The case was filed against Singh, Sukhdev and Rajguru for allegedly killing British police officer John P Saunders.

Manipur CM says sorry for the ethnic conflict; Opp asks to quit

anipur Chief Minister N Biren Singh on Tuesday apologised to the people of the state for the ethnic conflict occurring there since May 2023 and appealed

to "forgive and forget" the past.

He also said "Peace is being restored in Manipur, and the only solution lies in discussion and dialogue, which the Central government has already initiated," while addressing a news conference in Imphal.

However he came under attack of the Opposition leaders who said the CM failed to safeguard lives and livelihood of people and should therefore region New 250 should, therefore, resign. Nearly 250 people, so far, have died in the violence.

The CM's regret came couple of days after former Home Secretary Ajay Bhalla was appointed as Governor of Manipur.

This entire year has been very unfortunate. I want to say sorry to the people of the state for what's been happening today, since last May 3. Many people lost loved ones. Many people left their homes. I feel regret. I apologise. But now, I hope, after seeing the last three to four months progress towards peace, normalcy will be restored in the state in 2025," Singh said.

sporadic violence since May 3, 2023, between the majority Meiteis and the Kukis over quotas and economic benefits. The ongoing violence has killed over 200 people and displaced thousands.

The Centre has deployed forces in vulnerable zones bordering the hill and valley districts, leading to a dip in incidents of firing in peripheral areas.

The Chief Minister said 2,058 displaced families have been resettled in their original homes in Imphal West, Imphal East, Kangpokpi, and Churachandpur. To curb violence along the national highways, the government has deployed 17 and 18 additional companies of security personnel along NH-2 (Imphal-Dimapur) and NH-37 (Imphal-Silchar via Jiribam), respectively.

"Whatever happened has happened... I want to appeal to all communities to forgive and forget our past mistakes and start life afresh by living together in a peaceful and prosperous Manipur," he said.

Singh said firing incidents have declined in the

state over the last 20 months since the ethnic conflict began in May 2023.

From May to October, 2023, 408 firing incidents were reported. From November 2023 to April 2024, there were 345 firing incidents, whereas from May this year till now, 112 firing incidents were reported," he said. He said that of all the looted weapons, 3,112

have been recovered and 2,511 explosives have been seized during the period. The chief minister further said that 625 people have been arrested and 12,047 FIRs registered so far. More than 250 people have been killed and thousands rendered homeless in ethnic violence between Imphal Valley-based Meiteis

and adjoining hills-based Kuki-Zo groups since May last year. Meanwhile, Manipur, which has been witnessing prolonged ethnic violence between majority Meitei and tribal Kuki communities, accounted for about 77 per cent of the total violence in the entire northeastern region in

2023, according to the latest annual report of

the Ministry of Home Affairs. In 2023, Manipur witnessed an increase in violent incidents owing to the prevailing ethnic strife and the resultant increase in the casualties of civilians and security forces personnel as compared to 2022.

The state accounted for about 77 per cent of the total violent incidents in Northeastern region in 2023, according to the MHA annual report. Among the total 243 violent incidents occurred in the Northeast, 187 took place in Manipur.

Nimisha Priya, hailing from Kollengode in Kerala's Palakkad district, has been reportedly handed capital punishment for allegedly murdering a Yemeni citizen. (MEA) official spokesperson Randhir Jaiswal said New Delhi is extending all possible

help in the matter.

"We are aware of the sentencing of Nimisha Priya in Yemen. We understand that the family of Priya is exploring relevant options, Jaiswal said. "The government is extending all possible help in the matter," he added. Jaiswal was replying to a media query.
Reports said Priya was handed capital punishment by a trial court in 2020 and Yemen's Supreme Judicial Council upheld the verdict in November 2023. Yemen's President Rashad al-Alimi

alleged murder of Yemeni national Talal Abdo Mehdi in July 2017. A trial court in Sana'a sentenced her to death in 2020 and her appeal was dismissed by Yemen's Supreme Judicial Council in November 2023.

to eight years, he said. The Congress leader said they have also claimed that they have saved money construction of flyovers.

Dikshit is son of former Delhi chief minister Sheila Dikshit who served as CM from 1998 till 2013. In 2013, Dikshit lost to Arvind Kejriwal in the New Delhi constituency in the election that witnessed a Congress rout. 'The initial estimate of

Madhuban to Mukarba Chowk flyover by Sheila Dikshit's government was Rs 422 crore, but we built it at Rs 297 crore. The former government estimated the construction of Mangolpuri to Madhuban Chowk at Rs 423 crore, we built it at Rs 323 crore," Dikshit said, adding that they have given five to seven examples.

Governor's office refuted the allegations saying neither are temples,

churches or any other place of worship being broken/demolished, nor has any file to this effect come. In a statement, the Lieutenant Governor's office said the chief minister is playing cheap politics to divert attention

mosques,

from her's and her predecessor Chief Minister's failures. The latest exchange of letters comes amid growing political tensions between Atishi and the Lieutenant Governor. Earlier, in a separate letter, Atishi had criticised the LG's office for acting as a proxy for the Bharatiya Janata Party (BJP) in Delhi.

In a letter addressed to Saxena, Atishi said that the Religious Committee had decided to demolish several temples and Buddhist structures across Delhi, including those held dear by the Dalit community demolition of these structures would hurt the

religious sentiments communities. Atishi wrote, "It has been decided by the Religious Committee - on your directions, and with your to demolish approval multiple religious structures across Delhi.

Atishi, in her letter, said, "It has been brought to my attention that the Religious Committee has ordered the demolition of numerous religious structures all across Delhi, in a meeting on 22nd November. Until last year, all decisions of the Religious Committee would be sent to you, via the CM and the Minister (Home), Delhi. As elected representatives who are constantly in touch with the people of Delhi, we would ensure that no religious sentiments were hurt."

However, in an order issued last year your office stated that demolition of religious structures is a matter related to 'public order', and does not fall under the purview of the elected government and will be

directly under the purview of the Hon'ble LG. Since then the work of the Religious Committee has been directly monitored by you. All files of the Religious Committee are routed from the Home Department to the LG, completely bypassing the CM and Minister (Home), the letter said.

She further said, "It has been decided by the Religious Committee on your directions, and with your approval to demolish multiple religious structures across Delhi. As you can see the list of religious structures to be demolished includes many temples, and Buddhist places of worship that are revered by the Dalit community. These included temple situated near Nallah Market at West Patel Nagar, temple at Dilshad Garden, satue at Sunder Nagri, temple at Seema Puri, temple at Gokal Puri and temple in side of New Usmanpur MCD flats near.

Punjab farmer to comply with SC, as per condition

directions?

PIONEER NEWS SERVICE

The Punjab Government on Tuesday informed the Supreme Court that farmer leader Jagjit Singh Dallewal, who has been on an indefinite fast for over a month, has agreed for medical aid given the Centre accepted his proposal to hold talks. A vacation bench of Justices Surya Kant and Sudhanshu Dhulia took note of a plea moved by Punjab government seeking an additional three days to comply with SC's December 20 order.

"...As per the negotiators there is a proposal given by the farmers to the Central government that in case they get an invite for a talk, Dallewal is ready to take medical help as desired," Punjab advocate general Gurminder Singh said, therefore, the government was seeking some more time and work positively towards compliance of the

The bench said, "We will not comment on what's going on as far as negotiations or your law and order is concerned. If something happens, which is acceptable to both sides and all stakeholders concerned, we will be equally happy. At the moment, we are concerned with compliance of our orders. If you want more time, we in peculiar circumstances are inclined to grant you some time." Singh agreed with the bench on the point that no comments should be made on the negotiations at this stage and sought some time. Punjab's 2024: A Year of Political Upheaval, Protests, Surprising Defections

MONIKA MALIK ■ CHANDIGARH

Punjab in 2024 has been marked by a whirlwind of political dramas, intense protests, farmers' movement, high-profile defections, and key electoral shifts that have left an indelible mark on the state's socio-political landscape. The vear was defined by the fiercelv-contested Lok Sabha elections, where the emergence of panthic politics created a new dimension in Punjab's political arena. This election was punctuated by the deeply felt aftershocks of the farmers' protest, continuing political instability within traditional parties, and unexpected political alliances. From 70-year-old farmer leader Jagjit Singh Dallewal's monthlong hunger strike, which became a symbol of farmers' agitation against the powersthat-be, to the shocking assassination attempt on Shiromani Akali Dal (SAD) leader Sukhbir Singh Badal, Punjab witnessed a year of turbulence and conflict that reflected both the state's ongoing struggle

and its shifting allegiances. The political landscape in Punjab was further unsettled by intra-party conflicts within the SAD, as Sukhbir Badal faced a significant challenge to his leadership, with the Sikhs highest temporal seat, Akal Takht, declaring him a "tankhaiya" (guilty of religious misconduct). In an atmosphere charged with controversy, the resignation of Punjab BJP president Sunil Jakhar and the apparent failure of the Bharatiya Janata Party (BJP) to make a substantial mark in Punjab underscored the state's complex and fluid political

Lok Sabha Polls: **Emergence of Panthic**

One of the most significant events of 2024 was the Lok Sabha elections, where Punjab's political configuration underwent a substantial shift. The polls saw the rise of panthic (religious Sikh) politics as two pro-Khalistani candidates — NSA detainee Amritpal Singh from Khadoor Sahib and grandson of former Prime Minister Indira Gandhi's assassin Sarabjeet Singh Khalsa from Faridkot — emerged vic-

Amritpal's triumph in Khadoor Sahib, where he faced off against established political heavyweights, was nothing short of extraordinary. Despite his confinement, he secured an unprecedented victory margin of 1.97 lakh (1,97,120) votes, signaling a groundswell of support for his panthic agenda. Similarly, Khalsa's victory in Faridkot, a constituency marred by past sacrilege incidents, reverberated as a testament to his unwavering commitment to the Sikh panth. His impressive winning margin of 70,053 votes underscored the resonance of his family's legacy and their enduring sacri-

Mixed Electoral Success for

Even though the BJP-led NDA succeeded in forming the government for the third time in row at the national level, Punjab's electorate once again demonstrated its independent streak. Congress emerged as the top performer securing seven seats in the multi-cornered contest, while the ruling AAP, despite its overwhelming majority win in the state two years ago, managed to clinch only three seats. Four of AAP's five incumbent Cabinet Ministers were rejected by the

shift in public sentiment.

