Stalin advise more kids to counter delimitation in TN

Stalin has claimed a higher population would ensure more MPs as delimitation will be population-based PTI

PIONEER NEWS SERVICE CHENNAI/NEW DELH

∎amil Nadu Chief Minister MK Stalin on Monday favoured young people having children immediately following marriage and said a higher population appeared to be the criterion to get more MPs. Addressing a wedding in Nagapattinam in the state, Stalin, also the Dravida Munnetra Kazhagam (DMK) president said that years ago, newlyweds were advised to not have children immediately following marriage.

However, the same thing must not be advised now and also there was no need for that. "It is because a situation has now arisen, according to which only a higher population would ensure more MPs as the delimitation exercise would be on the basis of population," Stalin

said Tamil Nadu paid attention to population control and succeeded and that was the reason for the state's plight today, he added. "I will not tell you to not have children hastily, have children immediately; but give them beautiful Tamil names," he said, directly appealing to the bride and bridegroom. Further, he said that the question of

delimitation is related to Tamil Nadu's rights and protecting its interests and hence, the matter must not be evaluated politically.

The union government is planning to implement the three-language policy through compulsion and similarly in the delimitation exercise, it is attempting to cut down the number of seats for Tamil Nadu, Stalin alleged, addressing

the function here. Against this background an all party

meeting has been organised on March 5 on the proposed delimitation exercise and most parties out of 40 have confirmed their participation and a few others have said they would not be taking part. Appealing to such parties, the chief minister said they should not evaluate the issue through the prism of politics

BJP and former Union Minister G K Vaasan led TMC (Moopanar) were the key parties that have said they would not take part in the meeting. "I would like to appeal to them, please give a thought to it, this is not an issue between the DMK and your party.

The issue is all about Tamil Nadu and its interests and rights and hence parties that have declared that they would not take part should also participate, he appealed.

Stalin recently escalated the ongoing language row between Centre and State, responding to Union education minister Dharmendra Pradhan's call to "rise above politics". Stalin reaffirmed the State's commitment to its two-language policy and cautioned the Centre against throwing stones at a beehive".

The DMK government in TN and BJP led NDA government at Centre have at loggerheads over the been implementation of New Education Policy (NEW) in the state. Stalin blamed Education Minister Dharmendra Pradhan for doing politics in education. Pradhan advised Stalin after the latter wrote a letter to Prime Minister Narendra Modi opposing the linking of two centrally sponsored programmes with the NEP.

The education minister asked the Tamil Nadu chief minister to rise above political differences and "think about the interests of the young learners".

Stalin has refused to implement the NEP and three-language policy, involving the necessity of Hindi, asking the Centre to not "impose" the language.

SC issues rider to Allahbadia on airing podcast

PIONEER NEWS SERVICE NEW DELHI

Established 1865

BHUBANESWAR, TUESDAY MARCH 4, 2025; PAGES 12 ₹4

The Supreme Court on Montal, and Production Production of the Product of the Prod The Supreme Court on Monday allowed "The Ranveer Show" subject to maintaining "morality and decency" and an undertaking that it was suitable for all ages.

A bench of Justices Surya Kant and N Kotiswar Singh took note of Allahbadia's submission that the podcast was his only source of livelihood and around 280 people employed by him were dependent on the show.

The bench also extended the interim protection from arrest granted to Allahbadia till further orders, while asking him to join investigation in Guwahati.

Solicitor general Tushar Mehta, appearing for the Centre and states like Maharashtra, Assam and Odisha, said the comments made on the contentious YouTube show "India's Got Latent" was not only vulgar but perverse and urged the court not to modify the condition of not airing any show.

"Let him remain silent for sometime," he said

The bench told senior advocate Abhinav Chandrachud, who was representing Allahbadia, that fundamental rights were not (served) on a platter and came with certain restrictions.

Justice Surya Kant pointed out one of the accused in the case went to Canada and spoke on the case.

"These youngsters may think that we are outdated but we know how to deal with them. Don't take the court lightly," the judge cautioned.

The bench subsequently restrained Allahbadia from speaking anything related to the case on his show.

The Centre in the meantime was directed to come up with a draft regulatory mechanism on social media content, which should be put in public domain aside from gathering suggestions from all stakeholders

The bench, however, refused to allow him to travel abroad for now and said his prayer would be considered once he joined the

investigation in the case.

Shahzadi Khan (L) pictured here when she was alive; her father Shabbir Khan (R) speaks to press afte her execution

PIONEER NEWS SERVICE NEW DELHI

 A^n Indian woman on death row in Abu Dhabi for the alleged murder of a four-month-old child has already been executed on February 15, the Delhi High Court hearing her father's plea about her well-being was informed on Monday. On being informed about the development, Justice Sachin Datta termed it "very unfortunate".

"It is over. She was executed on February 15. Her last rites will be held on March 5," Additional Solicitor General Chetan Sharma told the court. The submission was made in a hearing on a petition by the 33-year-old woman's father seeking to know her well-being.

Shahzadi Khan was handed over to the Abu Dhabi police on February 10, 2023 and she was sentenced to death on July 31, 2023. She was lodged in the Al Wathba jail. Shabbir Khan, a resident of Uttar Pradesh's Banda, said there was "profound uncertainty" regarding his daughter Shahzadi's situation and his repeated applications to the Ministry of External Affairs (MEA) for clarification were fruitless.

The plea further alleged that Shahzadi was inadequately represented before the local courts in the case over the alleged murder of her employer's fourmonth-old child and she was pressured into confessing, leading to the imposition of the death penalty on her. During the hearing, the petitioner's counsel said his limited prayer was to know whether his daughter was alive or she had been hanged.

He said on February 14, Shahzadi had called the family from the prison saying that she would be executed in a day or two and this would be her last call. Since then, they were unaware of her well-being, he said. The Centre's counsel told the court that the Embassy officials and the petitioner were in touch and arrangements were being made so that the family could attend their daughter's last rites in Abu Dhabi.

"We did our best. We hired a law firm there to represent her in court. But the laws there deal with the murder of an infant very severely," he submitted.

The petition said, "On February 14, 2025, the petitioner's daughter telephoned him from detention, informing him that she had been relocated within the facility and that, prior to her potential execution, her final wish was to speak with her parents."

The petitioner, with considerable effort, submitted an application dated February 21, 2025 to the Ministry of External Affairs, seeking to ascertain the current legal status of his daughter and confirm whether she remains alive or has been executed," it added.

of crimes against women are being swiftly apprehended and sent to judicial custody. emphasised He his administration's firm stance on pursuing these cases diligently in court.

On March 1, the Congress' rally demanded urgent government action to safeguard women. OPCC president Bhakta Charan Das launched a sharp attack on the BJP-led government accusing it of failing to maintain law and order since assuming office eight months ago. He alleged that the Mohan Majhi administration had been ineffective in addressing crimes against women.

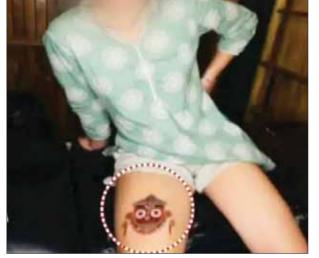

Jagannath tattoo on foreign woman's thigh triggers row

Tattoo shop owner arrested after plaint lodged PNS BHUBANESWAR

 ${
m A}$ tattoo depicting Lord Jagannath on a foreign woman's thigh has triggered outrage among devotees.

The woman, whose identity was yet to be revealed, was seen exhibiting a tattoo of the revered deity on her thigh at a tattoo parlour in Bhubaneswar.

Irate members of the Hindu Sena have lodged a complaint in this connection with the Saheed Nagar police citing cultural sacrilege, prompting an investigation into the incident.

cial media. This act has trig-The uproar began when the tattoo, created at a capital city gered further discussions tattoo parlour, gained wideabout cultural sensitivity and spread attention after the respect towards religious woman posted images on sosymbols.

Netizens on social media and religious groups voiced concerns, urging for a more considerate approach in handling depictions of culturally significant figures like Lord Jagannath. The illustration on a less respectful body placement is seen as an affront to the deity's sanctity. However, sources said po-

lice arrested Rocky Ranjan Bishoyi, owner of 'Rocky Tattooz', in connection with the incident. The foreign woman had got the controversial tattoo made at his parlour.

Earlier, Rocky and the woman in a social media message had apologised for the incident for hurting the sentiments of people.

Part plot registration in State from April Draft proposal sent to Revenue Dept

In a bid to assist land owners to sell their part plots, the State Urban Development Department has prepared a draft proposal, which has been sent to the Revenue Department for review, said Revenue Minister Suresh Pujari on Mon-

The Revenue Department would examine the draft proposals and issue a formal notification after making necessary amendments by March. It means that the sale of part plots is expected to start from April.

This move is part of a broader strategy to streamline urban planning and land use across the region. The proposal aims to ensure transparent allocation of land, addressing longstanding challenges in plot distribution.

Pujari assured that the necessary infrastructure and technology would be in place to support this initiative, providing an

achieving equitable land distribution in the State.

According to Pujari, various departments have roles in part plot sale and other issues in registration of apartments. As there is revenue loss, the Revenue Department has decided to see how part plots can be sold via guidelines so that the persons who buy a plot would get access to roads and other facilities which was not possible earlier.

"We have asked Urban Development authorities and RERA and already the first notification, which was implemented, has been amended. It will not be applicable to those who have purchased apartments prior to the issue of the notification," said Pujari.

For outstanding overall performance in bulk cargo handling PNS PARADIP

The Paradip Port has been conferred the prestigious No.1 Sagar Anklan certificate for outstanding overall performance in bulk cargo handling in greater than or equal to 5 MMT category in FY 2023-24 by Minister of MoPSW Sarbananda Sonowal.

Deputy Chairman, PPA, Nilabhra Dasgupta received the award in Mumbai at the recently held Post Budget Industry Meet to deliberate on transformative impact of Viksit Bharat Budget 2025 on India's Maritime Sector.

Sagar Ankalan - the Logistics Port Performance Index (LPPI) for FY 2023-24, is a significant step towards enhancing efficiency and global competitiveness in India's maritime sector.

leap towards making India a

maritime powerhouse, contributing to Atmanirbhar Bharat and a developed India by 2047. Congratulating Team PPA for the remarkable achievement, Chairman, PPA PL Haranadh said that it will

rels in coming times for the overall growth of the country.

It may be noted that by February end in current fiscal, PPA is the fastest in the history of Indian Major Ports to clock 136.25 MMT cargo throughput till February end, inspite of huge market challenges like drop in export iron ore demand and thermal coal.

The port is poised to set all time record cargo handling of current fiscal. Coastal thermal coal handling constitutes around 30% of total cargo volume handled at the port and it has shown 4.65% growth. Containerised cargo volume has grown by 175.58% and gypsum and flux volume has surged by 2.86% Y-o-Y in the current fiscal.

transplanted en-bloc into a single adolescent patient at AIIMS Bhubaneswar. This complex surgical procedure was performed under the leadership of Dr Prasant Nayak.

Janmesh became the youngest organ donor in Odisha. Additionally, this was only the second

instance of en-bloc kidney transplantation in the State, a highlyspecialised surgical approach where both kidneys from a pediatric donor are transplanted together into a single recipient.

The decision made by Janmesh's parents stands as a testament to human kindness and selflessness. The father of Janmesh has been working as hostel warden at AIIMS Bhubaneswar.

Interview of the week Man who deals with economic offences in Odisha

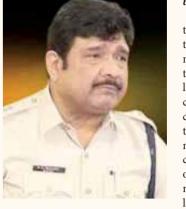

SUGYAN CHOUDHURY

If discretion is the better part of valour, he possesses it in abundant neasure. Dillip Kumar Tripathy, having a penchant for detecting the crime, keeps his eyes and ears open together with a nose for such news on economic crimes and financial frauds. He is currently working as the Superintendent of Police, Economic Offences Wing (EOW), Bhubaneswar. Today, the EOW has a ubiquitous presence visibly felt through the nook and corner of Odisha. Tripathy is also the ex-officio IIC of the EOW police station at the State capital Bhubaneswar. He has been in the news for achieving sanguine success in detecting crimes and nabbing criminals with the rarest accuracy. Interestingly enough, Tripathy possesses a knack for poetry that keeps his boredom at bay

In an interview to The Pioneer, Tripathy spoke to Sugyan Choudhury on the many crux of ssues concerning the EOW.

What is the Economic Offences Wing (EOW), and under whose leadership does it operate?

The EOW is a division of CID, CB, functioning as a dedicated police station for economic crimes. It operates under the leadership of the DGP Crime. The overall control rests with an IG or DIG assigned as the Controlling Authority, with the DGP Odisha at the apex. Established in 2011 and designated as a police station in 2012, the EOW was created to combat economic offences, focusing on their registration, investigation, and prosecution. The EOW has jurisdiction throughout Odisha and functions as the nodal agency, facilitating investi-

DILLIP KUMAR TRIPATHY

Police (SP) for investigation.

How has public trust in the EOW evolved over time? What is your conviction rate?

As the SP of this organisation, I have observed that people's trust in the EOW is gradually increasing. Instead of approaching other forums or police stations to file financial fraud complaints, the public now prefers to come directly to us and register their complaints. Since its inception, the EOW has maintained a 100% conviction rate, reflecting our commitment to justice and excellence.

What is the EOW's role concerning the Financial Intelligence Unit and combating fake currency notes?

The EOW functions as the State's nodal agency for the Financial Intelligence Unit (FIU), similar to the Intelligence Bureau's role at the national level. All financial intelligence-related information is routed through us. Additionally, the EOW serves as the nodal agency for combating the circulation of Fake Indian Currency Notes (FICN).

Which Central and State agencies does the EOW coordinate with for investigations?

The EOW works in close coordination with key Central and State agencies, including Reserve Bank of India (RBI), Enforcement Directorate (ED), Income Tax Department, Central Bureau of Investigation (CBI), Crime Investigation Bureau (CIB), Securities and Exchange Board of India (SEBI) and Interpol. As far as the Bhubaneswar EOW is concerned, we investigate cases related to land fraud, bank fraud and cyber fraud, particularly those involving substantial financial

what measures are needed to com bat these evolving threats?

