# **INDIA BLOC FALLS IN DELHI**

RAJESH KUMAR ■ NEW DELHI

head of the Delhi Assembly elections, Opposition parties INDIA Bloc's rift widened as Banerjee's Trinamool Congress (TMC) on Wednesday announced its support for the Aam Aadmi Party (AAP). This comes after Uddhav Thackeray's Shiv Sena (UBT) and Akhilesh Yadav's Samajwadi Party (SP) too announced to support the INDIA Bloc. AAP in the upcoming assembly polls in Delhi has sparked speculation of a significant rift within the alliance, particularly concerning the Congress party, which is running alone in the Delhi polls and finds itself isolated despite claiming leadership in the

AAP Supremo and former Delhi Chief Minister Arvind Kejriwal said he is "personally grateful" to TMC chief and West Bengal Chief Minister Mamata Banerjee for the support.

Responding to this, Kejriwal thanked the TMC chief. Kejriwal took said TMC extended support to AAP in the assembly polls, adding that he is personally grateful to Mamata. TMC and SP had thrown their weight behind the AAP in the 2020 Delhi assembly elections as well. Earlier on Tuesday, TMC leader Kunal Ghosh had said that Delhi residents will defeat the saffron party in the upcoming assembly

All the four parties - AAP, Trinamool Samajwadi Party and Congress, Congress - are partners in the Indian National Developmental Inclusive Alliance (INDIA) and had jointly fought the Lok Sabha elections last year. With major INDIA bloc allies supporting AAP, the Congress has found itself cornered in the three-way battle against the AAP and the BIP. The current situation fuels existing speculation about leadership within the

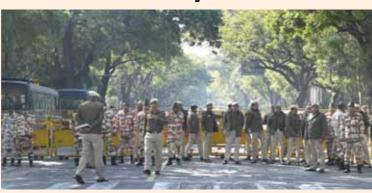

Mamata Banerjee has openly expressed her desire to lead the coalition, a move that has reportedly put pressure on the Congress party, who are seen by many as facing a leadership crisis. The support from both the SP and TMC appears to be a direct challenge to Congress's position.

The support for AAP is particularly noteworthy since it appears to directly undermine Congress's election strategy. Sharad Pawar of the NCP and Lalu Prasad Yadav of the RJD have also publicly backed Banerjee's leadership ambitions, further intensifying pressure on Congress

SP chief Akhilesh Yadav declared his support for the AAP in the upcoming Delhi assembly elections, signaling a significant crack in the opposition's INDIA alliance. Kejriwal extended his gratitude to the former Uttar Pradesh CM.

# AAP, BJP workers crossfire over PM home, CM's mahal

Police and security personnel stand guard outside Prime Minister's official residence at Lok Kalyan Marg in New Delhi Photo: Ranian Dimri/The Pionee

**RAJESH KUMAR** NEW DELHI

After the announcement of assembly polls, a high voltage political drama unfolded in Delhi as the showdown between the Aam Aadmi Party (AAP) and the Bharatiya Janata Party (BJP) over the "Sheesh Mahal" controversy. A group of AAP workers led by Rajya Sabha MP Sanjay Singh and Delhi Minister Saurabh Bharadwaj tried to reach the Prime Minister's official residence on Lok Kalyan Marg, but were stopped by police en route. This was followed by an attempt to conduct a media tour of the Chief Minister's residence at 6 Flag Staff Road, Civil Lines which was also thwarted by the police. In its turn, the BJP also took media to

the AB 17 Mathura Road bungalow allotted to Chief Minister Atishi to show that she already had a government residence and sought to know why she was asking for a separate bungalow. Sachdeva charged, "The AAP leaders are doing drama and trying to divert attention from the Sheesh corruption and irregularities

committed in the construction of Sheesh Mahal (6, Flagstaff Road, occupied by Arvind Kejriwal as chief minister). Why did they not think of showing the Sheesh Mahal earlier and now insist on a visit when the administration is bound by a model code of conduct?'

In a veiled attack on AAP leaders, BJP national spokesperson Sudhanshu Trivedi, addressing a press conference, said their conduct was also an example of "political etiquette and ethics" being demolished. This shows the writing on the wall is clear to them that the AAP is losing the Delhi assembly polls, he said. Earlier, outside the Chief Minister's house, the AAP leaders engaged in a heated argument with the police and staged a dharna outside the 6 Flag Staff Road bungalow after being denied entry, which they had invited the media to tour with them in a bid to counter the BJP's "Sheesh Mahal" jibes. Police set up barricades and deployed personnel in front of the bungalow, preventing the AAP leaders from entering the premises.

# No panic over HMPV, but vigilance increased

PIONEER NEWS SERVICE

AMetapneumovirus (HMPV) cases continue to rise, bringing the total to 11 so far amid growing concerns potential linked to a potential resurgence of respiratory illnesses from China, States are intensifying efforts to manage the outbreak, which is primarily affecting infants and young children.

On Wednesday, a six-monthold baby tested positive for at Hiranandani HMPV Hospital in Mumbai's Powai, Out of the total cases reported so far, two were reported in Bengaluru, one in Gujarat, two in Chennai, three in Kolkata, and now three in Maharashtra.

While the Centre has reassured the public that there is no need to panic-emphasising that HMPV is not a new pathogen and not widespread outbreak-health departments in several states are taking no

chance. The Jammu and Kashmir health department has established a specialized ICU ward in Jammu to handle potential cases, Uttarakhand has issued guidelines for the prevention of respiratory diseases like HMPV.

Sunita Tamta, Director of Uttarakhand Medical Health Welfare, and Family described the HMPV as being similar to the flu virus. She urged citizens not to panic emphasizing the importance of increased precautions. "If you experience flu-like symptoms, maintain distance and use a handkerchief or tissue while sneezing or coughing," she advised. Echoing similar concerns, Dr.

Hamid Zargar, Medical Superintendent Gandhinagar Government

Hospital said, "we are not taking any chances and have prepared a special ICU ward to handle any eventuality. God forbid if a pandemic occurs, we are ready.

receiving the information of the hostile situation in Nagaland, the Jorhat Police immediately Mokokchung contacted Superintendent of Police, who sent a team to the spot to rescue the Assam Police personnel. "The locals then realised that it was a genuine police team from Assam and released five members, including the injured person. "They, however, held the remaining 11 persons as captives overnight. They were released in the morning and reached Jorhat later," the

official said. In recent times several untoward incidents leading to even casualties have been reported related to following the google maps.

PIONEER NEWS SERVICE **NEW DELHI** 

 $F_{\text{Parliamentary Committee}}^{\text{irst meeting of Joint}}$ (JPC) meeting on one Nation one poll bills on Wednesday witnessed exchange opinions between Opposition and ruling party Opposition criticised the bills as an attack on the basic fabric of the Constitution and federalism and BJP MPs hailing it as reflective of popular opinion. All MPs were given a trolley carrying over 18,000 pages, including one volume of the Kovind committee report each in Hindi and English, and 21 volumes of annexure, besides a

soft copy as well.
The MPs attending the meeting of the 39-member JPC expressed their views and asked questions following a presentation by the Ministry of Law and Justice on the provisions of the bills and the

rationale guiding them. Opposition MPs, including them. Congress' Priyanka Gandhi Vadra, questioned the claim that simultaneous polls\_will reduce expenditure. They asked if any estimate was made following the 2004 Lok Sabha elections when EVMs were used for the first time in all 543 seats and are believed to have brought down the cost incurred.

BJP MPs, the sources added, countered the charge that the 'one nation one election' proposal flouted constitutional values by requiring an early dissolution of several state assemblies and locking their term with the Lok Sabha's. Noting that Seven State Assemblies were dissolved early in 1957 to ensure all state elections are held alongside the national elections, Sanjay Jaiswal asked if the likes of then president Rajendra Prasad, who was also the chairman of Constituent Assembly, and

other eminent lawmakers, including those in the Nehru government, acted in violation of the Constitution. Another BJP MP, V D Sharma, said the idea of simultaneous elections was reflective of the popular will. He also noted that the high-level committee headed by former president Ram Nath Kovind had consulted over an overwhelming majority supporting the idea. The BJP MPs reiterated that a continuous cycle of elections hampers development, the country's growth and is a drain on the exchequer. One nation one election will be a boost to growth and development, they

Shiv Sena, which was represented by Shrikant Shinde, cited the case of which was Maharashtra where Lok Sabha, assembly, and local body polls are held back to back within few months, stressing that this derails development work as the entire state machinery is busy in the conduct of elections. Several opposition MPs, including those from the Congress, DMK and the Trinamool Congress, echoed their parties' stated views that proposed laws run contrary to the Constitution and are attack on its basic fabric as well as federalism.

# case on Sambhal Jama Masjid

PIONEER NEWS SERVICE

The Allahabad High Court on Wednesday stayed further proceedings before a civil court hearing the dispute over Jama Masjid in ÛP's Justice Rohit district court was filed by Sambhal. Ranian Ac direction on a revision plea filed by the mosque's management committee.

The plea was filed after a Supreme Court order related to the matter and challenges the proceedings aside from the maintainability of the suit filed over the dispute in the Sambhal district court. The plea alleged the suit was filed the afternoon of November 19, 2024, and within hours, the judge appointed court commissioner, and directed him to carry out an initial survey at the mosque site.

The survey, it said, was carried out the same day, and again on November 24. The court, the plea said, directed for the survey report to be filed by November 29. After hearing counsel for parties, the high court ordered the respondents to file their reply within four weeks and posted s well as federalism.

# Sarangi Mahajan alleges Munde cousins in land grab

T N RAGHIINATHA MIIMBAI

Amid vehement clamour for his resignation over an extortion-linked murder of a sarpanch in his home district Maharashtra Beed, Minister Dhananjay Munde found himself trouble on Wednesday, as late senior BJP leader Pramod Mahajan's sister-in-law Sarangi Mahajan accused him and his cousin minister Pankaja Munde of having "grabbed" her late husband's land.

Sarangi, wife of Pravin Mahajan who shot dead his elder brother and former Union Minister Pramod Mahajan at the latter's home in April 2006, has knocked Maharashtra chief minister Devendra Fadnavis's door, demanding justice for her.

While Dhananjay belongs to the NCP (Ajit Pawar), Pankaja - daughter of late BJP

leader Gopinath Munde -- is from the ruling BJP. Both are ministers in the Devendra MahaYuti Fadnavis-led government. Mahajans and Mundes are related, because Gopinath Munde Pramod's married sister

whose husband Sarangi, Pravin died of multi-organ failure within four years after he killed his own brother and influential politician Pramod, has opened a Pandora box, by dragging two ministers in a fresh controversy at a time when Dhananjay Munde is having a tough time of alleged involvement in the Rs two crore extortion case linked to Sarpanch's murder.

Sarangi has alleged that Karad, the key accused in the Rs 2 crore extortion case who is close to both Dhananjay and Pankaja, had threatened her with dire

consequences and got a piece of her family land worth Rs 3.5 crore transferred in the name of Dhanjay Munde's employee Govind Munde for a mere Rs 21 lakh in Parli taluka of Beed district. After the land transfer, 7X12 extracts of the land were

changed.

"People who threatened me were the accomplices of Walmini Karad. I met Dhananjay Munde and told him how her land came to be transferred in the name of his employee. He did not help in any way. In this land grab, both Dhananjay and Pankaja are involved," Sarangi alleged. Having already taken up the matter with the NCP (SP) president Sharad Pawar, Sarnagi is hoping that chief minister Fadnavis will help in getting land back.

Sarangi's charge against the Munde cousins comes less

than a week after Dhananjay refused to resign from his post as the Maharashtra Minister.

The development came after Walmiki Karad surrendered to the police in the Sarpanch murder-linked extortion case. Sarpanch Santosh Deshmukh (45) was allegedly killed for attempting to thwart the extortion bid on the windmill company. He was first abducted, brutally tortured and later killed in broad daylight near the windmill company office on the afternoon of December 9,

While refusing to resign from ministerial Dhananjyay wondered: "Why should I resign? I am in no way directly or indirectly involved (in the murder or extortion cases)...the police is probing

# High-speed trial successful on Katra-Banihal rail link

**MOHIT KANDHARI JAMMU** 

Led by a Commissioner of Railways Safety, a highly spirited team of Indian Railways Wednesday 'crossed the last mile' atop the world's highest 'Chenab railway bridge' and the Anji Khad cable-stayed rail bridge during a high-speed train trial on the Katra-Banihal section at a speed of 110 km/h section at a speed of 110 km/h. The Indian Railways conducted the statutory highspeed trial run along the Udhampur-Srinagar-Baramulla Rail Link (USBRL) project before launching the much-awaited train services connecting Kashmir Valley with the rest of the country.

The Government of India is expected to take a final call on the launch of the services on receipt of the final inspection report of the Commissioner of Railways Safety

Interacting with the media after completing the first leg of the high-speed trial run at Banihal railway station, Commissioner of Railways Safety Dinesh Chand Deshwal said the inspection and the trial run on the trek had been satisfactory so far. "The trial run at 110 kilometers per hour on the 180-degree rising grade in such a challenging geography from Katra to Banihal has written a new chapter in the history of the Railways. The trial run was smooth and filled us with a sense of fulfillment and the credit for it goes to our engineers who have done such great work." Deshwal said his team would

return to Katra and all the collected data would be analyzed before a decision was taken on the start of direct train services to Kashmir.

### Delhi varsity professor resigns after sexual harassment allegations

**STAFF REPORTER** ■ NEW DELHI

professor at University's Ramjas College, who had been accused of sexual harassment, resigned on Wednesday following protests by students on campus over the alleged inaction by the adminstration on the issue.

alleged incident The reportedly took place in December last year, when the professor, who also holds a prominent position in the university's student welfare cell, sexually harassed a minor female student.

Students from various groups, including left-leaning organizations such as the All India Students Association (AISA) and the Students Federation of India (SFI), as well as the RSS-affiliated Akhil Bharatiya Vidyarthi Parishad (ABVP), held demonstrations Wednesday demanding the professor's suspension.
The protest turned violent

when some unidentified individuals wielding sticks attacked students on campus, as seen in videos circulating on social media.

While AISA and SFI alleged that the attackers were ABVP members, ABVP denied the allegations, claiming they were peacefully protesting. Earlier, the college principal, Ajay Arora, stated that an inquiry was ongoing against the professor and assured that action would be taken against those involved in the violence. "The matter is investigated by the college's Internal Complaints Committee (ICC). administration cannot act under pressure students," Arora said.

"Those responsible for the violence will be identified, and appropriate action will be taken," he added.

In a statement, AISA accused ABVP members of attacking students and a faculty member from the English Department during the protest.

AISA also alleged that the accused professor was a repeat offender, citing a 2021 complaint that raised similar

concerns against him.
The group criticised the ICC for not taking timely action on the current complaint, which

was filed over 10 days ago.

"AISA resolves to fight tooth and nail against such attacks on gender justice. We demand the immediate suspension of the professor and the reconstitution of the ICC to fairness," ensure statement read.

The SFI also condemned the violence, accusing ABVP of attacking students and obstructing their protest. According to SFI, Stanzin, Vice President of the Ramjas College Students' Union, was among those injured. administrative "Despite

failures and ABVP's violent tactics, we will not rest until our demands for justice are met," said Neha, Secretary of SFI Ramias.

In its statement, the ABVP denied any involvement in the violence and claimed that the professor's resignation came after a six-hour-long protest by them. ABVP stated that it was the first to demand strict action against the professor, including filing a police complaint. The student organization also said its members locked the professor's office to highlight

A TMC MP said upholding people's democratic rights is more important than saving money. Some opposition MPs demanded that the Joint Committee of Parliament, headed by former Union minister P P Chaudhary, scrutinising the two bills should be given a tenure of at least on year due to the enormity of the exercise.

V Vijayasai Reddy of the YSR Congress, which had earlier supported the concept in its submission to the Kovind committee, raised a number of questions over the bills, and demanded that ballot papers must replace Electronic

Voting Machines which are is "vulnerable to manipulation". Reddy claimed simultaneous elections will

marginalise regional parties,

One Election, complex views

dilute diversity representations and local issues, undermine the need for elected representatives to engage regularly with voters and turn polls into a contest between two or three national

JD(U) MP Sanjay Jha, sources said, spoke of the incidents of booth capturing in Bihar during the use of ballot papers to refute the suggestion to bring them back. The BJP ally, however, also raised a few questions, including whether a government elected for a short tenure will have the required governance focus that a incumbent with fivevear term will have.

