RAJESH KUMAR NEW DELHI

leaked report of the Comptroller and Auditor General (CAG) on the now-scrapped excise policy of the Delhi government flagged several "lapses" in the policy and claimed Rs 2,002.68 crore loss to the exchequer. This figure was put out for the first time to show the impact of the alleged liquor scam. The document of the government's auditor that has exposed the liquor scam is named, "Report of the CAG on Performance Audit on Regulation and Supply of Liquor in Delhi." The report has not been tabled in the Delhi Assembly so far. After the leak, the Bharatiya Janata Party (BJP) launched a scathing attack on the Aam Party Aadmi (AAP) government. According to a leaked report

of the CAG on Performance Audit on Regulation and

Supply of liquor in Delhi, some retailers surrendered their licenses before the policy expired, and the government did not re-tender them which led to the loss of Rs 890 crores. It said that the government made for exemptions zonal licensees, which caused a loss

of Rs 941 crores. For the purpose of retail vends, Delhi was divided into 32 zones (containing 849 vends) whose licenses were granted to 22 entities through tendering. Whereas during the old policy, 377 retail vends were run by four Government Corporations and 262 retail vends were run by the private individuals The report revealed a loss of revenue to the tune of Rs 144 crore owing to irregular grant of waiver on account of COVID-19 to zonal licenses. It also revealed that incorrect

conference the CAG report has arrived at 10 major findings about the policy, which was scrapped by the AAP government amid a row, asserting that former chief minister Arvind Kejriwal will have to answer the questions it has raised. "He will have to say who pocketed rhe money,"

Thakur said, alleging that leader Priyanka Kakkar on Kejriwal is the kingpin of the scam.

BJP president J P Nadda claimed the CAG report has exposed intentional lapses, leading to a loss of Rs 2,026 crore to the exchequer.Nadda said on X, "Intoxicated by power, high on 'AAP'DA misgovernance. model of loot in full display and that too on something like liquor." about the BJP Asked allegations, AAP Rajya Sabha MP Sanjay Singh said, "Where is the report? The BJP itself keeps saying no CAG report has been tabled." AAP

Saturday accused the BJP of fabricating false allegations against the Delhi government and dismissed the party's claims about a CAG report as "manufactured and baseless." Kakkar alleged during a press conference here that the report presented by the BJP was not authentic and had neither been seen by key stakeholders, including the chief minister and the LĞ, nor listed on the CAG's official website.

The report they are showing is fake and manufactured in their office. It holds no credibility. This is the same strategy the BJP uses repeatedly to mislead people with false allegations," Kakkar said.Referring to previous allegations levelled by the BJP, including those in the liquor policy case, Kakkar claimed even the Supreme Court had dismissed their claims as baseless.

 $O^n_{\text{the consecration of the}}$ Ram Lalla idol at the grand Ram temple, Uttar Pradesh Minister Chief Yogi Adityanath issued a stark warning about the dangers of societal divisions.

"If we remain divided by caste or other ideologies, our religious places will bear the consequences, and our sisters and daughters will suffer," he said, urging unity to preserve the sanctity of India's spiritual heritage.

The historic event saw thousands of devotees gathering in Ayodhya, which has been transformed into a vibrant spiritual epicenter for the three-day celebrations.

"Pratishtha Dwadashi calls us to unify as a nation," CM Yogi said, recalling Prime Minister Narendra Modi's message: "If there is Ram, there is a nation; if there is a nation, there is Ram." He urged citizens to uphold this principle, linking

with CM Yogi performing an 'abhishek' of the idol, followed by the chanting of Vedic hymns. He emphasized the need to strengthen Sanatan values as the foundation for unity and national integrity. 'The Ramjanmabhoomi movement reflects the unwavering resolve of our ancestors, whose sacrifices have brought us to this historic moment," CM Yogi said, highlighting the 500-year

struggle to reclaim Lord Ram's birthplace. "Today, Ayodhya feels like Treta Yuga, and in the coming years, the Ram Janmabhoomi complex will emerge as one of the world's most magnificent spiritual centers." Devotees from across the country echoed the Chief Minister's sentiments. Priva Sharma, a visitor from Delhi, said, "Being here feels like stepping into history. The energy and devotion in Ayodhya are unparalleled. It's an emotional experience to see Ram Lalla in his full glory."

the inci "According to preliminary information, the incident

occurred when the underconstruction shuttering of the roof collapsed," said District Magistrate (DM) Shubhrant Kumar Shukl.

Taking cognisance of the incident, Uttar Pradesh Chief Minister Yogi Adityanath directed officials to ensure safe recovery of those trapped inside and their proper medical treatment. State Relief Commissioner Bhanu Chandra Goswami is in touch with the Kannauj district administration for all possible help in relief work, state government officials said.

Teams of the National Disaster Response Force (NDRF) and the State Disaster Response Force (SDRF) have been deployed at the site where frantic efforts are underway to rescue the workers. Ambulances have been kept on standby to provide first aid and take the injured to hospital.

A day after hé questioned the very relevance of the Opposition INDIA bloc at the national level, Shiv Sena (UBT) MP and spokesperson Sanjay Raut dropped a bombshell by saying that his party would go it alone in the local body polls.

Talking to media persons, Raut said: "As already indicated by our party president Uddhav Thackeray, from Nagpur to Mumbai we will contest all the municipal corporation polls independently. Let's see what happens. We will get to know our party's strength across the state".

"If we are to contest the polls as an alliance, when will our party workers get an opportunity to contest the polls? If our workers don't get a chance to fight polls, it will affect the party's growth. If we are to contest the municipal corporation, Zilla Parishad and Nagar Panchayat polls, our party will be strengthened," Raut said.

However, the Congress and NCP (Sharad Pawar) have not yet come out with a formal statement on the decision of their alliance partner -- the Shiv Sena (UBT) -to contest the forthcoming local body polls independently. NCP (SP) chief Sharad Pawar, reacting to the Sena (UBT)'s decision to support the AAP in the Delhi Assembly polls, had expressed serious concerns that the Uddahv Thackeray-led party's

decision might have a negative impact on the prospects of the prospects of all three MVA partners in the polls.

Raut's statement appeared to be in line with the stand taken by the Shiv Sena (UBT) on Friday, when he had indirectly slammed the Congress for its failure to keep the INDIA bloc together and also questioned the very relevance of the all Opposition front at the national level.

'We fought the Lok Sabha elections together, we got good results. After that it was the responsibility of all of us, especially Congress, to keep the INDIA alliance alive, sit together and guide the way forward. But till now not a single such meeting has taken place after the Lok Sabha elections. This is not right," Raut had said

"Leaders like Omar Abdullah, Mamta Banerjee Akhilesh Yadav and Arvind Kejriwal have said that the INDIA bloc is no longer in existence. If people have begun to nurse such doubts, l would say the biggest party in the alliance Congress — is responsible for this. There is no coordination, there is no discussion. This means that there are serious doubts in the minds of the people whether everything is fine in the INDIA alliance or not... If this alliance breaks once, then the INDIA alliance will not be formed again," Raut had said.

IMD warns of dense fog, rain, traffic disruptions in Delhi **Principal orders 80 schoolgirls** STAFF REPORTER NEW DELHI to remove shirts as punishment

PIONEER NEWS SERVICE RANCHI/DHANBAD

The principal of a private school in Jharkhand's Dhanbad district was accused of ordering 80 girls of class 10 to remove their shirts for writing messages on them, prompting the administration to initiate an inquiry, an official said on Saturday. The girls were allegedly forced to return home in their blazers without shirts beneath. The incident took place in a prestigious school in Digwadih under Jorapokhar

police station area on Friday, Dhanbad Deputy Commissioner (DC) Madhvi Mishra said. The parents complained to the DC that

class 10 students, after completing their examination, were celebrating 'pen day' by writing messages on each others' shirts.

The principal objected to the celebration and asked the students to remove their shirts, even though they sought an apology. All students were sent back home in their blazers without the shirts, the parents told the DC. "Several guardians lodged

complaints against the principal. We also talked to some of the victim girls. The administration has taken the matter seriously. A committee

has been set up to investigate the matter," Mishra said. The committee consists of the sub-divisional magistrate, district education officer, district social welfare officer and the sub-divisional police officer. Action would be taken on the basis of the probe panel's report, the DC said. İharia MLA Ragini Singh also accompanied the parents to the DC's office on Saturday when they lodged the complaints against the principal. Singh described the incident as "shameful and incident as unfortunate".

