the favourites Alpine SG Pipers.

On board one, Magnus Carlsen was left reeling after a blunder in a combination allowed Maxime Vachier-Lagrave to claim victory. Visibly upset, Carlsen stormed out of the venue. The Mumba Masters capitalised on this momentum to secure a dominant 14-5 win and deliver a major blow to the Pipers' chances of closing in on the league's leaders. In the second match of the day, the winners of season one, Triveni Continental Kings were defeated by American Gambits 14-5. The match saw Alireza Firouzja lose the first game in the tournament - blundering in an even rook endgame against the world No 2 Hikaru Nakamura. The day closed with the Knights confidently defeating Ganges Grandmasters 15-4. Playing as Black, the Knights started with a defeat but quickly took control of the match, winning on three boards.

## Nepal's Nima Rinji Sherpa becomes youngest to scale 14 tallest peaks

**PTI ■ KATHMANDU**  
Nepal's 18-year-old Nima Rinji Sherpa has become the youngest climber ever to scale each of the 14 tallest mountains (over 8,000 meters) in the world with his successful summit of Mt Shishapangma in China. Nima and his partner Pasang Nurbu Sherpa reached the summit of the Shishapangma, which stands at 8,027 meters above sea level, shortly after 6:00am (China Standard Time), which is 3:30am in IST, on Wednesday, the youngest announced on his Instagram page. "Today, as I stand atop my 14th 8000-meter peak, I dedicate this world record to my project, #SherpaPower," he posted. "This summit is not just the culmination of my personal journey, but a tribute to every Sherpa who has ever dared to dream beyond the

story of the Sherpa community. "Slowly, I realised, the Sherpas, my community, we have always been in the shadows and all the international athletes that you see, no one is from Sherpa community (in the front), but we are always the ones backing them up," he told PTI in an interview in May this year.

"We're always carrying their equipment, carrying their food, the load, fixing the ropes, looking after the weather condition, looking after their safety, looking for the rescue things." "All those things are being looked after by us, but our names are always somewhere down the line. That's when I decided (that) I want to climb more for this, for my community more, rather than for myself," said Nima, who prefers to go without oxygen support for the first 7,000 metres. Perhaps the biggest achievement for the young mountaineer came when he scaled Mt Everest (8848.86m) and Mt Lhotse (8516) in a span of a mere 10 hours when he was a little over 17 years, in May 2023. Like he did when he scaled Mt Manaslu, Nima became the youngest to climb the Nanga Parbat (8125m) in June 2023.

In his bid to become the youngest ever, Nima went on to climb Mt Gasherbrum I (8068m), Mt Gasherbrum II (8035m), Mt Broad Peak (8047m) and Mt K2 (8,611m) in July 2023 while he reached the peak of Mt Cho-Oyu (8188m) in October 2023. Nima had a successful year 2023 scaling the Mt Dhaulagiri (8167m) in September but took a break after four climbers died an avalanche at Shishapangma. "One of them was very close to me, we had climbed five mountains together in Pakistan. He was like a hero to me and a very strong Sherpa. But to know that he got caught in the avalanche and passed away, that was very tough for me," he said. Nima returned to scaling the peaks earlier this year reaching the top of Mt Annapurna I (8091m) in April and the top of Mt Makalu (8485m) in May 4.

## Lakshya Sen enters second round of Arctic Open after opponent concedes match

**PTI ■ VANTAA (FINLAND)**  
India's star shuttler Lakshya Sen progressed to the men's singles round of 16 at the Arctic Open Super 500 tournament after his opponent Rasmus Gemke withdrew from the opening round match here on Wednesday. Sen, who lost out on a maiden Olympic medal in Paris after defeat in the bronze medal play-off contest, will be up against the winner between seventh seed Chou Tien Chen of Chinese Taipei and qualifier Arnaud Merkle of France in the next round. Qualifier Kiran George is the only other Indian in action on Wednesday. He will take on Tzu Wei Wang of Chinese Taipei later in the day. Earlier on Tuesday, rising Indian shuttler

Malvika Bansod continued her impressive form this year, pulling off a stunning upset against world No 23 Sung Shuo Yun of Chinese Taipei to advance to the women's singles pre-quarterfinals. The 23-year-old southpaw, who clinched

her first title in over two years at the Azerbaijan International in February, showed her resilience in a hard-fought match, winning 21-19, 24-22 in 57 minutes. However, the challenge will intensify in the next round as the Nagpur shuttler prepares to face a former world champion in Ratchanok Intanon of Thailand in the second round. Another promising Indian shuttler Unnati Hooda defeated Brazil's Juliana Viana Viera 21-16, 23-25, 21-17 to set up an encounter against Michelle Li of Canada. Rising Aakarshi Kashyap had also progressed to the round of 16 on Tuesday night, beating Germany's Yvonne Li 21-19, 21-14. She will be next to be up against second seed Yue Han of China.