The bills propose that if a mid-term Lok Sabha or assembly election is held due to the fall of a government and the absence of any alternative, the tenure of the new legislature will be for the remainder of outgoing House. The Constitution (129th Amendment) Bill and the Union Territories Laws (Amendment) Bill introduced in the Lok Sabha during the recent Winter Session and referred to the committee. The panel has 27 members from the Lok Sabha. and 12 from the Rajva Sabha

Kejriwal vacated the 6, Flagstaff

Road, bungalow last October. It

# INDIA BLOC **FALLS IN DELHI**

Talking to reporters in Lucknow, Yadav made it clear that SP will support AAP in Delhi and he would share the stage with them. Yadav further stated that he would not support Congress.

Besides, the Shiv Sena (UBT) is planning to campaign in support of Arvind Kejriwal and AAP in the next few days. Kejriwal is in touch with Uddhav Thackeray.

The 70-member assembly of the national capital will go to polls on February 5 and the counting of votes will take place on February 8. Kejriwal's AAP is seeking a third term in office in the capital, going in for a head-on Maken for his remarks.

fight with the Bharatiya Janata Party and the Congress. It dominated the 2020 assembly elections by winning 62 out of 70 seats while the BJP got only eight

Both the AAP and the Congress have been locked in an intense battle, over various issues, for quite some time. Last month, Delhi Congress leader Ajay Maken's remarks that a tie-up with the AAP during the Lok Sabha polls was a "mistake" further worsened relations between the allies. The AAP said it will ask other members of the INDIA bloc to remove the Congress from the alliance, if the latter does not act against

#### From page 1

The police cited lack of permission to allow entry, and Bharadwai countered as to why a Minister and MP needed permission to enter the Chief Minister's residence. "I'm an MP, he is a minister, and you're stopping us? Under which law are you stopping us?" Singh is heard telling the police personnel. Singh and Bharadwai were seen requesting officials to allow them inside. "Who has instructed you to stop us? I am a minister and I am here for an inspection. How can you stop me and on whose orders? Have you received directions from the Lieutenant Governor? He is the only authority above my position," Bharadwaj was heard telling an official whose directions they were being stopped on. A PWD official

also reached the spot and

requested Singh and Bharadwaj not to enter the premises. They then moved to the PM's

house, and when stopped, staged a sit-in near the Tughlak Road Police Station. After being denied entry at Lok Kalyan Marg, Bharadwaj said, "We came here to conclude this argument of 'tera ghar, mera ghar'. We said that the PM residence and CM residence should both be shown to the people. So, we came here.'

The party leaders accused the BJP-led central government of running away from the challenged inspection of the PM residence, which they alleged had been renovated at an inordinate cost. "BJP's lie has been exposed before the entire nation today. They claimed that there is a mini bar, a swimming pool, and a commode made of gold at the former Chief Minister's residence. However, they did

not allow us to enter and show the truth to the public. "Now, they are also preventing us from revealing the reality of the Prime Minister's residence, which has been built at a cost of 2,700 crore," Sanjay Singh said at the protest near the PM's residence. Asked if they had sought permission to visit the residence, Singh told reporters earlier, "Why should we need permission to enter the chief minister's residence?"

Addressing a press briefing earlier, Bharadwaj said, "As promised, we will visit the chief minister's official residence at 6, Flagstaff Road, at 11 am and try to find the golden commode, swimming pool, and mini bar that the BJP claims are present there." He added, "It should be noted that both these properties are government residences. They were built with taxpayers'

Covid pandemic. If there are allegations of misappropriation of funds, both should be investigated."

In response, Delhi BJP chief Virendra Sachdeva reached AB 17 Mathura Road bungalow allotted to Delhi Chief Minister Atishi. He accused the AAP of staging a drama at the former CM's bungalow while the model code of conduct was in force ahead of the Assembly

polls. "Why did AAP leaders Sanjay Singh and Saurabh Bharadwai not visit the Sheesh Mahal earlier?" Sachdeva said. The 'Raj Mahal" jibe is part of AAP's counter allegation that the prime minister leads a luxurious lifestyle.

At a press conference, Trivedi slammed the AAP leaders saying that both Sanjay Singh and Saurabh Bharadwaj trying to "forcibly" enter the premises money and came up during the was an example of

"irresponsible, insane and anarchic behaviour". "Their conduct was also an example of political etiquette and ethics" being demolished, Trivedi said. Kejriwal's 'Sheesh Mahal' has become a "monument of his extravagance" and the Aam Aadmi Party (AAP) cannot hide from this truth. "What AAP leaders did today was a glaring example of their irresponsible, insane and anarchic behaviour'. They tried to enter the (former CM's residence) forcibly," Trivedi told a press conference at the BJP headquarters here. "No matter how much they try, they cannot get away with the 'Sheesh Mahal', which has become a monument of

Kejriwal's extravagance. They

cannot get away with the truth

that a museum of a variety of

luxury items was set up in the 'Sheesh Mahal' with the money

looted from the people of

has since been at the centre of a controversy over alleged costly fittings and other items. The BJP has made the "Sheesh Mahal" allegation a large part of election campaign. Sachdeva has claimed that valuable items, including a "golden commode," were missing after the bungalow was vacated by Kejriwal. A slugfest between AAP and

Delhi," he said.

BJP has broken out, and allegations and counterallegations have intensified as the polling date for Delhi Assembly election approaches. BJP has leveled allegations of irregularities in the renovation Delhi CM's residence. Dubbing the CM bungalow as "Sheesh Mahal," the BJP has made the issue its key poll plank in the run-up to

# **Home Minister reviews law** and order amid spurt in crimes

**STAFF REPORTER RAIPUR** 

 $D_{\text{Minister for Home Affairs}}^{\text{eputy Chief Minister and}}$ Vijay Sharma on Wednesday chaired a meeting and reviewed law and order situation in the state.

During the meeting the Home Minister went through a briefing on the recent incidents and law and order situation with the officials in details.

Cyber crimes and crime against women were also discussed along with the procurement of state-of-theart equipment for cyber crime

#### **Paddy procurement** crosses 100 LMT mark in C'garh

**STAFF REPORTER** RAIPUR

Chhattisgarh Chief Minister Vishnu Deo Sai said on Wednesday that paddy procurement has crossed the 100 lakh metric tonne mark in the state.

A total of 106 lakh metric tonnes of paddy have been procured so far for the Kharif year 2024-25.

Sai quoted on his X handle that his government was honouring the hard work of the farmers.

About 20.53 lakh farmers have sold their paddy. In return, over Rs to them through the bank linking system.

Chhattisgarh aims to procure 160 lakh tonnes of paddy this season and is paying the highest support price of Rs 3,100 per quintal.

The procurement began on November 14, 2024 and will conclude on January 31.

The total registered paddy growers this year are

27.68 lakhs, including 1.45 lakh new registered farmers. Procurement

underway at 2,739 procurement centres across the state. Micro ATMs have been arranged in all the 2058 cooperative societies.

HDFC BANK

police stations, an official statement said.

The Home Minister told the officials to put restraint on the criminal activities as well as to strengthen the law and order situation in the state.

The Home Minister directed the officials to give utmost priority to the safety of women and children and to take effective measures against the use of narcotics substances.

Additional Secretary Home, Manoj Pingua, Director General of Police Ashok Juneja, Secretary to Chief Minister Rahul Bhagat were present in the meeting.

# **India and EU reaffirm** commitment to democracy

PIONEER NEWS SERVICE

India and the European Union (EU) on Wednesday reaffirmed their commitment to principles and values of democracy, rule of law and human rights and agreed on the need to safeguard freedom and diversity of civil society actors. The issues were extensively discussed here at the 11th India-EU Human Rights Dialogue.

The two sides discussed the issues related to civil and political rights, social, economic, and cultural rights, countering religious hatred, elimination of discrimination in all its manifestations, freedom of religion or belief, freedom of expression and opinion, both online and offline, a joint readout said.

While the EU reiterated its opposition to capital punishment, India reiterated its stand on recognition of the right to development as a "distinct, universal, inalienable and fundamental human right," it said.

India is among few countries that still have death penalty. "During the dialogue, India and the EU reiterated their commitment to the shared principles and values of democracy, freedom, rule of law, and to the promotion and protection of all human rights," the readout

The two sides emphasised the "universality, indivisibility, interdependence and interrelatedness" of all human rights,

Reflecting their commitment to upholding human rights, they both agreed on the need to safeguard the freedom, independence and diversity of civil society actors and organisations and other relevant stakeholders such as journalists, respecting freedom of association, expression and peaceful assembly, the readout said.

The two sides also delved into issues of the 'LGBTQI+' com-

and issues relating to technology and human rights.

The two sides also exchanged views on the rights of migrants and business and human rights. according to the readout.
"India and the EU recognised

the importance of strength-ening national and interna-tional human rights mecha-nisms for the protection and promotion of human rights,' it said. Both sides underlined the importance of enhancing cooperation in the multilateral fora particularly at the UN General Assembly and the UN Human Rights Council, it said. "In this regard, they committed to closer cooperation and more regular exchanges between the Permanent Missions of India and the EU in Geneva, in order to identify further opportunities for joint action," the readout added.

The two sides also discussed cooperation on humanitarian assistance and disaster relief in accordance with international humanitarian law.

# Will Didi tweak or not tweak land policy

SAUGAR SENGUPTA KOLKATA

With her state heavy in debt, hard up for liquidity, lacking in investment and lagging in job-creation --thanks to her social security schemes that too is reaching a saturation point --- Bengal Chief Minister Mamata Banerjee is taking this year's Bengal Global Business Summit seriously so as to draw investment proposals ahead of the next year's Assembly elections. The Chief Minister who was on Wednesday scheduled to hold a review meeting with senior bureaucrats including the State Chief Secretary and other senior officials is willing to go the extra mile to attract investment but does not however want to tweak her 'no-acquisition' land policy in order to invite business. The BGBS is scheduled to be held in the first week of February, sources said. "Investment has dried up ... though there are some coming in trickles these are not enough to create job ... on the other hand the Government has withheld appointment to more than

5 lakh sanctioned posts --- in

order to pay for her populist

social security schemes ... this

has shrunk the employment opportunity further ... forcing Bengal to the ranks of a 'migrant labour state'" said a leading economist who was once a close confidant of the Chief Minister.

With a steady decline in investment and flight of capital the State's debt burden has climbed to about Rs 6 lakh crores from Rs 1.92 lakh crore left by the Left Government after 34 years of their rule in 2011.

According to a former Chief Secretary who had worked both with the Left and the TMC Governments, "Jyoti Basu had realized the importance of investment and that not all investors are the agents of imperialist forces in the closing years of his rule while Buddhadeb Bhattacharjee zealously but unsuccessfully tried brig investment before losing power to the Trinamool Congress ... but Mamata Banerjee is not ready to understand that industries do not happen in thin air ... they need land ... and whatever investment that are coming are taking place on the lands acquired by the previous Government."

The chambers of commerce

and prospective investors have repeatedly requested the Chief Minister to acquire land for them but she is reluctant to do so for the fear of losing power, the retired officer said

According to political pundits BGBS-2025 assumes significance for the Chief Minister in view of the 2026 Assembly elections. "Though she coined the words 'Bengal means business' it has hardly come true ... BGBD this year will be a golden opportunity for the Chief Minister to send a message both to the industry fraternity as well

government is really interested in offering an industry-friendly environment in the state ... if she wants to blunt BJP's arguments on the so-called Gujarat model," said a citybased a Jadavpur professor and political scientist.

as the common voters that her

BGBS is a brainchild of the Chief Minister and is organized every year with much fanfare partaken by Indian industry captains like the Tatas, Ambanis,

Mirchandanis, Goenkas etal. Foreign investors to join the gala business event dangling investment proposals that hardly materialize.

have to provide land, then streamline law and order and stop Tolabazi (extortion) and provide politics-free environment ... the Chief Minister wants investment but whether it is possible for her to ensure the three conditions is a big question mark because these would hurt the Trinamool Congress' raison d'etre ... she created a fake land movement with the help of some media captains but now she has got entangled in her own trap," said Sujan Chakrabarty a senior CPI(M) leader.

"The Chief Minister wants the investors to acquire lands but where the land-holding is highly fragmented no investor will be ready to bear the trouble of interacting with individual landowners and setting up big industries... Besides she also has to revisit her no-SEZ stance because the Information Technology Enabled Services (ITeS) sector depends on SEZ," said the former Chief Secretary wondering whether her officers will be able to drive home their point to her or they will simply tow the line that she tosses at them.

### India reaffirms support for Maldives' defence readiness

India and Maldives on Wednesday here reaffirmed readiness to enhance bilateral relationship 'Comprehensive Economic and Maritime Security Partnership, during talks between Defence Minister Rajnath Singh and his counterpart Mohammed Ghassan Maumoon.

The two ministers comprehensively reviewed various aspects of bilateral defence and security cooperation. During the talks, both sides reasserted the firm commitment to work closely in realising the joint vision for India-Maldives Comprehensive Economic and Maritime Security Partnership. Rajnath Singh reaffirmed India's readiness to support the Maldives in capability enhancement for defence preparedness, including provisioning of defence platforms and assets to augment its capacities, as per its national priorities and in line with New Delhi's 'Neighborhood First' policy and the vision of SAGAR (Security And Growth for All in the Region).

Minister Maumoon appreciat-

Delhi for assisting Male in augmenting the modern infrastructural capacities and training of defence and security personnel. On the Government of Maldives' request, India handed over defence equipment and stores to the Maldives. Minister Maumoon is on his first official visit to India. The visit is part of continued highlevel engagements between the two sides. It has provided an opportunity to further deepen the bilateral defence and security ties for the mutual benefit of the two countries and the Indian Ocean Region. Maumoon is on a three-day

visit to India, nearly eight months after New Delhi completed pulling out its military personnel from the Maldives following a demand by its pro-China President Mohamed 'First Responder' for the had significantly frayed the in development projects in the

# India, Afghanistan discuss various issues pertaining to bilateral relations

PIONEER NEWS SERVICE ■

# J and K legislators to attend a three-day long orientation programme

PNS JAMMU

The newly elected members ▲ of the Jammu and Kashmir Legislative Assembly are all set to attend a three-day-long Orientation programme from Thursday to learn Parliamentary practices, procedures and conduct of business rules in the House.

The orientation programme will be conducted at the Central Hall of J&K Legislative Assembly Complex, Jammu. The programme is being organised by J&K Legislative Assembly Secretariat in collaboration with PRIDE, Lok Sabha Secretariat.

The ninety (90) Member House presently has eightyeight (88) members, of which, fifty (50) members have been elected for the first time.

In order to help the newly elected members effectively discharge their onerous responsibilities of meeting the aspirations of the people, this threeday orientation program is being held on Parliamentary Practices, Procedures and Conduct of Business in the

Assembly Abdul Rahim Rather,

Deputy Chief Minister are expected to attend the inaugural program.

Accountability through

The first Legislative Assembly of the Union Territory of Jammu and Kashmir was constituted on 8th October 2024. The orientation programme will feature discussions by eminent Parliamentarians like Dr. Sanjay Jaiswal, Chairperson, Committee on Estimates; N.K Premachandran and Dr. Satayapal Singh, former Members Lok Sabha. The subjects to be discussed and deliberated during the programme included Legislative Processes,

for an Effective Legislator and a session on NEVA. The insights gained through these lectures will provide the newly elected members with a

deep understanding of the workings of the legislature and the responsibility they carry as elected representatives. The lectures will also be co-hosted by Senior Officers of the Lok Sabha Secretariat. This programme is expected to

enhance the capacity of MLAs to significantly contribute to policy formulation and ensure Questions, Committee System Union Territory.

### Undertrials to be released if they have undergone half the maximum prison term

PNS NEW DELHI

entre has asked all states to Censure that an undertrial prisoner arrested for an offence for which the punishment of death or life imprisonment has not been specified should be released if he or she has already undergone detention for half of the maximum prison term specified for that offence, thus reducing overcrowding in jails. In a communication to chief secretaries and directors general of prisons of all states, the ministry of home affairs said the prison authorities should approach the court concerned for release of such eligible prisoners under the provisions of the Section 479 of the Bharatiya Nagarik Suraksha Sanhita, 2023

The Section 479 of the BNSS states that when a person has, during the period of investigation, inquiry or trial of an offence under any law (not being an offence for which the punishment of death or life imprisonment has been specified as one of the punishments under that law) undergone detention for a period extending up to one-half of the maximum period of imprisonment specified for that offence under that law, he shall be released by the court on bail.

"In case of first-time offenders, such prisoners shall be released on bond by the court, if they have undergone detention for a period extending up to onethird of the maximum period of imprisonment for that offence. Further, Section 479 (3) of the BNSS casts a specific responsibility on the Superintendent of the Prison to make an application to the

aforementioned undertrial prisoners on bail/bond," the communication said.

