# INDIA AND MODI RETURN WITH MUSCLE FROM THE USA

## Terroist to be extradited **■** Defence ties to be bolstered

**PTI** ■ WASHINGTON

S President Donald Trump announced after talks with Prime Minister Narendra Modi that India will buy more oil, gas and military hardware, including F-35 fighter jets, from America to bring down trade deficit but asserted that Washington will not spare New Delhi from reciprocal tariffs.

At his Oval Office in the White House on Thursday (Friday India time), Trump warmly welcomed Modi with a long handshake and a bear hug while describing the prime minister as a "great friend" for a long time and a "terrific" man.

The US president, at a joint media briefing with the minister Indian prime following the talks, said both sides are looking at striking a major trade deal soon while calling import duties imposed by India on certain US products as "very unfair" and "strong".

"Whatever India charges, we will charge them," Trump said, adding "We are being reciprocal with India."

The Modi-Trump meeting took place hours after the US President announced a new reciprocal tariff policy for all the trading partners of the US in the latest in a series of such actions initiated by his administration.

In his remarks, Trump said he and PM Modi have

reached an agreement that could potentially make the US the "number one supplier" of oil and gas to India, suggesting it to be part of measures to bring down the US trade deficit with India that stands at around USD 45 billion.

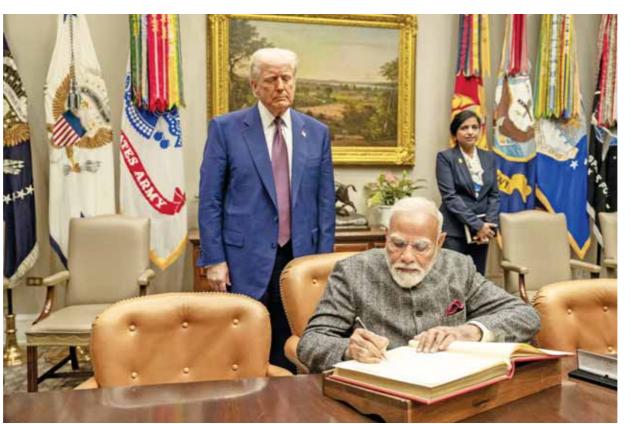

The US president also said that both sides have decided to expand the overall defence partnership.

"Starting this year, we will be increasing military sales to India by many billions of dollars," Trump said.

"We are also paving the way to ultimately provide India with F-35 stealth fighters," he added. The F35 jets are known as the most lethal, survivable and connected fighter aircraft in the world. Trump also announced that India and the US will be working together like "never before" to confront the threat of radical Islamic terror across the world. "I am pleased to announce

that my administration has approved the extradition of one of the very evil people of the world," he said, referring to the extradition of 26/11 Mumbai attack plotter Tahawwur Rana to India. Rana, currently detained at a metropolitan detention centre in Los Angeles, is known to be associated with

US President Donald Trump has announced that his administration has approved extradition of 26/11 Mumbai terror attack accused Tahawwur Hussain Rana to India and Maharashtra Chief Minister Devendra Fadnavis said the state government is prepared to lodge him in jail.

Addressing a joint press meet along with Prime Minister Narendra Modi in Washington on Thursday, Trump said,

"Today I am pleased to announce that my administration has approved the extradition of one of the plotters and very evil people of the world, and having to do with the horrific Mumbai terrorist attack, to face justice in India. So, he is going back to Índia to face justice.'

"We're giving him back to India immediately" and more such immediately" and more such extraditions could follow as we have quite a few requests (from New Delhi), the US president added. The extradition of Rana was cleared by the US Supreme Court in January as it rejected his review

On his part, Modi thanked Trump for the decision. "I am thankful to the President that he has decided to hand over the culprit who committed the killings in India in 2008, to India now. Indian courts will now take appropriate action," he said.

Thanking Prime Minister Modi for his efforts to bring Rana for trial, Fadnavis said here "We kept Kasab, what is the big deal here? We will keep him for sure, when asked about Maharashtra's preparedness once Rana is extradited.

A US military aircraft carrying 104 deported Indian immigrants upon its landing in Amritsar on February 5, 2025

## More deportation flights to arrive

PIONEER NEWS SERVICE

US plane carrying 119 Aus plane carying is immigrants is likely to land at Amritsar airport on February 15, the second such batch of Indians deported by the Trump government as part of a crackdown it resolved to carry out when it was sworn in last month.

According to official sources, the plane is expected to land at the airport around 10 pm on Saturday.

Among the 119 illegal Indian immigrants, 67 hail from Punjab, 33 from Haryana, eight Gujarat, three from Uttar Pradesh, two each from Goa, Maharashtra and Rajasthan and one each from Himachal Pradesh and Jammu and Kashmir, they said.

Another US plane carrying deportees is also expected to land on February 16. The development came days after a US military aircraft carrying 104 illegal Indian immigrants landed at the Amritsar airport last week. Of them, 33 each were from Haryana and Gujarat and 30 from Punjab.

Most of the deportees hailing from Punjab had said they wanted to migrate to the US for a better life for their families. However, their dreams were shattered when they were caught at the US border and brought back in shackles.

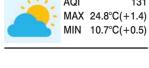

After Donald Trump assumed office as the US President, the country's law enforcement agencies have launched a crackdown against illegal immigrants. Many people from Punjab and some other states, who entered the US through "donkey routes" -- an illegal and risky pathway used by migrants to enter America or other illegal means by

spending lakhs of rupees —

are now facing deportation.

## **BJP** to swear in government in Delhi next week

**STAFF REPORTER** ■ NEW DELHI

The swearing-in ceremony of the BJP government in Delhi is likely to take place on February 19 or 20. The legislative party meeting of the BJP is expected to be held a day before the grand swearing-in that marks the return of the saffron party in the national Capital after a gap of 27 years.

Preparations to form the BJP government are expected to gain momentum after Prime Minister Narendra Modi returns to the Capital on Friday night following his trip to France and the United States of America. PM Modi, Home Minister Amit Shah, BJP President JP Nadda and other senior party leaders will finalise key decisions regarding the new government which includes a chief minister, a council of ministers and perhaps one or two deputy chief ministers.

According to sources, after the arrival of PM Modi, the central leadership will appoint observers who will held discussions with newly elected MLAs to take a final decision before announcing the name for the chief minister.

The BJP asserted that it will soon announce the name of Delhi chief minister and slammed AAP leader Atishi over her claims of power cuts in the city, saying she should observe 13 days of mourning over her party's "death".

## **MHA seeks sanction** to prosecute Jain

RAJESH KUMAR ■ NEW DELHI

The Ministry of Home Affairs (MHA) on Friday sought the President of India's approval to prosecute former Delhi minister and AAP leader Satvendar Iain under Section 218 of the Bharatiya Nyaya Suraksha Sanhita (BNS), 2023 in the alleged disproportionate assets were to the tune of Rs 1.47 crore, about 217 per cent more than Jain's known sources of income during 2015-17

The Pioneer was the first to report the disproportionate assets case.

The agency alleged that Jain, with the help of his family members and associates, amassed disproportionate assets between February 14, 2015, and May 31, 2017, while serving as a minister in the Delhi government.

