## RAHUL DISSENTS POLL PANEL, BJP DEFENDS

File photo: PTI

government's constitutional mandate through "malicious" judicial activism. The government late on Monday night appointed Gyanesh Kumar as the new CEC hours after the meeting of the PM-led selection committee in which the Leader of Opposition in Lok Sabha asked the government to defer the meeting in view of the SC hearing in the matter. Meanwhile the SC on Tuesday said it would take up on February 19 on "priority basis" the pleas against the appointments of the CEC and election commissioners (EC) under the 2023 law.

"During the meeting of the committee to select the next Election Commissioner, I presented a dissent note to the PM and HM, that stated: The most fundamental aspect of an independent Election Commission, free from executive interference, is the process of choosing the Election Commissioner and Chief Election Commissioner," Rahul said in a social media post.

"By violating the Supreme Court order and removing the Chief Justice of India from the committee, the Modi Government has exacerbated the concerns of hundreds of millions of voters over the integrity of our electoral process," he also said in his post while sharing his dissent note.

Rahul said as the LoP, it is his duty to uphold the ideals of Babasaheb Ambedkar and the founding leaders of the nation while holding the government to account.

In his dissent note presented before the panel, the Congress leader cited a speech of BR Ambedkar in the Constituent Assembly in June 1949 to discuss the setting up of an independent Election Commission, where he had warned about executive interference in India's democracy and the affairs of the Election Commission.

Rahul said in a judgement on March 2, 2023, the Constitutional Bench of the Supreme Court ordered the appointment of the CEC and election commissioners should be undertaken by a committee comprising the PM, the LoP and the Chief Justice of India.

## SC comes to rescue of 'pervert' Allahabadia

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court (SC) on Tuesday protected influencer Ranveer Allahbadia from arrest over his distasteful comments during a YouTube show while severely castigating him for the remarks it described as "showing a perverted mind". Several FIRs have been filed against Allahbadia, popularly known as BeerBiceps, for the comment on parents and sex on comedian Samay Raina's YouTube show "India's Got Latent". A furious court at the outset berated Allahbadia for his "unacceptable comments" on the

show and said, "... There is something dirty in his mind which has been vomited on the YouTube show."

"The words you have used will make daughters, sisters, parents and even the society feel ashamed. It shows a perverted mind. If this is not obscenity, what is it? Why should we quash or club the FIRs against you?" asked Justice Surya Kant, who was on the bench along with Justice N Kottiswar Singh.

However, the bench agreed to the submissions of senior advocate Abhinav Chandrachud, representing the influencer, that Allahbadia be

protected from arrest keeping in mind the filing of multiple FIRs on the same issue as well as the death threats against him.

"Are you defending the kind of language he has used?" Justice Surya Kant asked Chandrachud, who conceded that he himself was "disgusted". The senior lawyer, however, said the question was whether the remarks constituted a criminal offence as profanity per se would not amount to obscenity. "If you can try to attain cheap publicity by saying these kinds of things, there might be others also who might want to get cheap publicity by making

threats," the bench said.

The bench directed that no further FIRs shall be lodged against him for his comments during the YouTube show, "India's Got Latent". The top court also restrained Allahbadia and his associate influencers on the controversial YouTube show from airing any other episode till further orders. It directed Allahbadia to deposit his passport at the Thane police station and said he shall not leave the country without the prior permission of the court.

The bench directed Allahbadia to cooperate in the probe of the FIRs lodged at Maharashtra and Assam.

Preparations underway for the oath ceremony of the new Delhi Government, at the Ramlila Maidan Photo: Ranjan Dimri

## Oath final for 'suspense' CM

STAFF REPORTER ■ NEW DELHI

Almost a fortnight after the BJP emerged victorious in the Delhi Assembly elections, the suspense over the chief minister of Delhi still remains as the party has yet to make an announcement. Insiders say the new Delhi Chief Minister and the council of ministers are set to take oath at the Ramlila Maidan on Thursday evening. The decision is likely to be announced on Wednesday, when the new BJP legislature party is scheduled to meet, as per the party sources.

As the iconic Ramlila Maidan is being spruced up with its boundary walls receiving

a fresh coat of paint, tents for the grand oath taking ceremony, sources said the legislature party meeting will take place around 3:30 pm following which final name of candidate will be announced. Earlier, the oath ceremony was scheduled around 4 pm at Ramlila Maidan but it has been rescheduled to 11 am due to some unknown reasons. Party sources said that arrangements have been speed up accordingly.

For the BJP leaders, it was hectic schedule throughout the day on Tuesday as many senior leaders including Vinod Tavde, Tarun Chugh, etc were seen taking stock of preparations on the ground by visiting with the BJP leaders.

## Nepal embassy visits Odisha institute over suicide uproar

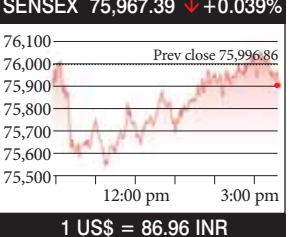

Family members of a Nepal's girl student who died by suicide reach the Kalinga Institute of Industrial Technology (KIIT), in Bhubaneswar PTI

PIONEER NEWS SERVICE ■ BHUBANESWAR/NEW DELHI

Officers from the Nepal embassy visited the engineering institute in Bhubaneswar after a student from the neighbouring country was found dead in her hostel on the campus. The officers are also expected to meet a group of students who were allegedly evicted from their hostel, amid

tension on the institute campus. While Nepal Prime Minister KP Sharma Oli offered some relief to the distressed students, Odisha Higher Education Minister Suryabanshi Suraj said the state government has been monitoring the situation and will facilitate the Nepali students, who have allegedly been evicted from their hostel, to return to the KIIT campus.

### President approves Jain's prosecution

STAFF REPORTER ■ NEW DELHI

President Droupadi Murmu on Tuesday sanctioned the prosecution against former Delhi minister and AAP leader Satyendar Jain in a case investigated by the Enforcement Directorate. The case falls under the provisions of the Prevention of Money Laundering Act (PMLA). The Ministry of Home Affairs (MHA) on Friday sought the President of India's approval to prosecute former Delhi minister and AAP leader Satyendar Jain under Section 218 of the Bharatiya Nyaya Suraksha Sanhita (BNS), 2023 in the alleged disproportionate assets were to the tune of Rs 1.47 crore, about 217 per cent more than Jain's known sources of income during 2015-17. The MHA has claimed that there is adequate evidence against the AAP leader to implicate him on charges of laundering money through four shell companies allegedly linked to him. Based on material received from the Enforcement Directorate, he President found sufficient evidence to grant the request, officials said. Currently, out on bail, Jain has been chargesheeted by the ED. The money-laundering case stems from an August 2017 FIR filed by the Central Bureau of Investigation (CBI) against Jain and others, alleging possession of disproportionate assets. Jain had recently lost Shakur Basti seat to BJP's Karnail Singh by a margin of 20,998 votes.

## Prosecution seeks death penalty for Sajjan Kumar

STAFF REPORTER ■ NEW DELHI

The prosecution has sought the death penalty for former Congress MP Sajjan Kumar who was convicted by a Delhi court last week over the killings of two Sikhs in the national capital during the 1984 anti-Sikh riots saying the crime was committed in a "brutal and diabolical manner". The prosecution said the case was "graver than the Nirbhaya case" of 2012 in a written submission filed before special judge Kavari Baweja. "The present case is graver than the Nirbhaya case as in the Nirbhaya case, a young woman was targeted but in the present case, people of a particular community were targeted," it said. Arguments on the quantum of sentencing will take place on February 20 as the lawyers were on strike on Tuesday. While describing the case as rare of the rarest, Additional Public prosecutor (APP) Manish Rawat in his written submissions has pressed for death penalty for the convict in view of the guidelines issued in Nirbhaya and other cases. Asking the convict and the victims to file their written submissions, Special judge Kavari Baweja has listed the matter for hearing arguments on sentence on February 21. The minimum punishment for murder is life imprisonment. Senior advocate H S Phoolka, appearing for the complainant, supported the prosecution's demand of death penalty and sought time to

File photo: PTI

argue the matter. The judge deferred the matter to February 21 after Kumar's counsel sought time to argue the matter, saying lawyers were abstaining from work on Tuesday in protest of the Advocate Amendment Bill, 2025.

## Child's drawing raises doubts over mother's death in Jhansi

BISWAJEET BANERJEE ■ JHANSI

What initially appeared to be a case of suicide has taken a shocking turn after a four-year-old girl's drawing cast doubt on the circumstances surrounding her mother's death. Sonali Budholia, 27, was found dead at her home in Panchavati Shiv Parivar Colony on Monday, with her in-laws claiming she had taken her own life. However, her daughter Darshita's unsettling illustration and statements to the media have pointed to possible foul play, implicating her father, Sandeep Budholia, in the tragedy. Darshita's drawing depicted a violent assault on her mother. She later told reporters that her father had

physically attacked Sonali before staging her death. "Papa assaulted and killed Mummy and said, 'Die if you want to'. He hanged her body and hit her head with a stone. Later, he brought down the body and put it in a sack," the child revealed. Her statements also suggested a history of domestic abuse, alleging that Sandeep often threatened to kill her mother. "I once warned him that if he hurt my mother, I would break his hand. He would hit her and say she should die, and that I should meet the same fate," Darshita recounted. Sonali's father, Sanjeev Tripathi, who lives in Tikamgarh, Madhya Pradesh, described a troubled marriage marred by alleged dowry demands and

mistreatment. He claimed that despite giving Rs 20 lakh in dowry, the demands continued. A previous dowry harassment case was lodged against Sonali's husband, Sandeep Budholiya, but was later settled based on alleged false assurances from his family. He claimed that after Sonali gave birth to a daughter in 2020 the abuse intensified. "After the delivery, Sandeep and his family abandoned her in the hospital. I had to clear the bill and take her home. A month later, Sandeep returned to take Sonali and Darshita back," he said. Sanjeev further stated that just days before her death, Sandeep insisted Sonali return home from a cousin's wedding, despite her reluctance.

# Cong MLAs stage walkout during governor's address

PNS ■ DEHRADUN

The budget session of the Vidhan Sabha started on a stormy note on Tuesday with the opposition Congress raising ruckus during the address of the governor lieutenant general (ret'd) Gurmit Singh.

As soon as the governor started his address to the house, the leader of opposition Yashpal Arya rose from his seat to demand that the duration of session should be increased. The Congress members marched to the well of the house and shouted slogans. However, the governor continued his address

amid slogans from the opposition members. Amid pandemonium, Congress MLA Madan Singh Bisht and Parliamentary Affairs minister Prem Chand Agarwal were seen engaging in heated verbal duel.

The lone BSP MLA Mohammad Shahzad also joined the protest of the Congress members. Later, the Congress MLAs led by Arya staged a walkout from the house. Arya told The Pioneer that during the meeting of the business

advisory committee held on Monday, the Congress members had raised the issue of increasing the duration of the budget ses-

sion of the Vidhan Sabha. He said that the government is not in favour of extending the session. Arya said that the members want discussion on various issues like stringent land laws, smart meters, increasing unemployment, rampant corruption, payment of dues of the farmers and recurrent natural disasters in the State. Arya added that the detailed discussions on department wise budget should be held in Vidhan Sabha but the government is not in the mood of extending the duration of budget session.

# Several protests held on first day of Vidhan Sabha session

PNS ■ DEHRADUN

The police detained the former MLA of Ghansali Bhimlal Arya on Tuesday as he had reportedly managed to cross the barricades and reach the main gate of the Vidhan Sabha building while demonstrating for land law reforms in Uttarakhand on the first day of the Vidhan Sabha budget session on Tuesday. Officials informed that Arya reached the Vidhan Sabha building gate in the morning and began raising slogans demanding changes to the land laws. Security personnel at the site attempted to control the situation but he managed to cross the barricades and reach the main gate of the building before the Governor's address. However, the police took him into custody before he could stage a sit-in protest.

protestors. Besides this, many commuters had to face difficulty due to route diversion and barriers, especially near Haridwar Bypass and Rispana bridge. However, the traffic in the other parts of the city was not affected significantly.

The Dehradun senior superintendent of police Ajai Singh said that the police made adjustments to the barriers around the Vidhan Sabha building area to facilitate smoother movement for the public. He claimed that compared to earlier arrangements, the police modified barriers to allow easier

access, ensuring that school vehicles and the general public can pass through without inconvenience. Besides this, the police also introduced a sliding barrier near the LIC building on Haridwar Road to manage the traffic there more effectively.

The SSP said that this arrangement ensures that, even during demonstrations, the route remains accessible to the public. The movement through this barrier was restricted during such events. The modifications are intended to balance public convenience with security measures, he added.

# CM questions unruly behaviour of Cong MLAs

PNS ■ DEHRADUN

Expressing his annoyance at the Congress MLAs' unruly behaviour during the governor's address on the first day budget session of Vidhan Sabha on Tuesday, chief minister Pushkar Singh Dhami said that both the ruling party and opposition share equal responsibility for smooth conduct of house. He said that on the one hand

the Congress party is demanding an increase in the duration of budget session and on the other hand it is creating hindrance in the smooth conduct of business in the house. Dhami said that by registering undue protest and walking out of the house, the Congress is engaging in wasting time and resources.

# Cong MLA Dhami praises CM for National Games success

PNS ■ DEHRADUN

Known for his candid views which sometimes deviate away from the official line of the party, the Congress MLA from Dharcula, Harish Dhami on Tuesday praised chief minister Pushkar Singh Dhami for the successful conduct of 38th National Games. Interacting with the mediapersons, the Congress MLA said that one should appreciate the good

work of the government for successful organisation of National Games. He said that the players and youths benefited from the National Games. Dhami said that the State government should construct good stadiums in all the blocks and tehsils. "This will develop a sports culture in the State and prevent the youngsters from falling prey to drugs," he said.

# Protests erupt over free electricity, water & land laws in Uttarakhand

PNS ■ DEHRADUN

The Mool Niwas Bhukanon Sangharsh Samiti led by its convener Mohit Dimri attempted to march towards the Vidhan Sabha building on Tuesday, demanding the fulfillment of promises made during the 2022 Vidhan Sabha elections. However, the police stopped them at the Rispana barricade. The protestors claimed that they seek a discussion on the permanent residency law and land laws in the ongoing Assembly session. They demanded that land laws be people-centric and warned against any provisions favouring land mafias. They also opposed the Uniform Civil Code's provisions on one-year residency and live-in relationships. The Samiti stated that they wanted to meet chief minister Pushkar Singh Dhami and ministers to present their demands but were denied a meeting. Dimri also criticised the State government for prioritising salary and pension hikes for MLAs and former MLAs while ignoring public issues. He questioned whether Assembly sessions were only meant for law-

makers' benefits and not for addressing concerns of common people. He highlighted the struggles of out-sourced and contractual employees fighting for

equal pay, retired employees demanding the old pension scheme and various other employees seeking wage hikes. He accused the government of neglecting promises made during the elections. He cited the BJP's manifesto, which included commitments like providing Rs 3,000 per month to unemployed youth under the CM trainee scheme, financial aid for farmers and medical college establish-

ments in each district. He also mentioned the unfulfilled promise of a credit guarantee fund for ex-servicemen. The Samiti demanded free electricity and

water for Uttarakhand residents, similar to schemes in Delhi. Dimri questioned why people in a power-producing State were paying high electricity rates and why a water-rich region was charging residents for water. He also demanded financial support for women under a scheme similar to Delhi's Mahila Samridhhi Yojana. He warned of further action if their demands were not met.

# Lansdowne MLA backtracks, attends budget session

PNS ■ DEHRADUN

The Bharatiya Janata Party MLA from Lansdowne, Dileep Singh Rawat attended the first day of the Vidhan Sabha budget session on Tuesday, despite his earlier statement that he will not attend if the State government fails to convene a special Assembly session to address forest regulations. Speaking to the media on Tuesday, Rawat clarified that he attended the session because the governor addressed the house on the first day and he did not want to show any disrespect.

He also claimed that he had never said he will boycott the session but had only indicated that he will not be able to attend if the government did not commit to holding a special session on the issue. Rawat has been raising concerns about stalled projects in his constituency, where a significant portion of the

area is covered by forests. He attributes delays in development work, including road construction, to strict forest regulations. According to him, any project that requires forest land must compensate with twice the amount of non-forest land, which must be transferred to the Forest department under current rules.

This process is lengthy and bureaucratic, causing obstacles to essential projects, as per him. According to Rawat, chief minister Pushkar Singh Dhami verbally assured him once again that a four-hour special session will be held to address the matter. He said that if the special session is confirmed, he will continue to attend the budget session. If not, he will refrain from participating in further proceedings.

# Live-in provision in UCC against Uttarakhand's culture: Mahara

PNS ■ DEHRADUN

The Pradesh Congress Committee (PCC) president Karan Mahara has said that the provision of live-in relationship in Uniform Civil Code (UCC) is against the culture and dignity of Uttarakhand. Addressing a press conference at the State headquarters of Congress on Tuesday, the PCC president said that the Congress party opposes the live-in relationship provision in the UCC. He said that the party will seek the opin-

ion of the general public on the issue and draft a memorandum to the President of India. Mahara threatened that the Congress party will hold a Vidhan Sabha protest march

against the live-in relationship provision in the UCC on February 20. Mahara said that the provision in UCC enabling outsiders to apply for live-in relationship registration after residing in the State for one year is a conspiracy to make them residents of Uttarakhand. He said that the live-in relationship provision in UCC is an effort to spread adultery in Uttarakhand. The State president of Mahila Congress, Jyoti Rautela said that the UCC provision on live-in relationships will affect women more. She said that a large number of Mahila Congress members will join the protest march to Vidhan Sabha on the subject.

Senior advocate VS Khurana said that UCC is not the priority of Uttarakhand and that it is an attempt to divert the attention from the real issues.

# HNBGU & SRHU hold conclave on AI

PNS ■ NEW TEHRI

The department of Zoology, Swami Ram Tirth campus of HNB Garhwal Central University, (Badshahi Thaul, Tehri) in collaboration with Swami Rama Himalayan University (Dehradun) hosted a one-day interactive conclave on 'AI and Data Mining for Health & Himalayan Natural Resources'. A number of scientists, academicians and researchers discussed the role of Artificial Intelligence (AI), Big Data and Machine Learning (ML) in healthcare, environmental conservation and biodiversity management. Among those

who came from foreign countries were Dong Ling Tong (UTAR Malaysia); Alan J Stewart (School of Medicine, St Andrews University, UK) and Dono Widiatmoko (University of Derby, UK).

A total of 162, including faculties and research scholars aside from PG and UG students, attended the event. The discussions opened new avenues for collaborative research, highlighting the need for an interdisciplinary approach in modern scientific studies, the organisers said.

**Notice Inviting Expression of Interest (Eoi)**  
**for Empanelment of Implementing Agencies for FY 2025-26**

Office of the Development Commissioner (MSME) invites applications from eligible Implementing Agencies (IAs) for their empanelment to organize training programs under the Entrepreneurship and Skill Development Programme (ESDP) for FY 2025-26, as per the scheme guidelines (can be downloaded from the portal <https://dcmsme.gov.in/ESDP-Guidelines-new-01-04-2022.pdf>).

The Entrepreneurship and Skill Development Programme (ESDP) aims to promote self-employment and entrepreneurship by providing technical and managerial training. It focuses on skill enhancement, capacity building for MSMEs, fostering innovation, and generating employment. The programme ensures inclusive growth, targeting youth, women, and disadvantaged groups to drive economic development through technical upskilling and business innovation.

**Eligibility Criteria for Empanelment**

- Proven experience in organizing skill development and entrepreneurship programmes.
- Adequate infrastructure and resources to conduct high-quality training.
- Willingness to adopt digital platforms for monitoring and evaluation.

**Who Can Apply**

Institutions: IITs, IIMs, NITs, Technology Centers (TCs), Tool Rooms, Central Autonomous body under the Ministry of Education (MoE) Government of India, and Institutes from Central and State Government departments and organizations etc.