The ministry said it had issued an advisory to the states and union territories on the issue on October 16, 2024 and had requested them to provide the benefit of the provisions of Section 479 of BNSS to all eligible prisoners and have their bail applications filed in the

court accordingly.
It said on the occasion of Constitution Day i.E. November 26, 2024, the home ministry had launched a special campaign under which all the states and union territories were requested... To identify eligible prisoners under the provisions of the Section 479 of BNSS and move their applications to the concerned courts for their release on bail/bond. Union Home Minister Amit Shah had also sent a letter to chief ministers of all states and Union territories in this regard. The states and Union territories had actively participated in this exercise and had furnished the details of the number of prisoners who benefitted from

the provisions of Section 479 of

BNSS up to November 26,

However, the ministry has conveyed to the states that it was not a one-time exercise and the states and Union territories need to take advantage of the provisions of Section 479 of BNSS and provide the benefit of the same to all eligible prisoners on a continuous basis.

"The states and UTs are requested to provide details, as in the attached proforma, for the period November 27, 2024 to December 31, 2024, on urgent basis, whereafter a monthly report, even a NIL report, is to be provided to this ministry in the prescribed proforma, starting from January 1, 2025," the communication said.

The home minister said the provisions of Section 479 of BNSS can go a long way in mitigating the situation of long detention faced by undertrial prisoners and can also address the issue of overcrowding in prisons.

It is, therefore, expected that all states and UTs will cooperate in the matter and will advise the concerned prison authorities for taking necessary action in the matter and to furnish the desired information to MHA in a timely manner," it

### 62 indigenously manufactured vehicles set to reach Lebanon

PIONEER NEWS SERVICE

n a boost for 'Make in India' initiative, 62 indigenously manufactured vehicles are set to reach Lebanon for utilisation by the Indian contingent deployed in the United Nations Interim Force in Lebanon (UNIFIL), defence sources said on Wednesdav.

The fleet comprises high mobility troop carriage vehicles, utility vehicles (one tonne and 2.5 tonne), medium and light ambulances, fuel bowsers and recovery vehicles, they said. Until now, the Indian troops

serving in the UN peacekeeping mission in Lebanon were operating the vehicles provided by the United Nations. These vehicles were sourced from other countries, a defence source said. In a significant step towards promoting indigenous capabilities and strengthening opera-tional efficiency, 62 Indian-manufactured vehicles are now set to reach Lebanon for utilisation by the Indian contingent deployed in the UNIFIL, the source added.

With the induction of these 'Made-in-India' vehicles, the Indian battalion will now rely on robust and homegrown platforms", showcasing India's commitment to self-reliance and its growing defence manufacturing capabilities on the global stage, the source said.

This development underscores India's leadership in peacekeeping missions and highlights the nation's support for indigenous innovation in defence, he added.

# UGC's draft regulations 2025 direct assault on State rights, says CPI(M)

PIONEER NEWS SERVICE **NEW DELHI** 

The Communist Party of India (Marxist) on Wednesday said the University ¬he Communist Party of Grants Commission's draft regulations 2025 contains a provision which is a "direct assault" on State rights on the question of selecting Vice-Chancellors (VCs) for State-run Universities, and demanded that it should be withdrawn. The new guidelines give the

Governor, who is also the Chancellor of State Universities, the power to appoint a committee to select the vice-chancellor, the CPI(M) Politburo said in a statement, claiming that it is happening in the backdrop of governors "arbitrarily" appointing VCs in some "opposition-ruled

"The draft UGC regulations 2025 contains a provision which is a direct assault on the rights of states on the question of selecting vice-chancellors in state-run universities," the statement said. "The guidelines give the governor-cumchancellor the power to appoint a three-member selection committee in which the chancellor's nominee will also be the chair-

This is happening in the backdrop of governors acting arbitrarily in appointing vicechancellors in some opposition-ruled states," the CPI(M) Claiming that the State

Government will have no say as

the selection committee, the

CPI(M) said, "At one stroke, the Centre through these guidelines can appoint vicechancellors of its choice in all

state-run universities through the governor-cum-chancellors. The Left party also said the draft regulations violate the Constitutional position, wherein education is a concurrent 'All democratic sections, including the non-BJP state

governments, should unitedly oppose this dangerous provision. It should be withdrawn," they said. The draft UGC (Minimum Qualifications for Appointment & Promotion of Teachers and Academic Staff in Universities and Colleges and Measures for Maintenance of Standards in Higher Education) Regulations, 2025, was released on Monday.
The draft guidelines, which have been placed in the pub-

lic domain for feedback, aim to give flexibility to the Universities in appointing and promoting teachers and academic staff in their institutions. The draft regulations grant Governors broader control over VC appointments and allows non-academics to hold these posts.

### India's defence forces planning to build integrated communication satellite grid

PIONEER NEWS SERVICE **NEW DELHI** 

India's defence forces are planning to build an integrated satellite communication grid comprising spacecraft in different orbits and data relay systems as space emerges as a new domain of warfare, a senior officer said.

Addressing the DefSat Conference here, Defence Space Agency Director General Air Vice Marshal Pawan Kumar said the defence forces were also looking at collaborating with the industry to meet its requirements to get an edge over its rivals in the domain.

"When you talk of communication, I think the technology that we are focusing on is integrated satellite communication grid. We don't want any service to be over dependent on a particular satellite," Kumar said in the inaugural address at the DefSat conference organised by Satcom Industry Association-India.

Kumar said the defence forces were looking at a mix of constellations, either Medium

Earth Orbit Geostationary Orbit (GEO) or Low Earth Orbit (LEO)-MEO-GEO, and a lot of studies have happened on that.

We are also looking at tracking and data relay satellite systems primarily because it reduces demand to delivery time as far as OODA loop is concerned," he said.

Kumar said the defence forces were also exploring quantum communications because of the obvious advantages of

"We are looking for space and ground-based sensors which include telescopes and radars, along with the complete network so that the commanders can make appropriate decisions, whether it is military level, operational level, or tactical level," he said.

The inaugural session of the three-day conference was addressed by Lt Gen PJS Pannu (retd); Viasat India Managing Director Gautam Sharma; Data Security Council India CEO Vinayak Godse; President SIA-India and CMD Ananth Technologies Subba Rao

# **India targets five million tons of** green hydrogen by 2030: PM Modi

PIONEER NEWS SERVICE

Prime Minister Narendra Modi on Wednesday said as part of National Green Hydrogen Mission, the country is aiming to produce 5 million tons of green hydrogen by

After virtually laying the foundation stone and launching projects worth over Rs 2 lakh crore here, Modi said two green hydrogen hubs will be set up in the country out of which one will come up

"The country launched the National Green Hydrogen Mission in 2023. Our aim is to make 5 million metric tons of green hydrogen production (annually) by 2030. As a first step, two green hydrogen hubs will be set up, out of which one is in Visakhapatnam," he said.

He further said as part of "Swarnandhra Pradesh", by 2047, Andhra Pradesh is aiming to become approximately a USD 2.5 trillion economy and the Center will work with the southern state in realizing

Describing the state as a "land

opportunities", Modi said the time has come for it to become a centre of new futuristic technologies.

Earlier, the PM virtually laid the foundation stone and launched a number of projects, including a green hydrogen hub in Anakapalli. Among others he laid the foundation stone for a railway zone here and dedicated to the nation various projects in the rail and road sectors. The green hydrogen hub coming up in Anakapalli district, near here, is a joint green energy ecosystem initiative between NTPC Green Energy Ltd and the New & Renewable Energy Development Corporation of out a grand road show upon Modi's arrival in this city.
People gathered in large numbers, showered flowers on the leaders as they travelled atop an open vehicle, waving back at the public. The entire stretch was decked up with the party flags of TDP, BJP, and Janasena.

### INDIA alliance cracks as Akhilesh Yadav declares support for AAP in Delhi elections

BISWAJEET BANERJEE

Samajwadi Party (SP) chief Akhilesh Yadav has openly declared his support for the Aam Aadmi Party (AAP) in the upcoming Delhi assembly elections, signaling a significant crack in the oppositions INDIA alliance.

Speaking to reporters here Yadav stated, "I will support AAP in Delhi and share the stage with them. I will not support Congress. In Delhi, only AAP can defeat the BJP. The Samajwadi Party will support whoever can defeat the BJP." announcement

highlights growing discord within the INDIA bloc, a coalition of opposition parties formed to challenge the BJP's dominance in the national political landscape. Yadav's statement underscores the alliance's weakening solidarity, especially as regional ambitions and electoral dynamics come into

is a direct snub to the Congress, which is also a key constituent of the INDIA alliance. The AAP and Congress have been at loggerheads in Delhi, with Chief Minister Arvind Kejriwal's party emerging as the dominant opposition to the BJP in the national capital.

Yadav's endorsement of AAP

hand, has struggled to regain its foothold in the region after being ousted by AAP in 2013. The INDIA alliance, formed with much fanfare to present a united front against the BJP in the 2024 general elections, now faces a critical test of its unity. Akhilesh Yadav's declaration raises questions about the alliance's ability to maintain cohesion in state elections, where regional priorities often precedence over national strategies.

"By aligning with AAP, Yadav has chosen to prioritize regional equations over alliance commitments. This move could potentially embolden other regional players to take similar positions, further fracturing the opposition coalition, Political analyst Narain Bajpayee said. Congress leaders have so far

growing frustration with the lack of coordination among alliance partners. "This is not the time for regional parties to prioritize their own interests. The larger goal of defeating the BJP should guide our decisions," a senior Congress leader said on condition appropriate. condition anonymity.
Bajpayee said: "Akhilesh
Yadav's announcement has
not only disrupted the INDIA
alliance but also exposed the

fragile nature of coalitions formed out of political expediency. As Delhi gears up for a high-stakes election, the fallout from this development will be closely watched. It remains to be seen whether remains to be seen whether the INDIA bloc can overcome its internal contradictions or if the cracks will widen, giving the BJP an upper hand in the battle for 2024."

# UP govt will reclaim every inch of land taken under pretext of Waqf: CM Yogi Adityanath

PIONEER NEWS SERVICE LUCKNOW

Uttar Pradesh Chief Minister Yogi Adityanath on Wednesday said the state government will reclaim every inch of land that has been taken under the pretext of waqf. Speaking at the 'Maha Kumbh Mahasammelan' organised by a private news channel here

he claimed that the belief system of Sanatan Dharma represents the world's oldest culture, standing above comparison with any religion

"I inherit a legacy that spans thousands of years, with its cultural and spiritual events equally ancient. The tradition of Sanatan is higher than the sky and beyond comparison," Adityanath, according to an official statement, said

undeterred by challenges, to

take part in this sacred event.

Welcome to the world of

Babas,

Taking a strong stance on the Waqf Board, he said, "It is hard to tell whether it is a Waqf Board or a board of land

He said his government has amended the Waqf Act and is actively investigating all "occupied" land.

"We will reclaim every inch of land that has been taken

under the pretext of Waqf and will be used to build educational housing, institutions and hospitals for the poor," he affirmed.

Highlighting the ancient heritage of Sanatan Dharma, Yogi asserted that the tradition of Kumbh far predates the Waqf institution. The stature of Sanatan

Gangapuri Maharaj, who has

not taken a bath for 32 years,

has become the center of

attraction at the Maha Mela in Uttar Dharma is higher than the sky and its depth deeper than the ocean. It cannot be compared to any sect or religion," he

Chief Minister Adityanath strongly criticised the Samajwadi Party (SP) and its leaders, alleging that they failed to uphold the principles of (socialist leader) Dr Ram Manohar Lohia

He reminded that Dr Lohia had once said, "If you want to understand India, study the traditions of Ram, Krishna and Shiva. Those who claim to follow the ideals of Lohia never truly understood his words?

Addressing the dispute over religious sites in Sambhal, the chief minister pointed out that the Puranas mention Sambhal as the birthplace of Kalki, the tenth incarnation of Lord Shri Hari Vishnu. He condemned attempts to

encroach religious sites by damaging them, stating, "Our government took decisive action based on the court's order and sent a clear message to the rioters.

Highlighting development of Ayodhya, he said, "We have transformed Ayodhya into a centre of development and heritage. Those who once opposed Ayodhya's progress have no moral authority to visit the city now.

On religious conversion and "ghar wapsi", he said, "If someone genuinely wishes to return to their original faith from the heart, they should be welcomed. This reflects a conscious respect for religion and tradition.

Discussing national and

katenge, ek rahenge to nek rahenge' (Divided we fall, united we thrive)," he said. Criticising the opposition, Yogi accused certain groups of attempting to divide the

Hindu unity, Adityanath

emphasised that Sanatan

Dharma has always held the

highest position, asserting

that Hindu unity and national

"History bears witness that

division has always led to

weakness, unity has made us

invincible. That is why I have

always maintained 'Batenge to

unity go hand in hand.

society along caste and religious lines, calling them forces conspiring to weaken the nation. He asserted that the people of

the country have grown more aware and are no longer susceptible to such divisive

# Bizarre Babas of Maha Kumbh: Stories of devotion, discipline and unique practices

**BISWAJEET BANERJEE PRAYAGRAJ** 

The Maha Kumbh, the world's largest spiritual gathering, is set to take place from January 13 to February 26, bringing together saints, sages, and Sanyasis from every corner of India-and even beyond. Among the throngs of devotees, a select group of ascetics stands out, not just for their spiritual fervor but for their unconventional and aweinspiring practices, each carrying a message of devotion, discipline, and social welfare. From a Baba who has not bathed in decades to another who starts his day with a bath using 51 pots of Ganga water, their practices defy ordinary logic. Some Babas express their devotion through silence, believing energy speaking wastes meant for world welfare. Others make bold statements through sheer endurance-like a saint who wears a 45-kg

crown of 2.5 lakh Rudraksha

beads, or a Sadhu who

walked 750 kilometers from

Prayagraj, Bizarre

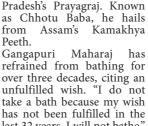

spirituality extraordinary! The Baba Who Hasn't where Bathed for 32 Years

last 32 years. I will not bathe," he explained. Rudraksha Baba: The 45-kg

Crown of Devotion Geetanand Giri Maharaj,

famously known Rudraksha Baba, has drawn fascination at the Kumbh Mela with his extraordinary penance. Every day, he meditates for 12 hours wearing a 45-kg crown of Rudraksha beads. Initially pledging to wear 1.25 lakh Rudraksha beads, offerings from devotees have increased the count to 2.25 lakh.

A Naga Sanyasi from Shri Shambhu Panchdashnam Awahan Akhara, Geetanand Giri hails from Kot Kapura, Punjab. Leaving home at just two and a half years old, he embraced a life of spiritual dedication. In 2019, Baba vowed at the Triveni Sangam to wear the Rudraksha crown for 12 years. Six years into his journey, his resolve remains steadfast

Anaaj Wale Baba: The Saint Who Grows Crops on His Head

Amarjeet, known as Anaaj Wale Baba, stands out for promoting environmental awareness by growing crops like barley, wheat, and millet on his head. A resident of Sonbhadra, he has dedicated 14 years to this unique

penance. Baba views his practice as a form of Hatha Yoga, blending spirituality with ecological advocacy. "This is Hatha Yoga, and only a saint can endure this," he stated. On Mauni Amavasya, he plans to harvest the grains and distribute them as prasad to symbolizing devotees, prosperity and blessings.

Mahakal Giri Baba: The One-Handed Tapasvi For nine years, Mahakal Giri

Baba from Jodhpur, Rajasthan, has kept his left hand raised as an act of penance. His deformed, rigid arm symbolizes unwavering dedication to world peace and the preservation of Sanatan Dharma. "I took sanyas at the age of seven and am now 30," he shared.

Naga Swami Bhagirathi Giri: The One-Legged Yogi Bhagirathi Giri of the Atal Akhara has practiced Khadeshwari tapasya standing on one leg for three years. Using a swing for support, he sleeps and meditates while maintaining his vow. "I will continue until atrocities against women and terrorism cease," he declared.