Light to moderate rain lashed out in parts of Delhi and the national Capital region on Saturday evening leading to traffic jams and cold wave conditions. The instant rain triggered traffic congestion at key routes in Delhi at the peak hours, frustrating commuters. ISBT Kashmiri Gate, ITO, Mehrauli Badarpur road, Anand Vihar road, Chirag Dilli, Dhaula Kuan, Sainik Farm, Azad Market road, Karol Bagh, Peeragarhi Road, New Rohtak Road are among those stretches that witnessed traffic jams during the peak hours in the evening. The weather department forecasts that weather is expected to remain the same on Sunday. The minimum temperature

was recorded a low of 7.7 degrees Celsius. Meanwhile, dense fog moderate to continued to blanket parts of Delhi and its adjoining areas on Saturday, prompting the Indira Gandhi International Airport (IGI) to issue multiple

advisories overnight, asking passengers to contact airline concerned to be updated about flight status. According to the India Meteorological Department (IMD), dense to very dense fog conditions likely to continue over North,

According to the weather Safdarjung department, observed minimum visibility of 50 metre from 12.30 am to 1.30 am which improved thereafter becoming 200 metre and continues to remain so 7.30 am. The humidity was 100 per cent during the day.

In comparison to recent days, early morning temperatures have dipped between 8 and 11 degrees Celsius, highlighting the ongoing cold conditions. The maximum temperature settled as 17 degrees Celsius,

three notches below the season's average, the IMD said. Parts of the national capital, including the Central Delhi area, received light rain. Forty-five trains were delayed as a thick layer of fog engulfed the city in the morning, reducing visibility which impacted train operations, officials said.

In its advisory, the IMD has cautioned that dense fog may affect some airports, highways and railway routes in the areas of met- sub-division. It has advised travellers to be careful while driving or outing through any transport.

'Unless taken precautionary measures, it may lead to some road traffic collisions," it said. The weather department also stated there are chances of tripping of power lines in the very dense fog routes.

Punjab CM seeks intervention of Amit Shah for setting up special NDPS courts to check drug menace

PNS CHANDIGARH

 $\mathbf{P}_{\text{Bhagwant}}^{\text{unjab}}$ Chief Minister Mann on Saturday sought the intervention of Union Home Minister Amit Shah to provide financial assistance to the state government for setting up a special NDPS court to check drug menace.

Participating through video conferencing in the regional conference on 'Drug Trafficking and National Security', the Chief Minister urged GOI to give one time financial assistance, for 10 years to State to create Special NDPS Courts and recruitment of public prosecutors along with other supporting staff, of Rs 600 crores (@ Rs.60 Cr. Per year). He said that at present there are 35,000 NDPS cases pending for Session trial as on January 1, adding that at present rate of disposal, on an average a Session Court takes seven years to complete the trial of pending case leaving aside all new added cases.

Mann said that in coming five years, this average disposal time will increase from seven years (35,000 pending cases) to 11 years (55,000 pending cases) Mann said that to clear the

pendency in the next five years, state needs to create 79 new exclusive NDPS Special Courts in Punjab and to appoint 79 Public Prosecutors along with supporting staff for these NDPS Special Courts adding that for it this financial assis tance is solicited. He also requested the Union Home Minister to ensure generous funding from National Fund for Control of Drug Abuse (Chapter 7-A of NDPS Act) for Anti-Narcotics Task Force, Live Monitoring Systems for six Bordering Districts, purchase of equipment for technical surveillance, infrastructure and logistic requirement for 5G Jamming solution for Prisons, de-addiction centers in Jails, AI surveillance systems in Jail Special Prison for drug traffickers and assistance for antidrug awareness campaigns in all 28 districts. Bhagwant Singh Mann said that the state had sought Rs.2829 Crore through 16th Finance Commission which should be approved at the earliest for effective law

infrastructure and logistic support of ANTF and Prisons.

Flagging another issue, he said that with the aim to control, reclaim and rejuvenate drug hotspots in Punjab, hiring of counsellors and coordinators for conducting survey and studies regarding impact of CADA amounting to Rs.107 crores was submitted to

Government since 2022, but nothing has been allotted till date adding that it should be released at the earliest. He said that the state faced a full scaled insurgency in the late seventies and eighties, and now is fighting a proxy war with Pakistan to thwart drug trafficking carried out by Pakistan supported stage actors. Bhagwant Singh Mann said that 552 kms of International Border shared with Pakistan is porous which is marked by fencing gap of around 43 kms and riverine gap of 35 kms adding that this crimes. makes state vulnerable to cross

border drug trafficking. Mann said that state's location along the notorious 'Golden Cresent' drug route makes it a key transit point for narcotics and other contraband, adding that now drugs are consumed by the local population at an alarming level. He said that due to Increased vigil and border fencing, drug

trafficking is now majorly done through drones and it poses less chances of getting caught due to which it has become a National problem which is being left to Punjab to fight on its own. He said that with its meager resources, the State is fighting a herculean task to

fight against drug abuse. The Chief Minister said illegally acquired property of drug traffickers worth Rs.449 Crore has been frozen from the Competent Authority and With its training and capacity building a conviction rate of 82.5% has been achieved by the State, which is highest in the Country. He said that Habitual offenders of drug trafficking have been detained under PIT-NDPS Act and the State has developed a software 'Punjab Artificial Intelligence System' (PAIS 2.0) as an advance tool designed to help Punjab Police in tracking and analyzing

Mann said that for de addiction of drug addicts, free of cost medicines are provided to the addicts in 529 Outpatient Opioid Assisted Treatment (OOAT) clinics. He said that 17 OOAT clinics have also been established in the Jails and state government has set up 213 Private as well as Government Deaddiction Centers and 90 Rehabilitation Centers for

treatment of drug addicts.

He said that drug problem in Punjab is impacting the socio-economic balance, leading to a significant increase in crime, domestic violence and health issues affecting not only the State but Country as a whole. He said that the Narco-Terror drug trade business in Punjab has links with the international cartels who smuggle drugs from Pakistan, Afghanistan and other Countries into the State. Bhagwant Singh Mann said that drug trade in Punjab is believed to be the source of funding of terrorist activities in the State leading to destabilizing National Security.

Raising another issue, he said that In the last five years, 1247 drone sightings have been reported and 417 drones have been recovered which is a minuscule of the total recovery as at present there are only 12 Jamming systems operational on 552 kms of International Border. He said that these cater to only 1/5 of the entire border stretch and 4/5th of the entire border is without Jamming system. Mann said that a huge cache of drugs and arms have been recovered so far adding that this recovery can be far more for which at least, 50 more advanced technology Jamming Systems are required.

Haryana Strengthens Efforts to Combat | Himachal committed to combat Drug Trafficking and Addiction: CM

PNS CHANDIGARH

Haryana Chief Minister Nayab Singh Saini on Saturday said the state has made significant progress in combating drug trafficking and the conviction rate in cases under NDPS Act has increased from 48 percent in 2023 to 54 percent in 2024, reflecting the state's enhanced efforts to address drug-related crimes.

Virtually attending a meeting chaired by Union Home Minister Amit Shah on Drug Trafficking and National Security, Saini informed that 3,445 villages and 774 wards have been declared drug-free in the state and there are no active drug dealers in these areas, and addicts are receiving treatment at de-addiction centers. Over the past five years, the state has made significant strides in curbing drug trafficking, with around 26,000 drug peddlers arrested and sent to prison. Last year alone, nearly 5,000 individuals were arrested for drug-related crimes, including 1,000 identified as major drug traffickers, with a large quantity of drugs

seized from them. In addition to law enforcement measures, the state government has seized over 50 crore rupees in drug money and dismantled around 100 illegal encroached establishments. Haryana has also established 161[´]Nasha Mukti Kendras (de-addiction cen ters) across the state to support individuals on their recovery ourney, said the Chief Minister.

Saini said that the state government has made concrete efforts to implement the MANAS helpline, which encourages drug addicts to seek treatment at de-addic tion centers and informed that to expedite legal proceedings, Harvana has established fasttrack courts and is ensuring quick reports from forensic science labs (FSL) for the time ly resolution of drug-related

He said Haryana has established Anter-Rajyastariya Sachiwalya in Panchkula to enhance cooperation with neighboring states in the fight against drug trafficking. This new platform will facilitate the sharing of crucial information about drug trafficking and movement across northern states: Punjab, Chandigarh, Himachal Pradesh, Delhi, Uttarakhand, and Rajasthan. The primary objective of this initiative is to strengthen joint efforts and improve coordination in tackling drug-related issues in the northern region of India. Additionally, an Anti-Narcotics Task Force has been constituted in the state, with 11 units operating across Haryana.