While the parliamentary polls dented AAP's image, the assembly bypolls in four key segments offered solace, with the winning three in November. Earlier in July, it won the Jalandhar West seat, showcasing resilience. The ruling party also claimed victories in the civic body polls in rural and urban areas.

However, BJP's dismal performance across elections high-lighted its inability to make significant inroads in Punjab. BJP, contesting without an alliance for the first time since 1996, failed to win any seats in managed, but managed to increase its vote share — from 6.60 percent in 2022 state assembly polls to 18.20 percent in 2024 Lok Sabha polls — surpassing its former ally, SAD, which was relegated to the fringes with just one seat and a diminishing vote share of 13.55 percent — party's lowest in the recallable past.

Farmers' Protest 2.0 and Dallewal's Fast Unto Death

The farmers' protest, which had initially gripped the nation in 2020-2021, continued to influence the political climate in Punjab throughout 2024. The Delhi Chalo Andolan 2.0, led by a section of farmers' organizations with 13 key demands, started in February, with the farmers forced to camp at Punjab-Haryana borders since then.

Demanding a legal guarantee on minimum support price (MSP), farmer leader Jagjit Singh Dallewal stayed in headlines for his fast unto death, that entered 37th day on Tuesday. Dallewal's strike became a focal point for renewed farmer activism, drawing attention not just to issues of agrarian distress but also Centre's apathetic attitude. As Dallewal refused to accept Punjab Government's repeated pleas to accept medical treatment, the Supreme

'Tankhaiya' Sukhbir, and **Assassination Attempt**

In a year already filled with political turbulence, the assassination attempt on SAD leader Sukhbir Singh Badal added another layer of complexity to the state's already unstable political environment. The incident occurred in the midst of growing tensions within the SAD, as various factions challenged Sukhbir's leadership. These tensions were driven by allegations of inaction in sacrilege cases, pardon to Sirsa-based Dera Sacha Sauda sect head Ram Rahim Singh, among other issues, along with the party's declining influence since its poor performance in 2017 Punjab elec-

Sukhbir faced intense criticism from within his own ranks. The conflict within the

reached a

boiling point, with several prominent leaders within the SAD calling for his removal, and even parted ways with the party. It was on the complaint of this faction that led the Akal Takht to declare Sukhbir as "tankhaiya". The internal discord further weakened SAD's position in Punjab politics, which had already been in decline since the 2017 and 2022 elections.

BJP's Struggles in Punjab

Another key story in Punjab in 2024 was the BJP's continuing failure to gain a meaningful foothold in the state's politics. Despite efforts to expand its base in Punjab, particularly by seeking alliances with local parties, the BJP remained largely sidelined in the state's political discourse. Due to the party's national leadership and stand against the farmers, the saffron party had been viewed negatively by many Punjabis due to farm laws and other contentious policies which made it difficult for the party to establish a presence in the state.

BJP's dismal performance in the Lok Sabha elections, where it failed to secure even a single seat in Punjab, was a clear indication of its inability to connect with the voters. The defeat came despite big names, including Congress' MP Ravneet Singh Bittu, joining the saffron brigade. The disconnection was particularly evident in rural areas, where the BJP's association with the controversial farm laws made it difficult to gain trust.

The year also saw the reported resignation of its state unit president Sunil Jakhar, that too when the party was facing electoral challenges in terms of bypolls and civic body polls - both in rural and urban areas. Apparently dejected by the BJP's stand on farmers' issues, Jakhar's move was indicative

YEAR-ENDER of the party's internal turmoil and the growing frustration among some of its senior leaders.

Year of Political Shifts

2024 was also a year of defections which saw a spate of elections this year, starting with the Lok Sabha elections in June and ending with the civic polls in December. Three-time Congress MP Ravneet Singh Bittu, who had represented Ludhiana in the Lok Sabha twice, delivered a major blow to his party when he joined the BJP in March. Other key figures — Congress Dr Raj Kumar Chabbewal, Gurpreet Singh, and SAD's Pawan Kumar Tinu shifted to AAP; while former Congress MLA-turned-AAP MP Sushil Kumar Rinku made a surprising crossover to BJP despite being a party nominee. Social activist and Patiala's former MP Dharamvir Gandhi,

leader Perneet Kaur in 2014, joined the Congress. SAD's MLA Dr Sukhvinder Kumar Sukhi also joined AAP.

AAP Govt at Loggerheads with Centre over Funds

In 2024, the AAP government in Punjab faced significant financial hurdles, largely due to its ongoing conflict with the Centre over funding. The Central Government withheld over Rs 8,000 crore intended for vital sectors, including the National Health Mission (NHM), Rural Development Fund (RDF), and Mandi Development Fund (MDF). This delay in funds led to shortfalls in the state treasury, prompting Punjab to borrow additional funds to sustain services. One major point of contention was the rebranding of Ayushman Bharat Health and Wellness Centres to Aam Aadmi Clinics, which the Centre claimed violated NHM guidelines. In a bid to resolve the issue, Punjab agreed to cobrand 400 of the state's 870 Aam Aadmi Clinics, removing CM Bhagwant Mann's images and aligning with Ayushman Bharat's logo and design. This compromise was expected to unlock the much-needed NHM funds.

Kangana Ranaut Slapping Incident

In a bizarre and controversial incident, Bollywood actress Kangana Ranaut, also a BJP MP from Mandi (Himachal Pradesh), was slapped at Chandigarh international airport by a CISF female staff, sparking a media frenzy and public outcry. The incident involved Kangana's controversial remarks against farmers during the 2020-21 agitation, which provoked strong reactions from certain groups in Punjab.

Punjab gets New Governor, Purohit's departure

Punjab also saw the appointment of Gulab Chand

as a potential turning point in AAP Government's relationship with state's gubernatorial head, especially considering the love and hate relationship Chief Minister Bhagwant Mann shared with Kataria's predecessor Banwarilal Purohit. The new Governor was seen as someone with the potential to play a decisive role in addressing the state's political challenges, though their true impact on the ground remains to be seen.

Kale Pani Da Morcha Environmental activists have taken the lead in the rejuvenation of the Buddha Dariya, even as the Rs 650 crore project for its restoration continues. Despite this, the river's condition remained largely unchanged. The Buddha Dariya, which stretches from Punjab's Malwa region to Rajasthan, has been a major cause of diseases among locals due to its contamination. To address this issue, environmental enthusiasts, under the

Punjab's loss: Dr Manmohan Singh, Dr Patar The state suffered pro-

found losses in 2024 with the passing of two of its most iconic figures. On December 26, former Prime Minister Dr Manmohan Singh, a towering presence in India's political landscape, passed away in Delhi after a prolonged illness. A proud son of Punjab, he made history as the first Sikh Prime Minister, leaving an indelible mark on the nation's economic and political transformation.

Earlier in the year, in May, the state mourned the death of celebrated poet and Padma Shri awardee Dr Surjit Patar. His unparalleled contributions to Punjabi literature and culture resonated deeply, and his legacy continues to inspire.

In his condolence message, the Chief Minister expressed condolences to the bereaved family and prayed for the peace of the departed soul.

BITING COLD IN HARYANA, PUNJAB

Chandigarh: Narnaul in Haryana was the coldest place in Haryana on Tuesday as biting cold weather conditions continued to prevail at many places in the state and neighbouring Punjab. Chandigarh, the common capital of the two states, registered a minimum temperature of 9.4 degrees Celsius. According to the Meteorological office here, Narnaul's minimum settled two notches below normal at 4.5 degrees Celsius. Among other places in Haryana, Hisar also experienced a cold night at 6.8 degrees. Bhiwani and Sirsa, too, braved the chill recording respective minimum temperatures of 6.7 and 7.4 degrees. Ambala recorded a low of 9.1 degrees. In Punjab, Bathinda was the coldest place in the state recording a minimum temperature of 5 degrees Celsius. Sangrur also experienced a cold night at 5.3 degrees while Faridkot recorded a low of 6 degrees Celsius. Ludhiana, Patiala and Amritsar recorded respective minimum temperatures of 7.4, 8.9 and 9 degrees Celsius.

PEOPLE OF HARYANA ARE BEING LOOTED IN THE NAME OF TOLL TAX, ALLEGES HOODA

Chandigarh: Former Chief Minister Bhupinder Singh Hooda on Tuesday said that the people of Haryana are being looted in the name of toll tax as he pointed out that in many cases, toll tax continues even after companies have recovered many times more than the investment made. Giving the example of Ghaggar toll plaza, Hooda said the cost of road construction is Rs 2747 crore and the collection is Rs 4489 crore, yet the toll is not being closed. Thousands of crores of rupees are being looted from the people of Haryana in the name of toll in this way, he alleged. Senior Congress leader said the latest information revealed through RTI has made it clear that in collusion with the BJP government, companies are making profits many times more than the cost in the name of toll tax. Hooda said a total of 57 toll plazas in Haryana are engaged in collection today. The time period of tax collection of Ghaggar and Gharaunda toll has ended. The companies have earned much more profit from here than the cost. Despite this, the collection of crores of rupees from the general public continues, he added

REVENUE MINISTER VIPUL GOEL SUSPENDS TWO NAIB TEHSILDARS

Chandigarh: While taking stern action against two officials of Revenue Department for negligence in their duties, Haryana Revenue Minister Vipul Goel on Tuesday suspended two Naib Tehsildars with immediate effect. The suspended officials include Amit Kumar Yadav, Naib Tehsildar of Kadipur in Gurugram district, and Raghubir Singh, Naib Tehsildar of Satnali in Mahendergarh district. Goel said that directions have been given to all Tehsildars and Naib Tehsildars across the state to prioritize their work to ensure that the public does not face any inconvenience. He emphasized that strict action would be taken against

those found negligent in their duties. ADMISSION TO CLASSES VI AND IX AT SAINIK SCHOOL KUNJPURA BY JAN 13

ONE-YEAR TARGET SET FOR THE MUKT HARYANA: HEALTH MINISTER ARTI RAO

Chandigarh: Haryana Health Minister Arti Singh Rao on Tuesday said that the campaign to eliminate TB from the state will run till March 25, 2025, and the target has been set to eliminate TB in one year by December 2025. The Minister called upon the people to cooperate in the TB Eradication Campaign. Rao said that the 100-day TB Mukt Campaign has been launched at the state level from December 7, 2024. She said that the present state government has set a target to eliminate TB from the state by December 2025. The Minister informed that during this campaign, the team of the Health Department is identifying TB patients by going to every city and village in every district. In this, the patients diagnosed with TB are being provided tests and medicines free of cost under the government scheme. The Health Minister said that the Department is making dedicated efforts to realize Chief Minister Nayab Singh Saini's vision of TB-Mukt Haryana. She said that the medical officers of the state should not consider this campaign as just a duty but should work with full commitment.