Today, it is almost impossible to encounter a financial fraud case that does not involve some element of cybercrime. From identity theft and phishing scams to large-scale data breaches and cryptocurrency frauds, cybercriminals have adapted to the digital revolution with remarkable agility. To effectively counter these challenges, organisations like the EOW must not only advance their technological capabilities but also invest in skilled professionals who can leverage emerging technologies to detect and investigate fraudulent activities.

What measures has the EOW implemented to combat financial fraud in the digital era, including cryptocurrency scams and complex money laundering tactics?

Fraudsters have evolved Ponzi schemes from traditional cashbased networks to sophisticated digital methods, exploiting online financial platforms, social media, and cryptocurrency wallets. Additionally, money laundering techniques such as layering further complicate investigations. By transferring illicit funds through multiple accounts, shell companies, offshore entities and various financial instruments, criminals create a complex financial web that obscures the origin and ownership of the money.

What actions is the EOW taking to combat illegal land grabbing and bring the perpetrators to justice?

Land grabbers have set their sights on government lands, taking possession of acres without proper documentation. They put up a strong fight against us by creating false land documents such as Hata Patta, Datta Patra, etc., to litigate the matter or illegally acquire government lands. We have registered several such land fraud cases and are making every possible effort to ensure these criminals are brought to justice.

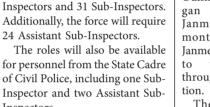

What legal and diplomatic hurdles does the EOW face when dealing with cross-border financial crimes?

Economic offences have both national and international ramifications. In seven out of eight cases investigated by us, the offenders are currently residing outside India and have applied for permanent residency in foreign countries. However, they remain under our radar. To track them down and ensure they face justice, we collaborate with Interpol and employ all necessary proactive measures to bring them to account.

scored OUTR's dedication to driving progress, shaping transformative ideas and setting new benchmarks for academic excellence.

gations into economic offence cases

What is the process followed when a complaint is submitted to the EOW?

We receive thousands of complaints, but the EOW cannot investigate each one. Upon receiving an application, we first verify whether it meets the required standards and parameters for investigation. If it does not qualify, the case is assessed for transfer to another relevant agency such as Vigiance or the Enforcement Direcorate (ED). The EOW can invesigate a case only if the financial fraud involved meets or exceeds the threshold amount of Rs.1 crore. If the fraud amount is less, the case is referred to the concerned district's Superintendent of amounts. Can you provide an example of a recent high-value financial fraud

case investigated by the EOW? A recent case involved financial misappropriation exceeding ?16

crore at the State Bank of India (SBI). In this case, ineligible individuals fraudulently secured a loan from the bank. The loan in question was an Express Credit Loan, specifically designed for the corporate sector. The perpetrators orchestrated a criminal conspiracy, falsely identifying themselves as employees of a corporate entity. They submitted forged documents and successfully availed the loan from a single bank branch through deceptive means.

How has the rise in cybercrime impacted financial fraud, and

You have a profound inclination toward poetry, but how do you balance it with your busy professional life?

I have always had a deep inclination toward literature and poetry. It is not that I ever aspired to become a poet or wrote with the intention of achieving that. The words come to me naturally. Poetry not only provides me with relief from stress but has a healing effect on me.

Traffic congestion in BBSR State Govt ropes in IIT Madras as consultant

Pilot study to be conducted at Jaydev Square

PNS BHUBANESWAR

In a bid to solve the traffic congestion in Bhubaneswar, the State Government has roped in the IIT Madras as consultant for a scientific study aimed at optimising vehicle flow at the Jayadev Vihar Square intersection.

The decision was taken after a proposal by the Commissionerate police to address congestion caused by issues such as poor lane discipline, mixed traffic and

blocked junctions.

The IIT Madras, serving as the State's road safety consultant, would conduct a pilot analysis at Jayadev Vihar Square and its adjoining flyover area. The study would assess peak-hour delays, pedestrian movement and vehicle patterns to propose efficiency upgrades, including reduced waiting

times The plans for a detailed study of the traffic come after the State recently gave nod to a plan for an elevated corridor along the Jayadev Vihar-Nandankanan stretch. On February 11, Works Minis-

ter Prithviraj Harichandan had staid, "Large partitions of the corridor are scheduled for completion by 2027-28." Additionally, the

4-lane flyover would feature strategic exits for seamless transitions between service roads and the overhead lane. The new flyover would connect to the existing NH-16 overpass

without demolishing it, ensuring uninterrupted traffic flow from Jayadev Vihar to Nandankanan. As such, key junctions like Damana Square and Patia Square, which face traffic jams, would benefit from improved road access beneath the elevated structure.

CUTTACK he Orissa High Court has ex-

pressed deep concern over the huge exodus of government doctors and suggested the State's Department of Health and Family Welfare to bring in necessary amendments to the Odisha Civil Services (Pension) Rules, 1992 so as to check the largescale exit of doctors through voluntary retirement scheme.

Dr Justice Sanjeeb Kumar Panigrahi observed, "A troubling pattern has emerged as doctors across the country continue to seek voluntary retirement in alarming numbers. This is not merely an administrative inconvenience but a growing public health crisis."

"If left unaddressed, this unchecked exodus will weaken the very foundation of the healthcare system. It will leave the sick without healers, the suffering without aid, and the state unable to fulfill its most fundamental duty, which is the protection of life," he added.

Case background: Dr Snigdha Prava Mishra, Professor at MKCG Medical College Hospital, Brahmapur, was transferred as the Superintendent of SRM Medical and Hospital, Bhawanipatna in 2024. However, she was unhappy with the transfer and requested to be transferred to Shri Jagannath Medical College Hospital, Puri.

However, her request was rejected, following which she went on leave on health grounds. When directed to join the duty back after her leave, she applied for voluntary retirement on grounds of illness. She later approached the High Court after her voluntary retirement request was rejected.

HC expresses concern over exodus of govt doctors

To address the issue, the High Court referred to the Supreme Court's judgment in State of Uttar Pradesh and Ors. v. Achal Singh (2018), where the question was whether an employee has an unfettered right to seek voluntary retirement by serving a three-month notice to the State government or the government can decline such a request in the public interest.

The court observed, "In case of voluntary retirement, gratuity, pensions, and other dues, etc., are payable to the employee in accordance with rules; and when there is a requirement of the services of an employee, the appointing authority may exercise its right not to accept the prayer for voluntary retirement."

"In case all the doctors are permitted to retire, in that situation, there would be a chaos and no doctor would be left in the government hospitals, which would be against the concept of the welfare state and injurious to public interest," it added.

PM Modi takes lion safari at Gir wildlife sanctuary on Wildlife Day

PIONEER NEWS SERVICE SASAN

Prime Minister Narendra Modi went on a lion safari at Gir Wildlife Sanctuary in Gujarat's Junagadh district on Monday morning, on the occasion of the World Wildlife Day. On World Wildlife Day,

Prime Minister Narendra reiterated the Modi commitment to protect and preserve the incredible biodiversity of the planet.

On December 20, 2013, the 68th session of the United Nations General Assembly decided to proclaim March 3 as World Wildlife Day to celebrate and raise awareness about the world's wild fauna and flora. on

"Today, #WorldWildlifeDay, let's reiterate our commitment to protect and preserve the incredible biodiversity of

our planet," Modi said. "Every species plays a vital role - let's safeguard their future for generations to come! We also take pride in India's contributions towards preserving and protecting wildlife," the prime minister said.

In a social media, Modi said the population of Asiatic lions has seen a steady rise due to collective efforts, and commended the contribution of tribals and living women in

surrounding areas in preserving the Asiatic lion habitat. morning, "This on

majestic #WorldWildlifeDay, I went on a Safari in Gir, which, as back many memories of the we all know, is home to the work we collectively did

ensured that the population of Asiatic Lions is rising Equally steadily. commendable is the role of

tribal communities and women from surrounding areas in preserving the habitat of the Asiatic Lion," Modi added.

"Over the last decade, the population of tigers, leopards, rhinos have risen too, indicating how deeply we cherish wildlife and are working to build sustainable habitats for animals," he said in another tweet. The prime minister also posted pictures of lions that he came across during the safari.

Minister Union of Environment, Forest and Climate Change Bhupender Yadav, other ministers and senior forest department officials accompanied Modi during the safari.

The Prime Minister later went to chair the seventh meeting of the National

Board for Wildlife at Sasan Gir, the headquarters of the Gir Wildlife Sanctuary.

The central government has approved more than ₹2,900 Crore for Project Lion, meant for the conservation of Asiatic lions for which Gujarat is the only abode, stated a government release. Currently, the Asiatic lions inhabit nearly 30,000 square kilometres across 53 talukas in 9 districts of Gujarat, it said.

Additionally, as part of a national project, a National Referral Centre for Wildlife is being established on over 20.24 hectares of land at New Pipalya in Junagadh district, it said.

A high-tech monitoring centre for wildlife tracking a state-of-the-art and hospital have also been set up in Sasan to strengthen conservation efforts, the release said. Earlier, Modi had a night halt at Sinh Sadan, a forest

nation 04

guest house managed by the state forest department, in Sasan after his arrival from Somnath where he offered prayers at the Lord Shiv temple, the first among 12 jyotirlingas, on Sunday evening. On Sunday, Modi also visited Vantara, an animal rescue, conservation and rehabilitation centre located at the Reliance Jamnagar refinery complex. It is a rescue centre dedicated to the welfare of elephants and captive wildlife, providing sanctuary, rehabilitation and wildlife,

medical care to animals rescued from abuse and exploitation.

HC seeks response on bail of Parliament attack accused

PIONEER NEWS SERVICE NEW DELHI

The Delhi High Court on Monday asked the Delhi Police to file its reply on a bail plea filed by Neelam Azad, the sole woman accused arrested in the December 13, 2023 Parliament security breach case.

A bench of Justices Prathiba M Singh and Rajneesh Kumar Gupta also issued notice to the prosecution on Neelam Azad's application seeking condonation of delay in filing the appeal challenging a trial court's September 11, 2024 order dismissing her bail plea.

The court noted there was a delay of 142 days in filing the appeal while the law stipulates a maximum of 90 days for doing the same.

The high court, which initially said the delay was not condonable under the Unlawful Activities (Prevention) Act (UAPA) and the appeal could not be entertained, was apprised of a Supreme Court order which stated that such appeals cannot be dismissed.

The High Court was informed that recently the apex court has passed an order directing that appeals preferred by the accused will not be dismissed on account of non-condonation of delay beyond 90 days.

The prosecution contended

that the appeal was not maintainable as it was barred by limitation and that Neelam Azad was allegedly part of a deep-rooted conspiracy with other co-accused and there was sufficient evidence that she was in contact with them over the phone. The bench orally observed,

"What was she (Azad) trying to do? In Parliament, she was throwing smoke canisters? What is this?

she was not carrying any explosives in the Parliament and was standing outside. The court listed the matter for further hearing on April 16 and called for the

electronic record of the trial court in the case. During the arguments, the counsel

counsel appearing for Neelam Azad submitted before the high court that she was not involved in the breach of Parliament security and she had not entered the House. She was standing MPs. outside Parliament, the court was also told. On the issue of delay in filing the appeal, the counsel said Azad belonged to a poor family and they had

no money to come to Delhi. However, the bench said the appeal was filed almost six months after the trial court passed the order. The trial court had rejected Neelam Azad's bail plea, saying there was sufficient evidence to believe that

allegations against her were "prima facie" true. It noted that all the accused persons - Neelam Azad, Manoranjan D, Sagar Sharma, Amol Dhanraj Shinde, Lalit Jha and Mahesh Kumawat - already had the knowledge about the threat given by designated terrorist

Gurpatwant Singh Pannu for targeting Parliament on December 13, 2023. Despite the threat perception, Neelam Azad's counsel said the accused persons being

aware of the same carried out the alleged offence in Parliament on the same day, it observed.

In a major security breach on the anniversary of the 2001 Parliament terror attack, Sharma Sagar and Manoranjan D jumped into the Lok Sabha chamber from the public gallery during Zero Hour, released yellow gas from canisters and shouted slogans before they were overpowered by some

Around the same time, two other accused - Amol Shinde and Neelam Azad - sprayed coloured gas from canisters while shouting "tanashahi nahi chalegi" outside Parliament premises.

These four were taken into custody from the spot, while Lalit Jha and Mahesh Kumawat were arrested later. The prosecution had opposed the bail application, calling the offence "grave".

environment for women

PIONEER NEWS SERVICE NEW DELHI

U Ram Meghwal on Monday stressed on the need to create a safer digital environment for women, ensuring their dignity and participation in nation-building. Speaking on the rising threat of cyber crimes during his address at the Review Final Law "Cyber Consultation on Laws Relating to Women" and Cyber Awareness Programme by the National Commission for Women (NCW), Arjun Meghwal urged citizens, especially women, to adopt strong passwords and limit sharing personal information on social media.

"Use strong passwords and share minimal personal details online. Cyber offenses are such that we often get trapped unknowingly. Avoid long conversations with strangers and remain vigilant while interacting with unknown people online. If a cyber crime occurs, report it to the police immediately," he said.

Meghwal also highlighted the government's efforts to address emerging challenges in the digital space, including artificial (AI)-driven intelligence misinformation campaigns, cyberbullying, fake profiling

and video manipulation. "The new laws we have enacted address these issues comprehensively. We have incorporated provisions to deal with AI-based misinformation, digital arrests and other cyberrelated offenses," Meghwal said.

The minister stressed the need to create a safer digital environment for women, ensuring their dignity and

participation in nation-NFW DFI HI

building. "Cyber security is a critical issue and it is essential to understand its relationship with women.

Women must continue to contribute to the country's progress without fear. Cyber crimes should not deter moving them from forward," he said. Meghwal also unveiled a book titled 'Cyber Saheli',

aimed at educating families about cyber safety. "There is no need to fear cyber threats. 'Cyber Saheli'

On October 3, 2016, the Supreme Court awarded a 25-year jail term without the penefit of remission to Vikas Yadav and his cousin Vishal for their role in the sensational kidnapping and killing of Katara.