## Kush Maini eyes for F1

**RISHABH MALIK ■ NEW DELHI**  
Indian racer Kush Maini, a rising talent in the motorsport world, continues to make headlines with his impressive performances in the 2024 FIA Formula 2 Championship. Driving for Campos Racing, Maini has shown remarkable consistency throughout the season, cementing his place as a strong contender in the highly competitive racing series. In an event IAMGAME CONCLAVE 2024, Maini shared the future of Motorsports in India what challenges one can face if anyone wants to pursue a career in Motorsports talking about himself he shared "he was 12 when he left the country to pursue his career in Motorsports World and his family was supportive enough to make his dreams come true." Currently He is contesting the competition in F2 and a member of the Alpine Academy and also prominent as a reserve driver for Mahindra Racing in Formula E. He started his season off by

## Surprised at your decision to retire: Sports minister Mansukh Mandaviya writes to Karmakar

**PTI ■ NEW DELHI**  
Sports Minister Mansukh Mandaviya on Thursday wrote to Dipa Karmakar conveying his surprise at her decision to retire, a couple of days after the trailblazing Indian gymnast called time on her career. The 31-year-old Karmakar, who became the first Indian woman gymnast to represent the country at the Games in the 2016 Rio Olympics and finished fourth, announced her retirement on Monday. "I got to know about your retirement from gymnastics. While your decision surprised me, I have full faith that you have taken this decision keeping in mind your priorities in life and the experiences that you have had. I completely respect your decision," Mandaviya wrote in a letter to Karmakar. "Your journey in gymnastics, which began at the age of six, has been inspirational. You have scaled the highs in the sport and made the country proud despite facing so many difficulties." "Being awarded with the Major Dhyan Chand Khel

Ratna Award and the Padma Shri is the indication of your unique contribution," he added. Mandaviya said the whole country is proud of Karmakar, who routinely performed the highly-difficult Produnova vault. "You added a new chapter in Indian gymnastics by participating in the Olympics, which was not only the outcome of our hard work but it is a great matter of pride for the entire country," he added. Mandaviya said Karmakar's journey, who missed a medal at the Rio Games by 0.15 points, has inspired many young girls in the country. "Your achievements have not only inspired those who love sports, but especially our daughters, who have got the strength to fulfill their dreams," said the union minister, hoping that Karmakar would be available to share her knowledge with the young athletes sometime in the future.

## HI ropes in PFC as title sponsor for India versus Germany bilateral series

**PTI ■ NEW DELHI**  
Hockey India on Wednesday roped in Power Finance Corporation (PFC), a state-owned company that provides financial assistance to India's power sector, as the title sponsor for the upcoming two-match bilateral series against Germany on October 23 and 24 in New Delhi. This series marks the return of men's international hockey to the national capital after a decade. The last international match played at the Major Dhyan Chand Stadium was the Hero Hockey World League Final - men's round 4, back in January 2014. Under the administrative control of the Ministry of Power, PFC, a public sector undertaking, plays a crucial role in driving growth in the energy sector. The two matches will be free for spectators and a free digital ticketing system will be introduced. Fans will need to visit the official ticketing link and register their details to receive a virtual ticket for

accessing the Major Dhyan Chand National Stadium. HI president Dilip Tirkey said, "We are delighted to welcome Power Finance Corporation (PFC) as the title sponsor for the highly-anticipated PFC India vs Germany bilateral hockey series 2024." "This series, being played in New Delhi after a decade, is a significant milestone, not just for the city but for Hockey India as we promote the sport across the country. With the support of PFC, we look forward to creating a thrilling atmosphere at the iconic Major Dhyan Chand National Stadium." HI secretary general Bhola Nath Singh added, "We are thrilled to have one of the leading state-owned companies, Power Finance Corporation (PFC), as the title sponsor for the PFC India vs Germany bilateral hockey series 2024." "Their support will strengthen Hockey India's vision to grow hockey's presence in India. With PFC, we look forward to providing a top-notch experience for all hockey fans."