**How to Apply**

Interested organizations can submit their application in the prescribed format (can be downloaded from the official website at [www.dcmsme.gov.in](http://www.dcmsme.gov.in)) along with supporting documents through email to [esdp.div@dcmsme.gov.in](mailto:esdp.div@dcmsme.gov.in), latest by **20<sup>th</sup> March, 2025**. Applicants must include detailed proposals specifying the geographical coverage of the training programs and the areas of specialization for advanced courses. Furthermore, the distribution of the ESDP programmes to the Implementing Agencies will be based on the mandate to ensure a balanced distribution and maintain the prescribed ratio of various scheme components.

# Uttarakhand moving steadily on developmental path: Governor

PNS ■ DEHRADUN

The governor of Uttarakhand lieutenant general (ret'd) Gurmit Singh has said that the regular increase in the per capita income (PCI) in Uttarakhand reflects the consistent development of the State. Addressing the first day of the budget session of Vidhan Sabha on Tuesday, the governor said that the PCI in Uttarakhand was Rs 16,232 in

of women. It has brought about a uniformity in the civil laws by removing the discriminations based on caste, religion and sex. He added that the State adopted the three new criminal laws from July 1, 2024. The governor said that the Uttarakhand Public and Private Property Damage Recovery Act implemented in the State on September 20, 2024 has provision to recover

place in the country in achieving the Sustainable Development Goals (SDGs). Under the start-up policy, the Industrial Development department has approved 168 start-ups and 15 incubators in the State. An incubator centre named U-hub is being developed at the IT Park in Dehradun.

The State government organised the International Pravasi Uttarakhandi Sammelan and Pravasi Uttarakhandi Sammelan in Dehradun, in which the non-resident Uttarakhandis showed keen interest in start-ups, infrastructure and power sectors.

The governor said that the State government has made a provision to grant 10 per cent horizontal reservation to the statehood activists. He said that the Public Works Department constructed 116 km roads and 11 bridges in the year 2024-25. The State is

generating 600 MW of solar power.

# Governor's address, a roadmap for development of State: CM

PNS ■ DEHRADUN

Chief minister Pushkar Singh Dhama has said that the governor's address is the roadmap for the development of the State and the State government will move forward on the road map with priority. Interacting with

the media persons in Vidhan Sabha on the first day of budget session on Tuesday, the CM said that the year 2025 is the silver jubilee year of creation of Uttarakhand and the State government has decided to dedicate this year

to the people of Uttarakhand and development of the State. On the question of the strict land laws, the CM said that the State government will respect public sentiments on the issue. He said that during the Kedarnath visit, the Prime Minister Naren State government had professed that the third decade of the century will be of Uttarakhand and the State government is working in the direction of making the State developed.

the year 2000-2001 which has increased to Rs 2,46,178 in 2023-24. Presenting the performance and vision of the State government, Singh said that the priority of the government is to ensure a place for Uttarakhand in the category of developed States of the country. Amid slogan shouting from the opposition and thumping of tables by treasury benches, the governor said that Uttarakhand has become the first State in the country to implement the Uniform Civil Code (UCC) which has primarily protected the interests

the damage from the rioters.

He said that the State successfully hosted 38th National Games from January 28 to February 14 this year. The players of Uttarakhand won more than 100 medals in these games to create a new record.

Singh said that the State government has set up a State Institute for Empowering and Transforming Uttarakhand (SETU) on the lines of NITI Aayog for judicious use of available resources. He said that the State has got the first

# Speaker inaugurates e-Vidhan Sabha, Dehradun

PNS ■ DEHRADUN

Speaker Ritu Khanduri Bhushan inaugurated the National e-Vidhan Application (NeVA) in Dehradun building of the Vidhan Sabha on Tuesday. The budget session of

Under the NeVA the works of Vidhan Sabha will be digitised and the day plan, questions and their answers and other documents will be made available to the MLAs in online

the Vidhan is being convened under the NeVA. The chief minister Pushkar Singh Dhama was present on the occasion.

mode. The objective of the exercise is to increase efficiency and environment conservation.

# Governor's address document of State's development, claims BJP

PNS ■ DEHRADUN

The Bharatiya Janata Party State president Mahendra Bhatt welcomed the governor Gurmit Singh's address in the Vidhan Sabha claiming that it is a document which validates the commitment to a developed Uttarakhand. He said that the stance of the opposition shows its "negative" intentions towards the session.

women's welfare and historic efforts for infrastructural development," Bhatt said.

Referring to the opposition's stance during the governor's address, Bhatt termed it a denigration of constitutional tradition. "The house is the best platform for debate on the very issues on which the Congress members were protesting. Their entire focus was on raising ruckus and grabbing media space whereas the reality is that the Congress is bereft of issues and ideas.

The BJP State president opined that the governor's address made it clear that historic development works and public welfare schemes have been executed under chief minister Pushkar Singh Dhama's leadership. The address mentioned the government's priorities for 2025-26 in which women, the youth and ex-servicemen feature prominently. "Our government has made it clear that we are consistently striving towards making Uttarakhand an empowered and prosperous State while focusing on the development of all the sections of society.

This is the reason why it lacks any concrete facts or logic to state in the Assembly. The Congress is proving to be an utter failure in its role of being a responsible opposition. When work is needed at the ground level for the public, their leaders limit themselves to Press conferences. Opportunities to raise public interest issues in the house are wasted by raising ruckus and hindering the constitutional process," the BJP State president said.

## High Court seeks State's reply in petition regarding UCC live-in provisions

PNS ■ NAINITAL

Hearing petitions challenging some provisions regarding live-in relationships in the Uniform Civil Code implemented in Uttarakhand, the Uttarakhand High Court has directed the State government to submit its reply. The matter will be taken up for

hearing next on February 21. According to the case details, Samarth Aniruddh had filed a petition stating that the live-in registration form under the UCC requires one to fill in details about past incidents. This includes information about whether one is divorced,

widowed and other detailed information, which is improper, the petitioner has contended. After hearing the petition, the division bench of chief justice G Narendar and justice Ashish Naithani has directed the State government to file its response.

## Build shelter homes for leprosy patients within three months: HC

PNS ■ NAINITAL

The Uttarakhand High Court has directed the State government to complete the task of constructing shelter homes for leprosy patients within three months. The division bench of chief justice G Narendar and justice Ashish Naithani issued this direction after taking suo motto cognisance of leprosy patients being shifted from the banks of the Ganga river and other places in Haridwar, with the HC taking

up the matter in the form of a public interest litigation. Dehradun-based NGO Act Now Welfare Society had written a letter to the HC chief justice stating that the government had displaced leprosy patients while removing encroachments from along the Ganga river and in other places in Haridwar during 2018. These citizens have no place to live now. During hearing in the matter in the past, the court had asked

the Haridwar district magistrate about the number of leprosy patients and shelters for them in the district along with information about kuccha and pucca homes for them. According to the government counsel, the State government is making about five dozen shelters for leprosy patients in the district. The court has directed the State to complete the work within three months.

## Newly appointed CMO inspects district hospital

PNS ■ DEHRADUN

The newly appointed Dehradun Chief Medical Officer (CMO), Dr Manoj Kumar Sharma and sub divisional magistrate Hargiri inspected Deen Dayal district hospital on Tuesday. During the inspection, the CMO assessed the health facilities and services available at the hospital. Discussions were held regarding the emergency services, outpatient department (OPD),

pathology, radiology services, cleanliness and ways to enhance patient convenience while providing efficient treatment. Following this, the CMO also visited the model vaccination centre at Gandhi Shatabdi Eye Hospital. They observed that many beneficiaries were utilising the vaccination services available at the centre. During

his visit, the CMO interacted with the beneficiaries and family members of the children present, officials said. It will be recalled that recently, the newly appointed CMO had conducted a meeting with officials, where he reviewed the health services and programmes in the district. He discussed the current status of various activities and instructed the officers and staff to work collaboratively to ensure that health services in the district are high-quality, accessible and timely. He emphasised that the patients visiting the hospital are the most important individuals and that their complete treatment and satisfaction are key indicators of the department's progress. Dr Sharma said that the infrastructure and human resources will be evaluated and efforts will be made to ensure that there are no shortages of resources, doctors, or personnel in any hospital or medical unit within the district. He also instructed the doctors and staff at the hospitals and medical units to provide a warm and supportive environment for patients and their attendants.

## Relocated dental wing to start operating soon

PNS ■ DEHRADUN

The operation of the dental wing relocated from Deen Dayal Padhyay district hospital to Gandhi Shatabdi Eye Hospital will soon start operating. The medical superintendent of the hospital Dr VS Chauhan stated this while adding that this transition is part of a long-term initiative to move the dental wing from the district hospital to Gandhi Shatabdi Eye Hospital, with a proposal for the transfer already submitted to the appropriate authorities. Additionally, the plans for the new dental wing at Gandhi Shatabdi Eye Hospital received prior approval some time ago, which enabled the executing agency to initiate construction shortly thereafter. He stated that the con-

struction of the dental wing has recently been completed, and the executing agency has officially handed it over to the hospital administration. Following this handover, the hospital administration promptly submitted a letter to the Director General of Health Services, informing them that the construction of the dental wing has been finalised and is now under the administration's management.

He further said that as a result, the department has begun procuring the necessary furniture, equipment and other materials for the wing. Once the procurement process is completed, operations of the dental wing will commence. He

expressed optimism that if the establishment process continues on this path, the operations could begin by April.

He further conveyed that the newly relocated dental wing will be larger, as it will feature seven to eight rooms at the Gandhi Shatabdi Eye Hospital, compared to the current two or three rooms at the district hospital. He also emphasised that this dental wing is intended to serve as a model dental centre, equipped with advanced technology and surgical capabilities. He said that personnel will be transferred from the district hospital and the department will also recruit super-specialty doctors, if necessary.

## MCR achieves 100 % source segregation in 18 wards

PNS ■ DEHRADUN

The Municipal Corporation of Rishikesh (MCR) has achieved 100 per cent source segregation in 18 wards during door-to-door garbage collection, the Rishikesh municipal commissioner Shailendra Negi said. Since the city ranked fifth in Uttarakhand and 304th among the cleanest cities in the country in Swachh Survekshan (SS) 2023, the MCR has ramped up efforts to improve sanitation and waste management across the city as part of its preparations for SS 2024. Highlighting the corporation's progress in waste segregation at source in the past one year, Negi stated that MCR has achieved 100 per cent segregation in 18 wards during door-to-door garbage collection while the remaining 22 wards have reached approximately 60 per cent segregation. Efforts are ongoing to ensure complete compliance citywide.

The corporation is also working closely with hotels, restaurants and traders, conducting regular meetings to ensure that they segregate waste daily to make disposal process more efficient, Negi said. The commissioner has also directed officials to ensure that sanitary napkins are available in all 28 community toilets and public toilets in the city along with other essential facilities as per Swachh Bharat Abhiyan guidelines. He stated that to raise awareness about SS 24, MCR is actively conducting campaigns in schools and communities, educating people on the initiative's significance. Schools have also been instructed to set up compost pits within their premises to manage wet waste sustainably, as per the commissioner. However, despite notable progress, the city still faces challenges affecting its ranking.

The presence of untreated legacy waste in the Govindgarh area and the lack of a solid waste management plant continue to be major hurdles. "The corporation has treated about two lakh metric tonnes of legacy waste in the Govindgarh area, 7,600 metric tonnes waste is yet to be treated. The process is ongoing. The construction of a solid waste management and recycling plant is also underway, which is expected to improve waste processing in the near future," Negi said. Reflecting on Rishikesh's previous ranking of 304 in SS23, Negi stated the corporation is leaving no stone unturned to secure a significantly better rank this year. While he refrained from making specific predictions, he expressed confidence that the city's improved initiatives will lead to a drastic improvement in its ranking.

## Guv, CM to attend 17th Agriculture Science Cong starting on Feb 20

PNS ■ PANTNAGAR

The director, Communication, GB Pant University of Agriculture and Technology, JP Jaiswal said that the 17th Agriculture Science Congress will be held in the university from February 20 to 22 to be attended by the governor Lt Gen (ret'd) Gurmit Singh who is also the chancellor of the university, chief minister Pushkar Singh Dhami, university vice-chancellor Manmohan Singh Chauhan and chancellor of Dr Rajendra Prasad Central Agricultural University (RPCAU) in Pusa, Samastipur, Bihar, P L Gautam. He further informed that the event is being organised jointly by the Pantnagar University, National Academy of Agricultural Sciences and Indian Council of Agricultural Research, Pantnagar to promote agriculture in the country and abroad. About 1500 prospective delegates have registered themselves so far for participation in the upcoming event.

## Tiwari made Education DG once again

PNS ■ DEHRADUN

IAS officer Banshidhar Tiwari, known in the administrative circles for his efficiency, has once again been given the important responsibility of the Education director general. This decision followed the incumbent

Jharna Kamthan being sent for training at Lal Bahadur Shastri National Academy of Administration. As per the government order issued on this matter, Tiwari will hold this post till March 28. At present, Tiwari is holding the

posts of additional secretary, director general of Information and vice chairman of the Mussoorie Dehradun Development Authority.

## RG Hospital to organise Marathon 7.0 in Dehradun on Feb 23

PNS ■ DEHRADUN

RG Hospital will organise the RG Marathon 7.0 in Dehradun on February 23. Stating this, senior consultant of urology at the hospital, Dr Manoj Gupta said the event will be led by marathon runner and celebrity Milind Soman, who will inspire attendees to embrace fitness and an active lifestyle. He said that the theme for this event

online to participate in the marathon. "Regular physical activity, like running, is essential for overall well-being and disease prevention. This marathon encourages people to adopt a healthier lifestyle and take charge of their fitness," he said. Business consultant at the hospital Puneet Vig said that the 5-kilometre run will start from Bannu

## U'khand gets over Rs 93 crore for strengthening rural governance

PNS ■ DEHRADUN

The Union government has released fifteenth Finance Commission (XV FC) grants during Financial Year 2024-25 for rural local bodies in Uttarakhand, Punjab and Chhattisgarh. These grants provided to the Panchayati Raj Institutions (PRIs) / Rural Local Bodies (RLBs) play a crucial role in strengthening grassroot democracy.

financial year 2024-25 amounts to Rs 237.1393 crore along with the withheld amount of the first installment of untied grants for financial year 2024-25 amounting to Rs.6,9714 crore. These funds are for 11,548 eligible Gram Panchayats, all eligible 146 Block Panchayats and all eligible 27 district Panchayats of the State.

The Government of India through the Ministry of Panchayati Raj and Ministry of Jal Shakti (Department of Drinking Water and Sanitation) recommends release of fifteenth Finance Commission grants to States for Rural Local Bodies which are then released by the Ministry of Finance. The allocated grants are recommended and released in two installments in a Financial Year. The untied grants will be utilised by Panchayati Raj Institutions and Rural Local Bodies for location-specific felt needs, under the 29 subjects enshrined in the Eleventh Schedule of the Constitution, except for salaries and other establishment costs.

For the RLBs in Uttarakhand, the first installment of untied grants for the financial year 2024-25 amounting to Rs 93.9643 crore have been released. These funds are for eligible 7,769 Gram Panchayats, all eligible 995 Block Panchayats and all eligible 13 district Panchayats of the State.

For the RLBs of Punjab, the first installment of untied grants amounting to Rs 225.1707 crore have been released. These funds are for eligible 13,144 Gram Panchayats, eligible 146 Block Panchayats and all eligible 22 District Panchayats in the State. For RLBs in Chhattisgarh, the second installment of untied grants of the

School at 5:30 AM, proceed to Survey Chowk and conclude back at Bannu School. The 10-kilometre race will begin at Bannu School, continue to Nany's Bakery, pass Astley Hall, along with other interrelated roads and end back at Bannu School. Winners in each male and female category will receive a cash prize of Rs 1.5 lakh.

is 'run for health'. The event will feature two categories- a 5-kilometre run and a 10-kilometre run. So far, 25,000 individuals have registered

## Mothers and doctors have the power to save lives: Raturi

PNS ■ DEHRADUN

Former director general of police Anil Kumar Raturi said that mothers and doctors have the power to save lives. Speaking as the chief guest at a talk on the book 'From the Pen of Surgeons' by Dr BKS Sanjay and Dr Gaurav Sanjay at Doon Library and Research Centre, he said that this book highlights the importance of education in the

Former judge Rajesh Tandon stated that both the author and co-author have worked to raise awareness among the general public. He emphasised that everyone should fulfill their responsibilities to enhance health and wellness. VMS Uttarakhand Technical University vice chancellor Onkar Singh stated that artificial

tools. Lieutenant general (ret'd) JS Negi stated that the book covers many important issues including health, education, nutrition, various health issues, overpopulation and road safety. Retired IAS officer Sanjiv Chopra, said that this book covers a wide range of topics and emphasised that the more languages one knows, the better one understands the world.

retary N Ravishankar and others also expressed their views.

# Prayagraj airport handles over 100 flights daily amid Mahakumbh surge

BISWAJEET BANERJEE ■ PRAYAGRAJ

Prayagraj Airport has undergone a remarkable transformation, handling over 100 flights daily—a sevenfold increase from its previous 16 flights per day before Mahakumbh-2025.

This surge in air traffic has resulted in new records for the airport, with February 16 marking the highest single-day footfall in its history, as it managed 20,297 passengers. This broke the previous record set on February 15, when the airport handled the same number of flights but with 19,822 passengers, according to airport officials.

The spike in air traffic is attributed to the massive influx of pilgrims arriving for the grand religious gathering. Official data reveals that on February 16, 10,152 passengers arrived on 60 flights, while 10,145 departed on another 60 flights. On February 15, 10,300 passengers landed, and 9,522 passengers took off.

Devotees arrive at Sangam amid a rush during the ongoing Mahakumbh Mela 2025, in Prayagraj PTI

Since its inauguration by Prime Minister Narendra Modi on December 16, 2018, and the launch of flight operations in January 2019, the airport has rapidly expanded its capacity. Between February 1 and 16, 2025, the airport handled 214,593 passengers across 1,288

flights, averaging 13,412 passengers daily and 81 flights per day. On February 13, the airport set a record of 16,310 passengers on 96 flights, before surpassing it with 20,297 passengers on February 16. On January 13, the opening day of Mahakumbh-2025, the airport

managed 33 flights carrying 4,252 passengers, and by January 28, traffic had nearly doubled to 8,378 passengers on 56 flights. From January 13 to February 16, the airport accommodated 312,536 passengers on 1,974 flights, averaging 8,929 passengers and 57

flights daily. To meet the surge in demand, Prayagraj Airport has undergone significant infrastructure upgrades. The terminal area was expanded from 6,700 square meters to 25,500 square meters, allowing the airport to handle 1,080 passengers during peak hours.

A new terminal building was added to accommodate an additional 1,620 passengers. Connectivity has also improved, with flights now linking Prayagraj to 17 cities, up from just eight in December 2024. In January 2025, more than 60 new flights were introduced, significantly improving accessibility. Parking capacity was tripled from 200 to 600 vehicles, and check-in counters expanded from 8 to 42. Passenger convenience has been a top priority, with the airport now offering upgraded lounges, a childcare room, and more boarding bridges-up from 2 to 6. Food and beverage options have expanded, including the addition of the budget-friendly UDAN Yatri Cafe.

# Devotees' count exceeds 55 Crore in Mahakumbh

PNS ■ MAHAKUMBH NAGAR

The 'Mahakumbh 2025,' held in Teerthraj Prayagraj since January 13, has scripted history with over 55 Crore devotees taking a holy dip in the Triveni Sangam, marking the largest participation in any religious, cultural, or social event. Half of India's 110 Crore Sanatan followers have immersed themselves, and this number is expected to surpass 60 Crore by the final bathing ritual on February 26. This remarkable turnout reflects the meticulous planning of Chief Minister Yogi Adityanath-led Uttar Pradesh government, showcasing the grandeur of India's ancient tradition.