PIONEER NEWS SERVICE NEW DELHI

Sector 111-114 Faridabad keeping the plot buyers in "disarray" and committing fraud on investors and luring them to "surrender" their units, The Enforcement Directorate (ED) Monday said it has identified assets worth thousands of crores of rupees following searches in Delhi-NCR against realty firm WTC Group according to the ED. During the searches, the agency and Bhutani Group. The raids said, documents related to were conducted on February 27 collection of more than ₹3,500 Crore from various investors were found against 15 projects in Delhi-NCR. It was not stated by the ED where these documents were recovered from. Out of the 15 major projects being undertaken by the group (WTC), very few deliveries have been given "indicating a

well-orchestrated Ponzi scheme" and creation of assets in the name of other entities and siphoning off the funds abroad, it said.

"It was also unearthed during search action that more than ₹200 Crore has been siphoned to Singapore and the, US indicating investments overseas for acquiring of overseas assets. "Additionally, incriminating documents related to the WTC Group and Bhutani Group were seized wherein assets worth thousands of crores in market value have been transferred to the Bhutani Group at a nominal value, thus transferring the proceeds of crime (POC) at a

nominal price," the agency alleged. Documents related to "cash" transactions were also found, it said.

The agency said it seized several "incriminating" documents related to diversion, layering of funds apart from property documents like sale and registration deeds and laptops, hard drives etc were also seized. Additionally, assets to the tune of thousands of crores have been identified in the name of

WTC group," it said. Fixed deposits of WTC Group of companies have also been frozen and seized along with jewellery and bullion worth ₹1.5 Crore, the ED said.

at a dozen locations in Delhi, Noida (Uttar Pradesh) and Faridabad and Gurugram (both in Haryana) against WTC Group and its promoter Ashish Bhalla, and Bhutani Group and its promoter Ashish Bhutani under the provisions of Prevention of Money Laundering Act (PMLA), the federal agency said in a state-ment. The ED said the case stems

WTC Group and its promoters Ashish Bhalla, Suparna Bhalla, Abhijeet Bhalla, and Bhutani Infra and others for alleged cheating, criminal breach of trust and committing fraud on hundreds of homebuyers.

These police cases were registered on the basis of complaints from "hundreds" of homebuyers and investors.

The Bhutani Infra said in a statement last week that it severed all ties with the WTC Group recently and "is now fully cooperating with the ED in its investigation." No comment was immediately available from the WTC Group.

The ED said the police FIRs allege that WTC Faridabad Infrastructure Private Limited and its promoters "lured" the general public to invest in their project at Sector 111-114 of the city for residential plots.

The promoters or directors

hatched a "criminal conspiracy" and "siphoned off" the plot buyers' hardearned money by

not completing the project within the stipulated time and "non-delivery" of the plots for more than 10 years, it said.

BJP MLAs, Hindu groups demand ban on Muslim participation in Braj Holi

BISWAJEET BANERJEE LUCKNOW

fresh political controversy A fresh political controversy has erupted in Uttar Pradesh ahead of the Braj Holi celebrations in Mathura-Vrindavan, as BJP lawmakers and Hindu religious groups push for a ban on the participation of Muslims in the festival.

The demand has reignited debates on religious inclusion and the growing communal divide in the state's politics.

BJP MLA Rajesh Chaudhary openly backed the proposal, alleging that Muslim participa-tion in Hindu festivals leads to

social discord. "By participat-ing in our festival, they carry out incidents like love jihad and harassment," he claimed, echoing a narrative often used by right-wing groups to accuse Muslim men of targeting Hindu women.

Adding weight to the demand, the All India Sant Samiti, a prominent Hindu religious organisation, has urged the Yogi Adityanath-led government to impose restrictions on non-Hindu participation. Swami Jitendranand Saraswati, the organisation's national gen-eral secretary, accused Muslims

Settlement in this regard.

TMC's 24-hour ultimatum to ECI

"They want to spoil the color of our celebrations. They want bread from Kumbh and fun from our Holi. We demand a complete ban on the entry of non-Hindus into Mathura-Vrindavan's Holi festivities," he said

The push for restrictions has also extended to economic activities near Hindu religious sites. Dinesh Falahari, an advocate involved in the legal battle over the Shri Krishna Janmabhoomi temple in Mathura, has written a letter in blood to Chief Minister Yogi Adityanath, calling for a ban on Muslim vendors near temof attempting to disrupt Hindu ples. He claimed that members

of the Muslim community could "defile" food and colors used during the Holi celebrations and accused them of disrespecting Hindu scriptures.

The demands have sparked sharp reactions from opposition parties and minority leaders, who see them as part of the BJP's larger electoral strategy to consolidate its Hindu vote bank ahead of upcoming elec-tions. While the Uttar Pradesh government has not issued an official response, critics argue that such statements are in line with the BJP's broader push to reinforce religious divides in politically significant regions

The government identified 16

month, he said.

like Mathura.

Meanwhile, Muslim religious leader Chaudhary Ifrahim Hussain dismissed the controversy, stating that Muslim participation in Holi is already minimal.

"Colours are used in Holi, which is not acceptable in Islamic beliefs. The Muslim community should not have any objections," he said.

With the festival days away, the issue has further deepened the fault lines in Uttar Pradesh's political landscape, raising concerns over whether communal rhetoric is being used as a tool to polarise voters in the state.

Mahakumbh 2025 unlocks new horizons for religious tourism in UP

PNS PRAYAGRAJ

Mahakumbh 2025 has paved the way for new possibilities in religious tourism in Uttar Pradesh. The temple corridors developed by the state government are set to play a crucial role in this transformation.

With five major spiritual corridors connecting Prayagraj, they have begun scripting a new chapter in the state's reli-gious and cultural landscape. Mahakumbh was a conflu-ence of faith and a grand cultural spectacle.

Various states showcased their unique traditions and her-itage through dedicated pavil-ions, attracting millions of visitors. Among them, the UP Darshan Mandapam emerged as the most visited pavilion. displaying the diverse cultural and tourism aspects of Uttar Pradesh.

According to Aparajita Singh, Regional Tourism Officer of Prayagraj, more than one lakh people visited the Mandapam daily during regular days of the Mahakumbh, while this number surged beyond two lakhs during major bathing festivals. Throughout the 45day event, more than 65 lakh visitors explored the UP Darshan Mandapam, making it the most frequented pavilion of Mahakumbh 2025.

The significance of Mahakumbh extends beyond the event itself, as it has laid the groundwork for a wellconnected religious tourism

A devotee prays after taking holy dip in Maha Kumbh Mela 2025

Prayagraj to the revered temples of Vindhyachal Devi Dham and Kashi. At the same time, the Prayagraj-Ayodhya-Gorakhpur Corridor links Prayagraj to the sacred cities of Ayodhya and Gorakhpur. Another key development, the Prayagraj - Lucknow -Naimisharanya Corridor, establishes a direct connection between Prayagraj, the state capital of Lucknow, and the spiritual hub of Naimisharanya.

The Prayagraj-Rajapur-Chitrakoot Corridor extends religious tourism to the leg-endary site of Chitrakoot, and the Prayagraj-Mathura-Vrindavan-Shuktirtha Corridor connects Prayagraj with the Krishna circuit, including Mathura, Vrindavan, and the holy site of Shuktirtha. These corridors are expected to provide devotees with a structured and convenient experience while boosting local economies through increased tourism activity. In addition to developing these has focused on rejuvenating key religious sites in Prayagraj. The construction of temple corridors and the revitalisation of historic temples are set to have a lasting impact on religious tourism.

Among the significant projects, the Hanuman Temple Corridor near the Sangam has been developed to accommodate the growing number of devotees.

The Akshayvat Temple and Saraswati Koop Corridor, as well as the Nagvasuki and Alop Shankari Devi Corridor in Daraganj, have further enhanced the accessibility and spiritual significance of these revered sites

Other notable developments include the Bhardwaj Âshram Corridor and the revitalisation of Shringverpur Dham, both offering devotees an enriched religious experience. Additionally, the creation of Shivalaya Park and Triveni Pushp Parmarth Niketan adds a serene and spiritual dimension to the city's tourism landscape.

NDPP taking steps for peaceful resolution of Naga issue: Governor increase meat production, grammes aimed at improving

PTI KOHIMA

Nagaland Governor La Ganesan on Monday asserted that the state's NDPP-led Opposition-less government has collectively taken steps to ensure peaceful resolution of the Naga Political Issue.

Addressing the 60-member Nagaland Assembly on the first day of the week-long budget session, Ganesan said the state has been working to fulfil its commitment to the people of the northeastern state.

"This House has collectively taken steps to ensure peaceful resolution of the Naga Political Issue. As assured on the floor of this House by the Chief Minister, my Government held a consultative meeting with the apex and influential tribal bodies and civil society organisations on September 12 last year to addressed," Ganesan said.

academic institutions. Some Leftist goons who had disrupted the State for three decades tried to interrupt but have been chased away," said TMC leader Kunal Ghosh adding "the Government will not allow any indiscipline."

Telangana tunnel collapse: Rescue teams Haryana police arrest 'friend' focus on scientist-identified locations of Himani Narwal for strangling

PTI NAGARKURNOOL

Rescue teams involved in Telangana tunnel collapse operation are inspecting locations identified by scientists for possible human presence, following a radar survey, as they only detected metals at other spots, officials said on Monday.

Scientists from the National Geophysical Research Institute (NGRI) in Hyderabad conducted a Ground Penetrating Radar (GPR) survey inside the tunnel to look for signs of human presence. They (are) trying at the other locations (given by scientists). The scientists are ready to conduct GPR survey again at any other points," they said.

The challenging conditions inside the tunnel, including slush and water, complicated the efforts of both rescue personnel and scientists. However, officials noted that with improving conditions the scientists are ready to carry out the survey again. Drilling was also carried out at locations where NGRI scientists had detected "anomalies" inside the tunnel. However, only metallic objects were found.

Meghalaya CM warns of water crisis

PTI SHILLONG

Meghalaya Chief Minister Conrad K Sangma on Monday raised concerns over the state's escalating water crisis, stating that a recent study identified 792 critical water sources, some beyond rejuvenation, despite projects worth ₹8,000 Crore being implemented in the state.

The CM said the state government has set up a climate council, with him at the helm, alongside other water-related departments, to hold dialogues and address the crisis.

"Over 70,000 springsheds have been identified, of which more than 55,000 have been mapped across Meghalaya. Steps are being taken on a war footing to rejuvenate the 792 critical water bodies," Sangma informed the Assembly during the question hour.

"After conducting a study, we found that 792 out of the Sunday said he spoke to the 55,000 mapped springsheds, which serve as water sources B B Batra said Himani was a "very good and active" workfor the Jal Jeevan Mission, are in a critical condition, with many completely dried up," he added.

> He said the soil and water conservation department has come up with ₹32 Crore pro-

ject and 67 springsheds will be rejuvenated to bring back life

to these water sources. According to the Chief Minister, 1,601 springsheds have been constructed in the last five years at a cost of ₹46.62 Crore under the Mahatma Gandhi National Employment Guarantee Scheme (MGNREGS).

"Each of the 1,601 springsheds are success stories in itself," Sangma said while informing that the village employment councils (VECs), people and the community are monitoring and looking after these assets

that have been created. Sangma informed that with the availability of gadgets, we are able to monitor the level of water in the springs and almost 13,000 volunteers (VCFs) have been trained for the purpose. He also informed that a \$62 Million project funded by the Asian Development Bank (ADB) is underway to rejuvenate springsheds, which includes the construction of 532 structures such as check

dams. Sangma added that Meghalaya is one of the few states to have a water policy in place, with over ₹4,000 Crore worth of projects.

-PAPER WITH PASSION-

A fresh start or fleeting relief?

With N Biren Singh's exit and AT's surrender of arms, Manipur shows signs of normalcy—but is the peace lasting?

he conflict in Manipur, marked by ethnic tensions between the Meitei and Kuki-Zomi communities has shown some positive development in the recent weeks. The surrender of arms by Arambai Tenggol (AT), Home Minister Amit Shah's firm stance on opening all roads and the resignation of Chief Minister N Biren Singh have created new possibilities for peace in the violence-stricken state. However, the underlying tensions and the continued presence of weapons in the region, mean that true reconciliation remains a complex challenge. One of the most notable recent events was the voluntary surrender of 246 weapons by the AT group on February 27, following the appeal made by Manipur Governor Ajay Kumar Bhalla. This move is being seen as a crucial step towards de-escalation, as it marks the largest voluntary surrender of arms in the state since the ethnic conflict began in May 2023. However, security officials and observers caution that the surrender may not indicate a complete loss of AT's firepow-

er. Reports suggest that only a fraction of the looted sophisticated weapons has been returned, with country-made firearms making up a large portion of surrendered arms. Furthermore, AT's insistence on conditions such as full security guarantees and amnesty for its members indicates that the group still holds significant leverage.

The Union Home Minister's directive to ensure free movement on Manipur's highways from March 8 represents a decisive move to restore normalcy. Road blockades have been a persistent problem in the state, significantly affecting trade, movement of essential goods and the overall economic stability of the region.

The government's resolve to dismantle illegal bunkers and target drug trafficking further aligns with the broader goal of restoring law and order. However, concerns remain over the implementation of these directives. Ensuring that all roads remain open requires a sustained security presence, as groups with vested interests may attempt to impose fresh blockades. Additionally, the crackdown on drugs-while crucial-must be executed without further alienating communities that already feel marginalised. The resignation of Chief Minister N Biren Singh and the imposition of President's Rule in Manipur have led to a shifting power dynamic. Singh was widely seen as a key backer of AT and other Meitei groups, which played a role in the ethnic conflict. But the major issue has been the divide between the Meitei and Kuki-Zomi communities, which remains unaddressed. Both sides continue to view each other with suspicion, and without a longterm reconciliation plan, tensions may resurface. Despite the surrender of arms, thousands of sophisticated weapons remain unaccounted for, posing a major security risk. The demand for a separate administration by the Kuki-Zomi groups remains a contentious issue. Without addressing the political aspirations of all communities, peace efforts may prove temporary but a beginning has been made.