Drug menace: CM participates in virtual conference with HM

PNS SHIMLA

Union Home Minister Amit Shah chaired a regional conference on 'Drug Trafficking and National Security' in New Delhi, organized by the Narcotics Control Bureau (NCB) on Saturday in Chief Minister which Sukhvinder Singh Sukhu participated virtually, emphasizing Himachal Pradesh's commitment to combating the escalating drug crisis.

The conference focused on addressing the nexus between drug trafficking and national security, with particular attention to eight northern states and Union Territories.

Addressing the conference, Sukhu said that NDPS cases have risen by 340 percent over the last decade, escalating from approximately 500 cases in 2012 to 2,200 cases in 2023. Additionally, the percentage of cases involving heroin has doubled, rising from 29 percent in 2020 to 50 percent in 2024. He noted a troubling trend towards synthetic drugs, which are not only more potent and addic-tive but also harder to control due to their chemical composition. He emphasized the necessity of a comprehensive approach to tackle drug trafficking, particularly in interstate border areas, which have become hotspots for illicit

According to a statement issued here, the Chief Minister stated that drug trafficking often overlaps with organized crime and terror funding, posing a direct threat to the nation's sovereignty and security. He also outlined Himachal Pradesh's multifaceted strategy to address the narcotics issue, blending law enforcement, public health, rehabilitation, and judicial reforms. He stressed that individuals struggling with addiction are victims of illness and should not be criminalized. "Our approach must transcend punitive measures to

activities.

frameworks," he stated. Sukhu said that the state legislature has amended Section 37 of the NDPS Act, 1985, to close legal loopholes that allowed habitual offenders to secure bail. This amendment has strengthened the legal framework, making it more stringent and deterrent. He said that the state government has begun invoking the Prevention of Illicit Traffic in Narcotic Drugs and Psychotropic Substances (PIT-NDPS) Act, which had remained unused in the past. This act enables the detention of repeat offenders involved in drug trafficking, thereby

include robust rehabilitation

safeguarding public safety. He said that Himachal Pradesh has confiscated illegally acquired property worth Rs. 16 crore over the last three years, including Rs. 9 crore in the past year alone. The state is also setting up a Special Task Force (STF) dedicated to narcotics and drugrelated crimes, which will have specialized resources, autonomy, and dedicated police stations to intensify operations against drug networks," he added.

The Chief Minister emphasized the importance of collaboration with national and international agencies to strengthen intelligence-sharing and joint operations, particularly to address cross-border drug trafficking. He said that cooperation with neighbouring states and the central government will be pivotal in dismantling trafficking networks that transcend regional boundaries. He said, "The challenges before us are immense, but with the unwavering support of the people of Himachal Pradesh, the dedication of our law enforcement agencies, and a compassionate approach to rehabilitation, we can create a drug-free state. Together, we will protect the values of peace, harmony, and security that Himachal Pradesh has always upheld, ensuring a safer and healthier future for generations to come."

Ludhiana West AAP MLA Gurpreet Gogi dies in 'accidental firing' from own pistol

Ludhiana: AAP leader and Ludhiana West MLA Gurpreet Bassi Gogi has died of a gunshot injury, with his family members and state party chief saying he was fatally hit by a bullet that got fired accidently from his pistol when he was cleaning it.

Punjab AAP president Aman Arora, who visited the grieving family in Ludhiana, said Gogi would clean his licensed pistol everyday. While he was doing so Friday night, it got fired accidentally and claimed his life, Arora said.

Joint Commissioner of Police Jaskaran Singh Teja said the bullet pierced Gogi's temple and he was rushed to the local Dayanand Medical College and Hospital (DMCH), where doctors declared him dead.

The incident occurred around 11:30 pm on Friday at Gogi's house. Teja said, "According to his family members, it was an accidental fire." Gogi (58) is survived by his wife, a son and a daughter. His cremation will take place at 3 pm at the cremation ground near KVM school here. The police said the case is under investigation.

Several political leaders including Chief Minister Bhagwant Mann expressed

shock over Gogi's death. "Got the sad news of the demise of our party's respected MLA from Ludhiana West Gurpreet Gogi ji. I am very sad to hear this, Gogi ji was a very good person. Heartfelt condolences to the family in this hour of grief," Mann said.

Before he visited Gogi's house, Aman Arora posted on Х, "My deepest condolences to the grieving family during this difficult time. May they find the strength to endure this painful loss. I pray to the Almighty that his noble soul rests in eternal peace." Hours before his death, Gogi held a meeting with Vidhan Sabha Speaker Kultar Singh Sandhwan and AAP MP Balbir Singh Seechewal over the issue of cleaning of 'Buddha Nullah' (a drain of polluted

effluents). He also visited the Prachin Sheetla Mata Mandir in BRS Nagar where a theft had taken place a few days ago and had assured justice in the matter. Gogi joined the AAP in 2022 after quitting the Congress.

The India Meteorological Department (IMD) is looking to access data from CubeSats, crowdsourcing, and Internet of Things devices besides conventional weather satellites to improve it forecast accuracy, a former official said.

The IMD has also sent a dedicated meteorological satellite in orbit and installed a new high power computing system (HPCS) last year that would allow it to issue more accurate forecasts. "IMD will soon move to an ensemble prediction system with a horizontal resolution of 6 km, which is an improvement over the current resolution of 12 km," Madhavan Rajeevan, Ministry of Earth Sciences' former secretary, said in article penned on the occasion of the 150th Foundation Day of IMD.

of "The improvement networks observation incorporating state-of-the-art technologies such as crowdsourcing, CubeSats, IoT devices and unmanned platforms will significantly improve data quality and forecast efficiency," he said. Rajeevan said the IMD was also setting up separate research testbeds in Bhopal and Mumbai to deepen the understanding of monsoon dynamics and cloud physics. "As user expectations continue to grow, the IMD must continuously innovate and proactively address these demands," he said.

The IMD has access to weather observations from 6,000 over surface observatories in addition to data from weather balloons, satellites, a network of radars which feed information to prediction models.

"By embracing cutting-edge technologies and continually improving forecasting systems, IMD can sustain its legacy as a global leader in weather and climate services and helping India navigate the

Centre of Indian Trade Unions (CITU) on Saturday condemned the statement of the Chairman of Larsen & Toubro (L&T) urging for to extending the working hour to 90 hours per week. "Similar satanic statement was earlier made by the Infosys Head N.R. Narayan Murthy, urging for increasing working hour of 70 hours per week through statutory measure. It seems that there is a rogue competition among the corporate messiahs to rinse the blood and sweat of Indian workers and they are in active connivance and collaboration with the corporate-communal regime in governance by Modi-led NDA," said Tapan Sen, general secretary of CITU in a statement.

"Indian workers, even the permanent ones in the formal sector, are deployed in much hours of work compared to more productive countries like China, Europe and even the U.S. The stretching of working hours is very disastrously impacting upon the health and social life of the Indian workers. 15 in country, states raise vigilance PIONEER NEWS SERVICE

The total number of cases coronavirus-like human metapneumovirus (HMPV) in the country has reached 15. On Saturday, the first case was reported in Assam when a 10-month-old Assam when a to-monut-old child was detected positive for the pathogen while in Gujarat, a fourth case was reported after a 9-month-old baby was found to be affected

with the respiratory illness. Gujarat has the highest number of 4 cases of HMPV in the country. Maharashtra has 3 cases, Karnataka and Tamil Nadu have 2 cases each, and UP, Rajasthan, Assam and Bengal have reported one case each.

The 10-month-old child is undergoing treatment at Assam Medical College and Hospital (AMCH) in Dibrugarh. His condition is stable, said the State Health officials, adding that the child was admitted to the government hospital four days ago due to symptoms of

cold and cough. Even as the Centre and many health experts have maintained that there is no need to worry as the virus has been doing the rounds in the country for the past several As per a recent study by

years, States are not leaving anything to chance given the rise in cases in neighbouring China. As a part of its vigilance measures, Punjab has issued an advisory urging the elderly people and children to wear masks. Meanwhile, isolation wards are being built in hospitals in Gujarat which have reported the highest number of cases, raising further concerns about the virus' spread. In Haryana too, the health department has been ordered to keep an eye on HMPV cases

researchers from JIPMERleading Puducherry, national institute and tertiary care hospital, HMPV, which is known to cause respiratory issues in children, has not only been circulating in India for years but has also evolved. The virus is classified into two main genotypes, A and B, with subgroups such as A1, A2, B1, and B2, along with additional sub-clusters like A2a, A2b, and A2c.