Jain lost Shakur Basti seat to BJP's Karnail Singh by a margin of 20,998 votes. According to sources, the request is based on evidence provided by the Enforcement Directorate (ED), which has found sufficient grounds for prosecution in the case. "On the basis of the material from received Enforcement Directorate, sufficient evidence has been found to grant the sanction", sources said. The MHA's move comes after reviewing findings from the ED's investigation alleged financial irregularities linked to Jain. The final decision now rests with the President

## Kerala ragging row turns political

**KUMAR CHELLAPAN** ■ KOCHI

 $R_{\text{students}}^{\text{agging of three freshers by third year}} \text{ of Government Nursing}$ College at Kottayam in Kerala is the fall out of the refusal of the former to part with hafta money demanded by the seniors to buy liquor and drugs, according to the cops investigating the case. Many parents expressed their reservation and apprehension over sending their wards to essional colleges in th state for the gruesome ragging incident at the

Kottayam nursing college Lakshmana Perumal, father of one of the students, told media that the perpetrators of the crime belonged to the SFI, the student wing of the CPI(M) and enjoyed political patronage. "My son had told me about the cruelties perpetrated on him and others by the senior students for refusing to part with money to buy their daily quota of liquor and drugs," said Perumal while speaking to reporters

All the five students held by the police on charges of ragging belonged to the SFI. The video of the cruel ragging that went viral shows that geometry divider was used by the seniors to engrave pictures on the rear side of the victims. According to a member of the investigation team, dumbbells were placed on the private parts of the victim students. While the victims were writing in pain and crying out loudly, the seniors poured some lotion into their mouths and were seen laughing out. Veena George, Kerala Minister for Health, told reporters that she could not watch the horrifying video. "The ideal punishment for them is to throw them out of the college once and for ever. Suspension is too small a punishment for the kind of crime they have done," said George.

VD Satheeshan, leader of opposition and the chief minister in waiting, asked the CPI(M) to disband the SFI. "This outfit is

Kerala police personnel escort students who were arrested for allegedly ragging first-year students at the Government Nursing College, in Kottayam on February 12, 2025

responsible for all type of cruelties and antisocial activities happening in campuses in the State," said Satheeshan.

Responses from the college principal and other senior teachers in the college sounded hollow and it was like passing the buck. While the principal said that an assistant warden has been appointed to be in the hostel 24X7, students said that they have not seen any such officials at any time.

It has come to light that the cruel act of ragging took place on the first anniversary of the death of Sidharthan, a first year veterinary science student at the Government Veterinary College in Wayanad. Sidharthan, a tribal student, was found dead in his hostel room under mysterious conditions on 20th February 2024 following three day and night ragging by the SFI students. Though the 16 accused were arrested within weeks and were suspended from the college, judiciary in Kerala came to their help and allowed them to attend regular classes. But a division bench of the Kerala High Court quashed on 5th February the order of the single bench which had allowed the accused to attend regular classes.

## **Kejriwal under fire for renaming Delhi CM's official X account**

RAJESH KUMAR ■ NEW DELHI

The Chief Minister's Office of The Chief Minister's Chief Delhi on Friday wrote to the social media platform X to restore the "CMO Delhi" (@DelhiCMO) official handle allegedly renamed to Kejriwal At Work (@KejriwalAtWork) at the behest of the former chief minister Arvind Kejriwal. "Since '@CMODelhi' became free

changing it '@KejriwalAtWork, one user used this ID and opened a parody account. It also appears that previously '@CMODelhi' and now @KejriwalAtWork' are showing an error - "something went wrong" when tried to see a post from this account," the email sent to X said while adding that official accounts are not associated with individuals

and pass on to successors.

This comes a day after the BJP, which won 48 seats in the recent Delhi Assembly polls, demanded Lieutenant Governor Vinai Kumar Saxena's intervention in the renaming of the official 'CMO Delhi'. In an email to X on Friday, the CMO said as per established practice, official accounts are not associated with individuals and pass on to successors as and when change takes place. "It has come to our notice that on 'X' (previously Twitter), a "Grey Tick" Government Handle with identity "@CMODelhi", has now been unauthorisedly changed "@KejriwalAtWork". The unauthorisedly said account is having approximately

9,90,000 followers," it said. This will ensure that the official handle of the Chief Minister's Office is not misused in future and cannot be tampered with, the letter said,

Joined March 2020 asking the social media platform to "In view of the above, it is requested

which is the authorized official ID of

Former Chief Minister of Delhi Shri Arvind Kejriwal revolutionized Delhi's governance with reforms in education, healthcare, electricity, and public services.

deactivate any other account having "@cmodelhi" immediately.

'X' Platform to restore "@CMODelhi" and Password of the same may kindly be sent to the official email ID cmdelhi@nic.in,

Hon'ble Chief Minister, Delhi. This, inter alia will ensure that the said Handle / ID is not misused in future and cannot be tampered with. Further, it is also requested that any 'X' Handle having "@cmodelhi" as its ID, must not be allowed on 'X'

without consent of this office. Also at present any other account having "@cmodelhi" must be deactivated immediately," CMO said.

On Thursday, political controversy erupted on Thursday after the BJP claimed that Arvind Kejriwal renamed the official X handle of the Delhi Chief Minister's Office (CMO) to 'Arvind Kejriwal at work' (@kejriwalAtWork). In-charge of the BJP's National Information and Technology Department, Amit Malviya, also slammed Kejriwal. "After losing the Delhi elections, Arvind Kejriwal deactivated and renamed the official Twitter and YouTube accounts of the Chief Minister of Delhi. These digital assets, previously known as @CMODelhi, have been rebranded as @KejriwalAtWork," Malviya tweeted. Delhi BJP chief Virendra Sachdeva accused AAP national convenor of "stealing" the digital property of the Delhi government. "Arvind Kejriwal changed the account of Delhi CMO and made it his own account, this is a direct loot of government money. This is digital loot. We have demanded from LG that the IT department of Delhi government should immediately file an FIR, start an investigation and take strict action," said Sachdeva Notably, the account was deleted later. The Delhi BJP chief also sought Lieutenant Governor Vinai Kumar Saxena's help to seek a report from the Delhi government's IT and social media departments over the alleged renaming of the Delhi CMO's social media handles. The BJP has returned to power in

Delhi, after 26 years, defeating the Aam Aadmi Party in February 5 Assembly polls. The party government is yet to be formed.

## Row Over US Deportation Flights Punjab Govt's Action Against Corruption: DCs, SSPs to Face Direct Accountability **Landing in Amritsar Intensifies**

### **Punjab Govt Questions Centre's Motives Amid Political Uproar**

#### PNS CHANDIGARH/AMRITSAR

The scheduled arrival of two The scheduled arrival of the more planes carrying Indian deportees from the United States has triggered fresh political controversy in the state, with the Punjab Government raising strong objections to the choice of Amritsar as the landing destination. Scheduled to land late Saturday night, the flight is expected to bring back 119 deportees, including 67 from Punjab and 33 from Haryana.

The latest deportation follows the February 5 flight that carried 104 illegal immigrants - including 30 from Punjab, who were shackled and handcuffed upon their return — an image that sparked widespread outrage. The Punjab Government and opposition leaders have accused the Centre of deliberately selecting Punjab as the landing site, calling it an attempt to defame the state and its people.

The selection of Amritsar as the primary landing site for deportation flights has sparked sharp criticism from Punjab Chief Minister Bhagwant Mann, his Cabinet Ministers, and opposition leaders alike. They argued that the deportees include individuals from multiple states, yet the flights are being directed to Punjab, thereby reinforcing negative stereotypes about illegal immigration.