India, a land of religious diversity, is home to people from various faiths, with the largest group being followers of Sanatan Dharma. According to the World Population Review, Pew Research, India's population is approximately 143 Crore (1.43 Billion), with 110 Crore (1.10 Billion) followers of

Sanatan Dharma. In this context, the number of bathers at the Triveni Sangam represents 50 per cent of India's Sanatan followers. Compared to India's total population, over 38 per cent of the country's people have participated in the holy dip. On a global scale, according to Pew Research 2024, an estimated 120 Crore (1.2 Billion) people worldwide follow Sanatan Dharma, meaning that over 45 per cent of Sanatanis worldwide have immersed themselves in the Sangam.

The sacred confluence of Maa Ganga, Maa Yamuna, and the invisible Maa Saraswati has witnessed a remarkable surge in the number of saints, devotees, Kalpvasis, bathers, and householders, all immersing themselves in faith and devotion. This historic turnout has surpassed Chief Minister Yogi Adityanath's expectations. Ahead of Mahakumbh, CM Yogi had predicted that this grand and divine event would break records in the number

of bathers, forecasting an initial count of 45 Crore devotees. His prediction proved accurate as early as February 11.

By February 14, the number had exceeded 50 Crore and reached an astounding 55 Crore. With nine days remaining in the Mahakumbh and one significant bathing festival yet to occur, the number of bathers is anticipated to surpass 60 Crore.

Breaking down the numbers, the highest turnout occurred on Mauni Amavasya, with nearly eight crore devotees participating in the holy dip. On Makar Sankranti, around 3.5 Crore devotees bathed during the Amrit Snaan.

Additionally, over two crore devotees bathed on February 1 and January 30, while 1.7 Crore participated in Paus Purnima.

On Basant Panchami, 2.57 Crore devotees took the sacred dip in the Triveni Sangam, and more than two crore devotees followed suit on the Magh Purnima bathing festival.

# UP Budget session starts amid Opposition uproar

BISWAJEET BANERJEE ■ LUCKNOW

The Uttar Pradesh Assembly's budget session commenced on Monday with high drama as the Samajwadi Party (SP) launched a scathing attack on the ruling Bharatiya Janata Party (BJP) over alleged financial irregularities related to Mahakumbh-2025. SP leader Shivpal Singh Yadav accused the government of exploiting religious sentiments and misusing public funds in the name of the grand event.

Yadav questioned the BJP's claims regarding Mahakumbh, stating that the assertion of it occurring after 144 years has no basis in Hindu scriptures. "The BJP is deceiving people under the garb of Sanatan Dharma while actually manipulating their religious faith for political gains," he alleged.

Opposition Disrupts Governor's Address The first day of the budget session saw heated exchanges,

Samajwadi Party leaders protest during the UP Assembly budget session, in Lucknow PTI

with opposition members staging protests and disrupting Governor Anandiben Patel's address. Amidst loud sloganeering and chants of "Governor, go back," the assembly was thrown into chaos. The

ruling BJP condemned the opposition's behavior, calling it disrespectful and against democratic norms. Uttar Pradesh Finance Minister Suresh Khanna criticised the opposition's conduct, stating,

"Instead of constructive debate, the opposition is only interested in creating disorder. Their negative approach to every initiative of the government exposes their political desperation."

Deputy Chief Minister Keshav Prasad Maurya also lashed out at the SP, accusing it of running away from real discussions. "The Governor's address highlights the government's achievements, but the SP is only interested in disruption. They thrive on anarchy rather than responsible politics," he said.

With tensions running high, the budget session is expected to be a battleground between the ruling BJP and the opposition, especially on key issues like governance, public expenditure, and the Mahakumbh's financial management. The coming days are likely to witness more confrontations as both sides dig in their heels ahead of crucial budgetary discussions.

# Mahakumbh turned into 'mrityu kumbh': Mamata

SAUGAR SENGUPTA ■ KOLKATA

Bengal Chief Minister Mamata Banerjee on Tuesday termed Maha Kumbh as 'Mrityu Kumbh (Kumbh of death)' and slammed the Narendra Modi Government for tolerating humiliation of Indian immigrants who were deported back to India in chains.

Speaking in the State Assembly Banerjee alleged how the BJP's efforts to use religion to earn money had backfired. Banerjee said, "Incidents like stampedes may happen in such big events but the question is whether the deaths could have been avoided with better planning. They only went about blindly publicising the event without caring for the common people. Only VVIPs' interests were taken care of. Maha Kumbh has turned into Mrityu Kumbh." Alleging that the Uttar Pradesh Government hid facts about the actual number of deaths she said "thousands of dead

West Bengal Chief Minister Mamata Banerjee speaks during session of the state Legislative Assembly, in Kolkata PTI

bodies were disposed of in Ganga" and "the bodies that were sent back to the respective States did not even have their post mortem conducted. There was no death certificates issued." "I respect Maha Kumbh, I respect the holy Ganga Maa. But there is no planning.

Arrangements were made for the rich only. Tents were sold for as high as ₹1 Lakh whereas the poor people were made to walk for miles and fend for themselves. The Railways too would not take adequate measures considering the publicity that had been generated." Banerjee's Tuesday's diatribe

was a culminating point of ongoing war of words between the State BJP leadership including Opposition Leader Suwendu Adhikari and the TMC.

Banerjee attacked the BJP for creating division among the people by using religion. "I too am a Brahmin. I too perform Pujas daily, but I don't carry my religion to the market and sell it,"

Banerjee said backing her policy to back minorities.

"The Muslims constitute 30 to 33 per cent of the State's population. Don't they deserve good education and a better quality of life if my Government ensures that where is the problem and why shall I be branded as a member of the Muslim League," Banerjee said accusing the BJP of maintaining secret ties with the Muslim League.

"Do I divulge the stories of your secret parleys with the Muslim League for the sake of dividing people and winning votes," Banerjee asked.

# Mamata is anti-Hindu CM: BJP

SAUGAR SENGUPTA ■ KOLKATA

The Bengal BJP on Tuesday hit out at the Chief Minister for alleging that Mahakumbh had turned into 'Mrityu Kumbh'. Calling Mamata Banerjee a "Hindu Virodhi" or anti-Hindu Chief Minister, the BJP MLAs who earlier staged a walkout from the State Assembly to protest against the suspension of four of their colleagues including Opposition Leader Suwendu Adhikari for 30 days, said the people would not forgive Banerjee for insulting the Hindu religion.

Adhikari who was staging a sit in demonstration outside the State Assembly wearing saffron turbans said "she has called the religious congregation on which crores of Hindus have faith a Mrityu Kumbh. The people will not tolerate such an insult to Hinduism."

Alleging that he and four other MLAs were suspended from the Assembly for raising the issue of disruption of Saraswati Puja in Bengal early this month Adhikari

BJP leader Suwendu Adhikari with party leader Agnimitra Paul addresses outside West Bengal Legislative Assembly PTI

said during Banerjee's rule anti-India activities had increased in the State.

"In the past several months Bangladeshis, Rohingya terrorists have been arrested by the Assam Police and Jammu and Kashmir Police which is a prove of how Bengal is becoming a safe haven for them. There at about 50-55 assembly constituencies and 30-35 police stations where the demography has changed completely changed, and Mamata Banerjee is directly responsible

for this," Adhikari said. The recent decibel level BJP-Trinamool Congress showdown is expected to rise in the coming months in view of the approaching Bengal Assembly elections next year. The saffron outfit has vowed to dislodge the Mamata Banerjee Government in 2026 State elections. BJP IT Cell chief Amit Malaviya too attacked Banerjee for showing a disdainful behaviour for Hinduism by calling the Maha Kumbh 'Mrityu Kumbh.'

# Siddaramaiah targets illegal residential layouts

PTI ■ BENGALURU

Karnataka Chief Minister Siddaramaiah on Tuesday instructed officials to put an end to the illegal residential layouts in Karnataka by issuing B-Khata to properties as a one-time settlement.

Siddaramaiah also directed them to complete the process within three months. In residential areas in Karnataka, people get A-Khata for the layouts approved by the competent authorities such as Bengaluru Development Authority (BDA) or Urban Development Authorities. The properties on layouts without approval get B-Khata as they are illegal. This move will give relief to lakhs of property owners across the state and generate huge revenue for the government, a municipal officer said. Chairing a meeting with the officials of the Urban Development Department and Deputy Commissioners of the districts through video conference, the chief minister said the menace of illegal layouts should end once and for all.

"We will end this (illegal layout menace) by giving B-Khata once and for all. This is only one-time measure. You have been given only three months. Conduct a campaign and complete it within this time," Siddaramaiah was quoted in a statement issued by his office. The CM said the government will put an end to the unauthorised settlements which are there in all the cities, towns, municipal limits and villages. "There should be no room for unauthorised settlements in the state from now on. We have started a drive to put an end to unauthorised settlements through the law. The officials should clearly understand and start their work," Siddaramaiah said in the meeting. He told the officers that the state is not getting revenue from unauthorised layouts. "People are not getting civic amenities and local bodies are also losing income. All these disadvantages need to be put to an end," the chief minister said. The government will not compromise on this anymore, he said, and warned that the

administration will not tolerate if the officials compromise.

"If unauthorised settlements raise their heads again, the District Collector, Chief Officer, and Urban Planning Officers will be held accountable. We will take action against them without hesitation," the chief minister said in the meeting. He also asked the officials to drive away middlemen and brokers immediately. Siddaramaiah also told the officials that they should clearly understand the government's vision behind enacting laws to curb illegal layouts. "Illegal layouts and settlements on revenue (agriculture) land should not raise their head again in the state. Those who have sites and built houses in unauthorised and revenue settlements should not be troubled".

"You have to give a one-time solution to facilitate the poor and middle class. Give everyone B-Khata within three months and end it. Start giving B-Khata from today itself. Let there be no confusion," the CM said at the meeting.

# Efforts underway to boost connectivity between Delhi and Gurugram

STAFF REPORTER ■ GURUGRAM

In an effort to enhance connectivity between Delhi and Gurugram, discussions are underway to review ongoing development projects, improve road infrastructure, and address coordination issues among local authorities.

A meeting was held under the chairmanship of DS Dhesi, Principal Advisor, Urban Development, Government of Haryana in the Gurugram Metropolitan Development Authority (GMDA) office on Tuesday.

The meeting was attended by Chief Executive Officer GMDA, Shyamal Misra, Deputy Commissioner Gurugram, Ajay Kumar, DCP Traffic Viender Vij, Administrator HSVP Vaishali Singh, and senior officers of GMDA.

Improvement of connectivity between Delhi and Gurugram

and decongestion of the National Highway-48 were among the key matters discussed in the meeting.

The Principal Advisor outlined that both short term, and long-term remedial solutions must be explored by all concerned departments to facilitate improved connectivity and reduce traffic congestion for commuters traversing between the two cities.

Development of grade separators, widening of existing road infra and creation of alternative routes may be planned to channelise the existing traffic flow as well as to cater to the growing traffic demands in the future.

Strategic planning on key entry points on NH-8 from various parts of Gurugram along with critical sections such as Dhaura Kuan to Mahipalpur, Mahipalpur to Rajokri flyover and Delhi Border to Iffco Chowk, near Ambiance Mall among others is to be undertaken.

# Telangana CM calls for unified efforts against cybercrime

PTI ■ HYDERABAD

Telangana Chief Minister A Revanth Reddy on Tuesday said that the entire country should work as a unified entity, ensuring coordination among police officers from different states to tackle cybercrime.

Speaking at a cybersecurity conclave organised by the state police here, he said cybercrimes can happen anytime and from anywhere posing challenges to police officials in identifying the offenders, determining where they carried out the offence and bringing them to book. "Amid such challenges, the police have the responsibility of

preventing crime. When it comes to policing, we cannot move forward with policies and efforts confined to a particular state. The whole country should work as a single unit to combat cybercrime, and coordination is very much needed," he said. The spread of fake news on social media, as well as economic offences, needs to be checked, Reddy said.

Appreciating the state police officials for organising the conclave to promote understanding and coordination across the country, he expressed confidence that Telangana would serve as a role model for the nation in controlling cybercrime.

The Telangana government aims to be the number one state in cyber safety in the country, he said.

An estimated ₹22,812 Crore was stolen by cybercriminals in the country last year, posing a threat to both the economy and citizens, Reddy said. The Chief Minister said the state government is committed to working with experts and IT firms and allocating all necessary resources to build an ecosystem for cybersecurity solutions. Telangana is one of the few states with a fully operational cybersecurity bureau and a dedicated cybercrime helpline to protect citizens, Reddy said.

# Assam's Cachar imposes night curfew along Indo-Bangladesh border

PTI ■ SILCHAR

Assam's Cachar district Administration on Tuesday clamped night curfew along the India-Bangladesh border to prevent the movement of extremist elements and smuggling of cattle and commodities, according to an official release.

Cachar District Magistrate Mridul Yadav has issued an order imposing strict restrictions along the India-Bangladesh border to maintain public order and curb illegal activities, the statement said. "The order, issued under Section 163 of BNSS, aims to prevent potential law and order disturbances arising from the

movement of extremist elements and unauthorised transportation of commodities and cattle across the border," it added.

The district magistrate highlighted the urgent need for preventive measures to tackle the apprehended threats. He emphasised that swift action is crucial to prevent unlawful activities, which could disrupt peace and security in the region. The order imposes specific restrictions effective immediately and will remain in force for two months unless otherwise directed, the release said. According to the directive, a night curfew has been implemented, prohibiting any move-

ment within a one-kilometre belt along the India-Bangladesh border in Cachar district between sunset and sunrise. This measure aims to curtail illegal cross-border activities and ensure heightened security during vulnerable hours, it added. Additionally, a strict ban has been imposed on any movement in the river Surma and on its high banks within the Indian territory of Cachar during the same hours.

The order also restricts fishing activities in the river, with exceptions only for local residents who obtain prior permission from the circle officer of Katigorah along with authorisation from the lessee.

# Chhattisgarh CM slams Sam Pitroda's China comment

PTI ■ RAIPUR

Chhattisgarh Chief Minister Vishnu Deo Sai on Tuesday targeted the Congress over its leader Sam Pitroda's reported comment about China, saying it was evident that the opposition party stood with separatists and enemies of the country. Pitroda, chairman of the Indian Overseas Congress, was reported to have said that he did not understand the threat India faces from China, and it was often blown out of proportion. While the Congress distanced itself from his statement, Sai asked if the party would expel the leader.

"The Congress's hand' (a reference to its electoral symbol) is with separatists and enemies of

the country.

Pitroda, the head of the overseas wing of the party, has probably been appointed to strengthen the hands of the enemies of the country. He earlier insulted Indians with his racist remarks, and now he is repeatedly spreading false propaganda about India on various platforms and plotting to weaken the country, which is the Congress's undeclared policy," the chief minister said in a statement. He further claimed that it was the Congress's pre-mediated policy to call Pitroda's statements as his personal views after he speaks. "First appease the country's enemies by having your leaders make statements, and then call them personal remarks," he said.

PAPER WITH PASSION

## New CEC takes over

Gyanesh Kumar has been appointed as the next Chief Election Commissioner by the PM-led selection committee amid criticism

The senior Election Commissioner Gyanesh Kumar has been appointed as the next Chief Election Commissioner (CEC). The decision was made by the Prime Minister-led selection committee, which also named Haryana Chief Secretary Vivek Joshi as an Election Commissioner. However, the appointment has sparked controversy, with the Congress party questioning the process and alleging a lack of transparency. For decades, the Government held the power to appoint the Chief Election Commissioner and Election Commissioners. However, in 2023, the Supreme Court ruled that appointments should be made by a panel comprising the Prime Minister, the Chief Justice of India (CJI) and the Leader of the Opposition (LoP). Despite this ruling, the new CEC and Other ECs (Appointment, Conditions of Service and Term of Office) Act, 2023, replaced the CJI with a cabinet minister, a change that has been challenged in court. Gyanesh Kumar, is a seasoned bureaucrat and was appointed as an Election Commissioner in

March 2023. He has a tenure extending until January 26, 2029, meaning he will oversee critical elections, including the 2029 general elections. His selection follows the convention of appointing the senior-most Election Commissioner to the role of CEC. Gyanesh Kumar replaces Rajiv Kumar, whose term concluded recently.

The Congress party, led by Leader of Opposition Rahul Gandhi, has strongly opposed the appointment process. Gandhi submitted a dissent note during the selection committee meeting, urging the Government to defer the decision until the Supreme Court rules on the validity of the selection panel's composition.

Congress leaders Abhishek Manu Singhvi and Ajay Maken have argued that proceeding with the appointment while the court is hearing a challenge to the new selection law undermines democratic principles. The government's decision to exclude the CJI from the selection panel and desperation to elect the CEC before the judgement indeed creates an impression that the Government wants to have its way in the election of Chief Election Commissioner. Ensuring transparency and balance in selecting election officials is crucial to maintaining a fair democratic process. Meanwhile, Vivek Joshi, a 1989 batch IAS officer, is set to serve as an Election Commissioner until February 2030. The Supreme Court has yet to issue a final verdict on the legality of the new selection process. The outcome of this legal battle could shape the future of India's electoral governance for years to come. To put things in perspective, the Election Commission plays a crucial role in the government machinery during elections and can significantly impact their outcomes. However, it is often influenced by the government through the appointment of favorable officials. It was, in fact, TN Seshan who, as Chief Election Commissioner, challenged government control and brought a sense of independence to the Commission.

## Cracking CUET: A step-by-step guide to smart preparation

By understanding the exam format, setting clear goals, and following an organised study schedule, students can cover the syllabus while boosting confidence

Preparing for the Common University Entrance Test (CUET) can feel overwhelming, especially when juggling schoolwork and other responsibilities. However, CUET has transformed the university admissions process and a well-structured preparation plan can help you cover the syllabus effectively while boosting your confidence. By following a strategic approach over a few months, you can significantly enhance your chances of success.

### Step 1: Understand the CUET Exam Structure

Before diving into preparation, familiarise yourself with the exam format. CUET typically consists of Language, Domain-Specific Subjects, and a General Test. It is essential to obtain the official syllabus for each section and review it thoroughly. Understanding the types of questions, including multiple-choice and short-answer formats, is crucial. Be mindful of the marking scheme, particularly any negative marking.

**Step 2: Assess Your Readiness:** Start by evaluating your current knowledge and preparedness. Ask your-

self whether you have covered the syllabus for all sections, how confident you feel about scoring well on a scale of 1 to 5, and which section you find most challenging.

**Step 3: Set Clear Goals** Define your objectives based on your preferred university and course. Research the CUET score requirements for institutions like Delhi University, Banaras Hindu University and JNU. Having a clear goal will keep you motivated and focused throughout your preparation journey.

**Step 4: Allocate Study Time** Using insights from your self-assessment, create a balanced study plan. If you are strong in certain subjects, spend less time on them but focus on regular revision. Dedicate more time to weaker subjects to better understand concepts and solve practice ques-

tions. For example, if the General Test is particularly challenging, allocate 1.5-2 hours daily to this section while spending an hour on Language or Domain-Specific Subjects.

**Step 5: Weekly Study Schedule** A well-structured timetable ensures consistency. A practical approach is to focus on one major subject per day from Monday to Friday. Saturday can be dedicated to taking mock tests and analysing performance, while Sunday should be reserved for reviewing the week's progress, revising difficult topics, and taking time to relax and recharge. Using time-blocking techniques by dividing the day into study, practice, and relaxation slots can be highly effective.

**Step 6: Right Study Resources** Relying on quality study materials is essential. NCERT textbooks provide conceptual clarity, while CUET-specific guides and reference books offer targeted preparation. Online platforms that provide mock tests and video lectures can be valuable resources. Practicing with previous years' question papers helps in identifying

important topics and understanding question trends.

**Step 7: Regular Mock Tests** Mock tests play a crucial role in CUET preparation. Aim to take at least one full-length test per week and gradually increase the frequency as the exam approaches.

**Step 8: Exam Logistics** Since CUET is a computer-based test, familiarising yourself with the technical requirements is necessary. Marking significant dates on a calendar will help in avoiding last-minute surprises.