Mahakumbh 2025: Vikas bhi, virasat bhi

ANURAG SAXENA

From the large-scale eco-friendly practices to the timeless wisdom of Bharatiya traditions, Mahakumbh offered a new model for development in harmony with nature

he Valeriepieris Circle is a fascinating concept. Imagine a circle on the world map. The circle is centered around the Beibu Gulf, off the east coast of Vietnam, has a radius of 4,000 kilometers, and includes Southern China, Southeast Asia, and the Indian subcontinent. Now this is where it gets stupefying. This circle covers just about 9 per cent of the world's land-mass, but over 50 per cent of the world's population. This simple reality, clubbed with colonial impoverishment, explains why many people in this circle lived in filth and squalor. Most "progressive" thoughts therefore, be it sustainability, development, environment, innovation, or education, came from the "developed west". We, the unwashed and the uncouth plebs, lapped these ideas up. These imported ideas however,

played out terribly. Not just for people, but for the planet. So much so, that escaping this planet seems to be the primary focus of the biggest billionaires from the west. Talk about a fence eating its own crop!

Kumbh on the other hand is a metaphor for the alternate model. A moksha, if you will, from the destruction-premised development models from the west. Prayagraj, a city with a population of 1.4 million saw over 500 million visiting it over a month. To put that in context, imagine a flat typical urban flat that houses a family of four, suddenly visited by 1,400 people. This is indeed Valeriepieris Circle on steroids, and any other city would have crumbled a 1,400x overload. Not just did the city manage, but actually offered solutions for how humanity could manage an explosion of demand quite sustainably.

Those of us that experienced the Kumbh personally will tell you the level of cleanliness that has been maintained. We have noticed the extensive use of bamboo instead of plastic, of jute rugs instead of astroturf, of manual Doats instead of diesel motors, of e-rickshaws instead of fossil-fuel vehicles, of free refillable RO purified water instead of disposable mineral water bottles. Half a bil-

lion people used donas (cups made of dried leaves) in contrast to small birthday parties in "developed" countries serving single-use plastic. What you didn't see perhaps

was India's largest plastic buyback program aimed at recycling, or leftover prasad being shared with animals as fodder, or compactor trucks working round the clock, or solarpowered sewage treatment

plants. The invisible sustainability efforts of the Kumbh were perhaps the silent hero that ed in ancient Bharatiya wis-

rooted wisdom from some thing as intrinsic as sustainability inbuilt into language itself. The word "dohan" (to milk a cow) comes from

"do+han" the norm to milk

ed He highlighted that environment and sustainability are challenges that cannot be solved at COP summits along, but actually need a convergence of the richest ideas globally. The urgency of the summit was encapsulated most eloquently by Suresh Prabhu who framed an enquiry - with thousands of FROM years of history and knowledge across the world, can we even be sure that we will last another hundred years?

Gas-guzzling economies of the West will continue to posture around sustainability as a virtue-signaling badge. They will postulate, make loud vis-

give you the silent treatment. They will continue to live the delusion that they are communist nations, while going out their way to display toxic capitalism, much to the peril of their people and our earth.

As Bharat, we have to accept a simple reality - What broke it, can't fix it. Period! Bharat has the unique civilisational advantage of leveraging our ancient wisdom to actually demonstrate that you can actually develop infrastructure at scale (like at the Kumbh) without bludgeoning mother nature with a hammer. As we attain maturity on the world stage, we neither need to twirl our moustache, nor cover up our acne. We would rather focus on the purity of our soul as the thought model we export. We would rather focus on our civilisational

value of attaining balance. As PM Narendra Modi's state ment for the summit said, the only way to achieve global sustainability is to follow a simple, yet powerful principle, Vikas bhi, Virasat bhi".

(The writer is a nominated Member of the National Tourism Advisory Council and the co-founder of India Pride Project; views are personal)

emerged naturally from a culture that values interdependence with nature at its core. The recently concluded Kumbh Global Summit on Sustainability explained the phenomenon and drew lessons from our rich history and culture. Ministers from a dozen Girmitiya nations shared their learnings around sustainability, most of it root-

dom. The Minister of Tourism and Culture Gajendra Singh Shekhawat brought in simple, THE MINISTER OF **TOURISM AND**

CULTURE **GAJENDRA SINGH** SHEKHAWAT **BROUGHT IN** SIMPLE, **ROOTED WISDOM**

SOMETHING AS **INTRINSIC AS SUSTAINABILITY**

INBUILT INTO LANGUAGE

just two teats of a cow, leaving the rest for the calf. Contrast that to industrial-grade milk production from hormoneridden cows that has been normalised in the "developed" west. Ram Madhav proposed a sangam (confluence) of ancient Indic wisdom with modern practices, without which the world's sustainability crisis can never be avoid-

ible pleages, and fly into sus tainability summits on their private jets. The minerals-filching economies east of us ITSELF will ignore calls to action and

MIGA: Can India overcome economic challenges

KAJLEEN KAUR

Despite its economic size, India's developing status reveals challenges like inequality, youth unemployment and a vast informal sector

Prime Minister Modi recently visited the US L to strengthen bilateral ties and committed to Making India Great Again (MIGA), in consonance with Donald Trump's dream of making America greater again (MAGA).

Although India is the world's fifth-largest economy with a GDP of approximately US\$ 4.27 trillion, it is still classified as a developing nation. A developing country is technically a country where the Gross National Income per capita is \$11,905 or less, with India's per capita being nearly half of it at \$6,951. We rank 134 out of 193 countries in terms of the Human Development Index (HDI), below our neighbouring countries China at 75, Sri Lanka at 78, and even Bhutan and Bangladesh at 125 and 128 respectively (UN Development Report 2022-23)

With an HDI score of 0.644, India is categorised as 'medium human development'. However, there has been improvement across all HDI indicators-life expectancy, education, and Gross National Income (GNI) per ondary or higher education mistic mood for the econo-

capita from last year. Nevertheless, we cannot conceit the improvement in the HDI alone, as Global Multidimensional Poverty Index 2024, places India at the top of the 5 countries with the most people in poverty with 234 million people in the bracket. In sharp contrast to this, it ranks 3rd in the number of billionaires (Forbes, 2023), indicating glaring disparities in income inequalities. Another morbid aspect is high youth unemployment which accounts for almost 83 per cent of the total unemployment in India. Even worrisome is the share of youngsters with sec-

in the total unemployed, which has almost doubled from 35.2 per cent in 2000 to 65.7 per cent in 2022 (Indian Employment Report, 2024). The unem-ployment problem is further aggravated as about 90 per cent of the labour force works in the unorganised sector grappling with the issues of irregular work, income, social security benefits and working conditions. The policymakers are

profoundly designing policies to boost the economy. Recently the monetary policy was eased, the reportate dropped to push investment, and the government announced tax concessions to encourage consumption, both expected to accelerate output and income with a multiplier effect. This will probably counter the Blume Venture report, that nearly 100 crore Indians, 90 per cent of the country's population, lack discretionary spending power to

purchase goods or services. With a desired GDP growth rate of at least 7 per cent, these measures will likely create a transitionary opti-

mv, but cannot sustain growth forever. The World Development Report, 2024, found the developing economies in the "middleincome trap," and empha-sised the 3 I's, Investment, Infusion (of global technologies) and Innovation as three drivers of economic growth and expanding the production frontier.

The government thereby needs to adopt a multifaceted approach to overcome challenges in covering potential gaps in production. It needs to work pragmatically towards education reforms, higher investment for skill development, human capital and creating regular employment opportunities. Moreover, efforts to promote medium and small enterprises, labour-intensive industries, start-ups, Make in India mission, need to be further strengthened to ensure an easy path to Make India Better (MIB) before MIGA.

(The writer is an assistant professor at Sri Guru Gobind Singh College of Commerce, Delhi University. Views are personal)

UKRAINE-US TENSIONS ESCALATE

Madam — The clash of diplomacy and dig-nity (March 3) in the case of Ukraine-US is taking an ugly turn. Trump is not losing any opportunity to project himself as the ultimate global authority. Ukraine had political issues with Russia, which gained serious turns after the annexation of the Crimean peninsula by Russia. This incident had instilled a sense of apprehension and made Ukraine seek membership in NATO. As Russia was against Ukraine joining NATO due to various crucial concerns, it had to act tough with Ukraine, leading to war. As everyone knows, Ukraine cannot even think of war against Russia but for the lavish help it could receive from the US and European nations in terms of funds, weapons, political and moral support. The change of guard in the US with Trump as its head took the entire issue in a different direction. The mediator Trump dictates and decides the course without offering even scope for the aggrieved Ukraine to spell out its terms. Instead of mediation, Trump is giving dictation to Ukraine. The President of Ukraine feels let down by the US. His open shouting at the US president makes it easy for everyone to understand the seriousness of the situation. In the melee, Russia is allowed to retain the territories it captured, and the US gets a favourable agreement to exploit the precious natural mineral resources of Ukraine. But Ukraine stands repenting for having ventured a big war against a big giant for nothing but a huge loss of men, material, peace and dignity. Who should be blamed? A G Rajmohan | Anantapur

TAMIL NADU OPPOSES NEP

Madam - I refer to your editorial on "Simmering linguistic tension" (February 28). The Centre insists on implementing the NEP, whereas the state objects to it, fearing the imposition of the Hindi language leading to the destruction of Tamil. The state is committed to a two-language formula, says the incumbent state government. There is a total misconception in this regard. According to the new NEP, the first by these politicians follow the CBSE syl-

India beats New Zealand

THE EDITOR

■he match against New Zealand is yet another thrilling game by the men in blue, Team India. The back to back success for Team India has made our team stand stronger in the ICC Champions Trophy. Despite New Zealand winning the toss and deciding to bowl first, India successfully managed to give a 250-run target to the opposing team. Although the short innings by Virat Kohli jerked everyone, our bowling order

language will be a local language, the second one English, and a third one any language of the student's choice. It is not prescribed that the third language must be Hindi. It is also not compulsory to learn Hindi nor the language forced down the throats of non-Hindi-speaking people. It is left to the discretion of the wards. NEP is aimed at improving knowledge, skill and language learning. There is nothing wrong in learning an additional language. It is an advantage for the students to seek better prospects. Playing politics for votes sake is highly reprehensible. Politicians should not play with the future of the students. In the name of imposition of Hindi, students are denied quality education. The

establishment of Navodaya schools has not been permitted in the state for decades. This is highly a retrograde step. Tamil Nadu should adopt the new NEP in the welfare of the students, for the quality of education has come down heavily. All other states in India had adopted the NEP. The status of their mother language has not declined but rather improved. Also, the schools run

managed it well. At 45.3, India made New Zealand all out, clinching victory by 44 runs. Varun Chakravarthy stole all attention as he took five crucial wickets for India, presenting spectacular bowling prowess, before he was crowned as the Player of the Match.

Our player deserves heartiest congratulations for their exuberant efforts, showcased in the match against New Zealand. Now that India moves ahead to the next round, where it will strike a semifinals clash against Australia in the ICC Champions Trophy, we hope that the enthusiasm of our players for knocking all opponents dead will continue ahead with full positivity. And India will surely bring the ICC Champions Trophy home this season.

Kirti Wadhawan | Kanpur

labus. Their wards study Hindi. As such, victimising the poor government school students is unfair and unjust.

Sravana Ramachandran | Chennai

AVALANCHE WARNING IGNORED

Madam — It is a matter of crying shame that in spite of snowfall and avalanche alerts since February 24, labourers working on a stretch of the road to Badrinath Dham had not been evacuated in time. Four days went by, but no action was taken to bring those labourers to a safer place.

They were kept in the danger zone till avalanches hit the area on February 28. As a result, some labourers were killed, and some went missing. This indicates a total apathy towards the safety of labourers. Now, who will be accountable for playing with the lives of so many labourers? India needs stringent labour laws and their strict implementation. Otherwise, such a tragedy will become a routine affair.

FIRSTCOLUMN DREAM BIG AND STAY HUMBLE

Success isn't a mere stroke of luck-it's the result of daring to dream, backed by discipline and humility

RAVI VALLURI

Ouccess is the accomplishment of an aim or purpose. What is the secret of the success of achievers? Dream the impossible, be extremely disciplined, remain dedicated and determined, take appropriate decisions all the time, even in adverse situations, and finally maintain humility while toasting success. To be successful, a human being necessarily dreams of the impossible. Dreams should be audacious. One has to think big and be bold in the actions taken. Ratan Tata emphasised leading from the front and not being a mere follower. Be a leader and not a follower. A quintessential leader takes up responsibility. The 'mind' of the leader needs to be confronted and challenged. The human mind loves challenges. Faced with challenging situations, it delivers the impossible. Mind is not motivated by rote, but is inspired to script something unusual. Maintaining mental and physical discipline are essential ingredient of successful leaders.

Physical fitness increases both our physical and mental stamina. Exercise releases endorphins in the human body which trigger positive thoughts. It helps immensely in smart decision-making. Along with exercise, an individual is also required to maintain a healthy and balanced diet which staves off disease and enhances alacrity and sharpness. Achievers may be from any field — sports, politics, administration or entrepreneurs. However, the cardinal principle is to maintain physical fitness, and punctuality and avoid procrastination by maintaining timely schedules. If a leader is lethargic, the organisation becomes flabby, sluggish and phlegmatic

The mantra for attaining success is to be extremely disciplined. Such a trait inspires employees to increase their productivity levels too. In the spiritual path, a seeker needs to maintain a spirited tenacity and pursue his Sadhana relentlessly. Regular Sadhana inspires the mind to expand

its vistas and thereby attempt to embrace the ultimate reality. This, in the final analysis, is the underlying objective and the seeker unflinchingly needs to relentlessly practice the tenets laid down by the Guru. Smart, guick and efficient decision-making assists people in achieving success. This provides a person with the cushion and a cutting edge over others. There is no substitute for hard work. Working hard produces quick and efficient results. This is followed by the quality of determination. A Sadhak, a sportsperson, or an entrepreneur has necessarily to be determined. Determined minds are strong and developed minds. These are innovative minds and conjure a variety of ideas and positive thoughts. To achieve excellence in any field, such minds and individuals are determined at all points in time. The minds of such individuals are highly fertile and produce magic with regularity. An unbearable situation gets converted into an unbelievable one. This is their inherent strength. They do not live in the past or future, they live in the Present Moment to confront all challenges. However, the ultimate hallmark of all successful individuals, teams, companies or organisations is HUMILITY. There is no or very little trace of arrogance. They are insulated by the feeling of doer ship and become hubristic. In a competitive and cutthroat environment, a huge helping of humility is essential for staying ahead of the game. Humility enhances curiosity and thus accelerates learning. Without humility, you can never be a good listener and understand the voices around you - of customers, colleagues and stakeholders. "Humility is the true key to success. Successful people lose their way at times. Humility halts their arrogance and self-indulging trap. Humble people share the credit and wealth, remaining focused and hungry to continue the journey of success," writes Rick Pitino.

