Stalin advise more kids to counter delimitation in TN

Stalin has claimed a higher population would ensure more MPs as delimitation will be population-based PTI

PIONEER NEWS SERVICE ■ CHENNAI/NEW DELHI

Tamil Nadu Chief Minister MK Stalin on Monday favoured young people having children immediately following marriage and said a higher population appeared to be the criterion to get more MPs. Addressing a wedding in Nagapattinam in the state, Stalin, also the Dravida Munnetra Kazhagam (DMK) president said that years ago, newlyweds were advised to not have children immediately following marriage. However, the same thing must not be advised now and also there was no need for that. "It is because a situation has now arisen, according to which only a higher population would ensure more MPs as the delimitation exercise would be on the basis of population," Stalin

said. Tamil Nadu paid attention to population control and succeeded and that was the reason for the state's plight today, he added. "I will not tell you to not have children hastily, have children immediately; but give them beautiful Tamil names," he said, directly appealing to the bride and bridegroom. Further, he said that the question of delimitation is related to Tamil Nadu's rights and protecting its interests and hence, the matter must not be evaluated politically. The union government is planning to implement the three-language policy through compulsion and similarly in the delimitation exercise, it is attempting to cut down the number of seats for Tamil Nadu, Stalin alleged, addressing the function here. Against this background an all party

meeting has been organised on March 5 on the proposed delimitation exercise and most parties out of 40 have confirmed their participation and a few others have said they would not be taking part. Appealing to such parties, the chief minister said they should not evaluate the issue through the prism of politics. BJP and former Union Minister G K Vaasan led TMC (Moopanar) were the key parties that have said they would not take part in the meeting. "I would like to appeal to them, please give a thought to it, this is not an issue between the DMK and your party." The issue is all about Tamil Nadu and its interests and rights and hence parties that have declared that they would not take part should also participate, he appealed. Stalin recently escalated the ongoing language row between Centre and State, responding to Union education minister Dharmendra Pradhan's call to "rise above politics". Stalin reaffirmed the State's commitment to its two-language policy and cautioned the Centre against "throwing stones at a beehive". The DMK government in TN and BJP led NDA government at Centre have been at loggerheads over the implementation of New Education Policy (NEP) in the state. Stalin blamed Education Minister Dharmendra Pradhan for doing politics in education. Pradhan advised Stalin after the latter wrote a letter to Prime Minister Narendra Modi opposing the linking of two centrally sponsored programmes with the NEP. The education minister asked the Tamil Nadu chief minister to rise above political differences and "think about the interests of the young learners". Stalin has refused to implement the NEP and three-language policy, involving the necessity of Hindi, asking the Centre to not "impose" the language.

SC issues rider to Allahbadia on airing podcast

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Monday allowed podcaster Ranveer Allahbadia to air his "The Ranveer Show" subject to maintaining "morality and decency" and an undertaking that it was suitable for all ages. A bench of Justices Surya Kant and N Kottiswar Singh took note of Allahbadia's submission that the podcast was his only source of livelihood and around 280 people employed by him were dependent on the show. The bench also extended the interim protection from arrest granted to Allahbadia till further orders, while asking him to join investigation in Guwahati. Solicitor general Tushar Mehta, appearing for the Centre and states like Maharashtra, Assam and Odisha, said the comments made on the contentious YouTube show "India's Got Latent" was not only vulgar but perverse and urged the court not to modify the condition of not airing any show. "Let him remain silent for sometime," he said. The bench told senior advocate Abhinav Chandrachud, who was representing Allahbadia, that fundamental rights were not (served) on a platter and came with certain restrictions. Justice Surya Kant pointed out one of the accused in the case went to Canada and spoke on the case. "These youngsters may think that we are outdated but we know how to deal with them. Don't take the court lightly," the judge cautioned. The bench subsequently restrained Allahbadia from speaking anything related to the case on his show. The Centre in the meantime was directed to come up with a draft regulatory mechanism on social media content, which should be put in public domain aside from gathering suggestions from all stakeholders. The bench, however, refused to allow him to travel abroad for now and said his prayer would be considered once he joined the investigation in the case.

Wheels of justice arrive after death

Shahzadi Khan (L) pictured here when she was alive; her father Shabbir Khan (R) speaks to press after her execution X/PTI

PIONEER NEWS SERVICE ■ NEW DELHI

An Indian woman on death row in Abu Dhabi for the alleged murder of a four-month-old child has already been executed on February 15, the Delhi High Court hearing her father's plea about her well-being was informed on Monday. On being informed about the development, Justice Sachin Datta termed it "very unfortunate". "It is over. She was executed on February 15. Her last rites will be held on March 5," Additional Solicitor General Chetan Sharma told the court. The submission was made in a hearing on a petition by the 33-year-old woman's father seeking to know her well-being. Shahzadi Khan was handed over to the Abu Dhabi police on February 10, 2023 and she was sentenced to death on July 31, 2023. She was lodged in the Al Wathba jail. Shabbir Khan, a resident of Uttar Pradesh's Banda, said there was "profound uncertainty" regarding his daughter Shahzadi's situation and his repeated applications to the Ministry of External Affairs (MEA) for clarification were fruitless. The plea further alleged that Shahzadi was inadequately represented before the local courts in the case over the alleged murder of her employer's four-month-old child and she was pressured into confessing, leading to the

imposition of the death penalty on her. During the hearing, the petitioner's counsel said his limited prayer was to know whether his daughter was alive or she had been hanged. He said on February 14, Shahzadi had called the family from the prison saying that she would be executed in a day or two and this would be her last call. Since then, they were unaware of her well-being, he said. The Centre's counsel told the court that the Embassy officials and the petitioner were in touch and arrangements were being made so that the family could attend their daughter's last rites in Abu Dhabi. "We did our best. We hired a law firm there to represent her in court. But the laws there deal with the murder of an infant very severely," he submitted. The petition said, "On February 14, 2025, the petitioner's daughter telephoned him from detention, informing him that she had been relocated within the facility and that, prior to her potential execution, her final wish was to speak with her parents." "The petitioner, with considerable effort, submitted an application dated February 21, 2025 to the Ministry of External Affairs, seeking to ascertain the current legal status of his daughter and confirm whether she remains alive or has been executed," it added.

Indian cricket captain Rohit Sharma; Congress spokesperson Shama Mohamed PTI

Congress in pickle over fat shaming

PIONEER NEWS SERVICE ■ NEW DELHI

The Congress was left red-faced after its national spokesperson Shama Mohamed stirred controversy with her remarks on Indian cricket captain Rohit Sharma, calling him "fat for a sportsman" and the "most unimpressive" captain in India's history. As the post triggered widespread backlash, the party quickly intervened, asking her to delete it but till then the remarks drew backlash from many, including BJP leaders. Her remarks came amid the Indian cricket team's undefeated run at the ongoing Champions Trophy.

While Congress asserted that Shama Mohamed's remarks about the cricketing legend do not reflect the party's position, BJP leader and Delhi minister Manjinder Singh Sirsa said it was shameful that an official spokesperson of the leading national party gave such a statement. "This is Congress statement. They feel that only one person is fit for everything and that is former party chief Rahul Gandhi," Sirsa said. "They are so against the country that today they are using abusive language against our country's cricket captain. I don't know what they mean by this. It is really shameful and I condemn this. The entire nation is seeing the mentality of the Congress," he said.

No ban on smartphones in schools: HC

STAFF REPORTER ■ NEW DELHI

In a significant ruling, the Delhi High Court refused to ban children from bringing smartphones to school saying that such an approach is neither practical nor desirable. The court clarified in its decision that the use of smartphones does not negatively impact teaching, discipline, or the overall educational environment in the classroom. The ruling came on a writ petition (W.P.(C) 15191/2023) filed by a minor student through legal representatives, against Kendriya Vidyalaya, Sector-05, Dwarka, New Delhi and other respondents. Justice Anup Jairam Bhambhani pointed out that technology has become an essential part of education, making a total ban on smartphones unrealistic. The court also noted that smartphones help students stay connected with their parents, adding to their safety and security. At the same time, the court acknowledged the risks of excessive screen time, social media exposure, and misuse of smartphones. Instead of banning them outright, the focus should be on

responsible usage, it said. The petitioner challenged certain actions taken by the school due to alleged misuse of a smartphone on school premises. The petition filed this petition seeking directions to Kendriya Vidyalaya on permitting use of smartphones. During the course of hearing, Kendriya Vidyalaya requested the Court to frame guidelines on use of smartphones in schools. To ensure classroom teaching discipline, the court has recommended that the "use of cameras and recording facility on smartphones should also be barred in the common areas of the school as well as in school vehicles." The court order prescribes that "schools must educate students on responsible online behaviour, digital manners, and the ethical use of smartphones" and that students must be counselled that high levels of screen time and social media engagement can lead to anxiety, diminished attention spans, and cyber-bullying. In its guiding principles for framing a policy, the court

has outlined that such a policy "should permit the use of smartphones for connectivity for purposes of safety and coordination but disallow the use of smartphones for entertainment/recreational use." The guidelines issued by the Court include: Smartphones must not disrupt classroom teaching, discipline, or the overall educational atmosphere. To this end, the use of smartphones in class must be prohibited; Use of cameras and recording facility on smartphones should also be barred in the common areas of the school as well as in school vehicles; Schools must educate students on responsible online behaviour, digital manners, and the ethical use of smartphones. Students must be counselled that high levels of screen-time and social media engagement can lead to anxiety, diminished attention spans and cyber-bullying; The policy should permit use of smartphones for purposes of safety and coordination but disallow the use of smartphones for entertainment/recreational use;

Omar dismiss BJP alliance

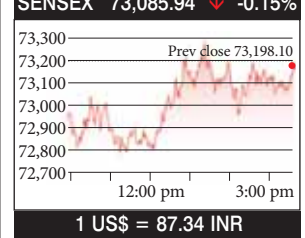

J and K CM Omar Abdullah during the first day of the Budget session of the state Assembly PTI

MOHIT KANDHARI ■ JAMMU

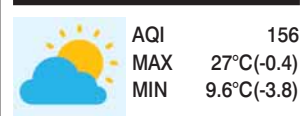

Dispelling political grapevine centered around fresh political realignment in Jammu and Kashmir, Chief Minister Omar Abdullah Monday clarified that there are currently no plans for an alliance with the ruling party in the Centre. "We are not talking about any alliance (with the BJP); neither is there any scope nor the need. Our thoughts also do not align", Omar said on day one of the Budget session of J and K Assembly. If we talk about J and K, our thoughts are vastly different... We will hold discussions on everything

(during the session)," he asserted. On the other hand, unsparing Peoples Democratic Party (PDP) Chief Mehbooba Mufti Monday accused the Omar Abdullah-led National Conference (NC) government of acting as an extension of the Bharatiya Janata Party (BJP) in the state. The former chief minister suggested that the NC was attempting to legitimise the BJP's actions over the past six years, including the abrogation of Article 370 in August 2019. Addressing media persons in Srinagar, Mufti said Omar says how he will get it (Article 370) from the BJP. When BJP could talk on abrogating Article 370 for 70 years, at least you (Omar) can speak on this and say this was done illegally," she said. She said that people voted for Omar Abdullah hoping the government would address issues of disempowerment, as well as concerns over property, minerals, and jobs. "I did not expect miracles from the NC in four months, but at least they should have raised their voice on such issues," she said. Mufti said that besides Article 370 and statehood restoration, several issues were being faced by the public.

Mayawati expels nephew, after clipping his wings

BISWAJEET BANERJEE ■ LUCKNOW

In a major political development, Bahujan Samaj Party (BSP) supreme Mayawati expelled Akash Anand from the party, days after stripping him of all key responsibilities, including the post of National Coordinator. Announcing her decision, Mayawati stated that during BSP's All-India meeting yesterday, Akash Anand was relieved of his responsibilities due to prioritising personal interests over the party. She alleged that he remained heavily influenced by his father-in-law Ashok Siddharth, which led to his removal from the post of National Coordinator and other key roles. Mayawati emphasised that Akash had the opportunity to demonstrate maturity and remorse over this decision. However, she accused him of reacting in a manner that reflected arrogance, selfishness, and a non-missionary mindset, heavily influenced by his father-in-law. "I have always advised and punished such individuals in the party who allow personal influences to overshadow the BSP's ideology. Therefore, in the interest of Dr BR Ambedkar's self-respect movement and to uphold the discipline established by Kanshi Ram, Akash Anand is being expelled from the party, just like his father-in-law," Mayawati stated.

Indian dolphins thrive away from humans in Ganga

PIONEER NEWS SERVICE ■ NEW DELHI

The first population estimation of riverine dolphins in India has revealed the presence of 6,324 dolphins in the Ganga, Brahmaputra and Indus River systems, according to a government report published on Monday. The Ganges River dolphin, known for its unique features, is found in the Ganga-Brahmaputra-Meghna river system and its tributaries across India, Bangladesh, Nepal, and Bhutan. A small population of the Indus river dolphin, a close relative of the Ganges river dolphin, is found in the Indus River system in India. As part of "Project Dolphin", a comprehensive survey was conducted for the first time to

estimate the population of river dolphins across eight states — Uttar Pradesh, Bihar, Jharkhand, Rajasthan, Madhya Pradesh, West Bengal, Assam and Punjab. It is one of the world's largest freshwater surveys, covering the entire range of the Ganges river dolphin in the Ganga and Brahmaputra, as well as the Indus river dolphin in the

Beas river, according to the report "Population Status of River Dolphin in India". The survey estimated 6,324 Ganges river dolphins (range: 5,977-6,688) and three Indus river dolphins. The findings suggest that dolphins thrive in areas with adequate water depth and minimal human disturbances, it said. Prime Minister Narendra

Modi announced Project Dolphin on August 15, 2020, to conserve dolphins and other aquatic ecosystems. Monitoring dolphin populations is crucial for conservation, especially for river dolphins, which have a slow growth rate and live in some of the world's most threatened habitats. The survey covering over 8,000 km was conducted from 2021 to 2023. It included eight states -- along the Ganga and Brahmaputra rivers and their tributaries, as well as the Beas river. During the survey, 58 rivers were assessed. Of these, 28 rivers were actively surveyed by boat, while 30 were studied through road surveys, focusing on locations where the Ganges river dolphin had been historically reported.

Saints and Gurus play a vital role in nation-building: CM

STAFF REPORTER ■ BHOPAL

Chief Minister Mohan Yadav emphasized that while life and death are not in human hands, saints guide people on the path of righteousness, inspiring them to lead meaningful lives. He stated that saints and gurus play a pivotal role in preserving cultural and religious values, as well as in the development of society and the nation. CM Yadav was addressing devotees at the Rudraksha Mahotsav held at Kubreshwar Dham in Sehore today. Dr. Yadav lauded the efforts of Pt. Pradeep Mishra, highlighting his role in fostering faith and devotion among people, leading to their spiritual and religious upliftment. He acknowledged Pt. Mishra's contribution in establishing Kubreshwar Dham near

Bhopal, giving the region a new religious identity. The CM further stated that India, being the world's largest democracy with over 200 countries recognizing its significance, has upheld its unwavering faith in Sanatan culture. He cited Prime Minister Narendra Modi's holy dip at the Kumbh in Prayagraj as a symbol of the nation's deep-rooted spiritual beliefs. The Chief Minister acknowledged the guidance received from saints and seers, emphasizing that his government regularly consults them on various matters. He stated that their wisdom provides moral strength to governance, enabling the administration to work more effectively for the state's development and public welfare. Highlighting his government's commitment to cow protection, he mentioned

the construction of Gaushalas (cow shelters) across the state, ensuring a better environment for cows. Yadav remarked that cows are a divine blessing and serve as a link between nature and the Almighty. To provide shelter for stray, weak, and elderly cows, large Gaushalas with a capacity of 10,000 cows will be built in major municipal corporations, including Bhopal. He announced

incentives for dairy farmers, including bonuses for milk production and grants for those rearing more than ten cows. Additionally, subsidies will be provided at the village level to encourage cattle rearing and milk production. The financial assistance for Gaushala operators will also be doubled from Rs.20 to Rs. 40 per cow to enhance their sustainability. The Chief Minister reiterated his government's commitment to both development and social responsibility. He announced a financial assistance scheme of Rs. 2 lakh for the remarriage of widowed women to help them rebuild their lives. Furthermore, he assured the development of major religious and pilgrimage sites across the state. Addressing concerns about the water

scarcity of the Shipra River during summers, he stated that efforts are underway to ensure its continuous flow throughout the year. He also mentioned plans to establish Gita Bhavans in all urban municipalities. In a significant move, the state government has decided to shut down liquor shops in 19 religious towns and impose a ban on open meat sales in these areas. The Rudraksha Mahotsav was attended by Revenue Minister Karan Singh Verma, MLA Sudesh Rai, Backward Class Commission member Sitaram Yadav, Municipal Council President Prince Rathore, former District Panchayat President Jaspal Arora, Collector Balaguru K, SP Deepak Kumar Shukla, and District Panchayat CEO Dr. Neha Jain.

Patwari hits back at Minister Prahlad Patel over 'Begging' remark

STAFF REPORTER ■ BHOPAL

Madhya Pradesh Congress President Jitu Patwari has strongly criticized State Panchayati Raj Minister Prahlad Patel's recent statement, in which Patel claimed that people have developed a habit of begging from the government. Patwari called the remark arrogant and insulting. Responding to Patel's statement, Patwari said that when people raise their voices for their rights, whether farmers, women, youth, or employees, the BJP labels them as 'beggars.' He questioned whether BJP leaders taking loans, engaging in scams, and indulging in corruption would also be considered begging.

Patwari accused the BJP government of pushing the state into a financial crisis, stating that despite having a debt of over Rs 3.5 lakh crore in the 2023-24 financial year, the government continues to take more loans

Patwari accused the BJP government of pushing the state into a financial crisis, stating that despite having a debt of over Rs 3.5 lakh crore in the 2023-24 financial year, the government continues to take more loans. He alleged that commission-based corruption and bribery are at their peak, with officials and leaders enjoying privileges at the public's expense while calling citizens beggars when they demand their rightful dues.

The Congress leader further attacked the government over various scams, including Vyapam, e-tendering, and recruitment frauds. He asked if leaders accepting bribes should also be considered as begging. Referring to the Ladli Behna Yojana, Patwari pointed out that while the BJP initially promised ₹3,000 to women before elections, it later reduced the amount. Now, when women demand the fulfillment of these promises,

they are being labeled as beggars. Similarly, he argued that farmers seeking fair prices for their crops should not be considered as begging, especially when the government spends huge sums on elections and industrialists but claims to have no funds for farmers. Patwari accused the BJP of trying to suppress public voices to hide its failures. He stated that in a democracy, every citizen has the right to demand their fair share, and calling it begging is unjust. He concluded that employment, women's assistance, and farmers' rights are not charity but constitutional entitlements. Patwari asserted that a government that insults its people in such a manner does not deserve to remain in power.

Various units of the Red Cross awarded for commendable work

STAFF REPORTER ■ BHOPAL

Governor Mangubhai Patel said that the Red Cross is a powerful initiative dedicated to human service. He urged its members to uphold the organization's mission by serving those in need. Governor Patel made these remarks while addressing the annual general body meeting of the Madhya Pradesh branch of the Red Cross. He also honored various Red Cross units for their contributions on this occasion. Governor Patel urged district units to take inspiration from the award-winning units of the Red Cross branch and strive for excellence in serving those in need. He encouraged healthy competition among the units, fostering

positivity and setting an example of dedicated service. Governor Patel emphasized the importance of adhering to the instructions and targets set by the state branch with sincerity and within the stipulated time-frame. Governor Patel emphasized the crucial role of the Red Cross in advancing efforts to eradicate sickle cell. He stressed the need to organize awareness, testing, and treatment programmes, particularly in rural and remote areas. Governor Patel urged that identified patients be treated with the utmost sensitivity. He also called upon the attendees to make personal efforts to support children and families affected by sickle cell. Governor Patel was welcomed with a bouquet and felicitated by being presented with a memento. Red Cross State Branch Chairman Dr. Gagan Kolhe presented the welcome address and the progress report of the Madhya Pradesh Red Cross Branch for 2023-24. State Branch General Secretary Ramendra Singh presented the upcoming action plan. Treasurer Shashank Srivastava conducted the proceedings of the meeting. Vice President Bharat Jhanwar proposed the vote of thanks. Additional Chief Secretary to the Governor K.C. Gupta, officials, and members of the State and District Branch of Red Cross Society were present in the meeting.