**Step 9: Maintain a Balance** Avoiding burnout is vital for effective preparation. Incorporate short breaks into your study routine and engage in activities like exercise or meditation to stay refreshed. Ensuring you get seven to eight hours of sleep daily will help in maintaining focus and energy levels.

**Step 10: Stay Positive** Consistency is the key to achieving success in CUET. Sticking to your study plan while remaining adaptable to changes will be beneficial. (The writer is Managing Partner, FinTram Global LLP; views are personal)

## Bangladesh wipes out history, shuns India at its own peril

With opposition forces emboldened, Bangladesh appears to be at a turning point, grappling with a shifting political landscape and growing internal discord

ASHOK K MEHTA

As a Mukti Jodha (freedom fighter - that's what Bangladeshis call Indian Army personnel who fought the Liberation War), I'm appalled at the recent turn of events, the mayhem in Dhaka and many parts of Bangladesh following Sheikh Hasina's virtual address to her party supporters from somewhere near Delhi which provided the pretext for the students of the protest movement and parties opposed to Awami League to set ablaze 32 Dhanmondi residence of Mujibur Rehman and a museum in his name.

Perhaps nothing 'physical' remains of Mujib's legacy even as Hasina said: "History cannot be wiped out". Mahfuz Alam, one of the student advisors to Mohammad Yunus, noted that symbols of fascism were being dismantled. Surprisingly BNP Secretary General Faqurul Aslam Alamgir protested the disorder and violence at a meeting with Yunus where he sought early elections. Later, he asked India to hand over Hasina and her accomplices to the government in Dhaka for trial.

Army Chief, Gen Waqar uz Zaman also commented on the negative effect on internal stability by adverse law and order situation but significantly noting that India is a big country and important neighbour. It is important for good relations for the security interests of both countries, he added. India has called the violence as 'regrettable' attracting a summoning of its acting High Commissioner in Dhaka. India-Bangladesh relations will get a lot worse before they get any better despite Foreign Secretary Vikram Misri's visit to Dhaka in December and Foreign Minister S Jaishankar's meeting with Touheed Hasan, acting advisor to the interim government in Bangladesh last Sunday in Muscat. One thing is becoming clear: a new Bangladesh is evolving and this is the real one, unlike the new Nepal expected after the 10-year civil war. Last August in one week the face of Bangladesh changed and is changing by the day by design. The Americans were being blamed for regime change. The US and India were never on the same page in the last many

decades here. In an interview with The Hindustan Times, Lisa Curtis, a Trump 1.0 White House NSC chief of South and Central Asia, has dismissed any US role in Hasina's ouster. Last week, PM Modi raised concerns about Bangladesh with President Trump who denied any role of US Deep State in it. But for India, there are lessons from events in Bangladesh that the establishment is silent about because there was non-partisan support for Hasina and Awami League with the country's liberation linked to Mujib and India.

After Mujib's assassination in 1975, Hasina and her sister Rehana were provided refuge in India; history repeated itself in 2024. I was invited in November 2023, two months before the elections, to speak at the Liberation War Museum on the role of Chancellor Willy Brandt of Germany. One of the trustees of the museum, Dr Mofidul Hoque, took me around the museum. There was a section completely devoted to the political movement against Rawalpindi led by Sheikh Mujib called Story of Liberation Under a Genocide. The accent of the display depicted the liberation war fought by Bengali Mukti Jodhas with India in a support role. But it did have a gallery on the training of Mukti

AFTER MUJIB'S ASSASSINATION IN 1975, HASINA AND HER SISTER REHANA WERE PROVIDED REFUGE IN INDIA; HISTORY REPEATED ITSELF IN 2024

Bahini by the Indian Army. During my five-day visit, the BNP was out of the streets every other day coupling with garment factory workers and their unions demanding higher wages. A virtual war was being fought on the streets with the dominant Awami League counter-protestors unleashed.

Most people I spoke to said if there was a free and fair election BNP would win. This was one view I received even from our High Commission. While people were angry with India for supporting Hasina, the media was scared of the government. Despite the negative vibes of the Hasina regime, Delhi was reluctant to abandon her. I wonder what inputs Indian intelligence agencies had provided. They likely failed to read the mood of the people which led to a students' revolt.

One other truth and for me, the most significant was that the goodwill dividend of India's support to the liberation war and attainment of nationhood has dissipated - to put it crudely, the use-by date was long over. The 1970 military vintage soldier had disappeared nearly two decades ago from all three armed forces - India, Pakistan and Bangladesh. In any case, very few units from East Pakistan Rifles and still fewer Bengalis

in the Pakistan Army were deployed in East Pakistan. The war effort was predominantly India with Mukti Bahini in support; that was the ground reality. As far as the Liberation War is concerned, Bangladesh had changed the narrative (history) as was evident from the Liberation War Museum. For India though, it was an iconic, once-in-a-thousand-year victory (over arch-enemy Pakistan) which became a landmark event for the Indian political and military leadership to celebrate and commemorate.

Yunus's Law Advisor, Arif Nazrul has said: "India was only an ally in the 1971 war victory, nothing more", a sentiment that was endorsed by the office of the interim government. Hasina's second spell of refuge in India is a matter of immense resentment in Bangladesh, but Delhi will not let down a friend and ally. India has opened its doors to several leaders fleeing from Nepal, Afghanistan, Myanmar and Maldives. But for housing Hasina, there will be costs for India.

### LETTERS TO THE EDITOR

#### KHELO INDIA WINTER GAMES POSTPONED

Madam — Climate change has finally made its presence felt by disrupting the 'Khelo India' to be held in Gulmarg. The second and final stage of the Khelo India Winter Games 2025, scheduled to be held in Gulmarg, Jammu and Kashmir on Saturday, has been postponed due to insufficient snowfall. The revised schedule will be announced when the weather conditions are favourable for the competitions. But now it does not seem that this will happen because now the spring season is going to enter the country. This is the second consecutive year that the event has been rescheduled due to insufficient snowfall. Last year, the Games had to be postponed till February after there was no rain in January.

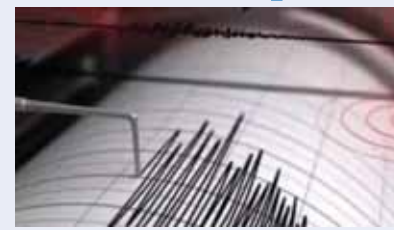

The lack of snowfall in many areas is mainly due to climate change, as rising temperatures lead to more precipitation in the form of rain rather than snow, leading to a decrease in snow piles and snow cover, especially in mountainous areas. This phenomenon is often called "snow drought." It is not just India that is being affected by climate; it is a global problem. The whole world is grappling with it. I think the way temperatures are rising and the problem of forest fires, not only in developing countries but also in developed countries, are making people feel helpless. It is quite possible that after the next few years, it will be difficult to even host the Winter Olympic Games. In the future, sports like ice hockey and ice skating will disappear into the pages of history.

Jang Bahadur Singh | Jamshedpur

#### SC QUESTIONS GOVERNOR'S ACTIONS

Madam — The Supreme Court, while reserving its judgment on the writ petition filed by the Tamil Nadu Government, stated in unambiguous terms that Governor Ravindra Narayana Ravi's action of transferring the nine bills to the President of India after their re-enactment and re-submission was not in accordance with the provisions in the Constitution. The court noted that Governor Ravi had

## Earthquake jolts Delhi

Residents of Delhi and its adjoining areas woke up to strong tremors caused by an earthquake of magnitude 4.0 on Monday morning. According to the National Centre of Seismology, the quake hit at a depth of about 5 km. Videos showed the ground and buildings shaking, forcing people to rush out of their homes. There have been no reports of casualties or damage to properties, but many residents claimed

that the tremors were so strong that it felt like a bridge was collapsing.

However, the quake itself was not of a high-intensity magnitude. The gravity of the situation soon gave way to humour as social media users began sharing their reactions to the unexpected jolt. Memes and jokes flooded various platforms, with many poking fun at the situation while still conveying their fear and disbelief. While the suddenness of the earthquake understandably caused concern among residents, the quick wit and resilience of the people of Delhi-NCR were on full display as they found ways to cope with the unexpected turn of events. Like Mumbai rains, the Delhi tremor gave a tough time to people there, but it was business as usual once the tremor settled.

#### INDUSTRY STATUS FOR TOURISM

Madam — The Kerala government is planning to grant industry status to its tourism sector and cleared the way for the long-pending demand of the state tourism and hospitality sector of a specific area.

Granting industry status to that specific area will encourage investment and development in that sector. Although it has been estimated that the Kerala tourism sector is providing direct or indirect employment to 25 lakh people since 2018, rapid urbanisation, infrastructural development, and natural calamities and catastrophes could possibly lead to an all-time low. The step initiated by the government authority for turning Kerala tourism into an industry-specific area could benefit the mass audience and also help with better employment opportunities in the near future.

## THE SELECTIVE NARRATIVES THAT SHAPE OUR LEGACY

History is often told from the perspective of the victors, shaping collective memory in ways that serve those in power

A P S MALHOTRA

It is a well-established fact that History, often, is written from the perspective of the victor, making it a one-dimensional testimony of what transpired. Thus, while for the British Imperial power, the tumultuous events of 1857 were an unsuccessful mutiny by sepoys from across the subcontinent, for us, it is the celebrated 1st War of Independence. Before being put down with unprecedented vengeance and ferocity, it ignited a spark of 'freedom' which continued to inspire generations to come, although, in the process, they sowed venomous seeds of communal discord, deftly using their devious policy of divide and rule, which continue to rile us to this day.

Not surprisingly, the events instilled such fear in the minds of our forefathers that it was several decades before any credible stirrings for a fight to overthrow the yoke of imperialism were felt. To take this forward, while Bhagat Singh & his young comrades might have been treated as terrorists/ militants/ extremists by the British, their cohorts and courts, we extol them as valiant freedom fighters and martyrs, so much so, that more than a century after Bhagat Singh sacrificed his life for the liberation of the motherland, we are witnessing a massive surge in his following, especially in the youth.

It is not difficult to gauge this- there is a proliferation of his photographs - on the rear of cabs and auto-rickshaws, trucks and buses, emblazoned on T-shirts, and so on. Given all this, what startled me, and raised my hackles was Rajmohan Gandhi's book, Punjab: A History from Aurangzeb to Mountbatten.

Otherwise, a well-researched and thoughtfully written book, his treat-

ment of the life and times of Bhagat Singh is rather disappointing - in a tome of more than 400 pages, there are just a few lines - a cursory mention of Bhagat Singh and his comrades. Sadly, even in these lines, they are not feted as freedom fighters, but rather disparagingly, as delinquent and misguided youth, militant in their approach, hellbent on derailing the course of the freedom struggle. Well, while all of us have the liberty or freedom to form our opinion, in a broader sense, it needs to be noted that sensitivities of a significant mass of our population don't get hurt. Because, if the Butcher of Amritsar became a celebrated hero among a section of his countrymen, hailed as "the man who saved India" and a beneficiary of a fund of over ₹26,000, then, we need serious introspection as to how we portray our martyrs for the generations to come, because, as I repeatedly quote the words of George Santayana - "Those who cannot remember the past are condemned to repeat it."

The way history is written shapes how future generations perceive their past. The events of 1857 and Bhagat Singh's sacrifices remain crucial in our national consciousness, inspiring countless individuals. Yet, the selective representation of these figures in historical narratives raises concerns. When colonial figures like Dyer are glorified, while our martyrs are downplayed or misrepresented, it calls for reflection. As a society, we must ensure that our heroes are remembered with the respect they deserve. After all, history is not just about the past—it is a guide for the future, reminding us never to forget our hard-fought struggles.

## Balancing growth with fiscal discipline

UTTAM GUPTA

Key measures, including tax reliefs and incentives for private sector, reflect a balanced approach to making India a developed economy by 2047

A theme that reverberates in the Union Budget for FY 2025-26 presented by Finance Minister Nirmala Sitharaman on February 1, 2025, is 'sustaining the momentum of high economic growth alongside sticking to fiscal consolidation'. During FY 2024-25, the GDP growth (gross domestic product) is estimated at 6.4 per cent which is more or less close to the 6.5 per cent - 7 per cent projected in the Economic Survey (ES) for 2023-24 presented by Sitharaman in the Parliament on February 1, 2024. For FY 2025-26, according to the Economic Survey presented by her on February 1, 2025, the GDP is projected to expand between 6.3 per cent - 6.8 per cent. On top of a growth of 8 per cent plus for three consecutive years beginning FY 2021-22 and 6.4 per cent during FY 2024-25, this is a fairly impressive number in sync with the overarching goal of making India a 'developed economy' by 2047. As for fiscal deficit or FD (excess of total expenditure over total receipts), in her interim budget presented on February 1, 2024, she had set a target of 5.1 per cent of the nominal GDP (NGDP). Subsequently, in the full budget for FY 2024-25 presented on July 23, 2024, she revised it downward to 4.9 per cent of the GDP taking into account the extra cushion of Rs 130,000 crore in the dividend transferred by the Reserve Bank of India (RBI) to the Central Government from its operations during the FY 2023-24 (the actual dividend transfer was Rs 210,000 crore against a provision of Rs 80,000 crore made in the interim budget). Going by the revised estimate (RE) presented by the FM on February 1, 2025, the FD for FY 2024-25 has turned out to be even lower at 4.8 per cent of the NGDP. Even as the total revenue expenditure at Rs 3698,000 crore is only marginally lower than the budget estimate (BE) of Rs 3709,401 crore, the RE for capital expenditure is about Rs 1018,000 crore - a significant Rs 93,000 crore less than the BE of Rs 1111,111 crore. Indeed, this is a major reason behind a reduction of one percentage point in the FD over the BE. In the budget for FY 2025-26, the FM has provided for a total expendi-

THE GOVERNMENT'S EFFORTS NEED TO BE COMPLEMENTED BY THE OWNERS OF BUSINESSES. THEY SHOULD GO FOR BETTER DISTRIBUTION OF INCOME THROUGH MEASURES SUCH AS KEEPING PRICES LOW, INCREASING SALARIES AT THE LOWER RUNGS, REINVESTING PROFITS FOR GROWTH ETC

ture of Rs 5065,000 crore which is a significant increase of 7.4 per cent over the RE for FY 2024-25 at Rs 4716,000 crore.

This includes capital expenditure of Rs 1121,000 crore, the remaining Rs 3944,000 crore being the provision for revenue expenditure. Sitharaman has received flak for going slow on investment. This is unjustified and out of sync with the underlying facts. We need to compare the budget provision with RE for FY 2024-25. On this basis, the provision of Rs 1121,000 crore is 10.1 per cent higher than the actual capital expenditure during 2024-25.

That apart, the position about the government's capital spending has to be viewed in totality. In her Budget for FY 2019-20, Sitharaman had laid a roadmap for catapulting the Indian economy to US \$5 trillion by 2024-25. In sync with this target, she had projected an investment requirement of over Rs 100,00,000 crore to build the infrastructure over five years. Of this, 39 per cent or Rs 39,00,000 crore was to come from the Centre and states each and the balance was Rs 22,00,000 crore from the private sector. The Centre's actual capital expenditure was for 2020-21: Rs 439,000 crore; 2021-22: Rs 554,000 crore; 2022-23: Rs 750,000 crore; 2023-24: Rs 1000,961 crore and Rs 1018,000 crore for 2024-25.

Over five years, the total comes to Rs 3761,000 crore which is more or less close to the amount the Centre intended to contribute. Continuing with the above trend, a substantial allocation of Rs 1121,000 crore for 2025-26 shows the determination of the government to maintain the momentum of investment in building roads, highways, expressways, waterways, ports, airports, railways, irrigation projects, hospitals, schools, technical and research institutions and

so on in symphony with strengthening the foundations of the economy for a VIKSIT BHARAT by 2047.

But, investment by the central government alone won't be enough to give the intended boost to the economy. The States and private sector also need to do their bit. The Centre has been helping the former to boost their capital spend. During 2022-23, it provided them with 50-year Rs 100,000 crore interest-free loans. During 2023-24, such transfers were Rs 130,000 crore. For FY 2024-25, the transfers were kept at Rs 150,000 crore though the states didn't fully utilize the amount.

For FY 2025-26 also, the budget allocation is kept at Rs 150,000 crore. To promote investment in the private sector, the Centre has given a host of incentives to industries and businesses. Amongst others, these included a reduction in the corporate tax rate to 15 per cent for new manufacturing enterprises. In 2024-25, the tax rate on foreign firms was reduced from 40 percent to 35 percent. But, the private sector has complained of 'demand constraint'. Team Modi has addressed this as well. In the budget for FY 2024-25, Sitharaman altered tax slabs under the New Income Tax (IT) regime besides increasing the standard deduction by Rs 25,000.

This resulted in a relief of around Rs 17,500 in personal income tax or PIT. In the budget for FY 2025-26, she has given a bonanza by announcing that a person earning Rs 1200,000 per annum need not pay any tax (taking into account the standard deduction of Rs 75,000/- now, the threshold comes to Rs 1275,000). Besides, she has altered the tax slabs to give relief even to persons earning more. Thus, a person earning Rs 2400,000 per annum will pay Rs

110,000 less. Consequent to these changes, the taxpayers will gain Rs 100,000 crore annually.

These savings will be distributed amongst a total of 7 crore persons who won't have to pay any tax. This will give a big boost to demand. However, this by itself won't give the required fillip. The government's efforts need to be complemented by the owners of businesses. They should go for better distribution of income through measures such as keeping prices low, increasing salaries at the lower rungs, reinvesting profits for growth etc.

Coming to FD, apart from lower capital expenditure (than BE), the contribution of buoyant tax collections in containing it at 4.8 per cent of the NGDP during FY 2024-25, can't be brushed aside. The RE of gross tax revenue (GTR) during the year at Rs 3850,000 crore is higher than the BE of Rs 3840,000 crore which itself was 14.6 per cent higher than GTR of Rs 3350,000 crore during 2023-24. For 2025-26, FM has kept the FD target at 4.4 per cent. To achieve it, she has set the GTR collections at still higher Rs 4270,000 crore.

This despite lower tax rates shows that the government's efforts at broadening the tax base and ensuring tax compliance are working. In an interview, Sitharaman cited capital expenditure of 4.3 per cent as being more or less close to FD of 4.4 per cent. From a fiscal consolidation angle, this is a good sign as borrowings are used only for building assets. However, the government needs to go beyond by generating a 'revenue surplus' so that borrowings even for building capital assets can be cut. This is necessary as 'interest payments' alone account for over 25 per cent of total spending by the Centre.

## BJP sets its sights on West Bengal and Bihar after Delhi triumph

The Aam Aadmi Party's collapse in Delhi and the cracks within the INDIA bloc have emboldened the BJP to win Bengal and Bihar

Buoyed by its sweeping success in Delhi, the Bharatiya Janata Party (BJP) has now turned its focus towards the crucial state elections in West Bengal in 2026, where it aims to dethrone Mamata Banerjee. What once seemed like an uphill battle is now a tangible possibility for the party. Emboldened by the Aam Aadmi Party's (AAP) debacle in Delhi, BJP leaders are proclaiming, "Delhi ki jeet hamari ho gayi, ab 2026 main Bengal ki baari hai" (We have won Delhi; now it's Bengal's turn in 2026).

Bihar, too, is set to witness an intense electoral showdown. With recent victories boosting the party's confidence, BJP and its allies plan to enter the battle with renewed aggression to retain power. The frag-

K S TOMAR

mented INDIA alliance, which was evident in Haryana and Delhi, provides the BJP with an additional advantage. The Rashtriya Swayamsevak Sangh (RSS), which has maintained a strong presence in West Bengal for decades, is expected to play a pivotal role in BJP's bid to oust Mamata in the upcoming assembly elections. **Modi's Appeal:** BJP's Trump

Card Prime Minister Narendra Modi remains the BJP's strongest electoral force. His leadership, credibility, and mass appeal, especially among the middle and lower-income groups, were decisive in Delhi's outcome. Welfare schemes like free ration under the PM Garib Kalyan Anna Yojana directly strengthened BJP's voter base. Modi's ability to project governance stability ensured that BJP's campaign resonated powerfully across the capital.