Naga Baba Pramod Giri: 51-Pot Ritual of Devotion

Naga Baba Pramod Giri of Rajasthan performs a daily ritual involving a bath with Ganga water from 51 earthen pots. Each day, additional pots are added, culminating in 108 pots on the final day of the ritual. Baba's unwavering commitment spans nine showcasing dedication to practices. Walking 750 km for Faith: Vishnu Giri

Maharaj's

Journey to Maha Kumbh Vishnu Giri Maharaj, a saint from Nepal's Niranjani walked Akhara, kilometers over nine months to reach Prayagraj. Facing hardships and narrowly escaping accidents, he remained determined to fulfill his vow. Upon arrival, he described his holy dip in the Sangam as rejuvenating, reflecting the spirit of resolve

# **Brace up for battle royal**

With polling scheduled for February 5, Delhi is poised for a fiercely contested three-way battle

s the Election Commission officially announced the schedule for Delhi's upcoming assembly elections, the stage is set for what promises to be a hard-fought, three-cornered contest. Polling for the 70 assembly seats in Delhi will take place on February 5, with the results to be declared on February 8. This election is poised to be a high-stakes battle between the incumbent Aam Aadmi Party (AAP), the Bharatiya Janata Party (BJP) and the Congress, each bringing its own strategies, narratives and issues to the forefront. Under the leadership of Arvind Kejriwal, AAP is looking to secure a third consecutive term in Delhi. The party, which has enjoyed overwhelming success in the last two elections, is fiercely campaigning for a 'hat-trick.' Kejriwal, whose party has transformed the political landscape of Delhi since its formation in 2012, is betting on his track record of governance and what he calls the 'politics of work.' AAP's focus remains on welfare programmes such as free electricity, water and healthcare, while

the party claims its tenure has been marked by development and transparency. With the slogan "Phir layenge Kejriwal," AAP has launched a campaign centred around a positive vision for the future, contrasting its achievements with the BJP's focus on divisive politics. However, AAP's victory is far from assured. Despite its dominance in the previous two elections, the party now faces mounting challenges. AAP has been dogged by corruption allegations, a point of attack that the BJP has effectively capitalised on.

For the BJP, this election is a do-or-die contest. The party, under the leadership of Prime Minister Narendra Modi, has mounted an aggressive campaign aimed

at ousting Kejriwal and the AAP from power. The BJP's central theme revolves around anti-incumbency, accusing AAP of corruption and failing to address the capital's development needs. Prime Minister Modi, at the forefront of the BJP's attack, has called the AAP government an 'AAP-da' (disaster) and criticised its inability to offer a vision for Delhi's growth. Modi's rhetoric positions the BJP as the party of national progress, while framing Kejriwal's leadership as an obstacle to Delhi's future. The BJP's strategy is twofold: discredit the AAP's governance while appealing to voters' desire for change. The Congress, once the dominant force in Delhi, is now a distant third. After losing power in the capital in 2013, the party has been trying to rebuild its political base, which has been severely eroded by both AAP and BJP. However, this time the party is determined to make its presence felt in the elections. Given the deepening polarisation, high stakes and aggressive strategies on all sides, the 2025 Delhi Assembly elections are shaping up to be a politically charged, hard-fought, and closely contested battle. Voters will have to choose between a legacy of governance under AAP, a vision for change from the BJP, and the prospect of stability from the Congress, making this election one of the most bitterly fought yet interesting to the core.

# Donald Trump's H-1B dilemma

### As President-elect Donald Trump prepares for his second term, the debate over H-1B visas for skilled foreign workers is heating up

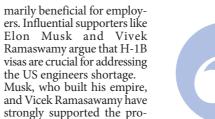

s the US Presidentelect Donald Trump prepares to take office on January 20, Lhe faces a unique challenge. The issue of immigration and the H-1B visa has become a contentious point among the two key groups. He is trying to satisfy the conflicting interests of the billionaire tech community, who heavily fund his campaigns, and his 'America First' base.

Trump's recent favourable statements on H-1B visas for foreign skilled workers have sparked renewed discussions on the future of this critical programme. The New York Post quoted Trump, "I've always liked the visas, I have always been in favour of the visas.

That's why we have them." He added: "I have many H-1B visas on my properties. I've been a believer in H-1B visas. I have used it many times. It's a great program."

Trump admitted. Trump has backed Elon Musk and his other wealthy funders from Silicon Valley (South Africa-born Musk had an H1B visa himself). While tech leaders want a liberal H-1B visa regime, 'America First' hardliners wish for stricter restrictions on immigration at all levels. In his first term, Trump priori-

tised protecting American citizens' interests, which had significant implications on the H-1B visas. 'America First' advocates argue that H-1B visas take jobs away from American workers. The looming question is, will the Trump's second term may prioritise American workers' jobs, or it could revert to the traditional Republican belief that immigration primarily benefits employers. Debates arose over H-1B visas following Trump's appointment of India-born Sriram Krishnan as his advisor on artificial intelligence. It caused divisions within Trump's team opponents of the H-1B visa claim that the immigrants take away American jobs. The intriguing lestion is whether a second Trump term will prioritise jobs for American workers or revert to the traditional Republican stance that immigration is pri-

and Vicek Ramasawamy have strongly supported the program. Musk expressed his readiness to go to war over it. They highlight a significant skills gap in the US labour market, particularly in STEM fields.

What is an H-1B visa, and why is there such controversy surrounding it? Would India suffer if H-1B visas were eliminated? The visa system for skilled workers from other countries was introduced in 1990 by President Bush to work legally in the US. The visa is for three years. Applicants must have a job lined up with a US-based sponsoring company or institution. Since 2004, the United States has limited the number of new H-1B visas to 85,000

This cap includes 20,000 visas for international students with advanced degrees from US universities. In the fiscal year 2023, the US approved just over 386,000 H-1B applications. For the fiscal year 2024 there were 758,994 eligible registrations, an increase from 474,421 in 2023. Most approved applicants work in

COMPANIES, INCLUDING TECH **GIANTS LIKE** AMAZON AND GOOGLE, ARE **SIGNIFICANTLY** SCALING BACK **THEIR SPONSORSHIP** OF H-1B VISAS. INDIAN IT FIRMS, **INCLUDING** INFOSYS AND TATA CONSULTANCY SERVICES (TCS), ALSO RECORDED SUBSTANTIAL

science, technology, engineering, and mathematics (STEM). The issue is more than just an economic concern; new developments in artificial intelligence and advanced comput-ing technology make it vital for US defence and national security. India receives approximately 72 per cent of H-1B visas, while Chinese citizens account for around 12 per cent.

Eliminating country-specific caps could increase job opportunities for Indians in the United States. It is a significant concern for many prospective applicants. Major employers in the tech industry, including Indian companies like Infosys, TCS, HCL, and Wipro, represent 35 per cent of the top 10 beneficiaries of H-1B visas. Beginning with FY 2025, USCIS changed from an employer-based to a beneficiary-centric registration system, following the agency's "serious concerns" noted after the FY 2024 registration period. Amazon, the largest H-1B sponsor, saw a steep decline in approvals, dropping from over 11,000 in 2023 to just above 9,000 in 2024. Major U.S. companies, including tech giants like Amazon and Google, are significantly scaling back their sponsorship of H-1B visas. Indian IT firms, including Infosys and Tata Consultancy Services (TCS),

also recorded substantial reductions. Not everyone wants to get rid of the visa sys-

According to the American

Enterprise Institute and the Partnership for a New American Economy, increasing the H-1B visa cap could generate 1.3 million new jobs. It would contribute approximately \$158 billion to the US GDP by 2045. H-1B visa holders often add to the workforce instead of taking jobs from US workers. Trump's recent statement about H-1B visas has given hope to many visa seekers, especially Indians. He stated that the US needs skilled and intelligent people and promised more job opportunities. It provides a positive outlook for H-1B visas.H-1B visa holders often complement, rather than compete with, US workers.

Now many H-1B visa seekers are hopeful after Trump has sided with Musk. He claimed that there was a need for skilled and intelligent workers. His promise of unprecedented job opportunities offers a positive outlook for those seeking H-1B visas. The Indian government closely monitors any backlash against the US.

# Influencer marketing is making a big impact on India's small towns

PTI

#### Influencer marketing, once seen as an urban phenomenon, is now making waves in India's small towns and rural areas

nfluencer marketing is no longer just a big-city Lithing in India. It has taken even the country's small towns and rural areas. The sole reason behind this shift is the recent surge in regional content creators, who connect deeply with local audiences by speaking their language, both literally and culturally.

The rise in regional content A regional revolution is on the cards for India's digital landscape.

The share of regional language consumption on OTT platforms alone is estimated to go beyond 50-50 per cent by 2025, leaving Hindi content behind. This is to say, India's appetite for content in native languages is growing aggressively, laying down a strong foundation for regional influencers to thrive.

#### Brands tapping into 'Bharat'

Brands seem to acknowledge this shift and have begun increasingly collaborating with regional influencers to penetrate non-metro markets. There's no argument over how crucial influencer marketing has become for The creator economy is ris-

brands considering it a part of their marketing strategy. Partnering with local creators gives an edge to brands in delivering messages that resonate with regional audiences and build engagement and trust.

#### Enter micro & nano influ-

Brands are going big on micro and nano influencers, given their unmatched effectiveness in these markets. Their content is more relatable and trustworthy to local audiences. Notably, 47 per cent of brands prefer collaborating with micro and nano influencers for cost-effective campaigns and better engagement.

**Economic opportunities for** regional creators

brands, with 75 per cent of ing rapidly. The market size is expected to grow at a compound annual growth rate of 22 per cent from 2023 to

> This growth rate is proof of the plethora of opportunities that lie for regional creators, enabling them to monetise their content while contributing to the local economy. Despite the promising growth, challenges remain. Many creators in smaller towns may need more access to high-quality production resources or brand partner-

> However, as the digital infrastructure improves and brands continue to recognise the value of regional influencers, these hurdles are likely to go away. The rise of regional content creators is reshaping India's influencer

marketing ecosystem. By tapping into local languages and cultures, these influencers are not only taking brand messages to their target audience but also democratising content creation across the nation.

The rise of regional content creators is transforming India's influencer marketing landscape. By connecting with local audiences in their native languages and cultures, these influencers are expanding the reach of brands to non-metro markets. As regional content consumption grows, brands are increasingly partnering with micro and nano influencers to achieve cost-effective, relatable, and trustworthy engagement.

The growing creator economy offers significant economic opportunities, despite challenges like limited access to production resources. As digital infrastructure improves, regional influencers will continue to thrive, reshaping content creation and broadening its reach across the nation.

#### SUPERSTAR CULTURE HURTS TEAM INDIA Madam - No kudos is enough for

Harbhajan Singh for boldly opposing the 'superstar culture' revolving around the 'holy cows' of Indian cricket. Irfan Pathan has also done the same and also questioned the place of Virat Kohli in the team. Not only has Kohli aggregated merely 190 runs in his nine innings in the just-concluded Indo-Australia Test series, but he has averaged less than 30 over the last five years! Yet Kohli gets not only allowed to dominate in the team; a deluge of silly excuses gets bizarrely served on the lines of 'Form Temporary Class Permanent,' 'A century just an innings away," and "Stop

criticising; runs will come! And to render a damn lie to 'ultimate truth' through constant repetition, some former stars have started shouting, "Kohli has still 4-5 years of glorious cricket in him!" But if one is not any 'superstar,' we get Wriddhiman Saha! So even after saving India from an imminent defeat in the Kanpur Test against New Zealand, that too by overcoming the unbearable pain of a stiff neck, Saha (then reigning as the world's best wicketkeeper) was clearly conveyed publicly, even when the Test was still on, that he is not in the team's 'scheme of things!' So in this biased, prejudiced setup, it is highly natural that this 'gallant show' of failures is sure to go on unless the 'superstar' culture is made to see its immediate end!

#### **JUSTIN TRUDEAU QUITS**

Madam— The editorial 'Trudeau steps down' (Jan 8) highlights the domestic political reasons, economic failure and discontent in his own Liberal party for his resignation. In fact, Justin Trudeau scripted his own exit. His diplomatic blunders are also potential reasons for his resignation. He unnecessarily antagonised India for gaining Sikh support in elections without realising that the Khalistani movement is a secessionist and a hostile agitation that has the least support in India. He admittedly had no proof of the involvement of The Trudeau exit should be a lesson to

#### **Cashless treatment for road accident victims**

s per the report titled "National Strategy for Prevention of Unintentional Injury," there were 430,504 deaths from unintentional injuries and 170,924 deaths due to intentional injuries in India. Despite efforts to improve road safety, India continues to grapple with a high number of fatalities due to road traffic injuries. It is unfortunate. The government of India, in line with its commitment to reduce fatalities, launched a pilot programme in Chandigarh in March 2024 to provide cashless treatment to the victims of road accidents caused by the use of motor vehi-

Indian agencies, yet he continued to blame India for the Nijjar murder case and promote and protect the extremist Pannu. His open support for Khalistani extremist elements eroded his credibility worldwide, as the Indian diaspora, including Sikh brethren, are peacefully living on all the continents, and only a few in Canada support Khalistan.

Trudeau gambled in vain. India observed utmost diplomatic restraint against Trudeau's anti-India statements on Khalistani extremists. It is true that no extremist or terrorist group dares to surge without government support, as it needs media, judiciary, police, and diplomatic support and funding for its secessionist, hatred, divisive, and violent activities. Canada provided all these facilities to the Khalistani extremists. Now the Trudeau tenure is over, the Khalistani extremists may not have a favourable time in Canada, and all false allegations against India in the Nizzar murder case will meet a logical end, and hardcore elements like Pannu will not be supported by the state.

cles. The aim of this scheme was to establish an ecosystem for providing timely medical care to the victims of road accidents, including during the

golden hour. As per the scheme, the victims will be entitled to cashless treatment up to a maximum of 1.5 lakh rupees per accident per person for a maximum of 7 days from the date of the accident. It is applicable to all road accidents caused by the use of a motor vehicle on any category of road. Claims raised by hospitals for providing treatment to be remembered from the Motor Vehicle Accident Fund. The pilot programme was later expanded to six states. The scheme is going to be implemented nationwide from March 2025, as announced by Nitin Gadkari, Central Minister for Road Transport. It is really a welcome move. Certainly, lives of more accident victims will be

P Victor Selvaraj | Tirunelveli

those foreign leaders who are inciting and supporting anti-national organisations in

#### **SALARY INCREMENTS DELAYED**

Madam — Economic instability and the tendency of customers to reduce expenses have compelled major IT companies to postpone salary increments. This step by reputed firms like Infosys and LTI Mindtree is an effort to maintain financial balance, but its long-term impact could be severe.

A blow to employees' morale may lead to a decline in their creativity and efficiency. Additionally, measures like layoffs and reduction in workdays could create insecurity among the workforce. It is essential for companies to take balanced decisions that ensure financial stability while considering the human aspect, paving the way for holistic growth.

# **FIRST COLUMN** STOP BLAMING, **START AIMING**

Blame is an easy escape when life doesn't go as planned, but it's also a barrier to personal growth

RAJYOGI BRAHMA KUMAR **NIKUNJ JI** 

very man is the architect of his own life; hence one can easily say that we all try to make our lives just the way we want them to be, however, when something goes wrong, we immediately start looking out for someone or something to blame instead of changing ourselves to better the situation. It's a fact that we all spend too much of our time and energy in finding people to blame for all the problems in our life. But why do we need to blame someone?

Because we want to redeem ourselves of the guilt of doing something wrong by justifying it, therefore internally we pass on the responsibility of our behaviour to a person, situation or an external factor. Doesn't that sound very normal? Well!!! It may be to the majority of us, but while playing this game of blaming, we forget that as per the Law of Karma, the one who changes himself first is the one who gets the gift of happiness. Hence if we are seekers of peace and happiness, then we have to change ourselves and not wait for others to do so. Blaming others happens due to a lack of vision to recognise and accept our faults and laziness in making amendments

Gradually it becomes a habit of lethargy in a royal disguise. Usually, we blame others for our misery because we feel that things could have been better if the other person behaved properly with us, but we fail to understand the very fact that every action has an opposite and equal reaction, hence instead of looking at self, we always struggle to set the oppo-

When we are unable to find someone to blame, we end up blaming the situation. However, while doing so, we forget the fact that all the situations in our life are our creations, hence according to Karma Philosophy whatever we are experiencing currently is the result of an action, word or thought manifested sometime earlier. And now when it is time for us to repay, we should readily do it with courage & settle our karmic account to experience a burden-free state of mind. Right?

When the above two factors i.e. blaming someone or something don't work, the despaired human soul goes to the extent of blaming the Almighty because he feels that since everything in the world happens by the will of the Supreme, his plight is also an outcome of God's desire. Quite funny, isn't it? But we all indulge in such pastime activity daily. Remember! We all are actors who fall under the law of karma & perform actions to derive fruit out of it. Almighty never gets a share out of it.

As our teacher & guide, HE can teach, and make us understand, but HE cannot appear in the exam for us. Hence, we have to take all the tests of life by ourselves with full confidence. For a spiritual aspirant, unpleasant situations are examinations of life that are necessary to elevate one's spiritual stage & help in leaping forward in self-progress. Hence, we must not miss the opportunity to snap the web that we have all created with rationalization. Whether we fail or pass in these examinations doesn't matter much, what counts is the courage & vigour with which we face these examinations. For spiritual evolution, the habit of blaming is one of the major obstacles simply because the first rule of spirituality is observing one's self and not the others.

