# JUSTICE FOR MURDERS MOST FOUL

# Life sentence for Sanjoy Roy Woman sentenced to death in Kerala

SAUGAR SENGUPTA KOLKATA

In what the parents of the victim called a "travesty of justice," for which they held the Kolkata Police and Central Bureau Investigation responsible, the Sealdah Sessions Court on Monday sentenced convict Sanjoy Roy to life imprisonment until death - and not death, as the prosecution and the public had wanted - for committing the rape and murder of a 31year-old postgraduate lady doctor from RG Kar Medical College and Hospital.

Roy, a former civic volunteer who was working with the West Bengal Police at the time, was pronounced guilty of the RGKMCH rape and murder case on Saturday, with the quantum of punishment delivered by District and Sessions Judge Anirban Das on Monday.

Judge Das stated that the crime did not fall under the "rarest of the rare" category, which is why he did not impose the death penalty on the convict. He also ordered the State Government to pay compensation of Rs 17 lakh to the parents who lost their daughter in the chilling crime "that shook the conscience of the country." Roy was found guilty on January 18, 2025, under sections 64, 66, and 103(1) of the BNS.

However, the mother of the victim, who broke down in tears immediately after the judgment was pronounced, said, "We cannot discard the

being take to the CBI office at CGO Complex, in Kolkata

rarest of rare case, as the rape and murder occurred inside the workplace, which is a second home, and that too by a civic police officer who is considered a protector of citizens." The family did not want money; they wanted iustice, she said.

She trailed off, saying, "Now we have understood that it is not enough to be the parents of a meritorious child... or enough to labor hard to see been committed elsewhere, the child succeed... it is also been committed elsewhere, and the body was dumped

order, but we think it is a very important to be powerful and influential so that you can get justice."

Her parents and other doctors

immediately took out long processions throughout Kolkata and threatened another sit-in movement. They quoted forensic reports that found the presence of at least four different types of DNA inside the victim's body. They also cited reports suggesting that the crime had inside the seminar hall. The family will move the higher court to challenge the order. The victim's body was found in a semi-nude condition inside the seminar hall of the Chest Medicine Department of the hospital in the early hours of August 9, triggering nationwide outrage.

Even as the medical fraternity

civil society, and the general public erupted in anger, promising a prolonged movement in the days to come, Chief Minister Mamata Banerjee - whose government primarily responsible by the victim's for destroying evidence and hushing up the case - promptly laid the blame at the Centre's door, calling it a failure of the central agencies that had been handling the case to ensure a death sentence for the convict.

"I am very upset... my party too is... we wanted the death sentence... All of us had the demanded death sentence, but the court has given a life term until death. The case was forcibly taken from us. Had it been with the Kolkata Police, we would have ensured that he was given a death sentence... We don't know how they conducted the investigation. In many similar cases that were probed by the State Police, the death penalty was ensured in a record time of 55 to 60 days recently... I am not with proceedings," the Minister said. Chief KUMAR CHELLAPAN ■ KOCHI

A court in Kerala on Monday sentenced a woman to death for the sensational murder of her boyfriend in 2022. Neyyattinkara Additional District Sessions Court also sentenced her uncle, Nirmalakumaran Nair, the third accused in the case, to three years of imprisonment.

The 24-year-old convict, Greeshma, had sought leniency in sentencing by citing her academic achievements, lack of prior criminal history, and the fact that she is her parents' only daughter. In its 586-page verdict, the court observed that there was no need to consider the convict's age and other circumstances over the gravity of the crime committed, according to the prosecutor.

The victim, Sharon Raj, was a BSc Radiology student and a native of Parassala in Thiruvananthapuram district. The court also observed that the convict conspired to operate the crime in

phases, she had a criminal background as she attempted to murder the youth earlier and tried to end her life after the arrest to divert the investigation, the prosecutor said. The trial court found Greeshma guilty

under Sections 364 (kidnapping or abducting to murder), 328 (causing hurt by poison), 302 (punishment for murder) and 201 (causing disappearance of evidence) of IPC. Her uncle Nirmalakumaran Nair was also

found guilty under Section 201 (causing disappearance of evidence), while her mother was acquitted due to lack of evidence.

The prosecution charge was that Greeshma, who was in a relation with Raj for more than a year, wanted to get rid of him as her family had fixed her marriage with a soldier. Although she asked Raj to

Convict Greeshma being taken to a hospital for medical examination after being sentenced to death by a Kerala court for the murder of her boyfriend in 2022, in Thiruvananthapuram

back off, the latter did not heed to her demand. This made her to bump him off. Accordingly Greeshma invited Raj to her house and administered him with a concoction laced with a lethal herbicide on October 14, 2022. She was helped by her mother, Sindhu and uncle, Nirmalakumaran Nair in destroying the evidence. After consuming the concoction Raj fell ill and breathed his last on October 25, 2022 following multiorgan failure. The poison consumed by him had resulted in irreversible damage to his liver, kidney and lungs.

AM Basheer, a short story writer in addition to being the Additional Aessions Judge at Neyyattinkara, described the murder as a rarest of rare case and the crime was executed brilliantly. "The leniency," said the judge while reading out the 580-pages long verdict. The case was investigated by the Crime Branch of Kerala Police and the charge sheet was submitted in 73 days.

The Kerala High Court has to ratify the verdict before the hangman gets ready with the noose. The verdict is based on circumstantial evidence and not on documentary evidence. Expressing satisfaction with the judgment, mother of the victim, Priya, told reporters that she was grateful to the court for issuing such an exemplary order. Special Public Prosecutor VS Vineeth Kumar, told reporters that the verdict was fully justified and the court observed that this case is falling under the rarest of

rare category. 'The court noted that the convict was a brilliant criminal who meticulously planned the brutal murder," he said. He added that despite Greeshma's belief that she could not be held guilty, the scientific investigation conducted by the probe team ultimately led to her arrest.

The court also rejected Greeshma's claim that she had no criminal background stating that she had attempted to poison Sharon by mixing paracetamol tablets into fruit juice. However, that attempt failed when he refused to drink it, citing its bitter taste, on 22 August 2022, the court noted. The court also observed that the woman's actions sent a harmful message to society and violated the sanctity of love, Kumar added.

Welcoming the verdict, D Shilpa, the then Superintendent of Police, who oversaw the probe, said it was a victory for the joint efforts of the police investigation team.

"We faced several challenges in various phases of the probe but the joint efforts by the officers helped in solving the case," she

# Uttarakhand to implement UCC on 26 Jan

PIONEER NEWS SERVICE ■ DEHRADUN/NEW DELHI

 $U^{\text{ttarakhand is all set to implement the}}_{\text{Uniform Civil Code (UCC) on the occasion}}$ of Republic Day making it the first State in the country. Sources said a cabinet meeting led by Chief Minister Pushkar Singh Dhami on Monday decided to start the process of enforcement of the UCC on January 26 as the cabinet also approved the rules under UCC as how to move ahead in the historic step. In fact last month the State government had

announced that UCC would be implemented in January and with municipal elections scheduled for January 23 the results of which would be declared on January 25, sources said the government is prepared to announce UCC implementation on Republic Day. "The mandatory communiqué in this regard will be given the Union Home Ministry sooner," said a senior government source. Set to become the first Indian state to roll out the

UCC, its rules manual includes provisions for tatkal registration, door-to-door services in remote areas and a state-wide mock drill on

The list of services provided on the portal includes registration of marriage, divorce, and live-in registrations, termination of live-in relationships, intestate succession and declaration of legal heirs, testamentary successions, appeal in cases where application is rejected, access to information, and complaint

After the meeting Dhami informed that preparations for implementing the UCC in the state are almost complete. "The training process for the UCC implementation is almost complete. During the cabinet meeting, we discussed implementing it as soon as possible. After reviewing everything, we will soon announce its implementation date," Dhami

Responding to a question, the chief minister change in the state. He added that his party had promised to bring UCC before the 2022 elections, and the process was initiated in the first cabinet meeting after assuming power. "We constituted an expert committee to draft the UCC, following which a bill was passed in the state assembly," he said.

The Governor and subsequently the President have given their assent to the bill, making it an Act. As Uttarakhand is set to become the first state in independent India to implement uniform laws for all its citizens, Dhami dismissed the Congress's allegations that UCC represents divisive politics, calling them baseless. "This is not any divisive politics. UCC has a uniform system and uniform law for all,"

According to officials, online portals have been developed for citizens and officials, featuring Aadhaar-based verification, translation services in 22 Indian languages, and data integration across more than 13 departments/services (e.g., bir registrations, district/high courts, etc.). birth-death

'The government has set separate fees for expedited registration under the Tatkal service. The registration and termination process for live-in relationships has also been simplified. Termination applications by one partner will require confirmation from the other partner. In testamentary succession, wills can be uploaded the portal for online registration, modification, revalidation, or revival," a statement from the state government read.

# TRUMP STRIKES BACK

President-elect Donald Trump takes the oath of office during the 60th Presidential Inauguration in the Rotunda of the US Capitol in Washington

PTI ■ WASHINGTON

Donald J Trump was on Monday sworn in as the 47th president of the United States, marking his remarkable return to power for a second term four years after he left the American capital as a pariah. The 78-year-old Republican leader storms back to the White House with strongman persona and a vision of an all-powerful presidency with a promise to

including immigration, tariffs and energy. Trump registered a spectacular victory over his Democratic

aggressively reset US policies

in a range of domains,

November 5 presidential election, defying assassination attempts, two presidential impeachments and his criminal conviction. Four years back, Trump had left Washington as a pariah in the face of his unsuccessful attempt to overturn the 2020 presidential election to stay in

office.

His victory in the bitterly fought election was widely acknowledged as the most momentous comeback in American political history. JD Vance was sworn in as the

vice president ahead of Trump. External Affairs Minister S Jaishankar attended

rival Kamala Harris in the inauguration ceremony as Prime Minister Narendra Modi's special envoy.

The inauguration ceremony was held indoors under the Capitol Rotunda against the initially planned outdoor venue in view of frigid temperatures in the US capital

The ceremony was attended by Trump's wife Melania, his daughter Ivanka and her husband Jared Kushner, and billionaires Elon Musk, Jeff Bezos and Tim Cook.

On the first day in office, Trump is expected to sign a slew of executive orders, including kicking off a process to end birthright citizenship.