Modi's credibility as a vote magnet and his guarantee to implement manifesto promises worked like magic for the BJP, which continues to heavily rely on him even for state elections. In his characteristic style, Modi remarked, "Congress has achieved a dou-

ble hat-trick of defeats with zero seats," predicting its further decline. Meanwhile, he celebrated BJP's string of victories in Haryana, Maharashtra, and Delhi, reinforcing his status as the party's ultimate campaigner. **Decoding JBP's Triumph in Delhi:** The Modi Factor Several key factors contributed to BJP's victory in Delhi, with Modi playing a central role. His strong stance on national security, Hindutva, and governance stability shaped the electoral landscape, particularly among urban and middle-class voters.

**Modi's National Security & Hindutva Image** As the national capital, Delhi is heavily influenced by nationalistic narratives. Modi's firm policies on Pakistan, terrorism,

and Hindutva solidified BJP's core voter base. By framing the election as Modi vs. Kejriwal rather than a contest over local governance, BJP ensured that Modi's persona resonated strongly with voters.

**PM's Welfare Schemes vs. AAP's Freebies** While AAP is known for its populist freebies, the Modi

government strategically countered this with large-scale welfare initiatives such as PM Awas Yojana (housing for the poor), Ujjwala Yojana (free LPG connections), and Ayushman Bharat (health insurance). By shifting the narrative from Kejriwal's localized welfare model to Modi's broader national schemes, the BJP successfully attracted lower-income and migrant voters.

A masterstroke was Modi's assurance that AAP's welfare schemes would not be discontinued but rather enhanced, promising to elevate Delhi into a world-class city. This neutralized Kejriwal's traditional advantage and reassured voters. BJP also aggressively targeted AAP over corruption allegations, particular-

ly the liquor scam, altering voter perception. Modi's leadership was positioned as a guarantee of cleaner governance, contrasting sharply with AAP's tainted image. **Impact of BJP's Victories in Other States:** BJP's recent wins in Haryana, Maharashtra, and other key states created a momentum effect, reinforcing voter confidence in Delhi. Haryana's proximity made its results particularly influential, given the shared demographics.

The party's national winning streak also boosted cadre morale, creating a perception of electoral invincibility, which further weakened AAP's positioning as an alternative force.

**Why AAP Lost:** AAP's defeat was not solely due to BJP's strategic campaign

but also its political miscalculations. Kejriwal underestimated Congress's relevance, assuming it was a non-factor. This resulted in AAP's defeat in 14 assembly segments where the victory margin was lower than the votes secured by Congress candidates.

AAP had previously employed a similar strategy in Haryana, splitting Congress's votes and aiding BJP's gains. However, this tactic backfired in Delhi, as the ignored Congress vote share ended up damaging AAP more than BJP. One of the biggest takeaways from AAP's crushing defeat is the blow to Arvind Kejriwal's national ambitions.

# Delta jet flips upside down on snowy Toronto runway

## All 80 passengers aboard survive

PTI ■ TORONTO

A Delta Air Lines jet flipped on its roof while landing Monday at Toronto's Pearson Airport, but all 80 people on board survived and those hurt had relatively minor injuries, the airport's chief executive said.

Snow blown by winds gusting to 40 mph (65 kph) swirled when the flight from Minneapolis carrying 76 passengers and four crew attempted to land at around 2:15 pm. Communications between the tower and pilot were normal on approach and it's not clear what went so drastically wrong when the plane touched down.

Peter Carlson, a passenger travelling to Toronto for a paramedics conference, said the landing was "very forceful." "All the sudden everything just kind of went sideways and then next thing I know it's kind of a blink and I'm upside down still strapped in," he told CBC News. Canadian authorities held two brief news conferences but provided no details on the crash. Video posted to social media showed the aftermath with the

Mitsubishi CRJ-900LR overturned, the fuselage seemingly intact and firefighters dousing what was left of the fire as passengers climbed out and walked across the tarmac.

"We are very grateful there was no loss of life and relatively minor injuries," Deborah Flint, CEO of Greater Toronto Airports Authority, told reporters.

Delta CEO Ed Bastian said in a statement that "the hearts of the entire global Delta family are with those affected."

Toronto Pearson Fire Chief Todd Aitken said 18 passengers were taken to the hospital. Earlier in the day, Ornge air ambulance said it was transporting one pediatric patient to Toronto's SickKids hospital and two injured adults to other hospitals in the city.

Emergency personnel reached the plane within a few minutes and Aitken said the response "went as planned." He said "the runway was dry and there was no cross-wind conditions."

The crash was the fourth aviation accident in North America in the past three weeks. A commercial jetliner and an

Army helicopter collided near Reagan National Airport in Washington, DC, on January 29, killing 67 people.

A medical transportation plane crashed in Philadelphia on January 31, killing the six people on board and another person on the ground. And on February 6, 10 people were killed in a plane crash in Alaska.

The last major crash at Pearson was on August 2, 2005, when an Airbus A340 landing from Paris skidded off the runway and burst into flames amid stormy weather. All 309 passengers and crew aboard Air France Flight 358 survived the crash.

On Monday, Pearson was experiencing blowing snow and winds of 32 mph (51 kph) gusting to 40 mph (65 kph), according to the Meteorological Service of Canada. The temperature was about 16.5 degrees Fahrenheit (minus 8.6 degrees Celsius). The Delta flight was cleared to land at about 2:10 pm. Audio recordings show the control tower warned the pilots of a possible air flow "bump" on the approach.

"It sounds to me like a controller trying to be helpful, meaning

the wind is going to give you a bumpy ride coming down, that you're going to be up and down through the glide path," said John Cox, CEO of aviation safety consulting firm Safety Operating Systems in St. Petersburg, Florida.

"So it was windy. But the airplanes are designed and certified to handle that," Cox said. "The pilots are trained and experienced to handle that."

The plane came to a rest at the intersection of Runways 23 and 15L, not far from the start of the runway. Just after the crash, tower controllers spoke with the crew of a medical helicopter that had just left Pearson and was returning to help.

"Just so you're aware, there's people outside walking around the aircraft there," a controller said.

"Yeah, we've got it. The aircraft is upside down and burning," the medical helicopter pilot responded.

Carlson was among those outside the aircraft. He said when he took off his seat belt he crashed onto the ceiling, which had become the floor. He smelled gas, saw aviation fuel

A Delta Air Lines plane heading from Minneapolis to Toronto crashed at Toronto's Pearson Airport.

PTI

cascading down the cabin windows and knew he needed to get out but said his fatherly intuition and paramedic skills kicked in. He looked for those he could help.

Carlson and another man assisted a mother and her young son out of the plane and then Carlson dropped onto the tarmac. Snow was blowing and it "felt like I was stepping onto tundra."

"I didn't care how cold it was, didn't care how far I had to walk, how long I had to stand — all of us just wanted to be out of the

aircraft," he said.

Cox, who flew for US Air for 25 years and has worked on US National Transportation Safety Board investigations, said the CRJ-900 aircraft is a proven aircraft that's been in service for decades and does a good job of handling inclement weather.

He said it's unusual for a plane to end up on its roof.

"We've seen a couple of cases of takeoffs where airplanes have ended up inverted, but it's pretty rare," Cox said.

Among the questions that need to be answered, Cox said, is why

the crashed plane was missing its right wing.

"If one wing is missing, it's going to have a tendency to roll over," he said. "Those are going to be central questions as to what happened to the wing and the flight data recorder and cockpit voice recorder. They will be found, if not today, tomorrow, and the Transportation Safety Board of Canada will read them out and they will have a very good understanding of what actually occurred here."

The US Federal Aviation Administration said in a state-

ment that the Transportation Safety Board of Canada would head up the investigation and provide any updates. The NTSB in the US said it was sending a team to assist in the Canadian investigation.

Endeavor Air, based in Minneapolis, is a subsidiary of Delta Air Lines and the world's largest operator of CRJ-900 aircraft. The airline operates 130 regional jets on 700 daily flights to over 126 cities in the US, Canada and the Caribbean, according to the company's website.

# Top Russian, US officials meet for talks on Ukraine war without Kyiv

PTI ■ RIYADH

Senior officials from Russia and the US met in Saudi Arabia on Tuesday to begin talks on improving ties and negotiating an end to the war in Ukraine.

Delegations led by US Secretary of State Marco Rubio and Russian Foreign Minister Sergey Lavrov met at the Diriyah Palace in Riyadh. The meeting marks another pivotal step by the Trump administration to reverse US policy on isolating Russia and is meant to pave the way for a meeting between US President Donald Trump and Russian President Vladimir Putin.

Trump earlier this month upended US policy toward Ukraine and Russia by saying he and Putin had agreed to begin negotiations on ending the war.

Ukrainian officials aren't taking part in the meeting, and Ukrainian President Volodymyr Zelenskyy

said Monday that his country won't accept the outcome if Kyiv doesn't take part.

Rubio was accompanied by US national security adviser Mike Waltz and Special Envoy Steve Witkoff, while Lavrov sat next to the Kremlin's foreign affairs adviser, Yuri Ushakov. Saudi Foreign Minister Faisal bin Farhan and national security adviser Mueaed al Alban joined Rubio, Lavrov and others for the start of the meeting but were expected to leave early in the talks. Ushakov said Monday the talks would be "purely bilateral" and would not include Ukrainian officials.

The talks mark a significant expansion of US-Russian contacts nearly three years into a war that has seen ties fall to the lowest level in decades.

Lavrov and the US Secretary of State Antony Blinken talked briefly on the sidelines of a G-20 meeting in India nearly two years ago, and

in the fall of 2022, US and Russian spymasters met in Turkey amid Washington's concerns that Moscow could resort to nuclear weapons amid battlefield setbacks.

The recent US diplomatic blitz on the war has sent Kyiv and key allies scrambling to ensure a seat at the table amid concerns that Washington and Moscow could press ahead with a deal that won't be favourable to them.

France called an emergency meeting of European Union countries and the UK on Monday to decide how to respond.

French President Emmanuel Macron on Tuesday said he spoke by phone to Donald Trump and Volodymyr Zelenskyy following the meeting.

"We seek a strong and lasting peace in Ukraine," Macron wrote on X. "To achieve this, Russia must end its aggression, and this must be accompanied by strong and credible security

guarantees for the Ukrainians," he said and vowed to "work on this together with all Europeans, Americans, and Ukrainians."

Ahead of the talks, Kirill Dmitriev, the head of the Russian Direct Investment Fund who the Kremlin said might join the talks, underscored the importance of the meeting in comments to The Associated Press. "Good US-Russia relations are very important for the whole world. Only jointly can Russia and the US address lots of world problems, and resolve for global conflicts and offer solutions," Dmitriev, who said he and his team would focus on economic issues at the talks, told AP.

The Saudi-owned satellite channel Al Arabiya, citing the Russian delegation, described Moscow's priority as "real normalisation with Washington".

Diriyah Palace sits across the street from Riyadh's Diplomatic Quarter. It's also just next to the Ritz Carlton

hotel, which became famous in 2017 after de facto leader Crown Prince Mohammed bin Salman detained other princes and the country's elite there as part of what the royal court called a crackdown on corruption, that also sidelined any potential challenge to his taking control of the kingdom.

Hosting the talks is a major step toward a goal Prince Mohammed has pursued throughout the war — putting the kingdom in the middle of diplomatic negotiations. It has helped in prisoner negotiations and hosted Ukrainian President Volodymyr Zelenskyy for an Arab League summit in the kingdom in 2023. Zelenskyy will likely travel to Saudi Arabia later this week.

For Prince Mohammed, once described as a "pariah" by former President Joe Biden over the 2018 killing of Washington Post journalist Jamal Khashoggi, hosting such talks burnish the otherwise-tar-

nished image the West has for him.

Ahead of the summit, the Saudi daily newspaper Okaz described the moment as the "world's eye on Riyadh".

Writing in the London-based but Saudi-owned newspaper Asharq Al Awsat, journalist Mishari al-Dhaidi described the summit as "a major step on the international political chess arena, revealing the status of Saudi Arabia and its positive influence for the benefit of the people all the people", he wrote.

The neighbouring United Arab Emirates, the prince also has maintained close relations to Russia throughout its war on Ukraine, both through the OPEC+ oil cartel and diplomatically as well.

Hosting the summit also balances the harsh criticism recently levied by the kingdom's tightly controlled media at President Donald Trump over his repeated comments that he wants the US to "own" the Gaza

Strip, which has been devastated by the Israeli military offensive there since the October 7, 2023, Hamas attack. The Palestinians want Gaza and the West Bank for a future state, something backed by the wider Arab world and nearly all of the international community.

Meanwhile, Russia continued to pummel Ukraine with drones, according to Kyiv's military. The Ukrainian air force said Russian troops launched a barrage of 176 drones at Ukraine overnight, most of which were destroyed or disabled by jamming.

One Russian drone struck a residential building in Dolynska in Kirovohrad region, injuring a mother and her two children and prompting an evacuation of 38 apartments, the regional administration reported. Four more residential buildings were damaged by drone debris in the Cherkasy region of Ukraine, according to local officials.

# Hamas says it will free 6 Israeli hostages on Saturday, four bodies before then

PTI ■ CAIRO

Top Hamas leader says the militant group will release six living Israeli hostages on Saturday and the bodies of four hostages on Thursday, including the remains of the Bibas family that has become symbols of Israeli suffering in the war.

The fate of Shiri Bibas and her two young sons, Ariel and Kir, reflected the feeling of helplessness as dozens of hostages remain in Gaza after Hamas' October 7, 2023, attack. Israel has said it is extremely concerned about their condition but has not confirmed their deaths.

Hamas leader Khalil al-Hayya, in prerecorded remarks on Tuesday, did not elaborate beyond saying that the "Bibas family" would be included in the handover of four bodies. The six to be released on

Saturday are the last living hostages to be freed under the first phase of the ceasefire in Gaza. Three hostages had been expected to be freed on Saturday. It was not clear why Hamas changed the plan.

The warring sides have yet to negotiate the second and more difficult phase, in which Hamas would release dozens more hostages in exchange for a lasting ceasefire and an Israeli withdrawal.

The hostage releases have come in exchange for hundreds of Palestinian prisoners held by Israel.

The ceasefire that began in mid-January has paused the deadliest fighting ever between Israel and Hamas, surged aid into devastated Gaza and allowed hundreds of thousands of Palestinians to return to their homes as Israeli forces withdrew from much of the territory.

## Villagers in southern Lebanon prepare to return home

PTI ■ DEIR MIMAS (LEBANON)

Israeli forces withdrew from border villages in southern Lebanon on Tuesday, under a deadline spelled out in a US-brokered ceasefire agreement that ended the latest Israel-Hezbollah war. Lebanese soldiers moved into the areas from where the Israeli troops pulled out and began clearing roadblocks set up by Israeli forces and checking for unexploded ordnance. They blocked the main road leading to the villages, preventing anyone from entering while the military was looking for any explosives left behind.

Most of the villages waited by the roadside for permission to go and check on their homes.

# Egypt developing plan to rebuild Gaza

PTI ■ CAIRO

Egypt is developing a plan to rebuild Gaza without forcing Palestinians out of the strip in a counter to President Donald Trump's proposal to depopulate the territory so the US can take it over.

Egypt's state-run Al-Ahram newspaper said the proposal calls for establishing "secure areas" within Gaza where Palestinians can live initially while Egyptian and international construction firms remove and rehabilitate the strip's infrastructure.

Egyptian officials have been discussing the plan with European diplomats as well as with Saudi Arabia, Qatar and the UAE, according to two Egyptian officials and Arab and Western diplomats. They are also discussing ways to fund the reconstruction, including an international conference on Gaza reconstruction, said one of the Egyptian officials and an Arab diplomat. The officials and diplomats

spoke on condition of anonymity because the proposal is still being negotiated.

The proposal comes after an international uproar over Trump's call for the removal of Gaza's population of some two million Palestinians. Trump said the US would take over the Gaza Strip and rebuild it into a "Riviera of the Middle East", though Palestinians would not be allowed back.

Palestinians have widely said they will not leave their homeland, while Egypt, Jordan — backed by Saudi Arabia — have refused Trump's calls for them to take in Gaza's population. Rights groups have widely said the plan amounts to forced expulsion, a potential war crime. European countries have also largely denounced Trump's plan.

Israeli Prime Minister Benjamin Netanyahu has praised the idea and says Israel is preparing to implement it.

US Secretary of State Marco Rubio, who was in Saudi Arabia

on Monday in a tour of the region, has said the US was up to hearing alternative proposals.

Egypt's Al-Ahram newspaper said the proposal is designed to "refute American President Trump's logic" and counter "any other visions or plans that aim to change the geographic and demographic structure of Gaza Strip".

Gaza is nearing a critical juncture with the first phase of a ceasefire due to run out in early March. Israel and Hamas must still negotiate a second phase meant to bring a release of all remaining hostages held by the militants, a full Israeli withdrawal from Gaza and a long-term halt to the war.

Any reconstruction plan will be impossible to implement without a deal on the second phase, including an agreement on who will govern Gaza in the long term.

Israel demands the elimination of Hamas as a political or military force in the territory, and

international donors are unlikely to contribute to any rebuilding if Hamas is in charge.

Central in Egypt's proposal is the establishment of a Palestinian administration that is not aligned with either Hamas or the Palestinian Authority to run the strip and oversee the reconstruction efforts, according to the two Egyptian officials involved in the efforts.

It also calls for a Palestinian police force mainly made up of former Palestinian Authority policemen who remained in Gaza after Hamas took over the enclave in 2007, with reinforcement from Egyptian- and Western-trained forces.

Asked about the possibility of deploying an Arab force in Gaza, one Egyptian official and the Arab diplomat said Arab countries would only agree if there were a "clear path" for the establishment of an independent Palestinian state.

Israeli Prime Minister

Benjamin Netanyahu has rejected any Palestinian state as well as any role for Hamas or the Western-backed Palestinian Authority in governing Gaza, though he has not put forward any clear alternative.

Hamas has said it is willing to give up power in Gaza. Hamas spokesman Abdul Latif al-Qanou told AP on Sunday that the group has accepted either a Palestinian unity government without Hamas' participation or a committee of technocrats to run the territory. The Palestinian Authority, which governs pockets of the West Bank, has so far opposed any plans for Gaza that exclude it.

The Western diplomat said France and Germany have backed the idea of Arab countries developing a counterproposal to Trump's plan, and that Egyptian President Abdel Fattah el-Sisi discussed his government's efforts with the French president in a phone call earlier this month.

People take part in the 'No Kings Day' protest on Presidents Day in Washington, in support of federal workers and against recent actions by President Donald Trump and Elon Musk, by the Capitol in Washington. The protest was organised by the 50501 Movement, which stands for 50 Protests 50 States 1 Movement.

# Elon Musk's DOGE seeks access to taxpayer data at IRS

PTI ■ WASHINGTON

Elon Musk's Department of Government Efficiency is seeking access to troves of sensitive taxpayer data at the IRS, two people familiar with the inner workings of the plan who were not authorised to discuss the matter publicly told AP on Monday.

If successful, Musk and his group would have access to millions of tightly controlled files that include taxpayer information, bank records and other sensitive records. The people who spoke to the AP and requested anonymity said DOGE is specifically seeking to access the IRS' Integrated Data Retrieval System, which enables employees "to have instantaneous visual access to certain taxpayer accounts", according to the IRS website.

Advocates fear that the potential unlawful release of taxpayer records could be used to maliciously target Americans,

violate their privacy and create other ramifications.

Harrison Fields, a White House spokesman, said in an emailed statement that "waste, fraud, and abuse have been deeply entrenched in our broken system for far too long. It takes direct access to the system to identify and fix it."

"DOGE will continue to shine a light on the fraud they uncover as the American people deserve to know what their government has been spending their hard-earned tax dollars on," he said.

Democratic lawmakers are trying to fight against DOGE plans to access IRS data. Senators Ron Wyden, D-Ore, and Elizabeth Warren, D-Mass, sent a letter to acting IRS Commissioner Douglas O'Donnell, demanding copies of any memos that would grant IRS system access to Musk or DOGE. The senators are also seeking justifications for DOGE efforts to inspect tax returns and

private bank records.