Over 1000 Mantralaya employees to agitate today

STAFF REPORTER ■ BHOPAL

On the call of the Mantralaya Seva Adhikari-Karmachari Sangh, more than 1000 employees of the State Mantralaya will recite Sunderkand/ Hanuman Chalisa on Tuesday. The employees would do this recitation at Gate No. 1 of the old building of the Mantralaya to get their demands fulfilled. The union has completed all the preparations to conduct the recitation. Union President Sudhir Nayak said that the place where the recitation is to be done will be cleaned before office hours so that purity is maintained during the recitation. All the employees will bring rolls (stands for keeping books) from their homes and for the Sunderkand recitation, Sangh colleague Dayanand Upadhyay has given 101 books to the Sangh, which will be distributed. After this, Sunderkand and Hanuman Chalisa will be recited. Nayak said that prepara-

tions for the event have been completed. The main demands of the employees of the Mantralaya include starting the promotions which have been stopped for 9 years, fourth time scale pay, higher designation, full pension after 25 years of service like the central government, removal of anomaly of pay scale of third promotion in third time scale, among others. According to the union, taking advantage of the lack of promotion, officers from outside are being appointed in the Mantralaya. Finance service officers have been placed on the posts of section officer and assistant section officer. Employees say that small offices got the fourth time scale, but the highest office of the state did not get this facility. The officials of the union have promoted the movement by going table-to-table. They distributed pamphlets to the employees and appealed to them to be compulsorily present in the

movement. Public relations campaign is also being run on Monday. It is worth mentioning that earlier, to get the demands fulfilled, the employees of the Mantralaya have protested by organizing Sunderkand and working till after office hours. Union president Sudhir Nayak and all office bearers including Rajkumar Patel, working president, Rajesh Kaul, patron, Ashish Soni, advisor, Alok Verma, secretary, Satish Sharma, chief general secretary, LS Dhurve, Dayanand Upadhyay, vice president, Harisharan Dwivedi, vice president, Dilip Soni, Sadhna Mishra, Santosh Barodiya, Naresh Soni, Deepti Bachani, Thakurdas Prajapati, Mateen Khan, Vishnu Nathani, Harish Batham, Shyam Bihari Dubey, Vikram Batham, Badami Lal, Mangal Sonavane have appealed to all ministerial officers and employees, outsourced employees, permanent employees, contingency fund employees to attend the said program.

Bol opens 11th branch in the country

Bhopal: In a significant milestone, on Monday, MD & CEO has virtually inaugurated 111 new branches of Bank of India, reinforcing the bank's commitment to expand its presence and enhance customer convenience. Notably, 11 of these new branches are located in Madhya Pradesh and Chhattisgarh states. The new branches, spread across various locations, will offer a comprehensive range of banking products and services, including savings accounts, loans, credit cards, and digital banking solutions. This expansion is a testament to Bank of India's dedication to provide accessible and efficient banking services to a wider audience. With this expansion, Bank of India reaffirms its position as one of India's leading public sector banks, driven by its customer-centric approach and innovative banking solutions. These new branches will play a vital role in promoting financial inclusion and supporting the economic growth of the communities.

AIIMS Bhopal organizes academic CME on regional infectious disease

STAFF REPORTER ■ BHOPAL

The AIIMS Bhopal successfully conducted an informative Continuing Medical Education (CME) session on Pediatric Infectious Diseases and their management. The event aimed at fostering knowledge exchange among medical professionals and enhancing patient care through expert discussions on advancements in infectious disease management. The CME witnessed the presence of distinguished medical experts, esteemed faculty, and healthcare professionals. The program featured notable speakers, including Dr. Sanjay Ghorpade (President-Elect, PIDA, Mumbai), Dr. Chetan Trivedi (Secretary, PIDA, Ahmedabad), and Dr. K.K. Arora from Indore, a senior faculty member and a prominent name in the Infectious Disease Society. Their insights and deliberations provided valuable updates and perspectives in the field. Prominent members of IAP Bhopal and MPIAP also graced the event, including Dr. Mahesh Maheshwari

(MPIAP President), Dr. Dinesh Mекle (MPIAP Secretary), Dr. Sunita Lakhwani (IAP Bhopal President), Dr. Gufran Ahmed (President-Elect, IAP Bhopal), and Dr. Amber Kumar (Secretary, IAP Bhopal and Organizing Secretary of this CME). Their presence and expertise further enriched the academic discourse. Other eminent speakers included Dr. Girish Bhatt, Dr. Narendra Chaudhary, Dr. Rajesh Tikkas, Dr. Rajesh Gupta, Dr. Rakesh Sukeja, Dr. Lalish Jhavar, Dr. Pankaj Pal, Dr. Shweta Anand, Dr. Mahendra Jain, and Dr. Poorva Gohiya. Their valuable contributions played a pivotal role in ensuring an insightful session. The event was spearheaded by Dr. Shikha Malik, Head of Pediatrics and Organizing Chairperson, whose unwavering support and leadership were instrumental in the successful execution of the CME. The session saw active participation from attendees, underscoring the growing significance of continuous medical education in the field of pediatric infectious diseases.

Lineman Day to be observed today

PNS ■ JABALPUR

The Lineman Day will be celebrated in Madhya Pradesh Power Transmission Company (MP Transco) on March 04 to express respect by recognizing the contribution of the important link linemen of the power sector, which has ensured trusted power supply and worked in the adverse conditions and inaccessible geographical areas of every season to maintain over 44 thousand circuit KM Extra High Tension transmission lines and 416 EHV substances in Madhya Pradesh. The oath will be administered to achieved zero accident target during the work. In the program to be held at the Transmission Line Maintenance Office in Headquarters Jabalpur, various Linemen will be honoured in the presence of M.P. Transco Managing Director Er Sunil Tiwari. On this occasion, in various transmission line maintenance sub division of M.P. Transco the message of Engineer Sunil Tiwari, Managing Director of MP Transco, will be read.

GIS investment confluence to accelerate Green and White Revolutions in MP

STAFF REPORTER ■ BHOPAL

Chief Minister Mohan Yadav has said that Madhya Pradesh's rich agricultural tradition and sustainable development policies are now attracting the attention of global investors. In the Global Investors Summit Bhopal, investors presented investment proposals worth more than Rs 4,000 crore in the fields of agriculture, food processing and dairy production. Chief Minister Dr. Yadav described this as a milestone for the state's green and white revolution. He said that the investment received in GIS Bhopal will play an important role in Madhya Pradesh realizing Prime Minister Narendra Modi's resolution to make India a global "food basket." Madhya Pradesh has already become the country's largest organic farming state. Contributing 40% to the country's total organic farming, the state has now set a target to expand this area from 17 lakh hectares to 20 lakh hectares. The government is providing free solar pumps to farmers so that they can produce in an environment-friendly manner. Remarkable growth has also

occurred in the state's horticulture sector. In the past years, the area of horticultural crops has increased from 27 lakh hectares to 32 lakh hectares. This will also directly benefit the state's fruit-vegetable producers. The state has joined the leading states in milk production in the country. Currently contributing 9% to the country's total dairy production, Madhya Pradesh is now moving forward with the target of increasing this to 20%. Chief Minister Dr. Yadav said that the Sanchi brand has made a strong identity in national and international markets. At present, 591 lakh kilos of milk is produced daily in the state, with this, the state has become the third largest dairy-producing state in the country. A special session centered on the "Seed-to-Shelf" theme was organized in GIS-Bhopal, in which investors recognized the immense possibilities of the state. Eight food parks, Two mega food parks, Five agro-processing clusters and one logistics park are being established in the state. Under the Prime Minister Micro Food Processing Scheme, an assistance amount of Rs 930 crore has been approved.

Tiger found dead with wire around its neck in Balaghat

STAFF REPORTER ■ BHOPAL

A tiger with a wire stuck around its neck was found dead in Madhya Pradesh's Balaghat district, an official said on Sunday. Forest Range Officer Babul Chaddhar said they had received information about an injured tiger in the Katangi area on Saturday.

"However, by the time we reached the spot, the tiger had died. We suspect it died of starvation and dehydration due to a piece of wire stuck around its neck," he said. Forest officials suspect that the tiger might have tried to pass through a wire fence set up around a field to keep out wild boars from destroying crops.

"It may have pulled at the wires to free itself, which then got entangled around its neck like a snare. Sniffer dogs were sent to the spot and an investigation is underway, he said. The carcass has been disposed of after post-mortem as per the guidelines of the National Tiger Conservation Authority, the official added.

Investment proposals worth Rs 30.77L Cr in GIS is a major achievement

STAFF REPORTER ■ BHOPAL

Chief Minister Mohan Yadav stated that the successful organization of the first-ever Global Investors Summit in Bhopal was made possible through excellent teamwork and coordination. Managing the participation of Prime Minister Narendra Modi, Union Home Minister Amit Shah, a large number of foreign diplomats, commercial representatives, and top representatives of the country's leading industrial groups in GIS was a challenging task. The Global Investors Summit became a symbol of excellent management. Yadav congratulated all departmental officers and teams for the successful execution of GIS. He also affirmed that the journey of investment and

industrial expansion in the state will continue. Due to the existing robust infrastructure and favorable investment environment in the state, industrial groups are rapidly expanding their activities. Next week, the foundation stone for the Neemuch Solar Project, which will be established with an investment of Rs 850 crore, will be laid. CM Dr. Yadav was addressing a review meeting held at the ministry regarding the implementation of investment proposals received at the Global Investors Summit in Bhopal. The meeting was attended by Chief Secretary Anurag Jain and Additional Chief Secretaries and Principal Secretaries of concerned departments. The Chief Minister highlighted that a total of Rs 30.77 lakh

crore worth of investment proposals were received during the summit, which is expected to generate around 21.40 lakh employment opportunities. Over 25,000 people participated in GIS, including representatives from 9 partner countries and more than 100 international delegates from over 60 nations. The summit saw the participation of over 300 major industrialists and industries. GIS featured 10 sectoral sessions, 6 country sessions, 6 summits, over 70 one-on-one meetings, more than 5,000 B2B meetings, and over 600 B2G meetings. Dr. Yadav mentioned that 18 new investment policies were launched during the summit, and 89 MoUs were signed, making it the most participative Global Investors Summit held in the state to date. To

ensure the success of GIS, interactive sessions were conducted domestically and internationally before the event. Auto Expo, Textile Expo, Oxford, One District-One Product Exhibition, along with the MP Pavilion and Digital Experience Zone, were major attractions at the summit. Yadav emphasized that a six-tier action plan has been formulated for the effective follow-up of investment proposals. Under this plan, the MPIDC will screen and enter investment proposals into a database, categorizing them by department. Concerned departments will follow up on proposals based on investment amount at regional, headquarters, and department levels. Each department will appoint relationship managers to track investments. A robust moni-

toring and reporting system has been established. The Principal Secretaries of the concerned departments will review the progress weekly and report to the Chief Secretary. Additionally, regular monitoring will be conducted at the Chief Secretary and Chief Minister levels. To ensure the realization of investment proposals, departments will coordinate for land allocation, approvals, and necessary clearances. A feedback system has also been established to analyze and resolve investor concerns. The Chief Minister stressed that a strategic approach will be adopted to convert investment proposals into actual investments. Priority will be given to developing proposed industrial areas and sector-focused industrial hubs.

An MoU was signed between Madhya Pradesh State Election Commission and Jammu & Kashmir State Election Commission in the 31st National Conference of State Election Commissioners of the states, at Sonri, Madhya Pradesh on Monday. Pioneer photo

CP Bhopal launches helpline number for differently-abled persons

STAFF REPORTER ■ BHOPAL

Police Commissioner Harinarayan Chari Mishra launched a helpline number, 7587628293, along with a dedicated WhatsApp number to assist differently-abled individuals. Through this initiative, complaints related to the community will be promptly addressed. In this regard, all the Urja Desk in-charges and child welfare officers of Bhopal City Police, along with their assistants, have received specialized training, totaling around 40 personnel. If a WhatsApp call, message, or regular call is received on the designated number from a deaf or mute individual, or

regarding issues related to them, immediate assistance will be provided by the concerned police station. If necessary, support will also be sought from the 'Deep Care Foundation.' The event was attended by Police Commissioner Harinarayan Chari Mishra, Additional Police Commissioner Awadhesh Goswami, Additional Police Commissioner (Headquarters) Pankaj Srivastava, Deputy Commissioner of Police (Headquarters) Shradha Tiwari, Additional DCP Headquarters Women Safety Neetu Thakur, ACP Women Safety Nidhi Saxena, and Preeti Soni, Head of the Deep Care Foundation, along with their respective teams.

HC stays demolition of 384 houses in Motinagar

STAFF REPORTER ■ BHOPAL

The Jabalpur High Court has granted a four-week stay on the demolition of 384 houses in Bhopal's Motinagar settlement, postponing the process until at least April 1. The decision follows a petition filed by residents demanding rehabilitation benefits. Following the court's order, administrative officials held discussions on Monday. Collector Kaushalendra Vikram Singh called for a meeting with relevant authorities to review the situation. The High Court has sought a response from the government before the next hearing. Congress leader Manoj Shukla supported the residents' demand for rehabilitation, stating that resettlement would benefit the poor. The High Court's order ensures that no demolition will take place until further notice. The demolition is part of a project to construct the Subhash Nagar Bridge's third lane and the railway's third line. On February 9, 110 shops in the area were removed within five hours, with plans to demolish houses after the Global Investors Summit on February 24-25. However, the court's intervention has put these plans on hold. In response to the stay order, officials convened on Monday to assess the next steps. The issue was also discussed during the TL (Time Limit) meeting. Meanwhile, in Ward No 49 of Zone-10, the municipal corporation removed illegal kiosks and permanent structures set up by land mafia, following complaints received through the CM Helpline.

WCR GM reviews Bhopal Div works

Jabalpur: West Central Railway General Manager Shrimati Shobhana Bandyopadhyaya conducted a review meeting at the Divisional Office in Bhopal on Monday, March 3, 2025. During the meeting, she reviewed key ongoing projects in the division and directed officials to expedite the work. Following the meeting, she conducted a safety inspection of the Bhopal-Itarsi railway section. The meeting was attended by Divisional Railway Manager Shri Devashish Tripathi, Additional Divisional Railway Manager, Chief Project Manager (Gati Shakti), and other senior divisional officers.

The General Manager assessed the progress of station redevelopment projects under the Amrit Station Scheme in the Bhopal division. She instructed officials to ensure quality work and complete the projects within the stipulated time so that passengers could benefit from modern amenities at the earliest, while also contributing to an increase in railway revenue. She also reviewed the progress of the Bhopal-Ramganj Mandi new railway line project, emphasizing its significance for regional development and passenger convenience.

Severed hand successfully reattached at SGM hospital, Rewa

STAFF REPORTER ■ BHOPAL

The Plastic Surgery Department at Sanjay Gandhi Memorial Hospital, Rewa, has successfully performed a complex replantation surgery, restoring the severed hand of an accident victim, Anil Saket. Deputy Chief Minister Rajendra Shukla commended plastic surgeon Dr. Ajay Pathak and his team for their exceptional surgical expertise, emphasizing their contribution to delivering advanced healthcare services in the state. Anil Saket, a 28-year-old resident of Salaiya village in Sidhi district, sustained a complete traumatic amputation of his left hand at the wrist level while

operating a wood-cutting machine. The patient was brought to the hospital in a critical state, and upon immediate evaluation, senior plastic and reconstructive surgeons determined that an urgent microsurgical replantation was necessary to restore limb function. A multidisciplinary team, led by plastic surgeon Dr. Ajay Pathak, conducted the high-precision replantation procedure, which lasted approximately six hours. The surgery involved meticulous vascular anastomosis to restore blood supply, tendon and nerve repair, and bone fixation to achieve structural integrity. The procedure was made possible through the collaborative expertise of Dr. B.B. Singh

from the Orthopedics Department, responsible for bony fixation and stabilization, and Dr. Arvind Rathia and Dr. Ashutosh from the Anesthesia Department, who provided perioperative anesthesia management and post-operative monitoring to ensure surgical success. The surgical team has expressed optimism regarding the patient's functional recovery, with post-operative vascular perfusion and tissue viability being closely monitored. This successful intervention marks a significant achievement in reconstructive microsurgery, reinforcing the hospital's reputation for delivering cutting-edge surgical care in Madhya Pradesh.

Five-day training on Cyber Threat Intelligence, Forensics at MANIT

Bhopal: A five-day Short-Term Training Programme on "Cyber Threat Intelligence & Forensics" began at Maulana Azad National Institute of Technology (MANIT) on Monday. Organised by the Department of Computer Science and Engineering, the event is part of the Information Security Education and Awareness (ISEA) Project, an initiative of the Ministry of Electronics and Information Technology. The inauguration ceremony featured Shailendra Singh Chauhan, ADCP Crime, Bhopal, as the chief guest. He spoke on AI-driven cyber threats, digital frauds, and real-

world cybercrime cases. Rituraj Gupta, Senior Police Officer, highlighted challenges in digital crime investigations, including forensic tools and online fraud detection. Vasudev Dehalwar of MANIT discussed network security assessment, focusing on evidence identification, collection, and correlation in digital forensics. The programme aims to deepen understanding of cyber threats, risk management, and digital forensics. Experts from premier institutions such as the National Forensic Sciences University, NIT Kurukshetra, BHEL Bhopal, NLU Bhopal, and JNU Delhi will deliver lectures.

MP HC warns Bhopal Collector over RERA case delays

STAFF REPORTER ■ BHOPAL

The Madhya Pradesh High Court has once again expressed strong displeasure against Bhopal Collector Kaushalendra Vikram Singh for failing to execute a Revenue Recovery Certificate (RRC) on time in a case related to the Real Estate Regulatory Authority (RERA). The court has now directed that if the matter is not resolved within 10 days, the Collector will be required to appear in person and provide an explanation. This marks the second time that a contempt petition has been heard against the Bhopal Collector, prompting the court to take a stern stance. The case was heard in the court of Justice A.K. Singh, with the next hearing scheduled for March 12. The contempt petition was filed by complainant Arvind Verma, who alleged that despite RERA's 2020 direc-

MP HC warns Bhopal Collector over RERA case delays

STAFF REPORTER ■ BHOPAL

The Madhya Pradesh High Court has once again expressed strong displeasure against Bhopal Collector Kaushalendra Vikram Singh for failing to execute a Revenue Recovery Certificate (RRC) on time in a case related to the Real Estate Regulatory Authority (RERA). The court has now directed that if the matter is not resolved within 10 days, the Collector will be required to appear in person and provide an explanation. This marks the second time that a contempt petition has been heard against the Bhopal Collector, prompting the court to take a stern stance. The case was heard in the court of Justice A.K. Singh, with the next hearing scheduled for March 12. The contempt petition was filed by complainant Arvind Verma, who alleged that despite RERA's 2020 direc-

ective instructing the Bhopal Collector to execute the case under the RRC at the earliest, no action was taken. The case originated when two individuals—Arvind Verma and Bhanu Pratap—lodged complaints against builder Himanshu Infrastructure with RERA, claiming that nearly ₹50 lakh of their money was stuck with the builder. In response, RERA ordered the Bhopal Collector to recover the amount through the RRC process. However, the Collector failed to act, leading the complainants to file a contempt petition in the High Court. Despite a court order directing the Collector to execute the RRC within 60 days, no action was taken. Similarly, Bhanu Pratap's complaint, which also required the Collector's intervention, remained unaddressed. During the hearing of Dr. Bhanu Pratap's petition on February 25, the court noted that the

Bhopal Collector had failed to submit a compliance report. Angered by the non-compliance, the High Court issued a bailable warrant against him and ordered his appearance in court on March 12. In Arvind Verma's case, the court has now given a final ultimatum of 10 days for the matter to be settled. If the directive is not followed, the Collector will have to personally appear before the court to justify the delay. Petitioners' advocate Kapil Duggal emphasized that the Bhopal Collector had blatantly disregarded both RERA's and the High Court's directives, further delaying justice for the complainants. The High Court's latest orders reinforce its commitment to ensuring that officials comply with legal mandates, leaving no room for administrative negligence in executing RERA decisions.