PUNJAB GUV EXTENDS NEW YEAR GREETINGS

Chandigarh: The Governor of Punjab and Administrator, UT Chandigarh Gulab Chand Kataria on Tuesday extended his warm greetings to the people of Punjab and Chandigarh on the eve of the New Year . He urged everyone to welcome the coming year with renewed hope, determination, and a shared commitment to progress and prosperity. In his message, the Governor outlined his aspirations for 2025, emphasizing the need to make Puniab a "Nasha Mukt" state through collective efforts to eradicate substance abuse. He also underlined the importance of quality education, expressing his vision to achieve NAAC accreditation for all colleges in Punjab, ensuring a brighter future for

Punjab Police's 'Special Offers' for Lawbreakers This New Year: "Free Entry" at Police Station

As the countdown to mid-night begins and partygoers prepare to usher in 2025, the Punjab Police have rolled out an innovative and cheeky social media campaign to ensure the celebrations stay safe — and free of unwanted surprises. With a message that's as bold as it is clever, Punjab Police is sending a clear warning: "If you're drinking and driving, fighting on streets, or breaking the law and offers for you." These "offers" include "free entry" at the City Police Station and "special treatment for lawbreakers". It's an invitation no one wants unless you're in the mood for a police station visit instead of ringing in the New Year with

your loved ones. This clever campaign, shared across the social media platform X on Monday, also includes a direct call to action: "If anyone tries to ruin your New Year night, you can invite us by dialing 112." The Punjab Police isn't mincing words. They've traded the usual stern warnings for witty, engaging posts that have not only caught the attention of local revelers but also industrialist Anand Mahindra, who praised the campaign's creativity. "Police forces around the country are amongst the savviest & coolest users of social media. Happy New Year to you too, @PunjabPoliceInd!" he posted on X, sharing Punjab Police's post.

But the creativity doesn't end there. In another post, Punjab Police uses humour to give partygoers an ultimatum: You choose: In the Bar or Behind the Bars." It's a playful nudge to remind everyone that a good night out shouldn't One post even references

opular films, offering a lighthearted warning: "New Year's Eve pe Masti mein rehne ka. Lekin Zara Hatke Zara Bachke agar Animal ban kar Bawaal ya Non Stop Dhamal machaya to kahin aisa na ho ki 2025 ka pehla din apni Grand Indian Family ki bajaye Punjab Police ke saath manana pade." (Enjoy yourself on New Year's Eve, but if you turn into an animal and create chaos, you might end up spending the first day of 2025 with Punjab Police instead of your family).

The beauty of this campaign is its ability to balance humour

and seriousness. The message is clear: have fun, but not at the expense of public safety. The Punjab Police are showing that law enforcement doesn't always need to be a solemn affair. By using pop culture references, snappy slogans, and bold visuals, they're reminding everyone that the best way to ring in the New Year is responsibly while leaving the lawbreaking for the films.

A senior officer from the Punjab Police explained the to reach out to the public in a way that feels more like a friendly reminder than a warning. The message is simple: enjoy responsibly, but if things go awry, we're just a call away.

These witty posts are a reminder to partygoers: Punjab Police are on the lookout, and they've got some "special offers" for anyone who chooses to misbehave. The campaign serves not only as a warning but as an invitation to party smart, ensuring the New Year begins with good times, not bad decisions. After all, who really wants to start 2025 with a visit to the police station?

Hry Agri Minister releases Rs 90 crore as drought relief bonus

PNS CHANDIGARH

Haryana Agriculture and Farmers' Welfare Minister Shyam Singh Rana on Tuesday released Rs 90 Crore as bonus for drought relief for State's paddy farmers. After releasing the bonus online from his office, he held a pre-budget discussion with officers of agriculture, horticulture, and other allied departments. The Agriculture Minister directed the officers to make comprehensive plans for the upcoming budget and emphasized drafting plans focused on the holistic welfare of farmers. He directed them to prioritize the procurement of all 24 crops at the Minimum Support Price (MSP) fixed by the central

government. Under immediate relief measures, an amount of Rs 2,000 per acre has been disbursed to farmers as part of the drought relief scheme announced by Chief Minister Nayab Singh Saini, amounting to Rs. 90 crore. This initiative aims to support paddy farmers

During the meeting, the Minister reviewed the imple-

sent the status report of departmental commitments and ensure timely implementation of announced schemes. Direct subsidy transfers for agricultural equipment should be expedited to enable farmers to purchase machinery from the open market, he said. Officers of the Haryana

State Agricultural Marketing Board were directed to enhance facilities for farmers and labourers in agricultural markets. The Minister urged them to promote the National Agriculture Market (e-NAM) to modernize the marketing system, enabling farmers to sell their produce online across India.

Himachal Pradesh State Electricity Board Limited

Shimla: Himachal Pradesh State Electricity Board Limited is continuously making efforts to improve its financial health through its various initiatives. In one such efforts, the Himachal Pradesh State Electricity Board Limited has decided that the financial condition of the electricity board can be further strengthened by setting up of grid -connected solar PV plants, both ground mounted and roof top on HPSEBL owned land and non

-residential buildings on vacant sites under the HPSEBL. A proposal to this effect was approved in the meeting of the Whole Time Directors of the Electricity Board held here today at board headquarter vidyut Bhawan Shimla under the chairmanship of Shri. Sandeep Kumar Managing Director of the HPSEB Ltd. According to this proposal, the HPSEB Ltd. will earn money by producing ground mounted and roof top solar energy on the vacant lands under its various electricity circles and divisional offices under RESCO model. Under the RESCO model, HPSEB Ltd will not spend cost for the installation, maintenance and financial management of the solar plants and will get power on cheaper rates in exchange of its vacant land. To get 19 MW of the first phase, sites have been selected in the vacant lands under the HPSEB ltd 's offices of Generation and ES wing located in Kullu, Kangra, Mandi, Sirmaur, Solan and Hamirpur Districts. The Board of Directors has also approved the bidding process for the purpose ,so that this production capacity can be achieved as soon as possible.

A wish list for 2025

As we reflect on the year that has passed and welcome the new one, let us resolve to make this a year of progress and unity

s we welcome year 2025, the world stands at the cusp of opportunities and challenges. The new year offers a chance to reflect, reset, and reimagine the future. Amidst the advancements and setbacks of recent years, 2025 should be a time for hope, action and collaboration. Here is a wish list for a better world and an earnest appeal to global and Indian leaders to strive for transformative change. The urgency of addressing climate change cannot be overstated. We hope for concrete actions to reduce carbon emissions, promote renewable energy, and protect biodiversity. Let 2025 be the year when words transform into impactful deeds. The pandemic underscored the disparities in healthcare access. A global commitment to equitable healthcare systems, and increased investments in public health are essential. Bridging the digital divide, improving infrastructure and making quality education accessible to marginalised communities should be a universal priority. As Al and other technologies advance, their applica-

tion should focus on solving pressing global issues from poverty to climate resilience—rather than exacerbating inequalities.

The crises we face are interconnected and so must be our solutions. A concerted effort is required under the UN to bring an end to wars raging in Ukraine and West Asia. The untold misery of Gaza people must end. All involved must work to deescalate tensions and bring about a lasting peace in the region which has seen enough misery and human tragedy. Policies should reflect empathy and foresight, ensuring that no one is left behind. India, with its diversity and potential, holds a unique position in shaping the global future. As we

step into 2025, Indian leaders must focus on rural development, job creation and support for small businesses to bridge economic disparities. They should invest in vocational training and innovation to prepare the youth for a competitive global market. Ambitious climate targets must be implemented, alongside enhanced urban planning for sustainable cities and promotion of water and energy conservation. Transparency, accountability and citizen participation must remain central to policy-making, fostering trust and unity. The fringe elements must be brought to mainstream and efforts must be stepped up in places like Manipur to bring about a lasting peace. The government and the citizens alike must work to have a country which is as per the wishes of our Constitution makers—a country which ensures dignity, liberty and freedom for all and no section of society is alienated. The people on the fringe—tribals and dalits need to be given their due and efforts must be made in that direction. The minorities must not feel alienated and targeted. They deserve their due respect and dignity. All religious issues must be settled amicable as per the law. The democratic institutions must be strengthened and parliamentary democracy must work for the people in the right earnest.

Wishing all our readers a very happy new year!