# expands freebies to free-for-all Capital

Saumya Shukla II New Delhi

The BJP is set to broaden the **1** ambit of freebies in the national Capital by including male students and senior citizens in the existing free bus ride scheme for women by the AAP led Delhi government ahead of the high-octane Delhi

assembly elections. The BJP will release the second part of the Patra' 'Sankalp (manifesto) for the upcoming state polls on assembly Tuesday in the presence of former union minister Thakur. It is Anurag expected the second part will have three to five poll promises including free bus rides to women,

male students and senior citizens

and free 'clean drinking' water. There were speculations that the second part of the manifesto will also include 300 free units of electricity for households. However, party sources said that the BJP, which is vying to end its drought of not being in power in the national capital for more

than two decades, will wait for the ruling party to first announce its scheme regarding electricity bill and strategies accordingly if they want to increase the units. The AAP led Delhi government currently has a scheme that provides

electricity free up to 200 units for households In a bid to counter the AAP's free bus ride for women, which proved

BJP MP Anurag Thakur with Delhi party President Virendra Sachdeva addresses a press

to be an impactful scheme in the In one of its poll promises, AAP has last assembly elections in Delhi, the BJP is set to extend this ride to senior citizens above the age of 40 and students without any age

also announced free bus rides for male school and college students, along with a 50 per cent concession on Metro fares for all students, if his party is voted back to power.

The BJP will also promise 20,000 litres of free 'clean drinking' water. 'We are promising clean drinking water unlike the AAP that gives dirty water to the people. Hence, this will be different from AAP's scheme which provides water that is not fit to drink," a party leader said. The BJP has already released the first part of its manifesto on January 17. The party promised a monthly aid of Rs 2,500 to women, and Rs 21,000 to pregnant women in its manifesto for the Delhi assembly elections. It made a total of six poll promises in the first part of the 'Sankalp Patra'. Addressing the media, Thakur had

assured the people of Delhi that no existing freebies will be discontinued. After the release of the first part, South Delhi BJP MP and Chairman of the Assembly

Election Manifesto Committee Ramvir Singh Bidhuri said that there is a lot of enthusiasm among the people about the BJP manifesto. He said that only the first part of the manifesto has been released. The remaining two parts are also

being finalized and they will be released soon. The women of Delhi are very happy about the 'Mahila Samridhi Yojana' released in the first part of the BJP's manifesto. BJP workers are taking these announcements to every house. Women are especially thanking Prime Minister Narendra Modi," he said, adding that the women do not believe in the announcement made by AAP.

The second part of the manifesto will focus on schemes keeping women and youth in the focus

# **Farmers Call for Urgent Meeting** in Delhi, Postpone Jan 22's March

 $F_{ ext{Shambhu}}^{ ext{armers protesting at the}}$ Monday decided to defer their planned march (scheduled for January 22) to Delhi, calling for the Centre to hold an urgent meeting ahead of slated February 14 and shift the venue from Chandigarh to the national capital.

Sarwan Singh Pandher, coordinator of the Kisan Mazdoor Morcha (KMM), made an impassioned "request" to the Centre, highlighting the worsening condition of farmer leader Jagjit Singh Dallewal, who has been on a hunger strike for 56 days now. "The government must act now. Any further delay could endanger Dallewal's life," said Pandher, questioning the government's rationale for not advancing the talks.

"Dallewal's hunger strike will reach its 87th day by February 14. He is a senior citizen and a cancer survivor his condition is critical, and waiting this long is a risk we afford. cannot Government must advance the meeting and hold it in Delhi, where the stakes of this nationwide struggle can be properly acknowledged," said Pandher.

Dismissing the excuse of the Model Code of Conduct as a barrier, he added, "If the Eighth Pay Commission's announcements can be made

At the same time, Pandher also urged unity among farmer unions and called on the SKM (non-political) and Bharatiya Kisan Union (Sidhupur) leaders to encourage their chief, Dallewal, to end his hunger strike for the sake of his health.

Pandher said: "Regarding our plan to send another jatha 101 farmers towards Shambhu border on January 22, we have postponed it to January 26. We will be doing a tractor rally on January 26 and will take a call later about the jatha...Our struggle, however, will continue till the demands are met."

Notably, KMM and Sanyukta Kisan Morcha (nonpolitical) has been spearheading the Delhi Chalo Andolan since February 2024.

The ongoing farmers' movement, rooted in demands such as a legal guarantee of minimum support price (MSP) for crops and the withdrawal of legal notices against previous protesters, continues to adapt its approach.

Initially, the pan-India farmers' body — Samyukt Kisan Morcha (SKM) — had planned a nationwide gherao of MPs' residences on January 20 (Monday) to press their demands. However, after the Centre proposed a February 14

SKM urged farmers to send their demands via email and letters instead.

While the change in tactics reflected an openness to dialogue, Dallewal's hunger strike has amplified the urgency of the situation. Despite receiving medical assistance, Dallewal has refused to break his fast until the MSP guarantee law is implemented. Doctors monitoring him have expressed grave concerns about his deteriorating health, warning that survival on glucose and basic support alone may not be pos-

sible for much longer.

He also called on leaders from the SKM (non-political) and Bharatiya Kisan Union (Sidhupur) to convince Dallewal to end his hunger strike for the sake of his health.

Reports of internal disagreements surfaced after Dallewal accepted the Centre's February 14 proposal without consulting all union leaders. However, KMM and SKM (non-political) leaders have reiterated their shared commitment to the movement.

This is not just a regional issue; it is a national struggle," said KMM leader Kaka Singh Kotra, who also backed

calls for relocating the meeting to Delhi. He added, "The farmers' demands affect the entire country, and the venue should reflect that importance."

Senior SKM leader Abhimanyu Kohar revealed that union representatives had previously requested the Centre to advance the meeting, but were told that logistical con-straints related to Republic Day preparations prevented an earlier date.

Dallewal's critical condition has added a new dimension of urgency to the farmers' demands. Currently surviving on medical assistance, his health continues to decline, and his hunger strike has become a symbol of the movement's determination. Agriculture Minister Gurmeet Singh Khudian has also appealed to the Centre, urging the Union Agriculture Minister Shivraj Singh Chouhan to address the farmers' demands promptly.

The farmers' protest, ongoing at the Shambhu and Khanauri borders since February 2024, includes a 12point charter of demands ranging from MSP guarantees to compensation for losses due to unseasonal rains. Their decision to postpone the march to Delhi is a calculated move to focus on dialogue, but it comes with a warning — their strug-gle will not end until their demands are met.

The DGP, accompanied by Special DGP Internal Security RN Dhoke, ADGP Anti-Narcotics Task Force (ANTF) Nilabh Kishore, and ADGP Anti-Gangster Task Force (AGTF) Promod Ban, chaired critical law and order review meetings in Amritsar and Jalandhar. These sessions involved senior officers from the Commissionerates of Amritsar and Jalandhar, as well as Police Ranges from Border, Jalandhar, and Ludhiana. The review covered counter-terrorism initiatives, drug trafficking controls, and the containment of organized crime.

"Security arrangements were reviewed and suitable instructions have been given to maintain peace and harmony by ensuring police presence at all important places, intensify domination operations and other preventive and detective measures ahead of Republic Day celebrations," said DGP Yaday, adding that comprehensive security arrangements are being enforced to maintain peace and harmony ahead of Republic Day.

He said that Police presence has been reinforced at key locations, and night patrols are being conducted to preempt any potential threats. He emphasized that additional police forces tricts, to maintain vigilance and thwart any disruptive activities.

DGP Yadav instructed all Commissioners and Senior Superintendents of Police (CPs/SSPs) to monitor suspicious activities closely and take decisive action against any security breach es. "Officers have been mandated to act firmly against anyone breaking the law. Immediate FIRs should be registered against individuals found indulging in violent or unlawful activities," he asserted. Key measures include increasing checkpoints across districts, maximizing vehicle inspections, and enhancing scrutiny at border crossings. These actions are aimed at curbing criminal and terrorist activities. To further bolster security, the DGP emphasized the need for issuing Look Out Circulars (LoC), Red Corner Notices (RCN), Open Arrest Warrants, and Blue Corner Notices (BCN). He also directed the preparation of extradition proposals to bring wanted criminals hiding abroad back

## **High Court orders fresh** Chandigarh mayoral polls post January 29

PNS CHANDIGARH

The Punjab and Haryana The Punjan and Tanyaman High Court on Monday set aside elections scheduled for Mayor, Senior Deputy Mayor, and Deputy Mayor in Chandigarh, which were to be held on January 24. The Bench of Justice Sureshwar Thakur and Justice Vikas Suri ordered that the elections be conducted after January 29 as the tenure of the current mayor, Kuldeep Kumar, continues till that date. The notification for the same could be issued prior to January 29.

The decision was issued in response to a writ petition filed by Kuldeep Kumar represented by Senior Counsel Gurminder Singh. The Court found merit in the argument that conducting elections before the completion of the incumbent mayor's tenure would be legally untenable. The court also directed the Chandigarh administration to consider the use of the "show of hands" method for voting during the elections, while referring to concerns regarding transparency and fairness. The administration was also directed to ensure videography of the entire election process enhanc-ing accountability. The Aam Aadmi Party (AAP) had earlier approached the high court, seeking directions for the Chandigarh administration to ensure transparency in the mayoral polls. AAP's councilor from ward number 25 filed the petition demanding, among other things, that voting be conducted by "show of hands" instead of the secret bal-

Harpreet Babla is BJP's Mayor candidate

Even before the announcement of the next hearing date, the Congress and the BJP have declared their candidates. The BJP's mayor candidate is Harpreet Babla, while Bimla Dubey has been nominated for senior deputy mayor and Lakhbir Singh for deputy mayor. As for the Congress, the candidates for senior deputy mayor and deputy mayor are Jasbir Bunty and Taruna Mehta. respectively. They submitted their nominations to the secretary of the Chandigarh Municipal Corporation on Monday. Talking to reporters, Congress president H S Lucky "We submitted our nominations before learning about the new poll date. Regardless, our nominations will remain

date on Mayor post after new elections schedule declared

Talking to 'The Pioneer' Senior Chandigarh AAP leader SS Ahluwalia said that no decision has been taken regarding the name of candidate for the post of mayor. No meeting has been held with the Congress party on this issue so far. Party will take a decision regarding the name of the candidate for mayor post after the new election schedule is declared. He accused BJP lead-

ers of putting pressure on UT Administrative officers over mayoral election issues. All the issues related to election should not be decided by the Court. UT officers should be allowed to function independently to conduct the election free and fair and transparently. Sources said that AAP-Congress alliance have delayed to declare the names to minimise internal tussles as much as possible. In AAP, the contest is between the names of municipal councillors Prem Lata, Anju Katyal, and Jaswinder Kaur. Sources further said that on Sunday, Congress and AAP senior leaders have also held discussions to ensure their alliance's victory for the second time in a row. Many other senior leaders including Rajiv Shukla were present in the meeting. Both the parties dis-

cussed the name of the joint candidate for the post of Mayor. In Chandigarh, the elections for the three municipal posts are held annually in December end or first week of January. According to the rotation system, the first term is reserved for a woman candidate from general category, the second is for any candidate from general category, third for a candidate from Scheduled Caste category, fourth for a woman candidate from general category and fifth for general category. Seats for the senior deputy mayor and deputy mayor are not reserved.

