

Balochis take on Pak army

PRESS TRUST OF INDIA Karachi/ Islamabad

ecurity forces rescued 190 passengers from a hijacked train, killing 30 Baloch militants in Pakistan's restive Balochistan, as they continued to battle heavily-armed insurgents for a second day on Wednesday.

The Jaffar Express, carrying some 400 passengers in nine coaches, was going from Quetta to Peshawar when militants derailed it using explosives and hijacked it.

The Baloch Liberation Army claimed responsibility for the attack on Tuesday when they said they killed six soldiers. However, there has been no confirmation from the Pakistani authorities on casualties.

The security forces, including the military and frontier corps, are battling the militants who took control of the train near the mountainous terrain of Gudalar and Piru Kunri in a tunnel 160 kilometres from Quetta.

The Balochistan government spokesman, Shahid Rind, said the operation would continue until all passengers were rescued. Rind said extra care was being taken by the security forces because of the hostage situation.

Officials said that some of the militants wearing vests loaded with explosives had formed groups of women and children and forced them to sit near them. Due to the presence of women and children with the suicide bombers, the operation was being conducted with utmost caution, they added.

A security source said that 30 militants had been killed so far in the clean-up and rescue operation, while 190 passengers have been rescued. Around 30 people who sustained injuries had been sent to hospitals. He said two drivers in the main engine and eight security personnel were killed during the operation.

This is the first time the BLA or any insurgent group in the Balochistan province have resorted to hijacking a passenger train, although in the last year, they have stepped up their attacks on securi-

A paramilitary soldier takes position at a railway station near the attack site of a passenger train by insurgents in Mushkaf in Bolan district of Pakistan's southwestern Balochistan province

ty forces, installations and foreigners in different parts of the province.

The security source said it was not yet clear how many militants were involved in the attack, but some of them were using satellite phones to remain in touch with their handlers.

The Pakistan Railways have set up an emergency desk at the Peshawar and Quetta Railway stations as frantic relatives and friends try to get some information about their loved ones on the train. Pakistan Railways had resumed train services to Peshawar from Quetta after a suspension of more than a month and a half.

The Pakistan media earlier reported intense firing and explosion near the tunnel, where the militants hijacked the train. The insurgents claimed that they freed women and children. However, their claim was contested by officials, with Minister of State for Interior Talal Chaudhry saying the hostages were rescued by the security forces.

Rana Muhammad Dilawar, a district police officer in the area where the train was stopped, said the security forces had surrounded the area, but there were reports that the militants had taken some women and children as hostages.

There were around four to five government officials on the train, he added.

Tariq Mahmood, a senior official of Peshawar Railway Station, said that people should not pay heed to rumours on social media.

Balochistan has witnessed an uptick in terrorist attacks over the past year. In the past, the railway tracks in this area have been attacked by Baloch militants using rockets or remote-controlled bombs, and the BLA claimed responsibility for most of the attacks

In October last year, Pakistan Railways announced the restoration of train services between Quetta and Peshawar after a suspension of more than a month and a half. A month later, at least 26 people were killed and 62 injured after a suicide blast ripped through a Quetta Railway Station.

Balochistan, bordering Iran and Afghanistan, is home to a long-running violent insurgency. Baloch insurgent groups frequently carry out attacks targeting security personnel, government projects and the USD 60 billion China-Pakistan Economic Corridor (CPEC) projects in the oil and mineral-rich province.

BJP sweeps Haryana local polls

PIONEER NEWS SERVICE Chandigarh

ess than six months after scoring a hattrick of wins in Haryana Assembly delections, the ruling BJP swept the civic polls in the state on Wednesday, bag-ging nine of the 10 mayoral seats. In the outgoing municipal corporations, BJP had its mayors in seven civic bodies. Congress, which was looking to turn around its electoral fortunes after suffering a defeat in the 2024 Assembly polls, failed to open its account. The party lost in Sonepat, where it had its mayor, and Rohtak, considered a stronghold of its stalwart and former chief minister Bhupinder Singh Hooda.

Independent candidate Inderjeet Yadav was the only non-BJP nominee to win a mayoral seat. She was elected from Manesar, where municipal elections were held for the first time. Celebrations erupted in the BJP camp after the results, with party leaders in Chandigarh and many districts distributing sweets. There were early Holi festivities as jubilant BJP members applied 'gulal' (colour) to each other.

After the results, Chief Minister Nayab Singh Saini said people have put their stamp of approval on the works and policies of the BJP government and formed a "triple-

TRIPLE ENG	INED SARKAR
MUNICIPALITY	MAYOR
 Sonepat 	Rajiv Jain (BJP)
 Gurugram 	Raj Rani (BJP)
Faridabad	Praveen Joshi (BJP)
 Hisar 	Praveen Popli (BJP)
Rohtak	Ram Avtar (BJP)
 Karnal 	Renu Bala (BJP)
• Yamunanagar	Suman (BJP)
Ambala	Shailja Sachdeva (BJP)
 Panipat 	Komal Saini (BJP)
Manesar	Inderjeet Yadav (Independ)

engine government" which will work at a fast pace to realise the resolve of "developed Haryana-developed India".

Polls to elect mayors and ward members in seven municipal corporations -Gurugram, Manesar, Faridabad, Hisar, Rohtak, Karnal and Yamunanagar - were held on March 2. The bypolls for the mayoral posts in Ambala and Sonipat and the elections for presidents and ward members in 21 municipal committees were also held that day.

The results have dealt another blow to the

Delhi under reporting pollution: Study

PIONEER NEWS SERVICE New Delhi

Fine particulate matter could be absorbing moisture from Delhi's humid air during wint humid air during winters, which could result in an underestimation of the city's PM1 pollution by up to 20 per cent, according to a new study.

Researchers, including those from the University of Birmingham, UK, explained that the swelling of fine particulate matter by absorbing water from the humid air — hygroscopic growth — reduces the efficiency of sampling devices, possibly leading to underestimation.

The study, published in the journal NPJ Clean Air, "fills in the gap in the understanding of PM1 pollution in the most polluted megacity in the world."

New Delhi remained the world's most polluted capital city, according to the 2024 World Air Quality report by IQAir,

Swiss organisation. PM1 particles, sized under a micron in diameter, are especially dangerous as they can penetrate lung tissue and enter the bloodstream, IQAir explains.

Study author Ying Chen, from the University of Birmingham, said, "When carrying out air quality assessments, it is crucial to consider hygroscopic growth and the potential for significant underestimation of pollution levels in humid conditions."

The greatest underestimates in pollution levels occur during the rush hours of winter mornings in December-January, when humidity is at its peak and pollution is most severe, the researchers said. The underestimate can be up to 20

percent (or 50 micrograms per cubic meter) of PM1 concentration on average during humid winter morning rush hours," they wrote.

In contrast, pollution estimates during the monsoon season show negligible bias, as the swollen pollutant particles are washed out by heavy rainfall, the team added.

Controlling emissions from biomass burning and residential sources which contain highly hygroscopic chlorine particles — could effectively improve air quality and reduce this bias, thereby helping improve how air quality is understood, the study suggested.

Inderjeet Yadav defeated her nearest BJP rival Sunder Lal by a margin of 2,293 votes to become the corporation's first-ever mayor. Nikhil Madaan was the outgoing Sonipat mayor and a Congress leader. Ahead of the 2024 Assembly polls, he joined the BJP and won the Sonipat Assembly seat. Senior BJP leader Rajiv Jain won from Sonipat this time.

in a no-holds-barred attack against each other to be joined by an aggressive Leader of Opposition Tejashwi Yadav. While Rabri accused the chief minister of having come to the House after consuming "bhang" (cannabis), Tejashwi, a former deputy CM under Nitish, demanded the resignation of the JDU leader whom he charged with "gesticulating at female legislators". Trouble began when Shashi

Nitish Kumar comes to the Assembly under the influence of bhang and misbehaves with women. Today, he has insulted me for the second time.

- RABRI DEVI, FORMER CM OF BIHAR

Yaday, an MLC of the CPI(ML), an RJD ally, rose in her chair to submit before the House that she was not satisfied with the government's reply to her question. Nitish Kumar, who is also a MLC, reacted remarked the NDA government led by him is doing so much as compared to earlier governments which did nothing.

Rabri, the leader of the opposition in legislative council, intervened saying "You claim no work was done before you took over. Please summon the records of that period. You will understand better."

Nitish, who had demonstrated his quick temper before the House earlier this week, sprang to his feet and vehementhis push for empowering women.

Bihar CM, however, dug in his heels, dismissed the charge by the opposition that he was disrespectful towards women.

"Never before have women got so much of respect as they are getting now and pointed towards Rabri Devi with the remark, "What did they do for women? Her husband made her the chief minister when he ran into trouble."

Notably, Rabri Devi first became the chief minister in 1997 when her husband Lalu Prasad, the RJD president, had to resign, following a CBI charge-sheet in the fodder scam. The heated exchange caused Chairman Awadhesh Narain Singh to rise and appeal to the opposition to let the House run.

However, the opposition led by Rabri Devi staged a walkout, even as Nitish continued with a brief monologue, accusing the RJD of having been soft on perpetrators of Hindu-Muslim riots because of caste affinity.

He also regretted having tied up with RJD twice and said, "I am back with my old partners (BJP). Now we shall remain together and continue with our good work." Speaking to reporters outside the House, Rabri Devi alleged, "Nitish Kumar comes to the assembly under the influence of 'bhang'. He misbehaves with women. Today, he has insulted me for the second time."

The administration imposed the measures a week ago to push Ukrainian President Volodymyr Zelenskyy to enter talks to end the war with invading Russian forces.

Secretary of State Marco Rubio said the US would present the ceasefire offer to the Kremlin.

"We're going to tell them this is what's on the table. Ukraine is ready to stop shooting and start talking. And now it'll be up to them to say yes or no," Rubio said. "If they say no, then we'll unfortunately know what the impediment is to peace here."

ational security adviser Mike Waltz added: "The Ukrainian delegation today made something very clear, that they share President Trump's vision for peace?

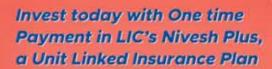

Waltz said negotiators "got into substantive details on how this war is going to permanently end," including long-term security guarantees.

The announcements emerged as senior officials from Ukraine and the United States opened talks in Saudi Arabia focused on ending Moscow's three-year war against Kyiv. The discussions started only hours after Russia shot down over 300 Ukrainian drones. It was Ukraine's biggest attack since the Kremlin ordered the full-scale invasion of its neighbour.

President Donald Trump's special envoy, Steve Witkoff, is expected to travel later this week to Moscow, where he could meet with Russian President Vladimir Putin, according to a person familiar with the matter but not authorized to comment publicly. The person cautioned that scheduling could change.

Earlier in the day, journalists were briefly allowed in a room where a senior Ukrainian delegation met with Rubio, who smiled at the cameras and when asked about his expectations for the meeting, gave a thumbs-up and replied, "Good

Across the table, Ukrainian officials, including the country's top diplomat and defence chief, showed no facial expressions as the meeting got underway at a luxury hotel. However, Ukrainian presidential aide Andriy Yermak told reporters that the most important thing was "how to achieve a just and lasting peace in Ukraine."

CHANDIGARH | THURSDAY | MARCH 13, 2025

The Pioneer

STAMP OF APPROVAL ON GOVT'S POLICIES. SAYS CM SAINI

PNS CHANDIGARH

fter its hat-trick of wins in Haryana AAssembly elections, the ruling BJP swept the civic polls in the state on Wednesday, bagging nine of the ten mayoral seats. In the outgoing municipal corporations, BJP had its mayors in seven civic bodies.

The Congress, which was looking to turn around its electoral fortunes after suffering a defeat in the 2024 Assembly polls, failed to open its account. The party lost in Sonipat, where it had its mayor, and Rohtak, considered a stronghold of its stalwart and former chief minister Bhupinder Singh Hooda.

Independent candidate Inderjeet Yadav was the only non-BJP nominee to win a mayoral seat. She was elected from Manesar, where municipal elections were held for the first time.