A turning point in Taliban politics

The assassination of Maulvi Khalil-ur-Rahman Haqqani, a key leader in the Haggani network, has sent shockwaves across Afghanistan and the region

he assassination of Maulvi Khalil-ur-Rahman Haqqani, the Taliban's Minister for Refugees and a senior figure in the Haqqani network, has exposed significant fractures within the Taliban leadership and deepened the complexities of regional geopolitics. Claimed by the Islamic State-Khorasan Province (ISKP), the attack not only highlights the Taliban's internal divisions but also reshapes the broader strategic landscape, especially for India. On December 11, 2024, Khalil Haqqani was killed in a highprofile suicide bombing in Kabul. This incident underscored the Taliban's failure to ensure internal security and revealed growing tensions between its Kandahar faction, led by Mullah Haibatullah Akhundzada, and the Haqqani network, headed by Sirajuddin Haqqani. These tensions have been fueled by the Haqqanis' perception of neglect or even sabotage by the Kandahar faction. In response to this crisis, Sirajuddin Haqqani convened an emergency meeting in Gardez with key network leaders to address security breaches and the escalating threat posed by ISKP. This development points to potential fragmentation within the Taliban, which carries significant implications for regional stability and India's security.
A fragmented Taliban could

destabilize Afghanistan, creating fertile ground for extremist groups like ISKP. This faction's hostility toward both the Taliban and regional actors, including India, raises the specter of increased attacks targeting Indian interests. The resultant instability might also spill over into Pakistan, indirectly affecting India's border security, particularly in Jammu and Kashmir.

Another concern lies in the potential strengthening of the Pakistan-Taliban nexus. alliance could align with Pakistan's historical ties to the Haqqani network could enable it to leverage this faction against Indian activities in Afghanistan, including infrastructure and

development projects. Such a scenario could escalate cross-border terrorism, particularly in Jammu and Kashmir, and erode India's strategic influence in Afghanistan. Indian investments in key infrastructure projects like the Zaranj-Delaram Highway and the Chabahar Port route may face heightened risks amidst this instability.

India also faces an increased terror threat as ISKP may collaborate with groups like Lashkar-e-Taiba (LeT) and Jaish-e-Mohammed (JeM), which are active in Pakistan. Such alliances could intensify attacks on Indian targets, while prolonged conflict in Afghanistan might radicalize vulnerable populations across the region, including within India.

Regionally, these developments complicate India's diplomatic landscape. Iran, for instance, might shift its focus to countering Afghan instability, potentially undermining its collaboration with India on projects like Chabahar Port. Similarly, a stronger Pakistan-Haqqani Chinas ambitions under the Belt and Road Initiative, further sidelining India in the region.

of the Haqqani network provides it with a lever to influence Afghan politics but risks alienating the Kandahar faction and exacerbating internal Taliban conflicts. ISKP's growing power, meanwhile, poses a direct challenge to South Asian security, threatening to destabilize the region and affect India's geopolitical interests. For India, the assassination of Khalil Haqqani signifies a critical moment to recalibrate its approach. India must bolster its intel-

ligence capabilities and bor-

der security, particularly in sensitive areas like Jammu and Kashmir. Strengthening partnerships with Iran, Central Asia, and Russia could counterbalance Pakistan's influence in Afghanistan. Coordinating with international allies to combat ISKP and other extremist groups will also be vital. Furthermore, India must protect its investments in Afghanistan through global partnerships and maintain diplomatic efforts via multilateral platforms such as the Shanghai Cooperation Organisation and the United

for regional destabilization. For India, this evolving scenario demands vigilance, proactive diplomacy, and strengthened security measures to safeguard its interests amid shifting geopoliti-

cal realities. For India, the implications are profound, ranging from the potential rise of terrorism to a weakening of its strategic foothold in Afghanistan. The escalating instability could embolden extremist groups like ISKP, Lashkar-e-Taiba, and Jaish-e-Mohammed, increasing the risk of attacks targeting India. To address these challenges, India must adopt a

multi-pronged strategy. Enhancing intelligence capabilities, securing its borders, and deepening ties with Iran, Central Asia, and Russia are crucial steps. Engaging multilateral platforms to combat the ISKP threat and protect investments is equally vital. The situation demands vigilance and proactive measures to safeguard India's interests in an increasingly volatile region, ensuring its strategic and security objectives remain intact amidst

New year resolutions: Small steps, lasting change

A meaningful new year vow isn't about dramatic reinvention; it is about mindful reflection, small adjustments and cultivating habits that truly last

n every new year eve a lot of people take a vow to make a new beginning. Families come together, friends exchange greetings, and bold resolutions quietly take shape. "I'll wake up at 5 a.m.," someone might vow, or "This year, I'll get back in shape." However, by February, alarms are snoozed, fitness goals abandoned, and life returns to its familiar rhythm.

Why do resolutions often fail? They are usually ambitious yet unrealistic, conceived more in the excitement of the moment than with a long-term perspective. A meaningful New Year doesn't demand grand reinvention; it thrives on small, deliberate adjustments-holding on to what works, letting go of what doesn't, and fostering habits that last.

The New Year feels unique due to the "fresh start effect," a concept psychologists use to describe how temporal milestones—such as January 1, birthdays, or even a new week—create a mental reset. These milestones give the illusion of starting afresh, prompting us to buy planners or sign up for gym memberships. But enthusiasm alone doesn't guarantee success.

Without reflection and structure, even the most wellintentioned plans falter.Reflection is the starting point-not the kind that dwells on failures but one that evaluates life with curiosity. What brought joy or progress last year? Perhaps it was reconnecting with family, starting an evening walk routine, or improving time man-

What left you feeling drained? Overcommitting to work, excessive screen time, or trying to please everyone might top the list. Psychologists recommend "self-distanced reflection," where you analyse your life as if observing someone else's. Why did this person abandon their plans? Why did they agree to activities they didn't enjoy? This detached perspective helps pinpoint habits to retain and those to discard. Even with clarity, life is seldom linear. Setbacks are inevitable, but resilience—the ability to adapt and recover—makes all the difference. Resilience isn't innate; it can be nurtured through practices like gratitude, mindfulness, and reframing challenges.

Gratitude shifts focus to what's working. Recognizing small positives rewires the brain to spot opportunities over obstacles. Mindfulness, on the other hand, anchors the mind in the presentwhether during a heartfelt conversation or a quiet morn-

These practices reduce stress enhance focus. Reframing failure is equally crucial. Unmet resolutions aren't defeats; they're feedback. Adjusting goals is far more effective than abandoning them altogether. Strong relationships are another cornerstone of hap-

This insight resonates deeply in India, where family bonds and social networks are integral. However, maintaining these connections in today's fast-paced world requires conscious effort. Being present is challenging in a world of constant notifications, endless emails, and overflowing to-do lists. Yet studies show that mind-wandering—even toward pleasant thoughtscorrelates with reduced happiness. The richest moments are those we fully engage in, whether during a family meal, a morning walk, or a simple act of kindness. Adaptability is another essential skill. Life rarely unfolds as planned, and the ability to pivot determines how well we navigate change. After reflection and building resilience, action must follow. Instead of sweeping declarations like "I'll meditate for an hour daily" focus on creating systems. Systems grounded in routine, rather than fleeting motivation, are more sustainable. The New Year isn't magical. It's a psychological cue to pause and reassess, but its real value lies in how you use it. Progress, not perfection, is the key to a fulfilling year. AUSTRALIA DEFEATS INDIA

Madam —India's hopes for the World Test Championship final took a major hit with a big loss to Australia in the Boxing Day Test at Melbourne, when Australia beat India by 184 runs in the fourth Test of the Border-Gavaskar series to take a 2-1 lead in the 5-match series. The match played at the Melbourne Cricket Ground saw Australia take seven wickets after tea on day five to secure a famous win. Despite a valiant effort from Yashasvi Jaiswal, İndia's batting collapse on the final day sealed their defeat. Meanwhile, Australia has bettered their chances to face South Africa in the WTC Final at Lord's next year with the win. The Proteas have booked their spot in the WTC final after a thrilling two-wicket win over Pakistan on Sunday. Interestingly, the Australian last wicket fought hard for adding more than 60 runs, whereas after the final day tea break India's last seven wickets tumbled for just 34 runs in 20.3

Wicket had no devils. This fragile nature of the Indian team is very discouraging. Fighting till the last ball - spirit is missing. And we are now blaming the third umpire for Jaiswal's out to malign the Aussies victory and India's shocking performance. But the true cricket lovers are completely agreeing with the Indian skipper Rohit Sharma about Jaiswal's controversial dismissal at the post-match press conference: 'Look, I really don't know what to make of that because the technology didn't show anything. With the naked eye, it seemed that he did touch something. I don't know how the umpires want to use the technology, but in all fairness, he did touch the ball. Now it is the time to assess Team India's performance. Actually, Rohit Sharma, Virat Kohli and Ravindra Jadeja passed their prime sometime ago but they won't gracefully retire like Ashwin. Please drop them out to build a future team. We only do hero worshipping- only to be disappointed by our so-called heroes. Indian fans and media need to immediately stop making celebri-

STOP POLITICAL BLAME GAME

Madam— It is indeed a matter of concern to one and all that rape being predominantly a social issue is playing in the hands of political parties to settle political scores over the other parties. The recent incident in Anna University abjectly exposes again the lapses in handling such a serious issue by the government, university authority, the police department and also the political parties. As a matter of fact, for most of the political parties addressing rape and prevalence of drugs, especially in the educational institutions, it is not in their active agenda. BJP sits muted on the shabby happenings in Manipur but cries foul over such incidents taking place in the states ruled by other parties.