The AAP has a sitting mayor in the Chandigarh Municipal Corporation House with the support of the Congress. This time also, the AAP has decided to continue with the arrangement. Currently, the INDIA bloc (AAP and Congress) commands 21 votes in the MC House — 13 from AAP, seven from Congress and one ex-officio vote of MP Manish Tewari. In contrast, the BJP has only 15 votes and is relying on crossvoting or defection of INDIA bloc councillors to tip the balance in its favour.

The City's Mayor election is always a high-stakes affair, as it is decided not by the public, but by elected councillors, including the Member of Parliament (MP). This time, Congress holds the MP vote, meaning that instead of BIP's Kirron Kher, Congress MP Manish Tewari will cast the crucial vote. With political alliances in flux and the specter of cross-voting hanging over the election, the outcome remains uncertain. For the past AAP-Cong alliance eight years, the BJP has domi-Chandigarh. The mayoral polls held on January 30, 2024, were marred by allegations of misconduct by BJP councillors and presiding authority Anil Masih. After the case reached the Supreme Court and it made adverse observations, the elected BJP mayor, Manoj Sonkar, resigned. The AAP-Congress alliance candidate Kuldeep Kumar was later declared the winner. Now, all eyes will be on the Chandigarh Mayoral poll to see which party ultimately prevails in this battle for power.

## **BRIEFS**

BJP will form Govt in Delhi with full majority: Haryana Chief Minister

Chandigarh: Haryana Chief Minister Nayab Singh Saini on Monday said that the people of Delhi have made up their minds in favour of the Bharatiya Janata Party (BJP). Under the leadership and guidance of Prime Minister Narendra Modi, the BJP is poised to form a government with a full majority in the upcoming assembly elections scheduled for February 5. He further emphasized that the people of Delhi are determined to show the AAP government the way out, which has been misleading them with false promises. Saini was interacting with the media persons after the sixth Pre-budget consultation with women for the Budget 2025-26, held in Panchkula.

Above-normal minimum temperatures in Punjab,

Chandigarh: Punjab and Haryana recorded above-normal minimum temperatures on Monday and several parts of the two states witnessed fog. In neighbouring Haryana, Ambala recorded a minimum temperature of 12.4 degrees Celsius, five notches above normal. Hisar recorded a low of 9 degrees Celsius, Karnal 9.8 degrees Celsius, Narnaul 6.3 degrees Celsius, Rohtak 11.4 degrees Celsius, Bhiwani 8.5 degrees Celsius, Sirsa 9 degrees Celsius and Faridabad 13.7 degrees Celsius. Chandigarh, the joint capital of the two states, recorded a low of 11.8 degrees Celsius—four notches above normal.

Govt focused on equal development for all regions: Hry Minister

Chandigarh: Haryana Agriculture and Farmers' Welfare, Fisheries, and Animal Husbandry Minister Shyam Singh Rana on Monday emphasized the Haryana government's commitment to the equal development of all regions during his thankyou visit to several villages in the Radaur Assembly constituency. He highlighted the government's continuous efforts to imple-

ment policies benefiting every section of society.

Hry Chief Secretary reviews various schemes with Secretaries

Chandigarh: Haryana Chief Secretary Vivek Joshi has called for the effective implementation of the Special Swachhta Campaign, running from January 1 to January 31, 2025, to promote cleanliness and hygiene across the state. Joshi emphasized the importance of thorough reviews of central government schemes to ensure full utilization of funds for development and welfare. Reviewing various schemes with the administrative secretaries, Joshi reviewed the state's cleanliness initiatives, underlining the campaign's role in enhancing office efficiency and proper record maintenance. He highlighted the alignnent of this campaign with the broader Swachh Bharat Mission ed by Prime Minister Narendra Modi and spearheaded in Haryana by Chief Minister Nayab Singh Saini. The Chief Secretary stressed the need to accelerate the adoption of e-office systems to streamline government operations. He directed Administrative Secretaries to prioritize the digitization of records to improve communication, reduce delays, and enhance productivity.

Old vehicles to be scrapped and recycled in Haryana: Minister

Chandigarh: Haryana government on Monday notified the Vehicle Scrappage and Recycling Facility Incentive Policy 2024 registered in the state. The initiative will enable proper disposal and recycling of old vehicles while promoting environmental sustainability through reduction of pollution. Industries and Commerce Minister, Rao Narbir Singh said that after the NGT fixed the passing limit period of 10 years for old diesel vehicles and 15 years for petrol vehicles in the National Capital Region (NCR), the number of condemned vehicles is continuously increasing and in view of this, the Haryana government has taken this decision. He emphasised that this initiative of the government will enable vehicle parts, recycling and reuse contributing to both environmental protection and economic growth. Vehicle owners will also get financial benefits, and the public will get relief from parking condemned vehicles on roads, streets and other public places, said the Minister.

Haryana sets timeframe for issuing temporary &

Chandigarh: The Haryana government has set the time limit for issuing temporary connections, new connections, or additional load under the Right to Service Act, 2014 for LT supply, excluding the Agriculture Pumping (AP) category. Chief Secretary Vivek Joshi has issued a notification to this effect. Now, temporary connections, new connections, or additional load will be issued within 3 days in metropolitan areas, 7 days in other municipal areas, and 15 days in rural areas from

the receipt of complete applications, fees, and documents. No new recruitment in 100 days of BJP Govt in

Chandigarh: Reacting on completion of 100 days of BJP government, former Chief Minister Bhupinder Singh Hooda on Monday said that the Government has also proved to be a failure on every front, like the previous two terms. He said that Harvana, which was number one in per capita income, per capita investment and employment before 2014, has been made number one in unemployment, inflation and crime by the BJP. Today no person feels safe in the state. Talking to journalists. Hooda said BJP came to power by promising to provide 2 lakh permanent jobs, but after the formation of the government, no new recruitment was done. "On the contrary, the retrenchment of employees engaged under Kaushal Rozgar Nigam has been started. Instead of providing employment, the government is

busy snatching employment," he said.
Parliamentary panel takes stock of Swachh Bharat Mission in Chandigarh

Chandigarh: A parliamentary Standing Committee led by Magunta Sreenivasulu Reddy, Chairperson of the Parliamentary Standing Committee comprising other members from Lok Sabha and Rajya Sabha on Monday visited various flagship Mission projects including Swachh Bharat Mission, AMRUT and Smart City. The delegation comprising Lok Sabha and Rajya Sabha members and accompanied by members of the committee and the ministry executives was very happy with cleanliness being maintained in Chandigarh. The delegation visited the construction and demolition plant at industrial area, where the delegation was apprised by the officials of MC Chandigarh that there are total 22 C&D waste collection centers, where the C&D waste collected and transported to the processing plant for its 100 percent recycling to make various products including aggregates of different sizes i.e. 10mm, 20mm, 40mm and recycled washed sand & silt.

Himachal Govt giving special impetus to sports in state: CM Sulbur

in state: CM Sukhu

Shimla: Chief Minister Sukhvinder Singh Sukhu while travelling from Dharamshala to Manali made a brief stop at Dohag helipad in Jogindernagar due to unfavorable weather on Monday. During the halt, he played cricket with local children and boosted their morale and promoted

the spirit of sportsmanship amongst them. Sukhu said that the present state government was giving special emphasis to encourage sports in Himachal Pradesh as it not only keeps the youth physically fit but also inspires them to stay away from drugs. He proceeded to Kangnidhar helipad in Mandi and continued his journey by road to Manali.

# Hry CM holds pre-budget discussion with women representatives

PNS CHANDIGARH

Haryana Chief Minister Nayab Singh Saini on Monday held a pre-Budget discussion with women of various fields and said the government's goal is to ensure women become key contributors to the nation's develop-

He expressed confidence that the suggestions provided by women would play an important role in further empowering and strengthening women in the upcoming bud-

A total of 35 women, playing leading roles across various fields, participated in the prebudget consultation and shared their suggestions with the Chief Minister. The women who contributed ideas included Anganwadi workers, members of self-help groups, Drone Didi, Lakhpati Didi, representatives from NGOs, progressive women farmers, and women entrepreneurs. In addition, young women from Haryana who took part in the Prime Minister's Vikasit Bharat Young Leaders program in New Delhi

also shared their valuable suggestions. Saini said that to realize the concept of an inclusive budget, the state government is actively seeking suggestions from various sections of society and the best suggestions received will be incorporated into the state government's budget. He mentioned that, for the first time, the state government has introduced a system where residents can submit budget-related suggestions online from the comfort of their homes. A dedicated

portal has been created for this

important suggestions shared by women during today's pre-budget consultation will be included in the upcoming budget. He added that thousands of suggestions have already been received through prebudget consultations with representatives from various sectors across the state. He will soon hold pre-budget discussions with industrialists in Faridabad and representatives from the textile industry in Panipat. Prior to this, similar

consultations were held with

stakeholders in Gurugram and

Hisar. The Chief Minister said that the government is fully supporting and assisting women in their endeavours. Whether it's the launch of the Drone Didi initiative or the establishment of Sanjha Bazaars, the government is dedicated to empowering

He said that last year, it was suggested that a market for working women be created, allowing them to earn income by selling their products and becoming self-reliant. In response to this, the state government announced the Sanjha

Bazaar scheme in the 2024-25 budget. Under this initiative, a Sanjha Bazaar has already been launched in Karnal, and similar markets will soon be opened in Yamunanagar and Fatehabad. In addition, Atal canteens have been set up in the mandis of the state, which are being successfully managed by women.