Celebrations erupted in the BJP camp after the results, with party leaders in Chandigarh and many districts distributing sweets. There were early Holi festivities as jubilant BJP members applied 'gulal' (colour) to each other. After the results, Chief Minister Nayab Singh Saini said people have put their stamp of approval on the works and policies of the BJP government and formed a "tripleengine government" which will work at a fast pace to realise the resolve of "developed Haryana-developed India".

Civic Body Polls outside the Vidhan Sabha campus in Chandigarh on Wednesday. Pioneer Photo

Polls to elect mayors and ward members in seven municipal corporations --Gurugram, Manesar, Faridabad, Hisar,

Rohtak, Karnal and Yamunanagar -- were held on March 2. The bypolls for the mayoral posts in Ambala and Sonipat and the elections for presidents and ward members in 21 municipal committees were also held that day. For the Panipat Municipal Corporation, polling was held on March 9 to elect the mayor and 26 councillors. According to the results available for the mayoral posts, BJP candidates registered emphatic wins in Ambala, Faridabad, Gurugram, Hisar, Karnal, Rohtak, Sonipat, Yamunanagar and Panipat defeating their nearest Congress rivals. In Manesar, Independent candidate Inderjeet Yadav defeated her nearest BJP rival Sunder Lal by a margin of 2,293 votes to become the corporation's first-ever mayor.

Nikhil Madaan was the outgoing Sonipat mayor and a Congress leader. Ahead of the 2024 Assembly polls, he joined the BJP and won the Sonipat Assembly seat. Senior BJP leader Rajiv Jain won from Sonipat this time. In Ambala municipal corporation, Shakti Rani Sharma was the mayor as a Haryana Janchetna Party leader. She too joined the BJP ahead of the assembly polls and won the Kalka Assembly seat. The other municipal corporations where polling was held had BJP mayors.

The mayoral candidates who registered

Kejriwal to Address Rally in Ludhiana

victories with big margins included the BJP's Faridabad nominee Parveen Joshi who won by 3,16,852 votes and Rai Rani from Gurugram who won by over 1.79 lakh votes. Other notable winners include BJP's Renu Bala Gupta from Karnal and Komal Saini, who won from Panipat by over 1.23 lakh votes.

In Rohtak too, which is considered a stronghold of Congress leader Bhupinder Singh Hooda, BJP's Ram Avtar defeated Congress' Surajmal Kiloi by a margin of 45,198 votes. From Yamunanagar, Suman of BJP defeated Congress' Kirna Devi by a margin of 73,319 votes to become the mayor while from Ambala, BJP's Shailja Sachdeva won by a margin of 20,487 votes over her Congress rival.

The results dealt another blow to the Congress which saw workers and leaders in districts switching over to the BJP ahead of the elections. The party state unit has been, in the past, plagued with infighting and factionalism unlike the BJP, which has a well-organised and strong organisation-

al structure at the grassroots level. In a statement in the Assembly, Saini expressed heartfelt thanks to the people of Haryana. He also thanked the State Election Commission for conducting smooth and peaceful elections. The chief minister said for non-stop development, the people of the state have given a "third engine to the urban bodies". The results prove that people of

Haryana want development and they have given their vote for good governance," Saini said. With the resolve of "Sabka Saath, Sabka Vikas, Sabka Vishwas, Sabka Prayaas and the mantra of Haryana Ek-Haryanvi Ek, we are committed to taking the state to new heights", he added.

Policymakers to focus more on **University-Industry linkages: President Murmu at PU Convocation**

PNS CHANDIGARH

A ppreciating the Panjab University (PU) for promoting academia-indus-try linkage, President Droupadi Murmu on Wednesday asked PU policymakers to focus more on University-industry linkages and future readiness. She emphasized that education should support students in their life journeys and struggles.

Addressing the 72nd convocation ceremony of the varsity in Chandigarh, Murmu said in the last 140 years, PU has developed into a major centre for higher education. "This university has made its own identity in academics, sports, research and cultural fields," she said

Punjab Governor Gulab Chand Kataria, Harvana Governor Bandaru Dattatreva. Punjab Chief Minister Bhagwant Mann and his Haryana counterpart Nayab Singh Saini were also present on the occasion.

"PU has won the Maulana Abul Kalam Azad Trophy 17 times. It is a testimony to the dedication and determination of the athletes of this university. Manu Bhaker and Sarabjot Singh, both students of this university, made the country proud by winning medals at the 2024 Paris Olympics," Murmu said. "I have been told that the number of girls and boys studying in this university is almost equal. Yet, more than 80 per cent of the university toppers are girls. I heartily congratulate all the girl students for this achievement.

Ahead of 'yet-to-be-announced' Bypoll MONIKA MALIK **CHANDIGARH** Tn what is being seen as a high-stakes

political event, Aam Aadmi Party (AAP) national convener Arvind Kejriwal is set to address a rally in Ludhiana on March 18. This will be Kejriwal's first major political event after his party's resounding defeat in the Delhi Assembly elections, where the three-time chief minister himself suffered a shocking loss

Though the Election Commission of India (ECI) is yet to announce the schedule for the Ludhiana West bypoll, Kejriwal's rally is expected to set the stage for AAP's campaign, as the party seeks to retain the seat amid an increasingly competitive political landscape in Punjab. The ruling party has already announced its Rajya Sabha MP and industrialist Sanjeev Arora as party candidate for the Ludhiana West Assembly by-election also triggering widespread speculation that Kejriwal might be eyeing Arora's soon-to-be-vacant Rajya Sabha seat.

AAP's decision to hold a mega-rally in Ludhiana signaled the party's determination to reassert its influence in Punjab--now the only state it is in power. The Ludhiana West seat fell vacant on January 11, following the sudden demise of AAP MLA Gurpreet Bassi Gogi, who succumbed to a gunshot wound while cleaning his licensed revolver at his home. Kejriwal's visit also underscored his party's continued focus on healthcare and governance, as he is expected to visit Ludhiana Civil Hospital before the rally to inaugurate modern facilities. This move aligned with AAP's strategy of promoting its governance model - particularly in education and healthcare — as a key electoral plank. Sources within AAP informed that Punjab Chief Minister

Bhagwant Mann will also accompany Kejriwal during the hospital visit and

rally Currently, Kejriwal is undergoing a 10day Vipassana meditation retreat at the Dhamma Dhaja Vipassana Centre in Hoshiarpur. The retreat, which began on March 5 and will conclude on March 15, is aimed at providing Kejriwal with a period of rejuvenation before he returns to active political campaigning. Kejriwal's wife, Sunita Kejriwal, is also accompanying him on this meditative journey.

The upcoming Ludhiana rally carries immense significance for Kejriwal personally. The party, which had swept the 2020 Delhi elections with 62 out of 70 seats, was reduced to a mere handful of seats in 2025, with the BJP securing a landslide victory. Kejriwal, who had once been seen as an invincible force in Delhi politics, is now in damage control mode

Despite holding power in Punjab, AAP is also facing significant challenges in retaining Ludhiana West. The Congress, which has been gaining ground in

2. Assandh Branch - Paul Merchants Finance Pvt. Ltd, Safidon Road, Opp Miglani Furniture House, Assandh, Harvana. Pin code - 132039. Phone - 9875910028 Loa umber - 116210000018074, 116210000018080, 116210000018177, 116210000018134, 116210000018157, 116210000018158, 116210000018159, 116210000018164, 116210000018186

promoting such excellent talent. An educated girl not only leads the family, but also the entire society and nation towards development," the President asserted. "I have been told that more than 1.82

lakh students are studying in this university and its affiliated colleges. Students from different parts of the country are studying here," she added. She also said it is commendable that

keeping in mind the goal of a developed nation and in accordance with the National Education Policy, research, innovation and global participation are being promoted at PU.

"I have been told that apart from the Population Research Centre, the Department of Community Education and Disability Studies, Panjab University also has many schools in rural areas where many youths are receiving education," she said. "I would like to tell all the policymak-

ers of the university that there is a need to work more on university-industry

"This remarkable achievement highlights the importance of educating and empowering girls, as they overcome obstacles and excel in every field. I commend the parents and the university for

linkage and future readiness. The students of the university, no matter which subjects they are studying, should get applicationbased education.

"This does not mean that all the students choose jobs or ventures related to the same subject. But it is necessary that the education they are receiving here should support them in their life journey and in their struggles," Murmu said. Marking the occasion, the President awarded honorary degrees to mathematician R J Hans-Gill and social worker Sushri Nivedita Raghunath Bhide.

Double Olympic medallist Manu Bhaker was honoured with the Khel Ratna, while noted singer Jaspinder Narula received the Kala Ratna award.

Punjab following its strong performance in the Jalandhar Lok Sabha bypoll, is expected to put up a tough fight. Moreover, the BJP, despite its struggles in Punjab politics, is looking to make inroads, especially among the trading and business community in Ludhiana. The Shiromani Akali Dal (SAD), which has been grappling with internal dissent, will also attempt to regain lost ground.

Adding to AAP's woes is the discontent among party workers, who are reportedly unhappy with some of the recent candidate selections and internal party decisions. The Ludhiana rally will thus serve as an opportunity for Kejriwal to re-energize AAP's cadre and project a united front ahead of the electoral battle.

Punjab Cong's Crucial Strategy Meeting at New Delhi Today

MONIKA MALIK CHANDIGARH

Tn a bid to regain lost ground in Punjab, L the state Congress leadership will hold a crucial meeting in Delhi on Thursday to discuss its electoral strategy and organizational restructuring. With the 2027 assembly elections in focus, senior leaders will deliberate on strengthening booth-level operations, countering voter list manipulations, and resolving internal factionalism that has surfaced in recent weeks.

The meeting comes at a time when the political landscape in Punjab is shifting. The Aam Aadmi Party (AAP), which secured a landslide victory in the 2022 state assembly elections, has suffered a setback following its poor performance in the recent Delhi Assembly polls. Meanwhile, the Shiromani Akali Dal (SAD) remains in turmoil, and the BJP has failed to expand its influence beyond urban pockets. Sensing an opportunity, the Congress is working on a strategy to reclaim its traditional voter base and emerge as the primary challenger to the ruling AAP.

Punjab Congress state affairs' in-charge Bhupesh Baghel, who has been tasked with revitalizing the party's prospects in the state, has convened the meeting to assess organizational preparedness. "This is a part of our focus on strengthening our presence at the grassroots. We will review booth and block-level teams and ensure that electoral processes remain fair," a

senior Congress leader told The Pioneer.

INTERNAL FACTIONALISM

Despite its ambitions for a revival, internal divisions threaten to weaken the Congress' efforts in Punjab. Reports indicated that the party high command has received complaints of factionalism within the state unit, prompting an urgent need for damage control. Sources suggesteed that the meeting will not only focus on election strategy but also on resolving differences among key leaders, who have been engaged in public disagreements over policy directions and personal agendas.

One of the most visible disputes emerged between Congress' Bholath MLA and All India Kisan Congress chairman Sukhpal Singh Khaira, and former Minister and Congress' Kapurthala MLA Rana Gurjeet Singh. Khaira has publicly criticized Rana Gurjeet for advocating private maize procurement, alleging that his proposal aligned with the BJP's now-repealed farm laws that triggered massive protests in 2021.

"This is nothing but the BJP-Adani model of privatizing crop markets. It is unacceptable that a Congress leader is pushing an agenda that contradicts our party's stand on MSP," Khaira had said in a strongly-worded statement. He further accused Rana Gurjeet of attempting to benefit his ethanol business under the pretext of supporting farmers.

Khaira also pointed out Gurjeet's past

financial discrepancies, stating that his sugar mill in Phagwara still owes farmers Rs 27.74 crore from the 2021-22 season. "How can he promise MSP for maize when his own mill has failed to clear past payments? This raises serious concerns about his credibility," he added.

BAGHEL FACES ED RAIDS

Adding to the political turbulence, Baghel, Chhattisgarh's former Chief Minister, has come under pressure following an Enforcement Directorate (ED) raid at his residence in Bhilai, Chhattisgarh. The raid, which came days before the Punjab meeting, has been widely perceived as an attempt to derail his efforts to strengthen the party in the state. Baghel has played a key role in Congress' election strategies in states like Jharkhand, Assam, Uttar Pradesh, and Himachal Pradesh. He has claimed that the ED action is a politically motivated move linked to his increasing engagement in Punjab. "This is not a coincidence. Every time I focus on strengthening the Congress in a key state, these raids follow. It happened in Jharkhand, Himachal, and now Punjab," Baghel said. Congress leaders have accused the BJP-led Central Government of using investigative agencies as a political weapon ahead of elections.