Along with fears that DOGE access to taxpayer data may not be legal, "we are also extremely concerned that DOGE personnel meddling with IRS systems in the middle of tax filing season could, inadvertently or otherwise, cause breakdowns that may delay the issuance of tax refunds indefinitely", the letter reads.

"Any delay in refunds could be financially devastating to millions of Americans who plan their budgets around timely refunds every spring." January 27 was the official start date of the 2025 tax season, and the IRS expects more than 140 million tax returns to be filed by the April 15 deadline.

The Washington Post on Sunday first reported on DOGE's plans to access taxpayer data.

The news comes as the IRS plans to lay off thousands of probationary workers

in the middle of tax season, according to two sources familiar with the agency's plans who were unauthorised to discuss them publicly. Cuts could happen as soon as this week.

Previously, IRS employees involved in the 2025 tax season were told they will not be allowed to accept a buyout offer from the Trump administration until after the taxpayer filing deadline, according to a letter sent recently to IRS employees.

Additionally, attorneys general from 14 states challenged the authority of DOGE to access sensitive government data housed at Treasury and exercise "virtually unchecked power" in a lawsuit. The lawsuit, filed in federal court in Washington, says the actions taken by Musk at the helm of DOGE can only be taken by a nominated and Senate-confirmed official. It cites constitutional provisions that delineate the powers of Congress and the president.

# Costa Rica agrees to accept Indian migrants

**PTI ■ SAN JOSE**  
Costa Rica has agreed to serve as a "bridge" to repatriate illegal immigrants in the US, including from India and Central Asia, according to an official release on Tuesday. The first group of 200 migrants will arrive at the Juan Santamaría International Airport on a commercial flight on Wednesday, accord-

ing to a statement by Costa Rican President Rodrigo Chaves Robles' office. "The Government of Costa Rica agreed to collaborate with the United States in the repatriation of 200 illegal immigrants to their country. These are people originating from countries in central Asia and India," said the statement. The release did not say how many of them are from India. "Costa Rica will serve as

a bridge for them to reach their countries of origin," it said. These immigrants will be transferred to a temporary migrant care facility in the Central American nation before repatriation to their countries of origin. The US-funded repatriation is being supervised by the International Organisation for Migration (IOM), which will oversee the migrants' care during their stay in the coun-

try, according to the statement. This comes days after Prime Minister Narendra Modi's visit to the US, where he met President Donald Trump to discuss key bilateral issues, including immigration. Three batches comprising a total of 332 Indians have already been sent back to India amid an intensified crackdown by the Trump administration against illegal immigrants.

# 4 paramilitary personnel killed in Pak; convoy attack toll rises

**PTI ■ PESHAWAR**  
Four paramilitary personnel were killed and five others injured when unknown militants attacked their squad in Pakistan's violence-hit Kurram, where an aid convoy was also targeted. According to security officials, the militants ambushed the paramilitary Kurram Militia squad in Lower Kurram's Ochit area late on Monday, where an aid convoy carrying essential supplies was ambushed earlier in the day. The injured and dead were shifted to a hospital, where the condition of one injured was stated to be critical. The military, which typically issues statements in such situations, has yet to comment. The attack on the aid convoy in sectarian violence-hit Kurram district in the Khyber Pakhtunkhwa province killed a truck driver and injured 15 others. Late last night, another injured succumbed to injuries, taking the toll to two, according to officials. The convoy, which was travelling from Thall to Kurram, was attacked at multiple locations along the route, prompting officials to turn the convoy of 64 vehicles back to Hangu as a precautionary measure. It is the latest in a series of violent incidents in Kurram, which has been a hotbed of violence for decades, with deep-seated tribal and sectarian conflicts often resulting in bloodshed and prolonged blockades. The latest wave of violence erupted in November 2023, when two police-escorted convoys were ambushed, killing at least 40 people.

# Senior Afghan Taliban officials in Japan for talks

**PTI ■ TOKYO**  
Japanese officials said senior Afghan Taliban officials were in Japan for talks, as part of Tokyo's efforts to help Afghanistan build a more inclusive political system and protect human rights. It's their first known diplomatic trip outside the Central Asia-Middle East region since the Taliban seized control of Afghanistan in 2021. The unidentified Taliban senior officials were invited by grant-making organization Nippon Zaidan and were also set to talk with Japanese Foreign Ministry officials, Chief Cabinet

Secretary Yoshimasa Hayashi told reporters Monday. The Taliban officials were invited to help them better understand the need "to have a broad perspective toward their future nation building and to widely accept humanitarian assistance from the international community for vulnerable people, Nippon Zaidan said in a statement. It declined to give details of the visitors and their schedule. Japan does not formally recognize the Taliban as Afghanistan's official government. Hayashi noted the visit was initiated by a private organization but complements the Japanese

government's effort to work with the international community to call on the Taliban to make policy changes that protect human rights. Restrictions the Taliban impose on women and girls are a major hurdle to the Taliban being recognised as the official government of Afghanistan. The trip was initially revealed by Latif Nazari, the Taliban's deputy economy minister, who posted on the X platform that a "high-level delegation" was heading to Japan and that the Taliban seek dignified engagement with the world as an active member of the international community.

# Chinese navy helicopter flies too close to Philippine patrol plane

**PTI ■ OVER THE SCARBOROUGH SHOAL (SOUTH CHINA SEA)**  
A Chinese navy helicopter flew within 10 feet (3 metres) of a Philippine patrol plane on Tuesday in a disputed area of the South China Sea, as the Filipino pilot warned by radio: "You are flying too close, you are very dangerous." The helicopter was attempting to force a Cessna Caravan turbo-prop plane belonging to the Philippine Bureau of Fisheries and Aquatic Resources out of what China claims is its airspace over the hotly disputed Scarborough Shoal off the northwestern Philippines. An Associated Press journalist and other invited foreign media representatives on the plane witnessed the tense 30-minute standoff as the Philippine plane pressed on with its low-altitude patrol around Scarborough with the Chinese navy helicopter hovering close above it or flying to its left in cloudy weather. "You are flying too close, you are very dangerous and endangering the lives of our crew and

passengers," the Philippine pilot told the Chinese navy helicopter by radio at one point. "Keep away and distance your aircraft from us, you are violating the safety standard set by FAA and ICAO." The pilot was referring to the standard distance between aircraft required by the US Federal Aviation Administration and the International Civil Aviation Organisation to prevent air disasters. The Philippine Coast Guard and the Bureau of Fisheries said in a statement that they remain "committed to asserting our sovereignty, sovereign rights and maritime jurisdiction in the West Philippine Sea, despite the aggressive and escalatory actions of China." They referred to the Philippine name for the stretch of waters in the South China Sea closer to the Philippines' western coast. Chinese officials did not immediately comment on the incident, but in past encounters they have steadfastly asserted China's sovereign rights over the Scarborough and sur-

rounding waters and warned that its forces would protect the country's territorial interests at all costs. Tuesday's encounter, which is expected to be protested by the Philippine government, is the latest flashpoint in a decades-long territorial standoff in one of the world's busiest trade routes, which involves China, the Philippines, Vietnam, Malaysia, Brunei and Taiwan. Confrontations on the high seas have spiked between Chinese and Philippine coast guards in the last two years at Scarborough, a traditional fishing area, and the Second Thomas Shoal, where a grounded Philippine navy ship has served as a territorial outpost since 1999 but has since been closely watched by Chinese coast guard, navy and suspected militia ships. China deployed its coast guard, navy and suspected militia ships around Scarborough after a tense standoff with Philippine ships in 2012. The following year, the Philippines brought its disputes with China to international arbitration.

# Rajapaksa's son indicted

**PTI ■ COLOMBO**  
Namal Rajapaksa, the eldest son of former president and prime minister Mahinda Rajapaksa, was on Tuesday indicted and released on bail by the High Court here for an alleged misappropriation out of an Indian investment prior to 2015. Leader of the Sri Lanka Podujana Peramuna (SLPP), Namal Rajapaksa is the only member of the Rajapaksa family now a serving member of parliament. The Rajapaksa say they are being targeted on a political witch hunt. The case is to be next heard on March 27. Namal Rajapaksa was arrested in June 2016 for allegedly misusing Sri Lankan Rupees 70 million from the Krishi Hotel project to develop the game of rugby in the island nation. He had been a Sri Lanka international rugby player.

# Iran accuses detained British couple of spying

**PTI ■ TEHRAN**  
Iranian authorities have accused a British couple detained in the country since January of spying, state media reported Tuesday. Mizanonline.ir, a news website affiliated with the country's judiciary, cited Asghar Jahangir, a spokesman for the judiciary as saying that the Revolutionary Guard's intelligence forces incarcerated the couple, a man and a woman, while in the southern

# Iran accuses detained British couple of spying

city of Kerman at the time. They are accused of spying and having links to intelligence agencies of "hostile countries" and collecting information from several Iranian provinces, according to Jahangir who didn't provide further details. The report didn't name the couple, however, a family statement released Saturday through the UK Foreign Office identified them as Craig and Lindsay Foreman, saying their situation was distressing and causing "significant

concern." The two were reportedly travelling around the world on motorbikes when they were detained in January, British media, citing social media posts, reported that they had crossed into Iran from Armenia on December 30 and were planning to enter Pakistan next. The British ambassador to Iran, Hugo Shorter, met the two in Kerman on Wednesday in the presence of officials from Iran's justice department and the governor's office.

**PUBLIC NOTICE**  
General public is hereby informed that Mr. Karan Babu Gupta is the owner of Residential Property No. 121 area measuring 250 Sq. Mtrs. in Block-C, Situated at Sector-108, Noida. # Tesla starts recruitment in India

PTI ■ NEW DELHI

American electric carmaker Tesla has opened recruitments for various roles in India, including business operations analyst and customer support specialist, in what could be a precursor for the company's entry into the country. As per the job postings on the company's website, the posts are for the 'Mumbai Suburban' area. These roles include service advisor, parts advisor, service technician, service manager, sales and customer support, store manager, sales and customer support, business operations analyst, customer support supervisor, customer support specialist, delivery operations specialist, order operations specialist, inside sales advisor, and consumer engagement manager. A mailed query to confirm if the recruitments are part of the company's plans to enter the Indian market and the possible timeline for starting sales in India remained

Prime Minister Narendra Modi during a meeting with SpaceX CEO Elon Musk at the Blair House, in Washington PTI

answered. The hiring by Tesla in India comes close after the recent meeting of company founder and American tech billionaire Elon Musk with India's Prime Minister Narendra Modi during the latter's recent United States (US) visit. Tesla's possible entry into the Indian market has been keenly awaited. Last April, company founder and American tech billionaire Elon Musk had

Tesla electric cars in India at the earliest. His planned visit to India came weeks after the government announced a new electric vehicle policy under which import duty concessions will be given to companies setting up manufacturing units in the country with a minimum investment of \$500 Million, a move aimed at attracting major global players like Tesla. An advisor representing Tesla - The Asia Group (TAG) had even attended a stakeholders' meeting on the new EV policy along with those from Vietnam's EV maker VinFast and all the major manufacturers in India, including Maruti Suzuki, Hyundai, Tata, Mahindra, Kia, Skoda Auto Volkswagen India, Renault, Mercedes-Benz, BMW and Audi. Musk had said in 2022 that Tesla, which was earlier seeking a reduction in import duties to sell its vehicles in India, would not manufacture its products unless it is allowed to first sell and service its cars in the country.

# Economy expected to grow 6.4 per cent in Q3: ICRA

PTI ■ NEW DELHI

The Information and Credit Rating Agency (ICRA) on Tuesday projected India's GDP to grow 6.4 per cent in the December quarter on account of enhanced government spending amid uneven consumption. The Indian economy grew at 6.7 per cent in April-June, but it slowed to a seven-quarter low of 5.4 per cent in September quarter on sluggish government capital expenditure due to general elections and weak consumption demand. ICRA Chief Economist Aditi Nayar said India's economic performance in Q3 FY2025 benefitted from a sharp ramp-up in aggregate government spending (Centre and state) on capital and revenue expenditure, high growth in services exports, a turnaround in merchandise exports, healthy output of

major kharif crops etc, which would have buffered rural sentiment. Some consumer-focused sectors saw a pick-up during the festive season, even as urban consumer sentiment dipped slightly, and other sectors such as mining and electricity saw an improvement after weather-related challenges in the previous quarter. "Overall, while we expect the pace of GDP and the GVA expansion to rise in Q3 FY2025 relative to the seven-quarter low prints for the previous quarter, marking an upturn, the performance may remain inferior to the NSO's initial estimates for Q1 FY2025," Nayar said. The National Statistical Office (NSO) will release the October-December growth estimates on February 28. It will also release the second advance estimates of GDP for the current fiscal. In the first advance estimates

released in January, NSO projected GDP growth at a four-year low pace of 6.4 per cent in the current fiscal. The RBI expects growth to be 6.6 per cent. ICRA has projected the economy to grow at 6.4 per cent in Q3 from 5.4 per cent in Q2, benefitting from enhanced government spending amid uneven consumption, it said in a statement. India's investment activity improved in Q3, as reflected in the uptick in the YoY growth in several investment-related indicators vis-a-vis Q2, the rating agency said. This includes capital and infrastructure goods' output, cement production, engineering goods' exports, and capital spending of the Centre and state governments. The YoY expansion in the government's capex surged to a six-quarter high of 47.7 per cent in Q3 from 10.3 per cent in the previous quarter.

# Reliance Group enters renewable energy manufacturing

PTI ■ NEW DELHI

Reliance Infrastructure (RInfra) is entering into the renewable energy (RE) equipment manufacturing space to increase its business portfolio, industry sources said. The Reliance Group company has already appointed Ivan Saha as Chief Executive Officer (CEO), Renewable Manufacturing, and Mushtaque Hussain as Chief Executive Officer (CEO), Battery Manufacturing, they said. "RInfra is making strategic entry into the renewable energy manufacturing industry," sources said. The company would set up an integrated solar manufacturing unit with the objective to boost the production of solar panels and components in India, promoting self-sufficiency in clean energy. Solar manufacturing will be led by Saha, who comes with over 30 years of experience in semiconductors and solar technology and device design. He has served organisations like Vikram Solar and

ReNew Power. Its integrated battery manufacturing unit will focus on developing advanced energy storage solutions for grid applications and electric mobility. Hussain, who would lead this business, brings over 25 years of expertise in the automotive, renewable energy, consumer electronics, and power tools sectors. He has held key leadership roles in major organisations such as Reliance Industries Ltd (RIL) and Tesla. RInfra is an infrastructure player that operates in the business of metro rails, toll roads and power distribution. With the company's entry into solar equipment and battery manufacturing business, the Reliance Group aims to cover the entire spectrum of renewable energy value chain, enabling the group to offer end-to-end solutions - from renewable energy equipment manufacturing to solar power generation. This move complements the efforts of Reliance Power,

focused on renewable energy generation, further strengthening the group's overall presence in the sector. Reliance Power, another Reliance Group company, had already announced expansion plans in renewable energy generation space. Its subsidiary Reliance NU Energies Private Limited appointed Mayank Bansal as CEO and Rakesh Swaroop as COO. Another Reliance Power subsidiary Reliance Nu Suntech Private Ltd recently secured a 930 Mw solar energy project with a battery energy storage system (BESS) from the Solar Energy Corporation Of India (SECI) through an e-reverse auction. The project, which is the largest single-location integrated solar power and BESS Project in Asia, includes a minimum storage capacity of 465 MW/1,860 Mwh, charged by solar power. The company is also developing 1,270 MW of renewable energy projects in Bhutan.

# India, US aim for \$500 Billion trade in 6-8 months: Goyal

PTI ■ NEW DELHI

India and the United States (US) are committed to increasing bilateral trade to \$500 Billion and negotiating a "strong" trade agreement within the next six-eight months, Commerce and Industry Minister Piyush Goyal said on Tuesday. During the recent visit of Prime Minister Narendra Modi to Washington, India and the US announced to more than double the two-way commerce to \$500 Billion by 2030 and negotiate the first tranche of a mutually beneficial, multi-sector bilateral trade agreement (BTA) by fall of 2025. Goyal said once his US counterpart takes charge, both countries will discuss the contours of the pact. "In the next six-eight months, by establishing a strong trade agreement, we are committed to increasing trade to \$500 Billion," Goyal said on the sidelines of CII's India-Qatar Business Forum meet. He added businesses of both the countries are excited about the

Union Minister Piyush Goyal addresses during the India-Qatar Joint Business Forum PTI

agreement. When asked if the pact would have chapters related to goods, services and investments, he said, "My counterpart has not yet confirmed in the US. After the (confirmation), we will do talks and then only we can decide the way forward". Normally in a free trade agreement, two trading partners either eliminate or significantly reduce customs duties on the maximum number of goods traded

between them. Besides, they ease norms to promote trade in services and boost investments. During the first term of US President Donald Trump, the two countries had discussed a mini-trade deal, but it was shelved by the Joe Biden administration as they were not in favour of such pacts. In 2023, the US and India bilateral trade in goods and services stood at \$190.08 Billion (\$123.89 Billion in goods and \$66.19 Billion in services trade).

# IPO-bound NSE's valuation jumps 200 per cent

PTI ■ MUMBAI

The IPO-bound NSE's valuation jumped 201 per cent in 2024 to ₹4.7 Lakh Crore, a report said on Tuesday. The largest India equity bourse, which is reported to have restarted its listing process by applying for a no-objection from markets regulator, Securities and Exchange Board of India (SEBI), is already the 10th-most valuable private company in the country, as per the 2024 Burgundy Private Hurun India 500 list of listed as well as unlisted companies. The valuation was pegged at ₹3.12 Lakh Crore, as per a September 2024 report. Another media report said the company, which also runs the world's largest derivatives exchange, aims to sell 10 per cent of holding in the IPO. The overall revenues jumped 28 per cent to ₹16,352 Crore in FY24, and the post-tax profit surged 51 per cent to ₹8,306 Crore. The stock bourse had moved on the listing plans after getting some clarity on allegations of not allowing

equitable access to its members. Hurun said it has travelled across the country and spoken with industry experts, journalists, bankers and accessed publicly available data sources while arriving at the valuation for private or unlisted companies. The list of companies is led by Mukesh Ambani-led Reliance Industries with a ₹17.5 Lakh Crore valuation, while Tata Consultancy Services came second at ₹16.1 Lakh Crore with a 30 per cent growth. Billionaire Gautam Adani's flagship Adani Ports and Special Economic Zone was valued at ₹2,73,530 Crore as on December 13, which was used as the cut-off date for the list. The Adani Group, which includes nine listed companies, was valued at ₹13.40 Lakh Crore, while the Ambani-led Reliance Group's overall valuation was pegged at ₹19.71 Lakh Crore. The salt-to-software Tata Sons led among the industrial groups in valuation, with a 37 per cent jump in valuation to Rs 32.27 Lakh Crore.