He mentioned that the current state government has developed a roadmap to ensure that girls do not face any barriers in pursuing higher education. As part of this initiative, a women's college has been established every 20 kilometers. Additionally, a pink bus service has been introduced to safely transport female students.

Announces establishment of Horticulture College and Hockey AstroTurf in Naraingarh

In another event in Naraingarh, to boost education and sports infrastructure in the region, Saini announced the establishment of a Horticulture College and Hockey Astroturf Stadium in Naraingarh. The college will be affiliated with Maharana Pratap Horticulture University, Karnal, and is

expected to provide worldclass education and research opportunities in the field of horticulture to the youth of the Announcing the installa-tion of a Hockey Astroturf at

Badagarh stadium, he also stat-

ed that high-mast lights will be

installed to ensure hockey players can continue their practice sessions even after evening. Addressing the gathering, he announced that the state government will review the physical report of 'Naraian Talab' and submit it to the Pond Authority to ensure its renovation and restoration. He also declared the four-

laning of the road from Patarheri to Shahzadpur Naraingarh. To improve local infrastructure, the CM allocated Rs 10 crore for the repair and renovation of PWD roads in the constituency.

**Hockey Astro Turf to be** constructed in village Badagarh, Ambala

Saini, while speaking at the Haryana Kabaddi Khel Mahakumbh event held in village Badagarh, Ambala district, announced the construction of a Hockey Astro Turf at the Badagarh Sports Stadium. The project, valued at Rs. 14 crore, will also include the installation of floodlights at the stadium. In addition, Rs. 5 crore will be spent for the renovation of sports stadiums in village Laha and Village Bichpadi.

Whereas, my client TDI Infratech Ltd, having office at SCO 678-679, 200 ft International Airport Road, TDI City, Sectors 116-119, SAS Nagar, (Mohali), Punjab, had made allotments of a fev commercial units in the projects South Ex - 2 situated at TDI City, Mohali, Punjab (RERA Number PBRERA-SAS81-PC0150), against the advance registration amount and upon signing of company's application forms containing terms and conditions of the allotment. Whereas, it has come to the notice of my client that the below mentioned persons to whom allotment of their respective commercial unit was made in the aforementioned project at TDI City, Mohali, Punjab, have failed to adhere to the payment schedule as mandated by terms and conditions of the allotment. My client sent several reminders and intimation letters to the below mentioned defaulting allottees but to no avail. The said allottees, despite being fully aware that non adherence to the payment schedule would result in the cancellation of allotment of their respective unit, have failed to make timely payments. Therefore, by virtue of the above, the below-mentioned allottees of the commercial units are requested to clear their entire outstanding dues within 15 days of the publication of this public notice. If the below mentioned allottees fail to deposit the outstanding amount within the stipulated period of time, my client shall be constrained to cancel the allotment of their respective commercial units as per its company policy. The General Public is hereby advised not to deal in the below mentioned commercial units or enter into any dealing or negotiations with the below mentioned allottees regarding the said ommercial units. If anyone does so, it shall be solely at their own risk and responsibility with no liability, whatsoever, of my client company.

ISRO'S space docking underscores the nation's technical prowess and sets the stage for future space explorations

■ ndia's space programme, spearheaded by the Indian Space Research Organisation (ISRO), has achieved yet another landmark with its first successful space docking experiment. This milestone represents a pivotal moment in the nation's space exploration journey, further cementing ISRO's reputation as a key player in global space technology. Space docking is the process of two spacecraft connecting in orbit, enabling the transfer of crew, equipment, or fuel. It is a critical technology for advanced space missions, including the construction of space stations, in-orbit servicing and interplanetary travel. The ability to dock spacecraft is a benchmark for spacefaring nations, signifying their capability to perform complex operations in space. ISRO's docking experiment involved two small, indigenously developed spacecraft launched into orbit. The mission demonstrated autonomous manoeuvering, where the spacecraft approached each other, aligned precisely, and successfully docked while orbiting Earth at high speeds.

The operation required intricate planning and the development of cutting-edge technologies such as precision navigation, control systems, and robotic mech-

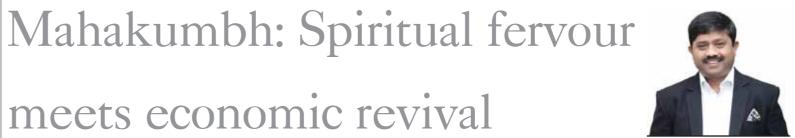

This docking experiment lays the groundwork for India's ambition to develop its own modular space station, a project slated for the next decade. Space docking technology is critical for future missions to the Moon and Mars. It facilitates the assembly of larger spacecraft in orbit and supports refueling and crew transfer, essential for long-duration missions. Mastery of docking technology positions India as a potential partner for international projects, such as the Lunar

Gateway or other collaborative space station endeavours. The success underscores ISRO's ability to innovate and develop sophisticated technologies domestically, reducing reliance on external support. Executing a docking manoeuver is no small feat. ISRO had to address multiple challenges, including developing highly accurate navigation and control systems capable of autonomous decision-making. Ensuring synchronisation of two spacecraft traveling at speeds exceeding 28,000 km/h. ISRO's successful space docking marks a critical step forward in India's space aspirations. It aligns with the organisation's vision to expand its presence in low Earth orbit and beyond. The achievement also inspires confidence in India's space capabilities as the nation eyes ambitious goals such as the Gaganyaan human spaceflight mission, lunar exploration, and interplanetary ventures. The international space community has lauded ISRO's accomplishment, recognising it as a significant technical breakthrough. It reaffirms India's position as a rising space power, capable of undertaking challenging and high-stakes missions. As the nation continues to push the boundaries of what's possible, this milestone serves as a foundation for even greater achievements in the years to come. With every new stride, India moves closer to its dream of being a leader in the final frontier.

meets economic revival

This edition of Mahakumbh is not only the world's largest religious congregation but also a showcase of Uttar Pradesh's evolving economic prowess and cultural magnificence

ver 3 crore devotees, both national and international, taking a holy dip on the debut day of Mahakumbh in Prayagraj, has just validated what we have been saying for the past several months. In terms of scale and grandeur, this edition of Mahakumbh would not only be the largest religious congregation on the planet. But it would also remain unmatched for a very long time. We estimate that it will eventually have around 400 million visitors (more than double the previous edition). But won't be surprised if the actual number exceeds our expectations, by a modest margin. Elaborate arrangements would be an under-

A more apt term would be epicscale preparations. Yes, this is what went into this grand event which we would like to be remembered forever. The UP government had sanctioned more than 540 projects to create worldclass amenities at an estimated expenditure in the vicinity of Rs 7,000 crore. You go to the site and you will notice a sprawling new city (covering 4,000 hectares) has been set up which has over 1.5 lakh tents and all basic amenities including advanced medical centres and distinct pockets for busi-

There is hardly any name (big or small) in the consumer-facing business that you will find missing in action at the holy site serving the devotees with their offerings. On a cumulative basis, we are expecting a generation of economic activities worth Rs 2 lakh crore or over \$24 billion which is simply staggering. The security architecture created

for this mega event is powered by artificial intelligence (AI), which is an added feature. Our objective has been simple. We wanted to create a site that would be the best possible amalgamation of religious fervour of the highest order and modern amenities of the best class. And from the initial response of the visitors, we seem to have succeeded to a large extent. It would de no exaggeration to say that we have spared no effort in ensuring that this grand religious event assumes an the turnaround in the state's unmatchable character. We have been working quite hard in reviving the state's economy since 2017 trying to put it in the leader's club ( among states) in the country. There has been a slew of policy and regulatory interventions which have delivered positive results. We are the third largest economy (statewise) which has an impressive share of over 8 per cent in the national GDP. The annual growth of the state's economy in the last seven-eight years has been to the tune of 11 per cent, among the highest in the country. Despite being a landlocked state, we have a share of around 5 per cent in the national exports which has facilitated our defining Marketing Development Assistance scheme.

This year, we will be announcing a new export policy that will take into consideration the new business opportunities (for the next five years) emerging from a far superior infrastructural base. We today have the largest rail network in the country, 38 per cent expressways' share of the national

Further, seven new airports are under construction including the world-class Jewar Airport which will be unveiled soon. To energise grassroots economies, one of our major initiatives has been: the onedistrict-one-product scheme. Launched in 2018, this scheme seeks to identify the specific USP product of 75 districts and help the local stakeholders take that business to the next level with all-round support (training to marketing) from government agencies. Since the inception of the scheme, we have supported over 1,33,472 artisans across the state. The efforts to give a decisive rejig to the state economy have considerably paid off, propelling us to commit to further pushing our growth momentum and becoming a \$1 trillion economy in the notso-distant future. This is the core objective of our economic salvation route, which we have been pursuing for quite some time. And I am quite confident, that the visitors to Mahakumbh this time, will also have a sufficient glimpse

# Sparking smile: Lessons from a children's elocution competition

From innovative tech-based ideas to timeless acts of kindness, the young participants presented thoughtful solutions that left me inspired about what truly makes us happy

ast week, I had the privilege of being on the elocution competition for students, with the topic 'The Perfect Solution to Make People Smile More.' It was an intriguing subject-one very close to my heart-because I am the kind of person who smiles a lot. A lot more than people sometimes care to respond to or reciprocate. On the street, in the metro, in the building gallery, during my walk-almost anyone I can get eye contact with, whether stranger or friend, gets a smile. It is the most inexpensive gift I can offer, regardless of whether it is valued or not. It's a heart-felt gesture that could be the very thing someone needs to make their day. The children who participated came up with some remarkable ideas-everything from making a smile a commodity that fetches monetary rewards or other tangible benefits to evoking emotional points that deeply resonated with the empathy in me. Given that the contest was called "Pitch Perfect," the students brought forth many innovative concepts to make

people smile, many of which

It was fascinating to imagine how new-age devices could inspire smiles, but I couldn't help wondering-do we really need tools and gadgets to smile? Can't we simply find natural reasons for it? Can't we create genuine moments that make people's eyes crinkle at the corners authentical-