AAP'S WEAKENING HOLD GIVES CONG HOPE

With AAP struggling to maintain its momentum in Punjab, Congress sees an

opening for a comeback. Despite securing 92 out of 117 assembly seats in 2022, AAP's lead significantly dropped in the 2024 Lok Sabha elections, where Congress led in 38 assembly segments compared to AAP's 32. This shift signaled growing disillusionment with AAP's governance, particularly regarding law

and order and farmer-related issues. Leader of Opposition Partap Singh Bajwa emphasized the need to remain vigilant against voter list manipulations. "There are reports of irregularities in Maharashtra, Haryana, and Delhi. We must aggressively monitor voter rolls to prevent any misuse of state machinery by the ruling party," said Bajwa.

CONG LOOKS TO REGAIN Momentum

The upcoming meeting will serve as a platform for Punjab Congress leaders, including state unit president Amarinder Singh Raja Warring, to chart a roadmap for the 2027 elections. Key discussions will focus on voter outreach, grassroots mobilization, and strategies to unify the party. Addressing factionalism will be a crucial agenda point, as internal unity remains essential for a strong electoral fight

With AAP facing internal rifts, SAD struggling for relevance, and BJP unable to make significant inroads, Congress believed that Punjab is poised for a political shift. However, its success will depend on resolving internal conflicts and executing a robust ground-level campaign.

OPINION 06

Editor's

Mark Carney to take on Voldemort

A known Trump critic, Mark Carney replaces Justin Trudeau as Canada's Prime Minister

n a historic political shift, Mark Carney has been announced as the next leader of the Liberal Party and the 24th Prime Minister of

Canada, succeeding Justin Trudeau. Carney won the leadership race decisively, securing 131,674 votes, approximately 85.9 per cent of the ballots. His transition into office marks a significant turning point for the Liberal Party and Canada's future, particularly in its economic policies and international relations. Carney brings a wealth of economic expertise to the position, having previously served as the Governor of both the Bank of Canada (2008-2013) and the Bank of England (2013-2020). He is widely credited with steering Canada through the 2008 financial crisis, earning him a reputation as a pragmatic and reliable leader. His experience on the global financial stage, positions him as a leader with strong economic acumen. A former Goldman Sachs executive, Carney has long been seen as a steady hand in times of crisis, making him an ideal choice to ensure stability and economic resilience in the face of global uncertainties.

One of Carney's most immediate and critical challenges will be navigating Canada's relationship with the United States, particularly with former President Donald Trump returning to power. Trump's previous tenure was marked by a disdainful approach toward Canada, imposing tariffs on steel and aluminum, challenging trade agreements, and openly criticising the country's economic policies. In his second term, Trump has become even more vitriolic towards Canada. Carney's economic background makes him suited to address Trump's aggressive trade tactics. Having managed financial stability through turbulent times, he is likely to adopt a measured yet firm approach in negotiations. His experience in global financial leadership suggests he will prioritise economic diplomacy, leveraging Canada's trade alliances, including the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP) and the Canada-European Union trade deal, to counterbalance US pressure.

However, Carney's personal history with Trump presents an interesting dynamic. In the past, he has been openly critical of Trump's economic policies and even likened him to Voldemort, the infamous antagonist from Harry Potter. While this past remark may resurface in political discourse, Carney is expected to adopt a professional stance, emphasising economic pragmatism over political rhetoric a stark departure from his predecessor.

Carney's leadership is expected to focus on economic stability, climate change initiatives, and maintaining Canada's social programs. Given his strong advocacy for sustainable finance, his administration may prioritise green investments, aligning Canada's economic policies with global climate commitments. Trade diversification will be another key aspect of his strategy. To mitigate the risk of overreliance on the US market, Carney may seek to strengthen economic ties with Europe, Asia, and emerging markets, reducing Canada's vulnerability to American protectionism.

Mark Carney's rise to Canada's highest office brings a shift from Trudeau's leadership style to one deeply rooted in financial expertise and economic strategy. Under Mark Carney's leadership, Indo-Canada relations are expected to take a pragmatic and economically driven turn. He is likely to prioritise trade, investment, and economic collaboration with India. Canada may seek to expand its role in sectors such as technology, clean energy, and natural resources, aligning with India's rapid economic growth. However, political tensions, particularly surrounding issues like Khalistani separatism, could remain a challenge. Carney's diplomatic approach will likely focus on de-escalation and fostering stronger ties through economic partnerships rather than ideological confrontations. His leadership presents an opportunity for renewed negotiations on a long-pending free trade agreement, which could significantly enhance bilateral trade.

Delhi's bold step towards sustainability

The newly elected Delhi government is setting ambitious goals for environmental sustainability and disaster resilience, with a strong focus on cleaning the Yamuna River, pollution control, and waste management

leaning the Yamuna river, pollution control, garbage management, and addressing climate and disaster resilience to ensure sustainable development are among the top priorities of the newly elected Delhi government. However, these ambitious goals can only be achieved with active community participation. Raising awareness and fostering public engagement are crucial to creating a more sustainable and disaster-resilient future. In this context, a Centre for Disaster Risk Management and Environmental Sustainability, known as "Yamuna- Apda evam Jalvayu Parivartan Nyunikaran Adhisthan (YAJNA)" meaning- Yamuna -Institute for Disaster and Climate Change Mitigation, is proposed. This centre will serve as a hub for education, collaboration, and action, setting an example for other states to follow

Delhi, the national capital of India, faces a complex web of hazards. From earthquakes and floods to human-induced crises such as severe air and water pollution, road accidents, and inefficient waste management, the city's vulnerabilities are escalating. Rapid urbanisation and a dense population further compound these risks, leading to widespread environmental degradation and public health crises. Despite existing efforts by multiple agencies, a significant gap remains in public engagement, coordination, and proactive action. A dedicated awareness centre like Yajna will bridge this gap by equipping citizens with the knowledge and tools to become active participants in resiliencebuilding.

Disaster management museums cum knowledge centres worldwide have demonstrated their potential to drive awareness and preparedness. The Kobe Earthquake Memorial Museum in Japan and the Tsunami Memorial Museum in Thailand have played pivotal roles in educating the public on natural and human-induced hazards and mitigating the risk with better response strategies. In India, the Earthquake Museum in Bhuj, Gujarat, serves as a model for enhancing public understanding of seismic risks. Inspired by these global and national examples, the proposed centre in Delhi will not only focus on disaster risk reduction but also integrate environmental conservation, climate change mitigation, and pollution control efforts, with a special emphasis on cleaning the Yamuna River.

Yamuna, the lifeline of Delhi, has been battling severe pollution for decades. Industrial waste, untreated sewage, and rampant encroachments have turned this once-pristine river into a toxic water body. The newly elected government has placed Yamuna's rejuvenation at the forefront of its agenda, recognising that a clean river is fundamental to public health, biodiversity conservation, and sustainable urban development. However, government initiatives alone cannot restore the Yamuna. Without widespread ommunity participation, even the most well-intentioned policies will fall short. The proposed centre will be crucial in mobilising citizens, educating them about the importance of river conservation, and providing actionable solutions for sustainable water management.

Environmental sustainability and disaster resilience are deeply interconnected. Poor vaste management contributes to urban flooding, air pollution exacerbates respiratory diseases, and deforestation heightens vulnerability to climate-induced disasters. The centre will function as a convergence point where experts, policymakers, students, and local communities come together to find innovative and practical solutions. Through interactive exhibitions, hands-on training, and community-driven campaigns, the centre will empower people to adopt sustainable practices in their daily lives. It will promote vaste segregation, composting, and recycling, significantly reducing Delhi's landfill burden. Additionally, it will advocate for green energy solutions, urban afforestation, and pollution control measures, aligning with India's commitments under the Paris Agreement and the Sendai Framework for

Public engagement will be at the heart of this initiative. Schools, colleges, resident welfare associations, and corporate sectors will be actively involved in awareness campaigns, training sessions, and workshops. The younger generation, in particular, will be encouraged to take ownership of environ-

hub, providing scientific insights and data-driven recommendations to strengthen urban resilience. It will facilitate collaboration between various government agencies, research institutions, and civil society organisations to develop integrated strategies for disaster preparedness and environmental sustainability. With real-time monitoring of air and water quality, the centre will enable authorities to take proactive measures in pollution control and disaster risk reduction.

Beyond its educa-

This initiative is not just about creating another institution-it is about transforming

Delhi into a model city for resilience and sustainability. By integrating disaster risk reduction with environmental conservation, the centre will facilitate enhancing public safety, improve air and water quality, and promote sustainable urban planning. The direct economic benefits in the form of revenue will be significant as well. Similar to the Bhuj Earthquake Museum, which has become a successful revenue-generating centre, YAJNA is expected to attract students, researchers, policymakers, and industry professionals from across the country and beyond. Educational programs, training courses, and consultancy services will generate revenue, ensuring the centre's long-term viabil-

As Delhi embarks on a new chapter under the leadership of the newly elected government, the time to act is now. The commitment to cleaning the Yamuna, controlling pollution, managing waste effectively, and building climate resilience must be translated into concrete actions. This initiative offers a comprehensive and practical roadmap to achieve these goals. By bringing together the government, experts, and citizens, the centre will ensure that resilience and sustainability become embedded in Delhi's development journey. A resilient Delhi is not just a necessity-it is a responsibility we owe to future generations.

The delicate strength of relationships

decades later. I compared the professional journey of everyone from the time of joining till retirement to the life of a rose and the fragrance that it spreads till the end. I also compared the new life that the staff would embark upon from the next day to the blooming of a new flower. The staff had tears of gratitude in his eyes. The supervisors applauded me for words well said. It was Bengal

to speak a few words. Eloquence is not my engineer has made me too rational and logical. I often find strong suit. I prefer brevity, or even silent myself at the receiving end when I abruptly interrupt my brooding, over a long drawn flowery speech. wife as she starts talking about something bothering her, I remember my impromptu words even four a situation that I may feel is beyond her control. I conveniently forget my learnings over a lifetime, till she reminds me that she is aware of the impossibility of the situation. She wants me to let her vent her frustrations. I realise there is a lot I need to work on.

<u>, eaderspeak</u>

Today, Prime Minister Navin Chandra Ramgoolam and I decided to give the India-Mauritius partnership the status of 'Enhanced Strategic Partnership'. We decided that India will cooperate in building the new Parliament building in Mauritius. This will be a gift to Mauritius from the Mother of Democracy. India and Maurities are connected not just by the Indian Ocean but by shared culture and values. We are

each other's partners on the path of economic and social progress.

NARENDRA MODI, PRIME MINISTER OF INDIA

elationships are beautiful. However, I often view them through the lenses of the boundaries deeply ingrained during childhood and over the decades. I fail to grasp that human relationships are pure and unadulterated emotions. They cannot follow any scientific formulae. I also need to curb my tendency to judge the raw emotions and reactions of others solely based on my experiences.

I am the oldest child of my generation in the entire family. A lesson deeply ingrained into my psyche by my elders was that I needed to be mindful of the youngsters and guests came first. I discharged my responsibilities with the utmost care till I had my first setback in my early teens. A much younger cousin was playing with my sister. Like all children, they also started fighting for the same toy. It fell upon me to mediate. My sister did not say anything but burst into tears when I tried to explain that it was our responsibility to take care of the younger guest. Her tears taught me an important lesson. We have tried hard not to burden our daughters with unnecessary baggage.

A few days into my first posting in the railways, I was asked to chair the farewell meeting of a retiring staff. I was the seniormost official in the gathering at the relatively young age of 25. I was taken aback when I was asked

where words spoken from the heart are also received with utmost sincerity. I had developed an instant connection and lasting relationships with them. They recognised me as a sensitive soul they could uninhibitedly approach for help. I may not always have been of much assistance, but it was enough for the person to unburden.