# ROOT SURPASSES COOK AS LEADING ENGLAND RUN-SCORER IN TEST CRICKET

**AP ■ MULTAN (PAKISTAN)**  
With an exquisite straight drive for four, Joe Root took another of Alastair Cook's records by becoming England's highest run-scorer in test cricket. Root surpassed the retired Cook's total of 12,472 runs by reaching 71 during England's first innings on Day 3 of the first test against Pakistan on Wednesday. The 33-year-old Root moved to fifth place on the all-time list of test run-scorers, behind India's Sachin Tendulkar (15,921), Australia's Ricky Ponting (13,378), South Africa's Jacques Kallis (13,289) and India's Rahul Dravid (13,288). All four above Root are retired and within reach of a batter who said ahead of the tour to Pakistan that he had plenty left in the tank. "The only reason it (Cook's record) is on my mind is because people keep asking me about it, to be honest," Root said. "I see myself playing test cricket for a lot longer. It's not

like I'm going to get to a certain mark or a number and say, Right, I'm done now? I just want to keep enjoying the game, keep playing." Root, who is technically excellent and owns pretty much all the shots, overtook Cook's record of 33 test centuries by an England batter last month when he made hundreds in both innings against Sri Lanka at Lord's. Ben Stokes, the England test captain who is sitting out the first match of the series because of injury, praised Root's character and achievement in a video released by the England and Wales Cricket Board. "The selflessness that he has is an incredible attribute for him," Stokes said. "He always puts the team first, and the fact that he's got so many runs is just a bonus for us. He's an incredible player. It's going to take a long, long time for someone to come in and break that record. Just a great bloke. And an unbelievable feat to score that many runs. "But the non-selfishness that

## HIS NEXT BIG TARGET IS TENDULKAR

he possesses is one thing I think sets him above or sets him apart from anybody else who is going to play for England for a long time." Root waved to his teammates soon after reaching the milestone before he raised his bat in acknowledgement. He shook hands with Stokes and bowling mentor James Anderson as he walked off the field at the lunch break, with a 35th test century - and a first in Pakistan - in his sights. Root is playing in his 147th test and came into the Pakistan series averaging more than 50, whereas Cook made 161 test appearances and batted in 291 innings, averaging 45.35. They are England's third and fourth most-capped players, behind now-retired fast bowlers Anderson and Stuart Broad. Root has more runs against India than any other opposition - 2,846 in 30 tests. Next is Australia, against whom he has 2,428 in 34 tests, while his best average is against Sri Lanka at 62.54. Root was England captain from 2017-22. He averaged 52.80 before the captaincy, 46.45 during it, and he is back to his prior level since standing down. The most prolific year of his test career was in 2021, when he scored 1,708 runs. He has passed 1,000 runs in a year five times. He has settled at No. 4 in England's batting order and demonstrated during the recent summer tests against the West Indies and Sri Lanka that he has slightly reined in the bold and occasionally reckless approach he and his England teammates adopted early in the so-called "Bazball" era under coach Brendon McCullum and captain Ben Stokes. Those risky ramp shots are mostly gone — though he still got himself out attempting one against the Sri Lankans at Lord's — and he is harder to dismiss for it. Root's next big target is displacing Tendulkar — the "Little Master" — atop the all-time list and, injury permitting, he has a good chance of doing so.

**PTI ■ NEW DELHI**  
Two-time Olympic gold-winning American discus thrower Valerie Allman was on Wednesday named the international event ambassador of the Vedanta Delhi Half Marathon to be held here on October 20. Allman threw 69.50 meters in the Paris Games this year to set a new American record and win the gold medal. In the previous Tokyo Games, she had finished at the top of the podium with a throw of 68.98 meters. Her feat ended USA's wait for a gold in discus throw which they had last won in 2008. Allman, whose personal best is of 71.46 meters, is also a two-

## Valerie Allman named Delhi Half Marathon's international event ambassador

time World Championship medallist, clinching the silver in 2023 and a bronze in 2022. "The start line is not just a race; it's a celebration of camaraderie, determination, and resilience, and a showcase of our ability to push limits and achieve new personal milestones," she said in a release issued by the organisers. Paris Olympic 10,000m champion Uganda's Joshua Cheptegei and Kenya's former world record holder Peres Jepchirchir will headline

a strong elite field in the men's and women's events of the Delhi Half Marathon, which is into its 19th year. Cheptegei is the reigning world record holder in 5000m and 10,000m events. He also holds the world's best time over the 15km distance. A three-time world champion in 10,000m, he made his international debut in India at the TCS World 10K Bengaluru 2014, finishing second. The event carries a prize purse of USD 260,000.