Às I waited for those ideas to unfold, I felt a gentle discomfort with the implicit belief that nothing happens these days without gadgets. But then came a few gems that emphasised the importance of compassion, empathy, and kindness as part of our daily lives-powerful ingredients for sparking smiles. This is what I want the younger generation to embody-an attitude that encourages them to be better people each day, spreading tion my belief that schools

smiles through simple acts of kindness, rather than relying solely on innovations. I was deeply moved by what

some of the children shared. When I asked one young participant what act of kindness he had done that day to make someone smile or brighten their day, his answer was simple yet profound: "I told my mother how yummy the breakfast was, and it made her very happy. My takeaway from the expe-

rience was this: the new generation is competitive, full of energy to beat the odds and rise to the top in life. But it is also brimming with humaneness and rationality, qualities nurtured by the guidance of teachers, parents, and mentors. As they navigate the pressures of becoming super achievers, they still understand that the roots of happiness and peace lie in kindness and compassion. As is my habit, I often ask my students if they enjoy going to school and, if so, why. The answer I invariably hear is they like school not because of what they learn in class, but because of their friends. This

sometimes makes me ques-

and universities should be temples of learning-platforms for young minds to ignite and

Their answer also makes me wonder if there's more to be desired in how we mould our students. Have we focused too much on academic excellence at the cost of soul-nurturing education? Perhaps we need to spend less time teaching children skills to thrive in a competitive world and more time preparing them to be compassionate, kind-hearted individuals who bring joy to those around

them. This competition, with all its innovation and spirited energy, reminded me that the most profound solutions to making people smile often lie in the simplest of acts: a word of appreciation, a compliment, a smile shared.

As we look toward a future increasingly driven by technology, let's not lose sight of what makes us truly human. It's the little things that have the power to make the world a little brighter.

Madam — The dispute between the Tamil Nadu government and Governor Dr RN Ravi over vice-chancellor appointments has reached the Supreme Court. On January 17, 2025, a bench led by Justices JB Pardiwala and R Mahadevan intervened, stating that the matter would be resolved by the next hearing unless the parties reached an agreement. The Tamil Nadu Government has filed writ petitions accusing the Governor of delays and non-compliance with constitutional duties. The court has scheduled the next hearing for next Wednesday, signalling its readiness to resolve the deadlock. This conflict echoes previous legal cases on gubernatorial powers in university appointments.

În The Chancellor, University of Kerala vs Governor of Kerala (2017), the Supreme Court affirmed that while the Governor holds discretionary powers in such appointments, consultation with the state government is crucial. Similarly, the 2019 West Bengal VC appointment case emphasised state autonomy in these matters, reinforcing the need for cooperation between the state and the governor. External Affairs Minister Dr S Jaishankar, in his Nani Palkhivala Memorial Lecture, highlighted the importance of constitutional morality and the role of advisors in governance. His remarks, though not directly related to the Tamil Nadu case, underscore the significance of upholding constitutional norms. The Supreme Court's involvement could clarify the limits of gubernatorial power, setting a precedent for future state-governor conflicts. This case tests the balance between state autonomy and the governor's constitutional duties, with far-reaching implications for governance.

## THE TRANSFORMATIVE **ROLE OF EDUCATORS**

Educators serve as mentors and guide, empowering students to become responsible citizens

SAKSHI SETHI

ducation is not merely the transfer of knowledge. It is the shaping of minds, the fostering of growth and even more the cultivation of potential. As educators, the role extends far beyond delivering lectures or grading assignments. It encompasses mentoring, inspiring and empowering individuals to become critical thinkers and responsible citizens. Reflecting on our roles allows us to embrace our responsibilities more consciously and adapt to the evolving needs of learners and society. In contemporary education, the role of the educator has shifted from being the sole source of knowledge to a facilitator of learn-

This transition underscores the importance of guiding students to explore, question, and construct their understanding. It is about creating an environment where students feel safe to express their thoughts, make mistakes and grow from them. The role of an educator becomes especially significant when working with board students. When talking about them, the educator's primary responsibility is to ensure a strong understanding of the curriculum, including breaking down complex concepts, identifying and addressing knowledge gaps and providing effective study strategies.

Beyond teaching content, educators must help students develop time management and exam techniques to perform confidently under pressure. The role demands subject expertise and a keen awareness of the examination format and trends. Today, the modern educational landscape for board students includes challenges such as increasing competition, societal expectations, and the rapid integration of technology in learning. Educators need to stay adaptable, leveraging digital tools

to make learning engaging and accessible by recognising diverse learning styles employing strategies to meet those needs, and ensuring that every student feels included and valued. Additionally, acknowledging the diverse learning needs of students and personalising instruction whenever possible is also crucial for ensuring their success. There is no denying that students are at a critical juncture in their academic journey, preparing for examinations that often determine their future educational and career paths. Reflecting on our roles as educators in this context reveals the need for a balanced approach that combines academic rigour, emotional support, and life-skill development.

One of the most vital roles of an educator is to be a lifelong learner. Education is a dynamic field, and staying updated with pedagogical advancements, cultural shifts, and technological innovations is essential. This commitment to personal growth will not only enhance teaching effectiveness but will also model the value of continuous learning for students. Teaching values such as critical thinking, collaboration, and adaptability prepare students for challenges beyond the examination hall. It is essential to emphasise that education is about equipping them with skills for life, not just marks on a report card. Reflecting on our roles as educators highlights the immense responsibility and opportunity, we have in shaping young lives. It requires academic expertise, emotional intelligence, and unwavering dedication. By nurturing not just the intellect but also the spirit of our students, we as educators can guide them toward success in their exams and, more importantly, in life. By embracing our multifaceted roles with passion and purpose, we can create transformative experiences for our students and leave an enduring legacy of knowledge and wisdom.

# How skill-based degrees are redefining India's future

By aligning with industry needs and empowering individuals with practical expertise, the nation is paving the way for a more inclusive and dynamic workforce

ndia's education system is undergoing a quiet revolution. As the global job market evolves, the emphasis on traditional degrees gives way to skill-focused education tailored to the demands of a dynamic economy. A prime example is the introduction of degree courses in salons, spas, beauty parlours, and other vocational domains. These courses signify a paradigm shift in how we perceive education, employment, and entrepreneurship in 'Viksit Bharat.' This development addresses critical challenges. It aligns with the growing aspirations of India's youth, caters to burgeoning private sector industries, and equips individuals with skills for self-employment, entrepreneurship and opportunities abroad

Growing Demand for Vocational The global wellness industry, valued at

over \$4 trillion, continues to expand, with India emerging as a key player. The beauty and wellness sector alone is projected to grow at a compound annual growth rate (CAGR) of 18 per cent over the next five years. The personal grooming industry demands nearly 1.3 million professionals annually, significantly surpassing the 3-4 lakh jobs the software industry adds yearly. This boom has created immense demand for skilled professionals, from hairstylists and spa therapists to salon managers and beauty wellness consultants. Recognising this, regulatory bodies like the UGC and AICTE have integrated skills courses into the education system. Indian universities now collaborate with training institutes to offer structured programmes like the Bachelor of Science (BSc) in Beauty and Wellness. These programmes cover skincare, makeup artistry and salon

management. Other universities offer diplomas and degree programmes in wellness and hospitality sectors, designed with industry leaders. Globally, institutions such as the London College of Beauty Therapy (UK) and the Australian Academy of Beauty Dermal and Laser offer worldclass programmes. These courses adhere to international standards, providing globally recognised certifications that enhance employability abroad.

BEAUTY WELLNESS **SECTOR** ALONE IS **PROJECTED** TO GROW COMPOUND

**GROWTH RATE** (CAGR) OF 18 PER **CENT OVER** THE NEXT FIVE YEARS Parity Between B Voc and BSc

An essential aspect of this transformation is recognising the equivalence of Bachelor of Vocation (B Voc) and Bachelor of Science (BSc) degrees. While BSc focuses on academic learning, B Voc emphasises hands-on, industry-relevant training. Recent policy reforms place these degrees on par, ensuring vocational education is no longer seen as secondary but as an equally credible academic pathway. This parity allows B Voc graduates to access the same opportunities as BSc graduates in employment, higher education, or competitive exams. It underscores the value of skills and practical expertise in driving economic growth. Recognition of Prior Learning (RPL) and National Credit Framework

Recognition of Prior Learning (RPL) further strengthens this integration. RPL allows individuals to earn formal recognition for previous informal training or work experiences.

When aligned with the National realt Framework, creaits earned in schools, vocational training institutions, or universities become seamlessly transferable across sectors. This fosters flexibility in education, empowering individuals to personalise their learning journeys and reduce redundancy. By integrating RPL with skillbased programmes, India's education system becomes more inclusive and adaptable. Employment Entrepreneurship Opportunities Skill-based degree programs unlock diverse career

1. Private Sector Jobs: Luxury wellness brands, fitness chains, and beauty franchises seek trained professionals. Graduates can secure jobs in high-end spas, salons, and wellness centres with lucrative salaries and career

pathways:

empower entrepreneurial indi-

viduals to establish businesses. Graduates can run boutique salons or offer personalised wellness services, catering to niche markets. **3. Government Jobs:** Recognising vocational degrees has expanded opportunities in government roles. Graduates are eligible for positions in wellness centres and initiatives under schemes like Skill India and PMKVY (Pradhan Mantri Kaushal Vikas Yojana).

4. Global Opportunities:
Programmes often include internationally recognised certifications, enhancing employability abroad. For instance, graduates from LCBT in the UK find opportunities in European markets, while Australian academy-trained professionals thrive in Asia-Pacific

regions. Breaking Stigmas Around Vocational Careers Vocational careers have long been

viewed as secondary options. Introducing structured degree programs challenges these stereotypes. Formal education in salons, spas, and beauty parlours comdines technical skills, dusiness acumen, and industry exposure, positioning these professions as aspirational.

This shift is especially empowering for women, who form a significant portion of the workforce in these fields and now gain access to recognised qualifications that enhance professional credibility. Challenges in Implementation India's higher education system, often criticised for being theoryheavy, struggles to improve practical skill sets. Initiatives like the National Education Policy (NEP) 2020 and platforms like SWAYAM aim to modernise education, but challenges remain:

Quality Assurance: Maintaining high standards and industry relevance requires collaboration with established industry

2. Self-Employment and 2. Awareness: Many students and

opportunities, favouring traditional careers. Awareness campaigns are crucial.