For the first time, JIPMER researchers have identified two new HMPV sub-clusters — A2.2.1 and A2.2.2 —

within the A genotype in India. These newly identified strains show similarities to isolates detected in the United States in 2010 and Japan in 2018.

The study is published in the International Journal of

Chinese FM makes surprise visit to Maldives, holds talks with Muizzu

mday pioneer

PTI BEIJING/MALE

Chinese Foreign Minister Wang Yi made a surprise visit to the Maldives, during which he held talks with President Mohamed Muizzu and discussed the state of bilateral relations, amid Male's recent warming up to India.

Wang, who is also a member of the powerful Political Bureau of the Communist Party, met Muizzu during his stopover in Male on Friday while on his way back from a tour, official media report-

This was the first major visit by a Chinese official to Maldives after Muizzu visited China in January last year, months after his election

During Muizzu's visit, the two countries elevated the bilateral ties to a comprehensive strategic cooperative partnership and signed some key agreements.

In his meeting with Wang, Muizzu stressed the importance of fast-tracking key infrastructure projects outlined in the agreements and Memoranda of Understanding (MOUs) between the two countries, Maldives media reported.

He emphasised the need to prioritise social housing and road development projects, which are among the most urgent requirements for the Maldivian people, and referred to China's commitments in this regard.

Additionally, Muizzu highlighted his administration's focus on economic diversification, particularly in agriculture and fisheries, and requested China's support in advancing these crucial sectors.

'I would have beaten Trump,' says Biden

PTI WASHINGTON

utgoing US President Joe Biden on Friday said that he would have defeated Donald Trump in the November general elections, but he decided to withdraw from the race mid-way for the sake of the unity of the Democratic Party.

"Mr President, do you regret your decision to not run for re-election? Do you think that that made it easier for your predecessor to now become your successor?" Biden was asked durng a news conference at the White House here.

'I don't think so. I think I would have beaten Trump, could have beaten Trump and I think that Kamala (Harris) could have beaten Trump, would have beaten Trump," Biden said in response.

'It wasn't about — I thought it was important to unify the party and when the party was worried about whether or not I was going to be able to move even though I thought I could win again, I thought it was better to unify the party," he said.

"It was the greatest honour of my life to be president of the United States but I didn't want to be the one who caused a party that wasn't unified to lose an election. And that's why I stepped aside. But I was confident she could win," Biden said.

Biden, 82, decided to withdraw from

the US Presidential race against Trump after his disastrous performance at the presidential debate in Atlanta in June

Following a lot of criticism from his own party leaders, Biden decided to withdraw from the race mid-way and endorsed his running mate Vice President Kamala Harris to be the Democratic Party's presidential candidate. Harris lost the election to Trump. The

general elections resulted in a clean sweep for the Republican Party, which not only recaptured the White House, maintained its majority in the House of Representatives but also got a majority in the Senate.

I AM NOT GOING TO BE OUT OF SIGHT OUT OF MIND: Ten days before passing on the keys of the White House to Donald Trump, outgoing US President Joe Biden on Friday ruled out leaving from public life for now.

'I'm not going to be out of sight — out of mind," Biden told reporters at the White House.

Biden, 82, was responding to reporters' questions if he has decided what kind of role will he will have post-presidency. Do you plan to speak out after you

leave Washington, or are you going to follow kind of more of the Bush model where you're kind of out of sight and

out of mind?" he was asked.

On January 20, Donald Trump, 78, would be sworn in as the 47th President of the United States. Traditionally, US presidents after leaving office stay away from public limelight. Biden, does not plan to do so. However, he did not reveal his

plans post January 20th. His predecessor Trump decided to run for office. Biden's former boss Barack Obama who was the 45th President of the United States has stayed away from public life, except for some appearances, after leaving office on January 20, 2016.

'I HAVE NO CONTEMPLATION OF PARDONING MYSELF': Outgoing US President Joe Biden on Friday said that he has no plans to par-

don himself asserting that he has done nothing wrong.

At the same time, he might be pardoning several others before he demits the office on January 20, he indicated. "No, I have no contemplation of pardoning myself for anything. I didn't do anything wrong," Biden told reporters at the White House here when asked if he had plans to pardon himself or any other member of his family.

The outgoing president has pardoned his son Hunter Biden. He might issue more pardons, he indicated. But it depends on several factors. "One is that it depends on some of the language and expectations that Trump broadcasts in the last couple of days here as to what he's going to do," he

presidential nominee. However, Harris lost to Trump in the November 5th presidential election. Harris has not announced her future plans yet.

Ukraine says it captured 2 North Korean soldiers

Kyiv (PTI): Ukraine's forces have captured two in August that resulted in the first occupation North Korean soldiers fighting alongside Russian troops in Russia's Kursk border region, Ukrainian President Volodymyr Zelenskyy said on Saturday. He made the comments days after Ukraine began pressing new attacks in Kursk to retain ground captured in a lightning incursion

of Russian territory since World War II. Moscow's counterattack has left Ukrainian

forces outstretched and demoralised, killing and wounding thousands and retaking more than 40 per cent of the 984 square kilometres of Kursk Ukraine had seized.

Venezuela's Maduro takes new oath amid protests, international rebuke

PTI CARACAS

Venezuelan President Nicolás Maduro was sworn in Friday for a new term, extending his increasingly repressive rule in the face of renewed protests and rebukes from the United States and others who believe he stole last year's vote. Venezuela's legislative palace, where he was sworn in and delivered a fiery speech, was heavily guarded by security forces who have become Maduro's main hold on power since last summer's disputed election. Crowds of people, many sporting pro-Maduro Tshirts, gathered in adjacent

of Chinese meddling

PTI PANAMA CITY

The administrator of the Panama Canal said Friday that the vital waterway will remain in Panamanian hands and open to commerce from all countries, rejecting claims by President-elect Donald Trump that the United States **PUBLIC NOTICE** should take it over.

In an interview with The Associated Press, Ricaurte Vásquez denied Trump's claims that China was controlling the canal's operations, and said making exceptions to current rules concerning its oper-ation would lead to "chaos." He said Chinese companies operating in the ports on either end of the canal were part of a Hong Kong consortium that won a bidding process in 1997 He added that US and Taiwanese companies are operating other ports along the canal as well.

Trump has gone so far as to suggest the US should take back control of the canal and he would not rule out using military might to do so.

"The most Recovery Officer DEBTS RECOVERY TRIBUNAL DELHI (DRT 1) sensible and efficient way to do this is to maintain the established rules."

Requests for exceptions are routinely rejected, because the process is clear and there mustn't be arbitrary variations, he said. The only exception in the neutrality treaty is for American warships, which receive expedited passage.

Some 70% of the sea traffic that crosses the Panama Canal

leaves or goes to US ports. The United States built the canal in the early 1900s as it looked for ways to facilitate the transit of commercial and military vessels between its coasts. Washington relinquished control of the waterway to Panama on Dec 31, 1999, under a treaty signed in 1977 by President Jimmy Carter. Last month, Trump told supporters We're being ripped off at the Panama Canal." He claimed that the US "foolishly gave it away.

Regarding the fees for using the canal, Vasquez said a planned series of increases had concluded with one this month. Any additional increases would be considered in the first half of the year to give clients certainty in their planning and would go through a public comment process, he said.

There's no discrimination in the fees," he said. "The price rules are uniform for absolutely all those who transit the canal and clearly defined."

The canal depends on reservoirs to operate its locks and was heavily affected by drought during the past two years that forced it to substantially reduce the number of daily slots for crossing ships. With fewer ships using the canal each day, administrators increased the fees that are charged all shippers for reserving a slot. The canal bisects Panama, running 51 miles end to end. It allows ships to avoid the longer and costlier trip around Cape Horn at the tip of South America.

Gambhir, BCCI officials to meet to review Australia tour

PTI MUMBAI

The future of leading batters Virat Kohli and Rohit Sharma will be discussed threadbare in a meeting that head coach Gautam Gambhir and chief selector Ajit Agarkar is scheduled to hold with BCCI officials to review the recent tour to Australia here on Saturday.