Tribal Devalok Festival today at CM House

STAFF REPORTER ■ BHOPAL

Chief Minister Mohan Yadav has stated that the state government is committed to preserving tribal culture and making special arrangements for their festivals and worship practices. The Bhagoria festival is set to begin soon in Western Madhya Pradesh. Additionally, the Tribal Devalok Festival will be organized at the Chief Minister's residence on Tuesday. Dr. Yadav announced that a Tribal Devalok will be developed in the state to safeguard the traditions and worship practices of tribal communities. He emphasized that tribal societies and their traditions are an integral part of Indian culture. To keep these traditions and worship methods alive and to introduce them to present and future generations, it is essential to implement a well-structured action plan utilizing government

schemes. The Chief Minister was addressing a meeting at the Mantralaya regarding the establishment of the Tribal Devalok. The meeting was attended by Tribal Affairs Minister Kunwar Vijay Shah, Chief Secretary Anurag Jain, and other senior officials. Dr. Yadav highlighted that Madhya Pradesh is home to seven major tribes and a total of 43 tribal communities, including their subgroups. These communities have established their faith and deities through nature, symbols, and idols, expressing their beliefs and spiritual values. Since different tribal communities residing in various geographical regions of the state have distinct deities and religious symbols, efforts must be made to bring their sacred representations and beliefs together at a single location. The views of tribal Ojhas, Patels, Pujaras, Tadvis, Bhumkas, Pandas, and Gunviyas should also be incorporated in this initiative.

Sports help youth develop leadership skills and enhance their talents: CM

STAFF REPORTER ■ BHOPAL

Chief Minister Mohan Yadav stated that under the guidance of Prime Minister Shri Narendra Modi, India has performed remarkably in international sporting events, including the Olympics and the Asian Games. Athletes from Madhya Pradesh and across the country have set new records on the global stage. Sports play a vital role in developing leadership skills and multiple talents among the youth. The state government is fully committed to promoting skill development and sports among young people. Dr. Yadav shared these thoughts while addressing the gathering and athletes on the inauguration of the 42nd National Senior Rowing Championship on Monday. He,

along with Sports and Youth Welfare Minister Vishwas Kailash Sarang and other dignitaries, inaugurated the championship by releasing balloons into the sky at the State Water Sports Academy, located at Boat Club, Bhopal. Organized by the Madhya Pradesh Sports and Youth Welfare Department, the five-

petition in Bhopal to the Simhashta Kumbh in Ujjain. He highlighted how the championship is adding to the scenic beauty of Bhopal's Upper Lake. He expressed confidence that the state's progressive sports policies would benefit young talents. The Madhya Pradesh government has established 11 sports academies for 18 different sports, including three water sports academies for kayaking, rowing, and sailing. Sports and Youth Welfare Minister Vishwas Sarang emphasized India's phenomenal achievements in sports over the past 10 years. He noted that Madhya Pradesh's sports budget, which was once ₹6 crore, has now increased to ₹600 crore under the leadership of Dr. Yadav. In the National Games, Madhya Pradesh secured the

third position in the medal tally, winning nine medals—five gold and four silver. The state secured the overall first position in water sports and holds the title of National Champion in Rowing. To further promote sports, the government plans to establish one sports center in every assembly constituency of the state. The event witnessed an impressive march-past by the rowers and an exhilarating water sports show, which captivated sports enthusiasts. Dignitaries present at the inauguration included Additional Chief Secretary of Sports Manu Srivastava, Sports Director Ravi Gupta, Rowing Federation of India's Chairman of Competition Balaji Mardappa, along with several other officials and athletes.

PM Modi takes lion safari at Gir wildlife sanctuary on Wildlife Day

PIONEER NEWS SERVICE ■ SASAN

Prime Minister Narendra Modi went on a lion safari at Gir Wildlife Sanctuary in Gujarat's Junagadh district on Monday morning, on the occasion of the World Wildlife Day.

On World Wildlife Day, Prime Minister Narendra Modi reiterated the commitment to protect and preserve the incredible biodiversity of the planet.

On December 20, 2013, the 68th session of the United Nations General Assembly decided to proclaim March 3 as World Wildlife Day to celebrate and raise awareness about the world's wild fauna and flora.

"Today, on #WorldWildlifeDay, let's

reiterate our commitment to protect and preserve the incredible biodiversity of our planet," Modi said. "Every species plays a vital role - let's safeguard their future for generations to come! We also take pride in India's contributions towards preserving and protecting wildlife," the prime minister said.

In a social media, Modi said the population of Asiatic lions has seen a steady rise due to collective efforts, and commended the contribution of tribals and women living in surrounding areas in preserving the Asiatic lion habitat.

"This morning, on #WorldWildlifeDay, I went on a Safari in Gir, which, as we all know, is home to the

PM Narendra Modi during lion safari at Gir Wildlife Sanctuary PTI

majestic Asiatic Lion. Coming to Gir also brings back many memories of the work we collectively did when I was serving as Gujarat CM," he said. "In the last many years, collective efforts have ensured that the population of Asiatic Lions is rising steadily. Equally commendable is the role of

tribal communities and women from surrounding areas in preserving the habitat of the Asiatic Lion," Modi added.

"Over the last decade, the population of tigers, leopards, rhinos have risen too, indicating how deeply we cherish wildlife and are working to build sustainable habitats for animals," he said in another tweet. The prime minister also posted pictures of lions that he came across during the safari.

Union Minister of Environment, Forest and Climate Change Bhupendra Patel, other ministers and senior forest department officials accompanied Modi during the safari.

The Prime Minister later went to chair the seventh meeting of the National

Board for Wildlife at Sasan Gir, the headquarters of the Gir Wildlife Sanctuary.

The central government has approved more than ₹2,900 Crore for Project Lion, meant for the conservation of Asiatic lions for which Gujarat is the only abode, stated a government release.

Currently, the Asiatic lions inhabit nearly 30,000 square kilometres across 53 talukas in 9 districts of Gujarat, it said.

Additionally, as part of a national project, a National Referral Centre for Wildlife is being established on over 20.24 hectares of land at New Pipalya in Junagadh district, it said.

A high-tech monitoring centre for wildlife tracking and a state-of-the-art hospital have also been set

up in Sasan to strengthen conservation efforts, the release said.

Earlier, Modi had a night halt at Sinh Sadan, a forest guest house managed by the state forest department, in Sasan after his arrival from Somnath where he offered prayers at the Lord Shiv temple, the first among 12 jyotirlingas, on Sunday evening. On Sunday, Modi also visited Vantara, an animal rescue, conservation and rehabilitation centre located at the Reliance Jamnagar refinery complex. It is a rescue centre dedicated to the welfare of captive elephants and wildlife, providing sanctuary, rehabilitation and medical care to animals rescued from abuse and exploitation.

HC seeks response on bail of Parliament attack accused

PIONEER NEWS SERVICE ■ NEW DELHI

The Delhi High Court on Monday asked the Delhi Police to file its reply on a bail plea filed by Neelam Azad, the sole woman accused arrested in the December 13, 2023 Parliament security breach case.

A bench of Justices Prathiba M Singh and Rajneesh Kumar Gupta also issued notice to the prosecution on Neelam Azad's application seeking condonation of delay in filing the appeal challenging a trial court's September 11, 2024 order dismissing her bail plea.

The court noted there was a delay of 142 days in filing the appeal while the law stipulates a maximum of 90 days for doing the same.

The high court, which initially said the delay was not condonable under the Unlawful Activities (Prevention) Act (UAPA) and the appeal could not be entertained, was apprised of a Supreme Court order which stated that such appeals cannot be dismissed.

The High Court was informed that recently the apex court has passed an order directing that appeals preferred by the accused will not be dismissed on account of non-condonation of delay beyond 90 days.

The prosecution contended

that the appeal was not maintainable as it was barred by limitation and that Neelam Azad was allegedly part of a deep-rooted conspiracy with other co-accused and there was sufficient evidence that she was in contact with them over the phone.

The bench orally observed, "What was she (Azad) trying to do? In Parliament, she was throwing smoke canisters? What is this?"

Neelam Azad's counsel said she was not carrying any explosives in the Parliament and was standing outside.

The court listed the matter for further hearing on April 16 and called for the electronic record of the trial court in the case.

During the arguments, the counsel appearing for Neelam Azad submitted before the high court that she was not involved in the breach of Parliament security and she had not entered the House. She was standing outside Parliament, the court was also told.

On the issue of delay in filing the appeal, the counsel said Azad belonged to a poor family and they had no money to come to Delhi.

However, the bench said the appeal was filed almost six months after the trial court passed the order.

The trial court had rejected Neelam Azad's bail plea, saying there was sufficient evidence to believe that

allegations against her were "prima facie" true.

It noted that all the accused persons - Neelam Azad, Manoranjan D, Sagar Sharma, Amol Dhanraj Shinde, Lalit Jha and Mahesh Kumawat - already had the knowledge about the threat given by designated terrorist Gurpatwant Singh Pannu for targeting Parliament on December 13, 2023.

Despite the threat perception, the accused persons being aware of the same carried out the alleged offence in Parliament on the same day, it observed.

In a major security breach on the anniversary of the 2001 Parliament terror attack, Sagar Sharma and Manoranjan D jumped into the Lok Sabha chamber from the public gallery during Zero Hour, released yellow gas from canisters and shouted slogans before they were overpowered by some MPs.

Around the same time, two other accused - Amol Shinde and Neelam Azad - sprayed coloured gas from canisters while shouting "tanashahi nahi chalegi" outside Parliament premises.

These four were taken into custody from the spot, while Lalit Jha and Mahesh Kumawat were arrested later.

The prosecution had opposed the bail application, calling the offence "grave".

Brij Bhushan sexual harassment case: Delhi court records witness statement

PIONEER NEWS SERVICE ■ NEW DELHI

A Delhi court on Monday recorded the statement of the kin of one of the women wrestlers who accused ex-WFI chief Brij Bhushan Singh of sexual harassment.

Additional chief metropolitan magistrate Vaibhav Chaurasiya recorded the statement of the witness, the wrestler's husband, during the in-chamber proceeding.

The examination of the witness remained inconclusive and the court posted the hearing on March 25.

On May 21, 2024, the court framed charges of sexual harassment and using force to outrage women's modesty against Singh in the case. Singh has pleaded not guilty before and claimed trial.

The judge had also framed the charge of criminal intimidation against Singh in the case.

The court further framed criminal intimidation charge against co-accused and former WFI assistant secretary Vinod Tomar in the case.

Delhi Police filed a chargesheet in the case against Singh on June 15 under Sections 354 (assault or criminal force to woman with intent to outrage her modesty), 354A (sexual harassment), 354D (stalking) and 506 (criminal intimidation) of the IPC.

During the in-chamber proceedings on an earlier occasion, a minor wrestler said she was satisfied with the Delhi Police's investigation in the case and was not opposed to the closure report it had

submitted.

On June 15, 2023, Delhi Police filed a report before the court seeking cancellation of the case involving the girl after her father made a claim midway through the probe that he levelled false allegations of sexual harassment against Singh to get back at him for perceived injustice to his daughter.

Police recommended dropping the Protection of Children from Sexual Offences (POCSO) Act case against Singh, but charged him with sexual harassment and stalking in a separate case lodged on the basis of a complaint by six women wrestlers.

Police recommended cancellation of the complaint involving the minor wrestler, saying "no corroborative evidence" was found.

CDS General begins four-day visit to Australia

PNS ■ NEW DELHI

Chief of Defence Staff (CDS) General Anil Chauhan on Monday embarked on a four-day visit to Australia to hold talks with the top Australian military brass to explore ways to boost bilateral strategic ties, including in the Indo-Pacific.

He is scheduled to visit a number of military installations of the Australian armed forces during his official engagements from March 4 to 7.

"This visit underscores the growing engagement between the two nations which share a commitment towards strengthening diplomatic and military collaboration under comprehensive strategic partnership," the defence ministry said.

It said the trip reflects the deepening ties between India and Australia in the realm of defence cooperation.

The CDS is scheduled to hold wide-ranging discussions with senior Australian defence officials, including Australia's Chief of Defence Force Gen Admiral David Johnston, Secretary of Defence Greg Moriarty and the Chiefs of the three services.

"The CDS will visit the Force Command Headquarters to gain insights into Australia's operational command structure and discuss potential avenues for joint operations," the ministry said in a statement.

It said General Chauhan will also interact with the Australian Fleet Commander and the Joint Operations Commander.

Law minister urges safer digital environment for women

PIONEER NEWS SERVICE ■ NEW DELHI

Union Law Minister Arjun Ram Meghwal on Monday stressed on the need to create a safer digital environment for women, ensuring their dignity and participation in nation-building.

Women must continue to contribute to the country's progress without fear. Cyber crimes should not deter them from moving forward," he said.

Meghwal also unveiled a book titled 'Cyber Saheli', aimed at educating families about cyber safety.

"There is no need to fear cyber threats. 'Cyber Saheli' will act as a guide and support system for everyone," he added.

Highlighting the growing role of women in the IT sector, Meghwal noted that women are leading the way in technology.

"If anyone is leading in the IT sector, it is women. With the advent of AI, new challenges have emerged, but women are equipped to tackle them. Whether it is cyberstalking or other forms of online harassment, women will not only overcome these challenges but also guide the nation forward," Meghwal said.

The minister also praised the recent legislative measures, including the 33 per cent reservation for women in legislatures, calling it a game-changer for gender equality.

As Babasaheb Ambedkar said, the progress of a society can be judged by the degree of progress its women have achieved. When women secure their rightful place and representation, no technological challenge, be it cyberstalking or cyber harassment, will be insurmountable.

Women will lead the nation and society forward," Meghwal said.

participation in nation-building.

"Cyber security is a critical issue and it is essential to understand its relationship with women.

Women must continue to contribute to the country's progress without fear. Cyber crimes should not deter them from moving forward," he said.

Meghwal also unveiled a book titled 'Cyber Saheli', aimed at educating families about cyber safety.

"There is no need to fear cyber threats. 'Cyber Saheli' will act as a guide and support system for everyone," he added.

Highlighting the growing role of women in the IT sector, Meghwal noted that women are leading the way in technology.

"If anyone is leading in the IT sector, it is women. With the advent of AI, new challenges have emerged, but women are equipped to tackle them. Whether it is cyberstalking or other forms of online harassment, women will not only overcome these challenges but also guide the nation forward," Meghwal said.

The minister also praised the recent legislative measures, including the 33 per cent reservation for women in legislatures, calling it a game-changer for gender equality.

As Babasaheb Ambedkar said, the progress of a society can be judged by the degree of progress its women have achieved. When women secure their rightful place and representation, no technological challenge, be it cyberstalking or cyber harassment, will be insurmountable.

Women will lead the nation and society forward," Meghwal said.

India, Belgium explore defence cooperation in Indo-Pacific

PIONEER NEWS SERVICE ■ NEW DELHI

India and Belgium on Monday here discussed the possibility of bilateral maritime security cooperation in the Indo-Pacific and looked at ways to enhance defence industrial ties.

Ways to bolster India-Belgium defence engagement figured prominently at a meeting between Belgium's Princess Astrid and Defence Minister Rajnath Singh.

The two sides also agreed to explore the setting up of an institutionalised defence cooperation mechanism between the two nations.

Belgian Defence Minister Theo Francken was also part of the Belgian delegation.

Princess Astrid is leading an Economic Mission to India that comprises top ministers and business leaders.

"Both sides discussed the possibility of defence engagements in the Indo-Pacific, particularly in maritime domain," the defence ministry said.

It said there were discussions on ways and means to enhance bilateral defence industrial cooperation and that Rajnath

Defence Minister Rajnath Singh during a meeting with Princess Astrid of Belgium in New Delhi PTI

Singh welcomed Belgian investments in the defence sector.

"He suggested that the Belgian companies could play an important role by expanding their footprint in India and integrating the Indian vendors in their supply chains," the ministry said in a statement.

"Further, both countries agreed to explore an institutionalised defence

cooperation mechanism," it said.

The overall trajectory of India-Belgium ties has witnessed steady expansion in the last few years. The focus of the relations has traditionally been on trade and investment.

India is Belgium's 14th largest export destination and the 16th largest importer to Belgium.

India is Belgium's seventh

largest export destination outside the EU and the sixth largest trade partner outside the EU.

Trade in diamonds dominates the bilateral trade. In 2021, the bilateral trade between Belgium and India totalled Euro 12.22 Billion.

Belgium imports from India in 2021 totalled Euro 6.07 Billion, while Belgian exports to India were Euro 6.15 Billion.

ED raids Bhutani and WTC

PIONEER NEWS SERVICE ■ NEW DELHI

The Enforcement Directorate (ED) Monday said it has identified assets worth thousands of crores of rupees following searches in Delhi-NCR against realty firm WTC Group and Bhutani Group. The raids were conducted on February 27 at a dozen locations in Delhi, Noida (Uttar Pradesh) and Faridabad and Gurugram (both in Haryana) against WTC Group and its promoter Ashish Bhalla, and Bhutani Group and its promoter Ashish Bhutani under the provisions of Prevention of Money Laundering Act (PMLA), the federal agency said in a statement.

The ED said the case stems from dozens of FIRs filed by the Economic Offences Wing (EOW) of the Delhi Police and the Faridabad Police against WTC Group and its promoters Ashish Bhalla, Suparna Bhalla, Abhijeet Bhalla, and Bhutani Infra and others for alleged cheating, criminal breach of trust and committing fraud on hundreds of homebuyers.

These police cases were registered on the basis of complaints from "hundreds" of homebuyers and investors.

The Bhutani Infra said in a statement last week that it severed all ties with the WTC Group recently and "is now fully cooperating with the ED in its investigation."

No comment was immediately available from the WTC Group. The ED said the police FIRs allege that WTC Faridabad Infrastructure Private Limited and its promoters "lured" the general public to invest in their project at Sector 111-114 of the city for residential plots.

The promoters or directors hatched a "criminal conspiracy" and "siphoned off" the plot buyers' hardearned money by not completing the project within the stipulated time and "non-delivery" of the plots for more than 10 years, it said.

It was also alleged in FIRs that the Bhutani Infra group has

acquired the WTC Group and has re-launched the project at Sector 111-114 Faridabad keeping the plot buyers in "disarray" and committing fraud on investors and luring them to "surrender" their units, according to the ED.

During the searches, the agency said, documents related to collection of more than ₹3,500 Crore from various investors were found against 15 projects in Delhi-NCR. It was not stated by the ED where these documents were recovered from.

Out of the 15 major projects being undertaken by the group (WTC), very few deliveries have been given "indicating a well-orchestrated Ponzi scheme" and creation of assets in the name of other entities and siphoning off the funds abroad, it said.

"It was also unearthed during search action that more than ₹200 Crore has been siphoned to Singapore and the US indicating investments overseas for acquiring of overseas assets."

"Additionally, incriminating documents related to the WTC Group and Bhutani Group were seized wherein assets worth thousands of crores in market value have been transferred to the Bhutani Group at a nominal value, thus transferring the proceeds of crime (POC) at a nominal price," the agency alleged.

Documents related to "cash" transactions were also found, it said.

"The agency said it seized several "incriminating" documents related to diversion, layering of funds apart from property documents like sale and registration deeds and laptops, hard drives etc were also seized."

"Additionally, assets to the tune of thousands of crores have been identified in the name of WTC group," it said.

Fixed deposits of WTC Group of companies have also been frozen and seized along with jewellery and bullion worth ₹1.5 Crore, the ED said.

SC seeks Delhi government's response on remission of murder convict

PTI ■ NEW DELHI

The Supreme Court (SC) on Monday asked the Delhi government to decide in two weeks over remission to Sukhdev Yadav alias Pehalwan, serving a 20-year jail term without remission in the 2002 Nitish Katara murder case.

A bench comprising Justices Abhay S Oka and Ujjal Bhuyan asked the government how the convict, whose 20 years jail term was ending on March 10, 2025, would continue to remain in prison.

"After all, the issue pertains to liberty of a person," the bench

said.