3. Infrastructure and Faculty: Vocational education requires specialised infrastructure and trained faculty. Institutions must invest in state-of-the-art facilities and continuous professional development for educators.

Recognition **Accreditation:** Further integration into academia and government recruitment processes will enhance vocational degrees' credibility. Vision for the Future

Skill-based degree programmes signify societal reform, recognising youth aspirations and aligning education with market realities. By formalising careers through structured courses, India creates a skilled and confident workforce. These reforms reflect a commitment to inclusivity, providing pathways for diverse socio-economic backgrounds to pursue rewarding careers.

India is on the brink of an educational revolution. Skill-based degrees in fields like salons, spas, and beauty parlours redefine edu cation. These programmes bridge the gap between aspiration and opportunity, equipping students with skills to thrive globally. As these initiatives gain momentum, scaling them, ensuring quality, and destigmatising vocational careers are imperative. With parity between B Voc and BSc degrees and the integration of RPL into the National Credit Framework, India's education system is transforming into a flexible and robust framework. These changes will meet today's demands and shape a prosperous future for the nation.

# Balancing rights and order: Innovations in protest management

Protests are the lifeblood of democracy. For law enforcement, it must carefully balance between public safety and democratic freedoms

**⊣**housands of people gather, holding banners and chanting slogans, their voices echoing through the streets. For law enforcement, these aren't merely demonstrations but skill, strategy, and restraint tests. Managing protests today demands more than enforcing law and order; it requires innovation, preparation, and

Reflecting on this evolving role, a senior officer once remarked, "Our goal isn't to silence dissent but to ensure it unfolds safely for everyone involved. Effective protest management is about enabling expression while maintaining peace." This philosophy increasingly shapes how law enforcement approaches public demonstrations globally

and in India. Dialogue Policing:

Dialogue policing, extensively practised in Sweden and Norway, prioritises proactive communication between police and protest organisers. Liaison officers meet organisers before demonstrations to discuss routes, safety measures, and mutual expectations. This approach fosters

before they arise. Indian police have applied similar strategies during political rallies and cultural events, engaging community leaders to ensure peaceful outcomes.

Leveraging Technology:

Technology is transforming protest management globally. In countries like Singapore and South Korea, drones with high-resolution cameras monitor crowd density and movement, while artificial intelligence (AI) tools analyse data to predict potential flashpoints. This enables law enforcement to allocate resources proactively and prevent crises. Indian police are increasingly adopting these tools. Drones were deployed during the farmers' protests and other large-scale events, offering real-time montrust and de-escalates tensions itoring of crowd dynamics.

Social media monitoring cells track misinformation and narratives, enabling swift corrective measures. Law enforcement enhances its situational awareness and credibility by integrating technology with traditional methods. Non-Lethal Methods:

Germany sets a global benchmark for using non-lethal tools like water cannons, sound devices, and barricades to manage large gatherings. Officers trained in crowd psychology focus on isolating disruptive elements while respecting the rights of peaceful protestors. In India, nonlethal methods have been employed during sensitive protests, such as barricading roads to control crowds or using water cannons to disperse tense gatherings. The

focus remains on proportionality—ensuring responses are measured, harm is minimised, and democratic freedoms are respected.

Transparency Accountability

Transparency is crucial for public trust. In New Zealand, body-worn cameras document police actions during protests, ensuring accountability and protecting officers from false accusations. Oversight bodies review national festivals. Central para- tral to managing protests.

footage to ensure compliance with established protocols. In India, body-worn cameras have been introduced in several states, particularly during sensitive operations.

Multi-agency coordination for Large Protests Managing large-scale demonstrations often requires multiagency collaboration. In the United States, unified command centres integrate local police, state law enforcement, and federal agencies for cohesive responses. These centres streamline resource sharing and operational alignment, which is critical for complex India's law enforceevents. ment regularly employs similar coordination during significant events, such as farmers' protests, political rallies, and

military forces often supplement state police, ensuring adequate workforce and resources. Clear protocols and seamless coordination are the backbone of these efforts.

Comprehensive Training:

Training is a cornerstone of effective protest management. Canadian police emphasise de-escalation, cultural sensitivity, and conflict resolution, with officers undergoing practical simulations to prepare for high-pressure scenarios. In India, the Bureau of Police

Research and Development (BPR&D) has introduced advanced modules covering non-lethal tools, technology integration, and crowd psy-

chology.
Ethical Policing: Ethical considerations are cen-

Globally, technologies like drones and AI are governed by protocols that protect privacy and civil liberties. Similarly, the principle of proportionality using the minimum force necessary-guides actions to ensure demonstrators' rights are respected. In India, police increasingly emphasise ethical practices. Engaging community leaders, addressing griev-ances, and prioritising dialogue reflect a commitment to balancing public safety with democratic freedoms. The shift towards a restrained, people-centric approach underscores the evolving role of law enforcement in a modern democracy.

# Hamas returns 3 Israeli hostages, Israel frees 90 prisoners

PTI RAMALLAH

A fter 15 months of collective grief and anxiety, three Israeli hostages left Hamas captivity and returned to Israel, and dozens of Palestinian prisoners walked free from Israeli jail, leaving both Israelis and Palestinians torn between celebration and trepidation as the ceasefire between Israel and Hamas took hold Sunday.

The skies above Gaza and Israel were silent for the first time in over a year, and Palestinians began returning to what was left of the homes they fled across the war-ravaged enclave, started to check on relatives left behind and, in many cases, to bury their dead. After months of tight Israeli restrictions, more than 600 trucks carrying humanitarian aid rolled into the devastated ter-

The ceasefire that went into effect Sunday morning stirred modest hopes for ending the Israel-Hamas war.

But in Israel, the joy of seeing freed hostages Emily Damari, Romi Gonen, and Doron Steinbrecher reunited with their families was tempered by major questions over the fate of the nearly 100 others abducted in Hamas' Oct 7, 2023, attack, still in captivity in Gaza. Gonen

But Israeli Prime Minister Benjamin Netanyahu, who was pressured by the outgoing Biden administration and incoming Trump administration to secure a deal before the

president-elect's inauguration Monday in Washington, has said he received assurances from Trump that Israel could continue fighting Hamas if necessary.

On Sunday, many Israelis stayed glued to TV screens all afternoon to glimpse the women being released through the windows of the Red Cross ambulance. Footage showed them thronged by thousands of jostling Palestinians, including Hamas gunmen wearing green headbands, as militants handed them over to the Red Cross on a packed street in Gaza City. "An entire nation embraces you," Netanyahu said.

National Security Minister Itamar Ben-Gvir, a far-right lawmaker who resigned on Sunday from Netanyahu's governing coalition over the ceasefire, said the nation was "happy and excited" for their release. In videos released by the Israeli government, the women were seen weeping and hugging their family members. Damari raised her bandaged hand in

triumph. The military said she lost two fingers in the Hamas-led militant attack on Oct. 7, 2023, that killed over 1,200 people, mostly civilians, and resulted in the abduction of some 250 others. Applause erupted among the thousands who gathered to watch the poignant scenes on large screens at Hostages Square, the Tel Aviv plaza where families and supportures where families and supporters of hostages have been protest-ing weekly to demand a ceasefire deal.

It took another seven hours for such scenes to unfold in the occupied West Bank, where the mood was initially subdued as the Israeli military warned that public celebrations for the released prisoners would be punished

But scuffles with Israeli security forces and hours of waiting did little to deter the crowds that flooded the streets around 1 a.m., as large white buses carrying 90 Palestinian detainees - all women or teens — exited the gates of Ofer prison, near the West Bank city of Ramallah.

Drivers revved their engines in celebration. Fireworks erupted. Several men climbed on top of the bus and hoisted three Hamas flags. "God is greater!" the crowds shouted. Many of those released

expressed elation tinged with grief for the devastation wrought by the war in Gaza. A "double feeling" is how the most prominent detainee freed, Khalida Jarrar, 62, described it. Jarrar is a leading member of the Popular Front for the Liberation of Palestine, a secular leftist faction that was involved in attacks against Israel in the 1970s but later scaled back militant activities. Since her arrest in late 2023, she was held under indefinitely renewable administrative detention — a widely criticized practice that Israel uses against Palestinians.

"There's this double feeling we're living in, on the one hand, this feeling of freedom, that we thank everyone for, and on the other hand, this pain, of losing so many Palestinian martyrs," she told The Associated Press.

All of those being released had been detained for what Israel called offenses related to its security, from throwing stones and promoting violence on social media to more serious accusations such as attempted murder.

The next release of hostages and prisoners is due Saturday. In just over two weeks, talks are to begin on the far more challenging second phase of the ceasefire agreement. In Gaza, there was palpable relief at the prospect of six weeks without fighting and Israeli bombardment that so far has killed over 46,000 Palestinians, according to Gaza's Health Ministry, which says women and children make up more than half the fatalities but does not distinguish between civilians and

fighters. The skies above the besieged territory were free of Israeli warplanes for the first day since a weeklong ceasefire in November 2023 that freed over 100 hostages, offering Palestinians a chance to take stock of the devastation.

'This ceasefire was a joy mixed with pain," Rami Nofal, said a displaced man from Gaza City, explaining that his son was killed by Israeli bombardment. Masked Hamas militants appeared at some celebrations, triumphant as crowds chanted slogans in support of them.

The Hamas-run police reemerged from months of

TikTok is back in the US after President-elect Donald Trump on Sunday praised it and said let the government own 50 per cent of the popular short video sharing platform.

TikTok went dark in the US on Seturday pight because of a leg

Saturday night because of a legislation, but it was back within less than 24 hours after Trump vowed to issue an executive order on his first day in office to delay the enforcement of the law. The short-video app is used by 170 million Americans.