CHANDIGARH | SUNDAY | JANUARY 12, 2025

The back-to-back series defeats against New Zealand (home) and Australia (away) and the diminishing returns with the bat have put Kohli

and Rohit under scanner. The PTI has learned that the powers that be will discuss in detail the future plan whether to activate the transition switch from next month's Champions Trophy or wait for the cycle to end with the ICC marquee event. Though it's likely that the senior batters will get another chance to redeem themselves at the ODI Champions Trophy, a format in which they have always excelled.

consideration the fact that both Kohli and Rohit have played just three ODIs in 2024 after the 2023 World Cup at home, and that could be too light a sample size to make a final call on their 50-over career. Both Kohli and Rohit endured different fortunes too in the series against Sri Lanka.

They may also take into

sunday pioneer

While Kohli amassed 24, 14 and 20 in Colombo, Rohit walked away with scores of 58, 64 and 35 against the Lankans.

But overall, Kohli has been a champion performer in 50-overs, his staple format and a good good outing in the Champions Trophy could bring him, and Rohit too, back into a good frame of mind.

However, their Test future is different. The next assignment is an away fivematch series against England, and the mandarins will certainly assess the drying runs from Kohli and Rohit in the traditional format.

Satwik-Chirag lose Malaysia Open semifinals

PTI KUALA LUMPUR

Satwiksairaj Rankireddy and Chirag Shetty's Chirag Shetty's impressive run at the 1000 Malaysia Super badminton tournament came to an end following a straightgame loss to Korea's Kim Won Ho and Seo Seung Jae in the semifinals, here on Saturday.

Seeded seventh, Satwik and as Kim and Seo wrapped up Chirag, who reached the finals last season, lost 10-21 the first game in just 19 minutes. 15-21 in a 40-minute semifinal clash. Chirag showed better control

and intent, making it 11-8 at "They played really well, and we could have followed our game plan a bit better. couldn't maintain the Instead, we played some random strokes, but kudos to them for playing a solid game," Satwik told reporters.

"Today, the pace of the game was very slow compared to the last three days. It's part of the game. It was a valuable learning experience for us. It is disappointing, but we have a long way to go. Today's match showed that we can still make it a good fight."

The Asian Games champions mixed doubles silver medal struggled to get the right start alongside Jeong Na-eun at the Paris Olympics and trailed 6-11 at the break in the opening game. Despite mixed doubles pair now, their efforts, the Indians could not make a comeback which is making it tougher,"

laughed Satwik.

"They are not giving away any easy points, and that's their best quality. We have to work hard for every point, and that's exactly what happened today. Satwik, who hasn't competed

David Moyes returns as Everton manager during 'pivotal time' for club

PTI LIVERPOOL

 $E_{\rm for \ a \ second \ stint \ as}^{\rm verton \ hired \ David \ Moyes}$ manager at the Premier League club on Saturday. Moyes replaces Sean Dyche, who was fired Thursday with the team just one point above

the relegation zone. The 61-year-old Moyes managed Everton from 2002-13, during which he led the Merseyside club to the 2009 FA Cup final and four European campaigns.

"It's great to be back," Moyes said. "I enjoyed 11 wonderful and successful years at Everton and didn't hesitate opportunity to rejoin this great club."

The storied club — a ninetime English champion which has been without a major trophy since 1995 — was

bought last month by the Texas-based Friedkin Group in a deal reportedly worth in excess of 400 million pounds (\$495 million).

Everton's next game is Wednesday at home against Aston Villa in the Premier League. "We are pleased that David is joining us at this pivotal time in Everton's history," club executive chairman Marc Watts said in the team's statement. "With over a decade of experience at the club, he is the right leader to propel us through our final season at Goodison Park and into our new stadium. We look forward to working with David to build the foundation of a new era for Everton." Dyche was fired hours before

Everton hosted and beat third-division Peterborough 2-0 in an FA Cup third-round match.

Netflix's *Reunion* promises a murder mystery set against the backdrop of a high school reunion, but the execution leaves much to be desired. The movie has a decent cast, including Chace Crawford, Jillian Bell and Nina Dobrev. However, what could have been a gripping whodunit is weighed down by a mix of inconsistent writing, underwhelming performances, and a tone that fails to balance suspense and humour. THE PLOT: Potential Turned

Mediocrity

The story begins with a high school reunion, where old classmates come together, bringing with them unresolved tensions, romantic entanglements, and deep-seated grudges. The film introduces *Mathew Danbury* (Chace Crawford), a charming yet flawed character, whose behaviour hints at trouble ahead. He flirts with the women at the party, dances as the high school football mascot, and generally becomes the centre of attention. Meanwhile, *Vivian Chase* (Jillian Bell) accuses *Mathew* of tormenting her in high school, adding a layer of confrontation to the gathering.

A severe snowstorm traps the main characters *Evan* (Billy Magnussen), Ray (Lil Rel Howery), Jasmine (Jamie Chung), Amanda (Nina Dobrev), Vivian and Mr. Buckley (Michael Hitchcock) in Mathew's house overnight. The next morning, *Mathew* is found dead, shot in the chest. The storm has cut off communication lines, making escape or calling for help

impossible. As suspicions arise, it becomes clear that everyone had a motive tied to their high school grievances. The setup holds combining promise, combining classic mystery tropes with personal drama. Unfortunately, the film squanders this potential with a rushed and unsatisfying resolution. PERFORMANCES: Mixed Bag

Chace Crawford's portrayal of Mathew is engaging, but his character's untimely demise early

in the film undermines any attachment the audience might have had. Jamie Chung and Billy Magnussen bring some charm as the budding romantic duo, but chemistry their feels

timing feels out of place in a story that should rely more on suspense than humour, making his character, *Ray*, come off as an unnecessary distraction. **THE KILLER REVEAL: A Letdown**

investigative situation. This lack of investigative situation. This lack of build-up or evidence makes the twist feel random and unearned, leaving the audience scratching their heads rather than gasping in surprise. A good mystery thrives on subtle clues and revelations, but Reunion opts for a nonsensical, last-minute info dump instead. DIRECTION AND WRITING: Where

The pacing is uneven, with long stretches of inconsequential

dialogue that fail to build tension. The screenplay tries to blend humour and drama but ends up diluting the impact of both. The lack of meaningful character development makes it difficult to care about the characters' fates, while the attempts at dark humour often fall flat. VERDICT: A Missed Opportunity

Reunion is a film that had the ingredients for success with a strong cast, an amazing premise,

and a confined setting perfect for and a confined setting perfect to suspense. Unfortunately, poor writing, lack of lustre direction, and a clumsy resolution turn it into a forgettable experience. If you're looking for a well-crafted murder mystery, this isn't it. While the film might appeal to those seeking light, mindless entertainment, it's unlikely to satisfy fans of the genre.

THE SPIRIT OF MAHA KUMBH

The Maha Kumbh Mela 2025 in Prayagraj is a unique gathering where

he countdown to the *Maha Kumbh* 2025 has begun, with Prayagraj transforming into a bustling hub of spirituality, culture, and economic activity. From 13 January to 26 February, the city will host the largest human congregation on earth, drawing an estimated 40 to 45 crore pilgrims. This iconic event, steeped in Hindu tradition and faith, is more than a ritual, it is a celebration of India's cultural and spiritual essence.

The Sangam, where the Ganga, Yamuna, and the mythical Saraswati converge, is at the heart of this grand spectacle. Pilgrims believe that a dip in these holy waters during the auspicious period cleanses them of sins and paves the way to salvation. "The Maha Kumbh Mela is not just a religious gathering but a transformative experience," said Acharya Ramkishore Tiwari, a spiritual leader. "It is where faith meets divinity."

At the heart of this grand celebration lies the belief in spiritual purification. According to Hindu tradition, a dip in the holy confluence of the Ganga, Yamuna, and the mythical Saraswati during this auspicious period is believed to absolve sins and pave the path to salvation. The origins of the *Kumbh* are steeped in the Puranic tale of the Samudra Manthan, where drops of divine nectar (amrita) spilled at four locations, Prayagraj, Haridwar, Nashik, and Ujjain, sanctifying these sites forever.

spirituality, culture and commerce come together, attracting millions from all walks of life to witness this incredible event, writes **BISWAJEET BANERJEE**

A CITY REBORN

he banks of the Ganga and Yamuna have transformed into a temporary city, sprawling across the Sangam area. Colourful tents of all sizes and hues have sprung up, creating an awe-inspiring sight. These tents house spiritual discourses, yoga sessions, cultural programmes, and temporary dwellings for millions of devotees. The air is filled with the aroma of traditional Indian delicacies, as numerous eateries and food stalls cater to the surging crowds. Stalls selling Rudraksha beads, saffron garments, holy books, and souvenirs stretch along the pathways, adding vibrancy to the bustling atmosphere. The iconic Naga Sadhus, covered in ash and wearing Rudraksha beads, take centre stage, drawing devotees and curious onlookers alike. Aghories, known for their intense spiritual practices, are seen meditating near the riverbanks, adding a mystical charm to the gathering.