Justice Oka added, "You should have started the process of granting the remission a long time back. How can he be kept in jail after the period of sentence is over."

The bench observed the submissions of solicitor general Tushar Mehta and said, "The case (for remission) of the petitioner shall be considered in two weeks. We accept the assurance and direct that the case (of Pehalwan) be listed for hearing on March 27."

On February 24, the bench questioned Delhi government's submission that it would not

release Pehalwan even after the completion of his actual 20 years jail term in the case.

The bench perused its judgement, which said, "Life imprisonment which shall be 20 years of actual imprisonment without consideration of remission, and fine of ₹10,000."

The Delhi government had said even after the completion of 20 years of actual imprisonment, it wouldn't be releasing the convict.

The top court then ordered the Delhi government home department secretary to file a statement on oath on whether

after completing 20 years of actual sentence, the petitioner should be released and asked its counsel if the state was reading court verdicts this way.

Yadav's plea challenged a November 2024 order of the Delhi High Court, which dismissed his petition for releasing him on furlough for three weeks.

On October 3, 2016, the Supreme Court awarded a 25-year jail term without the benefit of remission to Vikas Yadav and his cousin Vishal for their role in the sensational kidnapping and killing of Katara.

after completing 20 years of actual sentence, the petitioner should be released and asked its counsel if the state was reading court verdicts this way.

BJP MLAs, Hindu groups demand ban on Muslim participation in Braj Holi

BISWAJEET BANERJEE ■ LUCKNOW

A fresh political controversy has erupted in Uttar Pradesh ahead of the Braj Holi celebrations in Mathura-Vrindavan, as BJP lawmakers and Hindu religious groups push for a ban on the participation of Muslims in the festival. The demand has reignited debates on religious inclusion and the growing communal divide in the state's politics. BJP MLA Rajesh Chaudhary openly backed the proposal, alleging that Muslim participation in Hindu festivals leads to

social discord. "By participating in our festival, they carry out incidents like love jihad and harassment," he claimed, echoing a narrative often used by right-wing groups to accuse Muslim men of targeting Hindu women. Adding weight to the demand, the All India Sant Samiti, a prominent Hindu religious organisation, has urged the Yogi Adityanath-led government to impose restrictions on non-Hindu participation. Swami Jitendranand Saraswati, the organisation's national general secretary, accused Muslims of attempting to disrupt Hindu festivals.

"They want to spoil the colour of our celebrations. They want bread from Kumbh and fun from our Holi. We demand a complete ban on the entry of non-Hindus into Mathura-Vrindavan's Holi festivities," he said. The push for restrictions has also extended to economic activities near Hindu religious sites. Dinesh Falahari, an advocate involved in the legal battle over the Shri Krishna Janmabhoomi temple in Mathura, has written a letter in blood to Chief Minister Yogi Adityanath, calling for a ban on Muslim vendors near temples. He claimed that members

of the Muslim community could "defile" food and colors used during the Holi celebrations and accused them of disrespecting Hindu scriptures. The demands have sparked sharp reactions from opposition parties and minority leaders, who see them as part of the BJP's larger electoral strategy to consolidate its Hindu vote bank ahead of upcoming elections. While the Uttar Pradesh government has not issued an official response, critics argue that such statements are in line with the BJP's broader push to reinforce religious divides in politically significant regions

like Mathura. Meanwhile, Muslim religious leader Chaudhary Ibrahlim Hussain dismissed the controversy, stating that Muslim participation in Holi is already minimal. "Colours are used in Holi, which is not acceptable in Islamic beliefs. The Muslim community should not have any objections," he said. With the festival days away, the issue has further deepened the fault lines in Uttar Pradesh's political landscape, raising concerns over whether communal rhetoric is being used as a tool to polarise voters in the state.

Mahakumbh 2025 unlocks new horizons for religious tourism in UP

PMS ■ PRAYAGRAJ

Mahakumbh 2025 has paved the way for new possibilities in religious tourism in Uttar Pradesh. The temple corridors developed by the state government are set to play a crucial role in this transformation. With five major spiritual corridors connecting Prayagraj, they have begun scripting a new chapter in the state's religious and cultural landscape. Mahakumbh was a confluence of faith and a grand cultural spectacle. Various states showcased their unique traditions and heritage through dedicated pavilions, attracting millions of visitors. Among them, the UP Darshan Mandapam emerged as the most visited pavilion, displaying the diverse cultural and tourism aspects of Uttar Pradesh.

A devotee prays after taking holy dip in Maha Kumbh Mela 2025 PTI

According to Aparajita Singh, Regional Tourism Officer of Prayagraj, more than one lakh people visited the Mandapam daily during regular days of the Mahakumbh, while this number surged beyond two lakhs during major bathing festivals. Throughout the 45-day event, more than 65 lakh visitors explored the UP Darshan Mandapam, making it the most frequented pavilion of Mahakumbh 2025. The significance of Mahakumbh extends beyond the event itself, as it has laid the groundwork for a well-connected religious tourism circuit in Uttar Pradesh. Recognising the immense potential of this sector, the state government has developed five major spiritual corridors that seamlessly link Prayagraj with other prominent religious sites. The Prayag-Vindhya-Kashi Corridor connects

Prayagraj to the revered temples of Vindhya Devi Dham and Kashi. At the same time, the Prayagraj-Ayodhya-Gorakhpur Corridor links Prayagraj to the sacred cities of Ayodhya and Gorakhpur. Another key development, the Prayagraj-Lucknow-Naimisharanya Corridor, establishes a direct connection between Prayagraj, the state capital of Lucknow, and the spiritual hub of Naimisharanya. The Prayagraj-Rajapur-Chitrakoot Corridor extends religious tourism to the legendary site of Chitrakoot, and the Prayagraj-Mathura-Vrindavan-Shukirtha Corridor connects Prayagraj with the Krishna circuit, including Mathura, Vrindavan, and the holy site of Shukirtha. These corridors are expected to provide devotees with a structured and convenient experience while boosting local economies through increased tourism activity. In addition to developing these corridors, the UP government

has focused on rejuvenating key religious sites in Prayagraj. The construction of temple corridors and the revitalisation of historic temples are set to have a lasting impact on religious tourism. Among the significant projects, the Hanuman Temple Corridor near the Sangam has been developed to accommodate the growing number of devotees. The Akshayvat Temple and Saraswati Koop Corridor, as well as the Nagvasuki and Alop Shankari Devi Corridor in Daraganj, have further enhanced the accessibility and spiritual significance of these revered sites. Other notable developments include the Bhardwaj Ashram Corridor and the revitalisation of Shringverpur Dham, both offering devotees an enriched religious experience. Additionally, the creation of Shivalaya Park and Triveni Pushp Parmarth Niketan adds a serene and spiritual dimension to the city's tourism landscape.

NDPP taking steps for peaceful resolution of Naga issue: Governor

PTI ■ KOHIMA

Nagaland Governor La Ganesan on Monday asserted that the state's NDPP-led Opposition-less government has collectively taken steps to ensure peaceful resolution of the Naga Political Issue. Addressing the 60-member Nagaland Assembly on the first day of the week-long budget session, Ganesan said the state has been working to fulfil its commitment to the people of the northeastern state. "This House has collectively taken steps to ensure peaceful resolution of the Naga Political Issue. As assured on the floor of this House by the Chief Minister, my Government held a consultative meeting with the apex and influential tribal bodies and civil society organisations on September 12 last year to

deliberate on the Naga Political Issue," he said. The governor also thanked the members for their wholehearted cooperation on this. Chief Minister Neiphiu Rio, accompanied by his Cabinet colleagues, on November 21 also met Union Home Minister Amit Shah and apprised him of the desire of the people for an early solution of the Naga Political Issue. Supporting the Eastern Nagaland People's Organisation (ENPO) demand for a certain level of autonomy in six districts, the governor said that the state government has submitted its comments on the third draft of the Memorandum of Settlement in this regard. "Substantial progress has been made and we are hopeful that any remaining concerns of the ENPO will be addressed," Ganesan said.

The governor said the narcotic drugs worth more than ₹44 Crore was seized by the police last year, he said. The governor also said the Excise and Prohibition Department made seizures valued at more than ₹1.18 Crore and arrested more than 1,770 people. He said that with agriculture being a key economic driver, the state launched several initiatives under the Digital Agriculture Mission, benefiting 2,21,931 lakh farmers through direct financial support and technological innovations. In addition, 30,500 hectares in the state are now under organic cultivation and a large portion of the produce are marketed outside the state, he said. The National Livestock Mission has also made strides with the establishment of 26 pig breeding farms, helping to

increase meat production, Ganesan said. The government identified 16 Horticulture Model Villages in each district across the state, the Governor said, adding that with a total area coverage of 340 hectares, this initiative has been taken under the Mission for Integrated Development of Horticulture. The Department of Water Resources, under the Pradhan Mantri Krishi Sinchayee Yojana (PMKSY), is expecting to complete 270 Surface Minor Irrigation Schemes at an estimated cost of ₹206 Crore within this month, he said. The governor said the government is working to upgrade its power infrastructure, with the construction of new substations and the installation of smart prepaid meters.

grammes aimed at improving the socio-economic condition of the people, including successful implementation of the Public Distribution System (PDS) optimisation, rural development projects, and skill development initiatives. The state government has been proactive in promoting industrialisation, with over 32,000 MSME units now registered and numerous startups, he said. The discussion on the governor's speech will be taken up on Tuesday. Chief Minister Neiphiu Rio made an obituary reference to former Prime Minister Dr Manmohan Singh, while Nagaland assembly Speaker Shringain Longkumer remembered late state legislators T A Ngullie, K Zungkum, Bendangangshi Ao, Mhavil Khieya and Kejong Chang.

TMC's 24-hour ultimatum to ECI SFI, TMCP clash over academic strike

SAUGAR SENGUPTA ■ KOLKATA

A day after the Election Commission of India (ECI) offered clarifications regarding duplication of Votes ID card numbers, saying duplication did not necessarily mean fake ID cards. The Trinamool Congress (TMC) mounted fresh attack on the ECI asking it to accept its mistake and take corrective measures or face more embarrassments. TMC leaders Derek O' Brien, said that the ECI should accept the alleged "EPIC scam" related to Electoral Photo Identity Card (EPIC) within 24 hours or face more embarrassment on Tuesday when the TMC would release certain documents. He was accompanied by Kirti Azad and Sagarika Ghose too. The TMC leaders rolled out a list showing about 128 instances of two voters in Bengal and Haryana having the same EPIC number. They showed a third instance where three voters had the same EPIC number. All the 129 instances were allegedly from

Raninagar constituency in Bengal and Barwala in Haryana. Saying that most of the instances shown were from the States ruled by the BJP, Derek said "we want only residents of a state to vote in that state. Only voters of Bengal vote in Bengal. People will be sneaked in from other states to vote." Referring to the 'Epic Scam' the TMC leader said that the ECI had only admitted to the error in the electoral rolls but not accepted them. "Limited appreciation of the EC. I say limited because EC is admitting the error but not accepting the error," he said, warning, "in the next 24 hours, we humbly ask the EC to also accept the error. If not, we will share a document at 9 am on Tuesday morning." He also asked Commission to start and inquiry into the "scam" and find out "who in the BJP is the mastermind," behind. Chief Minister Mamata Banerjee had earlier slammed the BJP Government for manipulating the ECI and influencing the Chief Election Commissioners in inserting fake names in the electoral

rolls to influence the elections. Claiming success in catching the "fraud" where the "other leaders from Haryana or Delhi failed" she said how, "there are several people who are complaining that duplicate names from Haryana or UP are appearing in their EPIC card numbers," adding this was a ploy to rig elections. "They did this in Chhattisgarh, Rajasthan, Haryana, Maharashtra and Delhi. The leaders there could not catch the trick of inserting the names of fake voters, but we have been able to catch their trick and we have directed the officials from the DMs and BDOs to the party workers and local leaders to start scrutinizing the electoral rolls and catch the fake voters so that the BJP cannot bring in voters from Bihar, UP and Haryana to vote in Bengal," Banerjee said instituting a committee led by senior party leaders to start door-to-door scrutiny of the electoral rolls. The TMC leadership have been conducting door to door scrutiny of voters' lists in the State for the past several days.

SAUGAR SENGUPTA ■ KOLKATA

The activists Students' Federation of India and Trinamool Congress Chatra Parishad clashed at various places of Bengal even as the former tried to enforce strike in university and college campuses demanding the resignation of State Education Minister Bratya Basu holding him responsible for the Saturday's rumpus at Jadavpur University (JU) where several students were injured. The two groups clashed at various places including North Bengal University, Medinipur College, Durgapur, Barurpur and other areas, sources said adding several students were injured in the clashes as one side tried to enforce the strike whereas the other side prevented it. At Barurpur a band of TMC workers entered a district party office of the CPI(M) and put party's central committee member and former MP Sujun Chakrabarty under lock and key. While Jadavpur and Presidency University campuses were deserted look atten-

Members of AIDS during a strike at Jadavpur University in Kolkata PTI

dance were partially affected in other educational institutions like Calcutta University, Vidya Sagar University, Rabindra Bharati University, North Bengal University and Burdwan University etc. SFI is the students' arm of CPI(M) whereas the TMC is the students' wing of the Trinamool Congress. At least four students were

injured when a Basu's vehicle allegedly knocked them down while they were on Saturday trying to prevent him from leaving the JU campus where he had gone to attend a meeting of the West Bengal University and College Professors' Association a wing of the TMCP. The students had on Saturday noon gheraoed Minister Basu and were asking

for a statement from him regarding a deadline by which the college and university students' elections would be held in the State. Elections to students' bodies had been held up for the past seven-eight years in the state. Regarding the Saturday's commotion contradictory versions emanated from both sides as the Minister said he was ready to talk to the agitating students and in fact received a deputation from the SFI the protesters, whereas the other side he would not listen to them and his car tried to speed away without caring for the students who had formed a human chain in front of his vehicle. "To add insult to injury the police at the instigation of the Minister lodged false non-bailable cases against the students including Indranuj Roy the first year student who is lying in hospital bed with 10 stitches around his right eye. No one knows whether he has lost the vision of that eye. The police brought snatching, molestation and other charges which is obnoxious," said CPI(M) leader Meenakshi Mukherjee.

The Monday's strike however would not affect vehicular movement or business as the protestors did not cause any disruption to road traffic. Though class XII Board exams started from Monday the candidates would not find any difficulty to proceed to their examination centres, sources said. "Tolabaj (extortionists) goons of the TMC had instigated the violence and vandalism on the Jadavpur University campus on Saturday during the AGM of WBCUPA in the presence of the Minister, and he would not control them, it was they who damaged university properties. They were rank outsiders, but the Police were harassing the students," SFI state committee member Shuvajit Sarkar alleged. The TMC leadership however said that the bandh had little impact on the State's academic institutions. "Some Leftist goons who had disrupted the State for three decades tried to interrupt but have been chased away," said TMC leader Kunal Ghosh adding "the Government will not allow any indiscipline."

Telangana tunnel collapse: Rescue teams focus on scientist-identified locations

PTI ■ NAGARKURNOOL

Rescue teams involved in the Telangana tunnel collapse operation are inspecting locations identified by scientists for possible human presence, following a radar survey, as they only detected metals at other spots, officials said on Monday. Scientists from the National Geophysical Research Institute (NGRI) in Hyderabad conducted a Ground Penetrating Radar (GPR) survey inside the tunnel to look for signs of human presence. They (are) trying at the other locations (given by scientists). The scientists are ready to conduct GPR survey again at any other points," they said. The challenging conditions inside the tunnel, including slush and water, complicated the efforts of both rescue personnel and scientists. However, officials noted that with improving conditions the scientists are ready to carry out the survey again. Drilling was also carried out at locations where NGRI scientists had detected "anomalies" inside the tunnel. However, only metallic objects were found.

Emergency teams prepare for rescue operation to trace workers trapped inside Telangana's Srisaillam Left Bank Canal tunnel PTI

Chief Minister Revanth Reddy, who visited the tunnel site and held discussions with rescue officials on Sunday, said the exact location of eight trapped persons remains unknown and his government is taking all necessary steps to expedite the rescue efforts. He had also said the rescue operations would gain momentum once the damaged conveyor belt is repaired. The belt, which plays a crucial role in clearing silt is expect-

ed to be restored by Monday. The government is determined to resolve the crisis and is also willing to extend support to the families who suffered due to the accident, the CM added. Eight persons-engineers and labourers have been trapped under the collapsed roof of the Srisaillam Left Bank Canal (SLBC) tunnel since February 22 and the rescue operations are on full swing to pull them out to safety.

Haryana police arrest 'friend' of Himani Narwal for strangling

PTI ■ CHANDIGARH

Haryana Police on Monday arrested a "friend" of Congress worker Himani Narwal for allegedly strangling her after a fight at her home and later dumping her body in a suitcase. Narwal's body was found stuffed in a suitcase in Rohtak on Saturday, leading to the formation of a special investigation team (SIT) to probe the murder. Speaking to reporters in Rohtak, Additional DGP K K Rao said the accused, Sachin, hails from Hajaraj, where he runs a mobile phone shop, and was arrested in Delhi. Rao said it was a murder with few clues. "When the body was found, we set up eight teams, including an SIT. Our priority was to identify the victim when her body was found. When the police identified her, the family conducted swift investigations to trace out the accused. "For the past one-and-half years, the accused was in contact with the woman through social media and also used to visit her home.

"The woman used to live alone in Vijay Nagar. On February 27, the accused visited her home, and they had an argument," Rao said. According to police, Sachin strangled Himani with a wired mobile phone charger, killing her on the spot. Rao said that after strangling Himani, Sachin took her jewellery, laptop, ring and rode her scooter to Hajaraj to hide these items in his shop there. The same night, he stuffed her body in a black suitcase and got into an autorickshaw with the bag, as well as a quilt that had blood stains on it. He got down near Sampla bus stand to waylay the investigation, Rao said. Once the autorickshaw left, he dumped the suitcase and left. Rao said the reason why the fight occurred between the two will come out during the police remand. Some Congress party members said Himani was a dedicated party worker and also took part in the Rahul Gandhi-led Bharat Jodo Yatra. Pictures of her with Gandhi making rounds on social media bear this out. Earlier, Himani's family

refused to cremate her body until the killers were arrested, with her mother, Savita, demanding capital punishment for the guilty. "I want capital punishment for killers of my daughter," Savita said in Rohtak. Her mother had alleged on Sunday that some of her colleagues envied her swift rise in the party. "I spoke to her last on February 27. She said she would be busy with a party programme the next day, but later her phone was found switched off. Till the time my daughter does not get justice, we won't cremate her," Savita said. A Haryana Congress leader said Himani was pursuing a law degree. Former chief minister Bhupinder Singh Hooda on Sunday said he spoke to the Rohtak superintendent of police on the murder case. Congress MLA from Rohtak B B Batra said Himani was a "very good and active" worker and used to attend party programmes. "Those who have committed the crime should be severely punished," Batra said.

Meghalaya CM warns of water crisis

PTI ■ SHILLONG

Meghalaya Chief Minister Conrad K Sangma on Monday raised concerns over the state's escalating water crisis, stating that a recent study identified 792 critical water sources, some beyond rejuvenation, despite projects worth ₹8,000 Crore being implemented in the state. The CM said the state government has set up a climate council, with him at the helm, alongside other water-related departments, to hold dialogues and address the crisis. "Over 70,000 springsheds have been identified, of which more than 55,000 have been mapped across Meghalaya. Steps are being taken on a war footing to rejuvenate the 792 critical water bodies," Sangma informed the Assembly during the question hour. "After conducting a study, we found that 792 out of the 55,000 mapped springsheds, which serve as water sources for the Jal Jeevan Mission, are in a critical condition, with many completely dried up," he added. He said the soil and water conservation department has come up with ₹32 Crore pro-

ject and 67 springsheds will be rejuvenated to bring back life to these water sources. According to the Chief Minister, 1,601 springsheds have been constructed in the last five years at a cost of ₹46.62 Crore under the Mahatma Gandhi National Employment Guarantee Scheme (MGNREGS). "Each of the 1,601 springsheds are success stories in itself," Sangma said while informing that the village employment councils (VECs), people and the community are monitoring and looking after these assets that have been created. Sangma informed that with the availability of gadgets, we are able to monitor the level of water in the springs and almost 13,000 volunteers (VCFs) have been trained for the purpose. He also informed that a \$62 Million project funded by the Asian Development Bank (ADB) is underway to rejuvenate springsheds, which includes the construction of 532 structures such as check dams. Sangma added that Meghalaya is one of the few states to have a water policy in place, with over ₹4,000 Crore worth of projects.