"As of today, TikTok is back. You know, I did a little TikTok thing. We have a guy, TikTok Jack. He's a young kid, like 21 years old. We hired this guy and I went on TikTok. We went on TikTok as Republicans never won the vouth vote. They won a lot of votes, but they never won the youth vote. But we won the youth vote by 36 points. So I like TikTok," Trump told his support-

ers at a victory rally here. "Who in this audience goes with TikTok? Many? Frankly, we have no choice. We have to save a lot of jobs. We don't want to give our business to China. We don't want to give our business Frump added Stating that the solution to the TikTok issue is a joint venture, Trump said, "They did that a long time ago when they had a different president. They didn't know that I was going to be the president. So I said, very simply, a joint venture. If you don't approve, they're out of business. They're worth nothing. If you do approve, they're worth like a trillion dollars.

"So, I said, I'll approve, but let the United States own 50 per cent of TikTok. I'm approving on behalf of the nation. So, they'll have a partner, the United States, and they'll have a lot of bidders, and we will do what we call a joint venture deal," the Presidentelect said.

"We're not putting up any money. All we're doing is giving them the approval, without which they have nothing," Trump said, adding, "Whether you like TikTok or not, we're going to make a lot of money

# Trump vows to act at historic speed to fix 'every single crisis facing US'

**PTI** WASHINGTON

On the eve of his inauguration, President-elect Donald Trump promised his supporters and countrymen that he will act at historic speed to fix every single crisis facing the United States. "Starting tomorrow, I will act with historic speed and strength and fix every single crisis facing our country. We have to do it," Trump told his supporters at the Capitol One Arena, which was full to its capacity of 20,000 for a "Make America Great" victory celebration, with a large number of people waiting outside in chilling cold. Trump, 78, made a stunning

comeback when he defeated Vice President Kamala Harris in last year's general election to become only the second person in US history to be sworn in as the president after a gap of four

Trump, who will replace Joe Biden as the 47th president of the United States on Monday, arrived at the US Capitol on Saturday.

On a jam-packed day full of engagements, Trump addressed thousands of his supporters at what he called a 'victory rally'.

"Before even taking office, you are already seeing results that nobody expected to see. Everyone is calling it the Trump effect. It's you. You're the effect," Trump said.

"Since the election, the stock market has surged, while small business optimism has soared a record 41 points to a 39-year high. Bitcoin has shattered one record after another. "SoftBank, another great company, has pledged between USD 100 billion and USD 200 billion. These are all investments that are only being made because of the fact that we won the election," he added.

Referring to meeting Apple CEO Tim Cook on Sunday, Trump said, "He said they're

going to make a massive investment in the US because of our big election victory." Giving an insight into his Day 1 plans, he told the cheering crowd, "Our incoming administration has achieved all of this in the Middle East in less than three months without me being the presi-

"Just imagine all the good things we will accomplish together with four more years in the White House. We are going to do a lot of things. You're going to see something tomorrow. You're going to see executive orders that are see executive orders that are going to make you extreme-

Elaborating further, Trump said, "We have to set our country on the proper course. By the time the sun sets tomorrow, the invasion of our borders will come to a halt, and all the illegal border trespassers will, in some form or another, be on their way back home. Think of it. Millions and millions of people came into our country through open borders. No checks, no vetting, no anypeople are murderers."

Trump also said the border security measures he will outline in his inaugural address on Monday will be the most "aggressive, sweeping efforts to restore our borders the world has ever seen". "We had the best, safest border in the history of our country," he said.

Appearing briefly on the stage, Tesla owner Elon Musk, who has been made in-charge of the newly-created Department of Government Efficiency, said they are looking forward to making a lot of changes.

This victory is the beginning. What matters going forward is to actually make significant changes, cement those changes, and set the foundation for America to be strong for centuries, forever... And make America great again," Musk said.

# Biden pardons Fauci, Milley to guard against potential 'revenge' by Trump roughly 140 law enforcement officers. It's unclear whether those pardoned by Biden

President Joe Biden on Monday pardoned Dr Anthony Fauci, retired Gen Mark Milley and members of the House committee that investigated the Jan 6 attack on the Capitol, using the extraordinary powers of his office in his final hours to guard against potential "revenge" by the incoming Trump administra-tion. The decision by Biden comes after Donald Trump warned of an enemies list filled with those who have crossed him politically or sought to hold him accountable for his attempt to overturn his 2020 election loss and his role in the storming of the US Capitol on Jan 6, 2021.

Trump has selected Cabinet nominees who backed his election lies and who have pledged to punish those involved in efforts to investigate him.

'The issuance of these pardons should not be mistaken as an acknowledgment that any individual engaged in any wrongbe misconstrued as an admission of guilt for any offence, Biden said in a statement. "Our nation owes these public servants a debt of gratitude for their tireless commitment to our country." The pardons,

left in his presidency, have been the subject of heated debate for months at the highest levels of the White House. It's customary for a president to grant clemency at the end of his term, but those acts of mercy are usually offered to Americans who have been convicted of crimes.

Biden has used the power in the broadest and most untested way possible: to pardon those who have not even been investigated yet. The decision lays the groundwork for an even more expansive use of pardons by Trump and future presidents.
While the Supreme Court last

year ruled that the president enjoys broad immunity from prosecution for what could be considered official acts, the president's aides and allies enjoy no such shield. There are fears that Trump or

future presidents could use the promise of a blanket pardon to encourage allies to take actions they might otherwise of the law.

Trump, who takes office at noon, has promised to, in his first moments as president, pardon many of those involved in the violent and bloody Jan 6, 2021, attack, which injured

would need to apply for the clemency or even accept the offer at all. Any acceptance could be seen as a tacit admission of guilt or wrongdoing, validating years of attacks by Trump and his supporters, even though those who have been pardoned have not been formally accused of any crimes. "These are exceptional cir-cumstances, and I cannot in

good conscience do nothing," Biden said, adding that "Even when individuals have done nothing wrong — and in fact have done the right thing and will ultimately be exonerated, the mere fact of being investigated or prosecuted can irreparably damage reputations and finances. Fauci was director of the

National Institute of Allergy and Infectious Diseases at the National Institutes of Health for nearly 40 years, including during Trump's term in office and later served as Biden's chief medical adviser until his retirement in 2022. He helped coordinate the nation's response to the COVID-19 pandemic and raised Trump's ire when he resisted the Trump's untested public health

## to murder of three schoolgirls at UK dance class

London (PTI): An 18-year-old knife attacker accused of killing three schoolgirls at a Taylor Swift themed dance class in Southport, north-west England, last July pleaded guilty to all charges at the start of his trial at Liverpool Crown Court on Monday. Axel Rudakubana, born in the Welsh capital of Cardiff to a family of Rwandan heritage based in Lancashire in northwest England, was charged with 16 offences including the murder of Alice da Silva Aguiar, 9, Bebe King, 6, and Elsie Dot Stancombe, 7.

He was also charged with the of the teenager's murder trial expected to last from four to six

'You will understand it is inevitable the sentence to be imposed upon you will mean a life sentence," said Justice Julian Goose as he scheduled a sentencing hearing for Thursday. According to court reports, the accused wearing a face mask showed no emotion as the charges were read out to him. The attack, which took place during a summer holiday dance class for children at the Hart Centre in Southport, sent shock waves up

# Teen pleads guilty | Houthis to limit their attacks in Red Sea

**Dubai (PTI):** Yemen's Houthi rebels have signaled they now will limit their attacks in the Red Sea corridor to only Israeli-affiliated ships, just as a ceasefire in the Gaza Strip entered its second day Monday. The Houthis' announcement,

made in an email sent to shippers and others on Sunday, likely won't be enough to encourage global firms to reenter the route that's crucial for cargo and energy shipments moving between Asia and Europe. Their attacks have halved traffic through the region, cutting deeply into revenues for Egypt, which runs the Suez Canal linking the Red Sea to Mediterranean.

'The ceasefire is considered fragile," said Jakob P. Larsen, the head of maritime security for BIMCO, the largest international association representing shipowners.

"It is assessed that even minor deviations from the ceasefire agreements could lead to hostilities, which would subsequently prompt the Houthis to again direct threats against a broader range of international shipping."
The Houthis separately

planned a military statement on Monday, likely about the decision.

The Houthis made the announcement through their Humanitarian Operations Coordination Center, saying it was "stopping sanctions" on the other vessels it has previ-

ously targeted since November 2023. For Israeli ships, those "sanctions ... will be stopped upon the full implementation of all phases" of the ceasefire, it added. However, the center left open resuming attacks against both the United States and the United Kingdom, which have launched airstrikes targeting the rebels over their seaborne assaults. "In the event of any aggression

. the sanctions will be reinstated against the aggressor state," the center said. "You will be promptly informed of such measures should they be implemented." The Houthis have targeted

over 100 merchant vessels with missiles and drones since the Israel-Hamas war in the Gaza Strip started in October 2023, after Hamas' surprise attack on Israel that killed 1,200 people and saw 250 others taken hostage. Israel's military offensive in Gaza has killed over 46,000 Palestinians, according to local health officials who do not distinguish between civilians and combatants but say women and children make up more than half the fatalities.

The Iranian-backed Houthis have seized one vessel and sunk two in a campaign that has also killed four sailors. Other missiles and drones have either been intercepted by separate US- and Europeanled coalitions in the Red Sea or failed to reach their targets, which have also included Western military vessels.

### **'UK-US relationship will** flourish under Trump' cooperation and enduring part-

London (PTI): British Prime Minister Keir Starmer has spoken of the relationship shared by the UK and the US as a "uniquely close bond" which would continue to flourish as Donald Trump is set to be sworn in as the 47th President of the United States of America in Washington DC on Monday. Extending "warmest congratulations" on behalf of the British government, Starmer sought to focus on Trump's historical ties with the UK – a reference to his familial connection through his Scotland-born mother.

He stressed that the second Trump presidency would see both nations tackle "global challenges" together as they work towards growth on both sides of the Atlantic.

"For centuries, the relationship between our two nations has been one of collaboration,

nership. It is a uniquely close bond. Together, we have defended the world from tyranny and worked towards our mutual security and prosperi ty," said Starmer in a statement released by 10 Downing Street in London.

"With President Trump's long-standing affection and historical ties to the United Kingdom, I know that depth of friendship will continue. The United Kingdom and the United States will work together to ensure the success of both our countries and deliver for people on both sides of the Atlantic," he said. Referring to his meeting with Trump back in September 2024, before Trump was elected to office in November, Starmer asserted that they have an agreement about the need to "deepen and invest in the

transatlantic relationship".