## NZ batter Williamson to miss initial part of Test series against India

**PTI ■ AUCKLAND**  
Senior batter Kane Williamson is set to miss the initial part of the upcoming three-Test series in India starting on October 16 due to groin strain, with New Zealand naming Mark Chapman as his cover in the 17-man squad here on Wednesday. Williamson, who is dealing with a groin strain, will delay his departure to India where New Zealand will play three Tests at Bengaluru, Pune and Mumbai. While senior batting all-rounder Michael Bracewell has been roped in only for the first Test in Bengaluru, spinner Ish Sodhi will be available only for the second and third Tests. Tom Latham will be leading the Kiwis after Tim Southee stepped aside from the leadership role a few days ago. "Williamson experienced groin discomfort during the second Test against Sri Lanka in Galle and will require a period of rehabilitation before joining the Blackcaps Test squad in India," New Zealand

Cricket said on their website. New Zealand selector Sam Wells said the decision to delay Williamson's departure to India was to give the former skipper more time to rest. "The advice we've received is that the best course of action is for Kane to rest and rehabilitate now rather than risk aggravating the injury," said Wells. "We're hopeful that if the rehabilitation goes to plan Kane will be available for the latter part of the tour. While it's obviously disappointing to not have Kane available from the start of the tour, it provides an opportunity for someone else to play a role in an important series," he added. Chapman averages above 42 in first-class cricket in 44 matches but is yet to make his Test debut. "We believe Mark (Chapman) is one of our best players of spin and has a proven track-record in the sub-continent," said Wells. "Mark has displayed an ability to play spin proactively in the international arena, and

combined with his excellent first-class record, we see him as someone who can succeed in the type of conditions we expect to encounter in India," he added. Bracewell will return home after the first Test for the birth of his second child and will be replaced by Sodhi. While the opening Test will be played at the M Chinnaswamy Stadium from October 16-20, the second will be held at the Maharashtra Cricket Association (MCA) Stadium in Gahunje, Pune from October 24-28. The third and final Test will be held at the iconic Wankhede Stadium in Mumbai from November 1-5. **New Zealand squad for Test series in India:** Tom Latham (c), Tom Blundell (wk), Michael Bracewell (1st Test only), Mark Chapman, Devon Conway, Matt Henry, Daryl Mitchell, Will O'Rourke, Ajaz Patel, Glenn Phillips, Rachin Ravindra, Mitchell Santner, Ben Sears, Ish Sodhi (2nd & 3rd Test only), Tim Southee, Kane Williamson, Will Young.

## Tennis star France's Tiafoe aims tirade of expletives at umpire after loss at Shanghai Masters

**AP ■ SHANGHAI**  
US Open semifinalist Frances Tiafoe aimed a torrent of expletives at the chair umpire after losing a match at the Shanghai Masters. Tiafoe targeted umpire Jimmy Pinoargote with about 10 expletives in a minute-long tirade after his 5-7 7-5 7-6(5) loss against 61st-ranked Roman Safiullin in a third-round match. The ATP rule book calls for fines of \$60,000 at Masters 1000 tournaments. A tour spokesman said no decision has yet been made on the matter. The 17th-ranked Tiafoe was angered by being docketed his first serve for a time violation at 5-5 in the decisive tiebreaker. Pinoargote judged that Tiafoe was not making a genuine attempt to serve when he tossed the ball in the air at the baseline. Tiafoe at first protested before continuing to play. Two points later, the match was

over and he congratulated Safiullin at the net before turning toward the umpire's chair and shouting the first expletives. Tiafoe passed to the other side of the net toward his chair and shouted that the umpire had messed up the match. The 26-year-old American said he had been battling on court for three hours for his livelihood, peppering his words with more expletives. Before leaving the court, Tiafoe added: "Never again." Tiafoe could face fines for verbal abuse of an official and

for using obscenities. The tournament can take away some of his prize money, and the case could also be sent to the ATP Member Fines Committee for further investigation. Safiullin advanced to face Novak Djokovic in the round of 16. Tiafoe had a stellar run of form in the summer reaching the final of the Cincinnati Open, where he lost to Jannick Sinner, then reaching the semifinals at the US Open where he lost in five sets to fellow American Taylor Fritz.