Manipur has even seen women being paraded nude in public. Such incidents must have taken place during the tenure of the other parties also, who are now out with fierce protest programmes. Every criminal claims support of some political party or the other to escape punishments. The existing system of dealing with such

shabby incidents needs reconsideration to

make them more foolproof. More than deterrent acts combined efforts of all institutions and socially conscious individuals, irrespective of political lenience should make sustained efforts to tide over this

JIMMY CARTER PASSES AWAY

Madam —The 39th president of the United States has died at age 100. Jimmy Carter was a peanut farmer and US Navy lieutenant before going into politics, eventually serving one term as governor of Georgia and as president of the United States from 1977 to 1981. He was the only former US president to reach 100 years old. He championed the human rights at the centre of US foreign policy, Carter forged a still-standing peace treaty between Egypt and Israel. EMPOWERING ADOLESCENTS WITH SPIRITUAL GUIDANCE

Spirituality can help adolescents face life's challenges with resilience

RAJYOGI BRAHMA KUMAR NIKUNJ JI

e all know that as per the laws of nature, we live our lives through various stages such as infancy, childhood, adolescence, adulthood, and old age. Of these life stages, the most adventurous and interesting stage is adolescence which represents an inner emotional upheaval, a struggle between the eternal human wish to cling to the past and the equally powerful wish to get on with the future. It's indeed a very critical phase in the life of every human being because, in this phase, there is intense growth not only physically but also morally, cognitively, emotionally and intellectually.

Hence, in this stage of life, parents elders or peers must provide adolescents with proper guidance, and support and create an environment to facilitate their holistic development. The primary goal of every adolescent is to achieve complete independence, for which they often seek a lot of space and freedom. They start to think more rationally and abstractly as they form their moral code. In the process, they may often become assertive, rebellious, non-conformist, sell-opinionated and aloof. Therefore, they need to be guided and supported with great sensitivity

To attain a well-integrated maturity, a series of factors need to be addressed for adolescents, like they need to acquire self-certainty, be ready to try out new roles, strive for achievement, acquire a self-identity, balance their rights with responsibilities and identify personal goals and ideals. One should understand that while dealing with the problems of adolescents, one should try and step into the young person's world and treat them with discerning respect rather than suspicion. It always helps when we share their joys and sorrows and genuinely address their questions whilst engaging them in moral and spiritual discipline.

It is so unfortunate that in the formative stage of adolescence when children need a strong sense of direction & guidance, there is no source for them to get it. The family is no longer the strong institution it used to be. Hence, under this scenario, adolescents try to find support from other means such as their peer group, TV, internet, books etc.

Tempted by the glamour and gloss that is promoted by the media, there is a constant conflict that adolescents go through to measure up to their peer group's values and to cope with the ideals and the reality of life. Unfortunately, in the absence of proper guidance, it is natural that many adolescents are pulled into crime, abuse and drug addiction. While family, educational institutions and social groups do have a major role to play in guiding and supporting adolescents, spirituality lends a deeper and stronger basis for forming a clear identity and value system upon which the edifice of a strong character can be raised.

Since spirituality touches on the core goodness of every human being, it is the most potent tool for guiding all sections of society. The process of empowering adolescents begins with the practice of treating them with respect and facilitating their growth in such a way that they can realise their hidden potential. So, instead of looking at them as helpless or ignorant beings who need to be chastised and controlled, spiritual treatment calls for accepting them as potential carriers of higher wisdom, pure values, fresh ideas and skills that need to be channelised in the proper direction. Such a growth process is driven by their inner self, gently guided by wisdom and love rather than a forced development compelled by insecurity, fear and false expectations. Remember! If adolescents are motivated to explore spirituality at their age they will be equipped with excellent powers to cope with any life situation and excel in their chosen roles, thereby living a quality life.

Capitalising on 'China Plus One': Will India step up?

UTTAM GUPTA

As global trade dynamics shift under Donald Trump's policies, India stands to gain from the move by multinational companies to diversify supply chains beyond China

eleasing a report the 'Trade Watch', on December 25, 2024, NITI Aayog CEO BVR Subrahmanyam has suggested that trade policies under US President-elect Donald Trump could result in a potential economic boom for India, driven by significant trade diversion in global trade. He said 'Whatever Trump has announced so far, which is likely to come up... there are opportunities. We are the man at first slip. The ball is coming in our direction. Whether we hold the catch or drop it is for us to decide. There will be huge disruption, and if we prepare for it, there will be a massive boom due to trade diversion.'

This comes after Trump announced additional tariffs on imports from its biggest trading partners - 25 per cent on Canada and Mexico if they fail to check illegal immigration and drug trade. He also announced a general 10 per cent tariff by the US on all imports and a 60 per cent tariff on imports from China. Meanwhile, the US has also announced restrictions on the export of computer chip-making equipment, software, and high-bandwidth memory chips to China. Trump has also threatened to impose 100 per cent tariffs on BRICS (Brazil, Russia, India, China, and South Africa) countries if they try to undermine the US dollar. The US is the biggest importer in the world with a mammoth import valued at US\$ 3200 billion during CY 2022. During that year, its import from China alone was US\$536.3 billion which works out to 16.7 percent of total goods imports.

US goods imports from Canada and Mexico were US\$436.6 billion and US\$454.8 billion or 13.6 per cent and 14.2 per cent respectively. În sharp contrast, US goods imports from India during 2022 were US\$85.5 billion or a meagre 2.6 per cent of its total goods import. Now, if Trump executes his threat of imposing a 60 per cent additional tariff on imports from China, this will lead to an exorbitant increase in the cost of the latter's goods to American consumers thereby rendering them uncompetitive vis-à-vis similar goods coming from other exporting countries such as India. This should help India capture a big slice of the US import bas-ket currently served by China. This should be possible even if Trump imposes a 10 per cent additional tariff on all its imports including from India. As for Trump's threat to impose 100 per cent tariffs on BRICS countries (India is one of them) in the event of the latter putting into action their so-called 'de-dollarization' plan (De-dollarization is a process of moving away from the world's reliance on the U.S. dollar as the chief reserve currency), this is the-

At the 16th summit held on 22-24 October 2024 in Kazan, BRICS leaders, including Russian President Vladimir Putin and Chinese leader Xi Jinping, publicly voiced their commitment to jointly introduce an alternative payment system that wouldn't be dependent on the U.S. dollar. The feasibility of implementing this idea anytime soon is suspect. Second, the US is also hell-bent on taking measures that will undermine the capabilities of China to

OVERARCHING REASON

BEHIND INDIA 'DROPPING THE CATCH DESPITE THE MAN AT FIRST SLIP AND THE BALL COMING IN OUR DIRECTION' IS A HIGH-COST **DOMESTIC** ENVIRONMENT WHICH MAKES **OUR PRODUCTS** UNCOMPETITIVE IN THE EXPORT

AS WELL AS **DOMESTIC MARKET**

As a result, China not have much surplus to send to the US (and other countries), and India will have more space to boost its export of electronics, automobiles etc.Third, European Union (EU) countries have also imposed tariffs on Chinese EVs (electric vehicles) and solar equipment. Moreover, the multinational companies (MNCs) headquartered in the US and EU countries are shifting their factories away from China, thanks to growing geopolitical uncertainties, the ongoing trade war between the United States and China, cyber-security, and rule-of-law concerns, ris-ing labour costs in China etc. This opens up opportunities as these MNCs can relocate their production bases to India. All of this reinforces a case for 'China Plus One', a potent business strategy that involves diversifying manufacturing and sourcing away from China aimed at reducing the risk of over-reliance on China for manufacturing and

Is India ready to capitalise? None other than NITI Aayog's 'Trade Watch' report says that even as many Asian countries such as Vietnam, Thailand,

Cambodia, and Malaysia have emerged as bigger beneficiaries of the 'China Plus One' strategy - enabled by factors such as cheaper labour, simplified tax laws, lower tariffs, signing Free Trade Agreements (FTAs) – lead-

exports surged by 350 per cent between 2017 and 2023, domes-

tic value-added output fell by 18 per cent. In manufacturing, by contrast, during this period, even as domestic value-added grew at 26 per cent, it still trailed behind merchandise export growth of 44 per cent.In electronics, India's share in US imports has grown from 0.2 per cent in 2017 to 2.1 per cent in 2023, courtesy of, the government's push toward hightech exports. However, competi-tors like Vietnam, Taiwan, Malaysia, and Thailand domi- to why costs in India are high. nate, with each holding a sub-stantially higher market share in US electronics imports.

An overarching reason behind India 'dropping the catch despite the man at first slip and the ball coming in our direction' is a high-cost domestic environment (this is despite a host of incentives given under the Production Linked Incentive or PLI schemes to industries) which makes our products uncompetitive in the export as well as domestic market. It also explains why our industries demand high protective tariffs and government yields; for instance, it has on the table a proposal for a 25 per cent hike in steel import duties. It is also a major factor behind India's reluctance to join major multilateral trade agreements, such as the Regional Comprehensive Economic Partnership (RCEP)

Trans-Pacific Partnership (CPTPP) etc which help the country to better integrate into the global economy and benefit from expanded trade opportunities by facilitating access to mar-kets of their member countries duty-free or at close to zero tariffs. Micro, Small & Medium Enterprises (MSMEs) contribute nearly 40 per cent of exports. But, India not being a part of such trade alliances, they are denied an opportunity to boost exports. At the same time, they suffer due to high protective tariffs on the import of basic materials such as steel. A 25 per cent hike in import duties on steel products asked by the Ministry of Steel - will impart a deadly blow to the MSMEs.

There are four major reasons as First, businesses in basic materi als and feedstock such as copper, zinc, aluminium, oil and gas, chemicals, petrochemicals etc are natural monopolies enabling them to set high prices. Second, tax rates are pretty high particularly when it comes to petroleum products which are still taxed under the pre-GST regime. By increasing movement costs, these increase the cost of all goods across the board.