PAPER WITH PASSION

A fresh start or fleeting relief?

With N Biren Singh's exit and AT's surrender of arms, Manipur shows signs of normalcy—but is the peace lasting?

The conflict in Manipur, marked by ethnic tensions between the Meitei and Kuki-Zomi communities has shown some positive development in the recent weeks. The surrender of arms by Arambai Tenggol (AT), Home Minister Amit Shah's firm stance on opening all roads and the resignation of Chief Minister N Biren Singh have created new possibilities for peace in the violence-stricken state. However, the underlying tensions and the continued presence of weapons in the region, mean that true reconciliation remains a complex challenge. One of the most notable recent events was the voluntary surrender of 246 weapons by the AT group on February 27, following the appeal made by Manipur Governor Ajay Kumar Bhalla. This move is being seen as a crucial step towards de-escalation, as it marks the largest voluntary surrender of arms in the state since the ethnic conflict began in May 2023. However, security officials and observers caution that the surrender may not indicate a complete loss of AT's firepower. Reports suggest that only a fraction of the looted sophisticated weapons has been returned, with country-made firearms making up a large portion of surrendered arms. Furthermore, AT's insistence on conditions such as full security guarantees and amnesty for its members indicates that the group still holds significant leverage.

The Union Home Minister's directive to ensure free movement on Manipur's highways from March 8 represents a decisive move to restore normalcy. Road blockades have been a persistent problem in the state, significantly affecting trade, movement of essential goods and the overall economic stability of the region.

The government's resolve to dismantle illegal bunkers and target drug trafficking further aligns with the broader goal of restoring law and order. However, concerns remain over the implementation of these directives. Ensuring that all roads remain open requires a sustained security presence, as groups with vested interests may attempt to impose fresh blockades. Additionally, the crackdown on drugs—while crucial—must be executed without further alienating communities that already feel marginalised. The resignation of Chief Minister N Biren Singh and the imposition of President's Rule in Manipur have led to a shifting power dynamic. Singh was widely seen as a key backer of AT and other Meitei groups, which played a role in the ethnic conflict. But the major issue has been the divide between the Meitei and Kuki-Zomi communities, which remains unaddressed. Both sides continue to view each other with suspicion, and without a long-term reconciliation plan, tensions may resurface. Despite the surrender of arms, thousands of sophisticated weapons remain unaccounted for, posing a major security risk. The demand for a separate administration by the Kuki-Zomi groups remains a contentious issue. Without addressing the political aspirations of all communities, peace efforts may prove temporary but a beginning has been made.

From the large-scale eco-friendly practices to the timeless wisdom of Bharatiya traditions, Mahakumbh offered a new model for development in harmony with nature

The Valeriperis Circle is a fascinating concept. Imagine a circle on the world map. The circle is centered around the Beibu Gulf, off the east coast of Vietnam, has a radius of 4,000 kilometers, and includes Southern China, Southeast Asia, and the Indian subcontinent. Now this is where it gets stupefying. This circle covers just about 9 per cent of the world's land-mass, but over 50 per cent of the world's population. This simple reality, clubbed with colonial impoverishment, explains why many people in this circle lived in filth and squalor. Most "progressive" thoughts therefore, be it sustainability, development, environment, innovation, or education, came from the "developed west". We, the unwashed and the uncouth plebs, lapped these ideas up.

These imported ideas however, played out terribly. Not just for people, but for the planet. So much so, that escaping this planet seems to be the primary focus of the biggest billionaires from the west. Talk about a fence eating its own crop!

Kumbh on the other hand is a metaphor for the alternate model. A moksha, if you will, from the destruction-premised development models from the west. Prayagraj, a city with a population of 1.4 million saw over 500 million visiting it over a month. To put that in context, imagine a flat typical urban flat that houses a family of four, suddenly visited by 1,400 people. This is indeed Valeriperis Circle on steroids, and any other city would have crumbled a 1,400x overload. Not just did the city manage, but actually offered solutions for how humanity could manage an explosion of demand quite sustainably.

Those of us that experienced the Kumbh personally will tell you the level of cleanliness that has been maintained. We have noticed the extensive use of bamboo instead of plastic, of jute rugs instead of astroturf, of manual boats instead of diesel motors, of e-rickshaws instead of fossil-fueled vehicles, of free refillable RO purified water instead of disposable mineral water bottles. Half a billion people used donas (cups made of dried leaves) in contrast to small birthday parties in "developed" countries serving single-use plastic. What you didn't see perhaps was India's largest plastic buy-back program aimed at recycling, or leftover prasad being shared with animals as fodder, or compactor trucks working round the clock, or solar-powered sewage treatment plants.

The invisible sustainability efforts of the Kumbh were perhaps the silent hero that emerged naturally from a culture that values interdependence with nature at its core. The recently concluded Kumbh Global Summit on Sustainability explained the phenomenon and drew lessons from our rich history and culture. Ministers from a dozen Giritiya nations shared their learnings around sustainability, most of it rooted in ancient Bharatiya wisdom. The Minister of Tourism and Culture Gajendra Singh Shekhawat brought in simple, rooted wisdom from something as intrinsic as sustainability inbuilt into language itself. The word "dohan" (to milk a cow) comes from

THE MINISTER OF TOURISM AND CULTURE GAJENDRA SINGH SHEKHAWAT BROUGHT IN SIMPLE, ROOTED WISDOM FROM SOMETHING AS INTRINSIC AS SUSTAINABILITY INBUILT INTO LANGUAGE ITSELF

"do+han" the norm to milk just two teats of a cow, leaving the rest for the calf. Contrast that to industrial-grade milk production from hormone-ridden cows that has been normalised in the "developed" west. Ram Madhav proposed a sangam (confluence) of ancient Indic wisdom with modern practices, without which the world's sustainability crisis can never be avoided.

He highlighted that environment and sustainability are challenges that cannot be solved at COP summits along, but actually need a convergence of the richest ideas globally. The urgency of the summit was encapsulated most eloquently by Suresh Prabhhu who framed an enquiry - with thousands of years of history and knowledge across the world, can we even be sure that we will last another hundred years?

Gas-guzzling economies of the West will continue to posture around sustainability as a virtue-signaling badge. They will postulate, make loud visible pledges, and fly into sustainability summits on their private jets. The minerals-filching economies east of us will ignore calls to action and

give you the silent treatment. They will continue to live the delusion that they are communist nations, while going out their way to display toxic capitalism, much to the peril of their people and our earth. As Bharat, we have to accept a simple reality - What broke it, can't fix it. Period! Bharat has the unique civilisational advantage of leveraging our ancient wisdom to actually demonstrate that you can actually develop infrastructure at scale (like at the Kumbh) without bludgeoning mother nature with a hammer. As we attain maturity on the world stage, we neither need to twirl our moustache, nor cover up our acne. We would rather focus on the purity of our soul as the thought model we export. We would rather focus on our civilisational value of attaining balance.

As PM Narendra Modi's statement for the summit said, the only way to achieve global sustainability is to follow a simple, yet powerful principle, "Vikas bhi, Virasat bhi".

LETTERS TO THE EDITOR

UKRAINE-US TENSIONS ESCALATE

Madam — The clash of diplomacy and dignity (March 3) in the case of Ukraine-US is taking an ugly turn. Trump is not losing any opportunity to project himself as the ultimate global authority. Ukraine had political issues with Russia, which gained serious turns after the annexation of the Crimean peninsula by Russia. This incident had instilled a sense of apprehension and made Ukraine seek membership in NATO. As Russia was against Ukraine joining NATO due to various crucial concerns, it had to act tough with Ukraine, leading to war. As everyone knows, Ukraine cannot even think of war against Russia but for the lavish help it could receive from the US and European nations in terms of funds, weapons, political and moral support. The change of guard in the US with Trump as its head took the entire issue in a different direction. The mediator Trump dictates and decides the course without offering even scope for the aggrieved Ukraine to spell out its terms. Instead of mediation, Trump is giving dictation to Ukraine. The President of Ukraine feels let down by the US. His open shouting at the US president makes it easy for everyone to understand the seriousness of the situation. In the melee, Russia is allowed to retain the territories it captured, and the US gets a favourable agreement to exploit the precious natural mineral resources of Ukraine. But Ukraine stands repenting for having ventured a big war against a big giant for nothing but a huge loss of men, material, peace and dignity. Who should be blamed? A G Rajmohan | Anantapur

TAMIL NADU OPPOSES NEP

Madam — I refer to your editorial on "Simmering linguistic tension" (February 28). The Centre insists on implementing the NEP, whereas the state objects to it, fearing the imposition of the Hindi language leading to the destruction of Tamil. The state is committed to a two-language formula, says the incumbent state government. There is a total misconception in this regard. According to the new NEP, the first

India beats New Zealand

The match against New Zealand is yet another thrilling game by the men in blue, Team India. The back to back success for Team India has made our team stand stronger in the ICC Champions Trophy. Despite New Zealand winning the toss and deciding to bowl first, India successfully managed to give a 250-run target to the opposing team. Although the short innings by Virat Kohli jerked everyone, our bowling order

managed it well. At 45.3, India made New Zealand all out, clinching victory by 44 runs. Varun Chakravarthy stole all attention as he took five crucial wickets for India, presenting spectacular bowling prowess, before he was crowned as the Player of the Match. Our player deserves heartiest congratulations for their exuberant efforts, showcased in the match against New Zealand. Now that India moves ahead to the next round, where it will strike a semifinals clash against Australia in the ICC Champions Trophy, we hope that the enthusiasm of our players for knocking all opponents dead will continue ahead with full positivity. And India will surely bring the ICC Champions Trophy home this season.

Kirti Wadhawan | Kanpur

language will be a local language, the second one English, and a third one any language of the student's choice. It is not prescribed that the third language must be Hindi. It is also not compulsory to learn Hindi nor the language forced down the throats of non-Hindi-speaking people. It is left to the discretion of the wards. NEP is aimed at improving knowledge, skill and language learning. There is nothing wrong in learning an additional language. It is an advantage for the students to seek better prospects. Playing politics for votes sake is highly reprehensible. Politicians should not play with the future of the students. In the name of imposition of Hindi, students are denied quality education. The establishment of Navodaya schools has not been permitted in the state for decades. This is highly a retrograde step. Tamil Nadu should adopt the new NEP in the welfare of the students, for the quality of education has come down heavily. All other states in India had adopted the NEP. The status of their mother language has not declined but rather improved. Also, the schools run by these politicians follow the CBSE syl-

labus. Their wards study Hindi. As such, victimising the poor government school students is unfair and unjust. Sravana Ramachandran | Chennai

AVALANCHE WARNING IGNORED

Madam — It is a matter of crying shame that in spite of snowfall and avalanche alerts since February 24, labourers working on a stretch of the road to Badrinath Dham had not been evacuated in time. Four days went by, but no action was taken to bring those labourers to a safer place. They were kept in the danger zone till avalanches hit the area on February 28. As a result, some labourers were killed, and some went missing. This indicates a total apathy towards the safety of labourers. Now, who will be accountable for playing with the lives of so many labourers? India needs stringent labour laws and their strict implementation. Otherwise, such a tragedy will become a routine affair.

MIGA: Can India overcome economic challenges

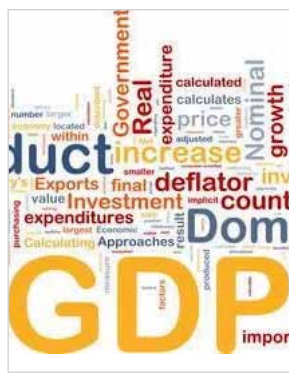

KAJLEEN KAUR

Despite its economic size, India's developing status reveals challenges like inequality, youth unemployment and a vast informal sector

Prime Minister Modi recently visited the US to strengthen bilateral ties and committed to Making India Great Again (MIGA), in consonance with Donald Trump's dream of making America greater again (MAGA).

Although India is the world's fifth-largest economy with a GDP of approximately US\$ 4.27 trillion, it is still classified as a developing nation. A developing country is technically a country where the Gross National Income per capita is \$11,905 or less, with India's per capita being nearly half of it at \$6,951. We rank 134 out of 193 countries in terms of the Human Development Index (HDI), below our neighbouring countries China at 75, Sri Lanka at 78, and even Bhutan and Bangladesh at 125 and 128 respectively (UN Development Report 2022-23).

With an HDI score of 0.644, India is categorised as 'medium human development'. However, there has been improvement across all HDI indicators—life expectancy, education, and Gross National Income (GNI) per

capita from last year. Nevertheless, we cannot conceit the improvement in the HDI alone, as Global Multidimensional Poverty Index 2024, places India at the top of the 5 countries with the most people in poverty with 234 million people in the bracket. In sharp contrast to this, it ranks 3rd in the number of billionaires (Forbes, 2023), indicating glaring disparities in income inequalities. Another morbid aspect is high youth unemployment which accounts for almost 83 per cent of the total unemployment in India. Even worrisome is the share of youngsters with secondary or higher education

in the total unemployed, which has almost doubled from 35.2 per cent in 2000 to 65.7 per cent in 2022 (Indian Employment Report, 2024). The unemployment problem is further aggravated as about 90 per cent of the labour force works in the unorganised sector grappling with the issues of irregular work, income, social security benefits and working conditions. The policymakers are profoundly designing policies to boost the economy. Recently the monetary policy was eased, the repo rate dropped to push investment, and the government announced tax concessions to encourage consumption, both expected to accelerate output and income with a multiplier effect.

This will probably counter the Blume Venture report, that nearly 100 crore Indians, 90 per cent of the country's population, lack discretionary spending power to purchase goods or services. With a desired GDP growth rate of at least 7 per cent, these measures will likely create a transitional optimistic mood for the econo-

my, but cannot sustain growth forever. The World Development Report, 2024, found the developing economies in the "middle-income trap," and emphasised the 3 I's, Investment, Infusion (of global technologies) and Innovation as three drivers of economic growth and expanding the production frontier.

The government thereby needs to adopt a multifaceted approach to overcome challenges in covering potential gaps in production. It needs to work pragmatically towards education reforms, higher investment for skill development, human capital and creating regular employment opportunities. Moreover, efforts to promote medium and small enterprises, labour-intensive industries, start-ups, Make India Better (MIB) before MIGA.

DREAM BIG AND STAY HUMBLE

Success isn't a mere stroke of luck—it's the result of daring to dream, backed by discipline and humility

RAVI VALLURI

Success is the accomplishment of an aim or purpose. What is the secret of the success of achievers? Dream the impossible, be extremely disciplined, remain dedicated and determined, take appropriate decisions all the time, even in adverse situations, and finally maintain humility while toasting success. To be successful, a human being necessarily dreams of the impossible. Dreams should be audacious. One has to think big and be bold in the actions taken. Ratan Tata emphasised leading from the front and not being a mere follower. Be a leader and not a follower. A quintessential leader takes up responsibility. The 'mind' of the leader needs to be confronted and challenged. The human mind loves challenges. Faced with challenging situations, it delivers the impossible. Mind is not motivated by rote, but is inspired to script something unusual. Maintaining mental and physical discipline are essential ingredients of successful leaders.

Physical fitness increases both our physical and mental stamina. Exercise releases endorphins in the human body which trigger positive thoughts. It helps immensely in smart decision-making. Along with exercise, an individual is also required to maintain a healthy and balanced diet which staves off disease and enhances alacrity and sharpness. Achievers may be from any field — sports, politics, administration or entrepreneurs. However, the cardinal principle is to maintain physical fitness, and punctuality and avoid procrastination by maintaining timely schedules. If a leader is lethargic, the organisation becomes flabby, sluggish and phlegmatic.

The mantra for attaining success is to be extremely disciplined. Such a trait inspires employees to increase their productivity levels too. In the spiritual path, a seeker needs to maintain a spirited tenacity and pursue his Sadhana relentlessly. Regular Sadhana inspires the mind to expand

its vistas and thereby attempt to embrace the ultimate reality. This, in the final analysis, is the underlying objective and the seeker unflinchingly needs to relentlessly practice the tenets laid down by the Guru. Smart, quick and efficient decision-making assists people in achieving success. This provides a person with the cushion and a cutting edge over others. There is no substitute for hard work. Working hard produces quick and efficient results. This is followed by the quality of determination. A Sadhak, a sportsperson, or an entrepreneur has necessarily to be determined. Determined minds are strong and developed minds. These are innovative minds and conjure a variety of ideas and positive thoughts. To achieve excellence in any field, such minds and individuals are determined at all points in time. The minds of such individuals are highly fertile and produce magic with regularity. An unbearable situation gets converted into an unbelievable one. This is their inherent strength. They do not live in the past or future, they live in the Present Moment to confront all challenges. However, the ultimate hallmark of all successful individuals, teams, companies or organisations is HUMILITY. There is no or very little trace of arrogance. They are insulated by the feeling of doer ship and become hubristic. In a competitive and cutthroat environment, a huge helping of humility is essential for staying ahead of the game. Humility enhances curiosity and thus accelerates learning. Without humility, you can never be a good listener and understand the voices around you — of customers, colleagues and stakeholders. "Humility is the true key to success. Successful people lose their way at times. Humility halts their arrogance and self-indulging trap. Humble people share the credit and wealth, remaining focused and hungry to continue the journey of success," writes Rick Pitino.

Tripura innovates cityscapes for sustainability and tourism

V K BAHUGUNA

Tripura's innovative projects are revitalising city life by enhancing public spaces, managing waste and tackling challenges like air pollution

About 35 per cent of India's population lives in urban areas and is still growing rapidly. As the population of cities is ever increasing with a lot of garbage and waste found all around in most cities, the sustainable management of urban area landscapes is very crucial for better civic amenities, ambience and dealing with adapting to environmental issues like air pollution, heat waves and flooding, while also improving quality of life through green spaces, better public areas for entertainment and relaxation and promoting physical activity and mental wellbeing among residents; all while managing waste disposal and addressing the challenges of a densely populated urban environment; the situation is exacerbated during extreme temperatures in summer. Tourist attractions are essential elements of progress these days and the aesthetics of the urban environment plays a key role in attracting tourists on the one hand and improving the economic activities of the people. During 2023-24 more than 5,45,000 tourists including 75,000 from abroad visited Tripura compared to around 3 lakh tourists in the year 2015. Agartala is the only modern yet densely populated city in Tripura and is full of tourist attractions in and around its 50 to 60-kilometre radius. The flow of tourists has been steadily increasing in the state as the infrastructure of hotels, roads and transport has been picking up very fast thanks to the proactive initiation taken by the government during the last few years. I have recently visited Tripura in the second week of February 2025 to study a few innovative steps taken by the Tripura administration. A three-dimensional approach has been adopted in beautifying the urban architecture of Agartala and other cities.