Tripura innovates cityscapes for sustainability and tourism

07

analysis

Tripura's innovative projects are revitalising city life by enhancing public spaces, managing waste and tackling challenges like air pollution

bout 35 per cent of India's population lives in urban areas and is still growing rapidly. As the population of cities is ever increasing with a lot of garbage and waste found all around in most cities, the sustainable management of urban area landscapes is very crucial for better civic amenities, ambience and dealing with adapting to environmental issues like air pollution, heat waves and flooding, while also improving quality of life through green spaces, better public areas for entertain-ment and relaxation and promoting physical activity and mental wellbeing among residents; all while managing waste disposal and addressing the chal-lenges of a densely populated urban environment; the situation is exacerbated during extreme temperatures in summer. Tourist attractions are essen tial elements of progress these days and the aesthetics of the urban environment plays a key role in attracting tourists on the one hand and improving the economic activities of the people. During 2023-24 more than 5,45,000 tourists including 75,000 from abroad visited Tripura compared to around 3 lakh tourists in the year 2015. Agartala is the only modern yet densely populated city in Tripura and is full of tourist attractions in and around its 50 to 60kilometre radius. The flow of tourists has been steadily increasing in the state as the infrastructure of hotels, roads and transport has been picking up very fast thanks to the proactive initiation taken by the government during the last few years. I have recently visited Tripura in the second week of February 2025 to study a few innovative steps taken by the Tripura administration. A threedimensional approach has been adopted in beautifying the urban architecture of Agartala and other cities

Tripura forest department has a rich tradition of embellishment of Tripura's natural beauty through a series of parks, gardens and beautification of pavements in different parts of the state. The state government had created an agency for this purpose to further beautify the state's already beautiful landscape to attract tourists as well as create employment opportunities for the people.

For this purpose, the state govern-ment had created an entity in the forest department' "Tripura Park and Garden Society". In this direction the government of India's 'Nagarvan- city forests' THE FOREST scheme is giving a big impetus to DEPARTMENT this project not only in Tripura ALONG WITH OTHER STATE DEPARTMENTS but also in other parts of the country. However, the innovative ways the city's Capital Complex, state secretariat and airport roads have been aesthetically laid out is a run around of urban lundscone but also in other parts of the a rare example of urban landscape HAS CREATED management. Most of the pavements covered by PYRAMIDS OF cement and bricks during sum-FLOWERS, mer months create heat waves in most of the cities. The forest **CROTONS AND** department along with other state departments has created pyramids INDIGENOUS of flowers, crotons and indigenous TREE SPECIES tree species along with fountains and Rashi and Nakshatra forests. ALONG WITH Most of the empty side lands along buildings and pavements were cleared of debris and plant-ed in a pyramid shape hierarchy FOUNTAINS AND **RASHI AND** giving the most beautiful look in between fountain gardens were NAKSHATRA FORESTS created along with plantations of medicinal plants for ex-situ conservation of these valuable plants. The top level was occupied by the tree species and special tree

grooves were also created for public awareness. For the benefit of people biodiversity and butterfly parks were created on Airport Road giving the inciting look to the tourists visiting the state. Such projects if undertaken in all cities in the country will be an excellent attempt to combat climate change, especially the heat waves engulfing most of the urban cities and landscape in recent years.

Such a project of beautification cannot be completed by a single department therefore, in this scheme public work and urban development departments also fully participated. Such innova-tion needs the full support of senior government functionaries. The proposal of young officers of the forest department was fully supported by the state Chief Secretary and other senior officers. The scheme is implemented through the Nagarvan scheme outside Tripura and shows cases of the unique vegetation and other cultural trends of the state. The rich floral and other biodiversity of the state is one of the reasons for success as well as the favourable agro-climatic conditions. Similar attempts need to be made in other states of the country and focus should be on local species and with conservation value of other endangered plants. The Rashi and Nakchatra Van were created by planting species like Chandan, Neem, Akanda, Peepal, Haritiki, Ashwagandha, Khair, Palash and Orange for Nakchatra Van. For Rashi van Jackfruit, Peepal, Ber, Bel, Jamun, Amla, Nageswar, Arjun,

Mahogany, Mango, Bakul and Guava are all very useful Trees. For the long-term sustainability of landscape beautification, the constant supervision, maintenance and involvement of people is a must. These types of innovations though started in administration all over the country need to be nurtured beyond the shadow of officers involved in it once they are not in the saddle. For this, standard operating procedures must be developed along with creating a scope for public-private partnerships like in Zoos in many other states where the people adopt certain animals and fund their food and other needs so that such activities can become financially viable in the long term and also involve the public in their management. The entry fee should be such that these endeavours become sustainable and people are willing to pay if quality service is offered as such things cannot be relied only on government funding. All such creations must be linked to environmental management for climate change as well as it is becoming a critical factor in large landscape management in the country. The need of the hour is the holistic and integrated management of urban areas of the country. (The author is former director general, Indian Council of Forestry Research and Education, and former Principal Secretary, Agriculture, Horticulture, Animal Resources and Forest Department, Government of Tripura; views are personal)

Beyond social media regulation: The call for a national moral code

Amid debates over social media regulation sparked by Ranveer Allahbadia's remarks, a deeper question arises: should society adopt a clearly defined moral code?

Thile the nation dis-cusses the desirabil-ity of regulating content on social media given the controversy that erupted from the statement made by YouTuber Ranveer Allahbadia, there is a larger issue of defining morality and enacting moral patterns of conduct for people that requires prior consideration.

While it remains open whether Allahbadia's statement violated any provision of law, however, it is obvious that his statement hurt the moral sentiments of a majority of the population. Notwithstanding, the undesirability of his statement, how advisable it is to expect people to behave in a way that is morally acceptable to society when no particular pattern of ethically correct

SIDDHARTHA MISHRA

behaviour is prescribed for them by the state. It implies that society expects or presumes everyone to know morally accurate conduct in all situations.

As morality is an abstract concept that varies from place to place and from person to person, it is necessary that, like law, morality is clearly defined as well. Usually, an act or stateerroneous character on the acceptable to all.

personal sense of judgement of individuals, thus, people must know clearly what is permissible moral and what is proscribed immoral. In such a situation, it requires

consideration whether society needs a code that prescribes a pattern of morally upright conduct for its people. Ideally, each society must aim

to be free from immoral conduct or behaviour and, for this, the state should establish a pattern or standard of behaviour that is expected of all the citizens and is followed by all alike whether individuals or

organisations. Ironically, in India, the state has made little attempt to establish such a society where people follow a certain advised

The impression that laws would serve this purpose is completely contrary to the practical realities. Laws as they exist in this country are mostly proscriptive which means they largely prohibit particular or specific behaviour(s) rather than laying down in detail the desirable pattern(s) of conduct.

In India, laws are hardly pre-scriptive and they do not necessarily prescribe a particular pattern of behaviour for people. Generally, laws do not provide in brief or detail what manner, pattern of conduct or behaviour should people observe or practice.

They mainly proscribe or prohibit particular conduct(s) and make doing such conduct ment acquires a righteous or pattern of behaviour that is culpable or punishable and the

doer of it liable for certain consequences. Given such a situation, does it not sound farcical to expect all the people, all over, to know, in every situation, in minute details, what is legally and morally permissible conduct and behaviour? The lack of efforts on the part

formulate a code of morally desirable conduct in India may be ascribed to the thought that this work be better left to the educational, religious or cultural institutions

But if so, have such institutions fulfilled their responsibility of the society or the state to in this regard? India, being a

multi-religious and multi-cultural country, a variety of factors seem to hamper this pur-pose. Diversity of faiths and religions results in a lack of a common behavioural pattern as well as a lack of a mechanism to ensure that the moral instructions being imparted are being uniformly learnt and practised.

Even the educational institutions seem to flounder here, as not all educational institutions seem to insist on teaching moral or ethical values uniformly at all levels. They lay immense emphasis on scientific and technical education but not in the same way on imparting moral education, which is more or equally necessary. Most of the problems

in society are caused by a lack

of strong values, morals and

ple, hence, a civilised state must work sincerely on developing a strong value system in its population. Though the Indian constitution prescribes fundamental duties for citizens that are non-enforceable, they remain, merely, empty slogans. Given the massive onslaught of undesirable content on social media and its penetration among, and influence on, vulnerable youth, it is highly incumbent on the state, simultaneously, to regulate social media as well as draft a moral/ethical code of conduct for building a nation of people with strong morals and character.

integrity of character in peo-

Israel gets flak after it stops Gaza aid to pressure Hamas

PTI TEL AVIV

Israel faced sharp criticism as it stopped the entry of all food and other supplies into Gaza on Sunday and warned of "additional consequences" for Hamas if a fragile ceasefire isn't extended.

Mediators Egypt and Qatar accused Israel of violating humanitarian law by using starvation as a weapon. The ceasefire's first phase saw a surge in humanitarian aid after months of growing hunger.

Hamas accused Israel of trying to derail the next phase Sunday hours after its first phase had ended and called Israel's decision to cut off aid "a war crime and a blatant attack" on a truce that took a year of negotiations

would release dozens of remaining hostages in return for an Israeli pullout from Gaza and a lasting ceasefire. Negotiations on the second phase were meant to start a month ago but haven't begun. Israel backs a new proposal to speed up the release of hostages: Îsrael said on Sunday that a new US proposal calls for extending the ceasefire through Ramadan — the Muslim holy month that began over the weekend — and the Jewish Passover holiday, which ends

April 20. Under that proposal, Hamas would release half the hostages on the first day and the rest when an agreement is reached

before taking hold in January. In the second phase, Hamas on a permanent ceasefire, Israeli Prime Minister Benjamin Netanyahu said. The militants currently hold 59 hostages, 35 of them believed to be dead. National Security Council spokesman Brian Hughes said the United States would support whatever decision Israel

makes, without commenting on the new proposal. Netanyahu said Israel is fully coordinated with the Trump administration and the ceasefire will only continue as long as Hamas keeps releasing hostage

The UN and others warn against aid cutoff: Saying the ceasefire has saved countless lives, the International Committee of the Red Cross said that "any unravelling of the forward momentum created over the last six weeks risks plunging people back into

despair". UN humanitarian chief Tom Fletcher called Israel's deci-sion "alarming", noting that international humanitarian law makes clear that aid access must be allowed.

UN Secretary-General António Guterres urged all parties to make every effort to prevent a return to hostilities in Gaza, and called for humanitarian aid to flow back into Gaza immediately and for the release of all hostages, said spokesman Stéphane Dujarric.

Five non-governmental groups asked Israel's Supreme Court for an interim order barring the

state from preventing aid from entering Gaza, claiming the move violates Israel's obliga-"humanitarian consequences" tions under international law: for the hostages. The only way to free them is through the existing deal, the group said. These obligations cannot be condition on political considerations?

The war has left most of Gaza's population of over 2 million dependent on international aid. About 600 aid trucks had entered daily since the ceasefire began on January 19, easing fears of famine raised by international experts. But residents said prices shot up as word of the closure spread. From the heavily destroyed Jabaliya urban refugee camp, Fayza Nassar said the closure would war's opening days and only eased it under US pressure. UN worsen dire conditions. "There agencies and aid groups accused Israel of not facilitatwill be famine and chaos," she ing enough aid during 15 said. Hamas warned that any

Europe at crossroads in history: Starmer

the US.

PTI LONDON

British Prime Minister Keir Starmer rallied his European counterparts Sunday to shore up their borders and throw their full weight behind Ukraine as he announced outlines of a plan to end Russia's war.

"Every nation must contribute to that in the best way that it can, bringing different capabilities and support to the table, but all taking responsibility to act, all stepping up their own share of the burden," he said. Starmer's exhortation to 18 fellow leaders that they need to do the heavy lifting for their own security comes two days after US backing of Ukraine appeared in jeopardy when President Donald Trump lashed out at Ukrainian Volodymyr President Zelenskyy and said he wasn't grateful enough for America's support.

The meeting had been over-shadowed by the extraordinary scolding that took place on live television at the White House. Starmer used the

opportunity as part of his broader effort to bridge the gap between Europe and the US It is far from certain whether It is far from certain whether and also salvage what had seemed like the start of a peace Russian President Vladimir Putin will accept any such plan, which Starmer said would require strong US backing. He did not specify what that meant, though he told the BBC before the summit that there process before Friday's spat. Starmer said he had worked with France and Ukraine on a plan to end the war and that the

group of leaders — mostly from Europe — had agreed on four things. The steps toward peace would: keep aid flowing to Kyiv and

maintain economic pressure on Russia to strengthen Ukraine's hand; make sure Ukraine is at the bargaining table and any peace deal must ensure its sovereignty and security; and continue to arm Ukraine to deter future invasion.

A coalition of the willing: Finally, Starmer said they would develop a "coalition of the willing" to defend Ukraine and guarantee the peace. "Not every nation will feel able

to contribute but that can't mean that we sit back," he said. "Instead, those willing will intensify planning now with real urgency. The UK is prepared to back this with boots deployed on the ground at a later stage, he said.

Two diplomatic steps forward, one back: Europe has been anxious since Trump initiated direct peace talks with Putin, who had been isolated by most Western leaders since invading Ukraine three years ago. The scramble to remain were "intense discussions" to relevant and protect European get a security guarantee from interests as their once stalwart ally appeared to be cozying up to Putin was even more trou-bling when Trump called "If there is to be a deal, if there is to be a stopping of the fight-Zelenskyy a dictator and falseing, then that agreement has to ly said Ukraine started the be defended, because the worst war. Meetings last week had of all outcomes is that there is a temporary pause and then Putin comes again," Starmer said. Starmer said he will later provided some hope — until Zelenskyy's trip to the White House on Friday.

bring a more formal plan to the US and work with Trump. Visits to the Oval Office by Starmer and French President Before arriving in London, French president Emmanuel Emmanuel Macron, who had declared his visit a "turning Macron suggested in an interpoint," were seen as steps in the view with a French newspaper right direction. The meetings that he and Starmer are proposwere cordial and Trump even took a gentler tone toward ing a "truce in the air, on the seas and energy infrastruc-Ukraine, though he would not tures" that would last a month. commit to providing US secu-There would be no European rity guarantees and maintained troops in the coming weeks and troops would only be that Europe would need to pro-vide peacekeeping troops.