A young neighbour told me that she finds me unduly sensitive to certain situations. She said that she, and probably many more, look up to me for guidance. She went on to mention that I need to curb my impulsive reactions. My response was that I am an extremely sensitive and emotional person, and I have spent a lifetime worrying about others. It is now time for me to be myself. I rather flippantly concluded, "This is what I am."

This is a lesson I sometimes forget when imparting my words of wisdom to those dear to me. A long time as an

In author Mignon G Eberhart's words, "The complexity of human relationships is never simple to follow; it is like intricate lacework, but lacework made of steel."

To conclude, relationships are intricate, shaped by personal experiences, emotions, and deep-seated values. My journey has been one of constant learning—understanding that relationships cannot be governed by rigid logic but by sensitivity and empathy. From childhood lessons of responsibility to professional experiences that connected me with people on a deeper level, I have realised that emotions must be acknowledged, not judged.

Over the years, I have also recognised my own need to evolve. While my rationality has served me well, it sometimes overshadows the simple act of listening. As my wife often reminds me that not every problem requires a solution-sometimes, people just need to be heard. As I continue to navigate relationships, I strive to embrace emotions without overanalysing them.

Letters to the Editor

From Goddesses to Subjugation

Madam — The editorial 'Beyond the rhetoric' should sensitise all the concerned. History presents the picture of women placed in high esteem and treated with dignity and honour. Even where men were ruling women were guiding them in the fields of diplomacy, finance and social issues. We have many women rulers who have been envied by others for their value, popularity they enjoyed, ability to rule to the satisfaction of all their subjects. It is even said that before the male God's came in the scene it was Goddesses who were actually worshiped.

However, in due course of time they have yielded to the dominance of men. Even today the society worships goddesses but keeps women in a tamed status. In spite of their fine and valuable contributions they should not learn and recite Vedas

But women are springing up today proving themselves to be the best in every field. There are scenes of rape and denial their due rights also, which are the fallouts of the impulsive rulers' who still view the women gender as a subjugated section. Some sections justify this by calling them the dictum of the Gods.

If the government is really serious it can implement the deterrent provisions to stop the spate of rapes. Women are paraded nude in public, raped and murder in Manipur. AG RAJMOHAN | ANANTAPUR

India Fights Cancer

Madam—It is with reference to the news "BJP to open 200 day care cancer centres this year: Nadda". Central government's proposal of opening 200 day cancer centres in the country in 2025- 26 to provide basic facilities to cancer patients is a welcome move. It has also been planned to establish such centres in all districts in the next three years to treat cancer patients. In India, the number of cancer patients is rising and the country needs to improve access to cancer care. It is estimated that one in nine persons in India are likely to develop cancer in their lifetime.

Among the new cases breast, cervix and lung cancer are the most frequently reported. Though India has some of the most advanced cancer treatment methods and technology, there are still gaps in access and affordability. There are also shortage of cancer care facilities, manpower and training. Early detection, screening, education, health promotion and tobacco control are important to prevent and control cancer. It is estimated that by 2050, there will be an 85 per cent increase in the number of new cancer cases and deaths in the WHO'S South East Asia region. It is unfortunate.

Therefore, there is an urgent need for continued efforts from clinicians, researchers and policy makers to collaborate and find the most effective strategies to serve cancer patients in the best way possible

Self-Defence or Self-Reliance?

Madam -- The recent report from the Stockholm Peace Research Institute which highlight the Arm Import by the countries has revealed some of the really interesting facts. The report designate India as the second largest arms importing country after Ukraine, followed by Qatar. Although, the fact is not shocking that India is the major arm importing country, because we had a long history of it. There is no such big problem in such imports, but the shocking part of the story is that India fails to implement its so called state of the art plan of Aatmnirbhar Bharat idea of domestic arm manufacturing.

Whereas, China make a drastic shift of altering its import status. It successfully managed to keep itself out of the top ten importer ranking, paving the way for domestic manufacturing of such critical arms and ammunition in their own country

Arms are the basic need for self defence for any nation, which no country could ever think to avoid for. It is welcoming that despite India stand at the second position in the arm importing list, the import goes 9.3 per cent down in 2020-2024, compared to the arm trade figures of 2015-19.

In a bid to incline for self defence on our own, it is required that India must start satisfying its arm need on its own. We need to be self reliant for our self defence.

SUPREME COURT MOOTS FOR DISABLED FRIENDLY PRISONS

Tupreme Court had expressed concerns over the plight of disabled prisoners which is against the Disability Act 2016 passed by the Parliament and it is worth mentionable that during that Parliament session there was pandemonium and Disability bill was passed and all parties supported the bill and the Supreme Court said a petition highlighting the trauma and inhumane conditions suffered by Professor G Saibaba and the elderly Stan Swamy raised a "serious" issue about the lack of disabled-friendly accommodation and facilities in prisons across the country

While Stan Swamy had passed away while lodged in jail as an undertrial prisoner, Saibaba had passed away last year a few months after he was acquitted and released from jail. The Supreme Court sought the response of the Central government to a PIL seeking adequate facilities for disabled prisoners in jails

The PIL cited the instances of treatment meted out to Professor GN Saibaba and Father Stan Swamy to highlight the severe

neglect of disabled prisoners and lack of disabled-friendly accommodation, washrooms and other facilities in jails.

While Stan Swamy passed away in 2021 while lodged in jail as an undertrial prisoner in the Bhima Koregaon violence case, Saibaba passed away last year a few months after he was acquitted and released from prison. The demise of Professor GN Saibaba, a scholar and human rights activist with disabilities, was directly attributable to his deteriorating health, exacerbated by prolonged incarceration and the inhumane conditions of his detention. Stan Swamy also struggled with disability due to Parkinson's syndrome and died while in prison. He was denied medical treatment and basic support," the petition submitted.

The PIL cited the instances of treatment meted out to Professor GN Saibaba and Father Stan Swamy to highlight the severe neglect of disabled prisoners and lack of disabled-friendly accommodation, washrooms and other facilities in jails.

YASH PAL RALHAN | JALANDHAR

Please send your letter to the letterstopioneer@gmail.com. In not more than 400 words. We appreciate your feedback.

ndia's industrial growth narrative presents an

alarming regional imbalance that cannot be ignored. While western and southern states like

Maharashtra, Gujarat, Tamil Nadu, Karnataka,

and Telangana stand as formidable economic powerhouses, their northern counterparts state such

as Punjab and Uttar Pradesh remain entrenched in

stagnation. This disparity poses a significant threat to our ambition of achieving a 'Viksit Bharat' by

2047. A critical factor driving this divide is logis-

tics. The lack of adequate access to seaports makes

manufacturing in northern India prohibitively

expensive, crippling competitiveness and driving

away crucial investment. If we fail to rationalise

freight costs, the industrial sector in landlocked

states will perpetually struggle, deepening the eco-

With a coastline stretching 4,316 km, southern and

western states possess undeniable locational advan-

tages that enable seamless exports to markets in China, Korea, Taiwan, Japan, and throughout the

ASEAN region. Tamil Nadu dominates India's auto-

mobile sector, while Maharashtra, Gujarat,

Karnataka, and Telangana lead in engineering, IT,

and textiles. Collectively, these five states account

for a staggering 53 per cent of India's total facto-

ries, firmly establishing their dominance in indus-trial growth. Maharashtra's industrial sector has

experienced explosive growth, achieving a compound annual growth rate (CAGR) of 11.77 per cent

from FY 2021-22 to 2023-24-the highest in the

nation. Tamil Nadu follows closely at 11.63 per cent,

with Telangana at 11.47 per cent, Gujarat at 10.2

per cent, and Karnataka at 8.47 per cent. In stark

contrast, northern states such as Haryana (7.1 per

cent), Punjab (6.78 per cent), and Uttar Pradesh (4.7

per cent) are falling behind, as highlighted by the

23 further underscores this imbalance. Maharashtra

and Gujarat contribute nearly 40 per cent of India's

industrial output, while Uttar Pradesh and Punjab

generate a mere 8.5 per cent and 2.8 per cent, respec-tively. The exorbitant cost of transporting goods

from landlocked northern states to coastal export

hubs severely undermines competitiveness. This

issue has dampened overall industrial sentiment,

making these states far less attractive for both

domestic and foreign direct investment (FDI) com-

pared to their southern and western counterparts.

FDI trends paint a stark picture of this dispari-

ty. According to the Ministry of Commerce and

Industry, Maharashtra has emerged as the leading

recipient of FDI from FY 2021-22 to 2023-24,

attracting ₹5,32,429 Crore-an impressive 30 per cent

of total FDI equity inflows. Karnataka follows with

₹3,89,483 Crore (22 per cent) and Gujarat with

₹2,99,624 crore (17 per cent). Together, these three

The Annual Survey of Industries (ASI) for 2022-

Economic Survey of these states.

Logistics: A Key Driver of Industrial Inequality

nomic chasm

Logistics is holding back north India's growth

India's industrial landscape is marked by a stark regional imbalance, with western and southern states surging ahead while northern states struggle to keep pace. Without urgent intervention to rationalise freight costs and improve logistics infrastructure, northern states risk falling further behind

services transport perishable goods and vegetables A 50 per cent subsidy on railway freight, funded by the Ministry of Food Processing Industries under the "Operation Greens" scheme, has significantly boosted farm exports of agricultural commodities. Fourth, the Department for Promotion of Industry and Internal Trade (DPIIT) offers a 20 per cent Transport Incentive (TI) Scheme for finished goods transported via rail or the Inland Waterways Authority of India, from the port nearest to the location of industrial units in the North-Eastern Region (NER) to the buyers' area.

How freight subsidy could be re-structured

Based on previous initiatives, a targeted Northern States Freight Subsidy Program could be a game changer and might be structured as follows: Subsidised Rail Freight Rates:

1.Offering up to a 30-40 per cent subsidy on goods transported from northern dry ports to major coastal hubs.

2-Expanding Empty Flow Rebates: Extending TEFD rebates to northern states to make backhaul freight more economical.

3-Infrastructure Development: Investing in multimodal logistics parks and dedicated freight corridors in the northern states.

The Way Forward:

The central government must not overlook its landlocked northern states to achieve inclusive industrial growth. Rail freight subsidies will support micro, small, and medium enterprises (MSMEs), attract new investments, and create jobs.

While global trade regulations often scrutinise subsidies, the pricing autonomy of Indian Railways allows for strategic adjustments in freight costs without breaching World Trade Organisation (WTO) rules. By revising freight structures, northern manufacturers can enhance their global competiveness. If we aspire for a 'Viksit Bharat' (Developed India), it is essential to ensure balanced industrial progress. To conclude, India's industrial growth is marked by stark regional disparities, with southern states while northern states lag behind. A key driver of this imbalance is logistics, as landlocked states face high freight costs that hinder competiveness and discourage investment.

Proximity to seaports has enabled coastal states to dominate exports, attract foreign direct investment, and develop thriving industrial sectors. To bridge this gap, India must implement a targeted Northern States Freight Subsidy Program, including subsidised rail freight rates, expanded empty flow rebates, and enhanced logistics infrastructure.

(The Author is Vice-Chairman of Sonalika ITL Group, Vice-Chairman of the Puniab Economic Policy and Planning Board, Chairman of ASSOCHAM Northern Region Developmen Council. Views expressed are personal

UASC UASC UASC UASC UASC ERSK LIASC

states command an astounding 69 per cent of India's total FDI, while the remaining states are left with a mere 31 per cent. This clearly illustrates how locational advantages significantly dictate industrial investment

Export statistics serve as further evidence of this imbalance, with Gujarat and Maharashtra accounting for over 50 per cent of India's total exports, thanks to their robust seaport infrastructures. Without immediate and decisive intervention, this disparity will only continue to widen, threatening the future economic landscape of our nation.

Seaport-Led Industrialisation: A Global Perspective

Seaports play a critical role in industrialisation. Some countries, like China, have successfully leveraged their coastal regions to expand manufacturing capabilities. In China, industrial hubs are strategically located near ports, minimising logistical costs. In contrast, India's hinterland dry ports and container depots are, on average, 1,400 km away

from seaports, leading to significantly higher export and import costs. This distance compounds competition from China, which accounted for nearly 42 per AS

cent of India's textiles and clothing imports, 40 per cent of machinery imports, and 38.4 per cent of electronics imports in 2023-24. Why Freight Costs Matter The Reserve Bank of India

(RBI) reported in 2022 that India's logistics costs are already 14 per cent higher than the global average, disproportionately affecting manufacturers in landlocked northern states that rely on dry ports as critical trade gateways. Manufacturers in these areas face higher freight costs due to longer transit distances to seaports like Mumbai, Mundra, Kandla, and Chennai.