Hence it is very important to take responsibility for the experiences we undergo & make a conscious effort to do the right and be honest and accountable to ourselves because deceiving ourselves will only take us further away from spiritual liberation. So!! Stop blaming and start aiming because when you blame others, you give up your power to change. (Writer is a spiritual educator & popular columnist; views

# India's forests: Gains, gaps and the way forward

The report underscores the need for robust monitoring, effective execution of plantation drives and third-party certification of carbon stock to meet India's climate commitments

orest Survey of India has been releasing biannual reports on the status of Indian forests. The last report was released on December 31, 2021, and the current report which was due in December 2023, has been released after a year's delay. The highlight of the report is that total forest cover has been increased from 7,15,187 square km (2021 assessment) to 7, 15,343 square km (current assessment), which is now 21.76 per cent of the total geographical area of the country. Also, the tree cover, which comprises trees along the linear infrastructures and also in agricultural fields up to one hectare is increased by 1289 square km, which is 3.41 per cent of the total geographical area of the country. The net increase of forest cover and tree cover is 1445 square km in two years period till 2023.

The increase in forest cover is a meager 156 square km. Among the states that have gained maximum increase in forest cover are Uttar Pradesh, Rajasthan, Chhattisgarh and Odisha. A maximum decrease in forest cover has been noticed in Madhya Pradesh, Karnataka, Ladakh and Nagaland. Recorded Forest / Green Wash areas (RFA/GW) are the forests in control of the forest department. While Mizoram, Odisha, Karnataka, West Bengal and Jharkhand have added in RFA/GW areas and the forest cover has increased, Tripura, Telangana, Assam, Andhra Pradesh and Gujarat have lost. It indicates that states are losing their recorded forests. Villages on the fringes of the forests have been burning tree growth and occupying forest land with the support of local leaders and to claim it under the Forest Rights Act, of 2006. Improper implementation of the Forest Rights Act, of 2006 can be attributed to the reason for the loss of forests for agriculture. All the states have been taking up ambitious plantation programmes to increase forest cover and tree cover. The degraded forest areas are being planted

Taking a conservative estimate, a minimum of 18,000 square km area is being planted annually in the country; should

THE NET

**INCREASE OF** FOREST COVER AND TREE COVER IS 1445 SQUARE KM IN TWO YEARS PERIOD TILL 2023. THE **INCREASE IN** FOREST COVER IS A MEAGER 156 SQUARE KM. AMONG THE STATES THAT HAVE GAINED **MAXIMUM INCREASE IN** 

FOREST COVER

ARE UTTAR

PRADESH, RAJASTHAN, est category. **CHHATTISGARH** AND ODISHA

it not be reflected in this report? How can we justify a 7 square km increase in two years in RFA? It only indicates that deforestation and degradation are taking place at the same pace, we are planting the areas. Such an important report should contain an assessment of the success of plantations across the states. Forest cover outside RFA has increased in Gujarat, Bihar, Kerala, Uttar Pradesh and Assam, while it has been lost in Madhya Pradesh, Rajasthan, Arunachal Pradesh, Andhra Pradesh and Maharashtra. Loss of cover outside RFA is on account of the failure of the administration of the Revenue department of the state. States should put greater vigil on such forests.

These are the carbon sinks and in the era of a warming world, we cannot afford to plunder tree growth even outside RFA. The bright spot in the report is the success of the agroforestry programme. Most states have lost forest cover, but have s gained in tree cover. This means that tree planting programmes on private lands/ community lands have been largely successful. Trees on government lands can be cut and destroyed, but the same cannot be done on private lands. In this period of two years, very dense forests increased by 3465.12 square km, while moderately dense forests and open forests have decreased by 1043.23 square km and 2480.11 square km respectively. Forest departments' efforts in taking up plantations in open and degraded areas appear to have shown some success. A large chunk of open and degraded areas has been re-stocked, which has pushed it into the very dense for-

But a simple arithmetic indicates that 58 square km of forests have been lost. Most probably, several small plots taken from forests on the fringes of the villages must have been encroached on for agriculture and eventually community members had an intention to claim rights over it. Decadal changes in forest cover in Western Ghats eco-sensitive areas have also been brought out in the report. It is found that 58.22 square km of cover is lost in ten years. How can we forget the 30th July tragedy that struck Wayanad, Kerala? Nearly 500 humans were buried under landslide debris when they were asleep.

It also damaged roads, bridges, buildings and human houses. Landslides in portions of Karnataka and Maharashtra across the Western Ghats have disrupted lives and livelihoods. Losing 58 square km in ten years means losing nearly 6 square km annually. We need to mend our ways and cannot afford to lose any tree growth in such eco-sensitive areas. Mangroves in the country along the coastline protect against tsunamis, cyclones and Sea surges of any kind. The report indicates that out of 4991 square km of mangroves 7.5 square km is lost in two years. While Andhra Pradesh and Maharashtra together have added 25 square km of mangroves, Gujarat has lost 36 square km. On the western coast Gujarat is the most vulnerable state against frequent and destructive cyclones, how can it afford to lose such a big chunk of mangrove forests?

Other coastal states are reportedly expanding their mangroves by taking up large-scale planting, but the report does not show any increase. There has to be an enquiry as to why mangrove plantation programs are failing. Another highlight of the report is that the growing stock of carbon in the forests is 7285 Mt, and comparing it with the 2021 report there is an increase of 81.5 Mt in two years. Thus our forests are adding 40.75 Mt of carbon annually,

which is like 149 Mt of CO2 equivalent annually. Comparing it with the report of 2005, the growth in forests has created a carbon sink of 2.29 billion tons of CO2 equivalent compared to the 2005 level. To contain the average global rise in temperature within 1.50 Celsius, we have committed in our nationally determined contribution to achieve a carbon sink of 2.5 to 3.0 billion tons of CO2 equivalent by 2030 in response to the Paris Climate Accord of 2015. We are on course to achieve the target well before 2030. I suppose we need a third-party assessment for carbon stock in our forests. Carbon credit has been quite a contentious issue and in several annual climate conferences, UNFCCC has failed to find a resolution. However, for the first time at Baku CoP 29, a resolution has been achieved. It has allowed countries to trade carbon credits - certified reductions of carbon emissions at prices determined as a consequence of emission caps imposed.

It has also been agreed that the operations of the carbon market would be supervised by the UN body. Strict UN control is needed, as a project proponent in the developed nation can pay for an afforestation project to absorb 1000 tons of CO2 in a developing nation where trees fail to put in desired growth and are unable to sequester the entire quantity of carbon credited. Therefore, the carbon sink created by us through our interventions in forest growth needs certification from the UN body. The report in future should take into account the plantation programs each state is implementing and measure the change in the cover concerning the success/ failure of plantations. chief conservator of forests, head of Forest Force, Karnataka. Views expressed are personal)

# Mahakumbh 2025: A spiritual confluence of faith, wisdom and Sahaj Smriti Yog

#### The Mahakumbh invites millions to experience a celestial confluence of rivers, spirituality and wisdom self. Guru Nand Kishore

**⊣**he Mahakumbh at Prayagraj, commencing on January 13, 2025, promises a celestial confluence of rivers, minds, and spirituality. This ancient gathering is a tribute to India's cultural and spiritual heritage, drawing millions of pilgrims and seekers worldwide. This year, the Mahakumbh assumes greater significance as it hosts a 'Samagam' (gathering) of seers and spiritual leaders to discuss Guru Nand Kishore's book, Sahaj Smriti Yog (An Impactful Form of Yoga and Meditation) and his teachings on Sanatan Dharma, spiritu-

ality and meditation. Sahaj Smriti Yog, founded by Guru Nand Kishore of the Darpan Foundation, transcends being a meditation technique; it is a journey to

self-realisation. It guides individuals to transition from clear thinking to transcending thought, unveiling inner peace and clarity. Guruji emphasises that rediscovering one's true self involves uncovering innate purity and harmony. In Sahaj Smriti Yog, Guruji delves into the alignment of reflecting the seeker's inner

this practice with the eternal principles of Sanatan Dharma, which sees truth as timeless and unchanging. The Mahakumbh's spiritual energy provides an ideal setting for this exploration. Guru Nand Kishore's interpretation of Sanatan Dharma underscores timeless wisdom, essential for spiritual pursuits. He highlights Guru Parampara (the lineage of spiritual masters) as vital for spiritual evolution, stating, "Sanatan Dharma offers solutions before problems arise-a clarity achievable through meditation or Samadhi." This wisdom, he explains, allowed ancient seers to provide fearless counsel to

Central to Sahaj Smriti Yog is the Guru's role as a mirror asserts that true Gurus cannot self-proclaim; they are identified by seekers who trust their guidance. He warns against false spiritual leaders, emphasising that genuine Gurus help dissolve

ego, a prerequisite for enlightenment. Trust, he stresses, forms the foundation of the Guru-disciple relationship-a value modern society must urgently rediscover.

The philosophy of Sahaj Smriti Yog is rooted in simplicity and universality, making it accessible to all. Unlike practices advocating detachment, it encourages embracing life's responsibilities fully. Transformation arises not by escaping reality but by engaging with it deeply and meaningfully. This approach fosters

spiritual growth while remaining grounded in daily life. The practice is built on three principles: understanding, experiencing, and feeling. Understanding cultivates selfawareness through intelligence and emotions. Experiencing transforms life's events into opportunities for growth. Feeling connects prac-

titioners with ultimate reality, transcending superficial existence to access profound

What sets Sahaj Smriti Yog apart is its non-coercive nature. It doesn't demand rigorous discipline or thought suppression but gently guides the mind to a state of deep peace and harmony. Practitioners effortlessly rediscover inner stillness and clar-

Guru Nand Kishore's vision extends to societal harmony. The Darpan Foundation and its ashram in Noorundumalai, Tamil Nadu, embody this philosophy. The ashram is a sanctuary for exploring Sahaj Smriti Yog principles, emphasising sustainability and holistic living. Guruji advocates conscious choices, such as

supporting locally grown food, to nourish both individuals and the planet.

The Mahakumbh provides an unparalleled platform for spiritual exchange. The 'Samagam' on Sahaj Smriti Yog will explore trust, humility, and

spiritual growth. Guru Nand Kishore's teachings offer a roadmap for resolving global conflicts by fostering trust and reducing ego-driven blindness. He believes peace begins with personal transformation, replacing arrogance with clarity and humility.

As humanity faces division and mistrust, Guruji's Sahaj Smriti Yog serves as a beacon of hope, offering paths to personal enlightenment and collective harmony. The Mahakumbh amplifies this

message, inviting individuals from all walks of life on a transformative journey. Through the lens of Sahaj Smriti Yog, the Mahakumbh celebrates eternal spirituality, where ancient wisdom meets contemporary relevance. It calls humanity to embrace simplicity, sustainability, and spiritual clarity. As millions gather at Prayagraj to witness the confluence of rivers, Sahaj Smriti Yog reminds us that true peace begins within. Guruji's words, "Clarity gives you power," encapsulate the transformative potential of this timeless practice. Let Mahakumbh 2025 be a milestone in redefining spirituality for a harmonious world.

# 'All hell will break out if hostages in Gaza are not freed': Trump warns Hamas

S President-elect Donald Trump has warned that "all hell will break out in the Middle East" if the hostages being held by Hamas are not released by Inauguration Day. Trump did not elaborate on what actions he might take if the captives are not released by the time he takes office.

Officials say about 100 hostages, including some Americans, who were seized on October 7, 2023, remain captive in Gaza, though they believe many of them may have died in captiv-

"All hell will break out. If those hostages aren't back, I don't want to hurt your negotiation, if they're not back by the time I get into office, all hell will break out in the Middle East," Trump told reporters at a news conference in Mar-a-Lago, Trump will be sworn in on January 20 as the 47th President of the United States.

He was responding to a question on the status of negotiations with Hamas on the release of American hostages. His Special Envoy to the Middle East Steven Charles Witkoff, who has just returned from the region, told reporters that they are on the verge of it.

"I believe we've been on the verge of it. I don't want to dis-cuss sort of what's delayed it, no point in being negative in any way. But I think it's the president, his stature, what he's said he expects, the red lines he's put out there, that's driving this negotiation," Witkoff said.

Noting that they are making a lot of progress, he said: "I don't want to say too much because I think they're doing a really good job back in Doha. I'm leaving tomorrow to go back to Doha But I think that we've had

some really great progress and I'm really hopeful that by the inauguration we'll have some good things to announce on behalf of the president."

Negotiations between Hamas and Israel are ongoing in Qatar, with Hamas this week naming 34 hostages in Gaza — including two dual US citizens — it would be willing to release in a ceasefire deal, the National Public Radio reported.

Trump, in response to a ques-

tion, warned Hamas to release all the hostages by January 20. "It will not be good for Hamas and it will not be good frankly for anyone. All hell will break out. I don't have to say anymore, but that's what it is. They should have given them back a long time ago — they should have never taken them. There should have never been the attack of October 7th. People forget that, but there was and many people were killed," he said.

# Trump doesn't rule out using military to get Panama Canal, Greenland

S President-elect Donald Trump on Tuesday did not rule out the use of the military to bring Panama Canal and Greenland under American control, which he argued is of great economic and strategic significance to the United States.

"I'm not going to commit to that. Now it might be that you'll have to do something," Trump told reporters at Mar-a-Lago in Florida. He was asked if he would use the military to gain control of both the Panama Canal and Greenland.

"Look, the Panama Canal is vital to our country, it's being operated by China, China. And we gave the Panama Canal to Panama, we didn't give it to China," Trump said

Giving the Panama Canal to Panama in just one dollar by the former president Jimmy Carter, he argued, was a very

Giving the Panama Canal to Panama was a very big mistake. We lost 38,000 people. It cost us the equivalent of USD 1 trillion, maybe more than that, probably the most expensive structure, if we call it a structure, which I guess you can ever build. Giving that away was a horrible thing," he said.
Trump said the US needs

Greenland for national security purposes.
"I've been told that for a long

time, long before I even ran. I mean people have been talking about it for a long time. You have approximately 45,000 people there. People really don't even know if Denmark has any legal right to it, but if they do, they should give it up because we need it for national security," Trump asserted.

'That's for the free world. I'm talking about protecting the free world. You don't even need binoculars, you look out-

side, you have China ships all over the place. You have Russian ships all over the place. We're not letting that happen. We're not letting it happen. If Denmark wants to get to a conclusion — but nobody knows if they even have any right title or interest," he said

"The people are going to probably vote for independence or to come into the United States. But if they do that, then I would tariff Denmark at a very high level," he said.

Trump said he has not drawn up a plan for acquisition of Greenland yet.

Hawaii was the last territorial acquisition of the United States. It was admitted as the 50th State on August 21, 1959. Alaska, the largest US State, was admitted as the 49th State on January 3, 1959.

On New Year's eve, Greenland's Prime Minister Múte Egede has expressed his desire to obtain independence from Denmark.

the aircraft, the iconic blue and white Boeing 747 variant that is known as Air Force One when the sitting president is on board. Carter never travelled as president on the jet, which first flew as Air Force One in 1990 with President George HW Bush. The scene repeated outside Washington. The former president's casket was removed from the plane, cannons fired and a military band played. A hearse emblazoned with the

motorcade that steered toward Washington. A bipartisan delegation of members of Congress were led into the Capitol Rotunda by Sens. Raphael Warnock and Jon Ossoff, Democrats who represent Carter's home state. Vice President Kamala Harris, members of President Joe Biden's cabinet and three of the nine US Supreme Court justices — John Roberts, Brett Kavanaugh and Elena Kagan

seal of the president joined a

— also were present. and listen to what The US Army Band Brass minds," she said.

Quintet played as people awaited the casket. The room fell silent as three knocks on the rotunda door marked Carter's arrival. The casket was placed in the middle of the room on the Lincoln catafalque, a platform built in 1865 to hold slain president Abraham Lincoln's casket in the same place.

Jimmy Carter eulogised by Kamala Harris, congressional leaders

Harris, Senate Majority Leader John Thune and House Speaker Mike Johnson delivered eulogies celebrating Carter's faith, military service and devotion to service, including his hands-on contributions to building homes for those in need through Habitat for Humanity.