Within 12 hours of Starmer's return from Washington, the talk of peace seemed to collapse as Trump and Vice President JD Vance berated Zelenskyv for challenging Trump's assertions that Putin could be trusted. During his Sunday press conference, Starmer rejected the suggestion that the US was no longer a reliable ally. "There are no two countries as

closely aligned as our two countries and our defence, our security and intelligence is intertwined in a way no two other countries are, so it's an important and reliable ally for us," he said.

Starmer does not trust Putin: Starmer told the BBC before the summit that he does not trust Russian President Vladimir Putin but does trust Trump. Italian Premier Giorgia Meloni said she was sorry for what happened with Zelenskyy in Washington. Meloni is both a strong Ukraine supporter and — as head of a far-right party — she is a natural ally of Trump. She was the only European leader to attend his inauguration.

February 2022. White House senses and come back to the table in gratitude, or someone else needs to lead the country to do that," Johnson said. "I mean, it's up to the Ukrainians to figure that out. But I can tell you that we are re-exerting peace through strength."

Trump's director of national intelligence, Tulsi Gabbard, said the contentious meeting has led to "a huge rift in the relationship" and she took issue with Zelenskyy telling Fox News afterward that he not think he did anything wrong. "There's going to have to be a rebuilding of any kind of interest in good faith negotiations, I think, before President Trump is going to be willing to reengage on this," she said. The coordinated campaign of pressure from Washington played out as Zelenskyy and European leaders came to terms with Trump's overhaul of US foreign policy. British Prime Minister Keir Starmer said the United Kingdom would use 1.6 billion pounds (\$2 billion) in export financing to supply 5,000 air defense missiles for Ukraine. Support for Zelenskyy among congressional Republicans has been scant after the Oval Office meeting. But Alaska Senator

Lisa Murkowski, one of the few GOP lawmakers willing to break with Trump publicly, criticised the Republican president's stance toward the Ukrainians.

"I know foreign policy is not for the faint of heart, but right now, I am sick to my stomach as the administration appears to be walking away from our allies and embracing Putin, a threat to democracy and US values around the world," Murkowski on Saturday

deal to end the war Adeal to end the between Ukraine and Russia "is still very, very far away," Ukrainian President Volodymyr Zelenskyy said, adding that he expects to keep receiving American support despite his recent fraught rela-IS President Donald Trump.

despite recent diplomatic upheaval between Western He said that he had watched countries that have been helping Ukraine with military hardware and financial aid. The turn of events is unwelcome for Ukraine, whose understrength army is having a hard time keep bigger Russian forces at bay. The Ukrainian leader was in London to attend UK Prime Minister Keir Starmer's effort to but there has been "a certain rally his European counterparts continuity to what we are see around continuing — and like-ly much increased — support ing from Washington at the moment" in recent weeks. for Ukraine from the continent "I would advocate for us preparing to have to do a great, amid political uncertainty in the US, and Trump's overtures great deal more for our own security in the coming years toward Russian President Vladimir Putin. and decades," he said.

He said that he had watched the scene repeatedly. "My assessment is that it wasn't a spontaneous reaction to interventions by Zelenskyy, but apparently an induced escalation in this meeting in the Oval Office," Merz said.

He said that he was "somewhat astonished by the mutual tone

Police spokesperson Stefan Wilhelm said that a driver drove into a group of people in Paradeplatz, a pedestrianized street in Mannheim, killing one person. Several people were injured, he said, but police can't yet specify how many or how badly.

"We can confirm that one perpetrator was arrested," he said. "We can't yet give information on whether there were further perpetrators.

Images from the scene showed parts of the downtown area were cordoned off, with a heavy police presence and helicopters hovering above. Police gathered round a badly damaged black car as ambulances lined up outside the cordon. Earlier, Wilhelm said the incident had been reported as "a life-threatening deployment situation." Paradeplatz, a major square in the downtown area, lies at the end of a pedestrianised street in Mannheim, which has a population of 326,000 and lies 85 kilometers (52 miles) south of Frankfurt Mannheim University Hospital says it has prepared everything for a possible mass casualty incident, German news agency dpa reported. The hospital has implemented its disaster and emergency plan to prepare for the care of the injured. Across Germany, lots of people took a long weekend off to celebrate carnival, including Rose Monday, when many cities hold parades. Mannheim's street parade already took place, on Sunday. German Interior Minister Nancy Faeser canceled her participation in the carnival street parade in Cologne due to the events in Mannheim.

"The focus is now on saving lives, treating the injured and the initial investigations by the authorities in Mannheim," an interior ministry spokesperson told dpa. While police would not immediately characterize Monday's incident as an attack cars have been used as deadly weapons in several acts of vio lence in recent months.

demand that Zelenskyy display more gratitude for US support and an openness to potential war-ending concessions to Russian President Vladimir Putin. Some suggested Zelenskyy should consider resigning even as Ukrainians

rally around him But they offered little clarity as to what Zelenskyy and Ukraine could do after Friday's Oval Office meeting in which Trump and Vice President JD Vance berated him before canceling the signature of an economic agreement between Washington and Kyiv. The dispute leaves the future of that relationship in question, as well as the prospects for ending a conflict that began when the Kremlin invaded in

out of office in the final months. ances to of World War II. Churchill "was a man for a moment, but he did not then transition England into the

next phase," Waltz said. "And it's unclear whether President Zelenskyy, particularly after what we saw Friday, is ready to transition to Ukraine to an end to this war and to negotiate and

have to compromise. Waltz said a negotiated end to the war would involve territorial concessions from Ukraine as well as "Russian concessions on security guarantees," but he did not offer any more details about what Moscow would have to do. House Speaker Mike Johnson echoed the suggestion that Zelenskyy may need to step aside.

Senator James Lankford said it was inappropriate for senators to call for Zelenskyy to leave office and predicted that such a move would "spiral Ukraine into chaos right now". Others were more vocal in support of

Zelenskyy. Millions of Americans "are embarrassed, are ashamed,' said Senator Bernie Sanders. "Our job is to defend the 250 year tradition that we have of being the democratic leader of the world, not turn our backs on a struggling country that is trying to do the right thing, Sanders said. Waltz appeared

on CNN's "State of the Union," Johnson, Sanders and Lankford were on NBC's "Meet the Press," and Gabbard spoke on "Fox News Sunday".

"Either he needs to come to his Pope has good night's rest after overcoming possible risks from respiratory crisis

PTI ROME

Pope Francis had a good night's rest early Monday after array th Monday after apparently overcoming a setback in his recovery from pneumonia: He is stable, off mechanical ventilation and shows no sign of new infection following a respiratory crisis late last week. "The pope rested well all night," the Vatican said in its update from Gemelli hospital, where Francis has been hospitalized since February 14. Doctors reported the 88-year-old pope

spent all day Sunday without using the noninvasive mechanical ventilation mask that pumps oxygen into his lungs that he had to use following Friday's coughing episode. Francis did continue to receive high flow supplemental oxygen through a nasal tube.

Friday's respiratory crisis sparked fears of a new lung infection because Francis inhaled some vomit. Doctors aspirated it and said they needed 24 to 48 hours to determine if any new infection took hold. On Sunday evening, they said Francis remained stable, with no fever or signs of an infection, indicating he had overcome the crisis. His prognosis remained guarded, however, meaning he wasn't out of danger. Francis on Sunday also received a visit

from the Vatican secretary of state, Cardinal Pietro Parolin, and his chief of staff, Archbishop Edgar Pena Parra. The content of their talks wasn't known, but even when at the Vatican, Francis meets at least weekly with them

He again skipped his weekly noon blessing to avoid even a brief public appearance from the hospital. Instead, the Vatican distributed a message written by the pope from the 10th floor in which he thanked his doctors for their care and well-wish-

ers for their prayers, and prayed again for peace in Ukraine and elsewhere.

'From here, war appears even more absurd." Francis said in the message, which he drafted in recent days. Francis said he was living his hospitalisation as an experience of profound solidarity with people who are sick and suffering everywhere. "I feel in my heart the blessing' that is hidden within frailty, because it is precisely in these moments that we learn even more to trust in the Lord," Francis said in the text. "At the same time, I thank God for giving me the opportunity to share in body and spirit the condition of so many sick and suffering people.

The Argentine pope, who had part of one lung removed as a young man, was admitted to Gemelli on February 14 after his bronchitis worsened and turned into a

complex pneumonia in both lungs. On Sunday night at the Vatican, Čardinal Konrad Krajewski presided over the evening Rosary prayer in St. Peter's Square. "Let us pray together with the entire church for the health of the Holy Father Francis, said Krajewski, who is the pope's personal Almoner, a centuries-old job of handing out alms. Francis has elevated the job to make it an extension of his own personal charity.

"I think our relationship (with the US) will continue, because it's more than an occasional relationship," Zelenskyy said late Sunday, referring to Washington's support for the past three years of war.

PTI 📕 KYIV

I believe that Ukraine has a strong enough partnership with the United States of America" to keep aid flowing, he said at a briefing in Ukrainian before leaving London.

Zelenskyy publicly was upbeat

Japan won't join UN meet on nuclear weapons ban

Tokyo (PTI): Japan will not attend a UN conference on the refused to sign the treaty, say ing its goal is not feasible withtreaty banning nuclear weapons, out a top government official in Tokyo said Monday, noting US of any of the nuclear weapons states nuclear deterrence is crucial to Hayashi said participating as an the country's security and that observer would also interfere with Japan's ongoing effort to its participation would send gain support for strengthening

the "wrong message". Chief Cabinet Secretary Yoshimasa Hayashi said Japan's national security is the primary reason it will not participate as an observer at the conference, which starts Monday in New York.

"Under the severe security environment, nuclear deterrence is indispensable to defend the people's lives and assets, as well as Japan's sovereignty and peace," Hayashi told reporters. Japan's participation as an observer at the conference would "send a wrong message about the Japanese policy (supporting) nuclear deterrence and interfere with our effort in security, peace and safety".

The UN Treaty on the Prohibition of Nuclear Weapons was approved in 2017 and went into force in 2021 following a decades-long campaign aimed at preventing a repeat of the US atomic bombings of Hiroshima and Nagasaki at the end of World War II.

Japan, despite being the only victim of the nuclear attacks, has

Myanmar's head of military govt travels to ally Russia for talks with Putin

Bangkok (PTI): The head of Myanmar's military government travelled to Russia on Monday on an official visit to a major ally of the Southeast Asian nation that has been shunned by much of the West for overthrowing a democratically elected government and subsequent brutal repression. Senior Gen Min Aung Hlaing, who departed from the military airport in the capital, Naypyitaw, will meet with Russian President Vladimir Putin. The general is accompanied by fellow members of the ruling military council and Cabinet, as well as military officials, state television MRTV reported.

The report said Min Aung Hlaing will also meet with other top Russian officials and discuss bilateral ties, economic affairs and security with the aim to strengthen strategic cooperation. Russia, along with China, is a major supporter and arms supplier of Myanmar's military government. Russianmade fighter jets are used in attacks on territory under the control of ethnic minority groups, many of which are allies with pro-democracy resistance forces.

Preserving records of 'atrocities' by Hasina regime critical: Yunus Dhaka (PTI): Bangladesh's Human Rights Volker Turk

reported.

TOP COURT UPHOLDS

ACQUITTAL OF ZIA

interim government's Chief Adviser Muhammad Yunus has called for the "meticulous" preservation" of records documenting alleged "atrocities" committed under the administration of deposed prime minister Sheikh Hasina. During a Sunday meeting with United Nations officials, Yunus emphasised that without a proper archival system "it is difficult to know the truth and ensure justice", the Dhaka Tribune newspaper reported. A statement issued by the chief adviser's press wing said the chief adviser during his conversation with UN Resident Coordinator Gwen Lewis and UN human rights expert Huma Khan cited the crackdown on demonstrators at Shapla Chattar, police brutality against protesters following the Delwar Hossain Sayedee verdict, and years of alleged extrajudicial killings. The UN officials, in response, reaffirmed their willingness to assist Bangladesh in documenting human rights abuses. "This is a process of healing and truth-building," Lewis said, offering the UN's expertise in technical assistance and capacity-building

Yunus also commended the organisation's recent fact-finding report on human rights violations following the July-August 2024 uprising that led to the end of 15 years of Awami League regime from power and Hasina's escape to India. According to Lewis, UN High Commissioner for

to Paytm's parent company

PTI NEW DELHI

The Enforcement Directorate (ED) on Monday said it has issued ₹611 Crore show cause notice to Paytm's parent company and linked entities for "contravention" of the Foreign Exchange Management Act (FEMA) on various counts.

The notice has been issued by a special director of the federal agency before the initiation of adjudication proceedings. The show cause notice has been

issued to Paytm's flagship One company Communication limited (OCL), its managing director and other Paytm subsidiary companies like Little Internet Private Limited and Nearbuy India Private Limited for contraventions of the provisions of the FEMA to the

ED said in a statement. Investigation found that OCL made foreign investment in Singapore and "did not" file necessary reporting to the Reserve Bank of India (RBI) for the creation of an overseas stepdown subsidiary, it said.

The OCL had also received foreign direct investment (FDI) from overseas investors "without following" proper pricing guidelines stipulated by the RBI, it alleged.

The ED said OCL's subsidiary company in India - Little Internet Private Limited - had also received FDI from overseas investors "without following" the pricing guidelines stipulated by the RBI. The other subsidiary company -Nearbuy India Private Limited -"did not" report the FDI

tune of around ₹611 Crore, the received by the company within the time frame prescribed by the RBL it said.

In a regulatory filing made last Saturday, Paytm said it received a notice from the ED for alleged violation of certain FEMA rules by the company and its two subsidiaries - Little Internet and Nearbuy - with respect to certain investment transactions Later, Paytm clarified that the alleged breach pertains to the period when the two companies were not its subsidiaries

It acquired the two companies in 2017. According to the breakup shared by the company, OCL

transactions amounting to over ₹245 Crore, LIPL's about ₹345 Crore, and NIPL's about ₹21 Crore have been listed in the alleged breach.