THE FOREST DEPARTMENT ALONG WITH OTHER STATE DEPARTMENTS HAS CREATED PYRAMIDS OF FLOWERS, CROTONS AND INDIGENOUS TREE SPECIES ALONG WITH FOUNTAINS AND RASHI AND NAKSHATRA FORESTS

Tripura forest department has a rich tradition of embellishment of Tripura's natural beauty through a series of parks, gardens and beautification of pavements in different parts of the state. The state government had created an agency for this purpose to further beautify the state's already beautiful landscape to attract tourists as well as create employment opportunities for the people. For this purpose, the state government had created an entity in the forest department "Tripura Park and Garden Society". In this direction the government of India's 'Nagarvan- city forests' scheme is giving a big impetus to this project not only in Tripura but also in other parts of the country. However, the innovative ways the city's Capital Complex, state secretariat and airport roads have been aesthetically laid out is a rare example of urban landscape management. Most of the pavements covered by cement and bricks during summer months create heat waves in most of the cities. The forest department along with other state departments has created pyramids of flowers, crotons and indigenous tree species along with fountains and Rashi and Nakshatra forests. Most of the empty side lands along buildings and pavements were cleared of debris and planted in a pyramid shape hierarchy giving the most beautiful look in between fountain gardens were created along with plantations of medicinal plants for ex-situ conservation of these valuable plants. The top level was occupied by the tree species and special tree

grooves were also created for public awareness. For the benefit of people biodiversity and butterfly parks were created on Airport Road giving the inciting look to the tourists visiting the state. Such projects if undertaken in all cities in the country will be an excellent attempt to combat climate change, especially the heat waves engulfing most of the urban cities and landscape in recent years. Such a project of beautification cannot be completed by a single department therefore, in this scheme public work and urban development departments also fully participated. Such innovation needs the full support of senior government functionaries. The proposal of young officers of the forest department was fully supported by the state Chief Secretary and other senior officers. The scheme is implemented through the Nagarvan scheme outside Tripura and shows cases of the unique vegetation and other cultural trends of the state. The rich floral and other biodiversity of the state is one of the reasons for success as well as the favourable agro-climatic conditions. Similar attempts need to be made in other states of the country and focus should be on local species and with conservation value of other endangered plants. The Rashi and Nakshatra Van were created by planting species like Chandan, Neem, Akanda, Peepal, Haritiki, Ashwagandha, Khair, Palash and Orange for Nakshatra Van. For Rashi van Jackfruit, Peepal, Ber, Bel, Jamun, Amla, Nageswar, Arjun,

Mahogany, Mango, Bakul and Guava are all very useful Trees. For the long-term sustainability of landscape beautification, the constant supervision, maintenance and involvement of people is a must. These types of innovations though started in administration all over the country need to be nurtured beyond the shadow of officers involved in it once they are not in the saddle. For this, standard operating procedures must be developed along with creating a scope for public-private partnerships like in Zoos in many other states where the people adopt certain animals and fund their food and other needs so that such activities can become financially viable in the long term and also involve the public in their management. The entry fee should be such that these endeavours become sustainable and people are willing to pay if quality service is offered as such things cannot be relied only on government funding. All such creations must be linked to environmental management for climate change as well as it is becoming a critical factor in large landscape management in the country. The need of the hour is the holistic and integrated management of urban areas of the country. *(The author is former director general, Indian Council of Forestry Research and Education, and former Principal Secretary, Agriculture, Horticulture, Animal Resources and Forest Department, Government of Tripura; views are personal)*

Beyond social media regulation: The call for a national moral code

Amid debates over social media regulation sparked by Ranveer Allahbadia's remarks, a deeper question arises: should society adopt a clearly defined moral code?

While the nation discusses the desirability of regulating content on social media given the controversy that erupted from the statement made by YouTuber Ranveer Allahbadia, there is a larger issue of defining morality and enacting moral patterns of conduct for people that requires prior consideration. While it remains open whether Allahbadia's statement violated any provision of law, however, it is obvious that his statement hurt the moral sentiments of a majority of the population. Notwithstanding, the undesirability of his statement, how advisable it is to expect people to behave in a way that is morally acceptable to society when no particular pattern of ethically correct

SIDDHARTHA MISHRA

behaviour is prescribed for them by the state. It implies that society expects or presumes everyone to know morally accurate conduct in all situations. As morality is an abstract concept that varies from place to place and from person to person, it is necessary that, like law, morality is clearly defined as well. Usually, an act or statement acquires a righteous or

erroneous character on the personal sense of judgement of individuals, thus, people must know clearly what is permissible moral and what is proscribed immoral. In such a situation, it requires consideration whether society needs a code that prescribes a pattern of morally upright conduct for its people. Ideally, each society must aim to be free from immoral conduct or behaviour and, for this, the state should establish a pattern or standard of behaviour that is expected of all the citizens and is followed by all alike whether individuals or organisations. Ironically, in India, the state has made little attempt to establish such a society where people follow a certain advised pattern of behaviour that is

acceptable to all. The impression that laws would serve this purpose is completely contrary to the practical realities. Laws as they exist in this country are mostly proscriptive which means they largely prohibit particular or specific behaviour(s) rather than laying down in detail the desirable pattern(s) of conduct. In India, laws are hardly prescriptive and they do not necessarily prescribe a particular pattern of behaviour for people. Generally, laws do not provide in brief or detail what manner, pattern of conduct or behaviour should people observe or practice. They mainly proscribe or prohibit particular conduct(s) and make doing such conduct culpable or punishable and the

doer of it liable for certain consequences. Given such a situation, does it not sound farcical to expect all the people, all over, to know, in every situation, in minute details, what is legally and morally permissible conduct and behaviour? The lack of efforts on the part of the society or the state to

formulate a code of morally desirable conduct in India may be ascribed to the thought that this work be better left to the educational, religious or cultural institutions. But if so, have such institutions fulfilled their responsibility in this regard? India, being a

multi-religious and multi-cultural country, a variety of factors seem to hamper this purpose. Diversity of faiths and religions results in a lack of a common behavioural pattern as well as a lack of a mechanism to ensure that the moral instructions being imparted are being uniformly learnt and practised. Even the educational institutions seem to flounder here, as not all educational institutions seem to insist on teaching moral or ethical values uniformly at all levels. They lay immense emphasis on scientific and technical education but not in the same way on imparting moral education, which is more or equally necessary. Most of the problems in society are caused by a lack of strong values, morals and

integrity of character in people, hence, a civilised state must work sincerely on developing a strong value system in its population. Though the Indian constitution prescribes fundamental duties for citizens that are non-enforceable, they remain, merely, empty slogans. Given the massive onslaught of undesirable content on social media and its penetration among, and influence on, vulnerable youth, it is highly incumbent on the state, simultaneously, to regulate social media as well as draft a moral/ethical code of conduct for building a nation of people with strong morals and character. *(The writer is Associate Professor, Faculty of Law University of Delhi; views are personal)*

Israel gets flak after it stops Gaza aid to pressure Hamas

PTI ■ TEL AVIV

Israel faced sharp criticism as it stopped the entry of all food and other supplies into Gaza on Sunday and warned of "additional consequences" for Hamas if a fragile ceasefire isn't extended. Mediators Egypt and Qatar accused Israel of violating humanitarian law by using starvation as a weapon. The ceasefire's first phase saw a surge in humanitarian aid after months of growing hunger. Hamas accused Israel of trying to derail the next phase Sunday hours after its first phase had ended and called Israel's decision to cut off aid "a war crime and a blatant attack" on a truce that took a year of negotiations

before taking hold in January. In the second phase, Hamas would release dozens of remaining hostages in return for an Israeli pullout from Gaza and a lasting ceasefire. Negotiations on the second phase were meant to start a month ago but haven't begun. **Israel backs a new proposal to speed up the release of hostages:** Israel said on Sunday that a new US proposal calls for extending the ceasefire through Ramadan — the Muslim holy month that began over the weekend — and the Jewish Passover holiday, which ends April 20. Under that proposal, Hamas would release half the hostages on the first day and the rest when an agreement is reached

on a permanent ceasefire, Israeli Prime Minister Benjamin Netanyahu said. The militants currently hold 59 hostages, 35 of them believed to be dead. National Security Council spokesman Brian Hughes said the United States would support whatever decision Israel makes, without commenting on the new proposal. Netanyahu said Israel is fully coordinated with the Trump administration and the ceasefire will only continue as long as Hamas keeps releasing hostages. **The UN and others warn against aid cutoff:** Saying the ceasefire has saved countless lives, the International Committee of the Red Cross

said that "any unravelling of the forward momentum created over the last six weeks risks plunging people back into despair". UN humanitarian chief Tom Fletcher called Israel's decision "alarming", noting that international humanitarian law makes clear that aid access must be allowed. UN Secretary-General António Guterres urged all parties to make every effort to prevent a return to hostilities in Gaza, and called for humanitarian aid to flow back into Gaza immediately and for the release of all hostages, said spokesman Stéphane Dujarric. Five non-governmental groups asked Israel's Supreme Court for an interim order barring the

state from preventing aid from entering Gaza, claiming the move violates Israel's obligations under international law: "These obligations cannot be condition on political considerations." The war has left most of Gaza's population of over 2 million dependent on international aid. About 600 aid trucks had entered daily since the ceasefire began on January 19, easing fears of famine raised by international experts. But residents said prices shot up as word of the closure spread. From the heavily destroyed Jabaliya urban refugee camp, Fayza Nassar said the closure would worsen dire conditions. "There will be famine and chaos," she said. Hamas warned that any

attempt to delay or cancel the ceasefire agreement would have "humanitarian consequences" for the hostages. The only way to free them is through the existing deal, the group said. Families of hostages again pressed Israel's government. "Postponing the negotiation on the deal for everyone's (release) can't happen," Lishay Miran-Lavi, wife of hostage Omri Miran, said in Tel Aviv. "Hostages don't have time to wait for an ideal deal." **Israel was accused of blocking aid throughout the war:** Israel imposed a siege on Gaza in the war's opening days and only eased it under US pressure. UN agencies and aid groups accused Israel of not facilitating enough aid during 15

months of war. The International Criminal Court said there was reason to believe Israel had used "starvation as a method of warfare" when it issued an arrest warrant for Netanyahu last year. The allegation is also central to South Africa's case at the International Court of Justice accusing Israel of genocide. Israel has denied the accusations. It says it has allowed in enough aid and blamed shortages on what it called the UN's inability to distribute it. It also accused Hamas of siphoning off aid — an allegation that Netanyahu repeated Sunday. Kenneth Roth, former head of Human Rights Watch, said Israel as an occupying power has an "absolute duty" to facil-

itate humanitarian aid under the Geneva Conventions, and called Israel's decision "a resumption of the war-crime starvation strategy" that led to the ICC warrant. The war began when Hamas-led militants stormed into southern Israel on October 7, 2023, killing some 1,200 people, mostly civilians, and taking 251 hostage. Israel's offensive has killed over 48,000 Palestinians, according to Gaza's Health Ministry. It says more than half of those killed were women and children. It does not specify how many of the dead were combatants. Israeli bombardment pounded large areas of Gaza to rubble and displaced some 90 per cent of the population.

Europe at crossroads in history: Starmer

PTI ■ LONDON

British Prime Minister Keir Starmer rallied his European counterparts Sunday to shore up their borders and throw their full weight behind Ukraine as he announced outlines of a plan to end Russia's war. "Every nation must contribute to that in the best way that it can, bringing different capabilities and support to the table, but all taking responsibility to act, all stepping up their own share of the burden," he said. Starmer's exhortation to 18 fellow leaders that they need to do the heavy lifting for their own security comes two days after US backing of Ukraine appeared in jeopardy when President Donald Trump lashed out at Ukrainian President Volodymyr Zelenskyy and said he wasn't grateful enough for America's support. The meeting had been overshadowed by the extraordinary scolding that took place on live television at the White House. Starmer used the

opportunity as part of his broader effort to bridge the gap between Europe and the US and also salvage what had seemed like the start of a peace process before Friday's spat. Starmer said he had worked with France and Ukraine on a plan to end the war and that the group of leaders — mostly from Europe — had agreed on four things. The steps toward peace would: keep aid flowing to Kyiv and maintain economic pressure on Russia to strengthen Ukraine's hand; make sure Ukraine is at the bargaining table and any peace deal must ensure its sovereignty and security; and continue to arm Ukraine to deter future invasion. **A coalition of the willing:** Finally, Starmer said they would develop a "coalition of the willing" to defend Ukraine and guarantee the peace. "Not every nation will feel able to contribute but that can't mean that we sit back," he said. "Instead, those willing will intensify planning now with real urgency. The UK is prepared to back this with boots

on the ground and planes in the air, together with others." It is far from certain whether Russian President Vladimir Putin will accept any such plan, which Starmer said would require strong US backing. He did not specify what that meant, though he told the BBC before the summit that there were "intense discussions" to get a security guarantee from the US. "If there is to be a deal, if there is to be a stopping of the fighting, then that agreement has to be defended, because the worst of all outcomes is that there is a temporary pause and then Putin comes again," Starmer said. Starmer said he will later bring a more formal plan to the US and work with Trump. Before arriving in London, French president Emmanuel Macron suggested in an interview with a French newspaper that he and Starmer are proposing a "truce in the air, on the seas and energy infrastructures" that would last a month. There would be no European troops in the coming weeks and troops would only be

deployed on the ground at a later stage, he said. **Two diplomatic steps forward, one back:** Europe has been anxious since Trump initiated direct peace talks with Putin, who had been isolated by most Western leaders since invading Ukraine three years ago. The scramble to remain relevant and protect European interests as their once stalwart ally appeared to be cozying up to Putin was even more troubling when Trump called Zelenskyy a dictator and falsely said Ukraine started the war. Meetings last week had provided some hope — until Zelenskyy's trip to the White House on Friday. Visits to the Oval Office by Starmer and French President Emmanuel Macron, who had declared his visit a "turning point", were seen as steps in the right direction. The meetings were cordial and Trump even took a gentler tone toward Ukraine, though he would not commit to providing US security guarantees and maintained that Europe would need to provide peacekeeping troops.

Within 12 hours of Starmer's return from Washington, the talk of peace seemed to collapse as Trump and Vice President JD Vance berated Zelenskyy for challenging Trump's assertions that Putin could be trusted. During his Sunday press conference, Starmer rejected the suggestion that the US was no longer a reliable ally. "There are no two countries as closely aligned as our two countries and our defence, our security and intelligence is intertwined in a way no two other countries are, so it's an important and reliable ally for us," he said. **Starmer does not trust Putin:** Starmer told the BBC before the summit that he does not trust Russian President Vladimir Putin but does trust Trump. Italian Premier Giorgia Meloni said she was sorry for what happened with Zelenskyy in Washington. Meloni is both a strong Ukraine supporter and — as head of a far-right party — she is a natural ally of Trump. She was the only European leader to attend his inauguration.

Driver rams car into crowd in Germany; one person dead

PTI ■ BERLIN

One person was killed and others injured when a car rammed into a crowd Monday in the western German city of Mannheim, police said as they asked the public to stay away from the downtown area and remain in their homes. A suspect is in custody. Police spokesperson Stefan Wilhelm said that a driver drove into a group of people in Paradeplatz, a pedestrianized street in Mannheim, killing one person. Several people were injured, he said, but police can't yet specify how many or how badly. "We can confirm that one perpetrator was arrested," he said. "We can't yet give information on whether there were further perpetrators." Images from the scene showed parts of the downtown area were cordoned off, with a heavy police presence and helicopters hovering above. Police gathered round a badly damaged black car as ambulances lined up outside the cordon. Earlier, Wilhelm said the incident had been reported as "a life-threatening deployment situation." Paradeplatz, a major square in the downtown area, lies at the end of a pedestrianised street in Mannheim, which has a population of 326,000 and lies 85 kilometers (52 miles) south of Frankfurt. Mannheim University Hospital says it has prepared everything for a possible mass casualty incident, German news agency dpa reported. The hospital has implemented its disaster and emergency plan to prepare for the care of the injured. Across Germany, lots of people took a long weekend off to celebrate carnival, including Rose Monday, when many cities hold parades. Mannheim's street parade already took place, on Sunday. German Interior Minister Nancy Faeser canceled her participation in the carnival street parade in Cologne due to the events in Mannheim. "The focus is now on saving lives, treating the injured and the initial investigations by the authorities in Mannheim," an interior ministry spokesperson told dpa. While police would not immediately characterize Monday's incident as an attack, cars have been used as deadly weapons in several acts of violence in recent months.

Trump allies lash out at Zelenskyy

PTI ■ PHOENIX (US)

President Donald Trump's senior aides and allies lashed out at Ukrainian leader Volodymyr Zelenskyy from Washington as he attended a European summit Sunday in London to rally international support for his military's fight against the Russian invasion. Following Trump's lead, White House officials and Republicans in Congress used news show appearances to demand that Zelenskyy display more gratitude for US support and an openness to potential war-ending concessions to Russian President Vladimir Putin. Some suggested Zelenskyy should consider resigning even as Ukrainians rally around him. But they offered little clarity as to what Zelenskyy and Ukraine could do after Friday's Oval Office meeting in which Trump and Vice President JD Vance berated him before canceling the signature of an economic agreement between Washington and Kyiv. The dispute leaves the future of that relationship in question, as well as the prospects for ending a conflict that began when the Kremlin invaded in

February 2022. White House national security adviser Mike Waltz, who while in Congress went to Ukraine during the first year of the war to meet Zelenskyy and once compared him to wartime British Prime Minister Winston Churchill, said Zelenskyy's behavior at the White House was "incredibly disrespectful". Asked about that Churchill-Zelenskyy comparison, Waltz noted that Churchill was voted out of office in the final months of World War II. Churchill "was a man for a moment, but he did not then transition England into the next phase," Waltz said. "And it's unclear whether President Zelenskyy, particularly after what we saw Friday, is ready to transition to Ukraine to an end to this war and to negotiate and have to compromise." Waltz said a negotiated end to the war would involve territorial concessions from Ukraine as well as "Russian concessions on security guarantees," but he did not offer any more details about what Moscow would have to do. House Speaker Mike Johnson echoed the suggestion that Zelenskyy may need to step aside. "Either he needs to come to his

senses and come back to the table in gratitude, or someone else needs to lead the country to do that," Johnson said. "I mean, it's up to the Ukrainians to figure that out. But I can tell you that we are re-exerting peace through strength." Trump's director of national intelligence, Tulsi Gabbard, said the contentious meeting has led to "a huge rift in the relationship" and she took issue with Zelenskyy telling Fox News afterward that he did not think he did anything wrong. "There's going to have to be a rebuilding of any kind of interest in good faith negotiations, I think, before President Trump is going to be willing to re-engage on this," she said. The coordinated campaign of pressure from Washington played out as Zelenskyy and European leaders came to terms with Trump's overhaul of US foreign policy. British Prime Minister Keir Starmer said the United Kingdom would use 1.6 billion pounds (\$2 billion) in export financing to supply 5,000 air defense missiles for Ukraine. Support for Zelenskyy among congressional Republicans has been scant after the Oval Office meeting. But Alaska Senator

Lisa Murkowski, one of the few GOP lawmakers willing to break with Trump publicly, criticised the Republican president's stance toward the Ukrainians. "I know foreign policy is not for the faint of heart, but right now, I am sick to my stomach as the administration appears to be walking away from our allies and embracing Putin, a threat to democracy and US values around the world," Murkowski wrote on X on Saturday. Senator James Lankford said it was inappropriate for senators to call for Zelenskyy to leave office and predicted that such a move would "spiral Ukraine into chaos right now." Others were more vocal in support of Zelenskyy. Millions of Americans "are embarrassed, are ashamed," said Senator Bernie Sanders. "Our job is to defend the 250-year tradition that we have of being the democratic leader of the world, not turn our backs on a struggling country that is trying to do the right thing," Sanders said. Waltz appeared on CNN's "State of the Union," Johnson, Sanders and Lankford were on NBC's "Meet the Press," and Gabbard spoke on "Fox News Sunday".

'End of war with Russia very, very far away'

PTI ■ KYIV

A deal to end the war between Ukraine and Russia "is still very, very far away," Ukrainian President Volodymyr Zelenskyy said, adding that he expects to keep receiving American support despite his recent fraught relations with US President Donald Trump. "I think our relationship (with the US) will continue, because it's more than an occasional relationship," Zelenskyy said late Sunday, referring to Washington's support for the past three years of war. "I believe that Ukraine has a strong enough partnership with the United States of America" to keep aid flowing, he said at a briefing in Ukrainian before leaving London. Zelenskyy publicly was upbeat

despite recent diplomatic upheaval between Western countries that have been helping Ukraine with military hardware and financial aid. The turn of events is unwelcome for Ukraine, whose understrength army is having a hard time keep bigger Russian forces at bay. The Ukrainian leader was in London to attend UK Prime Minister Keir Starmer's effort to rally his European counterparts around continuing — and likely much increased — support for Ukraine from the continent amid political uncertainty in the US, and Trump's overtures toward Russian President Vladimir Putin. Europe is suspicious of Trump's motives and strategy. Friedrich Merz, Germany's likely next leader after the recent election, said Monday that he didn't think last Friday's Oval Office

blow-up was spontaneous. He said that he had watched the scene repeatedly. "My assessment is that it wasn't a spontaneous reaction to interventions by Zelenskyy, but apparently an induced escalation in this meeting in the Oval Office," Merz said. He said that he was "somewhat astonished by the mutual tone," but there has been "a certain continuity to what we are seeing from Washington at the moment" in recent weeks. "I would advocate for us preparing to have to do a great, great deal more for our own security in the coming years and decades," he said. Even so, Merz said that he wanted to keep the trans-Atlantic relationship alive. "I would also advocate doing everything to keep the Americans in Europe," he said.