"We are not just preparing for an event; we are crafting an experience that celebrates India's cultural heritage," said Divya Prakash Singh, a senior official overseeing the arrangements. "From smart surveillance through 10,000 CCTV cameras to a dedicated mobile app for route and ritual updates, technology is playing a crucial role in ensuring safety and convenience." "The energy here is contagious," said Abhilash Narain, a resident of Prayagraj. "You do not have to be Hindu to feel the magic of this gathering."

Among the pilgrims is Rajni Devi, a 62-year-old widow from Rajasthan making her third trip to the Kumbh. "The Kumbh is my escape," she said. "It's where I find peace and the courage to face life's challenges." Similarly, Sunil Mishra, a young IT professional from Bengaluru, sees the

Kumbh as a chance to reconnect with his roots. "In the hustle of corporate life, you lose touch with who you are. The Kumbh gives me clarity and a sense of purpose," he shared.

ECONOMIC DIMENSIONS

eyond its spiritual significance, the Maha Kumbh Mela is a colossal economic engine. The Uttar Pradesh government has allocated a staggering ₹5,600 crore to infrastructure and event management, with the total budget projected at ₹6,382 crore. The local economy thrives on this influx, benefiting small vendors, hoteliers, and service providers alike. "During the Kumbh, my daily earnings triple," said Shyam Lal, a shopkeeper selling puja items near the ghats. Hotels across Prayagraj are reporting record bookings, with many fully reserved months in advance. "The demand is unprecedented," said Priya Mehta, the manager of a mid-range hotel in the city. The ripple effect extends beyond Prayagraj. Nearby religious hubs like Varanasi, Ayodhya, and Mathura also see a surge in tourism,

creating thousands of new jobs. "The Maha Kumbh 2025 could generate economic activity worth over ₹3 lakh crore," estimated Awanish Awasthi, advisor to Chief Minister Yogi Adityanath.

CHALLENGES AND INNOVATIONS

osting an event of this magnitude comes with its share of challenges. Ensuring the availability of clean drinking water, medical aid, and sanitation facilities for millions of pilgrims requires meticulous planning. "The key is vigilance," said Ramesh Chandra, a

"The key is vigilance," said Ramesh Chandra, a senior police officer stationed at the Mela. "We're deploying over 50,000 security personnel and using AI-enabled systems to manage crowds and prevent untoward incidents."

"The Maha Kumbh is a test of our organisational capabilities," said Chief Minister Yogi Adityanath. "We aim to set a global benchmark in event management while preserving the spiritual essence of the gathering."

A GLOBAL CELEBRATION

he *Maha Kumbh Mela* is not just a religious event; it is a global celebration of India's living traditions. Documentary filmmaker Lisa Reynolds, covering the event for an international audience, described it as "a story of humanity in its purest form." For first-time visitors, the scale of the event is overwhelming. "I've never seen anything like this," said Hiroshi Tanaka, a journalist from Japan. "The blend of chaos and harmony is fascinating. It's a reflection of India itself." As the countdown begins, the anticipation surrounding Maha Kumbh 2025 is palpable. For millions, it is a journey of faith and a reaffirmation of humanity's enduring spirit. For Prayagraj, it is an opportunity to shine as a beacon of tradition, resilience, and progress. Acharya Ramkishore Tiwari sums it up: "Kumbh is about coming together as one family, transcending divisions and reaffirming our shared humanity."

- RATAN NAVAL TATA

ericles, the monumental Greek politician and statesman during the Golden Age of Athens in his historic Funeral Oration delivered in 431 BC (that is said to have influenced President Abraham Lincoln's famous Gettysburg Address on 19th November, 1863!), said, "To famous men all the earth is a sepulchre: and their virtues shall be testified not only by inscription on stone at home but in all lands wheresoever in the unwritten record of the mind, which far beyond any monument will remain with all men everlastingly. On 9th October, 2024, at exactly 11.30 pm IST, the towering 5 feet 10 inches tall Surat born Parsee industrialist-philanthropist Padma Vibhushan Ratan (meaning "precious jewel") Naval Tata, the Chairman Emeritus and the patriarch of the House of Tata, the largest business conglomerate in India (having a staggering annual revenue of over 165 billion US Dollars and encompassing a grand well knit family of over 1 million happy, well cared for and dedicated members worldwide!), breathed his last at the iconic Beach Candy Hospital nestled atop the Arabian Sea facing Cumballa Hill at the age of 86. He had been hospitalised on 7th October, 2024 owing to a critical combination of senescence and hypotension. Ratan held a meger 0.83 % cent stake in Tata Sons and had a net worth of Rs 7,900 crores, according to the Hurun India Rich List 2024. A large part of his wealth-nearly 75 per cent-was tied to his shares in Tata Sons. For Ratan, accolades poured in a torrential stream from across the country and from all corners of the world. In an impassioned eulogy that reflected the melancholy mood of a shattered nation, our Prime Minister Narendra Damodardas Modi tweeted on X - "Shri Ratan Tata was a visionary business leader, a compassionate soul, and an extraordinary human being." On 13th October, 2024, the Israeli Prime Minister Benjamin "Bibi" Netanyahu in a post on X addressed to his friend Modi, condoled Ratan's death and highlighted his stellar contributions in fostering Israel-India ties, "I and many in Israel mourn the loss of Ratan Naval Tata, a proud son of India and a champion of the friendship between our two countries." In a post on LinkedIn on 14th October, 2024, Padma Bhushan Natarajan Chandrasekaran, (popularly known as "Chandra"), the most worthy successor of Ratan (he effortlessly stepped into Ratan's distinguished shoes and proudly donned his enviable mantle on 12th January, 2017!) and my personal friend for over 15 years since my heady days as a long term Advisor to Tata Consultancy Services Ltd. ("TCS"), the flagship of the prodigious Tata fleet, paid an effusive heartfelt homage to his former boss and mentor, "Anybody who met Mr. Tata came away with a story about his humanity, warmth, and dreams for India. There really was no one like him." Joseph Bitner Wirthlin, the renowned American businessman and religious leader rightly observed, "Some memories are unforgettable, remaining ever vivid and heartwarming!" In a moment of helpless nostalgia, my mind goes back irresistibly to the rather sultry summer day in the year 1986 when I fortuitously met Ratan (he was then the Chairman of Tata Industries and had in that capacity drafted the Tata Strategic Plan) for the very first time within the majestic confines of the Taj Palace Hotel, the only "palace" hotel in the national capital since 1983. Thereafter, I often used to stay at the Tai Mahal Hotel (the second hotel built by the Indian Hotel Company Ltd. ("IHCL") belonging to the Tata group after the iconic Taj Mahal Palace Hotel ("Taj Mahal Palace") in Colaba, Mumbai, in 1903 and popularly known as the Taj Mansingh Hotel because of its strategic location at 1, Mansingh Road), the 5 star-deluxe hotel of 1978 vintage, characterised as the "Epicentre of Delhi". I used to meet Ratan sporadically in the hotel lobby mostly in the company of its various General Managers and close personal friends belonging to the golden days of the hotel viz. Ravi Dubey, Ronnie Lobo (both Ravi and Ronnie are sadly no more in this world!), and Patu Keshwani or even otherwise. Ratan used to be invariably accompanied by his old faithful, close confidante, trouble shooter and quintessential out and out Taj-Man Devendra Kumar Beri ("DK" to his friends!). Ratan used to mostly stay at a spartan guest house in the Tata Apartments at 23, Prithviraj Road, New Delhi. In those heady days, Uncle PV, who used to live at 9, Motilal Nehru Marg, often dropped by at the famed coffee shop Machan to drink endless cups of freshly brewed sugar free piping hot filter coffee over steamed idlis and vadas soaked in mild sambar. Ratan never missed the opportunity to wish him if he happened to be around in the hotel. He was an indefatigable admirer of Uncle PV! After Uncle PV became the Prime Minister on 21st June, 1991 consequent upon Rajiv Bhai's tragic assassination on 21st May, 1991, and before he moved into Prime Minister House at 7, Race Course Road (renamed Lok Kalyan Marg), a special Suite was booked in the hotel for his family members through the good offices of Ratan, which was guarded round the clock by the Special