Punjab Finance Minister Harpal Singh Cheema has openly questioned why the flights are not landing in Gujarat, Haryana, or Delhi. "By consistently landing these flights in Amritsar, the Centre is singling out Punjab, creating allowing the US to deport them like criminals," Mann

immigration is solely a Punjabi problem," Cheema said.

Echoing these concerns, Senior Congress leader Pargat Singh said: "If people from multiple states are being deported, why is Punjab being made the face of this issue? The Prime Minister, who is currently in the US, must also take up this matter with the American administration and question why our youth are being shackled and deported in such an inhumane manner.'

### Centre Accused for 'Defaming Punjab'

The controversy has led to war of words between the Punjab Government and the BJP-led Centre. Chief Minister Mann on Friday alleged that the Modi Government is "intentionally" trying to tarnish Punjab's reputation. "This is a planned move to defame Punjab and Punjabis. Illegal immigration is a national issue, not just a Punjabi problem. So why are all the deportation flights landing in Amritsar?" he questioned. Mann also pointed out the Centre's selective treatment of Punjab, stating, "When we ask for international flights from Amritsar, the Centre cites security concerns due to its proximity to the border. But when it comes to deportation flights, sud-denly these concerns disappear. Why can't these flights land in Delhi or Ahmedabad?" He further accused the Modi Government of abandoning deported Indians instead of ensuring their dignified return. "These individuals are victims of human trafficking and fraudulent travel agents. #### **BJP. Centre Defends** Decision

The BJP, however, has dismissed the controversy as politically-motivated. Punjab BJP president Sunil Jakhar defended the Centre's decision, arguing that the issue should not be politicized. "The focus should be on addressing illegal immigration, not on where the flights are landing. This is a humanitarian issue, and all political parties must work together to prevent young people from taking illegal routes," Jakhar said. He also claimed that Prime Minister Narendra Modi had raised concerns about the treatment of deportees during his visit to the US. "India has always maintained that those who are verified as Indian citizens and have no legal right to stay in the US should be taken back. However, we must also work to dismantle the human trafficking networks that mislead these people into taking dangerous routes," Jakhar added.

Union Minister Ravneet Singh Bittu also slammed Chief Minister Mann for unnecessarily raising the issue of landing the flights at Amritsar. "It has to be landed somewhere...they are our children...how can we leave them in lurch. We should focus on resolving this problem, instead of finding issues which mean nothing," he said.

### **Punjab Police SIT Cracking Down on Human Trafficking**

Amid the controversy, the Punjab Government has constituted a four-member Special Investigation Team (SIT) to robe illegal migration and human trafficking networks. The SIT is mandated to conduct a "comprehensive and effective investigation" into the treated like criminals.

gling syndicates responsible for sending people abroad through illegal means. So far 10 FIRs have been registered. Officials have revealed that human trafficking networks operating in Punjab, Gujarat, and Andhra Pradesh have been exploiting loopholes in immigration laws to send people abroad on fake documents. The government is now pushing for stricter regulations and harsher penalties for travel agents engaged in illegal immigration rackets.

#### **BOX: What CM Mann said**

Slams Centre for Defaming Punjab: Mann accused the Modi Government of deliberately choosing Amritsar to land deportation flights, calling it a "conspiracy to tarnish Punjab's image"

Questions MEA Decision: Mann demanded an explanation from the Ministry of External Affairs (MEA) and Ministry of Home Affairs (MHA) on why Amritsar was chosen over other major airports like Delhi, Mumbai, or Ahmedabad

Raises Border Security Concerns: Mann pointed out that Amritsar is just 40 kms from the Pakistan border and questioned why a US military aircraft was allowed to land there when commercial international flights are often denied

Slams Modi's Foreign Policy: CM criticized PM Modi's visit to the US, calling it a failure. "While Modi was shaking hands with Trump, our youth were being deported in chains. Is this a return gift from the US?" Mann remarked

Demands Dignified Return For Deportees: Mann insisted that deported individuals should have been brought back respectfully instead of being

## PNS CHANDIGARH ation. Those who demonstrate

orrupt officials in Punjab are on notice. The Aam Aadmi Party (AAP) led State Government has launched a sweeping crackdown on corruption, making top district officials directly responsible for eliminating graft in their jurisdictions. Deputy Commissioners (DCs), Senior Superintendents of Police

Sub-Divisional Magistrates (SDMs), and Station House Officers (SHOs) have been warned — either ensure clean governance or face strict action, including adverse entries in their Annual Confidential Reports (ACRs), suspension, or

That is not all! To ensure that officers remain accountable to the people they serve, the Punjab Government has introduced a bold new system — direct feedback from both the general public and elected representatives will now play a crucial role in assessing officials' performance.

The directives came after AAP's humiliating defeat in the recently-concluded Delhi Assembly elections — a political jolt that has prompted the Punjab Government to reinforce its commitment to transparency and governance reforms. By shifting the burden of accountability to senior officers, the Government aimed at curbing corruption at its roots and restoring public trust.

Determined to restore public trust and credibility, the State Government has launched a zero-tolerance campaign against corruption, making officers directly answerable to the people

As per new directions, every Deputy Commissioner, SSP, SDM, Teĥsildar, Naib Tehsildar, Superintendents of Police (SP), Deputy Superintendents of Police (DSP), SHO, and other key field officers will be under constant scrutiny, with their reputations and careers hinging on public

integrity and efficiency will be rewarded with greater responsibilities, while those who fail to curb corruption or engage in misconduct will face serious consequences.

By linking rewards and punishments directly to real-time feedback, the Government is signaling a fundamental shift towards governance that is not just transparent but also driven by the voices of the people. Directions have been issued that interaction of the public with the Government at all levels should be completely hassle free. Likewise, it has also been underlined that public work should be accomplished in minimum possible time in an efficient and polite manner.

Cabinet Minister Aman rora, who is also AAP's Punjab unit president, emphasized that the Punjab Government is committed to establish a corruption-free administration. Accountability is the key. Regular feedback will be collected from the general public and also the MPs and MLAs regarding the performance and integrity of district officials. Officers who excel in their duties will be rewarded with greater responsibilities, while those who fail to curb corruption or engage in dishonest practices will face serious repercussions," Arora

The government aims to ensure that no citizen is forced to pay bribes or endure bureaucratic

hurdles to avail of public services, he said, adding, "Every officer must guarantee that people receive efficient and honest service without harassment or illegal financial demands."

Earlier, in January, the Punjab Government took a firm stand against corruption in registrar and sub-registrar offices — often seen as hotbeds for illegal financial transactions. Officials were directed to ensure that all CCTV cameras in these offices were operational within seven days, with strict warnings that non-compliance would lead to disciplinary action. A shocking government audit had revealed that, despite previous mandates, only three CCTV cameras were functional across the entire state.

Despite these aggressive measures, the Government has faced significant setbacks in corruption-related prosecutions. The Punjab and Haryana High Court recently dismissed high-profile cases against former Congress Ministers Bharat Bhushan Ashu and Sundar Sham Arora, raising questions about the government's legal preparedness. Opposition parties have seized upon these judicial failures, accusing the AAP government of using corruption cases as political tools rather than ensuring watertight legal proceedings.