Pope has good night's rest after overcoming possible risks from respiratory crisis

PTI ■ ROME

Pope Francis had a good night's rest early Monday after apparently overcoming a setback in his recovery from pneumonia: He is stable, off mechanical ventilation and shows no sign of new infection following a respiratory crisis late last week. "The pope rested well all night," the Vatican said in its update from Gemelli hospital, where Francis has been hospitalized since February 14. Doctors reported the 88-year-old pope spent all day Sunday without using the noninvasive mechanical ventilation mask that pumps oxygen into his lungs that he had to use following Friday's coughing episode. Francis did continue to receive high flow supplemental oxygen through a nasal tube. Friday's respiratory crisis sparked fears of a new lung infection because Francis inhaled some vomit. Doctors aspirated it and said they needed 24 to 48 hours to determine if any new infection took hold. On Sunday evening, they said Francis remained stable, with no fever or signs of an infection, indicating he had overcome the crisis. His prognosis remained guarded, however, meaning he wasn't out of danger. Francis on Sunday also received a visit

from the Vatican secretary of state, Cardinal Pietro Parolin, and his chief of staff, Archbishop Edgar Peña Parra. The content of their talks wasn't known, but even when at the Vatican, Francis meets at least weekly with them. He again skipped his weekly noon blessing to avoid even a brief public appearance from the hospital. Instead, the Vatican distributed a message written by the pope from the 10th floor in which he thanked his doctors for their care and well-wish-

ers for their prayers, and prayed again for peace in Ukraine and elsewhere. "From here, war appears even more absurd," Francis said in the message, which he drafted in recent days. Francis said he was living his hospitalisation as an experience of profound solidarity with people who are sick and suffering everywhere. "I feel in my heart the blessing that is hidden within frailty, because it is precisely in these moments that we learn even more to trust in the Lord," Francis said in the text. "At the same time, I thank God for giving me the opportunity to share in body and spirit the condition of so many sick and suffering people." The Argentine pope, who had part of one lung removed as a young man, was admitted to Gemelli on February 14 after his bronchitis worsened and turned into a complex pneumonia in both lungs. On Sunday night at the Vatican, Cardinal Konrad Krajewski presided over the evening Rosary prayer in St. Peter's Square. "Let us pray together with the entire church for the health of the Holy Father Francis," said Krajewski, who is the pope's personal Almoner, a centuries-old job of handing out alms. Francis has elevated the job to make it an extension of his own personal charity.

Japan won't join UN meet on nuclear weapons ban

Tokyo (PTI): Japan will not attend a UN conference on the treaty banning nuclear weapons, a top government official in Tokyo said Monday, noting US nuclear deterrence is crucial to the country's security and that its participation would send the "wrong message". Chief Cabinet Secretary Yoshimasa Hayashi said Japan's national security is the primary reason it will not participate as an observer at the conference, which starts Monday in New York. "Under the severe security environment, nuclear deterrence is indispensable to defend the people's lives and assets, as well as Japan's sovereignty and peace," Hayashi told reporters. Japan's participation as an observer at the conference would "send a wrong message about the Japanese policy (supporting) nuclear deterrence and interfering with our effort in security, peace and safety". The UN Treaty on the Prohibition of Nuclear Weapons was approved in 2017 and went into force in 2021 following a decades-long campaign aimed at preventing a repeat of the US atomic bombings of Hiroshima and Nagasaki at the end of World War II. Japan, despite being the only victim of the nuclear attacks, has

refused to sign the treaty, saying its goal is not feasible without the participation of any of the nuclear weapons states. Hayashi said participating as an observer would also interfere with Japan's ongoing effort to gain support for strengthening the non-proliferation treaty and hinder nuclear disarmament. He did not give further details about Japan's next steps. Japanese officials have said they share the ultimate goal of achieving a nuclear-free world, but that Japan needs to be realistic amid growing global conflicts. Atomic bombing survivors and their supporters have criticized Japan's government for making a hollow promise while clinging to the US nuclear umbrella. The survivors and their supporters have urged the Japanese government to participate in the conference as an observer amid growing global attention after Nihon Hidankyo, the atomic bombing survivors' grassroots organisation, was awarded the Nobel Peace Prize last year. Prime Minister Shigeru Ishiba is a defence expert and vocal supporter of nuclear deterrence who has called for a more open debate about the role of US extended deterrence in the region.

Myanmar's head of military govt travels to ally Russia for talks with Putin

Bangkok (PTI): The head of Myanmar's military government travelled to Russia on Monday on an official visit to a major ally of the Southeast Asian nation that has been shunned by much of the West for overthrowing a democratically elected government and subsequent brutal repression. Senior Gen Min Aung Hlaing, who departed from the military airport in the capital, Naypyitaw, will meet with Russian President Vladimir Putin. The general is accompanied by fellow members of the ruling military council and Cabinet, as well as military officials, state television MRTV reported. The report said Min Aung Hlaing will also meet with other top Russian officials and discuss bilateral ties, economic affairs and security with the aim to strengthen strategic cooperation. Russia, along with China, is a major supporter and arms supplier of Myanmar's military government. Russian-made fighter jets are used in attacks on territory under the control of ethnic minority groups, many of which are allies with pro-democracy resistance forces.

Preserving records of 'atrocities' by Hasina regime critical: Yunus

Dhaka (PTI): Bangladesh's interim government's Chief Adviser Muhammad Yunus has called for the "meticulous preservation" of records documenting alleged "atrocities" committed under the administration of deposed prime minister Sheikh Hasina.

TOP COURT UPHOLDS ACQUITTAL OF ZIA

Meanwhile, Bangladesh's Supreme Court on Monday upheld a High Court ruling that acquitted former premier and BNP chairperson Khaleda Zia in a corruption case in which she was sentenced to seven years in jail by a lower court.

Monday, the news agency reported. The graft case filed in 2011 by the Anti-Corruption Commission with Tejaagon Police Station accused Zia and three others of abusing power to raise funds for the trust from unknown sources.

Human Rights Volker Turk will present the document at the Human Rights Council session in Geneva on March 5.

Ms. JESSICA ADVOCATE OFFICE AT- N-18, LGF, JANAPURA EXTENSION, NEW DELHI, PHONE: NO. 7011712950

PUBLIC NOTICE

Ref: Freehold Residential cum Commercial Property in the name of Mrs. Sumitra Sharma (seller). Address: Built Up Property on Plot No. 56-57-58 (Land and building), area measuring 96 Sq.yds., comprising of Kharsa/9 Rect 29, Killa No. 9/22, Situated at Mauja Gaunchhi, Sanjay Colony, Sector-23, Tehsil & Dist: Faridabad, Haryana, within the limits of Municipal Corporation of Faridabad, Haryana.

It is hereby informed that Mr. Rakesh Kumar Saxena, son of Late R.P. Saxena, resident of 5/73, Malviya Nagar, New Delhi - 110017, passed away on 24th December 2024.

PUBLIC NOTICE

It is to inform to the public at large that Mr. Ravi Kumar is the owner of the Residential Plot No. B-14 & 15 (Part), area measuring 150 Sq. Yds. i.e., 125.415 Sq. Meters, out of Kharsa No. 676/M, situated at Manish Park Colony, in the area of Village Patti Sadakpur, Pargana & Tehsil Loni, District Ghazabad, UP vide Regd. Gift Deed dated 25.10.2024 executed by Mrs. Billo, duly registered as Document No. 20034, in Book No. 1, Volume No. 2734 on pages 111-130 dated 25.10.2024. SRO-Loni-11, Ghazabad and same to be finance & mortgage by SMFG India Credit Co. Ltd. (Formerly Fullerton India Credit Co. Ltd.), Greater Noida. So, to comply the requirements of BANK/BFC, we give this public notice that if any person having any type of claim right/title/interest/creating mortgage over the said property, may inform in writing, at the address mentioned below, about his objections, within 7 days from today, failing which it shall be presumed that the said property is free from all type of Encumbrances, lien etc.

ED issues ₹611 Crore notice to Paytm's parent company

PTI ■ NEW DELHI

The Enforcement Directorate (ED) on Monday said it has issued ₹611 Crore show cause notice to Paytm's parent company and linked entities for "contravention" of the Foreign Exchange Management Act (FEMA) on various counts. The notice has been issued by a special director of the federal agency before the initiation of adjudication proceedings. The show cause notice has been issued to Paytm's flagship company One 97 Communication limited (OCL), its managing director and other Paytm subsidiary companies like Little Internet Private Limited and Nearbuy India Private Limited for contraventions of the provisions of the FEMA to the tune of around ₹611 Crore, the ED said in a statement. Investigation found that OCL made foreign investment in Singapore and "did not" file necessary reporting to the Reserve Bank of India (RBI) for the creation of an overseas step-down subsidiary, it said. The OCL had also received foreign direct investment (FDI) from overseas investors "without following" proper pricing guidelines stipulated by the RBI, it alleged. The ED said OCL's subsidiary company in India - Little Internet Private Limited - had also received FDI from overseas investors "without following" the pricing guidelines stipulated by the RBI. The other subsidiary company - Nearbuy India Private Limited - "did not" report the FDI

received by the company within the time frame prescribed by the RBI, it said. In a regulatory filing made last Saturday, Paytm said it received a notice from the ED for alleged violation of certain FEMA rules by the company and its two subsidiaries - Little Internet and Nearbuy - with respect to certain investment transactions. Later, Paytm clarified that the alleged breach pertains to the period when the two companies were not its subsidiaries. It acquired the two companies in 2017. According to the breakup shared by the company, OCL transactions amounting to over ₹245 Crore, LIPL's about ₹345 Crore, and NIPL's about ₹21 Crore have been listed in the alleged breach.

Explore all dairy sector avenues: Amit Shah

PTI ■ NEW DELHI

Cooperation Minister Amit Shah on Monday said the National Dairy Development Board's (NDDB) three models of cowdung biogas generation need to be scaled up in at least 250 district dairy cooperatives in the next two years, as India works towards achieving a second White Revolution. Addressing a workshop on sustainability and circularity in the dairy sector, Shah said, "Dairy sector is important for farmers to earn additional income apart from agriculture. It is important to focus on sustainability and circularity at the start of the second White Revolution." The minister emphasised that circularity in the dairy sector should not be limited to cowdung biogas generation but should encompass making use of every aspect of the whole dairy sector economy. "There is no better alternative than the dairy sector to address farm migration and ensure better returns to farmers," Shah said, adding that exploring the full potential of this sector will contribute towards achieving the target of \$5 Trillion economy and Viksit Bharat. Shah released comprehensive guidelines aimed at promoting environmentally responsible practices in dairy farming and new financing initiatives under NDDB and NABARD's large scale biogas or compressed biogas projects and the Sustain Plus Project. On the occasion, dairy cooperative unions from 15 states signed an agreement with NDDB for the establishment of biogas plants. "The MoUs have been signed

to scale up cowdung biogas generation based on three models of NDDB. However, we need to successfully implement these models in 250 district cooperative dairy units in next two years," the minister said. Shah identified the three models as: "Zakariyapura Model (the household level biogas-based manure value chain model), the Banaskantha Model (dung-based large capacity biogas plant to produce bio CNG and organic fertilizer) and the Varanasi Model (dung-based large capacity biogas plant to suffice steam and power needs of dairy plant)." The minister urged NDDB to collect cowdung from farmers outside the dairy cooperative network. "Many farmers supply milk to private sector which does not have a facility to process cowdung for biogas. Collecting cowdung from

such farmers will not only address the problem of minimum viability issue but also attract them to cooperative sector," he said. "About 16 Crore tonne cowdung is available in the country. Factor in both farmers from cooperative and non-cooperatives sectors for supply of cowdung while making a plan for setting up of a biogas plant," Shah said, stressing the need to enhance capacity of these plants going forward. On livestock feed and fodder, the minister said, "It should be promoted through cooperatives and a full-fledged network needs to be set up as this will not only enhance milk production but also strengthen cooperatives." To harness the circular economy in dairy sector, Shah emphasised the need to expand marketing of organic manure, increasing dairy

WCOOPEF partners with I-SEED, IIT Hyderabad to transform cooperative agriculture

PNS ■ NEW DELHI

The World Cooperation Economic Forum (WCOOPEF), in collaboration with I-SEED Incubator for Social Enterprises and Entrepreneurs for Development at the Institute of Rural Management Anand (IRMA) and IIT Hyderabad's Technology Innovation Hub on Autonomous Navigation (TiHAN), has announced a strategic partnership to revolutionise cooperative-led agriculture through IoT-enabled digital crop surveys and geospatial intelligence. This initiative aligns with the International Year of Cooperatives, reinforcing cooperative-led economic growth, sustainability, and rural empowerment. With the vision of 'Sahkar Se Samridhi' (Prosperity through Cooperation), the effort aims to equip farmer cooperatives, dairy unions, fisheries collectives, and rural self-help groups (SHGs) with cutting-edge digital technologies to enhance agricultural productivity and resilience. The move will integrate AI-powered geospatial intelligence, real-time IoT data collection, and digital mapping technologies to drive data-driven decision-making in cooperative-led farming and rural enterprises.

Pioneer Photo

Speaking on the occasion, Dileep Shanghani, Chairman of WCOOPEF, said the cooperative model has long been the backbone of India's agricultural economy. By integrating geospatial innovation and IoT-enabled digital crop surveys, we are modernizing cooperatives to become data-driven, efficient, and globally competitive. This initiative aligns with Prime Minister Narendra Modi's vision of 'Sahkar Se Samridhi' and Viksit Bharat, ensuring that every farmer- especially small and marginal farmers- benefits from precision agriculture, real-time market access, and financial inclusion." Binod Anand, Member of

PM's High-Power Committee on MSP, founder President of WCOOPEF, and a leading advocate for farmer-centric value chains, emphasised the need for cooperatives to embrace digital transformation. "Cooperatives must evolve into technology-driven enterprises to uplift small farmers and rural communities. This initiative will establish a tech-enabled cooperative economic zone, leveraging IoT-enabled digital crop surveys, AI-powered geospatial intelligence, and real-time market linkages to create a more resilient and self-sustaining cooperative ecosystem," he added.

Chhattisgarh budget focuses on development in Naxal-affected Bastar

PTI ■ RAIPUR

The Chhattisgarh government on Monday presented a ₹1.65 Lakh Crore budget with special focus on development of Naxal-affected Bastar by giving boost to tourism, security and infrastructure. The 2025-26 budget, presented by Finance Minister OP Choudhary, aims to establish Bastar as a new development model, prioritising the transformation of Naxal-affected areas, an official statement said. The Chhattisgarh government plans to establish a Special Operations Group (SOG), similar to the Centre's National Security Guard (NSG), to play a crucial role in anti-Naxal operations. Additionally, anti-narcotics task forces in 10 districts and cyber police stations in five districts will be set up. To safeguard mineral resources, a State Industrial Security Force (SISF), modelled on Central Industrial Security Force (CISF), will be created. The plan include a mega vision for complete eradication of Naxals, creation of 3,200 additional posts for 'Bastar Fighters', a specialised police unit established by the Chhattisgarh government to combat Maoists, the statement said. Due to the intense operations by the security forces, the

Naxal network has crumbled in Bastar with the killing of 305 extremists, surrender of 1,000 others in just 15 months, since the taking over of charge Chief Minister Vishnu Deo Sai, it said. According to the budget, the government's revenue is projected to grow by 11 per cent without imposing any new taxes. This year, the government has allocated ₹26,341 Crore for capital expenditure, an 18 per cent increase from the previous year. This means more roads, bridges, schools, and hospitals will be built across the state, improving lives and accelerating development. Sai said the budget will further strengthen the foundation of a developed Chhattisgarh. Emphasising that special attention is being given to Bastar with substantial investments in infrastructure, education, healthcare, and employment, he said, "This is a crucial step toward ensuring lasting peace and progress in Naxal-affected regions". The Chhattisgarh government said it has achieved remarkable success in dismantling the Naxal network in Bastar and 305 Naxals have been eliminated, and 1,000 have surrendered in just over a year. Recognising the contribution of 'Bastar Fighters' in eliminating Naxalism, the budget includes provisions for 3,200 additional positions.

New police stations will be established in Elmagunda and Dabbakonta, two highly affected villages. ₹5 Crore allocation has been made for the annual Bastar Olympics, celebrating tribal sports and traditions. Additionally, ₹2 Crore has been earmarked for yoga camps and ₹10 Crore for biodiversity tourism zones. Under the 'Niyad Nellanar' (My Beautiful Village) initiative, ₹25 Crore has been allocated to ensure the reach of government schemes to villages. The budget also includes ₹2 Crore for Bastar Madai and Bastar Marathon celebrations. The Chhattisgarh government has also announced a major push for road networks, bridges, schools, and digital infrastructure across Bastar and other regions. ₹221 Crore fund has been allocated for infrastructure development in tribal areas. The PM Janman scheme include ₹30 Crore for school education, ₹12 Crore for tribal welfare, and ₹300 Crore for housing projects. The state government has launched 'Chhattisgarh Anjor Vision 2047', an initiative outlining 10 major missions focusing on healthcare, tourism, agriculture, education, IT, and infrastructure. These missions aim to transform Chhattisgarh into a developed state by 2047. "The government anticipates

₹2,804 Crore additional revenue, making Chhattisgarh one of India's financially robust states. The state's total revenue is expected to be ₹1.41 Lakh Crore, mainly sourced from tax collections and central government allocations. Chhattisgarh's GDP growth rate is projected at 7.51 per cent, surpassing the national average of 6.5 per cent," the statement said. Among other highlights of the budget are relief for citizens and businesses, petrol price reduced by Rs 1 per litre by slashing the VAT. A sum of ₹2,000 Crore has been allocated for new road projects in a single financial year under the CM Urban Development Scheme while ₹500 Crore allocated for improving city infrastructure. The UPI payment system will be rolled out in rural panchayats and new pension fund will be created to ensure long-term financial security for employees and a three per cent increase in DA for state employees. The state government has also introduced a Homestay Policy for Bastar and Sarguja. Now, tourists visiting these regions can stay in villages and experience the rich local culture and traditional cuisine. Additionally, adventure tourism and a dedicated tourism circuit will be developed in Jashpur, offering visitors an exciting travel experience, the statement said.

FDI drops 5.6 per cent in October-December

PTI ■ NEW DELHI

Foreign direct investment (FDI) in India dipped by 5.6 per cent year-on-year to \$10.9 Billion in October-December quarter of this fiscal due to global economic uncertainties, according to the government data. FDI inflows during October-December 2023-24 stood at \$11.55 Billion. According to the Department for Promotion of Industry and Internal Trade (DPIIT) data, in the July-September quarter of the current fiscal, the inflows were up by about 43 per cent year-on-year to \$13.6 billion and had increased 47.8 per cent annually to \$16.17 billion in the preceding April-June quarter. Cumulatively, during the April-December 2024-25, the inflows registered a growth of 27 per cent to \$40.67 billion as against \$32 billion in the same period of 2023-24. Total FDI, which includes equity inflows, reinvested earnings and other capital, grew by 21.3 per cent to \$62.48 billion during the first nine months of this fiscal from \$51.5 billion in April-December 2023-24.