## Arshdeep Singh enters top 10 among bowlers in ICC T20I rankings

**PTI ■ DUBAI**  
Riding on a string of impressive performances, Indian seamer Arshdeep Singh entered the top 10 among bowlers and was placed eighth in the ICC T20I rankings issued here on Wednesday. The left-arm seamer, who returned 3/14 in the opening T20I against Bangladesh in Gwalior last Sunday, jumped eight spots with 642 rating points to reach the eighth position. He is the only Indian bowler in the top 10. England's Adil Rashid continues as the top-ranked bowler in the shortest format followed by Akeal Hossain of the West Indies and Afghanistan's Rashid Khan at the second and third spots respectively. "Arshdeep is also a big winner in the latest rankings update, with the left-arm pacer rising

eight places to equal eighth on the updated list for T20I bowlers and reaching a new career-high rating following his three-wicket haul against Bangladesh," the ICC said on its website. Hardik Pandya, who blasted a 16-ball 39 with five fours and two sixes, moved up seven places to reach the 60th spot among batters. The ace Indian all-rounder also returned 4-0-26-1 and moved to the third spot as he rose four positions in the list of top all-rounders, which is headed by England's Liam Livingstone with Nepal's Dipendra Singh Airee at the second position. Yashasvi Jaiswal, who is not a part of the India squad for the three T20Is against Bangladesh, dropped one position to fifth and was leapfrogged by Pakistan's Babar Azam.

## Ishan Kishan returns as Jharkhand captain after controversial pullout last season

**PTI ■ RANCHI**  
India batter Ishan Kishan on Wednesday returned to the Jharkhand Ranji team as its captain, following his controversial pullout last season that led to his exclusion from the BCCI central contract. The explosive left-hander, who became a regular in India's white-ball squad after Rishabh Pant's road accident in December 2022, took a break during India's tour of South Africa last year. Post break, he did not participate in any official BCCI matches, which raised a few eyebrows as the board stressed on players prioritising domestic cricket when not on national duty. The 26-year-old resurfaced this February, playing in the privately organised DY Patil T20 Cup ahead of the IPL and sparking a debate over balance between franchise cricket and state commitments. His absence from domestic cricket during this period contributed to his omission from the BCCI's 2023-24 central contracts.

However, Kishan has since worked his way back into the BCCI's good books with strong performances in domestic cricket, including a century for India C on his return in the Duleep Trophy last month. He also represented the Rest of India in the Irani Cup, scoring 38 in his only

innings. Now, as captain of Jharkhand's 16-member squad, Kishan is set to lead a young squad with last season's designated skipper Virat Singh as his deputy and Kumar Kushagra as the wicketkeeper. Jharkhand begin their Ranji Trophy

campaign against Assam in Guwahati in Elite Group D. Last season, Jharkhand finished third from the bottom in Group A, winning two, losing two, and drawing three of their seven matches. "Ishan is an experienced player and he has international experience," chairman of Jharkhand's selection committee Subroto Das was quoted as saying by ESPNcricinfo. "We have picked a very young team. Saurabh Tiwary, Shahbaz Nadeem and Varun Aaron had all retired after last season so we had to rethink our strategy. Ishan is capable of leading this young side and we're confident of doing well this Ranji season."

**SQUAD:** Ishan Kishan (c), Virat Singh (vc), Kumar Kushagra (wk), Nazim Siddique, Aryaman Sen, Sharandeep Singh, Kumar Suraj, Anukul Roy, Utkarsh Singh, Supriyo Chakraborty, Saurabh Shekhar, Vikas Kumar, Vivekanand Tiwary, Manishi, Ravi Kumar Yadav and Raunak Kumar.

## Anmoljeet takes 9 on 'debut' as India U19 complete clean sweep vs Australia

**PTI ■ CHENNAI**  
Debutant off-spinner Anmoljeet Singh and leg-spinner Mohamed Enaan picked 16 out of 20 Australian wickets as India U-19 comfortably won by an innings and 120 runs in the second Youth Test to complete a 2-0 series sweep here on Wednesday. Australia colts lost as many as 17 wickets on the third day after commencing on their overnight score of 142 for 3 in reply to India's massive first-innings total of 492. The visitors were all out for 277 in their first essay with skipper Oliver Peake (117 off 143 balls) and keeper Alex Lee Young (66) adding 166 for the fourth wicket. After Lee Young was dismissed, the last six wickets fell for 59 runs. Kerala boy Enaan (4/60 in 22.2 overs), who had once attended Saqlain Mushtaq's clinic in Dubai and Ludhiana's

Anmoljeet (4/72 in 24 overs), who hero worships Harbhajan Singh, were the wreckers-in-chief. In four-day cricket, the follow-on can be enforced if the team batting second is trailing by more than 150 runs. India U-19 had a lead of 115 runs. After being enforced to follow-on, Anmoljeet, who had taken an astounding 65 wickets in the Vijay Merchant (U-16)

Trophy in the 2023 season, came back to get 5 for 32 in 13.3 overs as Australia were skittled out for 95 in 31.3 overs. Eight Aussie players failed to reach double digits and four of them didn't bother to trouble the scorers. While Anmoljeet had match figures of 9/104, Enaan wasn't left far behind with 7/97 to show for his efforts.