In response, the Government has vowed to strengthen its legal approach and ensure that corruption cases are built on solid evidence, leading to convictions

elements to escape justice. The fight against corruption is real, and we are committed to making it legally robust," a govern-

ment spokesperson said. With less than two years to go before the 2027 Punjab Assembly elections, AAP is making corruption eradication a central pillar of its governance nar-rative. Analysts believed that this move is not only a policy decision but also a calculated political maneuver to rebuild voter confidence, especially in light of the INDIA bloc's near-colapse at the national level.

Political experts pointed out that vigilance cases against Congress leaders slowed down significantly after AAP and Congress formed an alliance at the national level for the 2024 Lok Sabha elections. However, the latest directives signaled a renewed focus on holding all officials accountable, irrespective of political affiliations.

## **AAP Govt's Anti-Corruption**

Since taking power in 2022, the Punjab Government has made corruption a key focus area. Official statistics highlighted the extent of vigilance efforts. In 2024, total 134 trap operations were held, of which 262 corruption cases were registered and 41 arrests were made. In 2023, 252 cases were registered leading to 33 convictions; while in 2022, 202 cases were filed with 19 convictions secured.

## Farmer-Centre Talks Remain Inconclusive; Next Meeting on Feb 22

Farmer delegation Insist on Legal MSP Guarantee; Centre Appeals Dallewal to End Hunger

## MONIKA MALIK CHANDIGARH

The fifth round of talks between the Central Government and the protesting farmers ended without a resolution on Friday, as farmers remained adamant on their demand for a legal guarantee on Minimum Support Price (MSP) for crops. The meeting, held in Chandigarh, came over a year after the previous talks between the Centre and farmers on February 18, 2024, and marked another attempt to break the deadlock that has persisted since the farmers launched their agi-

tation in February 2024. The meeting, which lasted nearly three hours, saw the participation of 28 farmer leaders, including Jagjit Singh Dallewal of the Samyukt Kisan Morcha (Non-Political) and Sarwan Mazdoor Morcha. Union Minister Pralhad Joshi, along with senior IAS officers, presented the Centre's "report card", detailing the steps taken by the Modi Government since 2014 for farmers' welfare, including initiatives for pulses, oilseeds, crop diversification, budget allocation, and procurement. However, the farmers were unimpressed and insisted on discussing their core demand for a legal guarantee on MSP.

The meeting took a poignant turn when the Union Minister Joshi expressed concern over Dallewal's health, urging him to end his 81-day-long fast. Dallewal, who arrived at the meeting in an ambulance and was carried on a stretcher, responded by saying that he would end his fast "only if the Centre accept the farmers' demands".

The farmer leaders maintained that their agitation would continue until their demands were met, setting the stage for the next round of talks on February 22, where Union Agriculture Minister Shivraj Singh Chauhan is expected to participate.

The battery of senior IAS officers and bureaucrats, part of Central delegation, meticulously outlined the Modi government's initiatives for the agricultural sector highlighting increased agriculture budget allocations; enhanced procurement of crops; efforts to make country self-reliant in pulses and oilseeds; expansion of crop diversification programs; improvements in fertilizer availability, among other

Despite these efforts, the farmer unions remained unmoved, demanding that the government focus on their written demands, particularly the legal MSP guarantee. The farmers argued that while the Centre had made multiple promises over the years, "no concrete action had been taken to implement MSP legally".

## "We Are Forced to Protest": Farmers Slam Centre's

Approach

Following the meeting, SKM (non-political)'s senior leader and Dallewal's aide Abhimanyu Kohad criticized the Centre's lack of a structured approach in addressing their core issues. "We presented our case with facts, directly addressing our demands, they asked for our research reports and surveys," he said.

Farmer leader Sarwan Singh Pandher said that the Centre was attempting to shift the discussion to broader agricultural policies rather than directly addressing the MSP issue. "They spoke about self-reliance in pulses and oilseeds, and how procurement had increased since 2014. But our demand is simple — why is there no law guaranteeing MŚP?" said Pandher, adding that when the farmers asked to hold talks at the political level, "they suggested we discuss the issue with a committee. We rejected this outright because committees never resolve issues; they only delay them."

Despite the Centre's insistence on continuing the dialogue, Pandher remained skeptical. "They had no answers when we asked tough questions. Instead, they requested us to submit more documents and reports. If the government is serious, why is it avoiding a clear commitment on MSP?

#### Punjab Govt Acts as a Mediator

Punjab Government played a crucial role in facilitating the meeting between the farmers and the Centre. Agriculture Minister Gurmeet Singh Khudian and Food and Civil Supplies Minister Lal Chand Kataruchak were present in the discussions and urged the Centre to address farmers' demands sympathetically.

Kataruchak said that Punjab has been the backbone of India's farming community for decades, and the ongoing agitation reflected the deep-rooted concerns of farmers. He emphasized that the Centre must not "treat the farmers' demands casually". Khudian reiterated the State

Government's full support for the farmers, saying, "The govern-ment of Punjab stands firmly with our farmers and their rightful demands. We urge the Centre to resolve the issue at the earliest to avoid further confrontation."

## Feb 22 Talks to Be Crucial

The next round of talks is scheduled for February 22, with the Union Agriculture Minister Shivraj Singh Chouhan also expected to be present. The venue, either Chandigarh or Delhi, is yet to be decided. Dallewal, who is observing fast

Despite the lack of resolution, both sides described the meeting as "positive" and agreed to continue the dialogue. The next round of talks is scheduled after eight days, with the venue yet to be decided. Farmer leaders have requested that the meeting be held in Delhi, while the Centre is considering Chandigarh as a possible loca-

Union Minister Pralhad Joshi assured that the Centre is willing to continue discussions and that the next meeting would be held under Chouhan's leadership. "We listened to the farmers for over two and a half hours. We informed them about everything the Modi Government has done to support agriculture, including budgetary increases and policy decisions. The talks will continue," he said. The farmers' agitation is set

to intensify in the coming days, with significant plans underway to mark the first death anniversary of Shubhkaran Singh, a young farmer who lost his life during the protests last year. Farmer leaders have announced to observe his death anniversary at Shambhu and Khanauri morchas to highlight the sacrifices made by farmers in their fight for

PNS CHANDIGARH

ok Sabha Speaker Om Birla Lon Friday said that since the responsibility of enacting new laws lies with both the State Assemblies and Parliament, training legislators, especially new ones, is important to ensure they have a thorough understanding of legislative procedures. This, he said, will facilitate more informed discussions and dialogues on the bills introduced in the state assemblies, ultimately benefiting the public in the future. Democracy is strengthened through proficiency in legisla-

tive work, he added. Birla made these remarks during a press conference after inaugurating a two-day orientation program, organized in collaboration with the Parliamentary Democracy Research and Training Institute (PRIDE) of the Lok Sabha, at the Haryana Vidhan Sabha here in Chandigarh.