"Jimmy Carter was that all too rare example of a gifted man who also walks with humility, modesty and grace," Harris said, recalling his unpretentious approach to campaigning. He slept in the homes of his supporters to "share a meal with them at their table and listen to what was on their

The US Naval Academy Glee Club performed the patriotic hymn "My Country, 'Tis of Thee" before bipartisan congressional leaders and Harris, accompanied by her husband dency in 1976. Doug Emhoff, placed wreaths beside the casket. Members of Carter's family, including some of his grandchildren, In Washington, his hearse

wiped tears. Carter, who died December 29 at the age of 100, will lie in state Tuesday night and again Wednesday. He receives a state funeral Thursday at Washington National Cathedral. Biden will deliver a eulogy.

There are the familiar rituals that follow a president's death the Air Force ride back to the Beltway, a military honor guard carrying a flag-draped casket up the Capitol steps, the Lincoln catafalque in the rotunda.

There also will be symbolism unique to Carter. As he was carried from his presidential centre, a military band played hymns — "Amazing Grace" and "Blessed Assurance" for the outspoken Baptist evangelical who called himself a "born-again Christian" when he sought and won the presi-

stopped at the US Navy Memorial, where his remains were transferred to a horsedrawn caisson for the rest of his trip to the Capitol. The location nods to Carter's place as the lone US Naval Academy graduate to become commander in chief. All of the pomp carries some irony for the Democrat who went from his family peanut warehouse to the Governor's Mansion and eventually the White House. Carter won the presidency as the smiling Southerner and technocratic engineer who promised to change the ways of Washington - and eschewed many of those unwritten rules when he got there. From 1977 to 1981, Carter was Washington's highest-ranking resident. But he

# Thursday. The Dalai Lama is Second wind-whipped wildfire burning out of control in LA

 $\Delta$  fast-moving wildfire broke Aout Tuesday in the inland foothills northeast of Los Angeles hours after another blaze tore through the city's Pacific Palisades neighbourhood along the coast, destroying many homes and prompting evacuation orders for tens of thousands.

The Eaton fire in Altadena started near a nature preserve just before 6:30 p.m. The flames spread so rapidly that staff at a senior care centre had to push dozens of residents in wheelchairs and hospital beds down the street to a parking lot where they waited in their bedclothes for ambulances and other vehicles to take them to safety.

To the west, the Pacific Palisades fire that started Tuesday morning burned out of control into the night. The Los Angeles Fire Department put out a plea for off-duty firefighters to help fight the flames that were being pushed by winds topping 60 mph (97 kph) in some places and creating chaotic scenes as residents fled. It was too windy for firefighting aircraft to fly, hampering the fight. The Pacific Palisades fire swept

through a Los Angeles hillside dotted with celebrity residences Tuesday, burning homes and prompting evacuation orders. In the frantic haste to get to safety, roadways were clogged and scores of people abandoned their vehicles and fled on foot, some toting suitcases.

The traffic jam on Palisades Drive prevented emergency vehicles from getting through and a bulldozer was brought in to push the abandoned cars to the side and create a path, according to the LA Fire Department. California Gov. Gavin Newsom,

who was in Southern California to attend the naming of a national monument by President Joe Biden, made a detour to the canyon to see "firsthand the impact of these swirling winds and the embers," and he said he found "not a few — many structures already destroyed."

Officials did not give an exact number of structures damaged or destroyed in the Pacific Palisades wildfire, but they said about 30,000 residents were under evacuation orders and more than 13,000 structures were under threat.

And the worst could be yet to come. The blaze began around

that the National Weather service warned could be "life threatening" and the strongest to hit Southern California in more than a decade. The exact cause of the fire was unknown and no iniuries had been reported, officials said. Only about 25 miles (about 40 kilometers) northeast in Altadena, the Eaton fire was burning. The winds were expected to increase overnight and continue for days, producing isolated gusts that could top 100 mph (160 kph) in mountains and foothills — including in areas that haven't seen substantial rain in months. "By no stretch of the imagina-

10:30 a.m., shortly after the

start of a Santa Ana windstorm

tion are we out of the woods," Newsom warned residents, saying the worst of the winds are expected between 10 p.m. Tuesday and 5 a.m. Wednesday. He declared a state of emergency on Tuesday.

# Khaleda Zia arrives in London for treatment

Khaleda Zia, Chairperson Mof the Bangladesh Nationalist Party and former prime minister, had an emotional reunion with her eldest son, Tarique Rahman, at the Heathrow International Airport on Wednesday after more than seven years of separation.

The 79-year-old former premier, who is suffering from multiple diseases, arrived here onboard a Qatari Royal Air Ambulance for medical treatment, her first overseas trip since July 16, 2017, when she travelled to London for treatment.

"The air ambulance carrying her landed at Heathrow International Airport in London at 2:55 pm (Bangladesh time)," BNP Media Cell member Shairul Kabir Khan quoted Zia's physician Professor AZM Zahid

Hossain as saying. Bangladesh's acting High Commissioner in London, Mohammad Hazrat Ali Khan, welcomed the former prime minister with a bouquet at the airport, the state-run BSS news agency reported.

She was received by her son Rahman, the acting chairperson of the BNP, and his wife, Zubaida, at the airport, the Daily Star newspaper reported. Zia, who served as the premier thrice, met her son Rahman for the first time since 2017 as the past government did not allow her to visit abroad, citing legal complications. Rahman, convicted in a number of criminal and graft cases, has been living in London since 2008.

The air ambulance, which left Dhaka on Tuesday, made a stopover in Doha en route to London

Zia left home for treatment in the UK, months after a court scrapped her conviction on graft charges following the ouster of ex-premier Sheikh Hasina's regime in a student-led

Qatar for the ailing Bangladeshi Media reports said the special air ambulance also carried four Royal Qatari doctors and paramedics while several Bangladeshi doctors were

accompanying her as well alongside her younger daughter-in-law and some other relatives. "She will be directly admitted

to the London Clinic from the Heathrow Airport," one of her accompanying doctors, AZM Zahid Hossain, said, adding that the doctors at the facility would assess her health and determine her next course of treatment. Doctors have been advocating

for her treatment abroad since late 2021, a call denied by the previous Hasina government. A day after the fall of the Awami League regime on August 5, 2024, Zia was freed under a presidential order. She was sentenced to 17 years in prison for graft in 2018 under the rule of Hasina.

Zia had been imprisoned for more than two years. On March 25, 2020, the Hasina government suspended her sentence and granted her conditional release through an executive order. Subsequently, the government extended her sentence suspension and release period every six months, upon application. Since then, she has been frequently admitted to a special ized private hospital with multiple complaints, including cardiac ailments.

Zia appeared in public on November 21, 2024, at Dhaka Cantonment to Bangladesh's Armed Forces Day reception at the invitation of the Chief Adviser of the interim government Muhammad Yunus.

# **GDP** growth likely to be 6.3 per cent in FY25, says SBI report

The GDP growth is expected to be about 6.3 per cent in the current fiscal year, a tad lower than the government's estimates of 6.4 per cent, owing to several factors such as weak demand, SBI research report said on Wednesday

According to the first advance estimates (FAE) of National Income for 2024-25 released by the National Statistics Office (NSO), released on Tuesday, India's economic growth rate is estimated to slip to a four-year low of 6.4 per cent in 2024-25, because of poor showing by the manufacturing and subdued

Historically, the difference between the estimates of the Reserve Bank of India (RBI) and the NSO is always in the range of 20-30 bps and hence the 6.4 per cent estimate for the 2024-25 fiscal year is expected reasonable lines, the SBI's research report 'Ecowrap'

"We, however, believe that

(gross product) growth for FY25 could be around 6.3 per cent, with downward bias," it said. The report authored by Soumya Kanti Ghosh, Group Chief Economic Adviser, State Bank of India (SBI), also said as per capita nominal GDP is expected to increase significantly in the current fiscal ending March 2025, by Rs 35,000 more than 2022-23. despite a slowdown in real GDP growth and nominal growth remaining

domestic The FAE of the GDP in

general shows a slowdown in

aggregate demand in 2024-25,

The heads that have positively contributed government consumption with a growth of 8.5 per cent in nominal terms (4.1 per cent in real terms). Exports have also held the fort with positive growth of 8 per cent (5.9 per cent in real terms). The worrying aspect of the demand is marked slowdown

in gross capital formation, SBI's study said, adding that

the capital formation nominal growth declined 270 bps to

"...Overall picture is that demand remains weak and sequential slowdown in FY25 at 6.4 per cent is an outer limit while the actual growth is definitely below the estimated figure," it said.

The report further said that the fiscal deficit at the end of November 2024 stood at Rs 8.5 lakh crore, or 52.5 per cent of the Budget Estimates (BE). However, taking into account the revised GDP figures, if tax receipts grew by the BE, government expenditure lowered due to low CAPEX then fiscal deficit will be 4.9 per cent of the GDP in 2024-25, SBI's research said.

While, if government sticks to the fiscal deficit of Rs 16.1 lakh crore, then with the revised GDP numbers, the deficit as per cent of GDP would be at 5 per cent in 2024-25, the report said.

In the Union Budget, the government projected bring down the fiscal deficit to 4.9 per cent of the GDP in the current financial year.

# Budget should focus on tax simplification, reduction in personal I-T: EY

PTI ■ NEW DELHI

The Budget is expected to focus on boosting private capex, tax simplification and reduction in personal income tax, particularly for the lowerincome groups, to stimulate demand, EY India said.

The Union Budget for 2025-26 is scheduled to be presented in Parliament on February 1.

EY India, in its Budget expectation note, said with over Rs 31 lakh crore stuck in income tax disputes as of 2023-24, there is an urgent need to clear Commissioner of Income Tax (Appeals) backlog and bolster alternate dispute resolution mechanisms like advance pricing agreements and safe harbours.

"While a full comprehensive review of the direct tax code may take time, we might see some initial steps towards its implementation in this Budget. I also hope for a reduction in personal income tax, particularly for the lower-income groups, to provide relief and stimulate demand," said Sameer Gupta, National Tax Leader, EY India.

EY said the expectations from Budget are focused on a set of strategic reforms that can spending, reducing the fiscal

propel the economy forward. With an emphasis on fiscal consolidation, tax system simplification, investment-driven growth, the Budget is expected to lay a solid foundation for sustained

EY anticipates significant reforms to simplify the tax system and improve taxpayer services, reduce litigation, and enhance tax compliance.

economic development.

The government is already working on simplifying the Income Tax laws. It should follow a consultative approach and invite public comments on the draft proposals, EY

"Key areas of focus are likely to

investment, and ing targeted tax sector introducing reforms that foster business innovation," EY said.

In the last Budget, government had rationalised the capital gains structure in terms of holding period of assets and tax rates. The government may further address some of the unintended anomalies to make the rationalisation of capital gains more complete, EY said.

For instance, the holding period for capital assets, such as business undertakings in slump sales may be reduced from 36 months to 24 months and unlisted shares in IPO offer for sale (OFS) from 2 years to 1 year, aligning them

with listed securities. Gupta further said for

businesses, particularly SMEs, reducing the complexity of tax compliance is critical. To achieve sustainable growth

in FY26, the government must prioritise reducing the fiscal deficit to 4.5 per cent of GDP in FY26 while reducing the debt-to-GDP ratio, which stands at 54.4 per cent, well above the fiscal responsibility and budget management (FRBM) target of 40 per cent. A medium-term real GDP growth target of 6.5 per cent or higher will require boosting the aggregate investment rate (GFCF) measured at constant

prices to 34 per cent. This can be achieved by increasing the government's expenditure, improving capital efficiency and encouraging states to enhance their investment spending.

To stimulate private sector investment, a progressive reduction in interest rates considered Additionally, targeted employment schemes should Additionally, be fast-tracked to uplift urban demand and economic momentum in FY26, EY said.

### Govt revises gold import data from April; cuts Nov figures by USD 5 Billion to USD 9.84 Billion

PTI ■ NEW DELHI

The government has revised **⊥** gold import data, bringing down numbers for November by USD 5 billion to USD 9.84 billion, possibly to rectify double accounting of inbound

According to revised data of the commerce ministry arm Directorate General of Commercial Intelligence and Statistics (DGCIS), gold import numbers have been slashed since April 2024, revealing excess imports of about USD 11.7 billion during the first eight months of 2024-

The revision was prompted by an unusual surge in imports of the precious metal in November 2024, leading to record import of USD 69.95 billion and the highest ever trade deficit of USD 37.84 billion

Noticing the jump, the commerce ministry started examining if there were any calculation or accounting mistakes in the compilation of

Kolkata-based DGCIS is an organisation for the collection, compilation dissemination of India's trade

statistics and commercial information The revised data published on

the DGCIS website showed a difference of about USD 11.7 billion for April-November 2024-25.

The cumulative gold import during April-November 2024-25 worked out to be USD 37.38 billion as against the earlier estimates of USD 49.08 billion. According to the revised DGCIS data, the inbound shipments in April, May, June, July, August, September and October 2024 were USD 2.95

billion (as against earlier estimate of USD 3.11 billion), USD 2.91 billion (USD 3.33 billion), USD 2.47 billion (USD 3.06 billion), USD 2.57 billion (USD 3.13 billion), USD 8.64 billion (USD 10.06 billion), USD 3.3 billion (USD 4.39 billion), and USD 4.67 billion (USD 7.12 billion), respectively.

After the revision, the trade deficit -- difference between imports and exports -- for November is expected to be revised downwards to USD 32.84 billion. Similarly, there will be a revision in imports as for the last eight months of the current fiscal year.

During April-November 2023-24, gold imports stood at USD 32.92 billion.

A query sent to the commerce ministry on the issue remained unanswered.

Prices of the yellow metal have increased 17 per cent so far this fiscal year to Rs 80,000 per 10 gm in the national capital. In the Budget, the government slashed the duty from 15 per cent to 6 per cent.

India's gold imports, which have a bearing on the country's current account deficit (CAD), surged 30 per cent to USD 45.54 billion in 2023-24. India imports the largest

Switzerland, which has about 40 per cent share, followed by the UAE (over 16 per cent), and South Africa (about 10 per

The precious metal accounts for over 5 per cent of the country's total imports. India is the world's second-

biggest gold consumer after China. The imports mainly take care of the demand by the jewellery industry. Gems and jewellery exports last month declined 25.32 per cent year-on-year to USD 17.43 billion. The country's CAD widened or 1.1 per cent of the GDP, in April-June 2024 against USD 8.9 billion, or 1 per cent, in the

year-ago period. A current account deficit occurs when the value of goods and services imported and other payments exceed the value of export of goods and services and other receipts by a country in a particular period. Commenting on the revision economic think tank Global Research Initiative Trade (GTRI) Founder Ajay Srivastava said the DGCIS on January 8, "quietly revised without any explanation" India's gold import figures for November 2024 by a significant USD 5 billion.

# India must speed up hybrid technology adoption in pulses, oilseeds to reduce imports: P K Mishra

India needs to accelerate adoption of hybrid technology in pulses and oilseeds to address production deficits, while acknowledging the challenges faced by farmers in implementing advanced practices, Principal Secretary to Prime Minister PK Mishra said on Wednesday. Mishra highlighted that

despite showing promising results, hybrid varieties, particularly in crops like pigeon pea('toor dal'), have not achieved widespread adoption among farmers. 'These two crops need our

attention much more than what we did so far," he said while inaugurating symposium Trust for national organised by Trust for Advancement of Agricultural Sciences (TAAS) here. While some hybrid mustard

seeds are available in the market, their performance compared to open-pollinated investigation, he said.

Addressing the limitation of annual seed purchases - a requirement for hybrid crops -Mishra mentioned ongoing global research efforts to develop technologies allowing farmers to save and reuse hybrid seeds. "This will help saving on the cost of seeds. Highlighting challenges faced in adoption of hybrid seeds,

Mishra said India's pioneering work in hybrid technology, which revolutionized crops like maize and cotton, faces uneven adoption across different crops despite its proven potential to boost productivity and climate

country's hybrid achievements in technology, starting with the first cotton hybrid in 1970, demonstrated significant success in cross-pollinated crops. However, adoption rates remain surprisingly low in key staples like rice, where hybrid varieties cover only 8 per cent of the total cultivated area despite 35 years of technology introduction.

"Hybrid technology has shown remarkable superiority volume and high-value field and horticultural crops," he said. "However, in field crops except maize, pearl millet and cotton, hybrids have not occupied larger areas."

India's vegetable production success story underscores hybrid technology's potential, reaching 213 million tonne in 2022-23 with an average productivity of 19 tonne per hectare. The official attributed this achievement largely to hybrid variety adoption.
The country's hybrid rice

programme, launched in 1989 with the support of UNDP and FAO following China's success, has yielded several varieties from public sector

institutions. However, he said hybrid rice varieties must significantly outperform pure line varieties under optimal conditions to drive wider adoption.