Sensex falls for ninth day on selling in HDFC Bank

PTI ■ MUMBAI

Benchmark BSE Sensex declined by 112 points while Nifty fell for the ninth straight session on Monday following selling in blue-chips HDFC Bank and Reliance Industries. In a see-saw trade, the 30-share BSE benchmark declined by 112.16 points or 0.15 per cent to close at 73,085.94 as 18 of its components advanced and 12 declined. The index opened higher but soon fell to the day's low of 72,784.54 due to intense selling in large caps. The barometer staged a rebound in the second half amid positive Asian markets and hit a high of 73,649.72 before paring gains to close down. Extending losses to the ninth session, the NSE Nifty slipped 5.40 points or 0.02 per cent to settle at 22,119.30. The index slumped 120 points or 0.54 per cent to hit a low of 22,004.70 but later recovered most of the losses. From the Sensex pack, Reliance Industries, Bajaj Finserv, HDFC Bank, Adani Ports, Maruti Suzuki India, Axis Bank, Hindustan Unilever, Sun Pharmaceuticals and Asian Paints were among the laggards. Reliance Industries fell the most by 2.38 per cent to close at ₹1,171.10 apiece. During the day, it went down by 3.63 per cent to hit a 52-week low of Rs 1,156 per piece. UltraTech Cement, Bharti Airtel, NTPC, Infosys, Bajaj Finance, Mahindra and Mahindra, Larsen and Toubro and State Bank of India were the gainers. "The market experienced a

gradual recovery from its intraday low, driven by improving economic growth, a rebound in consumption expenditure, and healthy expansion in the agricultural sector, which influenced investor sentiment. With valuations approaching oversold levels, domestic indicators suggest the potential for a rebound," Vinod Nair, head of research, Geojit Financial Services. The Global uncertainties and sustained foreign fund outflows continue to keep market participants cautious, Ajit Mishra - SVP, Research, Religare Broking Ltd. The BSE smallcap gauge dipped 0.70 per cent, however, midcap index went up 0.25 per cent. Among BSE sectoral indices, Energy (1.11 per cent), Financial Services (0.54 per cent), Bankex (0.28 per cent), Oil & Gas (0.50 per cent), and Services (0.49 per cent) were the losers. On the other hand, Capital Goods, Power, Consumer Durables, Realty, Commodities, Tech, Focussed IT, Utilities and Metal were among the gainers. As many as 2,852 stocks declined while 1,235 advanced and 147 remained unchanged on the BSE. A monthly survey showed that India's manufacturing sector growth fell to a 14-month low in February amid softer increase in new orders and production. "Although output growth slowed to the weakest level since December 2023, overall momentum in India's manufacturing sector remained broadly positive in February," said Pranjal Bhandari, Chief India Economist at HSBC.

Bihar government tables ₹3.17 Lakh Crore budget

PTI ■ PATNA

The Nitish Kumar government in Bihar on Monday tabled a ₹3.17 Lakh Crore budget in the assembly, the last before the state goes to polls later this year. Presenting the budget on the floor of the assembly, Deputy Chief Minister Samrat Choudhary, who holds the finance portfolio, told the House that the budget, the total size of which was ₹38,169 Crore more than the last fiscal, is inspired by Prime Minister Narendra Modi's "margdarshan" (guidance) and the CM's "netritva" (leadership). "The government has received enormous support from the people of the state in its bid to achieve the goal of a 'samridh Bihar', which is essential to achieve the prime minister's goal of a 'viksit Bihar'." "Modi's vision of 'sabka saath, sabka vikas aur sabka prayas' and the CM's motto of 'nyay

Bihar CM Nitish Kumar during Budget session of the Assembly in Patna PTI

ke saath vikas' have been the twin guiding principles behind the budget. We are making progress, leaving behind years of anarchy," said the senior BJP leader, in an apparent dig at the opposition RJD-Congress combine. Speaking about the budgetary allocations for different

sectors, Choudhary said ₹60,964 Crore has been set aside for education, which is of crucial importance in the densely populated state that has a relatively young demography. He said ₹20,335 Crore has been allocated for the health sector, while ₹17,831 Crore

will be given to the home department, which is responsible for law and order, improvement in which has been the most talked about achievement of the NDA government. In keeping with the government's push for women's empowerment, the budget has proposed setting up of a 'mahila haat' (women's marketplace) in Patna, besides "pink toilets" in all districts and "pink buses" in major cities. "We also propose the establishment of 'Kanya Vivah Mandaps' in all panchayats, which will serve the needs of poor rural families with girls of marriageable age," Choudhary said. He said Bihar will be building "greenfield airports" at Sultanganj and Raxaul, in Bhagalpur and East Champaran districts, respectively, and "the airport at Purnea will become operational in three months from now".

Gold as asset class to rise in coming years: Nageswaran

PTI ■ NEW DELHI

Gold will remain relevant for investors as a portfolio diversification mechanism with a "likely ascending importance" as an asset class in the coming years, Chief Economic Advisor V Anantha Nageswaran said on Monday. Speaking at the IGPC-IIMA annual gold and gold markets conference 2025, he said that gold will remain relevant not only as a store of value, as an ornament for cultural and religious purposes, but also as an important portfolio diversification mechanism "until such a time the world is able to arrive at an international monetary system from the current international monetary non-system". "That day of reckoning is very difficult for any one of us to prophecy at this stage," Nageswaran said. The value of gold has increased

by over \$200 per ounce or eight per cent in the last three months to \$2,860 per ounce. At the same time, the Indian stock markets have fallen over eight per cent over the last three months. Since 2002, the value of the precious yellow metal is up 10 times when it was about \$250-290/ounce. In the Indian market, the price of gold per 10 gms stood at around ₹85,000. India is a net importer of gold. He said it is very important to remember the relevance and the importance of gold for a portfolio, a store of value etc, more so in the backdrop of the likely ascending importance of gold in the coming years. Nageswaran also hoped that India will find ways to productively deploy the gold assets that it has without diluting its role as a symbol of store of value as well as cultural and religious significance. "That is where the policy challenge lies," he said.

MANCHESTER UNITED CRASHES OUT OF FA CUP

PTI ■ MANCHESTER

Manchester United crashed out of the FA Cup on Sunday after losing on penalties to Fulham. Rather than bemoan the latest blow in a miserable season, though, United coach Ruben Amorim insisted his sights were set on a bigger trophy. "The goal is to win the Premier League. So I know that we are losing games and losing trophies during this season, but the goal is to win the Premier League again," Amorim said after the 4-3 shootout loss at Old Trafford. "I don't know how long it's going to take. But that is our goal. "If you think like that, we can suffer a little bit in these defeats — a lot sometimes — but we have a goal, so we continue, no matter what, we continue forward." Cup holder United was sent spinning out in the fifth round as Victor Lindelof and Joshua Zirkzee saw spot kicks saved after the game ended 1-1 following extra time. Fulham goalkeeper Bernd Leno was

the hero with the crucial stops that set up a quarterfinal match against Crystal Palace. It took a second-half equalizer from Bruno Fernandes to send the game to extra time after Calvin Bassey headed Fulham in front just before the break. But it proved a temporary reprieve for United, which now has just one trophy to aim for this season

— the Europa League. **Knockout blow** United last won the Premier League in the 2012-13 season and, despite Amorim's ambition, the next league title feels a long way off. His team is languishing in 14th place in the standings and seems unlikely to finish in the top half this season. It has been a torrid start for the

Portuguese coach, who only took charge in November. Knockout competitions had provided a rare source of optimism, and with Liverpool, Arsenal and Chelsea all eliminated from the FA Cup, the path was opening up for United to successfully defend the trophy it lifted last May. But the 13-time winner posed little threat in a first half that ended with sections of the home support jeering after Bassey headed Fulham in front from close range. United captain Fernandes sparked the home team into life with a low, first time finish from inside the box in the 71st minute. United then had chances to win. Alejandro Garnacho was denied by Leno when through on goal in added time and the keeper blocked another effort from Chido Obi in extra time before his shootout heroics. "I know they had chances but I think we were the best team on the pitch," Fulham coach Marco Silva said. "Our team was on the ball, dominating the ball. We deserve to be in the next stage."

Barcelona thrash Real Sociedad 4-0

PTI ■ MADRID

Barcelona cruised to a 4-0 rout of 10-man Real Sociedad to regain the lead in Spain. Gerard Martin, Marc Casadó, Ronald Araujo and Robert Lewandowski scored a goal each on Sunday to put Barcelona one point ahead of second-placed Atletico Madrid at the top of the Spanish league. "There is still a long way to go and everything can change very quickly," Barcelona coach Hansi Flick said. "We have to keep fighting until the end because we want to win everything we can."

breakaway. "The early red card for Real Sociedad changed everything, it's true, but we forced them into it. They are a very good team but today we deserved the win," Flick said. It was the sixth win in a row for Barcelona in the league, and the second loss in three matches for Sociedad, which stayed in ninth place. "It was a clear red card," Sociedad coach Imanol Alguacil said. "After that there was no game. It's already hard 11 against 11 against them, you can imagine with a man down." Flick rested some regular starters ahead of the team's Champions League match at

Benfica on Wednesday in the first leg of the round of 16. "I am happy to be back at the top of the table in La Liga but now we have to focus on our next objective which is the game against Benfica," Flick said. Prolific Lewandowski Barcelona was in control from the start at Montjuic stadium, with Martin scoring in the 25th and Casadó in the 29th. Araujo added to the lead in the 56th and Lewandowski closed the scoring in the 60th for his eighth goal in his last nine matches. Lewandowski now has 34 goals this season in all competitions, one more than the 33 he scored in what had been his previous best

season with the Catalan club in 2022-23. He is the league's top scorer with 21 goals, four more than Madrid's Kylian Mbappé, who is second on the list. Sociedad, which along with Barcelona, Madrid and Atletico is playing in the Copa del Rey semifinals, struggled from the start and had no attempts on goal. Barcelona had 33 total attempts. Sociedad defender Hamari Traoré entered the match in the second half to mark his return to action nearly six months after having to undergo knee surgery. Earlier on Sunday, striker Diego García scored two minutes into second-half stoppage time to give 16th-placed Leganes a 1-0 win over 14th-placed Getafe in a match between teams from the Madrid area. Other results Valencia missed a chance to move out of the relegation zone after a 3-3 draw at midtable Osasuna. Winless in three matches, Valencia earned a point with a neat backheel flick by Umar Sadiq in the 87th. Osasuna hasn't won in five consecutive games in all competitions.

India's Iniyani wins Cannes Open chess

PTI ■ NEW DELHI

Indian Grandmaster Pa Iniyani won the Cannes International Open, defeating compatriot V Pranesh in the ninth and final round in Cannes, France. Iniyani ended the tournament on 7.5 points, a half point more than Delhi-based International Master Aradhya Garg, who finished second. Matching Garg on seven points was reigning World junior champion Kazybek Noderbek of Kazakhstan, who had to be content with the third place following a tiebreak. Iniyani remained undefeated through the course of the tournament scoring six wins and three draws. The Indian picked up the necessary steam in the last three rounds winning one game after another and his most crucial victory was over Garg in the penultimate round. The result helped Iniyani gain 12 rating points and is now closing in on the 2600 Elo barrier, taking his rating to 2579.

Cricket will open up new Olympic markets: Coe

PTI ■ NEW DELHI

Hailing cricket's inclusion in the 2028 Los Angeles Games, International Olympic Committee (IOC) president's post frontrunner Sebastian Coe says the move will open up new markets, which will be critical for the growth of the Olympic movement. Cricket returned to the Olympics in the T20 format for the first time after the 1900 edition, as it was named among the five additional sports for the 2028 LA Games. The decision was made in 2023. Coe, who is currently the head of World Athletics, stressed that cricket's support base goes far beyond South Asia, which has a population of more than two billion. "Well, from everything I've said (during November 2024 visit to India), you would recognise that cricket is in for the Olympic movement, particularly with the support that it will have not only in South Asia, but people from

South Asia living in all our big cities," Coe told PTI in an exclusive virtual interview. "We have a very big Indian or South Asian community in London, in New York. This audience, this support goes way beyond just India, Pakistan or South Asia. It's very important for the (Olympic) movement. And it will open up new Olympic markets, which is critical." It is not known whether cricket will be in the roster for the 2032 Olympics in Brisbane, Australia, but the game will certainly make the cut if India bags the hosting

rights for the 2036 edition, for which the country has already submitted a Letter of Intent. The 68-year-old Coe, whose maternal grandfather is an Indian from Punjab, is considered the frontrunner among the seven candidates contesting in the election to succeed Thomas Bach as IOC president. More than 100 members of the IOC will vote on March 20 in the Greek resort of Costa Navarino, where the 144th IOC Session will be held from March 18 to 21. Coe, a double Olympic 1500m gold medalist, does

not see anything wrong with countries like India willing to host big-ticket events such as the Olympics, though some would argue that the huge cost involved could better be used for nurturing talent and building other sports infrastructure. "You have to do both. I've always said that if you have a really well stocked shop window, that will have an impact on the ability to attract people into the shop. Having performing athletes like Neeraj Chopra also has a massive impact. So, you can't have one without the other. "Ideally, you have pathways and programmes that have been created for participation, but that participation is turbo-charged if you have top athletes and you have world-class events." He advocated the use of Artificial Intelligence (AI) in talent identification. "Talent identification can be really turbo-charged by AI and is a lot cheaper than the traditional ways of identifying that talent. There are lots of

things that AI and cutting edge technology can allow us to almost level up the difference between small member federations and National Olympic committees and the big and the well-healed ones. This (AI) can really equalise opportunities. "Accessibility is also absolutely critical. AI can really help in this area also. AI allows us to optimise, particularly around some smaller National Olympic Committees that may have less economic ability to do some of the things the larger NOCs do, particularly around talent identification." Recently Coe had suggested that Russia could be brought back to the Olympic fold if there is an agreement to end the war with Ukraine. Asked if such a decision could be a smooth one to arrive at if he becomes the IOC president, he said, "It will be entirely dependent on the circumstances on the progress we've made when we were dealing with the doping challenges."

AC Milan fall into crisis after third straight Serie A loss

PTI ■ MILAN

AC Milan fell further into crisis as a stoppage-time penalty condemned it to a 2-1 defeat at home to Lazio in the Italian league. Despite being reduced to 10 men, Milan managed to level in the 84th minute on Sunday but Pedro converted a penalty in the eighth minute of stoppages. This was Milan's third straight Serie A loss amid a disastrous run that also saw the Rossoneri crash out of the Champions League. Milan dropped to ninth in the standings and was lagged by Roma after Claudio Ranieri's team fought back to beat 10-man Como 2-1. Lazio climbed back into fourth place — a point above

Juventus, which hosts Hellas Verona on Monday. Sixth-placed Bologna rallied to beat relegation-threatened Cagliari 2-1. Late (and even later) drama Lazio was also looking to get back to winning ways following two Serie A draws and being knocked out of the

Italian Cup midweek by Inter Milan, also at San Siro. Mattia Zaccagni gave Lazio the lead in the 28th minute. His initial attempt was saved by Milan goalkeeper Mike Maignan but Zaccagni tapped in the rebound. Milan's chances of getting something from the match

diminished in the 67th when defender Strahinja Pavlovic was shown a straight red card for a dangerous tackle on Lazio midfielder Mattéo Guendouzi. Milan nevertheless managed to find an equalizer when Rafael Leão whipped in a cross from the left for an unmarked Samuel Chukwueze to head in at the far post. But there was even later drama when Lazio was awarded a penalty on video review after Maignan brought down visiting forward Gustav Isaksen. Pedro struck the spot kick into the bottom right corner. Bologna boosts top 4 hopes Riccardo Orsolini scored twice to help Bologna boost its chances of qualifying for the Champions League again. Milan's chances of getting the break ahead in Bologna

after Roberto Piccoli's 22nd-minute header. But Bologna coach Vincenzo Italiano made three changes at halftime and his team leveled almost immediately as Orsolini converted a penalty after Cagliari midfielder Mattia Felici fouled Nicolò Cambiagli — one of those substitutes. Cambiagli also rolled the ball across for Orsolini to tap in and complete the turnaround eight minutes later. Cagliari is three points above the relegation zone. Impact subs Substitute Alexis Saelemaekers took just 120 seconds to help Roma turn its match around. Roma was trailing at home to Como following Lucas Da Cunha's goal on the stroke of halftime.

Four spinners a tempting combination after Varun's effort: Rohit

PTI ■ DUBAI

India captain Rohit Sharma did not commit to following the four-spinner template in the Champions Trophy (CT) semifinal against Australia, but said Varun Chakravarthy's splendid effort against New Zealand has made that option very "tempting."

India played with Chakravarthy, Kuldeep Yadav, Ravindra Jadeja and Axar Patel and the quartet wrecked the Kiwis, sharing nine wickets among them in their team's 44-run win here on Sunday.

"We really need to think, even if we want to play four spinners, how we can squeeze four spinners. The reason I say it is because we are very much aware of the conditions here and we know exactly what works and what doesn't work," Rohit said in his pre-match press conference.

"So, we will think about it, what is the right combination to go with, but it is tempting," he added.

Chakravarthy, who came in as a replacement for rested pacer Harshit Rana, was excellent while returning with the figures of 5/42, and Rohit said the spinner is certainly in the team management's thoughts.

"He just showed what he is capable of. Now, it is up to us to think and see how we can get that combination right. He got a game, and he did everything that was asked for. He has got something

different about him and when he gets it right, he knocks people over and he takes 5-5. So, it is very tempting to think about what to do, which is a good headache to have. We will also assess the Australian batting lineup to see what kind of bowling options will work against them," he detailed.

Rohit lauds Chakravarthy

During the course of his match-winning effort against the Kiwis, the Tamil Nadu spinner had also rinsed away the memories of his modest outing against Pakistan in the 2021 T20 WC at this stadium. Rohit explained the improvements Chakravarthy has made in the interim.

"He has become more accurate now from the last time he played for India in 2021. There was a little bit of inexperience in him as well because he hadn't played a lot of cricket.

"But right now in the last two or three years he has played a lot of cricket whether it's domestic cricket, IPL and now for India in T20s and now the ODIs as well. So, he understands his bowling really well," he said.

The Mumbai man said Chakravarthy has put in a lot of hard yards into his craft of late, which is now reflecting in his wicket column.

"You know, some of our batters also could not figure that (variations) out, which is always nice. His pace variation now is superb.

When you have a little bit of mystery, you do not want to be a one-dimensional bowler and bowl with the same speed. "You need something different, the pace variation and the accuracy as well. So, he has worked on both and now you see that he is getting a lot of wickets which is a good sign for us as a team," he added. Drafting Chakravarthy into India's CT squad ahead of players like Yashasvi Jaiswal

and Mohammed Siraj had raised some questions. Rohit explained the rationale.

"It is just the talent. If there is something really special about that particular player, you want to fast track him. Certain formats require a certain skill set and whenever we look at these kinds of players, if the talent is there, then you don't want to shy away from bleeding them."

Rohit did not read too much into the criticism of stacking the side with spinners.

"There will be questions asked, there will be few eyebrows raised but as a team you want to do certain things which can help you win games. So, it's important to understand that talent and I have been here long enough to understand what kind of players are talented.

"With Varun especially, we had to sacrifice a batsman which we thought it's only five games in this tournament and it's very unlikely that batter is going to play at any stage unless there is an injury."

'Middle-order did well'

India's top three — Rohit, Virat Kohli and Shubman Gill — had an off-game against New Zealand, leaving the side reeling at 30 for three. But Shreyas Iyer, Axar Patel and Hardik Pandya batted well to take India to a defensible total. Rohit said middle-order batters getting runs was important for the team during the business end of the tournament. "The middle-order is very experienced but to just get some batting time in the middle and to get those runs and get that fighting total was very very important from our standpoint. "Shreyas, KL, Hardik and Axar, they batted brilliantly which is a good sign for us going into the semis because we wanted to have these kind of situations where we are slightly under pressure and then the middle-order takes us through to that target which they did," he said.

'Axar's improvement is superb'

Rohit also praised Axar for repaying the trust in him while promoting to No. 5 ahead of KL Rahul.

"The clear message was given to him when we started the ODI series against England. That no matter what, you will bat at No. 5. The kind of improvement he has shown with the bat over the last year or so is superb and that is where we felt that we can utilise him in the middle. "He likes to take the game on, likes to play his shots. And sometimes when you are in trouble, you want to always take that positive route. He showed it in the T20 World Cup final (2024) which was a very, very crucial knock," he added.

जनजातीय लोकोत्सव

एवं
पटेल, पुजारा, तड़वी, भगत, भुमका, पंडा, धर्मचार्य
सम्मेलन

- जनजातीय बाहुल्य 23 जिलों के 5000 से अधिक लोगों का अलौकिक समागम