Speaker highlighted that the work of parliamentary committees functions like a mini-parliament. These committees not only review the budget but also play a crucial role in bringing transparency and ensuring accountability within the executive. ## **US U-turn on Ukraine war**

Trump and Putin have agreed to negotiate an end to the Ukraine war, a move that could have far-reaching implications for global peace and trade

■he US President Trump has had a good relations with Russian President Vladimir Putin and that is now showing in the policy shift of the US. The US stance on the Ukraine war now seems to be taking a U-turn as in all likelihood the US would now go soft on Russia and leave Ukraine in the cold. In a significant geopolitical development, US President Donald Trump and Russian President Vladimir Putin have agreed to initiate negotiations aimed at ending the ongoing conflict in Ukraine. This move marks a notable shift in US foreign policy and has elicited varied reactions globally. President Trump held a 90-minute phone conversation with President Putin, discussing a range of topics, with a primary focus on the situation in Ukraine. Following the call, Trump announced that both Putin and Ukrainian President Volodymyr Zelenskyy had expressed a willingness to pursue peace, leading to the initiation of negotiations to end the war. Trump indicated that these talks would commence immediately, with a potential meet-

ing with Putin in Saudi Arabia in the near future. Ukrainian and European leaders have expressed concerns about being sidelined in the negotiations and the potential for unfavourable concessions.

The decision by the US to engage directly with Russia has raised questions about a potential shift in its support for Ukraine. By recognising Ukraine's NATO membership as 'impractical' and the return of Russianoccupied territories as 'illusionary,' the US appears to be moving away from its previous stance of isolating Russia. This shift has led to concerns that Ukraine may be left in a precarious position, especially if European allies are unable to fill the void left

by a potential US withdrawal. The announcement of potential peace talks has had immediate effects on global markets. European stock markets have shown optimism, with indices such as Spain's Ibex 35 reaching new highs. Oil prices have also declined, with Brent crude falling below \$75 per barrel, as traders anticipate a relaxation of sanctions on Russian producers. However, uncertainties remain. Analysts caution that while a de-escalation could stabilise energy and food markets, the specifics of any agreement will determine the long-term impacts. The agricultural sector, in particular, is closely monitoring the situation, given that Russia and Ukraine together account for a significant portion of global wheat exports. A resolution to the conflict could ease supply constraints, but logistical challenges and infrastructure damage in Ukraine may continue to pose obstacles. India, as a major importer of commodities like sunflower oil, stands to be affected by these developments. A potential end to the conflict could lead to more predictable trade flows and possibly lower prices for key imports. While Trump- Putin negotiations it offers a glimmer of hope for peace, the potential shifts in alliances and the impacts on global markets warrant careful consideration by all stakeholders involved.

Kumbh Mela: The catalyst for

## Gandhi's freedom struggle

It was at this grand confluence of faith and politics that Gandhi fully grasped his growing influence, reinforcing his resolve for satyagraha

ne of the most notable episodes in the history of the Kumbh occurred in 1915 when Mahatma Gandhi visited the Haridwar gathering shortly after returning from South Africa after twenty-one years. Gopal Krishna Gokhale, Gandhi's political mentor, had advised him to undertake a nationwide tour to understand India's socio-political landscape before formulating his strategies - and plunging himself into the dynamics of the freedom movement. It was during this tour that Gandhi decided to attend the Kumbh, primarily to visit Mahatma Munshiram at his Gurukul in Rishikesh and to oversee the activities of the Servants of India Society. While Gandhi's views on various

issues such as cleanliness and sanitation, including that of communal harmony were critical - which Gandhi distinctly mentions in this autobiography too - his brief political debut at Haridwar Kumbh Mela pointed towards the necessity of bridging the communal divide to achieve a more conscientious goal for freedom. Gandhi was also awestruck, not only by the overwhelming crowds but also by the chaos, superstition, and lack of hygiene. He noted the rampant disregard for cleanliness, which tarnished the sanctity of

'The banks of the Ganga, a symbol of purity, were defiled by human waste and negligence, he lamented in his speeches decades later. In 1947, remembering his Kumbh experience, Gandhi remarked, 'We must ensure that our religious gatherings become sanctuaries of cleanliness and serenity, not breeding grounds for disease and disorder.

It was also here in Haridwar that Mohandas Karamchand Gandhi first grasped the profound impact his humble efforts in South Africa had on Bharat's people. Reflecting on this experience, he wrote in The Story of My Experiments with Truth: "My business was mostly to keep sitting in the tent, giving darshan and holding religious and other discussions with numerous pilgrims who called on

The Kumbh Mela at Haridwar proved to be a pivotal moment in shaping Mahatma Gandhi's sense of purpose and his eventual entry into the political arena of India's freedom movement. This deepened his realisation that the people of India looked up to him, not just as a spiritual figure, but as a leader capable of addressing the nation's struggles.

This realisation planted the seeds of confidence and responsibility within Gandhi, inspiring him to expand his mission of service and truth to the broader cause of India's liberation - which resulted in his first non-violent satyagraha in 1917 in Champaran, Bihar. The overwhelming response he received at the Kumbh Mela reinforced his belief in the power of collective action and solidified his resolve to dedicate his life to the fight for India's freedom.

It is also fascinating to note that Mahatma Gandhi's visit to Haridwar and his entry into the political arena coincided with a landmark moment in history - the All India Hindu me. This left me not a minute Mahasabha formation during

the Kumbh Mela. In April 1915, amidst the spiritual fervour of the Haridwar Kumbh, Gandhi joined luminaries such as Swami Shraddhanand, Pandit Madan Mohan Malaviya, and other visionaries at the inaugural conference of the Sarvadeshak (All India) Hindu Sabha, marking a pivotal chapter in India's sociopolitical awakening. Gandhi's participation at the Kumbh was also available to British intelligence, who had made records - now available in the

Regional State Archives. The colonial period introduced a fresh perspective to the Kumbh Mela, with European observers chronicling its magnificence and adding valuable historical context. Fascinated by the immense scale and diversity of the pilgrimage, the British left behind detailed records that provide significant insights into the evolution of the Maha Kumbh Mela which also can be found in the well-documented writings of James Prinsep, a British colonial administrator. It is worth referring to The

Sunday Guardian's article, Beyond Faith: How Kumbh Mela Reshapes the Course of History, which highlights the Kumbh Mela's role in India's independence movement. A 1920 British intelligence document, displayed at the Allahabad Museum, reveals a pivotal 1918 meeting during the Mela. This meeting adopt-

ed a memorial supporting political reforms, demanded Panchayats, permanent set-tlements, and tenant protections, and founded the UP Peasants Association. Led by Pt Madan Mohan Malviya, the association grew to 450 branches, fostering unity among peasants and opposing zamindar dominance.

The Sunday Guardian further highlights the pivotal role of the Kumbh Mela in shaping India's post-independence democracy, particularly during the Emergency. The JP Movement gained significant momentum at this Kumbh, with the Sadhu Samaj lending strong support. Events such as the 'Dharma Sansad' and 'Sadhu Sammelans (congregation)' cemented widespread support for the Janata Party across the Hindi heartland.

The 'Maha Kumbh Mela' transcends its role as a spiritual gathering, reflecting the profound confluence of the sacred and the secular.

While it offers a space for deep introspection and devotion, it also acts as a mirror to the socio-political currents that shape Indian society. This timeless festival continues to evolve, bridging spiritual and worldly realms. The Kumbh Mela remains a powerful testament to India's enduring

## WazirX hack exposes crypto risks: A call for stringent regulations

**SOUNDARARAJAN** 

Such cyberattacks expose regulatory gaps across jurisdictions and underscore the need for investor protection and the need for stricter crypto regulations

t the 2023 G20 Summit under India's presiden-Acy, world economies pledged to create a global regulatory framework for crypto assets. While each country must establish Its regulations, international collaboration is equally important.