Tata Steel Chess Tournament

This was after world champion D Gukesh played out a draw with Russianturned-Slovenian Vladimir Fedoseev while Leon Luke Mendonca lost another game, this time to Nodirbek Abdusattorov of Uzbekistan.

19-year-0ld Praggnanandhaa's win over Harikrishna was a master-class on defence and counterattack. Playing white for the second time in as many days, Harikrishna could not find his magical touch even though he performed slightly

better in the middle game. The younger Indian took him to the ropes and eventually the endgame, which should have been drawn. Harikrishna faltered when it

local hero Anish Giri, who was almost winning against Gukesh in the opening

The battle took a steep turn with both players fighting for advantage in the rook and knight endgame but as it turned out, the draw was a result that most experts expected.

Fabiano Caruana was the player of the day as he gradually crushed second best Dutchman Jorden van Foreest right from the early middle game.

It was an innocuous London system that Caruana started with and then capitalised on an unforced error to win a pawn which proved decisive. Earlier, after a tension filled game against Giri, Gukesh relaxed with his black pieces and was never in any problem against Fedoseev,

# Mbappé puts on a show again with two goals as Real Madrid beats Las Palmas

Kylian Mbappé putting on a show again, Real Madrid returned to the top of the Spanish league.

Mbappé continued his scoring streak with a brace as Madrid routed 10-man Las Palmas 4-1 on Sunday, prompting a big ovation at Santiago Bernabeu stadium for the France star who has struggled at times in his first season with the Spanish powerhouse.

"It's always a dream to get a standing ovation at this stadium," Mbappé said.

"I'm really happy, I've adapted to the team and I can play the way I want to. Everyone enjoys the team's game. All the Real Madrid players are leaders because it's the best team in the world. We have to be united because we have to win a lot of things. You always have to win at Real Madrid."

Mbappé now has scored four goals in his last four matches with Madrid. Brahim Díaz and Rodrygo also scored for Madrid as it overtook Atletico Madrid to begin the second half of the league season. Madrid is two points ahead of city rival Atletico, which on Saturday saw its record 15-game winning streak end in a 1-0 loss to Leganes. Madrid opened a sevenpoint lead over third-placed Barcelona, which drew 1-1 at Getafe on Saturday.

"It was an important match for us," Mbappé said.

"We knew what happened yesterday with Atletico's defeat and Barcelona's draw and we wanted to get the win. We started badly because we conceded an early goal, but the team's reaction was outstanding. We looked for space and played fast and with quality."

It was the second straight victory for Madrid after an embarrassing 5-2 loss to Barcelona in the Spanish Super Cup final in Saudi Arabia on Jan. 12.

After Rodrygo was fouled,

Mbappé converted an 18th-minute penalty kick on Sunday after the visitors had taken the lead through Fábio Silva one minute into the match at the Santiago Bernabeu stadium. Díaz put Madrid ahead in the

33rd and Mbappé added his second goal in the 36th after an

Jude Bellingham had a goal disallowed after video review in the second half.

"Mbappé's great form is helping us a lot," Madrid coach Carlo Ancelotti said.

"Our work today was very good. We managed to get the right balance to handle the good moments and the difficult ones." Las Palmas, sitting in 14th place

streak across all competitions, had Benito Ramírez sent off for a high kick in the 64th. He initially was shown a yellow card but video review determined he

deserved a red card. Defender David Alaba made his return to action after a long knee-injury layoff in the 77th. He hadn't played since December

Earlier Sunday, fourth-place Athletic Bilbao won 2-1 at 13thplace Celta Vigo, while ninth-place Rayo Vallecano drew 1-1 at 10th-place Osasuna. Valencia moved out of last place by beating Real Sociedad 1-0 at home for its first league win since November.

## Elina Svitolina rallies to reach the Australian Open quarterfinals for third time

**PTI** ■ MELBOURNE

Elina Svitolina was 4-1 down before she went on a roll and took 11 of the next 12 games in a 6-4 6-1 victory over Veronika Kudermetova on to reach the Monday Australian Open quarterfinals for the third time.

The 30-year-old Ukrainian is into the last eight at a Grand Slam for the 12th time and will next play No. 19 Madison Keys, who had a 6-3 1-6 6-3 win over Elena Rybakina, the 2022 Wimbledon champion and 2023 Australian Open

runner-up. Keys has twice reached the semifinals in Australia, in 2015 and 2022, and entered the season's first major with a title in Adelaide earlier this month. quarterfinals in Australia for the first time since 2019.

"Feels like a lifetime ago," Svitolina said.

Since then, she has married French player Gael Monfils in 2021 and the pair had a daughter, Skai, in 2022.

"Many things happened and I'm really pleased with the performance throughout the tournament. Really enjoying this win today.

After dropping two early service games Kudermetova, she said her only goal "was just trying to fight."

"It's the only thing I can do when things are not going your way, put your head down and get back to work," she said. "Really happy I could come (back) into the match and then win in straight sets."

In a message written on a TV camera lens after the match, the No. 28-seeded Svitolina wrote "The Spirit of Ukraine"

and drew a heart shape. Svitolina, the No. 28 seed, wore a red dress, red shoes and a red cap for the match. People in the crowd waved the yellow and blue Ukraine flag. Kudermetova took a medical

There was no handshake at the net with Kudermeotva, a 27vear-old from Russia, but no animosity, either.

Svitolina's husband, Monfils, was playing later Monday against No. 21 seed Ben Shelton on Margaret Court Arena. The 38-year-old Frenchman reached the fourth round with an upset over fourth-seeded Taylor Fritz, the US Open runner-up last year. Other quarterfinalists will be decided when defending champion Jannik Sinner and No. 13 seed Holger Rune meet in an afternoon match and five-time major winner Iga Swiatek takes on Eva Lys, the lucky loser from qualifying, in

a night match.

### Rishabh Pant named captain of Lucknow Super Giants for upcoming IPL 2025 going the distance in the IPL. PTI KOLKATA Pant sounded optimistic.

Dynamic keeper-batter Rishabh Pant was on Monday named the captain of Lucknow Super Giants for the upcoming IPL and he vowed to give his "200 percent" to win the team's maiden title. Pant was picked at the mega auction for an IPL record Rs 27 crore by the franchise owner Sanjiv Goenka.

"I will give my 200 percent. That's my commitment to you. I will try whatever is there in my power to repay the faith. I am really excited and looking forward to new beginning and new energy. And have a blast out there with lot of fun," Pant told mediapersons after being unveiled as the new skipper. 'We start with new hope and aspirations. And most importantly, new confidence. I wanted to introduce you all to our new captain Rishabh Pant," Goenka said.

This is Pant's second stint as a leader in the IPL.

At his former franchise Delhi Capitals, the captaincy became a point of contention, leading the 27-year-old Pant to opt out of DC's retention plans after unsuccessful negotiations.

Pant beat Nicholas Pooran to secure the top job after Rahul didn't feature in the list of LSG's retained players. LSG had retained Pooran, Mayank

Gujarati. In his 11-year-international career, Axar has taken 184 wickets across three formats and 55 of them have come in 14 Tests, two of which were in Bangladesh when Jadeja was

unfit. Talk about Indian cricket's transition and whether he stands to gain, India's T20 vice-captain's offered a matter of fact response.

"Yes, a transition phase is coming, and ultimately, it's the selectors' and captain's

call. I don't feel the need to prove anything to anyone," Axar gave an uncomplicated

answer. "My approach is to focus on fulfilling the role assigned to and continuously improving myself. If I perform well, my place in the team will take care of itself automatically.

In his mind, he is an allformat player and that belief is unshakeable.

"I just keep telling myself that I have played all three formats be it Tests, ODIs, or T20s. My focus is on doing well I whenever get opportunity, rather than feeling the need to prove anything to anyone, whether I'm picked or not.

"I don't take the pressure of thinking that I deserve a spot. It is always about the team combination and whether there is any room for me." He wasn't disappointed when Border-Gavaskar Trophy as it

was not meant to be. Instead

he concentrated on a T20I

series in South Africa where

he played all the games. "When it comes to selection or the Australia series, I think more about where I can get opportunities rather than

whether I deserve a place. "It's all part of a cricketer's journey -- only 15 players can be in the squad and you can't take your place for granted. I don't think in those terms."

There has been a lot of chatter communication between the Gautam Gambhir-led support staff and the players during the

series Down Under. When asked about it, Axar carefully sidestepped the issue but did say that in a fastpaced format like T20, it is more about specific strategic inputs and roles.

# **Champions League makes January debut with** high-stakes clash of PSG and Manchester City

The first Champions League games to be played in January include one with shocking possible consequences in an unpredictable debut season for the 36team format.

Paris Saint-Germain vs Manchester City on Wednesday is a clash of super-wealthy state-backed teams currently a barely believable 25th and 22nd in the standings

If the 2020 beaten finalist and 2023 champion play to a draw at Parc des Princes, both could start the 18-game final round on January 29 outside the top-24 places that qualify for the knockout stage. The new format that replaced the traditional groups — now with eight games instead of six, facing eight different opponents, and two in January — is unknown territory even for UEFA, whose preseason prediction that eight points should ensure advancing

likely will fall short. However, few imagined what would play

Man City and PSG have struggled, Real Madrid has lost half its games in 20th place despite adding Kylian Mbappé to a title-winning team, and lowest-ranked debutant Brest has cruised to four wins and seventh in the standings, just ahead

"It would have been impossible to list these eight clubs as being in the top eight positions," Giorgio Marchetti, the UEFA deputy general secretary, told The Associated Press in a recent interview. "There is a lot of new fresh air."

think the format has an impact, Marchetti said, pointing to comments by Inter Milan coach Simone Inzaghi that it is more difficult to prepare for eight different opponents instead of three. 'It is more of a challenge."

Which positions are teams playing for? The top eight in the standings on January 29 advance directly to the round of 16 that starts in March. They will likely include current leader Liverpool and second-place Barcelona which are the only two teams already certain to finish in the top 24. Liverpool is the only team to win all six games.

Teams placed from ninth to 24th go into the new knockout playoffs round. Nos. 9-16 will be seeded in the draw on January 31 and will play the second leg at home. Teams placing 17 to 24 host the

first legs.
Nos. 25-36 in the standings are transfer to the eliminated and do not transfer to the Europa League. Already out are Leipzig, Slovan Bratislava and Young Boys which each lost all six games.