Third, power tariffs are exorbitant thanks to excessive State controls on power distribution companies. Finally, industries operate in highly interest-rate environments. India can cataput itself to the position of fully leveraging the 'China Plus One' strategy only if it effectively addresses the present high-cost

The global economy stands at a crossroads as the concept of 'de-dollarisation' gains momentum, sparking debates about the future of international trade and finance

¬he global economy is currently rife with discussions surrounding a potential 'de-dollarisation, which pertains to the anticipated transition away from the supremacy of the US dollar in international trade

Advocates argue that it could stabilise economies, reduce inflation, and ultimately relieve financial pressure on individuals. However, is this change truly the solution to the world's economic problems, or does it introduce a new set of chal-

De-dollarisation refers to the reduction of dependence on the US dollar in the realms of global trade, investments, and reserves. For many years, the dollar has held its posi-

tion as the leading reserve currency globally, influencing markets and moulding economic strategies across nations. Nevertheless, numerous countries have begun to challenge this reliance on the dollar. The drive towards de-dollariza-

tion of elements: an increasing yearning for financial independence, the unpre-dictability of US policies, and the necessity for a different system that is more resilient against sanctions and market instability. Several nations, particularly those within economic alliances like BRICS (Brazil, Russia, India, China, and South Africa), have put forth the concept of establishing a new shared currency to facilitate trade and lessen their dependence on the dollar. Undoubtedly, a significant appeal of a unified currency

lies in its potential to mitigate inflation. By minimising the volatility of exchange rates and reducing reliance on fluctuations in the dollar, it tion arises from a combina- could offer a pathway to sta-

bilise prices for traded goods through a singular global currency unit. Countries that rely on

importing oil or other essential items ought to engage in negotiations for fixed prices, free from the influence of market fluctuations driven by the volatility of the dollar rate. Inflation, frequently influenced by fluctuations in local currency, could, in principle, be mitigated within a cohesive framework. The reasoning is straightforward: when trade and pricing frameworks are synchronised with a single currency, fluctuations in the dollar will likely exert a diminished impact from external shocks. Having more stable prices for essential items would alleviate the financial strain on

families. A unified currency could simplify many aspects their of daily life for the average person. Crossing border lines may appear quite effortless, as there will be no need for currency exchange. Global enterprises will thrive in an environment where stable financial conditions enable rates, and fiscal strategies.

them to provide savings to customers. Nevertheless, the transition to a unified currency faces several challenges. A cohesive monetary system requires exceptional coordination among countries with diverse economic priorities, growth

Creating confidence and setting up governance frame-works for the currency would present a significant chal-

Critics contend that a unified currency could unfairly benefit more robust economies, putting smaller or developing countries at risk. Without the ability to modify their currency values, nations may find it challenging to address specific economic crises effectively. In the immediate term, this may unsettle global financial systems, leading to instability as markets adjust. Although the dollar's strength might not be flawless, it serves as a stabilising force in a tumultuous global economy.

The ideas of de-dollarisation and the potential rise of daring approaches to addressing enduring eco-nomic challenges. The outcome of lower inflation and an improved quality of life hinges on the ability of nations to collaborate effectively and create frameworks that prioritise fairness and stability. However, the journey towards this transformation is set to be long and complex. The discussions it has ignited suggest a more equitable economic future. Whether they evolve into genuine transformation is something only time will reveal-or if the world navigates towards fresh financial horizons is yet to be deter-

of deadly South Korean plane crash

team of US investigators Ateam of comments from Boeing have examined the site of a plane crash that killed 179 people in South Korea while authorities were conducting safety inspections on all Boeing 737-800 aircraft operated by the country's air-

All but two of the 181 people aboard the Boeing 737-800 operated by South Korean budget airline Jeju Air died in Sunday's crash. Video showed the aircraft, without its landing gear deployed, crash-landed on its belly and overshoot a runaway at South Korea's southern Muan International Airport before it slammed into concrete fence and burst into a

The plane was seen having an engine trouble, and preliminary examinations also say the pilots received a bird strike warning from the ground control centre and issued a distress signal as well. But many experts say the landing gear issue was likely the main cause of the crash. The South Korean government has launched safety inspections on all the 101 Boeing 737-800s in the country. The Transport Ministry said authorities are looking at maintenance and operation records during five days of safety checks that are to run until Friday.

The ministry said that a delegation of eight US investigators - one from the Federal Aviation Administration, three from National Transportation Safety Board and four from Boeing — made an on-site visit to the crash site on Tuesday. The results of their examination weren't immediately available.

Kim E-bae, Jeju Air's president, told reporters Tuesday that his company will add more maintenance workers and reduce flight operations by 10-15 per cent until March as part of efforts to enhance the safety of

John Hansman, an aviation expert at MIT, said the crash was most likely the result of a problem with the plane's hydraulic control systems. He said that would be consistent with the landing gear and wing flaps not being deployed "and might indicate a control issue which would explain the rush to get on the ground". The Boeing 737-800 — an ear-

lier version of 737 than the Max — is a widely used plane with a good safety record, according to Najmedin Meshkati, an engineering professor at the University of Southern California who has studied aviation safety.

He said the failure of the plane's system for broadcasting location, operating its landing gear and extending the wing flaps to slow down indicate a wide-spread problem that affected electrical and hydraulic systems. He is confident that investigators will learn what went wrong by analysing information from the flight data and cockpit voice recorders.

'These are really the two pillars for accident analysis and accident reconstruction," Meshkati said. Like other aviation experts, Meshkati also questioned the location of a solid wall just a few hundred feet (metres) past the end of the runway, given that planes occa-

South Korean officials have said they will look into whether the Muan airport's localiser a concrete fence housing a set of antennas designed to guide aircraft safely during landings should have been made with lighter materials that would break more easily upon impact.

The crash was the deadliest disaster in South Korea's aviation history in decades. A seven-day national mourning has been declared until January 4.

The Transport Ministry said Tuesday that authorities have identified 175 bodies and are conducting DNA tests to identify the remaining five. Bereaved families said that officials told them that the bodies were so badly damaged that officials need time before returning them to relatives.

On Tuesday, Park Han Shin, a representative of the families, accused the government of failing to provide freezers on time as promised and said there are worries that the bodies could decompose

US, Boeing investigators examine site Russian missiles, drones attack on Ukrainian targets

Russia launched an aerial attack on Ukraine on Tuesday, striking the capital and other regions with multiple missiles and drones.

Ukraine's air force reported a ballistic missile threat at 3:00 a.m. (0100 GMT), with at least two explosions heard in Kyiv minutes later. Another missile alert was issued at 8:00 a.m. followed by at least one explosion in the city. Missile debris fell in the Darnytskyi district of the capital with no reports of casualties or damage, the local administration said. Authorities in the northeastern

Sumy region reported strikes near the city of Shostka, where the mayor, Mykola Noha, said 12 residential buildings had been damaged as well as two educational facilities. He said some "social infrastructure objects" were destroyed, without providing detail.

The air force also reported missiles and drones targeting several other regions of Ukraine

Around half of Ukraine's energy infrastructure has been destroyed during the war, and rolling electricity blackouts are common and widespread. Kyiv's Western allies have pro-

vided air defense systems to help Ukraine protect critical infrastructure, but Russia has

Russian attacks come as uncertainty looms over the course of the nearly three-year conflict. US President-elect Donald Trump, who takes office next month, has vowed to end the war and has thrown into doubt whether vital US military support for Kyiv will continue.

On Monday, President Joe Biden announced that the United States will send an additional USD billion in weapons to Ukraine as his administration works quickly to spend all the money it has available to help Kyiv fight off Russia before Trump takes

Ukraine has struck back at Russia with a steady barrage of missile and drone attacks

throughout the year. Early Tuesday, Russia's Defence Ministry said that air defences shot down 68 Ukrainian drones over several regions early Tuesday.

Head of the Smolensk region in western Russia, Anokhin, said drone fragments fell on the territory of an oil depot, sparking a blaze. In Russia-occupied Crimea,

the Moscow-appointed head of

Russia has held the initiative this year as its military has steadily rammed through Ukrainian defences in the east in a series of slow but steady offensives

Still, in August, Ukraine launched a raid into Russia's Kursk region that caught Moscow by surprise, dealing a significant blow to the Kremlin's prestige. The Russian army has been able to reclaim some territory of the area there from Ukrainian forces but has failed to fully dislodge them.

Rupee falls 13 paise to all-time closing low of 85.65 against US dollar

The rupee depreciated 13 I paise to close at fresh record low of 85.65 (provisional) against the US dollar on Tuesday, ending the year with a sharp 3 per cent loss on significant foreign fund outflows and a strong greenback in global markets.

Forex traders said the rupee has been under continued pressure amid the Federal Reserve's cautious stance on rate cuts and the "Trump factor" driving up the dollar index (DXY) and US 10-year bond yields.

Additionally, slowing domestic macroeconomic growth, widening trade deficit and persistent foreign fund outflows have further fuelled the rupee's depreciation.

At the interbank foreign exchange, the rupee opened at

85.54 and touched the lowest level of 85.66 against the greenback during intra-day trade. The unit ended the session at 85.65 (provisional) against the dollar, registering a fall of 13 paise over its previous close.

On Monday, the rupee dropped 4 paise to 85.52 against the US dollar. The domestic unit has depre-

ciated against the greenback by almost 3 per cent from 83.16 on December 29, 2023, to 85.65 on December 31,

The local currency breached the crucial 84-level on October 10, surpassed 85-a-dollar mark on December 19 and even touched the lifetime low of 85.80 intraday on December 27, recording the steepest single-day fall in nearly two years.

Choudhary - Research Analyst at Mirae Asset Sharekhan, the rupee is expected to trade with a negative bias on elevated crude oil prices, overall strength in the US dollar and month-end dollar demand from importers.

Moreover, persistent selling pressure by foreign funds added further strain on the currency.

Foreign currency. Foreign Institutional Investors (FIIs) offloaded Rs 1,893.16 crore in the capital markets on net basis on Monday, according to exchange data.

In 2024, foreign investors significantly scaled back their investments in Indian equities, with net inflows amounting to a little over Rs 5,000 crore, as elevated domestic valuations, coupled with geopolitical uncertainties prompted investors to adopt a more cautious stance. In 2023, Rs 1.71 lakh crore net investment was made in the domestic equity market.

"However, any intervention by the RBI may support the rupee at lower levels. Volumes may remain thin due to the New Year holiday. USD/INR spot price is expected to trade in a range of 85.40 to 85.85, Anuj Choudhary - Research Analyst at Mirae Asset Sharekhan - said.