This need for both domestic and global regulatory frameworks is exemplified by the recent WazirX case, which underscores the urgency of addressing vulnerabilities in the crypto ecosystem. WazirX, one of India's leading cryptocurrency exchanges, suffered a cyberattack in July 2024 by the North Korean hacker group Lazarus. This has been confirmed by a joint statement issued by the governments of the United States, Japan and South Korea and the three countries have pledged to collaborate to counter this.

In India, the attack has raised concerns about cybersecurity risks and the reliability of custodial exchanges. Custodial exchanges, where assets are held centrally pose significant risks, as evidenced by this cyber-attack. This episode has exposed broader systemic risks and has revived the conversation about a regulatory intervention into the entire try. Approximately 4.4 million

crypto ecosystem in the counusers were affected. The Anatomy of a Crypto Crisis WazirX's holding com-

pany, Zettai Pte Ltd, is based in Singapore, meaning any legal recourse must go through Singapore's regulatory channels, even though over 95 per cent of WazirX's users were Indian investors.

In response to the crisis, WazirX introduced a Restructuring Scheme aimed at user recovery and longterm operational stability. The proposed scheme promises quicker asset recovery, profitsharing mechanisms and operational changes. Last month, WazirX received approval from the Singapore High Court to propose its Scheme of Arrangement to creditors. Additionally,

asset rebalancing exercise, which ensures hack victims will receive 85 per cent of their portfolio value as of July 18, 2024. Following the breach, WazirX faced a significant shortfall in ERC-20 tokens, leaving it unable to fully cover user balances. Since matching individual token losses would be complex and impractical, the proposed Scheme aims to distribute available assets equitably among all creditors, based on their claim values at the time of the attack.

This standardised valuation approach ensures fairness and transparency and has been approved by the Singapore

The Scheme of Arrangement The Scheme of Arrangement promises to offer a legally binding path to recovery, ensuring equitable treatment of all creditors, regardless of the size of their claims or the type of cryptocurrency they hold. This approach takes an egalitarian stance, providing all users with a fair opportunity to recover their assets. The restructuring and resolution process will only proceed with the approval of a majority of creditors. To enhance WazirX recently completed its recovery prospects, the

Scheme includes the issuance of Recovery Tokens (RTs), which would give creditors a stake in future platform profits and assets. If the Scheme is rejected, WazirX may face liquidation, which would likely erode value, force the sale of assets at distressed prices and drag out the recovery process for years with uncertain outcomes.

The Way Forward

WazirX's restructuring plan represents a bold approach to crisis management, prioritising immediate user recovery and laying the groundwork for a more resilient crypto ecosystem. However, the broader lesson from this case is the urgent need for a robust regulatory framework for virtual digital assets in India. As the G20 emphasised, global cooperation and regulatory consistency are key to addressing the risks in the crypto ecosystem. India must develop a comprehensive regulatory framework to better protect investors and mitigate future risks, ensuring the country's preparedness for a rapidly evolving digital economy.

## **SAJJAN KUMAR CONVICTED IN SIKH RIOTS**

Madam — Congress leader Sajjan Kumar stands convicted in yet another case related to anti-Sikh violence in Delhi after the death of the then PM Indira Gandhi, gunned down by two Sikh security guards more than 40 years ago. There were no FIRs and the Congress goons roamed across Delhi to burn alive the Sikhs along with damaging their property continuously for 3 days when the Army was called to contain the violence. The moot question is, "Who was respon-

Obviously, the violence had the blessings of Rajiv Gandhi, who took over as PM immediately after the death of her mother and justified the killings on camera, vet no case was made against him or the family, and even the courts remained aloof to the bare fact about the responsibility of Rajiv Gandhi while hearing the petitions pertaining to the violence. Sajjan Kumar or Jagdish Tytler were only carrying out the orders to finish the Sikhs as much as possible within 3 days. The same courts as well as the media tried and tried Gujarat CM Narendra Modi for the violence that erupted after the gruesome burning alive of 59 Hindus. Doesn't it establish that the special family is much bigger than scores of poor Hindus in the eyes of the media and judiciary?

**US BANS ASSOCIATED PRESS** Madam— The decision by U.S. President Donald Trump to ban the renowned news agency Associated Press (AP) from entering the White House is a severe blow to democracy. This is not merely a restriction on a media institution but an attempt to crush independent journalism. The Trump administration accused AP of misusing the term "of America," but can this truly justify curbing press freedom? The First Amendment of the U.S. Constitution guarantees the press the right to operate fearlessly, impartially, and independently. However,

## **New Income Tax Bill simplifies taxation**

he newly tabled Income Tax Bill brings much-needed reforms to India's tax system and deserves commendation. By replacing the outdated Income Tax Act of 1961, the bill aims to simplify tax laws, reduce litigation and remove obsolete provisions, making the tax process more transparent and efficient for both taxpayers and the government. One of the most notable changes is the

accountability, their first move is often

to silence the voice of truth. The role of the media is to provide the public with unbiased information and critically examine government policies. Blocking a media organisation from entering the White House, the epicentre of power, is a direct attack on the press. History bears witness that wherever governments have attempted to suppress the press, dictatorship has followed. An independent media is the fourth pillar of democracy, and any restriction on it is an infringement on public rights. In a true democracy, power does not lie with the ruling authorities but with the people. Freedom of the press is the most powerful tool to amplify the voice of the

## **RAGGING MUST STOP**

Madam - The Kottayam Nursing College ragging incident is a crude reminder that ragging is very much prevailing in our colleges without any when those in power seek to evade deterrent and despite ragging being a

offering greater financial relief. Furthermore, the introduction of two clear deductions under the new tax regime, a Rs 75,000 standard deduction and NPS contributions, enhances tax planning options for individuals, making it simpler to manage finances. Although the income tax slabs remain unchanged for FY 2025-26, the streamlined approach will likely benefit taxpayers in the long run, fostering greater compliance and reducing unnecessary complications. Overall, this bill paves the way for a more modern and efficient tax system that is better suited to today's economic landscape.

criminal offence. These ragging incidents continued for three months, telling how much ordeal freshers had to face during

that period. Till about the 90s, ragging in the educational institutes used to be a platform to create affinity, closeness, and rapport between first-year students and seniors. Sadly, it has now taken an unfortunate turn and become a tool to torture. Merely getting parents and students to sign the undertaking was never going to help and prevent ragging from taking place. Punishing culpable students is an absolute must, but college administration must be held accountable in such cases too. One out-of-the-box idea could be to set a rule that any student who is found guilty of ragging and torturing juniors would not be allowed to participate in final placement or not be given passing out certificates. We have to hit it where it hurts them most

## **SHAPING INDIA'S AI FUTURE**

As Al redefines global power dynamics, India is

emerging as a key player in its governance and innovation

KUMARDEEP BANERJEE

rime Minister Modi's Paris and Washington visit, meetings with the two most powerful leaders from the developed world, comes at a time of shifting geopolitical sands. The buzzword around both these high-level bilaterals was high-end technology cooperation in a world, increasingly getting fragmented. India was the co-chair of the Al Action Summit in Paris, along with the host country France. This is the third global-level event on Artificial Intelligence, making it a Kumbh of technology leaders, policy makers, experts, corporates and world leaders in France. The theme was how to harness the power of this nearly mind-bending technology, whose evolution has been compared to the invention of the wheel and humans learning to use

Almost simultaneously, China released a nimble version of the generative AI tool DeepSeek, which is currently a huge challenger to US billions of dollars infused into US technology companies' almost monopolistic dominance on Al tools and standards. US President Biden in his last week at the Oval Office had passed an executive order called the Interim Final Rule (IFR) on Framework for Artificial Intelligence Diffusion, essentially imposing export controls on high-end software and hardware required for AI development across nations which may be considered inimical to US interests (i.e. China) but also, close allies

While the global technology industry stakeholders have requested the new President to be consistent with the Trump Administration's previously stated, Regulatory Freeze Order, and suspend implementation of the Al Diffusion Rule until the Secretary of Commerce and other relevant officials can review the rule appropriately and pursue robust stakeholder engagement so that the rules reflect the government's objectives and ensure companies can engage with key US trading partners. President Trump is yet to revoke the executive order signed by his predecessor, even though he did sign a fresh one on January 23. which potentially hints at a pause.