ICAR's hybrid development programmes have shown particular strength in 'bajra', sorghum, and maize. "The concept of single cross hybrids in maize has revolutionized maize productivity." Public sector institutions have

successfully released hybrids rice, pigeon pea, mustard, tomato, and cauliflower. However, experts emphasize the need to understand farmers' reluctance to adopt hybrid varieties in certain "Unless the

successfully compete with best pure line varieties at optimum management conditions and higher profits, area expansion will not happen," the official added, highlighting the need for focused research to hybrid improve yield potential

priorities now Research include developing hybrids that offer clear advantages in productivity, nutrition, and

resistance while economically remaining viable for farmers.

The government has introduced guidelines for gene editing technology, which could potentially accelerate crop improvement. These advanced tools, including marker assisted selection are marker-assisted selection, are expected to enhance breeding precision and expedite hybrid development with targeted

Mishra emphasized the need for robust public-private partnerships (PPP) to partnerships overcome implementation challenges. requiring attention include strengthening intellectual property rights, protecting plant varieties, and developing efficient seed production systems.

Despite inherent complexities hybrid breeding programmes, including inbreeding depression and infrastructure requirements, Mishra expressed optimism about recent advancements in offering solutions to these challenges.

The focus remains on making scientific research relevant to farmers' needs while working towards reducing India's dependence on pulse imports, the official added. TAAS Chairman R S Paroda

called for a clear policy on genetically-modified crops and incentives like tax exemption for seed industry. ICAR Director General Himanshu Pathak, Federation of Seed Industry of India Ajai Chairman Rana, ICRISAT Director General Standford Blade were among others present at the three-day event ending January 10.

#### **Cybersecurity firm** Rubrik announces its expansion plans in India

PNS BENGALURU

Cybersecurity firm Rubrik
On Wednesday announced its expansion plans in India with the opening of a new office

space in Bengaluru.

The new facility, which intends to replace the operations of the company's existing two offices in the city over a period of time, is expected to open by mid of

"The new facility will combine product development, product management, customer support, and global recovery operations under one roof," a company statement said. Company co-founder and

CEO Bipul Sinha also announced plans to hire talent from India for the expansion. "By investing in top engineering talent, we create innovative solutions enhance Rubrik's

portfolio and support our global growth," he added. India is in the midst of a massive digital transformation, and we believe there is a huge opportunity for Rubrik to

help secure its digital future. There is a large pool of talent India is an economy with an extremely fast growth rate. Outside the US, India is one of the largest locations for

the company in terms of headcount," he said, adding that the company expects to invest "hundreds of million dollars" in the country.

### Rupee plunges 13 paise to settle at new record low of 85.87 against US dollar

**PTI** MUMBAI

The rupee extended its slide for the second straight session and declined 13 paise to hit a fresh record low of 85.87 (provisional) against the US dollar on Wednesday amid higher crude oil prices and stronger American currency.

Lacklustre sentiment in domestic equity markets and sustained outflow of foreign funds also played spoilsport even as investors stayed cautious over lower economic growth projection by the government, forex analysts said.

At the interbank foreign exchange, the rupee opened at 85.82 and touched the lowestever level of 85.89 against the greenback during intra-day. The unit settled at 85.87 (provisional) against the dollar, 13 paise lower than its previous close.

On Tuesday, the rupee settled with a loss of 6 paise at 85.74 against the dollar.

Meanwhile, the dollar index. which gauges the greenback's strength against a basket of six currencies, was trading 0.35

per cent higher at 108.76. The 10-year US bond yields also remained elevated at 4.67 per cent amid expectations of delayed interest rate cuts by the Federal Reserve.

Brent crude, the global oil benchmark, climbed 0.90 per cent to USD 77.74 per barrel in futures trade. In the domestic equity market,

the 30-share BSE Sensex skid 50.62 points, or 0.06 per cent, to settle at 78,148.49 points, while the Nifty fell 18.95 points, or 0.08 per cent, to 23,688.95 points.

# Budget must focus on job creation: CII president PTI ■ NEW DELHI

Industry body CII expects the RBI to Lcut the benchmark interest rates next month to support sagging growth, its President Sanjiv Puri said on Wednesday and stressed the need to boost job creation through targeted interventions for labour-intensive sectors in the upcoming Budget.

In an interview with PTI, Puri flagged "sticky" food inflation, highlighting the need to build agricultural resilience and de-linking it from the interest rates under the inflation targeting framework, arguing that it is on account of climate change and not really influenced by the monetary policy. Puri is also the Chairman and Managing

Director of ITC.

Finance Minister Nirmala Sitharaman is slated to present the Budget in Parliament on February 1.
The Confederation of Indian Industry

(CII) chief also expressed optimism that much-needed labour reforms will be taken up by the BJP-led NDA government in the third term, stressing that it would benefit the economy and create more jobs

Puri also raised the issue of dumping excess stock by China globally, including India, and urged the government to look

Expect RBI to cut interest rates next month;

minimum import price and antidumping duty" for specified sectors like steel, paperboard, chemicals and polymers.

Responding to a question on the potential impact on India after the Trump-led administration Donald assumes office in the US this month, the CII President said we should focus on the areas where there is opportunity and where we can really play on our strengths.

"...Now, what Trump will do, etc. What the US will do? I think at this point of time, it would be very speculative when it happens, that we will address," Puri He informed that public spending is picking up and consumption should also gain momentum, pointing out that CII expects a rate cut by the Reserve Bank of India (RBI).

"In fact, we are also suggesting that in the inflation targeting framework, I think food inflation should be de-linked from interest rates, from the monetary policy. Food inflation is on account of climate change and not really influenced by monetary policy," Puri said.

CII recommends setting up some kind of an institutional mechanism to look at labour reforms across a number of sectors, he added.

Puri called for introducing targeted interventions in labour-intensive sectors like apparel, footwear, furniture, tourism and real estate, asserting that tourism could benefit from "infrastructure status" whereas garments can benefit from a Production Linked Incentive (PLI) 2.0 scheme

CII, in its Budget suggestions for 2025-26, has recommended lowering the excise duty on fuel to boost consumption, especially at the lower income level, arguing that fuel prices significantly drive inflation.

The Budget could also consider reducing marginal tax rates for personal income up to Rs 20 lakh per annum.

#### INBRIEF

HINDUSTAN ZINC UPLIFTS OVER 1,700 STUDENTS THROUGH SHIKSHA SAMBAL WINTER CAMP

**UDAIPUR:** Hindustan Zinc Limited (NSE: HINDZINC), India's Zinc largest and the world's second-largest integrated zinc producer, successfully concluded its education focussed Shiksha Sambal winter camp, supporting nearly 1,700 students from underprivileged rural hinterland.

### BSES AND AIIMS UNITE FOR ECO FRIENDLY MOBILITYIS'24

BSES and AIIMS (All India Institute of Medical Sciences) have joined hands for promoting eco friendly mobility. In a landmark initiative to promote green mobility and better accessibility within the sprawling 213-acre AIIMS campus, BSES is providing 27 zero-pollution electric buses to the premier health facility under its Corporate Social Responsibility (CSR) program for the hospital's Free in-Campus Shuttle Service.

#### PROTECTING OUR BIRDS, PROTECTING OUR FUTURE

# Isak strikes again as Newcastle beats Arsenal 2-0 in League Cup semifinal

PTI ■ LONDON

ewcastle moved a step closer to a first major domestic trophy since 1955 with a 2-0 victory over Arsenal in the first leg of the League semifinals.

Goals from Alexander Isak and Anthony Gordon at the Emirates Stadium put Newcastle within reach of the final at Wembley Stadium Stadium in March. The second leg is at St James' Park on Feb. 5.

"It's a great result. It's only the first half. If we don't go through then this has no meaning, but we can't hide from the fact that this is a massive win," Isak said.

It was Newcastle's first win at the Emirates since 2010 and Arsenal's first home defeat since April.

Isak struck in the 37th minute to continue his outstanding scoring run with his 14th goal in 15 games. The Sweden international was involved in Newcastle's second in the 51st, when his shot was saved by Arsenal goalkeeper David Raya and the rabound was converted. the rebound was converted by Gordon.

Despite being bought by Saudi Arabia's sovereign wealth fund in 2021, Newcastle hasn't won a major domestic trophy since lifting the FA Cup almost 70 years ago. But it is close to second League Cup final in three years after losing to Manchester United in 2023. Newcastle is also pushing for a return to the Champions

League after missing out last

season — sitting fifth in the

Premier League standings and one point outside of the

qualifying places for European club soccer's elite tournament.

Victory against Arsenal was a seventh straight win in all competitions for Eddie Howe's team, which has been inspired by Isak's brilliant goal-scoring form. He fired in off the underside

of the crossbar from close range after a long free kick was played into his path by Jacob Murphy.

It was Isak's seventh goal in his last five games.

Despite in-stadium referee announcements being trialed for the match, an apparent push in the buildup to his goal did not result in referee Craig Pawson reviewing the sideline monitor.

It was Isak's sharpness that led to Newcastle's second. His effort from inside the box six minutes into the second half was parried by Raya, but Gordon was the quickest to react at the far post to fire home.

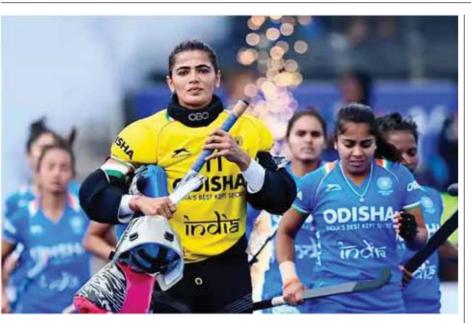

Arsenal was unbeaten in 13 games in all competitions and is second in the Premier League standings.

It had the chance to take the lead when Gabriel Martinelli burst through in the 29th and fired against the post.

Kai Havertz wasted a golden opportunity to pull a goal back when his attempted header from directly in front of goal came off his shoulder and went wide.

"We rode our luck a little bit at times, but (I'm) really pleased with the result," Howe said.

Tottenham plays Liverpool in the other semifinal, with the first leg being staged at the Tottenham Hotspur Stadium on Wednesday.

# Women's Hockey India League will provide financial stability to junior players: Savita Punia

PTI ■ NEW DELHI

Hoping to continue playing till the 2028 Los Angeles Olympics, India's seasoned goalkeeper Savita Punia feels the introduction of Women's Hockey India League will provide financial stability, especially to junior players and attract more youngsters to the sport.

The inaugural edition of the league will be held from January 12-26.

"Every player wants financial stability, can buy good equipments, make family stress free, help their family when they need. We long and whenever we win medals the government gives us awards and rewards," Savita told PTI during an interview.

"But when a junior player gets such a good amount, she doesn't have to take that financial tension. She just needs to play and we as seniors only tell them this. But you can't deviate from your goal, the sport. First priority is preference whether it's hockey or any sport," she

"Parents can now at least relax that there is future in hockey, we can involve our wards in hockey," the former India captain added.

The veteran of nearly 300 internationals is 34 now but she has no plans to retire and wants to continue until the end of the LA Games in 2028, provided she remains fit and enjoys playing the game.

"Definitely (I want to play in 2028), but being a girl I always felt that there will be pressure from my parents, but I always feel proud that my parents always respected my

"After I got married, I must have done something good that I got so supportive inlaws and husband who always backed my dream. I am blessed in that sense," Savita

Savita, who has three Asian Games medals including one silver and two bronze under besides belt Commonwealth Games gold, was a member of the Indian team that finished a creditable fourth in the Tokyo Olympics 'The focus is on 2026 World

Cup and Asian Games and both the families told me if already has immense you want to play LA Olympics responsibility as a senior we are there for you. I don't have any hesitation about telling my age or anything, my goal is if I am fit and enjoy hockey, I will continue

"I started to enjoy playing hockey from the last five-

seven years," she said.
Savita will be representing
Soorma Hockey Club in the
upcoming women's HIL
starting in Ranchi, in which
she will lead the team alongside current national team skipper Salima Tete. Savita said the first-ever HIL

will be a game changer for women's hockey not only in India but across the world. "It will be beneficial for all of

us. We senior players have played with international stars and have that experience but for young players who are new into the system it is a big platform.

'If you simply talk about our team Soorma, there are good international players from Holland, Germany, Belgium, England. We get to learn from their training regime and intensity and discuss among

"When we look at their attitude and energy on the ground, we realise that we also have to do like them. The mindset is changing and it is a very good platform for young

They share their process of training with us and we do the same and it is beneficial for both. The league will inspire the youth to take up hockey after watching the intense matches. It's a big opportunity for junior players," she added. By her own admission, Savita doesn't miss the national team captaincy as she feels she

player. "I always take responsibility being a senior goalkeeper or senior player.

"When I was made the captain, definitely there was pressure on me but I took it in my stride. I never felt extra pressure. I always respected the decision of the coaches. As a goalkeeper I had my own responsibilities," she said

She was full of praise for new women's hockey team coach Harendra Singh, under whose guidance defended the India Asian Champions Trophy title in Rajgir, Bihar recently.

"A new coach needs time to deliver and understand the system. Every coach wants to teach the best and when Harendra sir came, there was not much difficulty because he coached us in 2017 as well," she said.

"In Pro League he took 24 players and tried everyone, he tried a few players in new positions. He told us not to take tension about results, 'I will look into it, you just play your hockey'.

# France coach Didier Deschamps says he will leave after 2026 World Cup

Didier Deschamps announced Wednesday that he won't continue as France coach after the next World Cup, bringing an end to an era in which he became the nation's most successful manager over more than a decade.

The 56-year-old Deschamps said in an interview with broadcaster TF1 that he will leave when his contract expires in the summer of 2026.

"I've been here since 2012, I'm scheduled to be here until 2026, the next World Cup, but that's where it's going to end because it has to end at some point," Deschamps said in excerpts of the interview to be aired later Wednesday. "I did my time, with the same desire

and the same passion to keep the French team at the highest level, but 2026 is all very well."

Deschamps started in his role as a successor to Laurent Blanc. After a period marred by the 2010 World Cup debacle — where the players went on strike in protest against then-coach Raymond Domenech — and off-thepitch controversies, Deschamps led France to victory at the 2018 World Cup, also reaching the final in 2022 and at the 2016 European Championship. At the 2022 World Cup in Qatar, France lost an epic title match to Argentina.

"I'm not here for the records," said Deschamps, who also won the 2021

many years." Deschamps is one of only three people in soccer history to have won the World Cup as both a player and a coach, along with Mario Zagallo (Brazil) and Franz Beckenbauer (West Germany). He has the highest number of wins (105) of any France coach, ahead of Michel Hidalgo and Domenech (tied on 41). Deschamps found himself in a difficult position after the Euros last year, where France lost 2-1 to Spain in the semifinals without impressing. France was widely criticized for its pragmatic and dull style of play at Euro 2024, with Randal Kolo Muani's header against Spain the team's first and only goal from open play by a France player all But he has kept the confidence of French federation president Philippe "He's still just as motivated and ready to

wear the colors of the French team," Diallo told L'Equipe newspaper, adding that he did not believe Deschamps is tired of the job.

"Didier Deschamps' career has been exceptional, marked by the most prestigious titles," he said. "At the Euros, it was another semifinal in a major tournament. He was not affected by fatigue or criticism. After the competition, I asked him the question. His clear answer was that he was fully committed and energized to continue his mission. And that's exactly what he's doing, as we finished top of our group for the Nations League. He is still the greatest coach the French team has ever had."

As a player, Deschamps captained France to victory at the 1998 World Cup and 2000 European Championship. He also won the Champions League with Marseille in 1993 and Luvartus in 1996. 1993 and Juventus in 1996. Before taking charge of France's

national team, he coached Monaco to the 2003-04 Champions League final and guided Juventus back to Serie A. Deschamps also achieved success at Marseille, winning the Ligue 1 title in Europe will send 16 teams to the first 48-team World Cup, being co-hosted by the United States, Canada and

Mexico in the summer of 2026. Deschamps did not elaborate on his future beyond the tournament. There is a life afterwards," he said. "I

don't know what it will be."

His planned departure will leave plenty of time for Diallo to find the right successor to Deschamps, with former France great Zinedine Zidane the overwhelming favorite if he is still interested in the job.

Zidane, who helped to lead Les Bleus as a player to their first World Cup title in 1998 and starred again when they won the European Championship in 2000, scored in two World Cup finals and was on the losing side once when he headbutted Italy's Marco Materazzi in the 2006 final on his final match as a player. As a coach, Zidane led Real Madrid to three Champions League titles. consecutive

# BFI adopts World Boxing's new weight classes | **Bhambri makes**

**PTI** ■ BAREILLY

The Boxing Federation of India (BFI) is conducting men's national championships here in 10 weight categories, in line with the classification introduced by the breakaway World Boxing.