terrorists infiltrated the city, having stealthily landed in inflatable speed boats at Macchimar Nagar, in Mumbai's Cuffe Parade neighbourhood, and heinously targeted several meticulously planned locations, including the Taj Mahal Palace. The Indian Government's response to the attack was "pusillanimous", as aptly observed by the Hindustan Times on 26th November, 2023! The attack claimed 166 lives, including 33 at the Taj Mahal Palace, and did not spare even the General Manager of the hotel Karambir Singh Kangs wife Niti and his two young teenage sons Uday and Samar. Gautam Shantilal Adani, the Indian billionaire businessman (who has recently been in the eye of a storm!), by a superb stroke of luck managed to save himself by hiding in the kitchen of the hotel! Defying all odds, it was Ratan who in a truly Churchillian manner valiantly rose to the occasion and provided the much needed leadership to an embattled nation facing an "ordeal of the most grievous kind"! In the face of the attack watched by a shell-shocked nation, Ratan, who was then 70, displayed superhuman courage, resolve and determination. He strode like a colossus and stood like a Rock of Gibraltar at the Colaba end of the Taj Mahal Palace for 3 days, as security forces fiercely battled the terrorists in the Taj Mahal Palace. Everyone became just those inches taller, every back just that much broader, as Ratan's own was. This was undoubtedly Ratan's finest hour when he embodied the will, spirit and grit of our people..indomitable, undaunted, relentless! Ratan was imbued with the extraordinary, nay God given, ability and gift to pick out and support the ideal leader both for the House of Tata as well as the nation...he was the Kingmaker extraordinaire! Ratan backed Modi to the hilt before the General Elections in 2014 and on 19th May, 2014 tweeted on X, "Mr. Modi's landslide victory echoes the people's mandate for strong leadership and clear policies for growth and prosperity for India." On 19th December, 2020 at the ASSOCHAM Foundation Week, Ratan ecstatically heaped praise on Modi for his leadership during the time of the COVID-19 pandemic, "I think if we all stand together and follow what you have said, what you have done and what you have shown, we will have a situation where the world will look at us and say this Prime Minister said it could happen and he made it happen."

In January, 2017, Chandra's "mentor, guide and friend" Ratan cherry-picked Chandra to lead Tata Sons as its Chairman, the first non-Tata family member to hold the coveted post! On his appointment as the Chairman of Tata Sons, Chandra said, "I am humbled and honoured to be chosen to lead a truly great institution that occupies a unique position in hearts of the people in India and the world. I am proud to have been part of the Tata family for over 30 years and assuming this position is a great privilege.

I want to thank the Tata Sons board and Mr Ratan N Tata for their confidence in me to lead this trusted institution that has a rich heritage." Addressing the annual gala annual event at the National Centre of Performing Arts on the birth anniversary of JRD Tata on 30th July, 2018, Ratan expressed gratification with regard to the direction in which group companies were headed under the leadership of Chandra and said that he was confident that "Tata Group is in safe hands." Yes, only a true leader can identify other true leaders! Both Modi and Chandra have proved to be phenomenal leaders of the 21st Century and have earned international acclaim, respect, adoration and admiration. I have a myriad of friends who knew Ratan intimately and worked with him closely. I am highly emboldened to single out only 5 names viz. Pole, Tanmoy, Raian, Suprakash and Zubin Mehta, the Managing Director of Uniforms Unlimited, Mumbai, who holds a Masters Certification from the internationally reputed Savile Row Academy, London. All of them are unquestionably ad idem about Ratan : "He was a genuinely good, dedicated and large hearted soul filled with the milk of human kindness and our age is hardly fit to understand him." We should remember the stellar quality of Ratan's character as well as the remarkable range of his achievements. In his love of adventure and his imaginative powers, he was far removed from the modern industrialist-philanthropist. Yet everyone who came in contact with him paid tribute to the unimaginable power of his mind. He had an aptitude for business which raised him far above the ordinary levels of our generation. He had a firmness of spirit which was not often elated by success, seldom downcast by failure and never swayed by panic. He loved life and was perfectly at peace with himself and the world around him. He could be helplessly uproarious. He wanted everyone to be happy. He wanted to taste and try everything that life could offer. Power never corrupted him, nor did success make him conceited, arrogant or pompous. Bevond his reputation as a business magnate and animal lover, Ratan's tenure as Chairman of the Tata Trusts has left an inerasable mark on India's cultural kaleidoscope. The trusts have spearheaded numerous initiatives across healthcare, education, environment and disaster relief and their manifold contributions to art and culture stand out as particularly noteworthy. With no thought of the length of time he might be permitted on Planet Earth, Ratan was concerned solely with the quality of the service he could render to his nation and to humanity. The author is an internationally reputed senior lawyer practising in the Supreme Court of India and various High Courts and Tribunals in India

Protection Group ("SPG"). Ratan personally saw to it that members of Uncle PV's family were well cared for in the hotel. I had the glorious good fortune of staying with Uncle PV at his residence even prior to his becoming the President of the Indian National Congress and was, naturally, a regular visitor to Suite where I used to meet and interact with Uncle PV's two sons Rajeshwar and Prabhakar under the watchful eyes of the SPG personnel. One of my close friends Prashant Tewari, who used to work very closely with Uncle PV and Hansraj Bhardwaj, (the versatile lawyer and later rose to become Índia's most famous law minister), both were closely known to Uncle PV's family, used to co-ordinate crucial governance and political issues during the period of most dramatic transformation of the country. Again, I used to have the opportunity to meet Ratan in the hotel! Ratan used to take a very special interest in the JRD Tata Memorial Lectures. On 19th September, 2008, Somnath Chatterjee, eminent Barrister and the then Speaker of the Lok Sabha and a close personal friend, delivered the 11th JRD Memorial Lecture on "Economic Development and Political Consensus Building" at the Mansingh Hall in the Taj Mansingh. I was a special invitee to the event. After Somnath's lecture, I met Ratan and Somnath at the adjacent Aftab Mahtab, the regal wood and marble panelled venue, over dinner. My old friend Dr.Jamshed Jiji Irani (popularly known as "Doc I"), the honorific Managing Director of Tata Steel, was also there at Ratan's table. The tall and handsome Sanjay "Pole" Singh, Principal Resident Executive and Adviser, Tata Sons, came over to the table unobtrusively and recounted how I had saved Doc I's life by forewarning the Tata Management that some evil people had plotted to attack Doc I with crude bombs in the heart of Jamshedpur with a sinister motive. My last Taj Mansingh encounter with Ratan was just before the outbreak of the Covid epidemic in 2020. I was standing outside one of the hotel lifts when suddenly as if by magic Ratan emerged from the lift along with his old Harvard educated friend Prince Shah Karim al-Husseini, Aga Khan IV (known by his religious

As a Special advisor to the Marathon group of companies, I used to travel every year to Bengaluru to participate in Aero India, the biennial air show and aviation exhibition held by the Ministry of Defence at the Yelahanka Air Force Station, Bengaluru, along with my illustrious Israeli friend Hezi Bezalel, the Chairman of the group, and other top Israeli officials. The 2007 Aero India was a very special event for me as Ratan, who was 69 years old at that time, valiantly reached out for the skies in a spellbinding saga of high adventure on 8th February, 2007. Clad in a G-Suit, he co-piloted a Lockheed Martin F-16 Falcon multi-role fighter jet in a historic 35 minute sortie. Ratan held licences to fly both jets and helicopters! Upon landing after what Ratan described as an "exhilarating" flight, I heartily congratulated Ratan shortly after he was greeted by my old friend William "Bill" Sebastian Cohen, former US Defense Secretary, Royce Keplinger and other senior Lockheed Martin officials. On 9th February, 2007, a G-Suited Ratan once again took to the skies co-piloting a Boeing F/A-18 Super Hornet fighter jet. I met Ratan shortly after his second flight in the Boeing Pavilion to felicitate him with a small bouquet of pink roses in the august presence of my close friends Thomas "Tom" Reeve Pickering, the former US Ambassador to India and the former Under Secretary of State for Political Affairs in the Clinton Administration, Dinesh Keskar, the senior Vice President, Sales in Asia-Pacific and India, Anil Srikhande, India President, and other top officials of Boeing Company. During that visit, I also had the golden opportunity of watching a scintillating aerobatic display by the Hindustan Aeronautical Industries Ltd. manufactured fly-by-wire Light Combat Multi-Role Tejas Aircraft in the distinguished company of Ratan, Arackaparambil Kurien Antony, Union Defence Minister, Indru and Bookanakere Siddalingappa Yediyurappa, Chief Minister, Karnataka, amongst other important dignitaries. Ratan noticed to his enormous delight that I was smartly attired in a royal blue English blazer, grey English flannel trousers, a hand crafted boater hat from the reputed hatters K.R.Snoxell & Sons, Luton, and dazzling gold rimmed Zeiss sun glasses!

he pressure of waiting for my admission results was becoming unbearable. My friend, Vishesh Shukla, suggested a short trip to Mathura and Vrindavan, known for their spiritual aura and rich heritage. Without much planning, we packed our bags and boarded the Lucknow-Agra Intercity Express in the evening.