Three days into the Oval Office President Trump signed the executive order on AI development and deployment stating the purpose as "The United States has long been at the forefront of artificial intelligence (AI) innovation, driven by the strength of our free markets, world-class research institutions, and entrepreneurial spirit. To maintain this leadership, we must develop AI systems that are free from ideological bias or engineered social agendas. With the right Government policies, we can solidify our position as the global leader in Al and secure a brighter future for all Americans. This order revokes certain existing Al policies and directives that act as barriers to American Al innovation, clearing a path for the United States to act decisively to retain global leadership in artificial intelligence. It is the policy of the United States to sustain and enhance America's global Al dominance in order to promote human flourishing, economic competitiveness, and national secu-

India is aiming to have an equal say on global high tables of Al governance, innovation and development. It has an ambitious Al mission of its own, which is heavily dependent on high-end chips and Graphic Processing Units (GPUs) currently available from US technology companies. Any restrictions on access to these high-end processors would upset the ambitious goal envisaged under the India Al mission. The conversation in Paris, India's announcement to host the fourth global Al summit in Delhi, and conversations with President Trump and other leaders this week, are steps in the right direction.

# Palestine in ruins: The unbearable cost of war

As political instability deepens and global powers debate the future of Gaza, millions of Palestinians face an uncertain and harrowing future

n October 7, 2003, Hamas successfully launched a massive attack on Israel, but the price that Palestinians had to pay for it is heartbreaking. It will take three centuries to recover from the destruction caused by this war, which lasted for more than 15 months. According to a United Nations survey, it may take more than 350 years to rebuild Palestine, which has been reduced to rubble. The estimated loss in the first four months of the war was \$18.5 billion. At present, about 69 per cent of the structures in Gaza are either damaged or destroyed. More than 50 million tons of rubble have accumulated in the Gaza region, which may take more than 15 years to remove. Piles of rubble are visible throughout Palestine due to bombings and ground operations.

A United Nations report states that the accumulated rubble is approximately 12 times the size of the Great Pyramid of Giza in Egypt. According to estimates, even if more than 100 trucks work continuously, it may still take more than 15 years to clear the debris. Three generations born in tents will likely have to make them their permanent homes for a long time. Reconstruction will require billions of dollars, yet no international institution is willing to invest in an ungoverned region that has seen five wars in less than two decades.

Using satellite data, the United Nations estimated last month that 70 per cent of structures in Gaza have been destroyed, including more than 245,000 residential buildings. The World Bank estimated losses of \$18.5 billion in the first four months of the war-an amount nearly equal to the combined economic output of the West Bank and Gaza in 2022. Major roads have been turned into deep trenches, essential water and electricity infrastructure has been destroyed, and most hospitals are no longer functional due to being targeted during the bombings. According to the United Nations, more than 50,000 people have died in Gaza, 44 per cent of whom are children. The children who have survived are suf-fering from sickness, stress, insomnia, depression, and fear. They are terrified of every stranger. The children of Gaza have lost the will to live. Amidst the devastation, 96 per cent of children express a desire not to live, and 49 per cent say they would have preferred to die. Among those who feel this way, 72 per cent are boys and 46 per cent are girls. A Netherlands-based organisation, War Child Alliance, has collected shocking and heartbreaking data. The alliance gathered this information from 500 parents or caretakers, including families whose children were crippled in the war or separated from their families. Their findings revealed that 92 per cent

of the children surveyed are unable to accept the reality of war. The smell of gunpowder lingers in Gaza's atmosphere. The situation is so dire that 79 per cent of children experience nightmares, and 73 per cent have become so overwhelmed that their behaviour has turned aggressive. Many scream and moan in their sleep. These children have witnessed their homes and schools reduced to rubble. Their young minds are shattered, unable to comprehend why they are being punished and what crime they have commit-

Devastated by this horrific situation, the entire Palestinian government, including

Shtayyeh, has resigned. In his resignation letter, he acknowledged that Palestinians in the Gaza Strip are starving. Tensions escalated further when an American airman involved in military operations set himself on fire outside the Israeli embassy in Washington, DC, repeatedly shouting, "No more involvement in genocide." The United Nations has passed a ceasefire resolution, endorsed by 158 nations, includ-

ing India. Despite multiple resolutions calling for a ceasefire in the UN General Assembly, all previous efforts had failed. İsrael was even included in the List of Shame, a document that records alleged rights violations against children in armed conflict. In this report, Israel is accused of committing severe violations of children's rights. This inclusion has angered Israel and damaged its international reputation. Several key European Union countries, which previously sympathised with Israel, have now condemned its actions. Despite continued American support, Israel's economy has begun to collapse. In recent months, GDP growth has been only 0.7 per cent. The Israeli army has requested \$16 billion, equivalent to 3 per cent of the country's GDP. Even after the ceasefire, the military requires \$8 billion annually to address new security challenges.
The fiscal deficit has now reached

8 per cent of GDP. Israel is also deeply concerned that fighting has spread to its major business hubs, Tel Aviv and Jerusalem.In January, Israel's debt stood at 62 per cent of GDP, which is still lower than the average for most wealthy nations in the OECD. However, prominent credit rating agencies such as Fitch and Moody's have already downgraded Israel's credit rating once this ther downgrades shortly. Following the Hamas attack last

year, Israel revoked work permits for 80,000 Palestinian workers. No replacements have been hired, leading to a 40 per cent decline in the construction industry. The same trend is observed in the high-tech sector and other industries. Inflation reached an annual rate of 3.6 per cent last month. If the war had continued any longer, the value of the Israeli shekel might have dropped further, forcing banks to rely on their reserves. Although a ceasefire is in place, this does not mark the end of the war. A recent statement by US President Donald Trump has crushed any hopes of peace efforts. Israel's Prime Minister, Benjamin Netanyahu, is currently visiting the US, where he has been given priority among the foreign guests invited by the President. However, Netanyahu faces growing protests in Israel, driven by both economic instabilana widespread public dissent. The situation worsened when Israel's Defense Minister, Benny Gantz, resigned from his position along with other members of his party, putting additional pressure on the government. Both leaders have sparked global controversy following a press conference at the White House, where they announced plans for the US to occupy the Gaza Strip and trans-

form it into a resort city.
The proposed project would turn Gaza into a hub for employment and tourism in West Asia. The entire area would be levelled to develop infrastructure, and the 2.3 million people currently living in Gaza would be relocated to countries such as Egypt and Jordan. However, both Egypt and Jordan have firmly rejected this proposal. Experts argue that international laws and treaties will pose a significant obstacle to

any U.S. attempt to occupy Gaza. Meanwhile, major Arab nations are mobilising against Trump's plan, with Saudi Arabia, Egypt, ordan, Qatar, and Turkey open-

ly opposing it.
Hamas has strongly condemned
the proposal, labelling it ethnic genocide. Several US lawmakers, both Democrats and Republicans, have also voiced their opposition. In the past, Trump had similarly expressed intentions to occupy Greenfield Island, take control of the Panama Canal, and annex Canada as the 51st state of America.The Israeli parliament has enacted several controversial laws that have further inflamed tensions with Palestine and Arab nations. For example, the Jewish State Bill officially declares Israel as a Jewish state, effectively relegating non-Jewish communities to second-class citizenship. Additionally, the decision to shift the capital from Tel Aviv to Jerusalem is widely seen as an act of provocation against Paiestinians. Israel also occupies the Syrian territory of the Golan Heights, which has been under Israeli control since the 1967