Dependence on road transport is 30-50 per cent

more expensive than rail. The lack of dedicated freight corridors slows transportation efficiency and increases operational expenses. Industries in northern states not only receive raw materials from coastal regions but also send finished products to markets using the same routes.

While dry ports have been established to bridge this gap, they often function merely as booking centres rather than effective logistics solutions. As a result, northern manufacturers face a double freight burden, forcing many to relocate or shut down operations due to unsustainable costs. In contrast, industrial clusters in coastal states benefit from proximity to ports, enhancing their global trade competitiveness and generating employment.

Railway freight initiatives: The Indian Railways has successfully implemented targeted freight subsidies in select sectors. First, A 40 per cent discount is available for loading fly ash. Second, Traditional Empty Flow Directions (TEFD) rebate up to a 20 per cent reduction in costs for freight that moves along underutilised routes. Third, 157 'Kisan Rail'

Explore the role of foreign investments for economic stability

The silent crisis in education: teacher burnout

Conclusion

Today, many dedicated educators are leaving

ndia's economic trajectory under Prime Minister Narendra Modi blends rigorous analysis with bold policy moves. The BJP-led government has combined openness to foreign capital — through Foreign Direct Investment (FDI) and Foreign Institutional Investment (FII) — with initiatives to boost self-reliance. Economists and policymakers alike recognise foreign investment as a pillar of economic stability, providing critical financing, technology, and market access across sectors. This balanced strategy favours pro-growth reforms while building domestic capacity.

FDI AND FII: Temporary Boost For Long-Term Self-Reliance

Surging FDI inflows have strengthened India's growth and stability. Annual FDI hit a record \$83.6 Billion in FY2021-22, almost double the \$45 Billion in 2014. This reflects investors' confidence in India's reform agenda. Manufacturing FDI alone jumped 76 per cent in FY2021-22 after initiatives like Make in India, and even post-COVID FDI inflows were 23 per cent higher than pre-pandemic levels, underscoring sustained foreign trust during crises.

FII has been crucial in bolstering India's financial markets and boosting its economy. India has managed to extract maximum advantage out of FII Inflows to improve market liquidity and reinforce a strong balance of payments position. Moreover, the Modi government's economic policies have inspired considerable confidence in the Indian economy among global investors leading to ever-increasing inflows of capital that have further firmed up the Indian economy. Timely and proactive actions taken by policymakers from targeted liquidity infusions during the 2020 global crisis to automatic stabilisers have mitigated volatility and supported growth momentum.

This bolstered economic momentum, with its cadre of dedicated professionals, startups, and thriving industries, has catapulted India to a challenging, productive, and sustainable global positioning of higher foreign investments.

Transformative Impact Across Key Sectors

Liberalised foreign investment regulations have funnelled significant capital reserves into formative industries including information technology, manufacturing infrastructure, healthcare, agribusiness, and education.

Technology corporations have been top beneficiaries, with the software and hardware sector attracting approximately 25 per cent of all foreign direct investment inflows in fiscal year 2021-2022, underscoring India's emergence as a global technology leader. Manufacturing

industries have gained momentum thanks to both foreign capital and domestic incentives designed to stimulate job creation and output. The innovative Production-Linked Incentive schemes introduced in 2020 have since incentivised ₹1.32 Trillion in new investments while expanding total production value by a staggering ₹10.9 Trillion, generating hundreds of thousands of well-compensated employment opportunities.

Strategic Reforms Boost **Self-Reliance**

PM Modi has aligned the overarching policy goals of self-reliance with encouraging foreign investment. Prime Minister Modi has shifted policy to turn self-reliance into both a goal and

an opportunity for foreign investors. Launched in 2020 with a \$20 Trillion stimulus, the Atmanirbhar Bharat mission epitomises India's pursuit for selfreliant growth; more efficient, competitive and resilient economies that welcome foreign participation which can strengthen the domestic base. Defence manufactur-

ing is a case in point. The

FDI cap on it was raised from 49 per cent to 74 per cent to attract joint ventures and technology transfer. On a broader scale, substantive libralisation of FDI across all sectors (from coal mining and aviation to insurance and the internet) along with simplifying investment rules has radically improved India's investor-friendly environment. Together with the Make in India initiative, this ensures that foreign investment enters the country in forms that are consistent with national goals and strengthen the industrial foundation.

Self-Reliant Growth

MONICA B Sood

Continuing reforms and overall multi-sector growth should keep India firmly on the map as a global place for investment. Nearly constant inflows from abroad, gains in sectors besides heavy industry, and a market that has been proof of the strength of this strategy.

Consequently, strategic foreign direct investment (FDI) and foreign institutional investors (FII) will continue to play important roles in India's pursuit of balanced development. By keeping up steady government policies and forming international partnerships, India can achieve economic self-reliance. This formula for success will ensure that India is a strong and resilient economic power.

The challenge of balancing foreign investment with self-reliant economic growth in India has its roots in the socialist Nehruvian policies. Historically, India has oscillated between protectionist policies and open-market reforms. Under Prime Minister Narendra Modi's leadership, the government has pursued a dual approach: encouraging Foreign Direct Investment (FDI) and Foreign Institutional Investment (FII) while simultaneously strengthening domestic industries. The core issue being tackled is how India can leverage foreign capital for growth without becoming overly dependent on external funding.

FDI brings in critical capital, technology, and expertise, which boost infrastructure, manufacturing, and technology sectors. Meanwhile, FII helps stabilise financial markets and improve liquidity. However, excessive reliance on foreign investments can lead to economic vulnerabilities, particularly during global downturns.

India has addressed this issue by implementing structural reforms such as Make in India, Atmanirbhar Bharat, and Production-Linked Incentives (PLI).

These initiatives ensure that foreign investments align with national priorities, fostering job creation, technological advancements, and industrial self-sufficiency.In essence, the problem being analysed is whether India can sustain high economic growth, attract global investments, and enhance self-reliance without compromising financial stability.

India's economic trajectory under Prime Minister Narendra Modi reflects a strategic blend of foreign investment and self-reliance.

The record-breaking inflows of FDI and FII underscore global confidence in India's reform agenda, strengthening financial markets, industrial growth, and employment generation. Initiatives like Make in India, Production-Linked Incentives, and Atmanirbhar Bharat have ensured that foreign investments align with national priorities, bolstering domestic capabilities while sustaining economic expansion.

The liberalisation of foreign investment regulations across key sectors such as technology, manufacturing, and defense has attracted significant capital and fostered innovation.

The Modi government's pragmatic policies have mitigated global economic volatility, creating a resilient economic environment that can weather crises and sustain long-term growth. India's rise as a technology and industrial powerhouse is a testament to this strategic approach.

(The author is Chairperson - National Unity and Security Council. Views expressed are personal

eachers are more than just educators. They

are mentors, motivators and role models who profoundly shape their students' lives. Teachers' ability to inspire, adapt, and create lasting impact makes them unique.

However, what saddens is that the fast-paced nature of education has left the teachers physically, emotionally and mentally exhausted.

Today, teacher burnout is real, and it is a growing crisis that affects not only educators but also students and the overall quality of education. Burnout, which is characterised by chronic stress, exhaustion and a loss of motivation, has led many skilled educators to leave the profession.

Several factors such as excessive workload, lack of support resources, wherein teachers work beyond their contracted hours, grading assign-

ments, preparing lesson plans, attending meetings and handling administrative tasks, along with the expectation to constantly perform at high levels with limited time have resulted to overwhelming stress.

Many teachers, especially in underfunded schools, are facing challenges such as overcrowded classrooms, lack of teaching materials and inadequate support staff, which has forced the teachers to find alternative solutions, often at the cost of their time and money.

Teaching is an emotionally demand-

ing job. Today, a teacher apart from just teaching has to support students academically and personally, often acting as mentors, counsellors and caregivers. They even have to deal with student trauma, behavioural issues and academic struggles, which, as per several studies, has taken a significant emotional toll. Studies also reveal that in many countries, teachers are underpaid when compared to other professionals with similar education levels. This has led to financial stress and has contributed to dissatisfaction and exhaustion.

Due to their demanding schedules, many teachers struggle to find time for themselves and their families. The inability to maintain a worklife balance has contributed to chronic fatigue and decreased job satisfaction, resulting in teacher burnout.

Teacher burnout has serious consequences, not only for teachers but also for the education system as a whole. It is quite certain that once the person develops chronic stress, it will lead to physical health issues such as headaches, high blood pressure and insomnia. Not only this, it will also increase the risk of anxiety, depression and emotional exhaustion. Such teachers will at the same time struggle to maintain the same level of enthusiasm, patience and creativity in their teaching, affecting student engagement and learning outcomes

this noble profession due to burnout, resulting in teacher shortages and the loss of experienced professionals.

Consequently, schools are compelled to hire less experienced teachers, which impacts the overall quality of education. When teachers experience burnout, students feel less supported and motivated. A disengaged or emotionally drained teacher can create a negative learning environment, impacting student performance and wellbeing.

It is high time to address teacher burnout through systemic changes at multiple levels, requiring action from schools, governments and society to create a healthier teaching environment. Reducing workload by implementing manageable schedules, providing admin-

istrative support and minimising unnecessary paperwork can help alleviate stress.

Additionally, offering mental health resources, counselling services and stress management programs can support teachers in coping with emotional challenges. Increasing salaries, providing financial incentives and recognising teachers' efforts, can enhance job satisfaction and reduce financial stress.

Conclusion

Above all, promoting work-life balance by limiting after-hours communication, ensuring adequate breaks and offering flexible schedules is crucial. Furthermore, fostering a supportive work environment through strong leadership, collaboration, mentorship programs and professional development can make teachers feel valued. Lastly, granting teachers more autonomy by reducing excessive standardised testing and allowing them to design engaging, student-centred lessons can boost motivation and fulfilment.

There is no denying that teacher burnout is a serious issue that demands immediate attention. Without proper intervention, the education system risks losing passionate and skilled educators, which will ultimately affect students' success and the future of education.

Investing in teacher well-being is not just about improving their lives, rather it is about ensuring a better future for generations to come. To conclude, teachers are the backbone of education. Yet, the growing demands of the profession have left many educators physically, emotionally, and mentally drained. Teachers have a larger responsibility towards the society. If they are emotionally, mentally and physically fit they can deliver what it takes to build a nation!

Nearly 550 Indians rescued from scam centres near Myanmar-Thailand border

PRESS TRUST OF INDIA Bangkok

◄ he Indian Embassy here in close coordination with its counterpart at Yangon in

neighbouring Myanmar has ensured repatriation of 549 Indians after rescuing them from scam centres operating in areas near the Myanmar-Thailand border, officials said on Wednesday. The Indian nationals were repatriated through Mae Sot in Thailand to India on March 10 and 11 by two special flights, according to the Indian Embassy in Thailand.

"This is part of Government of India's sustained efforts to secure release and repatriation of Indian nationals who were lured with fake job offers and were made to work in scam-centres in the neighbouring countries of Thailand," the Embassy said in a post on X.

Earlier on Tuesday, the Indian Embassy at Yangon said in a post on X: "In coordination with Myanmar's Union authorities and local groups, 283 Indian nationals at scam compounds in the Myawaddy area of Myanmar were released and repatriated yesterday through Mae Sot in Thailand. Strongly reiterate our advice against such job offers?

It followed up with another post on Wednesday that pointed out how "the second batch of 266 Indian nationals from scam centres in Myawaddy were repatriated to India via Mae Sot vesterday.

The Indian Embassy thanked "the border authorities and @IndiainThailand for seamless coordination and support" and reiterated: "We firmly advise against such job offers in the area.

Earlier on Monday, the Ministry of External Affairs (MEA) said in New Delhi that the government of India has been making sustained efforts to secure the release and repatriation of Indian nationals lured to various southeast Asian countries, including Myanmar, with fake job offers.