ED issues ₹611 Crore notice | Explore all dairy sector avenues: Amit Shah

PTI 🗖 NEW DELHI

Cooperation Minister Amit Shah on Monday said the National Dairy Board's Development (NDDB) three models of cowdung biogas generation need to be scaled up in at least 250 district dairy cooperatives in the next two years, as India works towards achieving a second White Revolution.

Addressing a workshop on sustainability and circularity in the dairy sector, Shah said, "Dairy sector is important for farmers to earn additional income apart from agriculture. It is important to focus on sustainability and circularity at the start of the second White Revolution." The minister emphasised that circularity in the dairy sector should not be limited to cowdung biogas generation but should encompass making use of

better 'There is no

alternative than the dairy sector to address farm migration and ensure better returns to farmers," Shah said, adding that exploring the full potential of this Shah identified the three sector will contribute towards achieving the target of \$5 Trillion economy and Viksit Bharat.

Shah released comprehensive guidelines aimed at promoting environmentally responsible practices in dairy farming and new financing initiatives under NDDB and NABARD's large scale biogas or compressed biogas projects and the Sustain Plus Project. On the occasion, dairy cooperative unions from 15

states signed an agreement NDDB for with the establishment of biogas plants. "The MoUs have been signed

every aspect of the whole to scale up cowdung biogas generation based on three models of NDDB. However, we need to successfully implement these models in 250 district cooperative dairy

models as: "Zakariyapura Model (the household level biogas-based manure value chain model), the Banaskantha Model (dungthe based large capacity biogas plant to produce bio CBG and organic fertilizer) and the Varanasi Model (dungbased large capacity biogas plant to suffice steam and power needs of dairy plant)." The minister urged NDDB to collect cowdung from farmers outside the dairy from cooperative network.

'Many farmers supply milk to private sector which does not have a facility to process cowdung for biogas. Collecting cowdung from manure, increasing dairy

such farmers will not only address the problem of minimum viability issue but also attract them to cooperative sector," he said. 'About 16 Crore tonne cowdung is available in the country. Factor in both farmers from cooperative and non-cooperatives sectors for supply of cowdung while making a plan for setting up of a biogas plant," Shah said,

Chhattisgarh budget focuses on development in Naxal-affected Bastar WCOOPEF partners with I-SEED, IIT Hyderabad to transform cooperative agriculture

PNS NEW DELHI

The World Cooperation Economic Forum (WCOOPEF), in collaboration with I-SEED Incubator for Social Enterprises and Entrepreneurs for Development at the Institute of Rural Management Anand (IRMA) and IIT Hyderabad's Technology Innovation Hub on Autonomous Navigation (TiHAN), has announced a strategic partnership to revolutionise cooperative-led agriculture through IoTenabled digital crop surveys and geospatial intelligence. This initiative aligns with the

Year International of reinforcing Cooperatives, cooperative-led economic growth, sustainability, and rural empowerment. With the vision of 'Sahkar Se

Samridhi' (Prosperity through Cooperation), the effort aims to equip farmer cooperatives, dairy unions, fisheries collectives, and rural self-help groups (SHGs) with cutting-edge digital technologies to enhance agricultural productivity and resilience.

The move will integrate AIpowered geospatial intelligence, real-time IoT data collection, and digital mapping technologies to drive data-driven decisionmaking in cooperative-led farming and rural enterprises.

Speaking on the occasion, Dileep Shanghani, Chairman of WCOOPEF said the cooperative model has long been the backbone of India's agricultural economy. By integrating geospatial innovation and IoT-enabled

digital crop surveys, we are modernizing cooperatives to become data-driven, efficient, globally competitive. and This initiative aligns with Prime Minister Narendra Modi's vision of 'Sahkar Se Samridhi' and Viksit Bharat, ensuring that every farmerespecially small and marginal farmers-benefits from precision agriculture, realtime market access, and financial inclusion.

PM's High-Power Committee on MSP, founder President of WCOOPEF, and a leading advocate for farmer-centric value chains, emphasised the need for cooperatives to embrace digital transformation.

'Cooperatives must evolve technology-driven into enterprises to uplift small farmers and rural communities.

This initiative will establish a tech-enabled cooperative economic zone, leveraging IoT-enabled digital crop AI-powered surveys, geospatial intelligence, and real-time market linkages to create a more resilient and self-sustaining cooperative Binod Anand, Member of ecosystem," he added.

PTI RAIPUR

Chhattisgarh **T**he government on Monday presented a ₹1.65 Lakh Crore budget with special focus on Naxaldevelopment of affected Bastar by giving boost to tourism, security and infrastructure.

2025-26 budget, The presented Finance by Minister OP Choudhary, aims to establish Bastar as a new model, development prioritising the transformation of Naxalaffected areas, an official statement said.

The Chhattisgarh government plans to establish a Special Operations Group (SOG), similar to the Centre's National Security Guard (NSG), to play a crucial role in anti-Naxal operations. Additionally, anti-narcotics task forces in 10 districts and cyber police stations in five districts will be set up.

То safeguard mineral resources, a State Industrial (SISF) Security Force modelled on Central Security Force Industrial (CISF), will be created. The plan include a mega complete vision for eradication of Naxals, creation of 3,200 additional posts for 'Bastar Fighters', a police specialised unit established by the Chhattisgarh government to combat Maoists, the statement said. Due to the intense operations

in Bastar with the killing of 305 extremists, surrender of 1,000 others in just 15 months, since the taking over of charge Chief Minister Vishnu Deo Sai, it said. According to the budget, the government's revenue is projected to grow by 11 per cent without imposing any new taxes. This year, the government has allocated ₹26,341 Crore for capital expenditure, an 18 per

Naxal network has crumbled

cent increase from the previous year. This means more roads, bridges, schools, and hospitals will be built across the state, improving and accelerating lives development. Sai said the budget will

further strengthen the foundation of a developed Chhattisgarh.

Emphasising that special attention is being given to Bastar with substantial investments in infrastructure, education, healthcare, and employment, he said, "This is a crucial step toward ensuring lasting peace and progress in Naxal-affected regions". The Chhattisgarh government has achieved said it success in the Naxal remarkable dismantling the network in Bastar and 305 Naxals have been eliminated, and 1,000 have surrendered in just over a year.

Recognising the contribution 'Bastar Fighters' in eliminating Naxalism, the budget includes provisions by the security forces, the for 3,200 additional positions.

New police stations will be established in Elmagunda and Dabbakonta, two highly affected villages.

₹5 Crore allocation has been made for the annual Bastar Olympics, celebrating tribal sports and traditions.

Additionally, ₹2 Crore has been earmarked for yoga camps and ₹10 Crore for biodiversity tourism zones. Under the "Niyad Nellanar Beautiful Village) (My initiative, ₹25 Crore has been allocated to ensure the reach of government schemes to villages.

The budget also includes ₹2 Crore for Bastar Madai and Bastar Marathon celebrations. Chhattisgarh The government has also announced a major push for road networks, bridges, schools, and digital infrastructure across Bastar and other regions.

₹221 Crore fund has been allocated for infrastructure development in tribal areas. The PM Janman scheme include ₹30 Crore for school education, ₹12 Crore for tribal welfare, and ₹300 Crore for housing projects.

The state government has launched 'Chhattisgarh Anjor Vision 2047', an initiative outlining 10 major missions focusing on healthcare, agriculture, IT, and tourism, education, infrastructure.

These missions aim to transform Chhattisgarh into a developed state by 2047. "The government anticipates ₹2,804 Crore additional

revenue, making Chhattisgarh one of India's financially robust states. The state's total revenue is expected to be ₹1.41 Lakh Crore, mainly sourced from tax collections and central government allocations. Chhattisgarh's GDP growth rate is projected at 7.51 per cent, surpassing the national average of 6.5 per cent," the

statement said. Among other highlights of the budget are relief for citizens and businesses, petrol price reduced by Rs 1 per litre by slashing the VAT.

A sum of ₹2,000 Crore has been allocated for new road projects in a single financial year under the CM Urban Development Scheme while ₹500 Crore allocated for improving city infrastructure. The UPI payment system will be rolled out in rural panchayats and new pension fund will be created to ensure long-term financial security for employees and a three per cent increase in DA for state employees.

The state government has also introduced a Homestay Policy for Bastar and Sarguja. Now, tourists visiting these regions can stay in villages and experience the rich local culture and traditional Additionally, cuisine. adventure tourism and a dedicated tourism circuit will be developed in Jashpur, offering visitors an exciting travel experience, the statement said.

very difficult for any one of us to prophecy at this stage, **¬**old will remain relevant Nageswaran said Gfor investors as a portfolio diversification The value of gold has increased by over \$200 per mechanism with a "likely ascending importance" as an ounce or eight per cent in the

last three months to \$2,860 per ounce. At the same time, asset class in the coming the Indian stock markets Anantha have fallen over eight per cent over the last three months.

Since 2002, the value of the precious yellow metal is up 10 times when it was about \$250-290/ounce.

In the Indian market, the price of gold per 10 gms stood at around ₹85,000. India is a net importer of gold.

He said it is very important to remember the relevance and the importance of gold for a portfolio, a store of value etc, more so in the

backdrop of the likely ascending importance of gold in the coming years. Nageswaran also hoped that India will find ways to productively deploy the gold assets that it has without diluting its role as a symbol of store of value as well as cultural and religious significance. "That is where the policy challenge lies," he said. Nageswaran said India needs to reflect upon its past gold monetisation efforts to pay back the owners who deposited gold in currency form. "But probably people

attach different significance to gold and sometimes we tend to forget that in policy deliberation," he added. To win away people from physical gold, the govern-ment had announced Gold Monetisation Scheme in

2015, which allowed people to deposit their gold with banks to earn interest. The scheme aimed to reduce India's reliance on gold

imports.

said.

He said that gold not only symbolises solidity but also policy discipline and, in a way, it also should have symbolised investor discipline. 'Today is what is happening is that, not only policymakers think, that they can print their way out of any trouble, investors also think that they are entitled to rising prices of assets of all types and therefore clamour for reliefs, forgetting the fact that the financial markets are a two way street, the clamour for policy relief increases with every passing day when the market declines,"Nageswaran

Manchester United crashes out of FA Cup

Manchester United crashed out of the FA Cup on Sunday after losing on penalties to Fulham.

Rather than bemoan the latest blow in a miserable season, though, United coach Ruben Amorim insisted his sights were set on a

bigger trophy. "The goal is to win the Premier League. So I know that we are losing games and losing trophies during this season, but the goal is to win the Premier League again," Amorim said after the 4-3 shootout loss at Old Trafford.

"I don't know how long it's going to take. But that is our goal. "If you think like that, we can suffer

a little bit in these defeats - a lot sometimes — but we have a goal, so we continue, no matter what, we continue forward."

Cup holder United was sent spinning out in the fifth round as Victor Lindelof and Joshua Zirkzee saw spot kicks saved after the game ended 1-1 following extra time.

the hero with the crucial stops that set up a quarterfinal match against Crystal Palace.

It took a second-half equalizer from Bruno Fernandes to send the game to extra time after Calvin Bassey headed Fulham in front just before the break. But it proved a temporary reprieve for United, which now has Fulham goalkeeper Bernd Leno was just one trophy to aim for this season

— the Europa League. Knockout blow United last won the Premier League

in the 2012-13 season and, despite Amorim's ambition, the next league title feels a long way off. His team is languishing in 14th place in the standings and seems unlikely to finish in the top half this season. It has been a torrid start for the

the list.

Portuguese coach, who only took charge in November.

competitions had Knockout provided a rare source of optimism, and with Liverpool, Arsenal and Chelsea all eliminated from the FA Cup, the path was opening up for United to successfully defend the trophy it lifted last May.

But the 13-time winner posed little threat in a first half that ended with sections of the home support jeering after Bassey headed Fulham in front from close range.

United captain Fernandes sparked the home team into life with a low, first time finish from inside the box in the 71st minute. United then had chances to win.

Alejandro Garnacho was denied by Leno when through on goal in added time and the keeper blocked another effort from Chido Obi in extra time before his shootout heroics.

"I know they had chances but I think we were the best team on the pitch," Fulham coach Marco Silva said.

"Our team was on the ball, dominating the ball. We deserve to be in the next stage."

Matching Garg on seven points was reigning World junior champion Kazybek Noderbek of Kazakhstan, who had to be content with the third place following a

Iniyan remained undefeated through the course of the tournament scoring six wins

The Indian picked up the necessary steam in the last three rounds winning one game after another and his most crucial victory was over Garg in the penultimate

The result helped Iniyan gain 12 rating points and is now closing in on the 2600 Elo barrier, taking his rating to

go and everything can change very quickly," Barcelona coach Hansi Flick breakaway Sociedad "We have to keep fighting until the end because we want to win everything we

Barcelona is three points ahead of third-placed Real Madrid, which lost 2-1 at Real Betis on Saturday, when Atletico beat Athletic Bilbao

"Very happy with the match we played," Araujo said. "It was important to win and become leaders again. It was

a great effort by the team." Sociedad played a man down from the 17th minute after Aritz Elustondo was sent off with a straight red card for grabbing Barcelona forward Dani Olmo to stop a

"The early red card for Real changed everything, it's true, but we forced them into it. They are a very good team but today we deserved the win," Flick said.

It was the sixth win in a row for Barcelona in the league, and the second loss in three matches for Sociedad, which stayed in ninth place.

"It was a clear red card," Sociedad coach Imanol Alguacil said. "After that there was no game. It's already hard 11 against 11 against them, you

can imagine with a man down. Flick rested some regular

first leg of the round of 16. "I am happy to be back at the top of the table in La Liga but now we have to focus on our next objective which is the game against Benfica," Flick said. Prolific Lewandowski Barcelona was in control

from the start at Montjuic stadium, with Martín scoring in the 25th and Casadó in the 29th. Araujo added to the lead in the 56th and Lewandowski closed the scoring in the 60th for his eighth goal in his last nine matches.

Lewandowski now has 34 goals this season in all competitions, one more than starters ahead of the team's the 33 he scored in what had Champions League match at been his previous best

Hailing cricket's inclusion in the 2028 Los Angeles Games, International Olympic Committee (IOC) president's post frontrunner Sebastian Coe says the move will open up new markets, which will be critical for the growth of the Olympic movement. Cricket returned to the

Olympics in the T20 format for the first time after the 1900 edition, as it was named among the five additional sports for the 2028 LA Games. The decision was taken in 2023.