A massive city, known as Trump City, is currently being developed in the region. The month of Ramadan is approaching, which is likely to bring additional hardships. Tensions surrounding the Al-Aqsa Mosque also intensify during this time, as restrictions are often imposed on Muslim worshippers. At present, the likelihood of renewed conflict appears higher than the prospect of lasting peace. The international community is also deeply concerned about the Trump administration's decision to withdraw US representatives from the United Nations. (The writer is a former Member

## India stands on the brink of an AI-driven revolution

By prioritising comprehensive AI education, ethical governance and transparent regulations, India can lead the global AI revolution

ndia is emerging as a dominant force in Artificial ■Intelligence (AI), shaping its economy, security, and global influence. At the ongoing AI Summit in Paris, India's leadership in AI highlights its commitment to technological advancement and innovation. The Prime Minister's prominent role at the summit underscores the country's strategic focus on AI, positioning it as a counterforce to China's deepfake threats. Whether in AI, digital transformation, or healthcare, India is rapidly evolving into a global technology powerhouse, striving for AI self-reliance and econom-

ic growth. AI is no longer a futuristic concept-it is an immediate reality reshaping India's digital landscape. Projections suggest that AI will contribute \$500 billion to the Indian economy by 2025, accounting for 10 per cent of the national GDP. The technology is revolutionising industries, from agriculture to healthcare and revitalising cultural and linguistic heritage. India is not merely adopting AI; it is actively leading the revolution through ambitious govern-ment initiatives, collaborations with tech giants and extensive investment in AI infrastructure. The Indian government has launched sever-

al initiatives to position the country as a leader in AI. The IndiaAI Mission and the establishment of India's first AI University in Maharashtra reflect a strong commitment to technological leadership. Partnerships with global tech investing heavily in AI.

firms like NVIDIA are helping develop AI solutions tailored to India's unique challenges. AI-driven tools in agriculture, such as CropIn and Intello Labs, assist farmers in predicting weather patterns, optimising irrigation, and detecting crop diseases, thereby boosting productivity and sustainability

India's corporate sector is also

Companies like Infosys and TCS are deploying AI-driven solutions to streamline business processes, automate customer service, and optimise supply chains. Infosys' Nia platform enhances efficiency and reduces operational costs, while Zoho's AI-powered CRM tools empower small and medium enterprises to compete globally. Generative AI tools like ChatGPT are increasingly being utilised by job seekers, with 87 per cent leveraging them to refine resumes and prepare for inter-

Despite its rapid progress, India faces significant challenges in AI adoption. A critical skills shortage in AI-related professions remains a pressing issue. To address this, the National Programme on AI,

launched by NITI Aayog, aims to train over a million workers in AI skills. Additionally, states like Karnataka and Telangana are establishing AI hubs to nurture innovation and talent development. However, while India produces over 1.5 million engineers annually, only a small percentage have the specialised expertise required for AI development.

AI's rise also brings security concerns. Cyber threats are developing AI models to revive predict natural disasters and

growing, with increasing vulnerability to sophisticated cyberattacks. In 2023, a major Indian bank suffered a ransomware attack, disrupting services for millions of customers. AI-powered cyber tools, while beneficial, can be exploited by malicious actors. The dangers of misinformation and AI-generated deepfakes are also becoming more apparent. The viral deepfake video of actor Rashmika Mandanna in 2023 highlighted the risks of AI-driven disinformation. Similarly, AIpowered voice cloning scams are on the rise, posing signif-

icant fraud risks. AI is also playing a crucial role in preserving India's cultural and linguistic heritage. Institutions like IIT Madras are

endangered languages such as

Toda and Gondi. The Bhandarkar Oriental Research Institute is using AI to digitise ancient manuscripts, ensuring the preservation of India's historical knowledge. AI is further enhancing the enter-tainment sector through immersive experiences, such as virtual reality tours of historical sites and AI-curated regional literature and music recommendations.

In healthcare, AI-driven tools like Niramai are revolutionising early cancer detection, while telemedicine platforms like Apollo Telehealth are providing medical access to rural communities. The education sector is benefiting from AIpowered platforms. In disaster management, AI is helping

coordinate relief efforts. The Indian Meteorological Department employs AI to analyze weather patterns and issue early warnings for cyclones and floods, thereby minimising casualties.

AI is not merely a technological tool; it is a transformative force shaping India's future. However, the country must strike a balance between innovation and regulation to ensure ethical AI deployment. As AI evolves, India must establish a robust framework to address ethical concerns, security risks, and workforce reskilling. Collaborative efforts between the government, industry, and academia will be key in ensuring AI benefits for the society.

## Sarfraz Dogar's oath as acting CJ of Islamabad High Court draws ire of fellow judges, Oppn

Islamabad (PTI): President Asif Ali Zardari on Friday gave oath to Sarfraz Dogar as acting Chief Justice of Islamabad High Court, a move that has drawn ire of judges and opposition parties. Dogar made headlines when he was transferred last month to the Islamabad High Court (IHC) from the Lahore High Court (LHC).

Judges, lawyers and opposition parties criticised the development as Dogar was 13th on the seniority list of the judges but rose to the second position in IHC.

He was tipped to rise to the top after the elevation of the IHC Chief Justice Aamer Farooq to the Supreme Court. Five other IHC judges opposed his rise and challenged Dogar's seniority. However, ignoring all concerns,

Dogar was sworn-in at a ceremony held here at the Aiwan-e-Sadr, the official residence of the president of Pakistan.

The official notification read: "President of Pakistan appointed Justice Muhammad Sarfraz Dogar as Acting Chief Justice of Islamabad High Court with effect from the day he takes oath of his office till the appointment of regular chief justice."

The appointment was made under Article 196 of the Constitution. Dogar's rise was

off on February 19.
New Zealand Cricket (NZC)
has named Jacob Duffy as Sears' replacement.

'Sears felt some pain in his left hamstring at the team's first training in Karachi on Wednesday and a subsequent scan revealed a minor tear that would require at least two weeks' rehabilitation," NZC said in a statement.

The rehabilitation timeframe means that Sears would likely be available for only the team's final Group A match against India in Dubai, and so the decision was made to rule him out." Sears' absence has paved the way for Duffy, who is currently with the squad for the ODI Tri-Series against Pakistan and South Africa.

the 2023 bronze medalists in Dubai, struggled to find their rhythm, and trailed 0-1 after going down in the mixed doubles.

It all came down to Prannoy to keep India alive, but despite a determined effort, the 32year-old, returning after a long