"These persons were subsequently made to indulge in cybercrime and engage in other fraudulent activities in scam centres operating in regions along the Myanmar-Thailand border," MEA said in a statement on Monday.

The post by the Indian Embassy at Thailand also advised the Indian nationals to verify credentials of foreign employers and check the antecedents of recruiting agents and companies, before taking up job offers.

The MEA statement echoed the sentiment: "The government of India wishes to reiterate its caution, circulated earlier from time

undersigned for the following works.

to time through advisories and social media posts, about such rackets

"Indian nationals are once again advised to verify credentials of foreign employers through Missions abroad and check the antecedents of recruiting agents and companies before taking up a job offer."

According to media reports, Myawaddy and Tachilek near Thailand-Myanmar border have been known as safe havens for criminal syndicates that have trapped thousands of people from across South Asia forcing them to run online scam centres

Industrial production grows

PRESS TRUST OF INDIA New Delhi

ndia's industrial production growth accelerated to 5 per cent in January 2025, driven by a rebound in manufacturing activity, according to official data released on Wednesday.

The government has also revised the December 2024 industrial output figure to 3.5 per cent from the provisional estimate of 3.2 per cent released in the previous month, an official statement said.

The IIP growth in November 2024 was 5 per cent. The pace of factory output growth stood

at 5 per cent in January 2025.

The country's factory output, measured in terms of the Index of Industrial

growth in January 2024.

The data released by the National Statistic Office (NSO) showed that the manufacturing sector's output grew by 5.5 per cent in January 2025, up from 3.6 per cent in the year-ago month.

Mining production growth declined to 4.4 per cent from 6 per cent year-on-year. Power output growth slowed to 2.4 per cent in January 2025 from 5.6 per cent a year ago. In the April-January 2024-25 period, the IIP grew 4.2 per cent, slower than 6 per cent recorded in the yearago period

As per use-based classification, the capital goods segment growth accelerated to 7.8 per cent in January 2024 against 3.2 per

Production (IIP), witnessed 4.2 per cent cent in the year-ago period.Consumer durables (or white goods production) grew by 7.2 per cent during the reporting month against a growth of 11.6 per cent in January 2024.

In January 2025, consumer non-durables output contracted 0.2 per cent compared to a growth of 0.3 per cent a year ago.According to the data, infrastructure/construction goods reported a growth of 7 per cent in January 2025, up from a 5.5 per cent expansion in the year-ago period. The data also showed that the output of primary goods logged a 5.5 per cent growth in January 2025 against 2.9 per cent a year earlier. The expansion in the intermediate goods segment was 5.2 per cent in the month under review, slightly down from 5.3 per cent a year ago.

Madhya Pradesh increases Budget

Castes.

PRESS TRUST OF INDIA Bhopal

he Madhya Pradesh government

on Wednesday presented a ₹4.21 Lakh Crore Budget for 2025-26 with no new taxes while announcing new schemes for development of religious sites.

Finance Minister Jagdish Devda presented the ₹4,21,032 Crore budget, a 15 per cent increase over the last fiscal, in the legislative assembly here. He estimated the fiscal deficit at 4.66

per cent of the Gross State Domestic Product. The budget was for "Viksit (devel-

oped) Madhya Pradesh", he said. Among other things, 'Omkareshwar Lok' will be developed on the lines of Ujjain's Mahakal Lok corridor, he said.

made for the Mukhya Mantri Laadli Behna Yojana under which monthly financial assistance is provided to eligible women. Devda, who is the state's deputy

Chief Minister, also announced a provision of ₹10 Crore for Shrikrishna Pathey Yojana.

He allotted ₹47,296 Crore for schemes for Scheduled Tribes and ₹32,633

Crore for those for the Scheduled

A provision of ₹18,669 Crore was

Chief Minister Mohan Yadav had earlier said religious sites associated with Lord Sri Krishna's life will be developed under the scheme.

Similarly, ₹30 Crore were allocated for development of 'Ram Path Gaman' and the town of Chitrakoot.

Inflation falls below 4 per cent in February

PRESS TRUST OF INDIA New Delhi

etail inflation slipped to sevenmonth low of 3.61 per cent in Rebruary mainly due to easing prices of vegetables, eggs, and other protein-rich items, creating space for the RBI to go for another cut in interest rate next month.

The consumer price index-based retail inflation was at 4.26 per cent in January and 5.09 per cent in February 2024. The previous low was witnessed in July.

The consumer price index (CPI) has been in the comfort zone of the Reserve Bank of India (RBI) since November 2024.

"There is a decline of 65 basis points in headline inflation of February 2025 in comparison to January 2025. It is the lowest year-on-year inflation after July 2024," the National Statistics Office

(NSO) said while releasing the CPI. Year-on-year food inflation for February was 3.75 per cent.

"A sharp decline of 222 basis points is observed in food inflation in February 2025 in comparison to January 2025. The food inflation in February 2025 is the lowest after May 2023," NSO said.

A significant decline in headline infla-

tion and food inflation during February has been mainly attributed to decline in inflation of vegetables, egg, meat and fish, pulses and products, and milk and products.

Key items having lowest year-on-year inflation in February were ginger -35.81 per cent), jeera (-28.77 per cent), tomato (-28.51 per cent), cauliflower (-21.19 per cent), garlic -20.32 per cent).

On the other hand, top items with highest inflation were coconut oil (54.48 per cent), coconut (41.61 per cent), gold (35.56 per cent), silver (30.89 per cent), and onion (30.42 per cent).

Data on urban inflation showed a significant decline from 3.87 per cent in January 2025 to 3.32 per cent in February. A similar decline was observed in food inflation, which decreased from 5.53 per cent to 3.20 per cent in February.

A sharp decline in headline and food inflation in the rural sector was also observed in February to 3.79 per cent from 4.59 per cent a month earlier.

The lowest inflation was in Telangana (1.31 per cent) and highest in Kerala (7.31 per cent).

The RBI, which has been mandated to ensure retail inflation remains at 4 per cent (+/- 2 per cent), has reduced the short-term lending rate (repo) by 25 basis points last month on easing concerns on the inflation front.

The central bank is scheduled to announce the next set of bi-monthly monetary policy on April 9.

ICRA Chief Economist Aditi Nayar said the CPI inflation declined sharper than expected to a seven-month low, appreciably below the mid-point of the RBI's Monetary Policy Committee's medium-term target range, led by a welcome cooling in food inflation.

"However, we believe that the sequential uptick in vegetables inflation in March 2025 is likely to prevent a further softening in the food and beverages inflation print in the month, after the substantial cooling seen over the past four months," she said.

Nayar further said the February inflation print falling well below 4 per cent has cemented the expectation of a back-to-back 25 basis points rate cut in the April 2025 MPC meeting.

This may be followed by another 25 bps repo rate cut either in the June 2025 or the August 2025 meetings, she added.

NSO collects the price data from selected 1,114 urban markets and 1,181 villages covering all states/UTs on a weekly roster.

MRF Vice Chairman takes over as ATMA Chairman

PRESS TRUST OF INDIA New Delhi

utomotive Tyre Manufacturers' Association on Wednesday said Arun Mammen, Vice Chairman and Managing Director of MRF Ltd has been elected as its new Chairman.

Mammen takes over with immediate effect from Arnab Banerjee, MD and CEO of CEAT Ltd, Automotive Tyre Manufacturers' Association (ATMA) said in a statement.

Retail inflation eases to

The national industry body for the automotive tyre sector in India further said Hiroshi Yoshizane, Managing Director Bridgestone India is its new Vice Chairman.

Mammen takes over as Chairman of ATMA at a crucial juncture as the organisation is celebrating 2025 as Golden Jubilee year, it added

On his new role, Mammen said the Indian tyre industry should have plans in place to be a major global supplier during

the decade and he would work towards policy enablers so as to make industry more competitive and technologically superior to meet the needs of developed countries.

Mammen was appointed Managing Director of MRF Ltd in 2004 and Vice Chairman and Managing Director in 2017. He is a graduate from the Madras Christian College, and also holds a Master's Degree in Business Administration (MBA) from the Ashland University, US.

Rupee trades almost flat

NEW DELHI: RUPEE VS DOLLAR:

PRESS TRUST OF INDIA Mumbai

◄he rupee turned almost flat and traded with a marginal loss of 1 paisa at 87.22 against the US dollar in early trade on Wednesday amid volatile sentiment due to uncertainties over trade tariff. According to forex analysts, a strengthening American currency index and a recovery in crude oil prices also added pressure on the local unit, which was already weighed down due to selling in domestic equity and the

continuous outflow of foreign capital. They said, market participants were also trading cautiously awaiting cues from macroeconomic data to be released in India and the US later in the day.

At the interbank foreign exchange, the rupee opened at 87.24, tumbled to 87.32 and then gained to 87.22 against the greenback in early deals, trading 1 paisa lower from its previous closing level.

Meanwhile, the dollar index, which gauges the greenback's strength against a basket of six currencies, was trading higher by 0.07 per cent at 103.55. Brent crude, the global oil benchmark, traded 0.66 per cent higher at US 70.02 per barrel in futures trade. Domestic equity market traded on a flat note with the 30-share BSE Sensex falling marginally by 0.28 points to 74,102.04 points and the broader Nifty sliding 10.70 points, or 0.05 per cent, to 22,487.20 points.

Foreign institutional investors (FIIs) offloaded equities worth ₹ 2,823.76 crore on a net basis on Tuesday, according to exchange data. According to experts, the uncertainties over tariff moves intensified after President Donald Trump said the US would double the forthcoming levy on steel and aluminium to 50 per cent if they come from Canada but later hinted that he might reconsider the additional hike.

Sensex, Nifty end moderately lower on selling in IT, telecom stocks

PRESS TRUST OF INDIA Mumbai

E quity benchmark indices Sensex and Nifty closed moderately lower on Wednesday due to heavy selling pressure in IT, telecom, and realty stocks amid growing concerns over a possible global economic slowdown.

The 30-share BSE Sensex fell 72.56 points or 0.10 per cent to close at 74,029.76. During the session, it tumbled 504.16 points or 0.68 per cent to touch a low of 73,598.16.

Similarly, the NSE Nifty slipped 27.40 points or 0.12 per cent to end at 22,470.50. In the session, it fell 168.35 points or 0.74 per cent to hit an intraday low of 22,329.55.

From the Sensex pack, Infosys, Tech Mahindra, Nestle India, Tata Consultancy Services, HCL Technologies, Asian Paints, Axis Bank, Zomato, Hindustan Unilever, and Bharti Airtel were among the laggards. On the other hand, IndusInd Bank, Tata Motors, Kotak Mahindra Bank, Bajaj Finance, HDFC Bank, ITC, Sun Pharma, Bajaj Finserv and UltraTech

Cement were the gainers. The BSE Smallcap gauge fell 0.48 per cent, while the midcap index slipped 0.57 per cent.

Among the BSE sectoral indices, Focussed IT, IT, Teck, Realty, Telecommunication, Metal, Capital Goods, Services, and Industrial were among the major laggards.

In contrast, Energy, FMCG, financial services, Healthcare, Utilities, Auto, Bankex, Consumer Durables, Oil & Gas, and Power were the gainers.

In Asian markets, Tokyo, Seoul, Shanghai and Hong Kong ended on a mixed note.

European markets were trading higher in the mid-session deals on Wednesday. Wall Street ended in the negative zone on Tuesday.

Global benchmark Brent crude oil went up 0.34 per cent to \$69.80 a barrel.

Foreign Institutional Investors (FIIs) sold equities worth ₹2,823.76 Crore, while Domestic Institutional Investors (DIIs) purchased equities worth ₹2,001.79 Crore on Tuesday, according to the exchange data.

The 30-share BSE Sensex on Tuesday settled down by 12.85 points at 74,102.32. The broader Nifty of NSE advanced 37.60 points to close at 22,497.90.

Onus on states to curb illegal coal mining: Union Coal Minister

PRESS TRUST OF INDIA New Delhi

3.61 per cent: Government

PRESS TRUST OF INDIA New Delhi

etail inflation slipped to 3.61 per cent Relation Support to the fin February mainly due to the decline in the rate of price rise in vegetables and protein-rich items, creating space for the Reserve Bank of India for second reduction in interest rate next month. The consumer price index-based retail inflation was at 4.26 per cent in January and 5.09 per cent in February 2024.