The train reached Agra late at night, and from there, we caught another train to Mathura. By the time we arrived in Mathura, it was around 1 a.m. A short auto ride costing ₹50 took us to Vrindavan, where we stayed at the Tourist Facilitation Centre. After a long journey, we finally got some rest, excited about the day ahead.

In the morning, we checked into a modest hotel that charged ₹1,300 for 24 hours. After freshening up, our first stop was the famous Banke Bihari Temple. The temple's energy and devotion left us amazed. We continued our exploration with visits to the ISKCON Temple, Radha Raman Temple and Nidhivan, each offering a unique spiritual experience. Walking through the streets of Vrindavan, surrounded by the sound of bhajans and the sight of devotees, was truly calming.

After a simple lunch at a local eatery, we returned to the hotel for a quick nap. The evening was reserved for the magnificent Prem Mandir, which looked breathtaking under the evening

lights. The intricate architecture and devotional atmosphere made it a highlight of the trip. Dinner was at the newly opened Bikanerwala Restaurant on *Chhatikara Road.* The delicious food was the perfect end to the day.

That night, I received the news I had been eagerly waiting for, I had been admitted to my dream institute, *IIMC Dhenkanal*! The happiness and relief were indescribable. I couldn't help but thank the positive energy of this spiritual trip for making this moment even more special.

The next morning, we visited the Shri Krishna Janmabhoomi Temple, the birthplace of Lord Krishna. The early morning peace at the temple was soothing. We also stopped by the Dwarkadhish Temple, which is known for its vibrant morning rituals. The temples of Mathura left a deep impression on us with their history and devotion.

After breakfast near Yamuna Ghat, we boarded a bus from Mathura Bus Stand to Tundla. We had a hearty lunch at Tundla before catching the *Gomti Express*, which took us back to Lucknow.

This trip was much more than just a getaway. It gave me the clarity and positivity I needed, along with the joy of achieving my dream. The spiritual vibe of Mathura and Vrindavan, combined with their timeless Vrindavan, charm, made it a journey I will never forget.

ARIES March 21-April 19

This week brings multiple reasons for joy, with financial gains flowing from various channels. Your earnings are likely to be satisfying, though a busy schedule may cause some mental strain. Work-related travel is also on the horizon. Midweek may bring sudden, unforeseen shifts, urging you to release any unhealthy emotional ties to make space for meaningful growth and deeper fulfillment. As the week progresses, you may experience a strong urge for material possessions, which could cloud your judgment. This period isn't favorable for starting new ventures, as impulsive decisions could lead to setbacks. Maintaining a positive mindset may feel challenging, but staying grounded and focused will help you avoid falling into a cycle of negativity and keep you aligned with your true goals.

Meditation enables healing, resilience, and clarity through consistent self-care, promoting emotional balance and overall mental well-being over time

re are perpetually in pursuit of the next thrill of happiness. Perhaps it's a luxurious Bentley, an exclusive beach getaway, or that coveted Birkin bag. These indulgences certainly light up our lives for a moment. But then, like clockwork, the novelty wears off. The stresses of life take over, and we find ourselves once again in the relentless pursuit of the next object of happiness. In the 1970s, Richard Easterlin observed that an increase in income over time did not lead to a long-term increase in happi ness. This paradox is often referred to as the Easterlin Paradox-remains a cornerstone in discussions about material wealth and its limited capacity to deliver sustained joy. While material comforts undoubtedly bring fleeting satisfaction, they fall short of providing the enduring happiness we so desperately seek. Moreover, your happiness level is geneti-

cally influenced. If your mother isn't a happy person, chances are you aren't either. A study by Lucas, Clark, et al. in 2003 found that major life events such as marriage, divorce, or widowhood brought temporary changes in happiness, but most people returned to their baseline levels within a few years. This gave rise to the Set Point Theory, which explains that individuals' happiness levels are remarkably stable over time.

Within our brains, there's a division of duties: the 'Stress Brain,' tackling worries and tensions, and the 'Happy Brain,'

The Science of Mindfulness

spreading joy and fostering connections. Genetically happier individuals show higher activity in the 'Happy Brain' and lower activity in the 'Stress Brain,' shaping their positive outlook on life.

So, are those not genetically predisposed to higher happiness levels doomed to a negative state of mind? Not at all! Our brains have an amazing ability to reorganize themselves by forming new neural connections throughout our lives-a process called neuroplasticity. This dynamic ability of the brain means that our mental state is not set in stone, offering hope to those who wish to elevate their happiness levels. One proven way to increase activity in the happy brain and reduce activity in the stress brain, thus raising the happiness baseline, is consistent meditation (Fredrickson et al., 2008). Beyond altering neural activity, meditation helps to cultivate a deeper sense of awareness, allowing us to separate fleeting desires from what genuinely brings contentment. Our minds carry deep-seated traumas from childhood, parental influences, past relationships, and more. These emotional scars often go unnoticed or unaddressed, yet they dictate much of our behaviour. Rather than addressing these issues, we often suppress them and seek distraction in new pursuits. However, as Bessel van der Kolk explains in The Body Keeps the Score, buried trauma doesn't disappear; it can lead to physical ailments, mental health challenges, addictions, relationship

difficulties, and self-esteem issues. Meditation acts as a tool for healing and unwinding old negative patterns and traumas. It provides a safe space to clear emotions of sadness, fear and stress held in the body for weeks, years or even since childhood. In doing so, it allows the mind to focus and work through these issues. Consider this: meditating for just 20 minutes every day for a year accumulates 7.3k minutes of dedicated self-care and introspection. Over the years, this consistent practice allows significant time for the mind to process and resolve deep-seated issues. This builds a more resilient, confident, and calm version of ourselves, better equipped to navigate life's inevitable challenges

Supporting this, research by Davidson et

al. (2003) found that an 8-week mindfulness meditation program significantly improved emotional regulation and immune function, demonstrating meditation's profound impact on both mental and physical health. The ripple effects of this practice can extend far beyond the individual, improving relationships, decision-making, and even workplace productivity.

Meditation doesn't make you happy. Rather, it alleviates what blocks you from finding and appreciating happiness. This distinction is crucial. Happiness isn't something you attain-it's something you uncover once you remove the mental and emotional clutter. The key, however, lies in consistency. Just as you cannot achieve a sculpted physique by working out strenuously for four hours once a month, you cannot see significant results by meditating for two hours sporadically. A few minutes of daily practice, however, can profoundly impact your well-being. The benefits of mindfulness and meditation go beyond personal happiness. Communities practicing mindfulness often report lower crime rates and greater social cohesion. Families that meditate together strengthen their bonds, developing empathy and understanding for each other's perspectives. Imagine the collective impact if more people embraced mindfulness as a daily practice-it could transform societies, one individual at a time. Furthermore, meditation enhances our

ability to live in the present moment. In a world constantly pulling us in a hundred different directions-emails, deadlines, social obligations, and endless to-do listsit is easy to lose sight of what truly matters. Mindfulness brings us back to the now, allowing us to savour the small joys we often overlook: the warmth of a morning sunbeam, the taste of a perfectly brewed cup of tea, or the laughter of a loved one. Another compelling aspect of meditation is its accessibility. Unlike other tools for self-improvement, meditation requires no special equipment, expensive memberships, or even a lot of time. It is universally available, adaptable to any lifestyle, and backed by centuries of practice across cultures. Whether through guided meditations, breathing exercises, or silent selfreflection, there is a form of meditation suitable for everyone.

In conclusion, as Lao Tzu, an ancient Chinese philosopher, said, "To a mind that is still, the whole universe surrenders." Meditation may not provide the instant gratification of a material purchase or the thrill of a vacation, but it offers something far more valuable: a pathway to inner peace, resilience, and enduring happiness. By embracing mindfulness and making it a consistent part of our lives, we can transform not only our personal well-being but also contribute to a more compassionate and harmonious world.