Coe, who is currently the head of World Athletics, stressed that cricket's support base goes far beyond South Asia, which has a population of more than two billion.

"Well, from everything I've said (during November 2024 visit to India), you would recognise that cricket is in for the Olympic movement, particularly with the support that it will have not only in South Asia, but people from

exclusive virtual interview. 'We have a very big Indian or South Asian community in London, in New York. This audience, this support goes beyond just India, way Pakistan or South Asia. It's very important for the (Olympic) movement. And it will open up new Olympic markets, which is critical." It is not known whether cricket will be in the roster for the 2032 Olympics in Brisbane, Australia, but the

South Asia living in all our big rights for the 2036 edition, for cities," Coe told PTI in an which the country has already submitted a 'Letter of Intent'. The 68-year-old Coe, whose maternal grandfather is an Indian from Punjab, is

considered the frontrunner among the seven candidates contesting in the election to succeed Thomas Bach as IOC president.

More than 100 members of the IOC will vote on March 20 in the Greek resort of Costa Navarino, where the 144th IOC Session will be held from March 18 to 21. game will certainly make the cut if India bags the hosting Coe, a a double Olympic 1500m gold medallist, does

host big-ticket events such as the Olympics, though some would argue that the huge cost involved could better be used for nurturing talent and building other sports infrastructure.

"You have to do both. I've "Accessibility is also absolutely critical. AI can always said that if you have a really well stocked shop window, that will have an impact on the ability to attract people into the shop. Having performing athletes like Neeraj Chopra also has a massive impact. So, you can't have one without the other. "Ideally, you have pathways and programmes that have been created for participation, but that participation is there is an agreement to end the war with Ukraine. turbo-charged if you have top athletes and you have worldclass events.

He advocated the use of Artificial Intelligence (AI) in talent identification.

"Talent identification can be entirely dependent on the circumstances on the progress really turbo-charged by AI and is a lot cheaper than the we've made when we were traditional ways of identifying that talent. There are lots of dealing with the doping challenges.

not see anything wrong with countries like India willing to edge technology can allow us level up the

difference between small member federations and National Olympic committees and the big and the well-healed ones. This (AI) can

With two games in hand, the Red Miners can only get to a maximum of 44 points now, which would still fall short of FC Goa's current tally of 45 points from 22 matches.

third-positioned The Bengaluru FC have 38 points from 23 matches. This means that the Gaurs are set to directly play the semi-finals and would not have to engage in the one-legged eliminator in the playoffs.

Mohammedan Sporting have lost four times and drawn once in their previous five games, having 12 points from 22 games.

these two sides ended in a 1-1 draw on September 21, 2024. Another draw here would make Mohammedan Sporting only the third team that FC Goa have drawn against in their first two ISL meetings, after Mumbai City FC (2014) and East Bengal FC (2020-21).

FC Goa have won each of their last four home games in the ISL. A victory in this game would make it the third time in their history that they register five or more straight home wins in a single season, after seven triumphs on the bounce in 2019-20 and five in

2023-24 FC Goa have been lethal from distance this season, as Carl McHugh's strike against Punjab FC was their ninth goal from outside the box this season. Another such strike will see them become only the fifth team in the ISL to hammer 10+ goals away from the 18-yard box in a single

campaign. Mohammedan Sporting kept a clean sheet in their last away game against Odisha FC (0-0 on February 28). The only time they managed consecutive shutouts this season was in January.

The previous fixture between

AC Milan fall into crisis after third straight Serie A loss

he

PTI MILAN

C Milan fell further into Acrisis as a stoppage-time penalty condemned it to a 2-1 defeat at home to Lazio in the Italian league.

Despite being reduced to 10 men, Milan managed to level in the 84th minute on Sunday but Pedro converted a penalty in the eighth minute of stoppages. This was Milan's third straight

Serie A loss amid a disastrous run that also saw the Rossoneri crash out of the Champions League. Milan dropped to ninth in the standings and was leapfrogged by Roma after Claudio Ranieri's team fought back to beat 10-man Como 2-

fourth place — a point above Juventus, which hosts Hellas Verona on Monday.

Sixth-placed Bologna rallied to beat relegation-threatened Cagliari 2-1.

Late (and even later) drama Lazio was also looking to get back to winning ways following two Serie A draws and being knocked out of the Italian Cup midweek by Inter Milan, also at San Siro. Mattia Zaccagni gave Lazio the lead in the 28th minute.

His initial attempt was saved by Milan goalkeeper Mike Maignan but Zaccagni tapped in the rebound.

Milan's chances of getting something from the match diminished in the 67th when defender Strahinja Pavlovic

was shown a straight red card Guendouzi

Lazio

midfielder Mattéo Lazio climbed back into for a dangerous tackle on Milan neverthless managed to the left for an unmarked But there was even later

find an equalizer when Rafael Samuel Chukwueze to head in Leão whipped in a cross from at the far post.

drama when Lazio was awarded a penalty on video review after Maignan brought down visiting forward Gustav Isaksen. Pedro struck the spot kick into the bottom right corner.

Bologna boosts top 4 hopes Riccardo Orsolini scored twice to help Bologna boost its chances of qualifying for the Champions League again. Cagliari surprisingly reached the break ahead in Bologna after Roberto Piccoli's 22ndminute header.

But Bologna coach Vincenzo Italiano made three changes at halftime and his team leveled almost immediately as Orsolini converted a penalty after Cagliari midfielder Mattia Felici fouled Nicolò Cambiaghi — one of those substitutes.

Cambiaghi also rolled the ball across for Orsolini to tap in and complete the turnaround eight minutes later.

Cagliari is three points above the relegation zone.

Impact subs Substitute Alexis

Saelemaekers took just 120 seconds to help Roma turn its match round. Roma was trailing at home to

Como following Lucas Da Cunha's goal on the stroke of halftime.

But the match changed in the 61st minute. Saelemaekers, who had only just come off the bench, played a one-two with Zeki Çelik and then a stroke of luck saw his effort deflected by Como defender Edoardo Goldaniga, going in off the underside of the crossbar.

It quickly got worse for Como as it almost immediately went down to 10 men when defender Marc-Oliver Kempf was sent off following a

second yellow card. Halftime substitute Artem

Dovbyk scored the winner in the 76th, volleying in a cross from Devyne Rensch — who had been on the field for less

than two minutes. It was Roma's 11th league match unbeaten since a loss at Como on December 15 and

sent Ranieri's team up to eighth, six points below Juventus.

Empoli, which surprisingly knocked defending champion Juventus out of the Italian Cup midweek, drew 1-1 at Genoa to remain in the bottom three, one point from safety.

Four spinners a tempting combination after Varun's effort: Rohit

PTI DUBAI

ndia captain Rohit Sharma did not commit to following the four-spinner template in the Champions Trophy (CT) semifinal against Australia, but said Varun Chakravarthy's said Varun Chakravarthy's splendid effort against New Zealand has made that option

very "tempting." India played with Chakravarthy, Kuldeep Yadav, Ravindra Jadeja and Axar Patel and the quartet wrecked the Kiwis, sharing nine wickets among them in their team's 44-run win here on Sunday. "We really need to think, even if we want to play four spinners, how we can squeeze four spinners. The reason I say it is because we are very much aware of the conditions here and we know exactly what works and what doesn't work," Rohit said in his pre-match press conference.

So, we will think about it, what is the right combination to go with, but it is tempting," he added.

Chakravarthy, who came in as a replacement for rested pacer Harshit Rana, was excellent while returning with the figures of 5/42, and Rohit said the spinner is certainly in the team management's thoughts.

"He just showed what he is

capable of. Now, it is up to us to think and see how we can get that combination right. He got a game, and he did everything that was asked for.

"He has got something different about him and when he gets it right, he knocks people over and he takes 5-5. So, it is very tempting to think about what to do, which is a good headache to have. We will also assess the Australian batting lineup to see what kind of bowling options will work against them," he detailed.

Rohit lauds Chakravarthy

During the course of his matchwinning effort against the Kiwis, the Tamil Nadu spinner had also rinsed away the memories of his modest outing against Pakistan in the 2021 T20 WC at this stadium. Rohit explained the improvements Chakravarthy has made in the interim.

"He has become more accurate now from the last time he played for India in 2021. There was a little bit of inexperience in him as well because he hadn't played a lot of cricket.

'But right now in the last two or three years he has played a lot of cricket whether it's domestic cricket, IPL and now for India in T20s and now the ODIs as well. So, he understands his bowling

really well," he said. Mumbai The man

Chakravarthy has put in a lot of hard yards into his craft of late, which is now reflecting in his wicket column. "You know, some of our batters also could not figure that (variations) out, which is always

nice. His pace variation now is superb. When you have a little bit of mystery, you do not want to be a one-dimensional bowler and bowl with the same speed.

You need something different, the pace variation and the accuracy as well. So, he has worked on both and now you see

that he is getting a lot of wickets which is a good sign for us as a team," he added.

Drafting Chakravarthy into India's CT squad ahead of players like Yashasvi Jaiswal and Mohammed Sirai had raised some questions. Rohit explained the rationale. "It is just the talent. If there is

something really special about that particular player, you want to fast track him. Certain formats require a certain skill set and whenever we look at these kinds of players, if the talent is there, then you don't want to shy away from blooding them."

Rohit did not read too much into the criticism of stacking the side with spinners. "There will be questions asked, there will be few eyebrows raised

but as a team you want to do certain things which can help you win games. So, it's important to understand that talent and I have been here long enough to understand what kind of players are talented

"With Varun especially, we had to sacrifice a batsman which we thought it's only five games in this tourneast and it's arrow with the tournament and it's very unlikely that batter is going to play at any stage unless there is an injury." 'Middle-order did well'

India's top three — Rohit, Virat Kohli and Shubman Gill — had an off-game against New Zealand, leaving the side reeling at 30 for three. But Shreyas Iyer, Axar Patel and Hardik Pandya batted well to take India to a defendable total. Rohit said middle-order batters getting runs was important for the team during the business end of the tournament. "The middle order is very experienced but to just get some batting time in the middle and to get those runs and get that fighting total was very very important from our standpoint. "Shreyas, KL, Hardik and Axar, they batted brilliantly which is a good sign for us going into the semis because we wanted to have these kind of situations where we are slightly under pressure and then the middleorder takes us through to that target which they did," he said.

'Axar's improvement is superb' Rohit also praised Axar for repaying the think tank's faith in him while promoting to No. 5 ahead of KL Rahul.

"The clear message was given to him when we started the ODI series against England. That no matter what, you will bat at No. 5. The kind of improvement he has shown with the bat over the last year or so is superb and that is where we felt that we can utilise him in the middle

"He likes to take the game on, likes to play his shots. And sometimes when you are in trouble, you want to always take that positive route. He showed it in the T20 World Cup final (2024) which was a very, very crucial knock," he added.

Champions Trophy: New Zealand to face South Africa in semifinal

PTI 📕 DUBAI

Senior batter Tom Latham Said New Zealand will take confidence from their recent win over South Africa in the tri-series when they face the same opponents in the semifinal of the Champions Trophy (CT) in Lahore on Wednesday. New Zealand lost to India by

Connolly replaces injured Short in Australian squad

PTI DUBAI

said

Young spin-bowling all-rounder Cooper Connolly on Monday replaced injured Matthew Short in the Australian squad for the knock-out stage of the ongoing Champions ongoing Trophy(CT).

Top order batter Short was ruled out of the ICC event, being held in Pakistan and Dubai, due to a calf injury sustained during the match against Afghanistan on Friday. The 21-year-old Connolly, who made his ODI debut in England last year, was initially named as a travelling reserve for the tournament.

The ICC's Event Technical Committee has approved his inclusion in the Australian squad early on Monday. Connolly has thus far featured

PTI 📕 NEW DELHI

in six internationals for Australia, of which three have been ODIs. He's a left-handed

batter, who bowls left-arm spin as well. Short injured his calf on

Friday while fielding and appeared hindered when making a quickfire 20 at the top of the order before the match was abandoned due to

rain in Lahore "I think he'll be struggling," Australia captain Steve Smith had said of Short's injury status.

"I think we saw tonight he wasn't moving very well and I think it's probably going to be

too quick between games for him to recover.

semifinal of the Champions Trophy here on Tuesday

Australia squad: Steve Smith (c), Sean Abbott, Alex Carey, Cooper Connolly, Ben Dwarshuis, Nathan Ellis, Jake Fraser-McGurk, Aaron Hardie, Travis Head, Josh Inglis, Spencer Johnson, Marnus Labuschagne, Glenn Maxwell, Tanveer Sangha, Adam Zampa.

Australia will face India in the

Grandmaster R out a draw with fellow Indian Aravindh

PTI PRAGUE

Chithambaram as the two stayed a full point ahead of nearest challengers after the fifth round of Prague Masters chess tournament here With 3.5 points in their kitty,

Aravindh and Praggnanandhaa are now followed by top seed Wei Yi of China, Anish Giri of Holland, Quang Leim Le of Vincent Vietnam and Keymer of Germany, who all

have 2.5 points apiece. Sharing the sixth spot are the remaining four contestants, Czech duo of David Navara and Nguyen Thai Dai Van, Sam Shankland of United States and Gurel Ediz of Turkey.

There are four more rounds remaining in the 10-players round-robin tournament.

The day provided just one decisive game with Wei Yi cashing in on his new-found form to beat Shankland. Anish played out a draw with

Dai Van, David Navara came back from a much worse position to hold Keymer, while Le signed the peace with Gurel Ediz. This was the third Classical

Praggnanandhaa draws with

Aravindh in Prague Masters

game between Praggnanadhaa and Aravindh but the result did not change. Aravindh, playing black, decided not to push Pragg in to complexities and his Berlin defense was simply an easy guess to get a level position right through

right through. The opening that was popularised by Russian Vladimir Kramnik quarter of a century ago in his match against compatriot Garry Kasparov, held Aravindh in good stead right through the course of the game as

Praggnanandhaa exchanged pieces at regular intervals. The players soon reached a rook and pawns endgame where Aravindh was a pawn less but had enough counterplay. The position petered out to be a theoretically drawn when Aravindh gave up a second pawn leaving no shelter for the white king to hide behind.