India's external debt rose to USD 711.8 billion as of September this year, up 4.3 per cent over June 2024, as per the data released by the Finance Ministry. At the end of September 2023, the external debt stood at USD 637.1 billion.

Meanwhile, the dollar index, which gauges the greenback's strength against a basket of six currencies, was trading lower

by 0.11 per cent at 108.01. Brent crude, the global oil benchmark, surged 0.57 per cent to USD 74.41 per barrel in futures trade.

On the domestic equity market front, the 30-share benchmark index Sensex closed 109.12 points, or 0.14 per cent lower, at 78,139.01 points. The Nifty settled on a flat note at 23,644.80 points. On the domestic macroeco-nomic front, India's current account deficit (CAD) moderated marginally to USD 11.2 billion or 1.2 per cent of GDP year-on-year in the July-September quarter of 2024-25, according to Reserve Bank data.

The CAD, an indicator of the country's external payment scenario, was USD 11.3 billion or 1.3 per cent of GDP during the second quarter of

Reliance spends USD 13 bn on acquisitions in five years

 $B_{\text{Ambani's}}^{\text{illionaire}}$ Mukesh Reliance Industries Ltd has spent USD 13 billion on acquisitions in the past five years across new energy, telecom, retail and media business to script a pivot away from core oil and petrochemicals business to clean energy and consumer facing verticals.
Last week, Reliance bought

oncology platform Karkinos Healthcare for Rs 375 crore, adding another stack to its diagnostic and digital healthcare ecosystem, Morgan Stanley said in a report.

"Over the past five years, RIL has announced USD 13 billion in acquisitions with 14 per cent in new energy, 48 per cent in technology, media and telecommunications (TMT), 9 per cent in retail, and increasingly more in healthcare," it said.

Of this, USD 6 billion was in acquisition of companies and assets in media and education business and USD 2.6 billion in telecom and internet ver-

ticals. It spent USD 1.7 billion on acquisitions in new energy and USD 1.14 billion in retail, according to Morgan

RIL's biggest acquisition in the last five years has been buyout of local cable TV and internet service providers Hathway Cable and Datacom Ltd for USD 981 million. It spent USD 771 million on buying Norwegian-head-quartered solar panel maker REC Solar Holdings and another USD 767 million on buying search and database firm JustDial, the report said.

Last week, it acquired a 100 per cent stake in Karkinos Healthcare, increasing its exposure to the diagnostic and healthcare ecosystem following previous investments like HAGI, Netmeds and Strand Life Science.

Karkinos provides technology driven, innovative solutions for early detection, diagnosis and management of cancer, according to Morgan Stanley It acts like a care partner dur-

ing a patient's cancer treat-Other investors in the com-

pany have included Tata Group, Rakuten, Mayo Clinic, and Hero Enterprise.

"RIL aims to leverage its technological expertise and vast distribution networks to create more integrated healthcare system-digital health platforms, telemedicine services and advanced healthcare delivery models," the broker-

Karkinos was incorporated in India on July 24, 2020 and is in the business of providing technology-driven, innova-tive solutions for the early detection, diagnosis, and management of cancer. It had a turnover of about Rs 22 crore in the 2022-23 fiscal

Karkinos has cancelled the existing outstanding 30,075 equity shares held by the erstwhile shareholders of the company. Its previous prominent investors included Ewart Investments Ltd (100 per cent subsidiary of Tata Sons), Reliance Digital Health Ltd (a subsidiary of Reliance Industries), Mayo Clinic (US), Sundar Raman (Director at Reliance Foundation Youth Sports and former COO of Indian Premier League since 2008), and Ravi Kant (ex-MD of Tata Motors).

The company is focused on providing end-to-end services relating to early detection and effective treatment of cancer at substantially lower than prevailing rates, while still generating healthy profitability. In order to meet this vision, Karkinos started partnering with hospitals to provide oncology services (testing, radiation therapy,

The company has partnered with around 60 hospitals till December 2023. It is through a subsidiary setting up a 150bed multispecialty cancer hospital at Imphal, Manipur. Going forward, its source of income was said to be via Advanced Cancer Care Diagnostics and Research (ACCDR), Distributed Cancer Care Network (DCCN), tie-ups with corporates for early diagnosis of cancer, and cancer care hos-

After rough ride in 2024, Indian startups look for a promising new year

PTI ■ NEW DELHI

The Indian startup ecosystem experienced a rollercoaster ride in 2024, characterised by a slight-yet-concerning decline in funding activity and a shift in investor lining with several startups achieving unicorn status.

Despite facing global economic challenges, India's startups showcased remarkable resilience, adeptly navigating changing market conditions, while continuing to attract investments.

According to data from Tracxn, Indian startups raised a total of USD 30.4 billion in funding throughout 2024, a 6.5 per cent decline from the USD 32.5 billion secured in 2023.

Despite this dip, the Indian startup ecosystem demonstrated resilience, with several companies achieving unicorn status this year. Noteworthy entrants to the unicorn club include Rapido, Ather, Perfios, Porter, and Money View, high-

A slight shift towards early-

stage investments was evident during the year, with seed and Series A rounds gaining traction, as investors sought to back innovative ideas with longterm potential. Businesses that could demon-

strate robust underlying unit economics found greater favour this year, Dushyant Singh, Managing Partner at Playbook Partners, noted. Gig economy, retail, and enter-

prise applications stood out as top-performing sectors, according to Traxcn. Quick commerce emerged as

a high-growth sector, with 40 active companies, including unicorns Zepto, Blinkit, and

lighting ongoing innovation Swiggy Instamart, and promis-and investment interest in the ing newcomers Dunzo, Swish, and Farmako.

In July, the government announced the abolishment of

"By eliminating this tax, the government has provided a much-needed boost to investors and entrepreneurs, enabling greater liquidity and more flexible funding options for startups. However, fewer funding rounds, high operational costs, and infrastructure challenges remain ongoing factors that need attention," said Jeenendra Bhandari, Chairman, JITO Incubation and Innovation Foundation (JIIF). There was an encouraging rise in women entrepreneurs and founders from Tier 2 and 3 towns. Ninad Karpe from 100X.VC said the entrepreneurial culture has transcended its traditional bound "The entrepreneurial culture has transcended its tra-

ditional boundaries, seeping into colleges, schools, and even Tier 2 and 3 towns. Founders from these regions are bringing fresh perspectives, solving hyperlocal problems, and creating opportunities that were previously untapped.

"There's a noticeable rise in women entrepreneurs, signalling a positive shift in inclusivity and diversity within the startup ecosystem," he said.

According to official data, India has more than 73,000 startups with at least one woman director that have been recognised under the Startup India Initiative

Despite the positive trends, challenges persist.

this year was mainly driven by increase in mid and late-stage investment, Singh seconded. Startups continue to grapple with rising operational costs, which can strain their financial sustainability. Several Indian startups have gained fame and achieved unicorn status despite not being profitable.

Many startups still face challenges related to inadequate physical infrastructure, particularly in Tier 2 and Tier 3 cities. This can hugely affect logistics, supply chain management, and overall operational efficiency.

Moreover, navigating compliance requirements can be cumbersome for new businesses. diverting resources away from innovation and growth.

79,350 per 10 grams in spot markets at present, and Rs 76,600 per 10 grams in futures trade on the Multi Commodity Exchange (MCX). The precious metal capped off

2024 on a strong note with its best performance, notching 23 per cent returns in the domestic markets. The yellow metal hit an all-time high of Rs 82,400 per 10 grams on October 30 this year. Silver mirrored this stellar performance with a 30 per cent gain, surpassing the Rs 1 lakh level per kg level

Globally, Comex gold futures started the year at around USD 2,062 per ounce and rallied to a peak of USD 2,790 per ounce on October 31, giving returns of up to 28 per cent, reinforcing their appeal amid global uncertainties

Experts believe that precious metals remain strong performers in 2025 as well, buoyed by geopolitical tensions, central bank purchases, and a pivot towards lower interest rates by major central banks.

The outlook for gold in 2025 remains positive, though the pace of growth may moderate compared to 2024, LKP Securities VP Research Analyst - Commodity and Currency,

Jateen Trivedi told PTI.

"Domestic gold prices are expected to reach Rs 85,000 as modest targets, with a best-case scenario of Rs 90,000 and silver expected to deliver bit higher gains towards Rs 1.1 lakh on modest and even hit Rs 1.25 lakh, if geopolitical tensions persist or escalate," he said. He noted that interest rate

US Dollar, bolstering gold prices. However, the US Federal

Reserve's cautious approach to rate cuts may temper the pace of price increases. Additionally, sustained gold purchases by central banks, driven by diversification strategies and concerns over currency stability will provide strong support to bullion, Trivedi added. Several factors have shaped the

demand demand and supply

dynamics of gold in 2024, including a turbulent geopolitical landscape. The ongoing Russia-Ukraine war and tensions in West Asia have spurred safe-haven demand for bullion, thus impacting its prices this year. "Gold and silver markets have

been directly impacted by a turbulent geopolitical environment. These geopolitical crises have typically caused an immediate 2-3 per cent spike in prices, reaffirming investors' preference for precious metals as a shield against uncertainty,' Trivedi said.

However, Commtrendz Research co-founder and CEO Gnanasekar Thiagarajan told PTI that gold prices are struggling to keep up the momentum as the geopolitical uncertainty and economic uncertainty premium have started fading away. "Market participants are now taking into consideration US President-elect Donald Trump's tariff era, economic policies and their potential future impact on the Fed's mandate to bring inflation down to 2 per cent. Higher inflationary expectations could undermine the appeal for bullion."Furthermore, we would not be surprised to see the Fed opt for a cut from May onwards, as it could allow for a clearer picture to be formed on the new administration's actual economic policies rather than comments made potentially to gain negotiation leverage with foreign counterparts," he stated.