The ongoing event is being held under World Boxing's Technical and Competition Rules, which has 10 instead of the 13 weight categories that feature in the suspended International Boxing Association's (IBA) roster. The new weight classes are 50kg (Flyweight),

(Bantamweight), (Lightweight), 65kg (Welterweight), 70kg (Light Middleweight), (Middleweight), 80kg (Light Heavyweight), (Cruiserweight), (Heavyweight) and +90kg (Super Heavyweight).

Out of these, six categories --55kg, 60kg, 65, 70kg, 80kg, and 90kg -- are marked as potential Olympics weight categories.

The new categories women are 48kg (Light Flyweight) is the first division followed by 51kg (Flyweight), 54kg (Bantamweight), (Featherweight), 60kg (Lightweight), 65kg (Welterweight), 70kg (Light Middleweight), 75kg (Middleweight), 80kg (Light Heavyweight), 481kg (Heavyweight).

World Boxing is a breakaway international body aiming to secure recognition from the

International Olympic Committee and ensure that boxing remains on the

Olympic roster. Formed in April last year after the International Boxing Association was stripped of its status, WB has managed to pull in requisite 60 members and the IOC is expected to take a call on its recognition early next year. India joined WB a few weeks

Govind Sahani kicks off Nationals with win

Meanwhile, Strandja Memorial silver-medallist Govind Sahani started his Nationals campaign with a commanding win over Mohammad Aarif of Jammu and Kashmir on the opening day on Tuesday. Devendra Solanki

Rajasthan kicked off the tournament defeating Donald Winston Janumala in the flyweight (47-50kg) category Tuesday.

In the bantamweight (50-55kg) division, Badal of Himachal Pradesh emerged victorious against Mizoram's

Lalhruaitluanga. The lightweight category saw Goa's Nitesh Chawan outclass Kerala's Mohamed Athif with a dominant 5-0 win, while Arunachal's Ito Ado secured a hard-fought victory over

Himanshu Singh. Bhanu Prakash defeated Ashish in the welterweight (60-65kg) category, while the (70-75kg) weight class featured impressive wins by Nikhil Dubey and Arshpreet Singh Bhatti.

n a mixed bag for India on **▲**the ATP Tour on Wednesday, Yuki Bhambri and his French Albano Olivetti partner advanced to quarterfinals of the ASB Classic in Auckland but N Sriram Balaji exited the Adelaide International with pre-quarterfinal alongside Miguel Reyes-Varela. Bhambri and Olivetti edged past the pair of Sander Arends and Luke Johnson 6-4 6-4 in the round of 16, winning in 71 minutes.

They will next take on the winners of the match between Julian Cash/Llvod Glasspool and Aieet Rai/Kiranpal Pannu. Balaji and his Mexican partner made a tremendous start by taking the first set from Harri Heliovaara and Henry Patten but eventually lost 6-3 3-6 13-11 to the fourth seeds in a gruelling contest that lasted one hour and 23 minutes.

# Anju Bobby George named chairperson of AFI's athletes commission

PTI ■ CHANDIGARH

ong-jump great Anju Bobby Long-Julip great Injury named chairperson of the Athletics Federation of India's nine-strong athletes commission that features six women with javelin throw star Neeraj Chopra being its most prominent male

member. The other women in the new panel are runner Jyotirmoyee Sikdar, discus thrower Krishna Poonia, hurdler MD Valsamma, steeplechaser Sudha Singh and runner Sunita Rani. George, a 2003 world championships bronze-winner, is also a senior vice president in the AFI.

All of them are retired and their

gender parity in its set-up. The previous commission featured four women.

The commission was unveiled on Wednesday after the elections held in October last year.

Two-time Olympic medalwinning Neeraj Chopra is one of the four nominated members after consultations by the AFI's executive council. The other two male members of

the commission are 3000m steeplechaser Avinash Sable and newly-elected AFI president Bahadur Singh Sagoo, a shot put gold medal winner at 2002 Asian Games. Sagoo was the chairman of the previous commission.

Outgoing AFI treasurer Madhu Kant Pathak, who was the induction is a noteworthy returning officer for the elections, milestone in the AFI's quest for said the polls were held after and other rules and regulations

"Election notification was issued were elected. "Later, after consultation with the

executive council, four members including Neeraj and Sable were added as Athletes Commission member. Both Neeraj and Sable initially said that they will not be able to give much time as they are active athletes but they accepted," said Pathak. Sumariwalla made ex-officio

Outgoing AFI President Adille

Sumariwalla will continue to be a part of the executive council as an ex-officio member as he is a part of the World Athletics Council. The 67-year-old Sumariwalla,

who served as AFI president for three consecutive terms from 2012, is currently an executive board member of World Athletics the international governing body of the sport.

the amended

constitution last year to the effect that any person who is in the World Athletics council will be an ex-officio member of the AFI executive council," AFI Planning Commission Chairman Lalit Bhanot announced on the concluding day of the Annual General Body Meeting here.

On Tuesday, Sumariwalla had insisted that he is not going anywhere and will be around to guide the new office-bearers of the AFI and act as the body's spokesperson too.

On Wednesday, Sagoo announced

that Sumariwalla will also be the chairman of the committee which will liaise with the government as well as international bodies. In addition, he will be a member of the Ethics Commission of the Domestic schedule In another decision, Indian

athletics' first major national senior championships of the season -- the Federation Cup -will be held in Kozhikode, Kerala, from April 21-24 Haryana's Panchkula was to host

the event but expressed its inability to do so as it had conducted the National Inter-State Championships in June last This year's National Inter-State

Senior Championships will be held from August 20 to 24 in Chennai, as proposed in the tentative calendar. National Open Championships, earlier proposed to be held in

Pune or Bengaluru, will now be staged in Ranchi from September 27 to 30.

# Bumrah continues to remain No. 1 in Test rankings

ndia's pace spearhead Jasprit Bumrah continued to reign supreme at the top of the bowlers' chart with a career-best rating of 908 in the latest ICC Test Rankings, released on Wednesday.

Bumrah, who made history ahead of the fifth and final Test against Australia by recording the highest-ever ICC Rankings rating for an Indian bowler at 907 points, improved that tally by one point after taking two wickets in the first innings at the SCG. However, a back spasm ruled him out of bowling in the second innings, restricting his role to just batting.

Left-arm spinner Ravindra Jadeja, who climbed a spot to be joint-ninth, is the other Indian giving Bumrah company in the top-10.

He shares the ninth spot with Australian pacer Scott Boland, who has made a remarkable leap of 29 places to break into the top 10. Boland's stellar performance in the Sydney Test, where he

Australia's triumph, ending a decade-long wait to reclaim the Border-Gavaskar

Australia skipper Cummins also made gains in the rankings, climbing to number two after picking up five wickets in the final match. South Africa's Kagiso Rabada rose a spot to occupy the third place while injured Josh Hazlewood moved down two places to be fourth. Rishabh Pant's blistering 33ball 61 in the second innings earned him a three-spot rise in the batting rankings, moving him to number nine while India opener Yashasvi Jaiswal retained his fourth

South Africa captain Temba Bavuma extended his rich vein of form, scoring a vital century in the first innings to climb three spots to number six, also achieving a career-best rating of 769.

# Sam Konstas regrets stand-off with Jasprit

 $A^{\hbox{ustralia's teenage batting}}_{\hbox{sensation Sam Konstas}}$ regrets his involvement in the stand-off with Jasprit Bumrah during the Border-Gavaskar Trophy, admitting he was only trying to waste time but ultimately, the Indian pace spearhead had the "last laugh".

Konstas made an impact in the final two Tests of the series with his audacious strokeplay, but also found himself at the center of a couple of fiery exchanges with Indian stars Bumrah and Virat Kohli.

One such incident occurred on the opening day of the fifth Test, when Konstas had a heated run-in with Bumrah.

"I love being in the contest and always try to put my best foot forward," Konstas told CODE Sports.

Near the end of the day's play, Bumrah, looking to get in one more over, was met with resistance from the Australian players, who were trying to waste time. This led to a fiery exchange of words between Konstas and the Indian pacer.

Two deliveries later, Bumrah, who was leading the side in the absence of an off-colour Rohit Sharma, took the wicket of Usman Khawaja off the last ball.

After dismissing Khawaja, Bumrah walked in Konstas' direction and stared him

Reflecting on the incident,

Konstas admitted, "I feel like it's probably a good learning for me. I was trying to waste a little bit of time there so they didn't get another over. But he (Bumrah) had the last

laugh.
"Obviously he is world class and he took, what, 32 wickets in the series."

Konstas seems to have learned his lesson about not provoking the peerless pacer. If that happened again, maybe I wouldn't have said anything," he said.

The teenager was also involved in an on-field exchange with Kohli, who shoulder-charged Konstas, followed by a heated verbal exchange between the two. However, Konstas revealed that despite the incident, he later went to speak with his

childhood hero Kohli. "I had a little chat after the game telling him that I idolise him, and it's obviously a huge honour

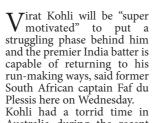

playing against him," Konstas said. "When I did verse him, I was like, 'wow, Virat Kohli is batting.' He just had that presence about him, all the

Indian crowd getting amongst it. Chanting his getting name. It was quite surreal". Konstas added that "He was very down to earth. A lovely person and just wishing me all the best saying hopefully I go well on the tour of Sri Lanka he said if I'm in.

'My whole family loves Virat, I've idolised him from a young age and he's a legend of the game."

# Virat Kohli is always super motivated, he will know what to do: Faf du Plessis

**PTI** ■ CAPE TOWN

Kohli had a torrid time in Australia during the recent Border-Gavaskar Trophy, Trophy, amassing a mere 190 runs at an average of 23.75 across five Tests despite starting off with an unbeaten hundred in the first Test at Perth.

Du Plessis backed Kohli, his one-time teammate at Royal Challengers Bangalore, to come back stronger from the struggles, and said retirement is a "very personal" choice.

That is very, very personal. No one can speak to you about when that time is (up) as a player, you'll know," du Plessis told PTI on the sidelines of the SA20 Season 3's Captain's Day. "I know someone like him is super super motivated, he's gone through it all before, so he knows exactly what to do,"

said Du Plessis

The 40-year-old then went back to the day when he felt his time was up as a Test cricketer.

"It is different for every player. Every player needs to answer that question. I remember when that time was for me," he said

"I just knew that certainly from the Test cricket perspective for me. I didn't have that same hunger and drive anymore and I felt that that stage certainly for me was a good time to let new guys come in and also step into the T20 world "I wanted to do that at the

stage where I still felt like I was on top of my game," he added. Du Plessis was not pleased with ICC reportedly exploring the possibility of a two-tier Test system. "No, I think we need the game

to be healthy," Du Plessis said. "We saw over the last few years the value that was put on Test cricket by Australia, England and India making sure that there were 4-5 Test series. "When you look at the other

teams, there are two Test

title clash of the 2023-25

cycle with a 2-0 win over Pakistan at home, while India's string of losses against New Zealand at home and against Australia ended their hopes of a third consecutive WTC final appearance.

# BGT: SCG track deemed 'satisfactory', other pitches rated 'very good' by ICC

**PTI** ■ SYDNEY

 $F^{\mathrm{our}\ \mathrm{out}\ \mathrm{of}\ \mathrm{five}\ \mathrm{pitches}}_{\mathrm{used}\ \mathrm{in}\ \mathrm{the}\ \mathrm{recent}\ \mathrm{Border}\text{-}}$ Gavaskar Test series between India and Australia have been rated 'very good' by the ICC, which found the track for the fifth and final game in Sydney to be 'satisfactory'.

The marquee five-match series ended 3-1 in favour of fly out of Australia on Wednesday but he will not be the hosts, who regained the Border Gavaskar Trophy after seen in action immediately as Andhra has not progressed to the knockout stage. However, Nitish, a decade and also qualified for the World Test Championship final in June impressed everyone with his gutsy batting Down Under against South Africa.
"The pitches at

including a hundred at Melbourne, is likely to play in Stadium, Adelaide Oval, Gabba and Melbourne the second phase of the Ranji Cricket Ground – the venues He has played only one match for the first four Tests - were rated as 'very good," the ICC this season before travelling to Australia. said in a statement.

"Meanwhile, the surface for the final Test in Sydney received a 'satisfactory', the second-highest rating on ICC's scale," it added.

The traditionally batting-friendly pitch at the Sydney Cricket Ground favoured bowlers this time. Batters from both the teams struggled for the majority of the Test which ended in two and half days

"We encourage pitches that bring out the unique characteristics of that venue and this has long been a feature of Australian cricket," Cricket Australia's Head of Cricket Operations Peter Roach said in a media release while reacting to the ICC's ratings. "We don't look to prepare

wickets that favour the home

side or suit our situation in a series. What we seek is a good contest between bat and ball and pitches that are likely to "Weather obviously plays a dded."

significant preparation and we know that even our most skilled curators are challenged at times by adverse weather," he

The Sydney track had a green top with variable bounce on offer and as many as 26 wickets fell on the first two days while four Indians and as many Australians were dismissed on day three as bowlers largely dominated the proceedings.

"The SCG has been striving to bring out their unique characteristics of early pace and bounce before the pitch wears and spins," Roach said. "This year was a step in the right direction to achieving this which provided an exciting finish to the Border Gavaskar Trophy series and bodes well for the Ashes summer in 2025-26," he added.

There was some debate around the SCG track after a few former players, including

Indian great Sunil Gavaskar, called it "not ideal". However, India head coach Gautam Gambhir had termed it as 'spicy" but overall good for Test cricket.

The series also emphasised the benefits of playing firstclass cricket at major venues," Roach said.

"It allows our curators to become more familiar with the different challenges that go into preparing wickets in different weather conditions, and also allows players to enter the Test team familiar with the conditions they will confront," he added.

In 2023, the ICC revamped its pitch rating system, reducing it from six categories to four - very satisfactory, good, unsatisfactory and unfit.

# Shastri wants Rohit and Kohli to play domestic cricket; Ponting proposes time off for Kohli

PTI ■ NEW DELHI

 $F^{\rm ormer\ India\ head\ coach}_{\rm Ravi\ Shastri\ wants\ the}$ struggling Rohit Sharma and Virat Kohli to get back to playing Ranji Trophy and feels the Test future of the two superstars is dependent on the hunger to maintain their excellence in the game.

The repeated failures of the star Indian duo in the Border-Gavaskar trophy contributed to the visitors' series loss.

India head coach Gautam Gambhir underlined the importance of domestic cricket following the loss and Shastri too feels Rohit and Kohli should return to playing Ranji Trophy even though the next series is in

"If there's a gap for them, they should go back and play some domestic cricket and see how it is. Because when you play Test match cricket for that length of time, it's important

to play domestic cricket for two reasons," Shastri said during a conversation alongside Australian great Ricky Ponting on ICC Review.

"One you are abreast with the current generation (and) you can contribute to that younger generation with your experience. And more importantly, you get to play spin more than you will ever

play.
"If you see, India's record in India on turning tracks is not the greatest. If you have quality spinners in the opposition, they can trouble you. And they have troubled

would be closely tracking

well is very important. One is a break: Ponting

India," he added.

Asked specifically on their Test future, Shastri added: "I would leave that on them and how they fare in the upcoming games (ODIs against England, Champions

"The hunger and desire as

36 the other is 38 they would know how hungry they are. They will walk away if they think they have had enough,

Kohli will be better served by

added Shastri.

Former Australian captain Ponting has no shame in admitting that he carried on playing at the highest level longer than he should have. Back in 2022, Kohli had taken a month off from the game

and that worked well for him. Ponting feels time has come for Kohli to get away from the game following his constant troubles outside the offstump over the course of the five Test series Down Under.

"...The challenge is, and I can see it with Virat now, you can see how much he wants it. He's trying so hard that actually makes batting harder. The harder you try sometimes with batting, the less success you're going to have," said the multiple World

Cup winner. 'I started thinking more about not getting out rather than scoring runs and that might sound strange but that's what it was. I was trying to be so perfect set the right example play exactly the way my team needed me all the time but when I was playing my best I didn't think about

any of that. just walked out and thought about scoring runs. I can just see a little bit of that with Virat now. Even the way that he's getting out you can see he doesn't want to be playing at those balls he's trying not to do it but he's there's some mental block there that's making him feel for that one outside the off

stump. A break can only help the Indian legend, said Ponting. "He had a mental break (in the past) where he stepped away for a while and then came back and find the love for the game again. So right now it just seems like that real love of the game for him is not there because he's making it too hard to enjoy.

"So if he wants to continue playing Test match cricket, he might just need to have a little spell for a while, find the love for the game again."