# India's Defence industry poised for massive expansion

PNS ■ NEW DELHI

The defence industry in India is at the "cusp of a massive expansion", Defence Secretary Rajesh Kumar Singh has said even as he suggested that public-private-partnership would be "critical" in making the country a hub for advanced manufacturing in the sector. In his address at a defence conclave here late Monday evening, he also said the intention of the government is to build a "technologically advanced" and "combat-ready force" that can effectively address the "complexities of modern warfare". The event was hosted by Axis Bank to bring together different stakeholders, including government officials, industry members, financial institutions, among others under one roof. Singh said the conclave fosters collaboration among different stakeholders from

the defence industry ecosystem, including those who would finance them. Creating a unified platform for discussions on 'Atmanirbhar Bharat', empowering the defence ecosystem is a "critical issue" right now, he added. "It is an ongoing effort which we sort of need to continue to focus on. It is also in line with our priorities of modernising and reforming the defence ecosystem in our quest for 'Atmanirbharta' or strategic self-reliance," the defence secretary said. He recalled that Ministry of Defence recently declared 2025 as the "year of reforms", saying the objective is to make systems and procedures more efficient, streamlined in order to deliver timely outcomes. "The intention is to build a technologically advanced and combat-ready force that can effectively address the complexities of modern

warfare," he said. In his address, Singh emphasised about working together with different stakeholders to create a robust defence ecosystem. Relaxation in the FDI policies and industrial licensing procedures are other elements that will propel the growth in the Indian domestic defence industry, he said. "Our exports have increased to ₹21,000 Crore, almost a 30 times jump in the last ten years. It is very obvious that the defence industry in India is at the cusp of a massive expansion," the defence secretary said. The current industrial ecosystem of India, which comprises various defence PSUs, licensed companies and MSMEs are the "pillars of this expanding industrial base", he added. "Our focus has to be on reducing industry barriers for new players and new

technologies. So that our defence industrial ecosystem becomes adaptive, agile, and capable of responding quickly to the changing nature of warfare, as we have seen in recent geopolitical conflicts," he said. Citing the defence budget figures, Singh said, it was ₹6.21 Lakh Crore that will go up by 9.5 per cent to 6.81 Lakh Crore in 2025-26. And we should be spending over the next decade, something between \$20-25 Billion, perhaps even USD 30 billion per annum, "as per our modernisation initiatives", he added. Earlier in his address, the top official in the ministry underlined that an industrial ecosystem is being envisioned where "incubency advantage would not prevail over the ability of start-ups of agile private sector entrepreneurs," to bring into the ecosystem and to bring in disruptive technologies.

# Rupee falls eight paise against USD

PTI ■ MUMBAI

Rupee depreciated eight paise to close at 86.96 (provisional) against US dollar weighed down by sustained foreign fund outflows and an uptick in the US Dollar index. Forex traders said there is a negative bias for the USD and INR pair as foreign investors continue to sell domestic equities and the RBI support is tapering off slowly. At the interbank foreign exchange, the rupee opened at 86.94 and touched the high of 86.91 against the greenback during intraday. It also touched the low of 86.98 before ending the session at 86.96 (provisional) against the dollar, logging a loss of 8 paise from its previous close. On Monday, the rupee depreciated 17 paise to close at 86.88 against the US dollar. Traders said disappointing trade deficit data from the domestic markets too

pressurised the rupee. India's exports declined for the third month in a row in January, falling by 2.38 per cent year-on-year to \$36.43 Billion, while the trade deficit widened to \$22.99 Billion in the month. Imports rose by 10.28 per cent year-on-year to \$59.42 Billion in January due to an increase in gold shipments, according to the Commerce Ministry data. Meanwhile, the dollar index, which gauges the greenback's strength against a basket of six currencies, was at 106.95, higher by 0.35 per cent. Brent crude, the global oil benchmark, was quoted 0.77 per cent higher at \$75.80 per barrel in futures trade. In the domestic equity market, the 30-share BSE Sensex declined 29.47 points, or 0.04 per cent, to settle at 75,967.39, while the Nifty fell 14.20 points, or 0.06 per cent, to 22,945.30 points. Foreign Institutional

# NTPC pays interim dividend of ₹2,424 Crore

PTI ■ NEW DELHI

State-owned NTPC on Tuesday said it has paid an additional ₹2,424 Crore of interim dividend to its shareholders in the financial year ending March 2025. "This is in addition to the first interim dividend of ₹2,424 Crore paid in November 2024, NTPC said in a statement. The ₹2,424 Crore dividend paid on February 18 is 25 per cent of the paid-up equity share capital of the company. The total dividend paid by the company during the ongoing fiscal has reached ₹8,000 Crore, which includes the final dividend of ₹3,152 Crore for the financial year 2023-24 paid in September 2024.

Investors (FIIs) offloaded equities worth ₹3,937.83 Crore in the capital markets on net basis on Monday, according to exchange data. "We expect the rupee to trade with negative bias amid weak domestic equities and a recovery in the US dollar. FII outflows may also weigh on the rupee. However, any further intervention by the RBI may support the rupee at lower levels. "Traders may take cues from speeches by the Federal Open Market Committee (FOMC) members," Choudhary said, adding that "the USD-INR spot price is expected to trade in a range of 86.75 to 87.20." On the global front, Chinese President Xi Jinping on Monday asked business leaders to unleash their talents in a rare meeting with billionaires including Jack Ma, founder of e-commerce giant Alibaba, in a bid to shore up sagging business confidence and reverse economic slowdown.

# Markets end slightly lower as foreign fund outflow persists

PTI ■ MUMBAI

Benchmark indices Sensex and Nifty ended marginally lower on Tuesday as uninterrupted foreign fund outflows and lower-than-expected corporate earnings continued to hit investors' sentiment. After a day's breather, the 30-share BSE benchmark Sensex ended 29.47 points or 0.04 per cent lower at 75,967.39. Intraday, it dropped 465.85 points or 0.61 per cent to 75,531.01. The NSE Nifty dipped 14.20 points or 0.06 per cent to settle at 22,945.30. "On Tuesday, the Indian blue-chip equity indices, Sensex and Nifty-50, closed with a slight decline, primarily due to a slowdown in earnings and concerns over ongoing foreign selling, which affected market

sentiment," Ameya Ranadive, Chartered Market Technician, CFTe, Sr Technical Analyst, StoxBox, said. From the Sensex pack, IndusInd Bank, Mahindra & Mahindra, UltraTech Cement, Hindustan Unilever, Sun Pharma, Tata Consultancy Services, ITC and Asian Paints were among the biggest laggards. NTPC, Zomato, Tech Mahindra, Power Grid, Kotak Mahindra Bank and HCL Tech were among the gainers. The BSE smallcap gauge dropped 1.71 per cent and midcap index declined 0.19 per cent. Among BSE sectoral indices, industrials dropped 1.51 per cent, consumer durables (1.19 per cent), telecommunication (1.06 per cent), capital goods (0.91 per cent), auto (0.65 per

cent) and consumer discretionary (0.55 per cent). BSE utilities climbed 1.03 per cent, BSE Focused IT (0.86 per cent), oil and gas (0.70 per cent) and energy (0.38 per cent). As many as 2,918 stocks declined while 1,032 advanced and 114 remained unchanged on the BSE. "The domestic market has experienced both profit-taking and bottom-fishing amid persistent concerns over FII outflows and pressure on the INR. Small and midcap stocks continue to lag due to apprehensions about premium valuations. Meanwhile, India's trade deficit has widened beyond expectations, driven by rising imports due to depreciating domestic currency and surging commodity prices,"

Vinod Nair, Head of Research, Geojit Financial Services, said. Foreign Institutional Investors (FIIs) offloaded equities worth ₹3,937.83 Crore on Monday, according to exchange data. In Asian markets, Seoul, Tokyo and Hong Kong settled in the positive territory while Shanghai ended lower. European markets were quoting mostly lower. US markets were closed on Monday in observance of 'President's Day'. Global oil benchmark Brent crude climbed 0.73 per cent to \$75.77 a barrel. The Sensex climbed 57.65 points or 0.08 per cent to settle at 75,996.86 on Monday, ending an eight-day losing run. The Nifty rebounded 30.25 points or 0.13 per cent to 22,959.50.

# Unemployment rate dips to 6.4 per cent

PTI ■ NEW DELHI

The unemployment rate for people aged 15 years and above in urban areas dipped to 6.4 per cent in the October-December quarter, according to the National Sample Survey Survey (NSSO). Joblessness, or unemployment rate, is defined as the percentage of unemployed people in the labour force. The unemployment rate in the December quarter of FY24 was 6.5 per cent. However, the rate stayed flat when compared sequentially. In the preceding July-September quarter of FY25, the rate of unemployment for people aged 15 years and above in urban areas was at

the same level of 6.4 per cent, the 25th Periodic Labour Force Survey (PLFS) showed. The unemployment rate among females (aged 15 years and above) in urban areas declined to 8.1 per cent in October-December 2024 from 8.6 per cent in the same quarter a year ago. The rate was 8.4 per cent in July-September, 2024. Among males, the unemployment rate in urban areas remained flat at 5.8 per cent in October-December 2024 as compared to the rate of the same quarter a year ago. The rate was 5.7 per cent in July-September, 2024. Labour force participation rate in Current Weekly Status (CWS) in urban areas for people aged 15 years and above increased to 50.4 per

cent in October-December from 49.9 per cent in the same quarter a year ago. The rate was 50.4 per cent in the July-September 2024. Labour force refers to the part of the population, which supplies or offers to supply labour for pursuing economic activities for the production of goods and services and, therefore, includes both employed and unemployed persons. The NSSO had launched PLFS in April 2017. On the basis of PLFS, a quarterly bulletin is brought out giving estimates of labour force indicators namely unemployment rate, worker population ratio (WPR), labour force participation rate (LFPR), distribution of workers by broad status in

employment and industry of work in CWS. The estimates of unemployed persons in CWS give an average picture of unemployment in a short span of seven days during the survey period. In the CWS approach, a person is considered unemployed if he/she did not work even for one hour on any day during the week but sought or was available for work at least for one hour on any day during the period. Labour force, according to CWS, is the number of persons either employed or unemployed on average in a week preceding the date of the survey. LFPR is defined as the percentage of the population in the labour force.

# Zelezny's tweaks will take me to 90m mark soon: Neeraj

**PTI ■ NEW DELHI**

Two-time Olympic medal-winning javelin throw star Neeraj Chopra has revealed that his new coach Jan Zelezny has figured out mistakes in his technique and would now make some adjustments to his throwing routine to achieve the 90m mark that the Indian star is pursuing for a while.

The 26-year-old, while speaking to India Today, also opened up about his hush-hush wedding to former tennis player Himani Mor last month, saying that their relationship was a casual friendship at first "but slowly we fell in love".

Chopra has been trying hard to hit the 90m mark. His personal best stands at 89.94m which was achieved in 2022. His season begins in May with the Diamond League and would mark the competitive start of his partnership with Zelezny, a former Olympic and world champion who also holds the

Chopra has been trying hard to hit the 90m mark. His personal best stands at 89.94m which was achieved in 2022. His season begins in May with the Diamond League and would mark the competitive start of his partnership with Zelezny, a former Olympic and world champion who also holds the

world record (98.48m). "I believe a 90+ throw is happening soon. He (Jan Zelezny) has made some technical adjustments in my game," said Chopra.

"He (Zelezny) feels that his tweaks would help me. I've been able to understand what he expects from me. One of the mistakes that he told me about was how I was throwing very low even in Paris and that I was leaning towards the left.

"If I am able to incorporate those changes, I think I will get a lot better," he added. But the Panipat-lad insisted that the milestone is still not as important as winning medals for the country.

"I want to do it myself. But, going to a competition and winning a medal against people who have previously thrown 90 meters is even more important. There's no point in throwing 90 meters and not winning.

"What if everyone throws 90+ there and despite throwing 90, you don't win? I want to throw more than 90

consulted a doctor recommended by Zelezny in Prague.

"Groin injury has been an issue for a long time. I wasn't able to give 100 percent in my technique because of my injury. I went to Zelezny's doctor in Prague, and he suggested some exercises. I am working on that, so hopefully it helps, and I am able to give my 100 percent," he said.

**We slowly fell in love**

Opening about his marriage that stunned everyone, Chopra said both he and Mor wanted it to be an intimate affair and that's why they chose a town near Solan.

"I knew her. She also comes from a family with a sports background, and so do we. Her father and mother were kabaddi players. Her brothers were boxers and wrestlers," Chopra said.

"She herself was a tennis player, but after picking up injuries, she focused more on her studies," he added. Shedding light on how their relationship developed over a period of time, Chopra said being athletes, they could connect easily.

"Because our families had a sports background, we had the opportunity to meet. Our conversations began like that -- just two athletes talking. It was casual at first, but slowly, we fell in love," he said.

Their wedding pictures, which Chopra shared on social media a couple of days after the ceremony, took the internet by storm.

Although only family members were invited for the nuptials, Chopra said most of his close circle of friends was aware that he was tying the knot and he would soon be planning a celebration with those who couldn't be a part of the function.

"...Families and friends knew. I wanted to return to training because the season was about to start. I thought it would only be possible after the season. Inviting everyone would have taken time," he explained.

## I have not resigned, will complete tenure, says Mary Kom

**PTI ■ NEW DELHI**

Olympian Shiva Keshavan, London Olympics bronze-winning shooter Gagan Narang, rower Bajrang Lal, fencer Bhavani Devi, former women's hockey captain Rani Rampal, and Tokyo Olympics silver-winning weightlifter Mirabai Chanu.

"I don't know why it is that every time I raise my voice for something, it is misunderstood like this? Lot of my fellow athletes speak their mind on so many issues but nobody gets misunderstood," Mary Kom said.

"I was put up in a bad hotel when I went for the National Games closing ceremony despite the fact that a better hotel was available. If others could be accommodated, why not me? That was the only question I asked," she insisted.

"Next thing I know, people are saying I have resigned. Where is the resignation? Has anyone seen it?" she asked.

Asked if she has had a word with IOA President P T Usha on this matter, Mary Kom said, "I haven't been able to connect with her because my phone was misplaced. But I will speak to her, I have good communication with her."

One of the most decorated Indian athletes, Mary Kom has been on the athletes forum of the International Olympic Committee (IOC) in the past and has a fairly good experience of the administrative side of sports.

## Parth Rekhade puts Vidarbha in firm control against Mumbai

**PTI ■ NAGPUR**

Left-arm spinner Parth Rekhade struck thrice in an over as Mumbai slipped to a precarious 188 for 7 in reply to Vidarbha's first innings total of 383, trailing by 195 runs at stumps on Day Two of their Ranji Trophy semifinal here on Tuesday.

Mumbai opener Akash Anand was battling at one end, unbeaten on 67, with the last recognised batter, Tanush Kotian, on 5 not out at the other, as their title defence came under intense pressure from a disciplined and persistent Vidarbha side on their home ground at the VCA Stadium here.

Mumbai were steady at 113 for two at one stage but Rekhade, playing only his second First-Class match, ripped open the Ranji champions' batting lineup, first with an innocuous delivery which claimed the prized scalp of Ajinkya Rahane in the 41st over.

Rahane's defensive prod had the ball rolling back to his stumps and knock off the bats, ending his stay for a 24-ball 18 which also had an outside edge flying between the wicketkeeper and the first slip.

Two deliveries later, Suryakumar Yadav (0) then paid a heavy price for a hard-headed frontfoot prod as an inside edge was sharply collected by Danish Malewar at silly point over his head.

Another couple of deliveries later, Shivam Dube (0), who had claimed 5/49 in Vidarbha's first innings, was also caught for a two-ball duck like his India T20I teammate Suryakumar as Mumbai slipped from 113/2 to 113/5.

It soon became 118/6 for the Rahane-led side, losing four wickets for a mere five runs, when Shams Mulani was trapped leg-before by Harsh Dubey for his first wicket.

Anand then forged a crucial 60-run stand with Shardul Thakur but their partnership did not last long.

Thakur, who has persistently come to Mumbai's rescue with the bat this season, did produce a fightback but could not push on for a big knock, perishing for a 41-ball 37 with four fours and a six with his knock having all the elements of his trademark counterattack.

He was bounced out by Yash Thakur (2), who had cleaned up Siddhesh Lad (35) for a vital breakthrough earlier in the day to break his stubborn second-wicket partnership with Anand.

Mumbai had begun rather shakily in reply to Vidarbha's first innings total when opener Ayush Mhatre played one in the air early on to find Malewar at cover, following which the pair of Lad and Anand had done well to see off the threat from the new ball there on.

On his part, wicketkeeper-batter Anand batted extremely well, reaching a solid 67 off 171 balls, including six fours -- most of them coming on the off-side.

But once again it was Vidarbha who walked away with the bragging rights after another dominant show, having earlier added 75 runs to their overnight total of 308 for five.

Rathod brought up his fifty shortly after play resumed on the second day but like his teammates, could not push on and fell for 54 off 113 balls with seven fouls.

**Brief scores:** Vidarbha 383 in 107.5 overs (Dhruv Shorey 74, Danish Malewar 79, Yash Rathod 54; Shivam Dube 5/49, Shams Mulani 2/62) lead Mumbai 188/7 in 59 overs (Akash Anand 67\*; Yash Thakur 2/56, Parth Rekhade 3/16) by 195 runs.

## Mumbai City FC meet Hyderabad FC

**PTI ■ HYDERABAD**

Mumbai City FC will look to continue their promising form away from home when they take on hosts Hyderabad FC in their Indian Super League match here on Wednesday.

Mumbai City FC are currently positioned at the sixth place in the points table. They have 31 points to their name from 20 games, on the back of two victories and draws each in their previous five matches.

Hyderabad FC are at the penultimate spot, with 16 points from 20 encounters on the back of four wins and draws each -- with two of those victories coming in their last four games.

The Islanders have been doing well on the road in the current campaign, winning four and drawing thrice in their last seven away matches.

A victory in this fixture would propel them to their maiden league double over Hyderabad FC, which would make Mumbai City FC the team with the most league doubles (13) over different opponents in the ISL. However, Mumbai City FC faced a 1-3 setback to FC Goa in their last match, at Home. Still, under Petr Kratky, Mumbai City FC have not yet faced consecutive losses and they will look to sustain that record with a positive outcome in the forthcoming match.

Contrastingly, Hyderabad FC have been on an encouraging run at home, winning their last two matches there -- by 3-2 against Jamshedpur FC and 3-1 vs Mohammedan SC.

A third straight home win will equal the feat that they scaled in October-November 2022, when all triumphs had come with a 1-0 scoreline. In the last match between these two sides on November 30, 2024, Mumbai City FC had edged past by a slender 1-0 margin.

Hyderabad FC have been found on the back-foot defensively, giving away nine headed goals in 2024-25, which is the joint-highest in the competition. The team has kept the least clean sheets (2) in the ISL 2024-25, conceding the most goals (41) amongst all 13 teams.

Ramhlunchhanga won possession four times in the final third against Odisha FC in their last game, the joint-highest by any player in a single game this season. He has won possession 17 times in the final third this term, the most by any Indian player.

## Alcaraz beats Cilic in straight sets to advance at Qatar Open

**PTI ■ DOHA**

Top-seeded Carlos Alcaraz overcame Croatian veteran Marin Cilic 6-4, 6-4 to reach the round of 16 at the Qatar Open.

The 36-year-old Cilic, the 2014 U.S. Open champion who has fallen to No. 192 in the rankings, was on Monday playing his first match of the season after recovering from a long-term knee injury.

The Croatian led 4-3 and 0-40 on Alcaraz's serve in the second set, but the Spanish four-time major winner managed to recover and then broke in the next game.

"I am just really happy that I stayed calm at that moment, breathing, going through my routines, making good points," Alcaraz said.

"That's why I was able to win in two sets." Alcaraz will play either Zhang Zhizhen of China or Italy's Luca Nardi next.

Earlier, seventh-seeded Grigor Dimitrov lost 6-4, 6-4 to Jiri Lehecka.

Also on Monday, eighth-seeded Jack Draper beat Alexei Popyrin 6-2, 7-6 (4) to set up a meeting with another Australian, Christopher O'Connell.

Several other top players will play their first matches on Tuesday.

Second-seeded Alex de Minaur will face Roman Safiullin. Novak Djokovic, who had to pull out of his Australian Open semifinal with a hamstring injury, will take on Matteo Berrettini.

Alcaraz returned to the top of the Spanish league on goal difference after Robert Lewandowski's first-half penalty secured a 1-0 win over Rayo Vallecano.

The Catalan club on Monday took advantage of weekend slip-ups by Real Madrid and Atlético Madrid to move onto 51 points, the same as Madrid and a point clear of Atlético.

Madrid drew 1-1 at Osasuna on Saturday and Atletico was held by the same score at home by Celta Vigo.

Barcelona took the lead after 27 minutes when Pathe Ciss brought down Inigo Martinez in the box, and a penalty was awarded after a video review.