The year-on-year inflation rate for February 2025 was 3.75 per cent, showed the data released by the National Statistics Office (NSO). "A sharp decline of 222 basis points is observed in food inflation in February 2025 in comparison to January 2025," it said.

The NSO said the significant decline in headline inflation and food inflation during February is mainly attributed to the decline in inflation of vegetables, egg, meat, and fish, pulses and products; and milk and products. The RBI, which has been mandated to ensure retail inflation remains at 4 per cent (+/- 2 per cent), has reduced the short-term lending rate (repo) by 25 basis points last month on easing concerns on the inflation front.

cknowledging the incidence of illegal coal mining, including rat-Thole extraction, the Centre on Wednesday said it is the responsibility of state governments to stop such activities and action against mining mafia cannot be successful without their cooperation.

Replying to questions, including by Gowaal Kagada Padavi of the Congress and Nishikant Dubey of the BJP, Union Coal Minister G Kishan Reddy said in the Lok Sabha that the Cenre is working in close coordination with states to lower the number of accidents in coal fields.

Asked about the recent accident and loss of lives at a coal mine in Assam where rat-hole mining was allegedly being carried out, Reddy said that he has spoken to Chief Minister Himanta Biswa Sarma on the matter.

"It is the responsibility of the state government to check rat-hole mining," he said. "We need the cooperation of the state government too. I had a meeting with (Jharkhand) Chief Minister Hemant Soren and I am hopeful that we will be successful in our plans," he said.

Reddy said the Assam chief minister has conveyed to him that around 250 rathole mining sites have been closed down in the state and 12 people were arrested in this connection.

Replying to another supplementary question raised by Dubey on alleged illegal mining in Jharkhand, which has large coal reserves, he said the state police and government have to act against such ctivities as it is their responsibility.

Reddy said the central government has a zero-tolerance approach towards coal mafia and violence in coal mining activities. Dubey said an NTCP official was killed in Jharkhand and illegal mining has heightened safety concerns for public sector coal firms like BCCL, ECL and CCL working in the region.

He said his Lok Sabha constituency Godda is home to Asia's largest coal block and accused the JMM-led state government of not cooperating to curb illegal mining.Reddy said illegal mining has been going on in the state for many years and he had recently met Jharkhand Chief Minister Soren over the issue.

Safety in coal mines is a top priority for the central government and it is working to reduce accidents in coal mines.

We have taken a number of steps to reduce accidents in coal mines and results have started coming in," he said.

Asked about the unabated underground blaze in coal mines in harkhand's Jharia, Reddy said the fire has been going on for over a century and the central government is working to douse it completely.

rliament on Wednesday passed a) bill that seeks to amend the existing law governing exploration and production of oil and gas as well as delink petroleum operations from mining operations to boost investment in the sector.

The Lok Sabha cleared the Oilfields (Regulation and Development) Amendment Bill, 2024, on Wednesday. The bill was passed by the Rajya Sabha on December 3, 2024.

Replying to the discussion on the bill, Petroleum and Natural Gas Minister Hardeep Singh Puri said India is the only country in the world where in the reference period of last three years, the prices of petrol and diesel have actually come down.

"We have brought down the prices of petrol and diesel because the prime minister reduced the central excise (duty) on two occasions," Puri asserted and took a swipe at the Opposition, saying that Congress-ruled states have increased VAT (Value Added Tax) on petrol and diesel. Prices in neighbourhood countries are 15 to 25 per cent higher than in India. Equally, prices in Western Europe and US are much higher than in India, he said.

While moving the bill for consideration and passage in the Lok Sabha, Puri said it does not alter the existing level-

diesel because the prime minister reduced the central excise (duty) on two occasions - HARDEEP SINGH PURI, PETROLEUM AND

NATURAL GAS MINISTER

playing field for both public and private sectors. "The oil bill aims to resolve one of the biggest grievances of global oil companies interested in investing in India by providing stability in operation, both in terms of tenure of the lease and the condition. The bill also does not alter the rights of the states, which will continue to give petroleum leases and receive royalties as before.

"The bill also does not alter the existing level-playing field and offers no preference to either the private or the public sector," the minister said.

Among others, the bill aims to decriminalise some of the provisions of the original Oilfields (Regulation and Development) Act, 1948, by introducing "penalties, adjudication by an adjudicating authority and appeal as against the order of adjudicating authority".

Besides, it seeks to introduce 'petroleum lease' and expands the definition of mineral oils to include crude oil, natural gas, petroleum, condensate, coal bed methane, oil shale, shale gas, shale oil, tight gas, tight oil and gas hydrate,

In his reply, Puri stressed that the government is taking a holistic approach, and that the overall strategy is to increase domestic exploration and production as also to increase clean energy.

Elaborating further, Puri said the long-term strategy for energy security revolves around the trilemma of availability, affordability and sustainability. "So far, we have navigated all three very successfully," he noted. Currently, India is importing oil from 39 countries and in fact, also buying from a 40th country. "We will buy from wherever we have to... We do not distinguish between the sources of our supply," the minister said. Congress leader Manish Tewari,

while initiating the discussion, said the draft law "lacks vision and roadmap".

Referring to oil imports, Tewari claimed that India was not "future ready". "What is required is a roadmap to make India energy sufficient, which unfortunately is completely missing. What is the government planning to do to encourage independent oil explorers? Is there anything in the bill that incentivises them," Tewari asked.

As far as the bill is concerned, he said it makes minor changes here and there but a vision is missing. "You're not a government that was sworn in yesterday, but 11 years ago".

IT industry to see 4 per cent to 6 per cent revenue growth

PRESS TRUST OF INDIA New Delhi

ndian IT companies are expected to see moderate revenue growth of 4 to 6 per cent in FY26, with hiring likely to remain subdued until growth accelerates towards the end of the fiscal year, according to credit rating agency Icra.

The agency projected attrition level to average 12 to 13 per cent over the near term

"Icra projects its sample set of Indian IT services companies (which account for 60 per cent of the industry in revenue terms) to witness a moderate 4 to 6 per cent revenue expansion in USD terms in FY2026.

"Moreover, hiring is likely to remain low until the growth momentum picks up by the end of FY2026," it said.

revenue growth of 3.6 per cent in ÚSD terms during the first nine months of FY2025.

This growth was part of a gradual recovery over the past three quarters, aided by a lower base from FY2024. Additionally, there was a slight increase in discretionary spending by customers in the BFSI and retail sectors in certain markets, along with investments in Generative AI initiatives that led to new orders, Icra said.

The sample set includes Birlasoft, Coforge, Cyient, HCL Technologies, Infosys, LTIMindtree, L&T Technology Services, Mastek, Mphasis, Oracle Financial Services Software, Persistent Systems, Tata Consultancy Services, Tech Mahindra, Wipro, and Zensar Technologies.

Icra Vice President & Sector Head

Icra's sample set recorded a year-on-year Deepak Jotwani said the growth momentum for ICRA's sample set of IT services companies is likely to remain muted over the near term, owing to the looming uncertainty related to the imposition of the US trade tariffs and macroeconomic headwinds across the key markets of the US and Europe.

Policy changes by the US government for key sectors catered to by Indian IT services companies as well as future interest rate trajectory will remain the key monitorables, he said.

The IT industry experienced relief due to reduced attrition rates and wage cost inflation, which were significant concerns during FY2023 and the first half of FY2024.

"Icra expects hiring to remain low in the near term until the growth momentum picks up by the end of FY2026. Lower hiring activity can also be correlated with higher investments by the industry in GenAI and the expected benefits in terms of increased productivity and cost savings," the agency said.

Major Indian IT services companies have trained a significant number of their employees in Generative AI skills and are now expanding their capabilities and service offerings to provide GenAI-based solutions to their clients, it added.

"This has started to show results as the inflow of GenAI-related deals for major industry players has risen in recent quarters and is expected to pick up materially over the medium term, as overall technology adoption is more pervasive.

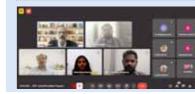

The healthcare and BFSI sectors remain the early adopters of AI/GenAI capabilities and continue to invest in the same," Jotwani said.

Manchester United to build 'world's greatest' soccer stadium

PRESS TRUST OF INDIA London

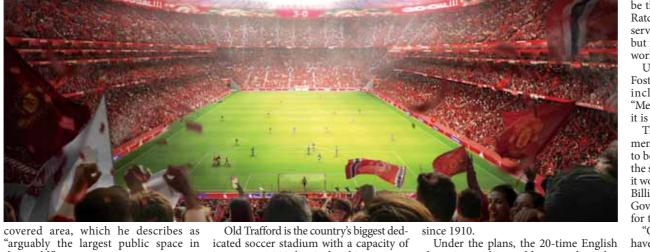

anchester United unveiled plans on Tuesday to build the world's greatest" soccer stadium. A proposed 100,000seater arena, costing around 2 billion pounds (\$2.6 billion), would be built next to United's current Old Trafford home and surpass Wembley Stadium as the biggest in the United Kingdom.

"Manchester United is the world's most favorite football club and, in my view, is the biggest and deserves a stadium fitting of its stature," part owner Jim Ratcliffe said. Work could begin as early as this year,

with completion by the 2030-31 season, the club said.

Ratcliffe, who is one of Britain's richest people, said the new venue could be a tourist attraction in the manner of the Eiffel Tower.

"We have 1 billion people around the world who follow Manchester United. They will all want to visit this stadium," he said. Designed by British architect Norman Foster, the first released images of the stadium include three giant tentpoles that would be seen from 40 kilometers (25 miles) away. They support a surrounding

the world." Wembley is currently the biggest stadium in the UK, with a capacity of 90,000,

and is home to England's national soccer teams. Twickenham, the national rugby stadium, holds 82,500.

just over 74,000, but is dated in comparison to the likes of the Tottenham Hotspur Stadium in London, which regularly hosts NFL games.

Old Trafford, which was bombed during World War II, has been home to United champion said it would not need to relocate during the construction process. It is estimated it would take around 12 months to disassemble Old Trafford once the new stadium is completed.

Ratcliffe paid \$1.3 billion for an initial

25% stake in United last year and made a new stadium one of his priorities.

"Today marks the start of an incredibly exciting journey to the delivery of what will be the world's greatest football stadium," Ratcliffe said. "Our current stadium has served us brilliantly for the past 115 years, but it has fallen behind the best arenas in world sport."

United has not set a start date yet but Foster said building work, which could include pre-fabricated parts and a "Meccano" type construction, could mean it is completed in five years.

The timing would likely rely on government involvement in what United wants to be part of a wider project to regenerate the surrounding Old Trafford area. It said it would be worth 7.3 Billion pounds (\$9.4 Billion) to the UK Economy, and the UK Government has already voiced its support for the project.

"Our long-term objective as a club is to have the world's best football team playing in the world's best stadium," United chief executive Omar Berrada said.

Managerial great Alex Ferguson said the club "must be brave and seize this opportunity to build a new home, fit for the future, where new history can be made."

The announcement came days after thousands of United fans marched in protest against the club's ownership in the face of cost cuts, ticket price increases and ongoing failure on the field.

United is majority owned by the American Glazer family, which also owns the NFL's Tampa Bay Buccaneers.

Upon investing, Ratcliffe vowed to return the once-dominant club back to the summit of European soccer after more than a decade since it last won the Premier League.

But his first year in charge of soccer operations has been turbulent. United endured its worst-ever Premier League season last year and is on course to set a new low this term, with the team currently languishing in 14th position.

United has not won the league title since Ferguson's final season in 2013.

Berrada said the club was still focused on returning to the summit of European soccer. "We don't want to inhibit our ability to invest in the team, for us to continue being competitive while we are building a new stadium," he said.

Our number one goal is to get our teams winning and to get the men's team competing for all the titles consistently.

Rohit is clear about his goals: Ponting

PRESS TRUST OF INDIA Dubai

ustralia legend Ricky Ponting believes Rohit Sharma is still going strong and a sense of unfinished business was behind his decision to continue playing and leading India in the 50-over format until the 2027 ODI World Cup to be jointly hosted by South Africa, Zimbabwe and Namibia.