The outlook is bearish for gold in the first half of 2025, with the possibility of testing USD 2,455 (MCX: 73,000-73,500), he said.

The rupee is expected to depreciate further, which could arrest the fall in local prices relative to international prices in the coming year, he added. In the domestic markets, the government's decision in July this year to cut gold import duty by 6 per cent led to a sharp 7 per

cent correction in gold prices,

equivalent to Rs 5,000 per 10 grams. The price drop spurred physical demand for gold during the festive and wedding seasons. The reduction not only made gold more affordable but also boosted increased buying, supporting robust consumption by the jewellers and consumers. 'Gold jewellery consumption grew by 17 per cent in 2024, primarily driven by volatility in gold prices, along with festive and marriage-related demand. Additionally, the sharp 900 basis points reduction in import duty announced in the Union Budget of July 2024 spurred demand for jewellery, bars, and coins," Rahul Kalantri, Vice President of Commodities at

Mehta Equities Ltd, said.

Indian Grandmaster R Vaishali wins World blitz finals qualifier

ndian Grandmaster R Vaishali surprised herself with a stellar Aperformance to enter the quarterfinals of the World Blitz Championship here, even as recently-crowned rapid champion Koneru Humpy made an early exit. Following Koneru Humpy's stellar performance in Rapid, which earned her the gold medal and a prize of USD 60,000, it was Vaishali's turn to impress her fans. She triumphed in the women's section, scoring 9.5 points out of a possible 11 with three draws.

"I'm very happy with today's performance. Tomorrow will be a big day. Honestly, it (performance) was completely unexpected. I was not expecting the result like how it went today. Tomorrow, I have to be ready and prepare well and then see," she said

Russian Kateryna Lagno came closest to Vaishali, scoring 8.5 points, while the remaining six qualifiers finished with an identical eight points. Despite meeting the points criteria, Humpy was

eliminated due to the worst tiebreaker, finishing ninth.

Former US Open Champion Emma Raducanu | Gauff, Fritz qualify the US for the United withdraws from Auckland tennis classic

AP AUCKLAND

 $F_{\rm champion}^{\rm ormer}$ Emma Raducanu has withdrawn from the Auckland tennis classic, saying a back injury she has been nursing in recent weeks had not improved as

much as she hoped.
The 22-year-old British player was seeded sixth for the tournament and was due to play her opening match of the new season on Tuesday against Robin Montgomery of the United States.

"I've tried my best to be ready. I love Auckland and the fans here. But unfortunately I've picked up a back niggle and I won't be ready in time," Raducanu said.

Second-seeded Elise Mertens of Belgium also withdrew on Tuesday from the tournament which is a tune-up for the Australian Open beginning

Jan. 12 in Melbourne. "I am sorry not to play my

singles due to an injury," Mertens said. "I wish the tournament all the best and hope to be back next year." In a pre-tournament news on Monday Raducanu expressed optimism for the new season.

She finished her 2024 season on a high, winning all three of her singles for Britain at the Billy Jean King Cup.

'So that's like a good stepping stone after three surgeries the year before," Raducanu said. 'And I think this year I'm just ready to push on and build on and I've really kind of taken measures and steps to do that with my team and how I'm operating and how I'm feeling about things. So, I'm looking forward to this year."

"I haven't been seeded in a while," Raducanu said. "It doesn't really make a difference though. I feel like everyone and the depth of the women's game right now is so strong that literally anyone can win any tournament.

Cup mixed teams tennis quarterfinals

The top-seeded pair of Coco Gauff and U.S. Open finalist Taylor Fritz of the United States are into the United Cup mixed teams tennis quarterfinals.

Fritz beat Borna Coric 6-3, 6-2 Tuesday as the American team needed to win only one match to top Group A. For good measure, Gauff beat Donna Vekic 6-4, 6-2 in the later women's singles. The world No. 3 lost to Vekic

at the Paris Olympics but Bencic was no match for Gauff on Tuesday.

"Really happy with how I played today," Gauff said. She's a great player. The Olympics loss hurt so I definitely was thinking about it just as motivation to do better and I'm happy to send my team through. The U.S. Beat Canada in its

opening match. The Perth quarterfinals were

set for Wednesday, with the U.S. Taking on China, which qualified as the best runnerup, and group winners Kazakhstan and Germany playing each other.

In Sydney, Italy also moved quarterfinals Tuesday with a 3-0 win over France at Ken Rosewall Arena. Flavio Cobolli claimed a 6-3, 6-7 (8), 6-2 upset singles win over France's Ugo Humbert. Jasmine Paolini beat Chloe Paquet 6-0, 6-2 to give Italy its winning margin before also winning the mixed doubles.

Winners of the past two Davis Cups and runners-up two years ago to the U.S. In the inaugural edition of the season-opening mixed teams' event, Italy won Group D without world No.

The 20-year-old Argentine international saw his weak spot kick saved by the legs of Wladimiro Falcone after half an hour but he was on target in the 50th minute when he side-footed home from just outside the box.

Patrick Cutrone, who hit the bar early in the game, got a second goal with 10 minutes remaining when he seized on a rebound in the box and slotted home.

It was Como's first league win over Lecce since 1994 and lifts it into 15th place, two points and one spot above its opponent.

Verona wins 3-2 at 10-man | Mhatre becomes youngest to score 150 in List A cricket

IVIon Tuesday set a new world record for the youngest player to score 150+ in List A cricket during the Vijay Hazare Trophy match against Nagaland here, bettering compatriot Yashasvi Jaiswal's effort.

At 17 years and 168 days, Mhatre broke the previous record set by India batter Jaiswal, who was 17 years and 291 days when he achieved the feat while playing for Mumbai against against Jharkhand in

Mhatre, who made his debut for domestic giants Mumbai earlier this season, clobbered 11 sixes and 15 fours to make 181 off only 117 balls while powering his side to an imposing 403 for seven in their 50 overs.

Mhatre, who hails from the Virar suburb in Mumbai, has been a regular fixture for the domestic heavyweights across formats ever since he broke into the squad earlier this season.

He was a part of the Irani Cupwinning Mumbai side which defeated Rest of India to win the trophy after a gap of 27 years in October. On his Ranji Trophy debut, Mhatre scored a fine 71-ball 52 but Mumbai lost the season opener to Baroda in an away game.

defending With the champions looking to bounce back after the loss in the first Ranji game, Mhatre led the charge with a brilliant 176 off 232 balls, which was studded with 22 fours and four sixes against Maharashtra. Mumbai won the game by nine wickets. He had a couple of quiet outings against Tripura and

Odisha but slammed his second first-class ton - 116 off 149 balls with 12 fours and three sixes — against Services and went on to represent India in the U-19 Asia Cup. The right-handed batter

carried his form by scoring fifties (54 and 67 not out) against Japan and UAE, but fell for a single digit score in the tournament's final which India lost to Bangladesh.

Having missed Mumbai's Syed Mushtaq Ali Trophy title triumph, Mhatre returned to the premier domestic 50-overs competition with a 78 in a high-scoring contest against Karnataka.

Indian cricket has depth to fill Rohit, Virat's void: Lehmann

ndian cricket has produced a generational superstar in ■Yashasvi Jaiswal and will remain in good health even when Virat Kohli and Rohit Sharma decide to call time on their careers, feels former Australia head coach and two-time World

Cup winner Darren Lehmann.
The 54-year-old, who played 27
Tests and 117 ODIs during his decade-long career, is also captivated by Jasprit Bumrah's skills, claiming to have never seen any player have more impact in a single series. Talking about

Talking about impending retirements of Rohit and Kohli following their poor show in the ongoing series where India trail 1-2, Lehmann was empathetic and practical about the transition in Īndian cricket.

"Look whenever they decide to give it away and whatever happens in next few days they have been great players for India

over a long period of time," Lehmann, a member of 1999 and 2003 ODI World Cup-winning teams told PTI.

"Now actually we see younger players starting to step up for India and play well at next level. There is so much depth in Indian cricket I won't worry too much," Lehmann was pretty matter of

"Whenever these two guys decide to retire, there are so many talented youngsters that Indian

rcicket will be in good stead."
Having watched Jaiswal emerge as the flagbearer of Indian batting in the series, Lehmann made a bold prediction about the southpaw, who has scores of 161, 82 and 84 in this series.

"Oh, superstar. One of the best I have seen," Lehmann said quickly, before the question was finished. "He (Jaiswal) and Harry Brook are two next generation players. They are the ones that people will sit back and say they are good players. He played very well in

Melbourne and was outstanding in Perth. He has come up leaps and bounds on this tour, the beefy left-hander of yesteryears said. But Lehmann reserved his highest praise for Bumrah, equating him with all-time greats such as Wasim Akram and Glenn McGrath.

"I presume he (Bumrah) is the next captain when Rohit finishes. He did a really good job in Perth. He is the best bowler I have ever seen live.

"I have seen Wasim Akram, Glenn McGrath and all but I have not seen a bowler have impact like him in a single series like Jasprit Bumrah has since Mitchell Johnson in 2013-14 Ashes win.

"This is very similar as Bumrah already has 30 wickets. He has been outstanding to watch. He will do well when he gets a chance to lead India."

about transition, Lehmann noted that Australia's batting could be a concern, rather than the bowling, even though

Pat Cummins, Mitchell Starc, Josh Hazlewood, Scott Boland, and Michael Neser are all in their early to mid-30s.

"I am not so worried about bowling as lot of good kids are coming up. Lance Morris, Xavier Bartlett from Brisbane Heats, so there are plenty of them. Spinners are okay but it is the batting that is being tested at the moment," said

Lehmann. "There will be some changes with greats retiring but fast bowling will be good enough. How long Cummins and Starc survive time will tell, but hopefully, they will get to till next Ashes.

Lehmann has had a decent reputation as a coach but when asked if he would consider coaching the Indian national team, the answer was negative. "It would have been an honour to

work with Indian national team but I am done with international cricket. I just want the young guys to get better," Lehmann signed off.