Lewandowski sent the keeper the wrong way from the spot. Both sides had chances to

## Barcelona 1-0 win over Rayo Vallecano

**PTI ■ BARCELONA**

Barcelona returned to the top of the Spanish league on goal difference after Robert Lewandowski's first-half penalty secured a 1-0 win over Rayo Vallecano.

The Catalan club on Monday took advantage of weekend slip-ups by Real Madrid and Atlético Madrid to move onto 51 points, the same as Madrid and a point clear of Atlético.

Madrid drew 1-1 at Osasuna on Saturday and Atletico was held by the same score at home by Celta Vigo.

Barcelona took the lead after 27 minutes when Pathe Ciss brought down Inigo Martinez in the box, and a penalty was awarded after a video review.

Lewandowski sent the keeper the wrong way from the spot. Both sides had chances to

score after that. Augusto Batalla saved well from Lamine Yamal, who was playing the 100th game of his career, while at the other end Jorge De Frutos had the ball in the net for Rayo only to see it ruled out for offside.

De Frutos was always dangerous for Rayo but as the game went on the home side took control as it extended its unbeaten run to 12 matches.

The defeat ended Rayo nine-game unbeaten streak that stretched back to December 7.

# Tennis players have lost faith in doping agencies: Novak Djokovic

**PTI ■ DOHA**

Novak Djokovic says a majority of tennis players have lost faith in the anti-doping authorities following Jannik Sinner's three-month ban, and there's a widespread feeling that "favoritism" is being shown to the sport's biggest stars.

The 24-time major winner called on the World Anti-Doping Agency and the International Tennis Integrity Agency to overhaul their processes for dealing with doping cases "because the system and the structure obviously doesn't work."

"Right now there is a lack of trust generally from the tennis players, both male and female, toward WADA and ITIA and the whole process," Djokovic said at the Qatar

Open.

Top-ranked Sinner reached a deal with WADA on Saturday to accept a ban that will have him back playing in time for the French Open in May without having to miss a single Grand Slam tournament. That came after the International Tennis Integrity Agency had decided not to suspend Sinner for what it judged was accidental contamination by a banned anabolic steroid last March.

The short ban for Sinner came after five-time Grand Slam champion Iga Swiatek accepted a one-month suspension in November after testing positive for a banned substance that she said was accidentally consumed because of a contaminated nonprescription medication.

Both bans are much shorter than what other athletes in tennis and in other sports have normally received in similar cases.

"It's not a good image for our sport, that's for sure," Djokovic, the long-time No. 1 in men's tennis, said.

"There's a majority of the players that I've talked to in the locker room, not just in the last few days, but also last few months, that are not happy with the way this whole process (for Sinner) has been handled.

"A majority of the players don't feel that it's fair. A majority of the players feel like there is favoritism happening. It appears that you can almost affect the outcome if you are a top player, if you have access to

the top lawyers and whatnot." Sinner had been scheduled to play in Qatar before accepting the ban.

The handling of Sinner's case had already raised questions about double standards, and when the ban was announced it was widely criticized by other players.

The positive tests weren't publicly revealed until August because Sinner successfully appealed against being provisionally banned from playing. He then won the U.S. Open in September and the Australian Open in January.

Sinner's explanation for the positive test was that trace amounts of Clotestol in his doping sample was due to a massage from a trainer who used the substance after cutting his own finger, which WADA accepted.

Djokovic said he didn't question Sinner's and Swiatek's innocence but that he and other players are frustrated about the inconsistent handling of doping cases.

He pointed to the case of former women's No. 1 Simona Halep -- who was given a four-year ban by the ITIA in 2022 after a positive test before it was later reduced to nine months -- and British player Tara Moore, who was suspended in May 2022 while an investigation lasted 18 months before an independent tribunal determined that her positive test for a banned substance was caused by contaminated meat.

"Right now it's a ripe time for us to really address the system, because the system and the structure obviously doesn't work, it's obvious," Djokovic said.

"So, I hope that in the ... Near future that the governing bodies are going to come together of our tours and the tennis ecosystem and try to find a more effective way to deal with these processes.

# India will feel Bumrah's absence very strongly: Dhawan

PTI ■ DUBAI

India will feel Jasprit Bumrah's absence "very strongly" in the Champions Trophy but they still have a great chance to win the tournament considering their recent form and a host of match-winners at their disposal, reckons former opener Shikhar Dhawan.

While the event starts in Pakistan on Wednesday, India start their campaign a day later with a match against neighbours Bangladesh at the Dubai International Cricket Stadium.

Pace spearhead Bumrah was ruled out of the tournament due to a lower back injury, having taken the maximum load during India's five-match Test series against Australia. "My concern is they are going to miss Jasprit Bumrah, there is no doubt he will be a big absence and I think they will feel it very strongly," Dhawan wrote in an ICC column published on Tuesday.

"For me, he is the best bowler in the world, and his accuracy is hard to replicate. He is also a very calm character and that is crucial in a huge ICC event like this."

Dhawan is, however, backing Shubman Gill and Harshit Rana to sizzle in the tournament.

"At the same time, Harshit Rana has

come into the side and I think that is really exciting - keep an eye on him, I think he could have a breakout tournament.

"I like his attitude, he is a go-getter and he is not afraid of anything. He accepts challenges and we have seen in the England series that he is in

form. I am sure he will look to seize this opportunity and, if he does, he could provide a real X-factor for India."

Going by recent form and team strength, Dhawan found it hard to look beyond India when the discussion turned to title contenders.

"There are a lot of reasons to be optimistic for India. They have a very balanced side, especially with the bat - there is a nice blend of experience and youth. Shubman Gill, in particular, is so consistent and he has a big role to play. I think he will have a great tournament.

"Rohit Sharma has found form, Virat Kohli is there; they are a top side and will take some stopping."

Dhawan is also not ruling out teams such as South Africa, New Zealand, Australia and hosts Pakistan, to whom India lost in the title clash in the last edition in the UK.

"I really like South Africa in this tournament as well. They have played consistent cricket and have everything you need to win such a huge tournament - experience, strength-in-depth and X-factor players like Kagiso Rabada.

"I also like Pakistan, they will be hard to beat in home conditions, and also New Zealand - who are just always there or thereabouts.

"Australia have struggled in their series with Sri Lanka but they some great batters; Travis Head is in great form, and I'm really excited to see Steve Smith."

Dhawan is one of the most successful batters in the tournament's history having scored 701 runs in 10 innings at an average of 77.88. He hit three centuries in the tournament, with his best being 125 against Sri Lanka in 2017.

"The ICC Champions Trophy means a great deal to me. We won in 2013 and then reached the final in 2017, and both times I finished as leading run-scorer," he added.

## WPL: Delhi Capitals, UP Warriorz eye improved batting effort

PTI ■ VADODARA

Delhi Capitals and UP Warriorz will be aiming for an improved batting effort on Wednesday after floundering in their previous Women's Premier League matches.

Their clash is also the last match here at the Kotambi Stadium before the WPL action shifts to Bengaluru from February 21.

The Capitals are yet to match the pre-tournament favourite billing with performances. Their batting has failed to fire in two matches, even in their victory over the Mumbai Indians.

They made heavy weather of the chase of a 165-run target before winning by two wickets, and folded for 141 against the Royal Challengers Bengaluru on Monday during the eight-wicket defeat.

The trouble starts from the top as skipper Meg Lanning has not been able to produce a big knock yet. It has seemed that international retirement has taken a toll on the Australian.

There have been occasional fireworks by Shafali Varma, Jemimah Rodrigues or Sarah Bryce, but they have not been able to convert into a substantial innings.

Their bowling has been in much better shape with veteran Shikha Pandey leading from the front, but she needs some more support from others, particularly from fellow pacer Arundhati Reddy.

The UP outfit too is in a similar place. Grace Harris and Tahlia McGrath, their middle-order powerhouses, looked uneasy against spin

and the Capitals have a capable bunch in Minnu Mani, Jess Jonassen and Radha Yadav.

The Warriorz have invested heavily in skipper Deepti Sharma, young wicketkeeper batter Uma Chhetri and openers Vrinda Dinesh and Kiran Navgire. It's not often that a WPL team fills their top four with Indian players, and the quartet will have to repay the faith of the management sooner than later.

The absence of an injured Alyssa Healy has reduced the firepower in their top order.

They would also expect leg-spinner Alana King to make an impression against Delhi, as the Aussie spinner, who bowled that extraordinary Shane Warne-esque delivery in the Women's Ashes, was quite expensive against Gujarat.

**Teams (from):**  
**UP Warriorz:** Deepti Sharma (captain), Alana King, Gouher Sultana, Saima Thakur, Grace Harris, Shweta Sehrawat, Anjali Sarvani, Kiran Navgire, Sophie Ecclestone, Arushi Goel, Kranti Goud, Tahlia McGrath, Chamari Athapaththu, Poonam Khemnar, Uma Chetry, Rajeshwari Gayakwad, Vrinda Dinesh.

**Delhi Capitals:** Meg Lanning (captain), Harleen Deol, Prakashika Naik, Beth Mooney, Kashvee Gautam, Priya Mishra, Bharti Fulmali, Laura Wolvaardt, Sayali Satghare, Danielle Gibson, Mannat Kashyap, Shabnam Shakil, Dayalan Hemalatha, Meghna Singh, Simran Shaikh, Deandra Dottin, Phoebe Litchfield, Tanuja Kanwar.

## Best leaders that I know have always empowered colleagues: Cummins

PTI ■ NEW DELHI

Leadership is all about having faith in the strengths of colleagues, believes Australia's talismanic captain Pat Cummins, who is busy promoting his new book after being forced out of an ankle injury.

At the age of 28, Cummins became Australia's 47th Test captain and since then he has led his country to the 50-over World Cup and the World Test Championship triumph apart from retaining the Ashes and regaining the coveted Border-Gavaskar Trophy just last month.

The 31-year-old, who has 503 international wickets across formats with 294 in Tests alone, donned the hat of an interviewer to speak to 11 achievers-cum-leaders from around the world for his new book "Tested: The remarkable power of resolve" published by Harper Collins.

Asked about his idea of leadership and to what extent should the captain assert his authority, Cummins told PTI: "The best leaders I've played under always made me feel empowered, brought the best out of myself and made me feel a sense of freedom."

"I think it's important to lean into the individual strengths of each team member rather than trying to make everyone

assimilate," the pacer further stated.

While he has a handsome USD two million-plus contract with IPL franchise Sunrisers Hyderabad, whom he captained last year in the cash-rich league, the traditional format remains his No.1 priority.

This despite the fact that more and more cricketers are veering towards a freelance career in T20 leagues.

"I love Test cricket so much so its always been an easy decision to keep that as my number one priority. Especially in Australia, we are lucky to have Test cricket so well-supported."

Cummins also spoke about the respect he has for his fellow speed merchants Indian talisman Jasprit Bumrah and Kagiso Rabada of South Africa. "Those two guys (Bumrah and Rabada) are bowlers I enjoy watching and admire. They have been taking wickets consistently for many years and we've had some wonderful contests."

Talking about the book, Cummins also revealed the process he followed while deciding the list of interviewees for his new book. "I started with a list of people I knew and admired and whose life stories exemplified resilience, leadership and the power of resolve," he said.

## Delighted to see ICC Champions Trophy in Pakistan, says Wasim

PTI ■ KARACHI

Former captain Wasim Bari is glad to see the return of a global cricketing event to Pakistan through the ICC Champions Trophy, and hopes that the nightmarish days after the militant attack on Sri Lankan team in 2009 are forgotten forever.

Pakistan could not host international cricket for 10 years after that gruesome day, and were forced to play their home matches in the UAE.

Bari was serving as the Director in the Pakistan Cricket Board (PCB) under the Chairmanship of late Ejaz Butt when the attack took place on March 3 near the Liberty roundabout close to the Gaddafi stadium.

"It was the worst day in my life when news came through of what had happened. Everyone was numb and most of us in our offices realised

immediately this was going to put Pakistan cricket back by a few years," Bari said.

Bari said there was disbelief followed by sorrow the match officials and umpires in blood stained shirts went viral, it became obvious that Pakistan's hopes of staging the Champions Trophy or even the 2011 World Cup matches had vanished. Without putting blame on anyone, Bari said: "It should never have happened and the result was Pakistan cricket couldn't properly grow for the next 10 years, as all teams

refused to play in Pakistan for security reasons." Bari said he is delighted to see the ICC Champions Trophy being held in Pakistan now and multiple teams landing in the country. "To see England, Australian, South African, New Zealand and Afghanistan teams in Karachi and Lahore means so much to all Pakistani cricketers, board officials and the fans," he said. The 75-year-old said it was a tribute to the singleminded effort of all the stakeholders involved in Pakistan cricket. "I think it is also a time to pay tribute to the resilience of Pakistan cricket while hosting the Champions Trophy, after all that has happened in the last 10 years."

## India's bowling coach Morkel returns home

PTI ■ DUBAI

India's bowling coach Morne Morkel has left for his home in South Africa due to a family emergency.

Morkel, who was appointed for the job in September last year, had travelled to Dubai with the Indian team on Saturday, and also attended the side's first practice session ahead of the ICC Champions Trophy beginning on Wednesday.

The 40-year-old former South African pacer was, however, not around for the Indian team's second practice session on Monday, it has been learned.

The development comes just as India geared up to began their campaign with a match

against Bangladesh at Dubai International Cricket Stadium here on Thursday.

The Indian bowling attack for the ICC tournament comprises specialist pacers and one fast-bowling all-rounder in Hardik Pandya.

Pace spearhead Jasprit Bumrah was ruled out of the event due to lower back injury, leaving the task of shouldering the fast-bowling responsibility on Arshdeep Singh, Harshit Rana and Mohammed Shami, with Pandya being the fourth option.

Pakistan is the host nation of the tournament, but India will be playing all their matches in Dubai as per the hybrid model agreed by the concerned stakeholders.

## Jaspal Rana will continue as my coach: Manu Bhaker

PTI ■ NEW DELHI

Eyeing glory in next World Championship, double Olympic medallist shooter Manu Bhaker said Jaspal Rana will continue to be her "coach" despite the Dronacharya awardee being roped in as the High Performance trainer for pistol discipline by the National Rifle Association of India (NRAI).

Rana, a four-time Asian Games gold medallist, had a very bitter and public fallout with Manu before the Tokyo Olympics but they reconciled before last year's Paris Games, where the latter made history by bagging two bronze medals.

"Honestly, I only have to say one thing that I know (Rana) is my coach all I know and he is very good at what he does. He is very, very talented and

he has been a great coach for me. "All I know and all I can say is that he is my coach. Of course, he can be anyone else's coach as well but for me he is my coach," Manu said after winning the BBC Sportswomen of the Year 2024 award at a glittering function here on Monday night. Under Rana's personal guidance, Manu, who was

struggling after the Tokyo Games, made a remarkable comeback and became the first Indian to win two medals in a single edition of the Olympics since Independence.

She won bronze medals in 10m air pistol and 10m air pistol mixed team events in Paris to create history. Talking about her future plans, Manu said: "We will be going for World Cups in

April, and then we have some domestic competitions in June. "It will be followed by another World Cup in Munich. Then we will have the World Championships, probably in late October or November. My target is the World Championships. I want to peak at the right time for the World Championships," she added.

The season-ending World Championships will be held in Cairo, Egypt, from November 6-16. Her unprecedented success in Paris wouldn't have been possible without Rana's guidance and Manu agrees to it. Manu, who turned 23 on Tuesday, considers Rana as her father figure, while the coach gives her the courage and confidence to seek and achieve great things in her sport.

# Champions Trophy set to start amid debate on relevance of 50-over cricket

PTI ■ DUBAI/KARACHI

Intrigue, uncertainty, backstage drama. The ICC Champions Trophy has seen it all even before the curtains go up on the tournament and it would only get more stirring over the next three weeks, starting with the opening clash between Pakistan and New Zealand in Karachi.

Eight teams will vie for a trophy, often talked up as tougher to win than the World Cup, and also to script a new chapter in their own cricketing story. While India will fight it out in Dubai, others will be primarily based in Pakistan, which would get to host its first ICC event since the 1996 World Cup. Several barriers had to be hurdled over to cobble this tournament together after eight years. The tournament is also crucial amid the raging debate on the relevance of ODI cricket, which is struggling to find its space

amid the rage for T20 cricket and the devotion for Test format.

Perhaps, no other cricketing event in the recent past has been harried so much by long-standing geopolitical tensions, stubbornness by administrative boards of two important participants, and the nail-biting anxiety over the main hosting nation.

The chaos has been an endearing throwback to the 90s when cricket in the sub-continent resembled a hastily organised party. But all these pre-tournament jitters will be forgotten once the teams enter the field, and the first of them will be Pakistan and New Zealand. If anyone needs a reminder, then Pakistan had won the last edition of the Champions Trophy in 2017.

The opening match in itself is a curious clash -- a talented yet-volatile Pakistan unsure of its own destiny against a team

for which order is everything. But the blue riband match of the tournament will be on February 23 when India take on Pakistan, ushering in customary waves of nostalgia, emotions, political grandstanding, and the social media battle.

That marquee showdown will be in Dubai as India remained steadfast in its refusal to set foot on Pakistani soil owing to security concerns.

**Last dance of Kohli, Rohit?** But beyond such team equations, certain individual players would want this tournament to be a memorable one. On top of the list are India's batting talismans Virat Kohli and Rohit Sharma. They have been magnificent servants of the game over the last decade and half.

Few in modern era were able to match their achievements and aura. But now, these two titans have reached the last lap of a long race, and would

want to bow out in a blaze of glory. It's tough to imagine Kohli and Rohit being part of India's ODI set-up after the Champions Trophy irrespective of the outcome. It might even impact their future in Test cricket, as a lukewarm outing here might force the selectors to mull over their role ahead of India's tour to England in June.

Similarly, a failure to win the Champions Trophy will bring the role of head coach Gautam Gambhir under scrutiny. Gambhir might have received a temporary relief after India's domination over England in the recent home series, but not it wouldn't be enough to brush under the carpet, India's recent travails against New Zealand and Australia.

But a global trophy will certainly give him a much better ground to stand. From a team perspective, India will be eager to wrest

their first ICC trophy in the 50-over format after their triumph in the 2013 Champions Trophy under the enigmatic Mahendra Singh Dhoni. It will be a perfect parting gift to Kohli and Rohit and a welcome carpet to some young names such as Shubman Gill who are set to take India into the future.

**The challengers** India are playing a brand of ODI cricket that makes them instant favourites to win the tournament. They have adopted an aggressive approach and have a varied line-up, brimming with talent.

But such calculations can go wrong because of a bad moment or session, as it happened in the 2023 World Cup final when India succumbed to Australia after a middling batting effort. The Aussies themselves are without their premier pacers Pat Cummins, Mitchell Starc and Josh Hazlewood. But the

two-time champions still pack a punch as they have a batting unit to meet the demands of ODI format.

Once a feared white-ball team, England have slipped a few rungs as age and form have caught up with some of their leading performers. But do the likes of Jos Buttler, Joe Root and Liam Livingstone have one last roar left in them? Or will some of their new stars such as Harry Brook or Ben Duckett cut open a new path?

New Zealand are also travelling on fresh avenue following the retirement of Trent Boult and Tim Southee. Kane Williamson is their trump card and the Kiwis would hope that he fires for them to earn their maiden white ball ICC trophy. South Africa too will have a similar goal. They had won ICC Knockouts Trophy in 1998, but not bagged anything in recent times and the Temba Bavuma-led side

will be hoping for a reversal of fortune. But for that to happen, the Proteas should coat their minds with steel in crunch situations.

It's applicable to Pakistan as well. If they can stop obsessing over the match against India and not treat it as the 'final frontier', then the home side is a dangerous opposition.

Their pace attack is top-notch and they have some batters like Fakhar Zaman and Salman Ali Agha who can turn on the heat on the rivals. Afghanistan, who have transformed into a formidable white-ball outfit, also can put other teams under immense pressure through a squad that has Rashid Khan and Rahmanullah Gurbaz. Bangladesh now has receded to the periphery of cricketing consciousness, but can they pull of a stunner as they had done in the 2007 50-over World Cup?