Barring the ODI World Cup, Rohit has won all ICC titles while captaining India. He came agonisingly close to laying his hands on the 50-over world title at home in 2023, only to lose to Australia in the final.

Speaking on The ICC Review, the former Australia skipper said Rohit is pretty clear about his future goals.

"When you start getting to that point of your career, everyone's waiting for you to retire. And I do not know why, when you can still play as well as he's played (in the Champions Trophy final), I think he was just trying to put those questions to bed once and for all and say, 'no, I'm still playing well enough. I love playing in this team. I love leading this team.'

"And I think, the fact that he said that,

WFI to conduct

to me, it means that he must have that goal in mind of playing in the next (50-over) World Cup (in 2027)," Ponting stated. Handed the responsibility of captaincy in 2021 at the age of 34, Rohit on Sunday

title round.

nine-run victory.

clinched his second ICC title following the T20 World Cup win last year as India defeated New Zealand by four wickets to

win the Champions Trophy here. Chasing 252, Rohit, 38, led from the

front with an 83-ball 76 at the top to set the platform for a comfortable win.

In the run-up to the tournament, there were talks around Rohit's retirement from the ODI format after the Champions Trophy, as he had retired from T20Is after

winning the T20 World Cup. But Rohit simply rejected the theories at the post-match press conference following the final.

"One more thing, I'm not going to retire from this format, just to make sure no more rumours are spread," Rohit told reporters after winning the player-ofthe-match award.

Ponting said the urge to win the only missing ICC trophy in his cabinet, the ODI World Cup, might be behind Rohit's mind to prolong his career.

I think probably the fact that they (India) lost the last one and he was captain, that might be the thing that's playing on the back of his mind," the Australian said. "Just have one more crack at trying to win the T20 World Cup, the Champions Trophy, and the ODI World Cup.

"Î mean when you see him play like he played in the Champions Trophy final, you wouldn't say that his time is up just yet," Ponting added.

Masters League: West **Indies defeat South Africa**

PRESS TRUST OF INDIA Raipur

est Indies Masters rode on the brilliance of centurion Lendl Simmons and Ravi Rampaul's five-wicket haul to beat South Africa Masters by 29 runs and enter the semifinals of the International Masters League (IML) here.Put in to bat by South Africa Masters on Tuesday night, the Caribbeans rode on Simmons' 108, skipper Lara's 29 off 34 balls and Chadwick Walton's 38 not out

to put up 200 for 5. After a shaky start that saw Dwayne Smith (5) and William Perkins (5) depart early off Garnett Kruger, Simmons and Lara took the centre stage and forced a spectacular recovery with a 125-run partnership for the

third wicket. Simmons blazed to a 31-ball fifty, setting the tone with fearless hitting, while Lara elegantly painted his masterpiece. Lara, content on playing second fidlle early on, then launched Alviro Petersen for a towering six and a crisp boundary in consecutive deliveries.

Simmons continued to dazzle, racing to

his century in just 54 balls, dispatching Thandi Tshabalala to all parts with a six and a four before calmly taking a single to bring up a well-deserved hundred.

But just as the duo threatened to take the game away from the grasp of South Africa Masters, Ntini infused life back into the contest by ending Simmons' 59-ball knock, laced with 13 fours and five massive sixes.

Ryan McLaren then picked up the prized scalp of Lara after the southpaw steered West Indies Masters' recovery.

Despite the setbacks, Walton was in his elements, providing the much-needed impetus to the innings with six gigantic sixes to help West Indies Masters reach the 200-run mark.

South Africa Masters' chase began in explosive fashion, with wicketkeeper Richard Levi's breezy 44 setting the tone. However, the early momentum was shortlived as the loss of three quick wickets derailed their progress, putting the Proteas on the back-foot.

Jacques Kallis and Jacques Rudolph then steadied the innings with a crucial 78-

selection trials PRESS TRUST OF INDIA Mumbai for Asian

Championship

PRESS TRUST OF INDIA New Delhi

ts status as a National Sports Federation (NSF) restored, the WFI swung to Laction, announcing that the selection trials for the upcoming Asian Championship will be held at Delhi's Indira Gandhi Sports Complex on March 15.

It will be first proper trial under the supervision of the new WFI administration as it was suspended three days after it conducted election on December 21, 2023 to pick new office bearers.

The trials will be conducted to identify the top wrestlers who will represent the country in Amman, Jordan from March 25-30.

giving them flourishing starts while also tormenting the opponents with her off spin. armanpreet Kaur's ability to unflinching-

The West Indian all-rounder could once again prove to be the match-winner for her team following her sterling performances against the Gujarat side in their previous two meetings this season.

She broke the back of Gujarat Giants, returning with figures of 3/16 in Vododara last month and again tormented them in the return match at Brabourne, snaring three wickets. With Nat Sciver-Brunt doing the bulk of the scoring for MI, smashing four half-centuries and emerging as the top run-getter this season with 416 runs from eight matches, the onus would be on Gujarat Giants bowlers to

Sciver-Brunt's wicket-taking ability too cannot be underestimated, given that she along with Matthews have played a pivotal role in MI's successful run this season. While Harmanpreet's form has been patchy this season, she did manage a half-century against Gujarat on Monday, which would have given

her enough confidence going into the Eliminator.

Gujarat Giants skipper Gardner, who took over the captaincy from country-mate Beth Mooney this season, would know that beating the inaugural edition champions in their own

Her form has fluctuated all season, though

The Australian would bank on talented batter Harleen Deol to come good in the do-ordie contest and also hope that opener Mooney gives them a flying start. Mooney showed how devastating she can be

with the bat when she smashed an unbeaten 96 against UP Warriorz earlier this month, and a stable partnership at the top with Harleen could be just what that Gujarat Giants fans would be hoping for on Thursday.

UCO BANK, JALANDHAR ZONE holds **RESOURCES**, MSME & AGRI CARNIVAL, Sanctioned 40 Crore Loans & Mobilised 15 Crore Deposits.

UCO Bank, a premier Public Sector Bank of the country successfully organized Resources, MSME & Agri Carnival at Amritsar on 11.03.2025. During the programme, loans amounting to about Rs. 40 crores were sanctioned and facilitated among 250 customers. Also, Deposits amounting to Rs.15 crores was mobilized during fortnight. Lt. Col. S.K. Mondal, Vertical Head, UCO Bank, Head Office was the Chief Guest of the event, Addressing the event, Mr. Mondal said that UCO Bank is organizing Resource, MSME and Agriculture Carnivals all over India. The aim is to increase credit and deposits for the overall economic development of the country. He emphasized on sanctioning more number of loans to emerging entrepreneurs in line with the economic policy of the country and also informed about the recently launched 444 days deposit scheme of the bank, which offers up to 7.80% interest. He further added that all the schemes of the Government are in the interest of the common man and are being thoughtfully formulated.

Airtel Celebrates Annual 'Customer Day'

Chandigarh: As part of its annual 'Customer Day' celebrations, Airtel's over 3,800 strong workforce in Punjab, along with 2,700+ in Haryana and 560+ in Himachal Pradesh, spent Wednesday in the field gathering direct feedback from customers, retailers, and stakeholders, "Every year on this date, Airtel employees step out of their offices to engage with customers across the country, reinforcing the company's commitment to service excellence and customer satisfaction," a statement said.

Crop Diversification, Agri Processing, crucial for Punjab Development: MP Vikram Sahney

Chandigarh: Dr. Vikramjit Singh Sahney, MP, Rajya Sabha from Punjab on Wednesday unveiled the report of Punjab Vision 2047 held in November, 2024. The report entitled "Punjab Vision - A Blueprint for Progress" details various recommendations in the agri sector for crop diversification, including millets in the mid-day meal and providing millets in the 5 Kg Ration Scheme have been recommended. "Punjab should create and promote A1 technology for sustainable crop diversification and should set up AI driven chatbox to assist farmers." Dr. Sahney added. On Agri processing, he stated that there is urgent need for setting up of food processing parks preferably through multipurpose cooperative societies in a cluster of villages with storage and processing facilities, oil extraction, flour mills, processing and packing of spices, pulses, honey, mushrooms etc.

I do not look back, I care about wins and finishing on top, says Collin Morikawa

PRESS TRUST OF INDIA Ponte Vedra Beach

t's hard to win on the PGA Tour, a sentiment usually heard from players when they are sit-L ting next to the trophy and realise what it took to get there.

Collin Morikawa keeps getting reminded after some painful losses.

The player who won five times on the PGA Tour in just over two years as a pro has only one title in his last 75 starts. Morikawa is Number four in the world ranking, and that's not an accident. He is playing good golf and giving himself plenty of chances.

Small consolation

"I don't look back and be like, Man, I had a great week' because I do care about the wins and I do care about finishing on top," Morikawa said Tuesday. "So there's a little bit of yes, I feel great because I know I can keep putting myself in contention, and if I just keeping doing that, it's going to happen. "But for me, it does suck because I do look back at the wins and I do care about winning," he said. "So that's where it kind of hurts."

He can look back to being in the final group of two majors last year. Morikawa was done in at the Masters when it took him two shots to get out of bunker on No. 9 for double bogey. He shared the 54-hole lead at the PGA Championship with Xander Schauffele at Valhalla. That requires good golf.

But remember, Morikawa won two majors, the PGA Championship in 2020, the British Open a year later, before his 40th career start on tour.

Golf felt easy back then, not so much atlMorikawa has better scoring statistics now than when he was winning, but he speaks more about the freedom he felt on Sunday when he was winning with a little more regularity.

There wasn't much freedom when he took his place in the PGA Tour record book for losing

a six-shot lead in the final round at Kapalua to start 2023. He played 67 consecutive holes with-par-3 14th, the toughest hole Sunday at Bay Instead, he had an eagle and the lead for the out a bogey that week until one shot after anoth- Hill, which at that point had yielded only one

er went wrong. Even more frustrating is losing without really doing much wrong.

Such was the case last week at Bay Hill, when Morikawa lost the lead without really losing control of his game. He was three shots ahead with five holes to play on a course with really one one birdie opportunity left. The other four holes were ranked among the top six in dif-С u i 1 t у that day.

Morikawa had made only three bogeys in the previous 58 holes at that point. It wasn't a matter of what went wrong as much as it what went right, a lot, for Russell Henley.

birdie. Morikawa missed the green and made bogey. Henley made his best swing of the tournament with a 5-iron to 10 feet for birdie. And then came the breaks that win tournaments. Morikawa found a bunker off the tee at the par-5 16th (the easiest hole of the final round) and had to lay up and hit wedge to a front pin, no easy task. Henley went just over the green in rough so thick he could only see his golf ball by standing over it.

And then he chipped in for eagle, a good shot because it was on line, a massive break to the right or to the left, and Henley isn't sure ting better.

Instead, he had an eagle and the lead for the first time when Morikawa made par.

And that's the way it stayed for the last two holes until Henley held his nerve to make a pair of par putts (the combined length of those putts was 10 feet) for the biggest of his career.

Henley's words were telling when he turned his attention to Morikawa.

"Sometimes golf is just mean like that," he said. Morikawa clearly is trending with his game. The world ranking might not include LIV Golf players, but it's generally accurate at the top. The trick now is moving on, just like he had to do after Kapalua in 2023, after the Masters and the PGA Championship last year.

He was in no mood to talk Sunday and offered no apologies given how he felt in the moment.

"I don't owe anyone anything," he said to a roomful of media at the TPC Sawgrass. "No offense to you guys, but for me in the moment of that time, I didn't want to be around anyone. Like, I didn't want to talk to anyone."

He was headed up the highway that evening for The Players Championship, another chance to get in the mix, another reminder that it is coming up on 18 months since his last win, and it was two years before that since he won in Dubai to capture the European tour season title.

The game is there while the frustration mounts. Winning is hard. He needs no reminders and is getting plenty of them, anyway.

"I love being in that position. I don't take it for granted because you just never know," he said. "But it was frustrating Sunday night. I have to get over it. ... I'm going to think about it. I know what happened. I fully am aware of how it played out. But I just have to move on because it hit the middle of the pin. An inch and I have to learn from it. I have to keep get-
